GOVT. TO CARRY OUT WEST INDIES PACT

ROBBANNOUNCES PLAN AT DINNER IN MONTREAL

States Ratification Favors All Canadian Seaports

SAYS TRADE GOOD

Exports Increasing Despite Unfavorable Situations in Other Lands

Canadian Press
MONTREAL, Oct. 5.—Canada's Liberal government intends to carry out the terms of the 1925 trade agreement made with the British West Indies and ratified at the last session of Parliament, Hon. James A. Robb, Minister of Finance, declared at a banquet tendered by Liberals of St. Lawrence-St. George to W. Clement Munn, defeated candidate at the last election.

At the last session of Parliament some work had been done, although much had gone into the discard, he said. Among the projects ratified was the British West Indies Trade Agreement, which favored all Canadian seaports.

PROVINCES CARRIED OUT
"While the Tory party was in power from June 28, to Sept. 14," he said, "they never lifted a finger to attempt to carry out the terms of that trade agreement. Now, we find we have to take up the work and carry out all which those gentlemen neglected to do."

Promises were being carried out already, the Minister said. He had promised on June 7, last, that obligations coming due this fall would be met. On October 3, \$38,000,000 had been paid off. Trade was good in the country, exports were increasing, despite unfavorable situations in some countries. It was the policy of the Liberal party to maintain the record it had achieved in government of the Dominion.

Is Dead in Boston

SPECIAL TO THE TIMES-STAR
FREDERICKTON, Oct. 5.—Word has been received here of the death of a resident in Boston of Mrs. Charlotte Lawrence. E. G. Merritt, of this city, is a nephew and Miss Fannie Merritt, a niece. She was a resident of Saint John in early life.

REFUSED RIDE, TWO
BANDITS SLAY MAN

Son Also Is Shot and Wife Dragged From Car in Jersey

NEW BRUNSWICK, N. J., Oct. 5.—Frank Kearney was slain, his son Robert was shot and his wife dragged from their automobile last night, when Kearney refused to give two men in the Stetson road a few miles north of here, a ride.

Police believe the men were bandits on their way in an expensive car, to loot a truckload of air mail due for delivery at Hedley Field, near here. Their own automobile ran into a ditch. The bandits, who were armed with pistols, shot at the Kearney automobile, but missed. It was then that the Kearney refused to give them a ride, and then pitched them out. They crashed the Scherr car through a railway gate a few seconds ahead of an express train. A search is being conducted for the men in Newark, where the Scherr car was abandoned.

HATFIELD TO SENATE

Toronto Paper Hears He Will Vacate Seat For Ralston

Canadian Press
TORONTO, Oct. 5.—The Mail and Empire publishes the following staff despatch from Ottawa: "Paul Hatfield, M. P., St. John's, Yarmouth, will be appointed to the senate in a few days. This will open the constituency for Col. Ralston, the new Minister of Defence."

BARRINGTON PASSAGE, N. S.
Oct. 5.—A meeting of the Liberal of Yarmouth-Sheburne will be held here this afternoon to consider the resignation of Paul L. Hatfield, M. P., and the opening up of the constituency for the election of Colonel J. L. Ralston.

HEAVY SNOW IN ALPS

ROME, Oct. 5.—Reports received here from the Alps say that heavy snow has been falling for the first time this season, especially on the Upper Adige and Isarco valleys.

Fears Increase For Safety of Several Foreign Missionaries In China

Chatham, Ont., Fights Paying Share of Provincial Road Cost; Wants Slice Off Gasoline Tax

CHATHAM, Ont., Oct. 5.—The Chatham city council, in session last night, placed itself on record as being opposed to cities being required to pay a percentage of the costs of maintaining provincial highways, as well as contributing to the same upkeep through the gasoline tax paid by citizens.

After declaring that the council believed that the principle of equal taxation is not being carried out by the Ontario department, it concludes: "We respectfully request that the Ontario government consider throwing off this city's share of maintaining provincial highways, or consider rebating to the city part of the revenue secured by means of the gasoline tax."

PAYS TRIBUTE TO CANADA'S POSITION

Lord Darling Makes Reference to H. G. Wells and Dean Inge

MONTREAL, Oct. 5.—Tributes to the greatness of Canada, mingled with some pungent references to H. G. Wells and a reassuring declaration that there was no cause for alarm in the latest book of Dean Inge, featured the address delivered yesterday by Lord Darling of Langham, one of the most brilliant of English jurists, and noted for his benign but penetrating humor.

"I am not going to attempt to give an appreciation of Canada," said His Lordship. "I will not do so for the very good reason that I have seen as much of it now. Before, when I had spent a few hours in the country, I might have thought that I understood something about it, but now that I have seen the vast size of it, I have been out to the Pacific and have come back here, I would not attempt it."

DWYER GIVEN RIGHT TO PRESENT APPEAL

Convicted Head of Liquor Ring Wins First Stage of Court Battle

NEW YORK, Oct. 5.—William W. Dwyer, convicted as the head of one of the biggest liquor rings in the country, and sentenced to serve two years in Atlanta prison, yesterday won the right to have a court hearing on the appeal to dismiss Dwyer's appeal from the conviction, but the court of appeals yesterday granted the defendant a hearing in December.

G. C. Cohen, convicted with Dwyer, also comes under yesterday's action of the court.

HOT IN ROCHESTER

Was Warmest October 4 in Last 55 Years

ROCHESTER, N. Y., Oct. 5.—The official temperature was 89 degrees Monday afternoon, making the day the warmest October 4 in the 55 years of the Rochester weather bureau. At noon the thermometer registered 84.

Killed While Aiding Neighbor Fix Roof

BRANTFORD, Ont., Oct. 5.—John S. Allen, a resident of Mount Pleasant, yesterday afternoon was assisting a neighbor to fix a roof, when he fell through and sustained such injuries that he died before he could be brought to the hospital here.

LEAVES FOR SYRIA

PARIS, Oct. 5.—Henry Ponsot, who has succeeded M. De Jouvencel, as High Commissioner in Syria, yesterday left for Marseilles where he will embark tomorrow for his new post.

New German Plane Carries 20 Beds; Has Freight Space

BERLIN, Oct. 5.—A new Junker's double-decked superplane, with a surface measurement of 100 square yards, is being tried out in Germany in a series of test flights.

The body of this giant plane is nine feet ten inches wide, and comprises two platforms with a cabin space enough for 20 beds, as well as for heavy baggage. Adjoining there is a special freight compartment for the shipment of express freight, the absence of which hitherto has been found a vital shortcoming in international air service.

HEAVY DAMAGE BY FLOODS ON MISSISSIPPI

Crops and Property Loss Runs Into Millions

MANY HOMELESS

Promise of Clearing Skies in Middle West Brought Hope That Worst Was Over

CHICAGO, Oct. 5.—The retreat of heavy-working waters from the mid-western areas, first hit by the cloudburst that arrived with October, today carried the flood menace down the courses of the larger tributaries piling on toward the Mississippi.

Along the Kansas-Oklahoma state line the floods were receding, but lowlands in Central Oklahoma, Eastern Missouri and Central and Western Illinois were threatened with further losses in life and property, as the crests moved toward the gulf.

More homes were hastily abandoned as the water threat increased at Beers-town in West Central Illinois, where Illinois River levees gave way yesterday, and let the stream into the town. Virtually all of the wall in front of Beers-town had disappeared.

EXCESS DRAINAGE

The San Geronimo road along nearby under the impetus of the excess drainage and the situation at Springfield was called beyond anything in the history of the state capital. Further south the tradersmen from boats to feed isolated hundreds.

With damage to crops and property estimated at millions of dollars, there was a growing fear for health, the subject of threatened water supplies and exposure while the homes were subject. A promise of clearing skies by tomorrow over the entire middle west, brought hope that the flood had done its worst.

DEPUTIES SWORN IN

The rivers and creeks climbed to flood stage in Central Oklahoma, as the crest was passed to the north. A hundred deputies were sworn in at Bartlesville to protect homes of those who fled before the flood. Deputies estimated at millions of dollars, there was a growing fear for health, the subject of threatened water supplies and exposure while the homes were subject. A promise of clearing skies by tomorrow over the entire middle west, brought hope that the flood had done its worst.

DOMINION W. M. S. HOLDS ANNUAL MEET

President Pleads For Enrollment of Young in Missionary Work

TORONTO, Oct. 5.—The opening session of the first annual meeting of the Dominion Board of the Women's Missionary Society of the United Church of Canada, was held last night. The meeting will continue until Friday, and will be devoted to the transaction of business in connection with the society's missionary program.

Gen. King Takes Over Montreal Command

LONDON, Oct. 5.—Brig-Gen. W. B. M. King, C.M.G., D.S.O., V.D., who until recently was in command of District No. 1, left here yesterday for Montreal where he will take command of District No. 4.

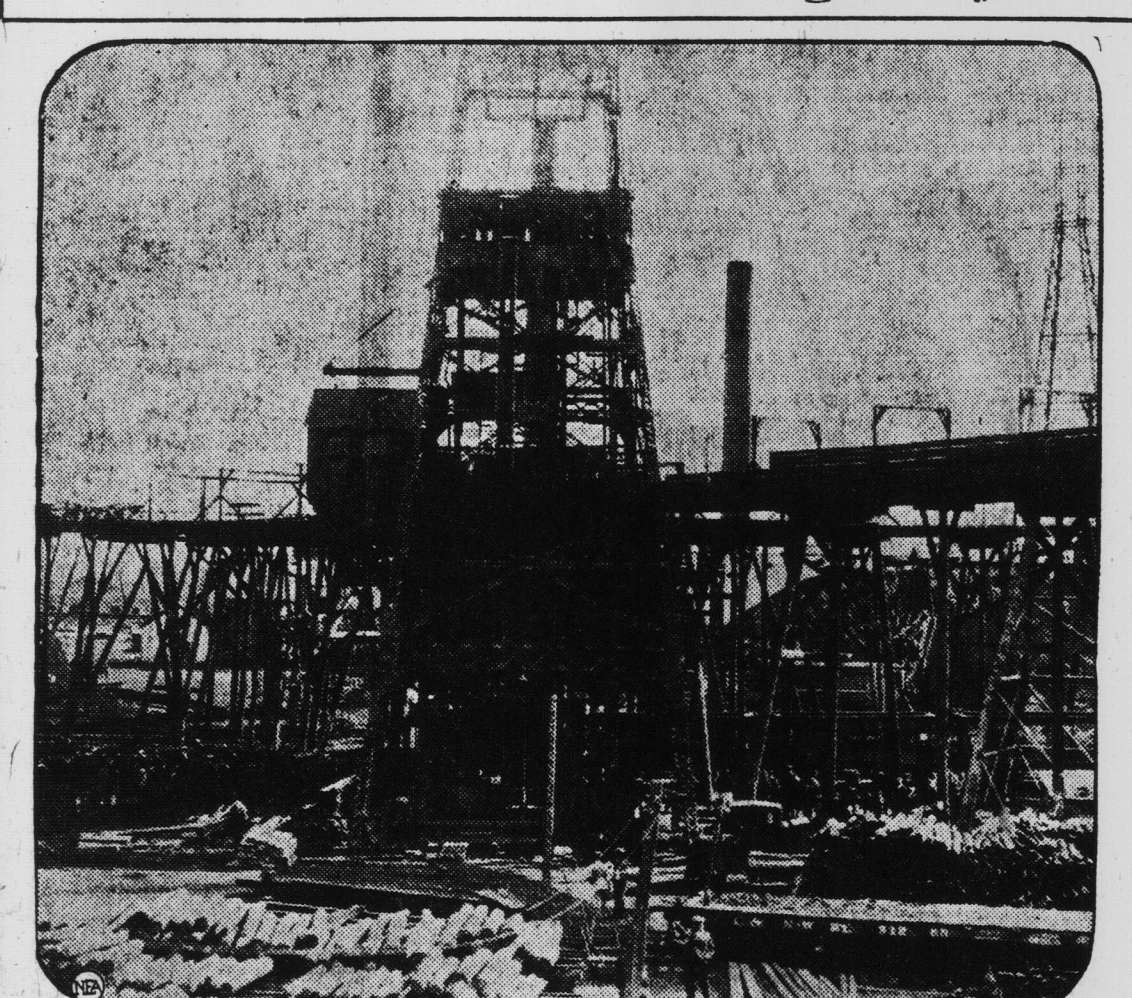

Another innovation is an auxiliary engine room, with a separate motor for lighting, for the accelerated filling of tanks, wireless and other services.

With the progressive development of aeroplanes to such dimensions, the continual expansion of aerodromes of the international service has become an urgent necessity. At Tempelhof, for example, not even the latest hangars still in process of construction, are adequate in size for the new superplanes, which, consequently, have to be parked out doors.

Cleveland Street Railway President Collapses at Dinner

CLEVELAND, Ohio, Oct. 5.—John J. Stanley, 63, president of the Cleveland Street Railway Company, and widely known street railways executive, dropped dead at the Union Club here last night, immediately after a speech given at a dinner in honor of his friends attending the convention of the American Electrical Street Railway Association here.

Where Rescue of 43 Brought Joy

EAGER relatives and friends are shown gathered about the shaft house of the fateful Pabst mine near Ironwood, Mich. They were rewarded at length when 43 men, imprisoned by a cave-in for six days, were brought to the surface. Burrowing up from lower levels, a rescue party came upon the captives at the 700-foot tunnel. As the men reached the surface they were met by wives and sweethearts who had kept constant vigil since the cave-in occurred.

MURDER MYSTERY

Guelph, Ont., Police Baffled by Slaying in Factory

GUELPH, Ont., Oct. 5.—Police investigating the mysterious murder of Albert Thompson in the plant of the International Malleable Iron Company here early Saturday morning, have no new development to report, except the finding of a shell from which the charge of shot that killed him is believed to have been fired. The shell found was just outside the wire fence which encloses the plant.

The funeral of the murdered man was held yesterday.

Bishop of London Refuses To Comment on American Flapper

CHICAGO, Oct. 5.—"The most thrilling experience I have had since the coronation of King George," was the way the Right Rev. Arthur Foley Winnington Ingram, Lord Bishop of London, yesterday described his arrival in Chicago and a ride from the station to his host's home in a motor car, flanked by motor cycle policemen. Thousands applauded the pastor of Great Britain's Royal Family as he proceeded to the home of Bishop Charles P. Anderson.

His Lordship, a genial, wiry, energetic man, came to the city from Iowa City, Iowa, to resume here his series of talks to American college youth. It was his first visit to the city. He quickly rebuked a reporter, who wondered what a Lord Bishop thought of American flappers. The divine said he wouldn't answer "such a silly question," as interviewing of that sort was undermining the dignity of the American press.

3 AMERICANS CARRIED OFF BY BANDIT CREW

Two Women and Man Taken; Seven Others Escape

CRISIS SERIOUS

30 U. S. and British Citizens in Desperate Fight at Sian Flu

SAN FRANCISCO, Cal., Oct. 5.—The condition of foreign missionaries in China is becoming increasingly precarious. They have been kidnapped by bandits and endangered by operations of rival military factions, among whom the anti-foreign feeling has grown, owing in part to clashes in the Yangtze basin, with loss of life when Chinese troops attacked British naval men. Ill-feeling toward missionaries has been reported recently from widely separated cities.

Three American missionaries, were carried off Sunday by bandits who attacked a large party proceeding to stations at Shenhong Fu, Hunan Province. Those kidnapped were Miss Minerva S. Wiel of the Reformed Mission, Miss Lydia Koebbe, evangelist mission and Karl H. Beck, Reformed mission.

SEVEN OTHERS ESCAPED

Seven other missionaries escaped, and are reported safe at Taoyun Tayo. Thirty armed Chinese guards employed by the missionaries for protection damped when the bandits appeared. Hundreds of miles to the north, at Sian Flu, capital of Shensi Province, 15 United States missionaries and a like number of British were reported in despatches Saturday to be in a desperate situation.

They were unable to leave the city, for which straggling troops of the deposed government of Peking, were confronting with Shensi Province forces.

LEGATION APPEALS

The United States legation at Peking has appealed to rival commanders to safeguard the Sian Flu missionaries.

Par in the interior, some 200 missionaries have been reported braving a serious situation at Chengtu, and vicinity, in Szechuan Province. A despatch Sept. 30 said they were in "no immediate danger."

WHOLESALE MURDER

HANKOW, Oct. 5.—Wholesale pillage and murder at Nanchang by troops of Sun Chuan Fang, ruler of China's eastern provinces, is reported in despatches received yesterday from Nanchang from a source considered authentic. Telegrams dated September 28, which had been held up, stated that Sun completely controlled Nanchang after conflicts with the Cantonese forces in which there were thousands of casualties.

Another message brought an appeal from the Methodist Mission in Nanchang for volunteers to assist in caring for the wounded Chinese combatants.

Among foreigners known to be in Nanchang are: Rev. W. R. Johnson, M. Mrs. Johnson and Dr. W. B. Lathby, of the Methodist Mission; John S. Little, Edward M. Little, the Rev. Lloyd Craghill, wife and child, all of the American Church Mission.

DR. BRITTON TO BE SPEAKER ON TAXATION

Is Added to List for Canadian Trade Board Meet Here

That good interest was being shown in the coming meeting of the Canadian Board of Trade here and that from present indications there would be a large number of Maritime representatives in attendance, was the cheering word of Dr. Horace L. Britton, who will deliver an address on "Municipal Taxation." Dr. Britton, Mr. Schandlers said, was regarded as the best authority on this subject in Canada and the committee feel they had added to the benefit to be secured from the convention by securing him for the program.

Today letters have gone out from the Saint John Board to all the Boards of Trade in the province calling attention to the convention and urging that they have representatives. Men are coming thousands of miles to this meeting and it is felt if they can take the time it is the duty of the provincial boards to be represented.

DOGS EXPENSIVE

Prove Costly to M. Kiley in License Case

Another Dog Day was held in the Police Court this morning when one case that had been set over and several new cases were brought up. Michael Kiley was fined \$20 for having four dogs without a license. He also paid \$6 for licenses for the dogs. In this case a dispute arose as to whether pups should be classed as dogs. J. Thompson, who had been set over, said the dog had been sent out of the city. Case dismissed. Edward Kiley admitted he had a dog without a license and paid \$2 for a license. Samuel Slade paid \$4 for a license.

MURDER SUSPECTED

Body Found in Lake Ontario Bears Secret Scar

ROCHESTER, N. Y., Oct. 5.—A "forget-me-not" scar cut on the left side of the jaw of Paul Santino, whose body was found floating in Lake Ontario two miles off the port of Rochester, last night, prompted police sheriffs deputies to begin an investigation of a probable murder.

The "forget-me-not" scar, police said, is a mark of a society of Italian origin, which means the marked man is a "squelcher," and has been punished as such.

Blaze in Stern, But Passengers Not in Danger, Remain on Vessel

NEW YORK, Oct. 5.—The steamship Byron, of the National Greek Line, which sailed from Piræus on Sept. 17, with 397 passengers aboard, raced into the quarantine station today with a fire raging in her hold. Apparently her passengers and crew were uninjured.

In response to frantic S. O. S. calls received when she was off Ambrose Light, a city fire tug, two pilot boats and a police launch steamed down the bay to her assistance.

A telephone message from the quarantine station stated that the fire was in the stern of the liner, and that she was in no danger. The fire tug William J. Gaynor reached the liner shortly before 9 o'clock and began pumping water into the hull. Delicate attempts were made to land the passengers.

Soon afterwards the liner, surrounded by the fleet of tug boats, started for pier at the foot of 39th street, Brooklyn. Clouds of black smoke belched from her hold.

GYROS PROVIDE MUSICAL TREAT FOR SAINT JOHN

Are Bringing Prince Chavchavadze and Earle Spicer to City

Local music lovers have a treat in store as the Saint John Gyro Club has completed arrangements to hold a recital, featuring Prince George Chavchavadze, the noted Russian pianist, and Earle Spicer, prominent baritone singer. The recital will be held in the latter part of this month in the Imperial theatre, Walter Golding, manager of that house, placing proceeds to be used entirely in local community work, supporting the Lady Byng camp for undernourished children to no little extent, and doing other beneficial work of a like nature.

Prince Chavchavadze, who is a scion of one of the old aristocratic families of Russia, arrived in Canada last week on the S. S. Empress of France. He came from Italy where he had been spending several months, and has joined Mr. Spicer in an American tour which will take them as far as Vancouver and Los Angeles. When in Canada last time the prince was entertained by the governor-general at Rideau Hall. He also is acquainted with the present governor-general, Lord Willington, who is a friend of his family.

Earle Spicer, who is a Nova Scotian by birth, is favorably known in Saint John, where he has pleased audiences in the past. He is a noted singer, has appeared before large audiences as far as the distinction of being one of the few artists to sing at the British Empire Exhibition in 1924, and also has appeared in Crystal Palace and other concert halls.

GOOD THINGS COMING TO THEATRES OF SAINT JOHN

HOLY NAME FILM ON TOMORROW

Considerable interest attaches to the showing of the pictures of the parade and open-air service held in St. Peter's Park about two weeks ago by the combined Holy Name Society units of local Catholic churches. The movies of the large demonstration were taken by the Imperial Theatre camera and will be part of the News Weekly burnday of this week. They will amount to over 100 feet and will give glimpses of the parade and the massed congregation of St. Peter's Park. Other interesting subjects of this weekly will be the Florida catastrophe and the crash and burning of the Rene Fonk non-stop plane at Westbury, New York.

BOWLING LEAGUE MAKES GOOD START

Civic and Civic Service Circuit Opened Last Evening

The Civic and Civic Service League got underway last night on the Imperial alleys. The opening addresses were given by C. B. Lockhart, collector of customs, and Commissioner R. W. Wigmore, of the water and sewerage department. After a few words of encouragement to the bowlers and complimenting the league, he rolled three balls down the alley, defeating Collector Lockhart.

The opening game was between the Customs, winners of the league last season, and City Hall, collector of customs, and Commissioner R. W. Wigmore, of the water and sewerage department. After a few words of encouragement to the bowlers and complimenting the league, he rolled three balls down the alley, defeating Collector Lockhart.

ASK PERMIT TO KEEP GOATS IN CITY LIMITS

Board of Health Receives
This Request From
Citizen

**WARNING ISSUED TO
HOTEL PROPRIETOR**
Given Five Days to Put
Premises in Satisfactory
Condition

A request for permission to keep goats in the city was before the meeting of the sub-District Board of Health yesterday afternoon and as it was the first time that such a request had ever been received, as far as the members were aware, the matter was referred to the chairman, John Kelly, for a further report.

The board decided to notify the proprietor of a certain small hotel in the city that unless the premises were put in a satisfactory condition within five days the hotel would be closed through the refusal of the board to grant a license.

Mr. Kelly presided at the meeting, which was a lengthy one, as the routine reports of two months were reviewed and dealt with and there was much special business also.

DEATHS LAST MONTH

The secretary, T. M. Burns, reported that there were 66 deaths in the city during September and the notifiable diseases reported for the city and county during that month were as follows: Scarlet fever, 14; typhoid, 6; whooping cough, 1; and tuberculosis, 10. The typhoid cases were chiefly in the county districts and made the total of typhoid cases for the last 11 months 17 as compared with 21 for the corresponding 11 months of the previous operating year.

Dr. H. L. Abrahamson, provincial pathologist, submitted satisfactory reports of the city water supply.

Dr. T. Fred Johnston, dairy and food inspector, placed before the board the names of seven milk dealers who are disposing of raw milk in the city. He gave particulars of regular inspections of pasteurization plants, the milk train, the city market and the slaughter houses, all of which were found to be satisfactory. There was an exception.

Dalhousie Club Seeks M. P. B. Break

HALIFAX, Oct. 4.—The Dalhousie University Athletic Club at its organization meeting went on record as in favor of a break away from the Maritime Provinces branch of the Athletic Union of Canada and the appointment of a provincial body governing athletics.

The association also decided to remain out of the city hockey league and seek re-entry into the Maritime inter-collegiate league. Leigh Miller, of Halifax, was elected captain of the track team.

PLANS CANCELLED

**King Government Ends Contract
For Vancouver Hotel**

OTTAWA, Oct. 4.—Cabinet council held a brief sitting late this afternoon, but at the conclusion of the meeting Premier King stated he had no announcement to make.

The government, stated Premier King, had cancelled a lease between the department of railways and canals and certain power interests, entered into by the late Conservative administration, in connection with the Carillon power project on the Ottawa River.

The contract by the Meighen government for the construction of a new hotel at Vancouver had also been cancelled, he pointed out.

Ten Tenders In For Train Shed Here

MONCTON, Oct. 4.—Today was the last day for receiving tenders for the construction of the new C. N. R. train shed at Saint John depot and up to the closing hour some ten tenders had been received at regional headquarters here, said W. U. Appleton, regional general manager.

These would not be opened here but would be forwarded to Montreal headquarters, from where an announcement of the awards would be made. Mr. Appleton could not state just when the awarding of the tenders would be made.

HEAR OF MISSIONS

**Letters From Field at Centenary
Women's Meeting**

Interesting letters from missionaries in the field were read at the meeting of Centenary W. M. S. yesterday afternoon, when Mrs. L. A. Langstroth presided in the absence of Mrs. C. F. Sanford. Reports from the various departments of the work were received. The inspirational devotional period was in charge of Mrs. M. D. Austen and the topic was "The Silences of God." Mrs. J. E. Angeline led the study period and spoke on mission work in Trinidad, a field in which the former Presbyterian church had charge and a field that is therefore new ground to the Methodist section of the United Church of Canada.

It was during the Watch Tower period that the missionaries' letters were read. A letter from Miss Harper described a summer vacation in the life of a missionary in Japan. A letter from Miss Minnie Robertson told of a trip which she had made to Formosa.

GREAT NEW YORK DRY GOODS FIRM TO CLOSE DOORS

**Clafin's Inc. Find Competition
Too Keen—To Liquidate
Business**

NEW YORK, Oct. 4.—Clafin's, Inc., rated as the second largest wholesale drygoods establishment in the country and a concern that is more than 80 years old, is to go out of business, it was announced after the board of directors had recommended unanimously that such action be taken.

The liquidation probably will take place about December 1, as the fiscal year ends on November 30, and present indications, it is said, were that this would be simply a case of disposing of the stock on hand and turning all assets into cash for distribution among the stockholders, who are comparatively few in number, the \$6,000,000 of stock being closely held.

Changes in business conditions appeared to be the cause of the proposed liquidation in an statement issued from the offices of President Harry P. Bottles of the company.

The statement reads: "At a meeting of the directors of Clafin's, Inc., held today, it was unanimously recommended that the corporation be liquidated at such time as the officers and directors may decide is proper to take action."

"President Bottles, who has so successfully operated this business during the past twelve years, stated that there was a general shrinkage in the business done by this corporation and that a careful survey of the situation made during the past three years convinced him that Clafin's, Inc., as it is called, was no longer a viable entity. It is constituted today, cannot compete in the New York market with concerns which specialize in the various lines."

"A meeting of the stockholders has therefore been called for the purpose of acting on the recommendation of the directors."

Clafin's, Inc., and its predecessor H. B. Clafin and Company, have for many years occupied the entire block between Church street and West Broadway, Worth and Thomas streets. At one time it was necessary for the company to have in addition thirteen warehouses, and it has carried as much as \$13,000,000 of stock at one time. There was a period when it had difficulty in getting insurance because of its enormous stock, and for a time it wrote its own insurance on part of its assets. The company was formed in 1843.

HANKOW, Oct. 4.—About 500 northern troops who attempted a sortie from the besieged city of Wu Chang today in an attempt to recapture Pagoda Hill from the Cantonese, was mowed down by the Southerners who used machine guns. The Northerners attempted to return to Wu Chang and found the city's gates closed against them. It is believed all were killed.

FAIRVILLE Y.P.S. HAS OPENING MEETING

The Young People's Society of Fairville United church held its opening meeting last night with an attendance of about 80 members. H. C. L. Sweet, the president, was in the chair and after the devotional service an entertaining program was enjoyed. Rev. H. B. Strothard addressed a few encouraging remarks to the young people telling of what the program for the coming year should consist. Purdy Cougle gave vocal solos. Miss Eva Taylor contributed a reading. Mrs. Frank Riley was heard in a vocal solo. Miss Helen Rigby gave a reading and a duet was rendered by Miss Gladys Scott and Miss Mary Scott. Miss Audrey McColgan and Miss Hazel McCumber were the accompanists of the evening. Games were enjoyed followed by a sing song, after which delicious refreshments were served under the convener'ship of the social president, Miss Hazel Kelly.

Ex-Italian Premier To Reconstruct Party

TO BE HERE IN INTEREST OF HEBREW FUND

Mrs. A. J. Freiman and Rabbi Zlotnik on Palestine Business

The Jewish community of Saint John, will during this week welcome two distinguished visitors. Friday there will arrive here Mrs. A. J. Freiman of Ottawa, and Rabbi J. L. Zlotnik of Montreal. Mrs. Freiman is president of the Dominion Hebrew Association and chairman of the Keren Hayesod, or Palestine Foundation Fund, while Rabbi Zlotnik is the executive director of the Zion's organization of Canada. This delegation is coming to Saint John primarily in the interests of the Keren Hayesod or Palestine Foundation Fund.

This is the principal financial agency whereby world Jewry is rebuilding a Jewish homeland in Palestine. Under the aegis of Great Britain, which holds the mandate over Palestine from the League of Nations, remarkable changes have been wrought. Since the Balfour Declaration, and the close of the Great War, more than 100,000 Jewish immigrants, practically all from Eastern Europe, have settled in Palestine; great public works have been established and others are in contemplation. The Keren Hayesod is directly responsible for the upkeep of 43 recently created colonies. The Palestine Foundation Fund has been by far the most important agency stimulating and financing these remarkable industrial, agricultural and educational activities. During last winter and spring, Mrs. A. Freiman and Rabbi Zlotnik visited the principal cities of central and western Canada. The local Jewish community has organized a strong reception committee and hopes to make the visit of Mrs. Freiman and Rabbi Zlotnik most successful.

VOLGA BOATMAN AT QUEEN SQ. THEATRE

Romantic, Dramatic Russian Tale Presented, With Roland Bustin Singing Theme

Filled with romance and drama of Russia after the fall of the Czar, "The Volga Boatman," Cecil B. DeMille's production for Foxes, Drexler, and Corporation strikes out into an unexplored vein of strongly entertaining, photoplay background. The great song, "The Volga Boatman," served as the inspiration for the story. The tale is set in Russia at the time of the outbreak of strife between the Red Army and the White Army of the aristocrats. The dramatic interest centers about Elinor Fair, a lovely aristocrat, and William Boyd, a toll-laden boatman of the Volga. Theodore Kosloff plays a striking double blacksmith, Victor Varconi, an imperious prince and Julia Fay, an exotic Tartar character. Robert Edson is given one of his interesting character roles as the last of a great line of Russian land owners.

The story starts on the Volga and then swings into the overtaking of the Czar. The highlight of the picture is a great ball of the aristocrats interrupted by the shells of the Reds. Later we see the aristocrats in their silks and satins forced into the harness formerly worn by the Volga boatmen. The story is intended simply as a love story of a man and a woman played against the most interesting tapestry of recent history. It is on the Queen Square screen today and tomorrow.

MEDICAL WRITER TELLS ONE CAUSE OF EARLY "OLD AGE"

Lack of Vital Nerve Force May Easily Make You Look And Feel 50 Years Older

It is said that 50% of men and women past 40 are victims of depleted nerve force—and one of the most common symptoms of this vitality-stealing ailment, that so often makes one old in early middle life, is a genuine physical weakness.

Other distressing symptoms are: irritability, worry, lack of confidence, ambition and endurance, dull headaches, frequent attacks of "blues," nervousness, premature wrinkles and perhaps falling eyesight.

Nerve force is the spark of life! The vital element that gives you the ambition, confidence and energy to do things really worthwhile. With abundant nerve force you may be young and vigorous at 75—without it you may be "old" and sickly at 30!

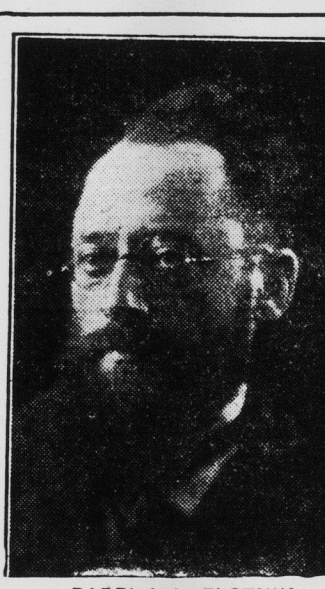

No matter what you age may be, if you are not feeling right, if you are easily tired, if you are weak and restless and little unimportant things get on your nerves—go to your drugist today and get a box of Double Strength Erbac Tablets.

These marvelous Erbac tablets, in double strength form, are made from a special formula recommended by Physicians for many years. Thousands have used them with wonderfully swift and pleasing results—and now they are offered to you on a binding guarantee of full satisfaction or no cost. Your own drugist will recommend them. Make the test today!

Tourists Bring New Life To Sleepy California Town

ENSENADA, Lower California, Oct. 5.—For years this village has reposed under the California sun, content in its sleeping to remain what its poor dwellers considered a good place to be lazy, and what the occasional American visitor observed was a "quiet little spot."

But its repose is gone and its quaint promises to soon fade away under the urgings of the sea and hammer.

A ramshackle row of buildings whose outward shabbiness, the builders hope, will be offset by the attractions within, are being built. To lure from the American his famed American dollar is the object of this activity.

Ensenada's avidity was awakened this summer when a coastwise steamer, the Emma Alexander, pushed several times into the town's little fishing harbor boatloads of excursionists. The first such influx only disturbed the quiet town, but soon its great population learned that the peninsula of Lower California has now announced that it will run a former army transport, the Buford, with a first class cabin capacity of 250 persons, on tri-weekly excursions from San Diego to Ensenada.

HUSBAND AND WIFE BOTH FACE COURT

Man is Fined \$50 and Woman is Sent to Jail For 3 Months

Mrs. Gilbert Peters, Pond street, found guilty of theft of \$10 from a Sam Tobin, was sentenced to a term of three months in the county jail by Magistrate Henderson yesterday afternoon. Evidence was given by Gilbert Peters, John Tobin and Samuel Tobin. According to the story told by the Tobin brothers, it seems that Friday night they went to the Peters' home on Pond street. While there, Gilbert Peters went out for some liquid refreshment and the party partook of it. A terrible picture is painted of cattle, food and valuables being seized during the period of military occupation, women and girls of all ages ravished, young men forced to labor without pay for the military, and the most of other inflammable property being torn away and burned. Literally everything was taken and the farmers were unable to proceed with their spring planting, rendering famine imminent. More than 200,000 refugees are now in Peking, it is estimated.

On awaking the next morning Sam Tobin missed the money and watch and was returned \$17 and the watch by his brother.

After the case had been closed Inspector Case laid a charge against Gilbert Peters, with having unlawfully supplied liquor to John and Sam Tobin. He pleaded guilty to the charge and was fined \$50 or three months in jail. He was given until this morning to pay the fine.

CATCH OF SEA FISH IN EAST INCREASES

Cod, Haddock, Hake and Pollock Show Gains and Herby Declines

OTTAWA, Oct. 5.—The sea fish catch on both coasts of the Dominion for the month of August last totalled 162,456,000 pounds, with a value of \$8,744,981, according to a report issued today by the department of marine and fisheries. These figures represent an increase over the corresponding month of 1925 of 88,470,000 pounds of fish, with an increase in valuation of \$608,248. The August, 1925, catch was 129,985,700 pounds, valued at \$8,137,738. Increases were recorded in the catches of cod, haddock, pollock and salmon.

On the Atlantic coast the total catch of cod, haddock, hake and pollock during the month was 11,654,000 pounds, as compared with 45,214,300 pounds during the same month of the preceding year.

The quantity of herring taken was 13,847,200 pounds, compared with 18,990,100 pounds in the preceding August. Good catches were made in south-western Nova Scotia and in the waters at Grand Manan, Charlotte County, N. B.

BIG CROWDS AT FAIR

Interest in Orphanage Event is Keeping up

The New Brunswick Protestant Orphanage Fair, which is being held in St. Andrew's Rink, was attended by over 1,100 people last night. During the evening the Kiltie Band was present and rendered a number of pleasing selections.

The door prize for the evening was won by ticket No. 8,334, as yet unclaimed and consists of a bag of flour. It may be mentioned that the door prize for Saturday night also, ticket No. 8,298 has not yet been claimed.

During the evening a large Newfoundland dog was on exhibition by his owner, E. L. McPherson, who has kindly offered it. The committee in charge have decided to sell the dog to the highest bidder. The fair will be continued on Thursday and Friday when it will close.

NEEDS OF CANADA POINTED OUT AT TORONTO MEET

Canadian Press Head Says National Thinking Is Required

TORONTO, Oct. 5.—Canada needs to think nationally; to increase sympathy and unselfish thought as between the east and the west and to see that there grows up an increased sympathy and knowledge between the two great races of whom the country is composed, said J. P. Woods, president of the Canadian Press and managing director of the Calgary Herald, in addressing the Canadian Club here yesterday.

Mr. Woods spoke on the subject of

SYMPATHY URGED.

"If we go forth to mutual sympathy, in national unity and co-operation, joining with one another in loyalty and in service to our country and to our Empire, we will cope successfully with all these problems and we will, with increasing unity of purpose, and with the cultivation of the highest standard in our public and private life, satisfy the duty which we owe to our country and be worthy successors to our forefathers," said Mr. Woods.

REFUGEE OF OPPRESSED

Tracing the story of the explorer, the pathfinder, the pioneer and early settler in Canada, Mr. Woods pointed out that for three centuries this country had been the refuge of the oppressed and afflicted of the earth. Hither they proceeded to escape the heavy hand of force, to escape from religious intolerance, and civil servitude and from the rocking penury of the elder and worn out lands. Canada had accomplished much. Her legislative system had come to be regarded as a model among the modern peoples of the world. Canada had shown the world how two great nations could live side by side in harmony and yet

NOVELTY SHOWER

At the home of Mr. and Mrs. F. B. Reicker, Metcalfe street, a very pleasant event took place Friday evening when about 75 relatives and friends tendered a novelty shower to Miss Mamie Lamb of Silver Falls, in honor of her approaching marriage. During the evening a basket and wagon, gaily decorated with red and white hearts and streamers, was drawn into the room by little Miss Margaret Graham and Master Rolly Conley, dressed as bride and groom, while the bridal chorus from Lohengrin was played by Miss Marjorie Watson. The basket and wagon contained many beautiful gifts. A delightful evening was spent in games and music, and dainty refreshments were served by the hostess, assisted by Mrs. Harry Conley, Mrs. James Cat, Mrs. Murdoch Lamb, Mrs. Gordon Lamb, Mrs. Ferris Reicker, Mrs. William Smith, Mrs. William Arthur and Mrs. William Shippee. Miss Lamb expressed her thanks for the gifts and good wishes in a few suitable words.

PAIR ARRESTED IN THEFT OF JEWELRY

17-Year-Old Bride Caught Trying to Pawn Gems in Buffalo

BUFFALO, N. Y., Oct. 5.—The \$3,000 jewel robbery at the Lake Shore home of Mrs. Moses Shire on Saturday night, was cleared up last night with the arrest of Thomas Schoell of Erie, and his 17-year-old bride.

Schoell was captured in his automobile in a downtown business street and Mrs. Schoell was arrested when attempting to pawn some of the stolen gems.

On the way to a police station, Schoell drew a revolver out of his sleeve and attempted to shoot the detective who arrested him. The officer grappled with Schoell and both of them fell from the car, the machine continuing down the street until it crashed into an obstruction. Schoell was re-captured after a chase during which several shots were fired.

Street Made of Heels If Weather Lasts

SAN FRANCISCO, Oct. 5.—Some day this city may have the most unique street in the world and it may be named "The Street of Heels."

At the intersection of Fifth and Market streets, downtown, the asphalt pavement on hot days melts to the sticky consistency of fly-paper. Pedestrians leave the impress of their shoes on it and sometimes emerge with a missing heel or two.

Trucks and autos imbed those heels deeper and so Officer Larry O'Connell who holds sway there, boasts of a fine collection of heels as can be found. Here and there may be seen a dainty French heel, alongside perhaps an extraordinary large one that could only belong to some fellow-officer. Colors vary and some are badly worn, some new and others just partly worn.

FLYING GETS SAFER

Between 1919 and March 31, 1926, air transport flying under British control covered a total of 4,564,000 miles with only four accidents, causing thirteen deaths. This is equivalent to one accident in every forty-six trips around the world.

The Miserable Wife Whose Kind, Generous Husband Won't Make Love to Her—The Love Starved Wife Who Steals Affection From Her Husband's Friend—Is the Girl Who Doesn't Thrill Really in Love?

DEAR MISS DIX—I am married to one of the best men in the world. He is kind and generous, and I am sure that he is devoted to me and appreciates all that I do for him, for I am a good wife and a good housekeeper. But, Miss Dix, my heart breaks because he never pets me or makes a fuss over me or calls me any baby names, yet before we were married nobody could have been more affectionate and demonstrative than he was to me. I spend days and nights on my knees praying God to bring about a change in him so that he will show me again that he loves me, but my prayers are never answered. He just goes along the same old way. Good to me, but never saying to me the things that I would give my life to hear. And I think that I will kill me.

DOROTHY DIX

And I wonder why a man who will do everything else on earth to make a woman happy, who will toil for her and sacrifice for her and go hungry and cold for her, won't make love to her, although he is bound to know that the one thing on earth that would make her perfectly blissful is just to have him make a fuss over her and tell her that she is the most wonderful creature on earth and that she gets more beautiful every day and that he loves her better all the time.

I wonder that men don't realize that marriage doesn't cure a woman of her craving for admiration or for affection or for soft talk. Rather it intensifies it, and the husband who refuses to fill this need of his wife's soul starves her just as much as if he failed to provide her with food for her body.

And then I wonder about women. I marvel at their genius for making themselves miserable about nothing. I am filled with amazement at the trouble they take to find the crumpled rose leaf under their forty mattresses of ease.

Certainly the woman who has a husband who is good and kind and generous to her and whose affection for her is proved in a thousand different ways, has mighty little to complain of. She is going a long distance out of her way to hunt for trouble when she can make herself wretched over the fact that he isn't a glub lovermaker, and isn't always telling her that her eyes are like stars and her mouth a rose bud.

And I marvel at the lack of common sense that prevents a woman from ever understanding her husband and seeing the plain, practical business man no more considers it necessary to tell his wife every day how much he loves her than he does to go about announcing to all he meets that he is an honest man or that he always pays his debts.

He thinks that his devotion, his care, his work, speak for themselves and that words are superfluous beside them. He says it with his looks and his hands and his lips, and she goes around, poor foolish soul, beating on her breast and wailing out her misery to high Heaven because he has stopped quoting poetry to her.

So, two people who love each other make each other miserable over a few words one wants said and the other won't say. Can you beat it?

DEAR MISS DIX—I have been married for eleven and a half years, am 28 years old and have two little boys whom I love very dearly. My husband brings his pay envelope home to me and tells me that he loves me, but he never shows me any affection or takes me to any place of amusement. I am love-starved at home.

There is a man, a friend of my husband's, who has been in love with me for ten years and I with him. He is married, too, but he is as hungry for affection as I am. We meet occasionally and he kisses me and caresses me and says to me the tender things that every woman loves to hear, and we are passionately happy when we are together. Now, do you consider it wrong for us to love each other and is there any harm in our little stolen interviews, our little secret trips and dinners? Can we go on being just lovers? Please tell us what to do, as we have decided to go by your decision.

ANSWER: You know very well, Brown Eyes, that what you are doing is very wrong and that no good can possibly come of it. You are being disloyal to your husband and breaking your wedding vows in spirit, if not in fact. Even if your husband isn't affectionate and you are hungry for love, it doesn't give you the right to steal it.

And thing of your children. You want to train them up into being fine, honorable men who will go straight. How can you do that if you are crooked yourself? How can you teach them to keep their ideals unsmirched if you have lowered yours and trampled them in the dust?

Every boy has a right to think of his mother as the embodiment of all that is pure and exalted in womanhood, but he can't do that if his mother has been exalted into an intriguer with a married man and meeting him on the sly.

You don't want your boys to be ashamed of you, to have to blush when your name is mentioned, as they will if you continue on your present course, because no woman can escape being gossiped about who has a lover.

And what happiness do you expect to get out of this affair. Do you and this man think that any peace and happiness will come of a love that is built on treachery; that goes in trembling fear of being found out and that is bound to result in the end in the breaking up of two homes and the orphaning of two sets of children?

My advice to you both is to turn back while there is still time and put this guilty love out of your hearts.

DEAR MISS DIX—I am engaged to a young man who is a very fine chap. We get along well together, like the same things and are real pals. But the girls that I work with are always raving over their men pals, and as I have no inclination to grow hysterical over mine I wonder if I love him as much as I ought to to marry him. For I cannot gush over him nor get thrills every time he looks at me. I even see his faults. Do you think I am in love or not?

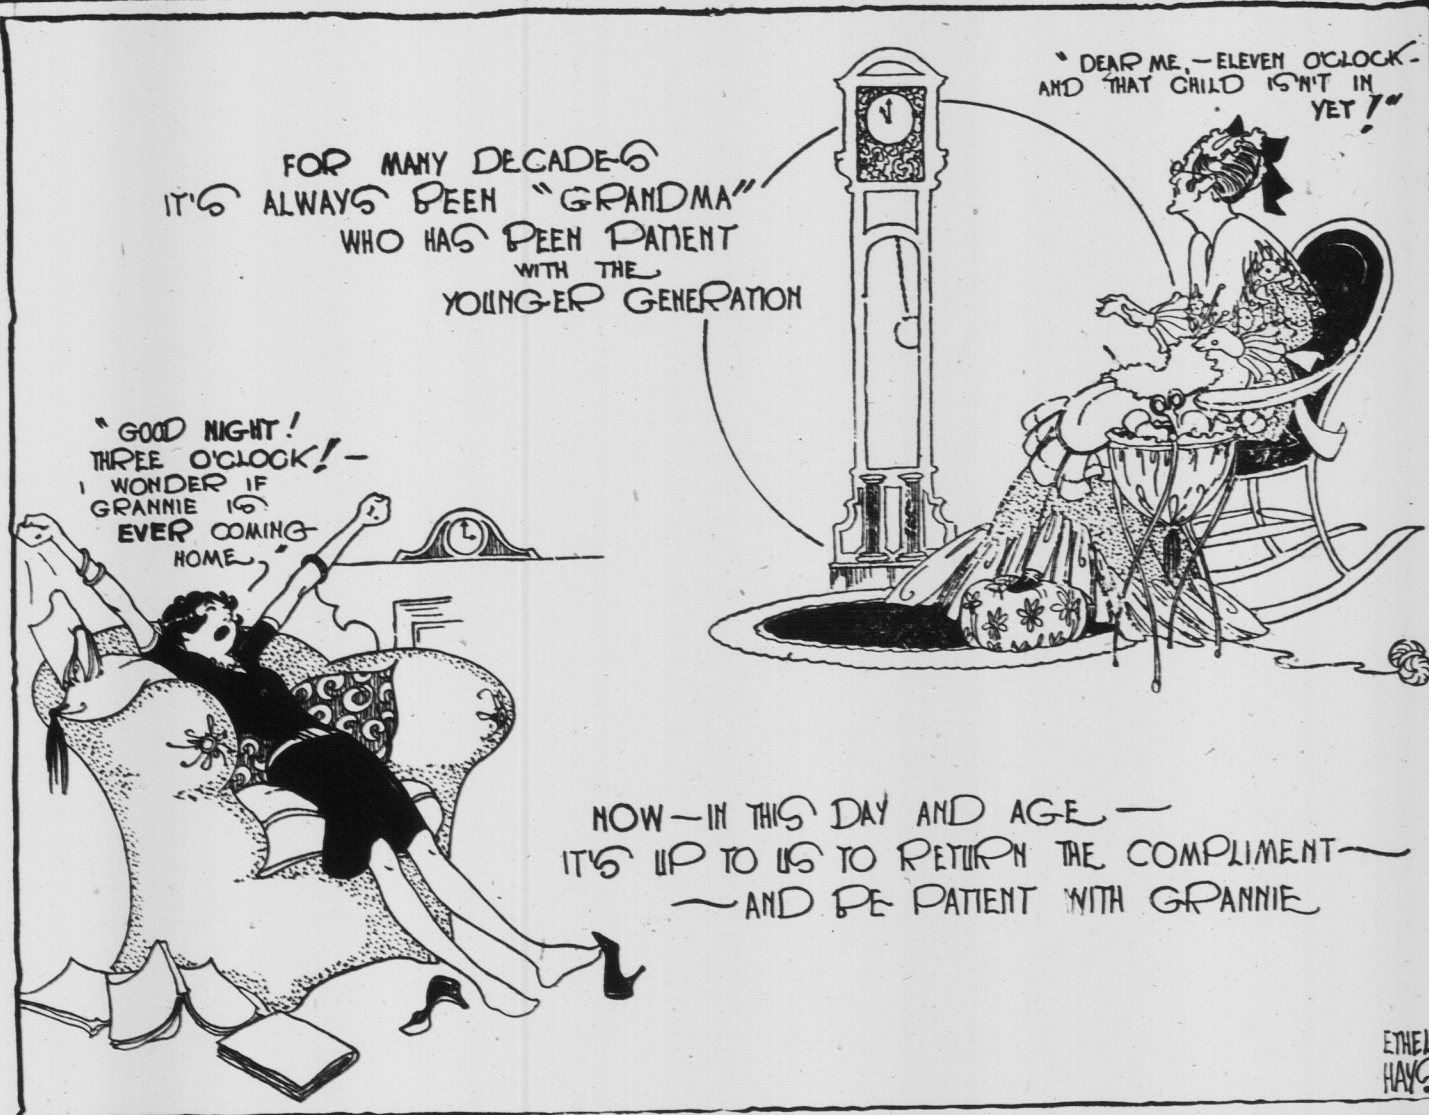

ANSWER: You must, of course, be the judge of the state of your affections. I cannot possibly diagnose your case from these few symptoms, but because you do not have hot and cold flashes and tremble at the sound of a footstep is no indication that you are not in love with the young man. It only shows that you are not overly emotional.

Don't be discouraged by your inability to thrill. The thrillers are the quickest to get over their love affairs. Nor is it any sign that you don't love the young man because you see his little weaknesses. The supreme test of love is when you can say, "With all thy faults, I love thee still."

THIS DAINTY COMBINATION OF ABBREVIATED LENGTH EX-PLAINS A POINTED BODICE

By Maria Belmont

Above is shown a gay little combination for fall, of short length and exploiting the fitted upper portion, which, in this case, extends up into points at the shoulders.

The material used here is cream crepe, while the colored bands are of bright orange crepe with bows of two-toned orange and cream ribbon.

Underthings are following the lead of skirts in abbreviated length, and among the most popular of the new Jersey silk bloomers are those which reach only half-way down to the knees.

SEE-SAWING ON BROADWAY

BROADWAY has innumerable tales of mishap and accidents that changed tense and tragic moments in the theater into high comedy for the audience.

There was the gentle snowfall that became an avalanche when the property men dropped huge scaffolds by mistake and buried the actors; there was the great tragedian whose false petticoat that fell to the stage in the days when women wore petticoats; the stage horse that became balky and refused to leave the footlights—and so on through a hundred volumes of anecdote.

THIS tale concerns Nick, a sleek, black cat, who made his opera debut the other night. And until this occasion I had never been eye-witness to any of the oft-described stage catastrophes.

Nick was named in honor of his finder, patron and owner, one Harry Nicola, property man with the San Carlo Grand Opera Company.

Several seasons ago Nick was found rathelically abandoned just outside the stage door, was nursed with an eye-dropper and lived to survive many tours across the nation. His reputation was spotless.

Perhaps mention he had received in certain newspaper stories went to his head. Perhaps he suppressed with great cunning a great ambition to become an actor. Perhaps he was seeking publicity. I can but guess at his motive.

I CAN only report that it was the death scene in "Traviata."

Tina Page, soprano, lay dying with that fervor in which only a coloratura and a tenor robusto can die. The stage was slightly darkened. The orchestra was somberly pitched.

When out from the wings, left stage, walked Nick—no apparent timidity, nor the slightest indication of uncertainty. He did not so much as glance at the

THE RHYMING OPTIMIST

By Aline Michaels

It may seem just like a ripple on the air, just a foolish, frothy matter, just a bit of idle chatter; yet... such things can spread their message, here and there. It may come from someone passing by your way, just a fancy, just a folly, yet it routes old melancholy and it helps to keep you happy all the day.

In your turn, in spreading joy, you, too, may share; it may seem not worth the trouble, still, there's beauty in a bubble; send your word of gladness speeding, here and there. You can help make someone cheery all day long; light as air, perhaps, your speech is, but who knows how far it reaches? Just such trifles make life's way as sweet as song.

"I SING a little—just to kill time." "You certainly have a good weapon."

THEY told me the sequel afterward. Carlo Perrotti, the conductor, and Mme. Page demanded the death penalty. A chow dog barked for the chance as executioner. Harry Nicola and the brave gentlemen of the property men grabbed up the property swift as lightning.

Fortune Gail, impresario, was called in. He saved Nick's life, but decreed that, by way of punishment, he could not go on the road this season.

So Nick returns to the street and the consequent economic hazards. Mayhap as I wander along Broadway some night I will see him, and he will seem like any other black cat that dodges furtively beneath the millions of feet.

Well, Nick has had his moment. Who shed a tear?

GILBERT SWAN.

FATHER: Can you support my daughter as I have?

SUITOR: I could, but I am not that stingy!

BEHIND THE SCREEN

SERIAL thrillers and westerns have lost their attraction for Louise Lorraine, former queen of the 20 installment adventure tales and western "dramas." She now devotes her time to the "society" or less harrowing type of picture. Leaping from speeding airplanes and hanging over cliffs gradually falls on one so Miss Lorraine now spends her time at the M-G-M studios as a stock player. Her debut under their banner will be in the role of "Phyllis" in "Exit Smiling," which stars Beatrice Lile, the English comedienne.

Some of Miss Lorraine's former pictures have been "Oregon Trail," "The American Gentleman," "Up in the Air," "Mary," "The Fire Eater," "Hiss King," and "Headin' West."

All films of historical value to posterity will be preserved by the U. S.

be erected in Washington, in which thousands of reels of important motion pictures made during the war, new events, beginning with the inauguration of President McKinley, and historical dramas may be saved. Vault space to hold 50,000 reels is to be saved.

Negatives of great value to posterity are now scattered in vaults throughout the country. If the plan is carried out films of such events as the epoch making air flights, great disasters, coronation ceremonies, international conferences and similar events will be available scores of years after they have taken place. The films would be priced less from an historical standpoint.

MANY ATTEND ON OPENING NIGHT FALL FESTIVAL

Annual Event in St. Peter's
Parish Receives Generous
Patronage

The four night fall festival and turkey supper at St. Peter's church hall was opened last evening with a bumper attendance and all of the many attractions received generous patronage. The newly equipped and altered serving apartments greatly facilitated the work of the committee in charge of the supper and enabled them to serve larger numbers of patrons in less time and to have everything piping hot.

The church basement was brightly and most attractively decorated and presented a picturesque and animated scene.

The many small supper tables were all decorated in yellow with yellow candles in silver candlesticks and a bouquet of fresh garden flowers in yellow and white colors. Yellow and white pennants suspended from the ceiling added a pleasing artistic touch. The soft drink booth was trimmed in green and white. In the first hall the doll booth was a very pretty wistaria bower and the newly bought where blankets and other desirable wares were obtainable was attractively trimmed with autumn leaves.

The chance booth, presided over by Guy Hansen, was also nicely arranged. The fancy work booth was exceptionally dainty and pretty with a canopy of lattice work in pastel colors.

A substantial tank with golden fishes swimming in white waves made an imposing fish pond. At the chocolate booth Halloween colors and favors made a striking decoration and at the candy booth adjoining a yellow and white color scheme was effectively used. The grocery booth also had Halloween decorations.

The hoop-la stall occupied the centre of the floor and was trimmed in orange and blue. George Greasy was in charge.

Famous Old Churches May Be Disposed Of

LONDON, Oct. 5.—Controversy has broken out afresh regarding the possible fate of the seventeen famous churches in the heart of London, built by Sir Christopher Wren.

A commission of four bishops has recommended that they be disposed of. The sum necessary to buy them, £1,000,000, is declared to be far beyond the reach of the Ecclesiastical Commissioners.

The Roman Catholic weekly, "The Universe," argues that if the Church of England can no longer maintain these churches, some of them be sold to other denominations and indicates that the Roman Catholics would not be adverse to taking over one or more of those historic religious edifices.

LARGE PIMPLES ITCHED BADLY

On Face, Shoulders and Arms. Cuticura Heals.

"My trouble began with pimples breaking out on my face, shoulders and arms. They were large, and red, and itched, and caused much discomfort. I tried many remedies, but nothing seemed to help. Then I used Cuticura, and after a few days the pimples had almost disappeared. I continued the treatment and after using four cakes of Soap and four boxes of Ointment I was healed." TRACY CHURCH IS AGAIN DEDICATED

FREDERICK JUNCTION, Oct. 4.—The Tracy United Baptist church, closed several weeks, during which it has been handsomely re-painted and re-decorated, was reopened yesterday afternoon. The large congregation passed, on motion of Deacon Nehemiah DeWitt and Ernest A. Tracy, a vote of thanks to Miss Currie, of Saint John, donor of the bell, and the Ladies' Aid and other who had financed the decorations.

The dedicatory sermon was preached by Rev. David Patterson, of Russiagormis.

HYMN WRITTEN FOR RALLY DAY SERVICE

Rev. A. J. Patstone's Verses
Sung at Service in St. Mary's Church

Yesterday, in The Times-Star's report of Rally Day services in city churches on the previous Sunday, reference was made to a hymn, sung at St. Mary's Church service, the words of which were written by Rev. A. J. Patstone, rector of Westfield. The verses follow:

Father, Thou in love hast taught us
All of good is all of Thee.
Saviour, Thy dear love hast bought us
By the grace of Calvary.
Holy Spirit, Thou hast brought us
To our God from mother's knee.

For the love of Father—Mother—
Love that knows no earthly bound;
By sister's shared by sister, brother,
Where the love of God is found;
We will all one with another
Make with praise Thy courts resound.

As we thank Thee then, O Father,
May true honor true our song
As we share Thy grace, O Saviour,
May we do our love no wrong.
May Thy Holy Spirit rather
Witness we to Thee belong.

MISS M. CAREY IS CHOSEN PRESIDENT

Election Last Evening at Annual
Meeting of Saint John In-
firmity Alumnae

Miss Melfina Carey, R.N., was elected president of the Saint John Infirmary Alumnae at the annual meeting held last evening, when the retiring president, Miss Mary Walsh, R.N., was in the chair.

A very gratifying report of the year's work was presented by Miss M. Downing, R.N., secretary. Arrangements were made for holding a special meeting on Friday evening of this week to make plans in briefs to be held shortly in order to raise funds for the society.

Social Notes of Interest

Mrs. Walter W. White entertained at her home in Sydney street yesterday afternoon in honor of Mrs. Charles McPherson, of Winnipeg, who has been the guest of His Worship Mayor White and Mrs. White for the summer. Mrs. McPherson, the guest of honor, wore a gown of powder blue georgette with crystal beads and lace trimmings and a beautiful blue Spanish shawl.

Initial Meeting Of St. Luke's W. A.

The Monday evening section of St. Luke's W. A. held its initial meeting of this season last night with Mrs. Lester W. Mowry, president, in the chair and heard letters recently received from Mrs. Elton Merritt and Rev. C. Murray Rathway, former members of St. Luke's congregation, who are now workers in the mission fields within the Arctic circle.

DRIVE FOR FUNDS GETS GOOD START

Red Cross Workers Heard In-
teresting Addresses at Last
Night's Meeting

The Red Cross campaign in Saint John got away to an excellent start last evening when the workers met in the Church of England Institute and heard of the splendid achievements of the society in peace-time work and the need for continuance and extension of its enterprises. Mrs. I. F. Longley, president of the society, was chairman. His Worship Mayor W. W. White spoke in glowing terms of the society's work. Col. Murray MacLaren, M.P., elect, in speaking of the work which might be undertaken by the Red Cross stressed the importance of all members working for new industries. He said that the unemployment situation in Saint John was bad as it could be. There were 600 names registered at the employment office and it was his opinion that this only represented about one half of those out of work. He urged that every effort be put forth to bring new industries here and to help in the expansion of present plants.

He also spoke of the war-time record of the Red Cross. Mrs. Leonard Tilley, who was one of the Canadian Red Cross delegates to the Washington Pan-American Red Cross Conference, spoke of the sessions of that memorable convention. Miss Edith Huxon Jarvis, provincial secretary of the Red Cross, spoke of the health program of the society.

W. R. Pearce, who is the general convener for the men's convales in the city, spoke briefly regarding organization.

There was music and social intercourse at the close of the meeting and refreshments were served by an efficient committee under the direction of Mrs. Margaret Lawrence, Mrs. Walter Hall and Miss Frances Stetson. A solo by E. Clyde Parsons was much enjoyed.

George Godfrey, who died recently at Ashton, England, left a six-room house filled with canaries.

Prizes were won as follows: Bridge, Mrs. W. Sargent and Mrs. E. R. Hagerman, and auction forty-fives, Mrs. W. Vincent and Mrs. J. Silliphant. Delicious refreshments were served at the close of the evening and the committee in charge consisted of Mrs. M. Perkins, Mrs. E. Stevens and Mrs. W. Atcheson.

Women's Danger

Of offending under the oldest
hygienic handiwork now ended.
Newway provides true protec-
tion—discards like tissue

WITH the old-time "sanitary pad" women realize their constant danger of offense, plus the embarrassment of disposal. And thus spend unhappy days.

"KOTEX," a new and remarkable way, is now used by 8 in 10 better class women.

It's five times as absorbent as ordinary cotton pads, without odor, and discards ALL danger of offending.

You dine, dance, motor for hours in sheerest frocks without a second's doubt or fear. It deodorizes, too. And thus stops ALL danger of offending.

Discards as easily as a piece of tissue. No laundry. No embarrassment. You ask for it at any drug or department store, without hesitancy, simply by saying "KOTEX."

Do as millions are doing. End old, insecure ways. Enjoy life every day. Package of twelve costs only a few cents.

Mr. and Mrs. W. J. Fitzpatrick, Carman street, left on Monday on a trip to Montreal, Quebec and St. Anne's Bay.

Mr. James A. Colwell, of Upper James, arrived in the steamer Premier and is the guest of Mr. and Mrs. L. A. Colwell, 87 Metcalf street.

Mrs. Jewett, wife of Rev. L. H. Jewett, of Stanley, York county, is visiting in the city and is the guest of Mr. and Mrs. Joseph Connor, Duke street.

Mrs. J. Wilson, 117 Main street, was given a delightful surprise party Friday evening on the occasion of her 81st birthday. About 35 friends gathered at her home and presented her with a beautiful tea set, as well as many other gifts. A pleasant social evening was spent and at the supper hour a prettily decorated birthday cake was presented. Smith Crawford made the presentation on behalf of those present. Mrs. Wilson expressed her thanks for the gifts and good wishes of her many friends.

Friends of Mr. and Mrs. Herbert Lingley, of Kennedy street, will be glad to know that their little son, Francis, who has been very ill, is now making a satisfactory recovery.

DEVELOPMENT OF MEDUCTIC FOR CITY LIKELY

System Would Enable Energy to be Carried Here, Say Experts

FREDERICTON, N. B., Oct. 4.—The best policy for securing electric power in Fredericton for the years of the immediate future is said to be a linking up with the Musquash and New Brunswick Power Company systems, in the report upon the cost of providing electric power to Fredericton by various systems, which report was prepared by S. R. Weston, engineer of the New Brunswick Electric Power Commission and Professor John Stephens of the U. N. B. The report was considered at the meeting of the City Council in committee this evening and was read by Mayor Clarke. Power development at Meductic Rapids on the Saint John River is also foreshadowed.

It was decided to give each member of the council time to reread the document in detail and become familiar with its various parts.

The report states that it would not be feasible to seek electric power from Grand Falls for Fredericton as it could not be brought to the capital at a reasonable rate.

While the linking up with the Musquash development and New Brunswick Power Company system is considered the most feasible plan for the years of the immediate future, the possibility of a fuel plant properly situated is pointed out with the view to ultimate development of power on a large scale at Meductic Rapids on the Saint John River.

In regard to the linking up with the Musquash system it is pointed out that such system would be available for the transmission of power from Meductic Rapids to Saint John when this proposed development is carried out.

Various data are presented in the report and the costs are estimated.

HIKE ON SATURDAY

Scout and Cub Leaders Plan For Outing

The hike of the Boy Scout and Wolf Cub leaders of the district, which was postponed from last week because of the unfavorable weather, will take place on Saturday of this week and arrangements are now well in hand to ensure its success. All Scoutmasters and Cub masters and assistants, troop leaders, patrol leaders and seconds are invited to attend and it is hoped that every troop and pack in the city will be well represented. District Commissioner Dr. G. B. Peat, Assistant District Commissioner F. C. Choppin, District Scoutmaster O. J. Lawson and District Secretary W. E. Hoyt will accompany the leaders and a program of good scouting is being drawn up for the hike.

The various troops and packs are starting up the new season's activities with much zest and last night Trinity and St. Luke's troops held their first meetings of the season.

One Scout must be at this moment keenly mourning the loss of a very valuable jack knife, it was reported last evening that a Scout knife had been found in King street. This knife is being held for its owner by Scoutmaster Eli Boyaner.

CRUMBLING OF BRITISH STRIKE

The New York Journal of Commerce says grain and other cargoes "Rested on their oars" awaiting shipping of freight normally. Only eleven boats offered firm for grain. The small number being accounted for on the theory that owners were a bit timid about asking rates. The fact that the coal tonnage taken on the Baltic exchange was principally for the River Plate and Brazil was generally regarded as further indication of definite crumbling of the British coal strike.

Various data are presented in the report and the costs are estimated.

RADIO MEN HERE TO INSPECT RED HEAD STATION

Government Officials Say \$7,000 Spent Here to Improve Conditions

W. A. Rush, general superintendent of the Canadian Government Radio Service, and D. Manson, chief inspector of the same department, who have been making an inspection of the Maritime Province stations, are at present in Saint John and are registered at the Admiral Bently Hotel.

Messrs. Rush and Manson have just inspected the station at Rockville, Yarmouth county, and today will inspect the local station at Red Head. They pointed out that new apparatus installed at Red Head has been of great advantage, whereas in the past much trouble was experienced with the old sparks. Over \$7,000 has been spent in improving reception conditions in the Saint John station in the past year or so. This money is derived from the annual fee of \$1 charged against radio sets owned in Canada.

Saint John will have a resident inspector in H. H. Brannen who was formerly on the East Coast Operating staff. Mr. Brannen arrived in Saint John three weeks ago and has opened offices in the customs building. In connection with the appointment Mr. Rush stated that it was the policy of the Canadian Government Radio Service to appoint Maritime Province men to Maritime stations wherever possible. The Direction Finding Station at Red Head was established in February, 1921, and is giving eminent satisfaction to stevedores. While crossing from Digby to Saint John yesterday Capt. MacDonald, of the S.S. Empress expressed himself as highly pleased with the station.

Deaths

Mrs. M. Newcomb

HOPEWELL HILL, Oct. 4.—After a comparatively short period of failing health, and just three weeks after her 95th birthday anniversary, Mrs. Mary Newcomb, the oldest resident of this county, passed away at 11 o'clock on Friday night, at the home of her daughter, Mrs. Alfred Woodworth, where she had been living for some years.

The late Mrs. Newcomb was the widow of Robert J. Newcomb, who died quite a number of years ago, and was a daughter of Robert Dickson, her grandfather being the original owner of the Dickson grant of the parish of Hopewell. She was born at this village on Sept. 10, 1831, but lived at the shiretown for some years, returning at the time of her marriage. She was the mother of eleven children, nine of whom are living, namely, George W. Newcomb, J. Wesley Newcomb, and Mrs. Alfred Woodworth, of Hopewell Hill; Mrs. Augusta Jamieson and Mrs. Chipman Smith, of Curryville, Albert county; Mrs. Carrie Hour, of Moncton; Mrs. Albert Stiles, living in Maine; Robert D. Newcomb, of Boston, and Joseph D. Newcomb, of Vancouver. Two sons, Herbert, the eldest boy, and Albert, died several years ago. The former, who was a particularly skilled artisan in the shipbuilding profession, will be remembered as master builder of the famous Arctic ship Roosevelt. Besides her sons and daughters, Mrs. Newcomb left 52 grandchildren and over 40 great-grandchildren, making an unusual record of more than 100 descendants.

Opening the Eyes of Radio Buyers

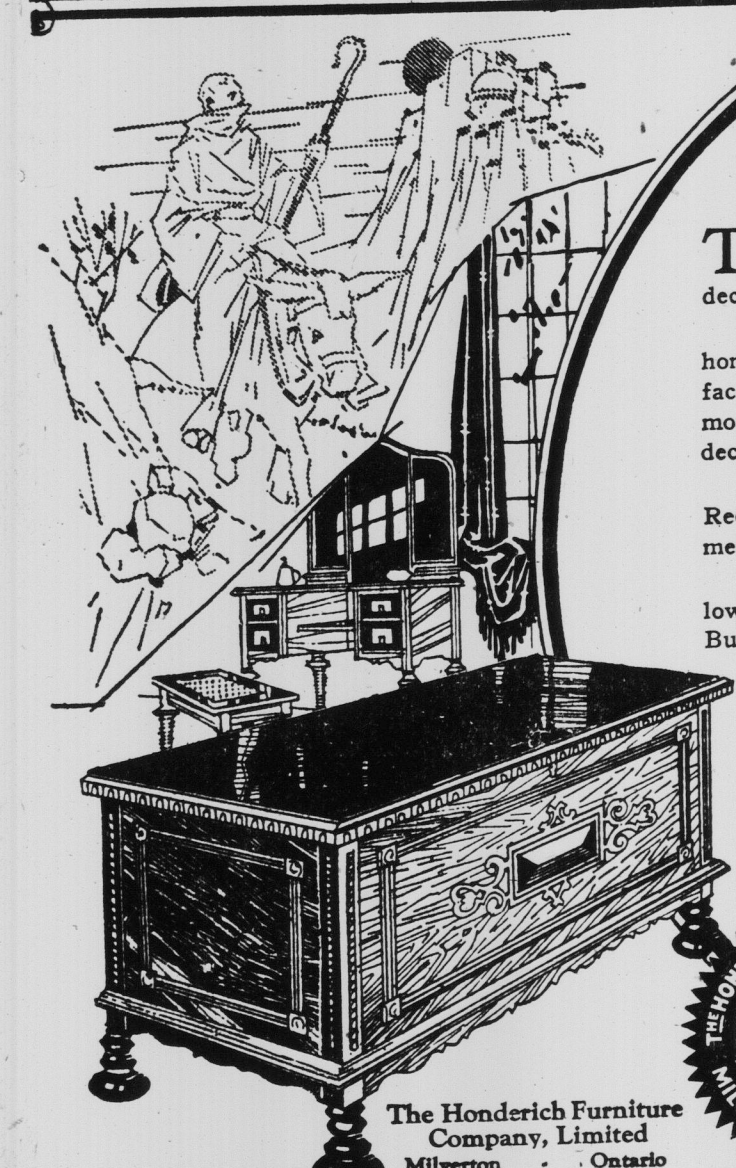

RADIOLA has driven the mystery from radio. It has brought radio out into the light, where quality can be examined and values weighed. Radiola has removed the guesswork from radio buying and opened the eyes of radio buyers.

Radiola—as built for you by Canadian General Electric—offers you uniformly satisfactory results. It gives you known quality at established prices. And the prices are low because Radiola production volume is great.

It is small wonder that radio enthusiasts who regard radio, not as a fad, but as a genuine source of entertainment and interest, are turning by the thousand to Radiola.

Canadian General Electric Company build Radiola models in Canada in a complete range of styles and sizes at prices from \$32 up to \$330.

"Red Seal" CEDAR CHESTS

from 17th Century Spain.

THE simplified suggestion of a Spanish Chest (illustrated below) recalls very truly the imposing decoration so much in vogue in 17th Century Spain.

The value of this chest as a decoration for a beautiful home environment is enhanced by the heavy plaque on the face with gold surround and ebonized scrolls, carved mouldings and moulded panels; it is adaptable to any decorative scheme.

This model emphasizes the extent and variety of the Red Seal line, which includes a chest to suit the requirements of every room of every type of home environment.

You can pay a high price for a chest that suits your particular need. But no matter what the price, the high quality workmanship, finish, etc., is there. Every Red Seal Chest carries you that positively no mistake is made in buying a Red Seal Cedar Chest; yet you pay no more than for ordinary cedar chests.

INSTITUTE FOR SUNDAY SCHOOL WORKERS HERE

Executive of Religious Education Council Also Plans Boys' Conference

A meeting of the executive of the Saint John County Religious Education Council was held last night at the Y. M. C. A. with the president, F. N. Myles, in the chair. Rev. Waldo C. Machum, field secretary of the M. R. E. C., was present. Plans were discussed for the teachers' training institute to be held in Saint John, Oct. 25 to 29 inclusive. This institute will be for all Sunday school teachers, officers and other workers. Courses will be given for the following departments: cradle roll, primary, beginners, juniors and one for general workers. The staff will include Dr. J. C. Robertson, of Toronto, Rev. F. M. Milligan, Rev. H. S. B. Stothard, Miss Annie Harris and Mrs. L. W. Simms.

A boys' conference for the counties of Saint John, Kings and Queens will be held in St. David's church starting on Friday, Oct. 29 and continuing over the week-end. This will be the largest gathering of its kind held here for some years and advance reports indicate a large attendance. It was stated last night.

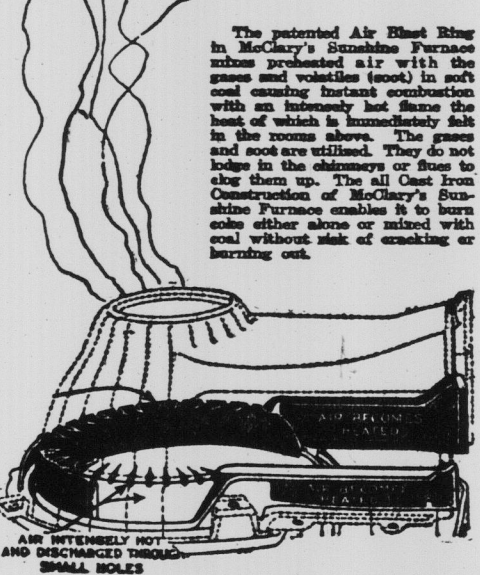

At the meeting it was also decided to hold a daily vacation Bible school next summer and a training course for leaders will be held later in the season, conducted by Miss M. Harris, children's work secretary for the M. R. E. C.

Down, Down For "Spirit Gold"

CORNING, Ark.—Bearded, mud-spattered and armed to the teeth, eight Arkansas farmers have left their crops to rot in the fields and are sinking a 27 foot shaft in a river bottom quarrying to get a chest of buried gold that only the ghosts have seen.

How do they know the gold is there? The spirit world says so.

There is in this town a young girl who, it is said, communes with the spirits. She was born, her parents say, with a veil over her face; and when she talks with the unseen phantoms of the other world she draws a veil over her eyes and goes into a sort of trance.

This girl told the eight farmers that through the phantoms she saw a chest of gold and silver buried beneath the earth. She could see through the chest, she said, and could make out the dates on some of the coins. And while she did not actually lead them to the scene, she described its location by landmarks so that the men fixed on it as a small marshy island in the Black River, near here.

CONSULT OTHER MEDIUMS

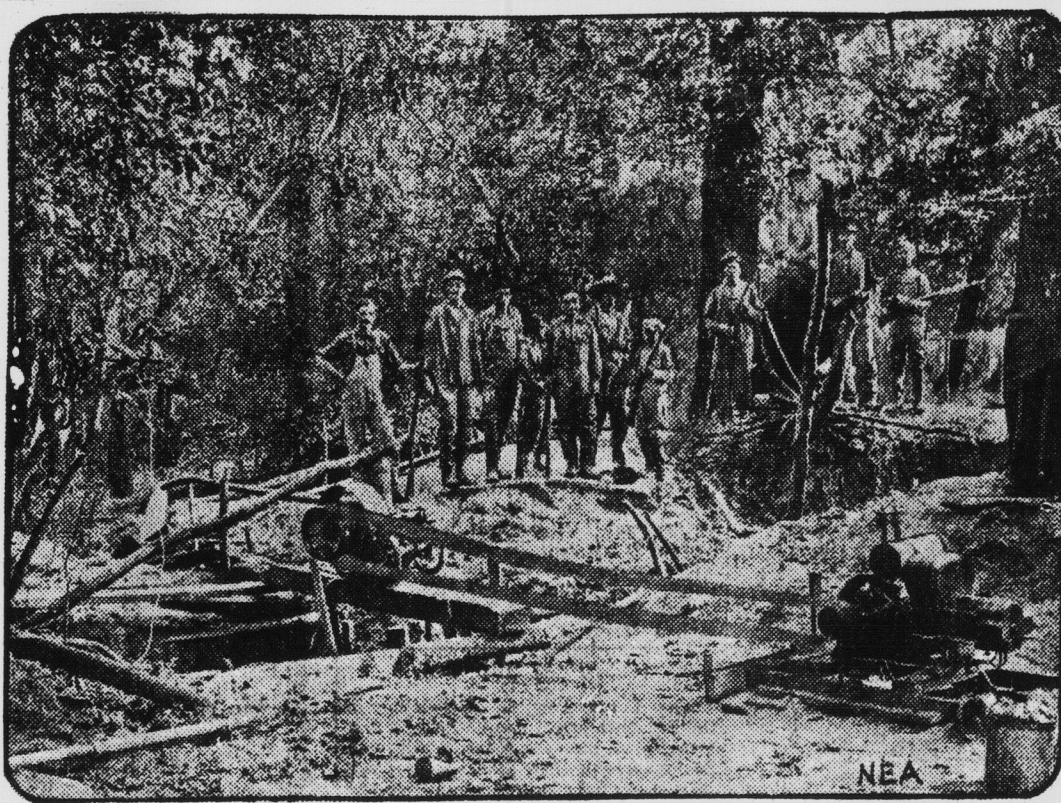

That was a year ago. Last fall they made several excavations, unsuccessfully. Then winter stopped them. In the spring they went to other mediums. These agreed that the gold was there, and gave more explicit directions; so this year the men dug a new shaft a little distance away from the old one.

The eight men and their families are living in tents beside the shaft. Their farms go unattended; their crops are rotting, unharvested.

There is a collection of rifles and revolvers in their camp that makes it look like a small arsenal. They have sentries posted constantly, and they have announced that if any suspicious-looking person prowls around at night they will shoot first and investigate later. The people of this town do not bother them.

The shaft is now 27 feet deep. Digging it is slow, laborious work, because the soil is little better than quicksand. Thus far there has been absolutely no trace of any buried treasure. But the men are not discouraged.

When the chest is found its contents will be divided equally among the eight diggers. The men do not know how much money is in it, but they are con-

Where the Arkansas farmers are digging for the ghost's gold. The mouth of the shaft, with the gasoline engine that keeps it drained, can be seen in the foreground.

TOIL IN RELAYS

A gasoline engine keeps chugging to pump the water out of the oozy shaft. The men go down in relays, plying spade and mattock in its damp depths.

MINERS' BODY TORN BY FEUD-OVER CASH

Some branches of the federation are now questioning A. J. Cook, general secretary of the federation, as to what has become of the money, says the newspaper.

Official Deputation to U. S. Finds Reds Collected Money There First

Canadian Press Despatch.
LONDON, Oct. 4.—According to the Daily Express, there is a feud within the Miners' Federation growing out of money collected in the United States for the striking miners in the British Isles.

The newspaper asserts that general surprise was occasioned by the smallness of the response to the official delegates sent to the United States to collect funds and that the reason for the small contributions has now been disclosed in the report of the delegates.

All the money the United States unions could spare, says the Daily Express, was collected by an unofficial delegation which visited the United States just before the official representatives went there. These unofficial delegates, it is asserted, among whom

Mayor of Wallasey, Eng., is Trying to Get Mates For Surplus Women

British United Press.
WALLASEY, Eng., Oct. 4.—Lonely bachelors, not only in England, but also in Canada and the United States, have been invited by J. W. Holdsworth, called the Matrimonial Mayor of Wallasey, to come over and meet Wallasey's 2,043 surplus women.

Mayor Holdsworth is serious about his undertaking. He even holds up the climate of Wallasey as an added attraction in pointing out to uninformed bachelors the beauty of Wallasey girls. His campaign is already under way and is well advertised in England, but he is determined to interest the bachelors of the United States and Canada.

CANADA IMPRESSES CRAIG

Believes Advertisements to Get Immigrants Should Suggest Work Here

Canadian Press Despatch.
OTTAWA, Oct. 4.—Rt. Hon. Sir James Craig, Premier of Ulster, returned to Ottawa today after an extended tour of the Dominion and in an interview he said he is deeply impressed with Canada as he has seen it, and its future. "I believe," said the Ulster premier, "that the common sense of the British people is such that they would appreciate an indication in the advertising of Canada, that the Dominion is hard work and that slightly less brilliant picturing would certainly do no harm."

HE IS PAST the kid stage if he is no longer proud of how long he stayed up last night.

Do This Daily

A naturally beautiful complexion will come as your reward
By NORMA TALMADGE

This is the simple rule beauty experts urge

GAINING a clear and charming complexion today no longer involves long and costly beauty treatments. Modern skin care strives for natural loveliness, effected in a natural and simple way—a way any woman can follow without expense or bother.

The simple rule below has brought the reward of a naturally clear skin to more women than any other method known.

Try it, if only for one week. Note the improvement that comes. The world's accepted beauty method today is simply the balmy olive and palm lather of Palmolive Soap used in this way:

THE RULE—MAKE IT YOURS STARTING TODAY
Wash your face gently with Palmolive Soap, massaging it softly into the skin. Rinse thoroughly, first with warm water, then with cold. If your skin is inclined to be dry, apply a touch of good cold cream.

Do this regularly, and particularly in the evening. Use powder and rouge if you wish. But never leave them on over night. They clog the pores, often enlarge them. Blackheads and disfigurements often follow. They must be washed away. Follow these rules day in and day out. Your skin will be soft and lovely—naturally colorful and clear.

Do not use ordinary soaps in the treatment given above. Do not think

any green soap, or represented as of palm and olive oils, is the same.

Remember that before Palmolive came, women were told, "use no soap on your face." Soaps then were judged too harsh. Palmolive is a beauty soap made for one purpose only: to safeguard your complexion. 60 years of soap study stand behind it. Millions of pretty skins prove its effectiveness beyond doubt.

BE SURE YOU GET THE REAL PALMOLIVE

It costs but 10c the cake!—so little that millions let it do for their bodies what it does for their faces. Obtain Palmolive today. Note what one week of its use brings you. The Palmolive Company of Canada, Limited.

MRS. F. J. RODERICK IS NEW PRESIDENT

Annual Meeting of St. Vincent's Alumnae Hears Reports of Year

Mrs. F. J. Roderick was elected president of St. Vincent's Alumnae at the annual meeting of the society held last evening in its rooms in St. John Baptist parish building with the retiring president, Miss C. F. O'Neill, in the chair. The reports of the year's activities were very gratifying. Miss Sue Robson gave the treasurer's statement and Miss Kathleen Lundy reported as secretary. Plans were made for holding a Halloween tea and dance on the afternoon of Oct. 30 and Mrs. Roderick was named as general convenor. The election of officers resulted as follows: President, Mrs. F. J. Roderick.

SCOTTISH RITE MEN GUESTS AT BANQUET

Pleasant Function in Honor of Visitors Held at "Admiral Beatty"

Over 100 members of the Ancient and Accepted Scottish Rite met down to a banquet tendered by the Valley of Saint John, New Brunswick Chapter, to visiting delegates en route to the Dominion convention being held in Halifax this week, at the Admiral Beatty Hotel last night. The spacious Georgian ball room was tastefully decorated for the occasion with a profusion of the season's flowers. The address of welcome was read by R. F. Wright, T. P. G. M., who spoke of the pleasure it afforded him to tender a welcome to Saint John of so many visiting members, on behalf of the Valley of Saint John. The response was made by Sovereign Grand Commander Dr. A. F. Webster. A short speech was also made on behalf of the visiting members of the order by William Logan, of Hamilton, Ont., who thanked the local chapter on

RESIGNS POSITION AFTER 15 YEARS

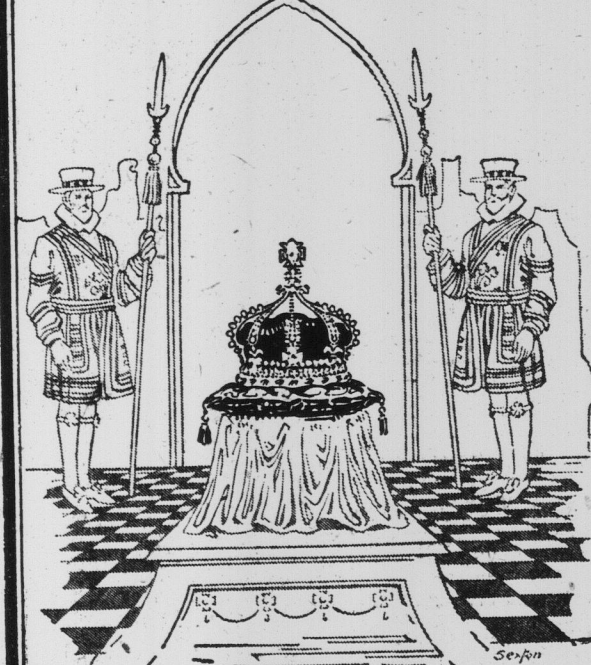

Miss Ida Belyea Succeeded by Mrs. W. Moore as Ladies' Club President

The Ladies' Club of the West Side Kirk held its first meeting of the season last night at the home of Mrs. George Roy, Martello road, West Saint John. Miss Ida Belyea, who has been president of the club for 15 years, tendered her resignation which was most regretfully accepted. The election of officers resulted as follows: President, Mrs. Walter Moore; vice-president, Miss Beatrice Cameron; recording secretary, Mrs. S. E. Craig; assistant secretary, Mrs. J. S. Williamson; treasurer, Miss Hattie Earle. Arrangements were made to assist at the Father and Son banquet which will be held in the Kirk on Friday evening. The hostess was assisted in serving dainty refreshments, by Mrs. S. E. Craig, Mrs. Marshall McAllister and Mrs. J. Irvine.

Y. P. A. MEETS.
The Young People's Association of the Exmouth street church held its first meeting of the season last night with 24 members present. The program was in charge of the prayer committee and Miss Audrey Purchase presided. Rev.

E. E. Styles gave a very fine address on the "Doctrines, Tasks, and Aims of the United Church of Canada." The Misses Frances and Annie Withers gave a very pleasing duet. The latter part of the meeting took the form of a social. The members of the executive outlined plans for raising funds for the association.

Rare Delicacy of Craftsmanship The Royal Crown - The Wahl Pen -

Cunningly fabricated of gold, silver and precious jewels by old-world guild workers, the Royal Crown has rested gently, but securely, on the heads of many beloved British sovereigns.

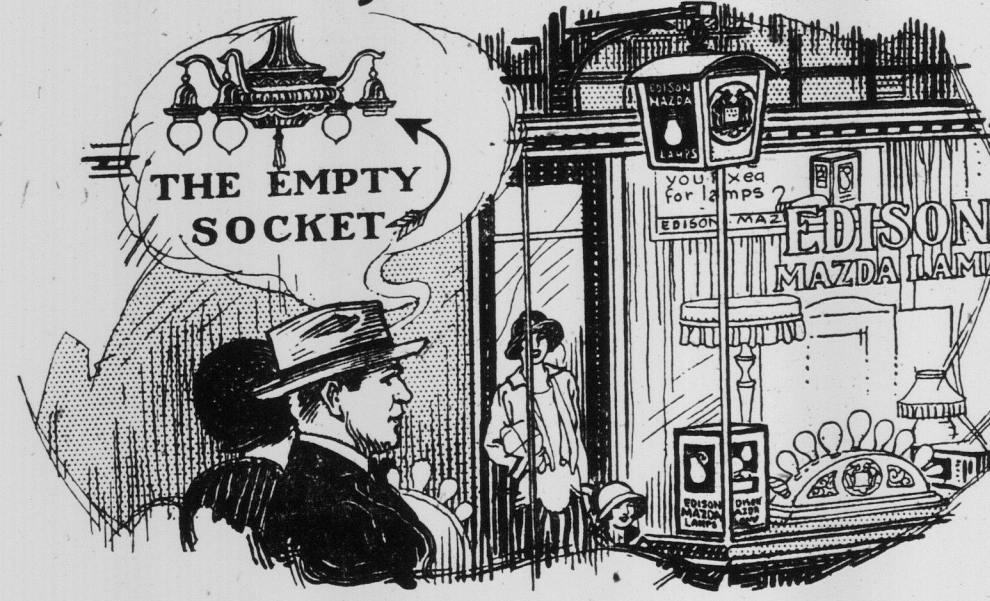

The Wahl Pen of gold or silver is light in weight and delicately balanced—produced by Canadian craftsmen who take pride in their skill. Admired for beauty, and for intrinsic value, the Wahl is the aristocrat of fine writing tools.

With iridium-pointed nib and slim, unbreakable barrel, it will serve you well for years to come. Models for men, women and the younger generation. Costs no more than other pens. \$3 to \$8. And it's made in Canada.

How are you fixed for Lamps?

BEFORE you say "All right" and pass on, just stop and think.
Do you bark your shins when you go down cellar at night? Do you bump your head and poke a coat-hanger in your eye when you go to the clothes closet? Do not missing lamps spoil the appearance of some of your electric fixtures and floor lamps? Have not many of the bulbs around your home outlived their usefulness and yet remain, wasting current and giving no light? Don't you need more lamps?
When one of your lamps burns out, do you have to wait till you can go out for a new one? Why not stop in at your electric or hardware store and buy a carton or two of Edison Mazda Lamps—fill all the empty sockets—replace all the blackened "bulbs"—and keep a supply of spare lamps on hand for convenience sake?

Ask your Edison Mazda Lamp dealer for information regarding proper illumination for your home. He will help you to enhance the beauty of your home.

TO ENTERTAIN SOLDIERS ILL IN HOSPITAL

Plans Being Made by I. O.
D. E.—Three Chapters
Meet

Three of the primary chapters of the I. O. D. E. were in session yesterday and took up matters referred by the Municipal Chapter with reference to entertainments for the soldiers in Lancaster, providing school for a boy and giving libraries to schools.

Brunswick chapter met at the home of Mrs. A. B. Burns in the afternoon with the regent, Mrs. J. William Hart, presiding and voted to provide an outfit and transportation for a crippled child who is to receive treatment at the Soldiers' Hospital. The chapter also undertook to pay its share of the expense of school for a boy whose case was endorsed by the Municipal chapter.

TO GIVE ENTERTAINMENT

It was agreed to provide an entertainment for the soldier patients in the Lancaster hospital on one night, the date to be fixed later this season and decided to give new flag charts to two schools at Minto. The completion of plans for the chapter's annual fall tea and sale to be held on Oct. 23, occupied much of the meeting.

After the business was disposed of a social hour was enjoyed. The hostesses were Mrs. W. C. Paynter, Mrs. J. L. Brown and Mrs. A. B. Burns.

LOYALIST CHAPTER

Loyalist chapter meeting was held at the home of Mrs. G. Heber Vroom in Rethersay with Mrs. J. Royden Thomson, regent, presiding, and was the first since May. The chapter decided to give a \$10 library to a school but left until a later meeting the decision as to which school should be selected. Reports were received of Mrs. Fred Foster and Mrs. Thomson, having presented the chapter's prizes in Lorne school and of prizes having been sent to Mas carone, North Newbury and Mus quash schools.

Mrs. Thomson, who had been the chapter's delegate to the National meeting in June, gave a very full and interesting report of that con-

THE KING OF THE AIR LOSES

A huge golden eagle attacked the airplane of Joe Skidmore, Laguna Beach (Calif.) aviator, and after Skidmore had dodged the bird for several minutes through a rapid succession of nose dives and tail spins, the eagle broke its neck against a strut. Skidmore (at the left) is shown with his two passengers exhibiting the luckless bird.

vention, and read a communication received from headquarters touching on several matters brought up at the national meeting. She also read a most stirring letter received from Miss Church, national regent.

EDUCATIONAL WORK

Mrs. Fred Foster, educational secretary, spoke of the educational work which had been considered by the national meeting. The chapter decided to give an entertainment for the soldier patients in Lancaster hospital one night this season and to send books to the schools at Minto. Plans were made for the winter activities and arrangements were made for holding a rummage sale about the middle of this month. It was decided to hold a special meeting on Friday of this week to discuss further plans. The hostesses for the social hour after the business session were Mrs. Vroom, Mrs. J. Belyea, Mrs. Malcolm Mackay, Jr., Mrs. J. Royden Thomson, Miss Barnes and Mrs. Clifford McAvity.

SEVEN SEAS CHAPTER

The meeting of the Seven Seas Chapter was held at the home of the regent, Mrs. Everett Hunt, who presided. The chapter decided to assist the Red Cross Society by giving an entertainment for the soldier patients in the Lancaster hospital some time after Christmas. It also made arrangements for sending children's books to the schools in Minto.

FILM CENSORSHIP NOT ITS BUSINESS

Congress in Paris Decides This
is Purely National Matter—
Educational Movies

PARIS, Oct. 4.—The censorship of motion picture films is purely a national matter which cannot be controlled by any international body, it has been concluded by a special committee of the international Motion Picture Congress now in session here. Another committee is prepared to vote on a resolution approving the dissemination of educational films. It was asserted that extended use of films of surgical operations in clinics in time might be counted on to do away with the necessity of vivisection.

William Seabury, former general counsel of the Motion Picture Board of Trade, appeared before one of the committees and outlined what he described as the views of independent American producers, namely those who do not own chains of motion picture theatres. He said that the interests of these producers were practically identical with those of European pro-

Japanese Buy Latest Planes From Britain

LONDON, Oct. 4.—The Westminster Gazette today says that the Japanese admiral has bought a fleet of the latest type British Blackburn-Napier torpedo aeroplanes.

The planes can be used for land work or as seaplanes. They are designed to dive toward an enemy ship at 150 miles an hour, discharging torpedoes when a few feet above the water and then zooming upward almost vertically out of the range of machine guns.

Classes Begun At Y.W.C.A. Gymnasium

The new season of the Y. W. C. A. gymnasium opened yesterday with Miss Hazel McCready taking charge as instructor, and the attendance for the first day was well up to the average.

A busy season is anticipated and the enrollment in the various classes will be carried on for the next few days. The classes which met yesterday were the women's gymnasium, senior school girls, beginners dancing class and beginners gymnasium class. The high school girls class had the largest initial enrollment with 21 pupils on hand for the first day. For this afternoon and this evening the classes which will be conducted are those of the babies, the junior dancing class, the advanced gymnasium class and the advanced dancing class.

RIN-TIN THRILLS IN PICTURE AT GAIETY

Great Shepherd Dog in Excellent Tale of South on Screen

Rin-Tin-Tin's presence can make any picture thrilling or pathetic, and the great shepherd dog was never more thrilling or more pathetically real than in his new picture, "Below the Line," which opened yesterday at the Gaiety Theatre.

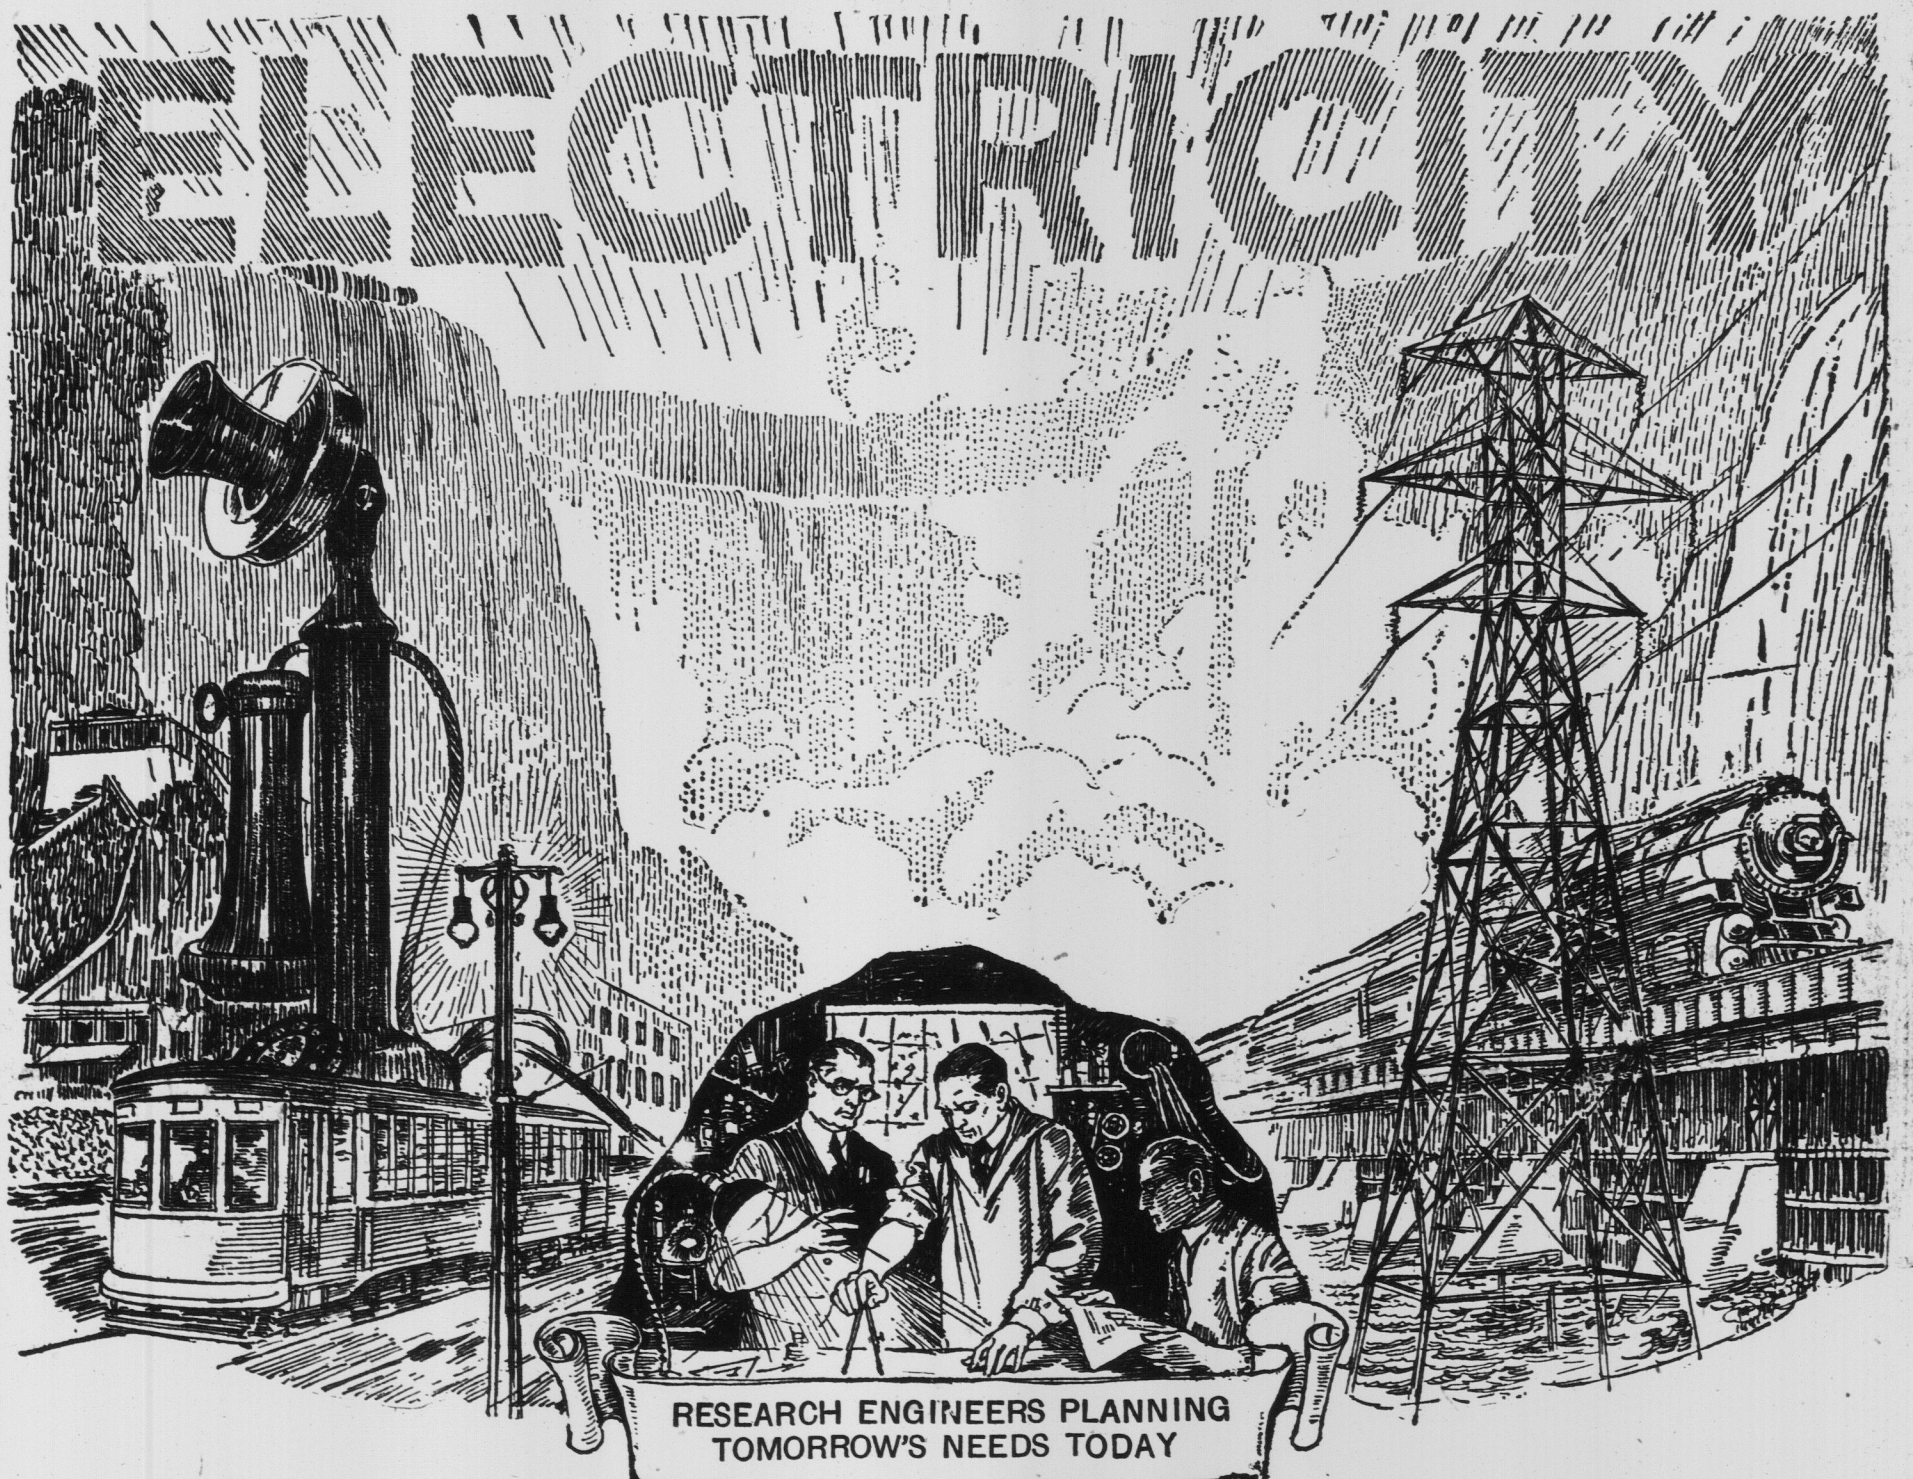

The scene is laid in the South, and the sleepy village with its pastoral scenic beauty, is the background for much excitement.

A wealthy girl visiting the village is found murdered. A pack of bloodhounds is collected to help in the hunt for the murderer. The bloodhounds belong to Jambor Niles, the bad man of the village, who is in fact, the real slayer. Seeking more loot before he flees, he enters the house of Mrs. Cass, whose son, Donald, has been entrusted with the building funds for a village church. A terrible battle between Donald and Jambor brings Rin-Tin-Tin on the scene. Rin-Tin-Tin carries the story forward to a startling climax.

John Harron, and June Marlowe play the sweethearts; Pat Hartigan, as Jambor, and Victor Pate, as the half-wit brother, are memorable villains; Edith York is powerful as Mrs. Cass, and Charles Conklin is a comedy sheriff.

The Greater Canada of Tomorrow

EVERY day is bringing some marvelous new application of electricity into the making of which have gone years of research and experiment.

Electro-metallurgy and electro-chemistry have already rendered it possible to handle materials not workable by any other means, of which we may mention: aluminium, chromium, silicon, calcium carbide, cyanide, carbondum; and have greatly cheapened the production of many important materials of wide use, such as: alkalis, phosphorus, hypochlorite; magnesium, sodium nitrate.

Great developments have recently taken place in the production of electrolytic copper and zinc, and in processes of the electric smelting and refining of ores.

These are a few of the newer uses to which Canada's abundance of water power can be put, and in many cases are actually being put at the present time.

The prospects for the application of our water power are boundless. The hydro-electric industry is as yet only in its infancy, but in no direction do Canadian resources show greater promise of development. It is one of the mighty factors in building up the greater Canada of tomorrow—the Canada of industrial achievement and enterprise.

In the faith and business capacity of her great leaders rests the future destiny of Canada. Among those who work to this end the Northern Electric Company Limited is proud to perform its part.

Information

Canada has developed water power to about one-tenth of the world's total. Only one country (Norway) has greater per capita water power development, yet only 8 1/2% of Canada's power resources are now used.

FOR Acid Stomach PHILLIPS' Milk of Magnesia

Instead of soda hereafter take a little "Phillips' Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

BETTER THAN SODA

For fifty years genuine "Phillips' Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid as

in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentations in the bowels and gently urges this souring waste from the system without purging. It is far more pleasant to take than soda.

Delicious Roasts Cooked on a MOFFAT Range

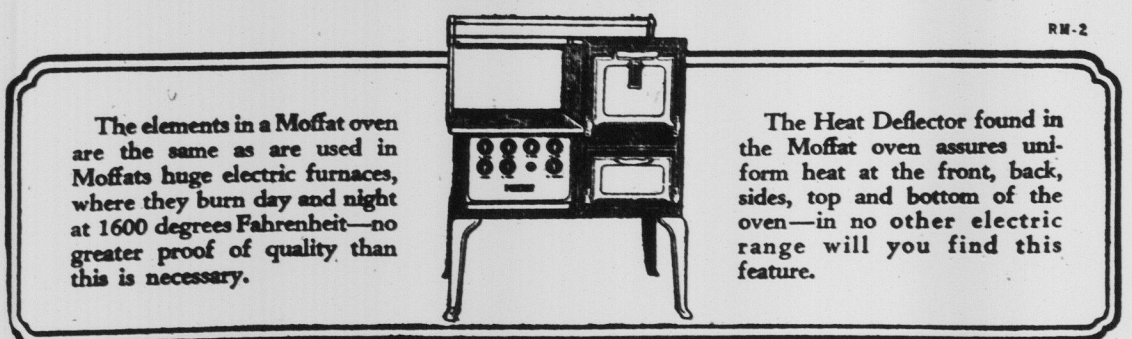

THE women folk only began to realize the pleasures of real cooking and baking when Moffats developed their range to its present mark of efficiency.

The Moffat Range is so scientifically constructed as to assure the preservation of the valuable juices in the din-

ners roasted and the pies, etc., baked. Many women have also expressed complete surprise over the reduction of shrinkage that usually occurs when baking in an ordinary oven.

The Moffat is the most imitated electric range on the market, yet it enjoys the preference in over seventy thousand homes.

MOFFATS LIMITED, WESTON, ONTARIO

The elements in a Moffat oven are the same as are used in Moffats huge electric furnaces, where they burn day and night at 1600 degrees Fahrenheit—no greater proof of quality than this is necessary.

The Heat Deflector found in the Moffat oven assures uniform heat at the front, back, sides, top and bottom of the oven—in no other electric range will you find this feature.

TRADING IN MONTREAL MARKET ACTIVE BUT SPOTTY

LOSSES SCORED ON ALL STOCKS WHICH APPEARED

Bear Selling Causes Sharp Recessions on Wall Street Exchange

Canadian Press
MONTREAL, Oct. 5.—Trading on the local stock exchange during the first half hour this morning was fairly active, but spotty. A pronounced weakness was in evidence and all stocks traded in to any extent showed losses of from a half to 4 1/2 points. Brazilian led the market, and after opening at 117 1/2, off one point, this touched 117, for a net decline of 1 1/2. Laurentide and Winnipeg Electric were in good demand, but both scored losses, the former selling at 110 1/2, down seven-eighths, while the latter lost a half at 27 1/2. Power was moderately active and sold unchanged at 72 1/2. Quebec Power was the weak spot, being off 4 1/2 points on a board lot sale. Breweries were down three-quarters at 63 1/2. Steamships lost an eighth at 28, and Smelters were off a half at 32 1/2.

IN WALL STREET

NEW YORK, Oct. 5.—Active bear selling supplemented by the liquidation of stock speculative accounts, caused sharp recessions in stock prices at the opening of today's market. General Motors, DuPont and Manhattan Electrical Supply opened two to three points lower. Atlantic Coast Line broke more than five points, and Southern Railway 2 1/2 on fears of the economic consequences of the collapse in cotton prices.

Letters To The Editor

A SUGGESTION FOR DRIVERS.

To the Editor of The Times-Star:
Sir,—If you would allow me a little space some day in your valuable paper I would like to offer a few suggestions that would make motoring a little safer particularly in the city. A great many drivers apparently are under the impression that when they wish to turn into a yard or a driveway in the middle of a block all that is required is to signal and make the turn regardless as to what is coming behind them. They seem to figure that it is perfectly all right to make this car coming behind them stop suddenly just because they have to turn off, whereas surely it is up to them to do the stopping and await their chance to turn off. I am not certain as to the law in this regard, but surely it is no more than common sense that the man who is making the turn off should wait until it is clear behind. I doubt if he can compel you to stop at an intersection let alone an alley within the block.

Yours truly,
L. A. KAY,
Clifton House.

THE CITIZENS' COMMITTEE

To the Editor of The Times-Star:
Sir,—The reference to the petitioners in the Times editorial of Saturday is open to serious misunderstanding. We are not behind the effort to have a municipal "survey" by Dr. Brittain. We denounce and repudiate it. It was evidently planned as a means of preventing the independent audit and investigation for which the petitioners ask, and was never heard of before they started their movement. It is a red herring drawn across the path, a fair sample of the way City Hall wastes our money.

Apparently they are willing to spend any amount in order to stave off an investigation which would show how business is being conducted and where the money goes. We want to get right down to facts and stop any leaks at once, and the only way to do it is to have an independent audit and investigation by efficiency experts.

In order to meet the excessive demands of City Hall, taxes have been raised until the citizens are being driven out of the city. Steps must be taken to stop it!

At present a few men at City Hall are holding up the independent audit and investigation which thousands of taxpayers look to as their only salvation.

The Commissioners have been asked through the press to state their views with reference to this audit and investigation.

They have not done so.

They have been asked to reply to our petition. They have remained contemptuously silent and have handed out this "survey" as a municipal "survey."

The city of Halifax was recently audited by Price Waterhouse & Co. Halifax had no use for a municipal survey. Why should Saint John be audited with such an expense?

It would be well for the gentlemen at City Hall to open their eyes to the fact that they do not own the city and that they hold their positions through the good will of the people who insist that they shall have real reform.

The Commissioners have not absolute control of the city's finances. The ordinary every-day tax-payers have certain rights which the law will protect, and they are able to stop the squandering and cause the return to the city coffers of money that may have been improperly spent.

more we ask for an independent audit and investigation by efficiency experts who shall be named or approved by the petitioners' committee.

Yours truly,
GEO. CARVILL,
GEO. McARTHUR,
GEO. H. WATERBURY,
For Citizens' Committee.

SETTLEMENT IN CAN. NORTHERN CASE REACHED

Bonds Will Be Exchanged for C. N. R. Stock of Equal Face Value

Canadian Press
LONDON, Oct. 5.—The negotiations which have been proceeding for some time between representatives of the Canadian National Railways and Canadian Northern five per cent. income bondholders have been concluded and a scheme of settlement has been arrived at which is meeting with general approval.

The agreement reached is that the Canadian Northern five per cent. income

bond shall be exchanged for Canadian National stock of equal face value, bearing 4-1/2 per cent. interest from 1890 and repayable at par in 1970, or after 1940 on three months' notice being given.

GUARANTEED BY GOVT.
The new stock is unconditionally guaranteed by the Canadian Government.

No interest has been paid on the old Canadian National bonds since 1914, and apparently, as in the case of the recent settlement of the differences between the Grand Trunk Pacific four per cent. debenture holders, and the Canadian National Railways, no provision has been made for the payment of back interest.

The full details of the settlement will be made known tomorrow. Canadian Northern five per cent. income bonds were quoted early this year at 80, but lately the market for these securities has been lively at the advance price of 76.

ENO in the United States

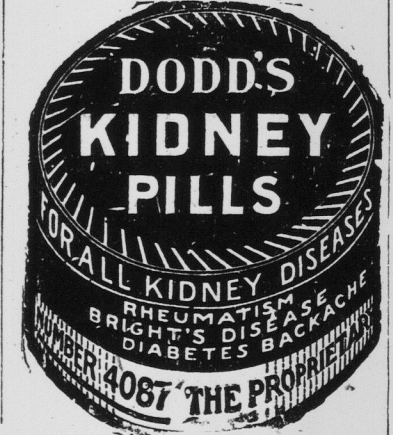

You can buy ENO in the United States from 60,000 Druggists, department and general stores. Across the border its fame has spread rapidly and it is steadily taking its place as the "health drink" of the people of that country. This fact, together with the fact that ENO is sold wherever civilization has penetrated, is proof of the universal approval enjoyed by this famous British product.

October is the Month For You to Change the Lubricant in Your Differential and Rear Axle. Do it Now.

A REVOLUTIONARY change has come in Gear Lubricant. It is of vital importance to the motorist.

Alomite engineers have produced an entirely new type of Gear Lubricant after three years research. This new Alomite Transmission Lubricant contains no fillers or acids—IT IS ALL LUBRICANT. Changes of temperature do not affect it. . . . it does not freeze . . . it does not channel . . . it does not thicken. Actual tests show that this lubricant reduces gear friction to the minimum—giving you protection for your gears AND BY ACTUAL TEST 1 to 1 1/2 more miles per gallon of gasoline.

Just a word of warning Ask the dealer if he is giving you GENUINE

ALEMITE

FIGHT FILMS AT IMPERIAL CROWD HOUSE

Vivid Reproduction of Tunney's Victory Over Dempsey Given

Imperial Theatre was not large enough yesterday to hold all who desired admittance. The special matinee was, of course, the first exhibition in Saint John of the exclusive Tex Rickard moving pictures of the Tunney-Dempsey world's championship bout in Philadelphia on Sept. 23rd. Besides these three remarkable sporting reels was a programme in itself well worth the price of admission, the chief feature of which was First National's Anglo-German war story entitled "The Great Deception," an absolutely thrilling series of sporting events, in which the Kaiser's spies were outwitted by the British Secret Service. Altogether with the boxing pictures and the glorification of the British Army

it was a great day for Saint John picture fans and thousands of them clapped their hands red throughout the screen programme. It is not possible to offer any word of criticism of a topical subject such as an actual prize fight, for there were the two men themselves reproducing their actual struggle in Philadelphia as the unerring eye of the moving picture camera caught them. That it was a thrilling, gripping, ten rounds everybody knows by this time, from press reports and by the movies themselves. How the great Dempsey crumbled under Tunney's terrific punishment, was tragically demonstrated by the unfaltering movie. It was a great sermon on the survival of the fittest and the vigilance with which young men should keep themselves young by proper care.

An interesting sidelight on the immense crowds that attended Imperial Theatre yesterday was the universality of interest being evidenced in sporting matters, including the once tabooed prize fight, even by the fair sex of all ages and in such directions as the clergy, educationalists and others. Plastic science has gotten to such a degree of safety and is so carefully guarded by rules and regulations that the old-time yesterday's crowds applauded bodily and it was a fair assumption that the picture of the Tunney-Dempsey event was interesting entertainment for all.

Manufacturers of Lithuania are advocating an industrial bank to issue mortgage loans.

GOOD PLAY WELL PRESENTED AT OPERA HOUSE

Vaudeville Acts of Mae Edwards Players Also Win Audience

How a determined woman deflected the shy tactics of her husband in an attempt to break up a love romance to keep a rich brother-in-law's money in the family is interestingly and skilfully told by the Mae Edwards players in "The Small Town," given its first presentation at the Opera House last evening before a large audience. As usual, the Mae Edwards novelty orchestra, directed by Lawrence Hayes, proved one of the outstanding hits, the antics of Valmore Smith at the traps arousing much laughter. The orchestra was forced to respond to several encores. For the latter part of the week the company will present "The Idle." It was announced that the company would put on a Charleston contest, commencing on Thursday night of this week. It is proposed to choose three winners each night, the audience making the selection and then have the finals on the last week of the company is here. Cash prizes will be given each winner and a loving cup to the final winner. The orchestra will play for each performer and will give them any kind of music required. In their last evening, the players gave excellent interpretations of their parts, particularly Miss Edwards as "Bonny Ketchum," and Paul Linton, as the shy lawyer, Mr. Linton was very convincing in his part and made his audience thoroughly detest the character he portrayed. William Webb and Marie Cecil Klark took the parts of "William and Susie Russell" brother-in-law and sister of a rich young bachelor "Tom Harkin," as played by Lawrence Hayes. The brother advises he is going to marry and seeing that their chances of sponging off him will be about nil, William Russell engages Ketchum to break up the romance. How this is foiled by "Bonny" Ketchum, acting with "Yola Gray," as played by Peggy Downe, and "Willie Flunkett," Carleton Pinckney, makes an engaging story.

**DOLORES COSTELLO
IN THRILLING PLAY**
Beautiful Actress Plays Lead in Melodrama "Bride of Storm," at Unique
Her lover lying where a blow had felled him in the room below, old Jacob, her protector, and the only one in that dreary place who had ever shown her any kindness, was killed by the loathsome, hunchbacked beast of a son; Piet, now breaking down the door to her room, Piet's first son gone amuck hacking at the supports of the rickety old lighthouse after having started it ablaze by turning over the lamp; Myneer Tom, shot dead and thrown in the raging waves below—what a dreadful position for a young

girl of delicate sensibilities and high strung temperament. That is the position in which Faith Fitzhugh, played by Dolores Costello, finds herself at the tremendously powerful and gripping climax of J. Stuart Blackton's production for Warner Bros., "Bride of the Storm," which opened yesterday at the Unique Theatre.

John Harron portrays a young U. S. Navy lieutenant who has come with the dazzling splendor of the sun into her life, darkened by the evil and relentless forces which hover round her as the slavey of three ignorant, brutal Dutchmen in the wretched lighthouse on barren Pag Island. Young Mr. Harron gives the best performance of his career.

Grandfather Jacob is played by Tyrone Power, his son Piet by Sheldon Lewis, and his idiot grandson, Sasa, by Otto Mattison. All three give artistic characterizations. Julia Swayne Gordon, Evon Pelletier and Wilfred North are others in the excellent cast.

"Bride of the Storm" is a stirring and exciting screen melodrama, brilliantly acted and produced.

"Peaches" Takes Short Holiday From Husband
NEW YORK, Oct. 4.—Edward W. Browning and his 16-year-old wife, Frances "Peaches" Hecan Browning, have separated.

The secretary of the millionaire real estate man confirmed reports of the separation but insisted on behalf of his employer that it was temporary. "Mrs. Browning and her mother have gone away for a few days," he said.

NORMA TALMADGE IN KIKI AT "PALACE"

Star's Picturization of Stage Play of Paris Life Entertaining Film

Norma Talmadge in "Kiki" is at the Palace Theatre and fits the role nicely in this gay story of modern Paris life. The picture bubbles over with mirthful situations, yet throughout the story runs a highly dramatic theme—the adventures of a little street gambler who aspires to stage fame. Miss Talmadge reveals herself as a comedienne of the first water. Ronald Colman, as Victor Renal, a Paris theatre manager, makes an ideal leading man. It is the handsome actor's first appearance opposite Norma. Others in the large cast are Gertrude Astor, Marc MacDermott, George K. Arthur, Erwin Connelly, William Orland, Frankie Darro and Mack Swain. Skillful direction is given by Joseph M. Schenck. "Kiki" will have its final screenings tonight at 7 and 8.30.

A post card dated Rippingsdale, Scotland, 1908, was recently delivered at the neighboring town of Bourne.

Montego Bay, Jamaica, is to have an electric light and ice plant.

A. SNODGRASS AT FIRST GAME OF BIG SERIES

Watermen's First Sackler Home After Seeing New York Contest

Aubrey Snodgrass, who piloted the Water Department to the Maritime baseball championship last year, has returned from New York, where, on last Saturday, he took in the first game of the world series contest between the New York Yankees and St. Louis Cardinals, the former winning. The Water Department first sackler is inclined to think that when the Yanks get started hitting St. Louis will have its hands full to hold them. Much, he says, depends on Ruth, who has been able up to today to get only one hit in the series. He was greatly impressed with the smooth work turned in by Herb Pennock, the Yankee southpaw. The New York fans, he said, gave the Cardinals a great reception, although some heated arguments developed in the grandstand during the course of the game. St. Louis fans, in particular, taking everything seriously. While in Boston Mr. Snodgrass visited relatives there. He made the trip up and back by auto.

CUP ON VIEW

The cup, presented by Thomas Bell, M. P.-elect, to the winner of the Trojans-Saint John baseball game, is now on view in the window of W. H. Thorne & Co., Ltd., King Street. The game will start at 8 o'clock, and both teams are expected to be at full strength for this contest, which will likely be the final game of the season for this city. Efforts are being made to have other attractions on the programme.

SUGGESTION IN LINE WITH PRESENT PLAN

Power Commission and Power Company Heads Speak of Fredericton Matter

That so far as they knew, the suggestion that Fredericton secure current from the New Brunswick Power Commission and the New Brunswick Power Company, rather than from Grand Falls, simply meant a continuation of the present contract between these two bodies, was the statement this morning made by Messrs. E. A. Reilly, chairman of the Commission, and M. A. Pooler, general manager of the company. Under this agreement the company takes current from Musquash when the commission has any surplus of water, and sell current to the commission when the storage waters at Musquash are low. Mr. Pooler, when asked this morning if the report from Fredericton that Messrs. Weston and Stephens had reported against current from Grand Falls for the capital as not an economical commercial proposition and suggested that the natural place to secure supply in the immediate future was from Musquash and the New Brunswick Power Company, meant that negotiations were going on for the taking over of the Power Company by the Commission, said that no negotiations of this kind were in progress. Mr. Reilly gave out the same information, speaking for the commission.

BOYS MAKE TROUBLE

Truant Brothers Subject Their Father to Fine

Two juveniles appeared in the Police Court this morning charged with playing truant. Their father said he had tried every means of trying to make them attend school but they persisted in staying away. Magistrate Henderson said that because of their supine behaviour had conducted that they would be held until their father had paid \$6 apiece for them. For every day hereafter that they played truant from school their father would have to pay \$2 for each of them.

WILL AMALGAMATE

Saint John Circle Joins With Court Log Cabin

Following the amalgamation of the Order of Canadian Home Circles and the Independent Order of Foresters, the members of Saint John Circle, No. 143, met last night to consider whether they would carry on as a Court of Foresters or amalgamate with one of the local courts. After some discussion it was decided to amalgamate with Court Log Cabin and it is expected the union will be consummated in November.

Bishop Schofield Is Visitor In City

His Lordship Bishop Schofield, of Victoria, B. C., Bishop of Columbia, arrived in the city at noon today on a visit to his mother, Mrs. George A. Schofield. He was met at the train by Mr. and Mrs. Fred Schofield, Mr. and Mrs. E. A. Schofield, Mr. and Mrs. E. A. Schofield. It is probable that Bishop Schofield will preach in Trinity church on Sunday morning, and in the Mission church of St. John Baptist in the evening.

Auto Taken And Abandoned Damaged

An Overland auto No. 13,179, owned by James Logan, 36 Metcalf street, was reported to police headquarters as having been stolen from the north side of Queen Square last night between 7:45 and 10:30 p.m. Detective Bidcombe located the auto, on Haymarket Square, damaged. He put the auto in a garage.

RETIRE FROM OFFICE AFTER FORTY YEARS

Mrs. Mary Seymour Gives Up Post With Mission Auxiliary

At the annual meeting of the Ladies' Auxiliary of the Seamen's Mission, held yesterday afternoon in the Seamen's Institute, Mrs. Mary Seymour, who has been president for 40 years, tendered her resignation which was respectfully accepted. During her time in office Mrs. Seymour worked with untiring zeal and energy and has won admiration and gratitude from those with whom she came in contact in her many activities. The election of officers resulted as follows: Honorary president, Mrs. Mary Seymour; president, Mrs. Frank Finnamore; first vice-president, Mrs. Alice M. Brown; second vice-president, Mrs. E. J. Terry; secretary-treasurer, Mrs. James M. Brown. An enrolment of new members followed, after which a social half hour was enjoyed and dainty refreshments were served. Frederick Miller, manager of the institute, was present as a guest during the social half hour.

BROUGHT TO HOSPITAL. Mrs. Roy McIlveen, who was seriously injured in an automobile accident on Sunday and taken to the Sussex Hospital, was brought to Saint John yesterday afternoon and now is a patient in the General Hospital. While it was thought that one of her hips was fractured, the full extent of injuries will not be ascertained until the result of the X-ray is made known.

Y. P. S. MEETING The Young People's Society, of Cornwallis street Christian church held their weekly meeting last evening. Installation of officers elected the week before was followed, and now is a pleasant place. Mr. Johnston, pastor of the church, officiated. A program enjoyed consisted of games and vocal solos by Messrs. Stackhouse and Stockford, reading by Mrs. Johnston, and piano solos by Miss Hazel Currie. Refreshments were served by a committee under the convener'ship of Miss Grace Dayley.

COLLIDES WITH POLE

A large touring car, 12,716, registered in the name of A. Fredman, was quite badly damaged last night about 11 o'clock when it collided with a telephone pole in a residential street. No person was injured. The car was going down Waterloo street and it was said, skidded when the brakes were applied and turned right around, facing up the hill, then backed into the electric light pole. One of the front wheels was broken and the back bent. It was taken to the Central Garage for repairs.

GOING TO SCOTLAND

Mrs. Ross, formerly Miss Clara Dykeman, daughter of Mr. and Mrs. Gilbert Dykeman of Wall street, and wife of C. E. Ross of the Premium Cafe, King street, will leave tomorrow for Montreal to sail for Scotland on the C. P. S. Metagama. Mrs. Ross will be away for an extended period for the sake of her health and while in Scotland will be the guest of her husband's parents, Mr. and Mrs. J. K. Ross in Paisley. She has many friends in the city who will extend best wishes for a "bon voyage" and for an improvement in health. While in the old country Mrs. Ross plans a tour of many places of interest.

As Hiram Sees It

THE SETTLEMENT:—I was still thinking about what the town feller said about Charles an' Lady la Tour when a big boat loaded heavy an' with white men aboard sailed across the patch o' moonlight on the river—headin' down the Reach. "That," says the town feller, "is the fust cargo o' coal ever exported from Nook Brunswick. Them's the ghosts o' some o' the fellers from Boston that la Tour an' his wife hired to come to the mouth o' the Saint John near three hundred year ago to chase Charismatic back to Port Royal. He hed come over an' blockaded la Tour's fort—but Charles an' his wife went up Black Point way or down Lepreux way an' got on a vessel that hed jist come from France an' hed hired men an' vessels an' come back. Their men hed held the fort. They chased Charismatic over the Bay an' licked him good an' plenty. Then one o' the boats from Boston went up to Grand Lake an' loaded up with coal an' took it home. Them was the ghosts o' the Boston men o' 1641 that we jist seen in the moonlight on the river."

They hed reciprocity away back in them times. I guess they hed more sense than we hev now—Yes, sir, HIRAM.

BOARD OF TRADE PRESSES WEST INDIES MATTER

Letter on Situation Sent to Deputy Minister at Ottawa

The West Indies committee of the Board of Trade, after a thorough discussion of the situation in regard to steamship service between the Maritime Provinces and the West Indies has sent a letter to F. C. T. O'Hara, deputy minister of trade and commerce enclosing a copy of a resolution passed by the Board of Trade on July 8, 1926, urging the Government to provide an adequate service between Canada and the West Indies and advocating the extension of the agreement between the Royal Mail Steam Packet Line and the Canadian Government, reaffirming their stand of that date.

The latter also set forth that the uncertainty of the present situation was disrupting business between these provinces and the West Indies and was creating a feeling of distrust toward Canada among the business men of the latter. They ask that full information of the matter be furnished. When this has come to hand another meeting of the committee will be held.

WILLING WORKERS WILL ADOPT CLASS

Also Decide on Events to be Held This Month and November

The first meeting of the season of the Willing Workers of German street Baptist church was held last night at the home of the president, Mrs. Donaldson Hunt, Paddock street. About 35 were present, including several invited guests. After devotional exercises and the secretary's report, Miss Mary Cookson of Norton delighted those present with several vocal selections. Louis Simms, president of the Sunday school, gave an interesting talk in which he enlarged upon the work of the Ladies' Bible Class. As a result it was resolved that the society should adopt this class and all Willing Workers who were not already members should join. A committee was appointed to enlarge the Bible class with new members from the entire congregation.

It was decided to donate kindergarten tables for a new Sunday school class to be called the Cradle Bible class. Mrs. Hope A. Thompson, one of the guests, gave an interesting report of the U. B. W. M. U. convention at Hillsboro. It was decided that the Willing Workers donate the supplies for the home cooking book at the orphanage fair tonight. The society also arranged to hold the annual tea for the collection of the Sunshine money bags from all ladies of the congregation at the home of Mrs. Harry Mott on October 26. A sale of home cooking and fancy work was decided on for November 27. Delicious refreshments were served at the close of the meeting.
