# The Remedies With a Record

## Father Morriscy's "No. 10" For Throat and Lungs

During his many years of practice Father Morriscy successfully treated thousands who were suffering from Coughs, Colds, Bronchitis, Asthma, and Inflammation of the Lungs. His favorite prescription was a Cough Mixture and Lung Tonic that came to be called "Father Morriscy's No. 10."

Unlike the majority of cough mixtures, "Father Morriscy's No. 10" does not depend on such drugs as Opium and Morphine to deaden the irritation and give temporary relief—in fact, there is not a trace of any of these dangerous drugs in it.

The simple but effective remedies provided by Nature herself were selected and combined by Father Morriscy, with remarkable skill, into a medicine that has earned the name of a "Lung Tonic" as well as a Cough Cure. It soothes the inflamed membrane of the throat or lungs, removes the irritation or mucus that causes the coughing, relieves the congestion, and restores the parts to a healthy condition. More than that, "No. 10" tones up and strengthens the whole system and fortifies it against future colds.

For ordinary winter coughs and colds "No. 10" is unsurpassed and is one of the safest remedies you can use. Trial size 25c. per bottle. Regular size 50c.

Read what it has done for these two sufferers:

I had been ailing for some time and in a low, run-down condition; two experienced physicians were consulted and gave me case up as hopeless. I determined to try Father Morriscy's Lung Tonic, and had scarcely finished one bottle when I felt my strength returning. I persevered in the treatment, and am now perfectly well, and would recommend the Lung Tonic to all who are afflicted as I was.

I can testify to the benefit derived from Father Morriscy's cure for Bronchial Trouble. For some time I was a sufferer from this trouble, and could get no relief from it, until I used his medicine. On taking Father Morriscy's medicine, to my surprise, I began to improve, and was completely cured. With a grateful heart I give this testimonial to the great value of Father Morriscy's prescriptions.

## Father Morriscy's "No. 7" For Kidney and Rheumatism

When the slightest exposure to dampness or cold brings rheumatic aches to joints or muscles, it's a sure sign that the blood is wrong. It's loaded with Uric Acid, poisonous and exceedingly irritating—formed from the worn out tissues and waste matter taken up by the blood from different parts of the body. When things are working right this poison is immediately filtered from the blood by the kidneys and got rid of. But sometimes the kidneys do not keep up with their work—the blood gets overloaded with Uric Acid, and it collects in the fibres of the muscles—in the joints—in the valves of the heart. Then there's a case of Rheumatism, caused simply by defective action of the kidneys, and brought on by exposure.

Father Morriscy had a wide experience in treating Rheumatism, and an exceptionally successful one. The prescription on which he depended was one of his own, called "Father Morriscy's No. 7." It acts directly on the kidneys, and has a toning, invigorating effect on these organs, helping them to clear themselves of the accumulated Uric Acid and to get working properly once more. Then they quickly purify the blood—and the cause of the Rheumatism is gone. The joints limber up, the pains go away and the disease is eradicated from the system. Price 50c. a box.

Hundreds of letters like these have been received from those who have been benefited and cured:

I sought the advice of the late Father Morriscy about two years ago. I was suffering from Rheumatism, aggravated by cold, and had been treated by local physicians without any result whatever. I then had recourse to the medicine recommended by the late Father Morriscy by letter and he prescribed for me, his medicine, while not affecting a permanent cure, benefited me greatly. You are at perfect liberty to use my name, as I shall deem it an honor to have it connected with the skill of the late Father Morriscy in any way, however remote.  
Yours truly,

## FATHER MORRISCY'S LINIMENT FOR ACHES AND PAINS

In treating Coughs and Colds with "No. 10," or Rheumatism with "No. 7," it helps a great deal to rub the affected parts with Father Morriscy's Liniment. For sore throat and cold in the chest a piece of flannel should be wrung out of hot water, sprinkled with a few drops of the liniment, and applied after the rubbing. For Rheumatism the liniment should be warmed and rubbed in freely, morning and evening.

The genuine Father Morriscy remedies are being put up by the same druggists, in exactly the same way, as they were prepared during the priest-physician's lifetime. What they accomplished then for hundreds of sufferers they will do for you now. You know something of their record in years past; you can depend on them now. Get them at your dealer's or from

FATHER MORRISCY MEDICINE CO., LTD.

Mr. Stanley K. Smith, Gen. Secretary Chatham Y.M.C.A., writes on July 3, 1909:

"Having used Father Morriscy's Liniment in my capacity as Physical Director of the Chatham Y.M.C.A., for rubbing down after a hard run or severe exercise, I can heartily recommend the liniment to runners, athletes or anyone whose muscles are subject to strain. During the season the Y.M.C.A. have placed a large number of athletes in the field and the majority used nothing but Father Morriscy's Liniment. For removing stiffness and soreness of the muscles, it is unequalled."

# AT THE BAR OF ANOTHER WORLD

(Concluded.)  
**W**HY, my lord, only this—that he was as innocent of the crime for which you hanged him as the child yet unborn! I did the deed! I put the watch in his trunk! And to the unutterable horror of the court he related the whole particulars of the transaction, the origin of his grudge against Harvey, and his delight in bringing him to the gallows.  
'Inhuman, execrable villain!' gasped the judge in extreme excitement.  
'Cleverly done, though!' Was it not, my lord? rejoined the ruffian with bitter irony. 'The evidence, you

know, was irresistible; the crime as clear as the sun at noonday; and if in such plain cases, the just and necessary law was not enforced, society would be dissolved, and there would be no security for property! These were your words, I think. How on that occasion I admired your lordship's judgment and eloquence! Society would be dissolved if an innocent man were not hanged! Ha! -- ha! -- ha! Capital! -- capital!' shouted the ferocious felon with demonic glee, as he marked the effect of his words on the countenance of the judge.  
'Remove the prisoner!' cried the sheriff. An officer was about to do so; but the judge motioned him to desist. His lordship's features worked convulsively. He seemed striving to speak, but the words would not come.  
'I suppose, my lord,' continued Cartwright in low and hissing tones, as the shadow of unutterable despair grew and settled on his face.—'I suppose you know that his wife destroyed herself. The coroner's jury said she had fallen accidentally into the water. I know better. She drowned herself under the agonies of a broken heart! I saw her corpse, with the dead baby in its arms; and then I felt, knew, that I was lost! Lost, doomed to everlasting perdition! But, my lord, — and here the wretch broke into a howl wild and terrific — 'we shall go down together — down to where your deserts are known. A — h — h! that pinches you, does it? Hound of a judge! legal murderer! coward! I spurn and spit upon thee!' The rest of the appalling oblation was in-

articulate, as the monster, foaming and sputtering, was dragged by an officer from the dock.  
Judge A — had fallen forwards on his face, fainting and speechless with the violence of his emotions. The black cap had dropped from his brow. His hands were stretched out across the bench, and various members of the bar rushed to his assistance. The court broke up in frightful commotion.  
Two days afterward the county paper had the following announcement:—  
'Died at the Royal Hotel, — on the 27th instant, Judge A — from an access of fever supervening upon disorder from which he had imperceptibly recovered.'  
*The Prophecy Was Fulfilled.*

## "RUN DOWN"

Does This Describe Your Case. If so Read the Following Letter.  
114 Bellevue Av., Toronto.  
Dear Sir:—  
Some time ago I was persuaded to purchase four boxes of Dr. Bovel's Iron Tonic Pills. At the time I had little faith in them, as I had been a sufferer from nervous trouble for several years. At the same time I was very much run down and out of sorts. I am now pleased to say that after using eight boxes of your pills I am entirely built up, and have to thank your company for my good health.  
Yours truly,  
MRS. S. M. FLYNN.  
The above letter describes so well the condition of a person whose nerves are weak and exhausted that little need be added.  
The danger of such a state of health is sometimes overlooked by persons who do not realize that the next step is some form of paralysis which leaves one helpless in mind and body.  
Dr. Bovel's Iron Tonic Pills are sold by all druggists and dealers at 25c per box.  
If your Druggist or Dealer cannot supply you send 25c. (in stamp) to us direct.

# 'Mercy, My Lord.'

## Mercy, Not for Me, but the Wife.

About the commencement of the present century there stood, near the centre of a rather extensive hamlet, not many miles distant from a northern seaport town, a large, substantially-built, but somewhat straggling building, known as Craig Farm (popularly Crook Farm) House. The farm consisted of about one hundred acres of tolerable arable and meadow land and at the time I have indicated, belonged to a farmer of the name of Armstrong. He had purchased it about three years previously, at a sale held in pursuance of a decree of the High Court of Chancery, for the purpose of liquidating certain costs incurred in the suit of Craig versus "raig, which the said High Court had awarded so long and successfully, as to enable the solicitor to the victorious claimant to incarcerate his triumphant client for several years in the Fleet, in "satisfaction" of the charges of victory remaining due from the proceeds of the sale of Craig Farm; and being deducted from the gross sale. Farmer Armstrong was married, but childless; his dame, like himself, was a native of Devonshire; they bore the character of a plodding, accurate, morose-mannered couple, seldom leaving the farm except to attend market, and rarely seen at church or chapel, they naturally and discreetly became objects of suspicion and dislike to the prying, gossiping villagers, to whom mystery or reserve of any kind was of course exceedingly annoying and unpleasant.

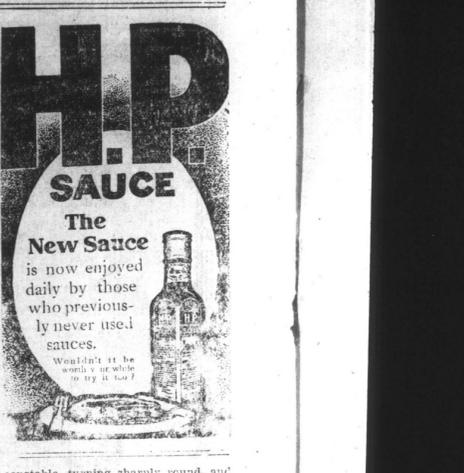

Soon after Armstrong was settled at his new purchase, another stranger arrived, and took up his abode in the east apartments of the house. The newcomer, a man of about fifty years of age, and evidently from his dress and gait, a sea-faring man, was as reserved and unsocial as his landlord's name, or at least that which he chose to be known by, was Wilson. He had one child, a daughter, about sixteen years of age, whom he placed at a boarding-school in the adjacent town. He seldom saw her; the intercourse between the father and daughter being principally carried on through Mary Strungnell, a widow of about thirty years of age, and a native of the place. She was engaged as a servant to Mr. Wilson, and seldom left Craig Farm except on Sunday afternoons, when, if the weather was at all favourable, she paid a visit to an aunt living in the town; here saw Mrs. Wilson; and returned home usually at half-past ten o'clock—later rather than earlier. Armstrong was occasionally absent from his home for several days together, on business. It was rumored, for Wilson; and on the Sunday in the first week of January 1802, both he and his wife had been away for upwards of a week, and were not yet returned.

About a quarter-past ten o'clock on that evening the early-retiring inhabitants of the hamlet were roused from their slumbers by a loud, continuous knocking at the front door of Armstrong's house; louder and louder, more and more vehement and impatient mode of obtaining admission, than knocking seemed likely to prove. Johnson, the constable of the parish, a man of great shrewdness, at once proposed to break the door. Armstrong, who, as well as his wife, was deadly pale, and trembling violently, either with cold or agitation, hesitatingly consented, and crowbars being speedily procured, an entrance was forced, and in rushed a score of excited men. Armstrong's wife, it was afterwards remembered, caught hold of her husband's arm in a hurried, frightened manner, whispered hastily in his ear, and then both fled toward the house.

"Now, farmer," cried Johnson, as effectual mode of obtaining admission, than knocking seemed likely to prove. Johnson, the constable of the parish, a man of great shrewdness, at once proposed to break the door. Armstrong, who, as well as his wife, was deadly pale, and trembling violently, either with cold or agitation, hesitatingly consented, and crowbars being speedily procured, an entrance was forced, and in rushed a score of excited men. ## ANOTHER WOMAN CURED

By Lydia E. Pinkham's Vegetable Compound  
Gardiner, Maine.—"I have been a great sufferer from organic troubles and a severe female weakness. The doctor said I would have to go to the hospital for an operation, but I could not bear to think of it. I decided to try Lydia E. Pinkham's Vegetable Compound and Sanative Wash — and was entirely cured after three months' use of them."—Mrs. S. A. WILLIAMS, R. F. D. No. 14, Box 39, Gardiner, Me.  
No woman should submit to a surgical operation, which may mean death, until she has given Lydia E. Pinkham's Vegetable Compound, made exclusively from roots and herbs, a fair trial. This famous medicine for women has for thirty years proved to be the most valuable tonic and renewer of the female organism. Women residing in almost every city and town in the United States bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ill, and creates radiant, buoyant female health. If you are ill, for your own sake as well as those you love, give it a trial.  
Mrs. Pinkham, at Lynn, Mass., invites all sick women to write her for advice. Her advice is free, and always helpful.

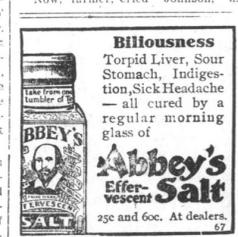

constable, turning sharply round, and looking keenly in his face. "How do you know that?"  
"Because—because," stammered Armstrong, "because she always locks it when she goes out."  
"Which is her room?"  
"The next to this."  
They hastened out and found the next door was fast.  
"Are you there, Mrs. Strungnell?" shouted Johnson.  
"There was no reply."  
"She is never home till half-past ten o'clock on Sunday evenings," remarked Armstrong in a calmer voice. "The key is in the lock on the inside," cried a young man who had been striving to peep through the key-hole.  
Armstrong, it was afterwards sworn, started as if he had been shot; and his wife again clutched his arm with the same nervous, frenzied grip as before.

His 'Personal Security'  
Baronet Easy in Money Matters, Met Match in Banker-Poet.  
A baronet, who used to excuse his carelessness in meeting his financial obligations by saying that he had not the soul of an accountant, met his match in Rogers, who was known in London as the banker-poet. Ralph Nevill tells, in "The Merry Past," of the baronet being ushered into Rogers' private office, where his easy demeanor and air of fashion favorably impressed the banker, who courteously inquired what his visitor's needs might be.

"I want about two or three thousand pounds," replied the visitor. "Can your house accommodate me?"  
"Without doubt, sir. We shall have great pleasure in doing so. May I ask you what security?"  
"Oh, personal security, personal security," replied Sir Frederick, carelessly.  
Mr. Rogers smiled. "Will you walk this way, sir?"

He then opened a small door and led the way through the various apartments and passages until they arrived at a small room fitted up with fireproof vaults. Taking a small key from his waistcoat pocket, and opening a large iron safe or closet, he courteously waved his hand toward it and said:  
"I must trouble you to walk in here, Sir Frederick."  
"What is there? Walk in there? What for, sir?"  
"My dear sir, we always keep personal securities in that closet."

**Now Cured of Rheumatism**  
Cost him \$100.00 for medicine which failed — Cured by DR. CHASE'S KIDNEY-LIVER PILLS.  
Mr. James Clark, Middstone, Sask., writes: "I suffered for four years with rheumatism in my shoulders and could not lift my arms above the head. I tried nearly all the advertised remedies but none of them gave me relief. It cost me at least \$100.00 for medicines before I used Dr. Chase's Kidney-Liver Pills.  
"With the use of this medicine, I soon found relief. I followed up this treatment for six months and was then quite free from rheumatism. While using Dr. Chase's Kidney-Liver Pills I also used Dr. Chase's Backache Remedy when so stiff that I could scarcely bend. They always found the weak spot and gave relief while the internal treatment was bringing about a thorough cure."  
The success of Dr. Chase's Kidney-Liver Pills has been phenomenal. One pill a dose, 25 cents a box, at all Dealers or Edmandson, Bates & Co., Toronto. Dr. Chase's Recipes will be sent free on request.

soon as he had procured a light, "lead the way upstairs."  
Armstrong who appeared to have recovered from his panic, darted at once up the stairs, followed by the whole body of rustics. On reaching the landing-place, he knocked at Mr. Wilson's bedroom door. No answer was returned. Armstrong seemed to hesitate, but the constable at once lifted the latch; they entered, and then a melancholy spectacle presented itself.  
Wilson, completely dressed, lay extended on the floor a lifeless corpse. He had been stabbed in two places in the breast with some sharp-pointed instrument. Life was extinct. The window was open. On further investigation, several bundles containing many of Wilson's valuables in jewelry and plate, together with clothes, shirts, silk handkerchiefs, were found. The wardrobe and a secretary bureau had been forced open. The assassins had, it seemed, been disturbed, and had hurried off by the window without their plunder. A hat was also picked up in the room; a shiny, black hat, much too small for the deceased. The constable snatched it up, and attempted to clap it on Armstrong's head, but it was not nearly large enough. This, together with the bundles, dissipated a suspicion which had been growing in Johnson's mind, and he roughly exclaimed, "You need not look so scared, farmer; it's not you; that's quite clear."  
To this remark neither Armstrong, or his wife answered a syllable, but continued to gaze at the corpse, the bundles, and the broken locks, in bewilderment, terror and astonishment. Presently some one asked if any body had seen Mrs. Strungnell?  
The question roused Armstrong, and he said, "she is not come home; her door is locked."  
"How do you know that?" cried the

Baronet Easy in Money Matters, Met Match in Banker-Poet.  
A baronet, who used to excuse his carelessness in meeting his financial obligations by saying that he had not the soul of an accountant, met his match in Rogers, who was known in London as the banker-poet. Ralph Nevill tells, in "The Merry Past," of the baronet being ushered into Rogers' private office, where his easy demeanor and air of fashion favorably impressed the banker, who courteously inquired what his visitor's needs might be.

## Redmond Received Great Ovation

DUBLIN, Ireland, Nov. 13.—John E. Redmond, chairman of the Irish Parliamentary party, returning from a tour of the United States received a great ovation, both at Cork and Dublin to-day. He arrived on the steamer "Celtic" at Queenstown last night, and on his way to Dublin was cheered by large crowds at all the stations. He addressed meetings at both cities, expressing gratitude at the success of his American mission. Mr. Redmond protested against the attempts of the O'Brienites to divide the Nationalist party at this momentous crisis.

Never in the life time of people, he said, had such an opportunity arisen; and he was going to London immediately with the single purpose to extract the best terms possible for Ireland out of the necessities of the English statesmen. He believed that the struggle would be very short, and would result in the removal of the only obstacle to Ireland's attainment of the priceless gift of national liberty.

## Amateur Gymnastics.

The Official Handbook of the Inter-Collegiate Association of Amateur Gymnasts of America for 1910-11 has just been published in the Spalding Athletic Library; it is edited by Percy R. Carpenter, of Amherst College, and contains complete records of the Intercollegiate meets since 1899 and the official rules governing apparatus, the work of contestants, coaching, order of events, prices, etc. The constitution and by-laws are given, and a review of the season of 1910. The letter contains the events gymnastics in the college world and will be found very interesting.  
The book will be sent to any address in the United States or Canada, by the American Sports Publishing Co., 21 Warren Street, New York, upon receipt of 10 cents.  
It is claimed for a Cumberland man who has just died in Stirling, Asyria at the age of 70, that he had read the Bible from beginning to end about 300 times.

## The Evening Chit-Chat

By RUTH CAMERON

The right use of money is to accomplish what you wish with it. —Mary Lyon, founder of Mt. Holyoke.

Do you know I wish I were clever enough to edit a woman's dictionary containing some of the words that the feminine sex seems to need to have defined. "Extravagance" and "economy," for instance.

On a little fifty-mile train trip that I took yesterday, I counted four women on the train wearing white gloves.

They were not dressed expensively—you could have bought out every stitch any one of them had on, from cigarette to pump, and from skin to coat, for a hundred dollars and yet, were I a man with a moderate income looking for a reasonably economical wife, these are the sort of women I would at once place as impossible.

Why?

Because, using the word in its right meaning, I consider that those white gloves represented more extravagance than far larger expenditures, a twenty-dollar willow plume or eight dollar shoes, for instance.

For my idea of sartorial extravagance is not, as many women consider it, just spending a lot of money on clothes. Nor do I think economy conversely is spending very little money. I think extravagance is spending your money without getting good value for it, and economy is the converse.

To sum it up in Mary Lyon's words: "The right use of money is to accomplish what you wish with it."

White gloves cost more than dark

## Technical Education.

Winnipeg, Nov. 4.—The Dominion Technical Education commission arrived to-day. In the past three months they visited 70 places, heard the evidence of 700 people and have now 5,000 folios of evidence.

The chairman, Mr. Robertson, says: "We are to go through to Vancouver, holding various meetings on the coast, after which we are to go to the States and continue investigations. We will visit San Francisco and many other American cities of the west and central west. Our plan of procedure will not necessarily be somewhat different in the States. In Canada we summon witnesses, swear them and take evidence. In the states it will be impossible to do this, but such information as is available will be obtained."

## Fads and Fashions.

Velvet shoes have attracted an attention that bids fair to bring this material out in Oxford and pumps for the spring, in spite of velvet never proving a durable shoe, but it is soft to the feet and new.

Large artificial flowers are used as corsage bouquets on evening and on street costumes. The favourite figure or is half-opened, black silk rose with inner petals of pink silk enclosing close-folded golden ones.

For evening hairdressing ornaments of tall, waving feathers, heavy jeweled ornaments and stiff bows of metal ribbon have given place to dear little skull caps of colored beads and gold and silver lace.

The short neck chains that formerly were worn about the neck and left the pendants hang where they were least effective, have given way to much longer chains that permit a full display of the ornaments.

For alluring the oblong buckle is the favourite shape. Some of the dull silver ones are given a bit of color.

**MINARD'S LINIMENT CURES DYPHTHERIA.**

## TELLS THE PUBLIC THE REASON WHY.

**QUEBEC MAN CURED BY DODD'S KIDNEY PILLS.**

Of Rheumatism, Gravel and Diabetes says he wants other sufferers to have the benefit of his experience.

Rousseau Mills, Portneuf Co., Que., Nov. 18.—(Special).—"Tell the public Dodd's Kidney Pills cured me of Gravel, Rheumatism and Diabetes." These are the words of Seraphim Carpentier, of this place.

"For ten years I suffered," Mr. Carpentier continues. "Then I heard of Dodd's Kidney Pills and decided to try them. Almost from the first they relieved me and now all my Gravel, Diabetes and Rheumatism have entirely left me."

"I want others to know what cured me, because I do not want them to suffer as I have suffered."

There are thousands of just such living proofs in Canada that Dodd's Kidney Pills always cure Kidney Disease. If you take the disease early they will cure it easily and quickly and you will be saved much suffering. If you have neglected it and let it reach its more dangerous stages, such as Gravel, Diabetes or Bright's Disease, Dodd's Kidney Pills will cure it. They never fail.

Ultra-dress styles closely follow the figure, show waistlines well above the normal line and have snug sleeves and collarless necks. In the main skirts are very short and narrow, but for the general trade all of the points enumerated have been more conservatively treated and the models shown are of more generous proportions, and much simpler effects; the waist-line, too, is in the natural location.

## CHARIVARIA.

An account was recently given in some of the papers of a "Humanitarian Exhibition" in the interests of the Society for the Prevention of Cruelty to Children and Dumb Animals. Among other things was announced an exhibition of instruments used in the exercise "of cruelty to horses." No doubt this will be welcomed by our truckmen and farmers, these new implements will, no doubt, come in much handier than the picket or shovel handle hitherto in use.

It was announced in a contemporary recently that several lynx have been seen in the neighbourhood of St. John's. We regret that this alarming news is quite correct. Those of the species of Gull-links are quite numerous now in the suburbs.

We notice that Placentia is about to have a Park and a tip-top one, too. By all means. Why should Placentia not have a park? A Bridge! Oh, well, they can do without the Bridge; but the park, No! never! Every important town ought to have a park. In fact no respectable family should be without one.

The following paragraph appeared in a recent number of a local paper:—

"My son, JOHNSON, 1009 EDWARDS ST., SAVINGS BANK, HAS BEEN KILLED, and his brother injured, through the overturning of an automobile in which they were seated."

No doubt the ingenious typo wished to give a practical exhibition of the result of the overturning of the auto.

## Divers Can't Work.

The heavy sea running in St. Mary's Bay practically ever since the Golden Arrow was lost prevents Diver Larder from going down to search for the bodies of the rest of the unfortunate crew. The Amphitrite is still there. It is now four weeks since the vessel was lost, and the fish cargo which was on board, if not washed away, must be worthless, even if it could be secured.

No, they're not generous, storm and fire and sea.

Appeal in vain to clouds of Newfoundland.

They lift no voice to cheer their fellow-men.

The Pole above

And lifts such souls as mine to greater heights of love.

Excelsior, who braved the Alpine snows—

But Grenfell's flag a braver motto shows:—

"Starvation" "I have found the house of woe,"

He sings, then tragic in his arduous grows.

And caution to the winds serenely throws.

And from each platform still his blaring trumpet blows.

## When Sleep Fails You

**DR. CHASE'S NERVE FOOD** will bring rest, comfort and vitality by building up the nerves.

Mr. Jas. Wesley Weaver, a veteran of the Peninsular War, Port Dalhousie, Ont., writes: "For years I was afflicted with nervousness and dreading insomnia, so that I never knew for three years what a full hour's sleep was, never more than dozing for a few minutes at a time. Heart pain and headaches almost drove me wild. I had spells of weakness and cramps in stomach and limbs."

"Though I tried several doctors, it was money uselessly spent. Finally, Dr. Chase's Nerve Food was brought to me and eight boxes cured me. It is simply wonderful what benefit I have obtained from this treatment."

Sleeplessness and headaches, warnings of approaching nervous collapse. You can positively remove these symptoms and prevent prostration by paralysis by the use of Dr. Chase's Nerve Food. 50 cents a box, \$2 for \$2.50, at all dealers or Edmondson Bates & Co., Toronto. Write for free copy of Dr. Chase's Recipes.

## VERY SMALL HERRING.

## Nutritive Hypophosphites.

When a person feels "blue"—"all fired out"—"doesn't feel like doing anything"—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic.

Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares, overstudy, etc.

Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Large bottle, \$1.00.

## Asbestol Horsehide Gloves for Men.

TAKE men who are plying their calling through storm and tempest—the crew of ships handling icy ropes, cases and all kinds of packages in all conditions of weather, many of these packages with nails and sharp edges of iron jutting out at the sides.

Picture a man with pierced and bleeding hands caused by these sharp edges.

The captain from his position on the bridge exposed to the severest cold—the railroad man at all kinds of work—the engineer handling and fitting hot steam pipes—the truckman doing rough and heavy work—the mechanic doing outside skilled labor, and you will say it is necessary for these men to protect their hands with Asbestol Horsehide Gloves.

**EISENDRATH'S CELEBRATED HORSE HIDE**

Asbestol Gloves are made of genuine horsehide, tanned by a mineral process, which makes these gloves stand the test of heat, steam, water and washing—sewed in the strongest possible manner, perfect fitting, and made for rough, heavy and hard work.

These gloves when dirty can be washed with soap and water, can be wet through and dried in the strongest heat and will dry out absolutely as soft and pliable as when new. Made in black and yellow. Size 9, 9½, 10, 10½.

Come in and see these gloves. Prices are low for the qualities.

Lining Up!

Political parties are again lining up for a fight in the British Isles. The Veto Conference has failed, and Premier Asquith intends to force the Veto Bill to the fore in the House of Lords immediately, in order to make it the issue of the campaign.

It is to be hoped that the Veto Bill will be the dominant issue and not obscured by other issues in order that a decisive verdict may be given by the electorate. We recognize this is but a counsel of perfection as the temptations to obscure the issue on the part of the Opposition is great.

The Daily News and the Enquiry.

Editor Evening Telegram: Dear Sir, - Commenting on the Marine Court's report on the "Regulus" disaster, to-day's "News" says, "A mystery that can never be explained is why Capt. Taylor raised his anchors. An added mystery is why it took two hours to do so."

Not a shadow of blame attaches to those on board the disabled "Regulus." Let us accept the report of the Marine Court, let the authorities draw their own lessons therefrom. Let us perhaps regret that the "John Green" did not meet her course a point or so more easterly. She stuck to her task nobly; and it is remembered that there was very little but southerly in the wind up to ten that night, at least that was so here in St. John's.

Child Terribly Burned.

A little girl named Mary Meaney, aged 5 years, who lives with Sergeant Corbett, in Tessler Place, was the victim of a terrible accident about 8 o'clock this morning. Mrs. C. Byrne, the Sergeant's daughter, had gone to Mass at the R. C. Cathedral, and there was no one in the house but Sergeant Corbett who was asleep upstairs. Mrs. Byrne left a fire in the kitchen stove, and the little one who was fully dressed came down stairs and began lighting pieces of paper at the fire. This ignited her clothing, and seeing herself on fire she ran out of the house screaming for help, and rushed into the residence of Mrs. W. Squires. Mr. Geo. H. Buchanan, another neighbour, saw her from his door, and rushed after her, and he with Mrs. Squires and A. Thompson enveloped the child with bed clothing and rugs and tore the clothing from her body, but not however before she was terribly burned about the stomach, side, arms and face. Buchanan ran for a physician and soon Drs. Scully and Frazer were on the scene and did all possible for the little one, and then sent her to hospital. At 2 p.m. to-day the child was in a critical condition, and it is feared she will not recover.

Letter Box Robbed.

A few weeks ago a lad, the son of an employee of the General Post Office, who lives in the building of a Sunday entered the outer office and watching his opportunity broke the glass in the box owned by Mr. Edwin Murray, and took three letters there addressed to Mr. Murray, he held them and kept the order. He told two young friends of his of the occurrence and showed them the order on the following Monday. One of them grabbed it and taking it to Mr. Murray, related what had occurred. The matter, we hear, was brought under the notice of the postal authorities, but whether any action has been taken is not known. The letter accompanying the order was later returned to Mr. Murray. What the letters which the boy destroyed referred to Mr. Murray does not know.

# Wainwright

## THE BUFFALO TOWN OF THE GOLDEN WEST.

### A Second Saskatoon.

From the Wainwright Star, Sept. 22, 1910.—  
On the 14th of August last, the order-in-council, incorporating Wainwright as a town took effect, and another milestone in the brief but remarkable history of the place was reached.  
The next stage will be incorporation as a city, and if the citizens work together in a spirit of unity and keep pushing for settlement, and reaching out after industries, it will not be many years before this step can be taken. Wainwright is situated in the heart of a very fertile district, and is a railway centre of importance. On the east there is no city nearer than Saskatoon and on the west Edmonton is the nearest centre of importance. Why should Wainwright not become a second Saskatoon? A branch line is to be built from here, which will mean the concentration of more train crews here, and will make this a distributing centre for the villages that will spring up along the line. Already quite a few concerns have made this a distributing point for a considerable territory.  
From Saskatoon to Edmonton is 325 miles. In all this distance Wainwright leads to-day in population, and there is no reason why it should not continue to lead. In fact, there is no reason why Wainwright should not be a second Saskatoon in population and business.

Think what this should mean to those who buy property now in Wainwright. Saskatoon in 1906 had a population of 3,011. Now it has 12,000. In 1906 Saskatoon was about six years old. Wainwright is only two years old, and has a population of 1,000, which is more than Saskatoon had at the end of its second year.

It is not unreasonable to expect that Wainwright with practically every advantage that Saskatoon enjoys and some that it does not, should in a few years have a population as large as Saskatoon has now.

A few years ago lots could be bought in Saskatoon as cheaply as they can be bought in Wainwright to-day. These same lots in Saskatoon have multiplied in value several times. If Wainwright should become a second Saskatoon, those who buy lots there now, will make a profit of from 100 to 1,000 per cent. on their investment in a few years.

### Big Yields in Wainwright District.

Eighty-five bushels of oats to the acre—27 to 37 bushels of wheat to the acre—these are some of the yields in the Wainwright District, this year. J. H. Mills, who homesteaded the Southwest 1/4 sec. 34, Twp. 44, R. 5, recently threshed a field of oats which averaged 85 bushels to the acre. A field of wheat on the same farm averaged 27 bushels to the acre. A farmer named Adamson near Wainwright had 50 acres that averaged 37 bushels of wheat to the acre. In view of the fact that in many sections of Western Canada the grain crops were exceptionally light this year, these yields prove the superiority of the Wainwright District. More breaking is being done in this district this year than ever before, and next year's acreage of grains will be the largest in the history of the district. This means a big increase in Wainwright's trade. It is announced that work will begin soon on the highway bridge over the Battle River near Wainwright. This will bring to Wainwright the trade of a large and prosperous farming community which is now cut off from the town a good part of the year by the river. Minnesota parties are now negotiating for the purchase of 10,000 acres in the Wainwright district to be settled with farmers from the States in the early spring. If the land is secured it will all be broken up at once.

### Why These Lots Are Offered For Sale.

The Townsite of Wainwright was laid out about two years ago by the Grand Trunk Pacific and lots were offered for sale. The railroad had selected Wainwright as one of its Divisional Headquarters and located there extensive improvements, including 14 miles of sidewalk, a 12-ft. cement roundhouse, repair shops, and office buildings for division offices. The town was not extensively advertised, and the lots were sold for the most part to those who through a personal visit or through friends became convinced of the town's future. The G. T. P. retained a considerable amount of land adjoining the original townsite on three sides, in order to provide for the town's future growth. It has now for the first time plotted a portion of this land—the portion immediately adjoining the original townsite on the northeast and just across the street from the new \$18,000 public school. The lots in this sub-division are being offered at low prices, the object being to promote the growth of the town rather than to get the largest amount of money possible for the lots. What the Grand Trunk Pacific desires most to accomplish by putting these lots on the market is to make room for the natural growth of the town in the direction in which it will logically grow, attract people to Wainwright and thus increase the freight and passenger traffic into and out of the town. It has been the policy of the G. T. P. to sell its townsite property at a low price and give the people who buy it and improve it the benefit of the advance in value. This policy is being carried out at Wainwright, and the people who buy these lots now will share in the growth of the town and the advance in realty values, as the purchasers of lots two years ago when the townsite was first laid out have shared in its growth up to this time. By purchasing lots from the Grand Trunk Pacific, you take no risk what ever. It is different from buying from irresponsible parties.

### What Home Folks Think of Wainwright.

Of the 80 odd employees of the Grand Trunk Pacific who make Wainwright their headquarters, one-half are owners of Wainwright real estate. Eight of them, including the station agent, one engineer, two firemen, the postal clerk and a foreman, have bought lots within the past few days, and expect to build on them next year. Seventy per cent. of the citizens of Wainwright own their own homes. During 1910 upwards of 100 new buildings were erected at a total cost of upwards of \$150,000, an average of \$1,500 each. They included a number of residences costing from \$2,500 to \$3,500 each.  
When home folks do not hesitate to invest their money in real estate and improvements, it is pretty safe for non-residents to make investments in that town. A live, growing town like Wainwright is the town in which to invest for big, quick profits.

### Building for the Future.

Confident that the population of the town will increase rapidly in the future as it has in the past, the people of Wainwright are building for the future, rather than for the present. The Town Council in planning public improvements keeps the future growth of the town constantly in view. Wainwright was the first town on the G. T. P. between Saskatoon and Edmonton to put down cement sidewalks. It now has half a mile of cement sidewalk in the business section. It is now just completing one of the finest and most extensive public school buildings in any of the new towns between Winnipeg and Edmonton—a two-story, basement and attic brick building containing four class rooms, two music and chemical rooms, a teacher's room, and two large indoor playgrounds for the pupils, the whole costing \$18,000. The school grounds occupy one entire block 300 by 500 feet.

A sidewalk has just been completed from the business section to the school, at a cost of \$1,500. The Town Council recently appropriated \$2,000 for the construction of four fire cisterns each 10 feet square and 35 feet deep, to be filled with water for fire protection. The Council is now planning to build a Town Hall and Fire Headquarters to cost \$15,000 to \$20,000. It is also planned to build a large rink for indoor ice skating and for hockey and curling matches.

Wainwright doesn't do anything by halves. The citizens believe in the town's future and in making provisions for it. Certainly the town's growth in the past and the influences back of it justify their faith in it.

### Nearly a Thousand Buffalo Now at Wainwright.

Recent additions to the herd of buffalo in the National Buffalo Park at Wainwright have brought the total number in the herd up to about 950. Of these 150 are calves born in 1910. There are still about 50 head on the Pablo Ranch in Montana, remnant of the herd purchased by the Dominion Government. They include 35 "outlaw" bulls which it has been impossible so far to round up. Another roundup will be made in the near future, and as many of the remnant of the herd as possible will be captured and shipped to Wainwright. The remainder will be run down and killed for their heads and hides. A buffalo head, mounted, is valued at \$600, and a good buffalo robe is valued at \$150. A number of sportsmen, including Mayor Pawling and L. Porter of Wainwright, will go to Montana to participate in this last buffalo hunt on the continent. Each of the hunters will pay \$250 for the privilege of assisting in running down the "outlaws."

Howard Douglas, Government Commissioner of Parks, who superintended the removal of the buffalo from Montana to Wainwright, recently predicted that Wainwright would continue to grow rapidly in population. The Dominion Government, he said, would advertise the town through its National Buffalo Park, which would attract many people to Wainwright.

### How Money Is Made in Town Lots.

A couple of weeks ago we sold three lots in Wainwright to a Winnipeg barber for \$200 each—one-tenth cash and the remainder in nine monthly payments without interest. Since then the Town Council has planned to build a \$15,000 Town Hall on the same street and within a block of these lots. The building of this Town Hall will add at least 50 per cent. to the value of the three lots. It is safe to say that the owner will be able to realize a profit of 50 to 100 per cent. on these lots before he has completed payments on them. As he does not pay any interest on the deferred payments, and will not have to pay any taxes on the lots until 1912, it is easy to figure that he has made an exceptionally good investment. But if he had waited a few weeks he would have lost this opportunity for big profit, because if we had those lots for sale now we would not sell them at \$200.

Every day counts in these growing Western Canada towns. New industries are being established, public improvements are being planned and something is happening every day that adds to the value of real estate. The time to buy is NOW—TODAY. To-morrow the lot which you can buy to-day for \$100 to \$150 may be worth 50 to 100 per cent. more. You cannot make a mistake by investing in Grand Trunk Pacific lots in Wainwright. They are in the section of the town which, because of its location will be most popular. They are high and level, overlooking the business section and the railroad yards, and convenient to school and churches, and within a few minutes' walk of the business centre. Sidewalks have been constructed and streets graded right up to the sub-division. Wainwright is one of the leading Divisional Points on the Main Line of the Grand Trunk Pacific; has the National Buffalo Park; has immediately tributary to it one of the richest farming districts in the Dominion; and is already a wholesale distributing centre of importance. It is bound to continue to be the leading town between Saskatoon and Edmonton. As it grows in population real estate values will advance. Now is the time and Wainwright is the place to invest for big, quick profits.

# GRAND TRUNK PACIFIC

TOWNSITE OF WAINWRIGHT, ALTA

### Wainwright Lots Selling Rapidly.

The demand for Wainwright lots has far exceeded our expectations. During the first week after Wainwright Department was opened, without a single advertisement having been published, and as the result of only a few hundred circulars having been sent around they received orders for lots in the GRAND TRUNK PACIFIC TOWNSITE aggregating \$15,000. A week ago advertisements were inserted in 50 of the Leading Daily Newspapers of the Dominion, and as a result hundreds of inquiries are being received for information regarding Wainwright. This advertisement will appear to-day in upwards of fifty of the leading papers of Canada from Halifax to Vancouver. Those who wish to secure good lots should not wait to ask for information, but wire at our expense instructions to reserve one or more lots, stating price. We will immediately confirm the order by wire giving numbers of best lots available at the price. Remittance of at least one-tenth the purchase price should be forwarded immediately on receiving our confirmation of the purchase in order to insure that the lots will be reserved for you. This is a rare opportunity to buy at a low price property that will increase rapidly in value as the town grows. It is an opportunity that will not wait. Take advantage of it by wiring your reservation of lots TODAY.

### Harbor Grace Notes.

Our people had a very fine view of the eclipse of the moon on Wednesday night, as the sky was clear. The beautiful sight was witnessed by nearly all our citizens.

The Sale of Work in St. Paul's Hall, on Wednesday night and last night was a decided success. Although the weather was very disagreeable on the first night the proceeds were far better than anticipated. The attraction last night was a soup supper, a very enjoyable time was spent. The proceeds are in aid of the new C. of E. School Building.

We regret to have to report the almost sudden death yesterday morning of Mr. John Flynn, late of H. M. Customs. Mr. Flynn retired from duty a short time ago, not feeling well, but very few of his friends anticipated such serious consequences. The end came almost suddenly at 2 a.m. yesterday from bronchitis. Deceased leaves beside a widow, several sons and daughters to mourn their loss.

The funeral of the late Mrs. James Warren took place yesterday afternoon and was attended by a large number of citizens. Much sympathy is felt for the bereaved family.

Our town had a visit this week from the genial P. F. Moore, M. H. A. "Phil's" friends are many, and they are always pleased to see him.

A large number of workmen left Harbor by yesterday's train for Springhill Mines, and another contingent is expected to go next week.

Mr. W. Sillars, an old resident of the West End, died this morning after a short illness. Mr. S. was 82 years old.

Some of the freight by the last cross-country train was smeared with blood. It is thought, this resulted from some caribou being brought along.

### Indigestion & Dyspepsia

In all its Forms can be Cured.

It is quite a daily occurrence to hear persons say: Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headache, I feel too tired to do anything. I have no heart to exert myself and at times I care for nothing. I often have a pain in the pit of my stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a sense of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems a veritable burden.

Now, it seems a shame and a pity for persons to be suffering like that when it is in their power to get cured by taking a Bottle of Dr. Stafford's Prescription A. A sure cure for persons afflicted with stomach troubles. It can be obtained at

A SEVERE LOSS.—Yesterday afternoon a fine horse owned by Mr. Denis Furlong, while hauling a load up over Casey Street, dropped dead. Mr. Furlong only bought the animal a couple of weeks ago for \$150. This is a great loss to him, especially at this busy season of the year. No doubt the Truckmen's Union will give him a helping hand.

LOADING THE MOLINO.—The load of the s.s. Molino at Manuels with pebbles, now going on, is slow work owing to the fact that the pebbles have to be brought off to the ship in boats. If the weather keeps smooth, however, it is expected that the work will be accomplished by Wednesday next.

It is the intention of the Government to pass the essential parts of the Budget, namely, the income tax, ten duty and sinking fund provisions, remove the pauper disqualification for old age pensions, and dissolve Parliament Nov. 23rd, should the Lords in the meantime reject the Veto Bill. Presenting this programme in the House of Commons to-day, Premier Asquith said that he had hoped up to the last moment that the Veto conference would reach a settlement. There never had been a more honest or more sustained attempt by means of strong and conflicting connections to find a basis of agreement

upon which to build a structure promising stability and endurance. Owing to the failure of the conference, Mr. Asquith said that it would be useless to attempt to hammer out an agreement in the present Parliament to the accompaniment of the din of party collision. The result is that we revert to state of war, declared by the Premier. The Lords will be given an opportunity of saying yes or no to the Government's Veto Bill in the coming week. There is no question of amendment. There is only the question of acceptance or rejection. The time has come for this controversy, which obstructs the whole path of progressive legislation, to be sent for the final decision and arbitration of the National Tribunal. Mr. Asquith denied the assertion of the Conservatives that pressure was being applied by the sinister hand of the Black Angel of this political drama.

The repudiation of his error on Tolstoy's part however is absolutely necessary before the synod can go against the Canon law regarding excommunication. It is believed that Bishop of Tarnopol has gone to Astapova to ascertain the views on this point of Tolstoy either from himself or his immediate friends.

Marathon, a town of 200 people, 200 miles east of here, is under heavy guard to-day owing to the report that a band of 60 armed Mexicans have crossed the Rio Grande from Mexico and is marching in that direction. The editor of the Marathon Hustler wired the following last night: "The Deputy Sheriff at Marfa telephoned that an armed band of 60 Mexicans has crossed the river near there and is marching on this town. Four scouts have already been started for the river, and meantime the town officials of Marathon are raising armed men to protect the people. A despatch from Marathon early to-day states that the town is quiet and no immediate trouble is expected. As the scouts were waiting in nearby structures, Marathon is about 100 miles from Rock Springs, where the burning of Antonio Rodriguez took place. Why the Mexicans should make this town their object is a mystery. The telegraph operator at Marathon reports the town is quiet, but apprehensive. The report that the Mexicans had crossed the river was seemingly authentic. Nothing is known of the reported invasion at Marfa, Texas."

Dear Sir,—I must drop you another line to let you know that we are all enjoying the moving picture show; not so much on account of the pictures, as for the fact that some person will win a barrel of flour. It is a sort of lottery you know, and the obliging manager is giving a barrel of flour to the person having bought a ticket with a corresponding (if that's a wrong word please correct it) number. As soon as Tom told me about it I went, and I have been dreaming of slices of four barrels and barrels of flour ever since. Tom says it is very risky for if we win it, it will be confiscated, as the law won't allow any lottery or guess work. But that can't be true as I saw the sergeant there, and I am sure he would put a stop to it if it was against the law. However, we got our tickets, and to-night we are going down for an hour or so. I hardly know what I will do with the flour, as unfortunately I got a barrel from Tom's Adventure money. It will be rather late at say ten or eleven o'clock to bring that barrel up Water Street, especially through the West End where it is terribly muddy. I am half nervous about taking it, that is, of course, if I win it; but suppose if it was not lawful to do such a thing the company would not be allowed to go so far.

Yours sincerely,  
MARY.

## Lakeman Captured.

Sergt. Byrne and Const. Frampton arrested the man Lakeman at a shop near King's Bridge last evening. He is the man who is accused by John Callen, of Torbay, of having robbed him of \$40 on Shea's wharf last Tuesday night. A sum of \$25 in cash was found in Lakeman's pocket. He also had a good supply of liquor. He was about to engage a cab to drive to Portugal Cove en route to Bell Island.

## City Council.

The regular meeting of the Council opened at 7.30.

Hon. John Harvey wrote to say that he was called out of town, and could not manage to meet the Council as arranged, but would be glad of the opportunity to do so on his return.

Some comment was made on various items appearing in some bills, presented, and several were held over for enquiry, as it was considered overcharges were being made.

Wm. Grimes wrote to say that the oil store was being looked after by a watchman from the Public Works Department.

Mrs. Dr. Macpherson, Hon. Sec. of the Daughters of the Empire, informed the Council that a Committee of that organization wished to meet the Council to discuss the best way of helping to secure improved sanitation and cleaner streets, and asked for an appointment. The Council will meet the Committee at noon on Monday next.

Rev. Jas. Bell, Honorary Secretary C. E. Orphanage, asked for larger supply of water at that institution. Granted.

T. J. Samson asked for Sanitary man to remove ashes from his dwelling on Wintler Avenue. Council could not accede, as it was out of regular route of carts.

Harvey & Co. complained of delay

in watering S.S. Benedick, and asked Council for explanation. The Secretary explained that he had arranged the matter to the satisfaction of the Council, when they first considered, over the telephone, a few days ago; and that the Benedick had got all the water she required, according to the report of Waterman Flynn.

Butler & McDonald asked for architectural work in connection with re-modelling the new City Hall. After some discussion, the Council decided to visit the place on Monday and inspect it themselves first.

Wm. White called attention to the condition of the South Side Road, West of Job's Bridge, and asked that it be repaired. Funds not available at present.

A. W. O'Reilly asked for street line on Water Street West, opposite Leslie Street. Referred to Road Committee.

W. J. Coaker asked for permission to erect scaffold on Driscoll's house, on Field Street.

J. J. Mulcahy pointed out that he only wished to make temporary repairs to Rankin's building for the winter, and asked if the Council could not reconsider its decision. Permission given for this year only. Next year he must comply with the Act.

Councillor Channing pointed out at last meeting that John Rooney, one of the foremen on the sewer cuts, was receiving \$2.00 per day, while all the others were receiving only \$1.60, and wanted to know why the discrimination was made.

The Engineer stated, in reply to questions by the Mayor and Councillor Mullaly, that Rooney was a better workman and deserved more pay.

There the matter ended for that meeting, although Councillor Channing was not quite satisfied. Since then he discovered mistakes in the pay sheets, which showed that Rooney had been paid for seven days each week, when the other men had only been paid for six. He also watched the progress of work during the past week, and was convinced that Rooney had not done any better work than the other foremen. Under these circumstances he objected to Rooney receiving more pay than the other foremen. A lively discussion followed.

The Mayor stated that he believed Rooney was a superior man, that when he applied for the job he (Rooney) refused to go to work less than \$2.00 per day, and that the Engineer had employed him on his (the Mayor's) recommendation.

Councillor Channing did not think he was worth \$2.00 per day, and considered that the Council was not obliged to pay him that amount because he wouldn't work for less. There were plenty of men, just as good, who would be glad to take the same as the other foremen were receiving. If he were such a superior man as the Mayor and Engineer would have them believe, he shouldn't have any difficulty in getting a job.

Councillors Mullaly and Myrick were satisfied to take the Engineer's report that Rooney was superior to the other foremen.

Councillor Ryan agreed with Councillor Channing. He thought that no increase in wages should have been given without the matter first being brought before the Council, and generally, was not satisfied with the circumstances surrounding the incident. He also thought that Rooney was not a superior man, and that Councillor Martin expressed himself along similar lines.

The Mayor asked these Councillors if they considered themselves capable of judging these matters.

They replied that they knew enough about the work to judge that Rooney was not doing any better than the other foremen.

Councillor Mullaly would rather take the Engineer's opinion on the matter. Councillor Channing—But you wouldn't rather take the Engineer's opinion on all matters. You have said here that you wouldn't believe any official in the Council.

Councillor Mullaly—I wouldn't believe them if I didn't know about the matter myself.

Councillor Channing—I do know about this matter.

The Mayor thought the discussion was childish. They had proof that Rooney was a superior man, and

therefore he was worth more than the others.

Councillor Ryan questioned this statement, and said it had not been shown to be so.

The Mayor—No, it was not shown to you, because you wouldn't see it. He (the Mayor) could see the trend of the whole thing.

Here, the motion to reduce Rooney's salary to \$1.60 per day was put. There voted for it, Councillors Channing, Martin and Ryan; against: Councillors Mullaly, Myrick and Coaker.

The Mayor, for the reason he had previously stated, gave his casting vote against the motion, and it was lost.

Councillor Channing then referred to a remark of the Mayor's earlier in the meeting, when the latter insinuated that there was something behind the attitude of the advocates of the motion. He wished to assure the Mayor that he was actuated by no other motive than a desire to treat all the employees fairly, and to conserve, as far as possible, the funds of the Council.

Councillors Martin and Ryan also denied having any personal motive in the matter.

The reports of the different officials were read and adopted. The Engineer's report showed progress of construction work during the week, and represented the conditions complained of on the South Side. It was decided not to spend money on any temporary work there, but to leave the matter until the sewerage is extended to that locality.

The Council was not satisfied with the work being done by the collectors, and it was ordered that they be instructed to produce better results than they have been doing the past week.

After passing of pay rolls, etc., the meeting adjourned at 11.45.—Daily News.

## At Northern Bay.

The entertainment at Northern Bay for the benefit of the Church Building Fund, though gotten up in a hurry by the Ladies of the Altar Society, was nevertheless a success both as a pleasing social and as a help to the new building. Several of our friends from nearby places were present. The net receipts were nearly \$95.00. Another, but on a larger scale, will be held about Christmas or the New Year. The work on the interior of the church will be continued and go on to a finish in early spring.

## Surely Settles Upset Stomachs.

Indigestion, Gas, Heartburn or Dyspepsia vanish in five minutes.

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapepsin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy, out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your Pharmacist a 50-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no more sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, Nausea, Debilitating Headaches, Dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large 50-cent cases contain more than sufficient to thoroughly cure almost any case of Dyspepsia, Indigestion or any other stomach disorder.

## Death of Mr. J. Flynn.

Mr. John Flynn who for several years had been Customs Officer on the West Coast, died yesterday at Harbor Grace. Mr. Flynn who was a brother of the late Rev. S. O. Flynn, of Little Bay, and of Prof. D. A. Flynn, of Grand Falls, was of a quiet and genial disposition and a man of great natural ability. He suffered from infirmity for several years past, and the disease undermined his nervous system. Mr. Flynn inherited the family talent for music and literature, and was a most entertaining companion. The Telegram extends its sympathy to the relatives.

## For New Banker.

Capt. Walter Kennedy, of Holyrood, who until recently was chief officer of the S. S. ## A Runaway Horse.

Mr. Frank McNamara's horse with cart attached took fright at his hay house, Queen Street, about 1 p.m. today. The animal was frightened by the falling of a bale of hay. It ran down Queen Street towards Water Street. When opposite Prowse's office the cart collided with a carriage in which Mrs. Eales, of Mount Pearl, was sitting. The shock knocked the two wheels off and Mrs. Eales had a narrow escape. The horse continued its course with the long cart attached, and went on the sidewalk near Jackson's, and then swerved back near St. Byrne's to the middle of the street again. Mrs. Cook, of Mount Pearl, and her daughter were sitting in their express near Monroe's, the horse and cart collided with it and the runaway was thrown down on its back and was captured.
