Equal Suffrage For Prussia, Says Kaiser

Text of His Manifesto is Given Out; Report That Whole Cabinet May Resign

Berlin, July 11, via London, July 18.—Emperor William has directed the following decree to the president of the state ministry: "Upon the report of my state ministry, made to me in obedience to my decree of April 7 of the current year, I herewith decide to order a supplement to the same, that the draft of the bill dealing with the alteration of the electoral law for the house of deputies, which is to be submitted to the diet of the monarchy for decision, is to be drawn upon the basis of equal franchise. The bill is to be submitted in any case early enough that the elections may take place according to the new franchise. I charge you to make all necessary arrangements for this purpose."

(Signed) WILLIAM. (Counter-signed) Bethmann-Hollweg.

Word was received several days ago that the German emperor had issued a decree for franchise reforms, but hitherto the text of the order, which affects only Prussia, has been available.

Copenhagen, July 18.—A despatch to the Politiken from Berlin reports that the German Crown Prince had an audience on Thursday morning with representatives of all political parties including the socialists. He had long conferences with Herr von Payer, progressive; Dr. Gustave Stresemann, national liberal; Matthias Erberger, of the Catholic center; Count von Westarp, conservative; and Dr. Eduard David, socialist.

Amsterdam, July 18.—A rumor has reached Holland that the entire German government will resign with Imperial Chancellor Von Bethmann-Hollweg, the main committee of the Reichstag having refused to vote a credit unless the government declares its policy regarding peace and reform which the government has declined to do. An imperial proclamation is considered imminent.

The Vossische Zeitung and Lokal Anzeiger, both of Berlin, agree that the chancellor resigned owing to a letter from the Centre or Clerical party, declaring that the conclusion of a peace would be rendered more difficult if he retained his office.

GOVERNMENT HAS A BUSY SESSION

School Appointments—A Lumbering Matter—No Successor to Clerk's Position Yet

Fredericton, July 18.—The provincial government at its session now held here is disposing of a large amount of routine business which comes up at this season. The appointment of members of school boards is being made and will be passed in due time. In many cases reappointments are being made but in some new members are being named.

Preparations also are being made for the taxation of the wild lands of the province.

One matter of importance before the executive is that of arranging for the investigation of certain lumber operators who cut on crown lands and whose stumpage returns are considered not to represent the quantity of logs actually cut. One case has been reported in which a tract of several hundred acres in extent was practically denuded of its timber within the province during a year or so.

The matter of appointing a successor to the late J. Howe Dickson as clerk of the executive council has not been considered. P. J. Hughes of this city is acting clerk and will continue until a permanent appointment is made. The session probably will close this evening.

Mr. Robinson succeeded this evening in securing the release of a soldier who was held in a fire that burned the house in which he was living some nights ago, took upon himself to collect \$150 to be handed over to Private Doran.

He was appointed to the 104th Battalion by Lt. Col. Fowler in the autumn of 1915 and went to England with that unit as a captain. Afterward he was transferred to the R. F. The father of the young officer left for Ottawa on Wednesday evening, having been ordered there in connection with his appointment as commandant of the convalescent and vocational home for returned and disabled soldiers to be established in Old Government House here. Major Osborne was invalided home as the result of shell shock received while serving with one of the mounted rifles regiments. FIGHTING OUTSIDE PEKING GATES

London, July 18.—A despatch to the Exchange Telegraph Company from Tien Tsin says that fighting began outside of Peking yesterday.

The Republicans here says that, owing to General Chang Hsun's refusal to mediate, they intend to attack the forbidden city at the first opportunity. Heretofore they have been reluctant to do so owing to the proximity of Chang Hsun's residence to the legation quarter. Chang Hsun has artillery and

the republicans fear that in the event of their entering Peking, Chang Hsun will fire into the legations.

Wang Tah Sieg, the new foreign minister, went to Peking today apparently to negotiate with the foreign legations regarding the situation. The republicans say that with their troops in and around Peking they could promptly overcome Chang Hsun's resistance were there no fear that he would savagely attack foreign property generally.

TO PREVENT THEM FROM ESCAPING WAR SERVICE

Action in United States To Ensure Enlistment of Subjects of Allies

Washington, July 18.—Escape of British shakers or citizens or subjects of any of the Entente powers living in America from any liability to military service imposed upon the native American will not long be tolerated by the administration. It was revealed today that administration, authorizing recruiting officers of the Allies, whom congress already has authorized to solicit voluntary enlistment, to round up and conscript their nationals of military age.

If this measure should fail of enactment, an attempt will be made to reach the shakers in another manner. They have been required to register under the conscription act so that the U.S. government now has them listed and identified. If any should be drawn for service in the American national army, it is declared by some of the Entente diplomatic representatives that a deaf ear will be turned to any appeal to their claiming exemption.

"BENEVOLENT NEUTRALITY" OF MEXICO IS URGED

Pro-Allies Newspaper Asks Government to Make Declaration

Mexico City, July 18.—El Universal, which has been conducting a campaign in favor of the Allies, will request editorially tomorrow that the government declare a policy of "benevolent neutrality" toward the Allies as soon as possible. The statement says in part: "It would be extremely dangerous to adhere to strict neutrality because we have to account for dangerous violation of neutrality committed against any of the combatants."

If Mexico remains neutral for the time being it should not remain impartial, but should give all its sympathy to the Allies, and the wide support of government and same ideals and that have permitted and fostered the existence of weak nations."

TORONTO STREET RAILWAY STRIKE ENDED TODAY

Men Accept Six Cents Increase and a Board of Conciliation

Toronto, July 18.—After two days spent in fruitless conference and negotiation, in which the representatives of the company, the employees, the Ontario government, the city council and industrial associations participated, matters were finally adjusted early this morning and, by a vote of 1,088 to 656 in mass meeting, Toronto's street railway strike was declared off and the cars will commence running again at noon today.

The men accepted an offer of six cents an hour increase and a board of conciliation, instead of arbitration to pass upon the entire agreement desired by the men.

The men asked for ten cents increase and the company offered two.

Toronto, July 18.—Street cars are running again. The first cars on the Queen street route arrived at the city hall at 11:50 and by 12:15 cars on all the principal routes had appeared in the centre of the city.

The striking employees are back to work for the railway company—not for the Ontario Railway Board, as was suggested yesterday. The case—now further demands of the men will be considered by a conciliation board under the Lemaire Act.

In a statement to an evening paper, General Manager Fleming said the company would accept the award of the conciliation board. The men will not bind themselves.

FEAR TROUBLE WITH INDUSTRIAL WORKERS

Douglas, Arizona, Preparing to Meet Invasion by 1,200 of Them

Douglas, Ariz., July 18.—Citizens of Douglas today were prepared for a return of the 1,197 members of the Industrial Workers of the World and their sympathizers, who were deported yesterday from Bisbee. Reports received early today indicated that a special train of freight and cattle cars, which carried the men from Bisbee had been sidetracked at Hermans, twenty miles west of Columbus, N. M., after the local officers at the latter place had refused to permit the guards who accompanied the train to unload their prisoners there.

A message received by Chief of Police East from Sheriff Wheeler, who accompanied the train, said the deported men were threatening to return to Douglas on the first passenger train and it was feared that they would arrive here during the day. Chief East issued a call for 200 special policemen to report for duty, fully armed, to handle the expected invasion.

Reports from other sources said that the authorities say it developed according to federal agents that Von Gersdorff was hailed to Washington during the Lusitania investigation and ordered to make affidavit to Ambassador Von Bernstorff in support of a statement that the Lusitania was armed. It is said Von Gersdorff made the trip but declined to make the affidavit. In the suspect's effects was found a receipt for payment of an advertisement in a local paper seeking a position as a waiter. He was staying at one of the largest hotels when arrested.

FINNS CAUSE A RUSSIAN CRISIS

Second Reading of Bill Establishing Independence

MINISTERS SUMMONED HOME

Petrograd Government Against Allowing Finland to Determine Her Relations With Russia—Sharp Comment in Press

Petrograd, July 18.—The Finnish diet on Thursday passed the second reading of a bill virtually establishing Finnish independence. The introduction of the bill has created a serious crisis here and N. C. Tchekide, president of the council of workmen's and soldiers' delegates, has gone to Helsinki for an effort to settle the differences.

An indication of the seriousness of the situation was a late sitting of the Petrograd cabinet and a decision by Premier Loh to summon back to the capital the ministers who are now with the army.

The premier and other ministers belonging to the cabinet party refuse, however, to allow Finland to determine her relations with Russia, insisting she must wait until the meeting of the constituent assembly.

The comment of the newspapers in Petrograd is sharp. The Retch declares it is impossible for Russia to tolerate Finland's move. The Birch Evya hints at armed interference, saying Russia is now about to make a last attempt toward a peaceful settlement.

According to the present programme, Helsinki will tomorrow put the bill, passed on Thursday, into force "by simple declaration" meaning without Russia's sanction. This is the first time the denial of Russia's suzerainty rights.

Petrograd, July 18.—Train service on the Finnish railway was resumed on Thursday.

Great indignation prevails here at the attitude of the Finnish diet.

MISUNDERSTANDING OVER RUSSIAN OFFENSIVE ALLEGED

London, July 18.—(New York World cable)—A Petrograd despatch to the Daily News says the Russians bitterly resent the misunderstanding with which their offensive is clouded in certain circles in the west. It says it is being made under circumstances of extraordinary difficulty. There are daily reports of hunger riots in different parts of the country, and of internal struggles of the parties and even of huge sections of the population, which threaten disaster to Russia. The despatch says the offensive is being made, not because Russia hopes or desires the crushing of Germany; it is made because she believes that by an offensive she alone can persuade the Allies and compel the Germans to agree to a general peace on honorable terms.

The Austrian court of justice last month requested the supreme court to commute the death sentence of Dr. Adler. Russian socialists also made an appeal on his behalf.

Westinghouse Interests Want 1,000 Picked Men

MUST INTERFERE FOR 10 MONTHS

Said to be Planned to Turn Out One of Late Inventions of Edison—Those Who Engage Must Bid Outside World Good Bye for Time

New York, July 18.—A special to the World from Pittsburgh says the Westinghouse interests here are seeking 1,000 men who are willing to sign an agreement to enter a new plant to be built for the manufacture of war munitions by a secret process and remain imprisoned for ten months, all communication with the outside world to be shut off.

Men who have been asked were told that the plant will manufacture a powerful implement of war and the secret must be guarded until the government sees fit to make the details public. Only those workmen and officials who will be engaged in the production of the new weapon will know its character and the details of manufacture.

Recreation and entertainment of every possible sort will be furnished the isolated employes. They double that they now get is guaranteed, and bonuses will be paid for high production. Only picked men whose Americanism is unquestioned and whose skill in their respective vocations is of the highest will be employed.

Officials of the Westinghouse interests today refused to talk. An artisan of high standing, who was spoken to by the Westinghouse agents said he had received an intimation that the new plant would turn out, in large quantities, one of the late inventions of Thomas A. Edison.

Secretary Redfield announces that the licensing of vessels to carry coal to Canada will be expedited by the American authorities.

There is no sense in asking whether Canada will be through when she has raised 100,000 men.

The Russian drive against Austria continues, and must be giving Austria food for serious thought.

Honored France And Aided Her Wounded Heros

Red Cross Entertainments in Imperial and Empress Theatres Prove Brilliantly Successful

The anniversary of the fall of the Bastille which marked the birth of modern France, was observed in St. John yesterday, two days in advance of the date, owing to the difficulties connected with having the observation on a Saturday. The local Red Cross Society led in the arrangements and the public recognition of the day took the form of entertainments in the Imperial and Empress theatres, the proceeds of which are to be devoted to the sick and wounded French soldiers.

At the Imperial the shows took the place of the regular performances. The stage was appropriately decorated, for which much credit is due the theatre management. The programme of motion pictures was superb and those familiar with the business state that it was the best show created entirely to one subject ever produced in St. John. The film companies were most generous. The Universal Film Company, the General Film Company and Pathe Freres were the contributors. Late features were brought in, too. When the Pathes office at Montreal heard of the affair a special film was shipped gratis and arrived in time. The reel consisted of beautifully colored views of France before and after hostilities. Sergeant Paddy, of the veterans, also showed up with a series of views showing the Canadians, including the 26th, at the front. The sergeant explained the pictures in detail, making an interesting lecture which evoked no little applause. Pictures of Miss Margaret Hare, R.R.S. and Nursing Sister Warren, local nurses who have distinguished themselves, were thrown on the screen and loud applause.

The French national anthem was beautifully sung by Madam Furlong Schmitt during which the whole audience stood. She was encored repeatedly and returned to the stage bearing the tri-color. Tremendous applause greeted her and the audience stood again and joined enthusiastically in the Marseillaise.

The programme of pictures included a struggle war piece, 'The Bugler of Algiers.' The French army and navy were screened and views of charming France. Committee in Charge. The entire entertainment was under the direction of Mrs. Harold Lawrence, Mrs. P. S. White, Miss Ethel Rising and Mrs. Heber Vinton, assisted by members of the Y. W. P. A. who acted as ushers. Candy, donated by Valcartier and Seven Seas chapters, L. O. D. B., and the Y. W. P. A. was sold quickly and brought splendid returns.

At the Empress, West St. John, the entertainment was conducted under the auspices of the Lancaster Red Cross. It was a brilliant and varied programme and the environment was artistic and tasty. The management of the theatre had the whole auditorium draped with French and Allied flags. The screen bore a large Red Cross and a fleur-de-lis was focused from the camera on the screen, and on the entertainment as they appeared. Miss Kathryn Gullivan sang the Marseillaise most effectively, with the tri-color draped about her. The audience stood and applauded until she was obliged to repeat the number. Other soloists were Miss Ermine Climo, A. C. Smith, Miss Val Penton, Miss Gladys Grant and E. C. Gilvan.

The films were loaned to this entertainment by the Universal Film Company and the Specialty Import Company, the feature being 'The War Wait,' a war story emphasizing the splendid work being done by the Red Cross service. Official war films were also shown.

GIVES WARNING OF SHARKS. Reports in American Papers Start Scare Again. The officials of the United States Weather Bureau at 1 Broadway sent out a warning on Monday to all bathers that one of their correspondents, a trustworthy elderly sea captain, had reported sighting two schools of big gray sharks on June 30 between the Delaware Capes and Cape Hatteras, bound north. The captain added that he believed the sharks were feeding on the edge of the Gulf Stream where it goes off to the eastward and it was possible that some of the big fish might steer for the seashore resorts along the Jersey coast. Captains and officers of coastwise steamships in New York ridiculed the idea of sharks swimming in schools and said that they were probably porpoises. There might be a few sharks along the Jersey shore some time before the cold weather sets in, but that did not mean they were man-eating fish coming in close to attack bathers. The report from the Weather Bureau had hardly been printed in the afternoon newspapers, when the first shark scare of the season was sent in from Rockaway Park. It was stated that while nearly 500 persons, mostly children from St. Monica's Home for Orphaned children, were bathing in the surf about two o'clock, some one on the beach sighted a shark. It proved to be a species of whale which had been dead about two weeks. A later report from Rockaway Park stated that another shark scare occurred at 8.45 p. m. off the foot of Tenth Avenue, when some bathers said there were four or five big sharks close to the shore. One of these was reported to have been killed, and was said to measure seven feet and six inches in length.

Keeping Political 'Pull' Out of Draft Exemptions

Political influences in the working of the draft exemption boards in the United States is a peril various journals foresee with alarm, and in their support they have no less an authority than the President himself who sounded a note of caution on this point in his proclamation announcing the rules and regulations governing the selection of men for services in the national war-army. In a Washington despatch to the Socialist New York Call, the charge is made that both Republicans and Democrats were wrangling for places on the exemption boards 'in order that one party or the other may have an opportunity to punish their political foes by sending the sons to the trenches.' In THE LITERARY DIGEST for this week, July 14th number, the general rules governing the selection of men for the national war-army are given, and the note of warning that boards shall not be derelict in their duty, is heard from various sources. Among other articles of supreme importance in this number of the 'Digest' are:

An Accurate Barometer of Financial Movements

Readers of THE LITERARY DIGEST will naturally be interested in knowing what are the movements that are going on in the financial world; how the industrial forces of the country are being marshaled and developed; what the great manufacturing enterprises are accomplishing; how the railroads and steamship lines are prospering; the condition of the crops, of banking, of real estate, and in fact of the whole vast fabric of related business undertakings that go to make up the wealth of the nation. For their benefit, and as a guide to the conservative investor, THE DIGEST publishes each week a resume of the statements of the leading financial publications of the country on these heads, presenting the results of this consensus of authorities without fear or favor for the use of the public. This department will keep you in accurate touch with financial and investment news, at the cost of only a few minutes' reading. Prove its worth for yourself today.

ERZBERGER'S SUDDEN SHIFT

Had Been a Constant Defender of German Government's Policies

It is one of the significant events in recent German politics, says the New York Times, that two of the conspicuous German leaders who attended the Stockholm conference supposedly as representatives, in part at least, of the Berlin government, have since their return to the Fatherland, taken a stand against the policy of Bethmann-Hollweg in refusing to make known peace terms to the world.

Erzberger, who by his severe criticism of the government's course and for a no-annexation peace and parliamentary reform, raised such a storm in the Reichstag main committee, is forty-two years of age, and is regarded as one of the most fiery speakers in the German parliament. He became a member of the Reichstag as a Social Democrat in 1897.

Erzberger, who by his severe criticism of the government's course and for a no-annexation peace and parliamentary reform, raised such a storm in the Reichstag main committee, is forty-two years of age, and is regarded as one of the most fiery speakers in the German parliament.

Up to the time that the German government induced Scheidemann and others to attend the Stockholm meeting there was no idea of Erzberger going there. When news reached Berlin that he was there, it was generally supposed that he had gone with a Centrist mandate for the government.

The vital consequences involved in a breaking away of the Centrists as a body and the majority Socialists from the government (the minority Socialists have long been anti-government) is shown by the distribution of seats in the present Reichstag.

Plattsburg, N. Y., July 13.—In fulfillment of his father's prophecy that all of his four sons would enter war service, Kermit Roosevelt has left the reserve officers' training camp here to accept an offer to serve on the staff of General Marle, commander of the British forces in Mesopotamia.

Kermit will be the third son of Colonel Roosevelt who are now on active duty. Major Theodore Roosevelt, Jr., and his brother, Archie, who was commissioned a second lieutenant, left this training camp, where they were attached as reserve officers, on June 16 to sail for France for duty at General Pershing's headquarters.

Call First Three Classes At Same Time

Government Accepts Liberal Amendment to Conscription Bill—Strong Criticism of Latest Clauses

Ottawa, July 13.—(Special)—Just before adjournment at 1 o'clock this morning Hon. Mr. Meighen announced that the proposal, suggested by Hon. Mr. Graham and E. W. Nesbitt and supported by many members at yesterday's sitting, to call out the first three classes together for the first draft had been adopted by the government. This includes all single men and widowers without dependents, from the ages of 21 to 34, inclusive.

The government first proposed to call only the first class, from 21 to 24, inclusive.

The government first proposed to call only the first class, from 21 to 24, inclusive.

Ottawa, July 13.—At an early hour this (Friday) morning the drastic anti-draft clauses of the conscription bill, modified by amendments, passed the committee stage in parliament. Sharp criticism of their arbitrary character by Sir Wilfrid Laurier, Hon. Frank Oliver, E. M. MacDonald and others, resulted in certain modifications, while the suggestion of Hon. George P. Graham changing the mandatory clause of suppression of newspapers who offered to a subject to suppression was accepted by the premier.

The government exercised diplomacy in taking the handling of the clauses out of the hands of Hon. Arthur Meighen, the solicitor-general, whose manner is inclined to be dogmatic and irritating, and placing the responsibility in the hands of the more persuasive minister of justice, Hon. C. J. Doherty, who was largely responsible for the progress made. The premier also rendered his assistance during the long night sitting.

There were some fireworks. Mr. Oliver described the clause as a law intended to terrorize the people and "force a conscription upon a disfranchised public."

Hon. Rodolphe Lemieux described it as "a political measure passed by a moribund government."

Mr. MacDonald spoke of it as a political attempt to destroy free discussion and to take away the report of legitimate criticism of those entrusted with the conduct of public affairs.

Hon. Mr. Doherty said the provisions were necessary by reason of the fact that certain persons were already "boasting of their intention to hinder the operation of the act and asserting how easily it would be made inoperative."

Quebec Member's Threat.

Ernest Lapointe (Kamouraska) pointed out that the bill was to make the issue of a general election and the provisions seemed to be an attempt to prevent opponents of the bill presenting their case to the electors. When the British conscription bill was before the British house a member of the government said it would be a national crime and folly to apply it to Ireland at the present juncture. He believed that the attempt of a moribund government to impose conscription on Canada without a mandate from the people was a folly and a national crime, "and," added Mr. Lapointe, "I intend to say so to my electors."

"Then you'll go to jail," commented Mr. Robb.

"Perhaps," smiled Mr. Lapointe.

The question of press censorship and the handling of newspapers occasioned prolonged discussion. Mr. Oliver persisted that it was a "censorship against criticism of the government policy and the proper business of every patriotic newspaper published in the country."

The government had already given evidence of partisanship in its censorship administration by suppressing a paper at Saint Ste. Marie and permitting a Montreal paper carrying continuous articles of a scurrilous character to proceed unimpeded.

"To what paper does the honorable member allude?" asked Mr. Morphy.

"The paper to which I allude is Le Devoir," replied Mr. Oliver, "which, to my mind, has published articles of a scurrilous tendency, and is the paper which was largely responsible for the return of the present government at the last general election. One notes the discrimination in the manner in which the Saint Ste. Marie paper was suppressed and the failure to suppress the paper."

which was largely responsible for the election of this government."

George H. Boivin (Shefford) suggested that the press censorship involved in the bill be in the hands of the Judges of the supreme court, while D. D. MacKenzie (Cape Breton) suggested that no proceedings against any person or paper be permitted without the consent of the minister of justice. The premier promised to take both suggestions under advisement.

SECRETARY FOR INDIA RESIGNS HIS OFFICE

London, July 12.—J. Austen Chamberlain, secretary for India, has resigned as

a result of the revelations of the commission which recently reported after investigation of the first British Mesopotamian expedition.

Mr. Chamberlain was one of the group of civil and military officials on which fell the most scathing criticism in the report of the commission.

The report found that the India office in London was responsible for the policy pursued, although the report attaches less blame to Mr. Chamberlain's part in the enterprise than to that of the others concerned.

It was announced yesterday that all the officers involved had ceased to exercise any function in connection with the government and that a judicial inquiry into their conduct would be made.

What Is 'Well-Favoured'?

"Leah was tender eyed, but Rachel was beautiful and well-favoured."

Bacon says "Beauty of feature is greater than beauty of favour."

But as a matter of fact, most people find the fine complexion (beauty of favour), the more attractive. It means health and a body sweetly clean.

How splendid to think that anyone may have beauty of favour!

The data as to food storage companies' operations gathered by W. F. O'Connor, the high cost of living commissioner during the past six months will be supplemented by further information bringing the data up to the present time, and filling in some links still required to demonstrate whether or not combines are forcing up the prices to such a degree as to require immediate government action demanding the disposal of surplus stocks and lower prices for the necessities of life.

RUSSIANS HAVE ADVANCED TWENTY MILES

When the Russians occupied Kaluszka after forcing a passage of the Lomnica, they had advanced twenty miles northward from Stanislas in five days. In the same time the eighth Russian army took Halicz and crossed the Dniester there and began an advance between Stanislas and Bohodostany.

A great wedge has been torn in the Austrian-German lines south of the Dniester and the army headquarters in that region was occupied in the taking of Kaluszka.

Toronto, July 11—President Ed. Barrow of the International League arrived in town last night from Buffalo, where the differences between the league's chief executive and Manager Larry Lajoie of the Leafs were adjusted. The Buffalo meeting was an amicable one, pervaded by reciprocity and a desire to straighten out the kinks which have existed for some time.

Yankees Strong In Overtime Games Played

New York, July 11—If winning extra inning contests gave a baseball club a championship things would be all fixed up for the New York Yankees to cut the world's series melon next fall. Since the season began the Yankees have played twelve extra inning combats and have lost only one. Twice they have found the going too rough for their own winning, but the games ended in tie scores.

Makes Triple Play. Phil Cooney, second baseman with the Omaha club, is the first Western Leaguer to execute a triple play unassisted, according to records available. Cooney gained the honor in a game with Denver, played in that city when he took a line drive in the sixth inning, tagged a base runner who had started from first, then hopped to the second bag before another runner could return from the trip he had started toward third. Records show it to be the first individual triple play in five years in organized baseball, and the first time it had been made in a period of thirty-nine years.

Ray Caldwell Arrested. St. Louis, July 10—Ray Caldwell, pitcher for the New York Americans, was arrested here last night on a charge of larceny. Mrs. Lucy L. Dick accused Caldwell of taking from her a diamond ring valued at \$150 while visiting her on June 30.

SAYS CHAMPION WILL MAKE WEIGHT

New York, July 11—"Benny Leonard will be practically 135 at ringside when he meets Johnny Kilbane at Philadelphia on July 25," declares Billy Gibson.

"On account of the great New York crowd that will make the trip that night the promoters have agreed to have the men in the ring ready for action at nine o'clock," says Gibson. "As Benny will have to be at 135 at eight o'clock you can readily see that he will not be half a pound over that mark at nine. It is the intention of the promoters to have the bout over and the New York crowd back home before midnight. The men are getting the largest guarantee ever offered two men for a bout in Philadelphia. We expect to double the remarkable gates drawn by Battling Nelson and Terry McGovern and Stanley Ketchel and Sam Langford. They hovered around \$20,000.

"About Benny's weight," mused Gibson. "There is a silly notion abroad that he has had trouble making 135. As a matter of fact, he has made weight but four times in his career. He got on the scales for Kilbane, Dundee, Wallace and Kansas. He didn't have to worry about the notch required, for he always has been a light boy."

Nelson Earned \$350,000 in Ring

Former Light Weight Champion Amassed a Fortune in a Few Years

Oscar (Battling) Matthew Nelson, former lightweight champion of the world, was born in Copenhagen, Denmark, in 1882. Nelson entered the ring at seventeen, and was the victor in all of his early battles, suffering but two defeats in the first four years in the ring. Joe Headmark and Eddie Santry were the victors on these melancholy occasions.

In 1904 Nelson began to take on the top-notchers, and defeated Eddie Hanlon, Aurel Herrera and Young Corbett, but lost to Jimmy Britt. In 1905 he knocked out Belt and the following year he lost to Joe Gans on a foul in the fourth round. In 1906 the Dane achieved the championship goal by putting Gans to sleep and repeated in a return match. He lost the title to Wiggan in 1910 and since then he has been whipped by second and third raters. He earned about \$350,000 during his ring career.

WAR GARDEN SPECULATORS.

At a meeting of the Halifax city council on Wednesday the mayor raised the question of war gardens. These gardens, he said, had been aided by the city to some extent, and were for the sole purpose of increasing the production of land for the benefit of the citizens at large. He understood, however, that there were some foreign speculators who were going around and buying up potatoes and other products, with the sole purpose of making a financial turnover on the resale of this garden truck. He deplored this state of affairs, and suggested that it be looked into at once.

TROUBLE OVER A DOG

Thomas Murphy of George street was in the police court this morning on a charge of stealing a dog from Frank Foster, of 141 Victoria street. Mr. Foster said that he had owned the dog, which he says was stolen by Murphy, for the last three years. About two weeks ago, he said, some one called at his house and claimed the dog. Later Murphy called when he was absent, went in his house, called the dog and took it away. Mr. Foster had several witnesses who testified that he owned the dog. The case was set over until Monday morning.

HOOF PRINTS AGAIN IN THE ARSON CASE

John Coughlan Testifies As To Measurements

Says Imprint Near Mrs. Lydon's Similar to That Noted Near the Burned Building—Case Still Going On

The case against Joseph O'Brien and John Hughes, under arrest on suspicion of setting fire to the summer cottage of William J. Crawford at Loch Lomond, was continued in the court this morning before His Honor Chief Justice McKeown. The court was delayed forty minutes, owing to the absence of one of the jurors, Dudley Robillard, who, upon his arrival, explained that he had overslept, and apologized to the jury-men together until the case was concluded, but did not do so at the noon session.

In answer to Attorney-General Byrne, he explained how his horse was shod, and he gave some technical explanations regarding a horseshoe produced in court. To Mr. Sinclair, he said he drove very rapidly to the fire. His horse and buggy would leave marks on the road. He did not see a stove at the Crawford house.

In answer to one of the jurors, he explained that some small horses have peculiar shaped hoofs. It was rather unusual to see a horse with a long narrow foot.

When shown a horseshoe, the witness asked if it was made to fit a horse or just to be shown in court? He said it was no credit to the man that made it.

Charles Sweeney

Charles Sweeney was then called. He said he lived near Loch Lomond, near Mrs. Lydon's house.

In answer to Attorney-General Byrne, he said he knew Hughes. On the night of the fire the two men were in Mrs. Lydon's. Two men entered the shop. He was in another room and the door was open. He thought one of the men was a cap. Going out of the shop one of the men staggered. He could not say it was the one wearing the cap. He could not describe the man.

To Mr. Sinclair, he said it was an ordinary horse shoe frequently seen in the street. He did not see the face of either of the men.

To Chief Justice McKeown, he said the men staggered out the door. He could not say if the men were residents of that locality, as he did not get a good look at them.

Edmond Gibbons

Edmond Gibbons said he was at Mrs. Lydon's with Charles Sweeney on the night of the fire. He saw a man going out, but did not see him stagger. He did not know Hughes or O'Brien.

John S. Coughlan

John S. Coughlan, plumber, said he went to the fire. He told Mr. Crawford calling for him and accompanying him to the scene. "When we got to Mr. Crawford's property, we got out and examined the ground for tracks. We went in examining rubber tire tracks, which turned into Mr. Crawford's property. I stayed on the road and retraced these tracks back towards the city. I also examined the imprint of a horse's hoof. It looked very peculiar to me, and I took my rule out and measured it. It measured, over all, six inches; three and a half inches from one side to the other from the heel to the centre of the shoe was four and a half inches on the inside of the shoe and five inches on the outside."

In answer to one of the jurors, he said he took particular notice of the imprint owing to its peculiar narrow shape. He then went into Mr. Crawford's property and there examined another mark which was the same as the one on the road.

He said he made the examination within two hours after the fire. On the following Sunday he went out again. On the way he stopped at Mrs. Lydon's. He noticed that a rubber tired wagon had stood there. On the road near a letter box he noticed another hoof mark like the one he saw on Mr. Crawford's property. It was similar to the one he had seen on Mr. Crawford's property and also on the road leading up to Mr. Crawford's property.

Q. Have you had any experience with horses?

A. I have a little knowledge of them, having owned several.

With reference to the marks which he took for rubber tired tracks he said they would be about the size of a piece of rubber exhibited in court. The impression varied owing to the condition of the road. The peculiarity of the right hind foot print, he said, attracted his attention more than anything else.

In answer to Mr. Sinclair he said it was quite foggy that night. He made two measurements of the imprint of the horse's hoof. He had owned horses all the way from 700 to 1,400 pounds. He said that both the shape of the shoe and the way the horse's hoof pointed out attracted him.

He was then cross questioned by Mr. Sinclair regarding shoes in general and made several measurements of shoes produced in court.

Regarding the imprint of the rubber tires, he said that the tire had been quite new, judging from the imprint made in the mud, or at least had not been worn very much. He first saw Mr. Saunders after the fire, on Sunday afternoon.

Wm. E. McKinley

William E. McKinley said he was employed for Mr. Crawford as chauffeur.

SUDDEN DEATH IN FAIRVILLE

Robert H. Armstrong, Prominent Resident, Preparing For Automobile Drive Passes Away

The community of Fairville was shocked this morning when it was learned that Robert H. Armstrong, a well known carpenter and contractor, had died suddenly at the home of his brother-in-law, Thomas Stotter, Main street, Fairville.

Mr. Stotter and Mr. Armstrong were about to go for a ride in the latter's automobile, and Mr. Stotter, when he came out of the house was horrified to find Mr. Armstrong lying dead in the garage. Assistance was immediately summoned, but life was extinct.

Mr. Armstrong was sixty-three or sixty-four years of age. He spent practically his entire life in Fairville, and at one time was in partnership with his brother, Charles, under the style of Armstrong Bros., contractors. They built some houses and also had a planing mill in Fairville for a time, but it was destroyed by fire. They also built the old Cushing saw mill, the pulp mill at Union Point, the Church of the Good Shepherd and the First Methodist church, Church avenue, later destroyed by fire. Mr. Armstrong in late years also had several large contracts in the Province of Quebec. On his brother moving west, Mr. Armstrong had continued alone in business for some years, latterly living in the city, though he had been residing with his sister, Mrs. Stotter, for some time.

He is survived by six sisters—Misses Elizabeth, Mary and Grace, at home; Mrs. George Reid and Mrs. Thomas E. Stotter, all of Fairville, and Mrs. W. S. Robinson of Roxbury, Mass.; also three brothers, Charles and William Armstrong of Butte, Montana, and James of Boston. The news of his sudden death was a shock to the community and the bereaved family will have general sympathy in their loss.

FAIRVILLE BOYS MEET AT BATTLEFRONT IN FRANCE

Several Mentioned in Letter Received From Private John O'Keefe

Glimpses of life at the front through the medium of letters to the home folks, give an inkling of how much the boys enjoy meeting mutual friends, when chance comes their way, and it is easy to imagine the pleasure afforded in a talk over old scenes and doings in the home town in Canada, after mixing with strangers for months.

A letter has recently come from Private John O'Keefe to relatives in Fairville and he mentions his surprise and pleasure the other day in meeting one of his old friends, another Fairville lad doing his bit for king and country. He also speaks of seeing Frank Baker, formerly of Randolph and frequently being in the company of Leo Quinn and George Croft. Charlie Humphries is also in the same vicinity and the boys see him quite often.

Evidently at this particular spot somewhere in France there is meeting a little bunch of Fairville lads, all of whom at the time of writing were well, and in good spirits, glad to enjoy as often as possible companionships that had their beginnings before the war, in their home village.

WRIST WATCH PRESENTED TO KENNETH BALMAIN

A gathering of about thirty friends met last evening at the home of E. MacLean, 78 Victoria street, to bid farewell to Kenneth Balmain, who has enlisted in an overseas forestry battalion. On behalf of those present, F. W. Stanton presented to Mr. Balmain a military wrist watch, accompanied by their best wishes.

In presenting the watch, Mr. Stanton said: "As you have deemed it your duty to do your part for your king and country, we feel it a great honor to have another of our boys leave our ranks to join the ranks on the field of battle, and we cannot but go with you, showing you our appreciation and good will towards you. With this token I extend to you best wishes that you may be spared through all your trials and tribulations to meet with us once again when this great calamity has passed away. Our wish is that, when you look at this time piece, it may remind you of the pleasant hours we spent together on the eve of your departure and may 'He who doeth all things well,' return you safe to your home and friends."

The evening was pleasantly spent with games and music, vocal solos by the boys, Blake Ferris, being especially enjoyed. Refreshments were served and the singing of the national anthem marked the close of the evening.

NEW POTATOES.

Charles Parker, of Public Landing, had new potatoes on his table on Wednesday. The Moncton Times says that on the same day a resident of Sunny Breve dug new potatoes from his own garden.

FINED FOR ASSAULT

A resident of the county was up before Magistrate Adams at Brookville last evening on a charge of assault. He pleaded guilty and was fined \$5 and costs.

FEAR AND DROVE A PARTY TO THE SCENE OF THE FIRE THAT NIGHT.

He said Mr. Crawford came to him on the night of the fire and asked him if he would go out with him. He did so and upon their arrival he stopped the auto about twenty feet before reaching a culvert leading into Mr. Crawford's property. He then told of examining the hoof prints of a horse and following the tracks to a tree where it was evident a horse had been tied or had stood. In answer to Mr. Sinclair he said he noticed marks going up the hill on the road leading to Mr. Crawford's house. It was a dark, foggy night. He was standing alongside Mr. Coughlan when he made the measurements. The court then adjourned to meet again at 2.30 o'clock.
