

Rugby Officials for Final Game

Note and Comment

With Charley Gage and Murray Thompson themselves again, and Phil McKenzie and J. D. McArthur elected as referee and umpire, everything is complete at the Varsity end for Saturday's Canadian Rugby championship at Hamilton.

Gage and M. Thompson are just as fast as Bob Thompson and Mike Kennedy, and they must get places on the line on account of their weight. Varsity's formation against the Tigers will be the same as in recent games, with only four defence men, including the quarter-back, as follows:

Full-back or centre half-Dixon. Right half-Gall. Left half-McCarthy. Quarter-back-Foulds. Flying wing-Gage. Scrimmage-Carroll, King Leonard. Inside wings-Right, Bell, Leonard; left, Clarke.

Middle wings-Right, Lajoie; left, Grass. Outside wings-Right, M. Thompson; left, Park.

Prof. C. H. C. Wright of the University, himself an old football player, made an interesting statement in regard to the rough-house game that some of the Tiger supporters talk about. This was before the appointment of the officials was announced.

Prof. Wright said: "The Varsity men are too well trained to fear rough work. They will make a great mistake if they attempt anything of that nature. They are well prepared to handle the rough-house on the Hamilton line."

As the day of the final approaches, confidence increases in the camp of the students, and this may also be said, according to reports, as to Tigers.

The first train, leaving the Union Station at 10:30, will carry the team, impediments and those students who desire to secure rush seats.

The second at 12:00 will have the Highlanders' band, the 1500 rosters and any other students who desire.

The last G.T.R. special will pull out at 10:00, arriving in Junctown in ample time for the start of the game.

The first train special will leave Hamilton at 1:30 for those who do not wish to participate in the town painting festivities.

The band and the main body of students and the victorious team (let us hope) will pull out of Hamilton at 7:30.

These arrangements were completed under the direction of Prof. C. H. C. Wright.

Varsity had another practice yesterday afternoon on the campus. Gage and Murray Thompson were both taking part, both in condition as near perfect as possible.

Charlie Gage and Murray Thompson will be in line-up for Saturday's game with the Tigers. Both players are quite recovered from their injuries. Except something unforeseen happens during the week Bob Thompson and Mike Kennedy will be put on the list of spares.

Quarter-back Campbell, who has played a splendid game for Varsity all season, will be one of the blue and white spares at the Tiger game on Saturday.

There were 1500 rosters at the practice last night in Convocation Hall. Seats have so far only been reserved for 500 rosters, but the Athletic Association, in view of the amount of enthusiasm being shown, are trying to obtain extra accommodations for the Varsity boys.

Another rosters' practice will be held on Thursday at 4:30 p.m.

The seat sale was concluded briskly yesterday at Varsity with the result that there are only fifty left of the \$1.50 seats in the covered stand. If any of these are left to-night they will go to the morning morning with about one thousand dollar seats in the open corner stands.

Under the present arrangements there will be seating accommodations for 8000 people at Hamilton. The limit it seems, will be good.

The University High School Thirds defeated Jarvis-street Collegiate Thirds in a rugby game on Varsity oval yesterday afternoon. The final score was: University High School 15, Jarvis Collegiate 6.

HAMILTON SECRET PRACTICE. HAMILTON, Nov. 22.—(Special.)—The Macassa of the Hamilton Steamboat Line has been chartered to bring up a Toronto crowd to the football match on Saturday. This has been done on account of the refusal of the railways to grant a single fare for the round trip from Toronto. She will carry between 600 and 800. The officials for the big game were announced to-night at Phil MacKenzie of Montreal as referee and McArthur as umpire.

The Parks men had another secret practice this evening, when they lined up against the intermediates, who had on their line a number of old-timers of the Billy Marshall class. The champions were put thru a good workout on line-bucking, and the backs were worked at running and passing.

There is a great deal of speculation as to what the line-up will be, and it is expected that an announcement will not be made until Friday night. On account of the uncertainty as to who will play, a large number of old-timers of the Billy Marshall class are expected to be present to make the best showing. The Macassa will leave Toronto at 10:30 a.m., and will leave here in the evening at seven o'clock. The return fare is 75 cents.

PHIL MACKENZIE REFEREE J. D. McARTHUR UMPIRE

Varsity Team, Students and Supporters Charter Three G. T. R. Specials—Rugby Gossip.

Varsity and the Tigers are displaying the friendliest spirit in their preliminary arrangements. The secretaries fixed up the distribution of seats to the satisfaction of both sides and yesterday the two teams met on the ground, viz.: Referee, Phil McKenzie of Montreal, and umpire, J. D. McArthur of the Toronto A.A.C., Jr. Barton of the University making the announcement last night.

The university athletic directorate are not satisfied with the treatment of the railways, but they will get back at one of the roads with a vengeance. The board decided to send their team, 1500 rosters, faculty students and friends and the Highlanders' band all by the Grand Trunk railway by three special trains. It was decided to avoid the C.P.R. altogether.

The first train, leaving the Union Station at 10:30, will carry the team, impediments and those students who desire to secure rush seats.

The second at 12:00 will have the Highlanders' band, the 1500 rosters and any other students who desire.

MULOCK CUP FINAL A TIE BATTLE ROVAL AT VARSITY

S.P.S. and Victoria Play Strenuous Game to a Tie, 16 All-Play Necessary.

Never in the history of the Mulock Cup series has such a battle been waged for the championship as that which was seen at Varsity Athletic yesterday afternoon, when Junior S.P.S. and Victoria struggled for the supremacy. Both teams had a big crowd of supporters watching the game, and the morning and evening were kept up incessantly. It was certainly a battle royal from the word go, and the advantage was in favor of Vic during the first fifteen minutes of play. Things didn't look very bright for the School about this time for the dead line before school had notched even one point.

S.P.S. soon woke up, however, and commenced rushing the Vic line in great fashion. Sinclair then secured the ball and made a long run for school. A moment later the Engineers got their first point by a kick to the dead line, and Bob Sinclair a minute later broke thru the Vic line and scored a touchdown. The score was 7-1.

In the second quarter Vic again took the lead in play, and secured a touchdown. The score was 14-1. S.P.S. was about to secure a touchdown, S.P.S. was, however, forced to rouse, on securing the ball another kick to the dead line gave Vic a lead of two points. Fraser of the School made the ball, and McArthur got another touchdown for Vic. The Engineers failed to convert. After five minutes of bucking and has work, School were again forced to rouse, making the score 21-14 in favor of Vic. Just before the end of the quarter School kicked to dead line, and the half-time score was 24-14 in favor of Vic.

Two minutes after play was resumed in the third quarter School secured a touchdown as the result of McArthur's kick. The score was 24-21. School had the better of the play now, and forced their opponents to rouse shortly afterwards. Vic kicked a full-back rumball, halves, Livingston, McLaren, Gundy, quarter, Birnie, scrimmage, Van Wyk, Guthrie, Morley, left, outside wing, Church, outside wings, Patterson, Church, outside wings, Campbell, McDowell, halves, Gray, Webster, Gall, quarter, Bennett, scrimmage, Marshall, McDonald, Mutch, outside wings, Patterson, Church, outside wings, Sinclair, Simpson. Referee—Jack McDonald. Umpire—Duff Wood.

Run, You Tigers, Run. About a dozen new Varsity parodies have been written for the final sample: (Tune: "Moving Day To-day in Junctown.") It's moving day to-day to Junctown, All the Tigers wear a worried frown, All the rosters from the U. of T. Are coming over to-day to-day to-day. Hear the college yells on every hand—Cheering Griffith and his well-coached team. Run! you Mountaineers and Tigers, run! To-day is Toronto day in Ham-Ham-Town. The Highlanders' band, when it is conducted by Mr. Slatter, will accompany the Rovers' Club to Junctown.

For Harbord Grade Championship. Three teams have been picked to play for the grade championship of Harbord. The teams are: Upper, middle and lower schools. The first game of the series was played yesterday afternoon at 7:30. The upper school won from the middle school by 3 to 2. The game was fast and exciting, and it was always in doubt until the whistle for full time blew. The teams lined up as follows: Upper school: C. J. Cunningham, C. J. Cunningham, C. J. Cunningham, C. J. Cunningham, C. J. Cunningham. Middle school: C. J. Cunningham, C. J. Cunningham, C. J. Cunningham, C. J. Cunningham, C. J. Cunningham. Lower school: C. J. Cunningham, C. J. Cunningham, C. J. Cunningham, C. J. Cunningham, C. J. Cunningham. Referee: Mr. Dunkley. The final game will be played on Thursday afternoon at 7:30. The upper school will play the deciding game for the championship.

An exciting time is expected on the Brunswick alleys this afternoon, when big J. H. Seager and Little Mc... on hook up for the first time this season in the individual competition. The Big Bird has been knocking allers off the cordwood this season up to date, it must not be overlooked that he has nothing on "My host of the Aberdeen" when rolling on the above alleys. No bowler in this city knows the working of these better than Little Mack, and great rolling alone displayed between these two this afternoon.

## Big Sale of Horses At Repository, 150 Go for Good Prices

There was a great sale of horses at the Repository of Burne & Sheppard yesterday. Over 150 of those offered were sold. There were a number of large buyers present, and the ring and galleries of the Repository were almost filled. In the absence of Mr. C. A. Burns, his able lieutenant, Mr. Isaac Watson, wielded the hammer, and he sold continuously from 11 a.m. till 5 p.m., almost a record sale for this time of the year. Mr. J. M. Diver of Sarnia consigned a number of excellent carriage and road horses, one a beautiful bay gelding splendidly broken to saddle and single or double, a bold, fearless driver, and he was a picture to see as he was sold to Dr. Wilson for \$1,200. She has the best of manners and looked every dollar paid for her. Mr. Dick paid \$75 for her. A beautiful saddle horse, black gelding, also broken to harness, but his specialty the saddle, was bought by Mr. R. Smith for \$106. A nice bay gelding, serviceably sound, stred by Alcyon, was sold to W. Warwick, a three-year-old filly, was sold to W. Pinkney of Cooksville for \$115. Warwick Performer, a bay stud yearling, was sold to E. Cooke for \$140. A number of hackney-bred colts, fillies and brood mares, consigned by a gentleman from Cooksville, were sold, and the prices seemed cheap. Warwick Hero, bay stud colt, two years old, beautiful conformation and a grand actor (could pick his knees to his chin), was bought by R. O. Simpson of Guelph for \$140. Duchess O. Warwick, a three-year-old filly, was sold to W. Pinkney of Cooksville for \$115. Warwick Performer, a bay stud yearling, was sold to E. Cooke for \$140. ## JUDGES MUST PAY A TAX TO THE CITY ON INCOME

Court of Revision so Rules—Board of Control Begin to Pare Some of the Bylaws.

TO-DAY AT THE CITY HALL.  
11 a.m.—Board of Control.  
4 p.m.—Legislation and Reception Committee.

The board of control yesterday decided in favor of submitting to the people six money bylaws, totaling \$3,311,150. They are: Civic street railway, \$1,128,280; storm sewers (estimated), \$808,700; Bloor-street viaduct, \$769,000; Parliament-street viaduct, \$210,000; Aehbridge's Bay improvements, \$300,000, and good roads, \$100,000. The medical health officer will report upon the consumptive sanitariums and Western Hospital by-laws. The mayor and Controller Spence were inclined to oppose the Bloor-street viaduct by-law on the ground that it was defeated last year. The Aehbridge's marsh by-law was cut down from \$500,000 to \$300,000, enough to push on the work for several years. Controller Spence suggested that, instead of voting on the good roads by-law, the city get power from the legislature to spend the amount without a vote, or that the by-law be submitted on March 1, but was overruled. A special meeting of the council may be called next week to deal with the by-laws.

## Judges Must Pay Taxes.

A decision given by P. H. Drayton, K.C., chairman of the Court of Revision, yesterday afternoon for enforcement of the law that Dominion Government appointees are exempt from taxation. The ruling is of considerable importance, as it affects all Dominion Government servants in this city, who, if the appeal had succeeded, would also have been entitled to exemption. It is possible that the appeal will be carried further.

## STUDYING THE EARTH

Dr. Klotz Gives an Address Before Astronomical Society.

Dr. Otto Klotz of Ottawa addressed the Astronomical Society last evening on "Our Earth in the Universe." The countless number of stars in the sky passed thru an endless cycle of changes. The theory of the evolution of the earth from an incandescent body was explained, and it was shown how the body assumed its present shape of water and land on the surface of the earth. It was inferred that the earth would tend to assume a tetrahedral form. Dr. Klotz next explained that transmission of life from one part of the universe to another might take place, namely, by means of the force of light. In this way, when a body becomes very small, the pressure of light forces it into space, the attraction of gravitation holding it back, and thus the germs of life might be spread anywhere into space.

## Has the No-Smoking Bylaw.

Has the street railway power to put the no-smoking-on-the-cars ordinance into effect on Dec. 17. Manager Fleming is serenely confident that it has, and City Solicitor Johnston is inclined to agree with him. Corporation Counsel Drayton has been asked to report.

## Chatham Hockey Club.

The Chatham hockey team has been organized with the following officers: President, John McColg; vice-president, J. G. Kerr; secretary, F. C. Smyth; executive, Stone and J. H. Francis; manager, E. Fremlin; the patrons are: A. B. McColg and G. W. Sullivan, and the honorary president, Robert Gray. The team has been accepted in the O.H.A., and their probable competitors will be Wallace Hall, London, St. Thomas, Sarnia and Petrolia. A strong team will be placed in the fight, and practices will be held as soon as the ice comes.

## Bell Telephone to Organize.

A meeting of the employees of the Bell Telephone Company, held last night, decided to form a hockey league composed of the different departments. Officers were elected and a committee was selected to make all the necessary arrangements. It was also proposed to enter a team in a new electrical league, made up of the following teams, if possible: Toronto Electric Light, Consumers' Gas Co., Hydro-Electric, Bell Telephone Co. and Toronto Street Railway.

## TWO BAPTIST BANQUETS WESTERNERS' BIGGEST

Laymen Compete for Attendance Record—Rev. J. MacNeill Gives an Eloquent Address.

Four hundred and fifty men sat down at the Baptist laymen's missionary movement district banquet at Walmers Church last night. J. Ryrie presided. Thomas Urquhart aroused applause by proposing that greetings be sent to the eastern district banquet at Jarvis-street Church from "the largest single Baptist banquet of men ever held in Toronto." The banquets were competitive, east versus west, and the easterners mustered 395. Addresses were given by Herbert Caskey, general secretary of the laymen's missionary movement; Hon. W. A. Charlton, president of the Canadian council, who noted that whereas 11 years ago Calgary Baptists required home mission aid, they now gave \$10,000 to western missions; N. F. Davidson, K.C., Anglican chairman of the co-operative committee; Rev. W. A. Cameron, and Thomas Urquhart, who reported that in ten months \$55,441.57 had been subscribed for the work in hand.

#### ANOTHER FALL DOWN.

Once more the system of city government by council has notably fallen down. In the rejection of the proposal to take the opinion of the people on the establishment of a commission to control the harbor and water front Mayor Geary elected to take sides with the reactionary forces of the council, and to him the defeat of the referendum is due.

During the year Mayor Geary has fallen in line with most of the proposals that have been made for the public benefit, but when a really important and progressive movement is projected Mayor Geary is found wanting. We do not wish to do Mayor Geary any injustice, and freely admit that in matters that are obvious and indisputable and there are no political chances to be taken, he is quite willing to swim with the tide.

The only thing that can redeem the action of the mayor on this matter is the production of a better scheme for the management and development of Toronto's harbor resources. The man who will neither fish nor cut bait is not a man to conduct the growing business affairs of this great city to satisfactory issues.

#### MISS COUTISS' ACTING.

When a play so much above the average as "The Awakening of Helena Richie," is presented by a company such as Miss Catharine Coutiss has gathered around her in the Grand this week, the public should show their appreciation of it. The clever and artistic work done by every member of the cast places the production on the level of the ideal drama. The play itself is an interesting one, with its studies of old problems in new lights. Its action of George Bernard Shaw's "Candida" is much truer to life, and there is enough symbolism in it to please the Maeterlinck school. Dr. Lavender, by Charles Stedman, and his recognition that sin has its divine work lifts the play to very high ethical purpose. Miss Coutiss is marked by such a performance as this for a notable career. She reaches heights of pathos and tragic power without strain, and a natural emotion which we do not need to go to France to see.

#### FADED AND JADED CRITICS.

It is a dreadful and a painful thing to grow old. This novel reflection is prompted by the indiscretions of various theatrical critics, whose sere and yellow leaden smiles them from the enjoyment of much good merriment. They have seen everything and know everything, and behold it is all very bad. They exist everywhere, these superannuated wights, and they try to convince the public that because they heard a joke fifty years ago, nobody else should hear it again forever. That poor creature, Alan Dab of New York, thinks proper to tell the public every week how badly the best dramas and the best actors make him suffer. He took particular pains recently to tell us what a wretched affair "The Merry Wives of Windsor" is and how utterly unworthy of the stage "The Thunderbolt" appeared to him to be. We have local Alan Dabs, and their performances are almost as entertaining as the good things they gnaw at.

#### KING'S COUNSEL.

Not a little sarcastic comment has been offered in connection with the recent loss of freshly promoted king's counsel. Ontario now possesses a formidable array of these dignified gentlemen, more indeed than England enjoys with a population at least twelve times that of the province. Wholesale creations after such fashion cannot but cheapen the dignity, and provoke unfavorable comment on account of the invidious distinctions that follow from the hitherto customary manner of appointments. It invites the further questions whether under conditions in the profession of law so

fundamentally varying from those prevailing in the United Kingdom it was wise to introduce any distinction of class in its members and whether it would not be judicious either to discontinue the practice or to introduce some more rational principle of appointment.

Britain still divides the legal profession into two distinct branches, barristers, in Scotland advocates, and attorneys, in Scotland solicitors. In the immediate connection the latter may be excluded from consideration since they can only plead in the imperial courts. Barristers, or advocates, confine their practice entirely to court pleading and chamber consultation on brief and such of them as have attained sufficient eminence may present their claims to be created king's counsel.

In England these appointments are made on the recommendation of the lord chancellor, in Scotland of the lord justice general, the president of the supreme court, and in Ireland of the Irish lord chancellor. Appointment entails abandonment of junior practice, that is king's counsel restrict themselves entirely to cases where they act in a senior capacity. In Britain therefore the right to the appendage K.C. connotes a real difference in standing which is non-existent in Ontario. Provincial appointments, if they are to continue, should be severed entirely from political considerations and restricted to counsel whose position at the bar justifies conference of such precedence and privilege as the advancement implies.

What will Joseph Malins do now when Emperor William is setting up as Right Grand Wizard Temporarily?

The Telegram differs with Dr. Vogt about "O Canada" and it differs with Lord Tennyson about Walt Whitman. Ah, well, we all have our limitations. Ara longa, Telegrammaticus brevis est.

#### Branch Manager for Edmonton.

The Canada Life Assurance Company have just appointed Mr. Ernest Reynolds of Toronto to the branch manager of their northern Alberta branch, with office at Edmonton, to act jointly with Mr. R. A. Robertson of that city.

Mr. Reynolds is a comparatively young man for such a responsible position, but he has been connected with the head office of the company for a number of years, passing through different departments, until he rose to be advertising manager. From that department he went to Alberta to assist Mr. Robertson in opening up and organizing the northern district of that province for the company. Later on he moved to the Vancouver office, where during the past year, he has assisted in the production of business in British Columbia.

Yesterday afternoon all the members of the head office staff met together and gave him an enthusiastic send-off that clearly indicated his popularity in the office, and the confidence they have in him. With his wide experience in both office and field work, and his acquaintance with the west, there is no doubt that the Canada Life has chosen wisely in appointing him for such a promising territory as their northern Alberta branch.

#### THE G. T. P.

Total Expenditure to End of Fiscal Year, \$71,918,843.

#### OTTAWA, Nov. 22.—(Special.)

The sixth annual report of the commissioners of the national transcontinental railway, tabled in parliament today, shows that up to the end of the last fiscal year the total expenditure on the road had been \$71,918,843. The total grading done to March 31, 1910, was 116 miles, while the total amount of track laid was 313 miles, and 414 miles in sidings.

#### BRUSSELS, Nov. 22.—At a special meeting of the school board to-night J. H. Cameron, who for the past 18 years has occupied the position of principal of the school, tendered his resignation, which was very reluctantly accepted. Mr. Cameron retired to accept a position on the staff of the London Collegiate Institute.

#### P. H. Patriarche Sued.

The Sovereign Bank has begun action in the high court against P. H. Patriarche, who formerly conducted a brokerage business on Scott-street. The bank seeks to recover \$1,785,64. With interest from Nov. 30, 1909. It is claimed that on Oct. 27, 1904, Patriarche, with P. B. Allan, Reinhard Cook and Peter Ryan, signed a document guaranteeing to the bank the indebtedness of the City Laundry Co. to the amount of \$15,700. The bank claims that \$10,200, due on Oct. 31, 1907, has not been paid, and this amount with interest is sued for.

#### Off to the Coast.

The staff of The Globe last evening, thru Stewart Lyon, associate managing editor, presented D. A. McGregor, for three years cable editor, with a gold watch on the eve of his departure to Vancouver to take charge of The Vancouver (B.C.) Daily Province. Mr. McGregor, who is a graduate of Queen's College, was for a year with The Montreal Herald.

The Famous Medicine Made of Fruit Juices.

After careful consideration, it has been determined that "Fruit-a-tives" is a thoroughly scientific remedy. It is based on scientific facts and it cures in a scientific manner.

In fact "Fruit-a-tives" is known to be the most scientific remedy ever discovered for Kidney and Bladder Troubles. Mr. Flay thinks so, and his experience proves it.

Ulverton, P.Q., March 17. I suffered for many years with Kidney Trouble and Pain in the Back. I took every known kidney remedy and kidney pill, but nothing gave me relief. I was advised to try "Fruit-a-tives," and this fruit medicine cured me when every other remedy failed. I used fifteen boxes of "Fruit-a-tives." From the first, "Fruit-a-tives" gave me relief, and I am now well—no pain, no suffering—and every symptom of Kidney Disease gone.

**Do You Suffer from Piles?**

If so, we would ask you to enquire amongst your friends the value of Zam-Buk for this ailment! You cannot but meet with some one who has proved how excellent it is.

Mr. H. E. Hill of Shelvin, Man., writes:—"I suffered a long time with piles and tried numerous remedies, but without effect. Having tried a sample of Zam-Buk and being encouraged by the result, I persevered, using two boxes. It worked like magic, and effected a complete cure in a very short time."

Mr. James Ruddy of Killaloe, Ont., says:—"I suffered greatly from piles. The pain from these—as anyone who suffers from them will know—was almost unbearable. I tried first one remedy and then another, but all without effect. Then I heard about Zam-Buk and determined to give this wonderful balm a trial. I obtained a supply and commenced with the treatment, and to my great joy, after perseverance with Zam-Buk, I obtained permanent relief from the agonizing pain of the piles. Having been cured by Zam-Buk I heartily recommend the balm to all sufferers."

Zam-Buk also cures inflamed sores, eczema, scaly sores, ulcers, abscesses, cuts, sores, chapped hands, frost bite, cuts, burns and all skin injuries and diseases. All druggists and stores sell 50c boxes or post free from Zam-Buk Co., Toronto, for price. Refuse substitutes and imitations.

Divisional Court.  
Before the Chancellor, Latchford, J.; Middleton, J.  
Drake v. Caldwell—E. S. Wigie, K. C., for plaintiff. A. H. Clarke, K. C., for defendant. An appeal by plaintiff from the judgment of the county court of Eglar, of Sept. 8, 1910. An action for \$421.25, which was done in constructing a sewer in Sandwich. At the trial the action was dismissed with costs.

Judgment: We think that the existence of any new contract was not established, and that on this ground the judgment appealed from should be affirmed with costs. Appeal dismissed with costs.  
Before Meredith, C. J.; Teetzel, J.; Middleton, J.  
Struthers v. The Penn Vitriol Brick Co.—R. L. MacKinnon (Guelph), for defendant. E. A. Dunbar (Guelph), for plaintiff. Motion by plaintiff from the judgment of Sutherland, J., of May 18, 1910. The defendants also move for the admission of new evidence and a new trial for this purpose. This was an action by plaintiff for \$1100 commission on the sale of 1,000 square yards of vitriol brick to the City of Guelph, less the expenses of one Walker, defendants' general manager, in coming to Guelph in connection with the obtaining of said orders. At the trial judgment was awarded plaintiff for \$64.10, with costs.

Judgment: The appeal resumed yesterday and concluded. Order made varying the judgment appealed from by reducing the amount thereof to the sum of \$282.06 with costs on the county court scale, and right of set off of defendants. No costs of appeal to either party.

Kemerer v. Willis—G. M. Clark for plaintiff. Kemerer—Z. Gallagher for defendant. Willis—Blake, K. C., for defendant. Willis, for plaintiff. Kemerer, for defendant. Judgment reserved.

Appeals by plaintiff, Kemerer, from the judgment of Falconbridge, C.J., of April 23, 1910. At the request of defendant, Singlehurst, counsel for the other parties consenting, argument of appeals allowed and motions placed at foot of the list.

McDonald v. Murphy—M. E. Wright (Belleville), for defendant. W. S. Morden (Belleville), for plaintiff. An appeal by defendant from the judgment of Middleton, C.J., of Oct. 4, 1910. This action, brought by the widow and children of John McDonald, under the Workmen's Compensation for Injuries Act, claimed \$6000 damages for the death of said John McDonald, alleged to have been caused while in defendant's employ by the falling of a derrick upon him in defendant's quarry. At the trial judgment was given plaintiff for \$1000 and costs. Defendant's appeal therefrom argued and judgment reserved.

Court of Appeal.  
Before MacLaren, J. A.  
Stratford v. Co. v. Mooney—H. S. White for liquidator. H. S. Aylesworth for defendant. Mooney and F. B. Deacon. No one for defendant. George E. Deacon. Motion by the liquidator for security on appeal to supreme court. Order made, but not to issue until 23rd inst.

Before Moses, C. J.; Garrow, J. A.; MacLaren, J. A.; Meredith, J. A.; Magee, J. A.

### HOW TO MAKE Dalton's French Drip Coffee In Dalton's Percolator

Place cover No. 1 over bottom of Percolator No. 2, then for each cup of coffee required use one dessertspoonful of Dalton's French Drip Coffee, place cover No. 3 on. Four one cup of boiling water for each dessertspoonful of coffee used, place cover No. 4 on. If Percolator will not hold all the water at once, add balance gradually. For best results cover bottom of pot with water, then Percolator can be put on stove. This process takes from 10 to 15 minutes. The coffee is ready for use when the water has dripped into the lower pot.

**Be sure you put Section No. 1 in the Percolator or top section before you put in the coffee.**

Dalton's French Drip Coffee is the only coffee suitable for use in this pot. It contains absolutely no chicory. Sold in 10, 20 and 40 cent tins at all grocers. Never sold in bulk.

### GEN. FRENCH'S REPORT ON CANADA'S MILITIA

Continued From Page 1.

between the various arms of the service is not correctly adjusted. There is too much infantry and heavy artillery, and only half as much field artillery as is advisable, while the engineers and supply services are too weak, and the distribution of troops is faulty. Secondly, the arrangements as regards war divisions are faulty, in that corps, which would have to be together in war, are not dated together in peace. In this connection he condemns the double-battalion regiments (such as the Queen's Own Rifles), which exist in one or two of the corps.

He submits with this a scheme of organization which shows a shortage of one regiment of cavalry. One battery of horse artillery. Three field troops of engineers. Five field companies of engineers. Four telegraph detachments. And numerous units of army service corps and medical corps.

**Mobilization Plans.**

Gen. French next advocates the drawing up of a sound scheme of mobilization, which would include the establishment of a railway war council, presided over by the chief of the general staff, and including among its members the managers or representatives of the principal railway companies of Canada.

In this connection he says: "The work of completing the arrangements for speedy mobilization, of providing or ensuring the provision of transport, equipment, stores and supplies; of preparing the necessary regulations and instructions and of drawing up tables, showing the war equipment of all units, is a labor of very considerable magnitude. In the imperial army, for the United Kingdom alone, this work has occupied the undivided attention of five or six officers for nearly twenty years, while the duty of keeping the arrangements, now thoroughly decentralized, up to date entails continuous work upon all officers of the army, both staff and regimental."

A great portion of the work thus accomplished is due to the guidance of Canadian officers, and the problem to be solved is, on the whole, simpler for the Dominion. But the conclusion is unavoidable that the number of officers available for this duty at militia headquarters, and in the several military districts, is now, and apparently always has been, far too small to cope successfully with the task.

**Suggested Staff.**

"So far as I can judge, the preparation of a suitable mobilization scheme would require the undivided attention of at least two general staff officers and one administrative staff officer at headquarters, and of one military district staff officer in each military district. When the scheme is completed, it is probable that the services of two of the officers at headquarters could be dispensed with, but for the proper maintenance of mobilization arrangements, the remaining additional officers must be permanently maintained. The staff at present maintained at headquarters and in the commands appears to me absurdly inadequate in numbers and not successful with the numbers of problems which require its attention."

Later in the report Gen. French says: "I cannot close this part of my report without adding a few words as to certain points which I have heard expressed in influential circles in this country. I refer to the erroneous ideas which are often propagated with respect to the numbers and composition of the staff of headquarters and in some quarters and in the commands appear to me absurdly inadequate in numbers and not successful with the numbers of problems which require its attention."

**Waterloo and Mukden.**

"It was as much the case at Wellington, with the assistance of a small staff, could do to direct the operations of the battle of Waterloo on a front of some five or six miles. Would the same staff have succeeded in bringing to the same successful conclusion the battle of Mukden, which was fought on a front of a hundred miles? The fact is that those critics who do not in the least understand how complicated, technical a business war has now become, not only in its combatant, but in its administrative aspects."

After some further observations, Gen. French declares: "Altho for the organization and training of the army in peace, and for its administration and control, a large and efficient staff of trained officers is indispensable, a staff officer cannot learn his duties after war has broken out, and an inefficient staff will nullify the efforts of the best command and the best trained troops in the field."

Special inducements must be held out, he says, to induce officers to undertake the hard work entailed in preparation for staff duties, and in a militia force those inducements should take the form of higher pay.

**Praise for Permanent Corps.**

"On the subject of peace training, the imperial inspector-general pronounces the standard reached by the permanent corps to be satisfactory. He especially praised Lieut.-Col. Bursall's work with A and B Batteries, R. C. H. A., Kingston, and praises the raising of an additional battery of this corps and of an additional squadron for the Royal Canadian Dragoons.

With reference to the active militia Gen. French comments on the absence of uniformity in the standard of efficiency attained. This applies less to the field artillery than to the cavalry and infantry. Of the nine cavalry regiments which he saw in Eastern Canada, only two appear to him to have attained a standard of efficiency commensurate with the material of men and horses which they possess and the opportunity they have had. He was pleased with the two brigades of field artillery which he saw at Petawawa. "Their riding, driving, manoeuvring and firing practices seemed to me very remarkable, in view of the short time they had been together in camp and the few opportunities they have."

**Infantry Manoeuvres.**

As regards the field training and efficiency of the infantry, the verdict is: "Their methods of carrying out company and battalion training, so far as I saw them, are not up-to-date or suitable to the requirements of modern war, but I am compelled to add that, when I saw them manoeuvre in the field, all ranks showed greater aptitude and knowledge than I should have thought they possessed. The plans made and carried out by brigadiers were fairly sound, and on the whole,

### For Skin Sufferers

If you, or someone dear to you, have undergone the itching, burning, sleep-destroying torments of eczema or other cruel skin eruption and have suffered from its embarrassing, unsightly disfigurement; if you have tried all manner of treatment, no matter how harsh, to no avail, and have all but given up hope of cure, you can appreciate what it means to thousands of skin-tortured sufferers, from infancy to age, when the first warm bath with Cuticura Soap and gentle application of Cuticura Ointment brings instant relief, permits rest and sleep, and proves the first step in a speedy and successful treatment.

seems to me, to appeal to the men's reason and intelligence, a principle which should be at the very root and foundation of all intercourse between officers and men, particularly in a force like the Canadian militia.

"On the other hand, I have noticed that they do not maintain a proper discipline amongst their men, when engaged in field exercises. I have heard talking and shouting and all sorts of irrelevant conversation going on, whilst the manoeuvres, which demand the close attention of all ranks, was in course of being carried out. The officers were standing by and taking notice. Here again appeal might have been made to the men's reason and intelligence."

**Praise for the Privates.**

The stamp of junior officers is described as good. The exactness of qualification tests should be strictly enforced. The selection and qualification of non-commissioned officers requires far greater care and attention than it now receives.

As regards the privates, Sir John French describes the physique as good, and the turnout, setup, and bearing on parade, as on the whole good. The march and manoeuvring were decidedly good for non-regular troops, and he praises their spirit and energy. However, he speaks in strong terms of the tendency not to exact the term of service (engagement) of three years. He says: "It is my duty to state emphatically, that, unless the very limited term of service which every man undertakes to carry out when he joins is fulfilled to the last day and hour, and every available moment is used for the purposes of training and instruction, the Canadian militia can never be considered in an efficient condition to undertake the responsibilities for which it exists."

With regard to the Royal Military College, Sir John French recommends the enlarging of the college at Kingston, and perhaps the establishment of a similar college elsewhere.

**Remount Staff Required.**

He lays stress upon the question of horse supply, saying that the war establishment of existing authorized units calls for a provision of 23,000 horses at once on mobilization, and a reserve of at least 20,000 more. The registration of so large a number of horses demands the organization of a remount staff. He praises the work of the Horse Feeders' Association.

On the subject of the rifle in use, General French says: "Having regard to the trials which are now going on in all the great military centres of the world of a proposed automatic rifle, I have no remarks or recommendations to make on the subject of the difference in armament between the Canadian and imperial forces. He notes that the ammunition used by the two weapons is similar.

PORT ARTHUR, Nov. 22.—(Special.)—M. Sim has been awarded \$350 damages against the city for injury, when his wagon was hit by a street car.

### Russell Not what it is now, only---but a year from now.

**RUSSELL "30," \$2350 Fully Equipped**

"Made up to a standard, not down to a price"

is that kind of car. Russell cars scattered all over the country that have gone through work that would ruin an ordinary car—and they are still at it.

It's the material. It's the workmanship. It's the designing—the study of and preparation against excessive strain. It is, in short, the "standard" of the Russell "30" that gives it lasting value.

Isn't such a car worth your careful investigation? If you have the least idea of buying a motor car, send for our catalog describing this and all our 1911 models.

### MUNICIPAL OWNERSHIP HAS PAID IN BROCKVILLE

**Net Surplus for Ten Years of Public Control is \$11,402.82.**

BROCKVILLE, Nov. 22.—(Special.)—The annual report of the commissioners of the Light and Power Department, showing the net revenue and actual cost of operation for the ten years of municipal ownership, ending Sept. 30 last, was issued to-day. It shows to what extent consumers have benefited since the corporation purchased the gas and electric light plant ten years ago.

Since then the commissioners have handed over to the town \$59,158.82, while \$27,348.27 has been written off for depreciation and \$14,402.78 spent in repairs. The net surplus of profits accruing during that period are \$11,402.82. The amount set aside for depreciation has been spent on capital account. In 1900 the gas and electric light

works and equipments were purchased for \$100,000. A few months later \$50,000 was again voted for a renewal of the plants, and since then an additional \$25,000, to be spent on capital account, mainly pertaining to improvements to the gas department. The capital account to-day stands at \$179,686, and the debenture debt is \$115,890.48.

The bylaw calling for the issuing of \$50,000 of debentures for extending and further improving the electric system, including the removal of the electric plant to the site purchased west of the pumping station, does not come into effect until next year, consequently is not considered in this year's report.

Manager Whitcomb, when asked by The World as to the value of the department's plants, said they were easily worth \$200,000 as a running concern. He also figures that consumers have been saved during the past ten years a little more than \$100,000.

The total revenue for the year from gas and electricity was \$57,473 and the running expenses \$34,060. Out of this year's paid debentures and debenture interest, which, with depreciation and uncollected accounts, brings the net profits for the year to \$560. Under municipal control the price of gas has been reduced from \$2 to \$1.12 1-2 per thousand feet.

### DOCTOR'S BOOK FREE

To any man who will mail me this coupon I will send free (closely sealed) my finely illustrated book regarding the cause and cure of diseases. This book is written in plain language, contains many secrets you should know. It tells how you can cure yourself in the privacy of your own home without the use of drugs. Don't spend another cent on doctors and their worthless medicines. Nature's remedy cures to any cure. If you suffer from weakness of any kind, rheumatism, lame back, sciatica, lumbago, debility, drains, loss of power, or stomach, kidney, liver, or bowel troubles, you must not fail to get this book. Don't wait another minute.

**KIDNEY AND STOMACH TROUBLE CURED.**

Dear Sir:—I purchased a Belt from you four years or so ago, and I hardly know what I would do without it. To say it has done that which I said it would do for me is a very tame way of putting it. My friends say I would be a good agent for it, for I have so much confidence in it. It has stood a good test. I only use it now when I feel I need it. I have, however, only praise for the one who invented it and for the cure of my ailments, my trouble being in my kidney and stomach.

Yours indebtedly,  
RALPH W. G. RAZZI

The reason so many men neglect to use my Belt is that they fear it will fall like other things they have tried. Now, the security that I offer to the doubtful man is that he need not pay for my Belt until it does for him what I say it will do. If he in turn will give me reasonable security that he will pay me when cured. Put aside these testimonials. "Don't make any difference whether you know that Dr. McLaughlin's Belt cured them or not. Give me reasonable security. I will arrange the Belt and send it to you, and you can

### METHODIST SOCIAL UNION

Budget Calls for an Expenditure of \$56,000 Next Year.

The annual meeting of the Methodist Social Union was held yesterday. The union work is divided into three branches: (1) The solution of the down-town problem; (2) church extension in the new sections of the city, and (3) hospital visitation. Churches in the down-town section which a few years ago had been depleted of their congregations, have, thru the assistance of the union, become filled every Sunday. These churches are also open all week, seeking to develop the entire man and to care for the multitude in the boarding houses and down-town sections.

Nearly \$10,000 was subscribed last year from the city churches, but this amount will not be nearly enough to cover the expenses of the coming year. The budget calls for an expenditure of \$56,000 next year, the greater part of which will be used as five year non-interest bearing loans to new churches.

In connection with the hospital visitation, there are three visitors, two chaplains and a deaconess, who devote all their time to sick Methodists in the various hospitals.

Among the churches which will be benefited by the union the coming year are Bartschourt Methodist, Howard Park and Danforth-Avenue.

### Woodgreen Tabernacle received nearly \$10,000 last year, which helped materially to clear the large debt.

Following is a list of the new officers and directors: President, Rev. J. J. Redditt; 1st vice-president, A. Ogden; 2nd vice-president, C. H. Wood; 3rd vice-president, Rev. J. H. Hazlewood; recording secretary, T. E. Robertson; field secretary, T. E. Bartley; secretary, C. D. Daniel; treasurer, Dr. H. Hough; treasurer of trust funds, R. C. Hamilton; directors (ex-officio) Edward Gurney, Rev. William Briggs, D. V. C. D. Mamey, R. C. Hamilton, Rev. A. Carman, D. D., Richard Brown, Rev. N. Burwash, S.T.D., L.L.D., Hon. T. Crawford, M.L.A., Rev. S. Cleaver, M. A., D. D., H. H. Puffer, Rev. J. A. Rankin, D. D., John Donogh; ministers: Rev. James Allery, Rev. W. L. Hincks, Rev. W. L. Armstrong, B.A., D.D., Rev. S. W. Fallow, Rev. W. F. Wilson, D.D., Rev. S. E. Rose, D.D., Rev. W. B. Caswell, B.A., laymen: B. E. Bull, T. C. Mason, S. R. Parsons, George Peppard, R. J. Score, C. Vaughan, F. W. Winter, W. J. Boltz, D. A. Dunlop, J. H. Curdy, George Edwards, J. H. Follett.

**Monster Membership Hustle.**

At the West End Y.M.C.A. to-night will be conducted the largest thing in the way of a membership hustle ever undertaken by the boys' club. The plan is to canvass every boy attending school over 12 years of age, between 7 and 10 o'clock in the evening. There will be a working corps of close on 100 picked boys, divided into teams. The winning team will be banqueted at the King Edward.

### "Money Saved" is "Money Made"

Every merchant and every manufacturer knows this.

What many a business man does not know, however, is that the biggest kind of a saving can be effected—for any business with a second storey—by the installation of a freight elevator.

We don't expect you to grasp this idea "right off." But we do trust you're a keen enough business man to want to know more—keen enough to send for our book, which tells in plainest English just how a good elevator makes money for the man that owns it.
