CHURCH UNION IS YET DISTANT COMMITTEE ADJOURNS FOR YEAR

Gratifying Progress Made But Many
Perplexities Remain—Sub-
Committee Reports on Training
for Ministry.

RECOMMENDATION FOR THEOLOGICAL COURSE

The joint committee on church union concluded its labors last night, with a feeling of satisfaction that much has been accomplished, but with the feeling that a great deal of consideration must yet be given to many important matters.

It was decided to hold the next meeting next September, and in the meantime the different ministers will be sent copies of the reports that they may find out the attitude of their congregations. A committee was formed from each denomination, with Dr. Sutherland as convener, to get full information regarding funds and methods of administration. The committee consists of: Dr. Sutherland—Mr. J. K. Macdonald, Dr. Radcliffe, Dr. Sommerville, Rev. W. D. Armstrong, Thos. Sedgwick, President Falconer, John Patterson, Rev. Dr. R. D. Fraser, Methodists—Rev. Dr. Alexander Sutherland, Rev. Dr. W. S. Griffin, Rev. Dr. Evans, Mr. H. H. Fudge, Mr. Ed. Gurney, Jud. Chesley, Congregationalists—Dr. Warriner, Rev. J. S. Daly, Mr. T. B. Macaulay.

Judge Forbes, seconded by Mr. Chester Massey's motion, said it was the aim of the union to build a church of righteousness, truth and holiness, whose God is the Lord.

Candidates for Ministry.

The important changes made in the report on ministry were in relation to the training for the ministry. No candidate for the ministry will be received unless he has been first recommended by a body corresponding to a session, quarterly board, or a local church. The duty of enquiry into the personal character, doctrinal beliefs, and general fitness of candidates for the ministry shall be laid upon the examining body. The duty of enquiry into the personal character, doctrinal beliefs, and general fitness of candidates for the ministry shall be laid upon the examining body. The duty of enquiry into the personal character, doctrinal beliefs, and general fitness of candidates for the ministry shall be laid upon the examining body.

Substantial Progress But Much Still to Do

Moved by C. D. Massey, seconded by Judge Forbes, and resolved:

"That this joint committee on the proposed union of the Presbyterian, Methodist and Congregational churches, on the completion of this, its fourth session, feels that there is abundant occasion for thanksgiving to God, in view of the brotherly intercourse again enjoyed and the spirit of candor, patient deliberation and mutual regard and concession that has characterized all the proceedings of the session.

"The practical unanimity in the decision of the committee affords a fair prospect that, in due time, the matters in hand may be submitted by the various churches, under their constitution and usages, to their people and their courts for their consideration.

"We are persuaded that decidedly substantial progress has been made towards the end in view, and that such solutions of difficult problems have been found, so far as we have prosecuted our work, as to enable us to affirm our conviction that the proposed union appears to be practicable.

"When we consider the difficulties and perplexities that must be expected to arise in an effort to bring into one the systems so various and of so long standing, we may well be gratified at the unanimity which has obtained.

"The questions of doctrine, of the different policies and modes of administration, of the tenure of property (of the benevolent funds especially, such as the aged and infirm ministers' and widows' funds), the publishing interests, the college and educational works, and the legislation necessary to give effect to the union and secure all the interests involved, have heavily taxed our most experienced men and clearest thinkers, and must continue to demand their utmost attention till satisfactory conclusions shall have been reached.

"Such and kindred questions which have arisen demand also the earnest and prayerful attention of all our people, and the exercise of due patience till this great work, in the providence of God, shall have been completed."

FOREIGNER WAS A LOSS ABOUT BRIDGE

Wrote Concerning the
Quebec Structure and
Asked for Tele-
graphic Instruc-
tions.

QUEBEC, Sept. 15.—(Special.)—On the very day of the Quebec bridge disaster, a letter was received at Phoenixville from Mr. Yenser, the actual foreman in charge of the work, asking for telegraphic instructions as to whether or not he was to continue work on the structure in view of the defective chord. This fact was sworn to by Mr. Milliken, who was in Phoenixville at the time, and who immediately called up Yenser on the long-distance phone to learn from him that, believing there was no danger, he had continued operations. Yenser is one of the victims under the debris of the bridge. One of the day's witnesses, L. Nance, had a marvelous escape when the structure collapsed. He ran a small electric engine on the top of the bridge gird, he was in the water almost before he knew what had happened. He was picked up by a small boat. When asked to point out the defects in the structure, he said his attention had been previously drawn to defects in the structure, but he had continued working because he did not care to be the first man to walk off the work.

Haoul Lafrance said he had noticed a crack in one of the bridge plates two or three weeks before the collapse. It was 18 or 20 inches long and as wide as his little finger. His cousin, a blind man, who had since left for the lumber shanties in Ontario, had drawn his attention to it. He noticed it on three different days. When asked to point out its location on a plan he indicated a different position to that given by the former witnesses. He was ordered to meet the engineers to-morrow on the scene of the wreck to endeavor to locate the defect.

Mrs. Cassie Chadwick, Witch of Finance, Blind

Woman Who Victimized Bankers and Capitalists Utterly Collapses at
the Feet of Her Loyal Son—Oculists Have Been
Called in to Administer Treatment.

COLUMBUS, Ohio, Sept. 15.—While engaged in conversation with her son, in the female department of the Ohio penitentiary, where she has been confined for the past two years, serving a ten years' sentence for wrecking the Oberlin National Bank, Mrs. Cassie Chadwick, former witch of finance, who, representing herself as the natural daughter of Andrew Carnegie, victimized dozens of Ohio and eastern bankers and capitalists to the extent of millions, to-day suffered a nervous collapse that nearly cost her her life and left her, temporarily at least, sense blind. She was carried to the hospital in the female department by her son, and female attendants and Dr. Garrett, the day physician, was immediately summoned. Dr. Garrett found Cassie lying on a bed in the hospital, in a chill. Altho she was conscious and quiet mentally, her circulation was almost stopped and she was blind. Dr. Garrett immediately administered nitro-glycerine and gave her some hot whiskey. He also directed the attendants to bathe her feet in hot water. Under the strong restoratives Cassie revived within 20 minutes, and resumed her normal state, altho she was weak and sightless. Dr. Helmeck is of the opinion that the blindness is only temporary, but has called in oculists, who are administering treatment.

DEGRETT MEN TO BE DEPORTED MAGISTRATE IS UNDER FIRE WAS BRIBERY SAYS PUGSLEY

Back to India Must Go
Old, Sick and Un-
desirable Immi-
grants.

OTTAWA, Sept. 16.—A telegram from Dr. A. S. Moore, Dominion health officer at Vancouver, received by the minister of the interior this morning, states that of the 900 Hindus who arrived by the Montague last week twenty-five were found to be too old and physically undesirable as immigrants, and will be deported. Thirty-five were found to be suffering from trachoma, and some of these may also be deported. None of the nine hundred was destitute, and among them had, Dr. Moore says, over \$25,000 in cash.

ORANGEVILLE PEOPLE GO Back 30 Years to Rake Up Charges.

In pursuance of correspondence which has passed on the subject between the complainants and the department of the attorney-general, a deputation consisting of the Rev. of Orangeville and two of the councillors, Messrs. Lynn and Henderson, waited yesterday afternoon upon the Hon. J. J. Foy, and requested that a thorough and early enquiry be ordered into the methods employed by the police magistrate of Orangeville, Joseph Fattullo, during a period extending over many years.

CHALLENGES R. L. BORDEN to Deny That Conserv- ative Party Raised Half Million.

ST. JOHN, N.B., Sept. 16.—(Special.)—Hon. Wm. Pugsley, minister of public works, in a speech here to-night, made direct charges of corruption against the Conservative party, and said that at the last election \$25,000 had been spent in Westmorland County alone to defeat Emmerson, while over the Dominion \$500,000 had been raised.

FINANCIAL CRISIS PASSED BUSINESS IS QUICKENING

Chairman of Steel Corporation, Mr. E. H. Gary, Gives Reasons for
His Optimistic Prediction—Good Securities at a Bargain.

THE C. P. AND THE ALL-RED.

MONTREAL, Sept. 16.—The opinion is growing here that the Canadian Pacific is behind the All-Red route, and that it has already given orders for a number of steamers, smaller but faster than the new Lusitania of the Cunard Line. The object in view is to make the voyage from an Irish port to the nearest available port of Canada in less than four days. Negotiations are believed to be going on satisfactorily between the Canadian and British authorities and certain steamship people—in all likelihood the Canadian Pacific.

STEEL COMPANY WINS GREAT LEGAL BATTLE MILLIONS INVOLVED

Mr. Justice Longley Gives Judgment
for Dominion Iron and Steel
Company All Along the Line
—Damages May Reach \$800,
000—Legal Fees Said to Be
\$125,000—Case to Be Appealed

"I do not wish to read into the contract any implication. I have only to make the necessary and inevitable deduction that coal to operate an iron and steel plant must be coal with which such plant can be operated. Between Nov. 1st and 9th the coal company furnished in large quantities coal not reasonably free from stone and shale and incapable of operating an iron and steel plant and while they were mining plenty of coal for such purposes."—Part of Mr. Justice Longley's judgment.

HALIFAX, N.S., Sept. 16.—(Special.)—Judgment was filed to-day at Sydney by Justice Longley, in the celebrated case of the Dominion Iron & Steel Co. v. the Dominion Coal Company. The Steel Company wins on all points.

This suit was tried in July and August last, the trial lasting three weeks; many of the ablest lawyers in Canada were retained, the legal fees alone amounting to about \$125,000. The case will probably be appealed.

The judgment is divided into two sections. The facts and the law. The former refers to the history of the companies and the agreement.

On Oct. 20, 1903, an agreement was made whereby the Coal Company undertook to furnish the Steel Company with all the coal they should require at a stipulated price, but that the Steel Company should not demand more coal than was necessary for the operation of four blast-furnaces and the conversion of its product into various forms of steel manufacture. It was to be on the basis of a bargain. The former refers to the history of the companies and the agreement.

The judge says: "This contract, in its terms, makes it clear, I think, that coal for the operating of an iron and steel plant is the basis of the bargain. The coal required is designated in the contract as 'freshly mined run of mine coal, reasonably free from stone and shale, and incapable of operating an iron and steel plant.'"

"The slack coal so supplied, when properly washed by the Steel Company, shall not contain a percentage of impurities greater than the percentage of impurities in the same coal run-of-mine grade, when crushed and washed in the same manner."

"Satisfactory for a Time."—For a time the coal supplied was satisfactory, until the defendant company opened a new seam known as the 'Chelan seam' in July, 1905, and supplied the Steel Company with coal therefrom.

"The Steel Company claimed that they had made no breach of the contract because the coal tendered after Dec. 1, 1906, was not coal contemplated in the contract. The learned judge found the Steel Company to be right in its contention in this matter, and that it was not the intention of the Steel Company when they refused the coal between the 1st and 9th of November 1905, to breach the contract."

"I think the contract of Oct. 20, 1903, is still in operation, and, in my judgment, the best, indeed the only true remedy in this case, is the issuing of a decree requiring the Coal company to perform the terms of the agreement."

"I am not unaware of the difficulties which such a course might possibly involve, but I think this court has ample power to enforce such a decree by the appointment of a receiver, if any attempt was made to evade performance."

"To award damages for a period so long as the term during which this contract is to be in force seems to be an undesirable remedy from every point of view."

"I therefore direct that after the damages sustained up to the date of the reference is determined by the referee, an order pass requiring the Coal company to pay such damages and accretions to specifically carry out the terms of the contract according to the true tenor thereof."

"The damages due from Coal to Steel to be ascertained by the referee, and estimated at \$500,000, and indirectly the Coal means \$15,000,000 either to the Coal or to the Steel interests."

BISHOP APPEALS FOR PUBLIC PURITY

Addressing Canadian
Club, Points Out Dan-
gers Which Threat-
ens Our National
Life.

SECRET OF INFLUENCE.
To have a proper influence
over your fellow-men,
Be absolutely straight.
Have no "side."
Be sympathetic.
Show a sense of humor.
Have the spirit of faith.
—BISHOP INGRAM.

The Bishop of London electrified and thrilled some 650 of Toronto's leading citizens, who attended the luncheon given in his honor by the Canadian Club yesterday, by his inspiring address. The bishop was received with vociferous applause.

"I would remind you," he said, "that I am not yet 50, but I seem to have more than 60 years' experience of human nature, for I have associated with all sorts and conditions of men. Before I was 30 I had plunged into the East End of London and came in contact with the coarser. It was there I learnt the lesson of give and take. After a few years of this I was made a canon of St. Paul's, when I was able to apply my experience of human nature to the busy men of the city. Shortly after this another turn of fortune's wheel, or as I prefer to put it, the wise ruling of the monarch handed me in the house of lords, and the fashionable West End, where I have spoken the truth on social evils equally as plainly as I did in the slums of the East."

"I think I have grasped the secrets of the influence of one man over another. There are five of them. The first is absolute straightness. I always believe in being straight."

"I never allowed a man in the East End to be outwitted by me, and I never allowed my own more than I would allow a bishop to be outwitted to join the Land League."

An example for Canada. "I have learned a good deal about Canada during my short stay here, and I am going to speak straight to you, but do not let me be misunderstood. I think Canada has a good deal to learn from the Old Country. I believe we in England can hold up an example to the rest of the world for straightness in public life."

"There is not a public man in the old-country to-day who has gone into public life for his own aggrandizement. We pride ourselves on the purity of our public life, and when the political corruption was revealed a short time ago in West Ham the whole of popular England turned against those people."

"My friends, I do not want to dictate, but I would commend to you a straightforwardness in your public life in Canada. (Loud applause.) If you are a population of 10,000,000—greater than England—greater than the United States—you must insist on having purity in the political and municipal life of the country." (Renewed applause.)

Be Sympathetic. "The second secret was 'have no side' or 'fillis.' The self-complacent man lost his influence with his fellows and never regained it."

"As for the third secret, 'everybody hates the man who does not possess a sympathetic heart,' said the bishop. 'Sympathy is necessary to help each other in our daily lives. Learn to look on life as stewardship—not as ownership. You only possess it for a few years; have sympathy. It is a big influence. If there was more of it, we should have less of socialism and other fantastic theories.'"

"The fourth secret was to have sense of humor. 'Could I have held the vast crowds spellbound in Victoria Park unless I had a broad sense of humor and made them laugh heartily?' he asked. 'Christianity means cheerfulness. If a man is really happy he must take a bright view of things and reflect that brightness in his life and not be afraid of a joke. Langsdorf faces are no aid to religion. Laugh, be cheerful, be humorous.'"

"The fifth and last, but most important secret was 'faith.' A man without faith had no conviction, no influence. One must have faith in God and faith in another woman. Faith was essential to life."

"Our Future. 'Take these secrets to your friends, make good use of them, and your fellow-men will be the better for you having lived. Apply them as a nation and Canada will be in all the best blocks destined to be—the greatest nation in the world.' concluded his forthright and amiable appeal."

John Turnbull occupied the chair, and presided over the proceedings.

STONEMASON TUMBLED FORTY FEET; INJURED

Nelson Sinclair Was at Work on Central Presbyterian Church—Was Picked Up for Dead.

HAMILTON, Sept. 16.—(Special.)—Nelson Sinclair, a Toronto stone mason, had an exciting experience to-day. He arrived in the city at noon and started work on the Central Presbyterian Church. About an hour after starting to work, while putting a heavy cornerstone in place, he fell a distance of 40 feet, the stone coming with him. He was picked up for dead and carted off to the City Hospital, where the doctors, after a careful examination, were astonished to find that he had escaped with a sprained wrist.

This evening Kilen and Binkley made application for a renewal of the lease of the store they now occupy and the store adjoining, offering to pay \$1200 a year rent and spend \$3000 on improvements. A sub-committee was named to consider the matter.

The heroic sacrifice of C. R. Jameson, by which he lost his life by drowning at French River recently, has created profound admiration and sympathy.

C. R. JAMESON.

The young wife enjoyed the life, judging from her letters home, but it was thought in Toronto that Mr. Jameson might spend this coming winter in the city, the Mr. Jameson had not decided that definitely.

Misfortune came to him at French River last spring, but no complaint was ever heard. His house and nearly all his personal effects were burnt.

FRENZIED ITALIAN MOB TRIES TO KILL MOTORMAN

Squad of Policemen Save Man's Life—Crowd Packs Four Blocks.

NEW YORK, Sept. 16.—With clubs and revolvers drawn, a squad of reserve policemen from the East 104th Station fought a mob of infuriated Italians, numbering thousands, who tried to lynch Garret Morrissey, a motorman on the Second-avenue subway line last night, after his car had run over and killed a 9-year-old boy.

CONVICT'S STORY TRUE. MONTREAL, Sept. 16.—A number of human bones and a skeleton were found in a quarry in the north end yesterday. The place was being drained by order of the police in order to ascertain the truth of a statement made by a convict serving a term in penitentiary that the murdered bodies of Ellen Quinn and a Chinaman were disposed of by murderers at that place.

AN ADVANTAGE IMPERIALLY. LONDON, Sept. 16.—(C.A.P.)—Postmaster-General Buxton's annual post-office report states the reduction in Canadian rates to be a considerable advantage imperially, commercially and otherwise; already there is a large increase in the number of periodicals and magazines sent to Canada.

PHYLE WINS AND LOSES GAME GRAYS WINNING OBIT IN NINTH

Score Was Providence 8, Toronto 7—Baltimore Wins Two From Buffalo—Newark and Jersey City Win.

PROVIDENCE, Sept. 16.—(Special.)—Providence defeated Toronto again to-day in a game in sharp contrast to the one of yesterday. Both teams fielded loosely, the locals putting up a awful article. Manager Kelley gave Dolan a try-out, and he proved a rather indifferent success, and when the score was tied in the sixth pulled him out and sent in Moffitt. The latter was little improvement, but lasted the game out. Mack pitched like an amateur from the bush league, giving nine bases on balls, making wild pitches and allowing the visitors hits when they needed them. It was a most tedious game from the beginning, and neither team deserved to win. Phyle won the contest in the first half of the ninth on his three-base hit, with two men on bases, and then lost it in the second half on a wild throw to the bleachers on McConnell's bunt. There were two on the sacks at the time, and the visitors one ahead. The bunt was safe, and it was folly to throw the ball. Phyle made no effort to get it, but giving the flying sphere one look as it sped ten feet over his head, he ran to the bench, while the winning runs were being driven over the plate. Dolan connected with one of Mack's benders in the sixth, with two on the bases, and put his team in the lead. Phyle then pitched to the left field fence for three bases. To-morrow Thoney and Phelan will give an exhibition of base-running previous to the game. They will be timed on hitting and running out bunts and in circling the bases.

Argos Begins Races

The C.I.A. match committee yesterday ordered Brantford and Junction Shamrocks to play a sudden death game at Newmarket to-morrow for the Junior C. L. A. championship.

These are the two teams that battled for the championship and by the way it was at the same place, Newmarket.

Both teams are running excursions, while special cars will be at the corner of Keele and Dundas-streets at 2.45 to-morrow to connect with the Metropolitan cars leaving North Toronto at 1.30. The game is called at 3.30.

BRIDGE AND JUNCTION DANDELION'S RECORD IN GRAVESEND FEATURE

Wins Oriental Handicap, 1-4 Miles, on Opening Day in 2:04 2-5, Nicol Up.

NEW YORK, Sept. 16.—Dandelion, the 8 to 5 favorite, won the Oriental Handicap, 1-4 miles, the feature of the opening day of the Gravesend fall meeting in winning. Dandelion made a track record for the distance by stepping it in 2:04 2-5, which is one second faster than the best previous time. Cabochon set a fast pace to the stretch, where he tired, and Running Water then took command and appeared to be winning, but Nicol brought Dandelion up on a hard drive and won by a nose. Please, the favorite, won the Flatlands Stake. Summary: First race, all ages, handicap, about 5 furlongs—Jack Atkin, 117 (Sandy), 4 to 1; 2, 117 (Miller), 3 to 1; 3, 117 (Miller), 3 to 1; 4, 117 (Miller), 3 to 1; 5, 117 (Miller), 3 to 1.

Argonauts Practice Senior Rugby Club Has Initial Workout—Back Division Good—Notes.

The Argonaut Rugby Club held their first practice of the season last night on Varsity field, and judging by the material out, the back division this season will be strongest ever. Naturally the Argos will miss Roy Clark, who leaves in two weeks' time for New York. Peter Flett, Sale and Tommy Hay will be left of the old guard, while Kent, a brother of Old, who played with Galt last year, and Mackwell, captain of Ridley last season, will be available. All these players were out to practice last night. There are in uniform were George Mara, Benny Russell, Julius Thomson, Grant, Maguire and Guy Clarkson. Only a light practice was indulged in, as will be the case every night this week.

The presentation of prizes won at the annual regatta of the Island Aquatic Association was witnessed by a large crowd of Islanders. The president, A. R. Denison, was in the chair, and the prizes were presented by Mrs. Denison, Mrs. Dyas and Miss Ireland. This year's prizes were easily the finest ever presented by the club. The winners of the championships are as follows: Senior Harold Huckvale; Intermediate, Aubrey Ireland; Junior, A. S. Bryce, Jr.; Ladies, Miss Luvia Ireland.

Prizes were also presented for the winners of the weekly sports, as follows: Senior, Harold Huckvale; Intermediate, Aubrey Ireland; Junior, A. S. Bryce, Jr.; Ladies, Miss Luvia Ireland.

Kel's Old Town Trims Bisons. BALTIMORE, Sept. 16.—Buffalo dropped two games to the Orioles to-day. Errors figured largely in the score of the first game. The contest was a battle royal between Adams and Milligan with costly even but the visitors' misplays were costly and assisted the Orioles in their victory. In the second game the Bisons played very amateurish ball, and the locals played rings around them.

Senior Soccer Schedule. Queen Street Team Admitted to East-ern Section and Games Revised. The secretary of the Toronto Football Association would like to hear from a junior team to fill the vacancy in the junior series. Any team wishing to fill in the bye must have their entries on or before Sept. 16. The bye in the senior series of the season has been filled by the Queen-street church team. The secretary would like to hear from any club which is capable of a muddled condition, and the whole trouble traces back to the short-sightedness of the delegates not passing the residence rule several years ago.

an assortment of Rich Black Velvet
and Silk Coats (short or full
length). If in quest of something that
is really good and looks quietly elegant,
one of these splendid
Pattern Garments,
is just the thing.

Ladies' Tailored Suits.

Every reasonable style fabric and
shade is here represented in strictly
first-class New York tailored designs.
One of the advantages of buying ready-
made is that you can try on your
to-wear apparel in the fitting before de-
ciding. The prices of our suits are, as
usual, right, ranging from \$15 to \$35.

Evening and Afternoon Wraps.

There is a particularly striking sugges-
tion of selectness in our stock of
fine cloth Afternoon and Evening
Wraps. Beautiful fine cloths in every
shade, handsomely trimmed, newest
shapes, sleeves, etc., well worth see-
ing. Ranging from \$25.00 to \$135.00 each.

Millinery.

Our Millinery this season excels even
its reputation for the latest, tasteful
and most becoming models. The splen-
did collection of "Pattern" headwear
gathered into this season's showing,
together with our own designs, makes
success in pleasing every customer a
foregone conclusion.

Dress Fabrics.

Every demanded weave and color is
fully represented in our stock of choice
Dress Goods, Silks, Velvets, etc., so
many particular patterns shown by
us will not be found elsewhere, being
confined to ourselves, this feature be-
ing a consideration to careful dressers
in that it prevents commonness.

Ladies' Tailoring &c.

We have several splendidly equipped
mills under thoroughly
competent management, for the prompt
and satisfactory execution of all classes
of Ladies' Ordered Tailoring, Gown
making, etc.
Mail Orders receive prompt and care-
ful attention.

BISHOP APPEALS

Continued From Page 1.

with the bishop on his right, Arch-
bishop Sweetman on his left, and sup-
ported by Canon Welch, Stanley Chris-
topher, Bishop Reeves, Canon Cody,
Provost Maclellan, Canon Sweeney,
President Falconer, Principal O'Meara,
Rev. George Jackson, Rev. A. Gander,
Rev. F. C. Anderson, and others.

The president, in proposing a vote of
thanks, said they were all grateful for
the inspiration and uplifting he had
given them, the moral enthusiasm he
had shown would strengthen them in
their loyalty to the motherland.

Canon Cody, in seconding, said it
was the first time in the history of the
country that a Bishop of London had
paid a visit. The bishop was a
great soul leader, who spent his life
in the old land. Canadians wished him
to extend his influence and weld them
and the motherland into one harmoni-
ous whole.

Quite a large gathering of clergy
bade farewell to the bishop at the sta-
tion, when he left for London, Oct. 1.
During the afternoon, His Grace, Arch-
bishop Sweetman accompanied him.

APPEAL FOR TELEGRAPHERS.

Dampers Asks Assistance of Organi-
zed Labor.

WASHINGTON, Sept. 16.—As the
result of recent conferences, President
Dampers of the American Federation
of Labor will issue to-morrow an appeal
for aid for the striking telegraphers.
Discussing the address, Mr. Dampers
said to-day that the document was
completed and given to the public to-
morrow. It will, he said, be a
general request to organized labor
for assistance, both financial and moral.
In accordance with the pledge made at
the recent meeting of the executive
council of the federation.

HOME-MADE MEDICINE.

Said to Relieve Kidney Trouble
and Rheumatism.

One ounce Fluid Extract
Dandelion
One ounce Compound Sal-
tore
Four ounces Compound Syrup
Sarsaparilla
Mixed and taken in teaspoonful
doses after meals and at
bedtime, stated by a prominent
physician to give the most
excellent results in kidney or
urinary afflictions, and also in
rheumatism and sciatica. The
mixture opens the bowels, purifies
the kidneys, thus assisting
them in their work of filtering
all waste matter from the blood, and
prevents the formation of uric acid
in the urine. To allow this
poisonous matter to remain
means that it will settle in the
muscular tissues or joints, and be-
cause the untold misery known
as rheumatism.
The mixture is composed of
harmless vegetable ingredients,
which can be purchased at any
good drug store, and mixed at
home.
Anyone suffering from any of
these afflictions will no doubt
be pleased to learn of so simple
and highly recommended a re-
medy.

Man Accused of Murder Out of Sus-
pended Sentence.

STRATFORD, Sept. 16.—(Special.)
The fall assizes of the high court
opened to-day with Chief Justice Fal-
conbridge presiding. There was one
criminal case, King v. Lockyer. Henry
Lockyer, charged with the murder of
Noah Hills, in a flat encounter last
June, was allowed off on suspended
sentence except on a charge of larceny.
There are eight civil cases on
the list.

A CHOICE LOCALITY.

Lots on Newly Opened Foxbar-Road
Are Selling Well.

Ferry and Perry report additional
sales of the lots on the fine ten-acre
block at the southeast corner of Ave-
nue-road and St. Clair-avenue. The
exceptional advantages of the situa-
tion, being as it is, 250 feet above the
level of Lake Ontario, while still with-
in the city limits, the fact that it is
exclusively a neighborhood of high
class residences, with building restric-
tions, are making the property in great
demand. Local improvements have
already been constructed on St. Clair-
avenue and Avenue-road, and are un-
der way. The intention of the devel-
oper was to surround the property with
a high class of residences. The local-
ity is one of the finest residential dis-
tricts in the city, and is served by
the Avenue-road car line.

DERRICK UNSAFE.

Coroner's Jury Renders Verdict as to
Cause of Fatality.

That John Faithful came to his
death at the general hospital Septem-
ber 12 as the result of being struck
by a falling derrick at the Christ-
ie-Brown building was the verdict of the
coroner's jury enquiring into the de-
ath of Faithful. The jury found that
the derrick was not properly
gauged and the floor not safe for
workmen.

administration stated that whereas
thereminated in some form, in all the
negotiating churches, funds to aid aged
and retired ministers, and widows and
orphans of ministers, provision for
similar purposes should be made in the
constitution of the united church; such
provision should protect the rights of
present and prospective claimants on
existing funds; all regular contribu-
tors to existing funds on the scale pro-
vided by their respective denomina-
tions; all widows and orphans of min-
isters who should become members
of the united church; all ministers who
become participants in the fund; all
ministers, not members of or contribu-
tors to existing funds, who may signi-
ficantly and regularly contribute to
and contributors to the proposed
new fund, on the basis of payments
sanctioned by the supreme court of the
united church.

It is recommended that the commit-
tee on legal aspects of the fund, should
examine and compare the constitu-
tions and methods of administration of
the several funds, and in co-operation
with a committee to be appointed, sub-
mit to the joint committee a practicable
method (or more than one, if
found possible), whereby the proposed
fund may be placed on a sound and
equitable basis.

**Re the "Publishing Interests and
Colleges." These were agreed to on
the understanding that they were
brought up at the next meeting of the
committee.**

Johnston and Wells, transformation
songs and dances.
The Camille trio, burlesque bar act.
The kinograph.
There is a good show at Shea's this
week. The bill is varied and bright
with a "Wild Rose" variety, "Fort-
night" in which Mrs. Forbes puts on
a lot of laughs, is neatly handled and
well-sustained.
James Callahan, erstwhile of Callahan
and Mack, has the same old skit, save
that Jenny St. George replaces Mack,
and with her harp and songs improves
the playlet. The new show has been a
prime favorite with Shea audiences.
Callahan is the same constant, lovable
old Irishman.

The Rose De Haven Septet have some
good dances, are well drilled and dressed,
and provide a spectacular feature.
Johnston and Wells, transformation
songs and dances, have a bright
vocalists and dancers, have a bright
and the Camille Comedy Trio mix comedy
and stunts acrobatic.
Warren and Blanchard, as a coon and
a clever cuss, are funny and have good
songs.
Carson and Willard, German com-
edians, discuss "Wall-street" and "easy
money."
Macarte's Monkeys are real comedi-
ans, and amuse the little people, and
their elders, too.
The kinograph closes the best bill
seen at the Yonge-street house this sea-
son.

At the Star.

YANKEE DOODLE GIRLS.
"Sullivan on Parade," burlesque.
Edna Davenport, quaint songs and
clever dances.
Martini and Maximilian, twisted and
tangled illusions.
Johns Harron, dot Dutchman with a
horn.
Rose and Ellis, postively the most
during sensational show at the Star.
"A Strike on the Metropolitan Rail-
way," burlesque.

While there's nothing especially new
in the character of the burlesques which
exploit the varied charms and talents
of the Yankee Doodle Girls, those who
have to do with their presentation are
above the ordinary, and the result is a
performance of unusual interest and
comedians, and comedians.
The chorus are well-backed up. The chorus
are attractive and prettily costumed. The
musical features are of the best.
The old has been a real headliner attrac-
tion in Rose and Ellis, whose barrel
jumping stunt is a thriller. The others
are also good for a fair share of the
audience. The show is frequent and de-
served from two large audiences yester-
day.

Scarboro Beach.

Scarboro Beach is to remain open
indefinitely, the management having de-
cided not to close by the large crowds
which were attracted there yesterday
afternoon and evening. All the regu-
lar attractions were in full swing, and
to it with exceeding warmth. The
drama, which tells the story of the re-
demption of a young man who has
fallen into the clutches of a tough luck,
and who is saved through the love of a
woman who believed in him, is many
times as good as the ordinary melodrama.
of Ruth Blake, is an attractive young
actress who plays with a sincerity and
feeling that is rare in the theatre.
The lines given her by the play-
wright. Her interpretation is generally
praiseworthy. Florence Racey, as the
semi-delinquent, is a realistic representa-
tion of the greatest enthusiasm. "The Ninety
and Nine," Ramsey Morris' play, opened an
engagement at the Majestic yesterday.
The melodramatic effectiveness of the
story and the exciting third act bal-
ance of the week.

**Winnipeg Welcomes
Trades Congress**

Winnipeg, Sept. 16.—(Special.)
Welcomed by the Premier, of Mani-
toba, the mayor of Winnipeg, and the
local Trades and Labor Council, the
23rd annual convention of the Trades
and Labor Congress of Canada, opened
here to-day in the legislative cham-
ber under promising auspices. There
are 125 delegates present as compar-
ed with 45 at the convention of ten
years ago.
The representatives in attendance
from Toronto are: James Simpson,
Fred Bancroft, R. Hunterford, John
Barnes, W. J. Thompson, John
Gardner, A. Shipman, W. V. Todd,
William Mahoney, of Boston, is present,
representing the A. F. of L.
Membership has grown.
The standing of the congress in the
light of the secretary's report is much
in advance of last year's record, and
instead of a membership of 27,000,
there are now over 32,000 trades union-
ists affiliated. The revenue also
shows an increase of over \$500.

**Have a Good Complexion.
The Flower of Good Health**

Keep the skin clean and healthy by
washing it in soft water and fine cas-
tle soap. Use plenty of friction. A
coarse towel is just the thing. The se-
cret is to bring the blood to the sur-
face and maintain healthy skin. But
you must have plenty of blood—the red-
kind, rich and pure. Unhealthy blotches
and blemishes will disappear. You will
then enjoy the charm that a healthy
complexion always gives.
Ferrozone cleanses inside just as
soap does outside—driving all hu-
mor and poisons from the blood.
Ferrozone will give you a ravenous
appetite, it has to form blood and
skin.
Blood is simply digested food which
keeps the body alive and nerves steady.
Ferrozone aids digestion, makes you
strong and mentally active. Nerves—
perhaps you are nervous now, but you
won't be if you take Ferrozone.
Sleep—of course you will—Ferrozone
is simply fine for weakness, and is a
pure, everything in it builds you up.
Just take Ferrozone and see what it
will do; watch your weight increase,
and note the additional strength it
brings.

ANOTHER BIG STRIKE ON THE CRAWFORD PROPERTIES AT OTTO LAKE READ THIS LETTER

(Copy of a letter written by Mr. I. A. Spear from Englehart. Dated Sept. 12.) "Crawford came down from the mines to-day. The large shot I wrote you about Sunday, where they put in 100 sticks of dynamite and set it off Saturday evening. I find that I did not write half as strong as the facts warrant. Mr. Crawford says they blew out 60 tons of ore with that shot, 10 tons of which has been assayed, and is the finest mineralized ore that has ever been seen in this country. In fact, it is far the best. People from Larder Lake and other towns around here are greatly excited over this discovery, and are coming over to see it. Many have already been at the mines and seen the ore, and pronounce it the best find of them all. Miners and prospectors are rushing in from all directions to stake everything near us that may be found open. All over this country they are talking of the Crawford properties and their value. We have more work done on the Crawford than any of the properties at Otto Lake. I may perhaps be excited, but at present I think we have the most valuable proposition in this whole north country. We have many things in detail that I cannot write you about now in connection with this proposition. I am sure the Crawford stock is worth par at the present time. "I wrote you to see about putting in a siding, and also about milling ore. We must get this side-track in as soon as possible. Everybody around here wants Crawford stock. Mr. Crawford sold 15,000 shares here at Englehart and at the properties within the last two or three days. The conductor on the train that runs through the properties, who took a thousand shares a few days ago, took a thousand more to-day. All the men working in the mines are increasing their holdings, and taking on every share of stock they can pay for. "Crawford says the information you are giving in your circulars is conservative, and that the Crawford stock will stand much stronger statements. We have the goods, beyond question. "I hope you will be able to come up here soon."

IF YOU FAIL TO SUBSCRIBE TO THIS UNDERWRITING AND GET THE STOCK OF THE \$600,000 CRAWFORD MINING COMPANY AT THE RATE OF \$15.00 FOR 100 SHARES

you will miss the greatest money-making mining investment ever offered in Canada. You will miss getting an interest in a mine that bids fair to develop into a mine bigger and richer than the Nipissing at Cobalt. The whole northern country is aroused and greatly excited over the wonderful discoveries recently made on the Crawford properties. Over 15,000 shares sold to the miners employed at the mines, and merchants at Englehart and Boston the past three or four days. A TELEGRAM from the West, received yesterday (Monday), asks for 50,000 shares. A letter from the mines states that a mining engineer from New York, who was there, pronounces the CRAWFORD PROPERTIES to be the greatest and best in all North Ontario, and is on his way to Toronto to buy a big block of Crawford stock for a New York syndicate.

THIS IS YOUR OPPORTUNITY -DON'T LET IT PASS- REMEMBER—This offer of giving 100 shares of Crawford stock for each \$15 membership subscribed and paid for will positively be closed in a few days—not later than September 25th. Send your application and payments to the Financial Agents. Everybody can take one or more of the \$15-memberships to this underwriting syndicate.

PIONEER OF LARDER. Says the Field is an Immense Gold, Silver and Copper Camp. Robert Tighe, a pioneer of Larder Lake, is again in town after several months in the bush. He rode out on horseback on the new government road from Boston to Larder City, the northern terminus of the new government road, and reports that the development of Larder's hidden wealth this year has been more successful than in any year since the late '90s.

SHIPMENTS SATISFACTORY. Brokers Expect Stocks to Reflect the Camp Output. The Cobalt ore shipments for the week ending Sept. 14 are gratifying, and are expected to help to stabilize the price of the various mining stocks. Silver Queen made a shipment of two cars, containing 120,000 lbs. of silver, and 20 tons of tonnage for the week. Next comes the shipment of one car of 62,500 lbs. of silver, which is expected to be followed by a shipment of one car of 120,000 lbs. of silver, which is expected to be followed by a shipment of one car of 120,000 lbs. of silver.

COBALT ORE SHIPMENTS. Following are the weekly shipments from Cobalt camp, and those from January 1 to date: Week ending Sept. 14, Ore in pounds, 60,000. Since Jan. 1, Ore in pounds, 1,738,820.

NOVA SCOTIA IS ACTIVE IN THE COBALT MARKET Exchanges for Mining Issues Are Quietly Steady—Usually Active Stocks Dull. The entire Cobalt market showed quiet strength yesterday, Nova Scotia occupying the premier position for activity, upwards of 10,000 shares changing hands at from 20.84 to 21.12. Rock was again active, too, there being an active demand for this one-time favorite at the popular price of 15.12. There are rumors of a big short interest in Cobalt Central. This stock sold in new contracts, in view of the great volume on the New York curb within a range of 2 points. Good demand continues to flow in from the north country regarding new discoveries of importance, and together with good ore shipments the sentiment is more hopeful. The usual active issues were extremely quiet to-day, and Foster and Trethewey figured small in the total transactions.

Men's New Fall Suits---100 Only---at Half Price

This statement seems almost incredible, doesn't it?
We wouldn't blame you for saying "you have to show me."
That's just the chance we want; for we'll be able to show you a new fall suit, a suit that has never been seen on our counters before, that you won't match in Toronto on Wednesday morning at double the price.
A wholesale clothier who saw these suits said: "Well, when you can sell a suit like that for five dollars and some cents, it's time for me to go out of business."
Now there are about a hundred of these suits---to be exact, just ninety-two--- and if they last ninety-two minutes, we'll be surprised.
Without a doubt, this is the greatest clothing offer of the year.
N.B. Don't overlook the imported English waistcoats, knitted, half price.

Men's Suits, Regular \$8.50, \$9, \$10 and \$10.50, \$11 and \$12, to clear Wednesday at \$5.95.

100 only English and Canadian Tweed and Fancy Worsteds Suits, broken lots and odd sizes, all this season's most-called-for patterns and materials, good fall weights, sizes 36 to 42, to clear, Wednesday, at \$5.95.

150 only Men's Fancy Vests, consisting of imported English vestings, in mid-grey, with fancy blue and white figure; also knitted wool vests, in a variety of patterns, black grounds with green, red and royal blue spots, made single-breasted, edges and pockets bound with mohair braid, sizes 34 to 42, regular \$2.00, \$2.50 and \$3.00, on sale Wednesday, at \$1.49.

Men's Knitted Ware

Men's Heavy Pure Wool Golf Coats, buttoned down front, two pockets, elastic-ribbed cuffs, in navy, grey, brown, khaki, cardinal and black, sizes 34 to 44, Wednesday \$3.00.

Men's Heavy Hand-Knit Pure Wool Golf Coats, in any color or combination of colors, sizes 34 to 44, Wednesday \$5.00.

Men's Heavy Knit Wool Sweaters, deep roll collar, in all plain colors, sizes 34 to 44, Wednesday \$4.50.

Men's "Knit to Fit" Pure Wool Sweaters, very heavy, in navy, grey, khaki and brown, sizes 36 to 42, Wednesday \$5.00.

Men's English Cardigan Jackets, black only, three pockets, guaranteed pure wool and fast color, sizes 34 to 46, Wednesday \$5.00.

THE LIBERALS WILL HOLD ORGANIZATION MEETINGS---MILLS RESUME.

PICKERING, Sept. 16.—Rev. Lowry of Hagarville occupied the St. Andrew's pulpit on Sunday.
Mr. and Mrs. Walter Sleep have returned from the former's father on the farm here.
The Liberals are holding a meeting for organization purposes at Brougham on Friday.
Wm. Dickie is disposing of his household effects on Friday.
The Spink Mills began yesterday afternoon's delay in overhauling the machinery.
Miss Dale attended the Friends' quarterly meeting at Uxbridge on Sunday.
The Oshawa fruit growers shipped a load of pears to a Toronto firm this week.
Wm. Constance's Day Alliance will be addressed in the Presbyterian Church on Friday evening next by a speaker from the city.

TOWNSPEOPLE WILL MAKE LONG STAY ON PACIFIC SLOPE.

DEER PARK, Sept. 16.—At present the primary room in the public school here is overcrowded, there being 90 pupils enrolled. In view of the fact that there are some twenty-five or thirty houses nearing completion it will be necessary for the school board to enlarge the present building to accommodate the growing population.
Brigadier John M. C. Horn of the Salvation Army, together with his wife and family, who have been residing on Lawton-avenue, for some time, will shortly sail for India in the interest of army work in that country.
Mrs. M. W. Shepard and daughters, the Misses Eva and Lenora, of Roseville-avenue, will leave next month for a two years' residence in California.

CITIZENS MEETING HEARTILY ENDORSES ISSUE OF DEBENTURES.

MARKHAM, Sept. 16.—(Special.)—There is little doubt that the proposal thrown out by a number of citizens some time ago, relative to the issue of debentures for some \$5,000 to cover the cost of building the bridge, grading the approaches, improvement of electric light plant and other matters would be favorably considered by the trustees.
At a public meeting held during the week presided over by Reeve Speight, and addressed by several citizens, the proposals were all but unanimously endorsed.
Reeve Speight stated the purpose of the meeting, and said that up to the present time \$10,000 had been expended on the new bridge. Of this amount \$6,000 was for steel work, \$2,500 for abutments, \$800 for flooring and for

CONSTABLE CHARGED WITH EXTORTING MONEY, BUT IS DISCHARGED.

BRAMPTON, Sept. 16.—(Special.)—A case that excited a good deal of interest was heard before Judge McIntyre this morning. It was that of Constable Gibbon to-day, charged with extorting money from a young Englishman, residing in Streetsville. Gibbon had purchased some property in the city and had impounded a team of horses found pasturing thereon, the property of one McKimney, a son-in-law of Rutledge's. The man, it was alleged, accused Gibbon of stealing the horses, and threatened to arrest him if he did not settle with McKimney by paying the latter a sum of money. Gibbon had made out an information against the constable, who appeared for trial to-day. The judge held that the evidence was insufficient, and that no case had been made out against the prisoner, who was discharged.

Gallant Schooner Still a Prisoner—Runaway, But No Damage.

HUMBER BAY, Sept. 16.—The schooner Dundee, which a week ago dragged her anchor and drifted from a point about half a mile out in the lake, to within a few hundred yards of the mouth of the Humber River, is still lying in the sand, all efforts so far having failed to release her.
A number of tugs have been working at the vessel, and it is expected that with fair weather she will be released in a day or two.
A runaway, fortunately unattended by any serious damage, occurred at the

COUNCIL AND RAILWAY ARE NOW HARMONIOUS

Paving on Dundas St. Starts on Thursday—York Council Pass Many Bylaws—Notes.

TORONTO JUNCTION, Sept. 16.—James Savage, sheriff's officer, was in the Junction to-day and served subpoenas on all the witnesses for the Cook case, which will be brought up at Whitby on Monday, Sept. 23. In this collision on the C. P. R. near Myrtle, Howes, the brakeman, and Jones, the fireman, were killed and Cook, the conductor, was charged with disobeying orders and being, therefore, responsible for the accident. There are six or eight witnesses in the Junction, all of whom have been notified to appear at the trial.
A telephone message was received by the police this afternoon, to come and despatch a dog belonging to Mr. Chalmer of 26 West Dundas-street. The animal got blood poisoning and became vicious, so that Mrs. Chambers was afraid of it attacking her when she went into the yard. Police constable Lavery answered the summons and despatched it with a bullet from his revolver.
An interesting lacrosse game will be played at Newmarket on Wednesday next, when the junior Shamrocks of Toronto Junction will play the Brantford team for the Ontario championship. Special cars will leave the Junction at 12.45 p.m., direct for Newmarket, over the Metropolitan road. So much interest is taken in the game locally, that a movement is on foot for a half holiday, as several hundred citizens have expressed a wish to attend the game.
A 6-year-old boy named Charlie Johnson, who resides with his parents on Carlton-place, went to school this morning and was unable to get his way home. He was found wandering on Davenport-road by some street railway men, and brought to the firehall, where he was located by some of his friends shortly afterwards. The boy came to this country from England with his parents about a week ago.
The brick sale stables being erected on Keele-street by the Union Stock Yards are almost completed and will be ready for occupation in a few weeks. The brick sale stables will cost \$25,000.
At the regular meeting of the council to-night a volume of business was gone thru, and even more would have been done except for the lateness of the hour.
A communication was received from City Engineer East of Toronto, stating that the catch basins along Dundas-street were in proper position. He also commended in general the work on the Dundas-street paving, now in progress. Councillor Irwin occasioned this investigation by adverse criticism of the engineer's methods, which he expressed at the last meeting of the council. It was decided to take up the brick sidewalk on Dundas-street between Keele and May-streets, and substitute a concrete sidewalk in place of it. The brick sidewalk will be made considerably wider and a little higher. The cost will be about \$50, as this is an extra item not involved in the paving contract.
Mayor Baird stated that the secretary of the Niagara Power Commission had written him to state that they could not supply power for lighting the town within a year. The present contract with the Stark T. L. & P. system expires in about six weeks, so the council decided that the matter be held until Mayor Baird communicates with Mr. Stark about renewing the contract for a period instead of five. The mayor will also communicate with Niagara Power Company to see what terms they would offer to supply the power required.
The sidewalks on either side of Dundas-street will be completed as far as Keele-street in a few days, and the work on the street will commence on Thursday, Sept. 19. Mayor Baird communicated with the Toronto Street Railway Company to see if the track could be taken up to let the work start on that date, and he received a satisfactory answer.
Permission was granted to W. J. Dalton to erect and operate an iron foundry on his property, north of Davenport-road.
Several petitions for water service outside the town limits were referred to the works committee.
A bylaw was passed for the construction of a sewer on Lakeview-avenue from Louisa-street as far as Mr. Gourlay's residence. The property-owners of the street will pay half of the cost, and the other half will be borne by the town.
The clause of the resolution awarding the contract to Thomas Wright for the building of the new firehall on Keele-street was referred back to the property committee. Mr. Wright states that his estimate of \$600 included only brick and carpenter work, while extra items would entail additional expense. The lane which runs from Keele-street to May-street, along the proposed site of the new hall, will have to be removed elsewhere, and the town solicitor has been instructed to change its position.
A resolution was passed that the police should keep stringent watch for chickens running at large and destroying property, so that their owners can be severely dealt with.
