GERMANS ISSUE DENIAL
Italy Will Do More Than Protest and Demand Indemnity.

British waters. It is feared the crews were drowned.
To ally indignation and anti-German hostility in Italy, the German embassy has issued a carefully worded denial, omitting mentioning the Pina, and explaining that the Parodi's course is outside the German war zone, and she cannot, therefore, have been torpedoed. The form of the denial almost confirms the suspicion that the Parodi was sunk by the Germans. This affair may lead to serious complications. It is probable Italy will do more than demand indemnity. She may hasten intervention, which Germany is striving to delay.

DRILL IS FOUNDED UPON EXPERIENCE

Instructions Given Local Militia Men Are Based on Lessons of War.

NEW OPERATIONS SOON

Night Tactics to Have Novel Features, But Particulars Kept Secret.

Some new bayonet exercises on the lines of what was found to be the most effective at the latest battle on the western front in France are to be tried out at Exhibition Park camp today by part of the infantry of the second contingent. The instruction will be given under the direction of a British army man only recently returned from the front. An important fact in connection with all the training so far received by the men at the camp in Toronto is that it has all been patterned after and based on which has proved of most value to the British during the present war.

Major-General F. L. Lessard, inspector-general eastern Canada, accompanied by Major H. C. Bickford, G.S.O., inspected the Royal Canadian Dragoons at Stanley Barracks yesterday. The 20th Battalion was not inspected yesterday by Col. Septimus Denison, as expected, but the review will be held in a few days.

The number of cases of meningitis in the camp stationary hospital is now declining quite satisfactorily. The number remaining yesterday was 17.

An inspection of No. 2 Casualty Clearing Station (at the old General Hospital) will be made by Major-General Lessard at 9:30 this morning. Before the end of the week No. 1 General Hospital will be similarly inspected.

A search for meningitis carriers among the mess and daily fatigues of the Divisional Ammunition Park and the No. 6 Field Ambulance was made yesterday by Lieut. (Dr.) J. W. S. McLeod, D.A.D.M.S., and Lieut. (Dr.) D. A. L. Graham, of the pathological department. About 50 men were examined in all.

Regarding Pte. A. G. Malcolm, who is sick at his home at Brantford, Ont., with meningitis, it was stated yesterday that a telephone message reported him as somewhat better. A nurse has been sent to Brantford to attend to him.

Musketry instruction. No. 1 Company, 35th Battalion, this contingent, will be at the camp today from 9 to 12 and from 2 to 4 p.m. to receive musketry instruction at the grand stand ranges.

Lieut. E. L. Woods, Q.O.R., has been attached to the 4th Battalion. Lieut. Elliott, dental surgeon, has been added to the strength of the No. 5 Field Ambulance Brigade.

A concert will be given this evening in the transportation building, at 7:30, by the brass band of the 20th Battalion.

Doubling of the machine gun section of the 4th Mounted Rifles is being planned for 40 more men and the total strength of the regiment will thus be brought up to 445. Recruits may apply at any orderly room at camp.

There has been no effort yet at the camp to provide dry canteens for the different units. The order received on Saturday from Ottawa leaves the matter optional with the officers of a unit.

Lieut.-Col. J. I. McLaren, commander of the 19th Battalion, has accepted the invitation from Hamilton to take the regiment to the city on Saturday next. Nearly 400 Hamilton men are in the regiment.

No fish is supplied to the soldiers at the camp. "Fish is not part of the war office" stated Capt. Milson, A.D.C., yesterday.

Major-General Steele Confident. General of the western Canada forces, confident, says: "I have absolute confidence in them. You may tell the mothers and fathers of Toronto for me that I expect them to make a name for the country which will make General Steele has fully recovered from the effects of the accident which he was thrown from the horse over yesterday last night. He is now at the front and has no idea when he would be known until a short time before the order was officially given.

Lieut. Ackerman, in a letter sent to his mother in Belleville from the firing line in France, says: "The firing line is the best place to be in. I got a good shot at the rifle range." He was successful in picking some off, he adds.

"When we are not in the trenches," writes Pte. E. W. Butler, who is at the front with the 22nd Field Artillery, "we are accommodated in a farm house with nice people, a room in the attic and feather mattresses for beds."

"We had only two casualties," writes Pte. E. W. Butler, who is at the front with the 22nd Field Artillery, "one of our own men and one of the Germans. The German shells knocked down the pieces, but after the storm was over we were still all present and all right."

A Q.O.R. man at the front, Lieut. V. Vandermiselen, writes home to Toronto that they are located just behind the first line trenches with a honeny on one side and a pig pen on the other. He reports the Toronto and Canadian soldiers to be well and resting.

"When anyone tells you that the Germans are short of copper you can give them the lie," writes Lieut. V. Vandermiselen, who is at the front with the 22nd Field Artillery, "I sent to Toronto the copper head of a German shell, which landed in the Canadians' headquarters."

The funeral of Pte. Steers. The funeral of Pte. Steers, who died on Monday from spinal meningitis, will be held on Thursday afternoon at 2:30 o'clock at St. John's Anglican Church, Norway where Rev. W. L. Baynes-Reed, chaplain of the 9th Mississauga Horse, and of which Pte. Steers was formerly a member, will conduct a service. Members of the 9th Mississauga Horse will attend the funeral and a firing party from that unit will fire the last volley. The burial will be in Norway Cemetery.

TOWNSHIP COUNCIL ORDERED TO ANOTHER FIELD HEAR DEPUTATIONS

Swansea Ratepayers Revive Question of Insuring Soldiers. MANY HOSPITAL BILLS Wychwood Residents Want Water Supply as Local Improvement.

A deputation from Swansea headed by J. McBeth once again brought the matter of the insurance of township soldiers before the township council yesterday by presenting a resolution passed at the last meeting of the Swansea Ratepayers' Association. The resolution requested the council to take up the matter with the county, which Reeve Griffiths promised would be done. Mr. McBeth also complained that the township had not fulfilled promises made regarding relief in the district.

"You would not say that if you saw any of our relief bills received from Swansea locality," exclaimed the reeve. The deputation also wanted some sidewalk laid and some of the board walks which exist, widened. These matters will be looked into by the council.

Reeve Griffiths promised a deputation from Bedford Park, which the matter would be looked after. A petition was submitted from the residents of Alice street by F. J. Lewis requesting that the name of the street be changed to High street. The reeve stated in a bylaw which will be incorporated in the near future will be adopted in the changing of street names.

J. Hughes of North Wychwood advocated the laying of water pipes in the suburb on the local improvement plan. Replying the reeve said: "This is just what we are trying to do. We are negotiating with the city with this end in view."

Following a short discussion among the members, the number of hospital bills which have been paid recently, the following resolution was carried: "That the reeve be instructed to write to Superintendent of Hospitals Dr. Bruce Smith, requesting that no patients be admitted without the consent of the council."

Orphan Children. Rev. F. E. Powell of St. Barnabas Anglican Church, Danforth avenue, was present on behalf of the children of the late K. W. Allison. Today, Mr. Powell stated that there were five children of the late Mr. Allison, all under the age of seven years. One of these has been found a home, but the others were untraced and he asked if the council could not look after them until homes had been found for them. Reeve Griffiths stated that the children's Aid Society should be approached in this matter.

WARD SEVEN Fire broke out about 6:30 last evening and occupied by Samuel Gold family, the Kestle street, Carlton and Perth avenue sections. The damage was estimated at \$1500. The fire originated, it is thought, from an overhead pipe while the family were at supper.

Of late there have been many false alarms rung in from boxes in outlying parts of Ward Seven, and the firemen have been very busy with unnecessary runs. Late Tuesday night boxes in the vicinity of Bloor street and Quebec street, and near the water tower, were forced from the west end stations were forced to take the matter up and such offenders will be severely dealt with.

FIRST SPRING PLOWING.

Probably the first spring plowing so far this year in the suburbs of the city, or anywhere out in the country, was done yesterday in Bracondale, just off St. Road. There a little west of Rushton road, a farmer engaged in turning up the plough for spring work, dry and frost-killed. So far as known, none of the farmers out in the country have begun plowing yet, but a few days' fine, warm weather will start the spring work with a rush.

CIVIC GUILD WANTS C.P. TO CO-OPERATE

Schemes Suggested for Linking Mt. Pleasant Ave. to City.

MUST CROSS RAVINE

Favor Double-Deck Bridge Opposite the Reservoir Park.

At the last meeting of the Dominion Railway Board held in the city, the Toronto Civic Guild, through the president, Mr. J. B. O'Brien, made an application to the railway board asking them to order the C.P.R. to disclose their plans regarding the crossing of St. Clair drive and Macleanna avenue. On the part of the Civic Guild, the application was made with a view to uniting with the railway company along practical and scenic lines, but no definite order was made.

The proposition, as outlined by Mr. O'Brien, and the other gentlemen composing the guild, was largely in relation to the suggested action of the C.P.R. in tunnelling or building an overhead bridge at Macleanna avenue, either of which plans is not favorably considered by the guild.

RUSSIANS HAVE MEN AND GUNS

Nothing Can Stop Their Victorious March Thru the Carpathians.

HUNGARY TALKS PEACE

No Adjectives Used as Was Case When the War Started.

(Continued From Page 1.)

Their troops can promise success, and to achieve this the Russians must use superiority in numbers, and this they have.

Another important factor in the great battles now raging in the Carpathians is the artillery brought up for Russian forces. Last month they were short of guns, but it is stated that now they are well supplied with heavy and small calibre guns, presumably brought from around Permyn. Owing to lack of these and shortage of men their offensive was not effective before, but having now conquered these two difficulties the Russian offensive cannot but be successful. Parliament will begin work April 19, and the session will not pass without incidents, for some independent members will ask questions regarding operations, especially the Permyn sort of March 19, when 10,000 men sacrificed their lives for no purpose whatever. As I wrote before in one of my previous articles, peace talk is quite general already in Hungary, and this is the only subject the people are keenly interested in. At first it was a question of victorious peace. Now the objective is disappearing. In most cases only officials and well-headed politicians, with a view of keeping up the nation's spirits, are talking of victory; but they talk peace too. Honor and peace is also a term very popular now. The gap between the two objectives lies somewhere in the spring mist of the snow clad precipices of the Carpathians.

FRESH ADVANCE ON METZ BEGAN

(Continued From Page 1.)

that six German battalions were destroyed in succession in the course of recent attacks in southern Westwall.

Offensive in Alsace Again.

A fresh offensive has begun from Hartmanns-Werkkopf in southern Alsace. A small peak which served as the headquarters of a German column during the recent fighting for the possession of the mountain was captured, and progress was made beyond this peak with the capture of many prisoners.

The rest of the front was generally quiet and it rained throughout the day.

The effect of the new offensive in the eastern part of France and Alsace is expected to force the Germans to thin out their lines on other portions of the front and give the British and Belgian troops another opportunity to strike a decisive blow in Flanders. It will also stop the sending of many German troops to fight the Russians in the east, movements of which have been noted.

GALT'S NEW TAX RATE TWENTY-EIGHT MILLS

Special to The Toronto World.

LT. Ont. April 6.—At tonight's meeting of the town council of Galt, the tax rate for 1915 was struck at 28 mills, an increase of two mills over the rate of 26 mills.

Mr. Edwards, chairman of the finance committee, stated that the total tax to be raised was \$192,000.50, an increase of \$11,000 more than last year. The tax of one mill, the grant to the school fund, the proposed estimate for the public schools and other small items over which the council had authority.

MYSTERY IN HORSE PURCHASES GOING TO THE FRONT

(Continued From Page 1.)

A slighting reference by Mr. Knowles in the Province of Ontario provoked a stinging rebuke from Mr. Sutherland (South Oxford), who intimated that it would be good for this country when a prairie province ceased their constant appeals for aid to the Dominion Parliament.

Several members protested against federal inspection of horses being restricted to abattoirs engaged in export and interprovincial trade, insisting that some efficient system of inspection should be established to safeguard all the consumers of Canada. Mr. W. F. Maclean of South York, in this connection, said that the municipal abattoir of Toronto might suggest a solution for the problem which many localities were confronted.

Manioba Election Echo.

The house put thru committee stage this morning the bill conferring jurisdiction upon the supreme court of Canada to entertain appeals in controverted election cases arising out of provincial elections in the Province of Manitoba.

Sir Wilfrid Laurier said he would not oppose the bill, altho he thought it was wrong in principle. Provincial matters should be decided by provincial courts.

R. B. Bennett (Calgary) was of a like opinion. He said the house was laboring to reduce appeals in Dominion election cases and at the same time was granting an additional appeal in provincial election cases.

Hon. C. J. Doherty said he questioned the wisdom of the Manitoba legislation, but as that province had seen to provide for an appeal to the supreme court of Canada, the Dominion Government had no choice but to implement such legislation by conferring jurisdiction upon the supreme court. The bill did not create any new right of appeal, but merely permitted the federal court to ultimately decide provincial cases so far as appeals were concerned at the request of that province.

Demonstration Farms.

The estimates of the department of agriculture were then taken up, and Hon. Mr. Burrell explained the demonstration farm scheme now being inaugurated. That scheme provided for the former cultivator forty acres of land with seed furnished by the department and under the expert direction of the department. All the farmers in the neighborhood could then see for themselves the advantages of scientific farming.

Dr. Edwards (Frontenac) commended the plan, which he thought would be a great improvement over the big experimental farms. The farmers often visited the experimental farms at Ottawa, but they went home with the idea that the kind of farming there carried on required more capital than they could raise.

Mr. Knowles, the Liberal member for Assiniboia, waxed sarcastic at the inability of Ontario people, who were so "sure they knew everything" to benefit from the experimental farm in their midst.

Ontario Showed Way.

Donald Sutherland (South Oxford) replied with some warmth that the Province of Ontario had been the pioneer in agricultural education. The late Sir John Carling as a minister of the Ontario government had founded the famous institution at Guelph, and later on as a member of Sir John Macdonald's government had established the experimental farm at Ottawa. The province had accomplished a great deal in agricultural development. During the past year Ontario had produced dairy products valued at \$125,000,000, live stock valued at \$510,000,000 and had exported agricultural products worth \$186,000,000. The province raised 80 per cent. of all the fruit of Canada and 90 per cent. of the peaches.

Mr. Sutherland went on to say that the people of Ontario had generously contributed to the upbuilding of the west. He thought it was about time that the western provinces began to stand on their own feet. He regretted that the screenings from the government terminal elevators were marketed, as Ontario suffered from foul weeds imported from the west. Mr. Knowles replied that the west was under no obligation to Ontario. On the contrary, the west was suffering from the rule of Ontario politicians at Ottawa.

Danger of Epidemic.

Mr. Duncan Ross (Middlesex) urged that the Animal Contagious Disease Act be amended so as to pay more generous compensation for animals slaughtered by the government. The act, he thought, ought to be amended at once in view of the danger from the hoof and mouth disease.

The minister said that the United States Government during the present epidemic had slaughtered 50,000 cattle and as many hogs at a cost of \$1,000,000. He was quite hopeful that the epidemic would not spread to this country.

When the administration of the Meat and Poultry Act was under consideration, Mr. Edwards (Frontenac) complained that the government institutions at Kingston in calling for tenders for meat stipulated that all meat furnished must be inspected by the federal government. The federal government, however, only inspected meat intended for export or inter-provincial trade and, therefore, the local butchers could not tender.

Mr. Douglas (Strathcona) made a similar complaint.

Toronto's Fine Abattoir

W. F. Maclean (South York) suggested that the solution of the difficulty might be reached if other places followed the example of Toronto. The city now owned probably the best abattoir in Canada. There cattle were slaughtered for the city and the district. Mr. Maclean could see no reason why this system could not be adopted in smaller centres, and urged

Middleman Excluded

Sir Robert Borden said he was quite prepared to admit that the Canadian horse buyers should obtain a good price. The Dominion Government, of course, was not responsible for the way in which the imperial authorities had purchased their horses. At present it was the settled policy of the Dominion Government to buy directly from the farmer, to the exclusion of the middleman. He had been advised by Sir Adam Beck that there were more horses in Canada than the Canadian Government required for military purposes, and he therefore thought it advisable that the British and French buyers should be permitted to re-enter the market, and be

TYPHUS RAGING AMONG THE TURKS

Multitudes of Wounded Also Crowd Streets of Constantinople.

DOCTOR FELL A VICTIM

Inspector-General of Sanitation Department is Reported Very Ill.

Special to The Toronto World.

WASHINGTON, April 6.—Typhus is raging in Constantinople, while multitudes of wounded crowd the city, writes Dr. Wilfred MacIrvine Post of the American Red Cross, stationed in the Turkish capital, in a letter to Miss Mabel T. Boardman. By special arrangements with the Ottoman authorities, two big hospitals in Constantinople have been turned over to the Red Cross.

"Reports from the front," said Dr. Post, "tell of active work in Van, Erzerum, Sivas and Konia. Writing from Van, Dr. Usher, describes the conditions in his field as calling for liberal aid. He had trained a small ambulance corps. He described a number of the wounded as at first being brought in on rude ox carts or tied to the back of oxen, which were driven along, and when the unfortunate patient would have slipped from the position in which he had first been tied and would be almost dragged along the ground."

One Doctor Died.

"Dr. Sewny, who went from Sivas to Erzerum, fell an early victim to typhus and died almost before his mission of mercy had commenced. Suleiman Nouman Pacha, inspector-general of the military sanitation department, was in Erzerum recently and is reported also to have died."

"Sivas was reported as suffering from an epidemic of typhus among the Kurds," and Dr. Dodd writes from Konia that the same is true of that city. Fortunately, by prompt isolation and careful disinfection, he was able to prevent the spread of the disease in the hospital."

WYCLIFFE COLLEGE GRANTS DIPLOMAS

Record Broken When Nineteen Students Are Given Graduation Standing.

ONE IN UNIFORM

A. C. S. Trivett, M.A., First to Receive Certificate Under Such Circumstances.

Besides granting more graduating diplomas this year than ever before in the history of the institution, Wycliffe College established a precedent last night in giving graduation standing to a soldier in the King's uniform.

A. C. S. Trivett, M.A., who is a member of the Cavalry Corps of the second line of the militia, was the first to graduate from Wycliffe who received his diploma under these circumstances.

John H. Codrington, who presented the certificate, stated that a very high official of the church had said that he would never grant holy orders to a man who had engaged in active service. The speaker remarked that it was not so in this college. It is not for us to interpret any man's duty to his God.

British Buyers Recalled

Hon. Sir Robert Borden's opening of the war he had accompanied a British army officer from Ottawa to Toronto who had been sent to this country to buy horses. That officer had opened an office in Toronto, but a few days later he received a cable from the war office telling him to make no more purchases, but to return home immediately.

Hon. Frank Oliver said it appeared that the British Government had been misled from the Canadian market and he thought that the Dominion Government should have made strong representations on the subject, in view of the fact that we had so many horses to sell. As he understood it, the Dominion Government had done nothing of the kind.

Sir Robert Borden repeated his former statement, that reasons which he could not disclose made it necessary for the British and French governments to purchase horses outside of Canada. He said that the Dominion Government would have been pursued in any event, altho he was quite willing to admit that at the outbreak of the war the Dominion Government had felt that it should first equip its own military units with horses purchased in Canada. It would have been quite undesirable for the Dominion Government to buy horses in the United States.

PIRATE SUBMARINE CAUGHT IN A NET

Raider Reported Trapped Off Dover by Ingenious Device.

TWO MORE VICTIMS

British Steamer and Trawler Sunk, But No Lives Lost.

LONDON, April 6.—The trapping of a German submarine in a specially designed net, off Dover, is reported by the Dunkirk correspondent of The Petit Journal. It is stated that the French naval authorities expect to capture the submarine when it comes to the surface.

The sinking of two more British craft by German submarines was reported today. The steamer Northlands sank in ten minutes, after being torpedoed off Beachy Head in the English Channel on Monday morning. The crew of 24 was picked up by a Belgian steamer.

The Northlands, which had a cargo of iron ore, was of 2000 tons, and was owned by a Cardiff firm.

The trawler Agatha was sunk yesterday off Langstone, a Swedish steamer picked up the crew of 13 men. Stockholm reports that the Swedish steamer England, from Buenos Ayres for Gothenburg, was seized by German submarines in the Baltic and taken to a German port.

Denial of the report that the Italian steamer Luigi Faroli was sunk by a German steamer comes from Genoa.

Belridge Torpedoed.

A Christiania dispatch to Reuters' Telegram Company says that the report of a committee of experts submitted to the government, confirms the fact that the Norwegian tank steamer Belridge, the first Norwegian ship to be damaged in the war zone around the British Isles, was torpedoed. The damage to the ship is estimated at approximately \$67,000, and the despatch adds, the government will now present to Germany a demand for indemnification.

LABORER SMOTHERED IN SEWER TRENCH

While working in a sewer trench eleven feet below the level of the ground yesterday morning on Drofnas avenue, near Woodbine, Frank Ambrose, an Italian, was smothered to death by about three tons of sand and clay falling on him. The trench was boarded on each side to within two feet of the bottom, which was quicksand. The sand gave way below the boards and the side of the trench for some distance came down on him. His fellow workmen were digging for an hour before they located him.

Ambrose, who lives at 30 Markham street, was employed by A. E. Jupp of Toronto and Halleybury, Dr. Hill, 469 Danforth avenue, was called, but the man was dead. The body was removed to the morgue, where an inquest will be held.

GERMANS DO NOT LIKE U. S. NOTE

Diplomats Are Dissatisfied With Tenor of the Protest.

EXPECTED MORE VIGOR

Hoped for Threats of Rupture of Diplomatic Relations.

Special to The Toronto World.

WASHINGTON, April 6.—German diplomats here are dissatisfied with the tenor of the American note to Great Britain, in which the position of the United States with regard to the order in council is set forth. In their opinion the note savors too much of a backdown from the firm language in which the original general note regarding British shipping was couched. They sent a spirit of commercialism in the latest emanation of the state department, and express this view that the United States has knuckled to Great Britain's invasions of the long-standing principles of international law, with only the demand remaining that financial compensation for actual direct losses to trade will be exacted.

PICKANINNY BAND PLEASES SOLDIERS

Men in Khaki Gave Visitors a Rousing Reception Yesterday.

BY TORONTO WORLD

Arrangements Were Made Just to Give the Boys Some Fun.

A most enthusiastic welcome was accorded the Pickaninny Band of "In Old Kentucky," playing at the Grand Opera House this week, when it visited and played to the overseas soldiers at Exhibition Park camp yesterday afternoon. The concert was arranged by The Toronto World and given in the big open-air grand stand just south of the horticultural building. The band members went to the grounds in one of the big trolley-motor coaches.

When the motor-car drew up by the band-stand the 20th Battalion infantrymen were going thru their regular afternoon drill. The first number played by the Pickaninny Band was the "National Anthem." The rendering of this air had a magic effect, for every soldier within sight, including those who were drilling, instantly stood at attention. The next selection played was "Tipperary." This song is always popular with the soldiers, and the large number who had gathered from all sections of the camp, fully appreciated it, quite a few of them being unable to keep from dancing.

Just suited the Boys.

The rest of the program included popular songs and marches. As the concert proceeded the troops kept climbing up onto the band stand and by the time the concert was well under way the players' bright blue and red uniforms were hid by the circle of khaki-clad soldiers.

A feature of the event was a hat-twirling exhibition by the band's drum-major, Robert Grundy. The Pickaninny Band was under the direction of John Powell, who has been leader since its organization. He has trained hundreds of bandmen during the 25 years of the show's history.

James Cowan, manager of the Grand Opera House, and D. A. Conscience, manager of the "In Old Kentucky" Company accompanied the band to and from the grounds and were delighted at the great pleasure the soldiers took in the visit of the organization.

TEUTONS ATTIRED IN CANADIAN UNIFORMS

They Made Appearance Before Canadians Had Landed in France.

MONTREAL, April 6.—How a German sniper enjoyed a brief immunity from death or capture by using a maxim "silencer" and how the betrayal of his whereabouts in a little pit beneath the trenching forces was innocently effected by a double dog, which had been in the habit of taking him food, is described in a letter by Mr. C. B. Whitby of the Royal Montreal Regiment, who was present somewhere in Flanders. Both sniper and dog were killed.

Whitby also reports that the Canadian division has, curiously enough, been utilized by the Germans for their own nefarious ends. Before the contingent had even landed in France, Teutons were pressing somewhere in British lines wearing Canadian uniforms and posing as officers of the advance party. Several were captured and shot.

Some Early-Flowering Spring Bulbs

Almost contemporaneous with snowdrops, as mentioned yesterday, are snowflakes, the grape hyacinths, chionodoxa, the scilla, a few of the earlier anemones and the crocus, to say nothing of the winter aconite.

This department has been preaching the doctrine of early flowering spring bulbs for some seasons, and my gardeners who have been following up the teachers are reveling in lovely blossoms long before the ordinary body has gloated over his first crimson tulip.

The snowflakes are hardy bulbs (unlike the snowdrops) that send up a three- or four-flowered spike whose nodding green-tipped blossoms much resemble snowdrops.

BRITISH SNIPERS BUSY

On Extreme Left They Have Clearly Gained the Upper Hand.

LONDON, April 6.—There was given out in London today a British semi-weekly report on the progress of hostilities, under date of April 5. It reads as follows:

"The situation still remains quiet on our front. A change in the weather has limited the possibilities of activity on the part of our armies."

"Early in the morning of April 3 we successfully exploded a mine under the German trenches in the neighborhood of La Basse. A length of 100 yards of trench and part of a brick wall were destroyed, and as a result the German activity in the immediate neighborhood was terminated."

"On our extreme left the local superiority obtained by our snipers has been rewarded by the comparative immunity with which the work on the front line of trenches has been carried out."

"In this connection it should be pointed out that, although no reports have been sent since March 22, owing to special mention of individual activities have been of daily and nightly occurrence along the entire front."

LIGHTNING ADVANCE OF ENEMY FAILURE

Three and a Half Columns of Austrians Advanced in Bukovina. CAVALRY SOON ROUTED Direct Attack on Chotin Defeated, But Attackers Persist in Attempt.

PETROGRAD, via London, April 6, 10 p.m.—Despatches from Chotin received here tell of the development and failure of extensive Austrian operations in Bukovina, near the Russian frontier, by which the Austrians hoped to achieve a coup similar to the German feat of cutting off the Russian army corps during the last advance into East Prussia.

The Austrians, it is said, attempted lightning advance in two directions from Czernowitz, which was used as a base. The first of these, striking northward to Zate Szczyty, to the west of the Russian frontier, attempted an encircling manoeuvre, while the other group proceeded direct to Chotin, across the Russian border. Thus, the Austrians hoped to catch the Russian left flank along the River Dniester in a vice, cutting them off from their main forces. Three and one-half Austrian columns were employed in these manoeuvres.

PROBE COMMENCED IN DRUG CONTRACT

Madame Plamondon of Quebec Supplied Medicines for First Contingent. OTTAWA, April 6.—H. W. Brown, director of contracts, was the first witness on the stand at this afternoon's meeting of the public accounts committee when the \$25,000 contract given to Mme. Plamondon, Quebec, for drug supplies for the first contingent of the permanent force at Quebec.

A board of officers under Colonel Jones, director of medical services, had in March, 1914, fixed prices for the purchase of drugs for the permanent force at Quebec. Complaint had been made that these prices were too low, and an enquiry had been found that prices had in some cases been fixed at lower figures than wholesale prices, and changes had been made for Potter of the permanent army medical corps stated he had nothing to do with the increases asked in the Quebec drug contract with Mrs. Plamondon.

CORNWALL, April 6.—Because none of the party answered the challenge of a guard on the Ottawa and New York Railway bridge and the guard fired in the darkness, Sarah Oke, 12, who was on her way home from a visit to Cornwall Island with her mother, Mrs. Mitchell Oke, a sister and a baby brother, was shot in the thigh. The guard then investigated and hurried the girl to the General Hospital, where she was treated. Mrs. Oke said that they did not hear the voice of the guard, and that the first thing she knew of his presence was the flash of the rifle.

ANY DYSPEPTIC CAN GET WELL

Life is very miserable to those who suffer with Indigestion, Dyspepsia, Sour Stomach and Bilio-ness. This letter from Captain Swan (one of the best known skippers on the Great Lakes) tells how he got quick relief from stomach trouble. "Port Burwell, Ont., May 8, 1913.—"A man has a poor chance of living and enjoying life when he can eat. That was what was wrong with me. Loss of appetite and indigestion was brought on by Constipation. I have had trouble with these diseases for years. I lost a great deal of flesh and suffered constantly. For the last couple of years I have taken 'Fruit-a-tives' and have been so pleased with the results that I have recommended them on many occasions to friends and acquaintances. I am sure that 'Fruit-a-tives' have helped me greatly. By following the diet and taking 'Fruit-a-tives' according to directions, any person with Dyspepsia will get benefit."

VETERINARY STUDENTS.

Editor World: I would greatly appreciate if you were to give some prominence to this letter as it contains a serious problem. Ever since the veterinary students moved into their new building at the corner of University avenue and Anderson street, that corner has become a disgraceful spot. That section is a thoroughfare for the orthodox Jews, as they pass to and fro from the various synagogues in that locality, and not only have they been subject to the calling of all kinds of insulting names, but they have also been subjected to attacks on the part of ignorant passers-by. Of these attacks the Jews have long been accustomed to such petty antisemitic attacks on the part of ignorant passers-by of northern Europe to be very much surprised, but one would expect that men who attend a university and who are supposed, altho there is a most serious doubt in my mind as to that fact, to have at least the rudiments of a liberal education would be somewhat more decent and fair-minded than the ignorant peasant who cannot sign his name. But evidently the long association of the veterinary students with animals of a lower mentality, notably the pig and jackass, has had its corresponding effect on their minds.

DRUG CLERK TELLS HOW TO CURE INDIGESTION

Recommends to Sufferers the Best Stomach Remedy in Toronto Today. "It is a wonder some of us have stomachs left," remarked a well-known drug clerk recently. "Why all drug stores sell a score or more of stomach remedies for which there is a wide demand, most of them are just peppin pills, which aid digestion of the food that is in the stomach at the present time. They have no curative or strengthening effect on the stomach at all, and, of course, do not reach or cure the cause. So the same people keep on coming here and buying and using them until they are real chronic dyspeptics. When anyone really asks my advice, I swear by and recommend ordinary, natural magnesia, which doesn't irritate the food at all, but acts as an antacid and sweetens the sour, fermenting contents of the stomach. That stops the pain, heartburn, sour rising, wind, bloating, fulness, etc., in just a few minutes, and the stomach digests its food without help or trouble, which is the proper way."

The note repeats in the main what has already been set forth in despatches from Sofia. It is said that the uprising was initiated by the Turks among the inhabitants of that part of Macedonia included in Serbia. These Turks rose in revolt, the note says, and fled to Bulgarian territory, pursued by Serbian troops.

Beer is a Temperance Drink

Beer, ale, and stout are low in alcoholic strength. They are mild and wholesome, a person would have to drink them to gluttonous excess before he could become intoxicated by them.

As Mr. David Lloyd George, The Chancellor of the Exchequer in England says:

"Beer in alcoholic strength is just a little above ginger ale."

Throughout the world, and throughout the history of the world, mankind has demanded some stimulant property in its liquid food—even the tea drinker wants it. The desire is material and innocent.

It is not to be crushed as essentially evil, but rather to be guided in such a manner as will eliminate the chances of abuse.

We should, therefore, encourage the use of a beverage which, while providing the desired stimulant, will provide it in such a diluted form as will remove the danger of excess—a beverage which will at the same time contain healthful properties.

Cosgraves Mild Chill-Proof Pale Ale, Half-and-Half, XXX Porter, and Golden Gate Beer (draught) fulfill these conditions.

They contain nourishment, they facilitate the digestion of other nutriment; they have tonic properties. The alcohol in the Cosgrave beverages is present in only just sufficient quantity to entitle them to rank as alcoholic beverages at all.

Cosgraves Beers, therefore, are pre-eminently the temperance drinks

Ask for Cosgraves at any hotel, or telephone your dealer for home use.

ENTHUSIASM OVER THE NEW CHAMPION

Willard Tendered Dinner and Reception by Havana Citizens—Johnson Reticent.

HAVANA, April 6.—Jesse Willard and Jack Johnson, the two heavyweight pugilists who made ring history here yesterday, are preparing to depart from Cuba. Willard, the new champion, accompanied by a numerous party, will leave for Key West early tomorrow morning, but where he will proceed from there, whether to Jacksonville, New Orleans or New York, had not been decided late tonight.

Willard was tendered a dinner and reception by the citizens of Havana this evening. The Cuban continued enthusiastic over the new champion, and acclamations could not do enough for the former Kansas cowboy. Everywhere Willard went today cheering crowds followed him.

Johnson remained in seclusion most of the day. It was reported that he was packing his belongings preparatory to leaving for Santiago tomorrow, and proceeding thence to Jamaica. Johnson, however, denied this, and declared that he would depart Thursday or Friday for the island of Martinique. He discharged his camp followers today. The big black says he no longer is of interest to the public and desires to be left alone. He declared today that he wanted to go on a long sea voyage to some country where he is not known.

The promoters of the fight today finished the counting and dividing of the gate receipts of the fight. They announced tonight that the battle drew into the box office \$110,000, and that the attendance was 22,000.

The natives of Cuba are still in mad groups of them were in the cafes and hotels and on street corners today and tonight arguing about yesterday's battle at Maricao, or illustrating awkwardly the various punches delivered by Willard and Johnson. Photographers who took pictures at the ringside did a land office business. Enlarged snapshots of the knockout sold for 45 apiece, while sidewalk vendors got rid of thousands of postcard sizes for ten cents.

Everyone agrees that Monday's battle had no parallel in the history of the sport. The end came quickly in the twenty-sixth round. Johnson had gone to his corner at the conclusion of the twenty-fifth period, his body trembling, his knees sagging, his whole frame weakened by Willard's incessant fusillade of blows. The negro saw his title going; he knew he was beaten. He sank on his chair as his seconds worked frantically, and pluckily braved himself and smiled. There came the bell for the twenty-sixth round. Johnson didn't budge. Jack Welsh, the referee, had to call him out. The negro looked pitifully across the ring to his wife, who was sitting in a box, and the look carried the message: "The end is coming. I cannot stand it much longer. Nature won't be denied."

Johnson fairly tottered to the center of the ring, avoided Willard's rush by supreme effort, and clinched. As they were parted, the champion seemed dazed. Willard seized his opportunity and drove the negro across the ring, while the latter tried to cover up. The cowboy then pierced the negro's defence and landed a left to the body. Johnson's guard dropped, and Willard's quick left to the face was followed by a straight right, which caught the conqueror of Jeffries flush on the chin and dropped him flat on his back right in his opponent's corner.

A roar went up from the huge crowd, and a deathlike silence settled like a pall on all sides, as the referee, standing over the body of the fallen negro, counted off the seconds.

It was a liberal count, but as the seconds were tolled off Johnson never moved. His head struck the floor as he crashed down, and he lay there stunned as he was counted out. His second, who had crossed the ring and half-dragged him to his corner, while the crowd proclaimed Willard the heavyweight champion of the world.

O. A. L. A. Council Named Committees

The Ontario Amateur Lacrosse Association Council has appointed the following committees:

District: Messrs. Dundas, Tegart, Hocking and Doyle.

Rule book: Messrs. Ross, Dundas and Doyle.

The district committee will meet next Monday at the requisite time, to make a preliminary draft of the groups.

PARK DAYS FOR THE JOHNSONS.

NEW YORK, April 6.—Sam Langford, the Boston heavyweight, outpointed Battling Jim Johnson of Galveston, Tex., in the eight rounds of a ten-round bout here tonight.

WINNIPEG APPEAL DISMISSED.

CINCINNATI, April 6.—The National Baseball Commission today dismissed an appeal from a ruling of the National Board, brought up by the Winnipeg Club of the Northern League, relative to the reorganization of that league.

The National Board had ruled that a change in the ownership of a club was an internal affair of the league and was immaterial if made for the benefit of the league and the benefit of baseball in general.

The Northern League reorganized last December by replacing Winona in its circuit, and awarding the Winnipeg Club protection of that success, which was irregular and illegal and appealed the case.

J. Johnson Admits Too Old for Willard

HAVANA, April 6.—Johnson came down at noon. He was dressed in his customary brilliancy, and he tried to smile and be jolly, as was his wont before the fight. It was evident, however, that the loss of the title cut deeply, and he frequently lapsed into moody spells. A big crowd followed him about, condoning with him and praising him for the game fight he put up.

The former champion had several conferences today with promoters who want to buy his fifty per cent. interest in the moving pictures of the contest. The negro says he has been offered \$200,000. He insists his interest is worth more, and he says he will not sell. There are indications, however, that he will.

Johnson says he has no definite plans for the future. He will leave here before the end of the week. He talks of taking a long sea voyage, possibly to China. He says he wants to get away from crowds and forget the result of this fight. He offers no excuses for his defeat. He thought himself good, but it was the old story of age, and he was not there. He said Willard was a fine fellow, a powerful hitter, and game. He is, too big, Johnson declared, for the average-sized heavyweight ever to defeat.

Referring to yesterday, Johnson said he was at no time seriously hurt. He just burned out and was weak, and could neither hit nor resist punishment in the final round.

"I am going to follow a plan I have had in mind for some time," the ex-champion said, referring to his future. "I shall settle down on a farm in France after the war and be a gentleman farmer. I shall live the rest of my life easy. There will be no more fights, nor attempts to regain the title."

Willard was also downtown today, but the two fighters did not see each other. Great crowds followed the new champion wherever he went looking at the sights of the city. Willard began his trip this afternoon, and is planning to leave Havana tomorrow.

Toronto Boxers Win And Lose at Boston

BOSTON, April 6.—Youthful boxers to the number of nearly 100 battled tonight in the preliminary rounds of the annual National Amateur Boxing championship tournament. Of the several cities in this country and Canada which were represented in the tournament were Toronto, Boston, Pittsburg, Cleveland, Philadelphia and perhaps Chicago would have survivors in the semi-final round to precede the title tests tomorrow night.

In the 108 pound class trials Howard Root, Cleveland, defeated Stephen Haskett, Salem; Matty Herbert, New York, metropolitan champion, defeated H. M. McCreedy, Toronto. In the second round of this class Root defeated Edward Foley, Boston.

In the 115-pound class trials, Dave Brown, Toronto, defeated Thomas O'Brien, Boston. In first rounds, no Canadian boxers took part in the 125 or 135 pound classes tonight.

The bouts are three rounds unless otherwise noted.

NEW PITCHER

DURHAM, N.C., April 15.—First Baseman Graham and Utility Man Prieste reported here this evening. There remains only Pinder Manning of the present roster to join the colors. Sayer, a left-handed pitcher with Cincinnati, purchased by the Leafs, is expected here in a few days.

SPICY BITS OF SOCCER GOSSIP

Opening T. and D. Fixtures Surprised Many Followers—Notes of Local Clubs.

Thistles forestalled Caledonians when they signed up Gow, their clever inside left. The Jags supporters have nicknamed the present roster to join the colors. Sayer, a left-handed pitcher with Cincinnati, purchased by the Leafs, is expected here in a few days.

Uster United have unearthed a fine centre forward in Billie Allen. This Friday scored five goals off his own foot against Consumers' Gas, and one on Good Friday against Hiawatha. Six goals in two matches proves he is no novice.

McAdam of Eatons played a brilliant game against Baracas, and was easily the most outstanding player on view. Scottish selectors take note.

Captain George Campbell was highly pleased with his team's display against Old Country. The veteran was as witty and resourceful as ever. He has a very high opinion of Johnston, Thistles' left back.

Ransom's second goal for Wychwood against Overseas was a masterpiece of brainy football. He deserved the warm compliments his teammates showered upon him.

Bob Aitken of Overseas played a fine game against Wychwood. He scored both goals for his team and had had luck on several occasions. Along with Rutherford he was a continual source of worry to the opposition.

What player of Eaton's 1914 champion team is contemplating turning out for Uster?

Wychwood's new ground is not in Earlehurst as stated in a contemporary. The civic cars run close to the ground.

When "honors" are going Billie Shaw of Baracas will have to be taken into consideration if he keeps up his present form.

Jack Hunter of Old Country failed to shine against his old club on Good Friday, Allan, the opposing centre half, having him completely under an eclipse the whole of the game.

Who are the players at present playing in T. and D. football who played under assumed names for the now defunct Eastern Professional Clubs in Hamilton and Toronto?

Note all T. and D. secretaries please write that the British Imperial secretary's address is A. Jackson, 187 Prescott av. at the terminus of the Danforth car line. Please write the secretary, E. Hoyland, 94 Valley road, or phone Main 3514 during the day.

The York Aryle F.C. would like to arrange a friendly game for Saturday, April 10, on their home ground, at Little York, at the terminus of the Danforth car line. Please write the secretary, E. Hoyland, 94 Valley road, or phone Main 3514 during the day.

President Likes His Pitchers

Leaf's Heavers Are a Promising Looking Lot—Baseball News and Gossip.

President McCreary returned from Washington yesterday, and is more than pleased with the squad gathered together by Manager Clymer. The pitching staff will have two veterans and several likely youngsters, and Clymer should round out a formidable squad of heavers. The outfield and infield are not worrying Derby Day Bill. It is expected that two or three players will report at Durham, N.C., this week, and this will complete the squad.

Great things are expected of Lake and Manning, the two veteran right-handers. The former is a high-pitched ball. Manning at one time pitched for the New York Yankees. Lake, in addition to carrying a term with Jersey City, from which club the Boston Red Sox purchased him, was also with St. Louis. He was not satisfied with his berth in the American Association, and the Toronto club bought his release. Geyer, the other pitcher, who was bought from the Oakland Club of the Pacific Coast League, should be a winner, in the opinion of Manager Clymer. A left-hander has been added to the Leafs' staff in the person of Sayer, a former Princeton University pitcher, who was signed by Cincinnati last fall, but who failed to get a start. He is said to be a most promising youngster.

Umpires for opening games in the Federal League next Saturday were assigned by President Gilmore. Howell and Finerman were assigned to Chicago, Brennan and Shannon to Kansas City, McCormick and Westervelt to Baltimore, and Johnstone and Fife to Brooklyn.

There is quite a crowd of players in the Royals' camp at Hackensack, N.J. The team has already arrived including Manager Dan Howie, Murphy, Madden and Smith, catchers, Miller, Ritchie, McGraynor, Couchman and Dowd of the Leafs, De Haven, and George Stevens, Fullerton, Dessau and Bates, new pitching material. Utility infielder Dan Howie, who is not at liberty to give out their names yet," says Manager Dan Howie.

Manager Stewart of St. Thomas Saints has received the signed contract of a left-handed pitcher named Douglas. The new pitcher is a student at Northwestern College, Chicago. He will report on June 2, when the college season is finished.

Good Stockers and Feeders Higher, But Veal Calves Lower.

REMAINING STEADY

All Other Classes of Live Stock Held at Former Quotations.

Receipts of live stock at the Union Stock Yards on Tuesday were 57 carloads, comprising 414 head of sheep, 401 calves and 14 hogs.

A few odd cattle of choice quality and several loads of good steady stock buyers were on sale, but the bulk of those offered were of average quality.

Stockers and feeders also are good value, as prices for them are again high. We would want the farmer against paying these high prices, just as we did last fall, as they now see that we were right at that time.

Thus, when cattle are bought at too high a price in the first place as a rule it causes trouble all the way thru, and such is the position today.

Butchers' Cattle. Choice heavy steers, \$7.50 to \$7.75; good to choice heavy steers, \$7.50 to \$7.75; good to choice heavy steers, \$7.50 to \$7.75.

There was a better demand for milkers and springers and prices, while no higher, were very firm. Values ranged from \$50 to \$55.

Veal Calves. Choice veal calves, \$10 to \$10.50; good to choice veal calves, \$9.50 to \$10.

Sheep. Ewes of light weight, sold at \$7 to \$8.50; heavy ewes and rams, \$6 to \$7.50.

Hogs. Selects sold at \$9.15 to \$9.25 weighed off cars. Representative Sells. Rice & Whaley sold 10 carloads of live stock.

Butchers—11, 1160 lbs., at \$7.50; 12, 1010 lbs., at \$7.50; 13, 1040 lbs., at \$7.50; 14, 1040 lbs., at \$7.50.

Common butchers at \$6.50 to \$6.50; choice cows at \$4.25 to \$6.50; medium cows at \$4.50 to \$6.50.

Charles Zeagman & Sons sold five carloads of live stock. One load butchers, 970 lbs., at \$7.10.

Butchers—3, 1210 lbs., at \$7.00; 4, 250 lbs., at \$7.50; 5, 1000 lbs., at \$7.50; 6, 1000 lbs., at \$7.50.

"Prosperity has arrived for the people who are keeping their money moving," said a keen observer of conditions lately. "There are a lot of 'hold-outs,' people whose incomes are no less than last year, but who are spending less. They are the ones who are talking depression, and they're making it for themselves. BUT THE PEOPLE WHO ARE SPENDING AS USUAL ARE ACTUALLY MAKING BETTER INVESTMENTS NOW THAN THEY'VE EVER MADE BEFORE."
