WORK COUNTY AND SUBURBS

MARKHAM WM. STIVER WAS MARKHAM PIONEER

After Short Illness Passes Away in Eighty-Ninth Year.

The death of William Stiver, a pioneer of Markham township, at an early hour on Saturday morning, after a short illness, removes one of the oldest and most esteemed men in the municipality. A leader among the agriculturists of his native township, widely known and throut his life taking an active and progressive part in the social and business life of the neighborhood, he will be greatly missed.

Mr. Stiver was in his eighty-ninth year, born on the very farm where he lived all his life and had seen the district transformed from bush lands to one of the finest agricultural districts in Ontario.

He was one of a family of eight, his grandfather, Captain Shells, serving with distinction during the war of 1812. He was predeceased by his wife about six years and on July 29, 1906, the venerable couple celebrated their golden wedding, the event being a notable one in the neighborhood.

Mr. Stiver is survived by seven children: Mrs. Frank Bowdler and Mrs. David Coulson of Unionville, and Mrs. W. McCorn of Sprucedale, Muskoka. The sons are Charles E. J. P. and Frank of Unionville; Robert and Reuben of the fifth concession, the latter residing of the old homestead. Forty-five grandchildren and the same number of great-grandchildren survive, a remarkable record.

The late Mr. Stiver was a member and attendant at the Lutheran Church, a charter member of Brown's Corner Orange Lodge, and a director of the Markham agricultural fair board, an honorary member of the East York Pioneers' Association, a lifelong Conservative and at the time of his death an honorary vice-president of the Markham Township Conservative Association. He was a splendid judge of horses and one of his last public acts was in the capacity of judge at one of the leading north-west shows.

As showing something of the deep respect in which the late Mr. Stiver was held through yesterday visited the funeral home of the city. The funeral services will be held this afternoon at 2 o'clock (old time) at Buttovick's Cemetery, for interment.

POLICEMAN SHOT FLEEING YOUTH

time thinking discretion the better part of valor dashed out the door and along Queen street with Gee, after them shouting "police" at the top of his voice.

Fadgett, who had lingered in the vicinity, saw the boys running out of the crowd, in pursuit. Recalling that the bulk of the boys had corresponded with that of the wanted man, he remembered also that the method pursued by the wanted bandits was to rob and then make for a motor car which usually waited for them. Unfortunately for the fleeing lads, who had turned down Gwynne avenue, there was a motor car standing beside the curb, which coupled with the other seemingly existent links in the chain which made them out as robbers, impelled Constable Fadgett to take up the chase, convinced that he was on the trail of the long-wanted men.

After chasing them for a few hundred yards the constable yelled at the lads to stop in the name of the law. Both lads paid no attention to the command, but redoubled their speed. Fadgett then after another shout shouting "stop" and "unstrapped his revolver from his holster and fired after the fast-disappearing couple.

Fired Four Shots. The constable fired four shots, the first three of which he fired into the grass, the last one or the fourth sped wide and after ricocheting off the pavement, struck young Scott in the left thigh. Both lads, however, kept on running, Waldron turning down a lane and Scott keeping on down Gwynne to Melbourne avenue. Making a sprint, Fadgett, who had stayed on the trail of Scott, finally overhauled his quarry on Melbourne avenue and placed him under arrest.

After the arrest Fadgett took his prisoner back to the cafe, where he found that no robbery had been committed. The till and other articles of value had been left untouched and Fadgett went on with his prisoner to No. 6 station, where a formal charge

### A Harmonious Background for Your Social Life

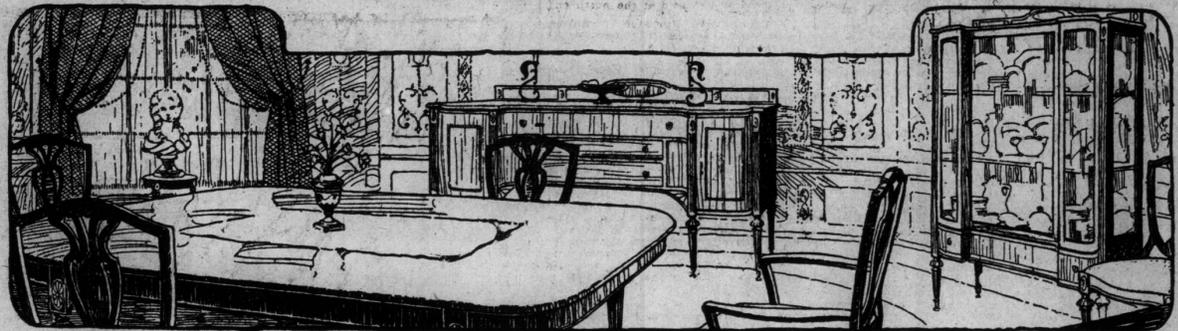

Such Should Be the Dining-room in Your House, and After the Difficult Question of Decoration Has Been Settled, Furniture Claims a Place of Importance in the Scheme

**B**RILLIANT crystal, gleaming silver, the finest of napery and fragrant flowers lose all their effect unless framed in a worthy setting. Given that the success of your dinner is a foregone conclusion and the company a merry one, as friend Pepys would say.

No man understands these psychological details more thoroughly than the furniture expert, and in consequence particular attention has been given to the dining-room suite in our August Sale. Designs to suit every period and taste—from the impressive William and Mary suite to the slender grace of the Hepplewhite motif, or the stately formality of an Adams design—insinuate themselves into the good graces of prospective purchasers by the sheer beauty of their lines and finish.

In the suite of the picture one is specially impressed by the harmonious lines of the oblong table, with an unusually happy treatment of the legs—indebted to the Corinthian pillar one would imagine for their flutings and acanthus leaves. Then there are the chairs, with their shield backs, leather slip seats and tapering legs, a buffet with concave front of sweeping curves, china cabinet and serving table, making up a total of ten pieces. All the details dear to the housewife have been considered, for the buffet has no less than three drawers—a long, top one for napery, and the second divided and lined for flat silver, with a third deep drawer for all the small linen. The soft blue of your willow pattern, or the dull reds and golds of Royal Worcester will beckon

enticingly from behind the glass doors of the china cabinet, and there is a wide ledge on top, too, where some precious vase may find a resting place. In mahogany finish, the suite of ten pieces is priced for the August Sale at \$632.00. In walnut finish, with the addition of a long mirror on the buffet, the price is \$650.00. Chippendale forms the inspiration of an American sample ten-piece suite, which shows the curved cabriole leg and familiar ball and claw foot. An interesting cable effect encircles the round table, and the chairs have the ribbon panel back, with slip leather seats. A long linen drawer, with sliding shelf and two small drawers and cupboards, make up the complement of the buffet, and there is a serving table, with full length drawer and lower shelf. An interesting divergence is the panel bottom of the china cabinet, which makes an extra cupboard, and also a successful finish to the glass doors. \$550.00 is the price of this ten-piece suite.

Dining-room suite in Queen Anne motif, black walnut, buffet has full length divided mirror back, 54-inch heavy double top, 4 drawers and 2-door cupboard. Price, \$78.50; china cabinet with 2 glass doors, \$56.00; extension table has 52-inch round top, \$65.00, and 5 small and 1 arm chair with slip seats covered in leather. Sale price, \$78.50.

Stilette cup and saucer turning and lower cross stretcher supports, buffet is 60 inches long. Sale price, \$90.00; china cabinet has full length drawer, \$79.00; oval top extension table extends to 8 ft. Sale price, \$68.50; set of 6 chairs. Sale price, \$97.50.

Buffet, large massive design, quarter-cut oak, fumed or golden finish, has scroll shaped back, with full-length bevel-plate mirror, built up top, 48 inches long, double door cupboard with shelf, 2 small and 1 long drawer for cutlery and linen, fitted with wood knobs. Sale price, \$85.00.

Extension table, quarter-cut oak, fumed finish, 45-inch round top, with lock, bevelly tapered legs, extends to 6 feet, with easy running slides. Sale price, \$31.50.

### TO ERECT NEW HOTEL UPON CATTO PROPERTY

Building With Five Hundred Rooms to Be Built on King Street.

That the United Hotels Company of America, proprietors of the King Edward, is about to assist Toronto in solving the hotel and general accommodation problem is evidenced by the statement made to The Sunday World yesterday by George H. O'Neill, general manager, to the effect that within twelve months Toronto will have a new hotel with 600 bedrooms. The additions at present being made to the King Edward will give that hotel alone 600 bedrooms, so that when the new building is completed there will be one thousand rooms in all, and everyone with a bath.

Asked particularly with regard to the new hotel, Mr. O'Neill said the plans were already being prepared for a palatial building to occupy the property where the John Catto Company is now situated. "The buildings," Mr. O'Neill added, "will be 92 feet frontage on King street and 138 feet in depth. In addition to the 600 bedrooms there will be a convention hall capable of seating 2000 people, a restaurant to accommodate one thousand, and a

roof garden commanding a delightful outlook over the bay. The hotel will be fifteen stories high, and the total cost will be approximately \$2,000,000.

### RAILWAY PROSECUTES FORMER EMPLOYEE

Charles Johnston, 161 West Adelaide street, was arrested on Saturday on a charge of grand larceny against him by the Canadian Northern Railway Co. Johnston is a former employee of the company, and it is alleged that some time ago a cheque was issued to him amounting to \$51 for wages. After some time had passed, the authorities claim, Johnston came back and swore out an affidavit to the effect that he had lost the cheque and a new one for the same amount was issued him. Now it is stated that the cheque has come back to the company after being cashed, and further, the cheque is claimed to carry Johnston's signature.

### FOURTEEN INDUSTRIES HAVE BEEN SECURED

Harbor Board's Industrial Department Gives Account of Activities.

The industries department of the harbor board, according to the general manager's report, issued Saturday, negotiated with 103 firms to induce them to locate here and 14 were secured, nine of which located on property throughout the city and five on property of the harbor board leased from that body.

Thirty-three of the firms dealt with are in Canada, 71 in the United States and one in Wales. A C. Lewis, the publicity manager, has inaugurated a publicity campaign. He is communicating with 300 manufacturers, and this campaign will be enlarged to reach 1500 concerns. M. McCallum, city hall representative of the department, reports that a number of additional firms have been located in the city either directly or indirectly thru the efforts of the industrial department. The firms and employees expected to be engaged located by the department are as follows: Anthracite Briquette Co., new Coal Company, 2209; Baldwin, Limited, tin plate and steel plate, Swansea, Wales, 30; Blatchford Coal, Swansea, Waukegan, Ill., 20; Consl-

Wafer and Cone Co., new company, 20; Crane, Limited, valve manufacturer, Ing company, Chicago, 50; E. ### DID FRIENDS AID IN ESCAPE FROM ASYLUM?

It is a prevailing idea among those in touch with the Isaac Estrean escape from the Hamilton asylum that the latter's escape from custody was engineered by his friends to secure his permanent address.

Estrean, his friends say, is sane now no matter what his condition may have been when he shot his sweet-heart, Annie Garlock, on Adelaide street, in 1915. It is also believed that Estrean will be surrendered to the authorities if his sanity after an examination by an outside alienist can be substantiated. Some months ago the friends of the escaped man consulted a well-known lawyer and asked him to set the necessary machinery in motion to have the man examined, but nothing could be done, and from all accounts the friends have brought him to Toronto, where alienists will examine him.

With the certificate of sanity it is believed that Estrean's release would follow in short order.

### DOCTOR THREATENS TOWNSHIP COUNCIL

Demands That Dust Nuisance in Oakwood Be Abated.

Dr. W. R. Newman, of 160 Oakwood avenue, has written to the York township council, threatening action unless steps are taken to abate the dust nuisance on Oakwood street. He writes the council that an oiling-keeps the dust down about one day and thereafter until the next oiling, the dust, laden with germs, makes living almost unbearable on the street.

Speaking to The World this morning, Dr. Newman said that there are an unusual number of people living on the street who have throat trouble and this he attributes to the bacteria in the dust. Many people, he says, are anxious to sell out and move because of this. Notices, he says, were sent around about the 1st of July that the street was to be paved at once, but the doctor has since heard that the paving of Oakwood will be postponed until next year. At the same time, he says, paving is going forward on Lander and Glenholme considerably north of the section of Oakwood that was promised a pavement this year.

SEPARATE DAY FOR THE REFERENDUM

Ontario Government Will Defer Holding the Provincial Elections.

The World learned Saturday that it has been practically decided to hold the Ontario referendum on prohibition on a day distinct from that upon which the provincial elections will take place.

The date for the referendum will be early in October, when it is expected that all the soldiers will be home again. It is the desire of the government that every possible eligible voter shall be given an opportunity of casting a ballot on the temperance issue in order that the whole vexed question may be definitely decided for some time to come.

It can be stated with equal certainty that at least two months will then elapse before the provincial elections are undertaken. The government is anxious to get prohibition settled one way or another and relegated to oblivion before the general election comes round.

The government is even said to be without trepidation at appealing to the electors, especially in view of the Liberal success in Prince Edward Island and the stir created by the Liberal convention.

Having been pressed into taking the referendum on a day apart from the elections, it is easily stated that strong efforts are now being made with a view to inducing the government to hold a convention. The electors are displaying a natural desire to know just where the administration stands what it has done, and what it proposes to accomplish. They wish, at least, to learn more of the "reasons" on which Sir William Hearst intends to appeal to the people.

PARDNALE VOTERS' APPEALS. For the purpose of hearing complaints and appeals as to the lists prepared by the enumerators, Emerson Coatsworth, chairman of the voters' registration board, announced that the riding of Parkdale has been divided into four districts, for which sittings will be held on different days to hear the appeals as follows:

1. That part of ward six north of Bloor and west of Lansdowne avenue and Prospect Cemetery, is set for Wednesday, Aug. 20. 2. Between Queen and Bloor, between Roncesvalles avenue and Lansdowne, Friday, Aug. 22. 3. Between Queen and Lake Ontario, between Roncesvalles avenue and the eastern boundary, Saturday, Aug. 23. The sittings will be held in court room No. 3, in the city hall, at 10 o'clock each day.

LEAFS AND BEARS DIVIDE ON SUNDAY

Herche Saved the First—Failed to Hit Stryker in Second.

Newark, N.J., Aug. 10.—Pat Donovan's crippled Newark Bears this afternoon earned an even break in the double-header with the champion Maple Leafs, the first of three two-plays battles in as many days, mainly because of the excellent pitching by Stryker and Herche. The first half of the bill was a slugfests match, the Leafs winning, 11 to 3. Newark grabbed the second, 8 to 3. Six hurriers were used in the first battle. Jones and Justin proved ineffective for the Canadians, and Herche was sent to the mound in the seventh when the Bruins threatened to tie the score. Three runners were on the sacks at the time as a result of three successive hits of Justin before a man had been retired. Herche managed to hold the Bruins hitless and there did not occur a run during the rest of the game. Herche also relieved Peterson in the seventh inning of the second game and again stopped the Bears from scoring. Shea was called to the mound in the seventh. Pat put an end to the run scoring by the Toronto, but the Gibson crew had enough to win. Rompel went along in good form for three innings, while the Bears were piling up three runs on Jones and Justin. In the fourth inning came thru with five hits, including a single, two doubles and a pair of triples, for four tallies. The Bruins forced to the front in their half of the fourth by tallying twice. Lyons went to the mound for the Bears in the fifth, and the tying run was brought over the plate by Gonzales. In the next inning the Leafs started on another batting spree, and a pass and three hits, including a double, netted four runs. The Bears snuffed the four singles in a row in their half, which netted two runs. After the Leafs had touched up Lyons for two more in the seventh inning, Shea was called to the mound. Gibson took his cue from Donovan, and trotted out Herche after the Leafs had scored twice in the seventh of Justin. Spencer, centre-fielder of the Leafs, scored four triple and two singles and scored four runs in the first battle. Whitman got three hits, while Green, who pitched the Bears today, rapped out three hits and tallied three times.

GOLDEN BROOM WINS THE SARATOGA SPECIAL

Sun Briar Lowers the Track Record in Champlain Handicap.

Saratoga, Aug. 9.—Mrs. Walter M. Jeffrey, chairman of Saratoga and Golden Broom, won the Saratoga special today, in which sturdy opposition was pitted against him. He began so fast that he left the impression in the minds of some that he had beaten the race, but this was not so, for Panoply, out of the Harry Payne Whitney pair in the race, showed in front at the rise of the barrier, but Golden Broom's high flight of early speed carried him into a commanding lead in a twinkling. The gelding threw the inner rail, maintained his early advantage into the stretch, and when the general closing process began he had sufficient in reserve to retain his command, and near the end won all hands over Wildcat, another Harry Payne Whitney representative, with King Tarzush of the J. K. Ross establishment in third place.

The special, which was purely a sporting proposition, with half-furlong in case of failure to go to the barrier, all to go to the winner, amounted to \$5000 net, and a stake of the value of \$1000 that the association added.

Golden Broom was bred by Mrs. Durya in France, his sire, Sweeper, also being the winner of the Two Thousand Guineas, one of England's classic, carrying the colors of Hermon B. Durya.

Willis Sharpe Kilmer's great Sun Briar won the Champlain Handicap at a mile and an eighth, in the fast time of 1:50, the fastest that this difficult race ever was covered on this track, and it reduced the former record by one and two-fifths seconds.

The race was a fast-run one from the start, with the speedy Fairy Wand, which triumphed over Sun Briar in their last meeting, and joint holder of the title of the American mile record, showing the way, and Sun Briar and Holler were closest at the finish, with Sun Briar leading away until straightened for the stretch, where Knapp called on Sun Briar and he passed into the lead with a rush.

Extremator and Holler had a brief brush for second place, but it was not lasting, as Extremator drew by him in the last sixteenth, and finished directly in the wake of the stable mate. The withdrawal of the stable mate, James A. Sheridan from the North American Steeplechase Handicap left only a scant margin for the purpose of the race, the net portion to the winner amounting to \$1500. This contest was one of the best ever witnessed there in the weight concession of ten pounds that Hagan was in receipt of from Doublet as the riding factor in the final drive, and the Clark colors passed the finish in front by a length, Doublet beating Burgess by five lengths for second place.

First Race—The Plattsburg, for three-year-olds and upwards, selling, \$1000 net, and \$1000 added, to be run on August 11, 1919, at Saratoga, N. Y., at 12:30 p. m. 1. Assum, 111 (Sando), 5 to 1, 1 to 1, 1 to 1.

Wyoming, 116 (Cromwell), 12 to 1, 1 to 1, 1 to 1.

Second Race—The North American Steeplechase Handicap, with \$1500 added, for 2-year-olds and upwards, about 2 1/2 miles, to be run on August 11, 1919, at Saratoga, N. Y., at 1:30 p. m.

Golden Broom, 112 (Williams), 2 to 1, 1 to 1, 1 to 1.

Third Race—The Saratoga special, with \$1000 added, for 2-year-olds and upwards, selling, \$1000 net, and \$1000 added, to be run on August 11, 1919, at Saratoga, N. Y., at 2:30 p. m.
