This Home-made Cough Syrup Will Surprise You

Stops Even Whooping Cough Quickly. A Family Supply at Small Cost.

Here is a home-made remedy that tak old of a cough instantly, and will usual nours. This recipe makes 16 ounces-enough for a whole family. You couldn buy as much or as good ready-mad ough syrup for \$2.50. Mix two cups of granulated sugar wit

one cup of warm water, and stir two min utes. Put 21/2 ounces of Pinex (fift) ents' worth) in a 16-ounce bottle, and add the Sugar Syrup. This keeps per fectly and has a pleasant taste-chi like it. Braces up the appetite and is slightly laxative, which helps end a cough You probably know the medical value of pine in treating asthma, bronchitis and other throat troubles, sore lungs, etc. There is nothing better. Pinex is the most valuable concentrated compound of Norway white pine extract, rich in guialcol and all the natural healing pine elements. Other preparations will not work in this formula.

The prompt results from this formula. The prompt results from this inexpensive remedy have made friends for it in thousands of homes in the United State and Canada, which explains why the plan has been imitated often, but never

vith a caressing gesture, she added oftly, "Have you had any fresh troule during my absence, dear?"

A guaranty of absolute satisfaction, o money promptly refunded, goes with thi recipe. Your druggist has Pinex, or wi get it for you. If not, send to The Pine Co., Toronto, Ont.

Shirley started. "No. no." she answered hurriedly. What makes you think so?"

"Your face again," Madge said, miling. "It's a very tell-tale one nd it was not so pale as this when aw it last and there were not those eavy marks under your eyes which re there now."

"You have been seeing such rosy ices during your absence," Mrs rant answered, forcing a little ugh, "that it is no wonder you tink mine pale. En revanche," she ided. "I have never seen you lookig so well and bright, dear."

Madge laughed, colored, and put u oth hands to her face with a charm ig gesture of shyness and hesita on; then she slipped her gloved and through Shirley's arm, and they ent into the cottage together. The fire was burning cheerily in

e little sitting room, but the room 'd not look so pleasant and home ke as usual; it had a strange unamiliar look to Madge Oliphant's yes as she glanced round her. Nonf the books were out of their place ne piano was closed, the pile of mu ic all in order; there was no work n the table; no pretty picturesque tter anywhere

"Won't you take off your coat?" hirley said nervously. "You had etter do so, or you will not feel the ood of it when you go out again." Madge acquiesced; and then Shirey talked loud and fast and nervousy, and moved restlessly about the oom in a purposeless kind of way vhich Madge could not help observ

She did this two or three times. Naturally th young man was interested and showed a readiness to be on friendly terms Owing to the fact that he had to leave the train at the next stop, the acquaintances did not ripen beyond these glances. Perhaps it would not have anyway; I don't know. But listen to the sequel. The seat vacated by the young man was given to the young woman with whom the first girl promptly struck up an acquaintanceship. They chatted in tones so audible that I could not be blamed for eavesdrooping. The talk turned to the male

of the way in which women attract the attention of the opposite sex and then pretend to deplore that attenion. In reality they don't deplore it at all. The woman who is always complaining bout men who speak to her on the street would be disappointed if they lidn't. The average man is always eady to make the acquaintance of a assable looking woman, but he losen't usually make advances unless ie has some reason to think they will e acceptable. And even if he does ake the first step, he seldom takes the econd if he meets with a rebuff.

It is perfectly simple for a woman o rebuff a man's tentative advances she wants to. Frequently she seems o prefer to accept them, and then lame the man. The extravagantly beautiful woman may be pestered with inwelcome attentions which she simply cannot discourage, but the ordinary woman won't suffer any such inconvenience if she does not dress loudly, keeps her eyes at home, rebuffs any tentative advances and shows plainly by her manner that she wants to be let alone.

Hr. Grace Notes.

The children's masquerade carnival t the Rink, on Saturday evening, was grand success. Quite a number of ittle ones turned out in costume and horoughly enjoyed themselves, and supplied amusement for the grown-up spectators as well.

Another carrival for adults will be held on Wednesday evening, and promises to be even more attractive than the last.

The Valentine Dance in the British Hall, on Friday night, was a very enjoyable affair, atlhough poorly attended. We pity the grown-up man who lost his Valentine.

Quite a number of people about here are after "Mary's" scalp.. It is rather hard for a woman to keep her tongue still when she hears anything interesting, and we are afraid our warning will have about as much effect as water on a duck's back.

The British Band will hold a dancing assembly in the Masonic Hall tomorrow night which promises to be well patronized.

Our harbour is now frozen over ight out to Bear's Cove, and people are crossing to and from the South Side. Our South Side friends are very pleased with their new bridge.

Plaste ers, painters, and carpenters are now employed putting the finishing touches on the Public Building, which will be quite an addition to our town when completed. The building will be up to date in every particular.

The little lad, Ronald Jones, son of Mr. M. T. Jones, who fell and broke his leg a few days ago is getting along all right and will soon be O.K. again Ronald, who is a good-tempered, pleasant little fellow, has the sympathy of all his acquaintances in his misfortune and suffering.

A little boy, Martin, of the Hill, while sliding on Kitchen's Hill, on Saturday morning, fell and broke his more accidents, particularly when the inclines are so slippery and wild Mr. William Connors, one of the staff of the "Standard," went to St John's on Friday morning to ente

hospital for treatment for eye trou ble. He was accompanied to the city by his aunt, Mrs. John Griffin, His friends all hope that the trouble is not as serious as would appear at

"Cascarets" Cleanse Liver And Bowels

Cure Sick Headache, Constipation Billiousness, Sour Stomach, Bad Breath-Candy Cathartic.

Get a 10-cent box now. Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets-or merely forcing a passageway every few days with salts.

cathartic pills or castor oil? This is mportant. Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the live and carry out of the system the constructed waste matter and poison in

the bowels. No odds how sick, headachy, bilious and constpated you feel, a Cascarét to-night will straighten you out by morning. They work while you sleep A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the childrentheir little insides need a gentle cleansing, too.

Man Succumbs to Cold

Mr. John Phillips died at his hom in Bonavista, on Thursday last, from the result of exposure.

The man left his house at daylight to go in the woods. A few hours later he was found on Long Pond, in an exhausted condition by a young lad of fifteen named Stevenson, who hurried back to the settlement and secured help. The man Phillips was taken to his home where everything possible was done for him, but he died a few hours afterwards. The thermometer was below zero on that morning bu there was comparatively no wind. The unfortunate man had only recently re-

MAN SERIOUSLY INJURED BY FALLING EARTH-PATRICK HO-GAN, THE VICTIM, DIED FROM INJURIES.

There arrived from Bell Island yes-

erday, the body of a man named Pat-

ick Hogan, belonging to St. Mary's, vho died from serious injuries reeived in the Nova Scotia and Stee 'o.'s mines. Only meagre particu-'ars of the sad occurrence are to hand, but as far as we could ascerain, the deceased was an employee of the Nova Scotia Company. On Satırday last he was engaged on the surace of No. 2 mines where an electric plough was "striking" when a bank of earth fell upon him, crushing him padly. He was picked up in an un onscious state and brought to h warding house where he was attend ed by Drs. Ames and Carnochan. Th victim was seriously injured internalv and suffered greatly from shock nd pain. The following forenoon Sunday), the unfortunate mine: uccumbed to his injuries received 'he body was at once coffined and orwarded to the city last evening To-day the corpse was put on board the s.s. Prospero and sent to the late ome of the deceased. This is th second fatality that has occurred i the N. S. Co.'s mines within the pas' fortnight. The first being the death of underground manager McKenzie.

Mr. Clift presented a petition- from he inhabitants of Millertown and Badger Brook, asking that they be represented in the Assembly, and that both places be included in the Constituency of Twillingate. Petitions were also presented by Mr. Targett, asking for a road at Hant's Harbor; by Mr. Abbott, for a bridge at Bonavista, and by Mr. Devereaux for the dredge

Cured Eczema Like Magic

of Treatment—Surprised at Results

You can soon tell when people are thusiastic about medical treatment entrusiastic about medical treatment by the language they use. After ex-perimenting with all sorts of olnt-ments in a vain effort to obtain relief and cure, the writer of this letter was astonished at the quick and satisfac-tory results obtained by the use of Dr. Chase's Ointment.

Chase's Ointment.

"It worked like magic," she writes. Indeed, it is surprising the healing that is often effected in a single night by this great ointment. The stinging and itching are relieved at once, and cure is only a matter of time and patient treatment.

Mrs. Clements, 13 Strange street, Toronto, Ont., writes: "I have suffered from eczema for years, and after using all kinds of ointments, at last tried Dr. Chase's Ointment. It worked like magic and proved a Godsend to me. I would advise anyone suffering from eczema to try one box and be convinced." 60 cents a box all dealers, or Edmanson, Bates &

ter prices than the inferior article. Regarding the standardizing of our fish, he said that this dealt with the article after it reached the merchants' ing. Ireland had standardized her butter, Canada her agricultural products, Germany, United States and every other country had their own methods. England had standardized her manufactures which were Al. all Healthy and Unthe world over. We should undertake to let the people know what they are buying, take extreme care with our fish from the time it comes out of the then the dawn of a new era regarding ur main products would take place t must be realized that codfish is an rticle of food and that our codfish

cannot be beaten. It is true that we have been able to hold our own, but his is because our fish is superior o bounty fed competitors in Euro rean countries. It was because of the great care they took that the French got ahead of us in the foreign markets. The question then arises, i duce a good article. Some people scorn at the idea of instructing our people to cure fish properly but we must remember that to add to their knowledge will be following the routine of other countries, and we needed lessons. A few years ago the mammoth meat industry of Chicago handling. An American journalist visited this country a few years ago and wrote a sensational article or our fish. A little thing will do an amount, of harm. Then gain the complaints that came from the foreign markets show that we have been careless, therefore the need of a strict cull and proper standardization was of vital importance. Regarding the protection and propagation of our lobsters, every one knows how this fishery has fallen off in late years. In 1889 the eatch was 80,000, last year it was 16,000, a loss

to the country of about one and quarter millions of dollars. Of course the lobster is a fish very largely afected by temperature, and last year the fishery was seriously interrupted by unpropitious weather and ice con ditions. The question we have got to answer is can this decline be arrestfrom being extinct? The loss sustained in the lobster fishery last year was equivalent to what the whole sealfishery was worth for the same year. In order to properly protect the industry, we should get scientific the fishery. In referring to the sealfishery, he said there was very little difference as to the best way to protect it. He showed in figures the decline in the industry that had taken place in recent years, both in the loads of fat, the value and in the

number of vessels and men who pros-

sounded a warning note for a close

season to protect the seals. The

from all previous atempts to improve conditions. He said that 25 per cent. of the fish caught was wasted, and that at the present time there was a fertilizing plant installed at considerable expense on the West Coast converting all this fish offal into fertilizer, and those interested were making the venture pay. He said that what he principally desired was committee from both houses to deal with the resolutions and bring in such measures as will protect our

Much evidence has lately been adduced to show that gas is more useful than the electric light in promoting efficent ventilation of air. It is for this, amongst other reasons, that gas is being frequently substituted for the electric light. The latest example is, perhaps, the Society of Medical Officers of Health, which has recently installed gas on its premises, after experience with the electric light.—Dr. Jamieson

figure out the locations of the last eleven bones which he has buried.

Many men are also interested in interred wealth. But they are not the men who buried it, as a rule.

Men do not bury much treasure nowadays. Wall Street, society and the automobile make it possible for the automobile make it possible for a man to dispose of any amount of money without borrowing a spade and a lantern. The men who are interested nowadays are the ones who

other men planted his fortune, an he men who planted said fortune were mostly pirates who flourish before the seas were as well policed as they are now.

Burying treasure was the one grea amusement of the pirate. After in had accumulated a chest full a doubloons or pieces of eight he was not happy until he had lugged the chest ashore and had buried it or some deserted island, nine paces eas and four south of the point where the line between three tall nalms shadow of the sun at noon on Candle mas day. After he had planted hanged, thus removing the money e couraging future generations to mes vain attempts to find it.

The pirates fought very hard fo their money and were very foolish to stick it away in the sand at healthy for them anyway, and ever with prompt action they could hardly expect to get all of it spen before they died of acute throa trouble. But they were not half as about \$20 worth of treasure a weel and trades it for one good-sized jas on Saturday night. Dear Sir,-Kindly publish the following: In a recent issue of your paper, there appeared an article from Fortune Bay, re the Civil Service in this bay, particularly Bellsoram and 3t. Jacques. There are signs of improvement at least in one branch. Veights and Measures, inasmuch as he Inspector has gone as far as to nake tubs and test the measure in vhich coal is sold, and found it to be bout 300 lbs. short per ton.

This is a step in the right direction. nd although moving slow, will, it is ion of our friend "the Inspector" nd in so doing ensure the consumer fair play in coal and vegetables. A sudden rise from \$5.25 to \$6.50 per on here is a very strong reason for lemanding lawful weight. While the price was \$5.25, customers did not nind again of a few tons per one hunhere much notice taken of a gain of few bushels per hundred on prouce, but in view of the sharp adance in both these necessities, torether with the poor quality in some cases of the latter, it is plainly evilent that consumers must insist on setting lawful weight.

With regards to other branches, we ire looking forward to an early 'eform, as evidently the Government vas just woke up to the fact of our ivil Service being overmanned, since he Finance Minister admits so. Inompetent and ignorant officers should be removed whether they be fory or Liberal; also there should be less ports of entry. For instance 'n this district, there is no need of a ustom house east of Hr. Breton, beides Belleoram. However, we have good men enough yet, to see that old Newfoundland won't sink entirely, and to bring her through in spite of

All the bankers have been at Rose Blanche for a week, but owing to stormy weather only one set has been secured; vessels geting about 150 quintals each.

Both mail steamers are laying in narbor storm bound; Prospero at Hr. Breton and Glencoe at Burin. While to one expects the Glencoe to get long in such weather, she having to ome against it, we all think the rospero would come here from Hr. 3reton. People are wondering wheher it is not women dressed in men's ince the mail service is so much vorse than formerly. I believe there tre lots of women who could do beter. What about Aunt Jane? It i umored that Farguhar, of Halifax, is negotiating for a steamer to run or he South Coast next summer in connection with that port. This will be great benefit, and it is hoped the Tovernment will do all they can to ncourage it.

First Steps in Home Making!

Home Making really begins with the procuring for the Home of desirable and suitable Furniture. This interesting beginning is of necessity always attended by considerable outlay (more or less) of dollars and cents. The first question therefore confronting young home makers is: How much will we invest in Furniture to begin with? How many rooms, and what will be needed for each? Then naturally the all-important question: Where can we get the very best value for our money?

READ AND LEARN.

On Saturday, February 7th, we began to answer these questions in the most practical manner by the offering of Furniture Values that will surely assist you in the art of home making at small cost. METHODIST COLLEGE HALL

An excellent programme has been arranged for and the members of the Guards will produce a scene representing a "COURT MARTIAL" at Camp. See the fellow getting shot. Ice Cream and Candy will be for sale during the night. Admission only 30 cents. Tickets may be obtained from the members of the brigade. feb16,2i members of the brigade.

Lead in Quality.

be superior to all others in at least two respects.

The Cover of every Can will fit so perfectly that it will be possible to seal a case with about 20 cents' worth of solder instead of using a pound, which costs nearly 35 cents.

The Covers of Anchor Brand cases will be put on with patent fasteners instead of being nailed. This will allow the cases to be opened without danger of splitting the cover abroad, which so often happens when the cover is nailed on.
