

WOMAN'S WORLD.

AN ATTRACTIVE SHIRT WAIST FROCK.

6803, 6804—After considering all models in street and general wear gowns the shirt waist dress is the usual choice of practical and yet particular woman. A dress of this style is sketched, which is very pleasing in design with its tucks and shoulder yokes and pleated skirt. The waist is one which might be made of any seasonable fabric, a soft silk or washable woolen being much liked, or it may be made of the material of the skirt. Buttons or braids may trim the front, yokes and cuffs. The back of the waist is gathered slightly at yoke and waist edges so that a graceful fullness exists. The skirt is a nine-gored one, having double or single graduated pleats at the lower part of each side seam. For a skirt to be made at home, this one is excellent and requires but little work to complete. For the medium size the waist requires 2 1/2 yards of 27-inch material and the skirt 5 5/8 yards of 50-inch fabric.

PATTERN DEPARTMENT TORONTO WORLD.

Send the above pattern to: Name, Street, Town, Province, Measurement—Waist, Bust, Age (if child's or miss' pattern). NOTE—Please enclose above illustration and mention size of pattern wanted. If the pattern is bust measure only mark 22, 24, or whatever it may be. When in waist measure, 22, 24, 26, etc. If a skirt, give waist and length measure. When miss' or child's pattern write only the figure representing the age. It is not necessary to write "inches" or "years." The price of each pattern is 10 cents. Do not send stamps.

ADDRESS THE WORLD PATTERN DEPT., 83 YONGE ST., TORONTO.

Dry Cleaning at Home.

The dry cleaner's secrets are easy to solve. The article to be cleaned is immersed in gasoline and left covered in the liquid for 24 hours. A regular wash boiler is the best vessel to use as it can be covered, the edges drawn even, and laid one over another soiled when it is best to cover them with fresh gasoline and leave them another day.

Laundry Work.

The greater part of ironing is the dampening and folding of the clothes. All articles are not dampened and folded alike. Flannels are ironed while they are still partly wet, and all colored clothes are dampened just before ironing.

Little-lady who washes in gasoline.

Little-lady who washes in gasoline every thing she owns that is not washable in water, says that if spots are stubborn they should be held on the palm of one hand and lathered well with the palm of the other, using plain white soap dipped in the gasoline.

Tailors Clean suits without ripping.

Tailors clean suits without ripping them by placing them on ironing boards with the skirt thrown over the board as for ironing. A bowl of gasoline is used, and a hairbrush. Brush the suit down, following the straight of the goods, dipping the brush often. Work quickly to dampen, but do not wet the material.

PASTOR OF LONDON TEMPLE OUTLINES TENETS OF FAITH

Rev. R. J. Campbell, Head of English Non-Conformists, Reconciles Religion and Science.

London, Jan. 14.—The great modifications in religious belief which are taking place throughout the Christian world, have been manifesting themselves with especial prominence recently in England.

The leader in radical revision of faith is R. J. Campbell, pastor of the City Temple and the recognized head of the English Non-conformists. He is about to make a tour of the country, addressing gatherings of provincial pastors at their request on Re-stated Theology. As Mr. Campbell rejects many of the chief dogmas of the Bible, such as the story of the fall of man, it will be seen how radically different from the old is the new theology which is supplanting the religious beliefs of a generation ago in England.

Mr. Campbell states his views with the utmost frankness in to-day's Daily Mail.

Theology of the Past. "We object," he says, "to the formal statements of belief which have distinguished the theology of the past. We object to ecclesiastical labels. Everyone knows that for the past 1500 years there has been a considerable unreason in the churches, due largely to the development of scientific knowledge, the progress of archaeology and the study of comparative religion. This unreason has affected every church, even Rome. From the side of science, the new theology is typified in the work of men like Sir Oliver Lodge. The lines of divergence between the old and the new go down deep and there is great cleavage.

The starting point of the new theology is the belief in the immensity of God and the essential oneness of God and man. This is where it differs from Unitarianism. Unitarianism made a great gulf between man on one side and God on the other. We believe man to be a revelation of God, the universe one means to the self-manifestation of God. The word God stands for the infinite reality whence all things proceed.

"Everyone, even uncompromising materialists, believes in this reality. The new theology in common with the whole scientific world believes that the finite universe is one aspect or expression of that reality, but it thinks of it or him as consciousness rather than a blind force, thereby differing from some scientific materialists. In this, we believe that there is thus no real distinction between humanity and the Deity. Our being is the same as God's, also our consciousness of it is limited. We see the revelation of God in everything around us.

The new theology holds that human nature should be interpreted in terms of its own highest end, therefore, it reverences Jesus Christ, not as God's, but as a perfect example of what humanity ought to be. The life which perfects man is not in our limited human experience. So far as we are able to see, the highest end of life that can be lived is the life which lives in Jesus Christ, that side of the nature of God from which all humanity has come forth. Humanity is fundamentally one, and all true living men are brethren. This is the truth that underlies all noble efforts in the common good in the history of the world.

The new theology looks upon evil as a negative rather than a positive term. It is the shadow which light casts upon the wall. It is the perversion of good; it belongs only to finiteness. Pain is the effort of the spirit to break through the limitations which it feels to be evil.

The new theology believes that the only way in which the true nature of God can be manifested is through man by a struggle against limitation, and, therefore, it is not appalled by the long story of cosmic suffering. Every body knows this after a fashion. The things we most admire and reverence in one another are things involving struggle and self-sacrifice.

The new theology watches with sympathy, the developments of modern science, for it believes itself to be in harmony therewith. It is the religious articulation of the scientific method. It is therefore, in sympathy with scientific criticism of the important religious literature known as the Bible.

Recognizing the value of the Bible as a unique record of religious experience, it handles it as freely and as critically as the rest of the world. It believes that the seat of religious authority is within, not without the human soul, individual man is so constituted as to be able to recognize by ray the truth that helps him upward, no matter from what source it comes.

The new theology, of course, believes in the immortality of the soul, but only on the ground that every individual consciousness is a ray of the universal consciousness and cannot be destroyed. It believes that there are many stages in the upward progress of the soul in the unseen world before it becomes fully and consciously one with its infinite source. We make our destiny in the next world by our behavior in this and ultimately every soul will be perfected.

From all this it will surely be clear that the new theology brushes aside many of the most familiar dogmas still taught from the pulpit. We believe that the story of the fall in the literal sense is untrue. It is literature, not dogma, the romance of an early age used for the ethical instruction of man. We believe that the very imperfection of the world to-day is due to God's will and is a working out of Himself with its purpose, a purpose not wholly hidden from us.

The doctrine of sin, which holds to be blameworthy for deeds that we do not help, we believe to be a false view. Sin is simply selfishness. It is an offence against the God within, a violation of the law of love. We reject wholly the common interpretation of atonement, that another is beaten for our fault. We believe not in final judgment, but in a judgment that is ever proceeding. Every sin involves suffering, suffering which cannot be remedied by any work of another. When a deed is done its consequences are eternal.

DOAN'S KIDNEY PILLS RESTORED BY BILEANS

Below is given the testimony of a famous artist whose health has been restored by Bileans. If you are ailing to-day, scores of preparations claim your attention. Why should you prefer Bileans? There are several reasons. First, because they are specially compounded from rare vegetable essences. Then because they act directly on the most important organs of the body—the liver and stomach. Because they are mild in operation. Because medical practitioners, artists, nurses, housewives and men and women of wide experience have proved over and over again that Bileans permanently cure all liver and stomach disorders. Because Headache, Indigestion, Biliousness, Female Ailments, Constipation, Piles, etc., all originate from a certain morbid condition of the liver, digestive system and blood. Bileans cure these and other ailments by getting right back at the root cause and correcting matters there. Now note Mr. Hand's experience below:—

Mr. Arthur R. Hand, of Woodgreen Place, Toronto, the well known artist and teacher of painting on glass, china, etc., says:—I was very ill some months ago with acute Indigestion and Liver Disorder. Attacks of pain followed food. There was a constant feeling of uncomfortable fullness in the stomach, pains in the chest and under the shoulder blades and rifting and belching of gas. I had constipation so badly that no medicines seemed to have any effect on the bowels. I dieted a great deal, but the slightest food brought the same distress. You can well imagine that as I did not digest my food properly my strength rapidly left me. I was very weak and emaciated when Bileans were brought to my attention but I determined to give them a trial. From the first few doses I got a little relief and I persevered with the remedy, giving it a fair trial. I left off everything else and in a short time found a wonderful difference. Each day I got better and better, and in the end Bileans cured me completely. Now my food digests very nicely and my bowels act quite naturally.

"Before I took Bileans my food did me no good, and I was losing weight rapidly. In a few months, through the use of this valuable remedy, my weight increased from 125 to 165 lbs. This increase, too, is not useless fat, but sound, healthy flesh."

Kidney Disease and Sick Headache Completely Cured

Just as the foregoing case shows how effective Bileans are in case of Indigestion, Constipation and allied ailments, the following experience of a British Columbia man and his wife shows their value in cases of kidney disease. When the kidneys are diseased, impurities are forced into the blood which should be expelled from the system, and being carried to the head by the circulation cause sick headache, nausea, dizziness, etc.

W. B. Haines, of Shortreed, B. C., says:—"My wife and I have been taking Bileans for some time. They have cured me of kidney trouble and my wife of sick headache. I had had kidney trouble for 20 years, but now believe that I am entirely cured. Please find enclosed \$2.50, for which send me six boxes of Bileans. I believe they are a splendid family medicine."

Bileans Cure

Indigestion, constipation, piles, general debility, anæmia, female ailments, rheumatism, blood impurities, liver and kidney complaints, headache, dizziness, wind, colds and chills, "those shivering feelings," and all liver and digestive disorders. Bileans are sold by all druggists at 50 cents a box, or from Bileans Co., Toronto, for price, 6 boxes for \$2.50.

TESTIMONIAL OF CHARACTER NOT ENDORSEMENT OF PLAN

John A. Wismer Writes in Explanation of the Birmingham Interview—Scheme Has Fallen Thru.

Some time ago The World called attention to the fact that John A. Wismer of Toronto had gone to Birmingham, England, to establish a college of rail-roading and telegraphy. The World at that time took occasion to deprecate an article that appeared in The Birmingham Gazette, wherein it was said that "Letters of introduction from Mr. J. W. St. John, Speaker of the Canadian house of parliament, and Mr. R. A. Pyne, the Canadian minister of education, will enable Mr. Wismer to approach those to whom he is desirous of explaining his scheme."

The World could not then, nor can it now, understand how Mr. Wismer came to make such use of Mr. St. John's and Mr. Pyne's merely friendly letters of identification, because neither Mr. St. John nor Mr. Pyne had any knowledge or interest in Mr. Wismer's plans.

SUFFERED EIGHT YEARS FROM KIDNEYS

Doctor's said Female Trouble.

Mrs. Charles Lewis, Collingwood, Ont., writes: "For eight years I suffered from Kidney Complaint, and until twelve months ago doctors said I was suffering from 'Female Trouble.' Last November (1905), I was seriously ill, resulting I believe from kidney troubles. Finding doctor's medicine doing me no good, I persuaded my husband to purchase me a box of Doan's Kidney Pills, after having read of a case somewhat resembling mine. I commenced taking them according to directions (not taking the doctor's medicine), and on second day a swelling commenced in my feet, legs and body. The following day I was so changed and swollen my husband, in alarm, hastened to Mr. Johnson's drug store, who told him to tell me he thought the pills were drawing something out of the blood, and to keep on taking them. I did so and after taking them a week, the swelling disappeared leaving me with a complexion free from pimples, bright, weary feeling gone, constipation from which I suffered for years, gone, pain in the back, gone, and a general feeling of joy and light heartedness. I have not felt since a child, took place in me.

My sister-in-law (Mrs. Bryan), seeing the action of Doan's Kidney Pills, and the change for good they accomplished in me, sent for a box and they completely cured her. When there is an opportunity of telling people what Doan's Kidney Pills did for us, we always take advantage of it, and tell them of their own fair trial.

GUELPH KINGS TRIM STRATFORD MIDGETS ARE OUT OF O.H.A. RACE

Yorkdale and Simcoe winners at Mutual's. Guelph Seniors Beat Galt - Hockey Results and Games To-day.

Stratford, Jan. 14.—(Special.)—The first Guelph Kings trim Stratford Midgets out of the junior ranking to-night in a whirlwind exhibition of hockey. Score at half-time was 1 to 1, and 2 to 2 a few minutes later the Guelphs rushed in last-minute goals and played the Midgets out of the net, scoring the winning goal. The score was:

Stratford (Goal, Brooks; point, McLeod; cover-point, Allen; centre, Mercer; right, Macdonald; left, Savage; right, Kings; left, Stratford) 2; Galt (Goal, Rankin; point, J. Simpson; cover-point, Rankin; left, Preston; right, Simpson; centre, Irving; referee, F. Thomas).

Simcoe 4, Marlborough 1. The second game at Mutual's, between Simcoe and Marlborough, resulted in a close score, Simcoe leading at the half, 3 to 2, and at full time, 4 to 1. The feature of the game was the playing of Hutchins at cover for the winners. By playing this game Simcoe and Marlborough are now tied, and when these teams meet Toronto will have an opportunity to win a great contest.

Guelph Seniors confirmed their victorious career by defeating Galt in a fast, exciting game, the score being 7 to 5. The crowd in attendance was a large one. Entertainers at the game were the Galt boys, who were very clever. The play was clean, although quite a few penalties were assessed for minor offences.

Jarvis Beat Technicians. In the City High School Hockey League, Jarvis defeated the Technicians 5 to 2. Goal, Beattie; point, Kelly; right, Pinsky; left, McKenney; referee, White.

Victoria Beat Carleton. The Victoria O.C. Boys defeated Carleton by a score of 5 to 0 in a senior M. Y. M. C. game on Victoria College rink Monday night. The winners lined up as follows: Goal, Henderson; point, Lane; cover-point, Harris; right, Harrison; left, Wilson; referee, White.

T. R. C. and E. C. Play Tie Game. The Toronto Rowing Club and Toronto League on Victoria College rink Monday night, 1 to 1, both shot in the first half. The tie was broken in the second half by the Toronto Rowing Club, who scored 2 to 1.

Kenilworth Hockey League. In the Kenilworth Hockey League, Kenilworth defeated the Eagles 4 to 2. Goal, Kenilworth; point, Kenilworth; right, Kenilworth; left, Kenilworth; referee, Kenilworth.

NEW LIBERAL LEADER

Continued From Page 1.

ad the Liberal nomination in North Middlesex, to succeed his father. To the World last night Mr. Ross expressed his opinion as to the party of convention, he had not yet been offered the nomination.

The all in the hands of the convention, he said, and if get a unanimous convention I would accept the nomination, although I don't know what will be done.

Alex. Stuart, K.C., of London, formerly of Glencoe, will be a candidate for the Liberal nomination.

The Liberal members throughout the province have not been notified as to what the first move will be, and there is considerable speculation as to the turn affairs will take.

Hon. Richard Harcourt, M. L. A., would not express any idea as to who the new leader would be, but he said that he himself would or would not accept the responsibility should it devolve upon him.

The facts are these, he said, "there will be no Liberal convention to choose the new leader of the opposition. The parliamentary party in the House will hold a caucus when the legislature opens, and the choice will be made by the members of the House."

Further than that is all guess-work. E. J. B. Pense, M. L. A., Kingston, had no idea nor had he heard a word by circular or otherwise as to the course the opposition would pursue.

Senator Ross would probably notify his colleagues in the House of anything would be decided upon, but he was leaving and at the same time call a party convention. This might be done this week, but as the time is short, it might not take place until after the session opened.

Coming Here. J. A. Ald, M.L.A., of Amherstburg, had the slightest idea of what was going to happen in Queen's Park. Not a whisper had reached him, but as he was going to Toronto next week to get some news, he was asked if he could not even guess what the proceedings would be.

John Smith, M. L. A., of Peel, did not want to suggest an opinion on the best course of the party at present. He was entirely in the dark on the whole matter, and he said that any speculation as to Mr. Ross' successor. The time he thought was short and in his mind there would be no leader chosen before the coming session opened.

M. G. Cameron, M. L. A., of Godderville, had not the faintest conception as to who the new leader would be. He was not in the know as to the course that would be adopted, and had given the matter no thought.

It is gathered that a man from the present group would be chosen at the outset, at least in the first instance.

Hon. G. P. Graham, M. L. A., of Brockville, would not discuss the matter further than to intimate that the new leader would be chosen at the house opening.

The following is the list of Liberal members of the local houses of assembly in the province:

North York: J. P. Graham, Brockville; C. M. Brown, North Bruce; John A. Reid, South Essex; J. A. McMillan, Glengary; J. W. Mackay, North York; Jacob Kocher, Hamilton; M. G. Cameron, West Huron; Arch Hildner, East Huron; D. J. McGee, West Kent; J. B. Pense, Kingston; Hon. R. Harcourt, Norfolk; Sam Clarke, West Northumberland; D. J. McGee, West Kent; May, Ottawa; John Smith, Peel; W. Anderson, East Peterborough; J. Labrosse, Prescott; Morley Currie, Prince Edward; Sam Clarke, Russell; C. N. Smith, Saint Marie; J. B. Tudhope, East Simcoe; R. A. Thompson, North West; Daniel Rees, South Wentworth.

Senator Ross was beaming all over his face when he was asked if he had any idea of what was going to happen in Queen's Park.

"Oh, yes, I have had lots of visitors," he said cheerfully, "and many congratulatory telegrams from all over the province."

The new senator would not even hint at the probable choice of his successor, but he did know whether there would be a convention or simply a parliamentary caucus.

West Middlesex, Hon. George Ross' constituency, for years, and a strong hold of Scotch Liberals, was one of the big surprises at the last provincial elections. That the present vacancy caused by the retirement of the leader of Ontario Liberals will be the scene of one of the biggest political contests of the coming by-election is beyond question.

The following comparative figures give the returns for West Middlesex in the last provincial election: 1912—Ross, 2498; English, 1568; Macjorty for Ross, 113.

A prominent Liberal expressing his views on the overwhelming defeat of the Ross government, said that the Liberal party could not have been carried by anyone but Hon. George W. Ross.

"Look at the turn-over," he said, "instead of being a Grit he is fast becoming a Tory, and Ross was nearly beaten."

Canada is a Borrowing Country. Do not forget it. We must borrow. We are going ahead so fast. Our securities are good though. NO TRADE CONCESSIONS

Continued From Page 1.

that we should give to the commission, whether we should agree with them or differ from them, to decide upon the merits of that appointment. My former friend (Mr. Lancaster) stated that in his opinion the appointment is not fair to Canada, that in any event, the matter should be referred to the commission, the recommendation of the commission, the amount of power to which we are entitled, according to the amount of work which is to be done on the boundary line, with the amount as compared with the amount flowing on the American side.

These are the points for settlement. "In my estimation this is not the way we should proceed upon this. I am strongly of the opinion, and I hope entertaining that opinion for a long time, that we ought, apart from the action of this commission or that commission, to settle permanently the question of the division of waters between Canada and the United States from Puget Sound to the St. Lawrence."

"There are many and many places where the interest of Canada and the United States are in conflict, and it is in these localities that we are in conflict. On the St. John River, in all these localities on the other side, if we can in connection with this present commission settle all these differences, for my part I would not be adverse to a serious consideration of the matter, and a quick pro quo here and there."

"It seems to me to be the best way to settle this question, and I invite serious consideration of the matter by my friend (Mr. Lancaster) to this view of the subject."

Trade Concessions. "I do not think it would be possible to obtain from the United States at the present time or at any time any quick pro quo in the way of trade concessions."

"We have been looking for trade concessions for a long time, but we do not look for them any more now, we have abandoned that idea long ago. We do not care any more to have these trade concessions. There was a time when we would have given a great deal to have trade concessions from our American neighbors; they chose in their own way to refuse these, we have done pretty well without them, and at the present time we do not expect anything from them."

"I do not expect that we can receive any concession in the way of land, but if it were possible at the present time to settle all these differences, for my part I would not be adverse to a serious consideration of the matter, and a quick pro quo here and there."

that the matter might be complicated by treaties of the imperial government.

It might be that the matter could be dealt with by the Canadian government. In any event, the matter should receive careful consideration. He therefore hoped that the motion would be withdrawn.

No Treaty With Norway. R. L. Borden suggested that this luminous and definite statement from the government would certainly justify the gentleman in withdrawing his motion, and would not doubt be regarded as a great triumph for the people of Nova Scotia. His point out was the competition complained of was from Norwegian vessels, but on December last Mr. Paterson stated that there was no treaty with Norway, and that the government rescind the order in council giving coasting privileges to Norway.

Mr. McDonald (Liberal, N. S.) claimed that there were not ships enough in Canada, and to curtail the coasting privileges would disarrange commerce. Dr. Stockton claimed that the statistics did not do justice to the Canadian shipping. Many of our ships were registered in England.

Mr. Fielding pointed out that nothing would be gained by the amount of damage done by British vessels were allowed to come in. The only remedy he saw was to grant bounties to Canadian shipbuilders. This matter was under consideration.

Mr. Emmons suggested that many of the ships constructed and owned for years in Canada were now owned and manned by Norwegians. He admitted that the recent Liberal convention in St. John had resolved in favor of government assistance to Canadian shipbuilders. He believed there was a general demand throughout the country for bounties to shipbuilders, and he had indicated here this evening, it does not seem to me that in justice to this country and in view of the fact that Mr. Spenser and his superior officer should for one moment be permitted to keep their report back from the house and the country.

Mr. Templeman said that Dr. R. Spenser had not filed his report. The government therefore had nothing to lay before the house. There was some dispute about what money was due Dr. R. Spenser in respect of his report, but he said that it was completed. The report, however, would be largely of a financial character, and it would deal incidentally with the location of the volume of water passing over the falls.

Dr. Stockton (Conservative—New Brunswick) insisted that it was important to have definitely fixed the boundary line between Canada and the United States.

Dr. Black (Liberal—Nova Scotia) introduced a resolution regarding the Nova Scotia railway, and that report had been made by D. R. Spenser as an officer of this government, and if it is based upon reliable sources, and if the country and its superior officer should for one moment be permitted to keep their report back from the house and the country.

Under the new constitution granted the university by the provincial government, and the new financial conditions for which Mr. Whitney's liberality is responsible, added public interest attaches to the working of this institution.

Some years ago absolute secrecy prevailed as to all the proceedings, only examination lists being permitted to find their way into the press.

The senate particularly is an elective body, and the constituents represented are entitled to know the movements of their representatives.

Why should honours be thrown to G. W. Ross these days? Like every other man that ever was he had his credits and his debts, but in his case the debts against him were so enormously greater than his merits that he will go to political history as among the lost souls.

What is oratory or what is less than oratory, paste and scissors and excerpts from encyclopedias, compared to fidelity to trust? George W. Ross betrayed his trust as far as the people of Ontario are concerned.

THE PROVINCIAL GOVERNMENT AND NIAGARA POWER. Evidently a task of great delicacy and difficulty may confront the provincial government in connection with the negotiations now pending for international regulation of the Niagara River.

The Canadian section of the International Waterways Commission, in a report just presented to the federal government, expresses the opinion that "if any treaty be had with relation to use of these waters, the proportions recommended and agreed upon by the joint commission should be adhered to."

Under the conditions then arising the prospect for the districts of Ontario directly interested in the supply of cheap power is sufficiently grave to invite the close attention of the provincial government.

THE RAILWAYS AND THE BOARD OF RAILWAY COMMISSIONERS FOR CANADA.

It is a surprising thing that the carrying companies of this country exercise powers greater than are put into operation by the government itself.

Recently, owing to labor troubles, the coal mines in the western portion of the country were closed down with the result that the people were unable to obtain fuel, and the greatest suffering prevailed in consequence.

At the present time the Grand Trunk Railway is seeking to expropriate property along the lake front from Port Union to Toronto.

ANOTHER LAKE CARRIER.
 Hamilton and Ft. William Navigation Co. have placed Order.
 At a meeting of the directors of the Hamilton & Fort William Navigation Co. of Hamilton an order was given for the Canadian Shipbuilding Company to build a 5000 ton freight steamer for the iron ore and wheat trade. This steamer, which will be one of the largest on the lakes, will be built at the Shipbuilding Company's Niagara shipyards. The machinery, viz., the engines and boilers, will be built in Toronto.

MASONIC CONVOCAION.
 John Leslie of Winnipeg Likely to Succeed to Chair of G. E. P.
 The 4th annual convocation of the Grand Chapter of Royal Arch Masons of Canada will be opened in the Masonic Hall, Temple Building, on Wednesday, Jan. 23, at 8 o'clock. William Roof, K.C., of Toronto, retires this year from the chair of grand first principal. He will doubtless be succeeded by the grand second principal, John Leslie of Winnipeg, while the present third principal, George Kennedy of Hamilton, will step into second place.
 It is eight years since a representative from the eastern section of the jurisdiction was selected for the grand council, and the choice is likely to fall upon L. Col. J. E. Halliwell of Stirling.

NAIL IN BRONCHIAL TUBE,
 Concealed for Nine Months and Discovered by X-Rays.
 New York, Jan. 14.—A two and one-half inch nail, which had been concealed for nine months in the bronchial tube of a two-year-old boy, has been discovered by means of X-rays at Beth Israel Hospital, and has been successfully removed.
 The child, Isidor Berkowitz, was seized with a choking fit nine months ago. The child, worn almost to a shadow, was given up as lost until, at Beth Israel Hospital, an X-ray picture disclosed the nail.

Trains for Busy Men.
 The business man prefers to travel at night, for obvious reasons, leaving Toronto after a good day's work and arriving at his destination in good time for another busy day. That's why his favorite train for New York is the C. P. R. 5:20 p.m., with through sleepers, arriving in the big city at 7:30 a.m., and for Detroit and Chicago the C. P. R. 7:15 p.m. is the most convenient out of Toronto. Detroit passengers remain in their sleepers until 8 a.m. Chicago is reached at 10:22 a.m. Equally convenient is the 10 p.m. express for Ottawa and Montreal, and a number of trains too numerous to mention. Chicago is reached at 10:22 a.m. Equally convenient is the 10 p.m. express for Ottawa and Montreal, and a number of trains too numerous to mention.

STUDENTS IN PEDAGOGY TO VISIT IN SCHOOLS
 Agreement to Be Entered Into Between University and Board of Education.
 An agreement was endorsed by the management committee of the board of education yesterday, whereby, if the board of governors of Toronto University pay over \$4000 in half-yearly instalments, the university students in the faculty of education will be permitted to visit the various schools for the purpose of studying the teaching process. In this manner, the aspirants to the teaching profession will be enabled to master the theoretical and practical sides during the period of graduation. The agreement embodies only the faculty of education of the university, and only in so far as concerns observation and practice-teaching, subject to such conditions as to details as may be agreed upon from time to time by the chairman of the board of education, the chief inspector of public schools, the senior principal of high schools representing the board of education, and the dean of the faculty of education representing the board of governors. In case of disagreement the superintendent of education may be appealed to; whose decision shall be final.
 In view of the appointment of Mr. Eldon to the principalship of the technical school, the following promotions in the teaching staff were made: Wm. Ward, B.A., assistant commercial master, to head of the commercial department; W. G. Edward of Cobourg, appointed assistant commercial master; Ketchum, Mr. Davis, to Palmerston Avenue, and the following transfers were made: Mr. Ruddick, from Dovercourt to Jesse Ketchum, and Mr. Kirk, from the West Industrial School to Dovercourt School.
 Two teachers, whose terms have been interrupted since their original engagements, were given credit with terms of service dating back to their first appointments, and will be scheduled accordingly. They are: Capt. J. S. Brown, appointed to Dufferin School in 1888, resigned in 1892, and re-appointed in February, 1905; and Mrs. Dandy (nee Parker), resigned 1901, and re-appointed in September, 1906.

NEW SCHOOL ON MANNING AV.
 Trustee Leave Will Try and Get a Sufficient Appropriation.
 Manning-avenue school may be re-placed this year by an entirely new edifice. When the board of education meets Thursday night, Trustee Leave will move that it be an instruction to the property and finance committees to provide a sufficient amount in this year's estimates to provide a new school building on the Manning-avenue site, that the sum be expended as soon as possible.
 The present building is pretty well crowded and bids fair to become more so, especially since the members of the board are talking of doing away with one of the schools in the southwestern part of the city. Then, again, the school is much dilapidated and inadequate to modern requirements.

TOO ANXIOUS FOR NEWS.
 "Unofficial Announcements" Must Be Taken With Some Salt.
 Premier Whitney objects to newspaper items that affect a quasi-official authority. He has no objections to rumors and reports, but when a statement is made to the effect that something is "unofficially announced" he thinks it time to draw the line.
 An unofficial announcement is understood to be a statement made by an official, but without mention of his name, or with mention of his name in a way that would lead to second-guessing.
 Premier Whitney made the following statement yesterday:
 "It is not true, as stated a day or two ago by an evening paper, that any announcement, official or unofficial has been made indicating the name of the member who would move the address in reply to the speech from the throne. The question has not been considered, but will probably be decided not later than Thursday of this week."

OTTAWA AND LARGER SUBSIDY
 Mayor D'Arcy Scott Will Submit Proposal to Government.
 Ottawa, Jan. 14.—Mayor D'Arcy Scott delivered his inaugural address this morning. He said that in a few weeks he would submit a scheme for receiving greater financial assistance from the federal government.
 A feature was the presence of Hon. R. W. Scott, secretary of state, father of the mayor. Mr. Scott was mayor of Ottawa from 1887 to 1890, and he paid his son and said that this being the jubilee year of Ottawa's selection as a capital, it should be fittingly observed.
 Mrs. Alfred Benson Fisher (formerly Miss Lena Fulton) will receive for the first time since her marriage in her new home, 96 Glen-road, Rosedale, on Tuesday, Jan. 22, afternoon and evening.

GOVERNMENT WILL APPEAL.
 The government will appeal the succession duties decision in connection with the Woodruff estate at St. Catharines.
 In the inventory the executors failed to include the homestead at St. Catharines, and \$400,000 worth of stocks and bonds held in New York City. The government will test the latter point.
 Body Identified.
 The man killed on the G.T.R. tracks Saturday night was John McLaughlin of 154 Spruce-street, warehouseman for the John Dick Company. The premises are about 200 yards from where the body was found, and it is thought McLaughlin was taking a short-cut for the tracks when struck by a train. He was 27 years of age and of good habits. His employment sometimes demanded irregular hours, and for this reason, his brother says, his absence on Saturday did not create alarm.
 Coroner Currie will open an inquest at noon.

THE DOUBLE TRACK ROUTE TO MONTREAL.
 Is via the Grand Trunk—that's the way to travel. Trains leave Toronto daily at 9 a.m., equipped with cafe parlor car to Montreal, and Pullman to Boston; 9 p.m., and 10:15 p.m. in the time of the "Eastern Flyer," with four Pullmans, to Montreal and one to Ottawa. FREE TO MEN UNTIL CURED
 Not One Penny in Advance Nor on Deposit
 To any man suffering from debility, losses, impotency, varicocele, or from lumbago, rheumatism, etc., who will call in person or apply by letter, I will give absolutely free one of my world-famed Dr. Sanden Electric Belts until a cure is completed. This is my faith in my treatment, as nearly 40 years' experience has proved that my method will cure any curable case of debility, and I am prepared to take the risk of a trial. This offer is made to all sufferers, but I especially solicit those who are tired of useless drugging for these troubles, as I have demonstrated in so many thousands of cases that my method of electrical treatment cures where all known drugs fail. I don't ask one cent in advance or on deposit. If you have faith to write me or call I will at once arrange to give you a belt suited in strength to your ailment, and trust you to pay me when cured or satisfied. In many cases, however, my great success has brought forth many imitators, and I must caution the afflicted that the genuine can only be had at addresses below.
 I have two best Little's books ever written upon electricity and its medical uses, and even if you don't need or wish to try my treatment they would interest and instruct you. I send them free, sealed, by mail.

 Pursuant to the Winding-Up Order made by the High Court of Justice in the matter of The Cash Buyers Tailoring Company, Limited, and dated the nineteenth day of July, 1906, the creditors of the above-named company, and all others having claims against the said company, having its Head Office in the City of Toronto, are on or before the 31st day of January, 1907, to send in, by prepaid letter to Omer W. Laidlaw, Liquidator of the said company, at his office, No. 67 1/2 Bay-street, Toronto, their claims, and the nature and amount of the securities, if any, held by them, and the specified value of such securities, if in default thereof, they will be peremptorily excluded from the benefits of the said winding-up order.
 The undersigned will, on the 8th day of February, 1907, at 11 o'clock, forenoon, at his chambers, Ogden Hall, Toronto, hear the report of the Liquidator upon the said claims, and let all parties then attend.
 Dated at Toronto, this 7th day of January, 1907.
 NEIL McLEAN,
 Chief Clerk, M.O.
 MACDONELL, McMASTER, GRAY & BARTON, 65 Yonge-street, Toronto.

IN THE SHERIFF'S COURT OF THE County of York—in the Estate of MARY SWANWICK MORTON, Deceased.
 Notice is hereby given that all persons having any claim against the estate of Mary Swanwick Morton, late of the Town of York, Toronto, Ontario, Canada, who died on the twenty-fifth day of October last past, are to send notice in writing setting out their names, addresses and the particulars of their claims to the undersigned executor, at No. 2 Toronto-street, in the City of Toronto, on or before the 31st day of January instant.
 And take notice that immediately after the expiration of the time above limited, the undersigned executor will proceed to distribute the assets of the testatrix amongst the parties entitled thereto, having regard to the claims only of which he has then notice, and that he will not be liable for the said assets, or any part thereof, so distributed, to any person of whose claim he had not notice at the time of said distribution.
 Dated this 12th day of January, 1907.
 E. L. MORTON, Executor.
 By His Solicitors, Armour & McKie.

MORTGAGE SALE.
 Under and by virtue of the Power of Sale contained in a certain charge mortgage, which will be produced at the time of sale, there will be offered for sale by Public Auction, to be held by Messrs. C. J. Townsend & Co., at their Auction Rooms, No. 68 King-street East, Toronto, on Saturday, the 26th day of January, 1907, at 12 o'clock noon, the following valuable freehold property, Parts of Lots Nos. 155 and 156, on the east side of St. George-street, in the City of Toronto, as shown on Plan M. S. Land Titles Office, at Toronto, more particularly described in charge or Mortgage No. 34080, filed in the office of Land Titles at Toronto, on the lot is said to be erected a two-story and attic brick dwelling, said to contain all improvements, and is known as 87 Dupont-street, Toronto.
 Terms: Ten per cent. of the purchase money at the time of sale, the balance in cash in fifteen days thereafter, with interest thereon at five and one-half per cent. from day of sale. For further particulars apply to O. R. Mackenzie, Vendor's Solicitor, 15 Toronto-street, Toronto.

AUDITORS' REPORT. We hereby certify that we have personally checked the cash on hand at Halifax, St. John, Montreal and Toronto.

We have further to report that having examined the foregoing Balance Sheet, and having compared the same with the books of the Head Office, and the certified returns from the branches, we are of opinion that it is full and fair Balance Sheet, exhibiting a true and correct view of the Bank's affairs as at 31st December, 1906.

SCARBORO HEIGHTS. Editor World: I suppose propositions are in order in regard to this matter.

I would therefore suggest a tunnel through the heights. I presume there is a likelihood of their being of clay formation from end to end.

The Dominion or province could undertake the work under a commission and charge the railways on every engine and car passing either way.

There should be a double track from end to end. To save time, the tunnel should be started simultaneously at the eastern and western ends, and another tunnel or opening should be made through the heights.

At this point I should propose that a breakwater or pier should be built in a curve to the southwest, making a harbor or harbor of refuge. A very pretty driveway could be built here connecting with the street car service. This would save

our bluffs. The railways could make Port Union a storage place for cars, coal, etc.

An Extra Car. The last car on the Parliament line now leaves at 11:44 p.m. nightly. This car will not run south on Sherbourne street from Queen, but will run west on Queen-street to Yonge and down Yonge to King to connect with the night car.

In addition to extensive purchases of Canadian skins, we're planning for the largest importation of European furs ever made by any store in Canada.

That means money—big money—and is one reason for the radical reductions now in force.

With stocktaking just ahead, we're urging sales all we can in every department, including \$165 Persian Lamb Jackets reduced to \$98.00.

Such prices speak for themselves.

President Gompers Initiates a Movement Looking to the Avoidance of Hostilities.

Logansport, Ind., Jan. 14.—A move for a general arbitration treaty, a periodic world assembly, impartial investigation of all difficulties before hostilities are engaged in by nations and the immunity of private property at sea in time of war was initiated by Samuel Gompers, president of the American Federation of Labor, to-day. Following a resolution adopted by the federation recently he submitted to all branches of the organization an urgent request to secure from the local congressmen immediate expression as to their sympathy with this movement.

"The trade union movement from its inception," declared President Gompers, "has been opposed to war, its brunt falling upon the working people. While it may not be practical to all branches of the organization of all countries, the time demands that the extraordinary increase in armed naval and military forces be restricted."

Legality of Proceedings is Questioned—Appointments for Coming Year.

Toronto Junction, Jan. 14.—At the inaugural meeting of council this morning, Mayor Baird reported a satisfactory financial condition. Only \$14,500 taxes remained unpaid on Dec. 15, and for the year 1904-5 only \$4500 are owing. Before the end of 1907 he hoped spring water from the Whitechurch Township artesian wells would be delivered in the town without preliminary expense, the company connecting with the town mains on St. Clair-avenue.

Application to the legislature will have to be made to finance the Dundas-street pavement, the present stones from which could be used on other streets. A road roller might be purchased.

Referring to the lighting system, the mayor said that before the end of the quarter gas bills could probably be paid at one of the local banks instead of at the company's office in the city. He wished the council to take up with the G.T.R. the matter of the erection of a new station. Railway gates were also necessary. In an interview with Manager Fleming, Mr. Baird ascertained he was opposed to loop roads via Keele, Annette or Humber, but he advocated that the matter be proceeded with.

The Suburban Railway would also make another application for permission to construct a line on St. Clair-avenue, and the whole matter of the town's position with the company should be brought up. In the meantime, he recommended the passage of a by-law, declaring the franchise of this company forfeited on all streets south of Dundas-street, by reason of non-use of the Evelyn-crescent line. He also favored another policeman being appointed, and a new police station block of the Campbell block and the rearrangement of the present quarters. The athletic grounds he hoped to have ready for the opening of the season, and favored purchasing more land on Carlton-street for one on the north side. Of local opinion he said: "I shall deem it my duty and your duty to co-operate with the provincial authorities, and to instruct our police force in the strict enforcement of the Liquor License Act."

The following committees were appointed: Executive—All of the council. Health—Councillor Howell as chairman. Works committee—Councillor Hain, chairman; Councillor Whetter, vice-chairman; and Councillors Ford, Armstrong, Wether, proper committee—Councillor Bull, chairman; Councillor Irwin, vice-chairman; Councillors Chapman, Sheppard and White. Councillor Chapman was elected chairman of the claims committee.

Among those present at the ceremonies were ex-mayors. The meeting was adjourned until 8 o'clock in the evening. The resignation of Dr. G. S. Martin in the collegiate institute board was received and accepted. Ex-Mayor Jesse C. Smith was appointed to fill the vacancy. J. McEachren was re-appointed. Councillors Hartney and W. J. Irwin were re-appointed as members of the board of health, while William H. Hain and J. Baird were re-appointed auditors.

The last meeting of the collegiate institute board was held to-night. Permission was granted to the League of Women to use the auditorium on the evening, Feb. 8, for an at home. The meeting was held in the evening. The public library board has elected these directors: A. B. Rice, chairman; R. R. Hopkins, vice-chairman; R. G. Jones, F. C. Jones, C. Murray, R. L. McCormack, W. P. Hartney and Capt. Ross.

The death occurred to-day in the Western Hospital of Mrs. T. Sproule, wife of T. Sproule. She had been ill for some months. The funeral will take place on Thursday afternoon at 2 o'clock, to Prospect Cemetery, from Speer's undertaking parlors. Councillor R. T. White is on a business trip to Montreal.

North Toronto.
North Toronto, Jan. 14.—The newly-elected council met to-night. The mayor stated that no doubt considerable business would come before the council this year, as the population is rapidly increasing. One problem to be met is electric house lighting. The following compose the standing committees: Finance—J. Douglas, chairman; Brownlow, board of works—Chas. Murphy, W. J. Lawrence, A. J. Anderson, A. J. Brown, water, fire and light—W. J. Lawrence, A. J. Anderson, Chas. Murphy, A. J. Brown. The first named of each committee was elected chairman. A. O'neil wrote resolutions for the Hawthorne-avenue. Harry Burckhardt complained about bad planking of a bridge, which caused one of his children to be nearly drowned. The school desired an advance of \$500; referred to finance committee. H. H. Ball and H. R. Duke were appointed auditors at \$50 each. A. J. Davis was re-appointed member of the local board of health. J. M. Whaley was re-appointed assessor at \$200. Twenty-five dollars was granted to the Sick Children's Hospital. The legislative committee is composed of Mayor Douglas, Councillors Brownlow, Douglas and Brown, and they will take proceedings to secure legislation to hold elections on New Year's Day.

A vestry meeting of St. Clement's Church was held to-night. The rector spoke of the present crisis in St. Clement's history. He wanted the vestry to assume the payment of \$200 per annum to Rev. A. Griffin, his assistant; he would add \$200 to this amount, and the balance of his remuneration would come from St. Clement's. On the motion of Mr. Worth, seconded by Mr. Usher, it was unanimously resolved that the vestry be authorized by the vestry to open an account with the Eglinton board of the Montreal Bank. On the motion of Mr. Lawson, seconded by Mr. P. Waddington, the vestry agreed to pay Rev. A. Griffin the sum of \$400 per annum as assistant, the appointment to date from Jan. 1. It was moved by Mr. Lawson, seconded by Mr. Ruthven, that the vestry deem it expedient to proceed with the enlargement of the

present church building as soon as possible. Churchwarden Waddington read the report of the finances of the church since Easter, which showed church receipts up to date of \$2386, while last year the amount received up to a corresponding date was \$1825.10. Sunday school collections amounted to \$468.67, against \$254.77, the same date last year; on the special contribution for land purchase there remains a balance due the wardens of \$302.94; church expenditure for the year was \$188.00.

East Toronto.
East Toronto, Jan. 14.—After being held to-day, the council meeting of the East Toronto council to-night adjourned for two weeks, to await the result of legal proceedings which are being taken against the council. The council officers and the election of Mayor-elect Ross, and the members from ward one. The fate of the annexation of the ward is also involved. The whole trouble was precipitated by the announcement by the solicitor at a late stage that legal proceedings would be instituted against the return of Mayor Ross, on the ground of irregularity in the voting proceedings in ward one. The annexation of the ward from the point of receiving its third reading when, on the advice of Solicitor Grant, further action was deferred.

When Mayor Ross called the meeting to order promptly at 8 o'clock there were present all the members except Reeve Nimmo. In his inaugural address the mayor urged the necessity for aggressive action with respect to the entrance of the proposed railways, urged the extension of the Toronto and York Railway to the northern limits of the town, favored the establishment of a horticultural society, together with the installation of an all-night electric light service, and the building of a cribwork at the mouth of intake to insure a better supply of water.

The following committees were appointed: Finance, Nasmith (chairman), Berry Shinick, Phelan and Nimmo; water and light, Berry (chairman), Abbott, Phelan, Brown and Hodgson; roads and sidewalks, Shinick (chairman), Nasmith, Cobbedick, Johnston and Crane.

Mayor Ross and William Proudfoot, K.C., were appointed to represent the town before the railway commission at Ottawa on Wednesday morning entrance. W. H. Lucas and Wilson Penton were appointed auditors at \$100 each; George W. Ormerod, assessor at \$200 per annum, and Dr. Watters, medical

the streets, the improvement of the street railway and the enforcement of the local option bylaw were some of the points touched upon.

Arch Campbell, M.P., gave a short address. He thought the municipality should wait upon the Dominion railway commission for improvement in the Grand Trunk and C.P.R. service, and also on the Ontario railway commission for improvement of the Toronto suburban lines.

A musical program was rendered after the opening by Messrs. Jackson and Coon, Mrs. E. P. Irwin, the Boys' Quartet and the Weston Male Quartet.

Markham.
Markham, Jan. 14.—The annual meeting of the Markham Township Sabbath School Association will be held in the Methodist Church on Thursday and Friday.

The E. Y. Women's Institute will meet on Cedar Grove, to-morrow. Councillor J. A. Wales has left for Birmingham, and will return on Jan. 17. The Rev. J. A. Brain, assistant curate of Holy Trinity Church, Toronto, will give an illustrated lecture in Grace Church to-day and will continue in session to-morrow. The members of the town council were sworn in at noon to-day.

York County Council.
Some difficulty will, it is said, be experienced in seating comfortably the members of the new York County Council. Under the system just abolished there were only 18 members, whereas the new council will have 21.

The good roads question and the hospital question are the principal matters likely to come up for discussion.

York Township Council.
The regular meeting of the council of York Township took place yesterday. Reeve Henry suggested some reforms, the foremost of which was the appointment of a committee for the year as follows: Roads and bridges, West York, Messrs. Watson and Nelson; printing and stationery, Jackson and Nelson; bylaws and legislation, the council as a whole, with Mr. Watson as chairman; property committee, Messrs. Watson and Barker; finance committee, the council, with Mr. Barker as chairman.

A bylaw was introduced to borrow the sum of \$20,000 from the Metropolitan Bank, at 1 1/2 per cent., to meet current expenses.

Ilminster.
Ilminster, Jan. 14.—The inaugural meeting of the Ilminster Town Council was held to-day. There were present Reeve J. D. Evans, Deputy Reeve Russell, W. Warner, Councillors Danbridge, Garthouse and Stubbs. The following appointments were made: H. H. Tice and R. Steele to the board of health; J. D. Evans, J. D. Moore, Neil, Robert Bell, Alfred Rush and E. P. Cave, sanitary inspectors; J. A. C. Tice of Ilminster and F. F. Reeves of Hornby Bay, auditors. The sessions of last year were re-appointed, namely, George W. Holdenby for district No. 1, I. L. Lawrence, A. J. Anderson, Chas. Murphy, A. J. Brown, for district No. 2, and Alex. Gracie for district No. 3.

A resolution was passed that the application of James Rice to be removed from school section 12 to school section 13, be considered at the March meeting. Reeve Evans was appointed representative to the Ontario Municipal Association. The time to complete the collection of taxes was extended until Feb. 1. A motion was passed to comply with the request of the Ontario Association to petition the legislature to amend the Municipal Act and relieve the municipalities from the position of their heavy responsibilities to highways.

Deer Park.
The Deer Park Public Library held their annual meeting last night and received the reports in connection therewith. The past year had been satisfactory and showed an increase of 400 books, making a total of 1000. The readers have increased and the financial state is healthy. The members of the new board are Thomas W. Gibson, president; Rev. T. W. Pickett, vice-president; W. J. Thomson, secretary; E. Grainger, treasurer; J. W. Moyer, W. W. Ellis, E. W. D. Butler, A. E. Armstrong, D. C. Murray, M. Brodin and B. Sinclair.

Weston.
Weston, Jan. 14.—The municipality of Weston was treated to a new departure in council openings to-night, when over three hundred citizens responded to an invitation to be present. The hall was gaily decorated for the occasion with flags, flowers, etc.

Rev. R. M. Hamilton offered the opening prayer, and Dr. Irwin, the newly-elected reeve, delivered an address touching on the plans for the coming year. The guarantee of \$7000 bonus to the Weston Beddison Company, the issuing of debentures for permanent improvements, the establishment of a volunteer fire brigade, the watering of

quality of the chorus, and while there was nothing to be desired in taste and execution, the richness and power of the voices left little ground for criticism in quality of tone. The first song "The Silent Tide" was also beautifully given and in response to an encore the choir sang "The Harp of Once," with true Celtic warmth. Other encores were ignored except that Mr. Damrosch responded to the call to sing "Nutcracker" number, and the last stanza of Dr. Ham's "Canada" was repeated after an imperative demand. This setting of W. A. Fraser's patriotic lines has some bold and splendid phrases, but yet lacks the magic touch of a national anthem. It will be repeated to-night when the rest of the program, which is entirely new, contains: Symphony, "The Russian Wedding," Goldmark; part-songs, "Sweet Content," Francesco Bergoni; "Spanish Serenade," Elgar; A Village Festival, from "Naimona," Lalo; part-song, "Greetings," Brahms; "The Love Music" and Brangane's "Spell," Wagner; part-song, "The River Flower," Strong, My Love; Roland Rogers' chorus, "Our Enemies Have Fallen," Stanford.
