

Nineteen of Crew of Burned Steamer Missing; Thirteen Rescued

Provincial Hydro-Electric Commission Orders Ten Per Cent. Reduction in Toronto Rates Effective June 1

THIRTEEN SURVIVORS OF VESSEL BURNED AT SEA ARE PICKED UP NINETEEN OTHERS STILL ADRIFT

Flames and Series of Explosions on British Freighter Columbian Drove Crew to Boats on Sunday Night—Survivors in Open Boat for Forty Hours—Chief Steward Succumbed to Exposure—Nineteen Men in Another Boat Not Found by Rescue Ship Franconia.

(Canadian Press Despatch.)
BOSTON, May 5.—The mystery surrounding the identity of the steamer which has been on fire in the westbound transatlantic steamer lane, south of Sable Island, for 48 hours, was solved tonight when wireless messages from the Cunard liner Franconia told of the burning of the freighter Columbian, and the rescue of 13 members of her crew from a small boat. The death of Chief Steward Matthews, whose body the survivors had in charge, and the disappearance of a second boat, in which were 19 men, including the first and second officers, were also reported.

Whether the number of missing was represented by those said to be in the second boat, was still uncertain tonight. Estimates by officials of the Leyland and Phoenix lines placed the number of the crew at between 45 and 50. The messages from the Franconia told of only 33 men, represented by the occupants of the two boats. It was thought possible that there was a third boat, commanded by Captain Macdonell of the Columbian.

Exhausted by privations. The survivors were so exhausted by their experience that they could tell little of what has happened, and steamship officials expressed the opinion that the only wireless messages of mention of the captain might be laid to this fact.

After rescuing the occupants of the first boat, the Franconia searched until midnight for the rest of the crew, but without result. Then Captain Miller of the Cunard steamer word ashore that he had given up the search and would proceed for Boston with the survivors and his 1733 passengers. He said he expected to arrive at Boston Lightship at midnight Wednesday.

Search for the missing men of the Columbian has not been given up, however. Before turning for his destination, Captain Miller had notified the steamers Manhattan and Haverford, both eastbound, of the missing boats, and they sent word that they had changed their courses and were heading toward the burning steamer.

SURVIVORS ON FRANCONIA.
ON BOARD STEAMER FRANCONIA, via SABLE ISLAND, N. S., May 5.—Those on board the Franconia are: James Drohan, wireless operator; Antonio Elias, carpenter; Ivar Iversen, boatswain's mate; Ungus Irvine, Jens Jensen, A. Abelik, quartermaster; Gustav Schriborn, donkeyman; Thos. Conner, Juri Lei and Arthur Brantli, able seamen; Antony Cordones and Bennett Rother, firemen, and Frank Wedekind, messroom steward.

The Columbian caught fire Sunday night, when about 300 miles south of Cape Race. A series of violent explosions followed almost immediately. Capt. Macdonell gave orders to the wireless operator, James Drohan, to send out calls for assistance, but one of the explosions put the wireless apparatus out of commission, cutting off the Columbian from communication with nearby ocean liners which might have gone to the rescue.

Forced to Abandon Ship.
With the vessel pitching flames and torn by the explosions, it soon became evident that the crew could do nothing to control the fire, and the order to abandon ship was given.

The men left the Columbian in two boats. Chief Steward Matthews was in charge of the first. This boat put away from the steamer and lay to for some time, but in the dense smoke which surrounded the burning vessel, the other boat was not visible, and the steward's boat finally drifted far from the scene.

When the Franconia was sighted, she picked up the 13 survivors in the small boat. The 19 men in the second boat have not yet been found.

Woman and Child Burned

MOOSE JAW, Sask., May 5.—A disastrous fire occurred at the farm of Sherman Blackburn, manager of the Investors' Realty Company of this city, which is situated near Avonlea, at an early hour this morning, which resulted in the death of Mrs. Blackburn and her nephew, aged three.

COLUMBIAN MAY HAVE CARRIED SIXTY MEN

At Steamship Offices in New York It is Feared List of Missing Men is Not Complete—Unable to Account for Explosions Mentioned.

(Canadian Press Despatch.)
NEW YORK, May 5.—The Cunard line late today received a wireless message from the Franconia, which read: "Rescued thirteen survivors and Chief Steward Matthews, who is dead, of the steamer Columbian, from Antwerp. Crew suffering from exhaustion. Said to have been in boat forty hours. Columbian caught fire Sunday night and almost immediately a series of violent explosions occurred. The wireless apparatus was destroyed."

"One other boat, containing the chief officer and second officer and seventeen men, is afloat. The Franconia is making diligent search for it."

No Passengers Aboard.
The steamer Columbian, which the Cunard liner Franconia tonight reported was burned at sea, sailed from London on April 16 for Antwerp and thence on April 23 for New York. She was last reported by wireless 310 miles east of Sandy Hook at 10 o'clock Sunday morning.

The Columbian was a cargo vessel and is not believed to have had any passengers on board. She was of 5088 tons gross register, 442 feet long, 45 feet beam and 21 feet depth. She was built by Harland & Wolff at Belfast in 1890 and was owned by F. Leyland & Co., Limited, of Liverpool. The Leyland line is controlled by the International Navigation Company.

RAILWAYS WILL BUILD STATION AS PLANNED

Railway Commission Sets Ninety Days as Outside Limit for Starting Work in Toronto—City's Objections to Plans Were Summarily Set Aside.

(By a Staff Reporter.)
OTTAWA, May 5.—The board of railway commissioners today overruled all four of the objections to the plans for the new Union Station in Toronto, as prepared by the railway companies, which were advanced by G. R. Geary, corporation counsel for Toronto, on behalf of the city. The board also ordered that work on the new station be commenced within 30 days, if let by unit tender, and in 90 days if let by bulk contract.

In dealing with the four objections to the plans as made by Mr. Geary, Chairman H. L. Drayton said that he believed that the first one, which was to the effect that 11 feet headroom in the clear of the waiting-room adjoining the entrance was insufficient, had not been seriously advanced. The headroom of 10 feet as given on the plans was practically all that could be obtained, and he pointed out that the very modern station which had been erected in the City of Toronto, and which was erected in the City of Toronto, had lower headroom. The board, he stated, had agreed that the plans should not be altered in this respect.

Platforms Satisfactory.
With regard to the contention of the city that the plans should be altered so as to provide platforms which would permit passengers to leave the trains at the ends of the platforms, the board was satisfied with the plans.

MARINE GRAFT TO BE PROBED

Two Government Officials Will Open an Investigation at Quebec Tomorrow.

(By a Staff Reporter.)
OTTAWA, May 5.—Messrs. De Salaberry of the justice department and Drouin of the marine department will open an enquiry at Quebec on Thursday into the recent scandal in connection with the administration of the marine department at Quebec. Paid payrolls and other abuses are alleged and six of the marine department's officials were suspended a week or two ago.

STOCK VENDOR SENT TO TRIAL

Leslie Downey to Answer Charge of Conspiracy to Defraud Merritt Physician.

(Special to The Toronto World.)
ST. CATHARINES, May 5.—Leslie Downey, who was arrested at his home in Toronto several weeks ago on a charge of having conspired with H. L. Pearce to defraud Dr. Currey of Merritt of a sum of money, was today committed for trial by Magistrate Campbell. Currey and Pearce promoted the Colonial Insurance Company, for which a charter had not been applied for.

C.P.R. MUST RESTORE TOWNLINER BRIDGE
By a Staff Reporter.
OTTAWA, May 5.—The unexplained delay of the Canadian Pacific in rebuilding the bridge on York and Scarboro townline, which it recently cut off last fall in order to widen it, moved at Westford, was laid before commission this morning by W. F. Maclean, M.P. The chairman said he would take steps to have the bridge restored. E. H. Beatty, general counsel of the C.P.R., undertook to bring the matter up before the construction officers.

TORONTO HYDRO RATES ARE REDUCED BY PROVINCIAL COMMISSION'S ORDER WHICH TAKES EFFECT ON JUNE FIRST

MAYOR HOCKEN MAKES NO COMMENT.
(By Staff Reporter.)
OTTAWA, May 5.—Mayor Hocken, who is in Ottawa today, had no comment to make on the decision of the Hydro-Electric Commission. He said the civic commission would meet on Thursday, and would decide then what course should be pursued.

TWENTY-FIVE CITY STREETS WILL BE CROSSED ON THE LEVEL IF RADIAL WINS ITS FIGHT

A. C. Macdonell, W. F. Maclean and Col. Currie Led Strenuous Opposition to T. N. and W. Bill—Advocates Contended That Issue Was Between Province and Toronto.

(By a Staff Reporter.)
OTTAWA, May 5.—The house tonight again debated the motion of Mr. Lancaster to strike out section seven of the Toronto, Niagara and Western Railway bill, which safeguards the rights of the City of Toronto, and prevents the road from crossing 25 streets except upon terms and conditions to be prescribed by the city council. The first six sections of the bill were passed without comment or opposition, and the debate was upon the motion to strike out section seven. The motion was opposed by A. C. Macdonell (S. York), W. F. Maclean (S. York), Mr. Hugh Guthrie (South Wellington) and Mr. David Henderson (Halton), who supported the Lancaster amendment.

City Versus Province.
Mr. Macdonell argued that to strike out section seven of the bill would be to permit the railway to cross 25 streets at a grade. The right of way of the Toronto, Niagara and Western Railway was adjacent to the Canadian Pacific, which had been compelled to elevate its tracks between Yonge and Dufferin streets. The road's charter was over eleven years old and its projected line now went thru the geographical centre of the city.

Mr. Guthrie replied that the people of the province had some rights in the bill. (Continued on Page 7, Column 5.)

TO INVESTIGATE DUGAL'S CHARGES

Sir Frederick Barker and Judge McKeown on Commission, Named on Com-Brunswick.

(Canadian Press Despatch.)
FREDERICTON, N.B., May 5.—Sir Frederick Barker, formerly chief justice of New Brunswick; Judge McKeown of the supreme court bench, and W. S. Fisher, of the firm of Emerson and Fisher, hardware merchants, of St. John, were appointed tonight by Lieut.-Gov. Wood a commission to inquire into the charges made by L. A. Dugal, M.L.A. for Madawaska, against Premier Fleming and H. F. McLeod, M.P. for York county.

Mr. Dugal charged that the premier had extorted large sums of money from lumbermen in connection with their crown land issues and that Mr. McLeod had demanded and received a sum of money from a St. John valley railway contractor to which he was in no way entitled, while he was provincial secretary of the province.

FOUND BODY OF VICTIM OF NOVEMBER STORM
SAULT STE. MARIE, Mich., May 5.—A grim reminder of the storm of last November was brought to the Soo today by a Canadian fisherman. Indians trailing the beach in the vicinity of Michipicoten Mission found a body, about the waist of which was a life preserver marked "Nottingham." It was thought to be that of Joseph Smith, who, with two others, was lost from a yawl in which they sought help.

To Prevent Ad Frauds

(By a Staff Reporter.)
OTTAWA, May 5.—Hon. C. J. Doherty, minister of justice, has given notice of an act to amend the criminal code. The purpose of it is to make those who knowingly publish or cause to be published, false and fraudulent advertising, criminally responsible.

PEACE DELEGATES WILL CONFER ON BORDER

Niagara Falls, Ont., Chosen for First Formal Conference on May Eighteenth, is Announcement Made by Bryan—Carranza Has Opportunity to Be Represented.

(Canadian Press Despatch.)
WASHINGTON, May 5.—The three South American envoys who have undertaken by diplomacy to settle Mexico's civil strife, as well as her international difficulties, announced tonight that the first formal conference with representatives of the "different parties interested in mediation" would be held at Niagara Falls, Ont., on May 18.

Secretary Bryan made the announcement for the three diplomats in a brief statement, which read as follows: "The mediators have notified the different parties that Niagara Falls, Canada, has been selected as the place where the mediators will confer with representatives of the different parties interested in the mediation, and that the 15th of May has been fixed as the date when the conference will begin."

Door Open to Carranza.
The language of the declaration attracted attention, for, although the envoys had in a note, earlier, said they would withdraw their invitation for a Carranza representative unless an armistice between the constitutionalists and the Huerta forces was arranged, no specific parties to the negotiations were named in the state department. It was later learned authoritatively that the reason for this was due to the fact that a further effort was being made to induce Gen. Carranza to send a representative.

It was understood that the mediators had further explained their position to Gen. Carranza, and were still hopeful that he might be represented at the negotiations without seeking to limit his agent to discussion of any particular subjects.

IMMIGRANT RATES SHARPLY ADVANCED
Effect of North Atlantic Shipping Conference—Seen in Joint Action.

(Canadian Press Despatch.)
MONTREAL, May 5.—Following the North-Atlantic shipping conference an indication that the competing lines have patched up their quarrel over sharing westbound traffic is seen in the announcement made here that westbound, prepaid emigrant rates would be advanced from the cut price of \$22 to the old rate of \$24. This is to go into effect at once. The question of advancing eastbound third-class rates is still open.

Ten Per Cent. Cut All Round is Ordered and Directed to Be Made and Original Recommendation of Provincial Commission is Confirmed.

The first mandate of the Hydro-Electric Commission to a municipality which declined to carry out commission recommendations was issued yesterday, when the order was given that Toronto should proceed to adopt a stipulated schedule to replace that now in use. The terms of the statement are unequivocal. Reference is made to the negotiations which have been carried on since the new rates were first recommended on Nov. 19, 1913, and it is "ordered and directed" that the schedule then proposed by the provincial body be adopted. The power prices quoted at that time stand unchanged.

In the manner of rate adjustment for consumers of the Toronto hydro-electric system the report states that after investigation of the recommendations, reports and evidence submitted by the engineers and auditors of the provincial commission, and the evidence, representations and reports on behalf of the Toronto commission, the board has decided to confirm its original recommendations.

In effect June 1. It is further "ordered and directed" that the rates quoted shall come into force and effect on June 1, 1914. This leaves the city the opportunity of arranging for the change within the next twenty-six days.

The order followed a protracted sitting of the commission yesterday afternoon. For months the matter of the Toronto rates has provided subject for discussion in the individual commissions and in joint conference. Some of these were marked by outspoken opinions on both sides, the local body claiming that reduction at the present time, was not for the best interests of the Toronto power situation, and the commission on the other hand reinvigorating the bases of reduction as recommended.

During the session of the legislature several sittings were held at which Mayor Hocken and the two local commissioners were present, and it was thought that an agreement might be made then. Yesterday the mayor was in Ottawa and in ignorance of the order until it was flashed to him over the wires.

Ten Per Cent. Cut.
The effect of the reduction will be a lowering of approximately ten per cent. all round. In the lighting rates, as the present schedule for domestic purpose is 4c per 100 square feet, plus a consumption charge of 2c per kilowatt hour, with a prompt payment discount of ten per cent. on bills paid within ten days of the date of the bill, the new schedule leaves the first item at 3c 40, the second at 2c 40, and the total at 5c 80, or a 10 per cent. reduction.

The new schedule of rates ordered by the commission reads as follows: Power Rate, \$1.00 instead of \$1.10, per month per horsepower of connected load, or (Continued on Page 2, Column 5.)

TO BE SEEN AGAIN.
At the matinee and evening performances today Mr. Martin Harvey will be seen again in "The Breed of the Treshams." It is a stirring play, dealing with the turbulent times of the English parliamentary wars of the 17th century. Mr. Harvey is surrounded with the same wonderful cast, including Miss N. de Silva as the heroine, Miss Batty. A great many changes goers think "The Breed of the Treshams" is the strongest play in Mr. Harvey's repertoire.

A New Soft Hat Just Opened at Dineen's.
This cut represents the new Diamond Crown Soft Hat so much worn throughout the United States. Blue, green, brown and grey are the four leading colors. Price \$2.50. Also Soft Hats, also conforming to fashion and the latest style in Silk Hats. Raincoats, umbrellas and suitcases. Today is a good time to go into Dineen's and make your selection. The store is 140 Yonge street.

KEELE STREET HOUSE, near Conduit and new school. Detached, bungalow style, about 2224. Not including piano and bath. 7 rooms, 3 mania, hot water heating, double maple floors, lot 3 x 122. Special price of \$1900, as owner is moving to west side. TANNER & GATES, Realty Brokers, Tanager-Gates Building, 20-23 Adelaide Street West, Main 2323. edit

SEPARATION ALMOST AN ASSURED FACT

Interviews With Bishop of Toronto re Tomorden Church.

DUST SIX INCHES DEEP

Don Road Residents Protest—Want Highway Oiled at Once.

It will not be long before members of the Anglican community in Tomorden will know where the separation of St. Andrew's Church from the Parish of Chester will be effected. In a conversation with The World last night the Right Rev. Bishop Sweno stated that the petition had been handed on to the boundaries commission, and he thought that their decision would be arrived at some time during the month. He also intimated that the separation was likely to take place, although he was not in a position to state anything definite in this connection.

The committee in charge of the canvass which took place in the district to raise the \$800 which it is necessary to raise for a rector's stipend state that the subscription list was sent in to the Bishop of Toronto with a total amount pledged of \$316, and since that time other subscriptions have been promised. The attendance at the services since the canvass was commenced has increased considerably, last Sunday nearly 350 persons attending the morning and evening services.

Traffic Diverted. Storms of protest were forthcoming yesterday from Tomorden residents at the way the sidewalk on the west side of Page avenue, in the township, was cut up through the traffic on the road being diverted on to the walk. A frame house, which was being moved from Logan avenue to Bee street, was the cause of the trouble, the building taking up the whole of the road and making it necessary for other vehicles to use the sidewalk.

Don Road Church. Great success is being met with by the trustees of the Don Mills Road Methodist Church in their efforts to raise sufficient money to build a parsonage on the ground donated to the church by Mrs. Henderson on the Riverside subdivision.

The subscription to the church has reached a figure of \$200 and \$200, and a meeting of the board of trustees will be held next week when plans for the building will be formulated.

Residents on the Don Road are still wondering whether the road is to be oiled this spring. At present the dust is nearly half a foot thick on Gowanus avenue, and people are determined not to suffer in this connection like they did last summer.

TOWNSHIP DAIRIES TO BE INSPECTED

Residents Complain That Milk Supply is Not Up to Standard.

The board of health decided yesterday to have the sanitary inspector visit all the dairies supplying milk in York Township and to report as to their sanitary condition and the quality of the milk supplied. A large number of the residents outside the city limits complain that the milk supplied to them is of such quality that it would not be passed by the medical health department.

Permit Necessary. The matter was brought to the attention of the board of health by the township clerk, who pointed to the clause in the Public Health Act that demands a penalty of \$50 for any dairy selling milk in a municipality without first being inspected and obtaining a permit from the medical health officer. The inspector was instructed to see that all dairies in the township comply with this section of the act.

Should Burn Refuse. Dr. C. A. Warren, M.O.H., reported 14 cases of scarlet fever and six of diphtheria in the township since the last meeting of the board. In the matter of refuse, the board is of opinion that the residents would help greatly by burning all refuse of a combustible nature, but leaving the question of collection to the township council.

NEW TORONTO COUNCIL DISCUSS WATERWORKS

Public School Supplied Direct From Lake—Water is Quite Pure.

The New Toronto Council, at its meeting in the school house on Monday evening, cancelled the contract with W. A. Sianey for the removal of garbage. Mr. Sianey, it was brought out, had never worked according to his contract, and there had been great dissatisfaction among the residents.

A special meeting of the council will be held on Wednesday night to discuss the installation of a waterworks system. The water to be drawn from the lake is to be supplied to the public through a new line of pipes to be laid on the western side of the village, to Brown's line, beyond Long Branch, the terms having been arranged with the Electric Council. There will be about 12 lights.

The village has a sewage disposal plant and half the village is already provided with sewers. The New Toronto Hydro-Electric Commission has been requested to extend the lighting system on the Lake Shore road from Fourth avenue, the western line of the village, to Brown's line, beyond Long Branch, the terms having been arranged with the Electric Council. There will be about 12 lights.

TO BUILD SCHOOL AT LAMBTON PARK

Ratepayers' Association Met in Ball's Store Last Night.

APPROVE ARBITRATION

Division of School Section Negotiated—Reeve Syme's Address.

The Lambton Park Ratepayers' Association held its regular meeting last night in Ball's store, corner Scarlett road and Ellice avenue. President J. Ball occupied the chair. The award of the arbitrators, separating school section 24 in York Township, from school section 3 in the Township of Etobicoke, was brought up for discussion. A motion was carried that the association accept the decision of the arbitrators and that the secretary, H. Hickson, be instructed to ask the township clerk to call a meeting for the election of trustees for section 24, and that the building of a two-room school for the smaller children of Lambton Park district might at once be arranged.

Reeve's Advice. In reply to a question from President Ball, Reeve Syme, who was in attendance, advised them to take no action until the statutory 30 days in which motions to the award would be heard had expired. He considered that there was some dissatisfaction in the southern portion of the section, and that some protest would in all probability be made. He questioned very much whether the board of arbitration had the power to dissolve two sections and form two others. It might be that the southern section would pass a resolution of acceptance of the award made, but when it met in June, would appoint arbitrators who had to interest the sections affected, and in that case they would be in duty bound to abide by the decision.

Two-Roomed School. The president stated that there were in the Lambton Park district about 70 children of school age, or just approaching it, and that the present one-room school was inadequate to receive the children of that section. He stated that the petition against dissolution in their district was unanimous. They had an assessment large enough to provide for the building of a graded school, but the present proposal was to build a two-room school which could be added to as occasion demanded.

The townships in again addressing the meeting, said that it was a pleasure to see the section growing up so rapidly. He stated that it was a pleasure to see the section growing up so rapidly, and that it was a pleasure to see the section growing up so rapidly.

He stated that it was a pleasure to see the section growing up so rapidly, and that it was a pleasure to see the section growing up so rapidly.

STORMY MEETING CALEDONIA B.L.A.

Many Members Resigned—Claim Association is Too Political.

NEWS OF EARLS COURT

Cigar Butt Found in Bottle of "Invalid" Port—Other News.

A meeting of the Caledonia Branch, B. L. A., was held last evening in Hughes' school, McRoberts avenue, to talk over the dissatisfaction among the members regarding the time and objects of the association generally. The following resolution was carried: "That the business of the B.L.A. be proceeded with, and afterwards those wishing to form a ratepayers' association, remain at the close of the meeting."

That settled the uproar and made discussion possible. Secretary C. Riley stated that the organization was purely a political association. At its very commencement it took it was not a ratepayers' association, and no person desirous of political work would join the body.

Political Body. Messrs. Thorne and Jenkins were also present at their declaration that the B. L. A. is a political organization, and it is a drawback in municipal matters, instead of being a help. Mr. Jenkins, another member, said that the Caledonia Branch was ruled by the Central Branch, and he wanted to know why it was necessary to talk imperialism at a ratepayers' meeting.

President Explains. President Duffroy of the Central Branch, in answer to the various members, said that the B.L.A. was formed by H. Smith himself after breaking away from the Canada British Association, organized by Arthur Hawkes and others. He stated that the B.L.A. wanted forty per cent. of the fees, which was afterwards reduced to ten per cent., but they didn't see their way to paying this amount, the B.L.A. was formed at a meeting in Little's Hall.

Many Resigned. President Warden, Secretary Riley and about one-third of the members present tender their resignations at the close of the proceedings.

ITALIAN INJURED BY PILE HAMMER

Was at Work in Excavation for Trunk Sewer on Keele Street.

NEWS OF WARD SEVEN

Collegiate Boys Get Half-Holiday for Baseball Opening.

White at work in the excavation for the new trunk sewer on Keele street, south of Dundas street, yesterday afternoon, about five o'clock, an Italian, A. Soper, 564 Dovercourt road, employed by A. Orpen, contractor, was struck by the descending mallet of the pile driver and severely injured. The man was working beside the plank wall, which has to be constructed to prevent cave-ins, and unwittingly got beneath the machine just as a new stroke was to be driven in.

The heavy weight fell, striking his head and knocking him unconscious to the bottom of the trench. He was picked up and hurried to the surgeons of Dr. R. Hopkins, on Annetta street, where it was found necessary to make a deep incision for a deep gash in his scalp. Fortunately, his skull was not fractured, and his injuries will not prove serious.

Schools Held Holiday. The congregational church, St. John's Church, in a lighting campaign, have raised the sum of \$275 for the grading and seeding of the grounds in the care of the division of Dundas street from St. John's road. A new fence is to be erected and garden beds, and the ground at the rear will be utilized for tennis courts and a bowling green.

Schools Held Holiday. School committees at eight o'clock this morning for the pupils of the Humber-side Collegiate Institute, and continues until 1:30 p.m. The remainder of the day will be free. The remainder of the school term will be a half-holiday.

THE MODERN METHOD OF TREATMENT FOR ALCOHOLISM. The Neal treatment affects alike the periodical, the habitual, the moderate or the excessive drinker, as well as the man who drinks to "steady his nerves." It takes away all inflammation, taste, craving and desire for liquor and the man who once takes the Neal treatment will have no struggle or the least difficulty thereafter to keep from drinking. Its administration is easy, and not attended with the slightest danger. No hypodermic injections are employed, and the medicine used is a harmless vegetable compound, absolutely guaranteed to be free from narcotic or hypnotic drugs. The Neal Institute is centrally located in Toronto at 52 College, and is equipped with all modern conveniences for the comfort of patients—physicians in attendance with lady graduate nurses at all times—absolute privacy is maintained and all business relations are strictly confidential. We shall be pleased to take this matter up personally with all who are interested, and go into the question of treating and men and women who are addicted to alcohol by a method of treatment which is safe and absolutely reliable. For further information, booklets, etc., write, phone, call. THE NEAL INSTITUTE. Phone North 2967, 52 College St., TORONTO.

HOUSE VOTED DOWN RESOLUTION TO CENSURE I. C. R. MANAGEMENT

Emmerson Alleged That Government Line Was Being Made Subservient to C. P. R. and That Gutelius-Bosworth Pact Was Ruinous—Premier Hotly Repudiated Charge

Ottawa, May 5.—At an early hour this morning the house voted down a resolution proposed by Hon. H. R. Emmerson censuring the government for its management of the Intercolonial Railway. Mr. Emmerson spoke at considerable length in criticism of General Manager Gutelius, claiming that the I.C.R. was being made subservient to the C.P.R. He was especially severe upon what is known as the Gutelius-Bosworth arrangement, maintaining that the Intercolonial was moving C.P.R. trains between St. John and Halifax at a ruinous rate.

The prime minister replied with some warmth, and quoted at length from long-established freight rates to prove that the contract with the C.P.R. was in the interest of the Intercolonial. He paid a high tribute to Hon. Mr. Cochrane, observing that the only criticism heard nowadays of the Intercolonial management was that it was too businesslike and too far removed from party politics.

Hon. J. D. Hazen also defended the present management, while Mr. E. M. Macdonald and Hon. George P. Graham spoke in support of the Emmerson resolution. Emmerson's Attack. Hon. H. R. Emmerson in opening said that the present management of the Intercolonial Railway was deserving of criticism in several particulars. During the past year or two the road had been allowed to deteriorate and the passenger and freight service become less efficient than formerly. The "Ocean Limited," the crack train of the I.C.R., had been taken off for several months and had been diverted to the C.P.R. Indeed, he complained that the road had been made subservient to the Canadian Pacific, and that competition in the I.C.R. were not entrusted with its operation.

After criticizing the bookkeeping of the I.C.R. and the heavy traffic it had brought in for the year ending March 31, 1913, was really a deficit, Mr. Emmerson pointed out that 24 engineers were now employed to do the work formerly done by five, and that one of these received \$20,000 a year and another \$15,000 a year. Upon taking charge of the road, Gutelius said the I.C.R. was "under-officed and over-managed." Today, in Mr. Emmerson's opinion, the road was

"over-officed and under-managed." Alleges Improvident Pact. He then vigorously criticized what is known as the Gutelius-Bosworth agreement under which the I.C.R. moves C.P.R. trains (four hundred tons) from Halifax to St. John for \$300 claiming that such service was worth at least double that amount. In closing Mr. Emmerson offered an amendment to the motion to go into the committee on the management of the present management of the I.C.R. to be oppressive and unfair to the public, and to demoralize and deteriorate its service.

Hon. J. D. Reil, acting minister of railways, defended the management of the I.C.R. and satisfactorily established the correctness of the surplus claimed by the government. E. M. Macdonald (Picton) quoted from The Truro Citizen, which he claimed to be the organ of Chief Whip Stanfield to show that there was much dissatisfaction among Conservatives in the maritime provinces with the present management of the Intercolonial.

The prime minister, upon rising to reply, was greeted with applause. He said that the only criticism of the present management of the Intercolonial was that it was too businesslike. Mr. Cochrane had administered the little regard to party politics. The agreement under the Gutelius-Bosworth agreement are better justified by comparing them with the rates long established for the carriage of four from Montreal to Halifax and the carriage of grain from Georgian Bay points to the Atlantic.

Never in Better Shape. Mr. Borden said that his observation and information were that the Intercolonial was never in better shape for giving more satisfactory service than it is at present. He and Mr. Cochrane alike desired to make the road a credit to Canada. Any complaint would be promptly investigated, and if justified it would be cured. The I.C.R. needed feeders and branch lines, and would be acquiring them today had the senate not killed the legislation passed by the house of commons at the last session. Hon. George H. Graham followed, claiming that the government could acquire all the branch lines it wanted without any general legislation. He said that the branch lines bill as first introduced by Mr. Cochrane would have enabled the minister of railways to purchase the Canadian Pacific Railway without consulting parliament.

FRANCONIA GAVE UP SEARCH FOR OTHER STEAMERS ON WATCH

Wireless From Rescue Ship Says Manhattan and Haverford Are Looking for Boat With Nineteen of Columbian's Crew Aboard—Will Arrive at Midnight.

Canadian Press Despatch. NEW YORK, May 5.—The Franconia stopped searching for the Columbian's missing lifeboats early to night and is on her way to Boston, where she expects to arrive tonight. A wireless message which reached the Franconia on May 5, according to a message which reached the Franconia on May 5, was signed by her captain, D. S. Lee, and was timed at 7 o'clock to night, when the Franconia was 463 miles east of the Boston Lightship. It ran as follows: "Expect to arrive at Boston Light-

ship at midnight Wednesday. Searched but could not trace other boats. Steamship Manhattan and steamship Haverford steering for position to search." It was assumed here that the Franconia communicated by wireless with other ships, asking them to take up the search where the Franconia was about to leave off. The Haverford is an American line vessel, which left Philadelphia for London on May 2. The Manhattan, of the National Steamship Line of London, left New York on the same date for Antwerp under charter by the Phoenix line.

SOME WAS REDEEMED

About 2 o'clock Monday afternoon there lay on the desk of Manager Walker of the Imperial Bank a pile of charred fragments of paper, which upon close inspection proved to be the remains of bills—fives, tens, twenties and about ten hundred dollar bills. It was all that remained of \$1800 in bills and was the property of Jim Lee, one of Toronto's wealthiest Chinamen, and a recognized leader among his fellow-countrymen.

Lee had kept the money at the bottom of an old trunk in an upper room of his store on West Queen street, west of Teraville. Sunday evening, while holding a candle to search thru the trunk the Chinaman had the misfortune to drop a lighted candle among the papers in the trunk. In a moment another flame before the trunk had partially burned the small fortune resting at the bottom of the trunk. Lee, knowing that partially burned bills are redeemable, carefully carried the remains of the bills and collected them in to Manager Walker at the Dominion Bank, where Lee has his account. Thru a Chinese interpreter he related to the bank manager his misfortune, and as close an inspection of the remains as possible was made and the smaller denominations were of the Dominion. Also at that time it could not be ascertained whether the bill was Walker that the very bottom of the pile was a thousand dollar bill, which would not seriously affect the Chinaman's finances. Only about half of the burned money will be redeemable, because some of the bills are burned beyond any possibility of detecting their numbers.

THE MANUFACTURERS' LEAGUE SCHEDULE

The Riverdale Manufacturers' League has passed on the following schedule of twelve games: May 2-3 p.m., Gooderham & Worts v. Rolph & Clark (Lid); 4 p.m., Dunlop Tire & Rubber Goods Co. v. Phillips Mfg. Co. May 16-2 p.m., Phillips Mfg. Co. v. Sheet Metal Products Co.; 4 p.m., Rolph & Clark v. Dunlop Tire Co. May 25-2 p.m., Dunlop Tire v. Gooderham & Worts; 4 p.m., Sheet Metal v. Rolph & Clark. May 30-2 p.m., Rolph & Clark v. Phillips Mfg. Co.; 4 p.m., Gooderham & Worts v. Sheet Metal. June 7-2 p.m., Phillips Mfg. Co. v. Dunlop Tire; 4 p.m., Rolph & Clark v. Gooderham & Worts. June 14-2 p.m., Dunlop Tire v. Rolph & Clark; 4 p.m., Sheet Metal v. Phillips Mfg. Co. June 21-2 p.m., Rolph & Clark v. Sheet Metal; 4 p.m., Gooderham & Worts v. Dunlop Tire. June 28-2 p.m., Sheet Metal v. Gooderham & Worts; 4 p.m., Phillips Mfg. Co. v. Rolph & Clark. July 5-2 p.m., Sheet Metal v. Dunlop Tire; 4 p.m., Phillips Mfg. Co. v. Gooderham & Worts. July 12-2 p.m., Gooderham & Worts v. Rolph & Clark; 4 p.m., Dunlop Tire v. Phillips Mfg. Co. July 19-2 p.m., Phillips Mfg. Co. v. Sheet Metal; 4 p.m., Rolph & Clark v. Dunlop Tire. July 26-2 p.m., Dunlop Tire v. Gooderham & Worts; 4 p.m., Sheet Metal v. Rolph & Clark. August 2-2 p.m., Gooderham & Worts v. Phillips Mfg. Co.; 4 p.m., Dunlop Tire v. Sheet Metal.

VILLA DEPOSES GENERAL CHAO

State Governor Removed for Intriguing Against Commander-in-Chief.

Canadian Press Despatch. EL PASO, Texas, May 5.—Gen. Manuel Chao has been removed as Constitutional Governor of Chihuahua by Gen. Francisco Villa. News of the change reached the border tonight. The removal, it was said, was the result of an intrigue by Chao to have Villa replaced as general-in-chief of Chihuahua, and Gen. Chao's front beyond Terroren for active service. Villa replaced as general-in-chief of Chihuahua, and a close friend of Chao, was removed at the same time. Villa was succeeded by Gen. Labastard, formerly inspector of Chao and Terrazas, who is regarded as being closely allied with Gen. Carranza, while his successors are friends of Villa.

STILL READY TO RECEIVE CARRANZA

Mediators Willing to Reopen Negotiations—Will Not Confer in Canada.

WASHINGTON, May 5.—Development in the Mexican situation today were divided between the diplomatic and the military status. The South American mediators continued their sessions thruout the day, and for the first time it became authoritatively known from them that they considered the whole range of Mexican affairs as properly embraced in their work. Their reply to Carranza had made this clear, and while eliminating him from the mediation for the time being, it still left the door open to him to come into the proceedings later. At the war department it became clear that the status quo at Vera Cruz would be maintained with no advance of the American forces unless that a definite course of action had been outlined in the event of a resumption of hostilities at Vera Cruz and the extension of the campaign to the Mexican City.

REBEL ARTILLERY ARRIVES AT TAMPICO

WASHINGTON, May 5.—Constitutional representatives here were advised tonight of the arrival of the rebel artillery at Tampico. This has been awaited before beginning a general attack on the federal garrison there.

TOO OLD FOR VEAL

An instance of the high price of beef comes from the prairies. A farmer 15 years ago bought a cow which, each year for 15 years, raised him calves. Last fall he sold her for beef for nearly twice the price which he had originally paid for her.

PROFITABLE DAIRYING

The following, from the current number of Conservation, is timely and to the point: For profitable management of a dairy farm, it is essential that as high a rate of milk production be maintained during July and August—when the pastures are dry and feed is scarce—as during the preceding months. If the yield of milk is allowed to decrease for a few weeks, it is impossible to bring it back that season to its proper level. To Secure Abundant Feed. The most economical, easiest and safest way to secure abundant feed during the months of July and August is to cultivate the sodder plants to be cut down green; or part may be fed on the field. From experience gained, the most useful plants for this purpose seem to be: Vetches, peas, oats, clover, alfalfa and corn.

SET OFF FOR BISLEY

Boys of Quebec Schools Gave Intending Competitors Good Send Off. Canadian Press Despatch. QUEBEC, May 5.—The team of Canadian Cadets which will compete at Bisley and which is almost wholly composed of boys from Calgary, left for England today on the Royal George. They got a good send-off from the cadets of the local schools, who escorted them down to the wharves. Col. Landry, who commanded the division, inspected the team before its departure and wished them good luck, while a number of other military men were also present. The boys will use the new miniature Ross rifle and Dominion ammunition.

TRIP COMES FIRST IN COUNCIL'S VIEW

Matters of Import Must Wait Till Southern Joy-Ride is Over.

WHAT THEY DIDN'T DO

Water Rates, Annexation, Filter Plant, Drainage System, All Postponed.

W. PEARSE IS NOW CITY ARCHITECT

Council Made Appointment After Discussion of Three Hours.

When the city council adjourned this morning at 12:30 the amendments to the water rates schedule which are people living outside the city had not been dealt with and remain until next meeting. The amended charges will consume hours in discussion. Also, a report about \$300,000, and other American cities, to inspect sewage disposal plants the North Toronto drainage plants the North Toronto drainage plants the council returned for besides sewage disposal, filtration plants will be investigated in Atlanta, and all possible information is wanted before large sums of money are spent on these works.

NEWS FROM THE CITY HALL

WHAT COUNCIL DID.

Appointed W. W. Pearse city architect at a salary of \$5,000 per annum. Gave authority to introduce a bylaw that will arrange for payment of \$40,000 for an industrial farm for women.

Decided to split the council into several parties to visit sewage disposal plants at other American cities besides Atlanta. Referred back Upper Canada College district annexation, filtration plants, extra and North Toronto drainage system.

HOW THEY SPEND THE CITY'S MONEY

Three Thousand Dollars for Trip to Inspect Atlanta Sewage Plant.

VISIT OTHER CITIES

Council Enthuses Over McBride's Proposal to Take in Southern Jaunt.

If the enthusiasm of city council for the \$3000 trip to Sunny Georgia to smell the Atlanta Imhoff sewage disposal plant waned yesterday morning under the criticism directed at it came back "bigger and better than ever" last night when on reopening the question the vote for the jaunt became unanimous. And not only is the Atlanta plant to be tested by aldermanic noses, but two or three similar plants in other cities as well. This was the decision when the question was reopened.

Ald. McBride, who led the movement for the trip, did so, he said, because he was disgusted with "specious" reports. "Not for me, any more," he said, "I am an Ald. Maguire echoed, "Seeing is believing." Hang the Expense. It is said the several trips to a number of cities will cost even more than the one united jaunt to Georgia. The board of control will arrange the tours for next week.

DIPLOMAS PRESENTED

Large and Enthusiastic Attendance at Twentieth Annual Meeting.

Great interest was manifested in the 20th annual meeting of the Toronto Deaconess' Aid Society at the Methodist Deaconess' National Training School building, St. Clair avenue, yesterday afternoon.

Rev. George J. Bishop, D.D. said that a reference to the records showed that the first secretary regretted that the movement was "not popular."

Mrs. N. A. Powell, president, congratulated the friends present upon the present bright outlook for the work.

Mrs. F. N. Starr, honorary secretary, reported a most successful year, with 75 deaconesses, or missionaries, or lady church workers taking special courses.

Mrs. John Carrick, honorary treasurer, reported receipts aggregating \$24,856.88 and expenditures of \$19,885.20.

Miss S. M. Bowes and Miss B. M. Hopkins gave inspiring addresses upon the comprehensive character of the work of the deaconesses, who in the course of the last year had in Toronto made 974 calls on the sick or in need of Christian fellowship of some character.

The hall was quite inadequate for the large number who desired to attend the graduating exercises last night. H. H. Fulger was chairman.

The diplomas were presented by Mrs. W. E. Ross and Mrs. M. A. Fowell. Piano solos were rendered by Miss A. B. Bishop and Miss C. E. Chace and a vocal solo by James Dyer.

The members of the graduating classes were: Deaconesses: Etta M. Bates, Olive M. Hugo, Jessie I. Henderson, Ida Johnson, Hattie E. King, Ella Leonard, Hattie E. Moore, Edith A. Martin, Annie Moffatt, Beulah M. Shepley, Sarah E. Whitehead, Missionary: Ellen Ferguson, Florence E. Stone, Ethel M. Neff, Special: Susanna Lovins, Annie Wheeler, Edna M. Williams.

One year—Missionary: Lydia B. Fowler, Ada M. Payne, Blanche R. Robinson, Marie M. Staples, Lydia B. Sherwin, Alice O. Stott, Specials: Lorraine Hilborn, Gertrude R. Jull, Mary W. Loveys, Lottie M. Mason, Bertha Parker, Lillian E. Sibley, Mrs. Minnie Walker.

GOOD WORK DONE BY SAMARITAN CLUB Reports Show That Many Homes Have Been Helped Through Organization's Efforts.

The Samaritan Club met yesterday morning in the Bible Society rooms, College street, with Mrs. R. M. Burns in the chair. The club which is doing such splendid work in affiliation with the National Sanitarium Association, was formed a little over a year ago, and now comprises a membership of 250 ladies, who have given valuable service in aiding the great campaign against tuberculosis.

The reports show that the ladies have helped numbers of homes, led needy and dependent when the bread winner has been stricken by the terrible disease.

After the reports had been read by the secretaries, Mrs. C. D. Henderson and Miss E. Blackwell and the treasurer, Miss E. Wright, Mr. W. J. Gage as representative of the N. S. A. board offered his congratulations and thanks to the executive and members for the wonderful work accomplished. Mr. Gage announced that the club would soon be provided with its own committee rooms that were so urgently needed.

The various committees were elected for the new year and the following ladies were voted to office: President, Mrs. R. M. Burns; 1st vice-president, Mrs. G. L. Robinson; 2nd vice-president, Mrs. C. D. Wilson; treasurer, Miss Burns; assistant treasurer, Miss Laidlaw; recording secretary, Mrs. Henderson; corresponding secretary, Miss Blackwell.

A cottage in Muskoka has been placed at the disposal of the club, in order that children in poor health might benefit by a holiday amid healthy surroundings.

GOOPS

Roger Peet Now, when you have to cross the street, Don't be a Goop like Roger Peet! He never stopped to wait and see if it was safe to cross, so he was hurt; an auto hit his shoulder! He is more careful now he's older!

Don't Be A Goop!

YOU MAY WEAR A CAPE INSTEAD OF A COAT

But Dame Fashion Decries That the Garment Must Match the Skirt.

Capes have won such favor that they are now being introduced in many instances in place of the short coat—and match the skirt with which they are worn.

These cape costumes are successfully developed in taffetas, moire, or satin—a decided stripe is a new feature of taffeta costumes. The vague of striped materials is very evident—so many models display revers straps and even busbies fashioned of noticeably striped contrasting materials.

Two styles prevail in chapeaux the Watteau type, much bedecked with flowers, ribbons and lace, or dainty velvet bands, and immensely high hats with flares exaggerated by stand-up ornaments of unique and original construction.

Some of the newest evening frocks are skillful combinations of black and sapphire shades in taffetas and their charm enhanced by the application of jet ornaments and colored pearls.

Black is paramount at present. Afternoon frocks are black, and sleeves made of black chiffon, banded at the wrist with ruchings of the finest Spanish lace.

Some of the new dancing pumps are held by broad ribbon straps crushed over the instep. The strap is fastened to the outside edge of the shoe with a long gem studded slide, and a little ruffle shows beyond.

Roman scarfs are again fashionable. FUN AT CONEY ISLAND. Coney Island opens its summer season, May 15. Perhaps that has something to do with the fact that the reduced-rate spring excursion to New York City over the Lehigh Valley Railroad leaves here May 14. Coney is always a spring holiday crowd.

Coney Island always opens up with a bang. At least 50,000 persons go out the first day, and the crowd never seems to dwindle much, day or night, until September. With Coney, and the many things worth seeing in New York itself, the ten days allowed for the return on the spring excursion tickets will pass quickly for those who take advantage of the reduced rates.

GRAFONOLA DEMONSTRATIONS.

Prof. Goodwin of New York, assisted by members of the local staff, has been giving a series of Columbia Grafonola recitals at Loretto Abbey, St. Joseph's College and De La Salle Institute, the educational value and uses of the instrument being illustrated. This was the first time in Toronto that lectures and demonstrations showing how the Grafonola may be used in calisthenics, marching and folk dancing have been given.

NORTHERN W.C.T.U.

The election of officers of the Northern W.C.T.U. takes place at the meeting this afternoon at 3 o'clock in Central Methodist Church.

Pristine Purity

The standard we have set ourselves demands that... shall always contain only the finest, freshest young leaves. . . . Black, Mixed and Green

Fritter Batters.

FITTERS WERE FIRST made in North America by French settlers, and Louisiana claims that the popular sweet originated with, and has spread from, her Creole families.

Any state might well be proud of introducing such delightful delicacies, or of making the custom of serving a sweet in the middle of a meal popular. Fritters are now an important part of our bills-of-fare.

The fritter batter is usually flavoured with orange water, but this depends somewhat upon the fruit that is fried in it. Plain fritter batter is quickly made with two eggs beaten light (whites and yolks separately).

To the yolks add a tablespoon of butter melted, two tablespoons of water, flavoring to suit, one-half cup sugar, sift one cup of flour and add it and the stiff whites of the eggs with as little beating as possible.

Strawberry fritters are made by using the first recipe for batter. Select very large, perfect berries, drop them in batter and fry. Pile these fritters into a pyramid, cover with sifted, powdered sugar, and serve them as hot as possible with a rich syrup or sweet sauce.

Plain fritter batter for meats and vegetables is made with two beaten eggs, one cup of flour, one-half teaspoon of salt, one tablespoon melted butter and enough water to make a thin batter. Many cooks prefer this fritter batter for croquets, meatcakes and meat mixtures to breading.

Corn meal fritters contain two cups white corn meal scalded with one pint boiling milk, three eggs, one tablespoon melted butter, one-fourth cup sugar, and a little salt. Mix all together and fry by spoonfuls in very hot fat. This mixture may also be fried on a griddle for breakfast cakes.

Rice, creamed corn, hominy, and many other cereals and vegetables may be added to the batter and fried. Of course no sugar is used for vegetable fritters.

Those gardeners who took our advice and are raising their perennial plants from seeds, must treat their sweet williams of last year's sowing, rather differently from those discussed yesterday.

Yesterday's talk concerned old, well-rooted stock. The new stock especially that raised from seed, and not from slips, cannot be stripped of any side shoots as spoken of yesterday. As a rule there will be no side shoots. You will bear in mind that the plants are to flower this year, and to flower for the first time. Therefore, considerable care should be taken in their treatment.

While most of these young plants were or should have been transplanted early last fall, so that they became fairly firmly rooted before the winter set in, yet there are, doubtless, many plants that were neglected. These must be transplanted at once.

And they should be transplanted simply from one spot to another, disturbing the clump of roots as little as possible. I am coming to believe, however, that the main thing with sweet william plants is to be careful that they are set deep and kept well watered.

These plants should soon commence to form thick heads, ready for the flower stalks.

Those gardeners who have bought new plants from the florist this year should take care to unroll the roots before resorting to them. It is an actual fact that I was asked the other day whether the moss (in which the roots had been wrapped for preservation) was necessary for the growth of the plant!

This gardener, I found on closer enquiry, had planted the bundle of sweet william roots just as she received them from the shop. I am not even sure whether she removed the moss before she planted them. The necessity of warning recent purchasers to unwrap all new roots before planting had never before appeared to my mind. It did not seem within the bounds of reason that anyone should need this explained to him.

So, everyone, do unwrap all new roots. And more, straighten out those roots, spreading the tiny rootlets carefully in the soil so that they may more fully be in a position to drink in the food. With any new sweet william roots, if a very necessary proceeding, since the root-fibres are exceedingly fine and creep forward, rather than push forward, as many roots do. We shall talk more of sweet william.

L.O.D.E. CONVENTION IN FULL SWING

Forester's Hall Ablaze With Flags at Opening of Annual Meeting.

MANY DELEGATES HERE

President to Deliver Address This Morning—Reception at Government House.

Yesterday afternoon Forester's Hall was ablaze with bunting and beauty; bunting in the shape of numerous bright flags that adorned the walls, and beauty as represented by women from many parts of the Dominion, assembled to celebrate the 14th annual meeting of the Imperial Order Daughters of the Empire.

This was the initial gathering of the convention which will last three days, during which many things will be discussed pertaining to the work of the order. It is easy to gather from the mural embellishments of the place of meeting that patriotism is a vital feature of the program.

A great Union Jack crowned with the insignia of the organization rises above the platform, and shields bearing the names of chapters of different districts are placed at intervals about the hall.

Registration took up a good deal of the first session, about 75 delegates from the various districts are expected to arrive today. Mrs. Albert E. Gooderham, the popular and capable president, whose work for the order has national recognition, was kept busy, together with her secretaries, receiving delegates and others interested.

The floor of the hall was reserved for delegates alone, but the gallery is open to others. An informal reception was held at 4.30 by the National Chapter, and in the evening a delightful musicale and reception was given by the president at her home, Deane-croft.

This morning Mrs. Gooderham will give the presidential address, and reports will be heard from National Chapters and from the Provincial Chapters of New Brunswick, Manitoba, British Columbia, also from the municipal chapters of Hamilton, London, Edmonton, Sherbrooke, Montreal, St. Catharines, Regina, Winnipeg and Vancouver.

After luncheon there will be routine business and the election of councilors, a motor drive and reception at the Preventorium, the day to conclude with a reception at Government House by his honor the lieutenant-governor and Lady Gibson.

Those Who Are Here. The delegates who arrived in town yesterday include: Mrs. Coombs of Winnipeg, with Mrs. Auden, at Upper Canada College, Toronto; Mrs. Peuchen, 599 Jarvis street; Mrs. D. J. Henderson and Mrs. W. J. Wright of Winnipeg; Mrs. W. Saunders, Brandon; Mrs. J. Macroe, Winnipeg; Mrs. D. V. Macdonald, Dauphin; Miss Clara Jarrett, Portage la Prairie; Mrs. Morell, Regina; Miss Irene Van Norman, Brandon; Mrs. Van-couver; Mrs. Matthews, St. Mary's, will all be at the Westminster, Jarvis street.

Mrs. Cutcliffe, Brantford, with Miss Dixon, Chestnut Park road; Mrs. Leonard Murray, Halifax, at 74 St. George street; Miss Bailey, Sutton, at the Selby; Miss Evans, St. John, and Mrs. Arnott, Winnipeg, at the Westminster.

Mrs. Harshaw, Nanapanee, with Mrs. Brevort, Admiral road; Mrs. George A. Smith and Mrs. Nettman of St. Catharines, with Mrs. Murray Clark, Tranby avenue; Mrs. Langstaff of New York, with Mrs. Bruce, Bleeker street; Miss Van Norman, Brantford, is at the King Edward.

HOUSEWIVES' LEAGUE.

The meeting of the above league which was to be held at the residence of Mrs. G. E. Toye, Beech avenue, today, will, on account of sickness at the home, be held at Mrs. C. J. Campbell's, 62 Balmor Avenue, at 3 p.m. Everybody welcome.

Fancies of Fashion Skirts Grow Shorter for Summer Days

By Madge Marvel

SKIRTS must be four inches from the floor. They may be, and sometimes are, twice as short without being conspicuous. There is frequently six or seven inches of space between shoe sole and skirt hem. Skirts are also fuller. Some have a decided flare about the feet. Others have the fulness at the hips, and the hem very little wider than we have been wearing. The slit is forgotten. Already it marks the skirt as hopelessly old-fashioned. If it exists at all it is a very decided opening in the back of the skirt with plenty of lace draping filling the opening.

When the skirt is very bouffant at the hips then it is apt to be narrow at the feet. When there is no sign of the bustle or hip drapery, there is the flare at the hem. Some of the newest skirts have the fulness of gathers at the waist, and there is a two-inch heading left a finish, and below the material flows freely outward.

Frequently, where there is a comparatively narrow underskirt, there will be a fairly full tunic with a deep flounce of lace or tulle, which gives a strange effect of extreme width.

The tunic grows longer day by day. When it began to start on its downward way there was certainty that the time would come when it became the skirt itself, and that that skirt would be full.

Bustle Little Used.
The bustle causes scarcely a passing interest when it is worn, for it has been apparent on many of the gowns since the mid-winter. Some authorities ignore it. Paquin is one of these. Poiret, too, has no use for it, though he makes much of the tunic.

This brevity and fulness of skirt and its dependence on the bustle in the wearing of the bustle in any one of its hundred variations, has been accepted as the final decree after the spring openings with all their sumptuous showings of gowns in most gorgeous settings, and will probably last through the summer.

Also ruffles have come in favor of the season advances. I think there will be a tremendous liking for silk ruffles of volles and similar thin materials in the contrasting shade of the organza. On white striped volles there were five scanty black silk ruffles used at intervals on the skirt for mid to the top of the hem to the hip line.

An apricot organza with a shadowy blossom patterning it was worn with rose and gold-shot taffeta in the same manner.

Some of the dancing skirts in tulle and chiffon are made as full as the old-fashioned lamp shade, and show the glimpse of the petticoat beneath. This is the nearest approach that I have seen of the real life of the much-talked-of pantlet which was worn at the openings by the mannequins or on the stage.

"Petites" Below Gowns.
Some way petticoats seem hardly to fit in the scheme of modern life, nor is there anything about them to appeal to the average eye.

However, petticoats were never so much in evidence, and they are purposefully worn hanging below the gown in a way to make the uninitiated fear for the firmness of fastening on the outer skirt. And naturally when they are intended to be so generally seen they are elaborate enough to make them worth while being exhibited.

They are of the most delightful materials and colors. Crepe de chine and taffeta are the first choice, although the taffeta one with net or chiffon flounce is equally popular. There is also a silk Jersey lace which is entirely new and most attractive.

Next to the short skirt the cape is the most pronounced garment of the year. Fashion makers say that it has returned to stay for the season and longer, and that next winter we shall see the most elaborate fur capes made in preparation for return to favor when the summer shall have fled.

THE SAMPLER

By Joyce Cobb

BESIDE the willow-pattern plate, Above the old worn-out spinet, It hangs with cross-stitch alphabet Which children's tears still punctuate.

Or is it fancy? Hue and line— A row of figures, "amperand," Bird, beast, and butterfly she planned: "Priscilla Cole, her work, aged nine."

This Georgian great-grandmamma, In later years, traditions say, Applauded her, and she planned: "Wore patch and paint at Ranelagh."

She played piquet, sipped elder wine, But though (as arch young beauties will) She had her beaux, I see her still Intent on crewel-stitch design.

Her golden tresses primly bound, She sits on straight-backed chimney seat, In still-breathed gown, with feet, Perhaps, six inches from the ground.

Her nimble fingers knot the thread, But sampler coarsely "Time goes; The canvas ravel, and who knows How many tears Priscilla shed?"

TOYS

By Michelson

DIDN'T she read the other day in the public prints that every girl should have a hundred proposals before making that momentous final decision? If one must receive one hundred proposals, one must look over each proposal very carefully, for there is no rule that you have to take the hundredth man. You have the privilege of running back over the list and taking any one in the hundred if he asks you again.

Of course this may be rather rough on the nice young chaps who belong to your hundred (and MAYBE to some one else's) and who may have to stand around like so many images on a toy counter while a fastidious customer picks them over.

And of course the right one MAY not ask you again—they have a way of dissolving, these toys have, and vanishing into thin air.

What the Normal Woman Wants

By WINIFRED BLACK

Copyright, 1914, by Newspaper Feature Service, Inc.

Winifred Black

DEAR me, Reader, how very serious you are about the "normal" and the "abnormal" woman. You aren't a woman—that's easy to see. Women don't talk so much about the longing for a "mate and a home."

They may feel it—some of them undoubtedly do; but it's considered rather bad form to say too much about it. There are a great many things which the "normal" woman wishes she had and can't get.

Beauty, for instance. It's silly, I suppose, but I don't believe there's a woman in the world who doesn't wish she was beautiful. Does that wishing make her so, and ought she to sit down and cry her eyes red, if she isn't pretty?

Or doesn't she show a good deal and make a layer cake for tea; or in the living room and embroider a front for baby sister; or down town and work for a living—than to stand in front of a looking-glass and weep because her eyes are not in the least like violets and her hair hasn't even the least resemblance to spun gold?

Of course, the average woman—and I suppose when you say normal woman you mean the average woman—wants a mate and a home and children, just as she wants a dinner and a fire to sit by and a bed to sleep in and comfortable clothes to wear and flowers to look at and books to read and friends to love.

Why not? These things are the great pleasures, the great joys, the great opportunities of life—why shouldn't she want them? And why should it be a credit to her to long for them and a discredit not to care?

Does the normal woman crave for love? What a silly question. Does she crave for light, for fresh air, for sunshine—for the chance to breathe and to live? Of course she does, unless she's feeble-minded—and then, my friend, she wouldn't be quite "normal," would she?

So you think the woman who has no "longing" for a mate and a home is a "freak," do you? She isn't half as much of a freak as the woman who is so crazy to get a mate and a home that she'll marry the first man who asks her and thank him for the chance to get into any old kind of what he chooses to call "a home."

Wake up, brother Jehoshaphat—no, I mean Methuselah. Comb the knots out of your beard and brush the cobwebs out of your eyes. Your kind of a world has whirled by—while you were asleep in the hayloft.

Maybe the woman you married loved you when she married you—and maybe she didn't. The women of your generation had to marry whether they wanted to or not—there was nothing else for them to do. Perhaps your son's wife married him because she couldn't live another day without him—and perhaps she married him to spite the girl who was trying to get him. She knew she probably would have to marry somebody, for marriage was still the easiest way for a woman to get a living.

Your grandson, when he marries, will marry a woman who loves him—or at least a woman who thinks she loves him. Women don't marry "for a home" or "for a man" these days. At least, not the women worth marrying.

Secrets of Health and Happiness

Long, Uncut Finger Nails Agents of Many Ills.

By Dr. LEONARD KEENE HIRSHBERG

A. B. M. A., M. D. (Johns Hopkins).

ALL the perfumes of Arabia and the incense from Cathay cannot sweeten manicured nails that have one lone microscopic microbe on them.

Be the finger nails ever so soft and polished, be the hands ever so fine and pretty, these arts are no protection against pimples, blackheads, open pores, boils or the barber's itch.

Typhoid Mary, Tuberculosis Tommy and Sore Throat Sarah are the names of a few kitchen maids, barbers, milkmen, cooks, breadmakers, hairdressers, beauty doctors and eye-glass fitters, who often have beautifully manicured hands, yet carry lurking disease germs beneath their varnished and tinted nails.

There are marvellously moulded hands, lovely to look upon, that are more venomous to the handkerchiefs, linens, faces and flesh they touch than is the bite of the deadly cobra.

There are claws and paws and flippers and bits of wet cloth, pieces of unbacked dough, the dishes and utensils, become the sources of physical contagions, which seem mysterious and remote when they appear.

Unblushingly I mix the metaphors to prove that the prettiest, most envied hands is often the talon of a poisonous bird of ill omen.

The late learned rabbi, Dr. A. S. Bettsheim, traces the saying "cleanliness is next to godliness," to the sayings of Pinchas-ben-Jair, in the Talmud. The latter said: "The diseases of religion are resolved into cleanliness, carefulness into vigor, vigor into abstinence, abstinence into cleanliness, cleanliness into godliness."

How to Trim Nails.
Undoubtedly, then, there are some barbers, cooks or manicurists who are not so good. Or despite the shining glory of their finger tips, their nails are only at best clean to the eye. Actually, when tested for the bacteria of tonsillitis, carbuncles, itches, eczemas, erysipelas and worse, their finger nails turn out to be veritable breeding places for disease germs.

There is no better sign of efficiency, capacity, morality and honesty than the adoption of the surgeon's habit of washing and also disinfecting the hands and finger nails before meals, before touching the eyes, the cheeks, the chin, the lips or a flesh of a stranger or of your own.

The second mother of man, habit, is either a true mother, or a Cinderella-like stepmother. If a child is raised up in the way it shall be as disinfecting its hands and nails with soap, water, peroxide, or boric acid half a dozen times or more daily, when it grows up, it will not depart from this good mother, habit.

If however, like the boys of the Queen of Sheba, whom Solomon distinguished from the girls merely by asking all the youngsters to wash—the boys, of course, washed only below the elbows—children are untaught about the dangers of a scratch from the clean nail, which is germ infested, the growths of the next generation will be as destructive to health as the rest of us today.

Perhaps no more potent and death-dealing assassin stalks through civilized lands than the germ-carrying, day society than the long, uncut finger nails!

Where Germs Gather.
The tapering, untrimmed, Li Hung Chang type of finger nail, so popular with initiators and unthinking social climbers, is a bit of barbaric splendor on a par with eating chop suey, Yokami and the use of eastern chop sticks.

Far better wear poignards and poisoned dirks, to carry snuff boxes, or become a professional wrecker of the coast of St. John's than to follow the cancer-causing, tuberculosis-spreading and diphtheria-inducing custom of uncut finger nails.

Hygienically and logically the finger or the toe nails should not abut upon the margins or advancing edges of the nails should not project beyond the ends of the fingers.

Indeed, there should be one-eighth of an inch of finger flesh visible beyond the nail. When you tap, tap, tap upon the nail.

QUAKER GIRL.
If you poor little "Quaker Girl" or you, whatever will you do with the "stayer."

You must do something with him, there's no doubt about that; you can't have him set all the neighbors to gossiping by staying so late.

Where do you live, in a boarding house? Can't you arrange to have some of the other people in the house come into the sitting room at 10 o'clock or half-past, and act as if they thought your "staying" friend was just getting ready to go?

Or there's the telephone. Can't you arrange to have some one ring you up at 10 o'clock and have a little talk with you, where he can hear it, and say something that will make him realize that nobody thinks you can possibly have company at such an hour?

And there's the good old-fashioned yawn—what's the matter with that? Begin yawning at 10 o'clock, and when he jokes you about it, tell him you were up very early and are very tired, and that you simply can't get along at all without just so much sleep.

If he doesn't take any of these hints have a nice plain talk with him, and tell him the plain simple truth—that you

Answers to Health Questions

D. M. S.—Can a red birthmark in the cheek be made invisible or removed?
Yes. Go to the X-ray department of the nearest hospital and have them look at it.

G. W.—Recently my ears began to ring, and I grew dizzy. My heart is O. K.
This comes from half a dozen causes, such as a mastoiditis trouble in the bone behind the ear, weak blood, high blood pressure, disorders of the semi-circular canals of the ear, and hyperactivity of the stomach.

READER—What will remove moles?
There are several different kinds of moles. A stick of caustic will remove some. An "ice pencil" of carbonic acid will remove others. The X-ray, or radium will destroy others. The knife is a simple, safe and sure way to take out moles.

The electric needle, acids, concentrated light and the scalper, are also used. Moles should always be removed, because one or more percent of them become, in later years, cancers.

F. L. G.—What a lot of good you are doing for the people. Thank goodness you get the public into your medical confidence and sets us free from quacks.
What does standing in rubber boots cause, a cold in the hip? Do you advise aspirin or salicylates?

Thank you. Rubber boots, if worn often, are decidedly unhealthy. They remove the elasticity and adaptability of the skin, muscles and blood channels. It is much the same as spilling and codding your throat with fire. This causes sore throats. In this situation, aspirin and salicylates are inadvisable. The thing to do is to remove the boots as quickly as you can, wear them as seldom as possible, and massage the feet and legs with alcohol and vinegar three times a day to keep them fit to protect you.

Dr. Hirschberg will answer questions for readers of this page on medical, hygienic and sanitation subjects that are of general interest. He will not undertake to prescribe or offer advice for individual cases. Where the subject is not of general interest letters will be answered personally if a stamped and addressed envelope is enclosed with address all inquiries to Dr. L. K. Hirschberg, care this office.

Advice to Girls

By ANNIE LAURIE

My Dear Miss Laurie:
My parents are dead, and, as I have no other person to go to for advice, I am writing you. I like him very much, and he is good company and of good habits. The only objection I have is that the night he comes on me he will stay until 11 o'clock or half-past, and I think that he should go home about 10 o'clock. Can you advise me how to tell him to go home earlier, as I do not want to offend him or lose his friendship?

QUAKER GIRL.
If you poor little "Quaker Girl" or you, whatever will you do with the "stayer."

You must do something with him, there's no doubt about that; you can't have him set all the neighbors to gossiping by staying so late.

Where do you live, in a boarding house? Can't you arrange to have some of the other people in the house come into the sitting room at 10 o'clock or half-past, and act as if they thought your "staying" friend was just getting ready to go?

Or there's the telephone. Can't you arrange to have some one ring you up at 10 o'clock and have a little talk with you, where he can hear it, and say something that will make him realize that nobody thinks you can possibly have company at such an hour?

And there's the good old-fashioned yawn—what's the matter with that? Begin yawning at 10 o'clock, and when he jokes you about it, tell him you were up very early and are very tired, and that you simply can't get along at all without just so much sleep.

If he doesn't take any of these hints have a nice plain talk with him, and tell him the plain simple truth—that you

One Effective Remedy.
"He says that he is compelled by his mind to write poetry."
"Why doesn't he get an injunction?"

An Advantage.
"She never blushes, except when she wants to."
"How much nicer it would be if she could blush every time she wanted to."

Good for Kindling.
"Did his speech set the audience on fire?"
"No, it was too dry."

No Longer Secrets.
"She says that she never has any secrets."
"That's right. She tells them."
Symptoms.
"Well, they have been married two days or two years. He neglects her frightfully."

SEAGRAM HORSES ARRIVE AT TRACK

Fourteen From Waterloo Look in Good Condition—The Woodbine Trials.

The Seagram string arrived at the Woodbine yesterday in charge of Trainer Barry Littlefield, and are quartered at the extreme east end of the track. They are fourteen in all, and they look to be in the best possible condition. They have had no fast work at Waterloo, but have had plenty of good, stiff galloping, and are now in shape to be let down for fast work. Jockeys Fryer and Ray, both apprentices, have ridden with considerable success, and with the string, and will do the riding for the stable. The lot are:

Rustling, b.f., 5, by Marta Santa-Frou Fro.

Dark Rosaleen, b.f., 3, by Havoc-Irish Lass.

Hessen, b.f., 3, by Inferno-Royal China.

Vasatio, b.g., 3, by Havoc-Devia.

Froissant, b.g., 3, by Havoc-Frou Fro.

Sea Lord, b.g., 3, by Yipilanti-Sea Walt.

Tipelon, b.g., by Yipilanti-Chinka.

Sir Launcelot, b.g., 3, by Yipilanti-Devi.

Maid of Frome, b.m., 4, by Havoc-Frome.

Puritan Lass, b.m., 4, by Yipilanti-Puritan.

Golden Jug, ch.c., 2, by Havoc-Crunch O'.

Charon, ch.c., 2, by Inferno-Irish Witch.

Smithfield, b.c., 2, by Havoc-Martyrdom.

Torn Shk., b.f., 2, by Havoc-Frou Fro.

The stable have five entries in the King's Plate, but 124, three in the Vastatio, Froissant and Sea Lord. The two-year-olds are a particularly good-looking lot, and have been ridden with considerable success, and will do the riding for the stable. The lot are:

Charon, ch.c., 2, by Inferno-Irish Witch.

Smithfield, b.c., 2, by Havoc-Martyrdom.

Torn Shk., b.f., 2, by Havoc-Frou Fro.

BOYS' OWN CLUB.
The regular meeting of the Boys' Own Club was held on Monday evening at 8:30 on the club street. There was an excellent attendance, which was surprising considering the bad weather. Several new members were taken into the club and some very important questions were discussed. So far the club has been successful in getting a regular club room and gymnasium, but it is hoped that they will have one in the course of a few weeks.

There were some good workouts yesterday among the other stables. The rain that fell last night and this morning had the effect of making the track considerably slower, but the time shown yesterday morning indicates that the trainers have their horses well advanced.

Gold Bud, the Robt. Davies candidate for the King's Plate, worked a splendid mile in 1:47, pulled up. First Sight did the mile in 1:47 3/4, and showed no signs of his recent lameness. The Usher and Recoll worked a mile together in 1:32 1/2.

Slipper Day, from the Hendrie stable, shows considerable speed, and worked a mile with Privet Petal. The former went in 1:48, with the latter in 1:44 1/2. In 1:48, and finished the mile in 1:44 1/2. In front of Privet Petal. Several of the two-year-olds were breezed, half in 34. The balance of the string were given useful work.

Harry Giddings worked all his string, and let some of them down a notch. Harry Bassett, a brother to Beehive, was breezed three-eighths, first quarter in 27 1/2. He was under pulled up in 27 1/2. He and Ondramon worked a mile together in 1:48, and the former finishing three lengths ahead, and under wraps. Saratoga and Venus Urania breezed a half in :52 and Venus Urania did three-eighths in 33 easily. Harry of Oak finished in 34, and just galloped the mile in 1:45.

T. Bird's Martian, by Bowling Brook-Mary Lee Grandy worked a good mile, well in hand. The time was 1:45. One-quarter in 24 1/2, half in 49 three-quarters in 1:12, and finishing in 1:31 1/2. Finishing the mile in 1:46.

Jimmy Gorman, from P. Lamb's string, worked three-eighths in :35, and was full of running at the end.

The Dyment stable is expected at the track tomorrow. Geo. Cochran of Hamilton was at the track yesterday looking for stalls for his string of eight. He expects to ship about the 15th inst.

Slieath Pays Big Price In Muteuls at Lexington

LEXINGTON, May 5.—Several long ones went over here today. Slieath won the Camden Handicap, paying \$33.10 for \$2. Following is the summary:

1. Disparity, 99 (Martin), straight \$11.
2. Weyanoke, 105 (Mott), place \$3.20.
3. Joe Stein, 102 (Obert), show \$2.90.
Time 2:11 1/2. Cockspur and Defy also ran.

AQUATIC NOTES.

All that was mortal of the late Ned Skippow was laid to rest in Mount Pleasant on Monday. The faithful Argonauts for a life-time had a host of friends who remain to be buried in the grave. The pallbearers were Mayor Herron, Gail, Joseph Wright, Perry Gall, Boyd, William Green and Captain W. Wilson. Many floral offerings from aquatic and other clubs attested to the esteem of the deceased. Rev. Mr. Browning of Christ Church officiated at the burial service. It is announced that E. B. Butler, for many years a member of the Argonaut Rowing Club, has joined the Toronto Rowing Club. The Toronto Rowing Club has arranged a high-class program for the smoker, to be held in the club rooms tomorrow evening at 8:30 o'clock. Vaudeville specialties, as well as vocal and instrumental music, will be rendered by amateur and professional artists.

100% Beer Goodness

Says The Pure Food Expert—

"Of all the brews I have ever tested, O'KEEFE'S come nearest to perfection. I score them 100% beer goodness because

O'Keefe's Pilsener Lager
O'Keefe's Special Extra Mild Ale
O'Keefe's Gold Label Stock Ale
O'Keefe's Special Extra Mild Stout

are brewed only with our good Canadian Barley, choicest imported Hops, and filtered spring water.

Because of the high percentage of nutriment they contain, I cordially recommend them as the best health-drink for the whole family."

"The Beers That Are Always O. K."

LONG SHOT WINS THE HANDICAP

Big Crowd Saw Seven Races Decided on Cloudy Day at Havre de Grace.

HAVRE DE GRACE, May 5.—A big crowd saw seven races decided here on long day. Pardner, a long shot, won the handicap from Republics, and the favorite, Flying Fairy, third. Four first choices were beaten. Summary:
FIRST RACE—Six furlongs:
1. Colera, 96 (McTaggart), 14 to 1.
2. Laura, 108 (Taphin), 9 to 2.
3. Orby, 103 (Hoffman), 8 to 1.
Time 1:18. Balm, Curran, Flatbush, Castara, Col. McDougal, Elsie Green and Laura Burn also ran.
SECOND RACE—Four furlongs:
1. Dr. Larrick, 108 (Pickett), 9 to 5.
2. Ida Claire, 108 (Stowell), 4 to 5.
3. Hauberk, 108 (Buxton), 7 to 2.
Time 49 3/4. Bengo, Mable Montgomery and Jim Savage also ran.
THIRD RACE—Six furlongs:
1. Pardner, 102 (Taphin), 13 to 1.
2. Republican, 112 (Burlingame), 13 to 1.
3. Flying Fairy, 115 (Davies), 12 to 5.
Time 1:46 1/2. Carlton G. and Ambrose also ran.
FOURTH RACE—Handicap, 8000, one mile and seventy yards:
1. Dr. Dougherty, 111 (Knight), 9 to 2.
2. Miss Moments, 93 (McTaggart), 6 to 1.
3. Salsia, 103 (Ford), 5 to 1.
Time 1:54 1/2. Mollie Richards, Silas Grump, Inclusion and Satwa also ran. Hatwa finished first, but was disqualified for fouling.
FIFTH RACE—Five and a half furlongs:
1. Otto Floto, 98 (McTaggart), even.
2. Planuda, 94 (Stewart), 6 to 1.
3. Stonehenge, 99 (Callahan), 10 to 1.
Time 1:15 1/2. Netmaker, Dombra, Scarsdale and Milky Way also ran.
SEVENTH RACE—Six furlongs:
1. Elma, 103 (Callahan), 10 to 1.
2. Provost, 105 (Knight), 7 to 2.
3. Abbottsford, 100 (McCabe), 5 to 1.
Time 1:50. Chilton Queen, Auto Mal, Benedictina, O. H. Hunter, Chantier, Nimbus and Semi-Quaver also ran.

THE CHESTER VASE.

LONDON, May 5.—The Chester Vase was run today. Following:
1. Dan Russell, 10 to 1.
2. Col. Bogy, 10 to 1.
3. White Magic, 6 to 5.
Nine ran.

BALMY BEACH WAR CANOE.

The Balmy Beach Club will hold their second practice this evening at 8:30. Both first and second crews will go out, and an overflow of material will be given instruction in singles, tandems and fours. Supper will be served at the club house. In case of rough weather the crews will be given a work out at Scarborough Beach track.

RULES TO GOVERN NEW BOWLING COMPETITION

Queen City Club First Defenders of Mr. Butt's Seven Cups.

As announced conclusively in The World some months ago when the Canadian bowlers were in England last year, Mr. Henry Butt of Weston-Super-Mare, presented seven sterling silver cups for competition amongst the bowlers of Toronto during the seasons of 1914 and 1915. The following are the rules to govern the competition:
1. Challenges must be sent to the trustees, R. B. Rice, 24 Victoria street, and they will be considered in the order received. Score cards to be sent to trustee after each game. Games will be played at 4 o'clock on every Friday, commencing June 5, the last game for 1914 to be on Sept. 18.
The competition is open only to clubs within the present city limits and they must be in good standing with the O.E.A. A team of seven, comprising one rink, one pair doubles and one single, to be selected by the clubs competing, the rink game consisting of twelve ends, the doubles fourteen ends, and the singles count. The club whose representatives make the most wins during the seasons of 1914 and 1915 to become the owner of the seven cups.
In the event of a tie at the close of the 1915 season, the trustee, who will also act as chief umpire, will arrange a play-off at 4 o'clock on every Friday, commencing June 5, the last game for 1914 to be on Sept. 18.
A team of seven, comprising one rink, one pair doubles and one single, to be selected by the clubs competing, the rink game consisting of twelve ends, the doubles fourteen ends, and the singles count. The club whose representatives make the most wins during the seasons of 1914 and 1915 to become the owner of the seven cups.
The Queen City Bowling Club will be the first defenders, and challenges are in order on and after the date of this publication.

FENCING SEASON STARTS AT CENTRAL Y.M.C.A.

Toronto Central Y.M.C.A. Fencing Club commenced its summer fencing course last week, and it will be conducted in their outside fencing court. Several enquiries have been made and some applications received.
The fencing season just closed has been most encouraging and a greater interest has been shown in the sport. Fois have means, but the epic (duelling sword) has been as much used this season, and that combined with the sabre, has added to the interest. Junior members have been given some prominence and help to popularize the game. Where a few stars held the Canadian fencing field, to increased impetus by attending to the junior swordmen.
The Canadian fencing championships, which were expected would be run off in Montreal, did not take place. Toronto fencers had arranged thru the A.A.U. of C. to place entries in every class and were disappointed at the meet not materializing.
Fencing tournaments since 1911 seem to have more of provincial and local development than national, and unless conditions undergo some change the national event will be given a further rest. The day of stardom should cease and give the young swordsmen the opportunity, if the game is to get the recognition it deserves.
Eucled F.C. are holding a practice on Wednesday night at 8:30 on the Trinity College grounds, East Queen street. All players are requested to turn out as the team will be picked for Saturday against the Toronto team.

ALL IS READY FOR THE OPENING GAME AT THE ISLAND TODAY

WALTER JOHNSON DOES A COMEBACK

Shut Out the Highlanders Only Allowing Four Safe Hits.

WASHINGTON, May 5.—Johnson shut out New York today, allowing only four hits. Not a Yankee reached first base until the seventh inning. The fielding of the visitors was very ragged in the early stages of the game, but they executed a triple-play in the third inning, which cut off several runs. With the bases full, Morgan hit to Malsel, who threw to Sweeney, forcing Gandil at the plate. Sweeney then threw to Williams, putting out Morgan. Williams bunted the ball to Malsel, who tagged Alsmith. Neither pitcher gave a base on balls. The game was played on a very soggy field.

NAPS STOPPED THE DETROIT TIGERS

Tyrus Cobb in the Limelight With a Great Diving Catch.

CLEVELAND, May 5.—The fielding of Turner and Cobb, the pitching of Hagerman and the hitting of Lajoie were the features of today's game, which Cleveland won from Detroit, 4 to 2. In the sixth inning Cobb ran in sack of second base and made a wonderful diving catch of Graney's pop fly.

AMATEUR BASEBALL

Central Y.M.C.A. boys' baseball teams will practice tonight at Jesse Ketchum Park. Players are asked to meet at the west side of the park not later than 6.30.

A deputation representing the Toronto Senior League waited upon the parks commissioner re baseball on Stanley Park, and he has agreed to issue a permit provided the league can secure permission to use the field from the city players. This arrangement is to be for Saturday, May 9, and May 16, at which date the ground is to be granted to the league for their use until Sept. 16. This executive league believe that it will be able to secure the desired consent of the parks commissioner and the patrons can be on hand Saturday to see their favorite pastime.

St. Joseph of the Don Valley League will practice Wednesday and Friday nights on the Don Flats (east side). As there is a possibility of the Don Valley League opening shortly all players are asked to make a special effort to attend these practices.

The patrons of the Northern Senior League will have the pleasure of seeing several of the city fathers in action on Saturday afternoon, according to President Alcock. Several of the gentlemen are now getting in shape for the event. Captains and St. Francis play at 2. Barmore and Stricklers at 4. Jack Moran will call the ball ones.

The L.C.R.T. baseball team of the Don Valley Senior League will practice on Wednesday and Friday nights of this week at 8 o'clock on the Don Flats (east side). This league will most likely start games; requests the following players to turn up on both nights without fail: Van, Winchell, Morris, Broadwin, T. Honey, Sullivan, Dyck, Dolan, Ryan, Kilpatrick, Lawrence, Lindsey, A. Kerr.

HOPING FOR FAIR WEATHER

President McCaffery and Manager Kelley have their Leafs all groomed for the opening fixture with the Grays at the Island this afternoon.

LEAFS ARE HOME PRY LID OFF TODAY

Grays Tackle Kelley's Krew at Island This Afternoon —The Teams.

This is the day. More grandmothers will be buried today than on any other single day throughout the year of 1914, in Toronto, and all on account of the first official visit of Joe Kelley and his tribe of Leafs. The weatherman says it will be fair and warm, and what better could you ask for the opening of the road which will lead to the island, and it will be a monster crowd that will see the McCaffery-Hired Help perform for the first time this season on the home grounds.

Wild Bill Donovan will arrive with his Provisional Grays this morning, and it will be around the noon hour before the Kelley Klan arrive. Toronto have made a creditable showing on the road with a team that is composed of new men, and they should do much better in their own backyard.

The opening ceremonies will be short and sweet, with one big feature—the first ball to be dropped from an aeroplane over the grounds. The gates will be opened at one o'clock, and a band will keep the crowd in good humor until the game starts, at 3 p.m. Bunny Hearne, the big southpaw, who led the globe-trotting McGraw's Giants, will serve up the curves for the homers, and Bad Bill Bailey will do the best, and the globe-gliding left-hander is surely due a big reception from Toronto fans. Kelley will cover left field and Wilson center, while the right garden job will be taken care of by either Kroy or Prioste.

Not one game was played in the International League on account of rain. The eight teams were forced to remain idle. Today all the clubs swing, with Providence coming to Toronto for the opening game at the Island.

The weather man also had a tight grip on the majors. The National League teams were tied up, due to rain, while only two games were played in the American.

President Gilmore and his band of Fed-erals were forced to cancel one game.

WET AT BIRDVILLE LEAFS WERE IDLE

International and National League Games Were All Postponed.

BALTIMORE, Md., May 5.—(Special)—Manager Kelley and his boys had a day of rest today, and shortly after eight o'clock tonight entrained for home, where they are due tomorrow morning shortly before 11 o'clock. The Canucks were anything but pleased at the announcement of this afternoon, as they had hopes of winning this afternoon's fracas with the Grays.

The weather man also had a tight grip on the majors. The National League teams were tied up, due to rain, while only two games were played in the American.

President Gilmore and his band of Fed-erals were forced to cancel one game.

OVERTIME VICTORY FOR THE BUFFEDS

Tinker Made a Fumble in Twelfth Inning and Chi-feds Were Beaten.

CHICAGO, May 5.—Buffalo won a 12-inning game from Chicago today, 5 to 2. The winning runs came when Allen was safe on Tinker's fumble. Krapp walked, Hanford doubled, and Allen and Krapp scored when Wilson relayed the ball wild to centre. Hanford's batting was a feature.

AMATEUR BASEBALL

The formal opening of Cowan Sterling Park Intermediate Ball League took place Saturday afternoon before about 500 fans. W. W. Chery of Cowans succeeded in hitting one of T. Purchase's floaters for a foul ball. The field was in first-class condition, and two snappy games were played.

Saturday's results were: First game—C.O.P. 8, Cowans 2. Batteries—Masters and Treloar; Lindsay, Hardy and Hays. Second game—West End 6, Gutta 2. Batteries—Lang and Montgomerie; Clark and Roadway. The feature of the first game was Master's work in the box for the C.O.P. in letting Cowans down with only three hits. In the second game Lang featured for the winners, in having sixteen strikeouts to his credit (six in a row), and Clark for the losers by his brilliant fielding in backing up the basemen.

The opening of the Northwestern Senior Baseball League took place Saturday at Cedarvale Park. The 3 o'clock game between the Montclair and N.W. Y.M.C.A. was won by the former by the score of 2 to 1. Batteries—Vandermark and Berry; Courtney, Glynn and Jeffery. The 4 o'clock game between Westwood and Cedarvale was won by the former and Cedarvale by the score of 5 to 3. Batteries—Chester and Lynne; Dent and Crowe.

Your Hopes of Your Home

All that you anticipate of Your Home in pleasure and comfort, demands that you allow for the risk of fire and remove this risk for all time by building of

NATCO HOLLOW TILE

THE identical material making fire-proof the big business buildings and making Your Home fireproof, age-proof, vermin-proof, warmer in winter, cooler in Summer.

Natco Hollow Tile is not a new home building material. Here in Toronto itself, Natco Homes are numerous and Natco use has never yet given occasion for regrets.

In its newest form, Natco XXX block, Natco presents even greater advantage than ever before. There are other Natco blocks for partitions, floor and roof, but for exterior walls Natco XXX—of the same material and fireproof, weather and time-proof quality as the Natco which has previously given such unconditional satisfaction—adds the additional merit of additional strength, due to the double cross web, bringing into direct alignment every web and every shell of every block when laid in the wall.

The trademark "Natco" is pressed into every block of genuine Natco Hollow Tile

POTATO GROWING CONTEST

KINGSTON, May 5.—In an endeavor to create interest in potato growing, the County of Frontenac board of trade has arranged a contest which will be conducted by C. Maine, B.S.A., and for which the board will provide the prize money.

CALLED TO MONTREAL

KINGSTON, May 5.—Prof. James Small, organist of Sydenham Street Methodist Church, has accepted an offer to be organist and choirmaster of the Douglas Street Methodist Church, Montreal.

CUT OFF BONUSES OF BOOKING AGENTS

Provincial Government Will Discontinue Monetary Inducement in December.

AGENT'S WORK IS SMALL FOR WHOLE EMPIRE

Department Claims Domestic Come Out Here on Advice of Friends.

Booking agents who heretofore have been gathering in some fat bonuses from the province for the bringing out to Ontario of servant girls will no longer have this monetary inducement extended to them. The government considers that the bonus practice is unnecessary, and beginning with next December it will be abandoned. They have little fear that agents will be able to turn newcomers against Ontario because they lose their commission.

DOWN GO HYDRO RATES IN GUELPH

Provincial Commission Decides on Ten Per Cent. Reduction.

Consumers of hydro-electric power in Guelph will profit by a reduction of ten per cent, which was decided upon at the meeting of the provincial commission last evening. This has been under consideration for some time, and the announcement was made by Hon. Adam Beck that a lowering of rates in that municipality was due.

In addition, arrangements were completed to set at work gangs of construction men at different points in western Ontario. The points which will centre activity in the near future include Port Michell, Strathroy, Waukegan, Tilbury and Creemore. Authority is now granted for construction of transformer stations, transmission lines and other necessary steps towards the transportation of power.

The rates of several municipalities in the Niagara district were fixed by the board after investigation of conditions. These include the townships of Louth, Puslinch and Sesquiung.

LARUE WILL STAND TRIAL FOR MURDER

Two Other Criminal Cases on Docket of High Court at Sault.

Special to The Toronto World. SAULT STE. MARIE, Ont., May 5.—The spring session of the high court convened here today with Mr. Justice Britton on the bench, and H. D. Gamble, K.C., of Toronto, as crown prosecutor. Three criminal cases will occupy the attention of the court. The first case is that of Joseph Larue, charged with the murder of his wife in March, 1913. Her lifeless body was found in the St. Mary's River. Larue was to have come up for trial at the assizes of last autumn, but just previous to the sessions of the court he effected a sensational escape from the jail, remaining at liberty for two months. The other two cases are against Peter Annot, for perjury and John Kennedy for criminal libel. Eight civil actions are included in the list.

NATURALIZATION TO BE MADE UNIFORM

Judge Doherty Introduced Long Awaited Measure in House Yesterday.

MEANS CHANGE IN EXISTING PROVISIONS—SUPREME COURT ACT AMENDED.

By a Staff Reporter. OTTAWA, May 5.—In the house this afternoon Judge Doherty, minister of justice, introduced his bill respecting British nationality and naturalization. The object of the bill, he said, was to conform to the agreement between the United Kingdom and the governing states.

"The bill," Judge Doherty continued, "prescribes the conditions of naturalization, which are those prescribed by the parliament of the United Kingdom. It differs in several respects from our existing legislation. This difference results from the fact that we have agreed after the conference with the government of the United Kingdom and the governments of the other self-governing dominions upon the conditions of naturalization that are to be similar in the United Kingdom, and in each of the self-governing dominions."

Under his bill, Judge Doherty went on to explain, the secretary of state would issue naturalization papers which would entitle the holder to citizenship in the United Kingdom and in any of the self-governing dominions and the empire which had legislation in conformity with the agreement above mentioned. At present, to acquire naturalization in Canada, three years' residence in the country is required. Under the bill five years' residence within the British Empire is required, but only one of these years need be spent in the Dominion of Canada.

The bill also amends the Juvenile Delinquents Act. A third bill amends the Supreme Court Act. The legislation passed at the last session authorized appeals from the inter-provincial judgments where substantial rights are affected. The amendment applied to pending cases the present bill makes it applicable to them.

HOW TO ENJOY GOOD MEALS

Without Suffering From Stomach Trouble

It is a well-known fact among physicians and even most people, that he who dines too well will sooner or later become the victim of stomach acidity. In a recent medical article an eminent physician states that too much acid should never be permitted in the stomach, because it irritates the stomach walls, causing ulcers, and in time developing cancerous growth. The acidity is generally signalled by indigestion after taking a heavy meal, fruits or coffee, and the doctor believes that this is the real reason for most stomach complaints. In his own case, as well as among his patients, he found that ordinary Bismarck Magnesia joyfully neutralized the acid and made it disappear, thus enabling the digestive organs to properly perform their natural functions.

Well up in front!

Intelligent comparison with the specifications of this season's models will show the Reo to be strong in the things that count. We are speaking now of cars priced at or near the same as the Reo. Even at that the Reo has features which properly belong to the expensive high-priced cars. For example, the new streamline body—electric starter and lights—a 35 h.p. engine capable of giving 45 h.p. energy—oversize tires 34x4—dimming searchlight—one rod control. Take the one important item of tires alone:

Reo owners save over 65 per cent

in tire mileage because we add over 30 big troubles if they're not properly looked after—marks each step in its construction. In short, the Reo is a thoroughly good reliable car—economical and serviceable. To a man who knows cars this is saying much. We don't know of anything more likely to prove the splendid value of the Reo than a thorough demonstration—inside and out. Make an appointment by mail or phone.

Streamline Model \$1,575, equipped

To The Nervous and Run Down

To those who suffer from chronic ailments, stomach and bowel troubles, kidney and liver complaints, nervous afflictions, rheumatism, poor circulation, or suffer from lost health, I offer a cure at a price within the reach of all. I have no drugs or dope to sell you. The remedy I offer is electricity—that's nature's medicine.

A great many sufferers are continually doing their stomachs with poisonous mixtures, which waste the nerves, when they should be helping nature cure through the proper application of electricity.

My Belt, applied while you sleep, will fill your nerves with a glowing stream of electric fire. It will drive out your pains and aches, build up your strength, and restore your health by giving your body the power to eliminate disease from the system by the natural process. It is a scientific device for infusing the body with a powerful but soothing current of electricity for hours at a time, without the least shock or unpleasant sensation. Electro-Wigor is not like electric belts, Faradic batteries, and other contrivances you may have seen or used. It gives a continuous current without charging. All you have to do is to adjust it correctly, and turn on the power to the proper degree of strength. It helps nature cure by renewing the vitality and energy. Where there is plenty of electricity, weakness and disease cannot exist.

Electricity is life to the nerves of the body. They cannot live without it.

DECLINES TO ASK BRITAIN TO EXHIBIT

Will Not Urge Home Government to Change Panama Fair Decision.

PREMIER TAKES STAND Canada Should Not Press Old Country Regarding Any Policy.

OTTAWA, May 5.—Mr. Weir of North Waterloo appealed to the government this afternoon to use its influence to prevail upon the British Government to participate in the Pan-American Exposition to be held at San Francisco in 1915.

Reading from the British Hansard Mr. Weir said it was to be noted that none of the self-governing states of the empire had expressed any desire to have the matter country re-consider her decision.

WESTERN AUSTRALIA DECIDES TO EXHIBIT

All States of Commonwealth Will Now Be Represented at Fair.

PERTH, West Australia, May 5.—The government of Western Australia decided today to participate in the Panama Pacific Exposition at San Francisco.

REV. H. A. MACPHERSON HAS PASSED AWAY

Late Pastor of Chalmers Church Had Been in Ill Health For Some Time.

Rev. H. A. MacPherson, pastor of Chalmers Presbyterian Church, died at 6 o'clock yesterday morning.

YORK PIONEERS MEET AND HEAR INTERESTING ADDRESSES

In the absence of Mr. Daniel Lamb, president of the York Pioneers, Captain McLean assisted by the 2nd vice-president, Mr. Crocker, took charge of the May meeting held yesterday afternoon in the Royal Canadian Institute.

Home-seekers' Excursions.

The Grand Trunk Railway System issues round trip home-seekers' tickets at very low fares from stations in Canada to points in Manitoba, Saskatchewan and Alberta, and are in effect each Tuesday until Oct. 27, inclusive, via Chicago, St. Paul, Duluth or Sarnia and Northern Navigation Co. Through Pullman tourist cars are operated to Winnipeg.

LORDS CONSIDER WOMAN SUFFRAGE

Bill Introduced to Extend Franchise to Municipal Women Voters.

LONDON, May 5.—Woman's suffrage was debated in the house of lords today when the Earl of Selborne moved the second reading of a bill giving the parliamentary franchise to women already possessing votes at local government elections.

Means Social Revolution.

Earl Curzon of Kedleston moved the rejection of the bill. The measure, he said, would have an unfortunate and mischievous effect upon the relations of the sexes, and would weaken the prestige and influence of Great Britain throughout the world.

GOOD-BY DINNER FOR FRED DANE

Lawyers and a Few Other Friends Paid Honor to Comrade.

The members of the lawyers' table at the Albany Club met at the club last evening for dinner and gave Fred Dane, who leaves this week for Glasgow, a hearty send-off.

JUDGE SUSPECTS FORGERY.

Judge Winchester yesterday dismissed the action of H. Altman to recover \$275 from Joseph Wilder on a note given by the latter in settlement of a civil suit which note purports to bear the signature of Samuel Rosenberg.

GIRL RELEASED ON SUSPENDED SENTENCE

Restitution Has Been Made to Banks by Parents of Kathleen Robb.

Kathleen Robb, the pretty St. Thomas girl, who was charged with attempting to defraud banks, was yesterday found guilty and released on suspended sentence by Police Magistrate Denison.

HARD TO ENTHUSE THE SPECULATORS NEW YORK TRADERS SHOW HESITATION

Little to Discount Except Cheap Money and an Abundance. Confident Buying Was Not in Evidence and Stocks Drifted.

BRAZILIANS ARE EASIER OUTLOOK BECLOUDED

Traders Claim This Stock Bears Much Easier Than It Bulls. Speculators Await Removal of Uncertainty Regarding Situation in Mexico.

The local market has drifted into dullness. Market operators have looked for this because of the smallness of the outside speculative interest. Only when there is something to discount can speculative enthusiasm be aroused.

Private advice to a local firm of brokers are to the effect that British sentiment is still pessimistic, and that lower prices are expected to be made by C.P.R. These shares are only active on Wall street and the fluctuations are narrowing down.

NO BROKERAGE POOL FOR C. P. R. STOCK

Officials of the Company Say They Have Never Considered the Subject.

VANCOUVER, May 5.—"The directors of the C. P. R. have plenty to attend to in handling the ordinary affairs of the company without attempting to touch the company's stock in the stock market," declared Sir Thomas Shaughnessy before he left for the east.

Sir Thomas was referring to the published statement that proposals were made to form a brokerage pool for the purpose of holding the C.P.R. stock at a more or less uniform figure.

"We have no concern in the stock market," firmly declared Sir Thomas in discussing the suggestion. "I saw the article, but officially I can say that we have never taken up the subject, nor have we any intention of taking it up."

Similar views with regard to this subject were expressed by R. C. P. R. Amara, formerly vice-president of the C. P. R., and head of the Bank of Montreal, a C.P.R. director, who has returned on the Empress of Asia from a round-the-world trip.

"C.P.R. stock is well able to stand on its own merits without any special aid of this sort," he said. "I do not think the company directors would even listen to such a plan," he added.

GERMAN AGGRESSION IN MERCHANT MARINE

Kaiser Urged the Combine Which Has \$75,000,000 of Capital.

MONTREAL, May 5.—Berlin dispatches represent the agreement between the Hamburg-American and North-German Lloyd Companies, reached yesterday, as the heaviest blow yet struck in the war between Germany and England for the world's carrying trade, says a London cable to The Gazette.

The agreement was communicated by wireless to the Kaiser, who left Genoa for Italy yesterday, and his personal intervention with Messrs. Baring and Henckels is said to have influenced the decision, which brings about a combination of over two millions tonnage and \$75,000,000 capital.

OUTLOOK ENCOURAGING. The Newark, N. J., News says: "While some lines of industry are taking in sail, it is encouraging, nevertheless, to note that a spirit of confidence is prevalent in almost all directions."

EUROPEAN BOURSES. PARIS, May 5.—Prices opened heavy, but closed steady on the bourse today. Three per cent. rentes 86 1/2; 4 1/2 per cent. rentes 82 1/2; London, 25 francs 15 1/2; 4 1/2 per cent. Private rate of discount, 2 1/2 per cent.

BERLIN, May 5.—Prices closed higher after an irregular opening on the bourse today. Exchange on London, 20 marks 47 1/2; 4 1/2 per cent. rentes 82 1/2; 4 1/2 per cent. Private rate of discount, 2 1/2 per cent.

A Service Bureau. This is essentially a service bureau. We perform the duties of the individual, whether investor, agent, executor or trustee. We collect your rents, invest your funds or income, act as financial agent for you in every capacity. Correspondence is invited.

Random Notes on the Mining Stocks.

A. G. Sangster of Saskatoon, who is conducting a big contract at the Pas in connection with the government's work toward the building of the Hudson Bay Railway, states that the government works at the Pas and on the Hudson Bay and the H. B. Railway are progressing at a rapid rate with the opening of the spring weather.

STEEL AND COAL TRADE.

The Pittsburgh Gazette-Times states that the steel industries are up against fixed overhead charges and a reduction of demand to 65 per cent. of the capacity of the plants.

BUDGET IN ENGLAND HIT STOCK MARKET

LONDON, May 5.—The budget statement proposing an increased income tax and a raid in sinking fund displeased the stock market, and gilt-edged securities declined at the opening. Later demand for steam coal has fallen off, and prices of oil at the fields have dropped.

STORE HOURS--During May the store hours, including Saturdays, are from 8.30 a.m. to 5.30 p.m. During June, July and August the Store will Close at One o'Clock Saturday Afternoons.

STORE CLOSSES

5:30 PM

For a Short Time Yet we can invite you to see the splendid canvas by Makoffsky, Choosing The Bride

Whether your viewpoint is that of an artist or of an art lover, whether your interest is romantic or broadly human--for you there is a strong appeal in some side of this wonderful painting. Come in the morning for the best view.

The Drapery Section in Summer Attire

The new fabrics in new designs and new color combinations are most attractive. Here is a list of a few lines that are especially low priced:

At 12 1/2c Yard--English Art Satens, in an endless variety, for curtains, valances, covering, comforters, etc. Very special value.

At 10c Yard--English Cretonne, every hue and color, light and dark backgrounds, heavy and durable for box covers, cushions, curtains and light upholstery.

At 39c Yard--Colonial Chintzes and Dimities, fast washing colors, a beautiful range to select from, mostly dainty bedroom shades.

At \$1.50 Yard--30 inches wide, English Double Warp Shadow Chintz, beautiful colors and absolutely fast to wash, equal in effect to the French shadow tissue at double the price.

At 44c Yard--Scotch Madras, 45 to 50 inches wide, in cream and white, a most superior quality, at a remarkably low price, always dainty and durable for bedrooms.

Curtain Stretchers

At 70c Set--Size 12 feet x 6 feet, easy to adjust, fitted with unbreakable and non-rusting pins, folds when not in use to 6 feet x 4 inches. At this price no home should be without a set.

(Fourth Floor.)

Men's Attractive \$15 Suits for Thursday

We have raised the quality of our \$15.00 suits for men very high, until Simpson's \$15.00 suits are now the standard of value. We call attention to our English worsted suits, in gray and black check patterns, one of the most acceptable designs; also to a narrow stripe English tweed, in black and gray. The coats are made single-breasted, in one of the season's new models. The vests are high cut, and the trousers are most fashionable; best trimmings and tailoring. Sizes 35 to 44. Price 15.00.

Men's Shop and Motor Dusters--An ideal duster for working in shop or around your motor. Made from a linen color material, in a good fitting single-breasted style; long and loose. Price, Thursday 3.00.

Heavy, Serviceable Khaki Work Pants--Very serviceable, strongly tailored. Sizes 32 to 44. Price 1.25.

Khaki Work Coats--Of heavy khaki duck, single-breasted, to button to chin, outside pockets. Price 1.50.

MEN'S CRAVENETTE RAINCOATS, \$12.00.

A two-purpose coat, a spring-weight overcoat that will keep out the ordinary shower, made from an English cravenette, in gray; cut single-breasted, fly front; 50 inches long, lined throughout. Price 12.00.

(Main Floor.)

Genuine Tennessee Red Cedar Boxes

Moth, dust and damp-proof; makes a much appreciated gift at any time, and especially so as a wedding present, when there is so much to be stored safely. Every box is marked at clearing price. Some more reduced than others on account of being slightly damaged or soiled. A few are oak finished, with cedar lining. Others are the natural cedar finish. Well polished, plain, or with brass strappings. The prices range from \$10.00 to \$25.00.

(Fourth Floor.)
