IRRIGATION CONGRESS

Already Preparation for Big Event Set for Next December

Chicago, Ill., Feb. 6-Plans are being formulated by the Chicago board of control to make the 19th annual convention of the National Irrigation Congress, which will meet here in December, 20 to 9, of world-wide interest. President Tamm has promised to speak at one of the sessions on the closing day, and, in addition, there will be representatives from practically every irrigated district in this continent, government experts, railroad officials, capitalists and delegates from foreign countries.

Former Judge Charles F. Fieback, a member of the board of governors, has interested thirty prominent business and professional men of Chicago in the work of the local board of control, of which he is chairman, and the cooperation of the people of Chicago and the millions tributary to this great central market is expected to be a tremendous aid to the movement, which has for its chief purpose the saving of forests, starting of flood waters, reclamation of deserts and making homes on the land.

The National Irrigation Congress will have the support of our public-spirited men," said Judge Fieback, "and with the assistance of our friends in other parts of the country there is every reason to believe that the coming convention will be the most important in the history of the organization."

FAMOUS GEMS OF PROSE
THE LESSONS OF THE STREET
By Edwin H. Chapin

From "Humanity in the City" (New York and Boston, 1854), pages 20-23.

HERE sits the beggar, sick and pinched with cold; and there goes a man of no better flesh and blood, wrapped in comfort. There issues the white of distress beside the glittering carriage wheels. There amidst the rush of gait—the busy, selfish whirl—half naked, shivering, with her bare feet on the icy pavement, stands the little girl, with the shadow of an experience upon her that has made her old, and it may be, driven the angel from her face.

And here, too, through the brilliant street; and the broad light of day, walks purity, restrained in the loveless form of womanhood. And along that same street by night, attended by fitting shadows, at such womanhood discovered, clothed with painted shame, yet, even in the springs of that guilty year, not utterly quenched. We render just homage to the one, we pour scorn upon the other; but, could we trace back the lines of circumstance, and inquire why the one stands guard with such sweet respect, and why the other has fallen, we might raise problems of charge of the condemned, but for which we might challenge an answer from society.

But a solution of this problem, clearer perhaps than any other, appears when we consider another lesson of the street; a lesson which requires us to take a little more than the beggar, and the womanhood discovered, clothed with painted shame, yet, even in the springs of that guilty year, not utterly quenched. We render just homage to the one, we pour scorn upon the other; but, could we trace back the lines of circumstance, and inquire why the one stands guard with such sweet respect, and why the other has fallen, we might raise problems of charge of the condemned, but for which we might challenge an answer from society.

Why I lost my job

Reasons Why Thousands Like Me Cannot Satisfy Their Employers.

"I believe my fate is not unlike that of thousands of other workers who daily lose their places for reasons they do not know, and probably would not believe. When their last pay envelope comes along it is usually 'Your services no longer required.'"

Sovereign, Shilling and Halfpenny With Portrait of King George — The Coronation Dresses

London, Feb. 6.—The first practical manifestation of the coronation has been produced at the mint in the form of a partial issue of the new coinage. The new sovereign, shilling and halfpenny are ready for distribution to the public, and these will be followed after a time by the other coins. It will, no doubt, be some time before this new coinage is in actual circulation, as it is not the habit of the mint to issue it on a certain date, but to make its issue dependent on the gradual withdrawal of the coinage of the last reign.

SUDDEN DEATH OF R. O. STOCKTON ON SUNDAY

Associated with an attack of heart trouble Robert Oldfield Stockton, barrister-at-law and brother of the late A. A. Stockton, M. P., died very suddenly at 11 o'clock yesterday morning. The notes of his passing were given in a general obituary notice in this issue, and his relatives and friends, as up to the hour of his death he enjoyed the best of health and all day Saturday was around attending to his legal duties.

He was one of St. John's best known legal practitioners. During his younger days, particularly when he was engaged in active practice and gave his time exclusively to the profession, he was considered as one of the most brilliant members of the bar. Of late years his time had been taken up considerably with his duties as registrar of the admiralty and exchequer courts.

As a citizen he was widely known. He was identified with many schemes meant for the betterment of the city and many years ago served as an alderman. He was prominently connected with several local societies, particularly St. George's, in which he formerly held several offices.

He was a son of the late William Stockton and was born at Smith's Cove, Kings county, in 1847, and was a graduate of McGill and Harvard universities, receiving his degree in law from the latter. He is survived by two daughters, Mrs. J. Verrier MacLain, of the city, and Mrs. Albert J. Webster, of Shediac. Three brothers and six sisters also survive. The brothers are William, Frank and Charles; the sisters, Mrs. Langstroth and Mrs. Teakley, Sussex; Mrs. Peckard, Sackville; Mrs. Keith and Mrs. Blake, Petitcodiac; Miss Hattie Stockton, Sussex.

Mr. Stockton was a member of the Methodist church. The funeral will take place tomorrow morning at 10 o'clock from the home of his daughter, Mrs. J. Verrier MacLain, 50 Colberg street. The services will be conducted by Rev. H. D. Marr and Rev. G. M. Campbell. Interment will be made at Sussex.

Ottawa, Feb. 5.—The Canada Gazette announces the appointment of Captain George L. Westmore, of Yarmouth (N. S.), to be port warden and harbor master of Yarmouth.

SUFFERED THREE YEARS

There are few diseases that cause more acute suffering than Kidney Trouble, and Mr. F. A. Thomas, of Southbury, Ct., is one of those who know it. He writes: "For over three years, I suffered from kidney disease. First I thought I had sprained my back, and suddenly the pain would catch the middle of my back and it would be impossible for me to straighten myself up for several days. A dull ache across the kidneys was always present, my urine was burning, and I had pain. Tried medicines, but they failed. I was advised to try Dr. Morse's Indian Root Pills, as they had cured my wife years before. A few boxes effected a complete cure. I am now enjoying the blessings of good health which I owe to these pills. Don't neglect kidney trouble—it's too dangerous as well as too painful. That old, reliable family remedy, Dr. Morse's Indian Root Pills, has cured thousands and will cure you. It is equally effective in curing constipation, its attendant evils, biliousness, indigestion and sick headaches, and in purging the blood. Get a box at your druggist's."

DOCTOR'S PRESCRIPTION FAILED; THE GREAT KIDNEY REMEDY PROVES ITS MERIT

Dr. Kilmer's Swamp-Root is one of the patent medicines that is better than many of the prescriptions prescribed by doctors at least in the more good or bad cases and kidney trouble than any other medicine I know of. My wife had a bad case of kidney trouble and she couldn't be cured by the doctor's medicine. I had a severe headache some time ago which could not be cured by the doctor's medicine. I am glad to say however that Swamp-Root cured me in a few weeks time.

So certain am I that Dr. Kilmer's Swamp-Root is a medicine of merit that I send you this testimonial which you can use any time.

Yours very truly,
JACOB DORNBAUER.

My limbs and body were swollen one-third larger than natural, water collected around my heart and I had to be propped up in bed to keep from asphyxiating. I took Dr. Miles' Heal Remedy until I was entirely cured. This was in 1902, and I am now able to do any kind of work on my farm. My cure was certainly marvelous.

A MISGUIDED PROPHECY

Rev. Canon Scott, the post-pracher of Quebec, has assumed the mantle of prophecy, and with all the fervor of one of the prophets of old has pronounced the doom of Canada. Her fate, he says, hangs in the balance. Unless she continues to bow the knee to the god of high tariffs, she will be despoiled by the worshippers of "Real who live south of the border."

Canon Scott is a gifted poet and an amiable personality. He is intensely Canadian in his opinions. He makes the mistake, however, of believing that loyalty runs with trade currents. His assertion that the adoption of the trade agreement with the United States would result in annexation is really, though he apparently does not see it, an insult to the nationhood of Canada. No Canadian proposes to sell his patriotism for American dollars. This country has given a trade preference to the mother country, has adopted a naval policy which will make it an integral part of the navy of the empire, and has proved at every stage of progress its desire to remain within the British empire. It cannot force England to change her fiscal policy, and the British government today sees no danger to the empire in the step proposed by Canada. Lord Elgin, over sixty years ago, said he believed reciprocity between Canada and the United States would prevent annexation. The conditions have greatly changed since then, but the foremost British statement of today sees no danger to imperial interests in the growth of more friendly relations between this country and the United States. Canon Scott is much better as a poet and preacher than as a prophet.

THE CHAMBERLAIN'S REPORT

The statement submitted by the city chamberlain shows that better business methods prevail in that department. There has been some reduction of city debt, and the departmental expenditures have been kept within the income. There is no prospect, however, of any lowering of taxes, and though the tax rate cannot increase the valuation must go up. At the present time the city is facing a large expenditure in connection with the ferry service, and in other departments. The finance department is to be credited with a gratifying measure of success in the collection of the revenue from various sources. Nothing could be farther from the truth, however, than to assert that because the city has not indulged in over-expenditure during the last year the people have therefore received value for what was expended, or that the present system of city government is satisfactory. The expenditure of the year was large, but it was not always wise. There was too much waste. The increased cost of public services has not been accompanied by increased efficiency. There is great need of the application of business principles to the affairs of all the departments. The chamberlain's report does not obliterate the record of the council for the year. That record shows far too many instances of careless administration, needless delays, and such affairs as those of the Hasnam pavement, the country market, the west side transfer and others with which the people are but too familiar. The finance department has been improved. A thorough-going business system of city government would put all the departments on an improved basis.

CITY GOVERNMENT

The argument that good men cannot be elected as commissioners under a new plan of city government in St. John is the old wall of despair. It is uttered by those who cannot or will not see that a change has come over the city, and that the people will not only adopt a better system but see to it that the system is put into successful operation. If it had been stated a couple of years ago that the present activity in real estate and the present prospects for extensive building operations in St. John would now exist, the pessimists would have ridiculed the prediction as the veriest folly. They would have said the like had never occurred before in this town, and that nothing could change the conditions. The change that is taking place in St. John affects not only material conditions but public sentiment. The people realize that a new era has dawned and they desire to meet the new conditions, opportunities and responsibilities with adequate equipment. Hence they will not only adopt a

better system of city government, but will have it carried out. Moreover, let it be repeated once more that under the commission plan of government the very same men who fail to produce the desired results under the city council system would give the city a much better administration. There is no mystery about city government. It is a plain business proposition. A small group of intelligent men, faithful to their duty and giving their whole time to the task can do infinitely better than a larger group giving to the city's affairs only a small portion of their serious attention. But are we to be guided by the pessimists, or by those who have faith? Are we to be always subjected to conditions against which we continually protest, because we lack the courage to reach out for something better? Surely not.

Says the Montreal Herald:—"We read that from Vermont many detonations are heard, but that the people are not showing any alarm. It is a perfect image of St. John and the House of Commons." Because a certain device was not employed or purchased at a high price by the public works department, the St. John Standard makes a loud noise. The public understands the situation. It is quite evident from the repeated acts of burglary and petty crime that there are too many persons of criminal tendencies in St. John, and that they have very little fear of having to pay any severe penalty for their offences. It has been discovered that Mr. Sherman, who will speak tomorrow evening comes from a city in the United States. If he were selling gold dollars for ninety cents nobody would care a fig where he came from. The suggestion that no good thing can come out of Nazareth has been heard before, but it is usually quoted in scorn of those who regarded it as an effective argument.

A resolution supporting the medical and dental inspection of public school children was passed by a large meeting of the supporters of this idea in Ottawa last week. "And, why not?" asks the Journal. "This proposed inspection is already in many large American cities, and is found to have admirable results. The out-of-door classes in New York city for pupils of tubercular tendency is said to be a direct result of this system of inspection."

The Ottawa Journal says—"One answer to the argument—it can scarcely be an objection—that the new Canadian-United States tariff is chiefly for the benefit of the Canadian farmer, is found in the recent statement in the House of Commons that of Canada's eight millions, three and a half millions, or forty-four per cent of the population win their living directly from agricultural pursuits, and in the assumption of most political economists that the farmer's prosperity is the basis of most national prosperity."

G. P. R. WINS CASE WHICH MEANS MILLIONS

London, Feb. 4.—The judicial committee of the Privy Council yesterday handed out its decision on the appeal of the Province of Alberta vs. the C. P. R. from a decision of the Canadian courts on the question of taxation of C. P. R. lands in the province which the railway had secured by its charter from the Dominion. The Canadian courts had decided in favor of the company's contention that the lands were not taxable. The Privy Council yesterday dismissed the appeal without costs. It held that unoccupied C. P. R. lands are not taxable until twenty years after the actual grant of letters patent, even if there be delay of many years in taking the letters out. It also held that C. P. R. land sold on the installment plan is not taxable until all the instalments are paid. Millions of dollars in taxes were involved in the case, which was heard last summer. The case was divided into two parts, the first regarding the taxation of unoccupied land, and depended on the interpretation of the phrase "twenty years after the grant of lands" in the C. P. R. charter. The C. P. R. contended that this meant after the patent was granted, and the province of Alberta contended that it meant after identification. The second point hinged on the interpretation of the word "sold" in reference to lands granted by the Dominion to the C. P. R. in the taxation of which the province was interested.

ENGLISH SOCIETY WEDDING

London, Feb. 5.—In St. Margaret's church last week, took place the brilliant wedding of Hon. Hugo Charters and Lady Violet Manser. The bride wore ivory satin chaperone, covered with old English lace, and a train of white and gold brocade velvet. Eight bridesmaids were arrayed in gowns copied from a Botticelli painting. Seven of them were relatives of the bride and bridegroom, and the remaining one was Felicity Tree, Sir Herbert Tree's daughter. Among the gifts displayed at the Duchess of Rutland's reception were two crayon portraits of the bride and bridegroom, drawn by Sargent and presented by relatives. There's always room at the top—and still more at the bottom. When trust magnates fall out the common people come into their own. A soft answer is apt to encourage the book agent.

WILL RELIEVE ANY UPSET STOMACH IN ABOUT FIVE MINUTES

Distress from Indigestion, Stomach-gas, Heartburn or Headache Goes After Taking a Little Dipepsin

If you had some Dipepsin handy and would take a little now your stomach distress or indigestion would vanish in five minutes and you would feel fine. This harmless preparation will digest anything you eat and overcome a sour, out-of-order stomach before you realize it. If your meals don't digest you, or what little you do eat seems to go, or you have a lump of lead in your stomach, or if you have been told that is a sign of indigestion, ask your druggist for a little just as soon as you can. There will be no sour risings, no belching of undigested food mixed with stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no undigested food left over in the stomach to poison your breath with rancid odors. Dipepsin is a certain cure for out-of-order stomachs, because it prevents fermentation and takes hold of your food and digests it just the same as if your stomach wasn't there. Relief in five minutes from all stomach misery is at any drug store waiting for you. These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disturbance.

THE CONSOLER

Times comes to grief as Sleep to weariness. On silent sandals and with shadowy hair Sleep bends to soothe the fretful day-time care. And Time unto my grief shall do no less. The Evening Chit-Chat

By RUTH CAMERON

"A S the twig is bent, so is the tree inclined." I wonder if any truer application of that old adage can be made than to a child's reading.

Start a child reading some of the really fine books written for children, and some of the really fine books not written especially for children, but simple enough to interest them, and by and by you will have a grown man or woman capable of enjoying—just reading because he ought to—but capable of enjoying good literature.

Leave a child to read indiscriminately upon a predigested diet of the average harmless but valueless child's book, and by-and-by you will have a man or woman with a weakened literary digestion, incapable of enjoying anything heavier than the current novel or the average magazine.

And yet how many parents keep a really careful oversight of their child's reading!

I don't mean to imply a censorious oversight that says, "Do not read this or that," but a constructive, suggestive oversight that says, "I don't see why you don't get that book out of the library. I'm sure you'll like it."

I have occasionally been asked by mothers who do seem to feel the responsibility of giving their children a list of good books for children to read and for them and for the benefit of any other members who may be anxious to take the responsibility, I submit the following list:

It is compiled with the assistance of several excellent children's librarians. It contains books suitable for children from five to sixteen years, but does not, of course, claim to be exhaustive, only suggestive. Anyone who wishes to give a child books at any time might find the list valuable, as they are all books worth owning.

OBITUARY

Christian Elizabeth Weyman
W. W. Weyman, foreman of the Times' composing room, and Mrs. Weyman were called upon on Saturday night to mourn the death of their young daughter, Christian Elizabeth, which occurred at their home, 29 Orange street. The little one was in good health until Tuesday, when she was stricken with stomach trouble and gradually succumbed. Many will sympathize with the bereaved parents in their great loss.

William Kenny
William Kenny, formerly of this city, died at his home in Amherst on Saturday evening of pneumonia. He had been a resident of Amherst for nineteen years. Mr. Kenny was a prominent Mason, Odd Fellow, and temperance man, and held high office in all three orders. He was born in St. John fifty-five years ago, and was the son of Mr. and Mrs. John Kenny. His wife, who survives him, was Mrs. Akroyd, also of this city. Surviving are his wife and parents, and two brothers—John Kenny, factory inspector, of this city, and Maxwell Kenny of Boston.

Hugh McKenna
Sussex, Feb. 5.—(Special)—Hugh McKenna, a well known farmer of the county, died yesterday at his home near Waterford at 6 o'clock Saturday evening, aged 71 years. Deceased was in good health up to the time of death and Saturday evening just before he was carried to the house an array of wood and being weak sat down in a chair, where he collapsed immediately. Heart failure was the cause of death.

A wife and nine children survive—Mrs. John McKenna, Waterford; Mrs. John McKenna, Newmarket; Mrs. Michael Kelly, Fairville; Miss Agnes, nurse, Lynn (Marion); Miss Minnie and Elsie, at home; John M. Lynn; Howard, Newfoundland, and Oswald, at home.

The deceased was buried on Tuesday at 9.30 o'clock. The body will be brought to St. Francis R. C. church for service by a train. He was in the employ of the C. P. R. and was forty-eight years of age. He leaves his wife and several small children.

Fables Legere
Fables Legere, a former employe in the I. C. R. shops in Moncton was killed on Friday, near Montreal, by being run over by a train. He was in the employ of the C. P. R. and was forty-eight years of age. He leaves his wife and several small children.

J. A. Clarke
J. A. Clarke, relieving purchasing agent of the C. P. R., who was stricken with paralysis while attending the funeral of J. E. Schwitzer, died in his private car after arriving in Montreal from Ottawa on Saturday.

Dorothy Marion Orchard
The death took place early yesterday morning of Dorothy Marion Orchard, the three-year-old daughter of Mr. and Mrs. Robert S. Orchard. The little one was taken ill suddenly on Thursday evening, and died on Friday. The blow is a particularly sad one to the parents, who scarcely six months ago lost their only son, John, who died of typhoid fever at 2.30 this afternoon from 2M Douglas avenue.

George E. Barnaby
The death took place at Topeka, Kansas, Kan., on Thursday of George E. Barnaby, manager of the Home Life Insurance Company of Topeka, Kan. He was 65 years of age. He was born in Topeka, Kan., and was the son of Mr. and Mrs. J. A. Barnaby, of Deer Island (N. B.), and he had two sons, Mr. Barnaby and three brothers. The brothers are J. B. Barnaby, of Denver (Col.); S. P. of U. S. (Mo.); and H. E. of Bangor (Me). The sisters are Mrs. J. A. Gray, of West St. John; Mrs. A. J. Clarke and Mrs. L. A. Clarke, of Bangor. Mr. Barnaby formerly lived in St. John and was for many years a prominent member of the local lodge, No. 109, of the Grand Old Men of the World. He died of typhoid fever, and was sixty years of age.

ROUTE FOR CORONATION PROCESSION MAPPED OUT

London, Feb. 5.—It is reported that the route of the royal procession on June 23, the day following the coronation, will be as follows: Buckingham palace, the Mall, Whitehall, Whitehall, Pall Mall, Pall Mall east, Trafalgar square (north side), Duncan street, Cannon street and the Strand to Temple Bar.

At Temple Bar their majesties will be met by the lord mayor and other city dignitaries, when the ceremony of presenting the city sword will be performed. The procession will then continue by way of Fleet street, Ludgate Hill, St. Paul's churchyard and Cannon street to Mansion House.

In 1902 the Guildhall was visited. On this occasion the Guildhall ceremonial will not take place until a future date. Leaving the Mansion House the procession will proceed along King William street, London bridge, Borough High street, Borough road, St. George's Circus, Westminster bridge, Bridge street to and around Parliament square, Parliament street, Whitehall, the Horse Guards, down the Mall to Buckingham palace.

Although the exact details have not yet been finally decided, it is expected that the general scheme of the procession will be the same as that of the coronation of King Edward.

The streets will be lined by police and the troops as usual, and the coronation will be accompanied by a sovereign's escort.

The coronation festivities will extend from June 19 to June 20, on which date the most interesting feature of the coronation ceremonies will be a great naval review at Spithead, the exact date of which has not yet been settled. His Majesty will also, in all probability, hold a military review, although no definite information on this subject is as yet available.

Daily Hints for the Cook

MUSH GRIDDLE CAKES.
Make a stiff mush the day before. One pint of cold mush, two teaspoons baking powder, one half cup flour, salt, two eggs, sweet milk to make a batter. Sift flour and salt into a bowl, add the baking powder and eggs beaten into it. Add milk just before frying, then baking powder, and lastly the mush. Fry on a hot griddle.

QUEEN OF FRIEDINGS.
Take one quart of fresh milk, scald and pour into a bowl. Add one cup of flour, one pint of bread crumbs, four tablespoons of sugar and grated rind of a lemon. Beat the eggs and add to the mixture. Put in a pan of hot water and bake three quarters of an hour. When cool, add one cup of strawberries or raspberry preserves. Whip whites of eggs to stiff froth, adding four tablespoons of sugar. Beat into the mixture. Put in low oven and bake.

GRAPEFRUIT SALAD.
This is made in very many ways, either grapefruit alone, the pulp removed from the fruit with a spoon, and served on lettuce leaves with a French or mayonnaise dressing or grapefruit mixed with other things. A favorite mixture is pineapple, fresh or canned, and celery.

FRUIT SNOW.
One can of peaches, two heaping tablespoons of powdered gelatine, two cups of peach juice and water, four tablespoons of sugar and one teaspoonful of lemon juice. Stir the peaches and make it up to two cups with water. Put into a saucepan with the gelatine, then dissolve over the fire, add the sugar and lemon juice. Strain and when cool add gradually beaten whites of four eggs, beat until stiff, then pour into a wet mold. Turn out at serving time and decorate with the peaches.

P. notify the council that Harry Ervin has resigned and they are appointed. The Architectural Society asks for planting trees and grass thereon.

INFANTILE PARALYSIS

A Germ Disease Which is Baffling the Doctors and Alarming the People Generally

It may be said that doctors are only agreed on two points regarding this dreaded disease. First, that it is a germ disease, second, like all germ diseases, it can be fought with pure milk.

Prevention is always the best way, and that is why we are always talking about the wisdom of keeping the blood pure and rich and the nerves healthy and strong by using Dr. Chase's Nerve Food.

Rich red blood is a deadly foe to the germ which causes infantile paralysis, of colds, of consumption or any other disease.

Don't let the blood get thin and watery. Don't let the nerves get exhausted. The risk is too great. Every drop of Dr. Chase's Nerve Food goes to the formation of a certain amount of pure rich blood. For this reason you are certain to benefit by this treatment.

You need not wait until you have some form of paralysis before testing this great medicine. Be warned by headaches, sleeplessness, irritability, failing memory and power of concentrating the mind. Before the system will still you have something to build on.

Get new energy and vigor into the system by using Dr. Chase's Nerve Food. 50 cents a box, 6 boxes for \$2.50 at all druggists, or Edmonds, Bates & Co., Toronto, Ont.

Had Severe Pains In His Back. Could Hardly Work.

Mr. Alfred E. Davis, Corrie, Ont., writes: "For some years I suffered from severe pains in my back and could hardly work at all, and when I stooped down to pick up a box it felt as if my back must break. I was advised to try Doan's Kidney Pills, and after taking two boxes I was enabled to get on my feet. This was only four years ago and I still remain well."

Those who have never been troubled with kidney trouble do not know the suffering and misery which such afflicted undergo.

Weak, lame or aching back comes from the kidneys, and when the kidneys are out of order the whole system becomes deranged.

Doan's Kidney Pills are a specific for all kidney troubles.

They help the kidneys to flush out the acid and poisonous impurities which have collected, thus clearing out the kidneys, bladder and urinary passages.

Price 50c per box or 3 for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

Suffered for Years From Constipation and Sick Headache.

Headache seems habitual with many people; indeed, some are seldom, if ever, free from it, suffering continually, and wondering why they can get no relief. The most frequent of all are bilious or sick headaches, and are caused by some derangement of the stomach, bowels, or both.

Burdock Blood Purifier relieves the digestive and bilious troubles, and removes the cause of the stomach, bowels, and regulates the constipated bowels, and prevents a permanent cure of pure blood to all portions of the body.

Mrs. C. M. Lewis, Clarkburg, Ont., writes: "For years I was troubled with sick headache, biliousness, and was also constipated. I was advised to try Burdock Blood Purifier. I only took three bottles of the medicine, and now feel like a new person as I am completely cured. I can truthfully testify that B.B.P. is the best medicine I have ever used."

Burdock Blood Bitters, has, during the last 35 years, built up an unrivaled reputation as a cure for all troubles arising from a constipated condition of the bowels.

TERCENTENARY CELEBRATION TONIGHT IN SAINT ANDREW'S CHURCH

Rev. John H. Ritson, one of the secretaries of the British and Foreign Bible Society, and Rev. W. B. Cooper, of Toronto, general secretary of the Canadian Bible Society, were in the city yesterday and preached in four of the churches, in the interests of the work of the Bible Society.

The sermons were instructive and impressive. This evening they will be spoken in St. Andrew's church. Rev. Mr. Cooper will tell the story of the King James translation of the scriptures, and Rev. Mr. Ritson will speak of the relations of the Bible Society to the general work of the church.

At 7.40 this evening Prof. Fox will give an organ recital, and the choir of St. Andrew's church will furnish appropriate music. The offertory will be for the Bible Society.

Chester S. Morry, a civil war veteran, though one of the richest men in Denver, applied for and has been granted a pension of \$13 a month. He did it for the benefit of a comrade who has been unable to get a pension. Every quarter Mr. Morry turns the money over to this aged friend.

Instead of taking a bridal trip after their marriage at Holyoke, Minn., Mr. and Mrs. Albert Schaudauer are spending their honeymoon at the State agricultural college, learning the things farmers need to know. After their college course they will buy a small farm near their home town.

St. John, N. B., Feb. 6, 1911.

Sir,—I wish to explain to my Christian friends my failure to carry out the promise I made them at the time of the Torrey meetings. At that time I said that there would be a praying band organized, composed of one hundred men and youths, to visit the different churches each week, to assist the regular meetings that are regularly held in this city for the strengthening of the saints, for encouraging of new beginners, and converting of sinners.

My plan was to have a number of the band available every week, but I find that the active members of all the churches are very few. The majority of Christian men and women are absent. In the Torrey meetings thousands of Christians attended, but only scores were worked. There are very few personal workers in any church. As a rule Christians at the minister do the work. The reasons for the band failure are that all the praying men and women have as much work as they can attend to already; each church has several meetings each week, and what with churches, King's Daughters, Y. M. C. A., the Every Day Club, Foresters, Oddfellows, Knights of Pythias, Seaman's Mission, Salvation Army, Organmen, Temperance Societies, Bible Society, orphanages and social gatherings, all of our Christian people are very hard to find where we could get the band in edge-ways, so I've entirely given the band idea up.

I remain sincerely,
A. T. B. HOWARD.

White's Cove Notes
White's Cove, Queens Co., Feb. 3.—The weather has been very cold and rough for some time past. Lack of snow makes it very hard for the lumbermen and farmers, as they have very little of their winter's hauling done.

Mrs. Hazel Wiggins, of Waterboro, who has been visiting friends here, returned to her home today.

Mrs. Sadie Wiggins and son, Cyril, of Cumberland Bay, are the guests of Mrs. George Knight, of this place.

The Women's Guild of St. John's Episcopal church, of this place, held a basket social and concert in the hall on the night of January 30. Despite the weather a large crowd assembled. The handsome sum of \$28.00 was realized towards repairing the church.

Nurse Arthur (Balfour)—He's a little dear, Mrs. Bonar, although I say it as should!

Nurse Bonar (Lay)—Which I don't think is of him, Mrs. Arthur, as you pretend. And I don't believe his poor little constitution would stand two bad winters such as I'm looking for!

SCOTTISH THRIPT. (Edinburgh Post.) "It would take probably many generations of adversity to train Canadians into the fastidious habits of my people," once observed a Canadian of Scotch birth. "I remember a case of a Scotchwoman who had been promised a new bonnet by a lady. Before she undertook the purchase of the bonnet, the lady called and asked the good woman: 'Would you rather have a felt or a straw bonnet, Mrs. Carmichael?' 'Well,' responded Mrs. Carmichael, thoughtfully, 'I think I'll tak' a straw one; I'll maybe be a mouthful to the coo when I'm done wi' it.' WHY THE DASCHSHUND WAS MISSING. (Leavenworth Labor Chronicle.) A little boy was entertaining the minister the other day until his mother could complete her toilet. The minister, to make congenial conversation, inquired: 'Have you a dog?' 'Yes, sir; a daschshund,' responded the lad. 'Where is he?' questioned the dominie, knowing the way to a boy's heart. 'Father sends him away for the winter. He says it takes him so long to go in and out of the door he cools the whole house off.' CANADIAN PACIFIC ST. JOHN TO MONTREAL. WEEK DAYS AND SUNDAYS. W. B. (By one who was there.) Citizens whose pleasure or business took them out on Friday night between nine and ten o'clock might have observed a band of seven C. On leaving he received from his associates a valuable gold signet ring as a token of friendship and esteem. TRIED TO GET THEM HERE.
In connection with a paragraph in the Times on Saturday, referring to the eight-sheet poster which is displayed about the city calling upon the people to patronize home merchants, but which posters printed in Toronto, R. R. Horn, manager of the St. John Postage Co., informs the Times that these posters were secured by him with the idea of helping the St. John merchants. He explained that he had endeavored to have them printed in St. John, but the office to which he applied was unable to undertake the work at the time, and as no other office had the facilities for this class of work, he was forced to get them elsewhere. He said he was a strong advocate of the principle of "patronizing home merchants," and he invariably gave them the preference even when prices might be a trifle more attractive outside. Mr. Horn adds that in putting out these posters he was really carrying out an idea suggested to him by the publicity campaign of the St. John board of trade.

TRANSFER OF LAND TO THE G. T. P.

McGuire Property in Marsh Road is Sold for \$5,000—Progress of Negotiations for Purchase of Other Lots

Since the Times' announcement, in March last, that the Grand Trunk Pacific Railway had purchased a site at Courtenay Bay, St. John Harbor east, for their terminals there has been much conjecture as to how the railway would obtain an entrance to the property. It has been the generally accepted theory that the G. T. P., would, at the outset, use the I. C. R. rails from Moncton to this city, in coming here, and in fact Charles M. Flays, president of the system, so stated at the banquet given in his honor by the board of trade. That such an arrangement will be only temporary, however, is indicated by the fact that the G. T. P. now holds options and in some instances has taken over properties between this city and Goldbrook, presumably for the purpose of bringing in their trains over their own line from that point at least, if not further out. Last week there was recorded at the registry office, the transfer of property owned by John McGuire, Marsh road, to the G. T. P., in consideration of \$5,000. As there are thirty-eight acres in the property, this would make the price paid about \$132 an acre. This transfer is said to be only the first of a series which will soon be made, in fact it is stated that others have already been made but are not yet recorded. It is learned that negotiations are being carried on for the purchase of all the properties along the Marsh road, between Goldbrook and St. John, including land owned by D. O'Connell, Councillor Donovan, Messrs. Noble and O'Reilly, and others. It is understood that offers made to John McDonald, Jr., and Charles Ward, at the One-Mile house, have been declined as the owners are demanding higher figures.

PERMISSION FOR THE EXTENSION OF STREET RAILWAY

Favorable Report to Council on Laying Tracks Along Haymarket Square and Westmorland Road

A meeting of the sub-committee appointed by the board of works to consider the application of the St. John Railway Company for permission to lay their tracks along Brussels street, along Haymarket Square and out the old Westmorland road on the line, was held on Saturday afternoon and it was decided to recommend to the common council at its meeting this afternoon, that the application be granted. The committee recommends that the rails laid on the southern side of the road and that, in crossing the Marsh bridge, where there are a great many water pipes, the company safeguard the pipes against electrolysis. It was decided that the city had no power to specify whether the company should erect iron or wooden poles.

Robt. Campbell's Action Against Donaldson Bros. for Injuries on Board Steamer

An adjourned meeting of the circuit court opened this morning. Mr. Justice McKeown presiding. The case of O'Leary vs. C. P. R. was made a remnant. The case of Robert Campbell vs. Donaldson Bros. was commenced. This was to have been tried before a jury but as there was not a sufficient number of the petit jury present, it was agreed between the counsel to try the case without a jury. It is an action brought by Mr. Campbell, who was injured on November 23, while working on the steamship "Almoraa" for the defendants.

The plaintiff alleges that a rope bucket connected with and used in the business of his employer was defective, and while he was properly using it the bucket gave away and he was injured by the fall. He claims his back was injured and ligaments ruptured, and he was bruised and strained about the body. He claims \$10,000 damages. The following witnesses were examined this morning: Arthur Hoyt, James Moore and Joseph Murphy. On account of the fullness of the court room the court was adjourned to meet at 2.30 this afternoon in the Admiralty Court rooms. F. B. Taylor is the defendants' solicitor; J. B. M. Baxter, K. C., the plaintiff's solicitor.
