

AMERICA'S DOCTORS.

THEY RECENTLY MET AND TALKED MATTERS OVER AT CINCINNATI.

Portraits and Sketches of Dr. A. Y. P. Garnett, Dr. Joseph Ranshoff, Dr. W. W. Dawson and Dr. J. M. Matthews. The Faculty Doctor.

Only the other day several hundred doctors, composing the American Medical Association, met in Music hall, Cincinnati, organized for the coming year, divided their numbers into ten sections and entered at once upon a session which attracted the attention of the whole country, not alone for the zeal and ability displayed, but for the prominence given by the older members to the wonderful progress made in medical science in the last half of a century.

The city in which this gathering is held presents a gratifying proof of the percentage of preventable diseases having been reduced to a minimum. In Ohio and Kentucky the average of public health has been raised to a minimum. In Ohio and Kentucky the average of public health has been raised to a minimum.

In all the central western states the official machinery for public sanitation is as perfect as that of any state department. The physician at the head of each county board, ex officio the health officer of the county, is vigilant in his work, and it is a fact now recognized by journalists that if one desires to learn the most prominent of the local peculiarities of a district in the shortest possible time the right man for him to apply to is an intelligent physician. The doctor in the rural regions is the local scientist. All the newly discovered bugs and worms are submitted to him for an opinion, and the farmer, wild digger or miner who discovers an interesting fossil is delighted to hand it over to "our doctor." The family doctor, indeed, has long stood next to the preacher in the estimation of the people.

A. Y. P. Garnett, retiring president of the association, is a native of Virginia. In 1861 he was among the early graduates of the Ohio Medical college and has a national reputation as a surgeon and lecturer on "Clinical Surgery" in hospitals. His work on "Chloroform Deaths" is an authority both in Europe and America. He has probably performed more delicate operations on the urinary organs than any surgeon west of the Atlantic cities.

Dr. W. W. Dawson, chosen to succeed Dr. Garnett, is also a native of Virginia. He was among the early graduates of the Ohio Medical college and has a national reputation as a surgeon and lecturer on "Clinical Surgery" in hospitals. His work on "Chloroform Deaths" is an authority both in Europe and America.

Dr. J. M. Matthews, most prominent of Dr. Dawson's opponents for the presidency, a warm friend and supporter, however, is a much younger man apparently, and a thorough representative of his native Kentucky. In the sessions of the association he showed himself a very able speaker and so ready a parliamentarian that one inclines to the opinion that he ought to be in congress. His medical works are noted for clearness of statement.

Dr. Joseph Ranshoff, of Cincinnati, has achieved quite a success as chairman of the committee of arrangements. The association, after its principal meeting and organization, is divided into ten sections; there is first a general meeting, then each section has a meeting to discuss its specialty, and then the doctors are allowed a reasonable recess to see the city sights. The social receptions are especially attractive; and all in all, this meeting takes rank as a notable event.

Dr. Joseph Ranshoff, of Cincinnati, has achieved quite a success as chairman of the committee of arrangements. The association, after its principal meeting and organization, is divided into ten sections; there is first a general meeting, then each section has a meeting to discuss its specialty, and then the doctors are allowed a reasonable recess to see the city sights.

BRAWNY MEN WILL MEET.

The Butchers' National Protective Association at Philadelphia.

It is expected that the procession of butchers that will march through the streets of Philadelphia on the 24th inst. will number 7,000.

Think of it! Seven thousand brawny, bright eyed, rosy cheeked, deep chested butchers all marching together! They will all be in attendance on the annual convention of the Butchers' National Protective association, which meets on the 23d.

This association is an organization of retail butchers, who are associated together with the prime object of securing prime food for the people. They have in two years spent several thousands of dollars in paying chemists and others to detect adulterations in food; they are opposed to monopolies, and claim that there should be special legislation for the protection of the consumer with a view to resisting combinations and insuring free competition.

It is expected that the boys will not only transact plenty of business during their convention, but that they will have lots of fun besides. We give portraits of President Hight and Treasurer Hinkson.

Dr. Thomas Armitage. The resignation of the Rev. Dr. Thomas Armitage at the end of a forty years' pastorate of the Fifth Avenue Baptist church, New York, is a notable event in the history of the Baptist denomination in America.

The resignation of the Rev. Dr. Thomas Armitage at the end of a forty years' pastorate of the Fifth Avenue Baptist church, New York, is a notable event in the history of the Baptist denomination in America.

A New Fraud in Begging. A new fraud is being perpetrated in the city, this time by a woman. A little girl playing on Cass avenue was approached by a strange woman, poorly dressed.

Chicago will doubtless be the first city to erect a handsome monument to Gen. Grant. It stands in Lincoln park, which is situated in the north part of Chicago, and is on the margin of Lake Michigan.

The Poet's Corner.

Ministering.

What though your feet are often overworn, On ceaseless errands sent; And thro' shoulders ache and aches so sorely heavy burdens bent; Be patient, lest the ones whom you are serving, Be soon beyond your care; Lest little wayward feet that you are guiding Slip past you unaware.

As spending months and years In ceaseless service for the vanished darlings So rarely mourned with tears. But while you have your dear ones still around you, Do not regret your care; For easier aching feet and arms and shoulders, Than aching hearts to bear.

And still beyond your household duties reaching Stretch forth a helping hand; So many stand in need of loving comfort All over this wide land. Perchance some soul you aid today, tomorrow May with the angels sing; Some one may go straight from your earthly table To banquet with the King.

What to Wear, and How to Wear it Properly. The Latest Cleanings from the Fashionable World—New Tints and shades, and Old Styles that Continue to Hold Place in the Inner Circle.

Ruching seems to have regained its old-time popularity. Trimmings are put on the waist and sleeves in V shapes. Gilt and silver braid plays an important part in this season's dress trimmings.

Genietta cloth is the popular light weight dress goods this spring. Prices range from 75 cents to \$1.25. The preference is still given to black for children's stockings. Those for forty cents are warranted not to crack.

A ton of rope made from the hair of the women of Japan is used in building the \$5,000,000 Buddhist temple at Kyoto. Sprays and clusters of faded roses, wild corn silk sometimes and three petals clinging to the stems, are the latest "realistic" effect in bonnet flowers.

"Small bonnets, big hats," is Dame Fashion's spring decree—to which the pronounced poke and the inconspicuous turban are the exceptions proving the rule. Women's gowns are much bettered in the matter of weight now that designers have thought them to make drapery skimpy by slightly looping a lengthened skirt.

The very latest idea for spring and half-season wraps, is to cut them with fronts so long and cumbersome that the luckless wearer perforce holds them up when walking. For women's underclothing we find Lonsdale muslins first choice and the Anchor brand second. The first is nine cents the yard while the latter is half a cent more.

The newest style of doing the hair is to make a bit of it stand straight up on the head, and pin an aigrette to it. It suits very young and pretty girls, but no others. Says high authority concerning low bonnets: "They must be spiky till the hair is lowered. A flat bonnet on high hair is like a post stamp on the peak of Mount Blanc."

Cooking Recipes.

Carrot Sweetmeats.

Boil some fine grain carrots in water until tender; peel and grate, add sugar, slices of citron, spices if preferred, and juice from canned fruit; simmer slowly together and put away in jars.

Tomato Soup.—Take a pint of canned tomatoes, or four large raw ones, cut up fine, add one quart of boiling water and let them boil, then add one teaspoon of soda, which it will foam; immediately add one pint of sweet milk, pepper, salt and plenty of butter. When this boils add eight small crackers, rolled fine, and serve.

Orange Float.—One quart of water, the juice and pulp of two lemons, one coffee cup of sugar. When boiling hot add four tablespoons corn starch. Let boil fifteen minutes, stirring all the time. When cold pour it over four or five oranges that have been sliced into a glass dish, and over the top spread the beaten whites of three eggs, sweetened and flavored with vanilla.

Molasses Cake.—One cup molasses, one cup brown sugar, one cup of cold water. Boil together, then add a cup of butter and set aside to cool; flour as thick as a pound cake, add four well beaten eggs, one pound each of raisins and currants, one-half pound citron. Bake two hours.

Beef Loaf.—Two pounds of raw lean beef, one cup of rolled crackers, half teaspoonful of salt, two eggs; chop all together, form into a long loaf, cover the top with small pieces of butter and bake one hour.

Tapioca Pudding.—Take six table-spoonfuls of tapioca and soak it in milk for some hours before you intend to use it; when you are going to make your pudding put the tapioca into a quart of milk, place it on the fire and as soon as it boils, sweeten it to your taste and let it simmer for a quarter of an hour. Pour it into a basin and stir in a little fresh butter and three eggs well beaten. Bake one-half hour.

A Lucky Escape. Mrs. Cyrus Kilborne, of Beamsville, Ont., had what was thought to be a cancer on her nose, and was about to submit to a cancer doctor's operation when she tried Burdock Blood Bitters, which effected a radical cure. This medicine cures all blood diseases.

Eggless Rice Pudding.—Two quarts of milk, half teacup of rice, a little less than a teacup of sugar, the same quantity of raisins, a teaspoonful of cinnamon and a quarter of an hour. Pour it into a basin and stir in a little fresh butter and three eggs well beaten. Bake one-half hour.

Broiled Chicken.—Cut the chicken open on the back, lay on the meat board and pound until it lies flat, lay it on a gridiron in a place over a bed of coals, and broil until a nice brown. It will cook better to cover with a pie tin held down with a weight so that all parts of the chicken may lie close to the gridiron. While the chicken is broiling, put the liver, gizzard and heart into a stewpan and boil in a quart of water, until tender, chop fine, and add butter, salt, pepper, and stir in a cup of sweet cream; when the chicken is done, dip it in the gravy while hot, lay it in the gravy and let it simmer for a half minute; send it to the table hot.

Roberta's Cake.—One cup of butter, two cups of sugar three of flour, four eggs, one-half cup of milk, three tea-spoonfuls of baking powder; bake in jelly tin. Filling for above cake: Stir together one grated lemon, a large grated tart apple, one egg, and one cup of sugar; boil four minutes.

Dangerous Counterfeits.

Counterfeits are always dangerous, more so that they are closely imitated.

Counterfeits are always dangerous, more so that they are closely imitated. The public are cautioned not to be deceived by nostrums imitating Nasal Balm in name and appearance, bearing such names as Nasal Cream, Nasal Balsam, etc. Ask for Nasal Balm and do not take imitation dealers may urge upon you. For sale by all druggists of every post-paid on receipt of price (60c and \$1) by addressing Fulford & Co., Brockville, Ont.

The Economical Scotchman. He is not a man of brilliant qualities, but he is a man of solid ones, who can only be appreciated at his true worth when you have known him for some time. He does not jump at you with demonstrations of love, nor does he wear you an eternal friendship; but if you know how to win his esteem, you may rely upon him thoroughly. He is a man who pays prompt cash, but will have the value of his money. If ever you travel with a Scotchman from Edinburgh to London, you may observe he does not take his eyes off the country the train goes through. He looks out of the window all the time, so as not to miss a pennyworth of the money he has paid for his place. Remark to him as you yawn and stretch yourself, that it's a long, tiresome journey, and he will probably exclaim: "Long indeed, long I should think so, sir; and so it ought to be for £2 17s. 6d."

I know of a Scot, who, rather than pay the toll of a bridge in Australia, took a pound cake, and rolled and straps on his back, in order to swim across the stream. He is not a miser. On the contrary, his generosity is well known in his own neighborhood. He is simply an eccentric Scot, who does not see why he should pay for crossing a river that he can cross for nothing.

Malarial poisons contain the germs of dangerous diseases. If these poisons accumulate in the system, Typhoid, Bilious, Intermittent or Chill Fever is sure to follow. Ayer's Sarsaparilla is a warranted specific for malarial.

She Speaks from Experience. Miss Edith Fox, of Amherstburg, Ont., had a severe case of Quinay. She writes: "I tried the doctor's medicine, but got no relief. I was told to try Haggard's Pectoral Balsam. After taking two doses I got relief, and when I had taken three parts of the bottle, I was completely cured."

How a Dude Caught Cold. A slim young man in the height of fashion was violently sneezing in a street car, when a companion remarked, "Aw, Charles, dear boy, how'd ye catch that dreadful cold?" "Aw, dear fellow, left my case in the lower hall today, and in sucking the ivory handle, so I caught cold, it chilled me almost to death." If Charles had used Dr. Harvey's Red Pine Gum his cold would not trouble him very much. For sale at J. Wilson's prescription drug store.

In Brief, and to the Point. Dyspepsia is dreadful. Disordered liver is misery. Indigestion is a foe to good nature. The human digestive apparatus is one of the most complicated and wonderful things in existence. It is easily put out of order. Greasy food, tough food, sloppy food, bad cookery, mental worry, late hours, irregular habits, and many other things which ought not to be, have made the American people a nation of dyspeptics. But Green's August Flower has done a wonderful work in reforming this sad business and making the American people so healthy that they can enjoy their meals and be happy.

Remember—No happiness without health. But Green's August Flower brings health and happiness to the dyspeptic. Ask your druggist for a bottle. Seventy-five cents. cowly

Not a Book Agent. Mr. Goode, druggist, is not a book agent, but has the agency in Goderich for Johnston's Tonic Bitters, which he can heartily recommend for any complaint to which a tonic medicine is applicable. This valuable medicine has been with most astonishing good results in cases of general debility, weakness, irregularities peculiar to females, extreme paleness, impoverishment of the blood, stomach and liver troubles, loss of appetite, and for that general worn and feeble condition which is so often troubled with at some part of the year. Don't forget the name Johnston's Tonic Bitters 50c. and \$1 per bottle at Goode's drug store, Albion block, Goderich, sole agent.

Effects of Headwork. One of the hardest things in the world is to condole with anybody in a misfortune or a bereavement. If it were not that the matter is generally serious, a great many funny stories could be printed about the condolence people off to the bereaved. But up at Sacramento some time ago a hard-working Irishman fell out of a four story window and broke his neck. His wife was, of course, in great distress. After the funeral a neighbor called to offer her sympathy and condolence. "It was a very sad thing, indeed," "Indeed it was. To die like that—to fall out of a fourth-story window." "An' was it as bad as that?" asked the visitor. "Sure, sir, I heard it was only a third-story window."

"Did n't Know 't was Loaded"

May do for a stupid boy's excuse; but what can be said for the parent who sees his child languishing daily and fails to recognize the want of a tonic and blood-purifier? Formerly, a source of biters, or sulphur and molasses, was the rule in well-regulated families; but now all intelligent households keep Ayer's Sarsaparilla, which is at once pleasant to the taste, and the most searching and effective blood medicine ever discovered.

Nathan S. Cleveland, 27 E. Canton st., Boston, writes: "My daughter, now 21 years old, was in perfect health until a year ago when she began to complain of fatigue, headache, dizziness, listlessness, indigestion, and loss of appetite. I concluded that all her complaints originated in impure blood, and induced her to take Ayer's Sarsaparilla. This medicine soon restored her blood-making organs to healthy action, and in due time re-established her former health. I find Ayer's Sarsaparilla a most valuable remedy for the lassitude and debility incident to spring time."

J. Castright, Brooklyn Power Co., Brooklyn, N. Y., says: "As a Spring Medicine, I find a splendid substitute for the old-time compound in Ayer's Sarsaparilla, with a few doses of Ayer's Pills. After their use, I feel fresher and stronger to go through the summer."

Ayer's Sarsaparilla. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Price \$1; six bottles, \$5. Worth \$3 a bottle.

GRAPEFUL-COMFORTING. EPPE'S COCOA. BREAKFAST. "By a thorough knowledge of the natural laws which govern the operations of digestion and nutrition, and by a careful application of the fine properties of well-selected Cocoa, Mr. Eppe has provided our breakfast table with a delicately flavored beverage which may save us many heavy doctors' bills. It is by the judicious use of such articles of diet that a constitution may be gradually built up until strong enough to resist every tendency to disease. Hundreds of subtle maladies are floating around us ready to attack wherever there is a weak point. We may escape many a fatal shaft by keeping ourselves well fortified with pure food and a properly nourished frame."—Civil Service Gazette.

Made simply with boiling water or milk. Sold only in packets by grocers, labeled with JAMES EPPE & Co., Homoeopathic Chemists, London, England. 2132.

SHINGLES! SHINGLES! SHINGLES! A large quantity of first-class Georgian Bay Cedar Shingles, extra thickness, are on hand at our mill, at reasonable rates. Call and examine before purchasing elsewhere.

Buchanan, Lawson & Robinson 2132. Children Cry for Pitcher's Castoria.

When Baby was sick, we gave her Castoria. When she was a Child, she cried for Castoria. When she became Miss, she clung to Castoria. When she had Children, she gave them Castoria.

Nasal Balm. OSWAGATCH, DIXON'S F.O. Ont. May 10th, 1887. My wife suffered for five years with that distressing disease, catarrh. Her case was one of the worst known in these parts. She tried all of the catarrh remedies I ever saw advertised, but they were of no use. I finally procured a bottle of Nasal Balm. She has used only one half of it, and now feels like a new person. I feel it my duty to say that Nasal Balm cannot be TOO HIGHLY recommended for catarrh troubles, and am pleased to have all such sufferers know through its use they will receive instant relief and CURE. CHAS. MUGILL, Farmer.

The Huron Signal

EVERY FRIDAY MORNING, AT THE OFFICE: NORTH-STREET, GODERICH.

It is a wide-awake local newspaper, devoted to county news and the dissemination of useful knowledge.

RATES OF SUBSCRIPTION: \$1.50 a year; 75c. for six months; 40c. for three months.

ADVERTISING RATES: Legal and other casual advertisements, 5c. per line for first insertion, and 3 cents per line for each subsequent insertion.

Jobbing Department: A fully equipped Jobbing Office is carried on in connection with the ordinary newspaper business.

D. McCallum, Editor of THE SIGNAL, Goderich Ont.

HURON SIGNAL

FRIDAY, MAY 25th, 1888.

THE G. & W. RAILWAY.

We understand arrangements are likely to be made at an early date to prosecute the Goderich & Wingham R. R. scheme, and place it upon a good working basis.

Already Goderich possesses a charter for the proposed line, and has a provisional board of directors, and no time should be lost in putting the road in a workable shape.

Perhaps the easiest and best way to initiate work on the Goderich & Wingham R. R. would be for the town of Goderich to assume a financial interest in the road.

This would give the municipality representation on the directors' board, and go far towards putting the scheme on a practical basis.

Then the preliminary surveys to Wingham should be at once gone on with, and the co-operation of the municipalities along the proposed route immediately sought.

Goderich has now a fine opportunity of possessing herself of what is known in railway construction as the "new" foot.

Already the town has running into it the G. T. R. from Stratford; the Guelph Junction & Goderich R. R. via Listowel, Brussels and Blyth; and as pointed out last week, is only a question of time and application on the part of our railway committee men.

Misses Annie and Edith and Mr Geo. Weatherald left for the Northwest this week.

Mr J. Videan is the proud possessor of a duck that persists in laying two eggs a day.

THE TRIAL AND CONVICTION OF WIDOWS

and his partner in crime. Burleigh and Widows were convicted at the Old Bailey yesterday. Burleigh was described as "the Rev. Charles Hart Burleigh, otherwise Charles Alfred Burleigh Hart, a clerk in holy orders."

AN IMPROVEMENT

The new timetable of the G. T. R. is a vast improvement over the old one, so far as Goderich is concerned, and is a great improvement to the travelling public.

TUNED AND REPAIRED

The organs in St. George's, St. Peter's and the North-st. Methodist churches, have been tuned and repaired during the past week, an improvement certainly not made till lately needed.

BATHING PROHIBITED

We have been requested by the mayor to state that bathing within the town limits is prohibited, and that the constables have received instructions to see that the law in this regard is rigidly carried out.

A DAY EARLIER

Owing to the fact that Queen's Birthday fell on Thursday this year, we went to press a day earlier.

NEW LIVERY KEEPER

Mr John A. Reid has purchased the livery business of Mr John Knox, and will hereafter be in charge of the business.

MR HARRY CLUGES

is now travelling for Brodie Jamieson, Montreal, the well-known dealer in dry colors, oils, &c.

CHORAL SERVICE

At the early celebration of the Holy Communion held in St. George's church, on Sunday last, the service was largely choral and was, considering that the choir had only had one practice; remarkably well rendered.

WILL TAKE COMMAND

Major Crockett, formerly of the 13th Batt., Hamilton, will command No. 1 Co., 33rd Batt. (Goderich) at the annual drill to be held in London in the month of June.

THE GODERICH LAWN TENNIS CLUB

held their annual meeting on Monday the 14th inst., when the following officers were elected for the ensuing season:

MRS. SCOTT-SIDDONS

The world-famed elocutionist, Mrs. Scott-Siddons, will appear at the Grand Opera House on Monday evening next.

CHINA COURT

John Rodgers, Seaforth, was tried for the murder of a man named John Vail and was found guilty.

COUNTY INVESTOR

Mr W. F. Foot was recently in Clinton, examining the improvements introduced into the manufacture of reed organs, by Mr Chas Blackstone, of the Doherty Organ Co.

LEFT FOR THE WEST

Conductor Frank Dorsey, of Winnipeg, who, with his wife and family, have been visiting friends in Ontario for the past few weeks, left for his home on Monday.

COMMUNICATIONS.

We do not hold ourselves responsible for the opinions of our Correspondents. Contributors to this department must confine themselves to publication, and not bring them.

What About Caledonian Bay? To the Editor of the Signal.

DEAR SIR—Knowing you to be a live man, having the interest of our town at heart, could you inform "a chiel frae the Heather Hills," what is being done to bring the lads and lassies together on Dominion Day. Man, it's a gran' sight to see the bonnets and kilts of my native land once in a year.

A SUCCESSFUL CAREER.

A Short History of a Flourishing Financial Institution.

The Huron and Bruce Loan Company is now entering upon the fourth year of its existence, and its general success since its incorporation has been such as to warrant its perfect safety to all with surplus moneys who have no ready facilities for investing their means otherwise, and who require their interest promptly at regular periods.

To all such the following short recital of Loan Companies now doing business in Ontario, may prove interesting.

Loan Companies have now been in existence for 35 years, and their usefulness and success proven beyond all question.

There has been no failure of any Loan Company formed under the General Loan Company Act.

There are now 65 loan companies in Ontario having a subscribed capital of \$71,178,607, of which \$30,175,470 is paid up.

The total amount of the subscribed capital of the Banks of Ontario is \$17,756,300, being less than one-quarter of that of the loan companies. The paid up capital of the Ontario Banks is \$17,580,875, being about one-half that of loan companies.

The loan companies of Ontario have on deposit on call or short notice, \$15,640,100, on debentures in Ontario, \$6,254,938, on debentures in England, \$41,525,294. Total, \$63,420,332. The Banks of Ontario have deposits on call, \$19,612,897. Deposits on notice, \$22,736,174. Total, \$42,349,071. Showing Loan Companies over Banks, \$21,068,261.

The Huron and Bruce Loan and Investment Company receives deposits from trustees, parents or children in sums of from one dollar to three thousand dollars, and allows compound interest added every six months, at rates as agreed upon. The highest current rates are allowed on deposits, according to the amount and time left. For further particulars call at the Company's office, corner of Courthouse Square and North St., Goderich.

HORACE HORTON, Manager. Goderich, 24th Feb. 1888.

Farmington.

The cheese factory is finished and in full blast. They are making as high as six cheese a day.

The fall wheat is a failure in general around here.

Mr Campbell, the inspector paid our school a visit last week.

Mrs Angus Beaton has had an attack of pleurisy but is improving.

Miss Theresa Doyle who was home on a visit, has returned to Detroit.

Our old citizen Steven Blackburn, has returned from a visit to England.

Foot ball is alive, sure-pop. Some of the fellows go hipity-hop.

Dismore, our commercial traveller for the Grange, paid us a visit last week.

It is reported that Mr James Irving, of Los Angeles, Cal., formerly of Clinton, will shortly wed a young lady worth \$20,000 in her own right. "Jim" has worked his way up in the world.

THE LATE ARCHBISHOP LYNCH.

Sketch of the Life and Work of an Eminent Catholic Prelate.
The Right Rev. John Joseph Lynch, Archbishop of Toronto, is dead. He was a prominent clergyman in Toronto for thirty years, and was connected with the building of many churches there.
Archbishop Lynch was born in the neighborhood of the town of Clonmel, Co. Monaghan, in the diocese of Clogher, Ireland. From his earliest years he had been intended for the priesthood. He entered a college of Carmelite Brothers near Clonmel, where he spent twelve months. In 1836 he entered St. Vincent's college, Castleknock. In 1839 he entered the novitiate of the Congregation of the Mission of St. Lazare, Paris, where he pursued the study of theology. In 1841 he took the vows of the order. In 1843 he was ordained deacon and priest at Maynooth college by the archbishop of Dublin. Archbishop Lynch. Three years later he went as missionary to Texas, where he spent several years. In 1848 he was appointed superior of St. Mary's seminary, at Barrera, in Perry county, Mo. For several years he was engaged on a mission in the western states.
In 1855 Father Lynch went on a special mission to Rome, on which occasion he had a long conference with the pope, and received from him many favors. He returned in 1856, and at the solicitation of the bishop of Buffalo founded a house of the Order of St. Lazare in his diocese. He laid the foundation of a preparatory seminary in Buffalo, but afterward removed to Niagara. The institution is known by the name of the Seminary of Our Lady of the Angels.
In 1858 he was appointed coadjutor of the bishop of Toronto. He was consecrated bishop Nov 20 of that year. During the following year, Archbishop Charbonnet having resigned, Bishop Lynch succeeded him in the see of Toronto. In 1884 he celebrated his jubilee.

For Governor of Alabama.

Thomas Seay has been renominated by the Democrats for governor of Alabama. Mr. Seay is a native of the state in which he is to make the gubernatorial race, and was born forty odd years ago. He had entered upon his studies with a view to securing a first class education, for which he could have derived ample means from his father, who was wealthy, when the war broke out, and at the same time broke in on the young Seay's pursuit of knowledge. He dropped his books to take up a musket to fight for the Confederacy. He fought through the war, after which he resumed his studies, and was graduated from the Southern university, at the head of his class, in 1867. After having completed his collegiate course he studied law, and at once entered upon the practice of his profession, in which he has been eminently successful. In 1876 he was elected state senator, and held that office till first nominated for governor.

Asstn's New Capital.
Here is a cut of the new state capital of Texas, recently completed at the capital. They are richer in land in Texas than they are in gold. The state, in order to secure this building, agreed to relinquish the buildings—a Chicago syndicate composed of the Farwell brothers and others—with 3,000,000 acres of land. The cost of the building is estimated at \$4,000,000, which is equivalent to a trade of the land at \$1.33 per acre.

TEXAS STATE CAPITAL.
The structure is of red granite; the architecture Doric. The ground floor resembles a Greek cross, there being a rotunda and dome at the intersection of the corridors. The length is 269 feet, depth 287 feet, and the whole covers 23 acres of ground. The dome is surmounted by a bronze statue of Liberty. From the base to a glass star on the statue is 311 feet. The rotunda is 65 feet in diameter, and encircled by a balcony. The corridors are laid in encaustic tiling.
In this building in future the representatives and senators of the Lone Star state will meet and the governor will have his offices. Then there will be the state library, and rooms for the state courts. The new Capitol was dedicated on the 14th of May. Distinguished people from all over the United States were in attendance.
Special Indulgences of Five Years' Grace.
Though the Parsees do not number more than 90,000 souls, and half of them are in Bombay, they are wielding a decided influence in the modern civilization of the east. Long a persecuted race, they were finally driven from their native country, 1,100 years ago, by the Moslems, and settled in Sugat, and from that point have become scattered through India. By their fruits they are making themselves known as worthy and efficient members of society. The queen of England has no more honored and patriotic subjects in England. They must have a deal of that noble blood of the ancient Persians coursing through their veins. They own and occupy some of the best residences in Bombay.—Interior.

Transporting Chinese Nightingales.
Chinese nightingales are the fashionable drawing room bird on the continent now, and friends of the little creatures are protesting against the cruelty of their being transported to market from their distant homes by railroad, with no other care for their comfort than a sign: "Donnes a boire," on their wire cages. If the railroad men don't give them the drink, then very likely they die; but if the railway men are charitable, the birds live and bring six shillings apiece when they get to the great cities.—New York Sun.

RETIING FROM BUSINESS.

ONE HUNDRED THOUSAND DOLLAR STOCK

CHOICE STAPLE & FANCY DRY GOODS

AT VERY LOW PRICES.
In consequence of Mr. H. W. Brethour retiring from the Dry Goods Department of the business on the 10th of August, we have decided to offer the entire stock of \$100,000 at very low prices, so as to secure a very large reduction of it before that date. The high class character of the goods is well known. This is a grand opportunity for securing bargains in

- BLACK AND COLORED DRESS GOODS. BLACK AND COLORED SILKS AND SATINS. TABLE LINENS, NAPKINS, &c. TABLE AND PIANO COVERS. SHEETINGS AND PILLOW COTTONS. MILLINERY. MANTLES, DOLMANS. SILK AND KID GLOVES. HOSIERY. PARASOLS.

All new choice goods, and marked at very low prices. 5 PER CENT. OFF!
In addition to the very low prices which the goods are marked at, we will allow on all cash purchases of \$2.00 a discount of five (5) per cent.

H. W. BRETHOUR & CO. BRANTFORD.

BRANTFORD, APRIL, 1888.

DEAR SIR,—
I take this medium for announcing that on the 10th of August, it is my intention to retire from the Dry Goods Department of the business so long carried on by me under the name and firm of H. W. BRETHOUR & Co.
Having had now a long and very close application to business of over Thirty Years, I feel entitled to at least partial rest and release from the cares of a large business.
In making this announcement, I extend to the thousands of customers and correspondents sincere thanks for their liberal patronage, and the universal confidence bestowed on me.
While retiring from the Dry Goods Department I will, however, continue the Clothing and Carpet establishment on a larger scale than heretofore, and more directly under my own supervision.
Special attention will be paid to the Ordered Clothing Department; also to the Carpet and House Furnishing, so as to make them complete in every particular.
Soliciting a continuance of your patronage,
I am, yours respectfully,
H. W. BRETHOUR.

GODERICH CHIEF

(the fastest stallion in the four counties)

THE "WIRT" FOUNTAIN PEN.

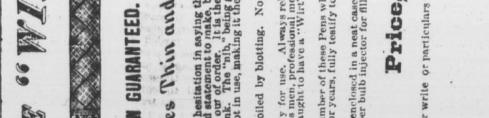

EVERY PEN GUARANTEED. CAN USE ANY WRITING INK. Writes Thin and Thick Letters, as with a dipping nib.

We have no hesitation in saying the "Wirt" is the most reliable Fountain Pen in the world. This may be considered a broad statement to make, but it is a fact, nevertheless. The simplicity of its mechanism renders it impervious to rust or corrosion, and its construction is such that it can be used in any position, and will write as well "up" as "down," when not in use, making it the most convenient to carry in the pocket.
No paper spoiled by blotting. No time wasted dipping into an ink bottle.
Always ready for use. Always reliable. Always a source of pleasure to the owner. It is the "Wirt" Fountain Pen that has made the name of Wirt's famous. It is the only pen that has been written at all night to have a "Wirt" Pen.
The large number of these Pens which have been sold in Goderich and vicinity, some of which have been in constant use for years, fully testify to their durability and efficiency.
Each Pen is enclosed in a neat case, and is accompanied by full directions for filling, cleaning and using, also a glass and rubber bulb injector for filling the Pen.

GODERICH; MANUFACTURER OF FIRST-CLASS CARRIAGES.

WORKS. 2145-11. Opposite Colborne Hotel, Goderich.

E. HURON TEACHERS

Meet in Convention at Seaforth to Discuss Matters.

Striking Committee - How to Answer Questions - Religious Instruction in Public Schools - About Thought Development - Literature and Education - Next Year's Officers - Other Business.

The regular annual meeting of the East Huron Teachers' Association was held in the assembly hall of the College Institute, Seaforth, on Thursday and Friday, May 17th and 18th.

The following committees were appointed: On resolutions - Messrs Linklater, Clark, Dorrance and Duff. On nominations - Messrs Duff, Malloch and Burchill. On reporting - Messrs Wilson, Scott, Dickson, Burchill and McFadden. On entertainment - Messrs Clark, Malloch and Dorrance.

The Secretary read a circular from the Ottawa Teachers' Association, relative to the making of the Ontario Teachers' Association more representative in its character. The matter was referred to the committee on resolutions.

Mr Duff introduced the subject "Methods of answering on paper." From his experience as an examiner, the speaker was well qualified to speak with authority, many points were touched on were new, and much profit would result to both teachers and pupils.

Discussion of the subject followed by Messrs Malloch, Lough, Linklater and Clark.

Mr W. Deig dealt with "Religious instructions in public schools." He entered into the history of our school system, showed the origin of the Bible instruction in it, related the story of the "Book of Selections," and explained the changes in the common school system.

Mr Dorrance gave an interesting address on how to make the school room attractive. He showed how he had succeeded in his section, and all in all, gave one of the most interesting and valuable talks given at the meeting.

Moved by Mr Newton, seconded by Mr King, that the secretary be instructed to convey to the Ottawa Teachers' Association our appreciation of their effort to make the Ontario Teachers' Association more representative in its character, and our concurrence in the means proposed to attain that end.

Moved by Mr Duff, seconded by Mr Linklater, that this Convention consider the Public School History quite unsuitable as a text book, to be placed in the hands of pupils, chiefly for these two reasons: 1. It is a dry abridgment, a dull compendium, which pupils will not read, except as a task work.

Moved by Mr Duff, seconded by Mr Linklater, that in the opinion of this Convention it is no longer necessary in this Province to grant full teachers' certificates to persons under legal age, and that the best interest of education will be served by limiting the certificates of minors so as to make them eligible only as assistants under the oversight of experienced teachers, except in the districts and the outlying townships - Carleton Place.

Moved by Mr Duff, seconded by Mr Newton, that as 933,375 pupils between 7 and 13, in this Province, have not complied with the regulations respecting compulsory attendance for 100 days in the year, and that 5,618 of these have attended no school, we recommend that the Minister of Education take such steps as he sees fit, to have the law enforced - Carried.

Moved by Mr Linklater, seconded by Mr Newton, that the thanks of this Association be and are hereby tendered to the trustees and teachers of the Seaforth Collegiate Institute, for their kindness in allowing us the use of the Assembly Hall, also to the officers of last year, for the satisfactory way in which they performed their duties.

A motion to the effect that the Public Schools do not receive a sufficient amount of legislative aid was roundly debated and finally lost on a division. Mr Groves gave notice that at the next regular meeting of this Association he would move that the order of holding the meetings after that date be Clinton, Brussels, Seaforth and Wingham.

Character sketches of the wise and the good are instructive and stimulating.

Character sketches of the wise and the good are instructive and stimulating. It is a valuable exercise for teachers and pupils to find, learn and repeat anecdotes of good men and women. During the winter months there might be a literary society formed in the district, and parents and young people, and if properly conducted would vary interesting and productive of much good.

Dr Mackenzie, of Wingham, in commenting on the paper, thought that we were receiving too much education; the new system is over-developed, while the pupils are engaged in the study of a multiplicity of subjects; they are taught to memorize a great deal, some of this is false; made reference to the text book on Public School Temperance; it defined what he understood by a "crank;" no reply, Mr Newton showed how far can be awakened, and a gentleman of Seaforth gave a vivid account of how a train of thought was aroused in him, on receiving a severe castigation from the "masses."

Mr Clarkson taught a class of teachers a lesson in elementary literature, illustrating the value of the imagination, taking as a subject the poem, "Jack Frost." The mechanical structure of the poem could readily be explained to children, the teacher drew from the poem the beauties of thought and expression to be found in the selection. The lesson formed one of the most valuable features of the program, and is entitled to more extended notice than it is given here.

Mr O'Brien, of Toronto, discussed "Elocution. He exemplified the present method of pronouncing different words; showed the meaning of effusive, explosive, and explosive, as applied to the voice; and briefly on the way to attain proficiency in reading.

On Friday morning the treasurer read the financial report of the past year, which showed that the receipts were \$141.14; expenditures, \$38.27, leaving on hand a balance of \$52.87.

The following officers were appointed for the ensuing year: President, Mr D. C. Dorrance; Vice-Pres., Miss Helmer; Sec. Treas., Mr A. M. Curchill; Assistant Sec., Miss McGowan; Delegate, Mr A. H. Plummer; Executive committee - Messrs Clark, Linklater, Groves, J. Taylor, and Misses Foxton, Richardson and Weir.

The scheme of Uniform Promotion Examinations has been before the teachers of the East Huron; Inspectorate for nearly a year, and when it was decided to reject the adoption of the scheme should be determined by vote on Friday morning much interest was felt in the occasion, and a large assembly of teachers, and friends of education from Seaforth and vicinity were present to hear the debate.

Mr Groves giving a history of the movement in East Huron, so far as the desire for its introduction was concerned. He was followed by Mr Duff in a strong arraignment of the principles involved. Thereafter a thorough discussion was kept up, and on the vote being taken, a large majority pronounced against the system.

Mr Dorrance gave an interesting address on how to make the school room attractive. He showed how he had succeeded in his section, and all in all, gave one of the most interesting and valuable talks given at the meeting.

Moved by Mr Newton, seconded by Mr King, that the secretary be instructed to convey to the Ottawa Teachers' Association our appreciation of their effort to make the Ontario Teachers' Association more representative in its character, and our concurrence in the means proposed to attain that end.

Moved by Mr Duff, seconded by Mr Linklater, that this Convention consider the Public School History quite unsuitable as a text book, to be placed in the hands of pupils, chiefly for these two reasons: 1. It is a dry abridgment, a dull compendium, which pupils will not read, except as a task work.

Moved by Mr Duff, seconded by Mr Linklater, that in the opinion of this Convention it is no longer necessary in this Province to grant full teachers' certificates to persons under legal age, and that the best interest of education will be served by limiting the certificates of minors so as to make them eligible only as assistants under the oversight of experienced teachers, except in the districts and the outlying townships - Carleton Place.

County Currency.

Penclings and Scissorings from Exchanges. Items from all over Huron County, clipped and condensed. - Fifth and Point - The Pick of the Crisp from our Exchanges.

The number of drunken men on the streets in Seaforth is not lessening, since the repeal of the Scott Act. Strange! The Wingham council decided at its last meeting to allow no fire crackers to be exploded on the streets. They also took steps to have bonfires disallowed in future.

A motion was passed at the Wingham town council meeting last week, to the effect that all bull-dogs must be muzzled if allowed to run on the streets, on danger of being destroyed.

The other day a son of Mr John Leslie, Clinton, was walking behind a horse he stumbled and fell, the horse stepping on his hand, which was so cut that it had to be stitched up.

Rev Jno Scott, M.A., of Walkerton, has been invited to become pastor of the Wingham Methodist church for the next conference year. Rev D. C. McDowell goes to Toronto conference.

Geo. Hayeroff, Brussels, wife and son arrived home from Kansas on Saturday last. Mr Hayeroff's stay in California during the winter was productive of good as far as his health was concerned.

Mr Hugh Bell, of Seaforth, has a breeding mare twelve years old from which he has sold colts to the value of \$2,200, and has one left yet for which he was offered \$100, although only a few days old.

The first sitting of the court of revision for the town of Wingham for 1888 will be held in the council room on Tuesday evening, 29th inst. That for East Wawanosh will be held at Marneock on the 22nd inst., and will be held for Turnberry at Bluevale on the 23rd.

A horse belonging to W. F. Kelly had been in the gateway to the farm last Saturday while hauling stone, and hung some 8 or 10 feet from the ground. After a good deal of work the animal was extricated from its awkward and dangerous position not much the worse.

Mr Wm. Cooper of the mill road, Buckersmith, has sold his young thoroughbred bull "Huron Primrose" to Mr Wm. Brown of Logan, for \$125. This bull is 15 months old and was bred by Mr J. D. Pettit, of Paris, and was purchased by Mr Cooper when he was a calf. He is an excellent animal and will be a valuable acquisition to the stock of Logan.

The following statistics are taken from the assessment roll of Brussels: Real property, \$262,875; personal property, \$90,725; income, \$3,400; total, \$376,900; number of dogs, 40; bitches, 1; population, 1,218; cattle, 104; hogs, 30; horses, 101; chickens, between 7 and 16 years of age, 234; between 7 and 13, 149; between 16 and 21, 77. The assessment is about \$3,000 less than last year.

A four year old child of Mr George Dale, Hullett, accidentally poisoned itself the other day, and but for the prompt action of the parents would have died. It had been taking some medicine that was evidently pleasant to the taste, and attempted to help itself, but got hold of a bottle of laudanum instead, and took a heavy dose. A strong emetic saved its life.

At different times lately obstructions have been placed on the railroad near the lecture room of the Union, the result of ditching the train. Railroad ties were used first and recently a circular saw propped up by stones. In both instances the obstructions were seen in time, although after night, and an accident averted. Detective Ross was in the locality this week looking up the matter but no arrests have been made.

Change of Business.

I have purchased the Livery Stable, outfit and goodwill of Mr John Knox, and intend to carry on the horses and vehicles, so as to make the stables inferior to none in the county, and solicit the patronage of all old customers and many new ones. A limited number of horses will be boarded at reasonable prices and Agents wanted. For good rigs and fair prices give me a call. J. A. REID, 2133 Newgate st. opp. Colborne Hotel.
