## ESTIMATES MUST BE CUT TO 1914 FIGURES, SAY BUSINESS MEN; MAYOR NO AT ALL

### Stirring Time at Session in Board of Trade Rooms

#### Recall is Openly Talked Of

#### Position Squarely Set Forth in Resolutions —Commissioner McLellan Expresses Himself and Leaves Before End of Session—County Valuation is Sharply Criticized

Renewed protests against any increase whatsoever in the estimates at the board of trade meeting this morning, culminated in an intimation from one of the members that a recall would be instituted against all the commissioners, and President Liley said there was a general feeling that the commissioners would be recalled if a further reduction were not made. A resolution demanding that all increases be wiped out was adopted, and the responsibility left with the commissioners.

Mayor Frink did not attend the meeting, replying to a second invitation telephoned from the chairman that he would not be present. The other commissioners were in attendance, and Commissioner McLellan and Potts practically intimated that they had gone the limit in cutting down expenditures and would go no further. Commissioner McLellan participated in some very lively exchanges with those in attendance, and left the meeting before its close, following the refusal to listen to a detailed statement of his increased expenditures. He declared he was willing to go to the people with the other commissioners on his estimates without waiting for any recall.

Condemnation of the failure of the commissioners to reduce the estimates to make them the same as last year was very strong. Among the speakers were W. H. Barnaby, Senator Thorne, T. H. Estabrooks, J. Willard Smith, L. P. D. Tiley, A. M. Rowan, G. S. Mayes, C. T. Jones and A. O. Skinner.

The suggestion was made for a committee of five to meet the commissioners for consideration of the estimates, but this was defeated when put in form of the motion, the feeling being that the board of trade should not usurp the duties of the commissioners as respects the details of their expenditure.

Commissioners Russell and Wigmore appeared to be willing to make a further cut in the estimates in case of a re-consideration. Several speakers very sharply criticized the county valuation and the implied suggestion that the city would not be allowed to make its own valuation for county as well as city purposes.

**The Meeting.**  
J. A. Liley, the president, was in the chair, and among those present besides those mentioned were: H. C. Schofield, J. Hunter White, C. S. Philips, F. R. Fairweather, J. K. Story, A. M. Belding, H. F. Rankin, C. E. Crosby, R. B. Emerson, W. B. Balfanz, J. G. Harrison, Thos. Bell, Fred C. MacNeill, J. H. Doody, W. G. Allison, A. G. Wetmore, W. G. Scovill, Capt. A. J. Mulcahy, John Seely, Alex. Wilson, Alex. Baird, John B. Jones, H. Climo, G. A. Kimball, M. W. Doherty, J. E. Secord, Thos. Gorman, J. S. McGivern, H. Sellen, and Commissioners McLellan, Wigmore, Potts and Russell.

President Liley said in opening that he had been assured by the commissioners after Friday's meeting that the increases would not be more than \$10,000 over last year, but it was apparent the total increase would be \$100,000 over last year. He did not know of a time when the people had been so roundly treated, but he was greatly disappointed for one to find the cut had not been greater. They must bring greater pressure to bear to reduce the \$100,000 increase in the safety department further and to curb Commissioner Potts in a serious advance.

Commissioner Potts said his estimates for actual work were exactly the same as last year.  
L. P. D. Tiley asked for the cause of the unprecedented increase in the interest charge.  
Commissioners Potts and McLellan offered information as to small interest charges in their departments.  
Mr. Barnaby said the meeting was called for the benefit of citizens and he thought the discussion should be limited to the citizens.

### QUEEN'S THANKS

#### Letters to Lady Tiley Speak of Appreciation of What New Brunswick Women Have Done

The thanks of Her Majesty Queen Mary were today received by Lady Tiley in behalf of herself and co-workers of New Brunswick for the able work they have done in connection with the furnishing of garments for a naval and military hospital. Lady Tiley has also a letter from Lady Perrot, honorary secretary to the queen, expressing thanks and asking the aid of New Brunswick women in helping endow hospital beds at the front. This suggestion is to be acted upon by Lady Tiley who will receive and acknowledge contributions of twenty-five cents and upwards for the establishment of a New Brunswick bed at the front in one of the hospitals. The sum of \$100 will endow a bed for one year, and she thinks this amount can be raised quite easily, for, she said today, she has had many thanks in New Brunswick for patriotic objects in New Brunswick has gone unmentioned.

The letter received from Buckingham Palace was as follows:—  
Dear Lady Tiley,  
I am glad to know that you have been successful in securing for me so good a list of names for the women of New Brunswick to be named on the roll of honor in recognition of their services in connection with the war.

The queen is much touched by this kindly thought on the part of the women of the province, and she hopes that you will inform them that a certain proportion of the garments will be sent to the two Canadian hospitals, one of which bears Her Majesty's name.  
Yours very truly,  
E. W. WALLINGTON,  
Receiver general of the Order of St. John of Jerusalem.

In the harbor. He knew that this would be at least cut in half. He wanted to see the commissioners go further and reduce the estimate \$20,000 under last year's figures. The counsel of Senator Thorne and W. H. Barnaby, representing large business houses, was giving heroic service in keeping positions open and paying men going to the war, should be listened to.

Senator Thorne called upon, said he was not inclined to give all possible information and not to be insulted.  
President Liley said he thought the best plan was to get a full expression of opinion from the citizens, then to hear H. F. Rankin, J. Willard Smith, R. B. Emerson, W. B. Balfanz, J. G. Harrison, Thos. Bell, Fred C. MacNeill, J. H. Doody, W. G. Allison, A. G. Wetmore, W. G. Scovill, Capt. A. J. Mulcahy, John Seely, Alex. Wilson, Alex. Baird, John B. Jones, H. Climo, G. A. Kimball, M. W. Doherty, J. E. Secord, Thos. Gorman, J. S. McGivern, H. Sellen, and Commissioners McLellan, Wigmore, Potts and Russell.

Further appointments to the 6th Mounted Rifles in the morning was reported were announced today upon his return from Halifax, by Major C. Herbert McLean who is to have command of 'B' Squadron of that unit. This squadron will be made up of men from the Maritime Mounted Rifles.

Presentations to  
A pleasant feature of the board of trade meeting this morning was the presentation, to Col. A. E. Masie, commanding officer of the divisional train from Canada in the second contingent, a valuable military pistol with trappings complete. On behalf of the board, J. A. Liley, the president, expressed appreciation of Colonel Masie's services to the cause of empire and extended good wishes for his success in the future.  
Colonel Masie replied suitably, and there was hearty applause from the large gathering.

Mr. Estabrooks protested strongly against any increase and pointed out that the commissioners at the beginning of 1914, as did all business, were forward to an improvement in conditions and might naturally have made their estimates larger on this account. With the curtailment this year it seemed reasonable that they should have sought to reduce rather than increase last year's figures. His idea was that the controller expenditures would have to be cut sufficiently to cover the unavoidable increases in interest and fixed charges.  
Commissioner McLellan could surely promise more efficient service with the present police force or else what was the object in forcing a retirement of the late chief.  
The amendment was put and carried.  
Commissioner McLellan.  
"If there is any nonsensical idea prevailing here that the city can be properly patrolled by the present force I am quite willing to go to the people on the question. This is a nice kind of a meeting to ask the commissioners to attend anyway. I came here to give information and not to listen to expressions of bad feeling over what has taken place in the last two years. I can assure you I will do what I consider right in the interest of the whole people and not of the few gathered here this morning. The man who carries his dinner pail needs protection just as much as your big business men. I'm ashamed that so much ignorance should be displayed as has been expressed here. Some of you people have never been outside Partridge Island anyway. You are like the old farmers who say what their grandfathers have is good enough for them."  
(Cries of "order, order.")  
Commissioner McLellan then showed the plan of the city with the new beats as (Continued on page 2, first column.)

## Russians Driving Germans Back

### Daily Reported Capturing Villages—Austrian Army Improved in Re-organization

Petrograd, Jan. 18.—Recent developments in the vicinity of Warsaw appear to indicate that the Germans are directing their efforts to push the Russians beyond the east bank of the Vistula at the junction of the river with the Pila. It is the opinion of a high military authority that the Germans expect cooperation from the Austrians.  
The German activity for the last fifty hours has been around a big village between Sochaczew and Bolimow, where six attacks in succession were made on Saturday night.

In the region of Plock and Milawa the Germans appear to be on the defensive. They have been slowly pushed back by the Russians, who daily are reported to be capturing new villages. On Saturday the Russians are said to have crossed the river Skawa, which enters the Vistula a few miles below Plock.

Southward, the Austrians have fortified along the river Dunajec and are besieging Tarnow with heavy artillery. Their aim is believed to be to push eastward and relieve Przemysl.

With all Bukowina in the hands of the Russians, only one pass, which is strongly fortified, prevents an invasion of Austria.  
Reorganization of the Austrian army, through which an Austro-German element predominates on the eastern front, where formerly there was a large percentage of Slavs, is said to have worked a notable improvement in efficiency. The Austrian Slavs are reported to have been sent to the French front.

## THIRTY WANT TO BE POLICEMEN SOLDIER LAWYER IN COURT IN UNIFORM

### Applications Filed Today—One Was Formerly on the Force An Incident in Probate Court Session Today Draws Attention

Some two or three years ago for the first and so far for the only time in the history of courts in this province a lady advocate appeared before the St. John Probate Court becomingly attired as a soldier in legal costume. Now another record has been made in the same court an advocate on the active service appearing, for which he was commended by the court, dressed in military uniform, thus following the practice laid down in the Ontario courts, where it has been held that those who are patriotically taking up arms in defence of their country should not, when appearing as counsel, be required to change their dress, the king's uniform being good enough for any court.  
The court today dealt with the matter of the estate of John Brown, teamster. He died intestate in last July. On the petition of his widow, Annie Brown, and his three children, was admitted the will of W. Henry Harrison, sole executor. The accounts were found entirely correct and were approved by the court. The estate was valued at \$4,400. Mrs. Margaret Falconer, widow, there was a return of a citation to pass the account of W. Henry Harrison, sole executor. The accounts were found entirely correct and were approved by the court. The estate was valued at \$4,400.

## MORE APPOINTMENTS TO COMMANDS IN THE MOUNTED RIFLES

### Announcements Made on Return of Major McLean from Halifax

Further appointments to the 6th Mounted Rifles in the morning was reported were announced today upon his return from Halifax, by Major C. Herbert McLean who is to have command of 'B' Squadron of that unit. This squadron will be made up of men from the Maritime Mounted Rifles.

## EAST INDIANS WITH BRITAIN TO THE END

Ottawa, Jan. 18.—India's enthusiastic co-operation in the war is indicated in the Official Gazette of India, just received by the government, and containing a remarkable series of speeches by members of the Indian council. Seventeen of the Indian members spoke to a resolution proposed by one of them, expressing the determination of the people of India to support the British government to the end, and requesting that the government of India to permit the people to share in the financial burden in the war.  
The sentiment is one of extreme gratitude to the government for permitting Indians to take part in the struggle. Their pride of race has been aroused, apparently, as never before.

## THE LIQUOR LICENSES

The members of the liquor license commissions for the city and county are meeting this afternoon to consider the applications received for permission to sell liquor. In the county there are no new applicants aside from those of last year, and in the city the same holders of licenses have applied again, with additional applications being made for the licenses now held by Wm. O'Keefe and M. Harley. John H. Sullivan is making application for the former and George T. Kane for the latter premises.  
A delegation from local temperance bodies will appear before the city license commission today to protest against the renewal of a license for the Dunham bar near the armory.

## TOOK NARROW CHANCE

Excitement reigned for a few minutes at the Union Depot on Saturday night when a prominent lawyer was compelled to scale a fence in the outer aid in order to get aboard the outgoing Montreal train. It had happened that he was aboard the train, but left to buy a newspaper. He chatted out of the window too long, and the train was just pulling out when he tried to get inside. Police officers were on hand with the rules of the depot had closed the gate and refused to let him through. Then it was that he did the acrobatic act, jumped over the fence and managed to clamber aboard the last car. It was a narrow escape. The same citizen figured in a similar experience just about a year ago.

### Great Guns do Their Work

Paris, Jan. 18.—The French War Office this afternoon reported: "During the last fortnight five German attacks on Hill 263, to the west of Bourvilleles, but without inflicting serious damage." "In Argonne the German attacks on Hill 263, to the west of Bourvilleles, but without inflicting serious damage." "In Argonne the German attacks on Hill 263, to the west of Bourvilleles, but without inflicting serious damage."

## FIVE GERMAN STEAMERS HIT MINES IN BALTIC AND SINK

London, Jan. 18.—The Morning Post's Stockholm correspondent says:—  
"During the last fortnight five German steamers have disappeared in the Baltic Sea, with all their crews. They were lost by striking mines."  
"It is reported that prominent men of German commercial and shipping circles have collected \$50,000 for relatives of Swedish seamen who have been lost through disasters in the Gulf of Finland due to German mines."

## KEEP UP FICTION OF "WAR FORCED ON US"

Vienna, via London, Jan. 18.—On assuming office Baron Stephan von Burian, the new foreign minister, sent the following telegram to the German chancellor, Dr. Von Bethmann-Hollweg:—  
"Both allied powers now have tried, in serious and historical times the value of an alliance of friendship, which relies on tried faithfulness, on close intercourse of interests, and must form the foundation of their policy. I beg of your Excellency to give me the same energetic assistance as my predecessor had."  
The German chancellor replied as follows:—  
"Your Excellency may be assured of my most confidential co-operation and unreserved assistance in the solution of your serious and responsible task. In the uncertain and changing conditions of the present time I have the faithful friendship of the allied powers I receive an assured guarantee for the happy issue of the war forced upon us."

## THE PATRICIAS

Montreal, Jan. 18.—A letter from Major Hansmann, dated "In the trenches January 8," gives the real of the "Princess Pat's," except the meagre details received by cable, telling of the death of Captain Newton and the charge last week in which the regiment distinguished itself by driving the Germans back nearly a mile. Major Hansmann describes his personal experiences on their first day under fire, the day before Christmas, when they were in the trenches and were vigorously shelled by the Germans. He writes: "The Hun's got a nice 'bracket' on us, and their direction was perfect, and before you say 'Knifed,' they plumped in eight or ten 'weary willies' (small jack Johnsons from howitzers), which burst just behind our back parapet within ten yards of the dug-out in which we were lying. He wrote that his division would be in the thick of it next day."

## LATE REPORTS FROM SECTION OF ITALY STRICKEN BY EARTHQUAKE

Avezzano, via Rome, Jan. 18.—More than 2,000 soldiers are at work on the ruins of Avezzano, which may be described as a wilderness of mud and brick several miles. It is difficult for the inhabitants to recognize even streets, much less individual houses.  
Incidents of remarkable rescue are coming to light. A lieutenant of engineers, Carri Eville, who came here and located the destruction, was in the city for some time, alone, pulling away stones, but presently he was assisted by some soldiers. After seven hours he found his mother, alive, and not very badly injured. She had been protected by an unbroken piece of wall falling over the corner in which she was sleeping.  
"The disaster seems to be increasing with every report I receive," said Signor Cinfelli, minister of public works on Sunday. "Probably half the population of 60,000 in the Avezzano district are either dead or injured. I do not like to put the number of dead higher than 20,000 for this region. This does not include Sora."  
"I am estimating without being actually in possession of detailed figures, because I have not yet had word from more than half of the fifty villages in the zone of destruction. I am afraid that terrible things have happened quite beyond the power of local relief to help, but within another twenty-four hours it will be possible to send battalions of workers and food to all the villages now isolated."  
The minister himself was without food for twenty-four hours, with the exception of a small piece of tinned meat. During the first forty-eight hours of his visit here he was occupied in taking care of the injured.  
Material Damage \$60,000,000  
Paris, Jan. 18.—The Rome correspondent of the Matin, telegraphing details of the scene in the earthquake district says:—  
"The rescue work continues with great difficulty. A man still living was taken out of the ruins at Avezzano on Sunday morning. The railroad is now repaired and supplies are arriving regularly."  
The frequency of the shocks is diminishing. The seismograph has registered only eleven in the past twenty-four hours in the region of Avezzano and Sora and none in Rome.  
"The material damage it is estimated will exceed \$60,000,000."

## SUDDEN DEATH OF DR. C. H. L. JOHNSTON

Physician Had Just Returned Home After Attending Board of Trade Meeting  
Just a few moments after his return from today's meeting in the board of trade room, Dr. C. H. L. Johnston was found dead in his home at No. 2 Green street this afternoon. The community was greatly shocked. Doctor Johnston, who was about seventy years of age, for many years practiced medicine in St. John where he had since resided. He received his early education in the local schools, and finished at Edinburgh College.  
He then came to St. John where he established an office, but later removed to Boston. He did not remain there for more than a year, when he came back to St. John where he had since resided. He met with much success and enjoyed a high reputation. He retired from active practice several years ago.  
Dr. Johnston had had heart trouble for the last few years. He was sitting at his desk making notes concerning some memoranda he had jotted down at the board of trade meeting, when suddenly he fell forward and died in a few seconds. Doctor Adley was summoned but life had already passed from his body. His wife, who was Miss Anderson, survives.

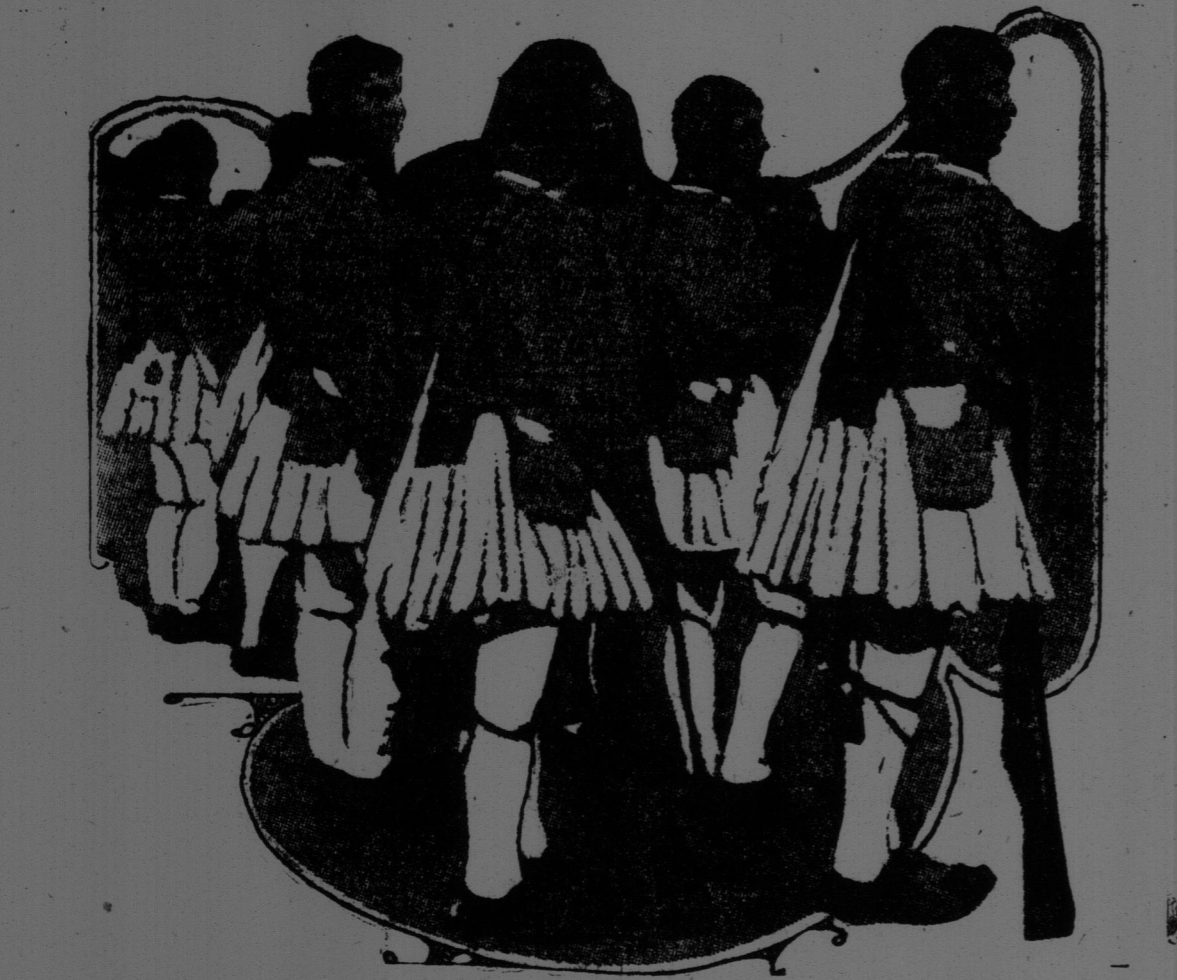

## TRIUMPH OF ALLIES BUT QUESTION OF TIME

Ottawa, Jan. 18.—That the triumph of the allies is only a question of time and that decisive results may be expected soon after weather conditions in the early spring permit extensive operations, is the opinion expressed by Maurice Arby, a member of the parliamentary press gallery, who is now at the front. Mr. Arby is an interpreter for one of the British regiments. A letter received by one of his conferees was censured and is very guarded beyond expressing confidence in the ultimate result and the belief that the summer will bring something definite.  
MUST HAVE LICENSE  
Simon and Joseph B. Jacobson, who had been reported for conducting a junk business in the city without a license, appeared before Magistrate Ritchie this morning. They were held to procure a license and present it to court on Wednesday morning.

## POLICE COURT

William Dick arrested on charge of assaulting John Colahan on Saturday afternoon in view of the police on the north side of King Square, was this morning fined \$20. The fine was allowed to stand as a representative of the Longshoremen's Association spoke in his behalf.  
A Belgian arrested on a drunkenness charge was fined \$8 or two months in jail, but the fine was allowed to stand against him. He was asked if he could pay any portion of the fine and he said that he had a \$3 bill when he was arrested but he could not find it. As it may have dropped out of his pockets while in the cell the magistrate suggested that one of the policemen go and see if he could find it.  
Two other prisoners arrested on a drunkenness charge were remanded.

### ESTIMATES MUST BE CUT TO 1914 FIGURES

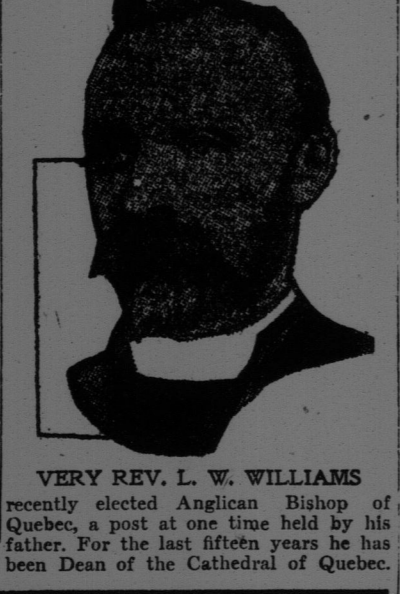

(Continued from page 1.)  
laid out in his re-organization. He said it might be news that there was a large section of the city never visited by a policeman day or night. The new men would provide in a measure for this.  
Alex. Baird—"We don't want them," Commissioner McLellan—"You don't know what you want. You are a layman, who sees only his own interests."  
Senator Thorne protested against Commissioner McLellan making political speeches. "He has no right to talk as we have never been outside Paradise Island," said the senator.  
The chairman ruled that Commissioner McLellan could not speak further and he gathered up his plans and left the room, declaring that he would go to the people.  
Commissioner Potts said he had nothing more to work on than last year. He thought if all present would declare their full income to the assessors, the poor man would not have to suffer in an increase of taxes.  
Commissioner Wigmore said that he had reduced his own estimates before taking them to council. He thought the estimates would again come before the council, and while he believed that each commissioner should be responsible for his own department, the estimates would be carefully considered by the whole council.  
Commissioner Russell said there was no question but that the assessments should be the same as last year. He proposed to cut the ferry in two.  
F. R. Patterson then made the remark concerning the recall, which provoked some applause.  
County Valuation.  
A. O. Skinner introduced the matter of the valuation ordered by the municipal council. He thought it a singular thing that the county should saddle an expenditure of \$30,000 on the city with three of the commissioners absent in Ottawa.  
Senator Thorne said that while he did not question the advisability of a valuation, the county board should not come in and dictate to the city board of assessors. The work in the city should be done by the city board and the county valuers take their figures.  
T. H. Estabrooks and R. B. Emerson expressed their surprise at finding two valuations were proposed in the city and Commissioner Russell said he understood that two valuations were not intended, but that the county board's figures would be accepted by the city.  
Commissioner Wigmore and Potts said they were in Ottawa when the measure was adopted and Commissioner Potts said it was a useless expenditure. "\$30,000 for nothing," he expressed it.  
A. M. Rowan and C. T. Jones spoke briefly, asking questions as to civic financing.  
On motion of J. H. White, the com-

#### Restitution of Valley Railway Double Subsidy to be Demanded

Ottawa, Jan. 18.—Restitution of the double subsidy paid by the government to the Valley Railway of New Brunswick, is likely to be demanded as a result of the investigation conducted by R. A. Pringle, K.C. His report has been sent to the department, but will not be made public until tabled in the house.  
HONDURAS THREE PLAGUES  
Famine Results From Drought, Grasshoppers and the War—Government Supplying Food.  
Honduras is in distress from the effects of the European war, the most severe drought in recent years, and a plague of grasshoppers.  
The drought caused the government to shut down all public works and to devote the funds for the purchase of food for the unemployed.  
During October the government ordered from the United States for free distribution, 1,000,000 pounds of corn, 150,000 of flour, 50,000 of beans and 1,000 of rice—paying cash to secure prompt delivery; and still there is famine in many sections.  
There has been no financial crisis and no marauding and all government employes and other obligations have been paid from custom receipts from imports ordered before the European war. Only necessities are now ordered, and many of these have been placed on the free list.  
Heretofore European goods have been introduced because local agents have been in a combination of bank and manufacturers' representatives, and they have also had the backing of European banks.  
Now, according to United States Consul Lawton of Tegucigalpa, imports must come from the United States. If the banks here can secure financial help from the United States banks on commercial associations, these banks or agents, acting for manufacturers, could pass over credits, arrange loans, and work for American imports. Merchants are willing to pay 10 or 15 per cent on short time loans, and by this means cash for their goods."

### WHY MAN ELEVATES HIS FEET.

It is an admitted fact that a man rests much more easily with his feet on another chair, or in the privacy of his own room—perhaps with his feet on the table, but it is not always understood why this is a more restful attitude. Perhaps women do the same thing in the privacy of their own apartments, but as no one ever is supposed to know this, the question must be left open. If they do, however, it is equally sure they gain a greater sense of rest thereby. The reason for it is not always realized, yet it is very simple.

"Bill, old man, you can add an hour or two to the day" would you suspect him of trying to spring a new "catch" on you?  
We say that to you in all seriousness, it's a hard common sense fact. For if you don't carry a good watch, you can, by buying one, add an hour or two to each day.  
What is a good watch?  
You can't make a mistake in buying a Howard, a Hamilton, a Waltham, or a Decibal. The first three have been the standards of good watches in America for several decades—and the Decibal is a watch made especially for you by one of the foremost Swiss factories.  
We have the style of watch you want—including those convenient Thin Models—and we'll guarantee both watch and price to be satisfactory. Stop in and have a close look at our watches.

### RECENT DEATHS

The death of Matilda, widow of John F. Mullin, took place at an early hour this morning at the residence of her daughter, Mrs. John H. McLeod, 317 Main street. She was a native of Johnston, Queen's county, where she was well known and respected. She is survived by three sons, William, of Westfield; David, of Portland, Me.; and James, of Concord, N. H.; also three daughters, Mrs. D. F. Bigford, of Boston; Mrs. J. H. McLeod of this city, and Mrs. Mary Tietz, of Seattle. Burial will take place Wednesday in the family lot at Johnston.

Oliver B. Pride died last week at the home of his son-in-law, Thomas E. Christie, River Hebert, N. S., aged 79 years. His wife, three daughters and two sons survive.

Mrs. Maud London, of Lakeville, Sunbury county, is dead, aged 87 years, leaving a widow, two sons and five daughters.

Samuel Doucet, shoemaker, of Moncton, is dead, aged 68 years. He leaves a widow with no children.

Capt. Geo. Gaudet, of Charlottetown, is dead, aged 74 years. He leaves a widow, three daughters and six sons.

### CONGRATULATIONS

David E. Lynch is busy shaking hands with friends today. A baby boy came to his home in Burpee Avenue on Saturday.

### DEATH OF LITTLE ONE

Friends of Mr. and Mrs. John B. McAlary will sympathize with them in the loss of their two-year-old child, who died yesterday in the hospital. The funeral took place this afternoon at 2:30 o'clock. Rev. David Hutchinson officiated at burial services, and interment took place in Fernhill.

### BURNS' CONCERT IN ST. DAVIDS, JAN. 25

A Scottish concert of unusual excellence will be given in St. David's church school room next Monday evening, January 25, in commemoration of the anniversary of the national poet, "Robert Burns." The affair will be under the auspices of the Y. P. A. and among the popular recitals taking part will be Mrs. Blenda Thompson, Mrs. Carren, Miss Col. Massie, Major McKean, Dr. Witte Cairns, F. C. McNeill and others.

### MRS. JAMES BUCKLEY

The death of Mrs. Margaret Buckley, wife of James Buckley, occurred yesterday at her home, 74 Suffolk street, West St. John, aged only forty-two years. She was held in respect by a large circle of friends who have learned of her death with regret. Besides her husband, for whom, with the members of his family, a great sympathy will be felt, there are five daughters—Miss May, Maude, Annie, Hilda, Harry and Mrs. Harold Morrison. Her only son, John, is at George, Clarence and Norman. The funeral will be held tomorrow at 2:30 p.m. from her late home.

### WHY CAN DOYLE'S SELL

Choice meats at lowest prices? Because 1. They sell for spot cash and because 2. They buy their meats alive in the country for spot cash, and therefore save the middleman's profit. 3. They have no extra expenses, such as bookkeeping, printing, collecting and other such work which is necessary with a credit business, therefore it pays to pay cash at Doyle's.  
Steak 18c and 20c; best pork 16c; coast beef 12c; mutton or veal chops 10c; sausages 16c; vegetables and canned goods; fresh fish on Friday; free delivery to any part of city.—Doyle's cash meat market, 269 Brussels street (near Haymarket square). ### "TERENCE O'ROURKE" AT THE IMPERIAL

Tonight and all day Tuesday the third chapter of Loui Joseph Vance's thrilling romance "Terence O'Rourke's Adventurer Gentleman" will be presented by J. Warren Kerrigan, a strong supporting company of the Victor corporation. The instalment is entitled "The In of The Wings of the Dove" and contains a splendid duelling of the old romantic school. The play shows our heroine thwarting the desperate plans of a gang of thieves, who by her random action, board flying freight trains. The Heart-Self Weekly and a bubbling comedy, complete the programme, except for "John Doe," which is a play of a splendid Keith act of the singing and dancing order—Mack & Williams. This lady and gentlemen have come directly to St. John from the B. F. Keith Theatre, Philadelphia, and are regarded as among the best exponents of their particular art in an up-to-date vaudeville. Miss Gertrude Ashe will continue as soprano soloist.

### CATHEDRAL WEDDING

A very pretty wedding took place this morning in the Cathedral when Rev. William Duke united in marriage Raymond M. Tobias and Emma M. Stephen. The bride looked charming in a costume of white silk, with a crown and veil of white and orange blossoms, and carried a bouquet of pink and white carnations. The bridal party then repaired to the home of the groom's parents, Mr. and Mrs. Tobias, 18 Brunswick street. Mr. and Mrs. Tobias received many beautiful presents. A celebration in honor of the occasion commenced on Saturday night.

### MORE APPOINTMENTS

(Continued from page 1.)  
Formerly lieutenant colonel of the P. B. Island Light Horse had been appointed to command "A" Squadron of the 6th and in this unit the 8th Hussars would furnish a captain, five lieutenants, and a signalling officer for the regiment.  
The 26th will furnish a captain and four lieutenants to the regiment and the selections already announced are Capt. Morris Scott, of Gagetown, Lieut. Edward A. Mooney, Lieut. E. S. Thomas both of St. John, while two others are yet to be announced. Lieut. George Morrissey of this city, and Lieut. Everett of St. Andrews have made application and it is possible they may be included. With the exception of Major Black the only other officer thus far appointed from the 8th Hussars is Lieut. City of Hampton, but there are several applications in and a complete list is anticipated within a few days.  
The roster of "C" Squadron will be made up from the 14th mounted infantry of Nova Scotia, and they will mobilize at Aldershot, N. S., while Major Ings' squadron will mobilize at Amherst.  
For the Soldiers  
The Father Mathew Association will entertain all soldiers who visit them in their rooms in St. Malachi's Hall on tomorrow evening. There will be a good time, refreshments and programme.  
Reported for Duty  
Capt. J. W. Gwynne, of Halifax, reported for duty on Saturday as adjutant of the divisional train under Lieut. Colonel Massey. Since the outbreak of war he has been in command of a company at Sydney, C. B.

BRITISH NAVY MEN HAVE IT HARD IN NORTH SEA

Another account of conditions in the North Sea, as given by Herbert Corey, says: The navy knows, in a general sort of way, what particular variety of shoel the men on guard in the North Sea are living through. Boats were taken from the ships at the first word of war. The wooden furnishings were stripped away. For days the North Sea was cluttered with bobbing pianos and mahogany chairs and the thousand and one articles that make man-of-war life endurable. For four months the men have been living in steel boxes, in the most abominable climate in the world. "You can't put on enough clothes to keep warm," said a retired officer. "The raw wind cuts you like a knife. The North Sea is half fog and half snow. Add to that the strain under which the men live. If an enemy's torpedo gets home, they must all die. This is hard."

HAD DYSPEPSIA So Bad Could Not Take a Drink of Water Without Suffering. Dypsepsia is one of the most difficult diseases of the stomach there is to cure. You eat too much. Drink too much. Use too much tobacco. You make the stomach work overtime. You make it perform more than it should be called on to do. The natural result is that it is going to rebel against the amount of work put on it. It is only a matter of a short time before dyspepsia follows.

COULD NOT GO TEN STEPS FOR THE PAIN IN HIS KIDNEYS. When you get a pain in the back you rest assured that it comes from derangement of the kidneys, for there is nothing wrong with the kidneys the back aches from and well. Doan's Kidney Pills regulate the kidneys, and there is no further excuse for any kidney trouble to exist. What more needs to be said? While Doan's Kidney Pills are not a "balm for every ill that flesh is heir to," they are a positive, never-failing remedy for every disease that has its inception in the improper action of those delicate little filters of the blood, the kidneys.

WHAT CATARRH IS It has been said that every third person is troubled with catarrh in some form. Science has shown that nasal catarrh indicates a weakened condition of the body; that the secretions of the mucous membranes are quickly affected, and local treatments in the form of snuffs and vapors do little, if any good. To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building tonic, free from harmful drugs or opiates. U. S. SUZERAINITY OVER PALESTINE?

Suggestion Made by London Chronicle as to Future of Holy Land

London, Jan. 18—The Chronicle editorially suggests that the United States may eventually be called upon to exercise a sort of suzerainty over Palestine. "When victory crowns the banner of the allies," it says, "the doom of the Ottoman Empire will be sealed. What is to become of Palestine? It is one of the great crimes of history that the cradle of Christianity should for centuries have been a part of the dominion of a non-Christian people. When the Turk goes, who and what is to take his place? Is there any chance of a Zionist ideal materializing into an actuality? At the present time, the Jews form only a bare majority of the inhabitants, but, if with the systematic help of the great powers, the Jewish state were created, a new Palestine would doubtless be a lodestar to Jews the world over, and the ancient glories of Judah might be revived.

"Even were it new Zion to become an accomplished fact and the Jews once more had a national hearth and home, provision would still have to be made for Christian guardianship of the Holy Sepulchre and other sacred places to which every year scores of thousands of Christians, chiefly from Russia, make a pilgrimage. We assume that a new Palestine, whether it be predominantly Hebrew or non-Hebrew, will at the outset be a state with limited self governing rights under the protecting wing of some great power. Which is that power to be France has traditional claims to the protectorate of Christian races in Asia Minor, and his historic links with Syria, Palestine for ages has acknowledged the suzerainty of the Pharaohs.

"America has for many years displayed a wonderful enthusiasm for missionary and educational work in Asia Minor. The problem of its future will not be an easy one to solve."

Splitting is not only a filthy habit, it's a dangerous one. Splitting spreads pneumonia and common colds as well as tuberculosis. A large part of the infections with pneumonia, common colds, and influenza is due to infected roofs and street dust. The splitter can blame himself for much of the infection of that street.

"Johnnie!"

"Yes'm."

"Why are you sitting on that boy's face?"

"Why, I—"

"Did I not tell you to always count one hundred before you gave way to passion and struck another boy?"

"Yes'm, and I'm just sittin' on his face so he'll be here when I'm done countin' one hundred!"

He had become the happy father of twins, and his unbounded pride in this two-fold distinctive blessedness found expression on every occasion.

While conversing with a friend one morning at the entrance of his office building a young woman passed wheeling a baby carriage containing a bounding baby boy.

"Doesn't a woman look queer," said the young father, loftily, "with only one child!"—Harper's Magazine.

START CHANNEL TUNNEL

Ex-Deputy's Proposal Has Double Object in View

London, Jan. 18.—A former Paris deputy, Gauthier de Clagny, addresses through the Gaulois, an open letter to the English nation, proposing the immediate beginning of a channel tunnel with the double object of showing the Ger-

mans that the allies are confident that Calais is safe and increasing Anglo-French solidarity. After pointing out that a German invasion of England would be impossible if half a million French could be rapidly transported to Great Britain, he suggests that as the war of 1870 caused the abandonment of the former tunnel, the present struggle supplies an appropriate occasion to begin the work afresh.

MOTHER! GIVE CROSS SICK CHILD ONLY "CALIFORNIA SYRUP OF FIGS"

If Peevish, Feverish, Tongue Coated, Give "Fruit Laxative" at Once

No matter what ails your child a laxative should be the first treatment given. Look at the tongue, mother! If coated, it is a sure sign your "little one's" stomach, liver and bowels need a gentle thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat, or act naturally; if breath is bad, stomach sour, system full of cold, throat sore, feverish, give a teaspoonful of California Syrup of Figs, and in just a few hours all the clogged up, consti-

ated waste, sour bile and undigested food will gently move out of the bowels and you have a well, playful child again. Sick children needn't be coaxed to take this harmless fruit laxative. Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow. Ask your druggist for a 50 cent bottle of "California Syrup of Figs" which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company." Refuse any other kind with contempt.

WHAT OF THIS BILL?

Assessment and Taxation Measure Before County Council

Something For the Taxpayers to Think Over and Act Upon — A Lot of Information Needed at Once

A proposed bill relating to assessment and taxation that might very gravely affect city and county taxpayers is to come up in the Municipal Council tomorrow. A copy of the proposed bill, every section of which should be studied by the taxpayers before tomorrow's meeting, is as follows:

An act to amend the rates and taxes act.

Enacted by the lieutenant-governor and legislative assembly as follows:

An act to consolidate and amend chapter 170 of the Consolidated Statutes 1908, respecting rates and taxes being 8 George V, chapter XXI, in so far as the said act relates to the city of St. John and the municipality of the city and county of St. John the same is hereby amended as follows:

1. By adding to section 8 at the end thereof the following sub-section:

(18) The reservoirs connected with the water supply of the city of St. John in the parishes of Simonds and Lancaster and in the city of St. John and the pipes and other constructed work in the said parishes placed in connection with the water system of the city of St. John as well as the water system of the city of St. John in the said parishes for over-flowage or any other purposes not immediately connected with the water, or contiguous with such reservoirs.

2. By adding to section 45 of said 8 George V, Chapter XXI, the following sub-section:

(m) The valuator for the city and county of St. John may secure and are hereby empowered to obtain such other information as they may deem necessary in making a just valuation of all real estate, personal property and income of every person within the city and county of St. John and of all personal property belonging to or held in trust for any person liable to be taxed in the city and county of St. John.

(n) The valuator may secure and set down such other information in addition to the information in subsections 45 of section as they may deem proper.

3. By adding to section 51 the following sub-section:

(5) Notwithstanding any irregularity in the appointment of the board of valutors for the city and county of St. John or any member of the said board, the list of valuations when finally determined upon when filed with the county secretary shall be binding upon the city of St. John and the said parishes of Simonds, Lancaster, St. Martins and Musquash FOR A PERIOD OF FIVE YEARS from the first day of January next succeeding the filing of the list of valuations and the board of valutors appointment or until another valuation shall have been ordered made and filed.

4. All appeals against any assessment made by the various boards of assessors in the parishes of Simonds, Lancaster, St. Martins and Musquash shall be to an assessment committee appointed by the council of the municipality of the city and county of St. John and in the city of St. John to the mayor of the city of St. John.

5. The said act 3 George 5 Chapter XXI, in so far as the same is repugnant to the foregoing section is hereby repealed.

6. The board of valutors may cause to be served upon any person a demand of a full and complete statement of all real and personal property residing within the city of St. John or the parishes of Simonds, Lancaster, St. Martins and Musquash owning or holding real and personal property or in receipt of income therein and such person so served shall within ten clear days after such service file with the county secretary under oath a full and complete statement of all his real and personal property and income AND UPON FAILURE TO FILE SUCH STATEMENT THE PERSON SO NEGLECTING OR REFUSING MAY BY ORDER OF THE BOARD OF VALUATORS AND UNDER THE WRITTEN ORDER OF THE BOARD SIGN-

ED BY THE CHAIRMAN OF THE BOARD TO BE ATTACHED AND COMMITTED TO THE COUNTY GAOL OF THE CITY OF ST. JOHN AND THEREBY DETAINED UNTIL HE SHALL HAVE FURNISHED AND FILED A STATEMENT OF HIS REAL AND PERSONAL PROPERTY AND INCOME WITH THE COUNTY SECRETARY OR DURING THE PLEASURE OF THE BOARD OF VALUATORS, NOT IN ANY EVENT TO EXCEED NINETY DAYS.

The present board of valutors is as follows:

Colonel A. J. Armstrong, chairman. Florence McCarthy. Daniel Melvin. R. A. Corbett. Alexander Magee. Eldon Schofield. Fairville. James Cascardier. Musquash. Omer Brown, St. Martins. W. E. Scully, West St. John.

DARKEN GRAY HAIR, LOOK YOUNG, PRETTY

Sage Tea and Sulphur Darkens so Naturally That Nobody Can Tell

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also cures dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound" you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. Youampen sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application of two, your hair becomes beautifully dark, thick and glossy.

TRY 'EM FOR SUPPER. CAKES MADE OF POTATO

(By Caroline Coe.)

Boil and mash enough potato to fill one cup heaping full. While hot add one teaspoon of butter and an even teaspoon of salt. Beat three eggs separately, and when the yolks begin to look lemon color add one and a half cups of sugar and beat until very light. Add egg and sugar to the warm potato and beat for three minutes. Flavor with one teaspoon of vanilla and a little nutmeg. Sift five cups of flour with five teaspoons of baking powder. Add one cup of milk to egg and potato and fold in the flour and the whites of three eggs that have been beaten to stiff froth. Take little dough at a time on floured board, cut into shape and fry in deep fat.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood is responsible for more ailments than anything else. It causes catarrh, dyspepsia, rheumatism, weak, tired languid feelings and worse troubles. Hood's Sarsaparilla has been wonderfully successful in purifying and enriching the blood, removing scrofula and other humors, and building up the whole system. Take it—give it to all the family so as to avoid illness. Get it today.

SKATING.

Belyea Again. In the second of the series of races in Westville, N. S., on Saturday night, Belyea, of St. John, defeated Leadbetter of that town. The distance was one mile, and the time 8:11. Later Belyea skated Wright, an eighteen-year-old boy, a half mile and beat him in a close contest in 1:31.

HOCKEY.

N. H. A. Results Saturday.

In Montreal the Ontario defeated the Canadiens, 7 to 2. In Ottawa the home team defeated the Montreal Wanderers 4 to 1. The victory tips them for first place. In Toronto the home team defeated Quebec 2 to 1.

Glacé Bay Wins.

At Glacé Bay on Saturday night, the home team defeated New Glasgow 10 to 2. The Cape Breton League is producing a fast brand of hockey this year.

Varsity Defeats Yale.

Yale University hockey team played an exhibition game on Saturday in Toronto with Varsity's inter-collegiate team, and were defeated by 8 to 2.

Dalhousie Wins Exciting Game

(Acadian Recorder, Halifax). If most of the amateur league games are like that of Friday night between Dalhousie and Crescent, the spacious arena would contain thousands, as it was a game which was fraught with interest from start to finish; it was not only closely contested, but so fast and so hard-fought that it kept the spectators right on edge up to the moment when Dalhousie were declared the victors, 4 to 4, after 19 minutes over-time.

There were not many moments in the game that the players were not hard at work. Dalhousie scored 3 to 1 in the 1st period, but their opponents were fighting hard all the time, and it was only clever defensive work that kept them scoring. Dalhousie tallied again in the second and the Crescents were blanked, though they had the best of the territory, making the score 4 to 1 in favor of the Collegians, but in the third, the Crescents went to work with such vigor that they brilliantly tied the score. For nineteen minutes the teams struggled, when Capt. Will Fraser eluded the opposing players and easily tallied the winning goal, ending a game which caused many spectators to remark that it was far more interesting than some of last year's big games.

RING.

Dillon Wins.

Jack Dillon of Indianapolis, administered a bad beating to Porky Flynn of Boston, in a ten-round bout in Brooklyn on Saturday night. Dillon had the better of every round.

TURF.

Match Race Here.

The Frederickton Gleaser says that Pearl Pick (2:18.4) a former Maine mare, now owned by Messrs. McDonald of St. John, and in trainer Bill Sharvon's stable during the last season, has been matched to race a pacer brought to St. John from Prince Edward Island a few weeks ago by Tommy Hayes, a well known St. John horseman.

The race is for a side bet of \$250, making \$500 for the winner, and is to take place at St. John on the 28th inst. Lately, however, some negotiations have been carried on for a postponement on account of the importation from P. E. Island being reported lame, but as it is a case of "play or pay" it is not known what position the Pearl Pick people will take in the matter.

Bill Sharvon is to drive Pearl Pick in the race. The ice at Millerville or Moosapatia Park will be the scene of the fun. A party of Frederickton horsemen plan to be on hand.

**PROKES WINS WRESTLING MATCH**

A Fine Exhibition of Modern Gladiators — Last Fall, Which Was Awarded to Prokes, Tested

A large and enthusiastic crowd of wrestling enthusiasts in the Opera house on Saturday night saw a match between Harry Ludecke and Jim Prokes. It was one of the most exciting encounters ever staged in this city and both men were warmly applauded for their work.

The first fall was won by Ludecke with a head scissor and arm hold in forty-three minutes. The second was won by Prokes in twenty-nine minutes with a half Nelson. He also won the third in twenty-one minutes.

The last fall was given to Prokes by D. McDonald, referee, under violent protest both from Ludecke and the spectators. Prokes obtained a body hold on Ludecke and lifting him, threw him off the mat. He struck on his head and it was apparent that he was stunned.

Prokes hauled him back to the mat and when he learned that he had lost the match he advanced to the front of the stage and said that he thought he had been unfairly treated as he was thrown off the mat and the fall should not count. McDonald and Prokes attempted to address the house but the jeers from the spectators drowned their voices and mid shouts and hisses they left the stage as the curtain was lowered.

Both men displayed endurance, skill and grit and time after time each would work out of some deadly hold mid enthusiastic cheers from backers and admirers. In the second round Ludecke did some exceptionally fine bridging and thus saved himself from a fall. The match was a fine exhibition by two modern gladiators.

The preliminary between Mattison and Seymour was won by the latter in fifteen minutes with a head and arm hold. Mattison showed flashes of his old form, but for the greater part of the time was kept on the defensive, as he was not trained and showed lack of form. With a week's workout he would make the best of his class go some to defeat him. Doc McGillivuddy officiated as time-keeper.

Yousiff Mahmoud, who was killed during the Balkan war, has come to life and will return to wrestle in America. There's no hope of losing them.

Twenty-nine fouls were registered in one basketball game in Chicago; including that basketball is getting to be quite a game.

EXCITING RACE IN CITY LEAGUE

Leading Pin Fall Artists—Interesting Game in Five-Man-Team League

The race for leading bowling honors in the City League is one of the most exciting in years. Two teams are the and two others are within striking distance. The last two teams in the league race occasionally cause a sensation by taking all four points from one of the leaders. The following is the league standing:

League Standing

Team	Won	Lost	P. C.
Tigers	9	20	35.3
Ramblers	28	30	48.3
Sweeps	27	21	56.2
Beaves	24	20	54.5
Giants	18	26	40.0
Elks	15	33	31.2

The following is a list of the members of the City League with an average of 90 or better and, also their total pin fall and the number of games in which they participated:

Name	Total Games	Pinfall	Avg.
T. L. Wilson	12	8500	87.5

CANADA'S 1914 CROPS

Ottawa, Jan. 15.—The Census and Statistics Office has issued its final report on the yield and value of field crops in 1914. The report states that, in marked contrast to 1913, the season proved particularly unfavorable to the growth of grain. Persistent drought throughout the greater part of the north-west provinces resulted in a lower yield of grain than any year since 1910 and lower than the average of the six years ended 1913.

The preliminary between Mattison and Seymour was won by the latter in fifteen minutes with a head and arm hold. Mattison showed flashes of his old form, but for the greater part of the time was kept on the defensive, as he was not trained and showed lack of form. With a week's workout he would make the best of his class go some to defeat him. Doc McGillivuddy officiated as time-keeper.

against \$1.89; mixed grain, 85.86, against 88.88; fax, 6.69, against 11.26, and corn for husking, 54.48 against 60.30. Value of Crops.

Computed at average local market prices the value of these crops in 1914 were as follows: Wheat, \$1,984,410,000; oats, \$1,811,000,000; barley, \$21,547,000; rye, \$1,079,200; peas, \$4,885,000; beans, \$1,654,800; buckwheat, \$6,218,000; mixed grain, \$10,729,400; fax, \$7,848,000, and corn for husking, \$9,808,000. For all field crops, including root and fodder crops, the total value amounts to \$383,041,200, as compared with \$302,771,000 in 1913, the increase of \$80,280,000 being chiefly due to the enhancement of prices, which has thus more than counterbalanced the low yields of grain in consequence of the drought.

NOW ON ISLAND OVER THE FOX BUSINESS

Some Want The American Consul Moved to Another Station

Objection to Reports Sent Out by Dr. T. L. Mays in Answer to Inquiries—His Reply to Criticism

Charlottetown, P. E. I., Jan. 18.—The island men are dissatisfied with reports sent out by the United States Consul, Dr. T. Livingston Mays, concerning the industry. Sometime ago Dr. Fuller, United States Consul-General, came from Halifax at the request of fox men to look into their complaints as to antagonistic attitude by Doctor Mays.

At the annual meeting of the Charlottetown Board of Trade last week, Mr. Macready, in moving a resolution that the council of the board inquire into and report upon the industry, spoke of the attack made upon it in certain high official quarters, and declaring that some authoritative statement from such a body of business men as the council would tend to remove a good deal of misconception.

Dr. Mays publishes a statement in one of the Charlottetown papers, declaring that in none of his letters answering inquiries in regard to the fox business has he discussed the people of the island. He states that he has given facts, of which he can furnish the proof, relating to the value and prices of foxes and furs, contrasted with the capitalization of fox companies.
