VOL. IX, No. 230 ST. JOHN N. B., FRIDAY, JULY 3, 1914 TEN PAGES—ONE CENT

Noted Career Ends; Jos. Chamberlain, Eminent Statesman, Is No More

Nation Surprised; Few Knew That Death Was Near IN PUBLIC LIFE SINCE 1868

Leader for Tariff Reform and Imperialism, Bitter Opponent of Gladstone and Home Rule; One of the Founders of Liberal-Unionist Party—Since 1906 Had Been Sufferer Under Stroke of Paralysis

London, July 3.—Hon. Joseph Chamberlain died last night. His death which removed one of the most striking figures from the British politics in the last generation came as an entire surprise as the condition of his health was not publicly known to be any worse than at any time in the last two or three years.

Mrs. Chamberlain, who never left her husband's side since he was stricken with paralysis seven years ago, and his son, Austen Chamberlain, were at his bedside when death occurred at half past ten o'clock last night in his London residence. The event cast a gloom today over the London season, which was at its height.

His Last Time in Public Mr. Chamberlain's last public appearance was at a garden party on the grounds of a Birmingham home on May 6 last, when, with his wife and son, he received several hundred constituents. Mr. Chamberlain was wheeled out on the lawn and appeared very much enervated and feeble when he lifted his hat to friends and neighbors in acknowledgment of their salutes.

Tariff reform, which with imperialism was the chief policy for which Joseph Chamberlain was spokesman who enforced retirement through paralysis occurred, has suffered almost complete eclipse. His son, Austen, being the only British statesman who advocates it on all occasions.

For thirty-eight years, with a brief interregnum, he represented Birmingham in parliament. In 1905, when a series of stormy activities was ended by a stroke of paralysis. The blow fell when he was in the midst of a strenuous campaign for the establishment of a protective tariff with preference for the British Colonies and just after his constituents had celebrated the thirtieth anniversary of his first election.

HERE'S ANOTHER POUND S. P. C. Ladies Start One and Matter Gets Before Common Council—Contracts Awarded

The attention of the common council was drawn today to the fact that a private organization is planning to compete with them in the work of rounding up stray dogs. The council seemed quite willing to accept the co-operation of the ladies in the matter, but they were supposed to question the advisability of locating a private dog pound in a quiet residential district.

Contracts for coal for the ferry department and the department of public safety were awarded to C. E. Colwell, George Dick, the City Fuel Company and R. P. & W. F. Starr, Ltd.

The meeting came to order at 11 o'clock with Mayor Frink presiding and Commissioner Wiemore, Mr. McLellan, Russell and Potts and the Common Clerk present.

When the mayor's report on the investigation of the police charges, dealt with elsewhere, was taken up, the commissioner of public works recommended that he be authorized to expend a sum not exceeding \$800 out of the street railway contract fund for the purpose of making repairs to the Marsh road that he thought might be advisable.

Regarding the petition Com. McLellan asked where the money was to come from and if it was out of the \$1,200 a year paid by the street railway company on account of that particular road.

Com. Potts explained that it was on account of the \$1,200 received from the street railway for the purpose. The section was adopted.

Frederickton, N. B., July 3.—The royal commission will adjourn for a week or ten days after today's session. The exact date will be announced this afternoon. The different counsel discussed the length of the adjournment this morning with the commissioners. Mr. Carvell said that while he was ready to proceed he recognized the fact that there had been an intimation from counsel opposite as to important engagements and he was willing to meet their wishes. Mr. Fowler said it was impossible for him to be present next week.

On June 4 of this year there was an order for \$117,000 for which in round numbers \$75,000 was paid to the Railway Company and \$42,000 to the Prudential Trust to provide for payment of the interest upon the bonds.

(Times Special Correspondence)

London, June 23—An invitation to extend their tour to Canada will be given to the party of South African farmers who will arrive at Southampton from Cape Town on the "Kilfauna Castle" tomorrow. These men from the Cape are coming for the purpose of making an extensive study of agricultural conditions in Great Britain and some of the countries of Europe.

They are fifty in number; both British and Boer in race and are said to be the most progressive farmers in the South African Union.

Every effort will be made to encourage so representative a body of men to visit the Dominion and become acquainted with its wonderful agricultural development.

WANT \$50,000 BUILDING

(Halifax Chronicle)

The Dalhousie students are after \$50,000 to erect a student's building—a building to be built, owned and operated by the students and for the students. That the first nod for this building will be turned this fall and the building ready Jan. 1, 1915, is the sturdy decision of the students.

The student's building will be a building for the social needs and recreation of Dalhousie students. It will contain a large gymnasium, swimming tank and shower baths. There will also be a room in which to hold debates and another for the dramatic and glee clubs. Then there will be a lunch room with kitchen adjoining, lounging rooms and locker rooms for the various athletic teams.

JOSEPH CHAMBERLAIN

The Rt. Hon. Joseph Chamberlain is dead. This news, flashed round the world today, recalls the career of an eminent statesman, and throughout the British Empire gives rise to a feeling of regret and a sense of loss. It is true that Mr. Chamberlain had long been retired from active politics, and for a long time has been out of touch with the spirit of the great mass of the electors of the mother country; but they remember him in his palmy days and his devoted service to the Empire during the long period when he was one of the strong men of the world's greatest legislative assembly.

for milk or even less, while Halifax consumers pay nine cents per quart. The farmers of whom Professor Cumming spoke complained that they could not obtain a market for their produce, while in Halifax exorbitant prices were being paid, owing to a lack of supply. Mrs. Wilson pointed out that co-operation in buying was one way of reducing prices, and that by co-operation the house-holders could overstep the middleman. In many cities in the United States Household Leagues had co-operated with farmers and progressive retail merchants, and in that way had accomplished notable results. It is announced that a Household League for this purpose will be organized in Halifax, and the result of its activities will be watched with a great deal of interest in other cities in the province.

The fox is still king in Prince Edward Island.

The people of Fairville and neighborhood are again to be congratulated upon the successful inauguration of their summer playground.

A number of local industrial concerns express themselves very hopefully concerning business prospects. The basic conditions in these provinces are sound.

It is stated that Hon. Mr. Hasen has taken a summer cottage at Banff. There are no doubt reasons why Mr. Hasen in search of rest and peace of mind would select a location at some distance from the province of New Brunswick.

The Times was in error yesterday in assuming that Col. the Hon. Sam Hughes and Mr. George W. Fowler would not meet in Sussex. They did meet, and there were no fireworks. Perhaps the war minister has repented of his McGivney exploit.

When will some action be taken in the matter of locating the site of the Valley Railway bridges? Construction cannot begin until the site has been settled upon, and the railway cannot be of service to St. John until the bridges are completed. Who is responsible for the delay?

The Unionists in the House of Lords, confronted with the results of the agitation by the freemasons of their party in relation to Ulster, find themselves compelled to counsel moderation and to dwell upon the terrible effect of civil war. It is to their credit that they are at last coming to their senses.

Any objection to noise made by children on the Bentley street playground would apply with equal force to the street cars and other noise-making along that avenue. It may be hoped that the people of the avenue will give the playground such supervision as will prevent any unnecessary noise and yet give pleasure to the children.

It would perhaps have been better if the High School Alumni had requested a conference with the executive of the Community Council before passing a resolution condemning the use of the high school building for some of the purposes of the council. The members of the latter organization have no designs upon the property of the Alumni Society, nor any desire to injure the high school building, or in any way diminish its usefulness as an educational institution.

GARDNER'S CREEK WEDDING. At Gardner's Creek on July 1 a very interesting wedding took place in St. Thomas' church, when Rev. C. W. Felt united in marriage Harry A. Weston of Fairville to Fannie A. Armstrong. As the bride entered the church leaning on her father's arm, Mrs. John W. Cunningham played the wedding march. The bride looked charming in an embroidered dress of white mull. After the ceremony the wedding party returned to the home of the bride's father, J. J. Armstrong, where a wedding breakfast was served. The many gifts testified to the esteem in which the young people are held. After a few days' visit among their friends Mr. and Mrs. Weston will go to Newcastle to spend the rest of the summer. The groom is employed there as cook for Stephen Moore who operates a portable mill.

KING'S COUNTY SHALES. Sussex Record.—S. Lamb, of Manchester, England, spent Friday last in Sussex and vicinity looking into the shale outlook from Wards Creek to Apolohqui. Mr. Lamb is one of the gentlemen interested financially in the Syndicate that has taken over the ore and are now preparing to commence the exploitation of same on arrival of the mining engineer from London who is shortly expected on this side. Apart from the shale Lamb was much impressed with this portion of New Brunswick as an agricultural and mining section. He was very much pleased with its looks leaving here on Saturday morning for New York from which city he left for England on Wednesday of this week.

A LAUGH IN CHURCH

(Emily Huntington Miller) She sat on the sliding cushion. The dear wee woman of four; Her feet in their shiny slippers Hung dangling above the floor. She meant to be good; she had promised. The touch of the salty skin. She stared at the meeting-house windows. And counted the crawling flies.

She looked far up at the preacher. But she thought of the honey-bees Droning away in the blossoms. That whitened the cherry trees; She thought of the broken basket. Where, curled, in a dusky heap. Three sleek round puppies, with fringed ears.

Lay snuggled and fast asleep. Such soft, warm bodies to cuddle. Such queer little hearts to beat. Such swift, red tongues to kiss you. Such sprawling, cushiony feet! She should feel in her clasping fingers The touch of the salty skin. And a cold, wet nose exploring The dimples under her chin.

Then a sudden ripple of laughter Ran over her parted lips. So swift that she could not catch it. With her rosy finger tips The people whispered, "Bless the child." As each one waked from a nap. But the dear wee woman hid her face For shame in her mother's lap.

LIGHTER VEIN. His Foolish Fear. "Would you marry a man whose income was under \$5,000 a year?" he asked.

"How much under?" she replied. "Well, quite a bit." "It is between \$3,000 and \$5,000," "I might put it that way."

"Dearest! Why did you think I would let money stand in the way?"

A Bit of a Hint. Borleigh (at 11.15 p. m.)—When I was I used to ring door-bells and run away.

The girl (yawning)—And now you ring them and stay.

Worked Just as Well. "I hope you didn't ask for a second 'No, ma. I took two pieces when it went around the first time.'"

That Started Him. He (at 12.30 a. m.)—Has your father any objections to my paying you visits, Miss Ethel?

She—Oh, no, but (yawning), I think he'd rather you paid them in instalments.

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE. "Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty foods, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisulphate of magnesia in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisulphate of magnesia is doubtless the best food corrective and antacid known. It has no effect on the stomach, but acts by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining. It does more than could possibly be done by any other drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the cause of all the trouble. Get a little bisulphate of magnesia from your druggist, eat what you want at your next meal, take some of the bisulphate of magnesia as directed above, and see if I'm not right."

GOOD SLEEP GOOD HEALTH

Exhausted Nerves Were Fully Restored by Dr. Chase's Nerve Food.

When the nerve force expended in the day's work and in the act of living is not replenished by restful sleep at night you have cause to be alarmed, as physical bankruptcy stares you in the face. This letter directs you to the most satisfactory cure for sleeplessness.

Mr. Dennis Mackin, Maxton, Sask., writes:—"I have just finished using the sixth box of Dr. Chase's Nerve Food, and I must say that when I commenced using it my nerves were so bad that I could scarcely get any sleep. I would lie in bed nearly all night without sleep, and anyone who has had this trouble knows the misery of sleepless nights. The Nerve Food helped me from the start, and has built up my nervous system wonderfully. I now enjoy good, sound sleep, and instead of feeling tired in the morning I am strong and healthy, and well fitted for my daily work."

FIVE INCH GASH IN HADLEY GRAY'S THROAT

Young Amherst Husband's Act—He Belongs In Sackville

(Amherst News.)

"Why weren't you home sooner?" "I went to the Gen. Had. I told you I was going to the pictures? You know I asked you to come along, too?" "Then it's the last time!"

Hardly had his wife turned her back when a razor was whipped across the neck and a moment later Hadley Gray was wallowing in his own blood upon the floor. This was the setting to a tragedy in Maple avenue last evening but its end will not be fatal, for the distraught young man will survive a slashed windpipe and a five inch throat gash.

Long out of work and money, his young wife forced to serve at a hotel table, Hadley Gray grew desperate. He began drinking heavily on Saturday. All day he remained indoors. But he was bright and cheery, despite the fact that for eleven months he and his wife had been boarded for nothing by his mother-in-law, Mrs. Fougere at number eleven in the avenue. His laughter in the afternoon turned to anger in the evening as his wife's return again brought home to him that she was enjoying herself out of money he had forbidden her to earn. It was a mockery and his alcohol-strained senses rebelled.

Too Much for His Pride.

A wounded pride prompted "Had" Gray's suicidal attempt. That his wife of only a year should go out and wait

PROGRESS ESTIMATES UNSIGNED

Money Paid on This Favored Section Without Endorsement of Engineers — B. Hal Brown Tells of Another Loan

Fredricton, July 2.—There was nothing of startling interest in the evidence before the royal commission this afternoon. William V. Polley, manager of the Hibbard Company, which had a contract of sixty-two and a half miles of the Valley railway, was on the stand all the afternoon and his evidence is not completed yet.

This section of the railway has been popularly known as the political section as it was said to be understood that the government reserved the right to name the contractor upon this portion of the railway. The evidence in a lawsuit in Montreal rather bears out this statement.

RELIEF AT ONCE CURE CERTAIN

Conclusive Evidence That Dr. Chase's Ointment Cures Itching Piles.

Mr. John G. McDonald, Picton, N. S., writes:—"I used Dr. Chase's Ointment for itching piles, and found that the first application gave relief. After using a few boxes of the ointment I was completely cured, and can recommend it highly to all sufferers from this disease. You have my permission to use this letter for the benefit of others."

Mr. James M. Douglas, Superior Junction, Ont., writes:—"For about six years I suffered from piles, and often could not work for two or three days at a time, so great was the suffering from pain and itching. Doctors treated me in vain, and I tried many treatments before I came across Dr. Chase's Ointment. Two boxes of Dr. Chase's Ointment cured me, and for several months I have had no return of this annoying ailment."

There can be no doubt that Dr. Chase's Ointment is the most effective treatment obtainable for every form of piles. 60 cents a box, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

HOW I MADE MY HAIR GROW

Woman With Marvellously Beautiful Hair Gives Simple Home Prescription Which She Used With Most Remarkable Results

I was greatly troubled with dandruff and falling hair. I tried many advertised hair preparations and various prescriptions, but they all failed. Many of them made my hair greasy, so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances which here they injure the roots of the hair. After my long list of failures, I finally found a simple prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair I have ever seen. It also makes the hair easier to comb and arrange in nice form. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth but it has actually restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Ray Run, 6 oz. Menthol Crystals, 1/2 drachm; Lavona de Compose, 2 oz. If you like it perfumed, add 1 drachm of your favorite perfume. This, however, is not necessary. Apply night and morning; rub thoroughly into the scalp.

CAUTION

Owing to injury done our mill property and wharves, Chesley Street, during the past few weeks, particularly by the throwing of ballast from our wharves, we have decided to prosecute all persons who hereafter trespass in any way upon any of our properties. We have placed the matter in the hands of our solicitors, Messrs. Barnhill, Ewing & Sandford, and have engaged additional watchmen. All persons are therefore warned to keep off our properties, as we will most certainly prosecute any further trespassers to the utmost of the law.

Major Geo. H. Parke, who is related to some prominent politicians in Sunbury county, managed to secure the contract and associated with him were the Messrs. Hibbard, of Upper Canada; Lyon Cohen, of Montreal, and A. D. Gaul, of the same place.

Mr. Polley, in his evidence, said that Cohen was president and Gaul secretary-treasurer of the company. Among the sub-contractors on the Hibbard section are Luther Smith, Conservative candidate in Queens-Sunbury in the last federal election; Alan Flemming, brother of Premier Fleming, and N. P. McLeod, brother of the ex-provincial secretary, Hon. H. F. McLeod, is also prominently connected with the Hibbard people.

Tells of New Loan to Gould Interests.

Before the inquiry began this afternoon Mr. Carvell asked if the financial statement promised by the Prudential Trust Company had arrived and Chairman McKewen said he had received it this morning. It was accompanied by a letter from President B. Hal Brown in which he said: "You may recall a reference by F. H. Markey, our counsel, to a special loan of \$80,000 made to the borrowers of the \$2,000,000 amount which, if I remember correctly, was not brought out in my evidence. The particulars are: Hypothecation of Dominion subsidies, June 24, 1913, loan of \$50,000; August 1, additional loan, \$25,000; August 4, additional loan, \$5,000; total, \$80,000. Received from the finance department, Ottawa, Sept. 2, 1913, on account Dominion subsidies, \$100,048.22. Disposition of amount: Amount of loan retained, \$80,000; interest on loan, \$784; paid borrowers balance, \$79,808.72. Mr. Markey may have made a reference to this loan but it was news to many of those who were present. The letter of Mr. Brown discloses the fact that some more financing by the Gould interests was necessary to the strength of future subsidy payments.

Before Mr. Polley began his evidence Hermann Corbett was recalled for a moment with respect to the furnishing of posts and telegraph poles to his company by the railway company.

Mr. Corbett's evidence on Tuesday as to the contents of a letter from his father was misrepresented by the Standard, which said that he asked Mr. Carvell if he would not subpoena his father, Jas. Corbett, in the evidence report of the evidence corresponds with The Telegraph's report, which stated that Mr. Corbett asked Mr. Carvell not to subpoena his father.

Many Progress Estimates Unsigned.

The progress estimates submitted by Manager Polley were for the most part unsigned by any engineer. The first two were signed by S. B. Was; the third by Ross Thompson and the last two April and May of 1914 by S. B. Was. As all of the estimates of the other contractors were signed it is worthy of note that many of the Hibbard progress estimates were not thus officially endorsed.

ONTARIO ELECTIONS
(Halifax Chronicle)

It was as we said the other day, a testing time for the temperance people. For years the church courts, the temperance organizations, the moral reform associations and kindred bodies, collectively and through their leaders, have been clamoring for the abolition of the bar. They circulated petitions, they appealed to the government to put down the Demon Rum, but they applied in vain. Finally they were given the opportunity to put their professions to the practical test, and to choose between a leader who staked his political life upon a policy, and a plain choice. It was a straight issue and a plain choice. The voting tells the story. Either the "temperance" people of Ontario placed party

above principle, went to the polls and cast their ballots for the candidates of their own political faith. Your Choice of Any Material

\$25 and \$30 Clothes Values For \$15

JUST think what you get, men, for your \$15 here! Not only your choice of the newest of this Spring and Summer's woollens—embracing Suitings and Overcoatings in a variety of shades and patterns of tweeds, worsteds, chevots, vicunas, etc.—direct from the Mills in the Old Country—but the assured fit and up-to-the-minute style that has helped to create the wonderful success of the English and Scotch Woollen Co.—the only genuine—one price—"Mill-to-Man" Tailoring Service in the Dominion of Canada.

The Oklahoma Agricultural and Mechanical College has started a system of selling butter by Parcels Post from "Farmer-to-Consumer"—it is doing this to demonstrate to the Consumers what a wonderful saving can be made on the price of this product by cutting out the Middle man.

While no attempt is made by the College to lower the price of butter to a point that would jeopardize profits to the producer, it is now possible for the housewife in Oklahoma Cities to obtain "College Butter" at 5 to 10 cents a pound cheaper than if she bought it from the Grocer.

What applies to Butter—applies to Clothes—"Farmer-to-Consumer" applied to butter is the same as "Mill-to-Man" applied to clothes. Just stop and think.

JOHN HAYES, STAR MARATHON RUNNER SUES GUGGENHEIM

John Hayes
The reasonable value of an athlete who participates in a twenty-mile marathon run is to be determined in the Supreme court of New York.

Johnny Hayes, famous marathoner, is suing M. Robert Guggenheim, son of Daniel Guggenheim, copper magnate. Hayes alleges that Guggenheim promised to pay him \$750 to participate in a race in Spokane, Wash., but refused to keep his agreement.

Just twenty years ago Rey El Santa Anita won the American Derby. The king still lives—but where is the race game?

Massachusetts Tech is to have a course in flying. It's getting so a fellow don't have to leave college to learn anything. The ceremony was performed by Rev. A. F. BLINDNESS OF VIRTUE

Opens Monday For Three Days and Wednesday Matinee—Seats Now on Sale

Intending patrons should at once secure reservations for the big Opera House event of next week, Cosmo Hamilton's sensational play, "The Blindness of Virtue." This is the first dramatic entertainment since the close of the stock season, which fact, together with the exceptional merit of the play and players, accounts for the very unusual interest which attaches itself to what will probably be the principal local offering of the summer months.

ROTHESAY AND WESTFIELD TELEPHONE SERVICE

New Five Cent Rate — Known as TWO NUMBER METHOD

Beginning July 1st, calls can be given by either of two methods, namely:

Two Number—Where a subscriber is willing to talk to any person at the telephone called.

Long Distance—Where a particular person is wanted.

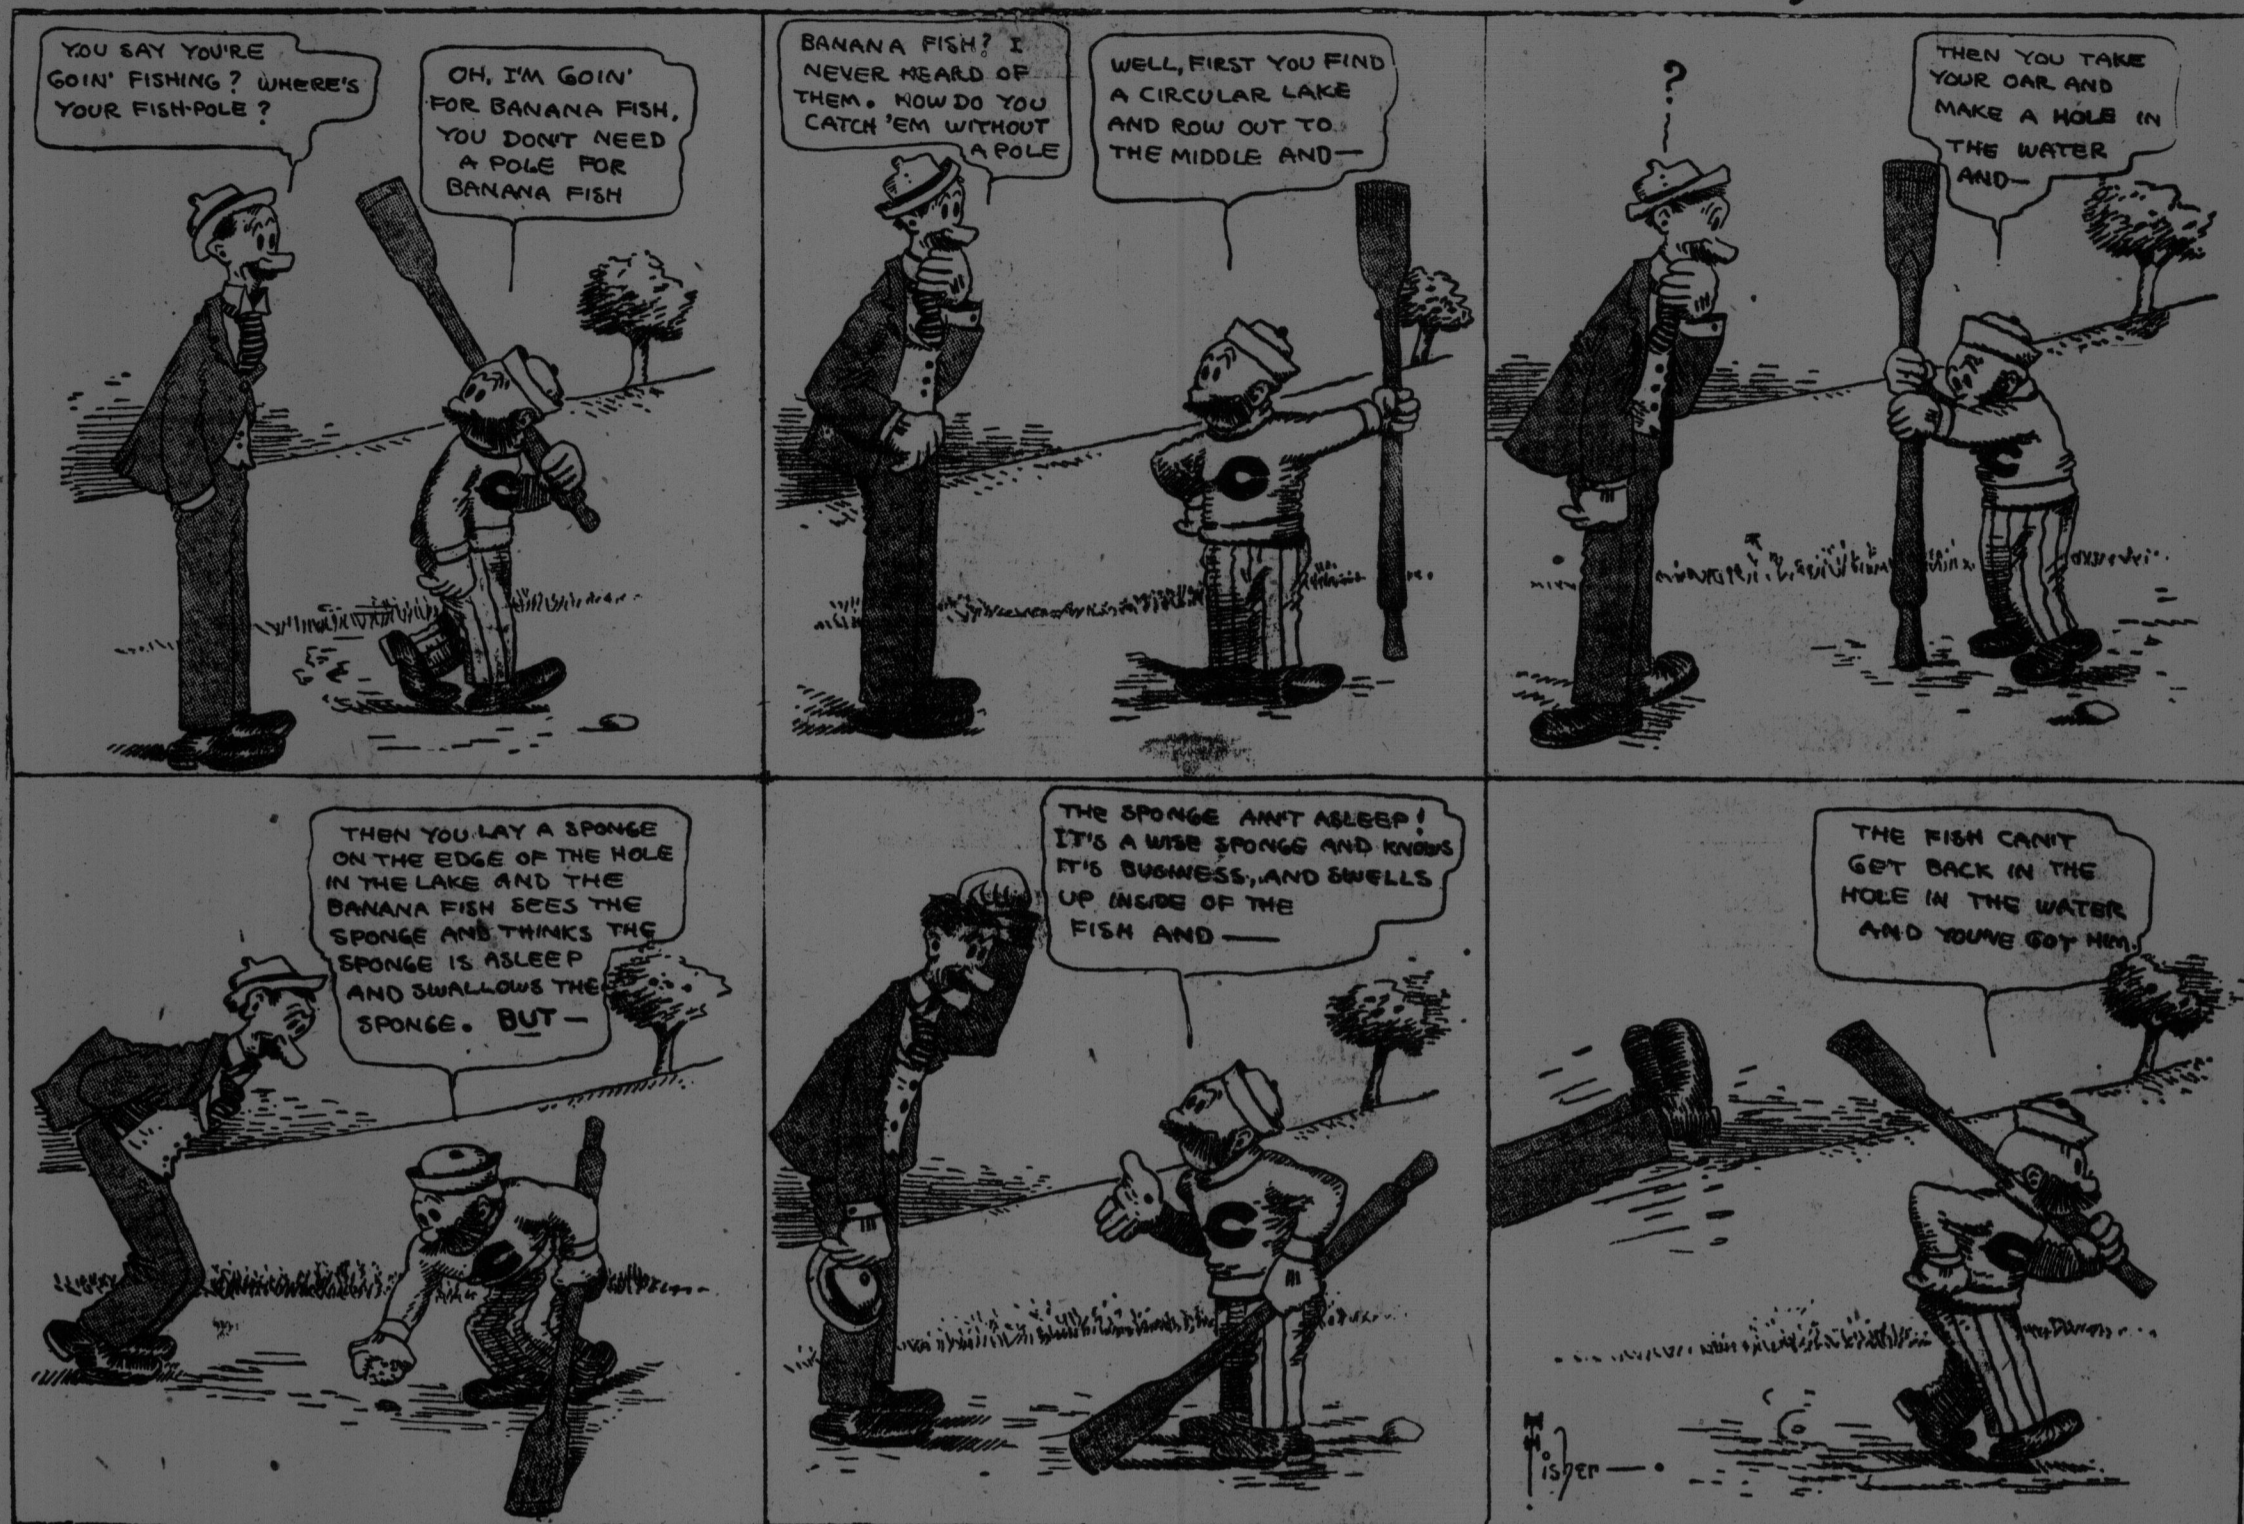

Two Number Method. The subscriber calls the operator in the usual manner. The operator will answer, saying "Number." The subscriber will then give the operator the desired number, followed by his own number, as "Rothsay, 20," "this is Main 3014-21." The calling subscriber will hold the receiver to his ear until connected with the called telephone, or is advised "Line Busy" or "They Don't Answer." If the called telephone answers it constitutes a message. A particular person will not be precured. **The Initial Rate for this Service will be 5 cents for three minutes and 1 cent for each additional minute. Messages Cannot be Reversed, but must be charged to the Telephone from which they originate.**

Important. As the operator cannot tell the telephone number of the person calling, it is necessary that the subscriber, on either a special or party line, should give his own number as well as the number desired. A call from a subscriber in St. John at Main 3914, wishing to get Rothsay, 28, should be given as follows:—"Rothsay, 28, this is Main 3914."

Long Distance Method. If a particular person is desired the call should be placed with the Long Distance Operator in the regular way. The initial rate for this service will be 10c. for three minutes and 3c. for each additional minute.

The Deal is Off.
Richmond, Va., July 2.—Local promoters tonight abandoned their efforts to bring the Baltimore International League Baseball Club to Richmond, because the Virginia League demanded \$15,000 for the transfer of its Richmond franchise to Lynchburg.

New York, July 2.—There will be no change in the baseball circuit of the International League this season, and the clubs will play out their regular schedule on the dates and in the cities as arranged last spring. This was the announcement made at the adjournment

of a special meeting of the organization tonight.

President Barrow presided. The proposition to transfer the franchise of the Baltimore club to Richmond, Va., was what caused the gathering of club owners.

TURF.
Sydney Races.
Sydney, N. S., July 2.—Two Halifax horses took the cream of the events at the trotting park today, Gallagher, owned by Peter Carroll and Arlene, owned by L. R. Acker, the Halifax and Sydney theatrical man, finishing first and second respectively in the free-for-all trot and pace.

In the 2:30 trot and pace there were ten starters and among them were perhaps the best horses in this class ever gathered together in this city.

Cincinnati, July 3.—Johnny Kilbane, champion featherweight, fought ten rounds here last night with "Knockout" Mars of this city. No decision was given, but the champion had the better of most of the rounds. The newspaper and popular verdict awarded the fight to Kilbane.

In Auckland, it appears, women still keep their fists on in the theatres. At a comedy a very large lady was requested by a small man behind her to remove her handkerchief.

"I can't see the stage," he told her, "and I want to laugh with the rest of the audience."

"Oh, indeed?" she replied, indignantly. "Well, you just watch my shoulders and when I laugh you laugh."

JOE PAGE, BACK FROM CHICAGO, TALKS OF THE BASEBALL SITUATION

Joe Page, baseball expert and scout for the Chicago White Sox, returned to the city on the holiday after a pleasant trip to several cities in the United States, including Detroit, Jackson, Mich.,

Buffalo, Baltimore and Chicago. Joe combined business with pleasure and got a line on several players for Comiskey.

Speaking of the Chicago team in which he is interested, Mr. Page said that they were forging ahead steadily after a rather bad start. Of the last eleven games played, the Sox succeeded in landing nine. The luck is breaking their way now, and the men are beginning to hit. Although they are now in sixth place in the league race, only seventy-five points separate them from the leading team.

Tommy Daly, although not being worked regularly, is keeping in condition and is occasionally used in the pinches. He asked to be remembered to his St. John friends.

Asked how the absence of Chase was affecting the strength of the team, Mr. Page said, "It would seem as though it were a good thing that he jumped the club, as they have won almost consistently since he left. In his successor, Fournier, the Sox have a man who is holding his position and hitting a stroke as good, if not better, than the Chase standard."

"How does the Federal League draw?" he was asked.

"Chicago and Baltimore they are being well supported, but they are a joke in the other cities, compared with the attendance at the other league games. As far as Chicago is concerned, although the Feis are receiving a liberal patronage, they do not interfere to any great extent with the attendance at the White Sox games."

Mr. Page will be in the city for some days.

Mayor Finds Against The Commissioner But The Council Does Not Support Report on North End Police Matter Is Submitted and Leads to Some Straight Talking—Board Divides Three To Two

The report of Mayor Frink on the complaint that Com. McLellan had attempted to interfere with a policeman in the discharge of his duty was presented to the Common Council at a special meeting this morning.

That he has investigated the charge made against Commissioner McLellan as fully set forth in the resolution June 1, 1914, and the evidence as submitted and finds the charge contrary to fact.

Com. McLellan—"All I want is a square deal. I am prepared to play my cards face up on the table, and I want you to do the same. And I give you fair warning that if this causes any injury to me I will hold you personally, as well as the city, liable."

Com. McLellan—"I do not know of any plan, but it might be well to let the evidence go somewhere else to get another opinion on it. If any error has been made, I feel that it is one of judgment, but I do not see that the finding is contrary to the evidence."

Com. McLellan—"That statement is false, and worthy only of the man who made it. The increase was only granted to go into effect upon the reorganization of the force, which has not yet taken place. As far as the special officer goes, he is getting the same pay as he did when on the regular force."

Com. McLellan—"I do not see how the finding was arrived at. I think it would have been better if you had not brought in any finding."

Com. McLellan—"To my mind the fact that Commissioner McLellan took the policeman down the street is the only evidence that he was guilty of anything."

Com. McLellan—"I do not wish to judge harshly but I may say that this is what I might have expected. The investigator must make his findings according to his own intelligence but I do not see how the report can be based on the evidence given. I said at the time that there was a motive for the charge and I still believe so. It has been said that there is friction in the council. There has been no personal feeling on my side but I feel that your conscience must have strained your evidence to bring in such a report. I will see that the evidence is placed before the public and leave them to judge for themselves."
