## Virtually No Opposition By Enemy Infantry

### Great Battle Rages on Thirty Mile Front

Anglo-American Forces Southeast of Cambrai Drive Enemy Back on Headlong Flight—Cambrai Rapidly Being Left Behind the Battle Area—Nowhere Signs of Stand by Enemy

With the Anglo-American Forces, Southeast of Cambrai, Oct. 11—(By the Associated Press)—The great battle now being fought in this region is on a front of nearly thirty miles today, it having been extended to the north. The British are gaining everywhere. There is virtually no enemy infantry opposition. The only resistance worth mentioning is coming from the enemy machine gunners. The bulk of the enemy artillery seems to have fled so far east of the battle ground as to be out of range.

The high ground on the right mile front between St. Hilaire and Leclateau to the southeast was found to be alive with machine guns when the British approached, and the cavalry patrols were held up for some time.

North of the Leclateau-St. Hilaire line the Germans are in headlong flight, according to the last reports from airplane observers. The Douai salient has been made still deeper, and the news that the Germans are beginning to evacuate that city may be expected at any time.

Cambrai is being rapidly left behind in the battle area. As the armies pushed forward there are nowhere signs that the Germans intend making a determined stand, but the British are going a little slower now, as it is impossible for the vast organizations in the rear of three armies to keep pace with the advance, although what has been done so far will sound almost incredible when it may be told.

Up to a late hour last night the British third army had within eighteen hours made an average advance of more than four miles, and the fourth army from one to three miles, while the first army northeast of Cambrai had made general progress of three miles. All the armies are continuing to move eastward.

East of Bohain the British are approaching Mennecy and the Andigny Forest, while east of Vaux-Andigny they are drawing closer to Wasigny. From Leclateau, which was taken after a struggle, the troops are striking in the direction of Bassez, two and a half miles southeast of Leclateau.

**Haig's Statement.**  
London, Oct. 11—American troops operating with the British on the front southeast of Cambrai completed last night the capture of Vaux-Andigny and St. Souplet, Field Marshal Haig announced in his official statement today.

The River Selle has been crossed by the British north of Leclateau. Fighting is going on in the eastern section of that town.

In the region immediately east of Cambrai the British have reached the outskirts of the villages of St. Vaast and St. Albert.

The British are continuing to push forward on the front between Cambrai and Lens. They made progress during the night in the direction of Isel-Les-Eperchies, five miles west of Douai.

They are also progressing east of Salmaignes and along the northern bank of the Haute Douze Canal east of Lens. In the Ardenne.

With the American Army Northeast of Verdun, Oct. 10—(By the Associated Press)—9 p.m.—American forces struck the German lines just east of the Ardenne Forest today. They captured the villages of Sommerance, Cheviers and Marcy.

## KING'S WORDS OF PRAISE FOR BATTLE ANNIERS

London, Oct. 11—The king has sent the following message to Field Marshal Haig:

"The magnificent advance of the armies under your command, the support by the American command, and opposed by a retreating but stubborn enemy, is a tribute to the courage and strength of our human quality and strength could never, fill me with admiration, pride and gratitude."

"To this end, George, I have, by the people of this empire, in this name I from my heart congratulate you, and all the nation."

German Writers Accuse Former Chancellor of Charge of Lying Made Against Foreign Office

Copenhagen, Oct. 11—Apparently German writers are endeavoring to place the blame for the declaration of Germany's intention of submarine warfare and the failure to secure an early peace on the shoulders of the former Chancellor, Von Bethmann-Hollweg.

In a leading editorial in the Berlin Vossische Zeitung, declares that if the German people had not been deceived and misled by Bethmann's government it is doubtful whether the submarine warfare would have been proclaimed and President Wilson probably would have succeeded long ago in bringing about a peace.

"Without conquests or conquests as outlined in his message to congress in January, 1917."

In his article, Bethmann satily charges that the German foreign office lied regarding the peace step taken in Washington at the end of 1916 and the beginning of 1917 by Count Von Bernstorff.

London, Oct. 11—(By the Associated Press)—Four hundred lives were lost when the mail steamer Leinster was torpedoed and sunk in the Irish Sea this morning. Three hundred survivors have been landed at Kingstown.

The passengers, including many women and some children, numbered 650 and the boat carried a crew of seventy. An incoming mail steamer reports that she passed through the wreckage but was not permitted to stop to do any rescue work, in accordance with the orders of the British admiralty. Her passengers counted forty dead bodies floating in the water.

Of the twenty-one mail steamer Leinster, twenty were killed outright by the explosion and the twenty-first was blown through the side and sank in the sea.

London, Oct. 11—The mail steamer Leinster foundered so quickly after she was torpedoed that there was no chance to launch the lifeboats, according to the Dublin correspondent of the Daily Mail. A number of the survivors landed at Kingstown had been badly injured and are in the hospital there.

See It Coming.  
Dublin, Oct. 11—A passenger on board the mail steamer Leinster saw the fatal torpedo approaching the ship. He informed the captain but the torpedo was so near that escape was impossible. The projectile struck the side of the vessel and the ship was holed.

According to figures reported here there were on board 697 passengers and a crew of 100.

Dublin, Oct. 11—It is believed that 600 lives were lost in the sinking of the mail steamer Leinster by a torpedo in the Irish Sea yesterday. It was stated at the office of her owners. Only about 150, it was added, were saved.

THOUSANDS FLEE TO PROTECTION OF THE BRITISH LINES

London, Oct. 11—Mesopotamian despatches record the arrival of 47,000 Armenians and Russian refugees from Urmiah, Persian Armenia, inside the British lines. They brought with them the Turkish front and made their escape.

Another 10,000 refugees are distributed in Kurdistan towns or are wandering in the hills. The Turks pursued them but were driven back by British cavalry.

Later the Turks entered Urmiah and massacred 200 persons, mostly old men. It is reported that 600 Christian women have been distributed among the Turkish troops and the Moslem inhabitants of Urmiah.

LUMBER CAMPS HOTBEDS OF L. W. W. AND BOLSHEVISM

Montreal, Oct. 11—That the lumber camps in the dominion are hotbeds of propaganda for L. W. W. and Bolshevism is the statement of Rev. Thomas J. J. Lynch, field secretary of the Shanty-men's Christian Association, now at Central Y. M. C. A. here. He says that in these camps are many foreigners, mostly Russian and American, who have been distributed all sorts of inflammatory pamphlets and circulars, the underlying tenor of which are resistance to authority, by dynamite if necessary. It would surprise many people to know to what an extent these anarchist principles had found their way into lumbermen's camps, Mr. J. J. Lynch added.

Renewed Activity Began Ten Days Ago—Loss on Leinster Believed to Total 400—No Time to Launch Life Boats

London, Oct. 11—The sinking of the Japanese ship Hirono Maru and the Dublin mail steamer Leinster mark incidents of a new submarine campaign which the Germans launched about ten days ago, according to the Mail. It adds that at that time renewed submarine activity became evident in various directions, notably along the routes followed by steamers carrying American troops.

It is reported that the new U-boats are much larger and more heavily armed than any which have been sent out previously by Germany.

Among the missing from the Leinster is Lord Alexander, the daughter of the Dowager Duchess of Abercorn.

## SITUATION IN CITY IS MORE ENCOURAGING

IS BULGARIA TO GO TO WAR WITH TURKEY?

Only Three New Cases Known This Morning

SEVERAL DOCTORS ILL

Street Cars Fumigated—Film Exchanges Hard Hit—Status of Board of Health and Other Phases of Influenza Outbreak

The local board of health officers, through Secretary T. M. Burns, reports an approximation of fifty cases, although it is emphasized that this total is not based on specific information. There is much uncertainty in professional circles as to the definition of much of the influenza roundabout the city. However, it can be stated with a fair degree of certainty that there were three well defined cases brought to the attention of the authorities this morning.

Counting yesterday's approximation at forty-seven the new cases today round out the half hundred. This is considered to be a condition almost stationary. While the mortality shows a slight increase, it is not proving rampant nor nearly so rapid in its spread as in other places. This gives room for encouragement that St. John, by reason of its prompt and far-reaching methods of prevention, will escape an epidemic. In the meantime there should be no let-up to measures now imposed and personal hygiene should be carefully considered by everybody.

Wild Rumors.  
There are furries of wild rumors about town, giving the number of cases in exaggerated figures, citing deaths and telling how many are ill with the influenza. Most of these are unfounded and only tend to create a foolish state of panic.

Status of Boards.  
Until the Royal Gazette announces new appointments, the relationship of the old local board of health to the new office created by the health act is a matter lacking official status. So far, however, the board members and the personnel of the board remain undisturbed. The local board consists of John Kelly, Secretary J. W. Daniel, George Blake and Dr. C. M. Pratt.

All initiative in connection with the present influenza trouble is being taken by the new government board under the personal instructions of the Hon. Dr. W. F. Roberts, minister of health, and Dr. G. G. Melvin, chief provincial medical officer, recently appointed. The aid board is simply recording cases and deaths from all causes and attending to routine sanitary inspections and corrections.

Precautions.  
T. M. Burns, the secretary, said today that houses in which there are cases of Spanish influenza are being quarantined in a modified manner. Persons not affected in the household are not confined to the building, but the patient is strictly segregated and vigilant measures taken to prevent contact. While the new maldy is not of as serious type as smallpox, diphtheria, etc., yet it is quickly communicated and carries with a distinct element of danger as has been demonstrated. Therefore the intervention of local health officers has been considered necessary.

Film Companies Held Hit.  
A prominent film agency manager informed the Times today that there is only one theatre in the maritime provinces taking service at the present time, namely, in Kentville, N. S. This is a practically ruinous state of affairs and will be up and make useless scores of thousands of dollars in rentals. The life of a film is limited and "runs" in this part of Canada are governed by schedules. It is therefore very probable that many a fine attraction goes into the discard by the closing order. There are fourteen film agencies here employing about seventy-five people at a salary rate of more than \$2,000 per week.

Open Air Church Services.  
In discussing the wisdom of holding church services in the open air, the Times was informed by several prominent pastors and rectors today that they would not attempt holding such during the influenza prevention period. They felt that it was a relaxation of vigilance to bring hundreds of people together in the cold air, and since the Spanish influenza is a "crowd" disease, they thought all sorts of pre-arranged gatherings should be set aside for a reasonable time to reduce to a minimum the risk of contagion.

Ottawa, Oct. 11—Complete exoneration of the charge of perjury made by Joseph Archambault, M. ## REGULAR WORK OR NO OVER-TIME

Washington, Oct. 11—In announcing awards in three labor controversies yesterday the war labor board laid down the rule that no worker shall draw overtime or extra time pay unless he works forty-eight regular hours a week, except where illness or some other kind of just cause prevents.

This policy meets complaints that have come from many war industries that some employees make a practice of laying off during the week to work overtime on Sundays.

BANK vs. CITY.  
A dispute between the Bank of Montreal and the city over the increased rates charged for the space they occupy under the sidewalk in King street for coal, has come to a head this morning. The hearing was commenced in the city court to be continued in the supreme court. H. A. Powell appeared for the Bank of Montreal and Dr. J. B. M. Baxter for the city. Commissioner Fidler gave evidence this morning stating the proposed increase. The bank is declared willing to pay a nominal rate which they have been doing for the last twenty years. The whole question is to be threshed out in the supreme

THE WAR GOES WELL

While the Germans are rapidly retreating before the British and French and American forces on the western front and yielding up positions whose loss must involve a still further withdrawal toward their own border, the situation in Turkey grows more and more favorable for the Allies.

A MOVING TALE

Mr. George B. Jones proved a very interesting witness at the potato enquiry yesterday. He told where the balance of that \$61,500 went. The sum of \$14,000 went to Carleton county to purify the atmosphere in the B. F. Smith by-election, and \$6,000 to Westmorland for a like purpose.

WILL THEY RESIGN?

What do the supporters of the old provincial government think of the revelations made at the enquiry now in progress, following those other revelations concerning the Valley Railway, the hold-ups of the lumbermen, and other exploits of the record which is now public property?

Beauty and Solid Comfort

An appropriate Mantel Fireplace half furnishes a home. It is a permanent furnishing that probably yields more solid comfort and cheer than anything else.

The "All-Highest" Now Sees The Beginning of the End

The most cheerful word Wilhelm seems to have for his people just now is his "confident hope" that "in these most serious times" they will "resolutely gather around me and give their blood and wealth until the last breath"—much like the late Czar's defiant proclamation that he would fight to his "last muzhik"—and some think that when the German people "gather around" as requested, a fate such as befell the one ruler may await the other.

The labor department act of British Columbia added another to the list of provincial labor departments and bureaus, and now all the provinces west of New Brunswick, except Alberta, have departments of the kind. The British Columbia law, which follows somewhat closely the Ontario Trades and Labor Branch Act, charges the new department with the administration of the laws affecting labor, the collection and publication of information respecting trades and industries, the investigation of sanitary conditions relating to the health of the industrial classes, and the establishment and maintenance of employment bureaus. The department is empowered to obtain information regarding labor matters from labor organizations and from employers, and the minister of labor is required to submit an annual report containing information collected by the department, and recommendations based thereon. The lieutenant-governor-in-council may make regulations supplementary to the act.

E. W. Beatty is President and Grant Hall Vice-President — Shaughnessy and Bury Retire

Montreal, Oct. 10.—Lord Shaughnessy has resigned as president of the Canadian Pacific Railway and is succeeded in this office by E. W. Beatty, a vice-president. Lord Shaughnessy will retain the position of chairman of the board of directors. Sir George Bury retires from his office of vice-president, on account of ill health, and is succeeded by Grant Hall, who has been vice-president in charge of western lines.

An official statement issued at the office of the company this afternoon follows: "At a meeting of the directors held in Montreal today, Lord Shaughnessy, after twenty years of office, retired from the presidency of the Canadian Pacific Railway, although still retaining the position of chairman of the board, so that while relieved of executive duties he will continue to serve with his counsel and experience. This change is due to Lord Shaughnessy's conviction that in view of the extensive programme planned by the Canadian Pacific for the period of reconstruction after the war, the best interests of the company would be served if a younger man were to assume the active direction of the company. Although several years older than either of his predecessors were at the time when they retired from the presidency, he desired when the war broke out to carry on till the financial horizon should lighten. Now, however, he feels less hesitation in handing over the executive responsibility to a successor, especially to one who has such intimate knowledge of the affairs of the company, who has shown notable administrative ability, and who enjoys to a marked degree the confidence not only of the political and business leaders of Canada, but also of the employees of the Canadian Pacific Railway itself."

**H. H. Morton Disputes Mr. Daggett's Evidence — Signature of "Wm. Tompson" in Mr. Daggett's Writing?**

Harry H. Morton continued his evidence at the afternoon session of the potato inquiry yesterday. Examined regarding the transfer of funds to F. W. Sumner, which Mr. Daggett had said Morton had taken to the bank, the witness denied knowledge of the matter, saying that he knew nothing of taking such a sum to the bank. He might have taken it in a closed package, with the deposit slip enclosed, without knowing the contents. He knew of no "Wm. Tompson."

Mr. Morton continued after recess. He had no recollection of any payments being made to the department for the sale of calls. Witness identified a document as a copy of a letter he had written to John S. Eagles & Co. and it was put in evidence. The letter, which was written during Mr. Daggett's absence in England, was to the effect that they had a bill from Taylor & White for 10,462 barrels, while Smith & Co.'s vouchers showed only 7,783 barrels received. He also wrote that the department had been informed that a great many barrels had been headed away after the shipments were completed and asking for explanation. Witness did not remember the answer received.

I have given it to many numbers who were terribly afflicted and even bedridden with rheumatism, and it effected a cure in every case.

To a half pint of water add one ounce of ordinary Orlex Compound and 1/4 ounce glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until gray shade is obtained. This will make a gray haired person look twenty years younger. It does not color the scalp, is not sticky or greasy and does not rub off."

It is easier and cleaner to use than plasters or poultices. It does not stain the skin or clog the pores. A bottle of Sloan's Liniment is all you need for quick relief from the pains of sprains, bruises, backache, stiff neck, and most forms of rheumatic twinges. **"Suicide by Inches"**

THOUSANDS of people commit suicide by inches! If one should take minute daily doses of some irritant or poisonous drug, no particular effect might be noticed until accumulation of the poison made its action evident. Yet how many realize that irritant and poisonous substances are formed constantly, even in health, during food digestion and the preparation of its waste for elimination?

If the bowels act regularly and thoroughly, such dangerous matter is easily gotten rid of. But if constipation exists, there results stagnation of intestinal waste, increased production of poisonous substances, and their absorption into the blood, which carries them all over the body. The result is disease or disorder, which, if neglected or allowed to continue, cripples or kills. Constipation is a bad habit. It is a sin against the body. But there is an even worse habit, a crime against Nature, the taking of pills, castor oil, laxative mineral waters, and salts to "force the bowels to move." Because such drugs do not cure constipation, they make constipation a habit. They do not prevent "suicide by inches." On the other hand, the Nujol treatment not only overcomes constipation, but prevents stagnation and makes self-poisoning impossible. Nujol is not a drug, does not act like any drug; it is absolutely harmless. Nujol helps Nature re-establish easy, daily, thorough, bowel evacuation.

Now-a-days Canadians must stand by each other. Canada needs to keep all the money in the country that is in circulation. Every time you buy a foreign article made abroad, out goes that much money into some foreigner's pocket. Inversely, every time you purchase a Canadian made product, that much money stays in the country, to your own benefit and the community at large. to us that some suitable plan should be prepared by which those who desire to settle in New Brunswick should be assisted to do so.

The government of New Brunswick has therefore decided to deal with the matter themselves in a tentative way until such time as the matter is placed upon a definite basis by the dominion government.

You will remember during the session of 1915 legislation was passed by the dominion government which, broadly speaking, provided for a loan of a maximum of \$2,500, repayable in instalments with interest at 5 per cent, such loan to be made on a percentage value of real estate, farm stock, etc., as acquired by those desirous of taking advantage of the act. The legislation was apparently so designed to meet conditions in the west and is in our opinion not broad enough now in its scope to apply to conditions in this province.

Within a few days we will supply you with forms for distribution among your various associations throughout the province and accompanied by a request that any returned men who are desirous of taking up farm life will fill in such forms and at the same time give any further particulars that will be of assistance.

There are three ways in which we can assist in meeting the wishes of those who desire to avail themselves of such settlement of what are known as crown lands. We will provide 100 acres free from those lands which have been classified as suitable for agriculture purposes, subject to such regulations as are in effect regarding same and subject to the obtaining from the dominion authorities such portion of the amount provided for under the loan act as will enable the applicant to make the necessary improvements, provision to be made with the dominion government in case of failure of applicant to carry out his obligation.

Second, those who desire to purchase an improved farm in such locality in which they desire to settle. We will furnish information concerning available farms in such locality. By affecting necessary financial arrangements for the purchase of same, repayable in instalments as will best suit the conditions of applicants.

Third, those who might be suffering from some disability and are unable to take up farming upon any extensive scale. We propose upon receiving requests from a sufficient number who might express their desire for such small holdings to purchase as a beginning two tracts of land of 1,000 acres each one in a French district and one in an English district, as close as possible to a large centre of population, these tracts to be subdivided into lots say of ten and twenty acre plots, buildings to be erected and improvements made by a loan to be obtained from the dominion loan board; supervision and assistance to be supplied by the department of agriculture of the province; loan upon buildings and improvements repayable in twenty annual instalments with interest at 5 per cent, land to be donated free by the province of New Brunswick.

The government express the hope that these proposals will be given the widest possible publicity amongst your members of the G. W. V. A. In the meantime we will continue to press this matter with dominion authorities and urge the establishment of agriculture for returned men within this province. Asking for the cordial cooperation of your association in this important matter, we beg to remain, Yours very truly,

W. E. FOSTER, Premier.  
(Sgd.) J. F. TWEDDALE,  
Minister of Agriculture.

### PROPOSALS OF GOVERNMENT TO RETURNED MEN

Matter of Placing Them on Provincial Land—Letter From Premier and Minister of Agriculture to G. W. V. A.

To the Editor of The Times-Star:  
Sir—The enclosed is an exact copy of a communication received from the premier of New Brunswick as the result of a few meetings of the government and G. W. V. A. farm delegation. The association wishes to impress on all returned officers and men in the province that it is by joining the association and by asking as a large representative

body that we get what we want. Therefore we hope that every officer and man returned from overseas will join the G. W. V. A. and support his own cause and his comrades still at the front. They are looking to us. We have never failed them and never will. This offer is the result of level-headed members of the G. W. V. A. asking in a proper way the support of the New Brunswick government's assistance. Any G. W. V. A. members in the province desiring to avail themselves of these offers are asked to write to the G. W. V. A. headquarters provincial command, St. John, marking envelope "farm request," when the forms of application will be sent them.

E. J. PUDDY, Secretary.  
September 17, 1918.  
To President and Members of the G. W. V. A. N. B. Provincial Command, St. John, N. B.  
Dear Sir—No question is of greater importance in this province or dominions today than that of providing for the returned soldiers. The government of the province of New Brunswick has not only had it under very careful consideration as an executive body but has taken it up individually and by delegations with the dominion government with the sole idea of devoting some scheme that will not only be practicable and of the greatest benefit to the returned men but at the same time suitable to conditions of the soil and climate of New Brunswick as they exist.

In all of the discussions with the premier of other provinces and with the members of the dominion government the national responsibility for treatment, care, education and ultimate placement of returned men in various vocations was acknowledged and yet, while we felt this duty devolved upon the dominion authorities, still it was obvious

**LIEUT. HARRISON GIVES HIS LIFE**

Private Ernest Willis Also is Among the Fallen Heroes—News of the Soldiers

Moncton, N. B., Oct. 10.—Announcement of the death of Lieut. S. L. T. Harrison, prominent broker and real estate agent of Moncton, and formerly of St. John, was heard here with deep regret. A telegram received here today by his wife, stated that he lost his life September 29. Lieut. Samuel Leonard Tilley Harrison went overseas in 1916. Up to July of this year he has

LIEUT. GEORGE V. MAJNERNEY, son of Mr. and Mrs. John McJannet, of Reston, N. B., died of wounds, September 27, 1918.

been engaged on adjutant duty in England. He is survived by his wife and one little daughter, Margaret, and his mother, Mrs. Harrison, at present residing in Moncton at the home of Rev. H. Johnson, pastor of Wesley Memorial church. Lieutenant Harrison was a son of the late Rev. George Harrison, well known Methodist clergyman, and was born at Point De Buie about forty-five years ago, his mother being Miss Margaret Tilley, sister of the late Sir Leonard Tilley, St. John. Lieutenant Harrison's widow is a daughter of the late Dr. G. Ambrose, Digby (N. S.), and also has a son by her first husband, Paul Bragg, overseas, who was wounded a short time ago and is now in hospital at Folkestone, England. Lieutenant Harrison was chairman of the board of assessors in Moncton for several years.

Fourth Son Home. Since Corporal C. G. Howard, son of County Councillor John Howard, of St. Martin's, returned home yesterday with his English bride. He expects to get his discharge soon. Councillor Howard had four sons overseas, all of whom have been returned unfit for further service. Pte. E. Willis.

Private Ernest Willis, son of Mr. and Mrs. William Willis, Golden Grove, has made the supreme sacrifice on the battlefield of France. Official word was received yesterday by his parents from the director of records at Ottawa. Private Willis enlisted with one of the local infantry battalions which was recruited here. Upon arrival in England he was sent to France in a reinforcement draft, presumably to the 20th Battalion. He

enlisted when very young not being more than seventeen years of age. He was a bright lad, popular and well liked and his early death will bring sorrow not only to the immediate members of his family but to his many friends as well. He was a grandson of Squire Willis, well-known mill owner and stockbroker, of Golden Grove.

Word has been received in Sussex that Private Hanford Joseph Geldert was killed in action on September 25. He went overseas with the 104th Battalion. Mrs. Sarah Geldert, of 90 St. James street, St. John, is a sister.

Lieut. Price Dead. Lieutenant John Warren Price, son of Claude W. Price, of Moncton, died at Hamilton, Ontario, last night with Spanish influenza which developed into pneumonia. He saw six months service in France as a member of the aerial force and during that time was mentioned several times in despatches.

Lieut. Col. Murray Home. Lieutenant-Colonel L. R. Murray, of Sussex, returned home yesterday from overseas after an absence of three and a half years. Lieutenant-Colonel Dr. Murray went overseas as medical officer with the rank of major in the 29th Battalion. He was promoted to be lieutenant-colonel in France. For the last year he was connected with the Princess Patricia's Red Cross Hospital in Berkhill, England. Wins Decoration.

Major H. S. Jones, of Apohaqui, has been awarded the Colonial Auxiliary Forces decoration. Major Jones entered the service in 1897 as a lieutenant in the 74th Battalion. Major Jones made several attempts to get overseas but was not physically fit. He crossed to England as a company commander in the 55th Battalion.

Father and Son. Among the returned soldiers who arrived in the city recently from overseas, was Shapper T. C. Postle, of Haymarket square. Just prior to his leaving England for Canada he was pleasantly sur-

CHILDREN'S AID SOCIETY. At the monthly meeting of the board of management of the Children's Aid Society held last night the hope was confidently expressed that if the present ban on gatherings is lifted by that time the November meeting will be held in the new shelter, 88 Garden street. On Monday morning last a number of women started work cleaning up, supervised by members of the ladies' committee. A good deal of furniture donated by the Women's Canadian Club and private individuals is already there. A good deal more, however, will be required, and any donations of furniture or floor coverings will be greatly appreciated. The president, A. M. Belding, was in the chair, and there was a fair attendance.

**AUSTRIAN ARRESTED.**

The prisoner was remanded to jail and warned that he was liable to a fine of \$500.

**OTHER LOCAL CASUALTIES**

Capt. J. F. Soucie, Lieut. L. R. Whitaker and Lieut. C. A. Noble are Among the Wounded Reported Today

A telegram to Mr. and Mrs. John Crawford, 218 Main street, Fairville, yesterday brought the sad news that their son Leo had been killed in action on September 27, in the great combat then going on. He was only seventeen years old when he enlisted with the 55th battalion. Arriving across the

ocean he became a member of the 18th. He had been through many battles, doing his part well, and was wounded in the thigh on August 15, 1917. After some months in hospital he had returned to the front line.

He was a popular young man whose friends will deeply regret his death. A brother, Alfred, has been in the war since the very start of Canada's participation, as he went across with the first contingent. A letter received from Alfred a few days ago stated that he had gone to Leo's battalion to see him, but was told he was not there. The brave young soldier leaves his parents, his brother overseas, a brother Frank, in St. John, and five sisters—Mrs. William McInnis, of Charlottetown, Mrs. Vincent McGrath of Wall street, and Joe, and three at home, Misses Katie, Annie and Tena. All will have general sympathy in their great loss.

**Capt. Jos. F. Soucie.**

The news that Captain Joseph F. Soucie has been wounded has been received by Brock & Peterson, with whom he was engaged as a traveler before going overseas. The word came from his former home in St. Leonard's where his mother resides. Captain Soucie joined a Quebec battalion two or three years ago and was transferred to a famous French-Canadian unit at the front.

**Wounded Not Serious.**

The many friends of Gunner Harold E. Fowler will be pleased to hear that his wound was not serious. His mother, Mrs. Elizabeth C. Fowler, received a letter from the chaplain of the clearing hospital to which he was taken, writing the day after he was wounded and stating that Gunner Fowler was in good spirits and expected to be removed to the base hospital in England in a short time.

**Pte. Wm. Ewart.**

Mrs. John Ingalls of Fairville, received word yesterday that her son, William Ewart, had made the supreme sacrifice at the front. Many friends of the family in Fairville and Milford had only a hazy recollection of Private Ewart as he had spent the last twenty-four years in Boston living with his aunt, Mrs. W. E. Ewart. A year ago, last August, however, he came back here, feeling it to be his duty to enlist and to join the colors with a Canadian regiment. He signed with a Kiltie battalion and crossed with a French ship. The official notification of his death stated that he was killed on September 27.

Much comment was caused locally when it became known a year ago that Mr. Ewart had come from the states to join the soldiers. Never was there a case of feeling the real call more pronounced and now he has given his life for the principles that made him come so far to offer it to his country. He was thirty-nine years of age and leaves besides his mother, two sisters, Miss Margaret Ewart at home and Mrs. Samuel T. Cough, of Main street, Fairville, and one brother John, living in Milford.

**Lieut. Whitaker**

Mrs. F. S. Whitaker of 84 Dorchester street received a telegram this morning notifying her that her nephew, Lieut. Lorne Ray Whitaker, was reported slightly wounded on September 28, but remained on duty. Lieut. Whitaker went overseas about two years ago and remained in England as an instructor for some time. He went to France in April and has since been in active service. Prior to enlisting he was a student at the University of New Brunswick.

**Pte. Fred Hamilton**

Mr. and Mrs. William J. Hamilton of 60 Harrison street received word this morning that their son, Pte. Fred J. Hamilton, is officially reported missing. Private Hamilton, who was a well known member of the N. B. Kiltie Battalion was sent to France on August 17 with reinforcements for another Canadian unit. He joined the Kilties shortly after that unit was organized by Lieut.-Colonel Guthrie, and during their stay in Fredericton St. John made a host of friends. He was only twenty-four years of age and was well known throughout the city. Prior to enlisting he was employed with A. O. Skinner. Besides his parents he is survived by three brothers, Edward of Montreal and

**MET HIS DEATH WHILE ENGAGED IN ATTACK**

Official Record Corrects First Report That Private George Perkins of Hampton Was Accidentally Killed

An official report giving the details connected with the death of Private G. Perkins of Hampton, which occurred at the front on August 9, has been received by his father, George R. Perkins of Hampton. It was first reported that the young soldier had been accidentally killed, but as other reports did not seem to agree with this, information was sought through the records office.

The record now to hand reads as follows: "During an attack on August 9, 1918, the platoon to which the above mentioned soldier belonged took cover for a short time in a trench, and as Private Perkins was leaving it to advance again, it is regretted he was shot through the heart and instantly killed."

From this it will be seen that Private Perkins gave his life while gallantly advancing in an attack on the enemy, evidently under heavy fire.

**DEATH THIS MORNING OF W.P.M. McLAUGHLIN**

Throughout the city the announcement of the death of W. Myles E. McLaughlin will be learned with sincere regret. Mr. McLaughlin had a wide circle of friends who had been grieving to learn of the illness from which he had suffered for a year and a half and which led to his death at an early hour this morning, and in their bereavement the members of his family will have the deep sympathy of the community.

The late Mr. McLaughlin, who was the youngest son of the late D. J. McLaughlin, formerly president of the old Commercial Bank, was born in this city fifty-one years ago and had spent his entire life in the city. For many years he was engaged in business as a real estate broker and also devoted considerable time to the management of the extensive property holdings of the family estate.

He was prominent in musical circles and had to his credit the composition of the music for the well known national song "My Old Canadian Home." He also showed interest in musical matters by bringing to St. John Sousa's, Gilmore and the Black Watch bands, and other big musical attractions.

In religion, Mr. McLaughlin was a Methodist and took a prominent place in Centenary church. Several years ago he was chiefly instrumental in bringing to the city the famous grand old Rev. Dr. R. A. Torrey.

Surviving him are his wife and four small children, two brothers, Robt. McLaughlin, cashier of the customs house, and Harry S., and one sister, Miss Laura, all of this city.

The funeral will be held on Sunday afternoon at 2:30, from his late residence, 207, George street.
