THURSDAY MORNING FEBRUARY 5 1920 40TH YEAR—ISSUE NO. 7330 TWO CENTS

## Grand Trunk Directors Urge Acceptance of Government's Offer Comprehensive Report Coming on St. Lawrence Waterways Project

### AID SOCIETY TELLS SORDID STORY OF ALLEGED NEGLIGENCE

### Pigs Eat Dead Stock While Children Run Scantily Clad.

### PARENTS ARRESTED

Very little in the way of bad treatment of children escapes the eyes of J. J. Kelso and the officials of the Children's Aid Society. The sordid story of the alleged neglect by parents of eight young children in Gainsborough township, as told by The World's St. Catharines correspondent, had a quick result yesterday when Robert Duncan, one of the society's inspectors arrested the mother and father, Ned and Emma Druen, in the west end of the city, and charged them with alleged neglect.

Up to November 1, last, Druen and his wife were living and working on their 160-acre farm in Gainsborough township. They owned a well built brick house, several barns, two horses, six cows, and five pigs. The man is 42 years of age, and the woman 36, and they have a family of eight children, ranging from a 15-year-old girl to a 17 month old baby. Druen and his wife left the farm and came to Toronto in search of work, leaving the children, the farm stock and the farm house in charge of a 15-year-old girl. In the house, and since November the mother has returned to the farm three times, and the father once to, so they claim, replenish the stock of food.

About a week ago, R. E. Boyle, the St. Catharines agent to the children's aid, received complaints from some of Druen's neighbors that the children were being neglected, were in the big house, and that the cows, horses and pigs were dying for want of food.

Quick action followed the receipt of the report and Inspector Robert Duncan was sent out to locate the children's parents. In a very short time Mr. Duncan found that the couple were rooming in a house near the junction, and that the man was employed in a local packing house and earning 45 cents per hour; the woman had work in a factory and was making 40 cents per hour. Both parents have been in constant work since November.

Mr. Duncan had to wait until six o'clock last night before he could catch the parents together in their rooming house. He quickly got to business and told them the story of this alleged neglect. They both appeared generally surprised that any such charge should be brought against them. They claimed they had left plenty of food for the children's needs and were of the opinion that the older children were quite capable of looking after the younger ones and running the house. When asked by the inspector how the children were expected to obtain heat, the parents replied that there was plenty of wood about the place they could pick up to feed the fire with. The father acknowledged that he knew some of his stock had died, but made no further comment on the matter.

Could See No Wrong.  
Altho both the man and woman are fairly well educated they could not see that they had done any wrong in leaving their eight children in the big farm house to do and look after themselves.

### WIFE MURDERER SENTENCED TO PAY SUPREME PENALTY

### George Coppen to Hang on May 5 for Crime of Unusual Atrocity—Crown Attorney Says Last Word—May App. cal.

After an hour and a half's deliberation a verdict of guilty of murder in the first degree was returned against George Coppen at 5.20 yesterday afternoon by the jury in his trial in the assizes before Mr. Justice Latchford for the murder of his wife, Fannie Maude Coppen, in the night of November 28 last.

Coppen will suffer the death penalty on May 5, by the sentence imposed by Mr. Justice Latchford. Following the pronouncement of the verdict the prisoner, who accepted the whole proceedings with an almost expressionless face, was asked if he had anything to say. He rose from his seat in the dock, but did not hear, and the question was repeated. "Not guilty," was his answer. Then sentence was imposed by Mr. Justice Latchford.

### The Ice Field Movie.

The unprecedented ice movie continues on the Toronto waterfront. Coming down to Queen street from Kingston road on Tuesday you observed that a big slice of the field that was frozen in-shore by last week's zero spell had broken away, and had drifted a mile or two into the lake, where it lay like a long, dead Arctic ribbon, which a sudden wind might tear to shreds.

### Says Japanese Junkers Menace Church in Korea

Montreal, Feb. 4.—Rev. A. E. Armstrong, foreign missions secretary of the Canadian Presbyterian Church, lecturing on missions in the orient here tonight, emphasized the menace to Christianity in Korea by the Junker party in Japan. He said it was not an infrequent occurrence in Korea for churches to be fired by the Japanese when congregations were assembled for worship and soldiers and police could take care that the worshippers had no chance of escape.

### CANADA'S POPULATION NEARLY NINE MILLION

Ottawa, Feb. 4.—Canada's population is estimated by the census branch of the trade and commerce department at 8,835,102. The census branch has based its estimate for the year 1919 on the known increases in population, as shown by the census of 1901 and 1911. Such calculations have in the past proved to be approximately correct.

### Refusal of Von Lersner to Send It and Resignation Will Not Affect Envoys.

### THOSE WANTED

Paris, Feb. 4.—Baron von Lersner, head of the German peace delegation, left for Berlin tonight, having refused to transmit to Germany the list of criminals prepared by the allies, and having resigned his position in consequence.

### MOTOR BANDITS RESUME BUSINESS

### Armed Robbers Enter Two Stores Within the Hour.

Motor bandits resumed operations last night by entering two stores and robbing them in charge with 400 dollars while the place was being looted. Three young men in a stolen car drove up to W. G. Williams' drug store at 568 Jarvis street, at eleven o'clock last night, and on entering the store one of the three asked for an article which he said he wanted to purchase. When the clerk's back was turned the car was whipped out and a revolver from his pocket and ordered the man to put up his hands and stand to one side, while one of the two others opened the cash register and stole 415 in money. After they could find no more money they ran from the store and jumped into the automobile and drove south to Carlton street.

### BOLSHEVIK SUSTAIN A CRUSHING DEFEAT

### Russian Volunteer Army Drives the Red Forces Back Over the Don.

Archangel, Feb. 4.—A wireless despatch from Odessa today reports a great victory of the Russian volunteer army over the Bolshevik forces, which held the main for the past three weeks, has arrived at Madrid. As a result of his mission he replied: "I am traveling for pleasure."

### The Day in Exchange.

London, Feb. 4.—Sir Alfred Smithers, chairman of the Grand Trunk Railway, is convening a meeting of shareholders for the 19th instant, to ratify the agreement between his company and the Canadian government. He has issued a circular stating that the board of directors after long and anxious consideration, unhesitatingly advise acceptance of the agreement. The circular says: "The state of railway finance and working brought about by the war shows features common to the United States, Great Britain and Canada but the United States saved shareholders from loss by guaranteeing the companies an average income for three years. The British government at the beginning of the war saved the British shareholders by guaranteeing the income for 1914, but no such assistance was given by the Canadian government to Canadian railways. All through the negotiations the Canadian government persistently pressed the

Brussels, Feb. 4.—Fire in a boys' school at Nivelles, province of Brabant today caused the death of four of the pupils and injury of several others. It is feared that additional bodies will be found in the ruins of the building.

### REPORT A DECREASE IN UNEMPLOYMENT

Bettered Conditions Largely a Result of Soldiers' Emergency Fund.

Ottawa, Feb. 4.—(Special)—A decrease in unemployment throughout the Dominion is reflected in the figures of the federal emergency appropriation department of the patriotic fund, which has been in operation since December 22 and whose purpose it is to help unemployed returned soldiers over the present winter. The labor department claims that unemployment is on the decrease, and it is believed that this decrease is largely due to the efforts of the fund officials, who make every attempt to find positions for the returned men rather than pay out bonuses, in nearly all cases the men, if in a condition to take such positions, readily agree to do so, and attempts to defraud the fund have been few and far between.

For the week ending January 10 relief was given to 16,999 returned men; for the succeeding week to 17,877. This was the high water mark. During the next week the number had dropped to 15,340. Up to January 24 a total of \$1,230,000 had been paid out. At this rate it will only take about \$4,500,000 to carry the fund thru till May 1, when it ceases.

Figures on Relief Work. The following numbers received relief at the following points:

| Week Ending | Jan. 10 | Jan. 17 |
|-------------|---------|---------|
| Montreal    | 4,211   | 2,684   |
| Quebec      | 355     | 413     |
| Toronto     | 4,790   | 5,150   |
| Winnipeg    | 314     | 397     |
| Vancouver   | 2,523   | 2,346   |

During the third week there were 531 new cases of relief in the Dominion, 1,333 renewals; during the fourth week, 710 cases and 1,055 renewals; during the fifth week, 640 new cases and 1,413 renewals; during the sixth week, 550 new cases and only 1,224 renewals.

Some difficulties are experienced in placing men. Certain mining companies, for instance, require a deposit of \$50 for new employees. Certain steamship companies give their new men a 10 days' trial and keep them 14 days thereafter before paying them. This must be provided for such contingencies in case of need.

### THREE MEN PERISH IN MONTREAL FIRE

Blaze Occurs in Paint Shop of Carriage Works Thru Veneer Igniting.

Montreal, Feb. 4.—Three men were burned to death and a third badly injured in a fire which this afternoon destroyed the paint shop of the Blain carriage works, Fairmount avenue. Fifteen men were working in the plant when the fire started. It is believed, by the accidental ignition of liquid veneer. Twelve were then heavily escaped with their lives, one was rescued from the blazing place, and two were out off.

The three dead are: Joseph Bar-solou, 48 years of age, of 585 Albert street, foreman in the paint shop; Roch Malouin, 56 years of age, 380 Dufresnoy street, blacksmith in the wagon shop; and Joseph Gaudet, 40 years of age, 550 Faubert street, painter in the paint shop. He had only commenced work at the shop this morning.

The injured man is Alphonse Carriere, 32 years of age, of St. Michael road, Montreal North, burnt about the face and body. This man jumped from the roof on the third story of the building.

### YORK COUNTY AND SUBURBS ARE AWAKENING TO SCARBORO'S NEEDS

Public Utilities Commission Plan to Install New Water Scheme.

Scarboro township's new utilities commission held a special meeting yesterday and laid plans for giving effect to the wishes of the ratepayers for the installation of a water service in the southwest district adjoining the city. The clerk was instructed to circulate a petition among the residents, and enroll at once all who desire a service. If half of the householders, and two-thirds of the property interests express approval, council will pass a bylaw authorizing the building of the system. A district has been laid out embracing all south of St. Clair, and west of the Kennedy road, and the engineer's plans are already in the hands of the commission.

Street Lighting Progresses. It was reported that good headway is being made with the house and street lighting service, which is now under the supervision of the commission. A pole line from Agincourt to the third concession to the Ironsides and Gravel Co.'s property, a distance of four miles, has been completed, and this line will be continued on south to Highland Creek. A line is also now being constructed from Malvern to Markham village, and most of the poles are already up. Another line will shortly be built from Scarboro Junction, thru Scarboro postoffice to the golf links.

### HARRY MEMBERY DIES

The death is announced of Harry Membery, aged 31, eldest son of Mr. and Mrs. H. Membery, 1204 St. Clair avenue. Young Membery had been sick for several days with influenza, which later developed into pneumonia. He was removed to the general hospital on Monday night, where he passed away early on Wednesday morning. He was in charge of the automobile repairing department of the hardware business which his father has owned for many years in the east end. In fact, Mr. Membery, Sen., is one of the early pioneers of the district, and has held the position of postmaster for many years. Besides his parents and two brothers, he is survived by his wife and one child. Funeral service will be held from Nash's undertaking parlors this afternoon, and interment will be in Prospect Cemetery. Rev. A. J. Reid, pastor of St. Chad's Church, will officiate.

### DEMOLITION PROCEEDS FAST

Yet another building, the property of the United States government, in Leaside, formerly used in connection with the manufacture of munitions, has been razed to the ground. The latest structure to be wrecked—the cooling room—was a corrugated iron and steel building adjoining the big "A" plant, and measured about 75 feet frontage, by a depth of 150 feet, and one storey high. The building was used for cooling shells as they were completed.

The corrugated iron and steel from the wrecked building is at present being loaded on railroad cars for shipment across the line.

### CAMPAIGN CAPTAINS MEET

In connection with the forward movement in St. Matthew's parish, a meeting of the captains of the ten teams was held last evening in the parish house, when final plans were made for the forthcoming campaign. The parish objective has been accepted at \$11,500. C. C. Forman, president, occupied the chair.

### Hagerman's Corners Attends Funeral of Late Frank Boyle

The funeral of the late Frank Boyle of "Glenholm Farm," Hagerman's Corners, whose death took place at a late hour on Saturday evening, was held yesterday afternoon at the Presbyterian cemetery, Richmond Hill, the family burial ground. At the family residence, where the funeral services were held, Rev. Frank Rae of Unionville officiated and referred in eloquent and sympathetic terms to the touching circumstances surrounding the death of the late Mr. Boyle. Both here and at Richmond Hill there was a very large attendance of neighbors and friends, manifesting in some slight degree the love and esteem in which Mr. Boyle was held. The floral offerings were especially beautiful and the pallbearers, all resident in and around his old home, were lifelong friends. The chief mourners were the widow, father and sister.

### FORD AND HIS FORD

"Ford and His Ford" was the subject of an interesting lecture given by Rev. E. C. Hunter at the Central Methodist Church last night, under the auspices of the Boys' Bible Class. Mr. Hunter traced the inventor's history from early days and showed the growth from those days to the present. He held Mr. Ford's career up as an example to his country young men.

### MRS. SWAN LAID TO REST

Mrs. Christine Swan, who died at her late home, 68 Bon Avenue, was buried at Prospect Cemetery the service being conducted by Rev. C. A. Mustard. She is survived by her husband, who served in the war overseas for three years. She was identified with St. David's Presbyterian Church.

### ST. JOHN'S YOUNG PEOPLE MEET

Under the auspices of St. John's Presbyterian Young People's Society a well-attended meeting was held in the church, Broadview avenue, when James Backstock, late of the royal navy, gave an interesting address on the work of the fleet in the great war. Arthur Scott, D.C.M., M.C., and bar, late of the 3rd Battalion, who was twice wounded in action in the Canadian part in the world conflict. Mrs. Eleanor Little contributed several solos in a pleasing manner. B. Y. Scott, president, occupied the chair.

### CANDIDATE FOR ARCHTCT.

George T. Smith, 43 Prescott avenue, a prominent architect and builder in the northwest section, is a candidate for the vacant position of city architect.

Mr. Smith, who is connected with Teumeth Lodge A. F. and A. M., and a prominent member of Ward Six Ratepayers' Association, was the contractor for the Belmont Theatre building, St. Clair avenue, and built the Farmers' Bank building in Toronto, as well as many others throughout the province.

### SHARP TACK LEFT IN RANEY SITTING

U.F.O. Upholsterers Fail to Consider East Wellington Stuffing.

The upholstering of a seat in the Ontario legislative assembly for Hon. W. E. Raney was tried at the end, and like all jobs that must be jammed thru, somehow was not an entirely satisfactory piece of work. The World yesterday pointed out one sharp tack sticking up thru plush. The East Wellington member had not obtained the consent of either electors or officers of the U.F.O. Club in the proposition that he step aside.

Hon. R. H. Grant, minister of education, chairman of the seat-searching committee, was to have handed an official statement to the press yesterday giving some account of Mr. Raney's electoral vicissitudes up to date. He did not do so, and at five o'clock his office said he had gone down town and left no typewritten contribution to this morning's papers. The newspaper men were, however, informed that Mr. Raney was attending to the promised statement. The attorney-general's office said the statement would be ready at 5:30. Mr. Raney at 5:30 sent word that he would have nothing for the papers till today.

What is the hitch? The World was informed it was partly an account of Mr. Hellyer having resigned without consulting his constituency, and partly because of some doubt that Mr. Raney could do the riding. The evening interview, which Premier Drury published in the Star yesterday, touches both horns of the difficulty.

A Hellyer, U.F.O. member for East Wellington, yesterday (Tuesday) offered to resign in favor of Attorney-General W. E. Raney, for whom the government has been for some time seeking a riding, according to Premier Drury. The offer has been accepted by the government and Mr. Hellyer returned home this morning (Wednesday) to ask the endorsement of his constituents in the matter.

No Patronage. According to Premier Drury the government is rigidly adhering to its anti-patronage policy in the matter of Mr. Hellyer's resignation. "What has the retiring member been promised?" the premier was asked today.

He gets absolutely nothing, but a sense of duty was stated the prime minister. "It has never been my good fortune to see a more unselfish or straightforward offer in my life, than the one made by Mr. Hellyer yesterday. He has gone back home imbued with the idea of having Mr. Raney represent East Wellington in the next house." "What is the political situation in East Wellington as you see it?" the premier was asked. "Very favorable, I think Mr. Raney will be successful."

In the general election Mr. Hellyer, who was the strongest man in the U.F.O. ranks, was in a minority of nearly 800 as against the combined Liberal and Conservative vote. Mr. Raney could hardly hope to poll Mr. Hellyer's vote when with Mr. Hellyer's assistance. There's the rub.

### COUNCIL DID NOT MAKE THE REPLY

Tone of Highways Commission Chairman's Letter to York County is Resented.

A letter was read to York county council, in session yesterday, from Chairman George H. Gooderham of the Toronto and Hamilton Highways Commission, the tone of which was resented by some of the members. The letter came in reply to a resolution passed by council at the November session, addressed to the minister of public works, setting forth that the county would make no further payments toward the cost of the highway until a detailed statement of expenditures had been received. A copy of the resolution was sent to Mr. Gooderham, who replied as follows in a letter to the clerk:

"I beg to acknowledge yours of the 9th with copy of resolution asking the minister of public works to require the commission to furnish a detailed statement of account, and further mentioning that you were required to pay a balance of \$117,000. There was no necessity of the resolution having been passed, or of your attempting to interest the minister of public works. A simple request to this commission would have had the desired result, as I should have answered saying that the commission would be pleased to furnish you with any information you desire. Just at the moment we are not able to do this, because, while work has been in progress, the dividing of expenses into their proper accounts has been left untouched, but now that our staff is indoors, we hope to be able to give you this statement within the next month. If the party who inspired the resolution will be good enough to state in what form he desires a statement, we will endeavor to see that his requests are fulfilled. As to the amount of \$117,000, I should like to know where anyone got this figure. So far as I know it has never been mentioned by any member of this commission, nor is it correct."

How it was figured out. After the letter had been read, council went into committee of the whole to consider the matter, and somebody wanted to know who had placed the county's indebtedness on Hamilton highway account at \$117,000. Treasurer J. K. Macdonald was sent for, and he said he had gone over the figures with Engineer Comford of the highways commission, and they had arrived at that figure. He said an additional \$40,000 had been paid last December, but acting on the resolution of council nothing more would be paid without a detailed statement of expenditures. Several councillors, including Messrs. Whitmore, McDonald and W. J. Gardhouse, expressed the view that the letter from the commission was not over-courteous, and Councillor Whitmore, who was the mover of the original resolution calling for a statement, thought it was up to the council to back him up or send an apology to Mr. Gooderham. Up to the present, it was announced that the county had paid \$64,191 on the highway account.

At the afternoon session, Mr. Herb. Lennox, counsel for the county, explained that while the act calls for a detailed statement of state and year with respect to maintenance of roadway, no specific provision is made for the filing of a detailed statement of the cost of construction. However, if council refused to pay the amount demanded and a writ were issued the commission would be obliged to set forth in detail how the amount was made up. Mr. Lennox suggested a resolution moved by J. H. Ritchie expressing surprise at the tone of Mr. Gooderham's letter, and repeating the amount expended. The resolution was accepted, and also passed a resolution moved by J. H. Ritchie expressing surprise at the tone of Mr. Gooderham's letter, and repeating the amount expended.

Hon. George S. Henry read the report of the York County Children's Society, showing that 160 children had been placed in foster homes in the last six years and all had been placed in foster homes. The report recommended that \$1000 be appropriated for improvements on the home recently purchased at the corner of street radial, and that \$2500 be appropriated for the purchase of a 35-foot strip of land to the north of the home for an enlargement of the playground. Three thousand was estimated as the amount necessary for maintenance, including outlay for the inspector. The report was adopted.

### LEASIDE GETS POPULATION

Owing to the difficulty in securing houses at moderate prices and the fact that in Toronto, many of the homeless population have turned to Leaside and the immediate vicinity within the past few months, a block of six working men's homes erected on Cleveland street have all been sold, and a few houses in the town of Leaside have been rented recently. Owing to the good motor bus service of the Leaside Bus Company now in regular operation between Leaside and York, the difficulty of connection between the city and Leaside has been overcome and the residents of the town are looking forward to brisk building boom in the early spring.

### HAMILTON

Hamilton, Feb. 4.—Elaborate arrangements are planned for the holding of the first annual reunion of the members of the 19th C.E.F. Battalion in Hamilton on February 22.

The fire and police committee tonight adopted a recommendation that the pay of firemen in Hamilton be raised to the same extent as the policemen.

The residence of Henry Henderson, 207 North East avenue, sustained \$1,800 damage by fire today. At the board of education's inaugural meeting, Trustee Walter Jarke was elected chairman. The first mass meeting of the inter-church forward movement was held tonight in Every Faith Church, Rev. W. A. Cameron, Toronto, and Rev. Jas. Endicott were among the speakers. Hamilton's total of influenza cases now totals fifty. Fourteen of the new cases were reported today. It is announced that the Peterson Core Oil and Manufacturing Company of Chicago will have a Canadian headquarters in Hamilton.

### MUST SCRAP THE LOT, SAYS FREEMAN'S JOURNAL

London, Feb. 4.—The Freeman's Journal today contains a bitter editorial insisting that if the Irish situation is to be improved, the lord lieutenant and chief secretary must not only take their departure, but the chief subordinates at Dublin castle also, since they are equally responsible for the executive's blundering repressive policy. The Journal says: "If we are to have any changes our advice is to 'scrap the lot'."

### TO TRANSMIT LIST OF WAR CRIMINALS

consequently, the matter having come up in a definite final form, there was nothing left for him to do but to resign and go home. Extradition of 896 Germans accused of the violations of the law of war, is demanded by the list handed to Von Lersner.

### What They Are Wanting.

England demands 97 for trial; France and Belgium, 337; Italy, 29; Poland, 57; Rumania, 41, and Serbia, 4. The names of Germans comprised in the first list against whom charges are preferred by all the allied nations, are included in the above figures. The accusation against Crown Prince Rupprecht of Bavaria is the deportation from the Lille district; the Duke of Wurtemberg is charged with massacres at Namur; Field Marshal von Kluck with the assassination of hostages at Senlis and the massacre of civilians at Arras; Field Marshal von Mackensen, with thefts and pillage in Rumania; Baron von der Levetzow, with the murders of Captain Charles Fryatt, the British sea captain executed by the Germans, and Miss Edith Cavell, the English nurse who was executed on the charge of aiding prisoners to escape; Admiral von Capelle, with the submarine warfare; General Stenger, with issuing orders to take no prisoners; the Niemeyer brothers, with cruelties at prisoners at the Holmstien camp; Major von Goertz, with cruelties at the Magdebourg camp; Lieut. Rodiger, with cruelties at the Ruhleben camp; General von Chazal, with cruelties at the Doherbiz camp; General von Mantuffel with the sack of Louvain; Lieut. Werner, Captain Valentin, and Captain Forstner, with submarine outrages; General von Tesma, with the execution of 112 civilians at Alton; General von Ostrowsky, with the pillage of Doyne and the execution of 103 civilians, and Major von Bulow, with destruction and murders at Aerachot.

### "Must Finish My Lessons"

Said Eleven-Day Sleeper New York, Feb. 4.—Eleven-year-old Sophie Troyanaki, who has been asleep for 11 days in a Brooklyn hospital, awoke this evening. "I must finish my lessons," she told the nurse who was watching over her. "I was so tired I fell asleep, but I must finish them now or I will get a bad mark in school."

### CLAIMS THAT PRESS EXAGGERATES CRIME

London, Feb. 4.—Chief Commissioner McCready of the metropolitan police mildly lectured representatives of the press yesterday, declaring that the alleged present crime wave was largely an invention of the press and stating that the feverish ingenuity of special newspaper crime investigators embarrassed the authorities. Nevertheless, the murder reported today from Liverpool of a handsome 17-year-old girl is the fifth crime of mystery in England within the last month and no arrest has yet been made in three of them.

### TRUSTEES SUPPORT TEACHERS' BONUS

Recommend 25 Per Cent. Increase Be Temporary Payment.

Something new was thrown into the question of an increase of teachers' salaries yesterday, when at a meeting of the advisory commercial committee Geo. Hamby suggested that in giving the increase it should, if carried, be in the shape of a bonus, rather than a permanent factor. Mr. Hamby was evidently quite in sympathy with the teachers, wanting them to get the best possible, but he was also of the opinion that conditions would change and that lowering of cost of living might also necessitate a lowering of wages. Discussion for and against was indulged in for some time, the chairman, Ed. Gunn, remarking that the high cost of living was in a measure due to increased salaries. The question was settled by two resolutions, one that the increase of 25 per cent., as asked by the teachers' council, be supported, and the second that all increases be treated as a bonus. The recommendation was also to cover caretakers and others in connection with the schools.

The second resolution and later expressed himself as decidedly opposed to the bonus feature.

No Raise Since 1913.

A delegation from the High School of Commerce was introduced by the principal, R. H. Eldon, and the object spoken of by W. Keast, who, on behalf of the teachers, asked that the remuneration for night services be increased from \$5 to \$7. No increase had been given since 1913, the spokesman explained, and also pointed out that the evening classes were being conducted by those who also taught during the day. Evening teaching was difficult for many reasons. Teachers were not as fresh as in the morning, attendance of pupils was irregular, and there was no special standard of work. It was pointed out by a member of the committee that because the teaching was not by the showing of the spokesman of the delegation—as efficient as in day classes that there did not seem to be room for the petition for an increase. Mr. Hamby pointed out that there were no other teachers to be had and believed that they were entitled to as good treatment as the teachers of the Technical School. The decision was covered by the resolution.

New Building Needed.

Among other recommendations was that \$200,000 should be used on the erection of a new building for the High School of Commerce, the principal stating that it was an absolute necessity as four rooms were now needed and that good work could not be done without a gymnasium. The chairman commented that the building would have to be erected some time and that a loss had already been caused by the delay, as the building some time ago might only have cost \$150,000, while now \$200,000 is the figure. In connection with much-needed improvements to the grounds Mr. C. J. Doughty, superintendent of buildings, explained that while much would yet remain to be done, the ultimate cost of which would be about \$20,000, that for the present \$10,000 would be sufficient. This was carried. A request for \$1,000 in connection with improvement of the grounds of the stage was out down to \$200. Instead of planning for the yard, for which \$960 was requested, Mr. Doughty spoke in favor of sand, which will be adopted.

### Dunlop Tire Benefit Fund Hold Social Annual Meeting

The annual meeting of the Dunlop Tire and Rubber Goods Company Benefit Society, which was held in Odd-fella Hall, Broadview avenue, was a great success. President Collins gave a brief address, commenting on the success of the society during the past year. The treasurer's statement showed a balance to the credit of the society of over twelve hundred dollars. After the business was over upwards of seven hundred members were entertained to refreshments by the management of the company, and dancing was indulged in till the early hours of the morning. The election of officers for the ensuing year resulted as follows: Honorary president, J. Westren; honorary vice-presidents, A. E. King and D. E. Beynon; president, F. Andrews; vice-president, Ben Sharp; secretary-treasurer, L. F. Alett; committee, G. Archer, S. Ward, G. Heath, H. Briscoe, P. Johnstone, J. Bailey, G. Cooper, C. Lapp R. Trill.

### HEAVY BUILDING YEAR.

Toronto led all cities of the Dominion in 1919 in the matter of building figures. Montreal's total was only \$9,738,735, as compared with Toronto's \$19,470,000.

Returns gathered by "Construction" from 38 points in Canada place the total value of permits issued in 1919 at \$73,884,453, as compared with \$35,549,380 in 1918. All these centres predict an active building season for 1920.

Are you keeping your bowels, liver, stomach clean, pure, and fresh with Cascarets, or merely whipping them into action every few days with Salts, Cathartic Pills, Oil, or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets gently cleanse and regulate the stomach. Remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the colon and bowels all the constipated waste matter and poisons so you can straighten up.

Cascarets tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, or cause any inconvenience, and cost so little, too.

### WANT FACTORY SITES.

There is a heavy demand for factory and industrial sites in the city, according to Industrial Commissioner R. Yeomans. American and Canadian capitalists are swamping the city with requests for permits to commence activities in their respective lines.

When asked by "The World" for names and fuller particulars regarding these financiers, Mr. Yeomans stated that his hands were tied at present, and no definite details could be given out. The first thing they do is swear us to secrecy," he explained. "The reason for this is that they wish to get the drop on their competitors by getting well under way before any successful competition can be started. It is true, tho, that we have at least half a dozen requests from big American enterprises."

### Sir George E. Foster Comments Baptist Forward Movement

Sir George E. Foster, K. C. M. G., acting prime minister of Canada, has sent a warm letter of commendation to the Toronto committee of the Baptist forward movement. Sir George Foster says in his letter: "Many years ago I remember the heroic pioneers of the Baptist ministry in New Brunswick, who spent their time building up the first churches in that province. Salaries were then unknown. The preacher traveled in the saddle in all weathers, preached in barns and homes and log school houses, and gradually founded the scattered churches which later developed into important denominations. These pioneers asked for little and got little. They thankfully received the few gifts of the poor people to whom they ministered."

### ALLEGED FALSE PRETENCES.

Robert King Carmichael, who claims to be a financial broker in British Columbia, was arrested yesterday by Detective Archibald, on a warrant charging him with false pretences. Carmichael is alleged to have passed a worthless cheque for \$15 on T. J. Horrocks, of 240 Jarvis street. Carmichael was staying at the Jarvis street residence. Several other cheques amounting in all to about \$500 are said by the police to have been passed by the prisoner.

### TUBERCULOSIS INCREASES.

A deputation waited upon Hon. H. C. Nixon, provincial secretary, yesterday, asking a substantial increase in the 50 cents per capita grant to indigent patients in consumptive hospitals. There is a noticeable increase in tuberculosis.

### CITY HALL NOTES

At last there is some hope that the coveted position of city architect will be immediately filled. At the board of control meeting yesterday, Lieut.-Col. W. N. Moorhouse was recommended for that office by a vote of five to one. Also there were nearly a dozen applicants, the only other name voted on was that of Mr. Price, acting city architect. The new man will receive an annual salary of \$6000.

The daylight saving question was brought up yesterday morning. Mayor Church had no power to pass a bylaw regarding it. To convene this situation he proposed inserting advertisements in the local newspapers asking the views of the citizens and private organizations. These answers should be sent to the city clerk and, if favorable, daylight saving would be introduced on May 1 and concluded at the end of September.

Lieut.-Col. J. I. McLaren of militia headquarters staff, asked the board whether there would be any objection on the part of the city to the government establishing permanent military barracks in Rosedale, on the St. Andrew's College site. After a lengthy debate, a motion was passed opposing this, and further stating that the board was of the opinion that St. Andrew's College should be re-established in their old home.

The military officials came to me regarding the barracks proposal," said the mayor, "but as I explained to them, the city has nothing to do with this matter, tho it was intended to use this site for the permanent force after the war." It is a government matter purely, and we had better adopt a "hands off" policy.

Controlled by Cameron was of the opinion that when the wishes of St. Andrew's College to regain possession of their old site were learned by the government, the situation would be remedied.

His worship thought that consideration of the matter should be postponed pending negotiations with the militia department, but the board went on record as opposed to the site as a barracks location, expressing the opinion that it should be returned to the college.

The possibility of attracting to Toronto the world famous "Olympic Games," was another inducement laid out by Mayor Church as to why Toronto should have an athletic stadium, also he did not mention the location.

He said that Toronto was well known all over the world as a good sporting city.

### COSTLY FIRE OCCURS IN TOWN OF TIMMINS

Nearly One Hundred Thousand Loss to Marshall-Ecclestone Store.

Cottaw, Ont., Feb. 4.—The Marshall-Ecclestone store on the corner of Third avenue and Pine street, Timmins, was completely destroyed by fire today, according to telephone advice received here. The cause of the blaze is unknown here, but the fire raged several hours before it was checked. The firemen succeeded in confining the flames to the one building, which was swept thru with fire, and all the contents are reported lost. The firm dealt in hardware, oils, furniture, and the stock is believed to have been valued at \$100,000, most of which will be a total loss. During the fire there were several explosions. There was very little wind at the time, which assisted to prevent the flames from spreading.

### U. F. of New Brunswick Re-elect T. W. Caldwell, M.P.

Woodstock, N. B., Feb. 4.—The United Farmers of New Brunswick this morning re-elected Thomas W. Caldwell, M.P., of East Florenceville, as their president in his absence. The greatest number of votes cast in the election of officers was 36, which shows the attendance of delegates is not nearly so large as expected, the provincial headquarters having advertised locally for accommodations for 2,000 visitors to Woodstock for the convention.

### THEATRE CENSORSHIP.

Theatres will not be required to submit press matter or hand bills to the department of the chief advertising censor unless in his opinion there is flagrant misrepresentation in the advertisement matter made up by the theatre, according to the statement of J. J. Burns, chief advertising censor to the World yesterday. "If misrepresentation is found the department will issue an advertisement matter void by the theatre responsible will thereafter be required to be submitted."

### PROV. TREASURER RECOVERING.

Hon. Peter Smith, provincial treasurer, is recovering from a severe attack of "flu." He is at his home in Stratford.

Good News Lung Sufferers

city, and it would be worth while considering whether the games should be secured for here or not. He temporized by stating that he was not sure whether these international contests promote national good will.

The board decided not to adopt a policy until the views of the various sporting organizations in the city could be obtained.

A big deputation of sporting men appeared before the board asking that the Rosedale site be utilized for a stadium.

The assessment of the Kennedy estate in West Toronto brought a torrent of invective against the assessment department, by a deputation of citizens from that district, headed by Mr. E. Kennedy. The big kick was that this property was originally assessed as a park for \$600, but now it is assessed for \$28 years. However, according to the deputation, since the present owners have held possession, it has not been a park, either public or private. People are not permitted to enter and if they do so they are chased by dogs.

It was decided to recommend council to seek a private bill at the coming session of the legislature to enable the city to get a proper assessment and to prosecute the case before the railway board.

"We're all in favor of making this grant," said Controller Cameron, when a deputation appeared asking for a grant of not less than \$100,000 for the purpose of enlarging St. Michael's Hospital, by the addition of a new building. The board were unanimously of this opinion.

The Citizens' Liberty League requested that the Sunday ban on toboggan slides and public skating be lifted. "The slides were closed by a petition and another will be necessary before we can take any further action," said Controller Cameron.

The league will present a petition against what is termed "vicious and obsolete civic legislation."

A civic reception to the Ulster delegation will be given on Feb. 10, the board decided.

Works Commissioner Harris advised the board that the franchise of the Toronto Suburban Railway Co., within the limits of West Toronto, expires in 1921, and under the terms of the charter, the city has the right to acquire it by giving due notice. The notice will be given immediately.

The provincial government is to be asked for an explanation regarding alleged defoliation statements said to have been uttered against Toronto by Dr. J. W. S. McCullough, provincial officer of health. "The alleged statements are that Toronto has been guilty of spreading smallpox all over Ontario."

ARMY AND-NAVY VETS.

His Majesty's Army and Navy Veterans held their usual monthly meeting in S.O.E. Hall, Tuesday. Fifteen new members were elected. Application is being made to affiliate with the Imperial Veterans' Association of London, England. The accounts of the recent Christmas tree were presented by the committee, and were satisfactory to the members.

The members are to canvass Ward 8 on behalf of the gratuity petition, and on Saturday afternoon a tour of the ward will be made by the members under Comrade Dobbs.

"A Man Doesn't Need a Woman's Help!" Alice Fairbanks said this bitterly. For she had believed that her interest in David's ambition had encouraged him and helped him—until he allowed himself to be won away from her by a girl who took no interest whatever in his work. Then Alice told herself that the man-nature was absolutely independent of the woman-nature. Little did she dream that, as she told herself these things, David was telling himself that his ambition was dead—dead because he had married the wrong girl.

The Business OF A Trust Company

A Trust Company is concerned daily with the investment of funds, the care of property, and the protection of the financial interests of widows and beneficiaries.

It is logical, therefore, that a Trust Company can better safeguard the interests of your heirs than could any individual you might appoint whose experience is along other lines.

If the Trust Company be appointed to act as your executor and trustee, your estate will have the full benefit of the Company's valuable experience and facilities.

NATIONAL TRUST'S YEAR PROSPEROUS

Gratifying Progress is Reviewed at Annual Meeting of the Shareholders.

Satisfaction with the result of the past year's operations was expressed at the annual meeting of shareholders of the National Trust Company yesterday.

Sir Joseph Flavell paid a warm tribute to the memory of the late Z. A. Laish, K.C., L.L.D., who had been identified with the company as director, vice-president and counsel from its inception.

Throughout the twenty-one years of his association with the board and staff, his relationship with the administration was of the most intimate character.

The general manager, W. E. Rundell, said the two outstanding features of the annual report were the substantial increase in earnings and the large addition during the year to the volume of the company's business.

## February Silverware Sale

### Fascinating Spring Suits

We have an unusual variety for so early in the season—featuring particularly the ultra-tormented designs, paramount for Spring, 1920, and carried out in tricotine, gabardine or very fine serge. Colors, navy, sand or black. Priced \$67.50 to \$85.00.

Simpson's—Third Floor

Beginning this morning, Silver Tea Sets, Casseroles, Pie Plates and Decorative Table-Pieces at Sale Prices that offer the utmost in value to shoppers who take advantage of their exceptional opportunity. It is a sale that suggests splendid possibilities to the home-keeper who wishes to add a few pieces of good, substantial silverware to her collection—to the Spring bride-elect who is "trunking"—and to some one who happens to be gift-seeking.

It will particularly interest you to know that each piece is taken from our regular stock of standard qualities and specially price-reduced just for this big event. To start the Sale off with a rush today, we offer the following noteworthy values in Rogers' heavily silver-plated ware.

### When Tea is Announced

How Essential It is That the Equipage Be Dainty and Inviting

What an hour it is to be sure—that when tea is to be served. Ceremonial in the Old Country and almost so here. The pleased expectant faces of the guests, the warm soft light of shaded lamps and the flicker of firelight on the heavy silver tea-set. How the countenance of the happy hostess lights as she betrays natural pride in her tea service. And in breaks of the conversation, the visitors cast admiring glances at the receptacles where the herb is bubbling so briskly.

### For the Family's Sake

You Should Make Sure of Having One of These Casseroles

Six-Thirty! The dinner gong vibrates insistently, and the man from the office and the boys from the school and the snowy fields, troop in with eager eyes. Little preliminary courses over, these eyes, still eager, await the appearance of the casserole. They watch its progress to the head of the table; they watch the gentle steam exhaling and attempt to sniff recognition of the contents. But when it is opened.....

### A Home Necessity

It may contain good old-fashioned scalloped potatoes, or macaroni and cheese, or any one of a half dozen succulent dishes you could name. But the great fact is that the popularity of the casserole is established. It is a part of every home.

Here is the best opportunity the year will afford, of securing a casserole, or several. High quality material for excellent service. Price \$10.79 and \$12.00.

There is a Bake Dish here, as well, which is of great utility in the household and in bright finished silver makes an attractive member of any set. Price... 8.29

Simpson's—Main Floor.

### A Good Cup of Coffee

How hard it is to secure? How often do you hear a man exclaim, "Where can I get it?" Coffee that is distilled ever so wisely until it has acquired the delicate, yet potent flavor.

The Palm Room provides the most delicious coffee you can ever know. Tasting is believing.
