Marine News

The tern schooner, Stewart T. Salter arrived at Digby Wednesday morning and is loading for Barbadoes.

Capt. Arthur Sweeney, first officer of the steamer Empress, spent the week end with his family in Brooklyn, Yarmouth county.

The launching of the new tern schr. Mapleland is expected to take place from the Annapolis Shipping Co's yard at Annapolis at noon to day.

Captain John Simms, of Yarmouth, has been appointed master of the steamer Centreville for the coming season. He was in Digby on Friday on his way to Yarmouth to take out the necessary papers to make him a master in steam, and expects to return early next week.

The large fishing schooner being built at Saulnierville, Digby Co., by the Duffy Blinn Co., and of which Mr. Jerry S. d'Entremont is master builder, is progressing favorably. She is all framed, clamps are in and she is

now partially sealed. The three-master building at the same place by the Acadia Shipbuilding Co., is also moving along rapidly. She is already largely sealed and the deck beams are now being put in.

A letter from L. H. Outhouse, Beaver Harbor, N. B., the owner of the tern schooner Souvenir—the smallest in the world, says that the vessel has proved perfectly satisfactory in her new rig. She came off the slip at Meteghan on March 12th, went to Tiverton with a cargo of boat plank for J. B. Outhouse, then returned to Meteghan and loaded timber for her home port. The work of stepping the masts was probably a record, her three masts being put in position and stayed in 2 1/2 hours.

The Souvenir now measures 50 feet keel, 67 feet over all, 16 feet beam and 6 feet deep, and will carry 60 tons. At Beaver Harbor she is taking lobster bait for Yarmouth.

ANOTHER BRIDGETOWN HERO

Guy Ruffee has Received His Discharge and Gone to North Dakota

On Monday last after a two months furlough our esteemed townsman, Mr. Guy Ruffee, late 13th Battalion, Montreal Highlanders, C. E. F., left for Halifax en route to Wyndermere, North Dakota, to take a position with his brother, Mr. Cecil Ruffee, the managing Editor of "The Wyndermere Pioneer". Few men have returned from overseas, service, around whom more interest has centered. It will be remembered that Guy enlisted in a Western Battalion in Calgary, on the outbreak of the War. Coming to Valcartier for training, he was transferred to the 17th, N. S., Battalion and with them went overseas as a member of the first Canadian Contingent in Nov. 1914. After five months further training on Salisbury Plain he crossed to France, having meanwhile been drafted into the 13th Battalion Montreal Highlanders. With this Battalion he went into the trenches in April 1915, and eventually took part in the never to be forgotten, second battle of Ypres. It was at this time that the Germans made their first "Gas" attack, and the French (Algerians) being thus driven back in disorder.

The British (Canadian) troops were placed in very desperate straits being vastly outnumbered and their ammunition exhausted. The slaughter that the 13th Battalion reported as being well right annihilated and Guy officially reported "Killed in Action" on April 22nd. It turned out, however that he had been a victim of the "Gas" and taken prisoner, a Post Card written from his first prison Camp being received from him on June 8th. Altogether he was in Germany as a prisoner for three years and seven months. Long enough to meet all sorts and kinds of Germans and to take their true measure, a propos which it suffices to say, that he was one of the happiest of men, the day on which he read in German newspapers the news of the signing of the Armistice. That changed everything, even the behaviour of the captors. Since leaving Germany, Guy has recuperated rapidly and now bids fair to regain all his old time vigor and energy. It is hoped that in the not too far distant future he may decide to return to Nova Scotia and to permanently reside here. But wherever he is he will prove himself a worthy citizen even if Canada in general and Bridgetown in particular holds the first place in his affection.

Death of Miss Margaret Innes

A gloom was cast over Kentville Wednesday afternoon when word was received of the death of Miss Margaret Innes, daughter of Mr. and Mrs. P. Innes. Miss Innes had accompanied her father to Halifax, and while there contracted pleuro pneumonia, which resulted in her untimely death. Mrs. C. B. Lowe, of Halifax, is a sister. Miss Innes was a very popular young lady, and a general favorite. Her death will be mourned by many friends.

OBSERVING LENT

This Practice Becoming Popular With all the Leading Denominations

Perhaps one of the most striking things in the modern religious world is the growing practice of observing Lent by all the leading denominations. The urge has undoubtedly come from the felt pressure of our almost necessarily strenuous life. The pace is so rapid. We overeat, we overjoy, we overdo. We are apt to forget that we have immortal spirits, that we are the Sons of God. Much even of church work so called, is little more than a serving of cables, and the expediency if not the necessity, of making a time of rest and quiet in order that we may think orderly and sanely on the highest things, the things of the Spirit.

Being impressed with these facts the Ministerial Association of Bridgetown have decided to ask their people to unite in a Lenten observance what is known as "Holy week" i.e. the week immediately preceding Easter Day. In so doing they are following the example of the capital city of the Province. In Halifax special services have been held on Wednesday and Fridays all through the season and these are to find their way into a series of special midday services in St. Paul's church on each day in Holy week. Here the services will be in the evening in each church in turn. The programme of subjects will be published next week. Meanwhile the local ministerial Association would urge all their people to plan to do their part to make these services the means of a great spiritual uplift.

It will be remembered that the annual week of prayer services arranged for this year were abandoned owing to the influenza epidemic. It is now hoped that those services will in some measure make up for those lost. The Holy Week Services will be held in the churches, not in the vestries.

Big Fire in Windsor

On Tuesday afternoon of last week Windsor, N. S., was visited by the biggest fire it has experienced since 1897.

By the breaking of a lamp which a young man was carrying in the basement of DeMont's store, a fire was started which quickly got beyond control.

The Murphy-DeMont block was destroyed, six business places and four homes being wiped out.

The loss was \$75,000 to \$100,000 with a fair amount of insurance. C. D. W. Smith lost \$20,000 with \$8000 insurance; Murphy & DeMont \$15,000 with \$7,000; E. F. Harriott \$15,000 with \$4,000; G. B. Geldert \$15,000 with \$7,000; Shand Bros. \$2,000; Y. W. C. T. U. \$500 with \$250 insurance; C. J. Shand \$2,000 and Singer Sewing Machine Co. \$2,000.

There was a high wind and it was feared the fire might wipe out the town. A fire brigade was secured from Halifax, but it was not needed until evening when it became necessary to keep a stream on the ruins until daylight. The brick buildings erected since the great 1897 conflagration prevented the spread of the flames.

Extra Train Service

The Halifax evening express made its first trip to Annapolis last night and will continue to do so every following morning, until further notice.

This is the direct work of the Bridgetown Board of Trade, assisted by Mr. M. F. Mr. A. L. Davidson, of Middleton, who is endeavouring to secure for the people of the Annapolis Valley an additional open postal car to be attached to this train, thus giving the towns and villages two mails from and to the City daily. We wish him success in this important enterprise.

Cash and Carry System

I have decided for the next three months to try the Cash and Carry System in my Grocery Department.

This means that my customers will receive their groceries 5 per cent cheaper and carry their own goods.

I believe that the people who pay cash and carry their goods home should have a privilege over those who order their goods delivered and have them charged.

Memorial Service at Mt Hanley

(Special to the Monitor)

An impressive Memorial Service was held in the Baptist Church, Mt Hanley, on Sunday afternoon, Mar. 16th, in honor of Stuart C. Marshall, son of Mr. and Mrs. Byard Marshall, killed in action. The beautiful, fine day, was very favorable to the gathering of the large audience, which came to pay their last tribute of respect to the deceased hero, and also to show their sincere sympathy with the surviving relatives and friends. The church was nicely decorated with flags and bunting, and the portraits of those, who from this conflict, had been slain in the great conflict, were displayed on the platform.

The service was conducted by the pastor, Rev. R. W. Lindsay, who delivered an eloquent and appropriate discourse, from 2 Sam. 23 ch., 15, 16, 17. The text was especially fitting for the occasion as those who had heard the call of their country and nobly responded to the need for men, three had made the supreme sacrifice.

It was needless that their lives should have been sacrificed in order that we, who reside in this beloved Canada of ours, should live in the enjoyment of peace and liberty, and that our mothers, wives and children, should not have to suffer the butchery and brutality of the treacherous Hun. God was surely in this war, as he is always on the side of righteousness and justice against tyranny and oppression.

We rejoice that we sorrow not as those who have no hope. Extracts of letters from Chaplain John MacNeil, formerly of Toronto, were read by Mr. Lindsay, telling of interest manifested by Stewart in spiritual things. Stewart found God in the trenches. We think about him as one we "Loved long since and lost a while." He has only gone before, and is even now "Looking this way" to welcome his loved ones to that heavenly home.

An interesting feature of the service was the unveiling of the new Honor Roll by Deacon Byard Marshall, the congregation rising and singing "The National Anthem". A male quartette sang effectively "Sleep, Soldier, Sleep." The choir also rendering appropriate music.

We were glad to have with us one of our returned soldiers, viz., Mr. Harry Bray, who though passing through some of the fiercest fighting, has in the providence of God been spared though his health is very much impaired.

Who won the war? Not one of these, not one but all. Who answered Freedom's clarion call. Each humble man, who did his bit, in God's own book of fame is writ. These won the war.

Retail Merchants' Association

Mr. Burley, of St. John, N. B., was in town last week in the interests of the Canadian Retail Merchants' Association. Mr. Burley entertained a number of the merchants and representative of the local press at a dinner in the St. James Hotel Friday evening. After the dinner had been served in the usual first class style for which the hotel is noted, Mr. Burley addressed his guests in the welfare of the organization which he represents.

Mr. Burley stated that an interest among those present that it was decided to hold a public meeting in the town hall this Wednesday evening at 8 o'clock, to consider the advisability of forming a branch of the Association in this town.

In union there is strength and success, and it is the duty of every merchant, who wants a bigger and better Bridgetown and more business for himself and his neighbor, to be present at the Council chamber tonight at 8 o'clock. Will you be there?

Death of Melbourne A. Taylor

Mr. and Mrs. Edward Taylor, Carleton Place, are receiving the sympathy of all in the sudden death of their little six year old son Melbourne A., who passed away Friday morning. He had been ill a few weeks ago with pneumonia but it was thought that he had almost fully recovered until his sudden illness Friday morning. He was an extremely bright little fellow and general favorite with all who knew him. He leaves besides his grief stricken parents, three brothers, George, Arch and Ronald and three sisters, Goldie, who is also confined to her home with illness, Viola and Nina.

The funeral, which was largely attended, took place Monday afternoon with interment in the Riverside cemetery services being conducted by Rev. E. Underwood rector St. James parish.

The MONITOR extends its deepest sympathy to the bereaved ones.

Another Returned Hero

Although the word was received at a late hour, that Pte. E. D. Ruggles, son of Mr. Edwin Ruggles, was on board Friday's express enroute from Halifax to Bridgetown, the town in less than half an hour was decorated with bunting, and a string of especially decorated automobiles were at the station, together with hundreds of our citizens and school children to welcome Pte. Ruggles to his home town. Pte. Ruggles had been absent from Bridgetown for more than ten years. He was for some time manager of the Union Bank of Canada in Winnipeg. When he enlisted in a Western Battalion almost at the commencement of the war, he was interested in mining, giving up a responsible position to fight for his King and Country. He has certainly experienced many hardships in France, but is giving his friends the old time hearty handshake as if nothing out of the ordinary had occurred since his absence from home.

Presentation at Lawrencetown

On Friday evening last very interesting event took place at the week evening service of the Methodist church when the pastor, the Rev. S. J. Doyne, on behalf of the congregation, wished Miss Helen Durling Goodspeed as she takes her departure to train for a nurse at the Newton Hospital. Rev. Doyne spoke in feeling terms of the high regard in which Miss Durling is held and also expressed the deep appreciation of the church at the faithful and efficient services which she had rendered as organist during the past three years. In the name of the congregation, he then asked Miss Durling's acceptance of a substantial sum of money as a token of the high esteem and affection in which she is regarded. Miss Durling who left on the noon train for Boston on Saturday heartily expressed her gratitude at the kindness of her friends.

Death of Mrs. George McLaughlin

The death took place at her home at Yarmouth, Friday, of Isabella, widow of George McLaughlin, formerly of Annapolis Royal, after an illness of months of about five months duration. The deceased was 81 years of age and was a native of St. John. After her marriage she resided in Annapolis Royal for many years where Mr. McLaughlin carried on a dry goods business. After his death, about six years ago, with her daughter, Miss Belle, she removed to Yarmouth. Besides a daughter mentioned she is also survived by another, Mrs. Arthur Rice of Bear River, and one son, George McLaughlin, traveller for a leading Montreal wholesale establishment.

Local Happenings

The Women's Institute will meet Thursday afternoon April 3rd, at 3.30 in the Council rooms.

The W. M. A. S. of the Baptist church will meet in the Vestry of the church Wednesday afternoon 3 o'clock on a candidate in Crescent Lodge of Oddfellows to morrow (Thursday) evening.

A change of adv. for G. N. Reagh, Middleton's popular auto dealer, was received too late for this issue. Watch for it next week.

Persons more than two years in arrears to this paper must get busy and pay up. We regret to be compelled to leave any account for collection.

Commencing next Sunday and continuing until further notice the evening service in all the churches will begin at 7.30.

The first meeting of the new council of the Bridgetown Board of Trade was held Monday evening at which considerable business was transacted.

"The Thirteenth Star" will appear at the Primrose Theatre April 8th. Home made candy will be sold during the evening. Proceeds in aid of cemetery. See ad. in another column.

We think now that the trains are running on the daylight saving time that it will be adopted in the principal cities and towns throughout Canada as well as in the United States.

Fire at Westport Saturday morning destroyed the store of S. T. Fayson and several adjoining buildings on Mr. Fayson's wharf. The loss is heavy with very little insurance.

A successful reception was held in Belleisle Hall last night in honour of Pte. P. V. Budd who recently returned from overseas. Pte. Budd went over with the second contingent as a member of the 25th Battalion and was wounded while on duty in France.

There are rumors of a big business deal in this county, which will particularly affect Bear River. Representatives of an important pulp syndicate are looking over one of the largest lumber holdings in Western Nova Scotia with a view to purchase.

Under the Migratory Birds Protective Act there is a closed season for migratory birds, ducks, geese, brant and rails in Nova Scotia, between January 1st and September 14th, both days inclusive. This means that you cannot shoot wild geese in the spring. This information is authoritative from the Chief Game Commissioner.

Baptist Notes

Rev. Clyde W. Robbins, who recently closed his pastorate at Digby, has assumed the pastorate of the First Baptist church of Dorchester, Mass. He will also pursue studies at the Newton Theological Institute.

Rev. R. Osmond Morse, having accepted an invitation to the pastorate of the churches at Grand Harbor and Seal Harbor, Grand Manan, N. B., will close his services at Clark's Harbor, N. S., at the close of March and begin services in his new pastorate immediately.

The church at Freeport, Digby Co., has extended a hearty call to Rev. G. Whitfield Brooker now pastor of the field at Surrey, N. B. Mr. Brooker has done excellent work at Surrey and has proved himself a preacher of exceptional worth. Should he decide to accept the call to Freeport he will find there a good working church and an inspiring congregation.

Married in Bear River

The home of Mr. and Mrs. C. D. Robbins, Bear River East, was the scene Tuesday night, March 25th, of an interesting event, when their daughter, Miss Annie E., was married to Newton Miles Usher, a native of Bermuda and a former member of the C. E. F. Rev. F. H. Bone, pastor of the Bear River Baptist church, performed the ceremony. The couple were unattended and only immediate relatives were present. They left for Bermuda Saturday.

Keeping The Service Up to Date

Construction work is being rushed on a new hut at King's Cross which will be a boon to hundreds of Canadian soldiers on leave. It is being built in record time, as a co-operative endeavour on the part of the Maple Leaf Club and the Canadian Y. M. C. A., the former to build and equip the hut and the latter to operate it. The site is kindly loaned by the Great Northern Railway Company.

This hut will have the biggest Kit Stores in London, with accommodation for 1100 soldiers' kits, and will provide up to date dining and lanching facilities, designed for travelling men with little time to spare. These two are the chief features demanded and planned, though the Hut organization will be similar to other centres of the kind.

A Hut at King's Cross has long been needed for the use of the hundreds of soldiers who go to Northern England and Scotland on leave. Last month, according to the Leave Department of the Beaver Hut a great many Canadian soldiers travelled this direction. It is possible that the Kit Stores Department of the Hut will be ready for use this week. At a time when demobilization leave is coming through and many men will be seeing Scotland for the last time, this centre will be of great service then ever.

FREE TEA AT CREWE

The demobilization arrangements for the Canadian Forces by which Liverpool (or some other port) is made the jumping off place for Canada, and thence the place to prepare for jumping off, bring the junction town of Crewe to the front as the place where travelling soldiers need a cup of tea. The authorities have taken steps to meet the requirements. Co-operation was found to be the most practicable method of performing valuable services. At the request of the Catering Department of the Army, Captain T. H. Miller of the Canadian Y. M. C. A., visited Crewe. There he found an efficient and long established organization carrying on a Church of England host of voluntary workers who supplied tea at a penny a cup and bins at a penny apiece to train loads of Imperial and Australian soldiers passing through.

Arrangements for a tea service to the Canadians resulted, whereby the Canadian Army provides the supplies the Church of England Society the workers and some equipment, and the Y. M. C. A., the rest of the equipment, the supervision, and the sergeant in charge who will see that the boys get the service to which they are accustomed.

Now the train loads (about 600 men to a train) of Canadian soldiers who are passing through Crewe daily, find free tea and buns ready for them on the station platform. The hour of the train's arrival having been given in advance, along with the number of men to be supplied, provision is made to have at hand the necessary supplies of tea and buns, so that no time is wasted.

The Y. M. C. A., is keeping its service up to date in other ways than those mentioned above, no small task at present when demobilization machinery is in operation and new plans as to camps taken over, etc., are a matter of almost daily announcement.

Best Annuals For The Home Garden

(Experimental Farms Note)

Annual flowers succeed exceptionally well in nearly all parts of Canada. For the "Home Garden", whether it be in the city or the country, the best annuals are the old favourites which have become so popular because they have fitted in with the needs of a large class of flower lovers. The reason for the popularity of the "annual" is that it can be raised easily and grown with but very little expense or labour. A few packages of seed costing five or ten cents each, a garden patch and someone interested in flowers form a combination which in the space of four or five short months may produce the most delightful results.

The old favourite annuals are the best because they have stood the test of time. In addition, they have been improved and increased in size, form and colour by the plant hybridist and by the seed man so that to day they have almost reached perfection. In one hundred years or less they have made as much advance as most other forms of life have made in several thousand. The "poor man's orchard" is the descriptive term for the modern sweet pea and the term is legitimate because the sweet pea of to day is wonderful. It is a new creation as compared with the sweet pea of a century ago. The same is true of many other annuals.

The favourite annuals are those which can be depended upon to give results. The final results will depend upon: 1. Seed; 2. Culture.

1. SEED. Some annuals are diffi-

cut to raise from seed and, therefore the best for the home garden are those which produce seed that will germinate well. The seed of such annuals can be dealt with in two ways: (a) It may be sown in pots or flats in the house and the seedlings transplanted to the garden or (b) it may be sown direct into the garden. Latitude and climate must settle which method is better for the greatest success although with many annuals either method might give good results.

2. CULTURE. The culture of an annual flower is not a labourious task or trial of skill. The cultural directions are generally printed on the seed packages. Soil, cultivation and rainfall are three factors of importance. Soil should be of garden loam quality, and neither too sandy nor too heavy. Barnyard manure will stimulate good growth. Cultivation will keep the growth vigorous and healthy. Rain or artificial watering not less than once a week in the early stages of growth is almost essential.

Annuals are splendid for purposes of cut bloom. Some of the best for this purpose as well as for garden display are as follows: China Asters, Sweet Peas, Nasturtiums, Sweet Sultan, Sweet Scabious, Snapdragon, Everlastings, Zinnias, Pot Marigold or Calendula.

Other good annuals are:—

LOW GROWING: Pansies, California Poppy, Mignonette, Petunias, Portulaca, Finks, Drummond, Phlox, Verbenas;

MEDIUM HEIGHT: Everlastings, Balsams, Coronopsis, Larkspurs, Gaillardia, Clarkia, Salvia, Stocks, Poppies;

TALL GROWING: Cosmos, Heliochrysum, Tall Larkspurs, Nicotiana, Salpiglossis, Sunflowers.

The Late Mrs. Laura Gladys Charnock

Just before dawn on Monday, Laura Gladys (Sargent) Charnock, beloved wife of Arthur F. Charnock, of South Braintree, went away on that journey from whence no traveler returns. In the passing of this beautiful young woman, in the prime of her perfect home life, the family, relatives, friends and community have sustained a tremendous loss.

Mrs. Charnock, was of a quiet and unassuming disposition. She made friends and retained them and those who knew her had learned to love and to appreciate her kindnesses and many virtues. She had been seriously ill only a week and most of her friends were totally unprepared for the shock caused by the sudden summons to her Heavenly home.

The deceased was born in Wollaston and on Monday next would have been 27 years of age. She attended the Public Schools at Wollaston and Quincy from which she graduated. Her home life since coming to Braintree was a happy one. She was blessed with a devoted husband and a daughter, Lois. Two weeks ago a son came to the happy home, George Sargent Charnock.

Other survivors are her mother and aged grandmother; both of Round Hill, N.S., and her sister, Mrs. Rosa Herrick, of this town. Mrs. Charnock was an attendant at the Methodist Church and deeply interested and a participant in all of its activities. A member of the Ladies' Aid Society, the Opportunity Circle and Krow Eldien Society, holding office in the last two mentioned. She was also active in the last two mentioned. She was also active in the Auxiliary to the Sons of Veterans.

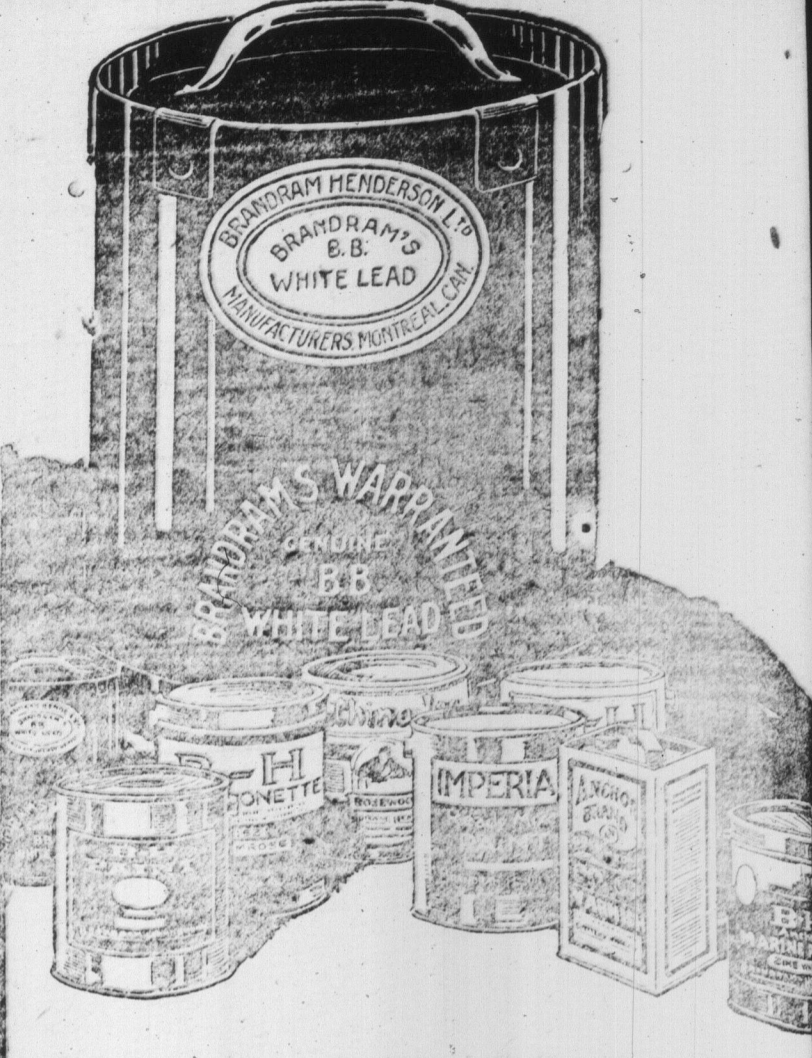

The funeral services were held from her home on Glendale road on Wednesday afternoon. Rev. J. Harlow Graham, of the First Methodist Episcopal Church, officiated. Mrs. W. B. Teakles sang very sweetly "Till we Meet Again". There was a large gathering of relatives and friends and a wealth of beautiful flowers gave silent expression of the universal esteem in which this sweet woman was held. The interment was in Blue Hill Cemetery. The pall bearers, were office associates of Mr. Charnock at the Fore River plant.

Airplanes to Locate Schools Mackerel

A Gloucester, Mass., despatch says: When the mackerel fishing fleet of 35 or 40 sail starts for the Southern fishing grounds about the middle of April it will be accompanied by seaplane scouts if plans of the Gloucester Board of Trade are perfected. Secretary of the Navy Daniels has been asked to assign naval flying boats for the purpose.

The scouting experiment, if attempted, will be under direction of a practical fisherman of experience in identifying fish schools and estimating their size. Mackerel are encountered first in the vicinity of Cape Hatteras and from this point follow the coast north, so that airplanes would not be required to go more than twenty-five miles off shore.

The Outstanding Product of a Large Manufacturing House

FOUR large factories and five distributing warehouses stand back of Brandram's Genuine B.B. White Lead.

Every step in its manufacture is closely watched by chemical engineers—nothing is left undone which would help to maintain the quality of the world's finest white lead.

Brandram's Genuine B.B. White Lead

is different from any other white lead. To begin with, it is corroded by several secret processes which are then merged into a pigment of marvellous smoothness. This pigment is ground no less than five times, first under huge stones, and finally between heavy steel rolls. In this grinding process, it is made into a pulp by being mixed with pure refined linseed oil made in our own linseed oil mills.

Whenever you paint, use Brandram's Genuine B.B. White Lead if you mix your own paint. If you want to save the labor of mixing you can ensure the use of this quality pigment only by getting B-H "English" Paint.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns calluses and "hard skin" on bottom of feet, then lift them off.

When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

WALTER SCOTT, "The Keen Kutter"

Mount Allison Memorial Library

In another column of this issue will be found an announcement of the campaign which Mount Allison is undertaking to raise funds for the erection of a Memorial Library. The original intention, outlined in earlier notices in the press, was that the building should be in memory of Mount Allison men and women only; that it should record the names of the dead as well as commemorate the service of the College in the War. But as the plan of the campaign has developed from many quarters the suggestion has come that it should have a wider application, and should memorialize the service not only of Mount Allison men and women, but should record as well the contribution of all Methodist men and women to the common cause. This suggestion has been fully considered by the Committee in charge and has met with its full approval. This means a larger and more pretentious building with a special room devoted to the records of Methodists who have served and died, a room which will be of perennial interest to Methodism. The widened scope of the memorial combined with an underestimate of the necessary endowment, meant that the objective originally set had to be increased to \$150,000.00.

Death of Jeremiah Saulnier

Jeremiah Saulnier died at his home in Beaufield Saturday night after suffering for some time with cancer. He was born in Plympton, Digby Co., about 60 years ago, moving to Annapolis County when quite a young man. He is survived by a wife, two sons and one daughter, one son having not yet returned from overseas. The funeral took place from his late home yesterday morning with interment in Hampton, served at the house and at the grave being conducted by Rev. E. Underwood, rector of St. James parish. The amount of \$1.50 is small enough for any newspaper if paid in advance five hundred of these one year or more in arrears looks like a thousand dollars to us that we would like to have in our possession to meet drafts for expensive paper stock.

Our Readers are Always Satisfied

What is more annoying than starting to read a local or personal column and find amongst the items paid ads.? We believe in system. In the MONITOR there is a place for ads. and a place for news. A paper which studies the reader's interests immediately gets a big circulation and that is what the advertiser is looking for—a good advertising medium. The advantage of advertising in a paper carrying a classified column for small ads. is that every advertisement is read, big or small. Try it and you will prove that our statement is correct.

Death of Harold Charlton

The community of North Williams-ton, was saddened on Thursday morning, March 27th, about nine o'clock when they learned that little Harold Charlton, aged 2 years and 8 months, only son of Mr. and Mrs. Fred Charlton, had met an untimely death by falling in a pool of water. His father and Mr. Thomas Magee were visiting over wood in the door yard and the little fellow was playing in the yard near. In a few moments they missed him and on searching, found him lying with his face downward in a pool. When he was taken from the water it was found that life was extinct. Being of an active and bright disposition he will be sadly missed by his fond parents. Heartfelt sympathy is extended to the grief-stricken parents in their very sad affliction.

A Good Machine

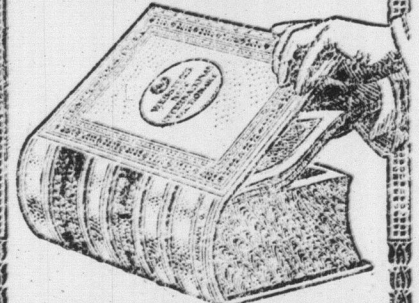

A new 8-16 Tractor manufactured by the F. H. C. was much in evidence at Lawrenceton on the occasion of the Government Short Course, on Mar. 27th. This machine made a fine appearance and seemed to be much admired by the farmers present. It seemed to be very easily operated, backing and turning with the utmost facility. It was purchased on the spot by Mr. H. T. Phinney, one of our large and progressive farmers.
