

SINN FEINERS LOSE SYMPATHY OF MODERATE IRELAND Feud With Nationalist Party Intensified by Present Crisis

DILLON REPUDIATES ALL CONNECTION WITH SINN FEIN ASSOCIATION

Emphasizes Divergence Between Nationalist Party, and "Wrong and Foolish Policy" of Sinn Fein, Which is Bound to End in Disaster

By Courier Leased Wire. DUBLIN, May 21.—(Bulletin.)—John Dillon, the Nationalist Leader, in an interview with the Associated Press Correspondent, emphasized the divergence between his party and the Sinn Fein, whose policy he declared to be "Wrong and Foolish and bound to end in disaster."

DUBLIN, May 22.—The Nationalist newspapers display unusual caution in dealing with the manifesto issued by the Mansion House conference Monday night. The Dublin Independent has an editorial three quarters of a column in length, but it is merely a summary of the manifesto with no expression of opinion in it. Freeman's Journal, the official organ of the Irish Party, prints the manifesto without comment.

The Dublin Daily Express, which is regarded as the organ of Irish landlords, comments on the Mansion House document as follows:

"Though the manifesto would imply that there is no foundation for the charge of a conspiracy to enter into treasonable communication with the German enemy, it is significant that the charge is not repudiated in specific terms. The members of the conference no doubt realize that if such a plot exists—and no government would say that it did if it did not, for even the most shop-soiled of politician reputations would survive such a scandal—they must carefully consider their duty and obligations."

NO SYMPATHY FOR SINN FEINERS.

Dublin, May 22.—The events of the past few days have not drawn as much support to the Sinn Feiners as they expected from the more moderate Irish parties. Indeed there are indications that the feud between the Sinn Fein and the Nationalists has only grown more bitter.

To sum up the attitude of the two factions, it may be said that the Nationalists believe in peaceful methods in settling the Irish question, while the Sinn Fein demands revolution and Nationalists consider that the Sinn Fein by their revolutionary tactics, are spoiling Ireland's best chance of a satisfactory settlement.

If the Sinn Feiners expected that the arrests of their leaders would draw the Nationalists over to the Sinn Fein side, they are evidently destined to experience serious disappointment. John Dillon, as leader of the Nationalists, carefully pointed out yesterday that he maintains absolute hostility to the Sinn Fein while indications that the Nationalist party is preparing to repudiate in the most emphatic way the revolutionary spirit of the Sinn Fein party, may be found in an editorial in the Evening Telegraph, which is the official organ of the Nationalist party.

"If the Sinn Fein leaders," says this organ, "are guilty of the crime of allowing Ireland to be made a pawn in the game of the Prussian junkers, they will be repudiated and denounced by Nationalist Ireland."

TREATED AS ALIENS.

London, May 22.—The order for the internment of Sinn Feiners taken into custody, according to a Times' dispatch from Dublin, states that, within seven days from the date of the serving of the internment order, any interned person makes any representation to the chief secretary it will be referred to the advisory committee which deals with the internment of aliens and will be considered.

STATIONARY ENGINEERS AND RAILWAY SHOPMEN STRIKE

Labor Troubles in Winnipeg Appear Farther From a Solution Than Ever Before—Public Utilities are Still in Operation

By Courier Leased Wire. Winnipeg, May 22.—Winnipeggers are walking this morning while the street cars stand in the barns. The strike of the street railway men involves practically 1,000 more men in the deadlock between the city council here and several unions of civic workers. Approximately 10,500 men are now on strike, five thousand of whom have walked out in the last twenty-four hours, including railway machinists, stationery engineers and street railwaymen and the business agent for the unions states 15,000 men will be on strike by midnight unless the city council retreats from its position that the strikers must go back to work on the old schedule and arbitrate their differences.

The businessmen's committee engaged in combatting the strike has decided to call for automobiles to relieve the transportation problem. The jitneys recently were banished from the streets on an agreement with the street railway, and citizens are faced with a serious problem in the street railway strike.

Winnipeg, May 22.—Yesterday morning more than 3,000 railway shopmen at the Canadian Pacific, Canadian Northern and Canadian Government shops laid down their tools while about 250 stationary engineers quit work and 1,000 street railway employees followed them at two o'clock this morning when they took their cars to the barns. The strikers' committee further threatens that the carmen at the railway shops will walk out at 9.30 this morning. The public utilities continue to run along smoothly, the waterworks and city light and power departments being right up to schedule and the fire fighting force in a position, it is stated by the heads of the department, to handle any emergency that may arise. The transportation of the employees of the big stores and business firms occupied the attention of the employers yesterday and arrangements were made to bring their staffs to work this morning by automobiles, motor trucks, etc.

KERENSKY IN CANADA?

By Courier Leased Wire. A Canadian Atlantic Fort, May 22.—A mission from Denmark to the United States, headed by J. Olan, chief of the Danish foreign trade department, arrived here this morning. It was rumored that among the passengers aboard is A. P. Kerensky, the former premier of Russia. Fort authorities here, when asked to confirm this report, replied that they had "no information about it." Positive indications have been issued by the steamer's agents here that no newspaper correspondent is to be allowed on board.

ARE BANK CLERKS GIVEN EXEMPTION?

Hon. Chas. Murphy Asks if This Class is Not to be Called Until 1919.

HOUSE IN SESSION

By Courier Leased Wire. Ottawa, May 22.—In the House this morning the solicitor-general introduced a bill for extending in time and for the Yukon territory the period in which a petition may be filed by 40 days after the general returning officer had made his returns. The bill provides also that the soldiers' votes cast shall be counted notwithstanding the time when they were polled.

The Minister of Justice presented a bill enabling judges to close at 2.30 instead of 3 o'clock in the afternoon. Hon. Charles Murphy asked if it was true that bank clerks of 20, 21 and 22 liable to report in June and July, had been granted exemptions to January 1st, 1919, and whether the reason given for such exemption was that the clerks would be required to help in the next victory loan.

Sir George Foster promised to confer with the Minister of Militia on the matter during the day.

Sir Wilfrid Laurier pointed out the men on farms in Quebec and the Maritime Provinces are being required to report in person which, in some cases involves a return journey of four days during their busiest time and Sir George promised to draw the attention of the Minister of Militia to this matter also.

Sir Wilfrid Laurier also brought up the point that Mr. Richardson did not vote in the House last night although present when the division was taken on the sub-amendment of Sir Robert Borden to the motion on the chair and argued, after quoting an authority that the rule was specific, members should vote.

Speaker Rhodes replied that the question had not arisen before in his experience, either as a member of the House or while occupying the chair. In the short space of time since the division last night, he had not had an opportunity of reaching a mature considered decision on the point. He would, however, take the earliest opportunity in consulting the authorities and of advising the House.

The Minister of Labor informed Sir Wilfrid Laurier that there was now an agreement between the striking Montreal munitions workers and the company, but the latter had not entered the competitions on the 24th with a pair of Coles running shoes.

FATHA, IN MESOPOTAMIA CAPTURED BY BRITISH

Little Resistance Offered by Turks When Cavalry Advanced on Village; No Activity Displayed by Enemy Forces

By Courier Leased Wire. London, May 22.—Turkish troops in Mesopotamia, north of Baghdad display little activity, while British cavalry has advanced north of Tektir on the Tigris to Fatha. An official statement on operations in Mesopotamia reads: "The Turks have shown no activity since they were driven across the Lesser Zab on May 11. Removal of large quantities of military stores captured in Kirkuk proceeds without interruption. "On the Tigris our mounted troops have advanced as far as Fatha. The Turks holding the village offered little resistance and retreated hastily up the river."

ARTILLERY DUELS ON MACEDONIAN FRONT

Enemy Guns Active Against Franco-British Lines, While Serbian Artillery Harasses Teutons; Allied Airmen Active

By Courier Leased Wire. Paris, May 21.—The war office statement issued to-night refers to the military operations in the East as follows: "Army of the East, May 20.—The enemy artillery bombarded violently British trenches west of Dolran and our positions northwest of Pograde. Serbian artillery carried out fires of destruction against enemy organizations on the other side of the Cerna and in the region of Vetrenik. Several Bulgarian attempts to attack before Monte and east of Skumbi were repulsed. "Allied aviators bombarded the railway stations at Angista and Hadji-Bejlik on the Sere-Drama line, the Reina aviation field to the north of Lake Presba and encampments at Gransi on the Divoli. In the course of aerial fighting several enemy machines were forced to land."

MARTIAL LAW FOLLOWS RIOTING IN BOHEMIA

Many Imprisoned Following "Popular Excesses" — Estates of an Intimate Friend of Kaiser's Was Plundered by Mob

By Courier Leased Wire. London, May 22.—Martial law has been proclaimed in Bohemia, and in consequence of "popular excesses" many persons have been imprisoned, says a dispatch to the Daily Mail from Berne, quoting the Slovenski Parod. Outbreaks have occurred in Pilsen, Nached and other towns. The vast estates of Prince Furstenburg, a close friend of the German emperor, have been plundered and the buildings on them burned.

Dr. von Seydler, Austrian premier, it is added, has summoned the Czech deputy Stanek to discuss the situation. Deputy Stanek declined, and has urged the premier against a policy of violence in Bohemia, fearing evidently that the indiscriminate hangings and shootings in Galicia at the beginning of the war are going to be repeated in Bohemia.

Coles Footwear wins. Be lucky—enter the competitions on the 24th with a pair of Coles running shoes. Coles Shoe Co. for your holiday needs in footwear.

GREAT GERMAN DRIVE ENTERS THIRD MONTH

Spring Offensive Launched March 22 is Still Devoid of Results

ALLIED ARMY INTACT

Trained British Await Renewal of Drive, While U.S. Troops Rush to Scene

AERIAL ACTIVITY

By Courier Leased Wire. Germany spring offensive, launched in the hope of forcing the Allies to conclude peace, enters upon its third month to-day. The Allied armies are still intact and waiting for their enemy attacks, while American reinforcements are hurrying to France. Great losses sustained in Picardy and Flanders have forced the Germans to halt and re-organize their shattered divisions. In the weeks since the repulse of the last strong German attack, that north of Mont Kemmel, the Allies have succeeded here and there in biting off important positions. Enemy counter attacks have not been vigorous and all his attempts to regain the lost positions have failed. The latest German failure was northwest of Merville, the apex of the Lys salient. Attacking new British positions on a front of two-thirds of a mile, the Germans, although in strength, were thrown back. The British line remains unchanged. "Enemy" attempts north of Bailloult have been repulsed by the French. On the sectors southwest of Ypres and west of Amiens the Germans have shown no indications that infantry attacks are about to be renewed. Neither has General Ochs von Buelow's army east of Arras undertaken new operations. However, Berlin cannot delay a renewal of the offensive much longer, and this is the time that the Allies are waiting for, as they improve their positions at various points.

British aviators since March 21st have accounted for 1,000 German airplanes, and have dropped more than 1,000 tons of bombs on enemy military targets. The aerial campaign against the enemy continues unabated, both British and French bombing squadrons being busy. "Sammy's Gassed Poe" With American Army in France, Tuesday, May 21.—(By the Associated Press)—The American artillery west of Toul launched a sudden and terrific local gas attack upon the German positions and cantonments within the Gerschamp wood early on Monday. Severe punishment was inflicted upon the enemy. The deluge of shells fell in thick waves, and within a half hour the gas was visible. The Germans were sleeping, had been drenched with a large quantity of poisonous gas. In lively patrol actions, Monday night and this morning east of Lamberville, German parties were twice defeated. We captured two prisoners. British Official.

London, May 22.—In the sector southeast of Arras, German trenches were entered at two points last night by British raiding parties, says today's official announcement. Prisoners and a machine gun were taken. On the Flanders front, the Germans carried out a heavy gas bombardment of the sector to the northeast of Bethune. "A number of successful raids were carried out by us last night on different parts of the front. In the sector southeast of Arras, our troops entered the German trenches at two points, and captured 14 prisoners and a machine gun. Other raiding parties brought back a few prisoners from the enemy's position in the neighborhood of Locon, and in the sector of the forest of Nieppe and Meteren. "North of Ypres-Gomine canal, six prisoners were captured by us. A hostile raiding party approached our lines last night north of Albert. It was repulsed. "The enemy's artillery showed some activity during the night in the neighborhood of Dernaucourt, and considerable activity east of the forest of Nieppe. The sector northeast of Bethune was heavily bombarded with gas shells.

AUSTRIANS REPULSED

Enemy Attacks West of Brenta Broken up by Italian Forces

PRISONERS TAKEN

By Courier Leased Wire. Rome, Tuesday, May 21.—Italian troops in the mountains west of the Brenta have broken up enemy attacks especially on the southern slopes of Sasso Rosso. On Monte Spionocia, west of the Plave, says the official statement from the war office to-day, an Austrian position was destroyed and fifty-three prisoners captured. The statement reads: "On Sunday night an enemy storming party attempted a surprise attack in the region of Sotta Castello and was repulsed. Another twice repeated attack on the southern slopes of Sasso Rosso, led to lively local fighting in which the enemy was defeated and forced to return to his own lines."

BRITISH CASUALTIES

By Courier Leased Wire. London, May 21.—British casualties to the number of 38,677 have been reported in the week ending to-day.

NEWS FROM NORFOLK COUNTY

NARROW ESCAPE FROM SAVAGE BULL

Charlotteville Farm Hand Injured in Encounter With Animal

NEWS FROM SIMCOE

Simcoe, May 21.—(From Our Own Correspondent) When J. A. McKnight, a progressive Charlotteville farmer, returned to his home Monday evening he found Harry Davidson, his helper on the farm, standing in the feed-box and holding a vicious bull by the ring in its nose. The man had let the animal out of the box stall to go down the hall for water, and was arranging the litter in the meantime. The beast returned sooner than expected and went to the attack "instanter."

Davidson is severely bruised about the shoulder, hip and thigh and over the liver and attributes his escape to his getting hold of the ring. The whole affair lasted but a few minutes and on the arrival of the owner the animal was quickly reduced to submission. Odd Ends of News. It is passed about town that a local man will this week appear in a local weekly, and that matters municipal will come under criticism. Early closing is upheld by about half the merchants, five per cent. of other men in business and an occasional private citizen. There is some talk of the Lyric opening an hour later during the summer evenings in order that its patrons may shop before eight rather than after eleven o'clock on Saturday nights. If the feed barns and garages would close at seven on Saturday in deference to their help, Simcoe would stand out in splendid isolation.

The "boys" to the number of about twenty had their first chase after the "pigskin" last night at the Agricultural Grounds. The grass was long enough to prevent abrasions to the person of those who slipped their footing. An official sent up from Hamilton at the instance of the Division Manager at Toronto was in town yesterday investigating complaints made against some of the operators in the Bell Telephone office here who have been charged with giving unsatisfactory service to subscribers and sending scurrilous anonymous letters and cards through the postoffice to parties complaining. We understand that for the present the matter is "finished-finished."

It will be agreed that Simcoe subscribers are fortunate in that the local staff includes many very efficient and characteristically courteous members. In fact, that these predominate, and no doubt the presumably unsophisticated will presently find their equilibrium. Meanwhile the public should consider that the telephone company has its war time problems as have other organizations.

Counting the Mills. This week the heads of departments are figuring up their estimates and the finance committee will doubtless have a rough draft of the requirements on which to base the 1918 levy. The rate cannot be definitely struck at the regular June meeting for the county levy will not yet be announced. But apart from this it is expected that the finance committee will have a detailed statement.

Last year no municipal grants were given to any of the various war efforts, the policy being to pay our share with the rest of the county. It is probable that the same course will be pursued this year unless it is decided to give a stated amount to the I.O.O.F. But as a private committee has undertaken to finance this organization, it is not likely that the town fathers will interfere with the arrangement.

School Requirements. The Board of Education have asked for a few extra thousands. No doubt there will be a couple of extra teachers required, with the opening of the new school, but there are those who consider that the attendance at the high school does not

warrant a staff of six teachers; that the curriculum might be covered with a staff of five quite easily and that without any exceptionally large classes. But the Board has tendered their estimates and it is assumed as far as we know, that they have given the matter due consideration. A congregational meeting called for yesterday evening at 8 o'clock went by default because of the paucity of the turnout. The Industrial Committee of the Town Council took a tour of inspection of the various garden plots under their supervision on Monday evening.

Press Photographs. Mr. Geo. Eatwell was yesterday advised of the advent of another grandchild, a daughter to Mr. and Mrs. Walter Eatwell of Niagara Falls.

Miss Lillian Griffin has secured a clerkship in the offices of the Registrar General at Toronto, as a member of the regular staff.

Miss Mae McNally of the office staff of the T. Eaton Co., came home yesterday to spend the vacation in attendance on her mother, who has been quite unwell for some days.

We used the name Walter Brearley instead of Fred Brearley yesterday. Our apologies to both of these gentlemen.

Mrs. J. Abbey, of Toronto, is a visitor with Miss Mae McNally at the home of the latter's parents on Kent street.

Master Francis Reid returned from Brantford yesterday quite convalescent after his recent operation for appendicitis. Francis left Simcoe twelve days ago.

GETTING RID OF HOUSEFLIES

Some Suggestion in Pamphlet Issued by the United States Government

Nobody has now any excuse for not knowing how dangerous a creature is the common housefly; as a carrier of disease his capacity for evil is next to unbounded. How best and surest to exterminate this filthy pest is told in detail in a pamphlet which the United States Government issues. Several suggestions for the destruction of houseflies are made. "Formaldehyde and sodium salicylate are the two best fly poisons; both are superior to arsenic." Directions for preparing and using the solutions are given, with the useful hint: "Any odor pleasing to man is offensive to the fly and will drive him away."

Suggested precautions are the spraying of oil of lavender and water in equal parts around the house; in the dining room, even upon the linen. "The odor is disagreeable to flies and refreshing to most people. Geranium, mignonette, heliotrope and white clover are offensive to flies; they especially dislike the odor of honeysuckle and hop blossoms. According to French scientists, flies have an intense hatred for the color blue and will stay out of a room decorated in that color. To clear the house of flies burn pyrethrum powder; this stupefies the flies, but they must be swept up and burned." Among other suggestions the value of borax scattered out of doors is urged. It should be scattered in a 10 per cent. solution and will neither injure manure heaps nor the farm stock. In every way and at all times everybody should do his share to exterminate the fly. Swat him by all means, but burn his carcass.

CONSTIPATED CHILDREN

Nothing will so quickly remove childhood constipation as will Baby's Own Tablets. They are a mild but thorough laxative; are pleasant to take; do not grip and never fail to regulate the stomach and bowels. Concerning them Mrs. Adolphe Noe, of Petite Lameque, Que., says:—"Baby's Own Tablets are the best remedy for constipation I know of and I would strongly recommend them to all mothers of little ones." The Tablets are sold by medicine dealers or by mail at 25 cents a box from the Dr. Williams' Medicine Co., Brockville, Ont.

STEAMER TAKEN OVER, By Courier Leased Wire Montreal, May 21.—Loading at Montreal is a big Russian steamer, one of a fleet of 13 ships taken over by the British Government in part payment of the debts repudiated by the Bolshevik Government. The commandeered steamer will add 130,000 tons to the shipping at the disposal of the Allies. Cole Footwear wins. Be lucky—enter the competitions on the 24th with a pair of Coles running shoes.

HUNS HAVE GOT ALL THEY WANT

Now Ready to Help Russia in Negotiations With Ukraine

ASK RUSS FRIENDSHIP

By Courier Leased Wire Moscow, Wednesday, May 15.—(By the Associated Press)—The German reply to the protest against German invasion of Russian territory as a violation of the Brest-Litovsk treaty sent to Berlin by Foreign Minister Tschitcher is most conciliatory. It says that the German rule in Ukraine and Finland is ended, and there is no need to carry out further aggressions. The note says that Germany will help Russia in the negotiations with the new nation and emphasizes the wish to maintain Russia's friendship. Germany's changed attitude, Nikolai Lenin, Bolshevik premier, told the Central executive committee yesterday was due to the international situation and to unexpected difficulties in Ukraine, but he cautioned the committee against undue optimism, saying that peace is insecure, as treaties are scraps of paper, and the soviet government must utilize to the utmost the respite offered by the temporary differences between the capitalist powers to strengthen its own position. He said that the present alignment may suddenly change and to-day's enemies may become friends tomorrow. He said that it was difficult to maintain neutrality for a country which had not the power to protect it.

The possibility of a German-Japanese understanding regarding the Far East is intimated. In this connection, The Izvestia, published this morning extracts from German papers, purporting to prove that this will eventually take place. The Vossische Zeitung says: "Events are now ripening in the Far East, which should give German politicians a clear hint. Japan and Germany are two world powers between which there is not the least conflict of interests, because Germany has no military interests in the Pacific. She wants only to satisfy her commercial interests in eastern Asia, and for many years will not create competition for Japan, but rather furnish her useful sources of income. Therefore, we do not doubt for a minute that these two powers will within a short time understand each other politically and cease pursuing each other because of the identity of their interests."

The Izvestia concluded, from German utterances, that Germany is supporting the Japanese expedition in Siberia independently of a possibility of an understanding between them, and says: "It is interesting to know whether the Allies will consider this circumstance, or whether they will further entertain for the creation of an anti-German front in the Far East with Japan's help."

BRITISH IMPROVE FLANDERS' LINES Take Thirty Prisoners and Six Machine Guns in Minor Operation By Courier Leased Wire London, May 21.—Northwest of Merville in Flanders salient the British improved their positions last night, the War Office announces. Thirty prisoners and six machine guns were taken by the British in this operation. A counter-attack on the new positions, launched this morning after a period of heavy shelling, was crushed by the British artillery and machine guns. The text of the statement says: "A successful local operation was carried out by troops of the Surrey battalion yesterday evening northwest of Merville. A re-entrant in our line in this sector was closed up and 30 prisoners and six machine guns were captured by us. Early this morning a hostile counter-attack on our positions delivered after a heavy bombardment was broken up by our artillery and machine gun fire. "We carried out a successful raid

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat less meat if you feel Back-achy or have Bladder trouble.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become over-worked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; makes a delightful, effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

CANADIAN TRADE SHOWS FALLING OFF

Decrease of Approximately Three Million Appears in April Figures

By Courier Leased Wire Ottawa, May 21.—A decrease of approximately three million dollars in Canada's trade for the month of April is shown by the monthly trade statement issued from the Customs Department. The grand total last month, the first month of the fiscal year, was \$151,318,149 while in April 1917, it was \$154,320,035. Imports last month, exclusive of coin and bullion were \$78,223,941 and domestic merchandise exported amounted to \$71,151,652. Corresponding figures for April 1917 were: Imports \$86,807,809 and exports \$65,145,449. Dutiable goods imported into Canada during April totalled \$44,593,023 and free goods, \$34,030,918. Last year during the same month, dutiable goods imported totalled \$44,780,538 and free goods, \$42,021,171. Duty collected last month amounted to \$13,837,227 as against \$13,875,485 in April 1917. A great increase in the export of agricultural products over April a year ago is shown. Last month domestic agricultural products to the amount of \$30,216,948 were exported, while a year ago these only totalled \$11,443,161 during April. Last month, however, there was a formidable decrease in the value of manufactured articles exported when compared with April 1917. Products of Canadian factories exported last month totalled \$23,693,925 while during April 1917 exports of this kind amounted to \$40,859,648.

Good Health

Impossible Without Good
Eyesight

Eye strains are the direct
cause of all sorts of nervous
disorders. Depression, insomnia,
indigestion and irritability are on-
ly a few of their bad effects.
Distressing headaches are one of
the most common symptoms.

Most people are unaware of
their eye troubles. We will
prove to your entire satisfaction
that you need glasses before you
are asked to buy them here.

Something to Think About

Those who are not too
busy to stop and think
once in a while, will find
in "Meditations of the
Quiet Hour" much sug-
gestive material for sober
and useful contemplation.

The Mail and Empire

John Edward Stobo
records his impressions of
things pertaining to the
serious and worthwhile
side of life in thoughtful
and illuminating essays ex-
ceedingly well written.
Such topics as religion,
and faith, and human
relationships never grow
old; they have a perennial
interest and charm which
expand greatly under the
vigorous pen of this ob-
serving and philosophic
writer.

The Mail and Empire costs
but \$4.00 a year by mail,
or \$5.00 delivered. Order
through dealer, local
paper or direct

County of Brant

NOTICE is hereby given, that
the sittings of the General Sessions
of the Peace and County Court in
and for the County of Brant, will be
held at the Court House in the City
of Brantford on
Tuesday, the eleventh day of June,
1918,

at the hour of one o'clock in the
afternoon, of which all Justices of
Peace, Coroners, Constables, Gaol-
ere and all others concerned are re-
quired to take notice and attend, to
do and perform all duties which ap-
ertain to them.

JOHN W. WESTBROOK,
Sheriff's Office, City of Brantford,
May 18th, 1918.

curtains; carpet; toilet set; oak
bed and small table; carpet; bed-
ding; springs and mattress; cur-
tains; single oak bed; springs and
mattress. Terms, Cash.

MISS J. L. PITCHER, Auctioneer

STOP PRICE INFLATION.

By Courier Leased Wire
Sydney, Australia, May 21.—(Via
Reuter's Ottawa Agency).—The
conference of state premiers has decided
to call the attention of the federal
government to the alleged practice
of selling goods which are in transit
from overseas, this resulting in in-
flation of prices. This conference
desires the federal government to
suppress or regulate this practice.

FAMINE TO AID ALLIES?

Grim Stories of Starvation and Cannibalism Come From Austria

By Courier Leased Wire
London, May 21.—"I feel con-
fident that the time is at hand when
famine—stark, medieval famine—
will join the Entente as a political
and military ally against Germany
and Austria," the correspondent of
The Daily Mail telegraphs from
Annemasse in France, near the
Swiss border. The correspondent
thinks and talks of nothing but
bread and their morales is so low
that the governments are fearful of
Bolshevik movements.

Among the incidents given in
support of the story of terrible
war is the case of two prisoners of
war employed at the gas works in
Vienna who, he declares, were mur-
dered by fellow workers, who ate
part of the bodies.

The Arbeiter Zeitung of Vienna
asked for an investigation, and the
entire issue was confiscated in con-
sequence. The affair was referred
to in parliament, but was hushed up
in the Vienna press.

The narrator said he and his
family had lived for weeks almost
entirely on mushrooms gathered in a
forest outside the town in which
he dwelt.

"People often faint in the streets
from hunger," he continued. "The
health of many is such that they
can hardly stand, to say nothing of
work, and things are getting worse
every day. Even the soldiers do
not have sufficient food. They are
not only sick of war, but thoroughly
apathetic regarding it. It is a
common sight to see soldiers beg-
ging for food. Everybody is con-
vinced that the expected food relief
from Ukraine is a mirage. Only a
few Prussian swindlers are seen.

The three succeeding months—
July and August—are yet to come.
Last year there was almost nothing
to eat in those months, but can-
cumbers and fruit. Typhus and
dysentery became epidemic. The
people are shuddering at the pros-
pects of these three months now."

As far as they care, the despatch
continues, the people leer at the
talk of smashing the British and
French and at the submarine cam-
paign, the result of which they see
has been to add America to their
enemies. Everyone made fun
of President Wilson at first, the
correspondent adds, but the people
are now clamoring their time and
are afraid that America is earned.

Camel, Dog, Horse Meat.
New York, May 21.—Camel meat,
dog meat and horse meat are being
eaten in Saxony by the poorer
classes, according to The Berliner
Tagblatt of April 17, a copy of
which has been received here.

The camel meat is being sold in
Zwickau and comes from the Me-
nagerie, which gave a show in the
Zwickau in March. The camels were
sold to a butcher because of lack of
fodder. The larger camels gave
from 300 to 400 pounds of meat.

Consumption of dog meat and
horse meat has increased greatly,
and the price also has gone up. Dog
meat sells for two marks 75 pen-
nigs a pound and horse meat at
one mark 80 pennigs a pound.

Between \$20,000 and \$25,000
damage was caused by fire which de-
stroyed the Sprengville Flax Com-
pany's plant.

TAX AMENDMENTS WERE FAVORED

Continued from page one

Labour Party, agreed with Ald Hur-
ley's statements, and thought the
motion should be carried out, step
by step. Personally he had had an
unjust experience under present
conditions. Mr. Bunnell's conten-
tions were indeed broad-minded.

Mr. Bunnell, as a member of the
Ontario Municipal Association, said
that he would make efforts to have
a discussion of the matter at the
next convention.

Mr. Ham, in reply to "the op-
position" argument that retailers
would be greatly affected, made
clear his claims. Only the unim-
proved properties should be more
heavily taxed.

Under proper management mun-
icipalities, Mr. Ham said in reply,
would expand, naturally the suburbs
remaining farms or market gardens
until needed for residences.

Mayor MacBride believed that the
new law would act as an incentive
to the workingman to build his
own home.

Mr. C. Cook, speaking on the
matter, believed the land tax a just
reform.

Mayor MacBride stated that
Brantford was on the eve of great
prosperity. Brantford needed al-
most 500 new homes. All that was
needed was an incentive to build.
He was heartily in favor of the
resolution.

HUN PLANES RESCUED.

By Courier Leased Wire
London, May 21.—Two Germa-
n airplanes of a new and large type,
which had been forced to land in
the North Sea, were rescued by
Swedish steamers, telegraphs the
correspondent at Copenhagen of the
Exchange Telegraph Company.
These presumably are the machines
mentioned in the British air report
as having been driven down in the
sea after the raid on London on
Sunday.

FOR HOME CONSUMPTION

By Courier Leased Wire
With the American Army in
France, Monday, May 20.—Accord-
ing to information obtained from a
captured German officer, the pub-
lished monthly figures of German
material losses are intended merely
for the people at home and for neu-
trals, and not accepted by German
aviators.

As an illustration of the German
methods, it is learned that a ma-
chine shot down within the German
lines, of which even only parts are
salvaged, is not counted as a loss.

RESORTS IN THE CANADIAN PACIFIC ROCKIES

Banff, Lake Louise, Field and
Glacier are in the heart of the Can-
adian Pacific Rockies and on the

row, steady; sheep, \$9.75 to \$14.75;
lambs, native \$13.25 to \$16.75.

RECORD PRODUCTION

By Courier Leased Wire
Ottawa, May 22.—Mr. F. Abra-
ham, honorary chairman of the vega-
nant lot and home garden section of
the Canada Food Board, estimates
that production from vacant lot and
back yard gardens this summer,
judging by the reports of increased
acreage now under cultivation, will
be two or three times in excess of
last year. Last year Canada pro-
duced between \$20,000,000 and
\$30,000,000 worth of garden truck.

RETURNED MEN DEAD.

By Courier Leased Wire
Winnipeg, May 21.—Sergeant W.
A. Cox, Private A. Holbrooke and
Staff Sergeant A. V. Jesson, return-
ed soldiers, are dead after drinking
food alcohol as a beverage. Hol-
brooke leaves a wife and seven chil-
dren, including a son on active ser-
vice. Jesson leaves a wife and child.

TORNADO IN KANSAS.

By Courier Leased Wire
Hayes, Kansas, May 21.—A tor-
nado sweeping over the northern
part of Ellis county this morning,
killed five persons and caused con-
siderable destruction of property.

MOHA WED DECISION.

By Courier Leased Wire
Racine, Wis., May 21.—Bob Moha
of Milwaukee was given a shade over
part of Ellis county this morning,
killed five persons and caused con-
siderable destruction of property.

THE SITUATION.

The allied forces are still waiting for the German blow, not with their eyes shut by any means, but with calm confidence that the offensive, although it will prove tremendous can be held.

Meanwhile the British have recorded a gain in the Lys area and have repulsed heavy local attacks. The German steel flyer which was to withstand all assaults has already been brought down by a French aviator. The machine was found to carry six machine guns operated by two gunners.

It is reported that Turkish troops at Aidin, Asia Minor, have mutilated. On top of that two thousand troops sent to quell the disturbers have now joined in with them.

W. F. COCKSHUTT AND THE RAILWAY SITUATION. Hansard thus reports the recent speech in the Dominion House of the member for Brantford on the above subject:

Mr. Cockshutt—At this late hour I have only a few observations to make and I shall try to confine myself to about fifteen minutes. I have taken a good deal of interest in the railway question and as I listened to my right hon. friend the Prime Minister (Sir Robert Borden) presenting the Canadian Northern Railway Bill, I felt that it was one of the most masterly expositions of the financial side of the railway question that I had ever heard in this House since I have had the honour of a seat in it.

The railway situation certainly does not present a rosy appearance. But, in the meantime we must view these things as they are and not as we would like to see them. Both political parties have gone very far astray on this railway business. A third transcontinental railway country for at least fifty years. But we went into it with our eyes open, or at least a large part of the people did.

The first election that I went into as a candidate for the House I won in opposition to the building of the Grand Trunk Pacific and the Transcontinental Railway. I got a very narrow majority, it is true, but I fought the election on the issue of a railway and I was able to say that it was opposed to this project from its inception. I looked upon it as a waste of money. But it went on and the country supposed proportions that were never dreamed of in those days. But, we cannot now go back upon it. We are involved in the expenditure, the money has been spent and we have to make the best of the situation. It has, to say the least of it, imposed a staggering, colossal indebtedness upon the people of Canada. The war is looked upon as a tremendous enterprise, and so it is, but my hon. friend from East Algoma (Mr. Nicholson) has shown that in order to nationalize the railways of Canada we would have to pay practically twice as much as we have spent in the war, or twice \$1,000,000,000. I think my hon. friend placed the total railway capitalization of the country at \$2,100,000,000. At present, that is within the mark. It will cost \$2,500,000,000 to take possession of all the railways in Canada and to provide for the indebtedness in connection therewith. One thing I give my hon. friend great credit for is the statement with regard to the financial position of the railways of Canada which he has placed on Hansard to-night. I think he must be a practical railway man. I have received a great deal of information from the splendid address which he has given. It stands out in striking contrast to the speech delivered from this side of the House by the hon. gentleman who preceded him. I think the statements placed upon Hansard by the hon. member for Springfield (Mr. Richardson) were the most lamentable I have heard made in this House on any great question. My main reason for rising to-night was to try and say a few words to combat what has been placed in Hansard by the hon. member for Springfield. If that hon. gentleman knew on-tenth as much about railways as he thinks he does I should not have spoken to-night, but I feel convinced that the bulk of what he has placed on Hansard will not bear inspection on the part of any business man as being a fair statement of the railway situation.

The Prime Minister has informed us that the Canadian Northern railway has a total liability of \$525,000,000. It is said to be worth according to the figures the Prime Minister gave us \$518,000,000; so that it should have a balance on the right side of about \$7,000,000. Of the two propositions the Canadian Northern and the Grand Trunk Pacific, the chances of the former paying are one hundred-fold better than the latter by my judgment. My hon. friend from East Algoma has shown that it has the lowest capitalization per mile of any railway upon this continent. That is something in its favour. Of course, it is not up to standard. We admit that. My hon. friend has submitted figures showing that \$60,000 per mile will bring it up to standard whereas up to the present it has cost about \$45,000 per mile. It is admitted by all who know

the railways of Canada that the best-placed railway, as far as the West is concerned, is the Canadian Northern with its branches. In saying that I am not saying anything disrespectful of the Canadian Pacific. The first speech I ever made in my public life was in favour of the building of the Canadian Pacific and carrying out the bargain that we had entered into at Confederation—because it must not be lost sight of that the Canadian Pacific was built to realize the promise made at Confederation that we should link up with British Columbia. That was a bargain just as much as the Intercolonial was a bargain with the people of the East and that must always be borne in mind. The hon. member for Springfield asserted that we paid far more out of the coffers of the Dominion than we should have paid for the Canadian Pacific. I am not going into that; it is ancient history. But I do agree with him in that, we have the finest transportation system in the world, bar none, in the Canadian Pacific. All honor to the men who put it through, all honor to the men who conceived the idea and successfully built that road, and all honor to the present management who are administering it with an efficiency that few railways in the world have attained.

But we have to face the position as we find it to-day, and the Canadian Northern Railway is being taken over by the Government. I know that my hon. friend is very impatient because the road is not already administered by the Government, or by some commission appointed by the Government. But we must wait a little, the value of the stock has still to be adjudicated upon in the courts. You cannot take possession until the price is settled—very well, or if not, the Government will be operating at a disadvantage and be liable to further trouble, taking possession of the road before the value is settled. We do know that \$50,000,000 of stock will not cost more than \$10,000,000—that is the limit set. Now there are a great many people who say, "That is all right, we need not have paid a dollar. There has been too much money put into that road already by the people, and therefore we should take possession of it without giving anything." I believe that the slightest advantage in the way of arbitrage—let us just appropriate that stock and take possession. That would be a high-handed piece of business, which, in my judgment, would not be at all right. I want to tell the members of the House that a railroad, the same as any other property, is always worth the amount it would fetch under the hammer, at any rate. We have in this country a tremendous railway in the Canadian Pacific. All honor to it, and all credit, as I have said, for the way it is managed. But I am here to speak as a member of this House, and believing that it speaks the feelings of the people of a large part of Canada from east to west and from north to south, after having put as much money into railways as we have done, we do not wish to see the whole of our Dominion placed in the hands of one railway company. That is what would have happened in Canada if the Canadian Northern Railway had gone under the hammer. There was only one possible buyer of that road in the Dominion and that was the Canadian Pacific Railway, who were anxious to buy it and would have obtained it, I believe, if that course had been taken. Then the people of Canada would have shouted, and they would have had a good right to shout, because, after having built three transcontinental lines we are not prepared to put them into the hands of one railway company and have no competition, after all the money that we have spent. Let that never be lost sight of—we could not afford to do that. Even if we lost money in taking the Canadian Northern Railway into our hands, I believe when the position is explained thoroughly to the people of Canada, they will say that the Government is right, and that we could not afford to let that system pass into the hands of the Canadian Pacific, as in my judgment, it would undoubtedly have done if it had gone under the hammer. Now that is a point that we should think ought to be thoroughly emphasized. We want railway competition in Canada, the West particularly is absolutely set upon competition, and that is the reason for my rising to-night. On certain occasions, at all events—why the Government has taken the course it has and is keeping the Canadian Northern Railway as a separate entity, either by the Government or by a commission. I myself believe that it is possible, even with the black outlook of the tremendous expenditure that has to be incurred in connection with the railway situation, to make the railways of Canada still pay a fair dividend upon all the money that has gone into them. It is a big proposition, but I believe it ultimately can be done. Let us look at the situation for a moment. My honorable friend (Mr. Nicholson) who has just spoken, has shown you that we are carrying freight, if I remember his figures, rightly, at three-quarters of a cent per ton per mile—I think that was his statement. Despite our rigorous climate, despite the tremendous force that we must exert in winter to run our railways at all, there is no country in the world—barring only the United States, and that country only in certain sections—that has as cheap freight rates as we have in the Dominion at the present time. That is something we ought to recognize, it is something to be proud of, and I think that the administration of our railways has shown that we are prepared to carry freight in a rigorous climate, where the temperature in the winter season goes down to twenty-five, forty and even fifty degrees below zero, and there are snowfalls anywhere from five to ten feet deep in our northern country that have to be pushed out of the way—and still in spite of all that we are carrying freight at an infinitesimal rate per mile as compared with the old countries of Europe that have as much population to the square mile as we have in a hundred square miles. We hear a great deal about the splendid administration of European railways. I have crossed the Atlantic nearly fifty times, and I have travelled on most of the

railways in Europe many and many a time, and there is not a country in the world, in my judgment, that carries passengers in as much comfort, and in as reasonable a way, as do the railways in the Dominion of Canada and in the United States. My honorable friend from Springfield (Mr. Richardson) told us that people travel at a quarter of a cent. I think it was, per mile in Germany. He has more knowledge of Germany than I have—if he can make that statement truthfully. I have travelled a great deal in Germany myself, I have visited that country five or ten times, and my experience was that not only did I not travel for a quarter of a cent per mile, but that it cost me a great deal more per mile to travel than it does on any of the railways of Canada that was my experience, and if there are any other gentlemen here who have travelled much I think they can state also that they have never travelled in any country in Europe as comfortable as the Canadian Northern gentleman has spoken of, it is absurd on the face of it. Nobody who has travelled in Europe can tell me that. People have even been able to buy railway tickets from Cook, Son & Co., who are supposed to have the lowest rates that any firm in Europe has, for travelling for any such price as the honorable member has spoken of.

OBITUARY

MRS. A. G. LEDLOW.

The death occurred yesterday morning of Mrs. A. G. Ledlow, wife of Mr. Ledlow, head of the local Assessment Department. The deceased was born at Mount Vernon, Brant County, 63 years ago, and was the daughter of Mathew Irwin of that place. Mr. and Mrs. Ledlow moved to Brantford thirteen years ago, where they have since lived, residing at 195 Murray street. Mrs. Ledlow was a devoted member of Alexandra Church, where she was associated with several ladies organizations. Besides her husband, two sons are left to mourn her loss, Charles and Austin, of Ludlow Brothers, of this city, who will have the sympathy of many friends in their bereavement. The funeral will take place tomorrow afternoon to Mount Hope Cemetery, from the family residence.

HAIIG GAVE HORSE TO WEARY PRIVATE

Walking While Tommy Rode. London, May 22.—During the British retreat before the German drive on the Somme, a British private, foot-sore and weary, struggled along a shell-torn road towards the rear. His horse of will was all that kept him from falling. For several days he had been marching, snatching a few hours of sleep when the opportunity presented. Sir Douglas Haig, commander of the British forces in France, rode past and noticed the tired soldier. Without a moment's hesitation General Haig dismounted, mounted the private's horse, and rode until he was supplied with a new mount. The story was told for the first time at a National Service meeting at Newmarket by Colonel Spooner, who was a witness to the incident.

AMENDMENT ACCEPTED

By Carrier Leased Wire. Washington, May 22.—With less than two minutes debate the threatened breach between President Wilson and the Senate disappeared today when by a viva voce vote an acceptable substitute was adopted in place of the Chamberlain resolution which the President contended was nothing less than a proposal to expunge the military affairs committee, a committee on the conduct of the war.

TEMPORARY DICTATOR

Stockholm, May 21.—Judge Svinhufvud has been nominated temporary dictator by the Finnish diet. Judge Svinhufvud was formerly president of the Finnish diet, being re-elected to that office on four occasions. In 1910 he defied the Russian Government and refused to submit to the Finnish diet. He was removed from the presidency in 1912 and later deported to Siberia by the Russian Government. His deportation aroused the Finns who, in 1915, deposed his return. He returned to Finland in 1917, during the invasion of Finland by the Germans he was active in Helsingfors and during the fighting in that city made his escape and was later reported in Berlin.

Manitoba will produce from four to five million more bushels of wheat than the average crop as a result of the "break more land" campaign.

The body of a Russian, apparently named Chuk, was found on the clothing, was picked up by a train crew west of Trois-Rivières.

ARE BANK CLERKS!

(Continued from Page 1.) signed it, and the man had not yet returned to work. Mr. Crothers told Hon. Charles Murphy that he had nothing new concerning the Winnipeg strike situation, but hoped to report favorably before long. Mr. McMaster said returned soldiers are being arrested in Montreal under the anti-loafing order-in-council and was told by the Minister of Justice that the enforcement of the order lay with the municipal and provincial authorities, whose attention should be called to this. Col. Currie in asking whether the Government had under consideration the modification of the order-in-council through which all young farmers are called upon to report for service, declared that members were receiving telegrams from all parts of the country asking that pressure be made on the Government. Apparently, he said, farmers think that the Government is contemplating such a move. Sir George Foster replied that he was at once an answer to the question could be given it would be announced to the House. He stated that the matter was under consideration. A bill to incorporate the United Canadian Insurance Company of Vancouver was reported and read a third time.

Margaret Garrett's Husband. BY JANE PHELPS.

Bob's business had been very prosperous and I could not understand why he wanted to branch out, go into something of which he knew nothing—or of which I thought he knew nothing. We still lived in the same apartment we had taken when first married, but Bob constantly talked of buying a home,—a suburban home. "The city is no place to raise two boys," he would say when we discussed the subject. They will soon be old enough to come and play and a boy who is cheated of the country misses so much." Often he seemed boyishly eager when talking of a country home, and finally I began to look upon the idea with more favor than I did when he first suggested it. "Just think Margaret!" he enthused, "we could have a tennis court, and if we couldn't have links of our own we could lease near some club where I could play occasionally. Then it would be nice for you."

I looked up quickly. Bob's tone had been elaborately casual. It was the first time he had hinted that I might like a home outside of New York. Before it always had been the boys he had considered. Bob was out a great deal at this time, but he always had an excuse. One I suppose he considered adequate. But often I was far from satisfied, and, as he talked of a country home, I wondered if he would be with me more than he was in town. I hated to leave father and mother, and I hardly knew what I should do without Elsie. Scarcely a day passed that I didn't see her; and her chatter about her children, her advice and assistance when I wanted to go shopping had become almost necessary to me. "If Bob had wanted to buy on Long Island I should not have hesitated so long, but he had seen a house over in Jersey that he claimed just suited him, and which he could get very cheaply, as the man who owned it was pressed for money."

"Where are you going?" I asked, although I knew how he hated to be questioned. "Down town," he replied, and that was all he would say. I tried to make him see that his attitude toward me was wrong; that I had a right to know all about where he went and what he did. But he either paid no attention, or answered me impatiently, giving me no information. He would not discuss his affairs with me at this time, absolutely refused to give me his confidence. He was nearly always courteous, as thoughtful of my comfort as ever; but he was indescribably remote. He appeared to listen to me, yet I knew he was not conscious of what I was saying. It seemed as if I would have been reared between us, and as far as mutual confidence went we were living on opposite sides of it. I talked to him constantly of it, I realized now that I must have worn him out with my importunities. But I did realize very keenly that something was wrong, even though I could not grasp what it was. Some day it seemed as if Bob no longer loved me,—he no longer made love to me, seldom kissed me unless I asked him—and that he grasped at every excuse to absent himself from home. Time and time again I accused him of not loving me any more, but he always put me off and tried to smooth things over. I was nervous, irritable, and questioned his every move. When I begged for his love, and hurg upon his neck weeping, he would become impatient, effeminate, though I could see he tried to restrain himself and because me of making his home unbearable because of my nagging him all the time to love me. To-morrow—Bob's Theory.

An infant's body was found beside the Grand Trunk tracks near Myrtle, ten miles north of Whitby.

PROTECT YOUR FURS AND WOOLENS WITH Moth Balls, Flake Camphor OR Lavender and Cedar Flakes. Buller Bros. CUT RATE STORE 116-118 Colborne Street

PLAY FOR CHARITY SAKE. By Carrier Leased Wire. Montreal, May 21.—Realizing the public attitude on the question, the Shamrock Lacrosse Club has decided to stay out of all commercialized sport for the remainder of the war. The club will engage only in matches for charitable and patriotic benefits.

M.S.A. DODGER SHOT. By Carrier Leased Wire. Moncton, N.B., May 21.—Lorezo Sawyer, the young Acadian, shot at Bucktouce by the Dominion police while resisting arrest as a deserter, was operated on to-day. Digging Sawyer out of a garret of his barn, where he had barricaded himself, armed with a double-barrelled shotgun, the police fired the trap door, putting a bullet from a 32-calibre revolver through Sawyer's body. Notwithstanding the seriousness of his wound, Sawyer escaped from an attic window in the darkness and ran two miles to the house of a friend, where he fell exhausted from loss of blood.

BLAZE IN VILLAGE. By Carrier Leased Wire. Careyvale, Sask., May 21.—Fire last night caused \$75,000 loss in the business portion of this village. Half and Jukes, Shannon's hardware and Muldoon's livery stable are sufferers.

LOCAL NEWS ITEMS

REPAIR FENCES.

The Water Commissioners have engaged a gang of men to fix the fences of the property recently purchased by the Dominion Steel Products Company.

ON WIRELESS SERVICE

Mr. Fred Moss, of the C. P. R. office staff left for Ottawa on Sunday where he offers his services as wireless operator. He was presented with a club bag from the office staff.

FOR SOCIAL SERVICE.

The Social Service League gratefully acknowledge receipt of the sum of \$20.00 for their work, being the amount of collection at the service on Sunday afternoon last of the I.O.O.F. at Zion Presbyterian Church.

COUNTY COUNCIL.

A special meeting of the County Council has been called for Thursday evening of this week, when the purchase of the toll roads, as ratified by the city council on Monday night will be considered. Representatives from the city will be present.

SPORTING SUPPLIES.

The N.C.O.'s and men of the C.O.K. acknowledge with thanks the gifts of a number of Brantfordites in the way of sporting goods, especially the football shoes and jerseys. Mr. J. H. Lidell is mainly responsible for the securing of the donations. As it is probable that the men will be taking up baseball they will be needing other goods in this line.

SECONDARY GIRLS MEET.

All the city churches having Girls' Secondary divisions were represented at last night's meeting at Colborne Street Methodist Church. Miss Stella Allen presided and read the scripture lesson, from the 23rd Psalm. Miss Knowles led the gathering in prayer. A demonstration was then made showing the characteristics of the organized and unorganized classes. The rest of the evening was spent in discussing the organized class movement. Miss Howden giving a fine address on the matter.

CONCERT GIVEN

Last evening at St. Andrew's church a very fine concert was put on. The affair was a very successful one, the audience being large and the encores many. The numbers on the program were: W. T. Millard, solo; Miss Berry, reading; Walter Carpenter, solo; Miss Underhill, solo; W. Darwin, violin solo; Mr. and Miss Harold, duet; Miss Underhill, solo; Miss Berry, reading; Mr. Harold, solo; Mr. Thos. Darwin was present and accompanied Mr. W. Darwin and Mr. Carpenter. He was welcomed by all, having been formerly organist at St. Andrew's. Great credit is due the new organist, Miss M. I. Leach, whom, after a few weeks' practice with the choir, gave pleasing numbers last night. Mr. Carpenter and Miss Underhill, both of Zion church, rendered pleasing solos.

BUILDING PERMIT

Guy E. Grummett, received a permit this morning for the erection of a brick dwelling estimated to cost \$1800, at 22 Richardson St.

ALL DAY GAME.

The local cricketers will celebrate the holiday with an all-day game, taking on the C.O.R. cricket team from Hamilton.

SWIMMING CLASSES

The Y. W. C. A. summer swimming classes commence to-night under the direction of Miss Cottle, who will direct the girls for the next two months.

AXLE BROKE.

A Ford car came to grief on George street this morning when an axle broke and tipped the occupants out. Outside of the broken axle and a few lost bearings no damage was done.

SAINTS BEAT HAMS.

St. Basil's defeated Ham and Nott's 9 to 8 in softball last night on the grounds of the Y. W. C. A. McCracken hit home runs for the winners and J. Legacy for the losers. Batteries—St. Basil's, D. Blatty and J. O'Neil; Ham and Nott's, J. Legacy and B. Pickering.

CATTLE THEVES AKEN

Two men named Thomson and Young were arrested in Hamilton last night charged with the theft of a number of cattle. The men were caught red-handed and showed fight, but were soon overcome. Both are known here, having appeared a short time ago in the county court charged with stealing cattle from John Lampkin. They were allowed to go on \$4,000 bail.

MOTOR TRUCK SMASHED.

Slippery pavements were responsible for an accident which occurred on Market street this morning, when a motor truck, the property of the Bell Telephone Company, struck an electric light pole, the latter being totally destroyed while the truck was also damaged. The driver and another occupant of the truck sustained severe shakings-up, the latter man being carried into the office of Dr. Marquis, where he received treatment. The accident occurred when the truck swerved in an endeavor to avoid collision with another motor vehicle.

MISSION TO LEPEERS

The monthly meeting of the mission to lepers was held Tuesday afternoon in the Y. W. C. A. club room. The meeting was presided over by the president, Mrs. W. H. Whitaker. After the singing of a hymn, Mrs. Whitaker led in prayer. (Rev.) Mrs. Logan gave a Bible reading on John 3, emphasizing the love of God to a lost world. Mrs. G. Whitaker followed with prayer for the work amongst the lepers. Mrs. G. W. Barker read an article on the treatment of leprosy. The attendance was sixteen and the offering \$2.25. The meeting closed with the Lord's Prayer.

THE GAME.

At Waterworks Park, Holmedale, last night, a very interesting game of football was witnessed by a fairly large crowd, between the ladies of Watson's factory and the privates of the 2nd Depot Bn. 2nd C.O.R. Throughout the first half of the game the ladies worked hard to penetrate the goal but failed to do so. The privates found the net twice, ending the first half with a score of Privates 2, Ladies 0. The second half was strenuous, the girls taking the offensive, and keeping steadily in touch with the ball, and were soon rewarded, with a clever piece of foot work, and a nice shot by Miss M. McDonald, which found the net. The game was again fast, and once more the ladies were successful in finding the net. The privates then gave way the defensive to the offensive, and once more found the opening. Stung with a reverse the ladies played hard, and with a clever piece of work, and a pretty shot from Miss M. McDonald, which again found the net. The final score standing 3-3. Mr. McDonald refereed.

FINAL PLANS FOR 24TH

The Industrial Recreation League is holding a final general meeting in connection with the Victoria Day celebration, at the Y. M. C. A. to-night.

TURNED DOWN.

At a meeting of Six Nations Council held yesterday the registration of labor on the Reserve was turned down. More will be heard of the matter.

POLICE COURT

Peter Vozcek was charged in the police court this morning with seduction. The case was laid over until Monday. Louise Collette, charged with vagrancy, was remanded one week.

OPEN TENNIS COURTS.

At a meeting of the Dufferin Lawn Tennis Club last night it was decided to throw the tennis courts of the club open to all interested in the sport, on Friday of this week, May 24th.

NO FIREWORKS

Chief Slemm calls attention to the by-law which prohibits the use of fireworks of any sort within the city limits. As the Chief claims, it is not only patriotic to observe the law from a good citizenship viewpoint, but also from the win-the-war stand to conserve.

FIRST SUMMER OUTING.

The "Radistars" of the Wellington St. Church had their first summer outing last evening, which was spent at the river side, near the Bell Homestead. A most enjoyable time was spent. Dr and Mrs. Henderson were present.

OBEY FOOD LAWS.

Instructions have been received by the police authorities from the Food Board, in regard to measures to be taken in regard to the latest food regulations. Chief Slemm asks the co-operation of the citizens of Brantford in the fulfillment of the laws regarding the restricted use of wheat, sugar and shortening in baking in private homes.

DISTINGUISHED SCHOLAR.

An old pupil of the Brantford Collegiate, William A. Cook, has distinguished himself at Victoria College. He has taken his degree, B.A., and won the gold medal. That course, also the Governor General's gold medal for the highest student in any honor course, and also for honor English of the fourth year. Besides this work he has had sole charge of the Eramasa Circuit, going to Toronto the beginning of the week and returning at the end to his circuit, and preaching at three different churches each Sunday. His parents reside in this city, at 203 Terraco Hill St.

FIRST ROUND WON FOR PROHIBITION

U. S. House of Representatives Would Forbid Food-stuffs for Liquor-Making

Washington, May 21.—Representative Randall of California won the first test of his fight for war-time prohibition in the House to-day. His amendment prohibiting the manufacture of beer and wine was adopted as part of the agricultural appropriation. It directs that no part of the \$6,100,000 appropriation therein for increasing food production and eliminating waste and promoting conservation of food shall be available for any purpose until the President shall have issued the proclamation authorized by the Food Control Act of August 16, 1917. This proclamation prohibited the use of foods, fruits, food materials or feeds in the production of malt or vinous liquors for beverage purposes. This was done in the Committee of the Whole, and opponents of prohibition say that it will be defeated in the House.

L'AID AT REST

S. SUDDABY. The remains of the late Samuel Suddaby, ex-elderman and faithful citizen, were laid tenderly to their last resting place in All Saints' cemetery, Mount Pleasant, on Monday afternoon. A private service was conducted at the home of the deceased, 128 Oxford street, the Rev. E. C. Jennings officiating. The public service was held at St. John's Anglican church, of which the deceased had been a devout member, and prominent citizens from every walk of life were present, the church being crowded to the doors. The address was delivered by Venerable Archbishop Mackenzie, who eloquently eulogized the sterling character of the deceased. Interment took place at the burial ground adjoining All Saints' Church, Mt. Pleasant. The pall bearers were Messrs. A. G. Olive, Wm. Glover, Fred Unger, Jas. Christie, Fred Trenwith and Thos Lamb. A wealth of beautiful floral tributes testified to the universal esteem in which the deceased was held.

PERSONAL

Miss Grace Van Every of Ypsilanti, Mich., has returned home after visiting friends and relatives in the city.

Miss Nora Hanna returned this morning from St. Luke's Hospital, New York, for her holidays.

Cadet C. S. Griffin of the Royal Air Force, Toronto, has returned to his duties after convalescing at his home "Whispering Pines," Erie Ave.

Mr. B. Dowling, of Toronto, is visiting at the home of his son, Mr. J. S. Dowling, 157 St. Paul's Ave., being present at Brantford to assist in the burial of his late-born friend, Mr. J. J. Cunningham, late Assistant General Freight Agent G. T. R. Railway. The late Mr. Cunningham and Mr. Dowling both worked on the Northwestern Railway of Ireland, and came to Canada in the pioneer railway days, and they and their families have been life-long friends.

PARIS WAS THREATENED BY AIR RAID

Violent Curtain of Fire Was Thrown up to Protect the French Capital

By Courier Leased Wire.

Paris, May 22.—German aircraft were seen early this morning making for Paris and a general alarm was sounded. The following announcement was given out: "Enemy aircraft having been reported by our outposts, posts making for Paris an alarm was given. The different methods of defense were put into operation. A violent curtain of fire within their own area our squadrons took the air."

Bulletin, Paris, May 22.—Artillery fighting of the most violent character occurred last night on the front southeast of Amiens, the war office announced.

Heavy artillery fighting took place also on the southern part of the battle front in the neighborhood of Fleumont, west of Meuse.

AERIAL ACTIVITY. Paulin, Paris, 22.—Official statement from the war office last night reads: "There were no infantry actions. The artillery was intermittently active south of the Somme, along the Meuse and in the Vosges."

"On May 19 our fighting pilots destroyed six German airplanes and mine other enemy machines fell within their lines severely damaged. That day and also on the night of May 19-20, twenty-five thousand kilograms of projectiles were dropped by our bombing machines on German positions in the Somme, in the Meuse, airdromes at Villedieu and Vieuxvillers and on railway stations at Peronne, Neale, Chaulnes and elsewhere. Large fires were kindled in Rebers. In addition to this on the same night machines attached to the Italian aviation corps, bombarded the railway station at Mont Cornet and the station at Villedieu, where great damage was done."

PRIMARY CLASS WAS ENTERTAINED

Kiddies of Wellington Street Sunday School Had a Gala Afternoon

The weather man did himself proud yesterday afternoon, when the teachers of the Primary Department at Wellington Street Church were at home to the kiddies from 4:15 until 6. The paragoness lawn presented a lively "moving picture," while seventy kiddies indulged in games and races in their own way. When they were summoned to supper in the primary class room, where the tables had been most artistically arranged, and simple but extremely light and satisfying refreshments were served. The primary class colors, green and white, were manifested in the decorations of fragrant lilies of the valley on all the tables.

At the close of the report Dr. Henderson asked the youngsters if they would like to tell the teachers that they had enjoyed themselves. The seventy voices lustily responded, "thanks!" Then Mr. Ranton, S. S. Superintendent, spoke briefly and asked them to sing "Praise Him, Praise Him," and the happy little motley closed with the National Anthem. Each child carried home a favor in the shape of a tiny basket and he carried, too, a warm feeling for his S. S. associations. The teachers in the Primary Department at Wellington Street are Mesdames W. F. Mihell, S. Bruce Wilson, Misses Carling, Hill, Ryerson, and Mrs. Devoil and Gombak, while Miss Jackson is the superintendent.

L'AID AT REST

S. SUDDABY. The remains of the late Samuel Suddaby, ex-elderman and faithful citizen, were laid tenderly to their last resting place in All Saints' cemetery, Mount Pleasant, on Monday afternoon. A private service was conducted at the home of the deceased, 128 Oxford street, the Rev. E. C. Jennings officiating. The public service was held at St. John's Anglican church, of which the deceased had been a devout member, and prominent citizens from every walk of life were present, the church being crowded to the doors. The address was delivered by Venerable Archbishop Mackenzie, who eloquently eulogized the sterling character of the deceased. Interment took place at the burial ground adjoining All Saints' Church, Mt. Pleasant. The pall bearers were Messrs. A. G. Olive, Wm. Glover, Fred Unger, Jas. Christie, Fred Trenwith and Thos Lamb. A wealth of beautiful floral tributes testified to the universal esteem in which the deceased was held.

J. J. CUNNINGHAM

The funeral of the late J. J. Cunningham, 128 Oxford street, took place from his late residence yesterday afternoon at 2:30, the services being conducted by Rev. Archdeacon Mackenzie of Grace Church, and Rev. Mr. Mills of St. James Anglican Church. Although the funeral was of a private nature, many of the late Mr. Cunningham's friends gathered to pay their last respects to his memory.

Many floral tributes were in evidence. Several of the officials of the Grand Trunk Railway came from Montreal, Toronto, Hamilton and Stratford, to pay their respects and to assist in the interment, as the late Mr. Cunningham was retired Assistant General Freight Agent of the G. T. R. with headquarters at Montreal, and was a very popular and highly respected high official of the railway.

The pallbearers assisting were the following G. T. R. officials: Mr. Frank Watson, Montreal; Mr. Geo. Peppal, Toronto; Mr. Reid, Toronto; Mr. R. E. Long, Hamilton; Mr. Reisman, city, and Mr. Jno. S. Dowling, city.

HOLLAND BOWS TO GERMANY

The Hague Government Shuts Up Its Ships in Dutch Ports

TONNAGE IS 400,000 United States Notifies Netherlands to Send Vessels if They Want Grain

The Hague, May 22.—The Dutch Government has prohibited the sailings of all Dutch steamships from Dutch ports. Sailing vessels and coastal fishing craft are expected from the ruling. Must Send Ships. Washington, May 22.—Holland has been notified by the United States Government that her request for three ships now in American ports to carry the balance of the grain promised her by President Wilson cannot be granted, and that to prevent further delay in the movement of the grain Dutch ships should be sent for it at once. The fact that this step had been taken became known to-day soon after the receipt of press despatches announcing that the Netherlands Government had prohibited the departure of Dutch vessels from its ports. Officials were at a loss to understand the meaning of Holland's action, though it was assumed that the attitude of Germany was responsible.

More than 400,000 tons of Dutch shipping are idle in Dutch ports, according to information in the possession of the State Department. It is from this fleet of tied-up tonnage that the War Trade Board holds the ships necessary to transport the grain that must be taken. Fifteen thousand tons of cereals are now at ports of embarkation for Holland, and by the time ships come for it there will be enough to make up the 25,000 tons promised. Holland has been warned that this supply cannot be maintained indefinitely.

Was Special Concession. The State Department pointed out to the Netherlands Government that as a special concession, to provide for urgent needs of that country, the War Trade Board permitted the departure from the United States of three ships with 34,000 tons of cereals on condition that replacing ships would be sent from Dutch ports simultaneously.

In addition to the grain from this country being accumulated at Atlantic ports, 50,000 tons are being concentrated at Argentine ports. It is understood Holland will be asked to send ships for this also. grain to Norway. Shipments of the grain rations promised Norway under the recent trade agreement are going forward. The War Trade Board has to date granted licenses for 15,000 tons of broad cereals to Norway and will soon have as much more ready for shipment, using up practically all of the Norwegian shipping still on this side of the Atlantic.

STEAMER REFLAGGED By Courier Leased Wire Halifax, May 22.—The Newfoundland coastal steamer, Ethel, which was ashore at Mistaken Point last year, was reflagged yesterday and is proceeding to St. Johns, Nfld., under her own steam.

HOME FROM FRANCE By Courier Leased Wire Halifax, May 22.—Captain Chas. W. Bishop of Toronto, national secretary of the Y. M. C. A., who has been overseas for four months, arrived in Halifax to-day. He was in Paris exactly two weeks ago.

GREBB WINNER. By Courier Leased Wire Pittsburgh, Pa., May 21.—Harry Grebb of Pittsburg won by a close margin here last night in his ten-round bout with Soldier Bartfield of Brooklyn, N.Y.

GOVERNMENT WINS IN TITLES DEBATE

Premier Borden's Firm Attitude Swung House to His Support

Ottawa, May 21.—With the public galleries packed and amid scenes of excitement, the House concluded the debate on titles a few minutes before midnight. The end came after an announcement by the Prime Minister, which, no doubt, had its effect on the division. There had been question whether an adverse vote on a sub-amendment submitted by the Prime Minister would be regarded as a vote of non-confidence. On this point, Sir Robert made his position clear. "It," he declared, "the House does not propose to accept the choice which I have asked them frankly, and with much respect, to make. I should consider it relieved from my duty of carrying on any longer the Government of this country, and I should ask His Excellency the Governor-General to seek other advisers. It seems to me that a somewhat peculiar course has been pursued by some Hon. Gentlemen on this side of the House in enquiring of the Leader of the Opposition as to whether or not this motion was to be treated as a motion of want of confidence. In my understanding, of the course which is pursued on such occasions, I have always understood that the Leader of the Government should be asked with regard to that. And I cannot quite understand the reason why there should have been resort to my Hon. Friend on the other side of the House (Sir Wilfrid Laurier) to learn how I should regard a motion of this kind. However, the course has been taken, and it is entirely in the judgment of the House to decide what course they intend to pursue in the matter. So far as I am concerned, my course is absolutely clear and open.

The Prime Minister's sub-amendment was carried on this division: For, 104; against, 71; majority for 33.

Messrs. Foster, Fielding and Nickle voted in the negative. Mr. Richardson did not vote. TOTAL ECLIPSE OF SUN COMING Portion of U. S. Will be in Darkness on June 8 Next

Denver, Col., May 21.—The total eclipse of the sun forecasted to occur on June 8 has been postponed for one hour. This is not the result of any error in the calculations of the astronomers, nor is it due to an order by modern Joshua that the sun stand still, but is chargeable to the operations of the daylight saving law, as a result of which the clocks throughout the United States were set forward an hour on March 31. In consequence the eclipse will begin at 4:12 p.m. and will become total at 5:22 p.m., will pass from totality at 5:24 p.m., and will end at 5:27. The same variation in the hours of the eclipse will prevail throughout the length of the fifty-mile belt, extending from the southeastern corner of Washington State to the coast of Florida, in which the total eclipse will be visible. This change in hours will not affect the astronomers, however, as their clocks still are adjusted to standard sun time.

Scientists Preparing. Preparations for observing the eclipse, the first total eclipse of the sun visible in the United States since 1900 and the last until 1922, are going ahead rapidly at the University of Denver observatory, where astronomers from Yerkes observatory will make their observations. Prof. Edwin B. Frost for the Yerkes observatory at Green Bay, Wis., recently notified Dean Herbert A. Howe, head of the department of astronomy of the University of Denver, that several shipments of specially prepared instruments are en route. Prof. Frost is expected here in the middle of May to begin installing this equipment.

One of the principal pieces of apparatus is a special spectroscope to be attached to the 21-inch telescope at the Denver observatory with which to photograph the corona. Opportunity to photograph the corona is afforded only during a total eclipse and astronomers are greatly interested in the result of this work as affording opportunity to study the composition of this great outer belt of luminous gases which surround the sun. Photographs also will be taken of the sky in the region of the sun in search of any stray comet and also of the mythical planet Vulcan, which some astronomers have asserted has its orbit so close to the sun that it can be seen only during the eclipse. The existence of such a planet is doubted by most astronomers.

and a dust bath should be provided also. If more than one hatch is being taken off, clean out and disinfect the nest after each hatch and put in new sod and fresh litter. Dust the hen with insect powder before putting her on the nest and again a day or two before leaving the nests with the chickens. It is a good plan to put into the dust bath a little dry sulphur or ground tobacco. Be sure also that the house is free from mites. These little pests get into the cracks and corners of the building and at night, as the hens are resting, they come out of their hiding place, get on the hen's body and do not take any many of them to make a hen so uneasy that she cannot sit. In some cases the mites become so troublesome that they actually worry the hens to death. Clean out the house and thoroughly sweep, not forgetting the windows, walls and ceiling. When this is all swept out clean, use a garden hose or a stiff brush and hot water. See that everything in the cracks and crevices is washed out. After this is done allow the house to dry for a while and if everything then appears to be clean, use a good disinfectant, and be sure that the solution is forced by the spray or brush, right into the cracks and crevices. If the mites are bad, use boiling hot water followed by coal oil and a liquid lice killer or lice paint. Be sure that this goes into the cracks and crevices and when you have gone over your house thoroughly according to the above treatment, in all probability the mites will be exterminated. It is advisable in the course of three or four days again to inspect for any mites and perhaps to repeat the dose once more.

OGILVIE LOCHEAD & CO.

Prof. Mulveney ANSWERS Telephone Call

Hello! Is that Prof. Mulveney, Parkdale 4830. Yes, lady. Is Prof. Mulveney there? Yes; Prof. Mulveney is speaking. Have you a worm remedy for children? Yes. Could you tell me, if I brought my little girl down, if she had worms? No, lady, I cannot tell by looking at children if they have worms? You can't? No, madam. Couldn't you tell me if I told you all the symptoms? No, madam. My remedy, called Mothers' Friend, expels worms, is an excellent Tonic and Builder, good for the Nerves, and is an excellent medicine for Regulating the Bowels; it brings away all filth and small intestinal Worms, is perfectly harmless, and can be given to the smallest infant without fear of doing harm. A lady who is living on Shaw street got a bottle of this medicine for her baby 2 years old. She said she had no peace with this child night or day for 4 months; the doctor was calling regularly and did not help the child in the least; the little one took a bad spell and was choking, the mother opened its mouth and pulled out a stomach worm that was strangling the child. She rushed over to me and brought the child, also the worm, which measured 3 inches long, with her. She purchased a bottle of Mothers' Friend, and the second dose brought away 17 more. She was horrified at the sight, and brought the worms to me, which I have here in a bottle in my office, and many others from other happy mothers. So if you think it a good investment to try Mothers' Friend, it is \$1.00 per bottle, and is for postage in the city, and 20c extra for postage outside Toronto. Now, you understand, it is not necessary to waste car fare bringing you here, as I do not practice medicine, and have only the one expert for sick children which expels worms if they are there, and has cured many cases of St. Vitus' Dance and Convulsions, also Fits, Callus and Ossington Ave. (formerly Dundas St.), Toronto. Mothers' Friend in powder form (each package makes 20c medicine) for \$1.00; no danger of breaking and no cost for sending. Just send \$1.00.

BLAZE IN AIRPLANE PLANT. By Courier Leased Wire. San Francisco, May 21.—Fifteen airplanes in various stages of construction and a considerable quantity of dried spruce and Irish linen were reported destroyed here today in a fire which swept the plant of the Fowler Aeroplane Corporation.

MISS DURACK BEST OF SEX Australian Girl Swimmer Holds World's Records Up to One Mile

MEETS AMERICANS

Three Hundred Races in the Various Countries And is Not Yet Beaten

New York, May 22.—International sport competition temporarily curtailed by the world war, will arrive in this country early next month of Miss Fanny Durack, Australia's famous woman swimmer, the holder of almost all the world's female aquatic records. Miss Durack will depart at San Francisco within a few weeks and after a short rest and training period proceed to meet the leading American women swimmers in a series of races and exhibition matches, which will undoubtedly prove a great stimulus for water sports and contests among the women of this country.

No greater exponent of woman's ability to conquer the water and make it the stage for interesting exhibitions of skill, competition and pastime could be named than Miss Durack, and no better site for her American debut selected in the open swimming courses and maturoiums of the Pacific coast. This will be the first visit to the United States of this undefeated swimmer, who holds every woman's world championship from 50 yards to one mile for which she has competed.

Marvelous Girl Swimmers. It only is within recent years that girls and women have come into prominence as swimmers, and to this coterie of national stars California has contributed no small number. There are scores of girls who are separated from these honors by a few seconds or fractions thereof. A few years ago, the difficult swimmer across the Golden Gate and around the Seal Rocks, just outside the entrance to San Francisco harbor were considered feats which only men would dare to undertake. The announcement that girls are to make these swims craves at greater no more than a ripple of interest, other than as to whether or not the existing time records may be broken.

Much of the success is ascribed to the fact that the present day girl swimmer no longer is hampered by the heavy clinging skirt which the conventions of the past demanded. So far as the bathing beaches of California are concerned, the skirt has become the exception rather than the rule.

With the arrival of Miss Durack an unusual amount of interest attaches as to the showing the American girl swimmers will make against her in actual competition. While there are but few who believe that the product of this country will be able to prevail against the Australian champion. It generally is recognized that the comparison of actual time figures on paper are often set at naught in the physical test. The fact that Miss Durack will be subjected to long sea voyages and will swim in strange waters may mitigate against her, although the hope is expressed that she will be at her best.

Miss Durack is Queen.

The competition does not afford much consolation to American swimmers and swimming enthusiasts. It opens up a unique possibility, that of Miss Durack bettering all these marks and returning to Australia with many, if not all, of the American records, for which she competes, to her credit. This may be possible by reason of the fact that the cities in which Miss Durack is to appear are applying to the Amateur Athletic Union for permission to hold the various races for the American championship in those distances.

Miss Durack, who is of French-Irish parentage, is 28 years old. As a small child she was nearly drowned on one occasion, but the experience failed to inculcate in her the fear for water, and she soon was swimming in school championships. She has competed in more than 300 races against the world's best swimmers and has not yet experienced defeat. She has toured England, Scotland, Sweden, New Zealand and Australia.

Besides being a world's champion in the water, Miss Durack is one of the best all-round women athletes in Australia. She plays an excellent game of tennis, and when at school was captain of the basketball team. She is a graceful dancer as well as being considered an authority on track and field sports.

DYNAMITE OUTRAGE.

By Courier Leased Wire. Quebec, May 21.—A dynamite outrage has been committed in the small parish of Lotbiniere, about 40 miles above Quebec. The fence, mail box and gates of the house of Camille Morand were demolished by the explosion. It is alleged the Military Service Act had something to do with the dynamiting. No one was hurt.

To The Editor of The Courier

AID KELLY REPLIES.

To the Editor. Pressure of civic business has prevented me replying ere this to Mr. W. F. Cockshutt's letter of the 10th inst.

Mr. Cockshutt seems to have taken my resolution and remarks as an effort to "teach him his duty" and asks that I either prove my statements or retract same. Most certainly I shall be most happy to apologize to Mr. Cockshutt if either the resolution or any remarks pertinent thereto have been construed as reflecting on Mr. Cockshutt in any way.

There have been so many "twists and turns" in connection with the "concessions, grants and special privileges" given by the Government to the Toronto and Niagara Power Companies in recent times that even such a clever man as Mr. Cockshutt might easily get confused, and by the same token, it is not to be wondered at that a "wedge" man might get somewhat "mixed" in his dates.

However, we are all "seekers after knowledge" and if Mr. Cockshutt will assume the role of the "Moses" to lead us out of the wilderness, he will do a service worthy of one in his exalted station.

It was Edward Bellam who coined the title "Looking Backward," and we'll just fit the occasion. So therefore, in looking backward, we find that in 1902 a company known as The Toronto and Niagara Power Company obtained a special act from Parliament, which gave them extraordinary rights over the highways of certain municipalities. The name of William Mackenzie, senior partner of "Bill and Dan" was attached to this charter. It must have looked like "the edge of a wedge" even then, because the records show that there was quite a debate on the question when the House was in committee on the Bill. Does Mr. Cockshutt remember this? His name does not appear as having taken any part in the debate. Possibly he has some good explanation. When we hear it, we will have acquired so much more "knowledge."

Shortly after this a right of way 100 feet wide for a transmission line was purchased by the same company from Niagara Falls to Toronto—at least the deeds were in the name of The Toronto and Niagara Power Company. Then the "nigger in the fence" appeared. It seems that before any towers were built, adopted the recommendations of the Dayton-Ackworth report. That was a well reasoned, logical summary of the actual condition of Canadian Railways by men who were not provided a plan for their operation free from political influences. Then there would have been no need for any charter renewals "the boys" and the people would own absolutely what they have so abundantly paid for in grants, subsidies, bond guarantees and special privileges.

In the meantime, the municipalities are "keeping everlastingly at it" in their efforts to have the Dominion Railway Act so amended as to protect the rights of municipalities against all companies and if Mr. Cockshutt is not aware of it, he is not in as close touch with these affairs as one would reasonably expect. Further than that, it may be well to remind all our M. P.'s from Ontario that this Province is pledged both morally and financially to the principle of Public Ownership of the Hydro Electric Industry and that it is no longer necessary to grant "Special Acts" to private companies for development purposes. The people themselves own Hydro and the municipalities are quite a considerable stake in the enterprise. As to its success, well, it's about the only item we know of that is selling to-day at about the same price as before the war. With this in mind, is it any wonder that a mere Alderman with "limited knowledge" should get somewhat excited when he reads of Mr. Cockshutt supporting a renewal of the above charter?

Thanking you for your space, I am, yours very truly, A. J. J. Kelly.

WOMEN PRISONERS ESCAPED.

By Courier Leased Wire. Toronto, May 21.—Stealing the acting matron's keys during the absence of the lady superintendent at Toronto jail on Sunday afternoon, three women prisoners after breaking one lock and opening "the doors" which let them into the court yard, made a successful getaway by jumping over a fifteen foot brick wall and another high fence by using a ladder, two tables and a stool. One, Martha Berryman, was later picked up at the home of a friend in Weston, but the two other women, Frances Fletcher and Mabel Summerville, are still at large. It is alleged by other prisoners that they made their getaway secure the Fletcher woman stole some drugs which were under lock and key, which she administered Marjorie Dese, another prisoner, held on a charge of manslaughter.

R. S. C. ANNUAL MEETING.

Ottawa, Ont., May 21.—The annual meeting of the Royal Society of Canada, opened at the Chateau Laurier this morning. 55 fellows of the society registering by noon. The greater part of the morning was given to business preliminaries by the four different sections, viz: French literature and history; English literature and history; mathematical, physical and chemical science and geological and biological science. The different sections re-assembled this afternoon and various papers were read.

TROOP TRAIN WRECKED.

By Courier Leased Wire. Toronto, Ont., Ark., May 21.—Troop train No. 551, northbound, was wrecked near Garland City, Ark., today, the engine and four coaches being overturned. The engineer and fireman are reported to have been killed and sixteen or more seriously injured.

A warning to feel tired before exertion is not advised—it is a sign that the system lacks vitality, and needs the tonic effect of Hood's Sarsaparilla. Sufferers should not delay. Get rid of that tired feeling by beginning to take Hood's Sarsaparilla today.

Second Battle Went to Leafs

Was Decided in Much the Same Way as the First

Toronto, May 22.—The old adage, "Try, try again," evidently was also meant for those other humans who dream down fat salaries for disporting in the ball parks. Evidently some friend of Manager Howley's whispered these soft words of encouragement in his ear, for yesterday afternoon in the second game of the series with Baltimore, Daniel led his tribe out against the Birds as if nothing had happened the day before. The Leafs plunged into the conflict chuck full of confidence, and, sticking close to the motto which Howley kept breathing at them, they finally slipped the quickie to Dunn and his crew to the tune of 10 to 4.

Jack Dunn must have felt that a southpaw was bad medicine for the local bats, especially on the showing against Worrell in the first game, so he sent Herbert to the mound. Howley still relied on his right-handers and as it was also Ladies' Day and the fair fans must needs have some entertainment besides the ball game, he chose "Bugs" Hershe to do the pitching. It was the first appearance of the former Royal on the mound here this season, but, instead of providing comedy for the fair sex, "Bugs" found his time so occupied up to the last half of the eighth that he was forced to stick close to his knitting and forego the social hour.

Syracuse, May 21.—The Syracuse Stars defeated Jersey City here today by a score of 2 to 1 in ten innings. A long sacrifice fly to left in the last inning by Davis, captain of the Syracuse team, allowed W. Irving to score. Heck pitched for the winners and struck out ten men. Capt. Davis, who has been drafted and who left the team to-

Reds Hit Ball in Boston Game

Every Player Got a Safety, With Six of Them Being Bunched

Cincinnati, O., May 21.—Every man on the Cincinnati team got a hit off Nehf today and six of them were bunched in the second inning, when the Reds put over seven runs, assisted by a costly error by Rawlings. Bressler was hit freely, but kept Boston's drives fairly well scattered. Sherwood Magee, after being called out at the plate by Umpire Moran in the fifth inning, engaged in an argument with that official, and was ejected from the field. Score: Cincinnati, 10; Boston, 3.

R. H. E. Batters—Nehf and Wilson; Henry Bressler and H. Smith. At Chicago.—Chicago's great pitching, poor base-running by Cleveland and Krueger's double and Olson's single enabled Brooklyn to shut out the locals 1 to 0 today, making it two straight. Score: Brooklyn, 1; Chicago, 0.

R. H. E. Batters—Barnes and McCarty; Ames and Snyder.

RAILWAYMAN LOSES JOB.

Washington, May 21.—C. W. Huntington of New York has been removed by Director-General McAdoe as president of the Virginian railway for disobedience of the railroad administration's orders for maintenance and improvement of his road. J. H. Young of Norfolk, Va., has been appointed federal director of the road. The Virginian is a coal carrying road running from Deepwater, W. Va., to Norfolk, Va. Huntington is the first railroad president to be removed by Director-General McAdoe, but it was hinted today at railroad administration headquarters that similar action might be taken against other executives, who do not co-operate well with the federal management.

RED SOX STOPPED BY CLEVELAND

Boston Scored Five Runs in Fifth and Then Were Beaten

Boston, May 21.—Boston's winning streak was stopped today, Cleveland winning 6 to 5. The winning run was scored in the eighth on Miller's triple to left and Chapman's sacrifice fly to Strunk in deep centre. Enzmann held Boston to one hit until the fifth, when four hits and two bases on balls yielded five runs. Combe pitched the last four innings and shut out Boston. Score: Cleveland, 6; Boston, 5.

R. H. E. Batters—Enzmann, Combe and O'Neill; Leonard and Schank. At Washington.—With two out in the ninth inning, Shaw forced home a base on balls to left and gave St. Louis a 4-to-3 victory over Washington here today in the second game of the series. The score: St. Louis, 4; Washington, 3.

R. H. E. Batters—Gallia and Nunamaker; Shaw and Amsmith.

ENTIRE FAMILY IS GRATEFUL FOR IT

Friends Say They Never Saw Such a Change in Anybody as Tanlac Made in Mrs. Spruit

"I tell you what, the way Tanlac has built me up and brought me out is the talk of the neighborhood and my friends all tell me they never saw such a wonderful change in anybody before," said Mrs. Martha Spruit, of 236 Runnymede Road, Toronto, the other day.

"My troubles began over two years ago," she continued, "when I had such a serious breakdown that I had to be taken to the hospital, and I was there seven weeks undergoing treatment, but couldn't get back my strength. In fact I was in such an awful fix that they took me home, and unless my friends had been expected to see the end at any time, and they even prepared my daughter for the worst by telling her I could never pull through. I lay flat on my back for six weeks, and was so weak and listless that I could hardly lift my hand, and my nurse had to feed me like I was a helpless baby. After a while I managed to get up out of bed, but I was still too weak and rundown to do anything but drag myself around unable to wash a plate. I didn't have a bit of appetite, and for two or three days at a time could force down nothing more than a slice of bread. My nerves were in such a wretched condition that the ringing of the door bell or a spoon dropping on the floor would startle me so much that I wouldn't be able to speak for several minutes, and I was so restless my friends said they had to hold me down to keep me from side to side and felt like the night would never end.

"In this miserable condition I was trying everything that would start me up a hill, but nothing did me any good. Finally, after hearing so much about the good Tanlac was doing I decided to try it, and positively, before I had finished my first bottle I felt so much improved that it wasn't long before my neighbors were telling me how much better I was looking. My appetite has grown so I can eat and relish most anything I want and my food is giving me the strength and energy I need. My nerves have quieted down so I now sleep all night like a baby and get up in the mornings rested and refreshed. I am getting stronger and better every day and all the members of my family feel so grateful for what Tanlac has done for me that we are boasting it all the time."

Tanlac is sold in Brantford by Robertson's Drug Store, in Paris by Apps L.L. in Mt. Vernon by A. Yeomans, in Middleport by William Peattie, in Onondaga by Neil McPhadden.

COUNCIL BLOCKS TAX

By Courier-Express Wire. Montreal, May 22.—The proposal of the new civic administrative commission to raise a revenue of \$2,745,000 to help out the municipal treasury has been blocked by the city council. The council has been before the court since the city's affairs this year, and it will probably give them a good deal of hard thinking to evolve another scheme to get the money they had figured on in connection with this special tax on realty.

ORIENTAL TREATY SIGNED

By Courier-Express Wire. Peking, Friday, May 17.—By the Associated Press—China and Japan have signed the treaty, concluded after negotiations lasting several days concerning the military operations to be conducted jointly by these two countries in Siberia. The treaty also contains clauses dealing with other matters, the details of which are not made public.

EVERYBODY NEEDS PURE, RICH BLOOD

Pure blood enables the stomach, liver and other digestive organs to do their work properly. Without it they are sluggish, there is loss of appetite, sometimes faintness, a deranged state of the intestines, and, in general, all the symptoms of dyspepsia.

Pure blood is required by every organ of the body for the proper performance of its functions.

Hood's Sarsaparilla makes pure blood, and this is why it is so successful in the treatment of so many diseases and ailments. Its acts directly on the blood, ridding it of scrofulous and other humors. It is a peculiar combination of blood-purifying, nerve-toning, strength-giving substances. Get it today.

Rippling Rhymes

By Walt Mason.
FOUR YEARS AGO.
Four years ago the red god Mars was resting, drowsy, on his throne; and so we talked of chocolate cars, and small beer gossip was our own. Then trifling things important seemed, and twaddle was our stock in trade; reformers of the country screamed—you will recall the noise they made. Bridge whist employed the lazy dames at country clubs throughout the land; and stories of the baseball games at eventide were in demand. Would Jinks be chosen county clerk, or would he run against defeat? Discussing this our laws, we'd work for hours together on the street. Would Willard get the dingie's goat? That was one theme of long ago. Were girls entitled to vote, or should they stay at home and sew? Those neighbors used to come at night and talk with me of many things; and we would whoop around and fight o'er cabbage and cats and kings. But since the war flags were unfurled and battle eagles raised their scream, it seems we're in another world; the old time planet was a dream. The country clubs are drear and bare, no rights from their porches rise; the girls no longer gather there, to see who gets the booby prize. And men have learned to think grave thoughts, and let the beer and skittles fly to plan how they may hand some swats, by sacrifices, to the foe.

STOCKS IN STORE.

By Courier Leased Wire
Port Arthur, Ont., May 21.—The statements of stocks in store in the port terminal elevators at Port Arthur and Port William at the last of May, with receipts and shipments during the week follow:
In store: Wheat, 848,039; oats, 4,475,108; barley, 862,841; flax, 60,113.
Receipts: Wheat, 298,013; oats, 686,462; barley, 107,491; flax, 20,031.
Shipments: Wheat 490,681; oats, 1,940,374; barley, 289,839; and flax, 4,5754.

FIGHT OVER FOE LINES.

By Courier Leased Wire
New York, May 21.—As evidence that the British have obtained mastery of the air in France the British Pictorial Service made public to-day a cablegram from the British Ministry of Information saying that 90 per cent. of combats in which British airplanes are now engaged take place entirely over the German line. "It is further stated that documentary evidence shows that among the German casualties 22 German regimental commanders, corresponding in rank to the British brigadier-general, have been killed in action.

BATHQUAKE FELT.

By Courier Leased Wire
San Diego, May 21.—La Serena, capital of the province of Coquimbo, was shaken severely to-day by earthquakes. A large number of buildings are reported to have been destroyed.
Saparito, Chile, May 21.—It is reported here that there was loss of life in the earthquake yesterday at La Serena, where a large number of buildings were damaged. Fire started in the centre of the town, causing further loss. The shock was felt to a less extent in neighboring villages.

MORE CALLED UP.

By Courier Leased Wire
Washington, May 21.—Estimates to-day by Major-General Crowder indicate that probably three-quarters of a million men will be obtained for the army by the registration on June 5 of all youths who have attained twenty-one years of age since June 5 last.
Fully a million youths, according to General Crowder's estimate, will be registered. At least one-fourth of them, he thinks, will be exempted on various grounds.
