PROCEEDINGS IN MEDICINE.

The Faculty of Medicine has its seat in Montreal (Ontario and Mance Streets). Convocations are held annually for the conferring of Medical Degrees in that City.

The Degrees of this Faculty are those of Master of Surgery (C.M.) and Doctor of Medicine (M.D.), the former being conferred only upon those who at the same time obtain the Degree of Doctor of Medicine.

The College building contains large lecture rooms, several smaller lecture rooms for Practical Chemistry, Practical Physiology, Histology, Bacteriology, etc., and large, airy, well-lighted dissecting rooms at the top of the building, isolated from the rest of the class-rooms. Under the new Anatomy Act of the Province of Quebec, ample material for dissection is provided at moderate rates.

The Histological, Physiological and Bacteriological Laboratories are supplied with a complete outfit of Microscopes, Microtomes and of Bacteriological and other modern apparatus. The Pharmacological Laboratory, besides possessing a very complete cabinet of drugs and their preparations and alkaloids, has all the necessary appliances and means for the working of B.P. preparations and every facility for practical dispensing. Recently the Faculty has expended another large sum for apparatus in several departments, to facilitate practical teaching.

The 30th session of this Faculty will commence on Monday, 1st October, 1900, and will be continued regularly until June, the usual Christmas vacation intervening.

The course leading to the degree of C.M., M.D., extends over four years, and consists of four sessions of six months each, and three Summer Sessions. Students, who require the Quebec license will be given an extended course in order to comply with Quebec laws.

The lectures and demonstrations in each Annual Course are given during a period of nine months, beginning in October.

The Faculty of Medicine of Bishop's College aims at imparting a thoroughly practical medical education, and its facilities for doing so are in many respects unequalled in Canada. In addition to the regular course of didactic lectures, students have the advantage of extensive and varied hospital privileges.

A Scholarship, consisting of a reduction of one-half the fees in all theoretical subjects of the Medical Course, is offered yearly by the Medical Faculty, Montreal, to a graduate in Arts from Lennoxville, who shows the highest aggregate of marks in the Arts Course. Applications for this Scholarship must be made before the 1st of September following graduation.

BISHOP'S COLLEGE.

By an Act of the Legislature of the Province of Quebec passed in the year 1843, Bishop's College was constituted a body corporate, consisting of the Lord Bishop of Quebec (or in case of the division of the Diocese of Quebec, of the Bishops of the Dioceses into which the Diocese of Quebec should be divided), the Trustees of the College and the College Council.

By a subsequent Act of the Legislature of the Province of Quebec, passed in the year 1870, the governing body of the College was materially altered, with the object of bringing the College into more immediate connection with the Synods of the Dioceses of Quebec and Montreal. According to the terms of this Act, three Trustees and three members of the College Council are appointed by each of the Bishops of the two Dioceses now contained within the Province of Quebec, and five Trustees and five members of the College Council are selected from a larger number in each case nominated by the vote of their respective Synods; members of the Corporation hold their seats for three years and are eligible for re-appointment.

Bishop's College, which owes its existence to the earnest and untiring efforts of the late Bishop Mountain, of Quebec, was designed in its foundation to satisfy a two-fold need: first, to provide the Church of England in the Province of Quebec with a suitable place for educating her ministry; and, secondly, to offer to the Province at large the blessing of a sound and liberal education based upon religious principles.

The village of Lennoxville was selected as its site, on the grounds of its central position, in the midst of the English-speaking population of the Province of Quebec, and the prospect it afforded of moderation in the scale of expense to individual students, and in consequence of the efforts of Rev. L. Doolittle and other local churchmen.

Residence within the College is the rule and characteristic of the system of education in Bishop's College, the common Collegiate Life, after the model of the great Universities of Oxford

and Cambridge, being regarded as a training of great importance. The work of the College began in October, 1845.

Among the benefactions made to the College may be mentioned :—

1845. Liberal donations from friends of the Church in Quebec, Montreal and the neighborhood of Sherbrooke and Lennoxville, and \$5,000 from the S. P. G., and the same from the S. P. C. K.

1847. More than \$10,000 raised in England by the Rev. J. H. Nicolls, D.D., Principal of the College, including \$5,000 from S. P. C. K. About the same time \$30,000 was given to Bishop Mountain by a munificent friend, Thomas Churchman Harrold, Esq., of Little Horkesley Park, Essex; Miss Leeds, of Ipswich, Suffolk, giving \$1,000.

1848. The S. P. G. offered an annual grant of \$1,200, shortly afterwards commuted for a sum of \$16,000.

1849. Professor Hellmuth (afterwards Bishop of Huron) collected \$4,000 in England.

1861. Numerous donations towards new School Building erected on site adjoining College.

1862-3. Endowment Fund, \$10,000, carrying free tuition, subscribed by various friends in shares of \$500.

1865. Rev. Dr. Nicolls, Principal, collected funds in England to supplement endowment.

1874. Large subscriptions obtained by Rev. C. H. Badgley, Rector, and others towards rebuilding school.

1884. In this year and about this period the Harrold Fund for Professorship of Divinity (\$25,000) was raised by the untiring efforts of Professor Roe, D.D., (now Archdeacon of Quebec), and begun by noble gifts from two friends of the College in the Diocese of Quebec; also by the same initiative a fund now reaching \$11,000 was raised towards the endowment of the Principalship, since raised to the neighbourhood of \$20,000.

1886. The sum of \$29,000 was left to the College by two ladies of Quebec, Mrs. Davies and Mrs. Davidson, for a Professorship and Divinity Exhibitions. Part of this has been applied to the Professorship of Mathematics.

1886. Fund of \$6,000, raised by subscription, begun amongst the Alumni and Old Boys at the Alma Mater Dinner, to build

1888-89. Fund of \$15,000 raised by subscription to build the Divinity House, collected by the Principal.

1888-90. A sum of \$11,000 raised by efforts of Archdeacon Roe towards the endowment of the Jacob Jehoshophat Salter Mountain Professorship of Pastoral Theology, and \$4,000 was given to endow the Divinity House by Dr. Mountain, in addition to a liberal donation to the endowment of the Professorship.

1891. Special grant from Provincial Government, \$10,000, in consequence of disastrous fire of February, 1891. About the same time \$15,000 or more was raised to supplement the insurance money (\$41,000), and to provide for improved and more substantial buildings. Most of this was raised through the efforts of the Principal, Dr. Adams, and the Head Master, H. J. H. Petry, Esq.

The school has cost about \$57,000, and no debt remains on the building.

Of the \$15,000 raised in 1891, Mr. R. Hamilton gave \$4,000, and Colonel Charles King, of Sherbrooke, \$1,000, which was devoted to the Chemical Laboratory bearing his name.

Many friends have aided in the above benefactions, amounting to not less than \$100,000, during the years 1884-94. Amongst those who have rendered aid on a large scale may be mentioned the late R. Hamilton, Esq., D.C.L., Rev. Dr. J. J. S. Mountain and Hon. E. J. Price.

The College Chapel, originally built (1857) through the exertions of the late Principal, Dr. Nicolls, was enlarged (1875-8) in memory of the late Bishops Mountain and Fulford, the Rev. L. Doolittle, one of the earliest benefactors of the College, and finally of Dr. Nicolls himself. The chapel is well adapted for its sacred uses, and not altogether unworthy to be compared with some of the Chapels of the great English Universities. It has been opened for worship since January, 1893. In January, 1898, the stalls, floor and western wall screen were completed, and all the windows are now fitted with stained glass, the whole set being

from designs suggested by the Bishop of Quebec, and carried out by Messrs. Spence & Sons, of Montreal.

Memorial windows have been given by Bishop Dunn, one in memory of Rev. Dr. Lobley, the second Principal, and another of Rev. L. Doolittle; by Chancellor Heneker, to the memory of Bishop Williams; by the ladies of Lennoxville, in memory of the first Principal, Dr. Nicolls; by the late Mrs. Nicolls, in memory of Bishop G. J. Mountain; and by Rev. Dr. J. J. S. Mountain, in memory of members of his family.

The system of windows in the Chapel has been lately completed owing to the generous gifts of Hon. E. J. Price and the Lord Bishop of Quebec, and through the persevering efforts of the Rev. T. L. Ball, M.A., who has collected more than \$300 towards the windows.

Some of these windows commemorate: the first four Chancellors, Colonel Morris, Rev. Dr. Reid, Hon. David Price, Mrs. Nicolls, Mrs. Williams, Edward Chapman, A. D. Nicolls, and W. Osgood.

The College Buildings were restored in 1875, on an improved plan. Besides the Students' rooms and a dining hall, there are three lecture rooms and a reading room for the use of Professors and Students.

In 1890 a Divinity House was erected, containing a residence for the Professor of Pastoral Theology, two Lecture Rooms, a Common Room, a room used for devotional offices, and rooms for Students. The building was completed in 1893. It has cost \$15 000, of which Mr. Robert Hamilton has subscribed \$6,500, Hon. E. J. Price \$3,000, S. P. C. K. £300.

In May, 1897, Mr. J. H. R. Molson, who had already subscribed \$5,000 to the Jubilee Fund, bequeathed the sum of \$10,000 for the benefit of Bishop's College School.

Later in the same year Mr. A. D. Nicolls bequeathed \$3,000 to establish Scholarships in memory of his father, the Rev. J. H. Nicolls, D.D.

The Library has been to a certain extent replenished, and now contains upwards of 8,000 volumes, including many most valuable modern works in Theology, General Literature, Mathematical and Physical Science, Classical and Philological Research, but requiring much liberality to keep it adequately equipped.

1895-8. The institution began its work in 1845, and celebrated its jubilee in 1895. To mark this event, and to meet the continued demands of an ever-advancing standard of education, it was resolved to raise a Jubilee Fund, the sum aimed at being Fifty thousand dollars, at least.

The following objects have been aided by the Jubilee effort :

- A. The Headmastership of the School. \$25,000. (including residence).
- B. The Professorship of Classics in the College, at least \$20,000 is required for this, of which \$10,000 has been subscribed.
- C. J. J. S. Mountain Professorship of Pastoral Theology, raised to \$25,000.
- D. Professorship of Applied Science. (\$1,200 in hand).
- E. Principalship Endowment raised to \$20,000.
- F. Restoration of the Chapel and gifts of windows, nearly \$5,000.
- G. For a new Gymnasium, \$4,500.

1898. Doolittle Scholarships Fund \$8,000 in hands of Synod ; money invested and interest to be used for Divinity Exhibitions when required.

Grant of £1,000 received from S. P. C. K. to be divided between Principalship and Professorship Past. Theol. Endowment equally.

Miss Reid, Sherbrooke, gave \$1,000 to latter endowment.

By the bequest of the late Robert Hamilton, D.C.L., the College received the sum of \$25,000, for the purpose of general endowment of the College to be used in such a way as Corporation should direct.

During the year 1900, a bequest of \$5,000 was received from the late Senator E. J. Price, of Quebec, the interest of which is to be used for the general fund of the College, or, if necessary, as aid for Divinity Students.

There was also added during 1900, a new student's dining hall, together with lecture and living rooms, to the value of over \$11,000, being part of the renovation of the buildings undertaken as a Memorial to the late Robert Hamilton. (See Hamilton Memorial, p. 53).

BISHOP'S COLLEGE.

The College offers an Academic Course in Arts and Divinity. The Course is modelled on the lines of Oxford and Cambridge. The College resembles the Colleges of those Ancient Universities in that the Students are resident within its walls. Mathematical, Classical and Theological Honour Courses are open to Students who pass a required standard.

ADMISSION.

Candidates for admission into the College are required to present testimonials of good conduct, and may be admitted either as matriculants or as candidates for matriculation in the PREPARATORY CLASS, the members of which attend Lectures on the Subjects of Matriculation Examination.

Members of any other recognized University are admitted to the same standing on presentation of the necessary certificates under certain conditions, and Payment of Registration Fee.

Casual students, and such as cannot keep continuous residence, may, with the approval of the Principal, attend particular courses of instruction, without becoming regular students; but must pay the Registration Fee.

RESIDENCE.

EXHIBITIONS.

Besides the Scholarships mentioned in the former section, Exhibitions for the assistance of Candidates for Holy Orders have been provided by the S. P. G. and S. P. C. K., and are available during the Arts' course, as well as during the postgraduate course in Divinity; with the understanding, however, that those who enjoy the benefit during the former period are bound in honour to complete the whole term of their training for Holy Orders.

Eight of these are granted by the S. P. G. (four for the diocese of Quebec, and four for that of Montreal), and are assigned by Bishops of Quebec and Montreal respectively.

Six are granted by the S. P. C. K., the holders to be Canadians by birth, and of a standing enabling them to present themselves for ordination at the end of three years, from the date of their first reception of the exhibition.

The College also offers endowed exhibitions, in its own gift, of the same value as the above.

Two S. P. G. Jubilee Scholarships (Exhibitions), limited to men in their Divinity course.

One Davies and Davidson Scholarship Exhibition.

One Mountain Jubilee Scholarship Exhibition.

An Exhibition of \$145 per annum will if possible be assigned to each Candidate for Holy Orders who (1) presents a written application satisfying the authorities of his need of such assistance, (2) gives satisfactory evidence that he is worthy of the assistance, (3) passes a simple examination in the English Bible, (4) has matriculated into the University, and (5) has signed the subjoined letter.

THE HAMILTON MEMORIAL.

In last year's Calendar, reference was made to the death of our University's most munificent benefactor, Robert Hamilton, Esq., D.C.L., and to project for a memorial to him in the form of the reconstruction on an enlarged scale and greatly improved plan of the Arts Building of this University. This project is now in process of being carried into effect, and very satisfactory progress has been made. The first of the three sections of which the work was to consist, that, namely at the eastern end of the building is now completed, and includes the enlargement of the whole of that portion of the building by extending it into the quadrangle. In this enlargement the kitchen and other basement offices share to their great improvement. In addition to the dining room on the ground floor, formerly common to college and school, but now reserved for the latter alone, a spacious Council Chamber has been provided, and the classical lecture-room greatly enlarged. On the next floor a handsome and commodious dining room for the students forms an entirely new feature; and, besides this, we have additional students rooms bath-rooms, etc.

We had fully expected to have been obliged to stop short for the present with this degree of advance; and we were most truly thankful to have attained it. Most happily, however, an anonymous friend, to whom our heart-felt gratitude is due, came forward early in the spring with the generous offer, presented through the Bishop of Quebec, of the sum of \$4,000 towards the carrying out of section No. III of the proposed work, the reconstruction namely of the Principal's Lodge; a need most keenly realized at the present moment, in view of the coming of our new Principal in September next. That offer was made on the condition that the rest of the money be secured and the work set on foot during the month of June. The stimulus thus afforded, produced its due effect, and we are happy in being able to report that the funds necessary to fulfil the terms of the donation have been secured, and a contract entered into by which the new Principal's Lodge is to be completed by 1st October next.

While thanking our friends most heartily for their generous aid in the past, we would venture to remind them that section No. II is still unprovided for; and that this portion of the building, if suffered to remain in its present condition will present a most unsightly contrast to the new portions on each side.

Attention is called to the complete organization of the School in six forms, preparing boys for the Universities, Military College, and for business life. The full School course is, therefore, at least six years. Parents are recommended to avail themselves of the whole course for their sons. Eleven is a good age to enter.

The Infirmary has been much enlarged and improved at great expense, and a resident Trained Nurse is now one of the regular staff of the Institution.
