The copy filmed here has been reproduced thanks to the generosity of:

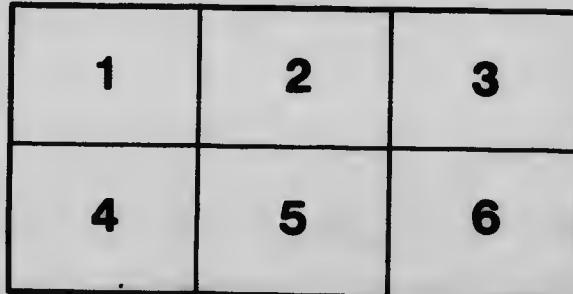

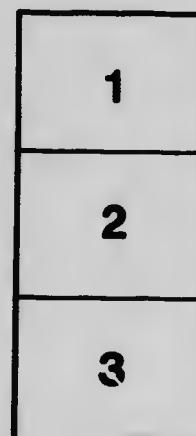

National Library of Canada

The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shall contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

L'exemplaire filmé fut reproduit grâce à la générosité de:

Bibliothèque nationale du Canada

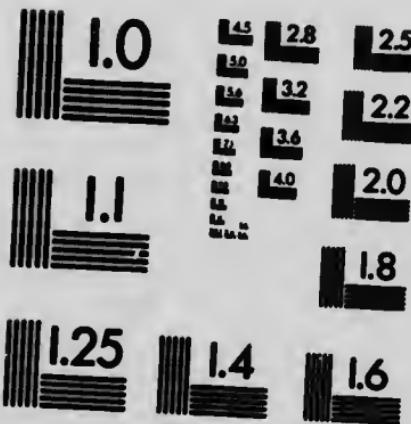

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaires. Les diagrammes suivants illustrent la méthode.

ABBOTT — A Treatise on the Railway Law of Canada. \$ c.

Embracing Constitutional Law; The Law of Corporations; Railway Securities; Eminent Domain; Contracts; Common Carriers; Negligences; Damages; Master and Servant; Text of Dominion and Provincial Railway Acts, etc.; Forms of Proceedings in Expropriation, by HARRY ABBOTT, Q.C. of the Montreal Bar, Professor of the Commercial Law, McGill University, 1896. *Can.* 7 00

CONTENTS : — CHAPTER 1. Introductory. 2. Organization and management of Railway Companies. 3. Shares and Shareholders. 4. General Powers. 5. Financing of Railway Companies. 6. Receivers. 7. Eminent Domain. 8. Construction of the Railway. 9. Operation of the Railway. 10. Carriers. 11. Negligence. 12. The Measure of Damages. APPENDIX : The Railway Acts, Dominion and Provincial. Analytical Index.

"This work will be welcomed by both bench and bar as a very useful addition to the legal literature of Canada. The labour of searching through the statutes — Dominion and Provincial, the Orders-in-Council, and the judgments of the courts — for the law relating to railway matters will be lightened and much time saved by the use of Mr. Abbott's valuable treatise."

Having closely examined Mr. Abbott's able treatise, and compared it with the works of the authors mentioned, we can unhesitatingly recommend it both to the profession and to the public as a faithful and useful guide on the Railway Law of Canada." — *Mail and Empire*, Toronto.

"I have read and carefully examined the advanced sheets of your work on our hypothecary system and on the organization of registry offices, and I have been most favorably impressed by it.

This work, to which you have devoted your leisure time and which you modestly style a "Compilation", is a complete review of our hypothecary system and gives a clear statement of the organization of our registry offices and of the duties of the registrars. It is the double result of serious studies made by you, on the subject, and of your long experience both as a notary and as a registrar, and it cannot fail to be of very great assistance to the members of the legal professions and to your colleagues. Its arrangement and the style in which it is written are so clear that it cannot fail to be of great service also to the business community of the Province.

I can sincerely recommend your work to the public, and I congratulate you upon the perfect manner in which you have accomplished the work which you undertook.

Allow me, in conclusion to hope that your work will meet with the success which it deserves, and to assure you of my sincere feelings of esteem and friendship for yourself." — Letter from Hon. Judge WURTELL, J. Q. B.

"J'ai examiné votre ouvrage intitulé "Compilation et Recueil des Lois Statutaires touchant l'Enregistrement des Droits Réels", etc. Il est, pour moi, un véritable répertoire où l'on trouve facilement d'amples renseignements, de la jurisprudence et beaucoup d'opinions sur l'interprétation de nos lois sur l'enregistrement et sur la mise en action de ces lois, par l'enregistrement des droits réels et des radiations d'enregistrements.

Votre travail accuse beaucoup d'études et de recherches de votre part : les nombreuses suggestions pratiques que vous faites à vos législateurs indiquent qu'il est le fruit d'une longue expérience.

L'index analytique est très précieux ; il nous fait connaître les origines de notre droit hypothécaire et pour ainsi dire son histoire ; il nous éclaire pour en faire une étude approfondie.

Les NOMBREUSES FORMULES que votre ouvrage contient sont d'un usage quotidien : l'index alphabétique très détaillé qui le termine permet de le consulter promptement.

Votre livre sera utile, pour ne pas dire indispensable, à tous les membres des professions légales et particulièrement aux notaires, qui, à raison de leurs fonctions, doivent mieux que tout autre bien connaître le mécanisme et le fonctionnement de nos bureaux d'enregistrement, les devoirs et responsabilités des régistrateurs — votre ouvrage étant fait surtout à ce point de vue, — et être en état de veiller efficacement à la garante des acquéreurs, des prêteurs et autres qui s'en rapportent à eux du solu et de l'accomplissement des formalités prescrites pour la conservation de leurs droits hypothécaires.

Je me fais donc un devoir de le recommander spécialement à mes frères ; il sera pour eux un excellent recueil et facilitera considérablement leurs travaux." — Lettre de L. BÉLANGER, N. P., président de la Chambre de Notaires de la Province de Québec.

" Nous avons compilé cet index et nous n'hésitons pas à dire qu'il va être d'une extrême utilité. Tous les jours, les hommes politiques, les juges, les avocats, les notaires, ont besoin de trouver un texte de législation sur tel ou tel sujet. Mais souvent il faut se livrer à de longues et fastidieuses recherches, qui parfois restent infructueuses. Où ne se rappelle pas toujours la date, on se trompe quelquefois de

plusieurs années sur la loi dont on a besoin, et l'on perd son temps et ses peines. Il y a en tant de lois adoptées à Québec, depuis 1867 !

Avec l'index de M. H. H. Bligh, ce travail de recherches va devenir facile et rapide. Toutes les lois de Québec, depuis la Confédération, publiques ou privées, rappelées ou encore en vigueur, sont indexées dans ce volume de la manière la plus judicieuse et la plus claire.

Cet ouvrage est vraiment de la plus haute utilité." — *Courrier du Canada, Québec.*

" It is also the first time that an index to the Statutes of the Province is given in such detail, making it very easy for researches. The alphabetical order, with a great number of cross references, and the chronological order of the laws is certainly the best plan to be adopted for such a work." — *Telegraph, Quebec.*

ture and forms are all scientifically analyzed and condensed. The work is brought down to date. All the statutory amendments are incorporated in their proper places. A great deal of labour and care must have been expended on the arrangement and tabnintion of the different kinds, classes and degrees of crime. This analytical synopsis will doubtless be of great service to students and professors, and also to judges, magistrates and practitioners, who will find it valuable as an auxiliary hand book to larger commentaries and treatises on our criminal law." — *Mail and Empire*, Toronto.

CRANKSHAW'S Criminal Code of Canada, and the Canada Evidence Act. (Second Edition).

With their amendments, including the amending acts of 1900 and 1901, and extra appendices containing: The Imperial Criminal Evidence Act, the Foreign Enlistment Act, the Canadian Interpretation Act Amendment Act, the Victoria Day Act, the Demise of the Crown Acts, the Alien Labor Act, the Yukon Territory Acts, the Canadian Fugitive Offenders' Act and Extradition Acts, the Extradition Convention with the United States, and a List of Extradition Treaties, etc., by JAMES CRANKSHAW, B. C.L. Barrister, Montreal Bar; second edition, royal 8vo, 1270 pages, 1902. Can.

12 00

In this edition, the statutory amendments and additions made to the code since its enactment (inclusive of the Amending Act of 1901) are incorporated; the citations of cases — English, Canadian and American — have been brought down to date; the comments and annotations of the first edition have been carefully revised, and many additional annotations have been made — no section of any importance being passed over without comment and citation of authority.

The penal clauses of the Customs Act and of the Inland Revenue Act are set out under the section, which makes it a criminal offence for any person to carry an offensive weapon while in possession of dnties or exciseable goods liable to seizure (see pp. 101-106); and, under the section against selling or exposing for sale any article unfit for human food, the Administration Act, with its amendments to date, is introduced and fully annotated with appropriate references to the provisions of the English Sale of Food and Drugs Act and decisions thereon (see pp. 175-198).

Under the sections of the code relating to frauds by directors, etc., of public companies, the penal clauses of the Bank Act, with citations of cases thereon, are inserted (see pp. 417-423); and, under the sections against "Personation," the provisions of the Dominion Elections Act, 1900, relative to ballot box frauds and personation at elections, are introduced, and annotated (see pp. 519-523).

In the second division of the code, the procedure in criminal cases, from beginning to end, is thoroughly explained; the subjects of evidence and practice are fully attended to, and here and there, appropriate hints on all matters of evidence and practice are given to the prosecution and to the defence. In particular, the law as to the competence of witnesses, as to the ordinary and extraordinary method of swearing them, as to confessions, as to the evidence of accomplices and as to dying declarations, etc., is fully treated under the dispositions of the code relating to the preliminary investigation of indictable offences, the method of addncing evidence (by means of commissions, by the examination of witnesses at the trial, and by the reading of depositions taken at a preliminary examination), as well as the general rules of evidence, and specil rules in particinr cases, are denit with in the sections of the code relating to trial and in the exhaustive comments and annotations thereon (see pp. 813 to 839) while, at the end of the code the Canada Evidence Act and its amendments are inserted and annotated.

In connection with the provisions of the code relating to summary convictions and appeal therefrom the subjects of Certiorari (see pp.

CRANKSHAW'S Criminal Code of Canada, and the Canada Evidence Act. Second Edition. (Cont.)

940-942) and Habeas Corpus (see pp. 930-932) are fully treated; and the work contains, in their proper places the statutes relating to the identification of criminals, and the statutes providing for the release, under tickets-of-leave of penitentiary and prison convicts.

In extra appendices at the end of the book are inserted the Imperial Criminal Evidence Act, 1898, and the Imperial Foreign Enlistment Act (both annotated), together with a number of Canadian acts, including the Alien Labor Act and its amendment to date, the Yukon Territory Acts, the Fugitive Offenders Act (annotated), the Extradition Act (annotated), the Extradition Convention with the United States, and a list of Imperial treaties in force in Canada and references to and comments upon certain treaties extending the provisions of the Fugitive Offenders Act to the dominions of the Turkish Empire, China, Japan, Corea and Siam.

Although the debates of the Parliamentary Committee, who discussed the provisions of the code before it was passed into law, have been eliminated from this edition, the total work, including the preface, a list of cases cited, the introduction, the appendices and general index — covers 1280 pages being about 200 pages more than the first edition." — *World, Toronto.*

CRANKSHAW'S Practical Guide to Police Magistrates and Justices of the Peace.

With an Alphabetical Synopsis of the Criminal Law and an Analytical Index, by JAMES CRANKSHAW, B. C. L., Advocate, Montreal Bar. Royal in-8, 700 pages. Hf-cf. Can. 4 00

Trial of Juvenile Offenders for Indictable Offences. 13. Summary Convictions. 14. Recognizances. 15. Sureties for keeping the Peace. APPENDIX. The Extradition Act. The Fugitive Offenders Act. Youthful Offenders.

"In this work, after a short introductory account of the origin of the office of Justices of the Peace, and their mode of appointment, powers, duties and responsibilities, the learned author deals with the parties to crimes, the extent of the law as to time, persons and place, the prosecution of criminals, in which is included the question of jurisdiction, summary proceedings, etc., and devotes very usefully a large space to the analytical index, which in fact is a compressed digest of the code with useful citations of cases on the various franchises. The work, while necessarily concise in its matter, is in reality very full in its treatment of the whole subject, and is the most complete work of its kind yet published in Canada." — *Canadian Law Times, Toronto.*

"Cet ouvrage est complet, le juge de Paix, le magistrat, l'avocat et même le simple particulier y trouveront exposées à côté du texte de la loi, la doctrine et la procédure, de telle sorte qu'elles pourront procéder contre le criminel sans craindre de se tromper.

La disposition des tables est très heureuse, nous avoas surtout remarqué la table analytique qui est absolument complète et exacte." — *La Presse, Montreal.*

DORAIS et DORAIS — Code de procédure civile de la province de Québec.

En vigueur depuis le premier septembre 1807. Deuxième édition, revue, augmentée, et mise au courant de la législation. Comportant les observations spéciales des commissaires chargés de la révision et modification du code de procédure civile du Bas-Canada, une table de concordance des articles entre l'ancien code et le code actuel, les lois et autorités qui ont été la base du code actuel, une comparaison ou conférence des articles du code entre eux et avec ceux du code civil, et des renvois aux statuts et aux règles de pratique, avec un appendice comprenant les matières en rapport avec le code de procédure, la loi de conciliation, et les règles de pratique et tarifs d'honoraires des avocats et des officiers des différents tribunaux civils de la province de Québec, et une table alphabétique et analytique des matières, par O. P. DORAIS et A. P. DORAIS, avocats au barreau de Montréal. In-32, toile, 1902. *Can.* 3 00

Les Codes Civil et de Procédure Civile par MM. DORAIS & DORAIS, que nous offrons en vente, se distinguent de tous les ouvrages similaires par deux innovations sur lesquelles nous appelons particulièrement l'attention du public :

10. Contrairement au mode habituel qui rejette en appendice toutes les formules du code et complémentaires, nous les avons groupées immédiatement sous chaque article ;
 20. De nombreux renvois ou références aux articles du même Code ou des autres Codes qui s'y réfèrent et qu'il peut être utile d'en rapprocher, tout en nous malheureusement à cet égard dans de justes proportions ; c'est là un des avantages les plus considérables de nos codes. On peut aussi, sans recourir aux tables, avoir une vue d'ensemble d'une manière déterminée, et, se transportant d'un texte à un autre, procéder à de rapides investigations. La table unique qui termine chaque code est dressée par ordre alphabétique et analytique des matières, contient un grand nombre de renvois de manière à la rendre bien complète.

DORAIS et DORAIS — Formulaire de procédure de la province de Québec.

Comportant un grand nombre de formules relatives au code de procédure civile, aux règles de pratique, et au code civil, contenant aussi des formules relatives à la loi du barreau et aux statuts refondus de Québec, par O. P. DORAIS et A. P. DORAIS, avocats au barreau de Montréal. 1901. 1 vol. In-8 de 600 pages. *Can.* 5 50

"We find that, in a volume of about 600 pages the authors have given 676 forms which apply to all sorts of pleadings and other proceedings arising in the daily work of practitioners. The language used is clear and concise, and free from the antiquated phrases of a century ago. There can be no hesitation in coming to the conclusion that the work may be studied with advantage by the young lawyer, and will be of great value to practitioners generally. There is a useful index which makes it easy to find the forms relating to any particular subject." — *Gazette, Montreal.*

"Leur ouvrage contient 676 formules, bien rédigées et bien claires ; il y en a pour prévoir tous les cas possibles. Non seulement ce "Formulaire" sera utile aux vieux praticiens, mais il sera indispensable aux étudiants pour leur permettre de suivre la mise en action des règles de la procédure. Il en est de même pour les notaires qui y trouveront des formules très utiles."

Pour rendre le livre plus complet, ses auteurs ont placé avant ou après les formules des notes explicatives ou encore les articles du code de procédure en rapport avec celles-ci. Et, pour les formules, l'on a suivi l'ordre du code, ce qui est très commode.

A la fin du livre, il y a un index alphabétique qui permet de trouver en un clin d'œil la formule dont on a besoin." — *Le Soleil, — Québec.*

Charles J. Fleet, Advocate Montreal Bar. — "I am much impressed
 with the arrangement of the subject which you have adopted; I
 know of no other work on Insurance which places before the enquirer
 so systematically and in detail the various points treated of. The
 chapter devoted to the different kinds of Insurance will specially
 commend itself to the practising advocate, in view of the fact that
 the range of subjects covered by Insurance is being constantly en-
 larged, and the Companies are daily placing before the public
 attractive modifications of the older forms of contracts of insurance.
 The full citation of authorities, and the comparison between the
 different systems which influence the laws in this Province, shows
 great diligence and thoroughness of research on your part."

Extract from Preface. — This book owes its origin to a course of lectures delivered in McGill University. In the preparation of these lectures I have frequently realized the difficulties which must be experienced by the student of this branch of our law. The fact that no attempt has yet been made to collect and systematize the rules for solving conflicts of laws derivable from our codes, statutes and jurisprudence, notwithstanding the ever increasing frequency and importance of these conflicts in actual practice, encourages me to hope that that work will prove useful to my confrères at the bar as well as to my students.

"Mr. Lafleur has not only selected a subject of peculiar interest for the present treatise, but has treated it in a very clear and forcible manner, and he seems to have kept in view the special needs of the student as well as the requirements of his professional brethren. It is certain that the present work will afford both Bench and Bar most valuable aid in the examination of the perplexing questions which frequently present themselves. The conciseness with which the subject is treated is in itself an admirable feature which cannot be overlooked. It may be anticipated with some confidence that this work will form a fresh starting point as it were, and that in the actual

practice and judgments of the courts of this province it will have considerable influence.

Mr. Lafleur has been personally engaged as counsel before our courts in several of the prominent cases connected with this branch of law, and therefore his acquaintance with the subject is not merely academic, but practical." — *The Gazette*, Montreal.

" La plupart des étudiants, cens-la même qui pendant le temps consacré à l'enseignement du Droit romain dans nos Facultés, ont suivi les cours, étudié les textes et consulté les commentateurs, sentent le besoin de s'assurer de leurs forces et de s'interroger eux-mêmes, avant d'affronter les épreuves auxquelles les règlements de l'Université les soumettent. J'en parle par expérience, et c'est dans mon propre intérêt que j'avais composé le Résumé de Droit Romain par demandes et par réponses, que j'ai offert, après l'avoir revu et corrigé, à ceux qui m'ont succédé sur les bancs de l'école. J'espère que MM. les étudiants voudront bien continuer à cet ouvrage la faire qu'ils n'ont cessé de lui accorder jusqu'à ce jour." — *Préface*.

Extrait de la Préface. — " Il n'y a certainement pas de sujet plus pratique que la preuve. Un avocat ne peut exercer sa profession sans avoir constamment à décliner quelques questions sur cette matière, et les règles de la preuve sont, en bien des cas, très difficiles à appliquer. Sans doute, les ouvrages sur ce sujet ne manquent pas, il y en a un grand nombre d'excellents, en français et en anglais. Mais ils ne peuvent fournir une direction assurée à celui qui est appelé à mettre notre droit en pratique. Il n'y a pas de partie de ce droit plus canadienne que celle qui contient les règles de la preuve. En matière

civile, le fond de ces règles est l'ancien droit français. En matière commerciale, au contraire, c'est le droit anglais qui leur sert de base. Notre droit sur la preuve n'est donc ni le droit français ni le droit anglais, pas plus en matière commerciale qu'en matière civile. C'est un droit particulier à notre province, dans lequel on a fondu, d'une manière plus ou moins heureuse, les règles du droit français et celles du droit anglais."

LEMIEUX — De la contrainte par corps.	
Thèse pour le doctorat, présentée et soutenue le 1er mai 1896, par RODOLPHE LEMIEUX, LL.D., avocat au barreau de Montréal, professeur d'histoire de droit à l'Université Laval; in-8, 200 pages, 1896, broché, \$1.00; relié demil-chagrin. Can.	1 50
OPINION : — "Mr. Lemieux has successfully treated the difficult subject selected by him. The author first gives an historical review of the question. In this review he treats the subject very thoroughly. He begins by sketching the legislation of Persia, of China, of Egypt, of Greece, and even of the Jewish people, followed by a notice of Roman legislation under paganism as well as under Christianity. Then, after a rapid review of the various systems of the Middle Ages, he brings the reader gradually down to the modern system of law, and closes his examination of the question by setting forth the various phases of our Canadian legislation. In the second part of his work Mr. Lemieux examines the cases in which <i>contrainte par corps</i> , or

coercive imprisonment, is authorised by law. In the third part we indicate the mode of execution. The two latter parts of the work form an excellent commentary of the second title of the Code of Procédure. This is the practical part of the work, the reader finds therein the solution of the difficulties which present themselves. The jurisprudence on the subject is accurately stated, and when it seems to go astray the author lays down the principle which he conceives should govern." — *The Gazette, Montreal.*

LEMIEUX — Les origines du droit franco-canadien.

Comportant: 1. L'histoire du droit français depuis l'époque gallo-romaine jusqu'à l'ère révolutionnaire inclusivement. 2. L'histoire du droit canadien, depuis la découverte du Canada jusqu'à la Cession (domination française), et depuis le traité de Paris (1763), jusqu'à la Confédération inclusivement (domination anglaise); par RODOLPHE LEMIEUX, LL.D., C.R., député au Parlement fédéral, professeur à la faculté de droit de l'Université Laval à Montréal; in-8, 518 pages. 1900. Can. 4 00

Le titre de cet ouvrage, en démontre toute l'importance au double point de vue historique et juridique.

Le droit civil français qui nous a été conservé, lors de notre séparation d'avec la mère patrie, est un dépôt trop précieux pour qu'il ne soit point l'objet de nos études constantes. Retracer les origines de ce droit, en étudier les différentes phases avant et après la cession du pays jusqu'à la codification, tel est le but que s'est proposé l'auteur.

L'ouvrage se divise en deux parties. Dans la première, l'auteur fait l'histoire du droit français aux quatre périodes suivantes : Epoque Barbare ou Franque, Féodalité, Monarchie absolue, ère Révolutionnaire.

La deuxième partie est consacrée à l'histoire du droit Franco-Canadien proprement dit sous la domination française et sous la domination anglaise.

(*L'ouvrage complet formera environ huit ou neuf volumes.*)

"Le fléau de notre jurisprudence, la plus grande cause de l'incohérence et des variations qu'on y déplore, c'est la malencontreuse habitude de se laisser guider par des commentateurs du Code Napoléon qui, alors même qu'ils évitent le défaut si commun parmi ces commentateurs, de jongler avec les textes pour se singulariser, expliquent des lois différentes des nôtres. Le livre de M. Mignault ne peut manquer de contribuer puissamment à faire disparaître cette cause si proéminente d'erreur. Il nous signale constamment la différence entre le droit français et le nôtre, et nous expose le dernier état de la doctrine et de la jurisprudence, *quod in ipsa obtinet argumentis.*

J'estime donc que cet ouvrage est absolument indispensable aux avocats et aux juges qui ont à étudier des questions de droit civil. S'ils le consultent, nous nous rapprocherons de plus en plus de cette uniformité dans la jurisprudence, dont je regrette de constater que nous nous éloignons de plus en plus depuis quelques années." — *Extrait d'une lettre de l'hon. juge F. Langelier, Québec.*

"J'ai trouvé cet ouvrage de M. Mignault non-seulement très intéressant au point de vue de l'étude des préceptes élémentaires du droit, mais d'une grande utilité pour l'interprétation de quelquesunes des règles les plus difficiles. Il ne faut pas croire que l'auteur s'est contenté de reproduire les "Répétitions" de Mourlon ; il les a adaptées très savamment à notre système, et les a enrichies d'arguments qui lui sont propres et de nombreuses citations des décisions de nos tribunaux. M. Mignault s'est assimilé les meilleures qualités de l'auteur des "Répétitions," en concision et la clarté. Je puis dire que le livre de M. Mignault, lorsqu'il sera terminé, sera le travail le plus complet et le plus utile qui ait été écrit sur le droit canadien." — *Extrait d'une lettre de l'hon. T. C. Casgrain, C. R., Montréal.*

"L'ouvrage de M. Mignault est un des rares, même le seul, que je pale avec un empressement et dont je vais arriver chaque volume avec plaisir, parce que c'est un ouvrage non seulement utile, mais indispensable. M. Mignault a rendu un véritable service à la profession en le publiant et surtout en en faisant un travail aussi complet et aussi sûr (reliable). En mettant son ouvrage sous le patronage de Mourlon, M. Mignault a agi par scrupule de modestie car il est évident qu'il a été obligé de retrancher presque tout le commentaire de Mourlon pour l'adapter à notre droit, ce qui est tantôt de travail que de tout refaire. — *Extrait d'une lettre de M. C. E. Dorion, L. L. D., Avocat, Professeur de Code Civil à l'Université Laval, Québec.*

"There is no student and no practitioner, especially among those who are not familiar with French, who have not sometimes felt discouraged by the difficulty of distinguishing and applying principles under such different circumstances. There is scarcely a page of the commentators of the Code Napoléon, which can be applied to our law without modification; sometimes whole chapters must be omitted:

MIGNAULT — Le droit civil canadien. (Cont.)

In fact, without a trustworthy guide, it has been heretofore more dangerous than useful to use the rich material there within reach.

The work is minute and original; it is based upon the history of our law and the decisions of our courts, which are clearly and concisely dissected. Mr. Mignault's conclusions are almost invariably based upon the code and upon precedents often with comments upon them.

Those who peruse the work will admit that Mr. Mignault has indeed written a complete treatise and in which there is nothing to suppress. A critical appreciation of the work would be too lengthy; but it may be mentioned that certain chapters are particularly important and well presented. The second part of the introduction, in the sources of Canadian law are treated of, should be read with great care, as it is the key to the entire treatise, the groundwork of our jurisprudence, and in those cases where precedent fail, of the personal opinion of the author." — *The Herald, Montreal.*

"I am one of the subscribers to Mr. P. B. Mignault's *Droit Civil Canadien* and I have much pleasure in saying that I consider this work to possess very great merit indeed. We have no work covering the same ground and it is therefore hard to over estimate the value of the work undertaken by Mr. Mignault. He has brought to the task extensive erudition, calm judgment and great industry. No lawyer practising in the Province of Quebec can afford to be without Mr. Mignault's work." — *Extract of letter from Hon. H. T. Duffu, advocate, Minister of Public Works, Quebec.*

"Such a commentary was much needed, and cannot fail to be of great service. I heartily congratulate the author on having accomplished so successfully a considerable portion of his undertaking." — *Extract of letter from F. P. Walton, Dean, McGill University, Montreal.*

Extrait de la Préface. — "Nous avons divisé notre livre en trois parties : la constitution anglaise, la constitution canadienne, la procédure parlementaire. Nous avons de plus consacré un chapitre supplémentaire à l'étude de la constitution des Etats-Unis. Tout cela est fort incomplet sans doute, mais nous serons au comble de nos désirs si l'on nous rend le témoignage d'avoir été de quelque utilité à nos citoyens."

"This manual contains in a brief and concise form the law of the Province of Quebec relating to Insolvency, capias ad respondentum and attachments before judgment. We have also added the provisions of the law in regard to the dissolution and liquidation of partnerships, and the examination of judgment debtors.

The leading authorities, which are still applicable under the present Code, and the remarks of the Commissioners for the Revision of the Code, have been placed under the articles to which they relate. We believe this plan will be found convenient and satisfactory." — *Preface.*

RAMSAY — Appeal Cases.

With Notes and Definition of the Civil and Criminal Law of the Province of Quebec, including a large number of Decisions in Appeal otherwise Unreported and brought down to the beginning of the year 1887, by THOMAS K. RAMSAY, Judge of the Court of Queen's Bench. To which is Appended a list of all the Cases Carried to the Supreme Court and Privy Council with the text of the Judgments in the Privy Council, by C. H. STEPHENS; in 8, 1064 pages, 1887, half law calf. Can.

"The number of unreported cases is unexpectedly large, comprising nearly, if not quite, one half of the total number of judgments in Appeal during the last thirteen years. It need scarcely be pointed out that, dealing only with the decisions of the Court in which he sat, and during the time he sat in it, all the judgments and references cannot but be regarded as emanating from the most reliable sources." — *Preface.*

NOTA : — Cases are reported in English or French.

"Cette revue a été fondée au commencement de l'année 1895 spécialement dans l'intérêt des districts ruraux et rapporte les décisions les plus importantes concernant le Code civil, Procédure civile, municipale et tout ce qui peut intéresser le public de la campagne.

Le Droit civil et la Procédure civile, le Droit municipal fournissent, dans chaque district, d'abondantes décisions. — décisions qui, si elles étaient plus connues, rendraient nécessairement l'administration de nos affaires municipales plus facile et plus uniforme. Enfin, le Droit criminel présente également des intérêts de la plus haute importance et qu'il est de l'intérêt public de voir recueillir avec soin dans une revue de jurisprudence. Ajoutons que si les décisions nouvelles rendues ainsi chaque jour, offrent un grand intérêt, il existe dans tous les districts de la Province de nombreuses et remarquables décisions, qui sont aujourd'hui des documents précieux, et qui seront bientôt complètement oubliés, si nous ne nous hâtons de les collectionner et de les faire connaître en les livrant à la publicité." — Préface.

NOTA : — It is certainly the most accurate English pocket edition yet published.		
NEW FEATURES to which we specially call the attention of the public is, that contrary to all other codes published so far, this edition contains a concordance of references of the different articles to the same code, or, with the Code of Civil Procedure and the Code Napoléon, to be found at the foot of each article, will prove, it is hoped, of special advantages and considerable value. The Index which completes the Code, is alphabetical and analytical and is very complete.		
WEIR (Dr.) — Code of Civil Procedure of the Province of Quebec.		
Promulgated 1st September 1897, with statutory amendments verified, collated, containing a concordance of the different articles to the same code, and the authorities as reported by the Commissioners, also in appendix the Report of the Commissioners, the Rules of Practices, the Tariff of fees, and a general Index. By R. S. WEIR, D.C.L., Recorder of the City of Montreal. 1 royal 32, 1900. Cloth. <i>Can.</i>	3 00

NEW FEATURES : — This work is to supply the lack of an accurate and convenient working Code of Procedure. In general appearance and arrangement it will be found to resemble the author's edition of the Civil Code, so cordially received by the Bar. The text will be clearly printed in double columns without commentary. After each article is placed the corresponding article in the former Code, and the remaining references are confined to all the relevant articles in the Code of Procedure itself, and those in the Civil Code. The practical advantages of a concordance of this kind will be at once apparent.

The Rules of Practice will be placed in the appendix, and a copious Index are also features of the work.

WHITE — Treatise on Canadian Company Law,

Being a complete work on the law governing companies incorporated under the Dominion and Provincial Acts, containing a complete analysis of the jurisprudence of the Dominion and useful forms. By W. J. WHITE, of the Montreal Bar, assisted by J. A. EWING, B. C. L., of the Montreal Bar. One large volume, Royal In-8, of 732 pages, Half-calf. 1901. Can.

CONTENTS : — CHAR. 1. *Introduction.* 2. *Promotion of Companies.* 3. *Incorporation of Companies.* 4. *Uses and Abuses of the Companies' Acts.* 5. *Capital Stock.* 6. *Shareholders.* 7. *Calls.* 8. *Transfer of Shares.* 9. *Liability of Shareholders.* 10. *Directors.* 11. *Ministerial Officers and Agents.* 12. *Financial Matters.* 13. *Dissolution and Winding-Up of Companies.* APPENDIX "A", *Forms relating to Dominion Letters Patent, By-Laws, Forms of Trust deed to secure Debentures.* APPENDIX "B", *Statutory Enactments, Orders in Council re Name of Companies and Tariff of Fees.*

"When it is remembered that our system of incorporating companies is somewhat different from that of other countries, and that the collection and reference to all the leading Canadian cases on company law is one of the main objects of this admirable treatise, its publication at the present time needs no further justification or excuse. The basis of the book is the "Dominion Companies Act," and the arrangement of that Act has been generally followed, but where the Provincial Acts are not in effect the same as the Federal Act, the differences are shown and explained.

Where the Canadian decisions have dealt with important questions, they have been carefully considered, and are fully discussed in the text and in the notes.

The vast number of important questions arising out of the incorporation and management of private corporations, are all arranged and discussed in one or more of the thirteen chapters into which the work is divided. These chapters occupy over 400 pages. There are numerous and lengthy notes printed at the bottom of each page in smaller type.

"Appendix "A", containing the forms, takes 120 pages; appendix "B", which gives the statutes and orders-in-Council, occupies 170 pages. The index seems to be complete and well arranged." — *Wall & Empire, Toronto.*

OPINION

“ Le fléau de no're jurisprudence, la plus grande cause de l'incertitude et des variations qu'on y déplore, c'est la malheureuse habitude de se laisser guider par des commentateurs du Code Napoléon qui, alors même qu'ils évitent le défaut si commun parmi ces commentateurs, de jongler avec les textes pour se singulariser, expliquent des lois différentes des nôtres. Le livre de M. Mignault ne peut manquer de contribuer puissamment à faire disparaître cette cause si prolifique d'erreur. Il nous signale constamment la différence entre le droit français et le nôtre, et nous expose le dernier état de la doctrine et de la jurisprudence, *quod ipsi verum obtinet argumentis.*”

“ J'estime donc que cet ouvrage est absolument indispensable aux avocats et aux juges qui ont à étudier des questions de droit civil. S'ils le consultent, nous nous rapprocherons de plus en plus de cette uniformité dans la jurisprudence, dont je regrette de constater que nous nous éloignons de plus en plus depuis quelques années.”
—*Extrait d'une lettre de l'Hon. Juge Langlet, Québec.*
