DRAMATIC SUICIDE OF LOUIS CLEGHORN; DRIVES TO RIVER IN AUTO; JUMPS INTO FLOOD

HENRI BOURASSA—The distinguished French-Canadian who has been invited to address the Canadian club in this city on June 14.

BOURASSA MAY SPEAK IN CALGARY TO THE CANADIAN CLUB

Famous Canadian Orator and Statesman Will Stay Off Here a Day During His Tour; Will Be in Calgary Saturday June 14.

NATIONALIST LEADER MAKES TOUR OF WEST

Question of Interest Is What Reception the Great French Canadian Will Receive; Has Been a Thorn in the Side of Both Political Leaders.

CALGARY is to have a visit from Henri Bourassa, the distinguished French Canadian who has been invited to address the Canadian club on Saturday, June 14. As invitation has been sent to the famous orator to speak here when he visits this city on that day, and a reply is expected by the secretary of the club this afternoon.

What the West Did Yesterday

VERNON, B. C.—A settlement is to be established to give English girls contemplative life in the market gardening some experience in local B. C. conditions. It will not be a training college, but an experimental station. Where the fact will be demonstrated that women can make a living out of the land. The first acre purchased may be the nucleus of greater development.

Had been in City Several Days, Registering at Local Hotel Under Name of Mason; Gives Driver of Machine \$10 and Asks That Mrs. Cleghorn be Advised.

As indicating the deliberation with which Cleghorn went about the blotting out of his life, in the search of his room last night a map of the city of Calgary was found. On this map, freshly traced in black ink that was hardly dry, was a line running from the Canadian Pacific depot, down Center street to the middle of the bridge across the Bow, and stopping approximately at the spot from which Cleghorn leaped from the bridge into the raging flood.

CAREFULLY arranging very detail of his death with an intense interest on the dramatic, a man supposed to be Louis Cleghorn, of Toronto, jumped off the Center street bridge, into the Bow river last night and was swept down by the swift current. The man rented a car from E. B. Bremner, his owner at 7:15 last night. Bremner himself was at the wheel. His passenger ordered him to drive about the city, and in his directions showed an excellent knowledge of the topography of Calgary. The man had evidently been drinking, according to Bremner, but the proprietor of the hotel where he was registered declares that late in the afternoon his guest asked for paper and envelopes, and at that time showed no traces of liquor.

The car was first driven to Seventh street west, thence to Seventeenth street and Fourth street west, and then to Center street and on to Crescent Heights. The passenger then asked to be driven to the Riverside hotel, where he alighted and entered the bar. In a few moments he returned and drove down to St. George's island. Then he asked to be taken to the Riverside hotel, where he again entered the bar and had several drinks. Then he asked to be driven to the Center street bridge.

As the car neared the middle of the bridge the passenger ordered Bremner to stop. He carefully alighted, looked over the edge of the bridge at the rapid current, and leaned against the railing. Current bore him away. Bremner was looking over the works of his machine and adjusting some of the small parts when he heard a sudden movement on the part of his passenger. Quickly glancing up, he saw the man climbing over the low railing. An instant later the huge bulk of the man disappeared under the water. As he left the bridge his arms were stretched out, and gave the impression that he was diving into the water.

Bremner rushed to the edge of the bridge, reaching it just in time to see his late passenger strike the water. The man sank immediately, the weight of the shot which he was loaded down evidently carrying him under water. In the dusky twilight Bremner could not see more than a hundred feet down the river, but the body of the man did not appear.

The chauffeur hurriedly looked around and gathered witnesses to the tragedy. Three men, R. I. Gibbs, 109a Eighth avenue west; Samuel Lang, 119 Fifteenth avenue west; and Ivan R. Haxable, 209 Eighteenth avenue N. W., Crescent Heights, saw the suicide, and went with the chauffeur to notify the police. Bremner turned over the two trunks which the suicide had left in the car, and also surrendered the ten-dollar bill which the suicide had left in the seat, evidently to pay the rental of the car. The money will be returned to Bremner today.

Room Was Paid For Until Tonight. The man's room at the hotel was paid for until tonight, but was not occupied before he left the hotel. The only effects left in the room was the watch, which he had willed to his friend, E. B. Bremner.

COMMISSION RECOMMENDS ENORMOUS ANNUAL GRANTS FOR TECHNICAL EDUCATION

Three Millions Each Year For Ten Years For Higher Work in Provinces According to Population; Large Sums Also Provided for Elementary Schools.

OTTAWA, June 4.—The long awaited report of the committee on technical education was tabled in the house this afternoon, and is one of the most voluminous documents ever presented to parliament. It embraces over 1,000 closely printed pages. The outstanding recommendation of the report is that a federal grant of \$3,000,000 be made annually for a period of 10 years, that the money be voted to the provinces on the basis of population and applied to the promotion of higher technical education and industrial training. For teaching manual training, household science, etc., in elementary schools, a grant of \$350,000 a year for 10 years is recommended, the division among the provinces being on a similar basis.

Four Volumes Published. The commission was composed of Dr. J. W. Robertson, Montreal, chairman; H. B. Armstrong, North Sydney; Dr. George Bruce, Winnipeg; Gaspard De Zerris, Montreal; G. M. Murray, Toronto; G. M. Forsyth, Berlin, and James Simpson, Toronto. They travelled all over Canada, the United States and many parts of Europe, took volumes of evidence and the length of their report accounts for the delay in its presentation, which is in four volumes. The first embodies the general recommendations and opinions, the second deals with education in relation to a variety of subjects, the third gives an account of the inquiry abroad, and the fourth in-quiry in Canada. Careful investigation has been made into the methods of technical instruction and it is all systematically compiled.

PRINCESS MARY AND HER FATHER AT ALDERSHOT—This fine drawing by Matania, in The London Sphere, is the latest portrait of His Majesty King George and his only daughter. Princess Mary looked very charming in her riding costume. She accompanied her father from point to point on horseback during his inspection of the army. There is some talk of Princess Mary coming to Canada for a short visit with the Duke and Duchess of Connaught if they return to Rideau Hall.

SEATTLE MILLIONAIRE VISITING CALGARY, SAYS ALBERTA IS THE LAND OF SPLENDID OPPORTUNITIES

BOW VALLEY, BUSIEST PART OF ALBERTA AT PRESENT

Hon. C. R. Mitchell Tells of Activity in District; Not Much Opposition in Bye Election

ANGOUVER and Victoria are to become the Garden of America with the opening of the Panama Canal. This is the emphatic statement made by P. E. Sullivan, rich Seattle business man and Alberta landowner, who stopped over yesterday at the King George Hotel on his way east. Mr. Sullivan formed one of the units of the most interesting trio that has tarried in Calgary for some time, and all talked on the development of the Canadian northwest. The other two of the party were J. Berger, of Seattle, formerly of Nome, Alaska, and owner of the famous "Scotty" Allen dog team that won the Alaska sweepstakes race three years ago, and J. F. Giese, the first mayor ever elected in Nome at the time of the initial gold stampede. All three are heavy holders of Alberta land, which they purchased for development and not speculation.

RAIN AND HAIL FELT IN ALBERTA YESTERDAY

Rain, most welcome rain, was experienced in Calgary and district yesterday afternoon. The rain came suddenly and did not last for long. After the continued dry spell of the last few weeks it proved beneficial indeed and several prominent farmers are indicating that nothing better could come for the growth of the crops. The rain was, however, rather heavy and would have been more welcome if it had been more gentle. In one district at least, which was heard from last evening in the vicinity of Aldred, the hail struck along for four miles and laid the crops low though they were hardly far enough advanced to suffer as they would have later on. The damage done at the present time will be but slight and there will be a complete recovery among the crops.

SUSPICIOUS DEATH OF GIRL FOUND ON TRAIL

MOOSE JAW, June 4.—Sensational evidence now being adduced in connection with the death of Miss Edna Alvord, formerly of Nessdale, Wis., who was found dying beside a trail at Biercrest some five weeks ago. Several prominent farmers are involved and arrests are expected. Details of the fact her death was attributed to heart disease, if now transpires that a death was due to a drug. A criminal operation was performed on her in February and this too, is being investigated. James Fry had his leg broken when he was thrown from a horse at the corner of South Avenue and Twelfth Street East on Tuesday. A newspaper boy waved a paper in front of the horse which whied and came down with the fatal result. The horse was taken to the hospital where it was found that he had broken his leg under the axle.

NEW "LAYOUT" A THING OF WONDER AT STATION

Chicago and Vancouver Men Getting Easy Money in Calgary Through Medium of Disc-Cigar Swindle; Pair Are Held.

JUST as James Raymond, a milkman, was about to try his luck on a new cigar game yesterday afternoon, Sergeant Sullivan and Police Officer Gilbert, of Chief Cuddy's Crescent Heights police station, injected themselves into the picture and two men, who gave their names as James Williams of Chicago, and Max Wiess of Vancouver, were led away to the cooler at Central station. The game by which Williams and Wiess were trying to separate Mr. Raymond from his money is one of the most simple ever evolved to lure shekels from the pockets of the gullible. It is so simple that it constitutes almost a shame to take up money; and it is carried around in such a modest little way that not even the most suspicious policeman would ever pick it out as a confidence game unless it was set right under his nose.

Mr. Williams operated the game and Mr. Wiess was his confederate. The game must have proved profitable in Calgary for the past few days for the two men have been living in one of the Empire hotel and sampling the best Calgary has in the way of food and liquors. They were well supplied with money when arrested. Two paste board discs, each about an inch in diameter, are held together by an eye on one edge. On the inside of one of the discs various numbers are written, the other numbers are always being eight or nine. About a hundred of these double discs are kept in a cigar box, and on the inside lid of the box a small checker-board is arranged. The checker-board draw prize, whose ending with one or zero draw either one or two boxes of cigars, the ending with eight or nine draw one cigar. All the numbers end with one of these figures.

Enter the copper. Yesterday Mr. Wiess played his role. He listens to the bragging of the gentleman at the box, and tries his luck. He picks, for instance, a double disc which taken in hand by Mr. Williams, after Mr. Wiess pays his twenty-five cents for the chance. Mr. Williams then draws the disc, and lo! it shows say 30, and Mr. Wiess is given a box of cigars. He wins a couple more, and then the crowd gathers to see the game. Mr. Regular Customer tries his luck. He picks a double disc, and the number is 10. When it is opened he shrinks with joy. It looks to be, say 10. But Mr. Williams keeps the disc, and the number on the disc, and another look appears on the top of the zero, making it an eight. Mr. Regular Customer gets a plain cigar, wholesale value two cents.

CHURCH UNION DECLARED TO BE MOVEMENT IN INTERESTS OF THE KINGDOM OF GOD

While not concurring with the proposal to form a united church west of the Great Lakes, the Alberta Methodist conference unanimously reaffirmed its desire for church union throughout the whole of Canada. There was a unanimity and enthusiasm about the passing of the latter resolution that spoke emphatically the mind of this conference on this important matter. The resolution asking the general conference special committee to take steps to unite the churches west of the Great Lakes was defeated in conference by a majority of eight. The majority feared that the approval of such a course would lead to cleavage between east and west, and retard the progress of a larger union. After the resolution was defeated, the following was put and carried unanimously amid much enthusiasm: "That whereas we believe the Methodist church in Canada to be ripe for union, and that the postponement of its consummation is prejudicial to the interests of the kingdom of God, this conference desires to reaffirm its conviction already emphatically recorded that it is in the highest interests of the kingdom of God that the negotiations for the consummation of this union be urged forward to their realization at the earliest possible moment."

THOSE INTERESTED IN PUBLIC MARKET CONFERENCE

Another solution of the market difficulty was offered yesterday at a conference between the city commissioners, Ald. Treagus, Supt. Price and Supt. Maharg of the C.P.R., when it was proposed to transfer produce from the C.P.R. freight cars to the street railway at a point near the old hospital, and to ship it over the street railway to the market via a street railway spur giving access to the various stalls. This spur could be constructed at a cost of \$100 and the city is already building a freight car with a capacity of 15 tons. Plans are being prepared for the proposed street railway spur.

THEATRE FINANCING RESULTS IN LONG-DRAWN LAWSUIT

Appeal Made to Supreme Court En Banc Against Decision of Chief Justice in Favor of the Allens, Who Control Local Moving Picture Houses.

FRAUD IS ALLEGED BY PARTNER IN COMPANY

Stone, the Appellant, Claims He Was Frozen Out of Company After He Had Been Threatened and Provided Capital For Starting the Venture.

AN appeal from the decision of Chief Justice Harvey in the case of Stone vs. Allen et al was brought before the supreme court en banc yesterday afternoon. The chief justice presented the case for the appellant and W. F. W. went for the other side and just commenced his address when the court adjourned for the day. Mr. Ford explained that there had been five defendants in the case and that the chief justice had given his decision after listening to the evidence. He stated that the case was a long one and that the chief justice had given his decision after listening to the evidence. MAGRATH BYLAW IS DECLARED INVALID BY SUPREME COURT

Chief Justice Remarks That Tax Placed on Pool Rooms Was Prohibitive

The supreme court en banc yesterday afternoon upheld the decision of Judge Winter quashing a conviction before a magistrate for defendant's failing to pay the tax imposed by the bylaw. It was held unanimously by the bench that the bylaw was ultra vires, and in the words of His Lordship Chief Justice Harvey it was more prohibitive than regulative. The case was tried primarily before a justice of the peace, and the man who was running the poolroom was fined for not obeying the bylaw which imposed the heavy tax. The case was then carried to Judge Winter as the district court judge, which should have been a final appeal according to the law. Judge Winter quashed the conviction, and it was from that decision that the municipality had appealed to the court en banc.

CUSTOMS RECEIPTS ARE STILL GROWING

The Customs returns for the month of May in Calgary were \$259,495.91. In the month of May, 1912, they were \$218,948.37. This means an increase of over 18 per cent, which is something for the city to be proud of, for few cities in the Dominion can show such rapid growth in the matter of Customs receipts.

CONDENSED MILK MAY BE MADE IN CALGARY

A condensed milk manufactory is likely to be established in Calgary at an early date, and the figures are being collected by the Industrial Bureau to ascertain how much milk is being supplied from the country around Calgary so that the prospective manufacturer may have reliable information as to the possible supply of milk for his purposes.

Circular letters have been sent out to all the dairy centres within a radius of 60 miles of the city to secure this information, and replies are expected within a few days, and it is expected that it will be found that there is a considerable amount of milk which is not being sent into the city and could be disposed of easily in such a way.

SEATTLE MILLIONAIRE SAYS CALGARY IS LAND OF GOOD OPPORTUNITIES

(Continued from Page 1).

In the United States—by that I mean in the West—there is a great deal of land that is not being developed. In Canada it will be unusual for him to get ten poor acres out of 150. The railway lines are already planning to run their great immigrant ships through the Panama canal to take the immigrant to Seattle, Vancouver and Victoria. It will be only a matter of a short time when the European discovers that the Canadian country possesses the opportunities, and the American immigrant to the west coast are due, in my firm opinion, to become the Castle Gardens of the American continent within the next two or three years.

Criticizes Conditions Near Calgary.

Mr. Berger, Mr. Giese and myself took a drive around Calgary this afternoon, and as a curiosity, went out to the ruins of the Burns area. There we looked over every direction, and with the exception of the exact direction in which the main city of Calgary lies, we found hundreds of acres of unoccupied land. And there is where your European immigrant is going to come in handy and play a huge factor in the development of your country. In my opinion, there has been in the habit, if he is a farmer, of making a living for himself and his family out of a few acres of ground. He has been a truck farmer, and he will always, to certain extent, continue to be a truck farmer. Even if he has 150 acres of land, he will continue planting in a truck to supply quick cash, in a truck to supply quick cash.

Land Speculator's Cause.

All those hundreds of acres which are now the outskirts of Calgary should be under development. The curse of your country is the land speculator, who buys an immense tract and then sits down and waits until its value goes up, and goes up through the work of those who actually develop the adjoining land, and make a city out of the wilderness. We have spent thousands of dollars in the province, and others who buy land in large tracts should follow the example and get busy cultivating. The basic principle of prosperity in this country is the cultivation of all the fertile land in the northwest, and it is the coming of the European immigrant through the Panama canal that will bring about this condition.

Looks for Freight Rate Reduction.

In transcontinental freight rates when the canal opens. Right now Mr. Giese will bear me out in the statement that ships are taking goods around Cape Horn at a lower rate than the railroads are carrying them across the continent. The shipment of wheat and the products of the northwest will not demand a rush passage across the continent for a European market.

Cites Case of Old Friend.

"Any man who comes into this country, works hard, and uses average intelligence, can become independent. Thirty-eight years ago I punched cattle on the Nebraska plains. One of my chums was a cowboy named Jimmy Fleming. I have not seen him since. Yesterday I was walking across the street in Medicine Hat, and up walks Jimmy Fleming. He recognized me, and we had a reunion. He is now a wealthy man, all his property, dating from his entrance into Canada. Mr. Berger, Mr. Giese and myself confidently expect to make thousands of dollars from the legitimate channel of development, and not pure speculation."

COURT EN BANC HAS MANY APPEALS TO HEAR IN CALGARY

Session Opened Yesterday Morning With Chief Justice Presiding and Only Stuart Absent; Many Cases of Interest Brought Up.

CALLARD-ARMSTRONG CASE IS UP AGAIN

Minchin Libel Suit Against Samis is Appealed; Clearwater Election Appeal Will Be Heard Monday; First Case Finished Yesterday.

The supreme court en banc started its Calgary sessions yesterday morning with Chief Justice Harvey presiding. The others judges present were Judges Scott, Beck, Simmons, Walsh, Judge Stuart is absent attending the Presbyterian assembly at Toronto and will not be present at the session. There will be a long list of cases to be heard at the court and many of the cases are of great interest. The famous first breach of promise case in Alberta—Callard vs. Armstrong—will be among those heard. It will be remembered that the woman sued Armstrong, who is a wealthy rancher at Nanton for the sum of \$25,000 for breach of promise and seduction. The jury, which heard the case, awarded the woman \$20,000. The appeal was at once lodged by Tweedie and McGillivray. A great deal of labor has been expended on the preparation of the books of evidence for the appeal and the court reporters have had a busy time getting all in readiness and a great volume as bulky as the three volumes of olden times has been prepared for the delectation of the court. Since the case was adjudicated the plaintiff has been married to Henry Lewis and has borne son at the Holy Cross Hospital. This was the last case it will be remembered in which P. J. Nolan appeared before his sudden death.

Cases of Interest.

There will also be an appeal in the case of Henry Minchin versus A. J. Samis, which was dismissed by Judge Simmons. The case is for alleged libel for \$10,000 and James Muir, K.C., appears for Minchin, while James Short appears for Samis.

Clearwater Election Appeal.

The appeal against the decision of Judge Beck in the Clearwater election in the election are in dispute, and it is claimed that there were for Taylor and would be sufficient to elect him as McKinney had only a majority of one. Full List of Cases which will come up for hearing: (By the Hon. Mr. Justice Simmons) Rex vs. William Kinniburgh. (By James Stacey, J.P.) James B. Pirtle vs. W. A. Miller. (By the Hon. Mr. Justice Simmons.) Charles E. Amphlett vs. H. W. Blay.

PREMIER LOSES SUIT AND QUILTS OFFICE

Buda Pest, June 4.—The Hungarian cabinet, of which Dr. Ladislav von Lukacs is premier, has decided to resign. This determination is due to the acquittal of Deputy Desacs in a libel suit brought against him by the premier, whom M. Desacs accused of corruption and characterized as "the world's greatest Panamist"—a Panamist being one of the persons involved in the corrupt transactions by which the Panama-Canal company (1879-93) obtained political assistance. The court found that M. Desacs had established proof that Premier Lukacs at the conclusion of certain contracts with the Bank of Hungary, had accepted a sum exceeding \$750,000; and that, although the premier derived no personal pecuniary benefit from this money, which was devoted to promoting political party purposes "from a legal and moral point of view it is not permissible for a minister to accept any money from any person doing business with the state."

NEW KING'S COUNSEL SWORN IN AT COURT

Frank Ford, K. C. of Edmonton, was yesterday highly honored by being sworn in as Dominion King's Counsel. At the supreme court session Mr. Ford was summoned within the inner bar, and after a brief speech of congratulation from Chief Justice Harvey, Mr. Ford took the oath and became one of the counsel for His Majesty for the Dominion.

ILLFATED SUBMARINE HAS NARROW ESCAPE

Cherbourg, June 3.—The French submarine Pluviose, which was sunk by a channel packet in the English channel on May 28, 1910, all of her crew of 37 men being drowned, had another escape from disaster today. The Pluviose was repaired and placed in commission in 1911. While engaged in maneuvers this afternoon she was making a plunge, when it was discovered that an inexperienced electrician had left one of the hatches open. The Pluviose had already taken in considerable water, but the presence of mind of the commander and quick work of the crew in closing the compartments enabled the submarine to reach the surface in the nick of time.

HOMESTEAD ENTRIES FEWER DURING MAY

As the land in the Calgary district is more and more being taken up, the number of homestead entries is constantly decreasing. The number of entries for the month of May, 1913, as compared with the corresponding month last year, were as follows: In the month of May, 1912, there were 159 homestead entries, and in the month of May, 1913, there were 117 homestead entries. Most of those taken out during the last three weeks is still confined to his room and it is not expected that he will be out for some days yet.

Women's Handsome Silk Coats Priced At Half And Less

One of the most attractive of this week's sale specials in the ready-to-wear section is this clearance of women's Long Silk Coats. They're particularly handsome garments, each one exclusive and expressing in every detail the master craft of the Parisian couturier. A few are of silk lined, fringed nets, a few others are of colored silk, but the majority are in the rich, lustrous black silks, for which women of good taste always show such a decided preference. Sale prices are \$6.50, \$9.50, \$12.00, \$15.00 up to \$45.00. And in every instance you save 50 to 60 per cent. of original price.

Objectable Literature
The Local Council of Women's committee for the suppression of objectionable literature, met at the "Y" yesterday afternoon. This will be the last meeting of the committee till fall, but the various members will be keeping a watchful eye on books, bill-boards, moving pictures, etc., and will report as usual during the summer months.

WEDDINGS
Green—Robison.
At Central Methodist parsonage yesterday afternoon, Miss Ethel A. Robison of Strathmore became the wife of Mr. Charles S. Green of Calgary. They were attended by Miss Ethel Robison, sister of the bride, and Mr. Campbell Evans, of Strathmore, and Mr. and Mrs. Green left for a wedding trip to Ohio.
Hansen—James.
There was a very pretty wedding last evening at the First Baptist parsonage, when Miss Belle James became the wife of Mr. Charles Andrew Hansen. The bride, who wore a tailored suit and large white hat, and carried an exquisite bouquet of sweet peas, was attended by Miss Madie Cameron, while Mr. Thomas Andrews supported the groom. The ceremony was performed by the Rev. J. C. Sycamore.

Woman's Alliance Meeting
The regular meeting of the Woman's Alliance of the Unitarian church was held in Unity Hall yesterday afternoon. Mrs. James, the secretary, read a very clever and scientific paper on the "Origin and Development of Sex," dealing with the life of the whole universe. Unfortunately Mrs. James had not postcarded the members and there was a very poor attendance. Mrs. James studied under Professor Ward, and had a fine knowledge of her subject.
Press Club Meeting.
The Calgary Women's Press club will meet on Saturday, the home of Miss Watters, 1748 Seventh avenue west. All members are urged to be present and also to arrive promptly, at 8:45 as there is important business to transact.
Unitarian At Home
The regular social meeting of the Unitarian church will take the form of an "At Home" at the home of Mr. and Mrs. W. T. D. Lathwell, 1430 Buckingham avenue, N.W., Hillhurst. For those who like tennis the lawn is in fine condition.
Young Russian Widow Needs Help
Associated Charities to the Rescue. The Associated Charities needs \$100 as soon as possible, the case being one deserving of the utmost sympathy. Elizabeth Weinmar, a prepossessing young woman of 23 with her little one of 20 months arrived in Calgary from her native province of Saratoff in Russia, a short time ago, to join her husband who had come to seek his fortune in the west a year before. Weinmar had toiled and scraped until he possessed sufficient money to send for his wife and child, who were patiently waiting the signal to join him. Immediately on getting the money the young wife and her son started for Canada, to be met on her arrival with the news that her husband had died the week previous. Elizabeth Weinmar, who has few friends and no money, is eating her heart out to join her own people in Russia, and even the offers of marriage which she has received from several men since coming here will not reconcile her to remaining here now that her husband is gone. Mr. McKillop is most favorably impressed with the widow and any help will be gratefully appreciated.
D. L. Redman of the firm of Loughhead and Bennett was yesterday morning at the supreme court admitted to the bar of the province of Alberta. After being introduced by James Muir, K.C., president of the bar of the province, Mr. Redman took the usual oath of allegiance.

Cinderella Club
The Cinderella Club held its regular dance last night in Moose hall, overlooking back. Though the weather is warm for work, these dances still continue to be well patronized. The Unity orchestra was in attendance.
M.N.R. Club Dance
The M.N.R. Club held their last dance of the season in Unity Hall last night. There was a full turnout of members while many friends were also present. A feature of the evening was the appearance of Mr. G. Thompson, the famous mandolin player of America, and W. M. Cameron, the well known bass soloist. "The latter sang "Asleep in the Deep" and "The Village Blacksmith," while Mr. Thompson rendered "Annie Laurie" and "Come Back to Erin." Both were heartily enjoyed and responded handsomely. These dances, which have been a splendid feature of the season, will begin again in the fall, and if the employment and success of last evening were significant of the future, then next season will see a larger membership and even more successful evenings. Professor Robinson was in charge of the floor, the Unity orchestra being in attendance.

Woman's Auxiliary of Anglican Church
The second day's work of the W.A. Anglican convention commenced yesterday morning at 10 o'clock, there being a large attendance of delegates. Rev. A. P. Hayes, principal of the Bishop Pinkham college, gave the noon day prayer and address. During the morning Mrs. Pinkham, the honorary president of the W.A. was presented with a basket of roses, and Mrs. Bernard with a bouquet of roses from the members. Mrs. W. H. Mitchell was made a general life member, while Mrs. W. J. Melrose, of Edmonton, was made a diocesan life member. Reports were read from the treasurer here, and from the various secretary-treasurers from other cities. All were adopted. Several motions were made, among them being that of the pledge of the Bishop Pinkham emergency fund, and the parsonage fund, both of which were raised to \$500.

Big Coast Lawsuit.
Vancouver, June 3.—Ald Flavelle, member of a well-known Lindsay, Ont., family, has commenced suit against the Canadian Puget Sound Lumber company, claiming \$140,000 for alleged wrongful taking of 11,000,000 feet of standing timber, a short distance north of Vancouver.
Australian Naval Policy.
London, June 4.—The Wellington, N.Z., correspondent of The Times says that Col. Allen, minister of defence, for New Zealand, who has just arrived home, repudiates the intention of subordinating New Zealand's naval policy to Australia's control. Mr. Churchill's imperialist attitude, he thinks, would be valuable to Canada in the Atlantic, but immaterial in the Pacific.
KILLED BY LACROSSE BALL
Vancouver, June 3.—While a boy named H. Woley was engaged with a number of other lads tonight playing lacrosse with a baseball, he was seen to suddenly fall. Examination showed that he had received a wound on the head which caused death within a few minutes.

RAILWAY TIES AT TRANSCONA BURNED
Winnipeg, June 4.—An immense stock of railway ties with the Dominion Tar and Chemical Company at Transcona for re-creosoting, was destroyed tonight in a fire which broke out at 10 o'clock. The loss will approximate \$100,000. Most of the ties were the property of the C. P. R. and were intended for use in western construction. The Dominion T. & C. Co. is a British enterprise established in 1911. The plant itself was not much damaged, though the spread of the flames has been checked. The loss of the ties is sustained by the C. P. R. The insurance details are not yet known.

A MODEST WORKER

Paul's confidence in the Gospel... Paul never seemed to get away from the commission put into his hands on "that day" when he met Jesus on the road to Damascus.

What an inspiration to any man to be commissioned and fully equipped for such a marvelous work among men! One wonders at the possibilities that arise in the exercise of such a prerogative and privilege.

MISS E. J. McPHAIL—Who this month completes her tenth year as teacher in Calgary. Among those who have done good and great work in the city is one who is very modestly apt to be overlooked.

While the apostle's conception of the wisdom or philosophy of his day may not have been—by a long way—the best, it is in discharge of that commission that we find him writing this letter.

DR. MACKENZIE HEADS PRESBYTERIANS AS MODERATOR

Missionary Will Have Honor of Presiding at Great Church Gathering

Toronto, June 4.—In Massey Hall, crowded to suffocation, and at the close of a meeting of the most spiritual character, the Rev. Dr. Murdoch Mackenzie, for twenty-five years a missionary of the Presbyterian Church in Honan, China, was tonight elected moderator of the Presbyterian Assembly.

With consummate skill the Apostle in the opening chapter of the letter loads every reader up to the conviction that "all have sinned and come short of the glory of God."

Human Bake Oven Cures

Champion Wrestler of Canada

714 23rd Ave. East, Calgary.

T. H. HOGG,

Mr. Hogg, whose picture shows him to be a healthy, strong and active man who wrestled the best men in London and Canada, and stands foremost in the art of wrestling, still he got rheumatism.

He was so bad he couldn't bend his knee. It made him unfit for work, and he suffered constant pain.

Natural Remedies, but he got no results. The rheumatism was getting worse. Someone told him to take the Bake Oven Treatment.

He knew nothing about this mode of treatment, but as he says, it sounded good to him. So he came to try. In the course of 15 days he was entirely free from pain and felt that life was worth living.

READ WHAT HE SAYS.

To the Calgary Sanatorium:

I suffered with rheumatism, following an attack of scarlet fever. I took fifteen Bake Oven treatments and am cured. I am now in the employ of the city, and can now go back to my work.

All credit is due to the Bake Oven. I heartily recommend the Bake Oven to those suffering with rheumatism.

I will in the near future wrestle Mr. Simmons for the lightweight championship.

Respectfully,

J. H. HOGG,

Mrs. Arthur Pelkey is the Real Sufferer From Fatality

Wife of Calgary Pugilist Broken Down in Health Is Forced To Leave Country—Pelkey is But a Shadow of His Former Self.

(By Joe Price).

WEIGHING less with his street clothes than he did when he stepped into the ring the day of the fatal bout, Mr. Pelkey is showing the strain which he has been under since the day of the accident.

Although the big boxer has suffered untold agony, the real sufferer has been Mrs. Pelkey, the little wife who had come to Calgary all the way from Boston to be with her husband when he was completely and cried hysterically for a whole week after the accident.

The charges which have been laid against Pelkey by the law have been bad enough, and ever since the accident Mrs. Pelkey has lived in the fear that her husband would be put behind the bars, but what has hurt her worse than all has been the charged hurled forth by certain clergymen of the city that her husband was a murderer in the eyes of God.

Even the dogs are all coming out west. About twenty Ontario pups will be here for Kennel Club Show.

Members of the Alberta Kennel Club are greatly pleased at the information which has been received in a wire from Dr. Boulton, of Toronto, secretary of the Canadian Kennel club, stating that there will be from twenty to thirty of the best Ontario dogs up here for the show.

In his wire to Secretary W. N. Gibson of the local club, the doctor says they are promised a splendid lot of dogs for the Calgary show, and the owners are very anxious to send them up. Now all arrangements have been made to have the dogs shipped up, and the local fanciers will have the opportunity of seeing how the homebred animals compare with the eastern breeders' best.

The prize list of the dog show has just been completed, and shows that there are cash prizes for all the breeds as well as about eighty special prizes given by individuals.

Calgary Horses Get Prizes at Winnipeg. Winnipeg, June 3.—One of the finest classes of heavy harness horses ever seen in Winnipeg horse show was won tonight by Col. A. C. McEwan with his pair Perfect Dreams and Sunrise, defeating the famous Seaton pair owned by L. V. Kerr of Regina, a pair of horses recently purchased at a cost of \$10,000 in England.

Stopped by Police. Saskatoon, June 4.—The Welsh-Kosick fight scheduled for tonight was called off on account of the fatal ending of the McCarty-Pelkey bout at Calgary.

RANK OUTSIDER WINS DERBY AMID GREAT EXCITEMENT

Aboyeur Given First Place by Judges When Craganour, the Favorite, was Disqualified — Suffragette Attempts Suicide

PEOPLES' EMP. June 4.—Today's race for the Derby, the "Blue Ribbon" of the British turf, was the most sensational on record. It was made memorable by a disqualification of the favorite, Craganour, and the appearance of a woman who was running for the first time in the history of the race.

Suffragette's Attack. Interest in the classic event was at its most intense point just as the first horse was turning in front of the grandstand. Suffragette, a woman who had been running for the first time in the history of the race, was seen in the crowd.

A Dramatic Finish. Scold in the history of the race has been so dramatic a finish, and when the favorite, whose price had shortened to 4 to 1 as they went to the post, swept by a head in front of the unknown colt which carried the colors of Mr. Cunliffe, a tremendous shout went up from the grandstand.

Excitement at Finish. Meanwhile the race had come to a conclusion with an exciting struggle and a close finish. It was said that Craganour, the favorite, had won. Almost immediately, however, the enormity of which had surged over the track, head with amazement that an attempt had been made to run through the minutes of suspense it was announced that Craganour had been disqualified for bumping from the start.

REAL LIVE LOCAL LACROSSE

Chinook Lacrosse Club Is Ready for Business

Notices of lacrosse meetings and parties have been published in the local papers so frequently of late that numerous fans have asked what it was all about, as very little has been published regarding the prospects of the game this season. In fact, it has been as a foregone conclusion that there would be no lacrosse here this season, and the notices were taken as evidence of so much good printers' ink.

ANOTHER WESTERN TRACK RECORD BROKEN

Dan Matthews Wins \$1,000 in 2:15 Trot in Very Fast Time

Prince Albert, June 4.—Another record was broken at the second day's races here today. Dan Matthews, a locally owned horse winning the thousand dollar stakes in the 2:15 trot, his time for the fourth heat being 2:15 1-4.

K. C.'S GET FIRST TASTE OF STING OF DEFEAT

Vics Humbled Leaders in Big Batfest Which Ended 17 to 13

Medicine Hat, June 4.—The Bronchos broke their losing streak here tonight when they defeated the locals in the final game of the series by the score of 9 to 4 in a free hitting contest.

Walter Frink was on the mound for the Bronchos and gave a very creditable performance. He was backed up by brilliant support in the field, the one error by Hollis being of a rather doubtful variety. The Bronchos seemed to be infused with new life and every one went after chances that looked impossible and several stops were nothing short of robbery.

Daniels worked for the locals. He had splendid control but got away to a bad start when the Bronchos annexed four runs in the opening inning.

Hollis' homer in the ninth inning was the longest hit made on the local lot this season.

The Bronchos left on the night train for the east. They are scheduled to play in Moose Jaw the remainder of the week and will then return to Calgary for a long home series.

That bold, bad pirate, Captain Hook, is going to place poison in Peter Pan's glass.

Manager Baker claims that he has just about the best bill that he has had since the Orpheum circuit first played in Calgary.

The program of the Benedix players opens with the prologue from "Paganini."

The bill is complete without its sketch "From Child," they will admit that it is one of the best that has been seen in Calgary this year.

The screen of the play should need no further introduction.

Relief of Striking Miners
Nanaimo, B. C., June 4.—On Monday and Tuesday of this week the United Mine Workers of America paid out relief to the striking miners of Nanaimo and district amounting to \$5,000. All members of the union or not, were paid at the rate of \$4 per week for himself, \$2 for his wife, and \$1 per week for each child, the pay checks averaging \$10 per man. Relief was not paid in cash, but in orders on any business firm the applicant desired, by far the largest majority being on grocery stores.
