The images appearing here are the best quality possible considering the condition and legibility of the original copy and in keeping with the filming contract specifications.

Original copies in printed paper covers are filmed beginning with the front cover and ending on the last page with a printed or illustrated impression, or the back cover when appropriate. All other original copies are filmed beginning on the first page with a printed or illustrated impression, and ending on the last page with a printed or illustrated impression.

The last recorded frame on each microfiche shelf contain the symbol → (meaning "CONTINUED"), or the symbol ▽ (meaning "END"), whichever applies.

Maps, plates, charts, etc., may be filmed at different reduction ratios. Those too large to be entirely included in one exposure are filmed beginning in the upper left hand corner, left to right and top to bottom, as many frames as required. The following diagrams illustrate the method:

Les images suivantes ont été reproduites avec le plus grand soin, compte tenu de la condition et de la netteté de l'exemplaire filmé, et en conformité avec les conditions du contrat de filmage.

Les exemplaires originaux dont la couverture en papier est imprimée sont filmés en commençant par le premier plat et en terminant soit par la dernière page qui comporte une empreinte d'impression ou d'illustration, soit par le second plat, selon le cas. Tous les autres exemplaires originaux sont filmés en commençant par la première page qui comporte une empreinte d'impression ou d'illustration et en terminant par la dernière page qui comporte une telle empreinte.

Un des symboles suivants apparaîtra sur la dernière image de chaque microfiche, selon le cas: le symbole → signifie "A SUIVRE", le symbole ▽ signifie "FIN".

Les cartes, planches, tableaux, etc., peuvent être filmés à des taux de réduction différents. Lorsque le document est trop grand pour être reproduit en un seul cliché, il est filmé à partir de l'angle supérieur gauche, de gauche à droite, et de haut en bas, en prenant le nombre d'images nécessaires. Les diagrammes suivants illustrent la méthode.

EXPLANATION

OF

TERMS USED RELATIVE TO HORSE-RACING.

Four inches are a hand.

Fourteen pounds are a stone.

Catch Weights are, each party to appoint a person to ride without weighing.

Feather Weights.—A horse carries Feather Weight, when the terms of the race allow the owner to place what rider he pleases on his back; he consequently procures the lightest eligible jockey possible, who weighs neither before nor after the race.

A Maiden Horse or Mare is one that has never won.

An untried Stallion or Mare is one whose produce has never run in public.

A Post Match is to insert the age of the horses in the article, and to run any horse of that age, without declaring what horse, until he comes to the post to start.

A Handicap Match is, A, B, and C, to put an equal sum each into a hat; C, who is the handicapper, makes a match for A and B, who, when they have perused it, put their hands into their pockets and draw them out closed, then they open them together, and if both have money in their hands the match is confirmed, if neither have money it is no match. In both cases, the handicapper draws all the money out of the hat; but if one has money in his hand and the other none, then it is no match, and he that has money in his hand is entitled to the deposit in the hat.

Free Handicap is an expression which frequently appears in Race Lists, the meaning of which is, that, a number of horses being named, a weight is placed against the name of each by the Stewards, or some disinterested person who is well acquainted with the performances of the horses. These weights are supposed to be such as will bring all the horses as nearly on a par as possible, and the List containing them being handed to the own-

ers of each horse, they accept or decline according as they imagine the chances are for or against them.

Give and Take Plates are weights for inches, twelve hands to carry a stated weight, all above to carry extra, in the proportion of seven pounds to an inch.
