

BOLSHEVIK DELEGATES AND FRENCH REPRESENTATIVES BROKE BREAD TOGETHER

Met at the Residence of Lloyd George for a Discussion of the Russian Problem in an Informal Way—Most Pessimistic See in the Gathering Hopeful Signs That Compromise May be Assayed on Russian Questions Satisfactory to All.

Genoa, April 14.—The Bolshevik delegates and the representatives of France to the Economic Conference broke bread together today at the residence of Premier Lloyd George and there has been an appreciable rise, as a consequence, in the expectations that the Conference may have good results, even in the most pessimistic quarters here.

The occasion for the meeting of the Soviet and the French delegates at table was a conference which began at 10.30 o'clock this morning, and lasted throughout the day, in which French, Russian, Belgian, Italian and British representatives participated and during which Mr. Lloyd George invited all of them to luncheon.

The meeting was called by Mr. Lloyd George for a discussion of the Russian problem with the purpose of clearing up uncertain points in the London experts' report before the Russians present their final reply to it. This carrying of the most vital part of the business of the Conference into such an informal gathering, where personal contact may possibly remove much animosity that has been displayed in the public sessions, has created a general feeling in Conference circles that a compromise may be arranged on the Russian problem which will afford a satisfactory working basis for the reconstruction of Russia.

Russia Must Prove Sincerity

The keynote of the Allied position at the Conference today was that Russia first must satisfy past pledges before obtaining any concessions for the future. In other words, Russia must recognize the debts of the Czarist Government, the Soviet claims against the Allies can be entertained.

Tomorrow morning the experts of the four baying powers, who were present at today's meeting, again will gather at Mr. Lloyd George's villa and in the afternoon they will probably be joined by the principal delegates of the five countries. Germany has not been asked to attend these private conferences as she was not a party to the making of the London experts' report. The stratagem of the points in the report will be effected at informal meetings before Germany is called in. It has been expected that Russia will make her reply to the report of the experts tomorrow, but this reply has now been postponed indefinitely.

The Russians have caused a statement to be circulated through Mr. Rakovsky, the Ukrainian Premier and other delegates to the effect that Russia has already enacted laws and made court reforms and regulations affecting foreigners residing in Russia which meet many of the criticisms of the London experts' report regarding the Soviet Government, and that they have also expressed a willingness to acknowledge past debts, and signified their purpose to erase their claims against the Allies arising from the operations of the Wrangel, Denikin and Yudenich armies against the Soviet regime, if the Allied war claims against Russia are wiped out.

ANTI-TREATY PARTY PULLS GREATEST COUP

Three Hundred Armed Men Seized Courts Building and Hotel for Headquarters. CAUSED GREAT ALARM IN DUBLIN

Seizure Following Closely on Adjournment of Peace Conference Filled Populace With Fear.

Dublin, April 14.—Early this morning the biggest coup yet effected by the anti-treaty party was carried out. Some three hundred armed men, marching in two forces, seized the Four Courts Building, formerly the seat of the National Court of Justice, and the four courts hotel nearby. No opposition was encountered. Two or three constables on duty were arrested, but were liberated later.

Guests at the hotel were ejected and the two buildings were fortified, passersby being pressed into service filling sandbags and piling up stacks of books and documents. The seizure was reminiscent of Easter week 1916, when the same buildings were seized and similarly fortified.

People Alarmed

Great alarm was caused in Dublin when the events of the early morning became known, lasting until the explanation was given by the anti-treaty men that the buildings had been taken because they were more fitted for the headquarters than the present headquarters in Rutland Square. This explanation, however, failed to reassure many people who are apprehensive that the adjournment of yesterday's peace conference may prove significant, especially as it is alleged that the independents gave no guarantee that acts of violence would be avoided.

Commandant O'Connor reiterated tonight his assurance that there would be no revolution; that the only reason for the seizures was that the Rutland Square premises were too small for headquarters. Four hundred men occupied the seized buildings tonight, many of them having arrived in the course of the day from the country district in cars and lorries.

A van load of bricks was seized in the street for the use of the occupants. Strong guards have been posted outside the court. The provisional and British military authorities were loyal in supporting the seizure, but up to tonight no action had been taken.

Some firing was heard in the city early this morning, and a provoked conflict between the raiders and the free state forces. These rumors were without foundation. Nevertheless the situation was delicate, and some of the residents of the locality, fearing trouble, left their homes. All the raiders were fully equipped with rifle and revolver. None of them were uniforms.

NO DATE SET FOR BRINGING DOWN FEDERAL BUDGET

Minister of Finance Will Receive No Deputations Re Tariff After April 22.

Ottawa, April 14.—Canadian Press.—Just what date Hon. W. S. Fielding, Minister of Finance, will choose to deliver his budget speech is still a matter of conjecture, but a statement issued from the office of the Minister this afternoon advises all those wishing to make representations in relation to the tariff to do so at once. Mr. Fielding, while declining to make any statement of the date for the delivery of the speech, says he will be unable to make appointments or receive deputations in relation to the tariff after Saturday, April 22, the end of the coming week.

THIRD INJUNCTION AGAINST THE U. M. W.

International Mine Workers' Organization and 176 Individuals Named as Defendants.

Charleston, W. Va., April 14.—The third temporary injunction against the United Mine Workers of America by Judge George W. McCintock was today issued in the United States District Court on the application of six coal companies and one individual.

The International Mine Workers' organization, and 176 individual defendants were named, including President John L. Lewis, Lawrence Dwyer, International Board member; John H. Sprone, President of District No. 29; C. Frank Kosney, President of District 17, and other officers and members of both districts.

The order restrains the defendants from taking any further steps or doing anything further to cause the plaintiffs' employees to cease their employment and thereby force the plaintiffs to engage in a contract with the said United Mine Workers of America.

FARM BLOC MEMBERS SURE OF SUCCESS

Guaranteed Democratic Support in Putting Over High Tariff Programme in U. S.

Washington, April 14.—(Canadian Press)—Farm bloc members have been assured of the support of Democratic representatives in their program in getting their high tariff program through Congress, they declared today.

The Democratic representative is declared to be increasing protection sentiment in the south, in view of this support farm bloc members declare there is not the slightest chance that the tariff program will be enacted, despite a growing protest from the great centres of population where consumers fear they will be hard hit.

SHOOTINGS CONTINUE THROUGHOUT BELFAST

Several Homes Entered, Murderer Attempts Following — Bomb Exploded on Church Grounds.

Belfast, April 14.—A child was accidentally struck by a bullet today and died tonight. There was considerable shooting in various parts of the city this evening. A man entered a house in Valentine street and shot and wounded a boy. Several men also entered the home of a shoemaker and beat him over the head with the butt of a revolver. The man was so badly hurt that he had to be taken to a hospital. During the night a bomb exploded in the grounds of the St. Matthews' Catholic church in New St. Andrews road, but no damage was done.

TRAIN SERVICE BEING RESUMED

New England States Recovering from Transportation Difficulties Caused by Washouts.

Springfield, Mass., April 14.—Through service to Montreal was resumed tonight on the Central Vermont line between White River Junction and St. Albans, Vt., where traffic has been tied up for more than 48 hours as a result of a washout. Trains have been detoured by way of Bellows Falls and Rutland. Service on the Passumpsic division of the Boston & Maine system was restored this afternoon.

Railroad officials anticipated no further delays because of flood conditions in rivers in the Connecticut Valley. Rapid recession of the Connecticut River was reported from all points tonight.

EARLY MORNING FIRE AT EDMUNDSTON

Two Houses and Their Furnishings Wiped Out in Friday Morning Blaze.

Edmundston, N. B., April 14.—Two houses on 35th Avenue were badly damaged by fire at two o'clock this morning. The family of Joe Gorman, occupying one of the houses, was away for the night, while the family of Mr. Scott, occupying the second house, escaped in their night clothes from the burning building. None of the furniture in either house was saved. Partially covered by insurance.

FRENCH ANXIOUS OVER TUNIS AFFAIRS

Nationalists and Communists Join in Agitation on Eve of Millerand's Visit.

Paris, April 14.—The Nationalist agitation in Tunis, on the eve of the visit of President Millerand, who is due there toward the end of the month, is attracting considerable attention, although up to the present it has not developed any great force. The Communists have joined the Nationalists in the agitation, but it is in official circles that the number of persons engaged in it does not exceed 500 or 600.

The abdication of the Bey has been reported and denied several times. It is now reaffirmed by a Frenchman, Fabre, who was expelled from Tunis, and who declares the partisans of the Bey presented twenty-one demands for reforms to the French authorities, the Bey abdicating when no satisfaction was given. To this report also an official denial has been given.

ULSTER GOVERNMENT ADJOURNS TO MAY 16

Comparative Peace Exists, They Say, But Shot Guns Are Ready for Use.

Belfast, April 14.—The Ulster Parliament adjourned yesterday to May 16. Finance Minister Pollock, in making the motion to adjourn, expressed the opinion that the recent agreement reached in London between the Northern and Southern leaders had brought about comparative peace. He added, however, that the Ulster Government had taken the necessary precautions to meet any emergency that might arise along the border.

KING CONSTANTINE SUDDENLY ILL

Athens, April 14.—King Constantine was seized with a sudden attack of vomiting at noon yesterday, after which he suffered last summer at Eski Shehr while touring the Greek war front. He was in a state of great exhaustion after today's seizure, but a bulletin issued last evening by his physicians said he had almost recovered.

EASTER MORNING IN THE CLOISTER; PRAYER FOR WORLD'S FORGIVENESS

NUN AT HER EASTER PRAYER

As Christ prayed in Gethsemane, so this nun in her bare cloister prays for the world's forgiveness, as another Easter dawns upon the world bringing back memories of that first Easter 2,000 years ago.

Genoa, April 14.—The greatest swindle in history is being perpetrated through the sale of German paper marks and marks securities to meet reparations demands, said Professor Cassel, a distinguished Swedish economist today.

"I think North and South America," Professor Cassel added, "should know how dishonest is this system."

"When France insists upon immediate payment the German Government can only raise money by issuing more paper marks and marketing more marks securities abroad. In other words foreign investors, largely in North and South America really are making the reparations payments on the theory that they are buying investments. If this system continues the German mark will fall to a point where it will be virtually as bad as Austrian and Polish money, and nobody abroad will touch it."

NON-UNION COAL MINES CONTINUE TO CLOSE DOWN

Total of Non-Union Mines Down is Now 35—15,000 Miners Involved.

Pittsburgh, Pa., April 14.—Continued closing of non-union coal mines in Fayette county by organizers of the United Mine Workers was reported tonight by Vice-president P. T. Fagan at headquarters here. No Frick coke company mines were added to the list affected by the strike today.

Mr. Fagan said his reports from Westmoreland county included closing of fifteen mines yesterday and today, bringing the total of closed mines to thirty-five and striking miners to about 15,000.

Philip Murray, International Vice-president of the United Mine Workers, who is in this city today predicted that "there will be a serious coal shortage throughout the country inside of four weeks."

Without attempting to minimize the magnitude of the struggle ahead of the union forces, Mr. Murray said the continuation of a 100 per cent strike among the union miners, with steady accessions to the strike ranks in the non-union fields, indicates "certain success for our cause."

DR. WIRTH TO STICK TO GENOA AGENDA

Will Not be Party to Discussion of Anything of a Political Nature.

Genoa, April 14.—Dr. Wirth, the German Chancellor and head of the German delegation to the Economic Conference, declared that he would not support in any way the communication of representatives from the Saar Valley, who came here to protest against French occupation of that region. Dr. Wirth said he was determined to adhere strictly to the agenda of the conference which, he said, excluded political questions. The Saar Commission is composed of one representative of the Democratic, People's Liberal Centre and Social-Democratic parties. The Commission presented a long report to the Conference concerning what they assert to be an unbearable situation in the Saar Valley due to the "tyrannical system of the occupation troops."

RUSSIAN SOVIETS MUST ACT QUICKLY

Others at Genoa Conference Demand Favorable Reply to Proposals.

London, April 14.—A Rector despatch from Paris, tonight, says a French official statement, issued at the close of today's meeting of the "Big Four" of the Genoa Conference, quoted Prime Minister Lloyd George as having declared that, unless the Russian delegation had given a favorable reply by eleven o'clock tomorrow to the proposals presented this week, the Genoa Conference, so far as the Russian question was concerned, would be closed.

THERE REALLY WAS A GHOST AT ANTIGONISH, N. S.

Arthur Conan Doyle Says So and That Settles It, Think Spiritualists.

SAYS MARY ELLEN WAS MEDIUM

Spirit Working That of Naughty Boy Whom Death Couldn't Cure of Devilry.

New York, April 14.—There really was a ghost in Antigonish, Sir Arthur Conan Doyle declared today.

Then he elaborated on the report made by a psychic research expert after investigating queer doings at the home of Alex McDonald in Caldonia Mills, Antigonish County, N. S. The psychic research of Walter Prince reported that the disturbances in McDonald's home were caused by Mary Ellen, his adopted daughter during altered states of consciousness.

Mary Ellen was not the ghost but the medium of the ghost, which probably was that, Sir Arthur believes, of some naughty boy whom not even death could cure of his mischievousness.

It was greatly interested in the Antigonish disturbances," Sir Arthur added, "because it was almost a duplicate of the great Amherst mystery of some years ago. That, too, was a Nova Scotia case with mysterious fires, etc. Psychic research people then, as in the Antigonish case, said it was the work of somebody in the house. I have no doubt at all that the spiritualistic explanation of the Antigonish mystery was correct. Mary Ellen, the medium, acted through some person which was used by something malevolent outside herself.

Yes, there are malevolent spirits on the other side. 'Mischievous' would be a better word. But spirits, malevolent or mischievous, are not allowed to do real harm. The Antigonish house really did not take fire did it? There's a law on the other side that no spirit shall do harm to a mortal. They alarm people but that is a good thing; it takes a rough jolt to arouse some people to a realization of things."

AFTERMATH OF THE TRESCOLI MURDER

Witness at That Murder Trial Stabbed on Crowded Montreal Thoroughfare.

Montreal, April 14.—What is thought to be an aftermath of the murder of Vincenzo Trescoli, who was killed in his restaurant in the east end of the city Jan. 5 last, occurred last night when Stanley Smith, 42 years old, of St. Lawrence boulevard, who was a witness in the Trescoli case, was stabbed on St. Catherine street west, the city's most crowded thoroughfare, by a man so far unaccounted for. The victim suffered two knife wounds, and is now in the General Hospital, where his condition is reported as not serious.

At the time of the stabbing, Smith is reported to have said that it did not matter if he were killed, but that if it happened, some one else would be killed later.

FAMOUS IRISH TENOR DANGEROUSLY ILL

John McCormack Forced to Undergo Another Operation on Septic Throat.

New York, April 14.—John McCormack, famous Irish tenor, who has been dangerously ill with an infection of the throat will have to undergo another operation to clear his throat of pus formations.

His physician, Dr. A. C. Dupont, stated that by Monday the singer's throat which was still badly swollen, would be ready for another lancing.

"Mr. McCormack has passed the crisis," said Dr. Dupont. "His septic throat is somewhat better. He can swallow with less pain but he will not be able to sing for many months. Mr. McCormack will leave for Ireland next month if his health will permit."

Since last Saturday, it is said, Mr. McCormack has fallen in weight from 230 pounds to 200 or less and his friends believe that it will be months before he is well again. He will be 38 years old on June 14.

MAKING EXTENSIVE PLANS TO COMBAT INTERNATIONAL BOOTLEGGERS

U. S. Secretary-Treasurer Requested to Supply Armed Sea-Going Yachts and Aeroplanes to Chase Smugglers.

San Francisco, April 14.—Armed sea-going yachts and war aeroplanes to combat the ring of international bootleggers, said to be flooding the Pacific coast cities with thousands of gallons of smuggled liquor monthly, will be requested of Secretary of the Treasury Mellon, it was made known today, as the result of a conference between customs officials here. It was declared that fleets of such craft are entering the United States with liquor loads on eighteen roads from Canada, and fleets of that type were bringing whiskey and gin by water.

EASTER MESSAGE

No gladder message ever was heard by the ear of mankind than that wonderful evocation of the first Easter Day: The Lord is risen indeed. The floods may lift up their voice of despair; the floods may lift up their waves of unrest. But the risen Lord is mightier than the noise of many waters; yes, than the mighty waves of the death. Christ is risen! He is risen! There can be no doubt of this. "I know of no one fact in the history of mankind," said the great Dr. Arnold, "which is proved by better and fuller evidence of every sort. Think of the phalanx of unanswerable witnesses! The transformed disciples; the convicted Apostle Paul; the million Christian graves, every one of which was witness to the faith of the Primitive Church in the resurrection; the myriad baptisms, each one of whom was a living testimony to the risen Christ; the Lord's Table; the Lord's Day; the Lord's House; the Christian Church; the Holy Scriptures; all of these with one consent declare: 'Christ is risen, Christ is risen from the dead.' Christ by His rising from the grave inaugurated the new era of this world's history. His resurrection is the basis of the Christian Church, the transmission of the heart of the world.

Maritime Religious Education Council

Manhood is just beginning to realize the great character building value of athletics. So many people in the past have looked upon them as purely a means of recreation and physical development well meaning as that is.

Far too long have we failed to see that lessons in character formation are gained for the most part not from books but in the activities and association of the play hour.

Where opportunity is not provided for wholesome play, there the budding criminal is developing. There also the unsocial being gets his start.

All should recognize the three great theories of play, viz.: that it is a practice in future lines of conduct, that it affords opportunity for the discharge of surplus energy, and also provides the chance of relaxation.

With these thoughts in mind, the National Boys' Work Board of the Religious Education Council of Canada, have arranged an annual athletic competition between the various Tuxis Squares and Trail Ranges Camps. This year the meet takes place April 22-23.

The meet is so arranged that it will encourage larger participation in athletics by the average boy and at the same time give an exceptionally brilliant athletic fellow credit for his performance.

The boys are divided into five classes according to age. Scoring tables are provided so that the work of boys in the different classes are balanced.

This system of handicapping allows all lingers and Tuxis Boys of various sizes and ages to compete fairly one with the other.

The competition score for a group is obtained by taking the total of individual scores of the competitors and dividing it by the number of boys that are physically able to compete in that group. This every boy regards as a fair and a showing he may make in any event, scores something for his Camp or Square.

Any Trail Ranges Camp or Tuxis Square which is a registered group may compete. Only boys who have attended five Sunday and five mid-week meetings from March 1 can enter.

The contest is carried out in each individual centre during the dates mentioned. The results are then tabulated and must reach the office, St. John, by May 1. The results will be the provincial competition and are being forwarded to Toronto, where the national competition is decided.

A very fine shield is provided for the group securing the highest score nationally. In New Brunswick there is in addition to the national shield, one for Tuxis Boys and one for Trail Ranges awarded to the winning groups provincially.

The competition includes the following events for Trail Ranges: One potato race; floor push; three potato race; standing broad jump; running high jump. For Tuxis Boys, besides the two jumps there is the three and five potato race and the 8-pound shot put.

A report reaching the Maritime office from Sydney tells of the splendid work being done by the Tuxis square of the United Baptist church. Six of the boys are already church members and on Easter Sunday three others are to be baptized.

This is only one instance of how the Tuxis programme links together us with his church, by emphasizing the religious aspect of life in a very definite way.

It is also worthy of note that during the Boys' Conference of this year, 123 boys made decisions for church membership. Programmes that lack this devotional touch fall in this the greatest and the most important phase of life. The Tuxis Boys and Trail Ranges programme stands out above all others in this particular. Churches are realizing this more and more and an ever increasing number are adopting it, not merely because it is the

official programme of all Protestant churches in boys' work, but because it brings results in Canadian Christian citizenship in a most telling way.

With the approach of Easter every-thing seems to brighten, and to suggest new life and activity. In the shop windows, gaily in bright and harmonious shades rival each other in beauty and variety. And everywhere the wealth of flowering plants and cut blossoms are suggestive of the joyous season.

Easter owes its origin to mythology and is derived from the name given to the Goddess of Spring, to whom the fourth month—our April—was dedicated. The time of Easter was decided by a council of Christian clergy, who met at Nice in 325. It was decided by that council, that the Easter festival should begin on Sunday, following the fourteenth day of the calendar moon, which happens on or after March 21st. It is, therefore, a variable date, but must occur some time between the 21st of March and the 25th of April. This decree of the Nicene Council has thus for over sixteen centuries settled the time of Easter.

BRONCHIAL ASTHMA

Choking and Gasping for Breath Relieved by 'FRUIT-A-TIVES'

MRS. PENNINGTON

"In 1919, I was taken with Bronchial Asthma and I know what I suffered with it during the winter. I began having Choking Spells—gasping for breath and could not speak. I would have one of these bad spells in the evening, one during the night, and one in the morning. The doctor said he could do nothing for me."

"In the spring of 1920, I started taking 'Fruit-a-tives' and in a few days, the choking spells stopped and I have had none since May 7th, 1920. I have so wanted to tell other sufferers who have the same trouble about 'Fruit-a-tives' for I know how they must suffer."

Some thought the Asthma would come back on me as winter came on, but it has not, thanks to 'Fruit-a-tives'."

CAN THE DEAF BE MADE TO HEAR?
This question can be answered both ways. If the deafness is due to Catarrh, success is general if the sufferer persists in the use of Catarrh-oids and thereby drives Catarrh out of the system. Penetrating through the passages of the ear, the soothing vapor of Catarrh-oids relieves the inflammation, destroys the seeds of Catarrh and thereby allows Nature to re-assume her office. For Catarrh, Deafness, pain over the eyes, plugged nostrils and other symptoms associated with Catarrh, use Catarrh-oids. You'll be more than pleased with the quick improvement in your condition. Two months' treatment, One Dollar, sold everywhere, or the Catarrh-oids Co., Montreal.

TEETH WENT OUT WITH THE SHOUT
Southend, Eng., April 14.—(Special.)—An angler toiled a whole afternoon on Southend pierhead and caught nothing. Then a fish mallet was seen dangling on the end of his line. He opened his mouth and a shout of joy, and his recently fitted set of teeth, worth \$50, fell into the deep and was lost.

DON'T NEGLECT BRONCHITIS
The principal symptom of bronchitis is a cough which is dry, harsh and hacking, accompanied with rapid breathing, and a feeling of tightness through the chest.

There is a raising of phlegm, especially in the morning after rising from bed. This phlegm is at first of a light color, but as the trouble progresses it becomes of a yellowish or greenish color and is sometimes streaked with blood.

DR. WOOD'S NORWAY PINE SYRUP
You will find a remedy that will stimulate the weakened bronchial organs, subdue the inflammation, soothe the irritated parts, loosen the phlegm and mucous, and help nature to easily disengage the morbid accumulation.

Mr. John H. Root, 40 Maple Ave., Hamilton, Ont., writes:—"I was troubled with bronchitis and had a very bad cough. I had it so long I was beginning to get afraid of other developments. I tried all kinds of cough remedies without relief. I was advised by a friend to try Dr. Wood's Norway Pine Syrup, so I got a bottle, and it convinced me to believe that I had at last gotten the right medicine. I used several bottles and am practically well. I have recommended it to others since, and good results followed."

Be sure and get "Dr. Wood's" when you ask for it; price, 50c. and 60c. a bottle; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Wonderful Spring Medicine for the Blood

"I was troubled for years with a General Tired Feeling, Pain in the Back, Constipation, Shortness of breath. Sleep much disturbed because of pain, had no appetite. Was so weak my knees gave out before day was half gone."

"I tried a number of medicines, with no result, and was also under several doctors. Frequently I had boils break out. That I had to be brought home from work, and the doctor called in, but I did not get permanent relief, until, upon recommendation of a friend, I took Hood's Sarsaparilla, which made me feel better at once. I took three bottles and I have had the above voluntary letter."

THE LEGISLATURE.

The Legislative Assembly was formally prorogued on Thursday evening, after a session which has proven one of the most barren in really constructive and useful legislation that has been held for some years.

This, however, is only one of the many disappointments of the former administration. The speech from the Throne at the opening of the session provided little. That promise, at any rate, the Government has faithfully kept.

THE "REVISED AND ADAPTED" PRAYER BOOK.

Tomorrow—Easter Sunday—is the day appointed for bringing into use the Book of Common Prayer, "revised and adapted" for use in the Church of England in Canada.

It is to be regretted that the General Synod did not have the patience to await the outcome of the revision of the English Prayer Book in England itself, which revision is being prepared for by ecclesiastics and laymen of great learning, men of real scholarly attainments, who would not think of trying to mar the literary form of this noble monument of English prose.

On the great controversial subjects the Canadian revisers and editors have followed the guidance of the resolutions of the Lambeth Conference of 1908. If they had had the resolutions of the latest Lambeth Conference before them they might have been influenced by these.

The rubrics as it was, providing that only persons who have been confirmed shall be admitted to the Holy Communion. The Creed of St. Athanasius is still so designated, though with the qualification in brackets of "Our country so-called." It is in no way

or a matter of "chaff" for special Sundays or any day. A different translation is used, and a rubric follows for the removal of doubts and to "prevent disquietude in the use of the Creed." In the form for the solemnization of matrimony the word "obey" is not omitted from the woman's pledge. The Psalter continues to be that of the great English Bible used in the time of Henry the Eighth and Edward the Sixth.

Quite a large number of the alterations and adaptations seem to be aimed at shortening the services in order to meet the views of people who feel that convention and the cloak of respectability require their attendance at church, but who do not wish to remain there any longer than they can help.

The Messenger. (Cleveland Plain Dealer.) A world familiar with the radio has no room for foginess. The two do not harmonize. When a person can with a simple, inexpensive device, home-made if desired, listen at ease to the best music, hear great speakers discuss issues of the hour, get the latest bits of news from over the world—when all this becomes a commonplace, we may as well acknowledge that a new era has arrived.

NOISELESS STREETS.

The experiment of a rubber-paved street is to be tried in Denmark, we learn from a contemporary. We would like it to be tried here too, particularly on Prince William Street; and if it could be made possible to have street cars with rubber wheels, the improvement in conditions might be even more marked.

It is said that there is nothing inherently impossible about the casting of large bricks of a thoroughly hardened, seasoned rubber compound, for use on a street. The issue is whether that rubber would stand the heat, the hard abrasion of heavy traffic, and not go dead as does ordinary rubber in tires after about two years.

On the great controversial subjects the Canadian revisers and editors have followed the guidance of the resolutions of the Lambeth Conference of 1908. If they had had the resolutions of the latest Lambeth Conference before them they might have been influenced by these.

Countess Markievicz has arrived in the United States to help De Valera. It is not impossible to find a certain symbolism in the fact that these two very "Irish" names are just now most conspicuous in the opposition to the Free State.

WHAT OTHERS SAY

Women Police. (London Daily News.) The work of the women police, judged by the rather restricted tests to which it has been subjected, has been valuable in a not very far distant future no civilized community will probably be without this special force.

The Prince in India. (Westminster Gazette.) It is difficult to estimate the value of the Prince's tour. Grave doubts have been expressed in well-informed quarters, and there seems to be no doubt that the Prince's visit has to some extent stimulated the non-co-operative movement. It is far easier to persuade discontented people ostentatiously to boycott a procession than to make them realize that they are in a direct breach of the law.

The Messenger. (Cleveland Plain Dealer.) A world familiar with the radio has no room for foginess. The two do not harmonize. When a person can with a simple, inexpensive device, home-made if desired, listen at ease to the best music, hear great speakers discuss issues of the hour, get the latest bits of news from over the world—when all this becomes a commonplace, we may as well acknowledge that a new era has arrived.

Under Soviet Rule.

In Soviet Russia there were to be no masters, or, in other words, everyone was to be a law unto himself. The madness has worked itself out, and now all men are slaves to a harsh, impractical, and really unintelligent bureaucracy and a despotic, unscrupulous, and placed plenty. We have been supplied with ample warning, which the sinister activities of Communist agents in this country, very busy just now, cannot cloak.

Bible Difficulties.

One reason that many people from church is found in the free and easy way in which they say, "The Bible is no longer true. No one can believe that the world was created in six days. The Bible says it was, and if it is not true, why should I believe anything in it?"

SORES SPREAD ALL OVER FACES AND BODIES

Mrs. Howard Hensley, Washburna St., writes:—"I wish to tell you of the benefit we have received by using your valuable medicine Burdock Blood Bitters. My children started to break out on their faces in small white pimples which kept getting larger each day. I was nearly in despair and sent to the village for a bottle of good blood medicine. The druggist sent me a bottle of Burdock Blood Bitters which I commenced giving them at once. In about ten days I saw an improvement and they grew steadily better each day, and in one month the sores had all disappeared."

Mrs. Geo. Warman Tells How Cuticura Healed Pimples

"I had a breaking out of pimples on my face which increased so much at night that I began to weep and I was so miserable that I broke out in deep, sore eruptions. My face looked so badly that I did not want to go anywhere. I saw an advertisement for Cuticura Soap and Ointment and I bought them. After using one and a half boxes of Cuticura Ointment, with the Cuticura Soap, I was completely healed." (Signed) Mrs. Geo. Warman, 12 Dufferin St., Toronto, Ont.

IN THE EDITOR'S MAIL

To the Editor of The Standard. Newspaper, St. John, N. B.: Sir,—Kindly allow space in your paper to contradict an article appearing in your papers of the 11th and 12th instants, regarding a case before the Supreme Court of Appeals at Fredericton, N. B., in the case of John A. Howard, versus Reuben E. McLeod and Robert Crossman, both of St. Martins.

We admit that John A. Howard made affidavit regarding their qualifications at the municipal election held at St. Martins, October 18th, 1921.

Mr. Howard being a defeated candidate was only acting for the rate payers of St. Martins to go to the chambers and examine the assessors, Messrs. H. B. and J. P. Cruikshank, to see the oath that was taken before taking their seats, and we, rate-payers of St. Martins, are basing our protest on the election of said councillors, according to the qualifications required by the Consolidated Statutes of New Brunswick, 1903, Municipalities Act, Chap. 165, sec. 16 and amending acts.

(Sgd.) RATEPAYERS.

Obituary

William J. Duffey. The death of William J. Duffey, son of Bridget and the late William J. Duffey, took place yesterday at the infirmary after an illness of a few weeks. The deceased leaves to mourn besides his mother one sister Mrs. Thomas O'Brien of Paris, also five brothers, James, Patrick, Edward and Andrew of this city, and Bartholomew of New York.

The funeral will take place this afternoon at two o'clock from his late residence, Brookville. Coaches will leave Donohue's stable, Waterloo street at one o'clock.

The late Mr. Duffey had a wide circle of friends in the city who are deeply grieved on learning of his death.

James William Gibbs. James William Gibbs passed away yesterday at the St. John infirmary after an illness of ten days. Mr. Gibbs was a son of Walter Gibbs of Montreal and for the past two years had been employed with the Canadian Government Merchant Marine staff in this city and Montreal. He had numerous friends here and was popular. He was in the twenty-fifth year of his age and is survived by his father, a sister, Mabel, and a brother, F. H. Gibbs, of the Atlantic Sugar Refineries, Ltd., of Montreal. The interment will be in that city.

Miss F. Eugenia Holt. The many friends and acquaintances of Miss F. Eugenia Holt will regret to learn of her death, which occurred early on Thursday afternoon after a long illness. Miss Holt was born in St. George twenty-five years ago, the daughter of F. W. Holt, C. E., and Mary G. Holt. The family came to St. John fifteen years ago or more, and reside at 38 Cranston Avenue.

Miss Eugenia was a member of Trinity Church parish and was connected with activities there for many years. She was a popular young woman and made many friends in the parish and outside of it.

She is survived by her parents and by a sister and a brother. The brother is W. D. Holt and the sister is Miss Bessie Holt of Newburg, N. J.

Mrs. Graeme M. Paterson. The death occurred, on Thursday evening, April 13, of Marion Moore Paterson, wife of Graeme M. Paterson, of this city. Mrs. Paterson, who was at the residence of her parents, Mr. and Mrs. John E. Moore, Germain street, after an illness lasting only ten days. In addition to her husband and parents, she is survived by one brother, John H. Moore, of this city.

The late Mrs. Paterson, who was only twenty years of age, was one of the most popular of St. John's younger set, and her death will inspire in her friends a profound sense of loss. She took an active interest in the work of several women's organizations in the city, and was beloved and esteemed by all who knew her. The sympathy of the entire community will go out to the bereaved relatives, to whom her death was a great loss.

The funeral will take place on Sunday afternoon, at 2:30 o'clock, from the residence of her parents, 211 Germain street. Joseph Frazer.

The death of Joseph Frazer of 18 Middle street, West St. John, occurred suddenly Thursday morning about ten o'clock while he was with his wife inspecting a house at 25 Charles street, into which they had expected to move on May 1. Mr. Frazer, who was seventy years of age, had apparently been in the best of health up to the time when he entered the premises and his sudden death came as a great shock to his wife and some friends who were with him. Dr. A. E. Baxter and Coroner H. A. Porter were called and gave it as their opinion that death had resulted from natural causes, induced by old age. He leaves his wife, three sons, Leslie and Tilley, in Boston, and Cecil of this city; three daughters, Mrs. William Buckingham and Mrs. Charlotte Irons, of this city, and Mrs. George Ryder, of Boston; one brother, Seth of this city, and several grandchildren and great-grandchildren. The funeral will be held from 18 Middle street.

Mrs. William Orde. Diefly, April 13—Mrs. William Orde passed away at her late residence, Acadia Valley, on Wednesday, at the advanced age of ninety years. Until her recent illness she retained her physical and mental powers to a remarkable degree. Mrs. Orde had spent practically all her life in the same neighborhood, having lived for many years with her former husband, the late Stephen Orde, on the Shelburne Road, Norman and Amos Warner are sons by that marriage. Twenty-three years ago she married Mr. Orde and has since resided at Acadia Valley. Wallace Potter, of Diefly, is her only living brother. Burial took place at Hillgrove and the services were conducted by the Rev. Mr. Hatt.

The death took place Thursday morning of Miss Agnes Clarkin, daughter of the late Philip and Margaret Clarkin, leaving three brothers and two sisters—Philip, and James of this city, William of Madam, and Mrs. Mary Hogan and Miss Kate Clarkin of this city. The funeral will take place on Saturday afternoon from 25 White street.

PROBATE COURT. In the probate court the last will of Edward C. Elkin was proved, personally \$6,240, and his widow and two sons, Stanley A. and Bayard C. Elkin, appointed executors. C. F. Sanford was proctor. The estate was left within the family.

J. Hunter White was sworn in as executor under the will of Mrs. Mary A. White, personally \$19,000. Public bequests in the will were: \$200 to trustees of Centenary Methodist church, \$100 to the Women's Missionary Society, \$200 to the Y.M.C.A., and \$100 to the Protestant Orphanage. W. G. Smith was proctor.

Clair Douglas was sworn as executor under the last will of James M. Denton, personally \$1,980. S. W. Palmer was proctor. The estate of John H. Walker was

"HERE is a letter from Bessie, and she says she is feeling fine again after using Dr. Chase's Nerve Food. 'I knew it was just what she needed to build up her system after baby's coming. 'She says she is sorry she did not take your advice long ago instead of worrying along as a semi-invalid for so many weeks. 'What else does she say?' 'I will read you the rest. She says: 'My nerves got so upset that I could not sleep scarcely at all. Digestion was bad and I had palpitation of the heart. Baby got cross and irritable, and at times I got terribly discouraged. 'When I got mother's letter urging me to try Dr. Chase's Nerve Food I was about ready to give up, and decided to give the Nerve Food a trial on the strength of what it had done for her. LUMBER CONCERN IN DIFFICULTIES

Credit Men's Trust Assn. Consider Assignment of Frank Swim and Alex. Shorey.

Fredericton, N. B., April 14—A meeting of the Credit Men's Trust Association of Canada was held, Thursday afternoon, in the Board of Trade rooms in this city, to consider the assignment recently made to the association by Frank D. Swim and Alexander Storey, lumbermen of Doakton, N. B. The trustees were authorized to sell, with the approval of the inspectors had looked carefully into the values of the different portions. A statement of the affairs of Messrs. Frank D. Swim and Alexander Storey was made by Mr. Storey, and explained the assets and liabilities given. The liabilities of the Southampton Lumber Company to the Royal Bank of Canada have been guaranteed by the two debtors, who carried on their lumbering business under this name. Charles S. Hamilton, of St. John, was appointed solicitor to the trustees.

Weddings

Turner-Havens. Jacksonville, N. B., April 13—The home of Mr. and Mrs. Barle Turner of Jacksonville was the scene of a pretty wedding at 11 o'clock Wednesday a. m., April 13, when Mrs. Turner's sister, Miss Goldie Havens, was united in marriage to Mr. Murdoch Turner, of St. John, Victoria County, in the presence of a number of immediate relatives and guests. Rev. Mr. Harrison, pastor of the Methodist Church, officiated. The bride wore a navy blue suit of tulle and had to match. Following the ceremony a dainty lunch was served after which Mr. and Mrs. Turner left for their home in St. John by the noon express. The bride's gift from the groom was a cheque.

TEA GOING UP.

The market in India has cannot more or less serious labor troubles on the tea plantations, and has resulted in the price of rising consistently for the past year. Between October 1920 and today costs have advanced between 25 and 35 cents a pound. As the crop is less than last year's consumption this year, it is probable that the price will go still higher.

Funerals

The remains of Miss Elizabeth Graham Hayes arrived in the city from Ottawa on Thursday and were conveyed to Trinity Church. The funeral services were held Thursday afternoon at 3 o'clock by Canon R. STICKS TO THE DEFENCE PLAN

No Truth in Report of Japanese Rearrangement — Reports of Change Absurd.

Tokyo, April 11.—Reports that Japan's plans for national defence have been advanced as a result of the Washington Conference are entirely without foundation and the idea that the first line of defence, as reported, will be from Hankow through Shanghai and Harbin to Szechuan is ridiculous.

These assertions were given your correspondent by Admiral Baron Kato, in an exclusive interview. "It is true," he said, "there has been a meeting of marshals and fleet admirals in which a report of the conference was submitted and it received general approval and unanimous endorsement. Nothing else was considered and no other subject mentioned at the meeting. The reports now circulating are in themselves absolutely absurd."

Some local papers reported the meeting as having completely repudiated Japan's defence policy as a result of the conference. The following detailed account of the new defence lines, Japanese marshals have never given to the press, the national defence plans and they are not doing so now. Furthermore, the line named and some others reported are in violation of the terms of the conference and do not form a protection against any hypothetical enemy. On the face they are unworkable. In reference to the Washington Conference, Admiral Kato said:

"We are determined to observe strictly the agreements attached to the conference, carrying out not only the letter but the spirit as well. As a matter of fact, there is no real opposition to the conference results in Japan. The members of the Diet know it was successful and adequate made have been made for internal purposes."

Asked regarding an extra session of the Diet, and reductions in the budget, he replied:

"Whether the Government will call an extra session has not been decided. The proposals of whether it does or not the provisions of the treaty and agreements concluded at Washington will be carried out just the same. The Navy budget is not being worked out."

"It is not to be expected," he said, "that all the economies will be apparent immediately or that the reduction will be large. The effect will appear progressively year by year and the reductions will be made gradually. Increased cost of production must be allowed for and the reduction in personnel may make temporary national expenditures necessary. The reduction in personnel will not be made suddenly, but gradually and effectively."

"I have told the members of the cabinet and other government bodies repeatedly that prior to the Washington Conference, whether rightly or wrongly, there existed a war psychosis and the consequential variable. The conference dispelled these war clouds. This may be considered a by-product of the conference. But it is truly an important result as any treaty agreement that was reached."

"It is our mutual duty to see that this mental attitude is maintained better on both sides of the Pacific. None doubts that the United States will fulfil its agreement, and it is up to Japan to prepare for what she will do likewise."

THE GENOA AGENDA

Text of the call for the Genoa Conference adopted at the Conference of London, Jan. 4, follows:

The Allied Powers in conference are unanimously of opinion that an economic and financial conference should be summoned in February or early in March to which all the Powers of Europe, including Germany, Russia, Austria, Hungary, and Bulgaria, should be invited to send representatives.

They regard such a conference as an urgent and essential step toward the economic reconstruction of Central and Eastern Europe and they are strongly of opinion that the prime minister of every nation should, if possible, attend it in person in order that action may be taken as promptly as possible upon its recommendations.

The Allied Powers consider that the reconstruction of international trade throughout Europe and the development of the resources of all countries are necessary to improve the volume and productivity of employment and to relieve the widespread suffering of the European peoples. A united effort by the strong powers is necessary to attain the progress of the European system.

This effort must include the removal of all obstacles in the way of trade, the establishment of a standard tariff for the weaker countries and the reconstruction of all nations in the violation of normal procedure. The Allied Powers consider that the fundamental conditions which alone these nations can be made with hope of success may be broadly stated as follows:

1. National governments should be free to dispose of their own resources in the manner which they see fit to establish their own system of ownership, internal economy and government. It is necessary to ensure that no country is placed at a disadvantage by the actions of other nations.

2. Foreign investment should be encouraged and the rights of foreign investors should be fully protected. It is necessary to ensure that no country is placed at a disadvantage by the actions of other nations.

3. All nations should be free to trade with one another on an equal basis. It is necessary to ensure that no country is placed at a disadvantage by the actions of other nations.

4. All nations should be free to trade with one another on an equal basis. It is necessary to ensure that no country is placed at a disadvantage by the actions of other nations.

5. All nations should be free to trade with one another on an equal basis. It is necessary to ensure that no country is placed at a disadvantage by the actions of other nations.

POLAND DOING SOME TRADING WITH SOVIETS

Most of It Going on Under the Smuggling Plan.

Warsaw, April 11.—Poland and Soviet Russia are doing some trading despite their difficulty in arranging a trade convention.

For months Poland has been sending into Russia, by way and by packs of horse's back great amounts of cloth and some food supplies, most of the business being carried on at night away from the beaten path where silent Soviet guards or Polish soldiers are on watch.

In return the smugglers have been receiving some of the old Russian gold rubles, which peasants had buried, hides, furs and in some instances diamonds.

Dress material and bright colored shawls which the Russian peasant women wear over their heads on Sunday when they go to church are in greater demand than at any time since Russia's troubles began and, according to travellers, bring a fancy price once these goods are landed on the other side.

A Soviet Russian trade commission has been in Warsaw some time arranging purchases from the Poles and it was announced recently that the first consignment of goods purchased officially by the Soviets would leave soon for Moscow.

This commission is made up chiefly of clothing materials manufactured in Lodz. The goods will be insured against theft, the insurance company furnishing armed guards to convey the goods all the way from Warsaw to the Soviet capital.

Despite the famine in Russia the government has permitted cargo to be sent out of the country because of the high price it brings. There has been but little genuine Russian export on the world markets since the great war began.

In December last Russia exported to foreign countries through Latvia alone more than 100,000 pounds of caviar, some of which was sent to the United States. Other exports included hemp, flax, leaf tobacco, furs, unanned hides, kumene and bristles.

Strawberries made their initial appearance of the season in the market this week and are selling at forty cents a box. There was very little to report in market quotations, a drop of thirty-five cents per hundredweight was registered in both standard and yellow sugars. Shelled walnuts were an underdog, starting at 1.25 in Wholesale Groceries, they dropped 9 cents per pound.

COULDNT DO HOUSEWORK HEART WAS SO BAD

Many women get weak and run down and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unbalanced.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. Is it any wonder that the heart becomes affected and she gets irritable and nervous, has hot flashes, faint and dizzy spells, smothering and sinking spells and can't sleep at night.

To all women whose heart is weak and whose nerves are unstrung we would recommend

MILBURN'S HEART AND NERVE PILLS as the best remedy to tone up the system and strengthen the weakened organs.

Mrs. Daniel Beanson, Loganville, N. S., writes:—"As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me. My heart was so bad at night I could not sleep, I would wake smothering spells, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

Majestic Trials Satisfy Builders

56,900 Ton Liner Makes Thirty Miles Per Hour in North Sea.

After having engaged in a series of speed trials in the North Sea during the latter part of last week, the giant White Star Liner Majestic, the world's largest ship, has completely come up to the expectations of her builders and arrived at Southampton on Monday last at 11 a.m. to receive final supplies of fuel, silver and stores on board, after which she will sail on her maiden voyage to New York on May 10th.

According to cables received from Mr. P. A. S. Franklin, President of the International Mercantile Marine Company, who recently went aboard to superintend the fitting out of the ship, the Majestic exceeded all expectations both as regards her accommodation and also her performance at sea, a speed of 27 knots being obtained during the trials which is regarded as highly satisfactory.

In a series of semi-circular trials on the open sea, the ship was originally planned to be driven at the maximum speed of 27 knots and completely exceeded all expectations both as regards her accommodation and also her performance at sea, a speed of 27 knots being obtained during the trials which is regarded as highly satisfactory.

The 196 trials will take her maiden voyage from New York on May 20th, and will thereafter be to the regular New York to Southampton service, in company with the Japanese Olympic and the new Homebir, the largest twin screw steamer in the world.

Sulphur Is Best To Clear Up Ugly Skin Irritation and Breaking Out Often Healed Over Night, Says Skin Specialist

Any breaking out of skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation. Mentho-Sulphur heals eczema, keeps up, leaving the skin clear and smooth. It seldom fails to relieve the torment or disfigurement. A little jar of Mentho-Sulphur may be obtained at any drug store. It is used like cold cream.

Police Discovered Mystery House Find Moving Partitions Electrically Controlled by Push Buttons. Winnipeg, Man., April 11.—Equipped like the mystery houses described in "dime thrillers" local police, in a search for offenders of the Manitoba Temperance Act, recently discovered a house with movable partitions, electrically controlled by a push button in the floor. The partitions were used to evade the police and during a test the movable walls groaned "like a chain." A portion of the partition taken to police headquarters as evidence against the owner, was covered over with the same paper as on the solid wall of the house.

Hello! Have you a bright green sweater of the year 1920 and a rose sport shirt of the year 1921, and are tired of them both, or feel they "tell their age"? Why not have both dyed navy blue, and make a lovely suit of them? Sweaters of silk, tricelotte or wool all dye successfully. 48-hour service if you request it. Comb Sage Tea In Faded Or Gray Hair

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied, with wonderful effect. By means of any drug store for "Wythia's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use, at very little cost. This simple mixture can be compounded upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wythia's Sage and Sulphur Compound, now because it darkens so naturally, and a remedy that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through the hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and beautiful.

MARITIME AMATEUR BOXING CHAMPIONSHIPS SUCCESSFUL

Fifteen Hundred Fans Witness Closing Bout Thursday Night—Local Boxers Make Good Showing With Boston Men in Exhibition Bout.

1922 MARITIME AMATEUR BOXING CHAMPIONS

- 158 lbs. Class—Art O'Grady, St. Joseph's A.C., Halifax
- 145 lbs. Class—E. McGorman, St. John Garrison Club
- 135 lbs. Class—Alfonzo Hogan, St. John Rowing Club
- 125 lbs. Class—Roy Chisholm, St. Mary's A. C., Halifax
- 118 lbs. Class—Tommy Keleher, St. Rose's A. C., Fairville, N. B.
- 115 lbs. Class—Louis Donovan, St. John Garrison Club
- 108 lbs. Class—Leslie Britt, Y. M. C. I., St. John
- 100 lbs. Class—Farrel Britt, Y. M. C. I., St. John

The Maritime Amateur Boxing Championships of 1922 were brought to a successful finish before a ring-side of over fifteen hundred spectators who were treated to eleven interesting and clever bouts in the Armories Thursday night.

Of the eight titles set went to St. John and two to Halifax. Honors were evenly divided between the Y. M. C. I. and Garrison, each winning two; St. John Rowing Club, St. Rose's A. C. Fairville, St. Mary's Halifax, and St. Joseph's Halifax each took one.

Despite the large number of attendance the crowd was a most orderly one, every boxer was given a fair show, and the game loser came in for quite as much applause as the clever winner. The efficient manner in which the bouts were handled was most commendable, and everyone was highly satisfied with the exhibition, which disclosed the very wide range of talented boxers the city possesses.

158 Pounds Final
Sandy Nallor, Halifax Y. M. C. A., and Art O'Grady, St. Joseph's A. C., Halifax.

Round 1—Nallor opened the ball with a left to the head and received a jab to the face in return. There was a swift exchange of blows all of which were blocked, then Nallor landed several right and left jabs to the face, followed by a high velocity drive to O'Grady's jaw. O'Grady turned with a wicked left, and Nallor returned the compliment. O'Grady came through with a hard left to the solar plexus, and covered up by clinching.

Round 2—O'Grady landed the first blow to the stomach. He followed up with a drive to the chin, and clinched to avoid a return. He continued the same tactics the rest of the round, hearing for an opening and then driving a left jab to the stomach and clinching. Nallor seemed unable to cope with these tactics and all his blows were blocked.

As the round drew to a close Nallor showed visible signs of the punishment he was taking. As he went to his corner he began spitting blood from a loosened tooth, and when the gong sounded for the third round, withdrew from the bout, and O'Grady was awarded the title.

New England Champions
The series of bouts given by the visiting New England champions with the Maritime champions were perhaps the most eagerly looked forward to of any of the bouts of the evening, and the creditable showing of the Maritime boxers was a most pleasing revelation to all. All were made exhibition bouts, and no decisions were given. This was due to the fact that under Canadian amateur rules, the visitors were barred from entering the championships through the residence clause.

Chisholm vs Sawyer
The first of this series of bouts brought together Roy Chisholm, of St. Joseph's A. C., Halifax, the 22 Maritime champion, and Eddie Sawyer, the 21 and 22 New England champion—Sawyer weighed three pounds over his class according to Canadian rules.

Round 1—Sawyer opened the round with a lead to the jaw and clinched. He came back with a right to the jaw, and again tried a repeat, which Chisholm dodged, the swing going wild over his shoulder. Chisholm followed up with a right and left to the jaw. Sawyer's round.

Round 2—The two men after a few feints clinched. Chisholm then rushed Sawyer to the ropes with a right and left to the body. Sawyer landed a right to the chin, and Chisholm countered a right and left on the same locality in return. The rest of the round was devoted to swift and clever sparring, Sawyer continuing to peek at the back of Chisholm's neck at every opportunity.

Round 3—Sawyer opened the session with a right to the kidney and followed up with a drive to the stomach. Chisholm came back with a staggering left to the jaw. Sawyer landed his neck blow, and Chisholm got into a series of wicked body blows in some clever fighting. No decision was given, but popular opinion gave it to Chisholm. The bout on a whole was featured by more hard hitting than seen.

145 Pounds Class
E. McGorman, Maritime 145 pounds champion, vs H. Sadillo, former New England champion.

Round 1—From the outset it was apparent that the New Englander had the advantage, and he hit McGorman as will.

Round 2—McGorman continuing giving ground and Sadillo forced the pace, but no blows of any vigor were struck. The Italian was obviously superior.

Round 3—Sadillo landed several blows, and McGorman returned a few of them, but was evidently outclassed by the Italian.

Tommy Keleher, St. Rose's A. C., vs Stan Belding, G. A. C.
Round 1—Keleher opened the round with a left to the face, and the rest of the round was devoted to sparring for

118 Pounds Final
Leslie Britt, Y. M. C. I., and Ralph Summers, Y. M. C. I.

Round 1—Britt landed a few light taps, but practically the whole of the first round was devoted to sparring for an opening by both.

Round 2—Britt opened with a rush landing several rights and lefts to the face. Summers returned with a right to the neck and again to the chest. Summers did some clever dodging, and gave ground to Britt who pursued him round the ring till the gong. Britt had the round on offensively though Summers finished the fresher of the two.

Round 3—Summers opened the leading, Britt returned with a shower of body blows. A left to the head from Britt was followed by a left to the body from Summers, both landed several blows on the other's jaw, then Britt took the offensive, and rubbed Summers to the ropes, landing several times to the jaw. The decision was awarded Britt.

115 Pounds Final
Louis Donovan, G. A. C., city champion, and Frank Collins, G. W. Y. A.

The first round was all Donovan's who peppered Collins' jaw from start to finish. The second round was a duplicate of the first, Collins landing but one effective blow, Collins came in and Donovan landed a smashing right upper cut just prior to the gong. Donovan opened the third with a drive to the chin, and Collins came back strong. Donovan replied with a drive to the chest, followed by two smashing rights to the chin. The second of which did the trick. Collins took on a dazed appearance and went to the floor. Donovan winning on a technical knock-out.

108 Pounds Semi-Final
Reg. Stuart, St. John Y. M. C. A., and Stan Belding, G. A. C.

Round 1—Belding led off and after both boys had given an exhibition of some clever sparring while hunting for an opening. Stuart blocked a wicked swing and landed a right to the forehead. Some fast sparring followed, broken by fierce, but ineffective rushes by Stuart.

Round 2—Belding opened with a fast quick hitting rush, Stuart covering up under a shower of blows and giving ground steadily. During the one round Stuart was content to cover up and be chased around the ring, his guard was effective however, and Belding failed to land any serious punches.

Round 3—Stuart took the offensive and Belding countered and drove him through the ropes. Stuart came back for more, and Belding landed a wide drive over Stuart's right shoulder. Belding landed several hard lefts to the jaw which had Stuart staggering, and the bout was stopped, the decision going to Belding.

Stuart's gameness won for him an ovation equal to that given Belding, when the two boys left the ring.

100 Pounds Final
Thomas Keleher, St. Rose's A. C., vs Stan Belding, G. A. C.

Round 1—Keleher opened the round with a left to the face, and the rest of the round was devoted to sparring for

Alfonzo Hogan Sent to Boston by Rowing Club—Chisholm of Halifax Also Entered.

A number of the boxing enthusiasts of the city were at the Union depot last evening to give a send-off to Alfonso Hogan, the clever colored boxer of St. John Rowing Club, and holder of the New Brunswick 135 and 145 pound titles, and the 135 Maritime title of 1921, and Roy Chisholm, the Nova Scotia and Maritime 125 pound champion, who left for Boston where they will participate in the United States National championships to be held there next week.

They were accompanied by Eddie Sawyer, the New England 125 pound champion; Harry Topp, the runner-up, and Eddie Cardillo, the 145 pound New England champion, all of whom featured in open bouts at the armories during the Maritime championships held here Thursday night.

Walter Coughlan, of St. John, also accompanied the boxers.

Hogan has been entered by the local Rowing Club, who are responsible for his going away. He is a cool headed, clever boxer, and his many friends hope that he will make a good showing against the best amateurs to be produced in the States. The national championships will be held next Monday and Tuesday.

R. M. S. Otarama Crew At Football

Large Number Witnessed Engine Dept. Defeat Deck Dept. by Score of 3 to 0.

Between 500 and 600 people who gathered on Queen square, West End, yesterday, were treated to a stirring exhibition of a game which is seldom played in this city at this time of year. The occasion was a football match between the teams representing the engine department and deck department of the R. M. S. Otarama, at present in port. Play was fast and clean throughout and the game developed some good combination and spectacular plays, which elicited considerable enthusiasm among the spectators. Among those watching the match were the officers and men from the Otarama, who were on hand to encourage their shipmates. Doctor Cardia was also in attendance to render service in the event of accident.

The first half was heavily contested, all the playing positions in a stellar fashion. Special mention should be made of the playing of Yulle and Irvine, of the engine department, and Matthews, of the deck department. The backs of the engine department gave a brilliant exhibition and divisions made some good saves for his team. When the whistle blew for half time the score stood 1 to 0 in favor of the engine department. Yulle having scored the only tally.

The second half was rather exciting and the referee had to keep a sharp lookout for the outside game. Farran made a fatal mistake while in front of his own goal by stopping the ball with his hands, and the referee awarded a penalty kick, which was taken by Irvine. This made the second score for the winners and MacGrady scored a few minutes later, bringing the count up to 3 to 0 in favor of the engine department. There was no further scoring in the game.

The teams lined up as follows.
Engine department—Givins, Mac Donald, Sweeney, Mullin, Church, Irvine, MacGrady, King, Yulle (captain), Kelly, Cargin.
Deck department—Houghton, Riley (captain), Jepson, Hughes, Condra, Carpenter, Matthews, Farran, F. Matthews, Laws, Blosham.

A. Cleland-Pattie, chief refrigerating engineer of the Otarama, refereed the game in a satisfactory manner. The men are grateful to the residents and to the police sergeant for permission to use the grounds on which the game was played.

Stages of Golf Ball's Evolution

Following the announcement that an indestructible golf ball had been perfected, a historian of the game has dug up the story of the evolution of a golf ball from the time when Scotch herdsmen battered a round stone along the seashore to the present day, with its rubber core ball, which can be driven almost a quarter of a mile.

After the stone age of golf came the period in which feathers were compressed within a leather cover, probably preceded by various experimental spheres, including wood. The feather ball prevailed until 1868, when a pellet made of solid gutta percha, hammered out by hand, was introduced. Next year grooves were molded into the surface of this type of ball, and with varying styles of cover imprints, the old "cutty" was used until 1900.

It was then that Harnell invented a machine to wind tightly-stretched and highly elastic rubber thread around a core of gutta percha over which a semi-rubberized cover of rubber was molded with a pebbled surface. This ball was not readily accepted in America, where it was invented, but it was taken up in Great Britain and soon became sole possessor of the links. Its solid feel when hit soon drove the solid gutta percha ball, with its prickly impact, out of existence.

Since the rubber-core innovation, various attempts have been made, with success, to increase the length of flight and the trueness of roll by changing the core and the hardness and toughness of the cover. In some cases the winding was about a small bag of water, while in others the central sack was filled with a heavy acid, the latter plan proving disastrous to the eyes of several inquisitive boys who dissected the globe.

Another plan for increasing the efficiency of the golf ball was the application of an overlying paint, made of some rubber composition, which lasted well enough, but gathered up dust, which could not be washed off. Heretofore resiliency and durability have proved somewhat incompatible. But if the innovation of 1922 proves to be both lively and lifelong, the future golfer will need nothing but a self-retrieving attachment to make one golf ball last him forever.

Halifax Boxer With Mean Alibi
Healy Claims to Have Made a Wreck of Alfonso Hogan—Says He Was Robbed.

Halifax, N. S., April 14—Edward Healey, representing St. Mary's Club will leave for Boston tomorrow to compete in the National Amateur Championships next week. Healey will be after the 125 pound title. Healey, who lost the Maritime title, which he held for three years, after an extra round in the St. John meets, returned to Halifax today and informed the Herald that he was the victim of a poor decision. He says: "I cannot understand why an extra round was ordered in my bout against Hogan. I knocked him down four times and there is not one mark on my face, while he looked like a wreck after the bout."

(Ed Note—Healey is entirely wrong as he never knocked Hogan down once during the entire bout. Hogan went to his knees twice, he swung away and as far as the St. John boy looking like a wreck after the bout, there was not a mark on him and he was fresh and strong like the Halifax boxer. Healey might have been awarded a draw but as far as getting a decision he did nothing with the St. John man to win it. Such interviews as the one accorded to Healey will not add to his popularity even if it looks good for his Halifax friends.)

GENOA FAMED FOR PRINCELY HOSPITALITY

Contains Superb Palaces Built in Sixteenth Century to Satisfy Sense of Luxury.

Rome, April 14.—It is difficult to imagine a city better adapted to princely hospitality than Genoa, where the great Economic Conference began today for it contains the superb palaces built mostly during the sixteenth century to satisfy the sense of luxury, the appreciation of art and beauty of the merchant princes of Genoa.

There are no palaces in Italy, perhaps in the whole world, so magnificent in themselves and that form such a suitable background for the treasures of art, the Van Dycks, the arches and the delightful pictures of the Venetian school that adorn their walls.

The Royal Palace, where the conference is held, in addition to its sumptuous furniture, its glorious marble staircase and balconies, has a beautiful garden with green lawns and walks shaded by a variety of trees and shrubs.

The members of the different delegations aggregate at least 2,000 persons, who are lodged in Genoa's palaces that all this beauty is bathed in the sunshine of an Italian spring, it is difficult to imagine a better preparation for the comfort and pleasure of Italy's guests.

In addition Italy has exerted herself to provide for the convenience of life needed by those who attend the conference. The road along the Liguarian Riviera has been relaid for a distance of about 35 miles. Additional telephone and telegraphic circuits have been constructed and a special telephone line has been set up for the service of the delegations and newspaper correspondents. Reading and writing rooms also have been prepared for delegates and reporters.

A largely increased postal service has been provided, while in the Patrone palace, where the press has its headquarters, there are all possible conveniences for reading, writing, sending telegrams, photographs, a magnificent clubhouse with splendid salons and buffet, one or two rooms are furnished with tables and chairs for the use of the press.

WOMEN OFFICIALS CLEAN UP VILLAGE

Administration Takes Steps to Fulfill Pre-Election Promises.

Minot, N. D., April 14.—The complete administration of women in the village of Des Lacs, near here, which when recently elected and installed made the first women-governed community in the country, began to make itself felt this week.

Des Lacs has no street improvements and in the past but little grading and graveling. The women put "better roads" as the first plank in their platform and on Wednesday they commenced putting their pre-election promises into effect.

Mrs. H. L. Halvorson, chairman of the village, has announced she will appoint a street commissioner, who will be a man. She plans extensive street improvements this season.

The next project of the new administration is the adoption of a curfew ordinance, with probably a 9 o'clock limit. This will be enforced by the new village marshal, Mrs. F. H. Ward.

Mrs. Halvorson also intends to appoint a man fire warden to command the volunteer fire department, but she declared she expected to supervise the work of both the streets and fire officials.

Starting with the slogan "Better, better, cleaner Des Lacs," the women have taken a firm stand for enforcement of the prohibition law and for public order. They propose also strict regulation of dances.

Men of the village, with few exceptions, are in full accord with the women and are supporting them seriously and cordially, aiding the new officials to get started and "learn the ropes."

The women of the village are organized, and as one man put it, "in the side saddle." The election was planned and carried out by the Women's Booster Club of the village. The women's slate went through by a two-to-one vote.

Basic to the village chairman and marshal, the town's officials include Mrs. T. M. Filbert and G. J. Johnson, trustees; Mrs. D. E. Berry, assessor; Mrs. Mel Shaler, treasurer; Mrs. E. C. Kenyon, clerk, and Mrs. Rebecca Varnes, justice of the peace.

Donnybrook, a second village near here, can lay almost equal claim to national attention. The same day that brought Des Lacs its feminine government gave women control of Donnybrook's affairs through election of the entire village council and village clerk.

Mrs. Joseph H. Johnson, Mrs. William Larson and Mrs. P. A. Johnson are the new village trustees, and Mrs. H. E. Johnson is Donnybrook's new clerk.

BROKERAGE BUSINESS INCREASES SAFETY FIRST MARKS PURCHASES

Chicago, April 14.—People possessing surplus funds having fortified themselves with bonds during the past year or two and pulled a few preferred stocks over the parapet are now picking up stocks. The brokerage houses of this city report increasing business, which is decided in contrast with the situation the latter part of last year or even early this year. They are making some money instead of wondering each month whether they are going to break even.

And this business is much safer than that of ordinary times, for a greater proportion than ever of the buyers put in full and others have had sufficient notice of the vicissitudes of life in the past seven years to equip their accounts with large margins. It is characteristic, that while the supply of good bonds, that is new issues, is inadequate the thought of issuing inferior ones seems hardly to be entertained by the corporations or if it is the houses to which they are offered gives them a chill and they do not reach the counters of the dealers.

The dominant idea still is that of safety first, and if any risks are to be taken the buyer prefers a last equity, which gives him a chance of increase in capital value or dividend. As to bonds there is more prudence exercised now than during the period of tumbling prices and shrinking business, for in that time only those corporations which evidently would reach a satisfactory status in a period of recovery dared to face forth on the street and offer their securities.

The trade in stocks still has to meet the effects of the liquidation period. From time to time stocks carried by crippled houses are let out on the market and that by so much depressed prices. A number of houses that probably should have been allowed to fall, instead of being carried along by the tolerance of others, are thus keeping back a market which has in it the makings of some enthusiasm and the maintenance of these houses in business is in itself a cause of depression to the trade, for they are concerns which do business in an unbusinesslike way.

As to the classes of stock which are making the best appeal to buyers it may be noticed that the motor issues are not special favorites, the reason being that this industry has become staple and competitive, and save in the case of a few companies has little prospect of income over and above ordinary interest rates. In many cases the tires have gone altogether flat.

The backing of the stock market is getting a little better all the time but buoyancy is held in check by some expectations to the process of returning prosperity. Steel is evidently bound for a steady forward movement, and that is the commodity which the old heads have regarded as the best index of the whole economic situation. The trade in fabrics does not give any support to the stock market but itself needs support, this being true even, heretofore in good shape. Coal, for the present, has nothing to do with the case. The strike is almost entirely ignored as a factor in the trade of the country.

The oil story has been in the main a disappointment to their Chicago friends. A brilliant exception is Pacific Oil, which has done wonders for its stockholders, and Houston, in which one of the old and large estates of this city is interested, has a remarkable record. Texas does not, there are movements in progress which suggest the probability that something is coming soon from the Carb Syndicate which the Texas Company controls. The Standard Oil Company are participating in the game of life more and more intimately all the time with a range from Wyoming to Persia, and today we have a report that there is to be a combination of Standard Oil Companies Pacific Oil, California Petroleum and others, accompanied by the statement that California and other properties

BRACKLEHURST TO BE SENT TO NASSAU

Mate, Held for Murder of Captain Chute, Turned Over to British Gov't.

Key West, Fla., April 14.—The British Consul General at New Orleans, today, instructed the local consul to send V. Bracklehurst, charged with the murder of Captain H. Chute, the British schooner Lewis Brothers, and members of the crew, to Nassau, Friday, on the British schooner Beatrice. Chute died of pistol wounds aboard his ship on the high seas and the State Department at Washington, several days ago, granted the request of the British Government for the extradition of Bracklehurst to British territory for trial. Bracklehurst was first mate of the vessel. The other members of the crew were held as witnesses.

HILLSBORO

Special to The Standard. Hillsboro, N. B., April 10.—On Friday afternoon, April 7th, grades 7 and 8 of Hillsboro High School gave a visitors' afternoon to their parents and friends. The programme consisted of a song, a dialogue, a charade, and a debate: "Resolved, that Canada is a greater country than the United States." The judges, Mrs. R. B. Duffy and Mrs. F. M. Thompson, decided in favor of the United States debaters. John Sherwood gave a very humorous and helpful criticism.

On Saturday, April 8th, grades 7 and 8 were given a most enjoyable outing by Mr. F. M. Thompson, the occasion being a trip to the sugar woods. Everyone enjoyed the expedition very much and returned to town "very sweet."

The first shipping of the season, the earliest in 15 years, is in evidence now on the Peticodiac. The J. B. King Company's tug Otis Wack, Captain Young, has arrived from Eastport (Me.), towing the barge Canada, Capt. Cochran. The Wack will go to Parrisboro, N. B., and upon return will pick up the plaster-laden barge here which is loading at the wharf of the Hillsboro Plaster and Quarrying Co. with gypsum for the American market.

CANADIAN PACIFIC

Monoclass Cabin Service

"Monoclass" means one class. Monoclass Cabin Steamships carry one class of cabin passengers only, instead of two (first and second).

The Canadian Pacific Monoclass Cabin Service to Europe is a moderate rate service, the rates of passage being only slightly in excess of regular second-class fare on two-cabin class ships.

Monoclass Cabin Steamships are comfortable ships. The "community" rooms around which the ship's life centres are bright, attractive and commodious. Passengers use all the upper promenade decks. The dining-saloon service and cuisine are of the highest standard. Staterooms are well furnished and well ventilated, with a courteous and efficient steward service.

FROM MONTREAL Monoclass Cabin Steamships sail from MONTREAL—the largest city in Canada, headquarters of the Canadian Pacific, a city of charm, interest and picturesqueness.

The voyage begins on the sheltered St. Lawrence route, with nearly three days on this beautiful River and Gulf, which merges an inland fresh-water journey into an ocean salt-water one so gradually that the change is imperceptible.

The Little Things that add to your comfort

It is the little things that have made the Canadian Pacific Service famous—the helpful attentions and personal courtesies of the officials—the variety of the menu—the very excellent cooking—the dining-room service—cooling breezes, hot and cold, and a thousand and one other details which add to solid comfort and enjoyment for the passengers.

The trip down the St. Lawrence—those delightful days of ever-changing scenery—is only one of the reasons why you should sail to Europe from Montreal by the Canadian Pacific Line. See the Canadian agent in your town, or write for General Information Folder.

German Reparation Issue One Great Stumbling Block

Genoa Conference Can Make Little Progress Before Settling This Question.

Genoa, April 12.—The opening of the conference finds Premier Benes of Czechoslovakia, the leading representative of the important group of new States in Central Europe which have decided to stand together at Genoa, maintaining a pessimistic attitude on the chances of curing European economic ills at Genoa.

His pessimism was not manifested expressly in M. Benes's statements to your correspondent. It was rather expressed implicitly in his criticism of the unanimity of opinion regarding the German reparations problem, which lies at the bottom of those ills, before the assembling of the representatives, and his advocacy of postponing open discussion of the reparations problem until the end of the conference because it is so difficult and full of dynamic.

Premier Benes received your correspondent after a long meeting with the representatives of the Little Entente and Poland at which he said complete unanimity of opinion regarding their programme for the conference prevailed. His views may be fairly taken as representative of this big aggregation of States. He declared no satisfactory adjustment of the economic situation was possible while the German reparations problem was summed up in the Big Entente.

Hence it will be seen he considers it too late after the false basis upon which the conference opens, even were France willing to permit the reparations question to be raised here.

A second point on which he took issue with the representatives of the Big Powers is that of holding a set of big programme speeches at the outset of the conference, which in his opinion is conducive neither to efficiency nor harmony. He hoped instead that the conference would immediately resolve itself into commissions to discuss in camera the various problems which the conference was summoned to consider.

Russia, though the biggest and most vital issue in the conference's programme, should, in his opinion, be left to the very last so far as open discussion is concerned, so as to harvest what results are possible on the other questions before locking horns on this issue in open session. Your correspondent understands that M. Benes is prepared with a definite programme for resumption of trade with Russia and the economic reconstruction of that country which has already been approved by the Little Entente Powers, though possibly not by Poland, and which he intends to submit to the commission formed to consider the Russian situation.

Doukhobors To Remain in Canada Threat to Slaughter Children Only a Game to Secure Sympathy.

Calgary, Alta., April 12.—The declaration that the children of the Doukhobors along with the aged members of the community should be destroyed in order to alleviate the sufferings of the colony, was made purely with the idea of bringing their plight to the attention of the British Columbia government, showing a willingness to help.

The Doukhobor chief, Peter Veregin, leader of the colony, made a loan of \$50,000 to the colony, while the members will hereafter be on credit against their taxes for all road work. This offer has met with every demand which the Doukhobor leader made.

Mr. Veregin said the Doukhobors had no intention of migrating from Canada.

Good luck always follows a kindly act, so give generously to the free milk fund today.

A SLIGHT FIRE

Fire, caused by an oil stove, ignited hay stored in a barn in the rear of the property on Union street, owned by Mrs. J. K. Storey, early Thursday afternoon, and besides the loss of a quantity of hay, \$100 damage was done to the barn. The oil stove was used in connection with the work of painting an automobile.

NEW BAPTIZERY.

The new baptizery which has been installed in the Waterloo street Baptist church, will be dedicated on Easter Sunday evening, when the ordinance of baptism will be administered to many candidates. The workmanship of the baptizery is the best. It has been finished in Douglas fir, with panels, and also has two plate glass windows, heating apparatus and electric lights. It presents a fine appearance, and is a splendid asset to the church. It will be dedicated to the memory of the late Mrs. Coates and the late Mrs. Smith.

SUCCESSFUL SUPPER

A successful supper was held on Thursday evening by the members of Roxborough L. O. B. A., in the Prince of Wales Hall, West Side, Mrs. H. V. Curry was general convener with Mrs. A. Haddock and Mrs. George Magee and they were ably assisted by Mrs. James Donner, Mrs. Allan Melvin, Mrs. F. Irvine, Mrs. MacCallum, Mrs. Harold Deo, Mrs. C. Cooney and Mrs. Edwards. The fair table was presided over by Mrs. B. Nice and Mrs. Evans. Mrs. Joseph Taylor was in charge of the tickets at the door.

CASE BEFORE CHANCERY COURT

A case in which a great deal of interest is manifested will be commenced on Tuesday next in the Chancery Court, here, before Chief Justice Hazen, the Province of New Brunswick vs. the Canadian Pacific Railway.

The case in point is an action in relation to the new railway bridge over the Reversing Falls. The province seeks to have defined its rights in regard to navigation on the St. John River under the Ashburton Treaty; also to have a ruling as to its contention that the C.P.R. should have requested and obtained permission from the province before proceeding with the erection of the bridge across the Falls, and, further, the province asks that the C.P.R. raise the railway bridge in the interests of navigation. The province will support its position in reference to the raising of the bridge by pointing out that bridges have been raised elsewhere after having been completed, without great expense. One object to be achieved in having the bridge elevated will be to obviate the expense which would be entailed in the construction of a viaduct at the western end of Douglas avenue, to get rid of a grade crossing, and it is said that should the bridge be raised, there would be no necessity for land expropriation.

Was Arrested On Three Charges

Rene Barbin Will Answer to Drunkenness, Assault and Breaking Spectacles.

Rene Barbin was arrested at 9:30 Thursday evening for being drunk on Waterloo street. He was also charged by Arthur Wood with assaulting him in his place of business, 37 Waterloo street, and destroying a pair of spectacles and a vest to the value of \$7.

Pietro Mayzno was arrested for wandering on Main street and being unable to give a satisfactory account of himself. Pietro usually averages an arrest a week on this charge.

One drunk was arrested Thursday and there were two protectionists at the central police station for the night.

One drunk was arrested last evening and protection given two applicants.

Local Interest In Radio Development

Negotiations Between Commercial Club and Marconi Company for Broadcasting Equipment.

As the result of a paragraph appearing in this paper on Thursday, the Secretary of the Commercial Club has been almost deluged with names of persons in St. John and elsewhere who are interested in the development of Radio—the system of wireless telephoning which is sweeping over America. A meeting will be called during the coming week for the purpose of organizing a Radio Club in New Brunswick, at which time it is hoped to have something definite to place before the enthusiasts. Negotiations are now in progress between the Commercial Club and the Marconi Company of Canada, looking toward the immediate installation of a highly efficient broadcasting equipment from which news, concert programmes and general information of every nature will be sent to every part of this province, the most of Nova Scotia, and to sections of Maine. Without the public being generally aware of the fact, radio has already taken a grip on this community, and with the completion of our broadcasting station it may be expected that the extension of this branch of wireless science will be rapid. Such an equipment as the Commercial Club contemplates would make possible the very best results within a couple of hundred miles, even with the most inexpensive receiving apparatus.

Services Held In The Cathedral

Good Friday Services in Morning, Afternoon and Evening—Solemn Pontifical Mass Thursday.

The Good Friday services in the Cathedral of the Immaculate Conception, Waterloo street, were of an inspiring nature, and a deep spirit of devotion characterized the large attendance at all the services. In the morning, the Mass of the Presanctified was celebrated; in the afternoon, large numbers assisted at the recitation of the Way of the Cross; and in the evening the tenebrae service was followed by a sermon, appropriate of the occasion.

The Mass of the Presanctified was celebrated, yesterday morning at ten o'clock, by His Lordship Bishop LeBlanc, with Rev. Father Heblan as High Priest, Rev. William M. Duke as deacon and Rev. H. G. Ramage, sub-deacon. The priests who sang the passion were Rev. A. P. Allen, Rev. H. Goughlan and Rev. Raymond McCarthy, and Rev. A. P. Allen was master of ceremonies. Rev. Father Fraser of Almont, (Ont.) and Rev. Father Casparini were in the sanctuary. The choir rendered special music under the direction of Rev. Simon Oram.

In the afternoon, at three o'clock, the Way of the Cross was recited by Rev. Raymond McCarthy and Rev. H. G. Ramage, with a large congregation assisting. Music was rendered by the choir, under the direction of Rev. Simon Oram.

In the evening, tenebrae service was conducted, after which a sermon was delivered by Rev. Father Oram.

The church was open to the public all night Thursday. Members of the Holy Name Society acted as masters of the Vigil in the Virgin's Chapel, where the Blessed Sacrament had been placed in the Repository, at the morning service on that day.

Solemn Pontifical Mass was celebrated in the Cathedral Thursday morning at nine o'clock. His Lordship Bishop LeBlanc pontificated, with Rev. Dr. Louis Guertin, C. R. C., of St. Joseph's University as high priest. The Rev. William M. Duke was deacon, and Rev. W. P. Hannigan, Peterborough, sub-deacon. Rev. Raymond McCarthy, Rev. H. G. Ramage and Rev. H. L. Complin were the deacons of the oils; Rev. Simon Oram and Rev. F. P. Walker of Riverview, were the chanters; and Rev. A. P. Allen, master of ceremonies.

During the Mass the holy oils for the use of the diocese were blessed by His Lordship. At the conclusion of the Holy Sacrifice a procession was formed. Bishop LeBlanc carried the Blessed Sacrament, followed by the priests and altar boys, to the Altar of Reposition in the Virgin's Chapel, where the Sacred Host remained until after the Mass of the Presanctified on Good Friday morning.

Before the procession started, His Lordship made a brief address, in which he referred to the dignity and importance of the impressive events of the day, and counselled the members of the congregation to visit the Repository as often as possible in the twenty-four hours following the placing of the Blessed Sacrament there.

Local Council Of Women Met

Conveners Were Appointed Thursday to Supervise the Milk Fund Tag Day.

At an enthusiastic meeting of the Local Council of Women which was held in the Board of Trade rooms, Prince William street, Thursday afternoon, conveners were appointed to supervise the Milk Fund Tag Day, which will be featured today.

The ladies have lent themselves most devotedly to the task which they have imposed upon themselves that of soliciting funds from the public for the most commendable purpose of supplying free milk to the infants of needy families.

An interesting report of what has been accomplished since the work was first taken up by the Local Council of Women about a year ago, was read to the meeting by Mrs. W. B. Tennant, who reported that since that time over a hundred babies had been assisted in their fight towards healthy childhood by the milk fund.

At this holy time of Easter, the lady taggers may expect to meet with an instant and ready response from the public, who will not let the cry of His little ones go unheeded.

The conveners appointed at Thursday's meeting were:

General convener—Mrs. E. Atherton Smith.

Wards convener—Mrs. George O. Pook.

Publicity conveners—Mrs. E. Atherton Smith, Mrs. A. W. Estey, Mrs. R. J. Hooper, Mrs. J. Willard Smith.

Motors—Mrs. J. H. Doody, Mrs. W. B. Tennant.

Finance—Mrs. J. H. Frink, Mrs. H. B. Peck, Miss Grace Leavitt, Mrs. R. J. Hooper, Mrs. C. A. Clark, Mrs. A. J. Mulcahy, Mrs. J. H. Doody, Mrs. W. B. Tennant, Mrs. F. E. Holdman.

Ward conveners—Sydney, King's Daughters, Mrs. Frederick Cole; Dukes, Catholic Women's League; Mrs. Josephine Lynch; Queens, Mrs. A. M. Belding, Mrs. A. C. D. Wilson; Prince, Mrs. Robert Watson; Wellington, Miss Greta Love; Victoria, Mrs. F. V. Wry; Dufferin, Mrs. Geo. A. Stubbs, Mrs. A. G. L. Tapley; Lorne, Mrs. A. F. MacKinnon; Landsdowne, Mrs. H. Miss Merion Patterson, of this city, who has recently completed a dieticians course at the Boston City Hospital, has been appointed dietitian at the Hart Private Hospital, Rotheray, Mass.

Special Services In City Churches

Good Friday Congregations at Centenary, Trinity and Knox—Special Sermons Preached.

Special Good Friday services were conducted in different churches in the city yesterday, and large attendances characterized every occasion. At Trinity church there were three services during the day, the last of which partook of the nature of a Sacred Cantata. In the morning, at Centenary Methodist church, a united service, which included all the Methodist churches in the city, was held. A service, was also conducted in Knox Presbyterian church, during which a sermon appropriate of the day, was preached by the minister.

United Services
In Centenary church, the united service in the morning was conducted by the pastor, Rev. R. G. Fulton, assisted by Rev. Harry Taylor of Portland street Methodist church, and Rev. G. S. Styles, pastor of Carmarthen street Methodist church. The Good Friday service was the closing of a series of Lenten services, which have been conducted by the pastor of Centenary, Rev. R. G. Fulton, preaching a very inspiring sermon, taking as subject: "The Sworn Testimony of Jesus." During the service, Miss Blenda Thomson rendered as solo, "He Was Dejected." Special music was rendered by a full choir, with Miss Alice Hest presiding at the organ. A collection, amounting to approximately \$150 was taken up, to be contributed towards the Russian Relief Fund.

Knox Church
A large congregation attended the Good Friday service in Knox Presbyterian church, yesterday morning, at which the minister, Rev. R. Moorhead Legate, preached a special sermon, taking as his subject, "The Necessity of Christ's Death." The choir rendered "The Story of the Cross," during the offering. A special collection was taken in aid of the Protestant Orphan Homes in the city.

Services Held In The Cathedral

Good Friday Services in Morning, Afternoon and Evening—Solemn Pontifical Mass Thursday.

Exceptionally large attendances characterized all the services at Trinity church yesterday. In the morning, the service partook of the nature of a Mass, followed by an inspiring sermon, preached by the rector, Rev. Canon R. A. Armstrong. A three-hour devotional service was held in the afternoon, from twelve o'clock until three, during which a forcible sermon was preached by Rev. J. V. Young of Mission Church.

The evening service was in the nature of a Sacred Cantata, "The Darker Hour," by Harold Moore, and was under the direction of the organist, James S. Lawrence, as Christ, and a full choir was of an exceedingly high order.

The soloists taking part in the cantata were: Miss Louise Knight, as the Virgin Mary, rendered by the soloists and a full choir was of an exceedingly high order.

Local Council Of Women Met

Conveners Were Appointed Thursday to Supervise the Milk Fund Tag Day.

At an enthusiastic meeting of the Local Council of Women which was held in the Board of Trade rooms, Prince William street, Thursday afternoon, conveners were appointed to supervise the Milk Fund Tag Day, which will be featured today.

The ladies have lent themselves most devotedly to the task which they have imposed upon themselves that of soliciting funds from the public for the most commendable purpose of supplying free milk to the infants of needy families.

An interesting report of what has been accomplished since the work was first taken up by the Local Council of Women about a year ago, was read to the meeting by Mrs. W. B. Tennant, who reported that since that time over a hundred babies had been assisted in their fight towards healthy childhood by the milk fund.

At this holy time of Easter, the lady taggers may expect to meet with an instant and ready response from the public, who will not let the cry of His little ones go unheeded.

The conveners appointed at Thursday's meeting were:

General convener—Mrs. E. Atherton Smith.

Wards convener—Mrs. George O. Pook.

Publicity conveners—Mrs. E. Atherton Smith, Mrs. A. W. Estey, Mrs. R. J. Hooper, Mrs. J. Willard Smith.

Motors—Mrs. J. H. Doody, Mrs. W. B. Tennant.

Finance—Mrs. J. H. Frink, Mrs. H. B. Peck, Miss Grace Leavitt, Mrs. R. J. Hooper, Mrs. C. A. Clark, Mrs. A. J. Mulcahy, Mrs. J. H. Doody, Mrs. W. B. Tennant, Mrs. F. E. Holdman.

Ward conveners—Sydney, King's Daughters, Mrs. Frederick Cole; Dukes, Catholic Women's League; Mrs. Josephine Lynch; Queens, Mrs. A. M. Belding, Mrs. A. C. D. Wilson; Prince, Mrs. Robert Watson; Wellington, Miss Greta Love; Victoria, Mrs. F. V. Wry; Dufferin, Mrs. Geo. A. Stubbs, Mrs. A. G. L. Tapley; Lorne, Mrs. A. F. MacKinnon; Landsdowne, Mrs. H. Myles Saunders; Fairville, Miss Mary O'Brien; West St. John, Mrs. E. A. Young, Mrs. Ernest Waring; Glen Falls and Brookville, Mrs. George Cuthbertson; Riverview and Benford, Mrs. Fred Roach; Rotheray, Miss Frances Allison.

Mayor Pleased With Result

Says City Can Now Compete With Power Co. and Take It Over If Taxpayers Desire.

The Mayor on being asked re the city's bill before the House at Fredericton said:

It had been most ably presented by Col. Harrison, the acting recorder, and that the bill as finally passed gave the city the whip hand in the situation and established the right for the city to enter into competition with the Power Company, and also the right to take them over should the tax payers so desire, or should the company not live up to their obligations to carry on.

He was only glad the city had succeeded, as it put them in a strong position to carry on negotiations with the Hydro, having also control over the Power Company, and yet so long as that company carried on all their securities were not affected.

It also cleared the way for a plebiscite to be held if the council were practically unanimous, and it was clearly in the interests of the city, and he felt the council were now in a strong position to negotiate further.

Sapphire Lodge Held Open Night

Members and Friends Enjoyed Excellent Programme in Simonds St. Lodge Rooms.

Sapphire Rebekah Lodge No. 37, I.O.O.F., held an open night to their friends at Oddfellows Hall, Simonds street, on Thursday evening last. The programme was opened by an address of welcome by the Noble Grand, Mrs. Geo. F. Hart, who presided, and thanked the participants on programme for their assistance.

Those who took part were as follows:

McEachern brothers quartette; Misses Stanton, McMahon and Mills gave solos, instrumental and vocal, and all were heartily enjoyed. M. D. Brown, of Peerless Lodge, gave an address. James Mills and Frank Stanton were heard in an instrumental duet. John Salmou, Charles Ledford and Roy Colwell gave readings. The Sibson quartette assisted by John Fitzpatrick, rendered instrumental selections. Miss Hilda Williams, vocal solo; Miss Kierstead, piano solo; W. C. Parker, solos; Joseph Murdoch, Scotch songs with chorus. The programme closed with the National Anthem.

The appreciation of the audience was shown to the performers by hearty encores, and to the Rebekahs for the refreshments they served. It was a good time, and the Oddfellows and Rebekah Lodges by this open night, close their winter work which has certainly been pleasing to all the hosts and guests who attended.

Stowaways Met Good Reception

Seldom does it fall to the lot of stowaways to meet with such a good reception on entering a country as was accorded to the two young lads who were brought before Magistrate Ritchie in the police court on Wednesday morning, charged with stowing away from Glasgow on one of the steamers which reached this port recently. Under ordinary circumstances the boys would be sent back to Scotland on the vessel on her return trip, but His Honor was struck by the honest appearance and straightforward manner of talking of the lads, and, addressed by these things and recommendations of the members of the police force with whom they had come in contact, he decided to make an effort to secure the boys a good home in Canada.

With the aid of the detective department he managed to arrange for a home on a farm where the boys will be together and will have a chance to become good citizens of this country. The lads are delighted with the prospects, and as soon as transportation can be arranged they will be sent to their new home, where it is expected they will make a good thing of their young fellows, and their honest, frank manner should win them a place in the community to which they go.

DELIGHTFUL CONCERT

On Thursday evening, St. Mary's band journeyed to the Boys' Industrial Home, East St. John, and delighted the boys with a programme of instrumental and vocal selections, which were thoroughly appreciated. During the course of the evening, the boys, under the direction of Superintendent Parker, rendered several good choruses, which greatly added to the enjoyment of the evening. At the close of the programme, refreshments were served to the members of the band, and the superintendent extended the thanks of the institution to them for their generosity in giving the concert.
