

This Is the Boys' Day and Generation

The active, growing boy is the coming man and the world looks to the coming men for new blood and brains to carry on the work of the older generation. It's the same old evolution story and as changeless as time itself. Boys and their clothing needs have been our hobby for years. We know the boys, their likes and dislikes, just the same as if they were our own children, and goodness knows we have clothed a mighty big family during the last two generations.

We create and manufacture many styles for boys that are exclusive with us. Among the newest models now showing is the French. It's classy and chic, made with the patch or vertical pockets. Many other models are here for you with a varied price range---\$6.50 to \$20.00---and in nearly every pattern we can make the extra pants if you need them. That's a special feature with us.

Additional extras in the Boys' Department comprise the following: Shirt Waists, White Duck Pants, Wash Hats, Linen and Palm Beach Suits, Wash Suits, Khaki Long Pants and Bloomers, Boys' Overalls and Sweater Coats.

We are specialists in boys' attire and our growing business attests the fruits of our labors.

DEMAND FOR SHELLS WILL BE WELL MET

Letter From St. Catharines Employees Indicates Good Response to Request.

Ottawa, June 21.—The imperial munitions board has been urged by the British ministry to provide an increased supply of 18-pounder shrapnel shells from Canada. The British authorities desire that the present supply be increased to 220,000 shells per week at the earliest possible date, and the imperial munitions board has vigorously reviewed the shrapnel plants of the country, and new capacity has been created both by increasing the existing facilities and by the equipping of entirely new units. Some plants which were engaged turning out 4.5 shells are being changed over to enable them to produce the 18-pounder shrapnel asked for.

A year ago Canadian shell manufacturers were producing about 275,000 18-pounder shrapnel shells, per week, but early last autumn the imperial munitions board was asked to reduce the output to 120,000 per week. The reduction, together with the change over from the make of shell then being made to the new make, seriously affected the shrapnel plants. The board has communicated with the various manufacturers of this type of shell throughout Canada, and have placed before them the requirements of the British authorities which are of an urgent nature.

That the appeal will receive a good response from Canadian workers and producers is evident from the inspiring reply which was immediately forthcoming from the employees in the Metal Drawing Company at St. Catharines, which reads as follows: "Answering letter June 17, at a joint meeting in the yard this afternoon, the employees of the Metal Drawing Company pledge their best efforts to maintain deliveries as promised on shrapnel, and to exceed them. Employees expressed themselves by unanimous vote as understanding the urgent need and the determination to meet it."

This splendid attitude on the part of the employees of the St. Catharines plant, states the imperial munitions board, indicates the kind of spirit among Canada's workers which is helping to win the war, and it is a strong encouragement to every other sincere war worker in Canada.

PRUSSIAN SOCIALIST MAKES FIERY SPEECH

Reprimanded for Stating That the People Must Overthrow Government.

Amsterdam, June 21.—The Rheinische Westfälische Zeitung of Essen says that Herr Hoffer, Independent Socialist, in the Prussian Lower House Thursday, declared:

"Ten thousand red guards were mercilessly mowed down at Tazargrog by German troops and then you say we are at peace with Russia! I am persuaded that Russia will spring at our throats when the time comes. It is base to kill an enemy after he is blinded by poison gas. The people must overthrow a government which is incapable of attaining a speedy peace by understanding."

President Lohmann reprimanded Deputy Hoffer for his remarks.

German Papers Criticize Emperor William's Speech

Geneva, June 21.—Several German newspapers have openly attacked the speech made by Emperor William at German headquarters on the occasion of his anniversary.

The Post of Munich says that the feast could have been celebrated by a measure of clemency and humanity instead of with a speech of warlike tenor against England, without containing words of thanks to his own people. The paper concludes that the Anglo-Saxon races are powerful enough to accept the emperor's challenge.

PRIVATE WIRE OPENED. Cobalt's Mayor Exchanges Greetings With Gotham's Chief Magistrate.

Cobalt, June 21.—Direct communication was obtained with New York yesterday when Mayor McKinnon of Cobalt and John F. Hyland, Gotham's chief magistrate, exchanged greetings over the newly-installed private wire of the Standard Stock Exchange branch here. Mayor McKinnon extended an invitation to the mayor of New York to visit the world's greatest silver camp. The press of official business prevented Mayor Hyland from accepting the invitation immediately.

IRON ORE ADVANCES. Increase of 45 Cents a Gross Ton Announced in Washington.

Washington, June 21.—An increase of 45 cents a gross ton for iron ore to meet wage and freight rate advances was agreed upon late today by the war industries board. Iron ore producers and representatives of the American Iron and Steel Institute. The new price is effective July 1, subject to approval by President Wilson.

WAYSIDE CROSS SOCIETY. Will Erect Crucifixes in Memory of Soldiers Killed in War.

London, June 21.—The Wayside Cross Society has been founded under the presidency of Lord Shaftesbury, in the belief that one of the best memorials to those who have laid down their lives in the great war is the visible representation of Christ crucified as the supreme sacrifice. It is the hope of the organization to see this emblem set up wherever it will appeal most effectively to all who pass by.

FAVOR SENATE ABOLITION. Kingston, June 21.—Frontenac County Council placed itself on record as being in favor of the abolition of the senate of Canada.

AN URGENT APPEAL FOR HELP ON FARMS

Ottawa, June 21.—The Canada Food Board has issued the following bulletin for registration day:

Today is the day of election—to-day the people of Canada elect to serve or to swerve. Each individual either promises to help or to avoid doing so for personal reasons. These reasons must be very powerful reasons or they would not weigh in the present issue. The question to consider now is whether private personal interests and arrangements outweigh the national necessity—a necessity in which everybody shares.

The world is short of food. The war has yet to be won. The soldiers at the front have to be reinforced and increased. This continent has to feed them and the civilian populations of the allied peoples cannot be allowed to starve. Nearly five million, it is estimated, have starved to death already.

Canada has work for every able-bodied man and boy this summer. The women must help. The 1918 crop must be saved. Let each and all consider the relative importance of his or her own plans in true proportion when they fill in the registration cards today.

SINN FEIN LEADER ELECTED IN CAVAN

London, June 21.—Arthur Griffith, the Sinn Fein leader, who recently was arrested in the Sinn Fein roundup in Ireland, has been elected to the house of commons from East Cavan. He defeated the Nationalist candidate by a vote of 3793 to 2581. The Nationalist candidate was David O'Sullivan.

Will Contest All Vacancies. Dublin, June 21.—Leading Sinn Feiners today announced that in the future any vacancies in parliament will be contested, as was that of East Cavan to which Arthur Griffith, Sinn Fein candidate, was elected, even where the Sinn Fein candidates are in prison. The leaders declared that they expect to bring about a complete rout of the National party.

FROSTS IN NEW BRUNSWICK. Crops Have Been Ruined in All Parts of the Province.

Fredricton, N.B., June 21.—From all sections of the province come reports to the department of agriculture that heavy frosts last night have ruined crops. Buckwheat has been laid low and must be re-planted. Potatoes have been affected, but it is thought they will recover. Beans, corn and tomato plants were nipped. The temperature at lowest point last night was 32 degrees.

KINGSTON PASTOR INDUCTED. Kingston, June 21.—Joint congregation of the Holy Trinity and Presbyterian churches agreed to the appointment of Rev. H. W. Workman, of Wolfe Island, as pastor of the Kingston Presbyterian Church. Rev. G. S. Clendinning, president of the Montreal Methodist Conference, took part in the ordination service.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

The barrier the Italians and their allies have raised along the great battle are from the Asiago Plateau to the sea remains insuperable to the Austrians.

The operations by which the enemy had hoped to press his way from the mountain peaks in the Alps and across the Piave River to the plains of Venetia thus far have met with almost signal failure. Where the enemy was able in the mountains to press back slightly the allied defenders the front in the first day of their offensive, the ground has been regained, where he crossed the Piave River and apparently was threatening the plains with invasion, he now is being sorely harassed at every point by the Italians.

The battle is not a stalemate. In the mountains the Italians, British and French troops seemingly have the upper hand; along the Piave from the Montello Plateau to the mouth of the river east of Venice, the Italians, notwithstanding vicious thrusts by the enemy here and there, apparently are gaining the upper hand.

Little fighting of moment is in progress in the mountain region, but all along the Piave battles of great violence are in progress, with the invaders meeting resistance upon which they had not counted, and being steadily pressed back toward the western bank of the now turbulent river, which has swept many of their pontoon bridges in the centre of the line, leaving them in a rather precarious predicament.

Fresh rains have forced the river well out of its banks, and the question of sending Austrian reinforcements to the western side or conveying food and military supplies to the men already on the border of the plains has become a critical one.

Hoping to alleviate the situation the Austrians again have delivered attacks on the Montello Plateau, the keynote to the plains, but, like previous thrusts, they met with repulse. Between the Treviso railroad bridge and the Zenson loop the Italians have

pressed back the enemy closer toward the Piave while at the same time the Fossetta Canal, enemy attacks were repulsed. Farther down the stream a short distance from where it empties into the Adriatic Sea, the Italians, in a daring assault north of Cortellazzo pierced the enemy front, took 200 men prisoner and firmly held their ground against a counter-attack. In the violent air fighting that is in progress all along the front American aviators have joined the allied airmen and are performing daring feats. Among the enterprises carried out by them has been the bombing of pontoon bridges thrown by the enemy across the Piave. Empty stomachs continue to play an important role both with the Austro-Hungarian armies and the people inside the dual monarchy. Prisoners taken by the Italians are noticeable; ill-fed; troubled times prevail in cities and towns in the empire and kingdom because of lack of food.

The people, even officials, are declared to be at their wit's end in endeavors to alleviate the situation. The Hungarian premier is said to have told parliament that the kingdom has only one-fourth the food necessary to maintain the people in health, and that it would be hard to hold out until the new harvest is garnered.

Except for the Italian theatre, little fighting is in progress. Southwest of Soissons, near Faverolles, and a little further south near Hautvesmes, the French in more of their daily attacks have bettered their positions and taken prisoners from the Germans. In the regions of Arras and Albert the incursions likewise have made gains and also repulsed German attacks near Merria, in the Flanders front.

The German official communication records the repulse of an American attack northwest of Chateau Thierry in the Marne region, and asserts that the Americans suffered heavy losses. This probably refers to the fighting in the Belleau Wood, which on Thursday in the Belleau Wood, where the Americans advanced their line more than half a mile after the enemy had refused to accept the offer of battle.

GUNFIRE ZONES WERE ESTABLISHED

Troops at Niagara Marched to Queenston as if Under Bombardment.

DESERTERS TRIED

One of Defendants States That His Mother and Uncle Are German Aliens.

Niagara Camp, June 21.—Again today the weekly route march was to Queenston, for the second time this season, and was participated in by about 2000 men. The troops left camp about 9 o'clock this morning. In three columns, by three different roads, and were given a practice in marching as if under fire. Two zones were established, representing artillery fire. The first zone was two miles and a half north of Queenston, where the troops (heavy) artillery fire, and the second zone was a mile and a half from Queenston, where the men were practising. The necessary changes from column to column were made under fire. The formation to proceed under artillery fire was made at the 1-2 and 1-1-2 zones.

The first column, consisting of the Machine Gun corps and 1st Battalion C.O.R., was under command of Lieut.-Col. B. H. Bolson. The second column was composed of the 1st Battalion C.O.R., and was under command of Major N. M. Young. The third column, which was composed of the 2nd Battalion C.O.R., and the Railway Construction Battalion was under command of Lieut.-Col. A. J. McCausland. Three bands in the march, four bugle bands were in the march. The return to camp this afternoon

MORE DENUNCIATION OF GERMAN MORALS

Church Paper Declares Highest Law Seems to Be Profiteering and Pleasure.

The court was composed of Major Pote and Captains W. S. Richardson and R. W. Hinl. The finding will be promulgated late P.

Scores of Whales and Sharks Are Killed by Explosions

Philadelphia, June 21.—Masters of ships arriving here report that a number of whales, sharks and porpoises have drifted ashore on the North Atlantic coast between Barnegat and Cape Henry, having evidently been killed by gunfire or by the explosion of bombs or shells below the surface. The bodies of seven whales lie on the beach between Cape Henlopen and Cape Henry, practically torn to pieces, having apparently been mistaken for submarines and fired at. Hundreds of porpoises have drifted ashore, all evidently killed by explosions.

RUMANIA WANTS MEDICINES.

Amsterdam, June 21.—Rumania is negotiating with Germany for large quantities of chemical preparations and other medical materials to combat diseases growing out of war conditions which are raging with disastrous results in Rumanian territory, according to The Berlin Vossische Zeitung. The population in some districts affected by the widespread work of disease has been decimated the newspaper declares.

CONSCRIPTION IS DEAD AS WELL AS HOME RULE

Earl Curzon's Speech Indicates Abandonment of Both by British Government.

London, June 21.—Earl Curzon's speech in the house of lords last night, immediately seized upon in the lobby as an admission of a breakdown in the government's Irish policy, indicating, as it did the abandonment for the present at least of any attempt to introduce a home rule bill, is treated in this morning's newspapers as a sensational development and is made the theme of sharp comment. "Home rule is dead; Irish conscription is dead," says the radical Daily News, "and the whole Irish policy of the government has fallen crumbling to the ground."

BY AIRPLANE FROM BERLIN.

Four Residents Attempted Escape, But One Machine Shot Down.

Copenhagen, June 21.—Four residents of Berlin, attempting to escape from Germany Thursday in two air-planes. One succeeded in landing in Denmark, but the other was brought down in the Baltic Sea by German guard ships. The machine which landed in Denmark had two occupants, one of whom, a reserve officer, is a professor in the University of Berlin. They say they fled from Berlin because of the conditions there.

ATTACK COMING AGAINST BRITISH

Grave Events Impending, According to Experts on Western Front.

Paris, June 21.—Grave events are impending on the British front, according to military experts, who see in the intensity of the German cannonade at various points, the preliminary steps of a new German attack. It is pointed out that the fourth army group, under Crown Prince Rupprecht of Bavaria, has had leisure for reorganization during the three weeks since it was engaged in battle, and is now ready for a new effort along the front.

SERIOUS ILLNESS OF BARON RHONDDA

London, June 21.—Grave reports of the condition of Baron Rhondda (David A. Thomas), British food minister, come from his home in Wales, where he has been confined by a serious illness for several weeks. It is probable that he will be unable to resume his work at the food ministry if he recovers. The anniversary of Baron Rhondda's tenure of the food controllership last week was marked by unusual tributes in all the newspapers. The consensus of opinion was that he had been distinctly successful in an office which probably is the most difficult with which any war administrator has had to deal since it touched the daily life of every inhabitant of the United Kingdom.

MEWBURN APOLOGIZES TO GUELPH NOVIATTE

Ottawa, June 21.—Major-General Mewburn, minister of militia, replied by wire to Rev. Father Bourque, French-Canadian rector of St. Stanislaus Novitiate, who sent a long letter of protest against the visit made on the institution by the military police, under Inspector Menard and Capt. A. C. Macauley, assistant provost-marshal, in search of alleged defaulters under the M.S.A. General Mewburn's telegram read as follows:

"Am just in receipt of your letter of the 8th inst., on my return to Ottawa, and words can't express to you my deep regret of the action taken by the deputy provost-marshal, Capt. Macauley, on the evening of the 7th. My attention was called to this matter on my arrival in Ottawa this a.m., and I find that my A.G. has taken immediate action for a most thorough investigation, and if the facts are as stated in your letter, which, of course, I do not doubt, I can assure you that the error in judgment committed by this officer will be dealt with in a proper way, as I will not tolerate any such action on the part of any military officer as far as the operation of the Military Service Act is concerned. "As I have already stated, I deeply regret this occurrence, and I thank you for your frank letter. "The question of liability for military service of any kind of your students is a matter that is now being considered by the department of justice. "Believe me, yours faithfully, "The Rev. H. Bourque, "Rector of St. Stanislaus Novitiate."

MANY REGISTRATIONS OF 19-YEAR-OLDS

Fifty-Five Thousand Have Reported Under Military Service Act.

Ottawa, June 21.—Fifty-five thousand men of nineteen years of age have registered for service under the Military Service Act. As indicated, it is not the intention of the government to call any of the men to the colors probably before the harvest is over. Keen satisfaction is expressed with the way in which the young men responded to the call to register. In a number of cases, the number of registrations was considerably higher than the estimated possible registration. Over the Dominion, as a whole, actual registration was 95.11 per cent of the estimated possible registration.

Bermuda Prohibits Export Of Potatoes, to Ensure Supply

Washington, June 21.—Bermuda, by proclamation issued under martial law, has forbidden exports of potatoes as a measure to insure the food supply of her people. A report received here today said, a maximum retail price for potatoes of three cents a pound, and a minimum price of \$3.75 a barrel, of approximately 140 pounds for sales in quantity, have been fixed.

OLD-TIMERS RECALL HUMBER RIVER FLOODS

That oats and other grains were growing in 1877 upon what is today the bed of the Humber River in the vicinity of the Gamble Mill, Bloor street, and that by virtue of the floods of 1878, the river had cut out an entirely new channel, thus leaving a large tract of land between the old and the present bed of the river, was the gist of the evidence given by Robert Kennedy at the non-jury assizes before Justice Lennox in the action of the Curtis Springs Water Co. to recover certain lands recently conveyed to the city of Toronto. Mr. Kennedy's wife owned and sold the property now in dispute, and he himself had lived in the vicinity since his boyhood. A cross-examination by Irving S. Fairly, assistant city solicitor, who questioned him as to the integrity of his father, angered the witness, who dared any man to impugn the honesty of his father. He was finally reassured by Justice Lennox, but promised that he would get an explanation from Mr. Fairly later.

WILLS PROBATED

The administration of the estate of Martha Manobey Waters, who died in Toronto, May 19, has been applied for by her husband, William R. Waters, fifty dollars in personal effects and \$4829 in the bank comprise the entire estate. Her heirs are her husband, William R. J. Thomas, and Martha Waters, and Mrs. Sarah Hedges, and her grandsons, William D. Hunt of Toronto, and Norman M. Hunt, who is overseas. The estate of Miss Margaret G. Sheppard, who died in Toronto, April 25, leaving no will, will be equally divided between her husband, Robert N. Sheppard, 54 Denison avenue, and his nephew, George N. Sheppard, 13 Maple Grove avenue. The inventory consists of \$2745 in money, and bank bonds, and a promissory note for \$950.

JEWES ARE EJECTED FROM HUMBER HOTEL

Alderman Nesbitt is championing the cause of Harry Manheim at Osgoode Hall. Mr. Manheim, in the writ which was issued yesterday by the alderman, makes an affidavit to the effect that he is the manager of the Dominion Embossing and Engraving Co., and that when he and a respectable Jew entered the hotel, he was served at the Humber Hotel, of which O. L. Hicks is the proprietor, the party was not only refused service, but was also ejected from the premises. Mr. Hicks stated yesterday that his was not a standard hotel, and that he was entitled to the right of saying who should and who should not be served at the hotel.

ALLEGED THAT FARMER CHARGED FOR KEEP

Judge Costworth yesterday reserved judgment in the case of Smith v. McMillan in which Joel Smith, a farmer, was suing for the recovery of \$215 as arrears in wages. The defendant, who owns a farm near Newmarket, is an expert accountant, and is alleged to have left the farm management to his wife. It was alleged that McMillan charged the employee \$6 a week for board and room and washing. He had been sued for wages by the man who worked on the farm prior to Joel Smith. In both cases he had put in a counter-claim for the recovery of \$20 on fencing, which he claimed had been taken by the plaintiff.

TO GIVE AIRPLANE

The United Empire Loyalist Association has approved the recommendation of their executive that an airplane be presented to the Royal Air Force, at a meeting on Thursday at which Canon Macnab presided. It was decided to go right ahead with the plan.

DIES WHILE ON VISIT

Deputy City Clerk Thomas Sanderson received a wire June 20 to the effect that his father, John Sanderson, 298 Carlton street, had died suddenly while visiting the Pacific coast. The late Mr. Sanderson was born in Arrah, Ireland, May, 1832, coming to Canada in 1852 and settling in Toronto. Mr. Sanderson was engaged for many years in a grocery business and was a city tax collector, retiring from active life in 1888. He survived by four daughters, Mrs. Joseph Jenkinson and Mrs. Charles Hocking, Toronto; Mrs. George H. Fry, Vancouver, B.C.; and Mrs. W. Fry, Dundalk, Ont., and by three sons, John Sanderson, Montreal; Thomas Sanderson, chief city clerk, Toronto; and W. J. Sanderson, Malton, Ont.

BRITISH FORGINGS ASKS EXEMPTION

Only Three Employees Out of Fifteen Hundred Have Been Excused.

Of 32 applications for exemption from military service dealt with yesterday by Toronto tribunals, 21 were granted and 11 refused. A representative of the British Forgings, Ltd., asking exemption at Justice Rose's tribunal for Jack Stokes, indispensable as a crane-man and the only employee with two years' experience in handling molten metal, said that of 1500 employees only three had been granted exemption because of applications on their behalf by the company. Exemption was granted until August 1.

SATURDAY MORNING, JUNE 22.

Labor and Dr. Cody.

Tonight the labor party is to meet to discuss and decide whether the election of Hon. Dr. Cody should be contested in Northeast Toronto. If the precedent of the general federal election be followed, the seat will be contested. We predicted the result on that occasion with regret, and we could wish that the experience had borne fruit. We have supported the Labor party as no other paper in the city has done, and we have endeavored to give prudent advice as well as friendly. But the Labor men, many of them, fail to see that no advice can be really friendly if it is not prudent.

The men who follow this policy would make the Labor party a party of Ishmaelites, their hand against every man, and every man's hand against them. They forget that any political party is or should be only a means to an end. The converse policy of making measures and reforms means to a party's end has been employed by the old-time parties with results of which Labor is very well aware. The old-time parties are now to be overthrown by attacking and harassing the independent friends of Labor. Rather, independence should be welcomed and encouraged wherever it is to be found, and political candidates should be treated on their merits accordingly.

Dr. Cody, as a representative of Labor, and as a friend of Labor, would be a more ideal candidate and would accomplish more for Labor than any candidate the Labor party is likely to nominate from its own ranks, and that is no disrespect to any, and the estimable and able men among them. Dr. Cody is one of themselves, really of the soil, a Canadian born and bred and risen from the people, his position achieved without influence or patronage or otherwise than by his own brains and talent and perseverance. If Labor cannot recognize and honor such men, particularly when they work and strive for Labor aims and policies, then the Labor party has still much to learn.

And Dr. Cody in taking up the ministry of education is taking up a Labor policy, and we know of no one more likely to carry it out adequately and effectively than the aims of Labor in regard to education than Dr. Cody. It is on this account that his appointment has been generally applauded, and he is regarded as a forward move on the part of the government.

We understand, and it has been so stated in The Industrial Banner, that the chief opposition to Dr. Cody is on account of his profession. A man's profession does not usually make him better or worse than other men. A man is no better or worse for being a carpenter, or a plumber, or a stone-cutter, or a doctor, or a lawyer, or a parson makes no essential difference in his character. A man should be judged on his own merits and not by the label that his opportunities have attached to him. Had Dr. Cody taken up any other labor than the labor of preaching, no doubt he would have gained eminence through the application of his brains. If Labor in politics chooses to overlook these considerations we fear they will fall into grave error.

The Labor party, as we see it, should have the interests of the whole community at heart. The Labor party's indictment of other parties is that they think only of themselves. On that basis the Labor party cannot expect to succeed any better than the others. The real question in politics is whether a party is out for its own interests or to establish a general principle. The party that honestly declares and works for principle will eventually get the support of the whole people.

"His Terrible Swift Sword."
They do things thoroly on the other side of the line. Seven Pastor Russells, who were convicted of conducting a pro-German campaign, have been sentenced to twenty years' imprisonment apiece. Uncle Sam knows exactly what he wants and how to get it. When he puts his hand to the plow, he is going to be tilled. We have not the backbone to give pro-Germans here twenty years' imprisonment. We talk about clemency and magnanimity and other glibly-spoken virtues of the pacifist complexion, but we are slow to call treason treason, and disloyalty a crime, so that some of our immature citizens are a little confused on the issue. They are not sure whether they can get away with treason or not and are sometimes willing to take a chance.

In the United States there is no doubt in any man's mind. Whatever race he belongs to, whatever church

he attends, whatever his private views may be, as a citizen of the United States, one and indivisible, he is an enemy of Germany, and must conduct himself accordingly. Otherwise the alternative is twenty years in jail among other penalties.

This is the spirit that the nations of the Entente Alliance have discerned across the Atlantic, and which they welcome in the armies of reinforcements now pouring into France. The impression made in London by the American regiments was very deep. A recent British Weekly article says: "Dense crowds gathered along the route of march. Thousands assembled in the neighborhood of Charing Cross, the Mall, Victoria Memorial, and Grosvenor Gardens. 'Old Glory,' the famous Stars and Stripes, flew from public and private buildings, and was worn in many buttonholes. Admiration was expressed for the build and bearing of the troops, who were recognized as the flower of young America. Their quiet, earnest, serious faces made an impression on the bystanders in their martial bearing and general look of fitness, they are equal to the finest regiments in Europe. Brilliant and picturesque was the scene at Buckingham Palace. Colonel Whitman stood between the King and the Duke of Connaught as the salute was taken."

Joseph Reinach, a French writer in Le Figaro, is equally impressed, and after visiting an American camp described the men physically as a concrete of lime and granite. The American soldier is a man, said this writer, even when he is at the ripening age. "It does not seem," he remarks, "if one observes him, as if the muscles could be tender, the limbs more supple, the whole frame more hardened to exercise, or that the nerves could be steeper. . . . A uniform complexion, almost bronze, with nothing in it of lilies or roses, helps to give an impression of irresistible strength. The American is a Roman, straight and massive like a tower, with an air of gravity which is enhanced by his lean and closely shaven face."

These are the men whose arrival the kaiser and his generals are trying to forestall. They stood long in the market-place waiting to be hired, and they come after the burden and heat of the day has been borne almost to exhaustion. But they are welcome even at the eleventh hour, for the task is still prodigious. We Canadians have sweated since noon and the day is far spent, but we are aware that there is plenty enough to go round. There will be no evil eye cast on the United States armies from the Canadian lines. Did we not agree with the Master of the Vineyard for a penny? And are we not richly rewarded to take part in trampling out the wine of His wrath? There are some among ourselves who promised to work in the Vineyard, but have failed and their reward will be with them.

But what we know, what we are sure of now is that with the American republicans committed to the neutralization of Europe the kaiser's career is near its term. The terrible swift sword of retribution hangs above his head by a hair.

Federation Coming Forward.
What is regarded by many people as the failure of home rule, following the statement of Lord Curzon, indicating the intention of the government to abandon the introduction of home rule legislation for Ireland and the withdrawal of the conscription proposals, may prove, after all, to be a prelude to a settlement of the whole question on federal lines. It is stated that Premier Lloyd George favors such a policy, and the experience of Canada, Australia and South Africa, not to mention the United States, indicates that federal principles are more practical, more elastic, more adaptable, than any other for the settlement of thorny problems of racial association.

As long ago as 1884 and probably earlier, proposals for federal government in Ireland, making each of the four provinces independent in provincial affairs, were debated. Prof. Blackie in his advocacy of home rule for Scotland, had similar views in mind. Wales would have no objection to a separate legislative council or assembly for her local affairs. The Saxon Heptarchy might be revived in England for federal purposes, and there is certainly population sufficient to maintain such rule. Within a radius of 50 miles of Manchester there is a population equal to that of Mexico. A 20-mile radius around London includes more than the population of Canada. At the other end of the scale none of the Irish provinces are so scantily populated as our western provinces.

In any case it is all to the good to have the whole subject considered from a new angle. New conceptions of the situation are bound to arise, and these may modify the attitude of all concerned towards the central problem.

WHAT THE PRESS RECEIVED FOR ADVERTISING THE VICTORY LOAN.
Various estimates have been made as to the amounts the press received from the government in connection with the press publicity for the Victory Loan, but the actual figures paid were clearly set forth in audited statements submitted to the annual meeting of Canadian Press Association.

Inc. held in Toronto on June 12 and 14. The total amount paid by the government for advertising space was \$145,419.81, which was distributed among 1400 newspapers and other publications. Approximately \$5000 was spent in the preparation and distribution to the press of a large number of special articles, illustrations, cartoons, etc., which were inserted in the press without charge. The setting of type and making of duplicate plates of the advertisements for the various publications used and the fees paid to the five co-operating advertising agencies for their services cost in the neighborhood of \$37,000, making the total expenditure \$208,164.09.

As the total cost of floating the loan was approximately \$5,000,000, the government's expenditure on press publicity represents less than five per cent. of the total expenditure. It is interesting to note also that the press publicity cost only one-twentieth of one per cent. of the total amount subscribed to the loan.

The press publicity for the loan was handled by Canadian Press Association, Inc., and the officers of the association and its individual members co-operated splendidly in making the campaign a success. During the three months last fall most of the time of the president, J. H. Woods, Calgary Herald, and the office staff, was devoted to the press publicity campaign, and for several weeks the committee of publishers in charge were in almost constant contact with the press.

On the other hand, contributors, without charge, space in their newspapers and other publications which, if calculated at the present commercial rates, would run up to more than the total amount paid for the advertising space.

Neither Canadian Press Association, Inc., as such, nor any of its officers or committees, received any remuneration for their services in connection with the loan, those who were paid being voluntarily and in the spirit of national service.

INDUSTRIAL SCHOOLS NEED MORE MONEY

In the absence of Ald. Hiltz, at the meeting of the Industrial Schools Association yesterday afternoon, Mr. Ferguson Jones was voted to the chair.

A good deal of discussion arose out of a proposition brought forward by Mr. Ferguson Jones, president of the Victoria Industrial School, and \$5000 for the Alexandra School should be borrowed from the Imperial Bank for the purpose of carrying things over for the summer in the two institutions.

Ald. Johnston asked what the rate of interest would be. Six and a half per cent. was the answer. Mr. Ferguson explained that debentures which had been advanced for the building of a cottage, which, however, had not yet been erected, was now in the bank.

Explaining why the money was needed, Mr. Ferguson said: "I suppose the chairman and others are aware of the fact that the schools must have more money to live, and that unless they get an increase they cannot pay their debts."

"Is it legal?" asked Ald. Johnston, referring to the proposed loan.

The chairman thought it would be legal, and that if it was not, it was merely a temporary measure.

There was some talk across the table of the members resigning if something was not done. Mr. Ferguson stated that he had had an interview with the bank, and he knew it was expected that if the money was advanced it would be paid before the end of the year.

It was finally arranged that the resolution as brought forward by Mr. Ferguson should be passed and that to be acted upon only after hearing the report of a delegation appointed to wait upon the provincial treasurer for the purpose of explaining the needs of the schools, and asking for an increase in appropriation. The committee appointed were the chairman, Mr. Ferguson, Ald. Johnston, and Ald. Johnston.

In his report for the month of May, C. Ferris, superintendent of the Victoria School, stated that the attendance had been 313, the number of boys committed to the school, 22 had been given temporary parole to work on sugar beat farms near Chatham. The work on the school farm was also reported to be in a very satisfactory condition.

Groups of boys having been taken from the tailoring, shoemaking and other classes to receive practical training in gardening. The school, it was stated, would be in charge of experienced teachers during the months of July and August.

Expenses for the month were reported as \$4578.17, of which \$1556.49 was for salaries. It was also stated that the cost of the raw material per meal, per head, was six cents, being exactly double what it was some time ago.

PARKDALE AUXILIARY.
A meeting of the women's auxiliary of the Parkdale branch of the Great War Veterans' Association was held last night in the Templars' Hall, corner Queen and Dovercourt. Mrs. B. E. Waldron, president of the West Toronto branch, gave an address outlining the work done and the work in progress of her branch. As the West Toronto branch has been organized for some time, the information Mrs. Waldron was able to give was helpful to the women of Parkdale.

HUNDRED MEN WANTED.
Voluntary enlistment of 100 men for the Canadian Army Service Corps, Mechanical Transport Section, was authorized yesterday. The recruits must have experience in mechanical transport work, and be of either A or B medical categories. They will be enrolled at the Toronto Mobilization Centre.

PAPER BOX MAKERS.
Montreal, June 21.—The following officers were elected at the convention of the Canadian Paper Box Makers' Association, which was held at the Windsor Hotel: President, Art Harris, Montreal; vice-president, W. T. Bennett, Toronto; secretary-treasurer, S. J. Frame, Toronto.

SEVENTY PER CENT. HAVE REGISTERED

After Tonight Every Person Over Sixteen Must Possess Registration Card

Today is the last day for registering. By tonight, every man, woman and child over 16 years of age, regardless of creed, color or race, must be able to produce a registration card when called upon to do so, or suffer the penalty of the law. Exemptions to this rule are those in khaki, and even some of the soldiers, who expect to be discharged soon, registered.

"Last night I estimated that 70 per cent. of the population of Toronto was registered. There has been a splendid response and no one seemed to have any objections," said the registrar for East Toronto. "We had 894 volunteer workers help us. If a case was heard of where a person, thru ill-health or infirmity, could not come to the booths, the registrars were very good in going to the homes and registering them, altho they did not have to."

The citizens in various parts of the city assisted very materially in the work of registration. The Salvation Army in different sections threw open their doors and allowed them to be used for booths, some of their workers acting as deputy registrars.

American citizens in Canada, even temporarily, were asked to register. Some took exception to this, but for the most part it was graciously accepted. The city hall was packed apart for their registration, but as many did not know of this and presented themselves at Chester Martin, the American consul, had many calls from citizens of the United States asking for advice in the matter. He decided that from one man stating that he was afraid if he registered he would lose his trip to the Canadian income tax, and Mr. Martin that such would not be the case, he signed the necessary document.

Deputy registrars say it appears to be not generally understood that children under 16 who are not registered now, must register at 16, offices when they attain the age of 16.

BIBLE STUDENTS GET TWENTY YEARS

Pastor Russell's Successor and Seven Disciples Are Sentenced for Conspiracy.

New York, June 21.—Joseph F. Rutherford, successor of Pastor Russell, as head of the International Bible Students' Association, and six of his disciples were today sentenced to twenty years' imprisonment for conspiracy to violate the espionage law.

William Van Amburgh, treasurer of the Watch Tower and Bible Tract Society; Robert J. Martin, auditor of the society; Fred H. Robinson, personal representative of Rutherford; A. Hugh McMillen, superintendent of the Bethel Home, domicile of the society; and George E. Fisher and Clayton J. Woodworth, joint authors of "The Finished Mystery" and directors of the International Bible Students' Association of Giovanni de Cecca, another defendant convicted, was deferred for two months, pending an investigation into his past career suggested by the court.

The sentences of twenty years are concurrent sentences of twenty years on each of four counts on which the defendants were convicted.

Twenty years on each count is the extreme penalty, and the judge denied all motions for setting aside the verdict, staying sentence or liberating the defendants on bail pending an appeal.

MUST KEEP DIARIES.
Officers commanding overseas units of the Canadian expeditionary force in training in Toronto military district are directed by their superiors yesterday to keep monthly war diaries. The diaries will be prepared dating from March 1, 1918. They must be kept in the form of a continuous narrative and must be forwarded to military headquarters not later than the tenth day of each successive month.

Government Now Said to Favor Federal Solution for Ireland

London, June 21.—The speech of Earl Curzon in the house of lords last night in regard to the Home Rule bill in parliament as an admission of a breakdown in the government's Irish policy, and it is believed that his speech will lead to the introduction of a home rule bill.

It is understood the government now favors a federal solution of the problem, which will be applicable also to Wales and Scotland. Premier Lloyd George has consented to meet a delegation from all parties in both houses of parliament desirous of setting up a commission to draft such a federal scheme.

AUTO TURNED TURTLE.
Party of Women From Woodstock Had Narrow Escape From Death.

Woodstock, June 21.—An auto party from the city had a narrow escape from death or serious injury a few miles west of the city last night. Mrs. E. Blair, accompanied by Miss E. Sharen and Miss F. Henderson, were returning to the city when their car turned turtle. Mrs. Blair escaped with a sprained ankle and severe bruises, while the other members escaped unscathed. The car was considerably damaged.

OBITUARIES

MRS. JOHN MYERS DEAD

Mrs. John Myers, late of Stratford, died yesterday at the residence of her daughter, Mrs. G. A. Powell, 37 Warren road, at the ripe old age of 94. She took an active interest in everything up to the time of her death, particularly in knitting for the soldiers. In the last two years Mrs. Myers knitted more than 100 pairs of socks. Ellen Harrison was born in Leeds, England, in 1824. After her marriage to John Myers she came to Canada, where she resided for 62 years. She had four children, three of whom are living: B. H. and John, of Stratford, and Mrs. Powell, of Toronto. For many years she was a member of Central Methodist Church, Stratford, to which city the remains will be taken for burial.

LATE THOMAS LANGTON.

The late Thomas Langton, who died suddenly at his residence, 54 Binscarth road, was born in Toronto in 1837. He was the eldest son of the late Thomas Langton, boot and shoe merchant. His first wife, Florence McDonald, left three children: Thomas, of Stratford; Walter McDonald Langton, flat battery, and Vera Langton, now of New York. Three sisters also survived: Mrs. R. H. Sargent, Mrs. E. A. Agar and Miss Edith M. Langton, and two brothers, Lieut. Col. J. G. Langton and W. J. Langton of Dominion Transport.

THE WOMAN WHO CHANGED

BY JANE PHELPS

An Unpleasant Ride.

CHAPTER CXIV.

We started out in high spirits. George seemed almost as pleased as I was to go. I chatted and laughed with all the women I had with me, and was exhilarated by the swiftly moving car, and the fresh air. I had carefully pinned my veil before we left the restaurant so that my hair would not blow and look untidy, and so win me a reprimand from George, who had very little patience with straggling locks.

When we reached the town George proposed I wait for him in the parlor of the inn. I gladly consented. Like all women I had powder, etc. in my hand bag. I would freshen up a little while waiting. He had said something about having a bite before we started back, as it would be quite late when we reached home.

I bathed my face and hands, then rearranged my hair, and brushed my clothes. George said I didn't look as well as when I had first started out, and he said it in such a complimentary tone that I blushed with pleasure. He wanted to start home at once, but I had to finish my "bite," which consisted of a club sandwich and a bottle of beer. I persuaded him to wait a moment while I finished my "bite," and it was such a pretty place.

"We had not gone far on our way home when a most terrific thunder-storm came up. I never had been there, and it was such a pretty place. We had not gone far on our way home when a most terrific thunder-storm came up. I never had been there, and it was such a pretty place.

"It is all your own fault," George said. "I never had been there, and it was such a pretty place. We had not gone far on our way home when a most terrific thunder-storm came up. I never had been there, and it was such a pretty place."

A MILD STIMULANT

WHEN you're tired, hot, thirsty and on the verge of an attack of the blues—that's the time your system calls for, and needs, a mild stimulant. A cool, refreshing drink of something to buck one up, re-liven the jaded nerves and restore the old pep.

O'Keefe's Imperial Brews are delicious and invigorating. Any member of the family can drink them with relish and benefit. Made under the most cleanly conditions, and by absolutely sanitary processes, Imperial brews are superior to any other similar brews on the market and are as close to the old famous O'Keefe's beers as experienced brewers and exceptional facilities can make them under the Government's regulations.

Ask for Imperial beers at hotels, restaurants, or order by the case from your grocer.

O'Keefe's—"O.K." Brand and York Springs Ginger Ales on sale at all hotels, restaurants and refreshment stands.

THEOSOPHS DISCUSS THE HOUSING PROBLEM

A good gathering of members attended the meeting of the labor problem group of the reconstruction group of Toronto Theosophical Society in Foresters' Hall last evening. Mr. Glen occupied the chair. A discussion took place upon the housing situation and how best it could be met in Toronto. Mrs. Flora McDonald Denison, quoting from an article in a local paper, which spoke of the slummy condition of the ward, and the conditions under which little children were living in this part of the city, expressed the opinion that such conditions were a disgrace to the country, and that the question of housing should be one of the first suggestions were invited by the chairman upon the function of labor unions, and Mr. Smyth spoke briefly of the housing problem, which was afterwards discussed by all present.

NOMINATIONS MONDAY IN TWO LOCAL RIDINGS

The nomination for Northeast Toronto will be held at Cumberland Hall, corner Cumberland and Yonge streets, on June 24, between the hours of 12 noon and 3 p.m.

The nomination for East York will be held at Snell's Hall, corner Gerrard and Main streets, on the same date, between twelve and two o'clock.

The boundaries of Northeast Toronto are:
East—A gift already prepared, I could find to give my little namesake. Surely when a baby was named after one it was one's duty to remember the child more lovingly than just an ordinary baby would be remembered. "George would not like me to have children, I can see that," and a queer little lonesome shiver ran over me. The next day I could hardly eat my breakfast. I was in such a hurry to get over and see the baby—my namesake. It seemed to me that George never had killed so over his breakfast, that he never had been so hard to please. His egg was not cooked right, and he had to have another one. By that time his coffee was cold, and that had to be sent back and heated. I fidgeted dreadfully, and he noticed it. I was sure, the he said nothing.

"He's doing it purposely, I thought, he doesn't like babies, and I have sympathy with my desire to be with you." The moment he left I rushed to my room, changed to a street costume and almost ran over to Evelyn's. She looked so proud, so happy it almost made me cry. And her mother-in-law spoke so beautifully to her and of the baby that I was sure all her troubles in that direction were over. But the climax of my joy came when the nurse brought the little pink bundle in and let me hold her. "Baby Helen," Evelyn said with a smile.

I wonder if I could explain the heartache I had as if I thought I never shall have a baby all my own. Because I mustn't lose George, and I can't keep him and have a baby, too. I know I couldn't explain, so I shall not try.

Monday—An Embarrassing Situation.

BARRISTER ARRESTED ON CLIENT'S CHARGE

George C. McCullough, a lawyer, living his address as 14 Wood street, was arrested last night by Detective Cronin, of the detective office, on a charge of theft. The complainant is Frank Hammer, of Warton. The charge is thought to have arisen over some transactions McCullough had in hand for the complainant. McCullough is married and is 32 years of age. Bail was set at \$500. He will appear in the police court this morning for a preliminary hearing.

RUBE MARQUARD PUZZLE TO GIANTS

Just Two Hits Off Former New Yorker, When Dodgers Win.

At Brooklyn (National)—Brooklyn defeated New York yesterday, 1 to 0, in a game in which only 28 New York batters faced Rube Marquard, and only two were credited with hits. Brooklyn's lone run was made in the seventh, when Olson bunted safe, was advanced on Daibert's infield hit and reached home on a wild throw by Zimmerman.

The score—R. H. E. New York 0 0 0 0 0 0 0 0—2 1 Brooklyn 1 1 1 0 0 0 1 0—1 3 Batteries—Salley and Hardin; Marquard and Miller.

At Pittsburgh—Pittsburgh defeated Chicago, 3 to 1 yesterday thru the timely hitting of Fred McLehman, who in three times at bat with men on third, singled twice and the third time pounded out a long sacrifice fly to right field, thereby chasing in the runs. Steele kept Chicago's hits scattered until the 9th, when the visitors got two but Steele struck out the last man. Tyler was hit twice in each of three innings.

Chicago 0 0 0 0 0 0 0 0—6 3 Pittsburgh 3 0 0 0 0 0 0 0—1 0 Batteries—Tyler and Killifer; Steele and Schmidt.

At Philadelphia—Stock's terrific batting and brilliant fielding featured Philadelphia's 10 to 4 victory over Boston yesterday. The visitors got away to a three run lead, but Cravath's home run with Luders at bat tied the score and in the fifth inning Stock's circuit drive, also with a man on base, put the locals ahead. In the ninth, after Powell doubled, Main hit a batsman and passed three and Geschger was called to the rescue. A great stop by Stock ended the game with the bases full. The score—R. H. E. Boston 0 0 0 0 0 0 0 0—3 10 1 Philadelphia 3 0 0 2 0 2 3—10 16 0 Batteries—Diputin and Wilson; Main, Geschger and Burns.

At St. Louis—St. Louis beat Cincinnati, 12 to 6. Gonzales led the attack for the home team with a home run, two doubles and five singles in five times at bat. It was Snyder's last game with the Cardinals as he departs for the national army tonight.

Cincinnati 0 0 0 0 2 1 0 1—3 11 10 St. Louis 12 0 1 1 0 0 0—12 20 1 Batteries—Toney, G. Smith and H. Smith; Meadows and Snyder.

MAYS REPEATS AGAINST MACK'S LOWLY TRIBE

Allows One Hit to Philadelphia for Second Time This Year.

At New York (American)—After a staff by Milan permitted New York to tie the score on Washington with two out in the ninth inning yesterday, the same player drove in the winning run for Washington in the thirteenth, the visitors winning the third game of the series by a score of 2 to 2. Shotton opened the thirteenth with a single and Foster reached first base on a fielder's choice. Morgridge then relieved Russell, and Judge forced Shotton at third. Milan's single then scored Foster. Johnson's pitching featured. Only five singles were made off him, two being scratches. New York scored both its runs on errors. It was Johnson's twelfth victory over the season. Score—R. H. E. Washington 0 0 1 0 0 0 0 0—3 8 2 New York 0 0 0 0 0 1 0 0—2 5 8 Batteries—Johnson and Ansemith; Russell, Morgridge, Love and Hannah, Walkers.

At Boston—Boston shut out Philadelphia, 12 to 0 yesterday. It was the fourth scoreless game in as many contests, each club having won two. Mays again held his opponents to one hit, a topped hit ball down the pitching path, which Mays was slow in fielding. On April 15 he made a similar record against the same club. Adams was hit hard, Shean leading in the batting with four hits out of five times at bat. Score—R. H. E. Philadelphia 0 0 0 0 0 0 0 0—1 3 15 2 Boston 12 0 0 0 0 0 0 0—13 15 2 Batteries—Shean, Adams and McAvoy and Fortin; Mays and Schanz.

THE PRES. RETURNS AFTER STILL HUNT FOR PLAYERS

The president arrived home last night for a still hunt for ball players. His bag consisted of Duke Reilly, outfielder, also cap O'Neil, catcher, from Nashville of the defunct Southern League. The president says McGraw has an option on Hap. That is Hap's reputation, Ida told you about the Duke. The president says the Leafs will retain two catchers only, and that one, the worst, will get the can. A guessing contest will be started as to which is the worst. Ida L. Webster offered the prize to the winner, the donor being barred. The president verified the report that Crable had been shot to New York. He had also seen in the press that George waved and scooted to the Bethlehem Steel League. Joe Wagner did not play on Thursday because he visited his wife at their home somewhere near Jersey City. The Leafs play today at Newark and double-header tomorrow, also at Newark. Monday is an off-day, and then the boys start another home series Tuesday with Binghamton.

TODAY'S LINE-UP FOR SPORT LOVERS

All the Pleasures of the Sporting World Are on Tap in Toronto.

By Ida L. Webster.

Every sport-loving citizen in Toronto will have a chance to gratify their sporting spirit with whichever sport they happen to enjoy best, because today there are good exhibitions of every known summer sport, and in fact, if the weather continues as it is at the time of going to press, there is no reason why a good game of hockey should not be staged. The knowledge that Hockey Specialist O'Donohue is in town should make it even easier, besides your grand Jerry Laframme, is around somewhere, and it is a safe bet that he would be only too glad to oblige any of his admirers, because the Captain Jerry is a corking baseball fan and heaver; yet his heart remains true to his first love.

The Military League affords some excellent games of football, and this diversion should not fail to take a look at them, because we are giving it to you straight when we say that the soldier boys know how to play the game, and if they are in your precinct, go over and give them the once-over. You remember what we said about Penfold—well, when you see him pitch, you will be even more enthusiastic, and the same line holds for others who are more than worth an afternoon's wait. The Deuts are playing around the city somewhere—you will find the location under another heading on this page—and they have a cracking good team, and one of which Jerry may well be proud, and he has the same manager of it; but every club in the league is going along nicely, and any of them are well worth a look.

SOLDIERS' GREEN FORMALLY OPENED

Rain Could Not Dampen Ardor of Bowlers at College Hospital Grounds.

The weatherman couldn't dampen the enthusiasm of the returned soldiers at College Hospital yesterday, although the rain continued throughout the afternoon. It was the occasion of the formal opening of the soldiers' bowling greens, which have been constructed by the lawn bowlers of the city at the military hospital.

Thomas Rennie was chairman of the gathering, which assembled in the hospital auditorium. He invited the soldiers to get their rinks together and enter one or two teams in the Granite tournament commencing next Saturday, June 22. It would not surprise the chairman to see teams of returned soldiers figuring in some of the large trophy competitions throughout the season.

BEACHES VS. INDIANS AT OAKVILLE TODAY

The Beaches Lacrosse Club, who are playing an exhibition game in Oakville today against the Leaside Indians, at the returned soldiers' picnic, will leave the city at 10:30 a.m. for Oakville, where they will arrive at 1:30 p.m. All players and supporters who are counting on making the trip are requested to meet in front of the station not later than one o'clock.

AIRPLANE VS. CAR AT EXHIBITION TRACK

An unexpected headliner for the Sportsmen's Patriotic Association motor race meet was clinched last night when Miss Ruth Law, the famous aviator, agreed to race Gaston Chevrolet, the French speedway king, five miles at the Exhibition track, June 22, in a special racing car. When Miss Law heard that Chevrolet was coming here to race at the meet she wired from Bradford, Pa., challenging him to a race for \$500 a side. Miss Law's car was wired and he immediately accepted on condition that the S.P.A. put up a special prize. This was arranged and now all that is necessary is for the details of the contest to be worked out. Chevrolet beat Miss Law in a five-mile event at Milwaukee last fall.

JOHREN IS CHOICE FOR LATONIA DERBY

Seven of America's Best Three-Year-Olds Slated to Start. Latonia, June 21.—Seven three-year-olds, reputed to be trained to the minute for the grueling route of one mile and half, are slated to start in the thirty-sixth running of the Latonia Derby tomorrow. According to the announcement tonight, the horses that are almost certain starters, their weights, owners, trainers and probable jockeys are: Horse. Weight. Jockey. John. 127. F. Robinson. Free Cutter. 122. W. Knapp. American Eagle. 122. D. Connelly. Aurum. 122. E. Sano. Hollinger. 122. L. Gentry. Major Domo. 115. J. McCabe. Star Bealm. 115. J. McCabe. From all indications tonight Johren will rule a heavy favorite, for, in the opinion of horsemen, the winner of the Suburban and Belmont Handicaps, stands out as the most seasoned animal and one who is known to be able to go a long route with weight up. With indications pointing to showers during the night, those who pinned their faith in Extremator when he won the Kentucky Derby are claiming that his victory in that event will be repeated here if the track is heavy. The western contingent are pinning their faith in Free Cutter, George Long's entry, and American Eagle, and both having substantial backers. The other horses go over the top, Jeff Livingston's contender. In a conceded to be a serious spring, and the Kentuckians are insisting that Kentucky will pull down the honors. Both Hollinger and Herald have raced well this spring, but both are owned by the same party.

WIFE AND LOVER CAUGHT IN DETROIT

Returned Toronto Soldier Had Forgiven Her Fault Once Before.

Now Discards Her

Found First Time by Accident, and Second Traced by a Detective.

Detroit, June 21.—Invalided to Canada after three years' service overseas, William Angus, a machine gunner, attached to the 1st Battalion, C. E. F., who participated in the battles of Ypres, the Somme, Vimy Ridge and the memorable assault at Passchendaele, returned to his home in Toronto and found his beautiful young wife had eloped with David Reynolds, a neighbor, taking with her Angus' infant son.

Upon information supplied by neighbors Angus followed his wife to Detroit, but after two weeks' search was about to give up the chase. While walking in Cadillac square one afternoon Angus was struck to hear a childish voice calling, "Papa, papa! Oh, look! It's papa!" He wheeled about and a little boy, about 5 years old, ran into his outstretched arms. Near by were Mrs. Angus and Reynolds, but the man took to his heels. The recent wife then approached her husband, and the trio went to police headquarters, where with the assistance of a detective inspector they patched up their troubles, and next day Angus took his wife and baby back to Toronto.

Again joined Reynolds.

Two weeks ago, Mrs. Angus requested permission to return to Detroit and take a position. The husband assented and bought her a ticket. Mrs. Angus took the little boy, promising her husband she would write immediately upon her arrival. Angus waited a week, but heard no word. Several days ago he came to Detroit and enlisted the aid of a private detective agency, who located the woman in Toronto, among the horses shown in this lot is the pure white Arabian stallion that President Wilson led in the first Liberty Loan drive in New York. Then there is the Darling Circus, composed of trick horses and comedy animals. The musical program for today and Sunday will be furnished by the 4th Highlanders Band, under the direction of Lieut. John Slater. Ferries will leave the ferry docks every few minutes.

GIRLS SATISFACTORY AS ELEVATOR WORKERS

New departures for women are coming into existence every day. One of the latest is that of elevator operator, and the first large store to take the initiative in substituting girls for men is the Murray-Kay establishment on King street.

"The men get quite impossible," said Mr. O'Connor, manager, in speaking of this novelty in the matter of employment for women. "The girls have now been on three weeks, and are giving great satisfaction. They are obliging and capable and have the knack of stopping the elevator at the right time."

"Will they get the same pay as the men?" asked the news gatherer, the answer being that in a very short time they would. As a matter of fact the girls are getting now, even after but a few weeks' service, within a dollar or two of what the men were receiving.

The girls start to operate the elevators with the opening of the store at 9 a. m. and their work is "relief," when those first on get each a half-hour off. The third girl also relieves the others while they are at luncheon. From the customer's point of view, the girl on the elevator gives an impression in the right direction. Her appearance is pleasing and this, together with politeness and attention to business, ensures success.

The uniform worn by the girls is of brown cloth smart and neatly tailored. A skirt and closely fitted coat of medium length compose the two-piece uniform. The hands of the girls are protected by brown kid gloves. All indications point to a continuance of the initial success of the experiment.

HANLAN'S POINT.

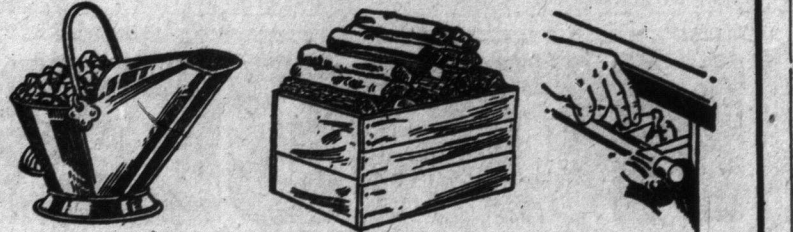

A host of attractions will welcome the visitor for this week end at Toronto's favorite amusement resort, Hanlan's Point. Besides the usual concessions which are offered, there are the Duttons, society equestrians. This is the prettiest act of high school horses that has ever been exhibited in Toronto. Among the horses shown in this lot is the pure white Arabian stallion that President Wilson led in the first Liberty Loan drive in New York. Then there is the Darling Circus, composed of trick horses and comedy animals. The musical program for today and Sunday will be furnished by the 4th Highlanders Band, under the direction of Lieut. John Slater. Ferries will leave the ferry docks every few minutes.

MUSIC ON CURRICULUM.

To place music on the curriculum of Ontario high schools will be one of the first moves of the new minister of education, Hon. Dr. H. J. Cody. It is said that Ontario is the only province in Canada in which the subject is not taught in the high schools.

REGISTERING INVALIDS.

Mrs. H. D. Warren, president of the Toronto Patriotic League, will assist in registration today. She will go to homes of invalids where it is necessary to do so.

Other officers re-elected are: First vice-president, Mrs. L. C. McKinney, M.L.A., of Clarendon, Alta., recording secretary, Mrs. W. Brown of Toronto; treasurer, Mrs. J. Mador of Montreal; "Y" secretary, Miss Florence Edwards of Carleton Place; L.T.L. secretary, Mrs. Adam McLachlan of Hamilton; editor of The Bulletin, Mrs. Blanche Read Johnston of Barrie, Ont.

WELL SATISFIED WITH BABY'S OWN TABLETS

Once a mother has used Baby's Own Tablets for her little ones she will use nothing else. Experience teaches her that the Tablets are the very best medicine she can give her baby. They are a gentle laxative; mild but thorough in action and never fail to banish constipation, colic, colds or any other of the many minor ailments of childhood. Concerning them Mrs. J. Bis, Charest, St. Leon, Que., writes: "My baby cried continually and nothing seemed to help her till I began using Baby's Own Tablets. These Tablets soon set her right and now I would not be without them." The Tablets are sold by medicine dealers or by mail at 5 cents a box from the Dr. Williams Medicine Co., Brockville, Ont.

COST OF ELECTIONS.

A. H. Birmingham Tells of Necessary Preparations.

A. H. Birmingham, secretary of the Unionist Association for Ontario, has issued a statement showing the estimated cost of an election in either the constituency of Northeast Toronto or East York.

Estimating that 50 per cent. more polling booths than for any former election would be required in Northeast Toronto, and excluding the fees to returning officers and to the voters' registration board, and the cost of printing lists and ballots, Mr. Birmingham puts the cost of an election under existing conditions at \$9,800. He places the total cost of an election at least \$12,000. His figures for East York are somewhat lower, but would reach a grand total of \$9,000 at the least, including all necessary expendi-

"A Doll's House."

Elsie Ferguson has an exceptional role in her latest production, "A Doll's House," which opens a week's engagement at the Allen today. This picture is a screen version of the famous novel and play by Henrik Ibsen, and tells the story of a doll-wife, whose character, when trouble threatens, undergoes a strange transformation. The role is one that taxes Miss Ferguson's skill to the utmost, but she has been equal to its requirements, the result being a portrayal that will enhance her fame and popularity. A Judge Brown story, "The Lost Lie," and a Burton Holmes travelogue, "Going to Halifax," make up the balance of the program.

REPAIRS PROMISED FOR UPPER YONGE

Board of Control Will Be Asked to Provide the Money.

Upper Yonge street from the C.P.R. crossing to Merton street, which is a main thoroughfare for motorists and drivers of other vehicles will be repaired, and at the same time the Board of Control will be asked to provide the necessary money. The condition of the roadway has been the subject of numerous complaints, particularly from ambulance drivers coming from the aviation camps, who say that wounded soldiers have had their wounds re-opened by reason of the holes and rough condition of the road.

Commissioner Harris told the committee on works yesterday that he was aware of the condition but could do nothing because of lack of funds. Now, however, the controllers will be asked to provide the money.

Question of Newsstands.
The Bowles Lunch Co. wrote opposing the erection of a newsstand at the corner of Queen and Bay streets, on the ground that it would cause a nuisance, and was also unjust to a nearby news store.

The applicant, said Controller McBride, was a returned soldier, but he had the use of his legs and arms, and should engage in some other occupation. Incidentally the selling of newspapers on the streets was being considered by the police commissioner.

Ald. Ball said such privileges had been extended in the past. He moved to have the application granted.

All F. M. Johnston would leave all applications of this kind to the city officials.

"We should get the idea out of our minds that the city should look after the returned soldier," said Ald. Ramsden. "That is a government matter."

The committee decided to leave the application over, and in the meantime Commissioner Harris and the police commissioner will report on the proposal to take over the supervision of all newspaper selling on the streets.

"Newsie's" Bank Account.
During the discussion it was stated that a bank manager on a prominent downtown corner was afraid to complain about a boy who had a newsstand there because he had a deposit of \$10,000 in the bank.

Leave of absence on account of illness for an employee in the engineer's department was opposed by Controller McBride because, as he said, this was one of the principles involved in connection with the present trouble between the city and the "Employees Union."

The committee, however, voted down the controller's motion not to extend the leave.

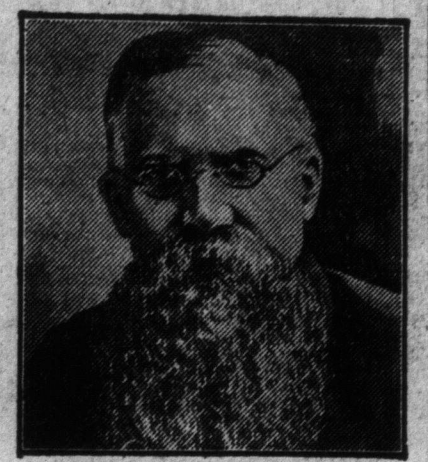

The condition of the Lake Shore, a comparatively new road which has fallen into bad repair was referred to, and Commissioner Harris said as soon as the hot, dry weather came it would be treated with tarvia and he would file up.

DUKE'S TOUR ENDED.
Governor-General and Party Return to Ottawa Today.

The tour of the Duke of Devonshire, Governor-General of Canada, over the Grand Trunk lines during the past month through Ontario will be completed on his arrival at Ottawa today. En route to Ottawa the party are stopping off in Algonquin Park, the famous Ontario Government reserve and playground, for a few hours fishing in Pottery Lake, where the gamiest of small-mouth bass run to a size that delights the ardent angler.

150,000 WORKERS ARE EMPLOYED

Small Army Engaged in Work of Registering the Residents of Canada.

Twenty-five thousand booths, scattered throughout the country, and manned by one hundred and fifty thousand workers, will be open from 7 a.m. until 10 p.m. on Saturday, 22nd June, for the purpose of registering the man and woman power of the Dominion. It is estimated that there are 5,000,000 persons in Canada, who will come within the provisions of the legislation. If these 5,000,000 were divided evenly among the 25,000 booths, each booth would be required to take care of 200. And if the 150,000 workers were divided evenly among the booths there would be six in each. And each worker registering his or her share of the booth's allotment, on the basis of six minutes to each visitor, would be required to work steadily for nearly five hours in order to complete the job. It is impossible to provide for such an even distribution of booths, workers and registrants. Fewer than two hundred will visit the great majority of booths and some booths will be visited by considerably more than two hundred. Moreover, many people will take up more than six minutes in registering; eight, ten or even twelve minutes will sometimes be required to get all the questions answered satisfactorily. It is obvious, therefore, if everyone waited for the last day there would be endless confusion.

PLAYS PICTURES AND MUSIC.

"A Gentleman From Mississippi." Owing to the decision to repeat "Mr. Barnum," the comedy of circus life, which is the attraction offered by Edward H. Robins at the Royal Alexandra, for one more week, commencing Monday evening, the attraction which has been advertised, "A Gentleman From Mississippi," will not be presented until the week of July 1. "Mr. Barnum."

Edward H. Robins has achieved some notable successes during the four seasons he has been at the head of his own company. The submarine scenes and battles which form one of the most interesting features of "Civilization," Thomas H. Ince's film spectacle which is to be shown at the Grand next week, were actually made aboard real sea sharks of Uncle Sam's navy. It was thru the investigation of J. Parker Road, Monday evening at the Royal Alexandra with the Robins Players in support of Thomas A. Wise. Shea's Hippodrome.
A phase of life which is little realized and which seldom, if ever, comprises the basis of a dramatic production is shown in Henry B. Walthall's latest production, "With Hoops of Steel," which will be shown next week at Shea's Hippodrome. The Corn Cob Outcrop, a European musical organization, the feature vaudeville act, will offer a popular selection of melodies. Kennedy, Sheridan and Day, "The Honey-mooners," are sure to be a big hit with their singing and spontaneous humorous chatter. Grace and Turner will introduce an original comedy juggling act, "Fifteen Minutes on Futurist Street," and Taber and Claire, "The Girls from Songland," will present a singing and dancing act of unusual variety and merit. Ketchum and Turner, in a delightful playlet, "Easy Money," Rose and Bell, in character songs and dances, and the Pathe News pictures, will be on the same bill.

Loew's Theatre.
William Farnum, the Hercules of the screen, appears as a young farmer in "The Heart of a Lion," which will be shown next week at Loew's Theatre and Winter Garden. The story, adapted from Ralph Connor's famous Canadian novel, "The Doctor," shows the star, disappointed in love, seeking solace in the Canadian West, where he meets a rough lumberjack, "the bad man of the camp," who is an enemy of his (Farnum's) brother, who conducts religious services in the camp, the latter character being taken by Wm. Courtleigh, Jr. An all-star vaudeville bill will introduce the Seven Novel instrumentalists in a delightful instrumental revue, as the outstanding feature. The Dolce Sisters interpret plantation melodies with delightful effectiveness; while the Three Rianos has a laugh-provoking eccentric acrobatic turn; Swain's troupe of educated cats and rats, furnishing good fun for the little folk; Coleman Bros., in lively songs and chatter; Thornton and Thornton, the quaint entertainers; the "Mutt and

Perhaps you have observed that we seldom feature any one detail of design or construction in a Maxwell Motor Car.

There is a reason for that.

In a product where excellence is uniform, there is no opportunity—no temptation—to emphasize any one feature, to the exclusion of others.

Today there are more than 250,000 cars of this same model in use.

For five years it has been manufactured in practically its present form.

If there ever was a weak link in the chain, it was long since strengthened.

But there wasn't—from the first this proved to be a wonderfully reliable, exceptionally economical and altogether a most satisfactory automobile.

Special features are all right.

It is permissible, of course, to emphasize any advantage a car may possess over its rivals.

But in the case of this Maxwell we feel the strongest thing we can say is that it is just as good at one point as at another—good all over and all through.

In a word, featureless—a standardized, dependable motor car.

You can't go wrong when you select a Maxwell Motor Car for yours.

250,000 other careful buyers and experienced motorists endorse your judgment.

Jeff animated cartoons, and Loew's weekly and comedy pictures complete the bill.

Gerard's Famous Story.
As the day of its appearance grows nearer, interest grows apace until now everybody is talking about the wonderful picture at the Regent next week, "My Four Years in Germany," by United States Ambassador James W. Gerard. It is no wonder that Toronto is interested. The strange thing would be to find no interest in a story of this calibre. It is true. It is based on facts. It exposes national secrets that Germany never intended would be exposed. It shows life in the German prison camps. It places the shame where it belongs. It shows the officials as the beasts they are. It demonstrates and reveals the confidence placed in ruthless U-boat warfare. Altho in every other city seat prices have soared and been scarce at that, the Regent brings this amazing film at absolutely no advance in prices. It is a picture that must be seen.

At the Strand.
Today will be the last day for seeing "Believe Me, Xantippe," with Wallace Reid in the leading part, at the Strand Theatre. For the first half of next week, the headliner will be "With Neatness and Dispatch," one

CRITICIZE REFUSAL TO ADMIT PRESS

It was pointed out yesterday by several members of the G. W. V. A. that the determination of the Y. M. C. A. to refuse the press admission at the conferences between the two bodies in reference to the allegations made by the G. W. V. A. at Hamilton, was indiscreet and unwarranted. It was stated that the Y. M. C. A., having nothing to hide from the eyes of the public, should have no hesitation in allowing the press access to these meetings. On the other hand, there were those who agreed that Mr. Wood was correct in his estimation that things might be said which would not be in the public interest. "I think you will recall that we have had similar occasions within our own meetings, and there is no denying that one unwhitting speech may destroy the good emanating from all the others if allowed to filter to the public," said one in the course of conversation.

The next conference between the representatives of the two organizations relative to the resolution passed at the provincial convention of the G. W. V. A. against the Y. M. C. A. will be held at the board room of the national council of the Y. M. C. A. on Monday, July 8.

William Blane, 380 East Dundas st., a driver for Peter Brothers, bakers, was slightly injured about the head and shoulders yesterday when a motor truck driven by William Payne, 207 Jones avenue, struck the bread wagon while it was proceeding south on Brock avenue. The slippery condition of the pavement is thought to have been the cause of the accident. The bread wagon was badly damaged by the force of the impact.

GOVERNMENT FISH BEING EXPLOITED

Over One Hundred Per Cent. Profit Being Made by Some Dealers.

Profits of over a hundred per cent. are being made by certain fish dealers or handlers who are purchasing government fish here and selling it across the border. A number of cases of men who have bought government fish in fairly large quantities here at the low minimum figure fixed by the government, and who have sent it to the nearby American markets, where they can obtain much better prices, have been brought to the notice of the provincial chief game warden.

One local fish dealer enquired from the game warden if he could be supplied with large quantities of fish, as he knew how to dispose of it "before it could spoil." He was told that care would be taken that he received such quantities as he could easily sell on the local markets without any danger of any serious loss. The chief game warden was convinced that the dealer in question simply wished to secure a sufficient quantity of fish to enable him to send it across the border, where he could obtain prices nearly 100 per cent. higher than were paid in Toronto.

MacGee, it was stated, is also being purchased in large quantities by the same dealers and disposed of in a similar manner at a huge profit.

As evidence of the tremendous profits made by these dealers it was pointed out by the game warden that whitefish, which could be purchased here at 11 cents a pound wholesale, was retailed in Detroit at 30 cents a pound. The retail price here was 15 cents whole and 17 cents cleaned and cut.

Necessary measures will be taken to prevent any dealers attempting to buy large quantities of government fish for

SUDDEN DEMAND FOR STEAMSHIPS

Stock Active and Strong in Toronto Market — Brisk Dealing in War Loans.

Activity in Steamships was the most conspicuous feature of yesterday's dealings on the Toronto Exchange. Trading was on the broadest scale of the week, amounting to \$80,000,000 in steamships and \$100,000 in bonds.

Also movements in Steamships usually have their origin in Montreal. It was observed that relatively little of the stock changed hands there yesterday, while \$10 shares came out on the Toronto market at from 40 1/2 to 45 1/2, the closing quotation showing a gain of 1-1/2. This has been noted later regarding the prospect of Steamships, common, being placed on a dividend basis, and the sudden demand for the stock is not explained by the fact that the price of the stock weakened to 107 1/2 at the close, and Steel of Canada, after making a high of the moment at 47 1/2, receded to 47, at which level it was held no net change from Thursday. Brazilian was 1-2c higher at 24 1/2, and Camero at 60 1/2. Dominion Iron at 61 1/2 was off 3/8c.

In the war loans, there was brisk demand for the first issue in which connections amounted to \$7,500,000, the closing price of 95 3/8c showed a dip of 1-1/2c. The other issues were unchanged.

ROYAL BANK MAKING LARGE GAIN IN ASSETS

Increase in May Nearly \$7,000,000 — Deposits Pile Up.

The May statement of the Royal Bank of Canada shows the substantial increase of nearly \$7,000,000 in total assets of the bank on May 31, when they stood at \$45,000,000, compared with \$38,000,000 on April 30th. Deposits increased more than one and a half millions from \$190,174,715 to \$200,749,000, and in circulation increased from \$26,520,997 to \$27,322,768. Acceptances under letters of credit were down from \$4,242,215 to \$4,574,257.

Cash on hand and in banks increased in the month from \$60,200,270 to \$61,474,492 and deposit in central bank reserves is up half a million at \$15,000,000. Government and municipal securities advanced from \$36,442,710 to \$37,509,720, and railway and other bonds are up nearly half a million. Call loans in Canada increased from \$10,758,067 to \$11,171,750 and elsewhere in Canada from \$13,800,203 to \$20,542,182. Loans and discounts are up from \$162,104,553 to \$164,558,265.

STEEL PLATE MILL TO BE BUSY FIVE YEARS

President Workman of Dominion Steel Pleased With Outlook.

Montreal, June 21.—Dealing with the Dominion Steel Corporation's undertaking to erect a steel plate mill for shipbuilding purposes, President Mark Workman said that the company is making every effort to have the mill in operation well within the eighteen months specified. He says that the government contract affords the company a certainty of satisfactory disposition of a portion of their output for five years from the date the mill commences operations.

Mr. Workman states that this agreement or contract is the most important transaction the company has negotiated since its inception, as it gives the assurance of an outlet for a large portion of their output during a period of great uncertainty.

UNION BANK CHANGES IN STAFF ANNOUNCED

F. W. Ashe of London is Transferred to Toronto.

Winnipeg, June 21.—F. W. Ashe, manager-in-chief of the London, England, office of the Union Bank of Canada, has been transferred to Toronto as assistant general manager. J. W. Hamilton, who recently came to this city from Toronto, is assistant general manager and will continue to discharge his duties.

MONEY AND EXCHANGE.

London, June 21.—Money, 3 per cent. Discount rate, short bills, 3 1/2 per cent.; three months' bills, 2 1/2 per cent. Paris, June 21.—Trading was calm on the bourse today. Three per cent. rentes 99 francs 55 centimes for cash. Exchange on London 27 francs 15 centimes.

I CONSIDER DAVIDSON GOLD MINES AND LAKE SHORE MINES

are two stocks that are due for an advance in the immediate future and should be bought at the present attractive prices.

SEND ME your orders to buy these stocks "at the market"!

M'INTYRE FIRM; HARGRAVES DIPS

McIntyre is Two Points Higher, But Hargraves is Liquidated Freely.

The volume of transactions on the Standard Exchange yesterday was somewhat smaller than on Thursday, but was well above the recent average, more than \$2,000 shares changing hands. The chief contributors to the total were Newray and Hargraves, but whereas the former held firm at 20 on a turnover of 15,500 shares, Hargraves broke under offerings of \$1,800 shares to 4 1/2, and to a half-point lower on Thursday and almost two points in two days. The report that the property will be closed down, as mentioned in The World yesterday, seems to have had a good deal of credence.

The market as a whole presented a spotty appearance, but gains were more numerous than losses. McIntyre attracted attention by a two-point rise to \$1.25. Davidson was freely bought around \$1.25. Developments at Davidson are distinctly favorable, and with willing dividends is not altogether remote even under conditions which are hampering the whole gold mining industry. Lake Shore was also well bought at 28, the announcement that two gold bricks with 500 lbs. of gold were shipped from the mine within the past few days being a bullish influence. Dome was firm, but inactive, 20 shares selling at \$6.75, the closing bid was \$6.50. West Dome made a low on the recent movement at 7 1/2 and Thompson-Krist sold off a point to 5.

Apart from Hargraves, the Cobalt list was fairly steady. McKinley-Darragh was rather heavy at 39, and Mining Corporation at 3.20. Frithewey was firm at 20 1/2. La Rose up a point to 44, and Beaver and Timiskaming unchanged.

GOLD MINES ASSURED OF GOVERNMENT AID?

Form Which Assistance Will Take Soon to be Announced.

Hamilton B. Wills, in his weekly market letter expresses confidence that the Dominion Government will shortly announce measures to afford assistance to the gold mining industry. He quotes a mining man as having said, after returning from Ottawa, that government support was assured and that the mining official in question has advised his mine management to prepare for a speeding up of production. The letter continues: "Whether the anticipated announcement from Ottawa will place a bonus on gold; the cancellation of all taxation; the lopping off of all duties on metal and mill materials, or the supplying of all labor necessary to operate at full capacity, I am not in a position to definitely state, but I feel positive the minds of the government officials are already made up and their decision will be eminently fair and entirely favorable to the gold mines of northern Ontario. Such an announcement may confidently be looked for almost any day now, and following such a rebound upward in market values in the gold issues of merit will be recorded."

FIND HIGH-GRADE ON OLD GREEN-MEEHAN

Cobalt, June 21.—In addition to mining a considerable tonnage of low-grade ore at the Green-Meehan property there is also considerable high-grade ore being encountered. Under the present management the discovery of high-grade silver ore at the Green-Meehan was made about the last week in April, in a vein extending to a depth of 245 feet. The vein was found in the diabase close to and running parallel to a diabase-keowatin contact. Since that time considerable lateral work has been done with favorable results, and only last week another vein carrying commercial values is reported to have been found.

LAKE SHORE GOLD BRICKS.

Kirkland Lake, June 21.—This week two gold bricks were shipped from the Lake Shore mine. They weighed 92 and 82 pounds, respectively, according to information just at hand. The value of the shipments is approximately \$45,000, and is taken as conclusive evidence of the satisfactory operation of the Lake Shore mill.

NIPISSING'S STRONG POSITION.

The board of directors of the Nipissing Mines Company has declared the regular 5 per cent. quarterly dividend, payable July 20, to shareholders of record June 29, and reopen July 15. The financial statement of the operating company, as of June 20, shows cash in bank, together with Canadian and United States war bonds, value of bullion in transit, or on hand and in process, and bullion ready for shipment, \$3,475,021.07.

EXTRA VERDE DIVIDEND.

New York, June 21.—Directors of the United Verde Extension Mining Company declared an extra dividend of 25c a share in addition to the regular quarterly dividend of 90c, payable Aug. 1 to stock of record July 3.

NEW YORK STOCKS SELL OFF SHARPLY

Higher Price Schedule for Steel Understood to Have Been Refused.

New York, June 21.—Trading on the stock exchange to-day was marked by pronounced advances and declines, the latter tendency prevailing at the dull close.

Early dealings were very active with a strong undertone, suggesting a continuance of yesterday's belated advance, but by midday much of the improvement was canceled.

The reaction became more general in the final hour. U.S. Steel, for example, falling back two points with corresponding recessions in other industrial, equipment and the war group as a whole.

Forenoon gains of 1 to 3 points among various speculative issues also experienced a sharp reversal before the close, and the standard stocks eased from fractions to one and a half points.

No definite explanation for the setback was forthcoming, other than rumors of the refusal of the war board to grant the request of the steel and iron producers for a higher price schedule.

Further delay in announcing the terms of the Mercantile Marine deal also furnished the short interest with a pretext to exert additional pressure, although shipments were not especially conspicuous at any time.

Rails also lagged, the only noteworthy movement in that group being limited to secondary coalers. Tobacco, oils and utilities displayed little of their recent prominence, and motors yielded moderately with metals. Sales amounted to \$75,000 shares.

Liberty issues again featured the uncertain bond market, trading in the international division reflecting no pronounced trend. Total sales (par value) aggregated \$6,775,000. Old U.S. bonds were unchanged on call.

NEW YORK CURB.

Hamilton B. Wills received the following wire at the close of the New York curb market yesterday: "A very cheerful feeling prevailed in the market today, especially in the oil stocks. The oil sold up to a new high price for this year of \$14. Federal oil advanced to 2 5/8. United Motors was the feature of the industrial, advancing to above \$30. The book value of the stock is still well in excess of its valuing quotations, and earnings are reported to be considerably greater than those of 1917. Burns & McDonnell again today under reported oil buying."

Women Should Make Wills

It is quite as important for women to make their Wills as for men. In either case, it is of prime importance to appoint an Executor who will have the time and ability to do full justice to the Estate. Appointing individuals as Executors is frequently unsatisfactory on account of an individual not having the experience, the leisure or the willingness to properly carry out all the details essential to successful administration.

Act Quickly---Buy Davidson Gold Mines Stock!

Excellent production results are now being obtained. Work has been begun to increase the gold output and development. These are reasons why the shares should experience a sharp advance very soon.

Send Us Your Order to Buy Davidson ---Do it Today F.C. SUTHERLAND & CO. (Members Standard Stock Exchange.) 12 King St. East, Toronto. Phones M. 6204-05.

RESULTS FROM PRODUCTION AND DEVELOPMENT

point to a marked advance in DAVIDSON GOLD MINES SHARES now selling around 32 cents

We Advise the Immediate Purchase of Davidson J. P. CANNON & CO. (Members Standard Stock Exchange.) 56 King St. W., Toronto, Ont. Phone Ade. 3342

BOND DEALERS MEET.

Toronto bond dealers met yesterday for informal discussion with regard to the next Victory Loan, but it was announced afterwards that the proceedings were of a purely preliminary character, as it is not expected that the new loan will be issued before November.

When Production and Development Progress make it self-evident that a mine has a bright future, the psychological moment to buy the stock has arrived.

Davidson Gold Mines is a producer and indications point to this property becoming one of the future big gold mines of Northern Ontario. Davidson shares at the present market price of around 32 CENTS

possess especially attractive profit-making possibilities. Send Us Your Order to Buy Davidson. HAYES, MARKHAM & CO., 108 Bay St., Toronto. Phone M. 1078
