STRONG ATTACKS BY GERMANS FAIL TO RETAKE BULLECOURT

Four Deliberate Attempts Made Tuesday to Recover Lost Ground Result in Repulse and Heavy Casualties for the Enemy.

London, May 15.—The official report from British headquarters issued to-night reads: "Further details concerning the fighting at Bullecourt this morning show that the enemy made a deliberate attempt by a series of strong and carefully concerted attacks, with infantry supported by artillery and trench mortar fire, to drive our troops out of Bullecourt and the section of the Hindenburg line held by us east of the village."

Berlin, via London, May 15.—The Socialist leader, Georg Ledebour, declared in the reichstag today that it was impossible for Germany to win a war of attrition, and expressed the conviction that a revolution must happen in Germany as it had happened in Russia.

NO FEDERAL ELECTION EXPECTED THIS YEAR

Government Is Conciliatory in Attitude Toward Opposition, But Is Determined to Force Extension Thru if Necessary.

Ottawa, May 15.—Neither the prime minister nor his colleagues who have returned with him from overseas, are disposed to discuss Dominion politics. Indeed, they seem anxious themselves for information, and enquire freely about what has happened during their absence and as to public sentiment in Canada on many questions.

While appreciating the passionate desire of all classes to know the government's views, the chancellor plainly declared that he would not permit himself to be swayed by pressure from any source, and that he was not under the spell of any party or clique. The best interests of the nation, he believed, demanded that the reticence he had imposed on himself should be maintained.

The chancellor doubtless desires annexations both in the east and west. With the exception of extravagant visionaries no one believes that Germany can win a war of subjugation. The independent socialists have made an offer which opens up the possibility of peace. This is what the chancellor forgets. It is true that separate peace offers cannot be achieved, but the Russian government can convert the entente and in this direction, he must take up cudgels against the government if he does not want strong words which do the trick even from the announcement of a revolution, to be followed by deeds.

ARMED U. S. STEAMERS ARE VISITED BY KING Lieutenants in Charge of Gun Crews Presented to His Majesty.

Liverpool, May 15.—King George today paid a visit to the American line docks here. Captain Hill, commander of one of the liners, and Lieutenant Stanton L. H. Hazard, U.S.N., were presented to him. The King, during his visit, inspected the American gun crew aboard the vessel and engaged Lieutenant Hazard in conversation for some minutes.

WAR SUMMARY THE DAY'S EVENTS REVIEWED

THE Italians, after months of preparation, have launched their spring offensive, according to official news from Rome. They have begun an attack on the section of the Austrian front between Tolmino and the Adriatic Sea and they have made considerable progress in the Plava area, on the slopes of Monte Cucco, and also on the hills east of Gorizia and Vertebizza.

ITALIANS TAKE THE OFFENSIVE

Considerable Progress Made on the Slopes of Monte Cucco. Rome, via London, May 15.—The Italians took the offensive today. The war office announces that considerable progress was made in the Plava area, on the slopes of Monte Cucco, and on the hills east of Gorizia and Vertebizza.

## GOLFERS! Thursday Will Be Opening Day in Our Golf Supply Section

### Chintz Makes a Big Difference to the Appearance of the Summer Home; Good Qualities and New Designs at 35c and 40c Yard

It's the charm of color in drapery and furniture covering that does so much to make the summer cottage "homey." There is the economical side to the question, too, for old furniture, boxes, and screen frames discarded in the city dwelling can be resurrected and developed into a useful addition for "the little home by lake and wood." And curtains, valances and delightful cushions can be fashioned at small cost with the aid of chintz. This stock at 35c and 40c a yard is English material, firm, strong and in remarkable assortment of figures, flowers, blocks, checks, stripes and leaf effects of small, medium or large size, and there are color effects to harmonize almost anywhere. 30 inches wide. Yard, 35c and . . . . . 40

### New Nets for Neat Curtains, 25c Yard

Materials for the making of artistic curtains to drape at important windows include fancy-border styles with scalloped edges, small and medium size conventional figures, blocks and patterns of flowers and leaves. The grounds are woven of doubled and twisted threads and are a soft finish. Ivory or ecru; 40 inches and 45 inches wide. Yard . . . . . 25

### LEUT.-COL. DENISON IS KILLED IN ACTION

Elders: Son of Toronto Police Magistrate Gives His Life for Freedom.

Leut.-Col. George Taylor Denison, J.C., eldest son of Police Magistrate Colonel Denison, has been killed in action. The official message was delivered to Magistrate Denison yesterday during a session of the women's court, where he was presiding. Leut.-Col. Denison is the sixth of a family to fall in the present war. He commenced his military career early in life, and became connected with the government's general staff shortly after leaving Upper Canada College, where he was educated. At the outbreak of war, he volunteered for service with the Cyclist Corps from this military district. He was sent to England, where he reverted to the rank of major. Upon reaching France he was given a succession of important commands, including the charge of transportation of the 4th Canadian Brigade, but he left these posts to enter the fighting ranks. Leut.-Col. Denison's other son, Leut.-Col. Garnet W. Denison, D.S.O., is also in France with the Royal Engineers. He has a brother, Magistrate John Denison, three grandsons, five nephews, and seven cousins with him. The late Leut.-Col. Denison was a well-known lawyer, having practiced his profession with increasing favor in Toronto, for over 20 years, and was a member of the legal firm of Denison, Miller and Livingston. He was a favorite in the courts and with the police and detective departments. He was 46 years old and leaves a wife and one child at 98 Rusholme road. He was a ward of St. Stephen's Church.

### Commence Trial of Max Katz Charged With Stealing Furs

The trial of Max Katz, who was arraigned before Judge Coatsworth in the general sessions yesterday on a charge of stealing furs from the store of Alexander McKendrick, 1065 West Bloor street, Nov. 5, 1916, and stealing a number of furs, will be continued in court today. Katz was arrested in Detroit.

Louis Edmunds, who was arrested in connection with the same theft, accused of receiving and convicted on that charge, appeared as a witness against the defendant. He stated that he had made four of the furs, children out of the furs in question. He admitted having "jumped" his bail and leaving Toronto in February, but asserted that he had returned to the city and that he was in possession of the furs at the time of the trial.

### MOTION DISMISSED.

Estate Company Refused Order For Inspection of Harris Glue Factory. Master-in-Chambers Cameron at Osgoode Hall yesterday afternoon dismissed the motion of the Harris Glue Estate for an order for inspection by the estate's representatives to inspect the plant of the Harris Glue factory on Danforth avenue. The real estate company is plaintiff in an action against the Harris company and the estate. The court held that the estate's representatives have no right to inspect the factory building to obtain evidence to uphold their contention that the small nuisance is largely due to the negligence of the defendants. The master thought that it was not necessary to order the inspection of the factory.

### WILL TAKE UP MATTER OF OLEOMARGARINE

A meeting of the British Imperial Association was held last evening in the Earlscourt Public School, President J. R. MacNeil presiding. The matter of oleomargarine, a memorandum for Earlscourt, and a training ship for boys on Lake Superior were discussed. W. Russell strongly advocated that the government take up the matter of the sale of oleomargarine through the Dominion, as in his opinion, it was a good pure food and cheap in price. It was decided not to pass a resolution until a public meeting was called to discuss both sides of the question.

## Studebakers for London

When the London, Ontario, Fire and Police Departments wanted motor car equipment that could be counted upon for plenty of power and motoring efficiency, but economical in operation, they chose Studebaker cars.

They made an exhaustive investigation of the leading makes of American and Canadian cars. Their selection of Studebaker—the foremost Made-in-Canada car—came only after a comparative test of the relative merits of each make.

The Studebaker is economical in operation, due to its splendid quality, reducing maintenance costs to a minimum. In ratio to power the Studebaker is one of the most economical cars on the market in its consumption of gasoline.

If economy, as well as power, is a consideration with you, too, follow the example of the London officials and thousands of other motor-vehicle buyers.

Let us show you the Studebaker's splendid power and easy-riding comfort.

### BRITAIN'S DEMOCRACY

Home Circle No. 37 Hares Address and That of Great Britain and the United States. "Already the newspapers in the United States are beginning to understand the democracy of England, and if this becomes general, it will lead to a better feeling on the part of the United States towards the British Empire," stated J. R. Roaf in the course of an address before the Home Circle No. 37 in the Foresters' Building last evening. He spoke of two lines of democracy, the British Empire and the United States, and pointed out that the term king and emperor is more suited for the British Empire as there are millions of the members of our empire in Africa and India who understand these terms, but who would not understand that of president. He said when the people sing "God Save the King," they are really acclaiming the government of the people as the government is of the people, and he pointed out that the form of government of the British Empire is the closest to that of the old Jewish Kingdom, and our laws are built upon the ten commandments and the same basis as the old Jewish law.

### WINS CASE AGAINST T.S.R.

A verdict awarding the plaintiff damages of \$208.20 and finding the defendant negligent was returned by a jury before Judge Denton in county court yesterday in the case of Zibny v. Toronto Telephone Exchange Co. The plaintiff's motor car was struck by a street car on Bloor street, Dec. 22, 1916. The company claimed the motor car stalled in front of the street car.

### Nuxated Iron Makes Strong, Vigorous, Iron Men and Beautiful, Healthy, Rosy Cheeked Women

Dr. Howard James, late of the Manhattan State Hospital of New York, and formerly Assistant Physician Brooklyn State Hospital, says:

"Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much food you eat, your blood merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly-looking, just like a plant trying to grow in soil deficient in iron. The best of iron mine recommended to me after having been on a six weeks' course of Nuxated Iron." "Dear Doctor, that is exactly like magic."

"If you are not strong or well you owe it to yourself to make the following test: Take a long rest, or work or how far you can walk without becoming tired. Next take two five-grain tablets in total of three times per day after meals for two weeks. Then test your strength again and see how much you have gained. From my own experience with Nuxated Iron I feel it is such a valuable remedy that it should be kept in every hospital and prescribed by every physician in the country."

Nuxated Iron, recommended above by Dr. James, is for sale by G. Tamblin, Ltd., 100 Broad Street, Toronto, as an absolute guarantee of success and satisfaction or your money refunded.

### CONGRESS TO VOTE BIG APPROPRIATION

#### War Army and Navy Deficiency Bill Passed by Committee.

Washington, May 15.—All appropriations records of congress were broken when the senate appropriations committee reported the war and navy deficiency bill, carrying a total of \$2,390,646,000, including \$400,000,000 for constitution and purchase of an American merchant marine. The committee added \$200,000,000 to the bill. Among the senate increases were \$500,000 for the contract of national defense, \$1,000,000 for the purchase of national defense, \$200,000,000 for heavy machine guns, and \$250,000,000 for heavy army ordnance.

The conference accepted without change the house provision for the Roosevelt volunteers. The senate had previously approved the volunteer force, its final adoption by both houses of congress is regarded certain. The senate had previously approved the volunteer force, its final adoption by both houses of congress is regarded certain.

### GERMANS EMPLOY INFERIOR TROOPS

#### Eighteen-Year-Old Lads Attack Avion Hour After Arrival.

By Stewart Lyon.

Canadian Army Headquarters, May 15.—Some prisoners recently taken on this front are far below the general standard of physique of the enemy troops. It has been learned that in the disastrous attack at Avion on Friday last the troops employed by the Germans included drafts of 18-year-old lads who had reached the front only an hour before the attack was made. This indicates the serious shortage experienced by the enemy troops on this front.

The artillery of the Canadian corps continues to be engaged all day in duels with the enemy guns in Lens and the regions south and east with the most satisfactory results. Many direct hits have been obtained during the past two days and the German fire has materially lessened. A heavy mist prevails, making aerial observation impossible.

The most remarkable testimony yet obtained as to the importance attached to Vimy Ridge in the enemy's defensive scheme is contained in a recently captured document in which a commander tells his officers of his desire that every officer and man of the First Bavarian Reserve Division should be acquainted with the decisive importance of Vimy Ridge. The First Bavarian Division, he stated, will be called upon in the impending defensive battle to hold these commanding heights, which are so radically strengthening the position of the German army. The coming tremendous attacks which will decide the campaign.

This order, together with the detailed instructions as to the procedure to be followed in relating the expected attack, was sent out on March 1 from the command post of the northern group of the enemy's armies. It dispenses of the ridiculous theory that the enemy might be able to contemplate the commanding heights of Vimy Ridge were held to be of decisive importance and the German army leaders are not in the

Photograph picked up on the battlefield after the engagement of Vimy Ridge by Ets. J. W. (Billy) Bell, Hatcher's road, North Barcourt, and sent to The World for the purpose of possible identification.

## Women to Cultivate Big Plot Near Upper Canada College

The garden committee of the war time thrift committee has arranged for women's garden plots to embrace ten acres, and a number of outside forces are helping to make the plan a huge success.

The land is situated east of Upper Canada College. It will be plowed, seeded and sown before being taken over, and the boys of Upper Canada College have volunteered to rake and dig up the ground, with the principal and science master to superintend when necessary. Others giving assistance are the fire chief, who will send men to burn the rubbish; the war production club will plow and harrow, and seeding will be done by a squad of men during the next few days.

The plots will be then given to various groups of business women, who will do the after cultivating and marketing of their crops.

## House of Industry Holds Regular Monthly Meeting

Reports presented at the regular monthly meeting of the board of the house of industry showed 132 families had been assisted during the month of April. In the same period 24,450 tons of coal were distributed, in addition to 1693 loaves of bread and 3346 pints of milk. There are 122 inmates in the house, 84 males and 38 females.

Beverly Jones presided, and the following is the result of the election of officers for the ensuing year: Chairman of board, Rev. T. Crawford Brown; secretary, Mr. Charles T. Starr; treasurer, Mr. J. Harry Paterson.

## ARMENIAN RELIEF WELL-SUPPORTED

Yesterday's Tag Collections Reach Well Up to Fifteen Thousand.

DOLLARS PLENTIFUL

Many Were Found in Contributions When Boxes Were Opened.

The total collection for the Armenian Relief Tag Day yesterday amounted to \$14,244.15. Toronto upheld its reputation for generosity once again in its fine response to the "taggers" who covered the entire city in the cause for suffering Armenia. Judging by the many who wore the little black and yellow tag, and the general air of willingness and enthusiasm, the day was one of the most popular ever held in Toronto, even the weatherman taking a hand and sending in one of his "very best" to help the success of the day.

The 150,000 tags were ordered for distribution, these were practically gone before the day opened, the captains sending in requests for more before selling began. To supplement the first supply enthusiastic workers at headquarters, 24 East King street, but a thousand or so were ordered. The Belgian Relief came to the aid of their sisters in distress and gave a good supply of their red, black and yellow tags with the understanding that the red was to be cut off. Some, however, got out without being clipped and some amusing enquiries came over the phone as a consequence.

"Are those girls who are selling red ribbon working for you?" asked a number of voices at the other end of the line, and Mrs. H. L. Mason, who was assisting Mrs. Babayan, in the base of supplies, had to explain how the triple-loop emblem came to be on the scene.

"Everyone treats us well," was the verdict at every corner, and the big checks were not reported, quarters and yellow tags with the understanding that the red was to be cut off. Some, however, got out without being clipped and some amusing enquiries came over the phone as a consequence.

"Are those girls who are selling red ribbon working for you?" asked a number of voices at the other end of the line, and Mrs. H. L. Mason, who was assisting Mrs. Babayan, in the base of supplies, had to explain how the triple-loop emblem came to be on the scene.

## WALTHALL AT STRAND.

The great photodrama, "The Truant Soul," with Henry B. Walthall and Mary Charleson in the two leading parts, is drawing crowded houses to the Strand Theatre, and there can be no doubt as to the sensation made by the fine acting of H. B. Walthall. Numerous members of the medical profession visited the theatre Monday and Tuesday and expressed admiration at the realistic scenes portrayed and at the general interest of the theme.

## THE ROBINS PLAYERS.

Commencing next Monday, at the Royal Alexandra, Edward H. Robins and the Robins Players will present, "On Trial," the best melodrama presented in New York in the last decade, a melodrama that is even stronger than "Within The Law" or "Under Cover." A melodrama that holds the spectator spell-bound at the roller four acts, and which in the manner of its telling is different from anything ever before attempted.

## STAR.

The Canadian Belles will be next week's attraction at the Star Theatre. There are a number of Toronto girls in the chorus, and to add a touch of patriotism to the performance, Margaret Pierce has booked "The Shrapnel Four," a quartet of returned wounded soldiers, to appear at every performance. The men have given their word at several amateur concert in the city, and this is their first professional appearance.

## BOSTON ENGLISH OPERA CO.

The Boston English Opera Company will open their engagement at the Grand Opera House on Monday evening next with Gounod's beautiful opera, "Faust." The company includes Joseph P. Sheehan, Miss Nell Garditt and a great cast of principals, and the engagement will be the last big musical event of the season.

## PLAYS, PICTURES AND MUSIC

Mme. Galli-Curci Makes First Appearance in Canada Tonight

It will be an immense audience that will greet Mme. Galli-Curci, the great soprano, when she makes her initial appearance in Canada at Massey Hall tonight.

The program will display her voice to the fullest extent and her versatility emphasized in the fact that she will sing in four languages. Italian, French, Spanish and English. The recital will begin at 8.15. At the opening of the doors this evening there will be placed on sale 345 rush seats.

LOEWS.

One of the biggest headlines in vaudeville will be presented at Loew's Yonge Street Theatre during the coming week when Kath Royce makes her appearance. Miss Royce is only a slip of a girl and was practically unknown when she entered the Palace Theatre just a year ago. Harold Selman and Company in "That's The Secret," will offer a farce comedy sketch with plenty of laughs. Gilding O'Meara, something absolutely new in terpsichorean efforts; the celebrated Harvatic Brothers, musicians; Dore Kandler, whistler, and Billy and Ada White will complete the bill.

The Women's Auxiliary of the 74th Battalion, C.E.F., would like all the returned soldiers of the battalion, who have not already done so, to kindly forward their name and present address to the president, Mrs. Ross Gooderham, 139 St. George street, Toronto.

## MRS. ANNIE MATHEWS DIES.

Mrs. Annie J. Mathews died suddenly yesterday at her residence, 39 St. George street, from heart failure. Mrs. Mathews was born in Toronto, was a member of St. James' Cathedral and took an active interest in the Imperial Order of Daughters of the Empire, the Victorian Order of Nurses and the Home for Incurable Children. She is survived by her husband, one son and two daughters.

## FIRE IN GLASS FACTORY.

Fire from an unknown cause did damage to the extent of \$350 to the Joffe son Glas Co.'s plant on Carlaw avenue yesterday afternoon. The blaze originated in some resin in a storeroom at the rear of the factory.

# People More Particular

THE demand for package goods grows greater every year. Why?

Because the world is ever growing more and more particular about foods.

Packages keep the goods in wholesome, sanitary condition. They keep out dust, flies, moisture and odors, preventing deterioration.

They preserve flavor, freshness and strength—insuring value for the money.

### APPROVE METHODS OF COMMISSIONER BOYD

Local Council of Women Gives Him Full Support in Juvenile Court Administration.

The executive of the local council of women had a busy session yesterday afternoon, when the agenda for the coming meeting of the national council in Winnipeg was gone into in detail and the delegates instructed how to vote. The delegates who were appointed are Mesdames Irvine, Kantel, Fairbairn, Melvor, Hamilton and Miss Constance Boulton.

The juvenile court was also discussed, and the meeting endorsed a resolution giving its full support to Commissioner Boyd and his methods, fully believing that he is the cases that come before him and makes the necessary adjournment that tends to the welfare of the home.

Several other questions that received a deal of thought from the meeting was that of oleomargarine, samples of which were placed on exhibition for the meeting by Mr. Russell, thru the courtesy of the government. The council once more voiced itself as of the opinion that it is advisable to remove the restrictions on the entrance into the country and manufacture of this food.

## The Cord Terminals.

A desk telephone has been taken apart. See how the cord leads in through the stand to the "locknut" connections on the bar?

There are 116 parts in a telephone instrument and the years have shown this to be the smallest possible number; but notwithstanding the care and skill in assembling and connecting, a tiny nut will sometimes work loose. It's the hard "jar" often repeated—like the "drops of water that wear away the stone"—that makes the trouble.

You can help to safeguard the quality of your service if you try to avoid the "jolts."

STOCKS GENERALLY DULL MARKET FOR UNDER RESTRAINT

More Liquidation Depresses... Noticeable Lack of Public Participation in Quiet Trading... The mining stock market yesterday reflected the lifelessness apparent in the other markets, heaviness being the outstanding characteristic at both morning and afternoon sessions. The tone of the market was generally very dull and none too steady. Buying power was conspicuous by its absence and what trading took place was largely floor transactions. The present depression is traceable to the war situation, whence news of a disquieting nature has produced an extremely nervous sentiment in the public mind, a mood which is not conducive to speculation or even investment in stocks. This pessimism may wear away presently and a livelier market be created in the security markets. For the present the labor situation in the north seems to have ceased to excite activity at all. Even the report of an extraordinary rich strike at the McIntyre failed to arouse any degree of enthusiasm in the market. The stock opened firm at 155 1/2 divided 5 per cent, but an easier tone followed which brought the stock down 4 points to 151 at which point it closed with a seemingly good demand for stock. Samples of ore from the find were on exhibition and a number of old timers of the ore from the Croesus. In any ordinary market the showings would have created a furor but yesterday they had no appreciable effect. Big Dome began the day fairly firm at \$12.75 and also no stock was sold lower it was offered later at 12 1/2 with the best bid. Dome Extension finished up at a loss of 4 on the opening at 14 1/2; Davidson was steady at \$2.50 against \$3.70 on the previous day and recovered partially to \$3.80. Hargraves made a brave attempt to rally, getting up to 12 but slipped back again to 11 1/2. Lorrain was active and steady at 22 to 22 1/2. Pete Lake weakened to 9 1/2; Shamrock was unchanged at 20. Vacuum Gas was unchanged at 13. Vacuum Gas on Monday's quotation.

CONFIDENCE LOST IN LOCAL STOCKS

Speculative Accounts Have Been Well Drained Thru the Collapse of Many Issues... The only specific weakness on the Toronto stock market yesterday was a few shares at a new low of 48 7/8, and closed with offerings at 50 and without bid. Such downfalls in listed stocks, combined with the listed issues, have materially disturbed confidence on the whole market. While this condition of affairs lasts there can be no confident buying, and until this is established it is impossible to expect any real improvement in values. Yesterday's business in such stocks might be termed active was simply the jockeying of traders and probably some inside operations. The market is in a condition in which the odds are heavily against the outside speculator. Liquidation of actual stocks, particularly in some issues, is the last thing desired, and bids are freely made with the object of heading this off. The speculative side of the market has been drained of resources by some of the older issues, and the money market is new money is forthcoming the outside will have the utmost kind of a chance to get a profitable return. Some improvement in Wall Street will assist in the recovery of local prices, but this is all.

SPECTACULAR ORE FROM MCINTYRE MINE

Samples Showing Visible Gold Nuggets on View in Local Brokerage Office... Some of the prettiest samples of ore ever seen in this city are on exhibit in the office of J. P. Bickell & Co. yesterday. The samples were received from the McIntyre from the famous Croesus mine in Ontario. They consisted of two lumps of quartz, with nuggets of solid gold sticking all over. The larger piece, about 1 1/2 pounds in weight, contained slightly over four ounces of gold, and the smaller piece, about three pounds in weight, was relatively as rich. The samples will probably assay in the neighborhood of \$40,000 to the ton. Mining men, who viewed the ore, were enthusiastic over its extraordinary richness, rivaling as it did that taken from the famous Croesus mine in Ontario. It is not known as yet how much there is of that kind of ore, but it would not take very much to entirely make up the dividend of five per cent, which is being paid to shareholders at the end of this month.

TWO STRONG SPOTS

HEAVY SHRINKAGE OF WHEAT PRICES

Ending of New Buying at Chicago Causes Declines... Chicago, May 15.—Heavy shrinkage in the value of wheat, at one time as much as 13c a bushel, took place today, owing to the prospect, which at last became a fixed fact, that established limits on new prices would continue indefinitely, and that all new buying of wheat futures was at an end. The market closed unsettled, 7c to 17c net lower, with July at \$2.42 and September at \$2.20 to \$2.21. Other leading staples, too, showed a decided setback—corn 2 1/2c to 2 3/4c, and provisions 7c to 1c. Downward slides in quotations in wheat with even less resistance than on the previous day, when the ban on new buying had more the aspect of a temporary makeshift restriction. In fact, in force, buyers were so scarce that one break of five cents resulted wholly from the sale of three small lots of 500 bushels each. Bearish effects of the restriction on purchasers were supplemented by the fact that the pressure of holders of July and September options, who took note of reports that millers were only buying cash wheat, which they could sell four against it as a financial counterbalance. Besides, some at terminal markets, were said to be trying to resell at heavy losses. Definite announcement just before the start of the conference here of representatives of the leading grain exchanges had decided to go beyond any set had decided the suppression of unrestricted trading was followed by the start of the start of the collapse yesterday morning. Something of a rally that ensued in the last few minutes appears too spasmodic to be widely taken as significant.

# If There is a Man or Young Man in All Ontario Who Doubts the Ability of Simpson's to Clothe Him Smartly, Distinctively, Tastefully, Profitably, Let Him Come Today and Be Convinced.

It's an upset season—good wool fabrics are alarmingly scarce and getting scarcer. Good clothing is bound to be more before it is less. Most men know the true conditions—indeed, they are only too ready to doubt the storekeepers' ability to provide respectable clothes at anywhere near the nominal figure of a year ago. Let this be known everywhere: There never was a season when we were better equipped for men and young men,

### Here's a Michael-Sterns Production for Young Men

From collar to pant cuff this model is hand-tailored, hand-finished, and pressed into shape by the strength of man. There are other models at this price (\$27.00), but this particular model has unusual snap, and for that reason is herewith mentioned. Made of plain grey worsted, medium shade, in dashing single-breasted, three-button sacque style, with soft roll lapels. Vest is also single-breasted. Pants with cuffs. Sizes 36 to 44. 27.00 Price . . . . .

### Kuppenheimer Belt-Sac Model \$35.00

For the young man who wishes to stay young, this model has been purposely designed. Has long, soft, tapering lapels, and patch pockets on which there are small pleats; vest similarly treated. Narrow, straight-cut pants. Coat lined through shoulders and sleeves. Material is soft-finished chevrot in medium grey.

Careful, thoughtful, extensive pains have been given to the building of this suit stock, and this applies not only to the \$25.00, \$35.00 and better models, but also to the less expensive garments, judiciously tailored and trimmed.

Every effort has been exerted to bring together only those garments that would feature the better grade materials. Every type of figure can be properly fitted at Simpson's.

### Suits for Particular Men, \$18.50

Fabrics of proven merit, tailoring that endures, smart conservative styles, and moderate prices are the sterling qualities that contribute the sustained excellence in our showing of business men's suits at this price. As an instance: One model at \$18.50 cleverly portrays the plain tailored, three-button, single-breasted style. Coat, vest and pants cut along conservative, refined lines. Built from thoroughly shrunken worsted, in small check pattern. Hand tailored and lined with fine twill mohair lining. Sizes 36-44.

### The Suits for Young Men, at \$18.50

When you see them you will be favorably impressed. Description of one model is herewith given, but please remember, there are plenty of other styles and other materials at this price. Description: Young men's suit of Donegal tweed, in light brown and grey mixed; designed in single-breasted, pinch-back style, with perfect fitting vest and clean-cut trousers. Coat and vest lined throughout with light-weight mohair. Sizes 34 to 38. Priced at . . . . . 18.50

### Chauffeurs' Whipcord Coats \$24.00

**Spring Weight — Spring Style**  
Notwithstanding the fact that coats like these are hard to get, we've priced these below the standard retail value. Simply to meet a price we have set for this popular coat. This does not mean that the price will remain at \$24.00 always. This is a brand new single-breasted style which buttons through, and has two-way collar, belt at back and patch pockets. The whipcord is of extra quality in dark grey. Splendid service and correct style go hand-in-hand with this model. Sizes 36 to 46. Price . . . . . 24.00
