NUMBER 119

## KENTVILLE NEWS

Commissioner Richards of the Salvation Army will be at Kentville on June 5th.

The Parrsboro Leader says Prof. and Mrs. Saxby Blair of Kentville, have been guests of Mayor and Mrs. Spicer, on their way home from Sackville.

The "Romance of Elaine" will be shown at the Nickel Theatre tonight and Wednesday night. Also "The Greater Courage," a three part Essenaay Wednesday and Pathe's British Gazette.

Mrs. Nixon and family wife of Commander Nixon of Halifax arrived in Kentville yesterday and will occupy their residence purchased from Mr. J. D. Warren.

Mr. and Mrs. Forrest Harvey of Boston, Mass., are visiting in Kentville guests of Mr. and Mrs. R. B. Walsh. From here they will go to Cape Breton on a visit to the latter's former home.

Mr. and Mrs. Arthur S. Harris of Pittsburg, Mass., arrived from St. John on Saturday and will visit friends and relatives in Kentville, Wolfville and Cornwallis. They expect to proceed to Sydney to visit their son Mr. Hay Harris.

The War Cry announces that Lieut. Lucy Bramley has been gazetted "Captain" at Kentville. Capt. Bramley is to be congratulated on her appointment and we feel sure she will prove an efficient officer and perform excellent work during the big military camp at Aldershot.

A subscriber in Winnipeg writes us May 15th: "I cannot tell you how much I enjoy receiving the Advertiser, it keeps me in touch with the doings of your town and the many friends I made while spending several months in Kentville."

It is a handsome car, is covered with open sides, and carries from 10 to 12 passengers. This car can be adjusted readily by folding up the seats so that it can be used as a delivery wagon for any material that would not injure its appearance. It will prove a most useful and profitable car.

**U. S. POULTRY FENCE  
THE ACME OF POULTRY  
FENCES**

Built on miniature scale of farm fence interwoven with parallel wires and hinge joints so it stretches to posts straight, even and nice without buckling, bagging or sagging.

It's so stiff and satisfactory, it does not require top rail and base board or so many posts as old style netting.

Guaranteed 5 to 6 times as strong and at least 100 per cent better in every way. All parallel wires are of even length and all mesh of uniform size. They can't be otherwise the way it's made.

Made in heights from 12 to 72 inches. Galvanized before or after weaving. Put up in 150 foot rolls.

It's the strongest, cheapest, most sightly and best fence for the purpose yet invented.

Do not purchase poultry netting or fencing until you have seen our U. S. Poultry Fencing.

**T. P. Calkin & Co.**  
Hardware and Plumbing.

**LETTER FROM EBENEZAR DICKEY.**

**Badly Wounded and in Hospital**  
G. Ward,  
Norfolk War Hospital,  
Thorpe, Norwich, Eng.

Dear Mother:  
This is written with my left hand, I should worry. Was wounded at St. Eloi on April 27th at about midnight just after being relieved from outpost where trenches used to be but are all blown to Hell now, were coming across the open when shell caught four out of five of us killing two. It is Hell around St. Eloi. The Cliff Hill 60 and Ypres where the Canadians lost very heavy. The Germans gassed all along the front for 3 nights just after I got clear but with little effect as it blew back 3000 yards into their own trenches in places. Come from where I was wounded about half a mile on left arm and left leg just bandaged my right arm before starting then met some boys who cut my pant leg off and fixed it some, then on a trench mat and on a trolley to First Aid at Vermeille from there to Decabisch in ambulance to dressing station, thence in ambulance to Poperinge for a couple of days. I had my leg operated on there and some German junk taken out; thence in train to Bologna, Miss McLatchey, matron of No 3 Canadian General Hospital and Dr. Burgess, both of Kings County, left there May 3rd and came here via Dover. Have a couple of nasty wounds in right fore arm which makes hand quite useless for a month or two, ha, ha, one through right thigh, one under right knee which will hinder walking for a while, ha, ha, ha, and a stripe on my left buttock.

Best wishes to all and accept my apology for writing with my left hand, ha, ha, will write and tell you about the country as soon as I can get out and see it.  
Your loving son,  
Ebenezar.

**ARTILLERY DUELS OF GREAT INTENSITY**

Geneva, May 8—via Paris—Reports from Innsbruck indicate that the heaviest fighting of the war between the Italians and Austrians during this year is in progress in the region of Rovereto and the Sugana Valley, while there is every evidence that the Austrians have begun a general offensive against the Italians from the Alps to the Adriatic. A large number of bodies of Austrian soldiers killed during the fighting are said to be floating down the river Adige.

The Austrians have brought several batteries of their heaviest guns from Germany and have installed them near Gorizia and Montefalco, where the staff of Archduke Frederick has arrived. The Austrians are also rushing troops from Innsbruck into the region of Trent.

Swiss troops on the frontier report that the Austrian positions on the Adamello range have recently been greatly strengthened and that the artillery duels are increasing in intensity.

**Death of Cape Breton Soldier.**

Sydney, N. S.—Private Donald Pringle, of the 155th Battalion, died last evening in the Glace Bay General Hospital. He was a son of Dr Pringle and was barely twenty years of age. Pneumonia following measles was the cause of death.

**For All Occasions**

White woman as the sage affirms,  
Has brains behind her forehead.  
She needs but two descriptive terms—  
"Cute" and "horrid."  
—Kansas City Journal.

Brigadier-General Marchand, of Fashoda fame, has been killed in action, according to the Exchange Telegraph Company, from Paris.

**Two Battalions Took the Hill From Germans.**

British Headquarters in France, May 19—It develops that the action of the battalions of the Loyal North Lancashires and the Lancashire Fusiliers on the 15th was a singularly brilliant attack and gained a strategic point, the crest of the redoubtable Vimy ridge, the possession of which means the command of the plain of Lens.

Since the British took over this section from the French in the early stage of the battle of Verdun, the Germans had been holding stubbornly the vantage of the higher ground, and inflicting heavy casualties on the British. After a successful explosion of mines, just after dark the Lancashires, who are made up largely of cotton operatives from Manchester, rushed from their trenches to the lips of the craters.

Every detail in the program of the operation, from the putting of machine guns out of action, bringing up sand bags with which to build new breastworks, and defending the position by means of bombs, was carried out successfully. Morning found the Lancashires thoroughly entrenched against a retaliatory German bombardment and had connected their old line by communicating trenches six feet deep. Slight casualties were the cost of the night's success. The value of the ground gained is not to be judged by the 360 yards of front taken, but by the fact that the Lancashires are no longer on the downside of the slope, with the Germans above them.

**Reported Huns Are Beginning to Feel Pinch of Blockade.**

London.—A news agency despatch from Copenhagen sends to German newspapers the statement that the German Government has ordered reindeer, goats, storks, crows, starlings and sparrows to be killed for food.

The Socialist Leipziger Volks Zeitung has been suppressed for a week, it is said for a libellous attack on the Government, accusing it of mismanagement of the food supply.

Munich papers say that Minister Hans Delbrueck, the German Imperial Vice-Chancellor, has been invited to resign owing to his failure in the organization of the food supplies.

The Daily Chronicle says:—"All the news from Germany indicates that the British blockade is likely to prove a decisive factor in the war. The economic pinch has become intolerably severe. The masses of the population are half starved, particularly in the towns. Even the middle classes and the rich are suffering greatly.

"Confirmation of this state of affairs is not only to be gleaned from the German press despite the censorship, but neutral visitors to that country all bring back the same story of an unfulfilled population, stagnant industry, universal war weariness and desperate yearning for peace.

"Diplomats in Berlin have begged to be allowed to import their own food. Some of them have to get milk for their children especially from Denmark and Holland. Rich women are taking their children to Holland to get enough milk for them.

"Other signs that the country is in extremis are; the recent failure of Berlin bread rationing the big advance in the price of potatoes, although the ration is grotesquely insufficient showing the critical shortage; huge jumps in the price of beef, veal and mutton and above all the approaching exhaustion of all edible fats, including butter, margarine, lard and every sort of oil and fat."

A St. John's despatch says that the possibility of the acquisition of the French colony of St. Pierre by Newfoundland is being discussed in official circles as a result of conditions arising out of the European conflict.

**THE REAL TRAGEDY**

The war is teaching us a great lesson in the value of things. A spectator at a military parade the other day was grieving over the sight of hundreds of young men in the very prime and heyday of life being gathered together to make mere food for war, but he was soon corrected by companions, and given another point of view with such emphasis and directness as would tend to make the lesson an unforgettable one. The sight of men giving themselves up at a time like this to save and safeguard all that we hold dear in the life of nations and peoples is not the tragic sight; to see men to whom these things are mere names, for which they will do and give nothing—that is the real tragedy among us. The saddest sight that can be seen in this Canada of ours today is that of young men going about their sports and pleasures just as usual, as if all those best and highest things for which their fathers have struggled throughout many centuries were not in the direst peril and jeopardy.—Ex.

**Turks Reinforced by Huns Trying to Regain Positions.**

LONDON, May 16—A despatch to the Daily Chronicle from Petrograd says:—The Turks in Asia Minor are making hard fight to ward off the consequences of the loss of Erzerum and Trebizond and, if possible, to recover their position. They have reinforced and rearranged their troops and received from their Austro-German allies approximately a division of infantry and a brigade of cavalry, besides artillery, aeroplanes and motor cars. The new Turkish base is at Kharput on the Upper Euphrates, 100 miles South of Erzerum, by difficult mountain roads.

The chief efforts of the Ottoman commanders are directed to breaking the Russian centre at Ashkafch, midway between Erzerum and Erzincan, and so clearing the road to Rizeh and Erzerum. After a fortnight's heavy fighting and that at the cost of great losses, they have succeeded in slightly pushing back the Russians at a few points but this considerable gain in the centre is outweighed by growing Russian success on the flanks.

The Turkish force, engaged at Kut, is said to have been despatched Northward to resist the Russian advance on Bagdad, but the movements of General Corraine's and General Baratoff's forces are strictly coordinated and the struggle for Bagdad seems about to enter a new and interesting phase.

**"Let Me Live On"**

Let me live on! I only ask to live  
Until the war be ended, and I see  
What is the Verdict that the Heavens give  
To Wrong and Fraud and Force and Treachery.

I would outlast this strife  
'twere but an hour;  
I would see Belgium righted and repaid;  
I would see gallant France  
in queenly power,  
And little Serbia free and unafraid.

And storied Italy regain her coasts  
And mighty Russia seated on the sea;  
And martyred Montenegro's murdered hosts  
Give back their sons a larger Liberty;

And I would know that Poland breathed anew,  
Her ancient glory granted her again,  
And my dear England greater than she knew,  
And my dead son one hero of the slain.

—H. B. in the London Times

Minard's Liniment Lumberman's Friends.

**Haines Bros. PIANOS**

We would like to show you.  
Sold by J. R. WEBSTER  
Kentville, N. S.

**Get Real Tire Economy!**

Motoring is two things—a pleasure and a business. One might say it was used sixty per cent. for entertainment and forty per cent. for commercial purposes. Yet no matter whether you use your car to get orders or cases, your greatest economy will be the reduced cost of mileage.

No accident ever befel an automobile but what the tires were found to play a part in it. And no accident ever was created but what the tires had a say in that too.

If you will drive fast,  
If you will make those sudden stops  
If the city will water splash,  
If rain will make muddy roads;

Why then—the possibility of skidding will always be with you, unless you figure on those elements of danger when you buy your tires. When you think of how to avoid danger in motoring you immediately think of . . . . .

DUNLOP TRACTION TREAD.

## The Plants at Walkerville—your guarantee of QUALITY and Quick Service

Studebaker ideals of quality and the GREAT Studebaker plants at Walkerville—these are your guarantees of quality in Studebaker cars. And especially, the Walkerville plants. For they represent one of the most complete automobile manufacturing plants that any country knows—a guarantee not only of quality but of Quick Service.

This new SERIES 17 Studebaker FOUR is the supreme effort of these great factories backed by all of Studebaker's resources. Dollar for dollar of the price, it gives more real, actual VALUE than any other 4-cylinder car on the market—FORTY horse power—room for SEVEN—112-inch wheelbase—34 x 4 tires—upholstery of the finest leather—DIVIDED front seats—and scores of other Studebaker refinements that set this new Studebaker in the very forefront of the market.

No man can safely invest a dollar in a car until he knows what Studebaker, one of the industry's leaders, offers. And we urge every man to see this SERIES 17 FOUR—the biggest value that is "Made in Canada."

### EDMONTON'S MILK

Dairying and Mixed Farming in the Immediate Neighborhood of City.

Under a headline running wholly across the top of a page the Edmonton Bulletin announces that the city is assured of an adequate milk supply for a time. Since the shortage of a year ago about 500 milch cows have been imported from Eastern Canada, and the dairies are now distributing about 45,000 pounds of milk a day. In the summer the farmers and dairymen receive \$2 per 100 pounds and in the winter \$2.40 per 100 pounds for their output. The farmers around Calgary are said to average twenty cents less. The Edmonton consumer gets 7 1/2 quarts for a dollar, or 12 quarts if he takes four quarts daily. There is careful inspection as to quality and condition at Edmonton, and Calgary is calling for tenders for a municipal milk depot.

The Edmonton City Dairy Company alone handles 25,000 pounds of milk a day and has branches at Camrose, Leduc, Millet, Ponoka, Wetaskiwin, Strone, Fort Saskatchewan, Hoider, Tofteld, Mannville, Morinville, and Bawlf. It buys and sells eggs by the thousand dozen and will shortly be producing 2,000,000 pounds

of butter a year from its new plant. In the Edmonton district as in other parts of Canada the dairy and poultry industries are assuming extensive proportions, and there is a great deal of room still for them to grow before they catch up with the expanding requirements of a rapidly increasing population. Millions of dollars still go abroad to foreign countries for dairy, poultry, and live stock products that should find its way into the pockets of Canadian farmers. As the West fills up with industrial centres the Canadian agriculturist will find an ever-growing demand for the products of intensive mixed farming.

**Meat Packing Industry**

The municipality of Calgary will probably purchase sixty acres of land adjoining the city limits, and exploit a comprehensive scheme looking to the development of the meat packing industry. The city has taken an option on the land at \$300,000. The idea originated with President Negilus of the United Farmers of Alberta, and has been taken up with enthusiasm by the city council and the officials of the three railroads running into Calgary.

Geo. Barr will erect plant for the manufacture of sand bricks in Estevan, Sask.

### View Revised

A handsomely dressed damsel entered a crowded tramcar. A rough-looking old fellow, wearing a dilapidated hat and a suit of homespun, rose to his feet.

Miss, take my seat, don't look as well as these 'ere gentlemen, he said, nodding to several men, but I've got more politeness.

Without a word of thanks the young woman sat down.

Miss, said the old fellow, with a smile. I believe I left my tobacco-pouch on the seat. Will you please get it?

No sooner was the seat unoccupied than the old fellow deliberately sat down again.

Believe I'll keep sittin' here miss, he explained. I've got a little more politeness than these 'ere gentlemen, but I have found out that I ain't got nigh so much common sense.

### Sticky Fly Paper

Mix equal parts by measure of melted rosin and castor oil. Stir until thoroughly mixed, which will take only a minute. While yet a little warm, spread thin and evenly on any strong paper that is not porous—old letters, catalogue covers, etc. Spread with a case knife or any straight-edged instrument slightly warmed. Leave a narrow border to handle with.

### A Good Time to Wear Them.

An Irishman's wife had the misfortune to break her eye-glasses. Pat was at the town, so he bought her a brand-new pair. When he got home his "better-half" tried them on, and exclaimed—"Pat, these are about the best glasses I ever looked through with me two eyes."

"How's that?" said Pat. Well, everything I see looks like two or three."

"Shure, then, wear them on Saturdays when I give you the pay," said Pat.

### A Great Ayrshire Calf.

Truro News: A visitor to the Government Farm at Bible Hill and a call on Wm Retson, their herdsman, would reveal the fact that quite recently there has been brought to this institution the most expensive dairy calf ever brought into the province of Nova Scotia. This animal was purchased in the State of Vermont, and is from the celebrated "Jean Armour's" strain. It was personally selected by Prin. Cumming and P. Blanchard, two of the best dairy experts in the Maritime Provinces, and cost at 4 months old the modest sum of \$750.00. It has long been the aim of the above named gentlemen to secure the very best which could be procured in the world, and they think they have eminently succeeded.

The cow "Jean Armour" is the greatest living Ayrshire cow making a world's record for production of milk and butter. The amount of milk being 29,800 lbs and butter 962 within the twelve months. She has produced a daughter which has also made a world's record as a 3-year-old, and is in a fair way to beat her celebrated dam; so that in the purchase of this animal is combined not only past but present production. It takes a good deal of courage to spend so much money on a calf, but apart altogether from any returns which the purchasers may have for themselves the good which may accrue to the country cannot be estimated. We congratulate them on their purchase.

### Fewer Hogs in Canada

That there has been a 50 per cent decrease in the number of hogs in Canada during the past two years alone is the opinion expressed by R. E. Wilson, with headquarters at Ottawa. Mr. Wilson recently said:

"Both hogs and cattle have greatly decreased in all Canada during the past two years. Hogs have dropped off much more than cattle, but there has been a great decrease in both. I venture to say that 50 per cent is not too great a figure with reference to hogs.

"The reason? It was because of the poor crops in the western prairie provinces up till last year. But the bottom has been reached and passed, and at the present time hogs are increasing in number.

"The high prices and the big crop of 1915, together with the abundance of feed for hogs and cattle and horses, has caused the farmer to go back into the business on a larger scale.

"The Dominion Government is doing all in its power to add to the impetus and is accomplishing a great deal. Hogs, of course, are more easily replaced than cattle and it is that industry which will first show the results of the propaganda now on.

"The aim of the Government is to work strenuously at this time with a view to making the increase which is bound to come as a result of the present conditions come with the introduction of a better quality animal than Canada has ever had before.

### Britain Modifies Blockade

Cable despatches from London announce that through the efforts of John D. Rockefeller, Jr., and the Rockefeller foundation, and for the sake of the starving of Poland, the British government has so far modified its food blockade as to permit German ships flying a neutral flag to carry foodstuffs to 3,000,000 starving Poles until Oct. 1.

Germany, upon her part, has already agreed to contribute 15,000,000 marks for the purchase of this food, and she has engaged to feed the 12,000,000 more persons of Poland and Russia now governed by her military staff. In addition, she gives the ships that will carry the food from New York and other ports to Danzig, on the Baltic.

KENTVILLE, MAY 23rd, 1916.

POLITICAL CONVENTIONS

At a Conservative convention held at Guysboro Duncan S. Chisholm of Musgrave and Dr. John Bell of New Glasgow were selected as candidates.

Yarmouth Conservatives have nominated Howard E. Corning, M. P. P., and J. O. Dion. West Eburnico as their standard bearer and the Liberals have named Hon. E. H. Armstrong and a winning mate from the French district.

Felix M. Gaudet of Weymouth and W. K. Tibbert, Bear River, are the Conservative candidates for Digby.

LIBERAL CONVENTION AT KENTVILLE

H. H. Wickwire, M. P. P., and Charles A. Campbell. Nominated.

On Saturday last the Liberal Convention for selecting representatives to contest Kings Co. was held at the Court House in Kentville. Although the day was fine the gathering was very small and many districts were entirely unrepresented.

The meeting was fairly enthusiastic and harmonious, for the number in attendance. But a large number present were those who were profiting out of the Local Government, and the patronage they are able to distribute in road commissions and other offices.

Dr. Covert being provided for there was only the discussion as to whether Mr. Campbell would be appointed as Mr. Wickwire's running mate, or the desire of the western end of the County to have Warden Morse for a candidate.

The choice easily fell to Messrs. Wickwire and Campbell and they accepted the nomination in speeches which were well applauded.

Notwithstanding the unworthy record of the Murray Administration Mr. Wickwire held the leader up to his hearers as a worthy saint and Mr. Tanner, a man of no ability or worthy character.

The people of Kings will see to it that no one from Kings County will be elected to maintain in office a decrepit extravagant and corrupt Government which has long outlined its usefulness.

"NOMINATED TWICE."

"Liberals of Hants Frightened at Strength of Tory Candidates."

What is wrong with the Liberals of Hants County?

Some months ago they met in convention and nominated Dr. Reid, M. P. P., of Windsor, and Mr. Burchell Fulmer, of Shubenacadie.

Tuesday of this week they again met, at Kennetcook, and nominated the same two men.

It is said the second convention was held because of the great strength of the two Conservative candidates, Albert Parsons and H. W. Sangster, that some Liberals thought they had better seek 2 stronger men than the two chosen, but none being in sight, or willing to sacrifice, the first nominees were ordered to run.—Truro Citizen.

Congratulations to Alberta P. Craig, B. A., daughter of Rev. John Craig, Caledonia, N. S., upon receiving the degree of M. A. conferred upon her by Mount Allison University, Sackville, N. B. Miss Cragg is at present the guest of Mr. and Mrs. J. D. Grant, 817 Mulvey Avenue, Winnipeg, Manitoba.

Good Pasture to Let—Room for 6 or 7 dry cows. Arthur McDonald, Steam Mill. sw 31

MILITARY NOTES

Major J. L. Regan, C. A. P. C., Assistant Chief Paymaster, Canadian Pay Office, London, has been transferred overseas as Temporary Paymaster at the Canadian Overseas Base.

Wallace Logan, son of H. J. Logan, who, after spending some months at Kentville sanatorium, went west for the benefit of his health, has made a complete recovery and is returning east to enlist in one of our Maritime regiments. He left Edmonton this week and is now en route for his home.—Amherst News.

The arrival on Monday of the Kentville and Middleton detachment of the 112th concentrates the Regiment here in full strength. In fact it is considerably over-strength there being in all fourteen hundred men under canvas on the old historic camping ground of Port Edward.

Wednesday afternoon the Battalion paraded making a splendid showing. The men marched in companies in charge of their respective officers. A Company, Capt. Judd, B. Major Seely, C. Major Mulock, D. Major Parker.

Colonel Tremain, Officer Commanding and Major Bremner, Adjutant, rode side by side and the Assistant Adjutant, Lieut. Probert, also mounted, accompanied the company at the rear. The route led from the Camp down Gerrish Street along Water and Albert Street up Grey Street and out Gerrish and King Streets into the rural districts about three miles and then back to the Drill Hall. As the men marched along Water Street where the pavement back a hollow sound the regularity of the step was particularly noticeable.

Everybody is hoping that this splendid body of men will remain in Windsor all summer. In any event it must be a matter of pride to every citizen of Hants County that Colonel Tremain has, with the assistance of his splendid officers, succeeded in recruiting and organizing so effectively such a fine looking body of brave men for overseas service.

It is also a matter for congratulation that Windsor will have the honor and the privilege even if only for a brief season, of entertaining the gallant men of the 112th Battalion, who in all their glorious over-strength have enlisted for so noble a cause as the defence of King and Country.—Windsor Tribune.

FROM THE FRONT

In a letter addressed to his wife Sgt. A. Johns writes some interesting things:

1st—There is quite a lot of heavy scapping now, and if Hell is worse than some of the scenes here it must be bad.

2nd—Old Fritz has made several attempts on our front lately but they get it in the neck every time.

3rd—John Nowlin got wounded in the forehead and the bullet tore a piece of bone out, and his steel helmet was the only thing that saved him, John is a great lad, and he certainly has great stuff in him. He will get all right and will have rest in England.

4th—We had quite a few casualties this time but it is all in the game, and we must take it as it comes. It seems to me that our Country was in greater peril than we thought, and it is up to us to save it for the present generations.

5th—A fellow takes a different view of life over here, and realizes that there is a God who is able to protect us from all harm.

This message coming from the Front from Sgt. Johns will be welcome news to all his many friends in Kentville, and Lakeville.

Mr. C. A. Campbell of Port Williams who was selected a Liberal candidate on Tuesday.

Parliament Prorogued

Ottawa, May 18—Parliament prorogued at 4.30 this afternoon. It did so with little fuss or ceremony, Sir Charles Fitzpatrick, as deputy governor-general, officiating in the absence of H. R. H. the Duke of Connaught, absent, in Montreal. There was no last minute flurry in the senate, as has been the case at the close of the two preceding sessions, the upper chamber having finished its work last night. The commons had also disposed of particularly every item on the sessional programme, which was fated to receive consideration, and put in its time until the hour of prorogation discussing the report of the pensions committee and hearing a number of suggestions for economy in government printing from the committee. Both reports were accepted. That of the pensions committee, which suggests an upward revision in the rates to be paid in the lower ranks, has not been embodied in legislation this session for the reason that it is desired to allow the pensions board, which the government will appoint shortly, to apply the test of practical experience first. The new scale can be brought into effect under the war measures act.

At the opening of the sitting Sir Robert Borden announced that the bill providing for the extension of the term of the present Canadian parliament until Oct. 1917, had been introduced in the British parliament on May 3. He also presented a report of the Canadian army dental service, remarking that Canada had been the second country in the world to add this useful branch to its organization. Germany was the first.

PREPARING FOR ALDERSHOT CAMP.

The management of the Nicklet Theatre have made extensive arrangements for the entertainment of troops who will visit town from Aldershot. A large stock company will open a week's engagement beginning probably on Monday 29th May. The present picture programme will give way to a variety show when the very best vaudeville acts and the select in motion pictures will be offered for public approval.

Nothing will be left undone to make our shows the equal of "Acker's" or the "Strand" of Halifax.

The musical part of the programme is being looked after particularly—a good orchestra is already formed and a permanent male quartette will be features of the bills.

Fell From Cliff Near Parrsboro And Was Instantly Killed

Parrsboro, May 20—A man named Frederick Harding, belonging to Kings County, and employed by the lightkeeper at Isle Haute, was instantly killed at that place this morning by falling from a cliff. The remains were brought to Advocate Harbor, where an inquest will be held.

**THE GRAY-DORT**  
The Car that has captured Canada

THE GRAY-DORT—The wonderful car that was chosen from the entire American Market as the car best suited to the needs of the Canadian business man and farmer. The powerful car, enthusiastically sought by the automobile agents from every part of Canada, as the car most worthy of the backing of their name and experience. The car that within three days completely out-did the capacity of the factory for many months ahead—an unprecedented achievement.

WOLFVILLE NEWS.

Mr. A. H. Hatfield has been visiting at Parrsboro.

Mrs. Charlotte Murray has returned from Halifax and is visiting in her former home.

Mr. and Mrs. T. L. Harvey were in Halifax at the week-end guests at the Birchdale.

For Sale—A good working horse, also fair driver, 12 years old, 1300 lbs. C. F. Elderkin, Wolfville, N. S.

Mrs. Harvey while at Sackville was the guest of Mrs. A. W. Bennett.

Sir Frederic Fraser and family of Halifax have rented Prof. Haley's dwelling and moved here for the summer.

Rev. F. H. Beals, organizer of the Temperance Alliance went to Kentville and Canard on Saturday.

Miss Jennie Welton, who has been studying for her M. A. at Acadia has returned to Kings-ton.

The orchards will likely be in bloom for the closing exercises at Acadia and no better time could be taken to visit the Valley.

Mrs. Clarkson and daughter, who have been on a trip to Florida returned a week ago having been much impressed by the

On May 3rd Miss Margaret Timlin White, daughter of Mrs. J. G. Coulter White was married at Summerland, B. C., to Walter M. Wright.

Mrs. Bernasconi and children of Sydney have been visiting her parents, Mr. and Mrs. S. E. Crawley.

Rev. G. O. Gates went to St. John last week and was there the guest of Mr. C. W. Brown. He preached in Germain Street Baptist Church on Sunday.

James K. Curry died at Butte, Montana, recently as the result of a fall. His wife Florence, who survives is a sister of Fenton B. Harris and Mrs. Margaret Armstrong of Wolfville. He leaves five children.

At a business meeting of Germain Street Baptist Church St. John, a call was unanimously extended to the Rev. Sheldon S. Poole, B. A., now of Middleton N. S., to succeed to the Rev. F. S. Porter, who recently resigned the pastorate to accept a chaplaincy in the 104th Battalion.

On Friday morning last at the chapel exercises of Acadia University, Pte. Herman L. Porter and Pte. Harrison F. Lewis, both of Acadia members of the Junior Class, and now of the 112th Battalion, were awarded their literary A's for work done in the literary department. This is one of the highest honors given to undergraduates of the University, and has been awarded on only five occasions in previous years. — Yarmouth Light.

The town is coming out in all its spring loveliness and putting on its best apparel for the Commencement Exercises at Acadia. Already several graduating recitals in music have been held and commencing Sunday with the Baccalaureate sermon the rest of the week will be well filled with the various exercises of the different institutions. The graduating exercises will be most interesting though the war has quite depleted the classes.

Wolfville has reason to compliment Manager Graham of the D. A. R. for his desire to clean up and beautify the spots in towns along the D. A. R. and near the depot. Mr. Graham had quite a long conference with Mayor Fitch and President J. E. Hales of the Board of Trade at the dinner he gave to the journalists at Acadia Villa Hotel and our Wolfville representatives found that Manager Graham had a keen eye and had noticed all the unsightly places east and west of the station. As a result of the talk rubbish will be covered up and sand pits levelled and the plot south of the station will be fenced and some trees planted by the D. A. R. If the town will care for the same and have pretty shrubbery placed in it.

No Talking Machine Can Face This Test

Place beside the artist's voice the Edison Re-Creation of it—listen to them both and decide if they can be told apart. This test, the tone test, has been faced by the New Edison (and the New Edison only), over a hundred times and over a hundred newspaper critics (we'll furnish their statements) confessed publicly they could not tell the difference.

The new Edison is not a talking machine. It's the world's greatest musical instrument. Test it yourself. You've heard good singers—you know how the living voice of a world famed singer should sound.

Come to-morrow and hear Julia Heurich, Anna Case, Marie Rappold, Thomas Chalmers, Jacques Urlus—Metropolitan Opera Stars singing through the New Edison. You'll enjoy an hour and realize how Edison has fulfilled his greatest ambition, the perfect recreation of the human voice.
