MINING STOCKS HIGHER—BROAD RANGE OF BUSINESS TO-DAY—HOPEFUL SIGNS.

Montreal, July 24.

While there was not volume enough of business done in the Stock Exchange to-day to make the day's doings particularly noticeable, there was considerable activity extending over a by no means narrow range of stock. Some prices were the same as before, others were lower, while the rest, like War Eagle and Payne, were higher. Brokers seemed satisfied with to-day's session, because during it some good business had been put through, and because cables, telegrams and reports from kindred markets all agreed that favorable times for stock and stock dealers are at hand.

Canadian Pacific sold to-day at 97, closing with a demand for 97½. There is thus little change here.

Montreal Street to the extent of 13 shares, sold all at 323, a falling off from last prices. For old Street stock 326 was asked, and 325 for the new, offers being 320 in both cases.

Richelieu and Ontario at 110 was the subject of a small deal.

Toronto Ry. advanced ¼ on its last price, when 50 shares were sold at 115½ and 25 at 115½. At the closing 116 was asked, while 115½ was offered.

Payne rose 5 points in a considerable transaction involving 4000 shares. Price to-day 140. Wanted at close 145, and offered 138.

Republic neither rose nor fell as the prices 122 and 121 were the same as those of Friday. Total of shares sold 6,450. Offers at close reached 121 and demand was 123.

Montreal-London—1,750 shares sold at 45 were at the same price as on Friday.

War Eagle—In four transactions involv-

ing 3250 shares prices 364 and 365 were realized. Both these prices are higher than Friday's price 363. There was wanted at close 370 and 364 was offered.

Bank of Montreal—The latest and highest quotation 260 was again the price of the four shares sold. 256 was offered at the close, but no shares were for sale.

Molson's Bank stock at its best price 201 was dealt in to the amount of 20 shares.

Dominion Coal Common at 53 was traded in to the extent of 10 shares, closing with 53 wanted and 50 offered.

Dom. Coal pfd had no offers or demands at the close, but 6 shares were traded in on the basis of 116.

Bank of Toronto—Stock to the amount of 60 shares was sold at 240.

### ELECTION OF CORN EXCHANGE HARBOR COMMISSIONER.

A special General Meeting of the Corn Exchange Association will be held in the Council chamber at 12 o'clock noon on Tuesday, 1st August, for the election of the Corn Exchange Harbor Commissioner for the term ending Aug. 1, 1903.

### STRAWS.

Aitchison Common around 20 is an unusually good purchase. There will be a 20 p.c. surplus for common over and above full dividend on preferred.

Induced by the advancing price of copper the Chinese are said to be turning their copper coins into bullion, the price got thus being more than the face value of the coin.

Injunction did not harm Federal Steel nor strikes B. R. T.

The reason for the proposed law about limiting curb dealings to well known stock is that "New York Electric Brake and Coupler" was sold on the curb. On June 26 its price was \$70 on Wednesday last, the bottom fell out and the stock dropped to \$1. Those who lost money want law protection.

Treasurer McLennan of Dominion Coal Co., wires that there is no fire in Caledonia mine and no danger from gas. Also that strike at Dominion mine is unimportant.

For the inactive stocks, Bay State Gas the bid is \$1, the demand \$1.05. N. E. Gas & Coke, bid \$21, asked \$22. N. E. Gas & Coke, 5 bid 79, asked 80.

**MONTREAL MINING EXCHANGE.**

The principal items of interest on the Exchange were the Cumberland mine report and the resignation of Mr. O'Hara from the board of the "Star." These reports were both received with favor the latter selling up to 44 and, Virtue sold at 46. Though this was no improvement as to price, the stock is steady. It takes some time for a half million deal to be placed. Rumor says the new stock of Virtue which is issued at 50 will all be taken up. It would have been more satisfactory to subscribers had more particulars been given as to the price paid for the mine and how it was proposed to use the \$500,000. Whilst confidence in the directorate of Virtue is evident by the manner in which the Cumberland deal has been so far taken up the general shareholder would subscribe with more alacrity were full financial particulars given.

Republic sold down to 120, but the stock is steady and at this price a good deal of stock would be taken.

War Eagle and Montreal-London were steady around late quotations. Payne was stronger closing at 140 to 145.

The rest of the trading was of the usual quiet character which has of late prevailed.

# NEW YORK EXCHANGE.

**WEALTHY FINANCIERS BUYING  
KEEP UP PRICES—RAILWAYS  
HAVE ENORMOUS RETURNS.**

Now York, July 24.

The market for Americans in London opened dull, but is now reported as steady, with prices practically at Saturday's closings here.

The features are Pennsylvania and St. Paul, the latter on the expectation of further large increases in traffic returns.

Money on call abroad is 2 per cent.

The market Saturday in the last half hour of business reacted somewhat, owing to the disappointment felt by traders over the Bank Statement. While there is no serious alarm with regard to the money situation, it is generally believed that we are in for a long period of firm rates, with a possibility in September of something of a squeeze.

There was good buying on Saturday by strong interests who have not been conspicuously identified with the market for some time. Higher prices are looked for this week under ordinary conditions, as sentiment is inclined towards such a result.

The news from the West, gives promise of phenomenal crops along the lines of most of the important Railroads of the West, and these roads are already beginning to anticipate the enormous business that they will be called on to handle, by better equipping themselves with motive power and rolling stock.

All reports agree that the West is in for another season of great prosperity, in addition to which the West is at present full of money.

New York, Noon, July 24.

Cables this a.m. stated that the London market was dull, and there were comparatively few changes in prices as compared with those of Saturday. There are no new developments in the financial situation in London, consequently at present it does not look as if the Bank of England rate would be advanced on Thursday. However, the Transvaal crisis seems to be approaching a head, and should hostilities break out the money market might be seriously affected.

The opening of our market was intensely dull, commission houses having very few orders, and even the professional element was unwilling to trade extensively in a market the narrowness of which made it impossible to turn round with a big line.

There was some fairly good buying of the Grangers, a little pressure to sell Sugar, and a fair display of strength in S.S. Pfd. The conviction is growing that for the next four weeks, the market is likely to be a quiet one, unless rates for money should take a decidedly upward flight, in which case, no doubt, considerable liquidation would result.

Rossland, B.C., July 22.

Robt. Jaffray and Senator Cox, of Toronto have been inspecting the Rossland mines and trail smelter for past three days. They leave for Sandon Monday to visit Payne mine and will then go into Boundary country.

T. C. Blackstock, Mrs. Blackstock, and Mrs. Gooderham, are at the War Eagle hotel. Thos. Long, of Toronto, President of the Northern Bell Company, is here arranging to resume work on the Northern Bell. The Le Roi compressor machinery was repaired and the mine started working again on Tuesday last, shipping on the remaining four days 1,248 tons. Monday last was miners' Union Day and no shipments were made. For the week the output was, 3,554 tons all told. The following are details for week ending July 22, and year to date:

	Tons for week.	Tons for year.
Le Roi.....	1,248	45,206

Vancouver, July 24.

Mining is active. From Ainsworth it is reported that an English Syndicate is negotiating for the purchase of all the interests of Mr. Frank Heap, in the camp. This would include the Tariff and the Pontiac groups.

There is also a deal pending for the sale of the highland property which has been idle for several years. It is said that the owners have been offered \$100,000 cash or \$130,000 on a bond with a first payment of \$15,000. The owners are supposed to be holding out for \$150,000.

The Coast mines are attracting much attention. Good reports from the Dorothea Morton, the Blue Bells, and the Douglas Pine are the cause, not to mention the Van Anda. At the Douglas Pine development work is proceeding rapidly. It is reported that 10,000 shares have just been taken up by Eastern parties, at \$1 a share. The ore which has just been sent to the Van Anda's smelter is expected to go \$60 to the ton.

Fugitive items give the impression that Marcus Daly is desirous of taking up properties in British Columbia. J. L. Toole, of Anaconda, Mont., is one of Mr. Daly's experts, and has been examining properties situated on the main fork of Kettle River. It is said that over 5000 men are working

in and about the mines and smelters in Kootenay and Yale districts, at wages ranging from \$2.50 to \$3.00 for laborers and \$3 to \$3.50 for miners. Blacksmiths, assayers, foremen, and superintendents draw from \$4 to \$20 a day. This means that half a million a month is now being paid out for wages.

R. A. Brown, representing the Smelting Corporation, of Manchester, has sent to England another shipment of ore carrying a high percentage of zinc. It comes from the Slocan and there are five carloads of it. The ore goes to England in ballast round the horn.

H. W. Foster, a member of the Imperial House of Commons, is at present on a visit of inspection to his various enterprises in the Slocan district.

Mines all over British Columbia are getting in new machinery. Amongst others the Silver King has just received a new boiler from the James Cooper Mfg. Co., of Montreal. It weighs six and a half tons and Nelson papers say it is the largest boiler ever taken up to the mines.

F. H. Mendenhall, of the Seneca Machine Co., has just sold a 10-driller and impressor to the St. Eugene mine in East Kootenay. With the plant there are two 80-horse power boilers.

The Montreal Boundary Creek Mining Co., Limited, which owns the sunest, Crown Silver C. O. D. and Florence Fraction adjoining the well known Mother Lode Boundary creek has closed a contract with Mr. Sword, of the James Cooper Mfg. Co., for a 20 drill air compressor plant for the operation of these properties. A company has been recently organized to take over these properties, the officers of which are as follows: President, A. W. Ogilvie; vice-president, W. Barclay Stevens; directors, W. L. Hogg, Hon. Richard Turner, H. Young, James G. Ross, T. W. Horn; W. Jakes, secretary.

It is reported that the Badshot Group in the Lardeau, has been sold for \$80,000.

The Kootenay King Claim owned by Wm. Ross has been sold to C. H. Wolf and associates for \$10,000 cash in three months. The Kootenay King claims to be the first quartz location ever made in east Kootenay. It is about eight miles from Fort Steele, in Victoria Gulch a tributary of Wild Horse creek. The adjoining property known as the Barnes claim has been sold to the same parties for \$5,000.

# CHICAGO MARKET.

WHEAT OPENED THREE-EIGHTHS HIGHER—GRAIN ALL STRONGER—INCREASE IN CHICAGO WHEAT AND CORN VISIBLE.

Chicago, July 24.

On Chicago market all the grains opened  $\frac{1}{4}$  or more higher than Saturday's closing prices, agreeing in this to some extent with Liverpool values, cabled as  $\frac{1}{8}$  higher for wheat, corn remaining unchanged. A London letter to Bartlett-Frazier tells of wheat being firm to strong, but not in great demand, owing to larger reserves than was anticipated and to approaching harvest, which begins in a fortnight. Reference also is made to the Russian crop failure and to France's crop being about to yield 2,000,000 quarters less than last year. In fact France and many of the Mediterranean ports have already imported some from Australia.

There have been received to-day in Chicago—Car lots wheat 126, corn 624, oats 212. The shipments from it were—Wheat 15,646, corn 693,594, oats 5,000. Primary receipts 1,113,010, shipments 822,331, nearly twice what these were last year.

In Provisions there continues to be still a good demand, which gave an opening of from 5 cents in advance. The rush seemed over, but the market in this line was from steady to strong early in the day. Later, according to custom, it slackened. Receipt of hogs to-day 37,000, as against 32,000 of last year, while at Kansas and Omaha 2,500 and 3000 were the receipts.

Ideal weather for the ripening crops is reported from nearly all quarters. Curb wheat at Chicago, 70 $\frac{1}{2}$ ; corn, 31 $\frac{1}{2}$ . An enormous crop of corn will be produced this year, which, first making the grain cheaper still, will afterwards make hogs cheaper. The same class of pork selling now at \$9.40, will next winter sell about \$6 or \$7 a barrel.

The following is the visible supply of grain on the dates mentioned:
