

The North Star.

CHATHAM, N. B. Sept. 24, '81
J. P. COLLINS, EDITOR

TWO PICTURES.

This is what the great Edmund Burke says of the duty of a Representative. We want Mr. Snowball and his friends to read it:—
"It is the duty of your Parliamentary representative to sacrifice his repose and his pleasures to yours, and above all, to PREFER IN ALL CASES OUR INTEREST TO HIS OWN."

THE VISIT OF THE MINISTERS.

Some of our Grit friends seem to be very much troubled about the proposed visit of the Ministers. After the great Blake fiasco they feared the effect of the proposed reply by the able and popular leaders of public opinion in the Maritime Provinces, Sir Leonard Tilley and Sir Charles Tupper. The foolish challenge of our Representative, that he would meet the Ministers and take them about with him, was another source of alarm. A week ago, we, to draw them out, intimated that the proposed visit would be postponed till next year. This had the desired effect. The Grits all at once became cheerful. They thought the delay would give them a breathing time, and that before the next season would arrive, the challenge would be forgotten.

Now, the Ministers intend to speak and answer Blake's charges wherever we wish. They have already done so in St. John, Fredericton, Woodstock, etc., in Prince Edward Island, in part of Nova Scotia. They have yet to speak in Albert, Westmorland, in Halifax and Chatham. It may be that where they get through with their other meetings it will be too late in the season to visit Northumberland. We must remember that the Ministers have important work to attend to, and for a long time before the House meets, they have to give most of their time to public business. However they will visit Northumberland, and whether it be this autumn or early next spring they will be received with enthusiasm. They have before them a comparatively easy task. Against the fanciful theories of the Grit leader they can place the hard logic of accomplished facts. They can show that the country is in a prosperous state, that trade has revived, that manufactures are flourishing, and that the credit of Canada stands on a par with the greatest nations of the globe. To the poor man they can point out that while his wages have increased, the cost of living has not advanced, that his tea is lower in price, his sweetening no higher, his clothing about the same, that he is better paid, better fed and better clad, than he was when the Grits controlled affairs, and the intelligent sentiment of our country will give support to the men who have placed our country in such a prosperous condition.

We can then announce with confidence that sooner or later the Ministers will visit and speak in the County of Northumberland. It may be that it will be early next month, but our opinion is that it would be better to leave it till next season. We have had holidays enough this year and the policy of the Government can well afford to wait, as each succeeding month only adds to its success, and proves that Sir Leonard Tilley, when he formed the tariff, proved himself to be thoroughly conversant with the wants of Canada and able to deal with them efficiently.

GRIT VS. LIBERAL CONSERVATIVE RULE.

When Mr. Blake's model Grit party assumed the reins of power in 1873, Canada was in a prosperous condition and its revenue amply sufficient to meet all the expenses of the Government, but under the financial management of Sir Richard Cartwright, the prince of Grit financiers, a change took place, for the revenue of the country fell short several millions of its expenditure, and the Government had to borrow money—for which the country had to pay interest—to make up the deficiency. For several years did Sir Richard and his Government allow this state of affairs to continue without making the slightest effort either to reduce the expenditure of the country or increase its revenue, and when requested, he refused to re-adjust or increase the tariff as he stated that it was his opinion "that any greater increase than 17 1/2 per cent. would not be wise," and that it was the opinion of his Government that they "had gone to the line beyond which it would be impossible to pass without resorting to direct taxation." Fortunately for this country and its people, the last general election resulted adversely to the interests of Mr. Cartwright and his Grit Government, and the men who now occupy their places have, without

resorting to direct taxation, so re-adjusted the tariff, that, in place of a deficit it now has a surplus of four millions of dollars.

In addition to this, by following a policy in direct opposition to that of the Grits "fly on the wheel" one, we see manufactures of every kind springing up not only in Ontario and Quebec, but in the Maritime Provinces. As is well known these manufactures not only give employment to a number of our people but keep a large amount of money in the country that would otherwise have had to be sent abroad to purchase what is now being manufactured in our own midst. As a proof of this we have only to point to the Sugar Refineries of Moncton and Halifax which is not only giving us cheaper but better sugar than we were in the habit of importing from abroad during the time the Grit Government held power and legislated in favour of the foreign and not our local sugar refineries. In the speeches delivered by Mr. Blake during his tour through the Maritime Provinces, he took particular pains to impress upon the minds of his hearers that the Grit party was the only political friend of the poor man had, and as a proof of this stated that when a Grit Government framed a tariff they made it a point to discriminate in favour of the poor man. Such was his declaration, now what are the facts with respect to this matter? Why when Mr. Blake's party succeeded that of Sir John A. Macdonald, they found tea and coffee—the poor man's beverage—free of duty and they at once set about imposing specific duties upon them which discriminated in favour of the rich and not the poor man. From the following list of the rate of duties imposed by the late Grit Government it will be seen that tea and coffee were not the only articles that they made a discrimination which was by no means in favour of the poor man:—

Poor man's Rum,	35 per cent.
Rich man's Wine,	30 "
Poor man's Tobacco,	210 "
Rich man's Cigars,	30 "
Poor man's Sugar, (P.R.)	55 "
Rich man's Sugar, (C.H.)	40 "
Poor man's Tea,	33 "
Rich man's Tea,	10 "

In addition to the above we find that there was no discrimination made between the rich man's silks, satins and velvets, and the poor man's cottons and woolsens as all paid into the treasury the same 17 1/2 per cent. In the face of such evidence as we have given above, Mr. Blake, in his speeches had the cool assurance to charge as political crimes upon the present Government the very deeds and acts that his own model Grit Government had been guilty of to raise a revenue. Such is the political morality of the Grit party of parity and Mr. Blake is its prophet.

DEATH OF MR. JOHN FAIRLEY.
It is with unalloyed regret we record to-day the death of Mr. Fairley, who, for years, has been one of the most enterprising and well known lumber merchants on our river. He died at St. John on Tuesday last of blood poisoning which is said to have arisen out of what originally appeared to be a simple bruise in the hand. His remains, which were interred at Bois-touin yesterday, were followed by their last resting place by a large number of friends and acquaintances who had gathered from all quarters of the country to pay their last, sad tribute of respect to one whom they all respected and esteemed. Mrs. Fairley and family have our sympathies in this their hour of affliction.

DOMINION EXHIBITION.
The Dominion Exhibition was opened at Halifax on Thursday last, and some of our Halifax exchanges announce that it is destined to be one of the grandest displays of the Manufacturing and Agricultural resources of those Provinces that has ever been held in the Maritime Provinces. Exhibitions are to be seen from Montreal, Galt, Brantford, Brockville, and other places in the Upper Provinces, Windsor, St. John, and Halifax also add their quota to this interesting part of the Exhibition. There is also a magnificent display of machinery of all kinds, sorts and descriptions.

THE LATE PRESIDENT'S WIDOW.

We are gratified to learn by late telegrams that the widow of the late President is likely to be most handsomely provided for by the gratuitous donations of the American people. The fund already raised amounts to nearly \$300,000, and it would not be surprising if it reached double that sum.

The Halifax cotton factory main building will be 368 feet long by 74 wide, three stories high, heated by steam and lighted by electricity. The St. Croix mill is being built 500 feet long and 100 feet wide.

EDITORIAL CLEANINGS.

ORDINATION.
The Quebec Chronicle of the 19th says,—"His Grace the Archbishop held an ordination service in the Basilica at six o'clock Sunday morning. The Rev. Francis Bradley, of the diocese of St. John, N. B., was a dained Priest, and the following gentlemen were ordained to the sub-deaconate:—Messrs. Honora Joseph Frochets, Charles Gagnon, Louis Arthur Marchand, Maximilien Edmond Desrochers, Henri Arthur Scott, Alexandre Bostache Maguire, Joseph Octave Charles Boulay, Joseph Alexandre Lafrance, all of the Arch-diocese. The Rev. Mr. Bradley was assisted by his brother, the Rev. Patrick Bradley, P. P. of Cape Hales, who came specially to Quebec for the important occasion.

THE ST. CROIX COTTON MILL.
Two hundred and forty men are now employed on the mill and 30 at the quarries—27 in all. The work is being pushed rapidly, and there is no doubt that the mill will be covered in previous to the arrival of cold weather. The work is being substantially done, and experts say that the character of the building is superior to anything heretofore erected in this section. The second story is being rapidly pushed forward and will be completed next week. The bricks have all been secured, two millions having been manufactured in this vicinity. The line used in the building is all purchased in St. John, and the contractor is disposed to favor this Province in everything that he buys.

A VESSEL BLOWN UP AT SEA.
William Scott, chief officer of the barque Beatrice, has arrived in Liverpool from America, and reports the loss of his vessel at sea under exceptional circumstances, and by which the crew had a narrow escape of their lives. The Beatrice, a vessel of 552 tons register, was going from Philadelphia with a cargo of sulphur oil. She had not proceeded far down the river when she was struck by a flash of lightning, which ignited the cargo and caused the vessel to be blown up. The whole of the crew were thrown into the water, and most of them were seriously injured. It was not reported that any lives were lost, although the men were of course unable to save any of their effects. The Beatrice belonged to Simeon Harris, Margareville, N. B. Scotia, where she was built in 1874. Scott, on his arrival in Liverpool, was received by the Shipwrecked Mariners' Society, and forwarded to Newcastle to which place he belonged.

HIGH MASS, CORAM POSTULICO.
His Grace the Archbishop presiding, was celebrated in the Basilica on the festival of Our Lady of the Sacred Dolours—by Rev. Patrick Bradley, P. P. of Cape Hales, assisted by Rev. Messrs. Paradis and Frochets as deacon and sub-deacon, respectively. The reverend gentleman's sweet and well trained voice was very much admired in the rendering of the sublime chants of the Divine office.

PRESIDENT ARTURO TAKES THE OATH OF OFFICE.
President Arthur took the oath of office at noon on Thursday, 22nd inst., in the Capital in the presence of the Cabinet, Justice of the Supreme Court, a few Senators and members of the House of Representatives. At the conclusion of the ceremony he read his inaugural message: A proclamation was prepared and signed by the President designating Monday, 26th inst., the day on which the general takes place, as a day of fasting, humiliation and prayer throughout the country. No other business was transacted. The members of the Cabinet were requested to retain their respective positions.

THE LATE PRESIDENT.
The remains of the late President were removed from Long Branch to Washington on Wednesday last, and late telegrams inform us that in populous cities, small villages and even in the country, through which the mournful train passed, demonstrations of sympathy and sorrow were ever present. On the train reaching Washington the funeral party took seats in carriages, and under a military escort, the procession proceeded to the Capital where the body laid in state until last evening when it was taken by a funeral train to Cleveland for interment.

THE NORTH-WEST.
Too Hon. Peter Mitchell, in company with Mr. Duncan McLarty, Vice President of the Canada Pacific Railway, Mr. Ross, of London, and several other gentlemen of Montreal, has just returned from a tour to the North West, and the Montreal correspondent of the Toronto Mail furnishes the paper with a lengthy and highly interesting account of an interview he had with that gentleman regarding the progress of the North West.

TOWN OF MONCTON.
Moncton is one of the most enterprising and go-ahead towns in this Dominion. During the last four or five years it has erected a large and extensive Lock manufactory, a Sugar Refinery, and we perceive by a late number of the Moncton Times that Mr. F. A. Jones has just commenced the work of laying the foundation for an extensive steam grist mill.

NOTES IN IRELAND.
A riot occurred at Tubercurry, Ireland, to day, on the occasion of rejecting at the release of Mr. Sheridan. Police were injured and chief constable severely injured and the police fired upon the crowd and wounded several persons.

BERICAND.

Clare County, above Saginaw, Michigan, was visited by a terrific hurricane Wednesday night accompanied by violent thunder and lightning. Great damage was done to property upon the station. Trees were uprooted like pipe-stems and the work of destruction was awful in its suddenness and completeness.

GREAT DAMAGES.
Great damage has been done to the crops in Scotland by a continuous rain of twenty four hours duration.

FATAL EXPLOSION.
A locomotive of the Missouri Pacific Road exploded yesterday, killing four men and wrecking the engine and ten or a dozen cars.

RESIGNATION OF AMERICAN CABINET.
It is understood tonight that the members of the Cabinet have formally tendered their resignations, and that, pending action upon the same, they have been requested by President Arthur to remain at the heads of their respective Departments.

ARRIVAL OF SIR JOHN MACDONALD.
Sir John Macdonald and Hon. Mr. Chapleau arrived at Quebec on Saturday last, by the St. Albans, and received an enthusiastic welcome both at Lewis and Quebec. A number of addresses were presented, after which Sir John started for Ottawa, where he surprised his friends by appearing at service the next day at St. Albans.

IMPORTED SHEEP AND SWINE.
The sheep and swine imported by the Local Government (with the exception of a few specimens, which have been kept for the stock farm) were sold at St. John on Tuesday last, and on the whole realized fair prices. The sheep consist of Cotswold English and Border Leicester and South Down; the pigs are Berks, Yorkshires, and Wiltshires. Twenty-three sheep died on the passage out. The cattle imported are still at Quebec, the quarantine regulations not permitting their removal for ninety days after landing.

THE NEW PRESIDENT.

[Montreal Witness.]
The wide-spread sympathy expressed for the American people, and the deep regret for the death of President Garfield, will not create any surprise. Assuredly, a man of such high position, excelling a feeling of horror, and more especially as when the life taken is that of the chief ruler of a free people, fairly chosen to the position by the people over whom he ruled. Regret and sympathy are much greater because of the exceptional character of President Garfield among other American politicians of this generation. As Gen. Garfield first attained celebrity in the popular branch of Congress and finally became the leader of the dominant party there, he would naturally have risen to eminence under the parliamentary system of government. The patriotic and high principle shown throughout his career had caused great confidence to be placed in him, and all that was learned of his life, after his accession to the Presidency, and in the fiercer light that bears around himself, only increased and justified the feeling of his nation to be the chief ruler. Some who were mourning over American politics at the time of his nomination, because of the unlikelihood of such an unexceptional man securing it, found themselves very agreeably disappointed, and now, after four months' active work in office, he is succeeded by Gen. Arthur, whose principal association in the mind of most people who have paid any attention to American politics is with the selfish power-seeking Conkling, and with the worst features of the spoils system of filling the offices. This association of his name with that bad section of the Republican party he is apparently showing to be well founded, by having as his most intimate associate arriving at the presidency, Gen. Grant, who, great and successful as a soldier, as president administered the affairs of the country with so much corruption and disregard of the most ordinary political and personal influences, he has not had any great chance of being renominated. Deep and universal sympathy and sorrow may well be felt and expressed, not only for the loss of a great and good President after a few months of office, but in fear of the acts and policy of the succeeding administration.

COMMUNICATION.

To the Editor of the N. S.—
Squire Thomas Wilton reports a fair mackerel catch outside, and if it continues he will fill his freezer for winter shipments. The fish only cost one cent each, and he is sanguine that his fortune is made if he can secure last winter's prices of from 7 to 12 cents for them in the States. Bass fishing, he says, is very moderate. The nets are getting none, but hook and line is improving. He says 4 cents per pound is being paid for all over two pound weight, and two cents for illegal sized ones. The Squire thinks that he will have to build a miniature light at the entrance of the Island harbor, as the natives find great difficulty in working their way into the harbor. His opponent, C-o-cker, has two lights, which puts the Squire to great disadvantage, as boats with loads naturally make for the spot where they get lightened with despatch. Oyster fishing is also carried on extensively, as a large party is fishing for G. I. Wilson, of your town.

Yours, News.

BEST AND CHEAPEST TO THE SUFFERING.

Brown's Household Panacea has no equal for relieving pain, both acute and chronic. It cures pain in the side, back or bowels, sore throat, rheumatism, toothache, lumbago and any kind of pain or ache. It will most surely soothe the nerves, and has as its chief power is wonderful. Brown's Household Panacea, being acknowledged as the greatest pain reliever, and of which the strength of any other Oiler or Liniment in the world, should be in every family handy for use when wanted, as it really is the best remedy. It will relieve your cramps, flatulencies and pains and aches of all kinds, and is for sale by all druggists at 25 cents per bottle.

\$5—Outfit sent free to those who wish to engage in the most pleasant and profitable business known. Everything made. Capital not required. We will furnish everything. \$10 a day and upwards easily made without staying away from home over night. No risk whatever. Many new articles wanted at once. Many are making fortunes at the business. Ladies make as much as men, and young men and girls make great money every day than can be made at any ordinary employment. Those who desire a short road to fortune, Address H. Hallatt & Co. Augusta, Maine oct15/81

Mothers! Mothers!! mothers!!!
Are you disturbed at night and broken of your rest by a sick child suffering and crying all night, and never getting any relief or soothing? If so, go at once and get a bottle of Mrs. Winslow's Soothing Syrup. It will not only relieve the sufferer immediately, but it is so safe and so pleasant to the mother, and so easy to give, that it is perfectly safe in all cases, and pleasant to the child, and is the prescription of the oldest and best physicians and nurses in the United States.

HELP.
Yourself by making money where a golden chance is offered, thereby always keeping poverty from your door. Those who always improve the golden chance for making money that are offered, generally become wealthy, while those who do not improve such chances remain in poverty. We want many men, women, boys and girls to work for us right in their own localities. The business will pay more than ten times ordinary wages. We furnish an expensive outfit that will last for years. You can devote your whole time to the work, or only your spare moments. Full information and all that is needed, free. Address: S. H. & Co., Portland, Maine, oct15/81

NOTICE TO CONTRACTORS.

DRAWN TENDER, addressed to the undersigned, and tender for St. John Harbor Works, will be received until THURSDAY the 29th inst., for certain works of repairs to the Breakwater at the entrance of the Harbor of St. John, N. B., according to a plan and specification to be seen at the office of the Engineer, St. John, N. B., where printed forms of tender can be obtained. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, the blanks properly filled in, and signed with the actual signature of the tenderer. Each tender must be accompanied by an acceptable bank cheque, made payable to the order of the Honorable the Minister of Public Works, equal to five per cent of the amount of the tender, which will be forfeited if the party does not enter into a contract when called upon to do so, or if failure to complete the work contracted for shall ensue. If the tender is not accepted the cheque will be returned.

The Department will not be bound to accept the lowest or any tender.

By Order, F. H. ENNIS, Secretary.

Department of Public Works, Ottawa, 24th September, 1881. sep17 81

BEL

SHERIFF'S SALE.

To be sold at Public Auction, on THURSDAY the 10th day of September next, in front of the Registry Office, Newcastle between the hours of 12 noon and 5 o'clock p.m.

All the Right Title and Interest of William E. Hayman to and that piece of parcel of land situated on the corner of the intersection of the County of Northumberland, containing on the easterly side of the old Napan Road at the distance of 133 feet 6 inches from the north West angle of St. Andrew's Church burying ground, these easterly on a line parallel with the southerly side line of the said burying ground, 80 feet, being the northerly boundary thereof, at right angles with the said northerly line, 50 feet, being the southerly boundary thereof, being the piece of parcel of land conveyed to Rose Anna Hay, wife of the said William E. Hay by John Bellamy by deed, dated the 25th August A. D. 1875, and being the land and premises on which the said William E. Hay is presently residing.

The same having been seized by me under an execution issued out of the Northumberland County Court by Richard Davidson, against the said William E. Hay, Sheriff of Newcastle, JOHN SHERIFF, Newcastle, May 25, 1881.

A new court was discovered on the 19th inst., the very hour that the execution was passing away.

Newcastle this 10th day of September, 1881.

JOHN SHERIFF,
SHERIFF.

NOTICE TO CONTRACTORS.

SEALED TENDERS, addressed to the undersigned and endorsed "Tender for St. John Harbor Works" will be received until 10 o'clock a.m. on the 23rd inst. for the purpose of making repairs to the Breakwater at the entrance to the Harbor of St. John, N. B., according to a plan and specification cover one to be seen at the office of the Department of Public Works, Saint John, N. B., where printed forms of tender can be obtained.

Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, the blanks properly filled in, and signed with their actual signature.

Each tender must be accompanied by an amount of cash or a bank check, payable to the order of the Minister of the Department of Public Works, equal to five per cent of the amount of the tender, which will be forfeited if the party declines to enter into a contract when called upon to do so, or if failure to complete the work is due to the contractor's fault.

The Department will not be bound to accept the lowest or any tender.

F. H. ENNIS,
Secretary,
Department of Public Works, St. John, N. B., 21st September, 1881.

LEGAL MATTERS.

NOTICE.

The public are hereby cautioned against paying subscriptions or amounts for advertisements to any person on behalf of the STAR, unless said person hold written authority from me to collect and receive the same.

J. E. COLLINS,
Ed. Star.

What is needed?
In the line of amusement Cole's circus was exceeded by the hurdy-gurdy.

Weather.
We have had a few days cold weather this week which is supposed to have in judiciousness of the wheat crops.

Fishing Excursion.
The steamer Darby, Captain Miller, with a few Newcastle and Chatham friends, went down our river Thursday on a mackerel fishing excursion.

New Court.
A new court was discovered on the 19th inst., the very hour that the execution was passing away.

Smelt.
It is reported that contractors are already offering 25 cents per pound for smelt. Reports also say that T. W. Crocker, Esq., has contracted with Fulton Market for its full supply of smelt this winter. We hope this is true, as our poor fishermen will be sure to get fair prices here for their catch.

STAR BRIEFS.

Overcoats.
One hundred thousand emigrants have left Germany this year for America.

The Tania campaign has cost the French, up to date, about \$13,000,000.

Regatta on our River
We understand that preparations are being made to make the Regatta which is to take place on our river on Tuesday next, a great success. The following are the hours at which the different races will be started: Sailing race, 11 a.m.; 12:30 p.m., 1:40 a.m.; canoe race, 12:30 p.m., survivors' race, 1:15 p.m.; double scull (2), 2 p.m.; single scull race, 2:45 p.m. double scull (2), 3:30 p.m.; four oared scull, 4:15 p.m.; single scull race, 5 p.m.

Cole's Circus.
An account of Cole's great circus and menagerie of wild animals did not appear in our Wednesday's issue, owing to the lateness of the hour in which it was terminated the night before. This play was made known to the people of Chatham and environs about a month in advance, and the way it was praised in the circulated pamphlets had such a deep impression upon the populace, at the fact of their having the greatest multitude of people ever collected in Chatham, is unquestionable. We will not excite the excitement because it was something almost beyond description. Everything was done so systematically, so elegantly, and so perfect in the minutest details of the play, that it is considered far beyond anything that ever entered our town. The number entertained in the afternoon performance bordered on ten thousand persons, and at eight there were almost six thousand more entertained. The net proceeds amounted to about \$7,000.

Intercolonial Railway.
As a proof that this country is prospering under the administration of the present Government, we have only to look over the returns of the Intercolonial Railway for the last two years. When the Gt. Government of Mr. McKenzie went out of power, these returns showed a deficit of \$716,000. Now, however, it is far different, as the large and increasing traffic over the road during the past four years has not only made it self-sustaining, but there is every reason to expect that there will be a surplus of over \$100,000 on the current year's operations.

To the Montreal Times we are indebted for the following paragraph: The receipts of the Intercolonial for August last amounted to \$157,822, against \$148,593 for the same month last year. The receipts this year were made up of freight \$84,849; passengers, etc., \$72,973. The increase in the receipts for July and August this year over the same months last year is \$28,119.

Frank Leslie's Popular Monthly.
The title of this magazine is very appropriate, and it well deserves its popularity, for as regards merit, it is not exceeded by any other higher priced contemporary in this country and Europe. The number for October is an exceedingly brilliant one; the leading article by Mr. Nugent Robinson, entitled "Annals of the Naval Academy," gives most interesting account of that institution; and the fourteen admirable illustrations greatly increase the interest. Among the other prominent articles are: Sport on the Outer side of the Continent, Bessie on the Mediterranean, (treating of Genoa, Nice, Capri, City of Monaco, Mentone, etc.), The Tiny Craft Mania (referring to the several voyages across the Atlantic in small open boats by reckless sea-men), and an admirable article on Sir Walter Scott, by Richard H.utton. The above articles are profusely illustrated. The department of fiction contains a continuation of Frank Lee Benedict's great serial, A Late Remorse, and short stories of great merit by Mrs. M. A. Fenwick, a most talented writer, with several sketches of thrilling interest. There are some beautiful illustrations, and a miscellany abounding with interest, entertainment and information. The number contains 128 quarto pages of first-class literature, and over 100 fine illustrations, together with a beautiful colored frontispiece, The Spoiled Darling, from the picture by E. Maier. A single

copy is furnished for 25 cents, sent post paid, and the yearly subscription is \$3. Address, Frank Leslie, Publisher, 53, 55 and 57 Park Place, New York.

Till Robbing and Thief Caught.
For several months past, the confectionery shop till of Miss Staples has been successively robbed at different times of sums of two, three, four, and at one time of twenty-four dollars. The last time it was robbed was on Circus day, when the sum of three dollars was abstracted. The lady of the shop was on guard the next day, when she was visited by three young scamps who ordered ice cream. Having to enter another room to get them, she kept a sharp eye upon her customers through a crack in the door, when, to her surprise, she saw one of the trio leap the counter, pick the till and return to the stall. The presence of mind of the lady did not desert her, so she opened the door and walked through the shop to the street, and called a gentleman who was passing.

He returned with her and secured a thief, the other two getting clear. After making him disclose the \$2.75 which he had just stolen, he in his fear acknowledged that he had the \$3.00 he had stolen the day before at home, which he would return. This trio has frequently called for ice cream and paid the owner with her own money. Pretty cool work this.

QUEBEC LETTER.

The arrival of the veteran Premier of the Dominion, "Sir John," on Saturday last, was made the occasion of a splendid demonstration. The interest was not lessened by the fact of his having for companion Dr. voyage the youthful and brilliant Premier of this Province—the Hon. L. J. A. Chapleau. A few of the inevitable "busy-bodies" were of course on hand and, as usual, did little better—through excess of zeal—to make themselves important, even at the expense of the general interests. And they were very near being successful. The good sense of the multitude was, however, paramount. Addresses were presented to both the distinguished gentlemen, and they, needless to say, received the compliment. There was a delegation of the Junior Conservative Club of Montreal present, headed by the President, Dr. J. J. Curran, Q. C., and they, also, presented an address of welcome. I remember Sir John Macdonald for—and it is a long stretch to look back—some thirty years ago, and I feel safe in saying that he looks good for a great many more. It made my self feel as in my younger days to see him look around the assemblage with that short, quick turn of the head, and that penetrating eye—all just as much as I remember him in the "old Shades" in 1854. This, remember, was when some of Sir John's present colleagues were as astute, so that you see the Quebec correspondent of the Star is no "spring-nickel," much as he may delight in it.

I have now had the privilege for some three or four years back of addressing the readers of the Star, on Monday night last I had, for the first time, the privilege of becoming personally acquainted with its Editor. As the present writing is sure to be printed, and as it is equally certain that Mr. Collins will see it in print, I shall not wound his modesty nor that of his companion by saying more than that to know them is to like them. I shall leave the Editor of the Quebec Mercury to say the rest in the following extract under the heading of "JOURNALISTIC."

We yesterday had the pleasure of a visit from Messrs. J. E. Collins and J. G. D. Roberts, of Chatham, N. B. Mr. Collins, who for some years was editor and proprietor of the Fredericton, N. B. Star, which, about a year ago, he removed to his present place of residence, where he continues to publish it under the name of the North Star, a bright and scholarly tri-weekly of large size, and of unmistakably Conservative principles. Although differing in view from the Star, we were pleased to learn from Mr. Collins that his enterprise receives all the encouragement it deserves. Mr. Roberts, although a very young man, has already made his mark in the literary world as the author of several poems, his latest "Orion," just out, has received high praise. But gentlemen are spoken of in the highest terms by many of our citizens, with whom they came in contact last evening, after spending a short time listening to the Kenedyas at the Music Hall, they left, accompanied by the Q. M. O. & P. Railway, en route for Montreal, Ottawa and the West.

Messrs. Collins and Roberts visited a good many of the principal points of interest in the Ancient Capital on Monday night, and during the day on Tuesday. On that evening they were, with the writer, the recipients of the cordial hospitality of Mr. Geo. Stuart, Jr., Editor of the Quebec Chronicle, and his charming wife, after which they took their departure as mentioned in the foregoing paragraph.

Business continues very dull here. The rumor of approaching local elections gains currency, and I am inclined to believe it.

BRILLIANT LIGHT!

GREAT ECONOMY
A GAS Light in Front of ANY Man's House.

THE DOMINION LIGHTING COMPANY.

Manufacturers and Proprietors of the VAPOR GAS LIGHT, Contractors for lighting streets, etc. Plain and Ornamental Lamps and Fixtures. A full sized Gas Jet for less than its cost.

This Company beg leave to call the attention of Cities and Towns wanting a superior Street Light, also for use in front of public buildings, hotels, and about private grounds etc., etc. Each lamp is independent, produces its own Gas, and is applicable to any place. It burns much like coal gas, without wicks or chimneys, and emits neither odor nor smoke. The Jet of flame is the same size, and is not distinguished from Coal Gas, and is thoroughly reliable in every way.

Portions of St. John and the whole of the Town of Portland, are lighted with our Vapor Gas, giving entire satisfaction. Correspondence solicited.
HUGH P. MARQUIS, Agent for Chatham.

BRILLIANT LIGHT!

GREAT ECONOMY

A GAS Light in Front of Any

Man's House.

The Dominion Lighting Company, Manufacturers and Proprietors of the VAPOR GAS LIGHT, Generators for lighting streets &c. Plain and Ornamental Lanterns and Posts—A full sized Gas Jet for less than 10c an hour.

This Company beg leave to call the attention of Cities and Towns wanting a Superior Street Light, also for use in front of public buildings, hotels, in and about private grounds etc. etc. Each lamp is independent, produces its own Gas, and is applicable to any place. It burns much like Coal Gas, without wicks or chimneys, and emits neither odor nor smoke, the jet or flame is the same shade, and is not distinguishable from Coal Gas, and is thoroughly reliable in every way.

Portions of St. John, and the whole of the Town of Portland, are lighted with our Vapor Gas, giving entire satisfaction. Correspondence solicited.

HUGH P. MARQUIS, Agent for Chatham.

Outfit furnished free, with full in-

structions for conducting the most

profitable business that anyone can

engage in. The business is so easy to

learn and our instructions are so simple and plain,

that anyone can make great profits from the

very start. No one can fail who is willing

to work. Women are as successful as the

men. Boys and Girls can earn large sums.

Many have made at the business over one

hundred dollars in a single week. Nothing

like it ever known before. All who engage

are surprised at the ease and rapidity with

which they are able to make money. You

can engage in this business during spare

time at great profit. You do not have to

invest capital in it. We take all the risk.

Those who need money should write to us at

once. All furnished free. Address True & Co, Augusta, Maine. oct30 & 1y
