CONGRATULATE ON
The C.P.R. Company's Freight
is Again Moving.

STRIKERS HAVE FRIENDS
Who Are Making it Warm for New
Men in the Outlying Districts.

One Operator Was Given a Cold Bath and
Refused Shelter, While Another Was
Treated Exorally to a Mixture of Tar
and Flour—Police Protection Sent to
the Northern Districts—A False Rumor
of a Smash—How the Company Slaps Up
the Situation.

The C.P.R. is having a difficult time
in filling the stations vacated by the
striking operators between North Bay
and Winnipeg. As fast as the non-
union men arrive at their posts they
are driven out by the inhabitants, who
seem to be all in sympathy with the
employees who have quit work.

In these Northern Ontario towns the
people have a truly "wild and woolly
west" way about them, and, according
to all accounts, they do not seem to
play their drawing-room manners when
treating with "scabs" as they call the
railway's relief officers. The natives
are evidently determined that the
berths of the old men shall not be oc-
cupied, and are resorting to the most
drastic methods to convince the non-
unionists that the climate up there is
not healthy for them. The new men
who have had to quit their posts are
reported to be making their way back
to Toronto as best they can, for they
were not furnished with any passes,
and are being driven out of the towns
by the railway when they were de-
parted north. Some of the poor fel-
lows are said to have been driven out
by force, and footing it home over
the railway ties.

OPERATOR TYLER'S TIME
Some of the tales of hardship told
by the few returning men who have
reached the city are almost blood-
curdling. Operator Tyler of No. 2
legis Place, who was sent to North Bay
by Train Despatcher Price early in the
week, got home last night, and his
story is an entertaining one. From
North Bay he was forwarded on 400
miles to take charge of the station at
Cache Bay, but he soon found that it
did not like the place at all, and his
reluctance of his brief visit ad-
vised.

He had occupied the post just half
an hour when a mob of men paid him
a formal call and proceeded to initiate
him into the "ways" of the district.
A rope around his waist, they dragged
him out to the river bank, and there
they proceeded to strip him of his
clothes, and to leave him in the
water for twelve long, cold hours
shivering in his wet clothes, they
kept him prisoner on the bank, and
he finally escaped he could get no-
thing to eat in the place. All the
inhabitants closed their doors on him,
and, nearly starving, he walked down
the track to the next station.

He found that the Cache Bay people
had wired ahead of him, and when he
applied at a hotel for food and shelter
he was charged him \$3 for a meal. After
other adventures he managed to make
his way by trail to the city.

TARRED AND FLOURED.
Another relief operator at a neigh-
boring station was surrounded by the
natives, covered with tar, and then
of tar and flour, and let go with the sign
"Scab" inscribed in large letters upon
his back. This situation is said to
be now walking home.

POLICE PROTECTION.
The railway is making every effort to
protect the operators who are contin-
ually forwarding to this unsettled dis-
trict, and on Saturday they despatched
a force of twelve men from Toronto
to North Bay. The squad in-
cluded the constables named Brown
and ex-P.C.'s Paton and Watson. Pol-
ice were also sent to Cache Bay, Mon-
treal, and soon the whole north
west of Lake Superior will be pat-
rolled by bluecoats.

CLAIMED TO BE FALSE.
Very well-defined reports of a ter-
rible collision at Rig Portage, said to
have occurred on Saturday, were
circulated in the city. The disor-
ganized condition of that section of
the road, were floating around town.
The number of injured men was
injured at anywhere from 5 to 7. The
rumor, however, is still un-
founded, and there is nothing in
it. Assistant Superintendent
Williams, who questioned the
Union Station, observed:

"There is no truth in the report. The
story was started by a White River
talker over the telephone with As-
sistant General Manager Tait at Mon-
treal last night. The talker was an
emphatic denier to be given."

The C.P.R. authorities are hardly
believers in the story, as they have
no telegraph communication as far
west as Rig Portage.

AN OFFICIAL STATEMENT.
Assistant Superintendent Williams
last night made this statement in re-
gard to the strike:

"We are on the high road to victory,
and a greased highway at that. The
Moose Jaw division, the Winnipeg di-
vision and the Quebec division are
all in good shape. On all these di-
visions both operators and dispatchers
are at work."

On the Ontario and Quebec division
all is O. K. The Ontario freight
went over the line between Toronto
and London, four between London and
St. Thomas and two between Owen
Sound and Toronto.

Superintendent Leonard has
gone down to Montreal to consult with
the C.P.R. chiefs.

DESPATCHER ALLISON ILL.
It is reported that W. H. Allison, the
Toronto despatcher, who is chairman
of the division committee, is at the
point of death in Montreal.

LAST NIGHT AT MONTREAL.
Mr. Tait Claims that the Company is
Master of the Situation.

Montreal, Oct. 4.—(Special)—Mr.
Tait left this evening for Toronto,
and although the remaining mem-
bers of the committee claim that they still
hold the fort, everything outward in-
dicates that the end is near. Mr.
Tait claims that the company is again
master of the situation, and the out-
look this evening would seem to con-

firm the assistant general manager's
statement.
"The fact that had been made from
through General Superintendent
Tait's explanation of the
company's position."

Montreal, Oct. 4.—(Special)—
C. W. Spencer, engineer, conductor or trainman
familiar with the rules of the com-
pany, and who has been in the
management at Montreal, insisted
on the carrying out of the rules of
the company that prevailed until
submitted to the divisional officers and
an endeavor to be made to adjust them
with those officers before appeal to
the higher authorities, nor will any
of them men rush upon the operators
in ignoring their divisional officers
as they have done. We are now
in a state of anarchy, and it is
accord to the telegraphers exactly
the same consideration that is ac-
corded to the conductors, and other
employees. The action of the
operators is without precedent,
unjustifiable, and a disgrace to the
discipline and universal practice and
is a source of great alarm. It is
unjust to the company, and these
men have no right to ask for any con-
sideration while the company is
at fault. Those of them whose
names have not already been filed, and
who have been refused admission
will be permitted to resume work
without conditions if they do so im-
mediately, and if the divisional officers
will be prepared to hear and deal with
their grievances in a fair and unpre-
judicial manner. The telegraphers
will be permitted to resume work if
the engineers, conductors or trainmen
of any section of the system
will be prepared to accept of the
unjustifiable course adopted by the
telegraphers, they will be promptly
called to account by the members of
their respective orders on the other
sections of the line.

Thomas Tait,
Assistant General Manager.

FROM C.P.R. SOURCES
It would appear that the strikers have
been beaten.

cation:

Vancouver, B. C., Oct. 4.—The situa-

been so quiet since the strike began,
and operators who left their places

all trains are to-day running on time,
and all vacant positions have been

any criminal offenses last night, is
east and west of this point, are run-
ning on time.

Winnipeg, Oct. 4.—The strike on the
Western division is about over. Pas-
senger trains have been running on

Montreal, who are under their im-
mediate supervision. There is general
feeling of relief in business circles that
the matter has ended so quickly and
so quietly, and without any serious
damage to the company's property in
any part of the country.

Montreal, Oct. 4.—(Special)—
The telegraphers' strike is bringing about
a very serious state of affairs in this
country. The wheat elevators are fil-
led, and if freight are not soon mak-
ing and the pressure relieved the situ-
ation will become alarming. Supp-
ly of public sympathy is with the
company, which will not yield.
The delegates from the Western En-
gineers, Trainmen and Conductors left
for Montreal to-day, having been sum-
moned to attend a conference.

NO TRUTH IN IT.
The Report That There Had Been a Smash
Near Rig Portage, a Canard.

The World telegraphed via the
Great Northwestern Telegraph Com-
pany to its correspondents at Win-
nipeg last night asking if there was
any truth in the rumor abroad here
that there had been a smash on the
C.P.R. near Rig Portage, and prompt-
ly received this reply: "Report un-
true; all quiet in connection with
strike."

CALL TO A CONFERENCE.

men Summoned to Meet to-day.

OUT AT THE JUNCTION.
There Will be a Meeting of Union Men
This Afternoon.

Toronto Junction, Oct. 4.—(Special)—
Interest in the C.P.R. operators
strike has in the past few days been
less than it was at the beginning of
the strike. Mr. E. M. Pierson of
Montreal will be present at the meet-
ing, and there will be a large atten-
dant of members of various
unions.

Very few freight trains have pulled
out of or arrived here since the strike
began, and as a result trainmen are
very busy and are seen talking in
little groups on the streets. They re-
fuse to give any information regard-
ing the trouble, but it was learned
that there are over 100 loaded cars at
the depot, that should have been start-
ing last Thursday.

Operator White has been at his post.
He is not a union man, but is in sym-
pathy with the strikers.
The Brotherhood of Engineers held
their regular meeting at 7 p.m. to-
day, but did nothing regarding the strike.
The Firemen's Union also met, but
what they did none of them would say.

Railway Men Meeting.
The local branches of the Locomotive
Engineers and Trainmen respectively
for the Grand Trunk system held their
regular meetings to-day. The Locomo-
tive Engineers met at 7 p.m. and dis-
cussed the situation. The Trainmen
met at 8 p.m. and discussed the situa-
tion. Both meetings were well at-
tended.

CHAMBERLAIN AND CARTWRIGHT
Said to Have Come to an Agreement Which
Will Ensure an Efficient Service.

Montreal, Oct. 3.—A Star cable from
London says: "The situation between
Mr. Chamberlain and Mr. Cartwright
has been settled. Mr. Chamberlain
and Mr. Cartwright have come to an
agreement on the fast mail ser-
vice, has been accepted here as evi-
dence that the service will be of the
highest efficiency, for Mr. Chamberlain
has a number of years' experience in
the management of the service, and
Mr. Cartwright is a man of great
ability and energy."

THE QUEEN'S EYES.
Sensational Reports That Her Majesty's
Night Was Affected Proved to be
Without Foundation.

New York, Oct. 4.—Mr. Harold Frederic
cables from London to The Times:
Sensational reports have been flying
about of late to the effect that the
Queen is losing her eyesight. It is
said that she has had a great deal of
trouble with her eyes, but that she
has had no other basis than a visit
made by her to a great oculist from
London, and that she has since been
seeing him. Her latest signatures to
official documents are admirable ex-
amples of clear handwriting.

BROWN WAS BADLY HURT.
He Was Crashed While Driving Through a
Passage and His Spine Injured.

Galt, Oct. 4.—Yesterday morning as
Ernest Brown, an employee of Mr.
James Finlay, was driving out of the
coal sheds of Colvin & Fraser, and
while passing through an opening but
little larger than his head, he was
badly injured. He stooped sufficiently
to escape being hit on the head, but
his back and spine were injured, and
he was removed to the hospital. On ex-
amination it was ascertained that he
was seriously injured. His spine was
fractured, and it is not known whether
he will live or die. Brown is about 30
years of age, so far as is known, is
unmarried. He is a native of Germany
and has been out from the Fatherland
but a few months.

THE FAST ATLANTIC LINE
Further Papers Presented in
the House of Commons.

CAUTIONS MR. CHAMBERLAIN
Wanted to Know the Views of the
Incoming Government.

The Colonial Secretary Would Not Com-
mit the Imperial Government to Any De-
cision Until He Found out the Feeling of
Mr. Laurier and His Colleagues—The
Offer of Assistance Was Conditional and
\$75,000 Was the Maximum.

Ottawa, Oct. 4.—Further papers in
regard to the fast line project were
presented to Parliament yesterday.
They are in great measure an amplifi-
cation of those presented to Parlia-
ment a few days ago, and are chiefly
letters covering the telegrams which
have already been presented to the
House. Writing under date July 19
Sir Donald Smith says that he saw Mr.
Chamberlain on the 1st inst. regarding
the acceptance of the Allan's offer, and
continued:

Mr. Chamberlain took the position
immediately that it would be impossi-
ble for Her Majesty's Government to
come to any decision having regard to
the result of the recent elections until
they were made known. He expressed
his views of the incoming Government.
His determination upon this point
was a general offer of assistance, and
deemed it my duty to communicate it
to you.

Sir Donald saw Mr. Chamberlain on
the 8th and of this interview he says:
"I read the telegrams which had been
sent to me, and I am sure he is
devised that it would be impossible
for Her Majesty's Government to
take any action in the direction
desired (i.e., the acceptance of the
Allan tender) until he had been con-
sulted by the tender sent him by Messrs. Allan
and other tenders and offers that
have been submitted and any con-
ditions that had passed between the
Government and any of the ten-
derrers."

He also disclaimed any undertaking
on the part of Her Majesty's Govern-
ment to assist in any specific sum
towards the undertaking, and said
all they had committed themselves to
their regular meeting at 7 p.m. to-
day, but did nothing regarding the strike.
The Firemen's Union also met, but
what they did none of them would say.

pathy with the strikers.

Fight of High Prices.

High prices die hard. Big profits is a sweet morsel. One sees illustrations of this in the complaints in interested quarters of the low prices of goods in every department of this store.

Just now the druggists are specially in evidence, and they would fain invoke the courts to save their profits. The fight is useless. The death struggle may be hard, but the day of exorbitant profits and combines is gone in all lines. Our fight is for the people.
