"GIVE SIKH A CHANCE AND HE'LL MAKE GOOD"

Rev. Dr. Wilkie, Who Was a Missionary in India For 30 Years, Made an Eloquent Plea on Behalf of Allowing the Wives of Hindoes to Come to Canada—H. H. Stevens of Vancouver Will Take the Opposite View To-day.

J. J. Ward, who has been made chairman of the York County Good Roads Commission.

"Give the Sikh a chance and he will make good in Canada. The law which excludes this class of people from British Columbia is a huge farce because of its unjust, unfair interpretation."

Speaking to the Women's Canadian Club in the Guild Hall yesterday afternoon, Rev. Dr. Wilkie, for thirty years a missionary in India, endeavored to prove that these British subjects should be given different treatment at the hands of the federal government.

Classing them as fabrications and misinterpretations, Dr. Wilkie scouted the newspaper stories which had characterized the Sikhs in Vancouver as seditious and unworthy of any consideration. He wondered why families should be separated by an unjust law, and he strongly favored the admission of wives of Sikhs.

He admitted the Sikhs lived in a different way in India than Canadians in Canada, but their handicaps was the fact that they had never been taught the gospel. Given a chance they would make suitable Canadian citizens.

Can Be Trusted. "Sikhs as a body with whom I have worked for years, can be trusted," quoth he. "I have learned to love and admire them. In some cases they are not desirable citizens, but they can be easily cultivated into good men and women. They are the same stock from which the English are sprung. They are our equals in this regard, and they will be our equals in citizenship if given the opportunity."

He classed the assertion that there were 2000 polygamists in British Columbia as a misstatement. Sikhs were not polygamists. Stories that they returned to India after they had earned sufficient money in Canada, he said were untrue. About 7000 Sikhs came to Canada a few years ago, 2000 later returned.

error not falling within the curative or saving sections of the code. Carrying a revolver will be an offence for which there will be no option of a fine, the punishment on conviction being imprisonment, if the recommendations of the chiefs are carried out. They would also prohibit the manufacture, sale, importation, or having in possession, automatic pistols of every description, also Maxim silencers. Automatic pistols, they claim, are veritable galling guns, and a serious menace to human life.

The chiefs would have the operations of the Deportation Act so extended that foreigners who can be shown to have committed crime in the United States may, also not previously convicted in Canada, be deported as undesirable. Those constituting the deputation were: The vice-president of the association, Chief Detective Carpenter, Montreal; Deputy Chief Stark, Toronto; the secretary-treasurer, Col. Sherwood, Ottawa; Chief Steinn, Brantford; Chief Campeau, Montreal, and Chief Trudell, Quebec. Chief Chamberlin, Vancouver, president, and Chief Inspector Archibald, Toronto, were the only members of the executive absent.

Under the present section only the chief constable or deputy chief constable may sign a gambling search warrant. This they want altered so that the authority may be delegated to any peace officer or constable. One of the most far-reaching of their recommendations is that bail be not allowed pending appeal to a higher court. It often happens that appellants, out on bail, disappear and thus avoid punishment. Speedier hearing of appeals is also advocated. A suggestion is made that courts should have power to order a new trial when a conviction cannot be sustained by reason of some

Proposed Welland Canal Route

OTTAWA, Feb. 16.—(Special).—The Hon. Frank Cochrane was waited upon this afternoon by a deputation of interests from Brantford and Dunnville urging upon him the advantages of a route from Port Maitland to Jordan Harbor for the proposed enlarged Welland Canal. They claimed that it would mean a saving of distance, less rock excavation, earlier opening of the harbors in the spring, owing to the existence of natural currents. They also urged that it would mean a saving of distance.

The minister of railways promised to refer the matter to the department for a preliminary enquiry. The Brantford Board of Trade was represented by Messrs. R. F. Reville and John Muir, and the Dunnville Board of Trade by Messrs. W. J. Aikins, President G. R. Smith, Capt. R. O. Smithers and Mayor W. J. Griffith. The deputation was introduced by Mr. Lalor, M.P., Mr. Cockshutt, M.P., and Mr. Fisher, M.P.

SIX PASSENGERS HURT IN C.P.R. TRAIN WRECK

Five Cars Were Derailed Near Chatsworth and Two Rolled Down a 25 Foot Embankment—Passengers Say That Spikes Were Loose and Caused Rails to Spread—One Man May Die.

Running down-grade at forty miles an hour C.P.R. train 705, bound from Owen Sound to Toronto, jumped the rails and was hurled down an embankment at Dead Man's Cut, near Chatsworth, yesterday afternoon, and six persons were more or less seriously injured. The train was due in Toronto at 7:30 last night, but did not arrive till after midnight. All the victims were men, and one may die. The cause of the wreck was a defective rail.

Arthur Shane, Toronto, badly injured internally, two ribs having pierced lungs. Taken to Orangeville Hospital.

F. J. McNabb, architect, 38 Winchester-street, Toronto, scalp wound and broken nose. Taken to Western Hospital.

G. S. Pulton, 128 Riverside-avenue, Toronto, broken arm and scalp wound. Taken to Western Hospital.

Russell Savage, 30 Bolgat-street, scalp wounds, legs badly bruised. Taken to Western Hospital.

H. O. Parks, mail clerk, 243 Seaton-square, broken leg and badly shaken up. Taken to Western Hospital.

Harold Harshaw, West Toronto, back injured. Taken home.

Conductor Hines and Engineer Little, both of Toronto, were in charge of the train. Probably the presence of mind of Little averted a more serious catastrophe. The moment the rails spread and the wheels were on the ties he applied the brakes, but just gradually, fearing that to do otherwise might cause telescoping of the cars. As it was all the coaches, numbering five, cleared the rails, the mail and one passenger car going down a 25-foot embankment. The engine and the other coaches, altho clearing the rails, lay partially on their sides.

Word of the derailment reached the C.P.R. office at 4:30, and an auxiliary was immediately despatched from West Toronto to the scene of the wreck. A train was taken north from Walkerton and the passengers and badly smashed baggage were transferred to it and brought to Toronto, arriving at Union Station at 12:30 this morning. Two ambulances were in waiting, which immediately conveyed four of the injured to the Western Hospital.

When Parks was being removed from the baggage car on a stretcher one of the ambulance corps slipped on the ice, resulting in him being thrown to the pavement. He was picked up unconscious. Shane was taken off at Orangeville, being so badly injured that it was not thought advisable to bring him to the city. Two ribs pierced his lungs, and he is in a very precarious condition.

Fulton and Parks were mail clerks, and Shane was a baggage man. The engineer and fireman stuck to their posts and came out scathless.

STATE AWAITS DISCLOSURES

Negotiations With Alleged Conspirators Said to Be Under Way—Papers Prove Nothing, Says Ryan.

INDIANAPOLIS, Ind., Feb. 16.—(Can. Press).—Intimations were said to have been received by the government to-day that some of the defendants in the dynamite conspiracy cases were preparing "to tell all they knew." The statements followed the government's charges that 40,000 letters and telegrams taken from the International Association of Bridge and Structural Iron Workers showed that Frank M. Ryan, the president; Herbert S. Hookin, the second vice-president; and members of the executive board and business agents conducted the dynamite plots thru the mail, pointed out "jobs" to be blown up and maintained a system of destruction against non-union iron and steel contractors. Asked if any negotiations had been opened with him concerning the defendants, U. S. District Attorney Charles W. Miller said:

"I wouldn't be surprised if it is shown that something like that had happened."

W. N. Harding, counsel for Ryan, and the international officials of the iron workers, held a long conference.

TRIPPED POLICE CHIEF AND DECAPMED

KINGSTON, Feb. 16.—(Special).—Chief Ryan, Gananoque, is looking for Alexander Pelow, arrested at Kingston, on a charge of theft in Gananoque. While the chief was taking him from the lock-up to the court room for trial, he suddenly tripped hold of the chief, tripped him and made off. He has not been seen since, and it is believed he made across the ice to the American side.

THOS. H. HOGG RECOMMENDED

Toronto Engineer Is Favored as Parks Commissioner by Joint Committee Named by Various Societies.

Thomas H. Hogg, B.A.Sc. has been recommended for the position of parks commissioner by the joint committee of the board of trade, the Horticultural Society, the Island Association, and the Civic Guild. Mr. Hogg is said to be a very capable man and worthy of the position as parks commissioner for Toronto. He is a Canadian, a civil engineer, and has other qualifications which fit him for the position. Mr. Hogg has been requested to send in an application for the position.

JIMMIE NOT A PIED PIPER

BRANTFORD, Feb. 16.—(Special).—Hamilton's dog catcher, Jimmie Lindsay, was slated to fill that role here to-day, but at noon Mayor Hartman ordered that Lindsay and his assistant be dismissed.

They operated under the new civic bylaw which empowered them to shoot all stray dogs on sight, and both were heavily armed. Such indignation was aroused at the actions of the dog catchers, that Mayor Hartman promptly put an end to the procedure.

HON. J. D. HAZEN FOR WASHINGTON

OTTAWA, Feb. 16.—(Special).—It is announced to-night that the Hon. J. D. Hazen will leave to-morrow afternoon for Washington, where he will confer with Ambassador Bryce and the members of the United States Government concerning the recommendation of The Hague tribunal with respect to regulations for the management of the Atlantic fisheries and concerning other fishery matters of interest to the two countries. He will be accompanied by E. L. Newcombe, deputy minister of justice.

THREATENING TO KILL CASHIER AND FOREMAN, ROBBERS RIFLE SAFE, THEN TIE MEN TO CHAIRS

Put This Thru Your Head, Oh You Taxpayers and Strapholders!

There are 35,000 taxpayers and 30,000 property owners in Toronto. The 35,000 want tubes, single fares, viaducts and a spread-out Toronto, because they pay the big rents (taxes also) and car fares. The 30,000 want a congested city with high rents; they do not want suburbs taken in, or single fares, or bridges. Not much! The 30,000 have all the say on bylaws! The 35,000 are voiceless on bylaws! The 35,000 rent payers go to their "representatives in the council" and ask for a spread of the city and better local traction. Their "representatives"—Mr. Geary and the majority of the council—turn them over to the 30,000! And The Telegram and The Globe shout approval as the 30,000 turn the 35,000 down with a good hard swat! Is there one evening paper that dare say a word for the 35,000?

Two Hold-up Men Steal \$400 From Lonely Office on Waterfront—Knock Foreman Down Unconscious—Detectives in Vain Scour City.

Lurking outside in the dark until all the drivers had turned in their collections, two men, with faces concealed, at 7:30 last night entered the office of the Standard Chemical at the foot of John-street, leveled revolvers at the cashier and knocked the night foreman down, unconscious. They then robbed the safe of \$400, tied the two men to chairs and departed into the night. Early this morning the detectives had not yet located the hold-up men, who had plenty of time to jump on a passing train and make their way out of the city.

Pitch dark and lonely and with most of the odds in favor of their getting away with a haul, the hold-up men chose well their time and place. It is the custom of the drivers to turn in their day's cash receipts at this branch, which is used as the charcoal manufacturing and distributing point of the company. The office is in a corner of the warehouse, a galvanized iron-shedded building below the railway tracks, west of John-st.

The cashier, J. W. Mayo, 481 Brook-avenue, a man of about 30 years, was just preparing to close up the day's work when the two robbers entered. Both wore woolly caps such as tobogganists wear, pulled down over the back of the head and fastened around the front just below the nose. These caps were effectual as masks.

With Cashier Mayo was George Ross, night superintendent of the plant. They were told to hold up their hands. Deftly the fact that two men were threatening them, Ross demurred.

"We mean business. You'll get killed if you don't put up your hands," Ross hesitated, was struck on the head with a billie and dropped to the floor stunned.

Stripping the safe, which had not yet been locked, of all the cash within and gathering up some money lying on a desk, one of the robbers stuffed his pockets with small bills and \$50 in silver, while the other kept his eyes and his gun on Mayo and the striding foreman, who was struggling back to consciousness.

Tied Both to Furniture. The money secured, the robbers bound the foreman and cashier to chairs, tying the knots tightly and with care.

"There's other men outside and they'll be here for twenty minutes. Don't move," said the robbers, as they started for the door.

One turned back, and as an added precaution tore the telephone from the wall.

About a half hour later a watchman on his rounds visited the office and found the two men still tied, altho they had squirmed and twisted and tried in every way to release each other. The watchman thought at first that it was merely a joke, and laughed at their predicament. A glance at the rifled safe and he quickly cut the ropes and hurried over to the waterworks pumping station, where he phoned the police.

Police Delayed Half Hour. Within ten minutes every police station in the city was warned to keep a sharp watch on every likely spot, and all the detectives were away scouring the city.

The cashier and the foreman, much excited, turned up at the Esther-st. police station, shortly after 8 p.m., but were able to give but a meagre description of the hold-up men. They thought the two robbers were between 20 and 25 years of age, and both about 5 feet 8 or 9 inches tall.

An official of the Standard Chemical Company told The World that the firm had absolutely no suspicion as to their employees, and felt quite certain that the robbery was not committed by anyone who had ever worked for them. Cashier Mayo is a married man, and has been with them eight years.

THE VANDERBILTS OF TORONTO.

John: What right have these people who only pay taxes and rent to ask for a bigger city, or for tubes, or single fares, or for viaducts, to get out to the suburbs? John: Master Fleming has a hard enough time of it as it is, but a meagre meagre of his bit franchise! Fat was Master Vanderbilt's side about the people, John?

OPIUM AND LIQUOR SEIZED IN MIDNIGHT POLICE RAID

Five Hundred Dollars' Worth of Opium and Two Wagon Loads of Whiskey Taken in a Chinese Grocery Store Kept by Jim Lee, Who Made a Vain Attempt to Escape Thru a Window.

Swooping down upon a genuine opium joint at midnight inspectors Kennedy, Jim Lee, a grocer, at 137 East Queen-street, and sufficient opium and real Chinese whiskey to fill two police wagons. Entering by the rear and front doors the officers surprised about a dozen yellow-faced bilious individuals, who tried to break for liberty. While the whiskey was being carried to the wagons Lee ferreted out the opium and made for the rear window, but he was collared by Detective Bloodworth. He tried to get away from Bloodworth three times, but with no avail.

Opium valued at about \$500, and what the officers termed as the pure unadulterated stuff, ready for the pipe, was thrown in the wagon, and the whiskey, imported from China in pint bottles and packed in large cases, completely loaded two wagons. Lee, the only man arrested, charged with selling the stuff, was placed in the third vehicle and accompanied by the raiders was taken to Agnes-street station.

The detectives were McKinney, Jackman and Bloodworth. "The whiskey contains 90 per cent alcohol and comes directly from China," said Inspector Kennedy. "The wonder to me is how it passes the custom authorities."

The building raided was laid out like a real den. Entering from Queen-street is a grocery and tea establishment. A thin partition separates the store from the opium den. Along the wall are tiers of curtained couches. Immediately to the rear is the liquor emporium, where the whiskey, now removed, was placed along the walls. According to the police this place was a rendezvous for celestials every evening of the week, and Lee made big money in his sales. Pint bottles of liquor sold for something like one dollar each. Pipes and other opium paraphernalia were taken by the police.

Lee will appear in the police court this morning. Names of his confederates were taken, and they will give evidence.

French Fleet Formidable Delcasse Gives Warning

Larger Warships to be Built, and Increased Efficiency of Crews Attained—Explosives of Highest Standard Only Are to be Kept in Readiness.

PARIS, Feb. 15.—(Can. Press).—The senate to-night voted the naval budget after the minister of marine, M. Delcasse, had outlined the various important reforms in the navy which, it was planned, he said, to accomplish in the near future. It would be his aim, M. Delcasse declared, to add to the number of larger types of ships and increase the efficiency of the crews of war vessels. He said he had given special attention to the question of ammunition and that six hundred tons of doubtful powder already had been taken to sea and sunk, and that only absolutely reliable brands of explosives were being kept.

The minister of marine said also that the process of manufacturing powder had been greatly improved, and he could say that the country was now prepared for all emergencies.

he believed the French fleet now constituted a formidable force, which was calculated to make a possible assault hesitate. The naval program calls for the expenditure of \$279,600,000. The chamber of deputies adopted the budget last Tuesday.

Poincare Smooth Diplomat.

Premier Poincare successively steered two of the most critical articles of the electoral reform bill thru the chamber of deputies to-night, and in doing so gained a notable parliamentary triumph as there was a great division of opinion, even opposition, regarding the measures among the different groups, which make up the majority in the lower house. The articles voted involve the abolition of the present small constituencies and the substitution in each department of electoral circumscription and the principle of proportional representation.

WAIT AND SEE, SAYS ROWELL.

LONDON, Feb. 16.—(Can. Press).—Addressing the Liberal Club here to-night, N. W. Rowell, K.C., said that by the next session the Liberal party in the Ontario legislature would have its new temperance policy ready. He intimated that it was now nearly decided on, but gave no intimation of its nature.

F. E. HODGINS, K.C. MAY ACT.

HAMILTON HAPPENINGS

MONEY FROM OLD LAND MAKING CANADA RICH

This Country Must Never Think of Independence, Say Sir Edmund Walker.

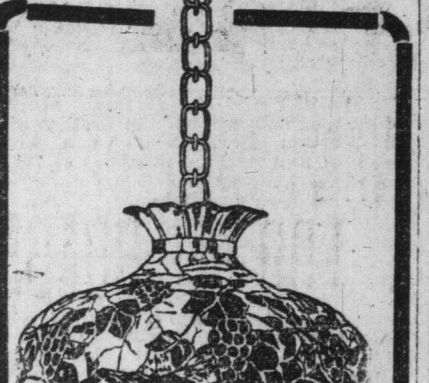

HAMILTON, Feb. 16.—(Special)—A strong and practical appeal to Canadians to continue and strengthen the imperial relations between this country and Great Britain was contained in the address of Sir Edmund Walker before the Hamilton Association in the lecture room at the public library building, to-night. Sir Edmund's subject was "The Financing of Canada."

Britain the Leader. Great Britain was the only country from which Canada could hope to continue to get money on such favorable terms as at present. The reason why the money powers in the mother country were so willing to lend money in Canada was that they considered this country the most promising part of the empire, and looked forward to the time when Canada would, perhaps, be the most important part. To maintain this confidence in the old country it was necessary for Canada to adhere to the empire and to drop the idea of independence.

Sir Edmund emphasized the importance of educating newcomers to this country, and especially their children, to the imperial idea. They should be taught that the aim of Canada is to remain an integral part of the British Empire. Sir Edmund was warmly applauded several times while speaking, and at the close of his address was heartily thanked by the association for his address.

Not Treasure Seeker. In replying to the vote of thanks, Sir Edmund took occasion to say that he had not come, as a Toronto paper had stated, to try to secure the collection of paintings which Wm. Bruce has offered to donate to the City of Hamilton for a new civic art gallery. He warned Hamilton citizens, however, that Toronto and Ottawa were both anxious to get the pictures and advised this city to lose no time in securing them.

The annual meeting of the Hamilton Liberal Association was held to-night in the club rooms in the Sun Life Building, and the following officers were elected for the current year: President, J. R. Marshall; first vice-president, T. B. McQueen; second vice-president, J. R. Wells; executive committee, H. Haynes, J. M. Telford.

The Daily Hint From Paris

With the inauguration of Toronto's sixth annual auto show next Wednesday evening, will open a week of great social activity at the armories. It is expected that His Honor the Lieutenant-Governor will deliver the address on that occasion, while Lady Gibson will press the electric button that signifies the actual opening of the big display. The show in this year in the armories, with a gigantic crown, a huge cluster of colored lights hanging from the ceiling, and a brilliant scene in semi-darkness before, but on the lighting up of this huge decoration a dazzling and brilliant scene will be presented. The show is this year in three large parts, the armories itself, the riding school in which a special floor is being laid and a large temporary structure that has been erected to provide the additional space necessary to meet the demands of the automobile manufacturers desiring to exhibit.

Those giving box parties at Mrs. Thomas Hodge, Montreal, is visiting Mrs. George E. Shaw.

Miss Price (Chicago) was the raison d'être of a small dance last night at Miss McGregor's pretty house in Huron-street when she was looking very pretty in a gown of black and paddy green satin with pink roses, her hair more like green satin with tulle of red brown chiffon and a bouquet of yellow roses. Mrs. McGregor was in Pacific blue with beautiful jewelry. The dancing was very enjoyable and was carried out in roses and tulips of a lovely shade of pink, and a buffet supper was served downstairs.

The Misses Merritt, St. George-street, were at home yesterday afternoon for the second time this week, are giving the third of their series of teas today, about 75 of their friends of both sexes being present yesterday. Miss Merritt wore black and white with her hair, and Miss Catherine Merritt wore a peacock shot silk with real lace. The tea table was covered with embroidery and a cut glass bowl of daffodils. The assistants were the Misses Saunders, Hutton and Ogden-Jones.

There will be a meeting of the Ladies' Curling Club this morning at the Victoria Rink.

Miss Curlette gave a very enjoyable party for her young people last night at Westbourne, when she was wearing a very becoming gown of white satin and black lace with some antique jewelry. The rooms were fragrant with many carnations, and the supper table was very pretty and springlike with daffodils and yellow satin ribbons. About eighty-five were present.

The tea hostesses at the Officers' In-Group Baseball League games in the armories to-night, were Violet Macdonald, Mrs. William Hendrie (Hamilton), Miss Shandy. The games will be Queen's, Grenadiers, and G.G.B.G. v. Cavalry.

Mrs. K. R. Marshall has issued invitations to a luncheon on Thursday, Feb. 20, from 4.30 to 6.30.

Colonel and Mrs. William Hendrie are going to Quebec next week for a ten days' visit.

Mrs. Coffin, New Jersey, is visiting her aunt, Mrs. E. J. D'Amico, at 170 West Avenue. Miss Evelyn Robertson, A.M., is giving a tea in honor of Mrs. Coffin on Monday afternoon.

A pleasant entertainment of Thursday afternoon was Mrs. J. E. Wood's 21st-birthday party, given at her home in the new house in St. George-street. Eight tables were played and the prizes were Coalport cups and saucers. The hostess was wearing a gown of black and red, with black hat and red carnations. Three assistants, Miss Mae Callum, Miss Emily Moore, and Miss Wood, were in white. The guests included Mrs. Sydney Jones, Mrs. J. Otty Sharp, Mrs. Brain, Mrs. White, Mrs. Finken, Mrs. Helen Kay, Mrs. George Torrance, Miss Denison, Mrs. D'Eyncourt Strickland, Mrs. James Fuller, Mrs. Arthur Hills, Miss Alice Chipman.

Mrs. Shirley Denison was the hostess of a well-arranged bridge on Thursday evening at her home in St. George-street. Eight tables were played and the prizes were Coalport cups and saucers. Disgraced, Tried to End Life. BELLEVILLE, Feb. 16.—(Special)—A week ago Mrs. Florence Munnville was placed under arrest on a charge of keeping a disorderly house. She was admitted to bail to appear in police court this morning, but shortly before that time made an attempt to end her existence by swallowing a quantity of muriatic acid. Prompt medical aid saved her life, and later in the day a warrant was issued for her arrest on a charge of attempting suicide. She is a comparatively young woman.

The annual fancy dress carnival of the Victoria Rink club will be held at the Victoria Rink this evening.

The Harbour Conservatory of Music is issuing a notice to a pupils' musicale this evening at 8 o'clock.

Mrs. Jack Jose (formerly Miss Madge Bonham) held her post-nuptial reception at her pretty home in Kingscourt Apartments, Parkdale. The bride wore a pale mauve gown, with Venetian lace, gold and crystal trimmings. Her sister, Mrs. John Stewart, mingled with her in a becoming gown of old rose hue, or created a new one. Mrs. William Scripture assisted in the drawing-room, which was decorated with crimson tulips. The tea table

OVERCOME BY GAS Elizer Babcock and His Wife Found Unconscious in Their Room.

Elizer Babcock and his wife, Phoebe, were found in their room at 239 East King-street yesterday noon, with the gas pouring from an opened jet. A statement is made that the man was stretched on the floor and the woman in bed, both unconscious. They were taken to St. Michael's Hospital. The woman's condition was still serious late last night, but the man will probably recover.

MISS SPARROW'S RECITAL. Miss Kathleen Sparrow, who appears this evening in the new Foresters' Hall, 22 College-street, has made quite a success at church and other socials as a humorist and entertainer. She is particularly apt in dialect and German and French broken English, and in rendering habitant poems. Her program this evening will be entirely of a light character, but will give ample scope to her exceptional range of dialect. She will be assisted by Arthur Blight, violinist, Frank Blachford, violinist, and Mrs. Arthur Oliver, pianist, and Mrs. Blight, accompanist. Reserved seats will be on sale at Northwelters' until 5 o'clock this evening; at the one price, namely 50 cents.

DON'T BUY A PIG IN A POKE.

When you need a medicine buy something of known value. Nyala Family Remedies are known by each and every druggist that sells them. The druggist knows them as standard prescriptions put up by the New York & London Drug Co., one of the largest and most reputable firms of pharmacists in the world. Remedies compounded only from finest ingredients and from the latest and most approved formulae, all of which are known to the druggist.

There are no miraculous claims made for the remedies in bright dandelion-colored packages. No mystery about them at all. Ask your druggist what they contain and he will tell you. He will also tell you that a new era has dawned on the packaged medicine business in Canada, and that in place of "cure-alls" Nyala Remedies offer a scientific, approved remedy for every ailment.

are marketed on a clear-cut policy of a fair and just deal to you—honest value for the money and real merit. Your druggist knows this; that's why he recommends Nyala to you so often. And have you not noticed that the druggist who recommends Nyala is a pretty good man to deal with?

Greater Plans for Exhibition. New Buildings, Entrance at Dufferin St. and Pavements Will Cost More Than \$75,000.

With the program of the building operations to be started on the exhibition grounds in the spring, Dr. Orr yesterday morning, and showed plans of the new Dominion Government building, structure to be used as a combined office and ambulance station, and cost \$20,000. This latter building will cost \$20,000. It is intended, according to Dr. Orr, to construct a fine monumental entrance at Dufferin-st., at a cost of \$18,000. This is made necessary by the depression of the railroads. Pavement extensions will also be provided at the exhibition this year at a cost of \$18,000.

Dr. Orr stated that it was proposed to apply for legislation to control the whole of Dufferin-st. from the grounds up to King-st. This was necessary, he said, in order to supervise the location of refreshment booths. Regarding the conveying of the titles to the exhibition under its new name, he explained that the authorities merely wanted the old papers transferred.

The G. T. R. made an offer of \$80 a foot for the city's land known as the Russell property, on the east side of Queen-ave., north of Queen-st., which they propose to use for siding purposes. The railway intends to establish a freight yard which it estimates will cost \$100,000. They have already obtained options on other properties in the neighborhood for this purpose. The City Engineer East's recommendation that the street railway be ordered to construct a new line along Eastern-avenue, from Queen-st. westerly, was laid over by the board.

Potatoes From Ireland. Torontonians will now be able to eat real Irish "praties." It will come somewhat as a surprise to many that Ontario has to rely on the assistance of the Empire for its potato supply. This is, however, the case. Perhaps the first shipment of Irish potatoes ever received in Toronto, reached McFriede Bros., commission dealers, at Church-st., this week. The shipment was 1500 sacks, and old country sacks at that of about 170 pounds. The potatoes are of excellent quality and are being sold at \$1.80 a bag, or a party with the Ontario product. Another shipment of a similar amount is expected by the same firm in a few days. Thanks to Ireland, Toronto now promises to be saved from a potato famine.

Tackling Typhoid in Brantford. BRANTFORD, Feb. 16.—(Special)—Brantford's health league will inaugurate a campaign against typhoid fever, and the city council is urged as one step to start a bi-weekly collection of garbage.

NEW YORK, Feb. 16.—(Can. Press)—Charles Hazen Hyde, a native of Toronto, N. S., the former city chamberlain, to-day lost his appeal to the appellate division of the supreme court for a change of venue. Therefore he must go to trial in New York County on the charge of bribery, growing out of the deposit of city money in the Carnegie Trust Co. and the Northern Bank.

Hyde was to have been tried about two months ago before Justice Davis. He asked for change of venue, and the court that the public mind in this country had been prejudiced against him and that he could not receive a fair trial here. The application was refused and Hyde took an appeal.

The decision of the appellate division in this case is not appealable.

A MODERN MEDICINE FOR THE BABY. What mother cannot remember the time of her childhood when the castor oil bottle was brought into the room, the dread with which she looked forward to a dose of it—the sight she put up when forced to take it. Surely all mothers will be glad to spare their little ones this discomfort—the dread, the smell, the taste, the griping, the ill effects and given in its place a modern remedy—a remedy pleasant to take, mild, though thorough in action, absolutely harmless and something the little one won't dread. That medicine is Baby's Own Tablets—the only remedy used by thousands of mothers of little ones—the medicine that has forced castor oil and "soothing" syrup out of the home, and has taken the place of bringing health to baby and joy to the parents. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams Medicine Co., Brockville, Ont.

About the Spring Suit for Young Men

Styles That Bear Out the Advice From Style Centres Regarding the Slim Effect

We display Monday a few of the early and new arrivals in young men's suits for Spring. They are built along modified English lines, the outstanding features showing a decided trend to the slim effect that is to be the correct mode for Spring 1912.

There is one in fawn shade, with narrow brown stripes 1 1/2 inches apart, with a self-stripe between, the fabric being in Spring weight. It is made single-breasted, with coat fairly long and has the approved modulating curve at the waist line, which, together with natural shoulders and peaked lapels, give the effect desired.

Another line shown Monday in same style is in smooth fancy stripe worsteds in new shades of brown and stone grey, finished with lustre linings and trimmings to match.

Youths' Suits in Navy Serge

A navy blue serge suit perfectly fast in color, made in single and double-breasted, three-button sack styles and beautifully tailored and finished; sizes 31 to 35 chest.

Dainty Art Books, at Each 10c

An English line that appeals strongly to students and collectors. Each volume contains sixty beautifully printed reproductions of the greatest masters, and is intended to give a general idea of the style and characteristics of the most famous painters in the world.

Fancy Feather Mounts

Promise to be a strong factor for millinery trimming the coming season and our importations just being opened disclose many striking and effective mounts. The effect of the Durbar at Delhi is shown, and many of the mounts are characteristic in color of India.

Very small, chic, little wings, and fancy effects are shown, also long, slender flowing mounts, and prices range from 25c to 6.00

The Spring Hat for Men

Another new spring block in Debries for young men which has just reached us from New York is one portraying artistic lines that are particularly pleasing to the eye as well as becoming to the wearer.

A splendid assortment of new patterns in light and dark tweeds and worsted cloths and made in the golf shapes, lined with silk, some with taped seams.

Men's Neglige Shirts, spring patterns, in the leading shades, and stripe effects, and in appearance equal to better lines.

Men's Four-in-hand Neckties, our own make, and odds and ends of high-class silk and mercerized goods, in leading colors, including blue, red, green, grey, brown and many new shades, in bias stripes, block, floral and conventional effects, a very large selection.

SATURDAY MORNING, FEB. 17, 1912

HOW THE COUNCIL THREW THE PEOPLE DOWN.

We showed our paper yesterday how the great bulk of the citizens of Toronto are forced to live in the congested area of the city where the franchise of the Toronto Railway obtains, and that they are kept from getting out into the suburbs by the action of the property owners and the Toronto Railway, who are immensely benefited by maintaining the congested area.

But now we want to be specific in our charge and to show how scurvy the treatment was that was given to the great bulk of the people of Toronto by the mayor and council.

We showed that there are 35,000 tenants who pay taxes in Toronto as against 30,000 who are owners; that these taxpayers or tenants have only one voice in the city's affairs and that in the selection of mayor and aldermen. They have no votes on bylaws; their only representatives are the members of the council, and the mayor, and their only voice for justice is thru these men, who are their representatives.

But mark what happened! The moment these people asked for tubes and for the expansion of the city, their "representatives" turned "the people" whom they represented over to the tender mercies of the property owners, who alone had votes in connection with bylaws, either in the matter of tubes, the Bloor-street viaduct or the annexation of North Toronto. We do not know of a more contemptible betrayal by the council. It is true that the question of tubes and the question of the viaduct had to go to the property owners, but why was there not one generous, truly liberal member in the council who was ready to see the situation and who was ready to ask that the tenants and taxpayers who were not property owners, be given a voice on matters like tubes and viaducts. As a matter of fact, they pay nearly all the taxes of the city, and they are the ones who suffer from congestion, and they are absolutely refused a voice; and where they have a voice thru their representatives, these representatives by some underhand influence deserted their constituents and played the part of those who want a congested city and a congested street car service.

We ask Mayor Geary: Is he the people's friend, or is he not? and why did he put up the question of annexation and the expansion of the city to the very men who were most interested in defeating it? Or has the mayor now got courage—and we hope his courage and breadth of view—to take up a big and broad scheme for the expansion of the city so as to give the public a chance to get cheaper land, a chance to get out into the suburbs and to get a single fare there. There are a lot of ways of meeting their wishes, and one is by voting for a single street-car fare and for a Greater Toronto. Is he going to do it? If he will, we will give him the best support, but first we give him a chance to stand up and explain.

THE WRONG MAN.

Day after day The Telegram belabors Sir Alan Aylesworth on the supposition that he was minister of justice in 1904 when the amended contract was made which has resulted in the government being called upon to pay \$10,000,000 to the Grand Trunk Pacific Railway Company. Of course Sir Alan was not in the house of commons or in the government at that time. He became minister of justice in 1905, succeeding Sir Charles Fitzpatrick, the present chief justice of Canada.

Someone was certainly to blame for the bungles and it may have been the gentleman who was then minister of justice. Certainly Sir Alan Aylesworth had nothing on earth to do with it. The Telegram in its editorial pages might at last try to be accurate.

POLITICS IN THE CIVIL SERVICE.

Some Conservatives who were officeholders during the late Liberal administration suffered hardship and grievance; some of them are certainly entitled to promotions that were denied them, and to the same treatment that was accorded to their more fortunate Liberal associates. That is one thing; but for any of these men to be active now in having Liberal civil servants removed or degraded is not good policy on their part. The Liberal party as a party is making quite a row over the demerits that have been taken place and are threatening all kinds of vengeance and retribution when the next change takes place; and political changes happen in the most uncertain ways and when least expected; and therefore it would be wise for those in office to keep clear of all intrigue. Once you go into the civil service drop your politics; continue your agitation for changes that are based on legitimate promotion.

Ullster will fight when Ullster gets tight. Mr. Darrin's big rock has been hit, but it is not the size of a sparrow. How do the opposition leaders feel?

commended to our watchful care and notice. Donations may be sent to Mr. W. F. Hamilton, K.C., the hon. treasurer of the "Friends of the Poor," at 40 Bloor-street, London, E.W., England, or further particulars may be obtained from the undersigned. It gives me much pleasure to add that we have already enrolled some papers from the dominions, and in a letter that I received this morning enclosing \$2, the writer says: "The sender from far off New Zealand wishes to convey her sincere sympathy and admiration." Side by side with this I find a letter from a poor woman with an invalid husband, who says: "If it had not been for your help we should have had to go to the workhouse, and I feel that it would have been the death of her; cannot help the feeling of dread and shame the thought of it produces." A. R. Collin, Hon. Sec.

RECORD SALE OF ORIENTAL RUGS.

Commencing on Tuesday, Feb. 20, the public of Toronto will be offered what is unquestionably the most extensive and important sale of Oriental rugs. It has been made necessary thru the dissolution of the firm of Courian, Babayan & Co., who have for the last fifteen years been the largest, almost the exclusive, importers of the highest class products of the finest Persian and other eastern weavers. The concern was divided, Mr. Babayan taking over the wholesale end of the business, and Mr. Courian becoming operative to liquidate all the stock assets. These, comprising every variety of Oriental rugs, to the number of 2000 separate pieces, will be offered in public competition, absolutely without reserve, under the conduct of Messrs. C. M. Henderson & Co., the well-known city auctioneers.

While it is impossible to enumerate all classes of these rugs, attention may be drawn to the most prominent, valued at \$15,000, made specially to the order of the great-grandfather of the present Shah of Persia for his Throne Room. Woven entirely of finest Persian silk, it is a marvelous work of art in its delicate and harmonious color scheme, and is surrounded by a magnificent centre-piece, brought into being by its rich rug ground. It is interesting to note that these rugs, these special rugs, which occupied almost the lifetime of the greatest Persian weavers to manufacture, was sold for \$25,000 to Mr. P. Moran. The rug now offered will be sold absolutely to the highest bidder.

Mr. Darrin's big rock has been hit, but it is not the size of a sparrow. How do the opposition leaders feel? Probably nothing more fully exemplifies the changed feeling in England on the relation of the sexes than the adoption of a revision of the marriage service by which the word "obey" is to be omitted in future. When marital relations are based on a compulsory obedience the domestic foundations are far from being well and truly laid.

REV. DYSON HAGUE TO-MORROW.

As will be seen by announcement elsewhere the new vicar of the Church of the Epiphany, Parkdale, Rev. Dyson Hague, will preach his first sermon in the church to-morrow morning and evening. Canon Hague has long been recognized as one of the great outstanding preachers of the Anglican Church, with an influence extending far beyond the borders of his own communion. He has also been most successful in his parish work, especially with men, and has been a most successful evangelist, as evidenced by the highly successful work accomplished by him while rector of St. Paul's Church, Brockville, St. Paul's Church, Hamilton, and lately of the Bishop Cronin Memorial Church, London, Ont. He is lecturer on liturgies in Wycliffe College, and has written many books on church history and kindred subjects. His coming to the Church of the Epiphany is a great addition to the pulpit power of the church of Toronto, but as a very decided acquisition to the religious life and thought of the city as a whole.

Doctors Condemn Oily Liniments.

Public Are Warned Against Strong-Smelling, Oily Liniments Containing Harmful Acids and Ammonia. Many people have clung to the old-fashioned idea that a thick, greasy liniment is the best remedy for any ailment, and they have used them with the most disastrous results. Recently a number of these white, greasy liniments were analyzed, and they were found to contain an enormous percentage of harmful acids, and such irritating chemicals as ammoniac, turpentine, and benzene, which cause a warm sensation when first applied, but their continued use never cures rheumatism, and only deteriorates the skin, sets up inflammation, and causes endless trouble. When a doctor warns you to quit using white, oily liniments, do so. He knows that a thick liniment cannot penetrate, cannot sink through the pores and reach the seat of the pain. When a doctor's opinion a few days ago, an important physician stated that he considered a strong, penetrating, penetrating liniment, such as "Nervine," to be superior to any of the white ammonia liniments. In his twenty-five years of practice he had responded to ordinary treatment—but when he used "Nervine," the same physician cured them. The same physician also spoke of the great advantages of keeping a preparation like "Nervine" in the house, because of cramps, diarrhoea, stomach disorders, neuralgia, rheumatism, and other minor ailments. "Nervine" is a first-class cure. There is scarcely an ache or pain, internal or external, that "Nervine" will not cure. In thousands of homes no other pain-relieving medicine is used. Fifty years' continued success and the endorsement of the profession are proof that "Nervine" is the liniment for the home.

THE FRIENDS OF THE POOR.

The Helping Hand. Editor World: We in England are now in the depth of the dark, dreary days of winter, and I venture to send this letter over the seas to ask all your readers who remember the grim struggle for existence that goes on ceaselessly in the slums of the mother land, to join our ranks to-day, and become a "friend of the poor" at home. Our president is H. H. Princess Marie Louise of Schleswig-Holstein, and our care are entrusted many of the most sad and distressing cases of poverty that come to light in the metropolis. Unfortunately, there are many other deserving families who still remain to be helped—half-starved men, women and children, who are overworked and whose little ones—who have fallen and may never struggle to their feet again, unless we assist them over this hard and cruel time of sickness of work and dear food. We on this side are doing our hands and we think to-day that if our hands were only stretched by help from the distant portions of the empire, we could extend our work of relief to a far greater number of families in London—to write to them, to put them into touch with deserving families who have nobody to help them, all around them looks black and threatening, but who have been recom-

ALL MONEY LENDERS MUST BE REGISTERED

Hon. J. J. Foy Introduced a Bill in Legislature Which Stipulates That Penalties Will Be Imposed on Men and Corporations Who Loan Money Without a License—Health and Houses of Refuge Act Criticized.

Hon. W. J. Hanna bore the brunt of all the discussion in the legislature yesterday. Hon. A. G. MacKay objected to a clause in the House of Refuge Act in which the punishment of inmates was left to the officials of the institution. Under the act, which was framed up by a committee of judges, the lieutenant-governor-in-council was never mentioned as having any authority in the matter. Sir James Whitney expressed surprise that such a regulation should prevail in a British country. He said the lieutenant-governor-in-council undoubtedly should be held responsible on all matters of this kind.

Mr. Hanna also had to account for a clause in the Health Act whereby compulsory vaccination for smallpox was enforced. He recommended that the matter be left to the chief medical officer of the health department. Hon. A. G. MacKay contended that in cases where the act is a responsible man, the rule would hold good, but in other cases where suspicion of a disease being smallpox had brought about a scare in the neighborhood, he did not think it justifiable that the whole community should be subjected to compulsory vaccination, or the alternative of a fine of \$25. He recommended that the matter be left to the chief medical officer.

Mr. Hanna said the present law was being enforced, and it would be better to take one step at a time.

Railways Must Pay.

Hon. W. H. Hearst introduced a bill to amend the Algonquin National Park Act. It provides that during the construction and after the completion of any railway passing thru the Algonquin National Park, the minister may appoint as many rangers, officers or guardians as he may see fit, for the protection of the fish, animals and birds, and of any other property interest of the crown or the public therein. The expense and salaries in connection with the new system of protection must be paid by the railway. The money is to be a debt to the crown from the railway company, and is recoverable in any court of competent jurisdiction.

Money Lenders Law.

Hon. Mr. Foy introduced a bill respecting money lenders. It provides that where, in respect of money lent, the court finds that the cost of the loan is excessive, the court may order that the transaction be reopened, and notwithstanding any settlement or agreement to settle, may relieve the debtor from payment of any sum in excess of that adjudged as fair. The court may also order that the creditor to repay any such excess, and may set aside, either wholly or in part, any security given in respect to the money lent. The bill also provides that the powers may be exercised in any action for the recovery of money lent and action by the debtor or an action in which the amount due is in question. The act is not retroactive.

Paralysis Yields to Dr. Williams' Pink Pills

MANY FORMS OF THIS DREAD DISEASE ARE CURED BY THIS REMEDY.

Mrs. Ritchie, of Galt, Ont., Says She Believes it Saved Her Life—Doctors Said She Had Not Long to Live When She Began This Treatment—Read Her Grateful Statement.

Scarcely a day passes but fresh proof is offered for the benefit of suffering humanity. Writing again under the date of Aug. 16, 1911, Mrs. Ritchie says: "As to my general health I can say that I have not felt so well in years. My stomach is in the best of condition and I can eat things I have not eaten for years. I can walk quite well, but use my cane when I go out, as I have not quite confidence in myself yet. But if you had seen me when I started to take Dr. Williams' Pink Pills, you would realize what a miracle they have worked in my case. All that I have stated is absolutely true, and I may add that the pills have cured my husband of kidney trouble that other medicines seemed to have no effect upon, for which we are both thankful."

SLUMS MUST GO SAVES FAVOR BEARY

Toronto Has Wakened to Its Responsibility and Intolerable Conditions Will Not Be Allowed—Children's Aid Society Holds Annual Meeting.

"The slums must go, Toronto has awakened to its responsibility in regard to filthy, unsanitary conditions. It is our aim to obliterate all quarters that would detract from the development of a state of affairs on a par with some American cities." Speaking at the annual meeting of the Children's Aid Society, Mayor Geary voiced the above statement. Slums, he said, were decidedly detrimental to the health of the city, and if they were not saved by prevention, in the future they would be a source of destruction, he said the city's grant was well expended.

BRITAIN'S BIRTH RATE DECLINES

LONDON, Feb. 16.—The quarterly return of births which is just published states that the birth rate registered in England and Wales for the fourth quarter of 1911 numbered 266,268. The birth rate is the lowest recorded for any fourth quarter since the establishment of civil registration.

BETTER THAN SPANKING.

Spanking does not cure children of bad habits. There is a constitutional cause for this trouble. Mrs. M. Summers, Box W. 65, Windsor, Ont., will send free to any mother her successful home treatment, with full instructions. Send no money, but write her to-day if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

You No Doubt Appreciate Up-to-Date Train Service.

Particular attention is called to the Canadian Pacific North Toronto-Ottawa-Montreal service. Leave North Toronto 9 p.m. daily. West Toronto 9:30 p.m., arrive North Toronto 9:40 p.m., leave North Toronto 10 p.m. (the twenty minute wait at North Toronto enables passengers to become comfortably settled before departure of train), arrive Ottawa 5:50 a.m., and Montreal 7 a.m. This is the only train out of Toronto operating the celebrated "Compartment Cars"; in addition to this modern coaches and electric lighted dining cars are carried. Passengers may occupy sleepers until 8 a.m. Trains from Toronto (Union Station) for Ottawa leave at 9:30 a.m. and 10:30 p.m. daily. See that your ticket reads via C. P. R. the next time you go to Montreal. Secure tickets at C. P. R. Ticket Offices, City Office, 16 East King-st. 65

THE TEMPERANCE CONVENTION BY DR. QUILL

Mr. Temperance Ontario has been on his feet for a few days at Massey Hall. Cold water beverages have made him a cool man and very slow to wrath. Long patience and much sorrow have fixed a look of determination upon his face. He is a big fellow, too, who hardly knows his strength. And as total abstinence tends to long life, he is likely to live for a few generations.

THE TEMPERANCE CONVENTION BY DR. QUILL

Mr. Temperance Ontario has been on his feet for a few days at Massey Hall. Cold water beverages have made him a cool man and very slow to wrath. Long patience and much sorrow have fixed a look of determination upon his face. He is a big fellow, too, who hardly knows his strength. And as total abstinence tends to long life, he is likely to live for a few generations.

WOMAN'S WORLD AND WORK

grow larger with increasing freedom from household drudgery. Food sense and food knowledge have taken her out of the kitchen into the larger realms of home-making. When cooks fail and servants fail there is

Tried Everything Without Relief

Until I Took "Fruit-a-Tives"

SARNIA, Ont., Feb. 5, 1910.
"I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the Stomach. I tried many remedies and many doctors, but derived no benefit whatever.
"Finally, I read an advertisement of 'Fruit-a-Tives.' I decided to give 'Fruit-a-Tives' a trial and found they did exactly what was claimed for them. I have now taken 'Fruit-a-Tives' for some months and find that they are the only remedy that does me good.
"I have recommended 'Fruit-a-Tives' to a great many of my friends and I cannot praise these fruit tablets too highly."
PAUL J. JONES.

"Fruit-a-Tives" is the only natural cure for Constipation and Stomach Trouble, because it is the only medicine in the world that is made of fruit juices and valuable tonics. Hundreds of people have been cured, as if by a miracle, by taking "Fruit-a-Tives," the famous fruit medicine.
50c a box, 6 for \$2.50, trial size, 25c. At dealers, or sent on receipt of price by Fruit-a-Tives, Limited, Ottawa.

London Market in Sluggish Mood

LONDON, Feb. 16.—Money and discount rates were firm to-day. The stock market was irregular. Gift-edged securities eased off on realizing, and some rails were overshadowed by the coal trade dispute.
Foreign shares were firm, especially Chinese, and Copper stocks were strong on favorable statistics. Mexican rails closed weak.
American securities opened steady and a fraction higher, but support was lacking and prices reacted on light realizing sales during the forenoon. During the rest of the session the market moved sluggishly and generally downward and closed dull.

Winnipeg Grain Market.
WINNIPEG, Feb. 15.—Wheat options were quiet, and prices opened on a lower level. The tone was nervous and prices advanced, new May falling to over yesterday's close, but it was not maintained, and declined. The cash market for all months. The cash demand was slow, and no new export contracts were reported. Cash and fax were quiet, with prices keeping steady.
Receipts are much lighter, as compared with the last few days, only 190 cars being in sight for inspection.

THE AUTO SHOW.
Motorists have waited long for an adequate self-starting device that will eliminate the trouble of getting out to crank a car after every stop. They are just coming into use and are among the innovations in the industry, which will be seen at the Toronto Auto Show opening next Wednesday evening. The introduction is the principal feature in motorism for 1912 and auto enthusiasts will be able to study all varieties of the device at the armories for the week of the big auto show.

The Nervous Invalid

Far Greater Sufferer Than Man With Broken Leg

Both Mind and Body Are Restored by the Use of

Dr. Chase's Nerve Food

There is no suffering so keen as that which arises from diseases of the brain and nerves.
Physical pain is intermittent and can be relieved, but when the nerve cells become feeble and wasted, mind as well as body is affected, and all is blackness and discouragement to the sufferer.
The brain is starved for lack of rich blood, and there are headaches, and neuralgic pains, sleeplessness, irritability, indigestion and loss of energy and vigor are among the symptoms.
The man with a broken leg has the sympathy of all who know him, but the man who is broken in mind as well as body by nervous exhaustion is told that he only thinks he is sick.
Since the cause is in the condition of the nervous system, it can be removed by the use of Dr. Chase's Nerve Food, which goes directly to the formation of rich blood and the restoration of the feeble, wasted nerve cells.
Rest, seek cheerful companions, live in the sunshine and by using Dr. Chase's Nerve Food fill the nervous system with new vigor and energy. A few weeks of this treatment will do wonders for any sufferer from an exhausted condition of the nerves.
Dr. Chase's Nerve Food, 50c a box, for \$2.50, at all dealers or Edmondson, Bates & Co., Limited, Toronto.

GROWERS WANT HIGHER DUTIES ON PEACHES

But Hon. Mr. Burrell Points to Tariff Commission—Box and Barrel Standards.

OTTAWA, Feb. 16.—(Can. Press).—With the passing of a number of important resolutions of concern to those engaged in fruit growing industry throughout the country, the third Dominion conference of fruit growers, came to an end this afternoon.

The chief resolutions passed were substantially as follows:
That a board of three fruit dealers in each province be formed as a committee to advise in the appointment of inspectors.

That \$10,000 be voted by the government as a grant to the next national apple show, provided that the promoters of that show are willing to offer \$20,000.

That the government be requested to raise the tariff on peaches.

That an apple box with a capacity of 2200 cubic inches be made the legal standard throughout Canada, to come into effect within two years.

That the question of most suitable shapes for fruit packages be left over to the next conference, with the understanding that in the meantime an investigation shall be made, preferably by the government.

That certificates be given by fruit inspectors on the payment of a reasonable fee.

That the government be urged to inspect as much as possible at the point of shipment and that the government have daily market prices cabled from agents in Europe during the shipping seasons and published in the daily papers throughout Canada.

Apple Barrel Standard.

Two standards for the apple barrel were adopted by the conference. One is the ninety-six quart size common in Nova Scotia, and the other the 112 quart size common in Ontario and most other parts of the country.

Speaking in connection with the resolution asking a boost in the tariff on peaches, Hon. Martin Burrell, minister of agriculture, said the government had appointed a tariff commission for the express purpose of investigating conditions pertaining to the tariff. He did not think tariff revision would be taken up piecemeal, the report of the committee on condition as a whole had been presented.

Spain to Collect Customs in Morocco

Spain Objected to France Doing So—Commission Composed of Six Experts.

MADRID, Feb. 16.—(Can. Press).—A most important step in advance has been taken in the negotiations between Spain and France on the subject of Morocco. The Spanish Government to-day accepted the British proposition in regard to the collection of customs, the proceeds of which are to be applied to the liquidation of the Moroccan loans from 1904-1910.

Spain had entered a decided objection to the collection of the customs by the French agents and the representatives of the holders of the loans.

The British proposal provides for the appointment of a Franco-Spanish commission composed of six experts, and this body is to be empowered to settle all questions relative to the Moroccan customs.

The only remaining question of importance between France and Spain with regard to Morocco is that of the territorial compensations which are to be made to Spain.

HEBERT DECISION MONDAY.

MONTREAL, Feb. 16.—After court closed last evening Judge Charbonneau announced that he would be ready to give the Hebert marriage decision on Saturday morning. Mr. G. V. Cousins, chief counsel for Mrs. Hebert, found, however, that he would be obliged to be out of town on Saturday, and persuaded the judge to postpone the delivery of his judgment till Monday morning at 10.30 o'clock.

Six Roman Catholics Interdicted.

PORTLAND, Me., Feb. 16.—The action of Bishop Louis S. Walsh in interdicting six members of the Portland diocese last spring has been confirmed by Pope Plus, according to an unconfirmed report furnished by the friends of the interdicted men to-day. Bishop Walsh was out of the city. It was stated that the papal decree would be announced in all the Catholic churches of Maine on Sunday. The men had appealed to the Pope to reverse the action taken by Bishop Walsh.

The interdict followed the action of the men, five of whom live in Biddeford and one in Lewiston, in urging legislation to dissolve the corporation sale which gives the bishop control over all the property of the diocese.

Pauer May Go to Berlin.

BERLIN, Feb. 16.—(Can. Press).—It is officially announced to-day that the name of Emil Pauer, conductor of the Pittsburgh Orchestra, is under consideration for the succession to Dr. Karl Muck as director of the Royal Opera here. Dr. Karl Muck will return to Boston this year to conduct the Symphony Orchestra.

FREE PANTS TO-DAY
SPRING Opening

To Introduce Our Big

TO-DAY the Scotland Woolen Mills Company has its big "Spring Opening." To make the event more noticeable we have decided to give with every Suit or Overcoat a pair of Pants absolutely FREE. These may be selected from any goods in the house—absolutely your choice—and thousands of imported cloths from which to choose.

You may select the trousers from any material in the house. If you would desire them made from the same cloth as your suit you may have them that way. If you want something different the whole stock is at your service.

This is for one day only. We want you to visit our store, and to bring you here we are making this remarkable offer: a Pair of Pants Free with every Suit or Overcoat, at one price—FIFTEEN DOLLARS—NO MORE, NO LESS.

Your Absolute Choice of Any Cloth in the House, Made-to-Order Suit or Overcoat and an EXTRA Pair of Trousers

\$15

NO MORE--NO LESS

Other tailoring houses have been holding "free pant sales" with splendid regularity, but we have indulged in only two each year, and have always waited until we have something real good to offer. This is the best chance you will ever have. The cloth you get in this sale was specially selected at the Mills, and is guaranteed all wool and the very latest of patterns.

Giving you the best that we can turn out in fine wool fabrics at the mills, and putting behind your order the best talent we can buy in the making of clothes, assures you that you're getting more than "MONEY'S WORTH" when you leave your order with us.

The whole object of the sale is to introduce the LARGEST AND BEST SHIPMENT OF REAL SCOTCH CLOTH EVER BROUGHT INTO CANADA. To make this visit worth your while we are giving away with every suit or overcoat a pair of trousers made to your order and absolutely worth, beyond our doors, Five to Six Dollars.

We have just received an enormous shipment of Spring Designs—arrived Friday from Scotland—which will be on show To-day. We solicit your Spring Order now, before the real busy season begins. Come To-day and see the New Styles. BUY NOW—THIS IS AN OFFER THAT MAY NEVER COME AGAIN.

The Trousers we are Giving Away Would Cost You Beyond Our Doors from Five to Six Dollars

A Pair of Trousers Given Away FREE with Every Suit or Overcoat Fifteen Dollars, No More, No Less

WARNING TO THE PUBLIC—We do not want you to confuse the Scotland Woolen Mills Company with any other firm conducting a tailoring business in Canada or the United States. We have only one Branch in Toronto, 139 Yonge Street, and one Branch in each of the following cities: Detroit, Cleveland, Hamilton, Winnipeg, London, Calgary, Edmonton, Regina, Saskatoon. We absolutely deal direct with the Mills in the Old Country, and the goods go direct to you after passing through the workshops of the company. Remember that the Scotland Woolen Mills Company introduced the Fifteen-Dollar-Made-to-Order-Mill-to-Man Suit. We have naturally some would-be imitators, but no competitors. Remember the address, 139 YONGE STREET, TORONTO.

RESULTS TALK

The following is the report to the Welland Board of Trade of its Manufacturing Committee for the year 1911, just ended:

To the Officers and Members of the Welland Board of Trade, Welland, Ont.:

Gentlemen—Your Manufacturers' Committee respectfully reports as follows for the year 1911:

Four new manufacturing firms have located here during the year just closed and include the Canadian Automobile Tires Manufacturing Co., Royal Ice Cream Co., J. Good, White & Son, and the Imperial Manufacturing Co.

The following named concerns have enlarged their plants during the year and made extensive improvements to the same:

Page Hersey Iron Tube and Lead Company, Ltd.
Quality Beds, Limited.
Canada Forge Co., Limited.
Dain Manufacturing Co.
Electra Metal, Limited.
Canadian Steel Foundries, Limited.
Welland Machine and Foundry, Limited.
Plymouth Cordage Company.

Your committee are at present negotiating with several large and important corporations and firms who desire to locate here in the near future. The names of the industries we are not at the present time authorized to make public, but we hope to do so in the near future and being the negotiators of a satisfactory conclusion.

Respectfully submitted,
Chairman.

No other town or city in the Dominion of Canada can show such a record of industrial growth during the past year. Nearly every foot of real estate in and adjoining the town is dotted in value during this time. Because we know the above facts to be true, and because we believe that all the indications point to Welland as being the greatest manufacturing city in Canada, we unhesitatingly recommend as the very best real estate investment on the market to-day a few choice lots in **WELLAND NORTH**, adjoining the manufacturing section of this town.

We will be pleased to send our beautifully illustrated descriptive circular of the town situated in your office free of charge to any one who will send their name, address and telephone number to us.

Bear Interests Still Active And Mining Market Wavers

Porcupine Issues Show Slightly Easier Trend—Trading Falls Off To Certain Extent—Cobalts Featureless.

World Office, Friday Evening, Feb. 16. Sentiment in respect to the Porcupine stocks is still of a somewhat wavering character, as is plainly evidenced in the mining market at the recurring intervals, when the bearish coteries attempt to put out stock. This was apparent for a time in today's session, a slight shake-out of holdings carrying prices for some of the active stocks below their previous records. Hollinger was the prominent leader of the active list, other issues following pretty closely the action of the big security.

It is accepted on the street that much of the buying in Hollinger of late has represented short covering. In the physical report on the property, bear interests find ground for adverse argument against the stock, and for some little time the "street" was flooded with rumors derogatory to the company. It is highly probable that these were used to put out stock, and it is the endeavor to cash in on profits made on the short side, which is lifting the price at this time. The stock early today sold up to \$11.62 1/2, a gain of 12 1/2c over yesterday's high, but sagged later when selling orders swamped the market. At the close traders were bidding \$11.55 for the shares. Northern Ontario Exploration continued its advance, moving up to \$4.25, a net gain of ten points for the day.

Trading Turns Dull. There was nothing particular doing in the general list, public trading in the main showing some falling off from its recent level. Vipond and Dome Extension were in good demand most of the day, and the former stock at one period sold above 45. The share of the latter, however, at the close was 42 1/2, a full point below yesterday's. Dome Extension sold between 42 1/2 and 44, and closed bid at the latter figure. Swastika was fractionally easier, the market on the whole showing rather an apathetic undertone, and some indications of vulnerability to bearish operations. In the Cobalt group, Hollinger, which has been in effect for some days now, the sustaining or speculative demand to come into effect the list would in all probability show decided vivacity, and a more favorable price trend.

LARDER LAKE ORES SHOW GOOD VALUES

The Larder Lake district is not attracting much attention at the present time, the public interest in the Porcupine camp being continued, and other promising gold-mining fields in Northern Ontario are almost suffering from neglect. Nevertheless, such news as is filtering from the Larder Lake properties around Larder Lake partakes of so favorable an aspect, that it would seem that the time widely heralded camp will yet make a name for itself in the history of gold mining in this province.

The world was shown last night the assay returns on four ore specimens from one of the Larder Lake properties. The assays were made by W. L. Turner of the provincial assay office and the values were as follows: No. 1, \$12.20; No. 2, \$8; No. 3, \$8, and No. 4, \$52 in gold per ton. The ore from which these assays were made came from a 20-foot shaft sunk on a lode outcropping for 500 feet. Large blocks of the ore, heavily mineralized with yellow, fine yellow and white pyrites and gold are on exhibition at No. 21 West Queen-street, room 2, where parties interested in Larder Lake possibilities may inspect them.

Crown Reserve Declared. The Crown Reserve declared regular monthly dividend of 5 per cent, payable March 15.

TEMISKAMING SHAREHOLDERS

I intend to be present at the annual meeting called for February 24th. If you cannot attend, please mail your proxy to me, and I will vote as you direct, or if left to my judgment, will vote in favor of a board of directors that will, in my opinion, act in the best interests of all shareholders.

J. L. MITCHELL, McKINNON BUILDING, TORONTO

VIPOND MILL WILL BE READY APRIL

Capacity 150 Tons Per Day—Not a Stamp Mill—Shaft Nears 300 Foot Level.

Porcupine, Feb. 15.—(From Our Man Up North.)—Millwright Scanlon, who devised the plans for the Hollinger mill, has completed the plans for the Vipond new crushing plant, and Supt. Foster states that the work of building will go forth rapidly now.

The Vipond mill deviates in character from that of the McIntyre, Dome and Hollinger, where stamps are used for the crushing of the ore. Heavy crushers, cylindrical cone ball grinders, and pebble grinders, are to be used at the Vipond. Classifiers are used to bring the coarse ground rock back to the pebble grinders, where it will be ground and returned to a 120-mesh. When worked up into a very fine slime the solution is then taken over the plates.

The mill will be unique in that it is new to the Porcupine camp. But in operation, it is claimed it is superior to a regular stamp mill, as all the heavy machinery lies in the basement of the building, which obviates the necessity of building with heavy beams and posts to offset the weight. There is little to elevate except where the grinding is not fine enough to meet the requirements of a 120-mesh.

Cutting Out Delays. The base of the mill is 40x110 feet with the cyanide plant added. The crusher lies at the end of the building directly opposite the cyanide plant. With the ore going in over the crushers there is no stop till the cyanide plant is in operation, except where the underground is classified and elevated to the pebble grinders. The capacity will be 150 tons a day.

The plant is to be located in the rock depression to the south of the power plant, and within 50 feet of the shaft. Aerial tramway from the shaft to the crushers will afford a quick means of transporting ore from the mine to the mill.

Very little rock cutting for foundation is to be done. And but a trifle of cement work is needed in the construction of the entire mill. Because of these facts, Supt. Foster says that the mill should be ready for work on or about April 1st.

Another Cobalt Co. Is Up Against It

Cobalt Silver Mines Would Mend Finances by Issue of Bonds.

If the plans are approved by the creditors, a plan for the reorganization of the Cobalt Silver Mines company will be submitted to the stockholders of that company. The Cobalt Silver Mines company went into bankruptcy in December of last year and the features of the reorganization proposed are the acceptance by the creditors of the company of a new issue of bonds in satisfaction of the claims and the taking by the stockholders of the remainder of the bonds. The issue proposed is for \$200,000 and of this amount a little less than \$100,000 would be taken by the creditors, leaving the balance to be apportioned amongst the stockholders.

MAIN SHAFT AT REA NEARS 400 FOOT LEVEL

Management Anxiously Awaits Results of Tests at That Depth—Will Values Increase?

Porcupine, Feb. 15.—(From Our Man Up North.)—Preparing reports which are to go before the board of directors at their March meeting, Supt. Bergstrom is making every effort to prove up the vein, on which all the work is now centered, as rapidly as possible. Capt. Heikimer left for Toronto Saturday to join former Supt. Kingsmill.

In response to queries relative to mine conditions, Supt. Bergstrom at this time merely quotes his statements to the board on Dec. 20. At the 200 foot level the vein is 40 inches wide, carrying good values. At the 300 foot level, the vein widened to 32 feet in clear quartz with a material lessening of values. The vein is spreading of the values to the greater area. The 400 foot level will be reached within 10 days. A station will be cut and crosscut run into the vein as was done at the 200 and the 300 foot levels.

JAMES F. GALLAGHER & COMPANY

Present the First Offering of the Stock of PORCUPINE-FORTUNA GOLD MINES, Ltd.

Capital Stock \$2,000,000, divided into 2,000,000 Shares. Par Value \$1.00 per Share. Treasury Shares 1,000,000 Shares. All Shares Common Shares, fully paid and non-assessable. The Company has no Bonds, Preferred Shares or indebtedness of any kind.

The company owns 3 groups in all, 8 mining claims, 310 acres, in the Porcupine Mining District of Ontario, described as follows: The Reany Mining Claim in Tisdale, being the southwest quarter of the south half of Lot Number Two, Concession One, Tisdale; the Mapes Claim in Deloro T. R. P. 814 (called H. R. 926), and six claims in Shaw Township, called the James claims, being officially known as Claims Nos 13884, 13885, 13886, 13887, 13888 and 13889.

GROUP NO. 1. The well-known Reany lies east of the Martin and Dome. The famous Dunn and Steel properties adjoin the Reany on the east and the Rose-Van Couter claims, owned by one of the largest mining, engineering and brokerage houses of London (owners of Town & Mine at Porcupine), join the Reany on the west side. The Dunn and Steel vein runs into the Reany and has been exposed by stripping for a distance of 400 feet on the Reany. This vein has an average width of 20 feet and is heavily mineralized. (See Engineer's Report).

GROUP NO. 2. The Mapes claim in Deloro lies two claims south of Tisdale on the south of the Powell claim. On the east of the Mapes are the now famous Dobbie, Maidens and McDonald properties. The Boston Development Company on the west have made their spectacular strike on this same vein, which is traced through the Mapes property from the Dobbie. The Schumacher property lies northwest. The entire property lies in the main Dome ore zone, whose principal trend is northeast by southwest, which is the trend of the Dobbie, Maidens, Mapes and Boston Development veins. Two-thirds of the Mapes claim is exposed and seaward prospecting. The Mines claim is considered one of the most promising in its neighborhood, and like the Reany should be a good-paying mine.

GROUP NO. 3. The six James claims in Shaw are too well known to go into detail in describing. It is sufficient to say that these claims have a well-mineralized ore body 150 feet wide, that with proper development will more than likely prove one of the great ore bodies of the Porcupine District.

SIMPSON

Thoughts of Spring are thoughts of clothes in anxious minds. Here are some typical values to turn those thoughts toward the splendid early displays of

The Simpson Store

Excellent Values in the Mantle Section

A SERVICEABLE SPRING COAT
of good quality imported English serge, made in our own clean and up-to-date factory, in navy and black only, shows one of this season's newest styles. The collar is overlaid with striped material, and is cut with the new one-sided effect. Very exceptional value at **11.00**
Other spring models range in price from \$9.00 to \$19.75. Have you seen our display on the third floor?

SKIRT
of a splendid quality worsted, in a medium grey tone, seven gored, plain panel front, inverted pleat back, side gores, cut in a fancy point design, ornamented with buttons. Price **6.50**
Other splendid skirt values, \$3.79 to \$7.50.

Expert Corset Advice on the New Spring Fashions

An exposition of the new spring corsetage will be held in the Corset Department, third floor, during the next three weeks. Commencing Monday, ladies can see and have explained all about the new models for spring that our experts have selected from the world's most prominent makers. To assist our regular staff, we have engaged for the entire period Miss Henrietta, of New York, an expert corsetier, already well known to Toronto ladies, who will be pleased to renew the pleasant connection made during former engagements.

Bon-Ton Corsets, \$4.00 to \$15.00 a pair. Royal Worcester Corsets, \$1.25 to \$4.00 a pair. Redfern Corsets, \$4.00 to \$12.00 a pair. Wray Corsets, \$1.25 to \$6.00 a pair. C.B. a la Spirite Corsets, \$1.25 to \$6.00 a pair. Thomson's Glove-Fitting Corsets, \$1.25 to \$4.00 a pair. R. and G. Corsets, \$1.25 to \$2.90 a pair. Royale Corsets, \$1.50 to \$3.50 a pair. C.C. a la Grace Corsets, \$1.25 to \$4.00 a pair. D. and A. and La Diva Corsets, \$1.00 to \$5.00 a pair. La Reine Corsets, \$1.25 to \$6.00 a pair. Jewel Corsets, \$1.25 to \$4.00 a pair. Modest Lace Front Corsets, \$6.50 to \$12.00 a pair.

Strong Showing of Suitings

Never before have we had such a complete and comprehensive stock of fashionable fabrics for the popular, smart, tailored suit. You will find here exhibited every new weave in a complete range of new spring shades and color blendings, imported from the world's best markets. You can always rely upon distinction when you buy Simpson's Dress Goods. A suit made from goods chosen in this department is your suit. There is little danger of meeting another just like it. Call on Monday and see our special display, with good light to judge by. A spacious place to choose in, and suitings of every fashionable kind.
