NANIELS DENIES CHARGES BY SIMS

Separate Investigation Will Be Opened by U. S. Senate Sub-Committee.

ANOTHER ACCUSATION

Washington, Jan. 19.—Charges of Rear-Admiral Sims that the navy de-partment failed to co-operate fully with the allies during the great war will be investigated by the senate sub-committee before which they

were made. .This was decided today by the full naval committee, which also author-ized appointment of another subnittee to determine whether there should be an inquiry into charges made by John R. EXILES IN SWITZERLAND ANXIOUS OVER DEMAND FOR EX-KAISER

Holland's Reply Will Determine Status of Refugees---Charles Hapsburg and Ex-King Ludwig in Sanctuary There.

Geneva Jan. 19 .- The demand of the allies upon Holland for the extradition of former Emperor William is being given great attention in official and political circles here, as it is believed the result of the demand will determine the status of political refugees in Switzerland, of whom there are many. Former Emperor Charles of Austria and former King Ludwig of Bavaria both are in Switzerland.

It is reported that there also are residing in the country at present a number of persons who expected to be demanded by the allies from A state of profound anxiety and astonishment reigns in pan-German circles in Germany over the demand. Special to The Toronto World. Ottawa, Jan. 19.—The charges of dilatoriness in the war made by Admiral Sims against the United States navy department, have caused a good deal of reminiscent talk in well-in-formed circles here. Those who were behind the scenes knew that there was a good deal of submerged dissatisfaction in London, and at British headquarters in France, with the speed with which the United States did not get into the thick of the fighting. POVERTY-CRIEF-DISEASE WHAT A TORONTO!

W HAT a Toronto this would be if there existed no agencies to combat conditions such as are pictured here? Can you imagine what sort of a city

this would be it everyone were selfish-too selfish to support Toronto's charities? Do you think you could live as com-

fortably and pleasantly as you do now? Of course you do not. If no provision were made for the care of the sick, how long would your own community be free from the ravages of disease? How long could you keep it out of your own

If there were no institutions for the care of the indigent aged, for the helpless orphan children, for the physically handicapped, and those born "without a chance," what would our street-and your streetbe like?

Are you willing to give famine, grief, and worse, a chance in Toronto? That's what it amounts to unless you do your part in the Community Fund. These things have to be fought; and fighting them - conquering them takes money. The Community Fund is the practical, proved answer, providing the money without waste, with an honest accounting in results for every dollar. It is protecting you and yours-don't forget that! If you think this work of help-

fulness benefits only those on whom the money is spent, you're wrong; it is safeguarding you and yours. There'll be no more money-raising for the 1920 operation of Toronto's nearly fifty federated organizations of charity and helpfulness through the Federation for Community Service if you give enough. Give this once, give enough, and be through with it. Don't think in terms of how little you can give and still satisfy your conscience. Think rather in terms of what it's worth to you to live in this wholesome, forwardlooking, prosperous city. Even if this question were put on a purely selfish basis, it would justify your giving liberally and gladly. Do

Give Once---But give enough January 27, 28 and 29.

EATON'S DAILY STORE NEWS

AT NOON TODAY, MEN'S BOOTS AT \$5.65

For this item we cannot take phone or mail orders, the quantity being limited, and not more than two pairs to a customer

12.15 noon is an hour of the day when most busy men can arrange to be at the Store. You'll find that any extra effort you may make to be here will be well repaid, too, because the boots we offer men at \$5.65 today are the type of footwear for which men ordinarily expect to pay more. The lot consists of a collection of boots from our leading, most popular lines. There are brown and black box kip boots with heavy soles, some with leather lining, patent lace boots with dull tops. Boots of black velours and black kid as well as several small

lots of boots of various descriptions, most of them are round toe shape, a few. though, are of dressy recede designs. There are sizes 51/2 to 11 in the lot, but not in each style. Every pair remarkably good value. At 12.15 noon today at, pair, \$5.65.

BOYS' CAMBRIC SHIRTS AT \$1.75

They're shirts that last long, stand many tubbings, and are roomy in the bodies and sleeves.

We consider these splendid value because they are shirts of exceptional quality. The materials are firmly woven cambrics that stand the most strenuous service. The shirts are made with large bodies and sleeves, and reinforced with yoke across shoulders. They are coat style, have double French cuffs, and laundered neckbands. In the lot will be found many neat cluster, single, or broken stripe designs of blue, black, or mauve on white grounds. Sizes 12 to 14. Splendid value at, each, \$1.75.

Men's Shirts of Sturdy Cambric, \$1.75

The assortment of patterns is an unusually good one-kt consists of single grouped, fancy striped designs of blue, black, mauve, or brown, as well as many pleasing combination color effects. They are coat style shirts with soft double cuffs and good roomy bodies and sleeves. Sizes 14 to 17. Each, \$1.75.

Walking Canes Reduced to Half and Less Than Half Price Today, 25c

Samples and odd lines which have accumulated, which to dispose of quickly we have enormously price reduced. They are made of bamboo and wanghee woods in light and dark finish, and have crook handles. Some are slightly scratched, but otherwise are in excellent condition. Today, half-price and less, each, 25c.

Men's Fur Coats of Montana or Imitation Buffalo at \$21.75

The Montana Buffalo Coat will keep a man warm, resist and shed rain or melted snow, and last for many, many years. The reason for such an unusual combination at such a low price may be found in these facts. First of all, it's made of a manufactured fabric-a soft, curled, dark brown wool woven into a strong cotton base. The sleeves and body are interlined with a rubberized tissue that keeps out wind and dampness; the collar is deep shawl style; the sleeves have close-fitting knitted cuffs, and the whole coat is lined with quilted black Italian cloth. Sizes 40 to 48. Striking value at \$21.75.

Men's Muskrat Lined Coats—The shell is an all-wool beaver cloth of excellent quality and the collars are shawl or notch style, made from good otter whole skins; size 42. Price \$109.00.

AN ALL-WOOL BLUE SERGE SUIT FOR A BOY OF 7 TO 10 YEARS, \$15.00

It's a suit that possesses admirable style lines—a distinctive, breezy sort of model that reveals the graceful athletic figure of a boy to full advantage.

And being made of blue serge it's a suit a fellow could wear anywhere and at any time and feel well dressed, for blue serge is an acknowledged aristocrat

The fact that the blue serge is of all-wool, finely-twilled, should appeal to mothers. It means long service and lasting shapeliness.

The coat is single breasted, with all-round buckle belt, slash pockets, two flap breast pockets, and back only shows pointed yoke, and pleats to waistline

The bloomers are full and roomy, and have expanding knee bands, belt loops, and watch, hip, and side pockets. Sizes 25 to 28. An EATON value at \$15.00.

-Main Floor, Queen St.

Be Ready for a Thaw With A Good Pair of Rubbers

They'll protect your health, prevent perhaps a serious cold, and they'll save your boots in more ways than one. One reason why you can buy rubbers at EATON'S with confidence is that the salespeople are specially instructed to see to it that every pair of rubbers sold is properly fitted.

Men's Fine Black Rubbers with corrugated soles, in all popular shapes. Sizes 51/2 to 11. Pair, \$1.25.

Men's Half or Sole Rubbers, in sizes 51/2 to 11. Pair \$1.20.

Boys' School Rubbers, with good weight corrugated soles. Sizes 1 to 5. Pair, 90c. Youths' sizes, 11 to 13. Pair, 75c.

Misses' Rubbers, sizes 11 to 2. Pair, 65c. Children's Rubbers, sizes 4 to 101/2. Pair, 55c.

Detours Not Wanted. In making roads, said the minister, they did not want more detours than necessary, and he asked the officials of the Motor League to come over to his department and help him mark out the detours and the roads they thought should be constructed. I's asked their help, but it must come without pull or political influence if he was to have anything to do with it. The province not only needed trunk roads, but feeders and spurs to get to the backways. WITHDRAWN FROM COUNCIL

W. J. Hevey, former secretary of the Toronto Trades Council, was last night withdrawn by his union, the International of Cigarmakers, from the Trades Council as their delegate. This action was taken for the alleged reason that Mr. Hevey opposed the canand Ald. Ashplant in London for aldermanic and provincial representa-tion of Labor. Tom Black stated that this action on Mr. Hevey's part was considered by the union as unbecoming a trades unionist. Mr. Hevey, in an interview, stated that he had apters of the union against the action as unconstitutional, on the ground that the constitution of the international forbade any political action by the mion as such. Mr. Hevey stated that he believed trades unions should remain aloof from politics and consider only industrial economics.

CITY HALL NOTES

A conference was held at the city hall yesterday on the question of turning over St. Andrew's Military Hospital property on Schofield avenue to the military barracks for the permanent force in this military district. Those at the conterence were Mayor Church, Commissioners Bradshaw, Harris and Chambers, Major-General Elliott of the ordinance department, Ottawa; General Elmsley and Col. Osborne secretary to the mixture council. ment, Ottawa; General Elmsley and Col. Osborne, secretary to the minita council. It is understood that large and attractive buildings are proposed, and that more ground than the military hospital property comprises will be required. Assistance from the city in the form of restrictive bylaws and financial aid in the building of a bridge across the rivine of Moore Park to the buildings will be sought.

Mayor Church is prepared to appeal to the courts if necessary to enforce con-struction of the viaduct to carry the tracks along the city front to the Union Station. He announced vesterday that In addressing the gathering, Judge J. F. Mott said: "There is no better way to serve one's country than by helping along the children of that country. Canada's future does not depend upon her wealth, but upon her native-born sons and daughters."

In dealing with the publicity question, Judge Mott agreed with Mr. Burton, but said the fullest possible publibutes and the federal railway board to confer on the question of making an early start. The mayor added: "I will have a message for council on the matter of the viaduct. If the railways do not consent to proceed with it, we will apply to the courts and the railway board for an order compelling them to ge ahead."

Tenders opened for the construction of a public lavatory at the corner of Danforth and Broadview avenues show that \$22,643 is the lowest figure at which the work can be completed. Council appropriated \$17,000 for this work last year, and will therefore have to increase the amount by \$5643.

Winston and the Galloper.

Winston Churchin and his triend, Galloper Smith, now Lord Chancellor Birkenhead, seem to be bidding for control of the party that is to survive the Lloyd George government. Churchill says the Labor party is unfit to govern; Lloyd George carefully refrains from antagonizing Labor. His office has published a declaration of his attitude to the problem of dealing ly opposed to the prime minister's pol-icy. And so the elements of mutual hostility between old colleagues are developing.

It is characteristically Churchillian to say the Labor party hasn't brains enough to run the country. Experience of the party in parliament, and in the government, belies that size-up. But Churchill is an arrogant aristocrat, a social Tory, a sprig of the "ruling families." With regard to really democratic statesmanship they learn nothing and forget nothing.

So little did this rising statesman apprehend that the labor organizations contained more students of economics than both of the traditional parties. So little does he know, when he says the Labor men cannot govern, and that the right thing to do is to start a war against soviet Russia. Mr. Churchill may be able to lead The Morning Post, with the aid of Galloper Smith turned grave; but he will break with Lloyd George, and then the British people will break him. Dainty Comedy Stars Vivian Martin in Something Entirely New for Toronto Fans-Good Vaudeville.

Combining a genuine heart appeal with a lot of dainty comedy, "The Third Kiss," starring Vivian Martin, at Loew's Theatre this week, is a real surprise for fans. Here is something new offered them, with an old friend in the star role: Missy, a red-headed little girl, after the death of an uncle, who has left her his heir, to atone for his criminal negligence in his factory, which led to the death by fire of three factory workers, goes to work in the factory to penetrate into the work in the factory to penetrate into the heart of settlement work. She meets Rupert Bawlf and Oliver Cloyne, associ-

Rupert Bawlf and Oliver Cloyne, associate workers. Fearing Rupert's stealthy love affair with Missy will compromise him with his lovely wife, Cloyne offers to marry Missy, who, when she realizes the situation, consents. Then the unhappy marriage is set right by the mysterious third kiss, after which Missy finds herself in love with her husband. A story of absorbing interest from every standpoint.

On a vaudeville bill, Charles Ahearn, with his six associates, star in a humorous sketch, "At the High Life Cabaret," a thing of laughter. The Hal Johnson Company, in "Mr. Chaperone," are comedians of pep. and talents. Martin and Elliott are a novelty in their work, while Danny Simmons is a delight in "The Raw Recruit."

Chic and Tiny Harvey display unique dancing talents, putting on some numbers of rare grace and hearts.

ALHAMBRA CONCERT

Names on the program of the concert given last night at the Alhambra Presbyterian Church were a guarantee of the fine entertainment presented under the auspices of the Alhambra Young Men's Club, who showed their originality by having only men on their bill, with the exception of the accompanist, Mrs. A. Broadus Farmer. Other artists were: Frank Oldfield, W. S. Hamilton and Owen A. Smiley Numbers by the Kreisson Quartet (William Buck, S. Collis, E. Burton, S. Green) were a delightful feature. I say that I can conquer rheumatism with a simple home treatment, without electrical treatment, stringent diet, weakening baths, or in fact, any other of the usual treatment recommended for the cure of rheumatism. Don't shut your eyes and say "impossible," but put me to the test.

You may have tried everything you ever heard of and have spent your money right and left. I say "well and good": let me prove my claims without expense to you. Let me send you without charge, a trial treatment of DELANO'S RHEUMATIC CONQUEROR. I am willing to take the chance and surely the test will tell.

So send me your name and the test treatment will be sent you at once. When I send you this, I will write you more fully, and will show you that my treatment is not only for banishing rheumatism, but should also cleanse the system of Uric Acid and give great benefit in kidney trouble and help the general health.

This special offer will not be held open indefinitely. It will be necessary for you to make your application quickly. As soon as this discovery becomes better known, I shall cease sending free treatments and shall then charge a price for this discovery which will be in proportion to its great value. So take advantage of this offer before it is too late. Remember the test costs you absolutely nothing. F. H. Delano, 271-E Delano Blds., Syracuse, N.Y. X-Ray of Rheumatic Hand

Wilkie Bard, inimitable English character comedian, and favorite of the music hall stage, delighted a capacity audience yesterday with his impersonation of "The Scrubwoman" and "The Night Watchman." His entry was the signal for prolonged and enthusiastic applause and every joke and gesture caused uproarious amusement. During a short speech the famous laughmaker expressed pleasure at the opportunity 4fforded to play to a Canadian audience and promised that he would, in the course of the week, sing some of the songs familiar to veterans of the C.F. The Wilton Sisters, also well known to Tonto theatregoers, presented a popular musical act which was much an joyed. Emmet Devoy and company gave a neat playlet, "Mother's Diary." Lou and Jean Archer sang several catchy songs and danced their way thru an amusing musical number. Kharnum, Persian pianist, delighted music lovers with his playing. The Great Johnston, contortionist and aerial wonder, did many clever things on and off a trapeze; Lola Girlie and company gave some graceful and pretty dances and a Snub Pollard Emil Casper and Harry Bowen are the Emil Casper and Harry Bowen are the Girlie and company gave some graceful and pretty dances and a Snub Pollard completed the program for the

A really clever cast of principals, combined with a beauty chorus of exceptional merit, go to make the show unusually successful. Joe Marks and Eddie Cole are both clever comedians, and were deservedly applauded, as were also Burton Carr and Aibert Leonard, who played their more-serious roles to perfection. Joe Marks in particular kept the audience roaring with mirth at his clever impersonation of Isidore Marcus, an Italian with a fondness for the "prohibited stuff," and a propensity for picking pockets or anything else he could get his hands on. He is also one of the authors of the plot of the show. Miss Jean Worth and Miss Dollie Davis pleased when they sang bits of popular song hits and lyrics, while of popular song hits and lyrics, while Miss Bennie Freedman supplied some clever dancing in addition to her singing. Manager Dan Pierce is well pleased with the success of his first three shows, and promises more of like quality.

In the first place, there is the inimitable Charlie Chaplin in his latest million-deller picture. is the inimitable Charlie Chaplin in his latest million-dollar picture, "A Day's Pleasure," which will be shown all this week. In this picture, Charlie, as a pleasure-seeking but trouble-finding motorist, is as funny as in the best of his previous efforts. Then the Selnick picture, "The Perfect Lover," showing for the first half of the week only, is one of quite unusual excellence and charm. Emil Casper and Harry Bowen are the comedians. Bowen works well with Casper and gets many laughs. Mildred Campbell is the best singer in the show. Other principals are: Murray Bernard, Madge Boaz and Eveleen Ramsay.

Gladys Brockwell astonishes with the versatility with which she handles the versatility with which she handles the various plots and counterplots in "Thieves," the picture attraction at Shea's Hippodrome this week. "Thieves" is a drama in the best sense of the word, intensifying the dramatic interest with a great deal of mystery. A setting combining the slums with high society is used to advantage, and the acting of the star and her supporters is full of action and spirit.

and spirit.

As for the vaudeville, a musical novelty called the "Melody of Youth," outstars the stars and does what many a vaudeville headliner has tried to do in vaudeville headliner has tried to do in vain—present old songs in a fresh and naive manner. Six juvenile performers co-operate for a genuinely original and interesting number of songs and dances. Scott and Aubrey, in a novel sketch, offer amusement aplenty. Dobbs, Clark and Dares are entertainers of the slapstick variety.

Pagana is artistic and versatile with the violin playing. Nevins and Mack as "nigger" comedians and Techow's Cats are also on the bill of entertainment, which includes two comedies.

"L'Apsche," in which Dorothy Daiton has the star part, at the Strand Theatro this week, is all that imagination wants it to be. It is a thriling story of the Farisian underworld with a mystifying atmosphere and sufficient of the love element to be a romance. Miss Dalton's acting in her dual roles is c'ever.

A freak of nature has made Natalie Bourget, wife of the styled king of the Apache, and Helen Porbes, wealthy American, exactly alike, and 4t is on this resemblance that the satisfying story is bui.t. Helen is the wife of a man who built. Helen is the wife of a man who haunts the boulevard cabarets of Paris with the inevitable end, and Helen finds herself on the road to the Apache life, a thing of love, hate and then the dagger. Jean) Bourget, the Apache King, has a place in her life which nothing but death can free her from, and in the meantime there are thrills, a murder, a court trial with Brison at the end.

The juveniles played Central last week on Broadview's floor, and while losing by the small score of 24 to 16, it seemed anybody's game until near the finish. They played a wonderful game considering that they are very young, averaging around 16 years, and are rather light compared to other teams in the same company. Bill Rankin played a splendid game at centre, also doing his share of the scoring, Mercer and Walkem put up a very fast game forward, and Lougheed, Jones and Patterson did good work on defence.

All Broadview teams play away fromhome next Saturday, seniors, intermediates, and juveniles play at Central, and the juniors at St. Christophers. All

out up a strenuous argument.

The classes in life-saving proficiency, inaugurated amongst the boys during the past week, have met with a splendid response, it being found necessary to divide some of them into two classes.

Life-saving and beginners' classes are considered of vital importance at Broadview, and the association is meeting with a large measure of success in these two branches of the art this season.

SEVEN GOAL MARGIN FOR THE GRANITES

FIRST RACE - Repeat, Marguerite Dons Outclassed in Semior Fixture Before a Small Crowd.

Dons and Granites were scheduled for a senior O.H.A. fixture at the Arena last night, but it developed into a light workout for the Church street club. They were all over the east-end scullers, and SEVENTH RACE-Beeswing Midia the score of 9 to 2 about gives the mar-

the score of 9 to 2 about gives the margin in the two teams' play.

Dons were without Cecil Hill and were weefully weak. They snowed a new man in Macey, the Indian, formerly of Midland, but he was not a shadow of the old speed merchant of a few years ago. Macey could hardly skate, and even failed to carry the puck. Gallagher and Trottier could not keep the fast Granite line out, and the score might easily have been doubled but for the work of D'Arcy Smith. Murney and McInnis were the best of the forwards for Dons. Both checked well, and McInnis had the best system on the attack. Pugsley slashed and skated in circles, but packed a bad shot.

and skated in circles, but packed a bad shot.

In spots Granites showed brilliant combination. They checked hard all the way, and their defence had no trouble in keeping out the systemless Dons. In the final round Granites got indifferent, and it was very poor hockey bere with the final round Granites got indifferent, and it was very poor hockey here, with the goals few and far between. Laflamme's club showed two new faces in Ken Crane and Corky Fowler. Both looked good and add strength to the team. Watson, as usual, was the bright light of the front line. Aird rained in his hard shots and Rommerlll was hard to stop.

his hard shots and Rommerill was hard to stop.

Granites ran in two in the opening period, five to Dons' one in the second, and two while the east-enders were getting one in the final twenty minutes. Watson grabbed four goals, Aird three, and Crane and Rommerill one each.

The teams:

Granites—Goal, Addison; defence, Fox. and Laflamme; centre, Watson; right, Rommerill; left, Aird; subs, Crane and Fowler.

Dons—Goal, Smith; defence, Gallegher.

UPPER CANADA ARE DOWNED BY U. T. S.

Upper Canada Coliege and University Schools met for the first time this scason in a prep. college junior game yesterday and the light U.C.C. team were no match for the champions of Canada. The final was 11 to 3, but much more interesting than the score would indicate.

cate.

A nice display of sportsmanship was shown thruout, and U.C.C. completed their second game without a penalty. U.T.S., like little gentlemen, refused to use their bodies on their lighter opponents when ot was seen that they would win handily and the result was that a lot of speed and combination was shown. U.T.S. came thru with brilliant passing in the last period, in which they scored eight goals, and it was the same brand of stuff that carried them thru to the highest bonors last year.

Perhaps the most remarkable feature

out of place at centre. Mulqueen was a strong rusher.

Aggett was bright for the winners, His wiggling tactics worried U.C.C., and Jack collected six goals. Plaxton was a steady worker, and shows improvement each time out. The U.T.S. defence was good, and Munro strong on the attack.

The teams:

U.T.S. (11): Goal, Sullivan; defence, Roweli, Munro; centre, Aggett; right, Nettlefield; left, Plaxton; subs, Taylor, Wadidington.

Upper Canada (3): Goal, Home, defence, Moss Park.

AUSTRALIAN DOUBLES SUPERIOR TO BRITISH

Sydney, Jan. 19.-When play in the doubles contest for the Davis Cup championship was resumed here today, Norman Brookes and Gerald Patterson of Australia defeated A. R. F. Kingscote and A. E. Beamish of Great Britain, 6-0, 6-0 and 6-2.

The match was played in muggy weather, in the presence of 7000 spectators. The courts were slow owing to two days' rain. Brookes gave a masterly exhibition, but Patterson's work was patchy. Kingscote played well, but Beamish was outclassed. There were some fine rallies in the last set, but the Australian pair

London, Jan. 19.—The scramble for star soccer players continues, big sums of money changing hands by clubs anxious to strengthen their teams. Blackburn Rovers have secured Rollo of Linfield and the many times Irish international for \$11,250, and Frank Reilly, the Falkirk centre half-back, for \$10,000, while Coventry City have paid Everton \$7500 for the release of their outside right, J. Miller. Coventry have paid out nearly \$40,000 for players during the past two months.

SOCCER NOTES.

The Lanceshire Football Club will hold a meeting Wednesday next at 8 p.m. in the Sons of England building, Berti and Richmond streets. It is important that all members and players attend. Any players wishing to get into the game with the Red Rose team will be made welcome.

The British Imperial Football Club will The British Imperial Football Club will hold a special meeting on Wednesday. All members are requested to be present at the Veterans' harber shop, 1290 West St. Clair avenue, just east of Lansdowne avenue, at 8 p.m. Owing to pressure of time the business of the annual meeting (held recently) could not be finished. Any visitor or friend or those desirous of becoming connected with the Imperials are requested to be present. A pie supper has been arranged by a sub-committee. A further report of the annual meeting will be given out at a later date. With the return of several of our oldest members, who have done their bit for King and country. The British Imperials are looking forward to the 1920 season with great confidence.

MONTREAL EXCHANGE ALTER BROKERAGE RATE

Montreal, Jan. 19 .- By a vote of 34 to 20, members of the Montreal Stock Fxchange today adopted a resolution changing the bylaws of the institution affecting the brokerage charges applied to
businesses of outside origin and abolishing the preferential treatment accorded
in the past to out-of-town houses whereby the latter were permitted to have
orders executed here at the rate of oneeighth of one per cent. Hereafter and
effective tomorrow the brokerage charge
will be one-quarter of one per cent. to
public and outside brokers alike.

The question of abolishing the luncheon recess and making the session of
the stock exchange continuous from ten
to three, except Saturday, was informally
discussed, but no positive action was
taken. The question is now in the hands
of a committee. 0, members of the Montreal Stock Ex-

QUEBEC RAILS LEADS IN MONTREAL MARKET

Montreal, Jan. 19.—Quebec Railway, in which trading recently has been quite active took the leadership of the market today, dealings in this issue amounting to 4.000 shares. Dominion Iron came second with 3,900 shares, while Atlantic Sugar was relegated to third place.
Buying of Quebec Railway was more than sufficient to abso.b offerings at Saturday's levels, and at the close the Frice showed a net enhancement of a fraction at 31%.

On the other hand the selling of both Iron and Sugar was too much for the buying power and both issues finished the day at lower prices, Iron losing a fraction and Sugar 1% points.

The bond list was broat and irregular without any particular activity.

NEW SILVER PROPERTY

STIRS KEEN INTEREST

Jack Munroe's E.R. Lake Holdings Show Rich Silver Values.

With the price of silver showing an obstinate tendency to sell above \$1.30 an ounce, properties which contain showings of the white metal have a strong appeal to the public. Hence the offering of stock being made by the Jack Munroe Mining Company is creating a good deal of interest, particularly as the property is in the Ellk Lake district, which has come into high favor since the sensational fresh discoveries in Gowganda made it clear that Cobalt does not by any means enjoy a monopoly of the north's silver treasures.

The main vein on the property averages from 3 to 12 inches wide. Some remarkable native silver showings appear on the surface, and a shaft sunk to a depth of 50 feet has disclosed considerable native silver, while the wall rock contains good values. Good showings of native silver are made by nine other veins. An aggressive development campaign is planned, and the property, situated close to the T. N. O. Railway, is well located from a shipping viewpoint. With the price of silver showing ar obstinate tendency to sell above \$1.30

The incorporation and organization of this Company having been completed, the mpany has become the owners of the well-known Hargrave Mine and of the lease of the Reliance Silver Mine, both at Cobalt. Mining is now being carried on at the Reliance with good results and the Hargrave is ready to resume operations. Ship nents are expected to be made almost at once.

Application is being made for the listing of the shares on the Standard Store Exchange, Toronto. When matters are in shape to do so, it is expected that the 1,000,000 shares issued to the old Hargrave Company will be distributed among its shareholders. The Company does not expect that it will be necessary or advisable orsidering the present development of the property and the high price of silver, to sell much of the treasury stock, but in order to quickly raise money to rec the work, has authorized the offering of a limited amount of shares at 12 cents pe

ATLANTIC SUGAR WE VICTORY BONDS

Canadian General Electric Firmer—Light Trading in the War Loans.

Atlantic Sugar, in which the trend, particularly in the alternoon, pronouncedly reactionally, was almost the sole feature of resterday's trading on the Toronto exchange. There were comparatively few stocks in which transactions ex **GO THRU AT LAST** tended to three figures, and price movements, as a rule, carried little or

for Thru at Last femded to three figures, and price movements, as a ruie, carried little or no significance.

Sugar, in which the turnover of 1,225 shares was nearly one-half the age. ega.e. in all listed stocks outside of mining issues, opened steady at 95, but soon developed heaviness, and in the afternoon soid as low as 92 1-2, closing at 92 3-4, a net loss of 2 1-4 points. Offerings of Canadian General Electric dried up, and an odd of sold yesterday at 104, an advance of a point. Spanish River opened firm at 88, but reacted to 87 1-4, showing a net loss of 1-4. Announcement of an increase of a cent a loaf in the retail price of Canada Bread's product had no effect on the stock which sold around 31.

Brazilian was as usual the most accomplete the other made by A. Toronto Railway held firm at 48 1-2 and Quebec Railway at 30 to 29 1-2 were also firm. The minority putting the mater bluntly—seek to prolong litigation in the hope that some one may be forced to buy them off or may be induced to do so for the sake of peace. This is not presented nakedly, but made a thin cloak of optimism and many charges of fratuland misfeasance against those having the largest claim as creditors. For here truth could not appear naked and remain unsahamed."

D. G. Lorsch, of Lorsch and Co., who has fought for the majority interests.

Considerable of the closing strength was due to short covering, a portion, however, being fresh buying at the low levels reached for the day. The industrials were weak right up to the closing hour, when some recovery set in. General Asphalt was again the bell-wether of the market, opening at 117, going to a low of 112, and recovering toward the close to 114. There was somewhat of a bear drive in Safety Razor, which moved between 16½ and 15. Steamships showed up strong. nashamed."

D. G. Lorsch, of Lorsch and Co., who has fought for the majority interests throut, said yesterday that arrangements will be made by the new company to open up the Bailey mine as soon as poss.ble. A. The oils were spotty. High-priced issues seemed marks for the bears, except for covering at the close. White Oil moved from 37½ to 38%. Simms closed strong around 53½.

The mining issues were quiet and fractionally lower.

The BIG DYKE Gold Mines, Limited

(No Personal Liability)

Authorized Capital \$2,000,000 Par Value of Shares \$1.00 DIRECTORS:

Richard Bigley, Toronto, Manufacturer, President. John G. Meyer, Toronto, Accountant, Vice-President. John L. Bigley, Toronto, Manufacturer, Secy.-Treasurer. Edward J. Curry, Toronto, Contractor. James B. Kitchen, Toronto, Electrical Engineer.

This Company owns 92 acres of mining land situated in the Porcupine Gold Camp. On this property is an immense heavily mineralized sulphide dyke, carrying free gold. The main shaft is down 80 feet and is already in spectacular gold ore. A recent assay gave values of \$809.20 to the ton in gold. The "Big Dyke" Gold Mines, Limited, have a wonderful property, and we believe that with careful financing and efficient management the "Big Dyke" will soon be one of Porcupine's producing gold mines.

The above list of directors, all of them successful business men, guarantees both carefulness and efficiency in the handling of the development of this property.

We advise the purchase of BIG DYKE Stock.

KEORA AND BAILEY ARE IN LIMELIGHT

Hollinger and McIntyre Firm -Silver's Rise Stimulates Interest in Cobalts.

Two of the lower-priced issues, Keora and Bailey, were brought sharply to the fore in yesterday's firm and active mining market. There was some profit-taking, causing recessions here and there; but, apart from Atlas, which had an unexpected setback of nearly seven points, there were no reactions of importance. A fresh advance in the price of silver, which sold 2%c higher in New York, at \$1.31% was a sustaining inportance. A fresh advance in the price of silver, which sold 2%c higher in New York, at \$1.31%, was a sustaining induced where the Cobalts were concernd. The orient has renewed its demand for the white metal at a time when it had been commonly supposed that the requirements of the east had been files, thereby strengthening the benefit of some of the most prominent metal authorities in the world that the east's appetite for silver is meatable, and that the trend, with occasional passing setbacks, will be consistently upward.

Keora, on heavy trading, advanced 3% points, to 27%, closing only % below the top level. It is understood that new interests are taking a large block of the treasury stock, and that funds will be sufficient to ensure development. Bailey accounted for a total of \$4,500 shares, selling up 1%, to 6%, and closing at \$72, with that figure bid at the close for any part of 25,000 shares. The mer-ger with the Northern Customs is going thru, with a new company to handle the consolidation's anairs.

at 40 to 33, failed to disturb the general list. It is asserted by those who stand as sponsors for the stock that there has been no hitch in important plans under way, which are expected to reach fruition in New York on Wednesday next. Montreal interests, who are largely concerned in the aftairs of Atlas, are stated to have received three oners for control and to be weigning their relative advantages. The original offer will hold good, it is declared, in the event of its being decided that the others present fewer

decided that the others present fewer attractions.

Hollinger and McIntyre were two of the firm spots in the gold list. Honinger sold as high as \$7.15, as compared with \$1 on Saturday. Apparently those in closest touch with the company's affairs have no doubt that the formcoming annual report will be a budish document. McIntyre, at \$2.14, was up a point. Some discussion has been aroused by the rumop in Porcupine, ment.oned in The World yesterday, that the McIntyre had aropped its option on the Plenaurum. President J. P. Bickell of the McIntyre, who returned from the west yesterday, dropped its option on the Plenaurum. President J. P. Bickell of the Mcintyre, who returned from the west yesterday, said he was not aware that such a step had been taken. The Mcintyre already owns a block of Plenaurum stock, and the remainder is offered by a syndicate of large hoiders. No work has been done on the Plenaurum for some time, but no definite decision either way on the option appears to have been reached. Beaver and Kirkland Lake were less prominent, but held well after their big advances, Beaver, at 69, snowing no net change, while Kirkland Lake eased off a point, to 76½. Peterson Lake was in consistent demand at 24%, closing with that figure bid. Mining Corporation auded 10 points to its gains by seiling at \$2.30. Trethewey yielded 1½, to 48½, it is announced that the old Trethewey property has been sold to the Coniagas, \$100,000 being mentioned as the consideration. The news comes as no surprise, and the sum realized will come in nandy in prosecuting work on the company's big interests in Gowganda.

Vacuum Gas and Petrol Oil were both strong, the former selling up a point, to 26, and the latter two points, to 52. 26, and the latter two points, to 52.

If a Fairy Granted Your Wish

If some good household fairy were to grant one wish to the mothers of small boys, wouldn't they all pray hardest for indestructible clothing? For juvenile coats of a fabric that would withstand the ruba-dub-dub of daily rollicking. For bloomers that might at least attain the age of one year. For suits with something of the quality which housed the young Lancelots and Arthurs of twenty years ago.

We Give Satisfaction

And yet it is not impossible to obtain durability if it is sought where durability is insisted upon. Nor careful workmanship if one goes where satisfaction has always been guaranteed.

Simpson's Boys' Clothing Department, Second Floor, provides clothing for Boys that will please their whole families. Fabrics that will wear longest, style that will appeal most, and at prices the most reasonable.
