SUBMARINE MENACE TO MERCHANT SHIPPING GREATER THAN EVER, SAYS JELICOE, APPEALS TO SHIPBUILDERS

Tribute to Branch of Service That Has Done Much Transported 7,000,000 Men

Also Guns, Munitions and Other Supplies—Good Work, Also, in Home Defence—British Navy's Answer to German Boats

London, Jan. 11.—The submarine menace to the merchant service is far greater than at any period of the war and it requires all of our energy to combat it, said Admiral John Jellicoe, First Sea Lord, in a speech at a luncheon given in his honor in London today.

Admiral Jellicoe said the menace must and would be dealt with. Of that he was confident, but the British would have to make good their inevitable losses. In order to do so, they were dependent upon the shipbuilding industry of the country to which he appealed to put forth its best efforts continuously and ungrudgingly in order to maintain the strength of the mercantile marine.

Referring to Germany's boasts concerning occasions when the German fleet searched the North Sea for the British, Admiral Jellicoe said: "Our enemies only on one occasion have been sufficiently far from their main fleet to give us an opportunity of engaging them. No vessels, neutral or British, have sighted the German fleet far from its ports on any other occasion."

After expatiating on the extraordinary difficulties with which the navy had to contend owing to mines, submarines, torpedo craft and other menaces, Admiral Jellicoe said: "The approximate number of vessels of all classes comprising the British navy is about 4,000. It includes battleships, battle cruisers, light cruisers, destroyers, submarines, mine sweepers, patrol and many other miscellaneous craft, all of which are necessary for the effective conduct of the war today."

"Our activities range from the White Sea, where we are doing our best to assist our gallant Russian allies, to the north and south Atlantic, where cruiser squadrons are at work, on the far Pacific, where we are cooperating with our Japanese allies. In fact, there is no part of the world where the navy has not its own responsibilities in connection with this war."

Referring to the work of the cruiser squadron in home waters, Admiral Jellicoe said it was mainly engaged in preventing supplies from reaching the Teutonic allies. He added that on an average this squadron intercepted and examined on the high seas eighty ships weekly. The admiral paid tribute to the work of the mercantile mariners, saying: "Upon it we have been dependent for the movement of our troops overseas. More than seven millions of men have been transported by it, together with all the guns, munitions and stores required by the army."

In addition to manning the transports, Admiral Jellicoe continued, "the mercantile marine had been largely responsible for the manning of the entire British patrol and the mine-sweeping flotilla, nearly 2,000 ships being thus employed. Without our mercantile marine, the navy, indeed the nation, could not exist," said the First Sea Lord.

"No one can ask for a finer personnel than we have in our navy," Admiral Jellicoe declared in concluding. "Education enables every man to arrive at a just appreciation of the justice of our cause and to conduct himself as a man fighting for the freedom of smaller nations and for the liberation of humanity from the threatened thraldom of military slavery. Can there be any doubt of the issue when this fundamental belief is associated with us. With an all pervading patriotism and unflinching zeal we will go on to the accomplishment of the end we and our allies have in view."

GREECES REPLY NOT WHOLLY SATISFACTORY

London, Jan. 11.—Commenting on Greece's reply to the allies' ultimatum, the Times says that the answer is not entirely satisfactory as it equivocates over some apparently minor issues, while complying with the main points. It is understood that the ultimatum requires unconditional acceptance of its demands and the decision as to whether King Constantine's response will be accepted will probably be left to General Sarrail. The French commander is believed to have complete control of the situation, with great freedom of action.

THAW LIKELY TO RECOVER

Philadelphia, Pa., Jan. 12.—Harry K. Thaw, who slashed his throat with a razor and cut an artery in his wrist, in an attempt to commit suicide here yesterday, will be able to leave the hospital within two weeks unless he also swallows poison tablets, according to the statements of his physicians early today. Some tablets, which produce a slow death, were found in his pocket. He said he was glad he had not succeeded in ending his life.

STEADY POUNDING AND RAIDS BY BRITISH HARRASS ENEMY ALMOST BEYOND ENDURANCE

With the British Armies in France, Jan. 11, via London, Jan. 12.—Through rain, mist, fog and deep mud the British army is continuing day by day to pound the German line. Although there has been no distinctly spectacular action recently, daily and nightly trench raids and the drumming of the artillery have continued.

The operations have yielded a constant inflow of prisoners and have kept the casualty list growing. According to stories of the prisoners, the British tactics have harassed the German troops almost beyond endurance. The last week has witnessed some typical so-called minor operations, culminating with an attack before dawn today north of Beaumont-Hamel. This action brought the total of prisoners taken in this area in the last three days to 300 and placed in British hands some important sections of trenches.

On Tuesday night the British attacked a desired section of trenches, on the German lines, which were taken with a minimum of casualties. The operations this morning drove the Germans from a position which they had held for some time and from which they could observe part of the British line.

ROUMANIAN PRISONERS ARE SENT TO FRANCE EIGHTY-AGRE SHELL PLANT A RUIN TODAY

London, Jan. 12.—A considerable number of the Roumanian prisoners of war have been sent to the occupied part of Northern France by the Germans, according to the Rhenische Westfalische Zeitung. The paper says that these prisoners will be employed as agricultural laborers.

Berlin, Jan. 12.—The Roumanian town of Laburta was captured yesterday by the Teutonic troops.

Paris, Jan. 12.—There were no events of importance on the French front last night.

Berlin, Jan. 12.—Two attacks were made by British troops early this morning on the French front north of the Ancre River. North of Beaumont the British gained initial success, but were driven back by a counter-attack.

London, Jan. 12.—The Exchange Telegraph's correspondent at Copenhagen says the German newspapers print telegrams from Sofia saying that the Germans and Bulgarians are violently bombarding Galata, on the Danube, in Roumania, which still holds out.

Washington, Jan. 12.—The Sheppard bill for prohibition in the District of Columbia after Nov. 1 was passed by the senate and sent to the house after a long fight. The vote was fifty-five to thirty-two. The decision followed rejection of the Underwood amendment, proposing to submit the question to a popular referendum, by a tie vote of forty-three to forty-three. As the vice president was not present to cast the deciding ballot the amendment was lost under the rule of the senate.

OTTAWA, Jan. 12.—The sentence of Alphonse Barre, of Rose Corners, Ont., who was to have been hanged at L'Orignal on the 17th for the murder of his wife, was commuted to life imprisonment by the cabinet, he being adjudged insane. There, after killing his wife, notified the village sexton that he had done so, and asked him to ring the church bell.

JAMES A. BROWNE

James A. Browne, of this city, passed away at his home, 238 Britain street, on the 11th inst., after a short illness of heart trouble, at the age of sixty-one years. He was the eldest son of the late James and Rosanna Browne, was born in St. John and always lived here. A man of sterling and upright character, who will be greatly missed by a large circle of friends.

What They Think Of The Allies' Reply To President Wilson

Paris, Jan. 12.—The morning papers are unanimous in their approval of the reply of the allies to President Wilson's note, the only difference being in the terms of expression. Alfred Capus writes: "The principal value of the note is the clearer and solemn declaration of the allies as to their objects in pursuing the war. It is the first time they have been thus grouped and their full moral weight given to them by their simple enumeration, forces upon the mind the conviction of their necessity. Either they will be fully attained or Germany will be a continual menace to Europe and, upon the first opportunity, will again turn it into a fact of carnage."

"Our enemies are now in possession of our true aims. They can compare them with their own and deduce with the degree of our resistance and our implacable resolve to vanquish them."

Manchester Guardian

London, Jan. 12.—The Manchester Guardian says the reply of the Allies to President Wilson was received too late for extended comment, but that it believes the document is "a boldly conceived statement of the position of the allies which goes a long way towards satisfying Wilson's request for specific information as to the objects for which they are persisting in the war."

The first man in line was an East Side costermonger with a pushcart which he loaded with prospectuses and then distributed them eastward, where he distributed the documents among the prosperous pushcart merchants of the east side streets.

The first actual subscription to the loan was from an insurance company, enclosing a check for \$100,000. A large number of smaller subscriptions flowed in during the morning.

All the banks in London and throughout the kingdom had an ample supply of prospectuses for their clients when they opened their doors while all the post offices acted similarly as distributing centers.

GERMAN DESERTERS ENTERING HOLLAND

Washington, Jan. 11.—Despatches received in Washington state that the number of deserters entering Holland from the German army is increasing. A year ago, an authority said, there were only a comparatively few stragglers fleeing from the German war camps. It was said the present number of desertions, while not serious, was indicative of an increasing unrest among the German troops.

SAVED FROM GALLOWES

Ottawa, Jan. 12.—The sentence of Alphonse Barre, of Rose Corners, Ont., who was to have been hanged at L'Orignal on the 17th for the murder of his wife, was commuted to life imprisonment by the cabinet, he being adjudged insane. There, after killing his wife, notified the village sexton that he had done so, and asked him to ring the church bell.

\$40,000 More For Treasury Dept. Civic Deficit Instead of Surplus Accounts For it

The treasury estimates which were passed by the common council in committee this morning show an increase of about \$40,000 over last year's figures. This is accounted for by the fact that last year there was a credit balance of more than \$21,600, while this year there is a debit balance of more than \$12,400, and the cost of the assessment commission also must be provided for.

The council decided to assess for the full amount of \$150,000 for the patriotic fund. Recommendations for increases in salaries in the chamberlain's and assessors' offices were referred to the mayor. The lighting estimates, which were passed today, show an increase of only \$8.

Street Lighting

In presenting estimates for the lighting of the streets, Commissioner McLellan said that it is necessary to provide in this way as the former agreement with the company has not yet been renewed. The estimates show an increase of \$311, this being due to an error in figuring the cost of assessing and collecting. His unexpended balance of \$1,255 has been voted to general revenue. The estimates are as follows:

Table with 2 columns: Item, Amount. Total \$38,089.38. Last year \$38,089.38. Increase \$ 811. Commissioner McLellan said that the (Continued on page 12, first column)

The building, a five story structure a stone's throw from the bank, has been leased as an annual rental of £200,000. It will be entirely devoted to carrying on the loan business. A long line of bank clerks and business men pushed through the annex early in the morning, obtaining huge bundles of prospectuses for distribution.

The first man in line was an East Side costermonger with a pushcart which he loaded with prospectuses and then distributed them eastward, where he distributed the documents among the prosperous pushcart merchants of the east side streets.

WASHINGTON AND THE REPLY OF THE ALLIES

Washington, Jan. 12.—The allies' note was discussed at the regular meeting of the cabinet and the regular meeting of the president and Secretary Lansing. All quarters agreed that while the Entente had made complete reply to the president's request for a statement of terms, the note seemed to offer no hope for an early end of the war but fortunately still did not close the door upon further effort on the part of the president. Several courses of action lie before the president. Among them is another move to ask Germany to state specific terms as the Allies have done.

WASHINGTON AND THE REPLY OF THE ALLIES

Washington, Jan. 12.—The allies' note was discussed at the regular meeting of the cabinet and the regular meeting of the president and Secretary Lansing. All quarters agreed that while the Entente had made complete reply to the president's request for a statement of terms, the note seemed to offer no hope for an early end of the war but fortunately still did not close the door upon further effort on the part of the president. Several courses of action lie before the president. Among them is another move to ask Germany to state specific terms as the Allies have done.

# Martin-Orme Piano

THE MARTIN-ORME is practically a hand-made piano. Each individual instrument is slowly and sincerely fashioned toward perfection, under the personal supervision of Owain Martin, President of the Company, who devotes all his time to his workrooms. The heart and soul and pride of life of this master-builder are bound up in his beloved pianos, practically the work of his own hand and intellect. They are the achievement of a recognized genius, the pride of true craftsmanship and the brilliant result of lifelong study.

The Martin-Orme inspires one to better musical achievement. Here, indeed, is a vehicle for the fullest expression of all the music that is in your soul, whether you be an amateur or a virtuoso! No such splendid tone, balanced scale, easy action and enduring tone-quality are expected in ordinary pianos. The Martin-Orme is a work of art in every way. We invite your critical inspection at our warerooms.

JESSE L. LIVERMORE
PAYS ALL HIS DEBTS

Cotton Speculator Said to Have "Come Back"—"I Made This Fortune on Cotton, Grain and War Brides"

New York, Jan. 11.—Jesse L. Livermore has come back. Nine years ago Livermore "cornered" the New York cotton market. He amassed a fortune of several millions, and the paper teemed with stories of his palatial country estate, his \$800,000 steam yacht and his wife's \$1,000,000 jewels. Then came the

crash, and two years ago this Wall street plunger went into bankruptcy. When the proceedings were over his liabilities amounted to \$1,100,000, according to reports, while Livermore himself yesterday said the figure was \$2,000,000. In the office of Harriman & Co., Livermore told a reporter yesterday how he "came back" and gave his views on the stock market. He has ceased to be a gambler in the market, but is what he terms a "business speculator." He refused to say whether the rumor that he had recently made \$8,000,000 was technically true or a very large amount, for I have paid in full for my mistakes of the past, and I did not make this new fortune as I made my former one. It was not a case of gambling all on one turn. I made this fortune on several issues—cotton, grain and war brides.

LUDGATE LAKE AND THE CITY

To the Editor of The Times: Sir.—In reference to the letter of "Pro Beno Publico," which appeared in your issue of Saturday, Jan. 6 inst., in regard to the purity of water at West St. John, also to Commissioner Wigmore's reply thereto, which is very misleading to the public. As one who has driven the road for a few years, and is perfectly conversant with the sanitary conditions of the water supply of Spruce Lake, I have often wondered why the west side people could stand conditions that do exist there. In fact, while driving by one day I witnessed a herd of cattle standing in the lake, right at the water supply. My intentions were to inform Dr. Melvin of such conditions, but being an East Sider, and not a consumer of the water, I neglected doing so; but as the west side people have taken the matter up, I feel it is the duty of every citizen to interest themselves in this matter, in order to save the city the necessity of going to the enormous expense that our old aldermen put the city to in overlooking the purchase at the proper time of the land around Spruce Lake. By the time this is cleared up it will cost the city in the neighborhood of \$100,000. The old council are perhaps excusable as they had no precedent to guide them, and they had no idea that Spruce Lake would build up as rapidly as it did. The same condition will happen at Ludgate, only more rapidly as this site is far superior for a residential resort, notwithstanding the commissioner's opinion.

Therefore, our commissioners will not be excusable as they have a precedent to guide them. If the public at large understood the history in connection with this transaction at Spruce Lake they would take more interest in the management of the water supply, and our rate of taxation would not be so high. I have made some inquiries and find that the city does not own Spruce Lake, but principally the inaccessible parts. There are now many expensive bungalows to be cleared out. Trusting that this will awake the citizens to the facts that exist, and get busy and save the city the repetition of Spruce Lake affair, and thanking you, Mr. Editor, I am, etc.

EAST SIDE RATE PAYER

A BAD PLAY IN MARINES
The fallibility of market judgment is illustrated strikingly enough in the confession of the Rockefeller Foundation, in its annual report, that it disposed of 15,000 shares of International Mercantile Marine common at an average of \$1.80 and 4,000 shares of the preferred at the average of less than \$6. The common has since sold above \$50 a share and the preferred above \$125. The investment represented a loss of \$60,000; it might have shown a profit of \$1,500,000. The small investor, relying on his own judgment, may be pardoned a miscalculation or two in buying or selling when the expert knowledge back of an institution like the Rockefeller Foundation owns up to a mistake of the sort.

Good Shoes For Women

On our Bargain Table will be found a "heap" of good shoes selling fast at \$2.85 a pair. In these days of high priced leather, we do not blame people if they are inclined to shrug their shoulders at such a statement; but we are very much in earnest when we say they are good shoes that would easily demand from \$4.50 to \$6.00, had we all sizes. Many of these shoes are samples, made of beautiful stock—much superior to regular lines at higher prices.

\$2.85

Owing to the fact that there are only one and two pairs of a kind, we have decided on the above low price. They comprise:

- Patent Colt Button—Dull or Cloth Top. Patent Colt Lace—Dull or Cloth Top. Gun Metal Lace—Dull or Cloth Top. Gun Metal Button—Dull or Cloth Top. Champagne Lace—Bronze Kid Button.

Rheumatism

Remarkable Home Cure Given by One Who Had It—He Wants Every Sufferer to Benefit

Send No Money—Just Your Address. Years of awful suffering and misery have been the lot of one who has now been cured of rheumatism. He wants every sufferer to know how he was cured. Read what he says:

"I Had Sharp Pains Like Lightning Flashes Shooting Through My Joints."

"In the spring of 1910 I was attacked by muscular and inflammatory rheumatism. I suffered as only those who have it know, for over three years. I tried every remedy that I could get, but to no avail. I was finally cured by a medicine called 'Rheumatism Cure' which I bought from a man who had been cured of the same trouble. I have since used it on several other people and it has proved itself to be a most reliable and effective cure for every case of rheumatism. I want every sufferer from any form of rheumatism to try this marvelous healing power. Don't send a cent; simply mail your name and address and I will send it free to try. After you have used it and it has proved itself to be a most reliable and effective cure for every case of rheumatism, you may send the price of it, one dollar, but, understand, I do not want your money unless you are perfectly satisfied to send it. Don't think that I'm trying to sell you anything. I'm only trying to help you. Write today. MARR H. JACKSON, No. 104, Gurney Bldg., Syracuse, N. Y."

The Canadian Car & Foundry factory of New Jersey was destroyed by a series of explosions late yesterday afternoon. The explosions followed quickly on a fire that broke out. There were hundreds of thousands of 3-inch shells stored in the factory and destined for the Russian government. It is said that the loss will reach \$4,000,000. The employees in the factory fled in a great panic and it is feared some lives were lost. The nearby places were filled last night with refugees.

Sick-Headache!

Dr. J. J. Caldwell says that this exceedingly distressing disease does not shorten life, but does not appear to be curable. Sufferers from this disease are forty years of age, and the attacks are less frequent, and finally disappear entirely. Palliative measures during the attack are all that is possible to be given, while the best preventive measure. An attack may be prevented by the use of two or three lozenges during the first symptoms appear, and one anti-bacterial tablet every two hours during the attack shortens it, eases the pain and brings rest and quietness. The main and best cure may be obtained as all druggists. Ask for A. K. Tablets. They quickly relieve all pain.

Chatham, Ont., Woman Cured by a Simple Remedy. Chatham, Ontario.—"My mother came to visit us last spring and was suffering with what doctors call bronchitis, or a bronchial asthmatic cough. Child Was Nervous, Irritable, Tired Out

She Had No Appetite, and Her Complexion Was Pale and Sallow.

How many parents realize the strain which going to school means to the child who is naturally nervous and of delicate health? You see them come from the schools daily with pale faces, many wearing would get excited and tremble till the bed would shake. As she seemed to be getting worse under the doctor's treatment, mother decided to try Dr. Chase's Nerve Food. After she had used about four boxes, improvement was noticeable and it was wonderful to see how much brighter and stronger she grew week by week. She used ten boxes altogether and they cured her. She got fat and rosy and went to school every day with pleasure, telling what the Nerve Food had done for her children. This one is a fair sample.

## How Zam-Buk Saved me a lot of money

For the benefit of others who may be similarly situated, Mr. R. Howard, Sr. of Bracebridge, Ont., requests that we publish the following narrative. He says: "If people only knew the great healing power of Zam-Buk, they could be saved much unnecessary suffering and expense." He continues: "Four years ago I sustained a scratch on my leg, which turned to an ulcer. I was confined to my bed for six months under doctors' treatment, during which time I did not earn a cent, and, in addition, spent dollars upon dollars before a cure was effected. Recently I sustained a scratch on my other leg. It became very inflamed and swollen, and finally turned to an ulcer. This time I knew about Zam-Buk, and acted very differently from what I did in the previous instance. I used Zam-Buk alone, with the result that not only was the ulcer healed in much shorter time than the previous one, but I was able to go to work all the time it was healing, and I did not lose a single day's pay. Zam-Buk is certainly a wonderful ointment, and should be in every home."

**WHY ZAM-BUK IS BEST FOR**

A novel without a problem in its whole entrancing extent. "Jerry" is an Irish terrier—twenty pounds of hair-covered dynamite and man-love, turned loose below the equator, to play as heroic a role as ever a scion of battlers filled. The stark gripping power which characterized "The Call of the Wild" and "White Fang" is invested in a yarn of the outlaw tropics—of sailor-men and cannibal kings, of black-raiders and white-robbers, out there where necessity drafts the laws and the freebooter is making his last stand.

## Summary of Allies' Note To President Wilson

"Their (the Allies) objects in the war will not be made known in detail, with all the equitable compensations and indemnities for damages suffered, until the hour of negotiations. But the civilized world knows that they imply, in all necessity and in the first instance, the restoration of Belgium, of Serbia and of Montenegro, and the indemnities which are due them;

"The evacuation of the invaded territories of France, of Russia and of Roumania, with just reparation;

"The reorganization of Europe, guaranteed by a stable regime and founded as much upon respect of nationalities and full security and liberty of economic development, which all nations great or small, possess, as upon territorial conventions and international agreements suitable to guarantee territorial and maritime frontiers against unjustified attacks;

"The restitution of provinces or territories wrested in the past from the Allies by force, or against the will of their populations;

"The liberation of Italians, of Slaves, of Roumanians and of Tebeco Slavogues from foreign domination;

"The enfranchisement of populations subject to the bloody tyranny of the Turks;

"The expulsion from Europe of the Ottoman Empire, which has proved itself so radically alien to Western civilization;

"The intentions of His Majesty the Emperor of Russia regarding Poland have been clearly indicated in the proclamation which he has just addressed to his armies.

"It goes without saying that if the Allies wish to liberate Europe from the brutal covetousness of Prussian militarism, it never has been their design, as has been alleged, to encompass the extermination of the German peoples, and their political disappearance. That which they desire, above all, is to ensure a peace upon the principles of liberty and justice, upon the inviolable fidelity to international obligation with which the government of the United States has never ceased to be inspired.

"United in the pursuits of this supreme object the Allies are determined, individually and collectively, to act with all their power, and to consent to all sacrifices, to bring to a victorious close a conflict upon which they are convinced, not only their own safety and prosperity depends, but also the future of civilization itself.

This is my fixed and unalterable determination. My Bishop and parishioners have known of it for some time. Therefore to urge me to return is to urge me to resign. This I shall feel compelled to do if the neces-

sities of St. Paul's Parish require it. This is the matter as it stands, in a nutshell. My determination is based entirely upon a sense of duty. I have been honored by being appointed to serve the cause for which our Empire is in arms today in the only capacity in which I could serve, namely, as a chaplain to the Canadian forces. At the beginning of 1915 I was definitely attached to the 20th Battalion. When sworn in I solemnly pledged my service by an oath for the period of the war.

I served with the 20th until we sailed on June 18. On arrival in England we proceeded at once to East Sandling Camp, Kent, when I was appointed Church of England chaplain to the 4th Brigade, but still attached for billeting and discipline to the good old 20th. Just prior to sailing for the front I was removed by order from the 4th Brigade to make room for another chaplain, and attached to the 6th Field Ambulance in the same division. Though heartbroken over my separation at this crucial point from the lads I knew and loved so well, I promptly obeyed orders. In Belgium, at the front, I happily found myself in close proximity to the 20th. I often held services with them and saw them frequently, though of course my main duty was with the 6th Field Ambulance, which conducted a divisional rest station a short distance back from the trenches.

In November I contracted influenza and bronchial catarrh and two or three days before Christmas I was ordered back to England and almost immediately attached to the 80th Reserve Battalion then in billets at Hythe. My home was in Hythe, fortunately for me. I was enabled to have home care in my run down condition, and still carry on my strenuous duty which involved hospital visitation of men of the several battalions to which the 80th was the reserve. In March, to my great regret, I was again transferred, to the Granville Canadian Special Hospital at Ramsgate. My regret was but temporary. I threw myself heart and soul into this work, and it is as great a work as ever mortal man was honored in being assigned to. I am almost terribly happy in it. Men from well nigh every Canadian unit have been or are patients here. St. John and New Brunswick have shown confidence in me and realization of my wonderful opportunities of doing practical good among these dear lads. Hundreds and thousands have been under my care. To all of them I am a father and friend.

I may say, parenthetically, that I have funds enough still to last till the end of January. I ask you, Mr. Editor, and those who read this letter, to place the seal of your approval on my work by sending me further funds—£479 7s. 6d. is a large sum to spend in eight months, but oh! it is so splendidly worth the sacrifice made by the individual contributors. Every expenditure is carefully made and thousands of Canadian soldiers and all officers and sisters in this tremendous institution will gratefully testify to the beneficence and practical utility of my "Wounded Soldiers' Fund."

Do not return to my subject. I do not ask my Bishop, parishioners, or the public, to judge as to whether I should return and leave my great work as chaplain or not. I am the keeper of my own conscience. Unless I am dismissed the service, or God should send sickness or death upon me, I will not desert my post or the duty which I swore to perform for the period of the war—"so long as I live." In making this declaration I

Intend no reflection upon my Bishop or my people. I have served the church in New Brunswick for over thirty years. I love my people and my parish. It is for them to decide whether the conditions of the parish are such as to compel them to resign. I have never asked for any favors, nor tried to obtain influence, save for the good of others.

I hope, Mr. Editor, that you will give space to this letter and that your readers will none of them think that I have been trying to blow my own trumpet.

Yours faithfully,

BASKETBALL. Y.M.C.A. Match. A well-contested match was played in the Junior Business Boys' Basketball League in the Y.M.C.A. last evening. Captain Christenson's quintette vanquished a team captained by Oatey by a score of 11 to 9. The line-up of the teams was as follows: Forwards. Green Logan Williams J. Williams Centre. Christenson Oatey Guards. Atherton Irwin Whittaker Case BASEBALL. May Trade Wood for O'Neill. (G. C. O'Leary in the Boston Globe). It is true that the Cleveland club would like to get Joe Wood in exchange

for Steve O'Neill, catcher, it would indicate that the baseball powers in the Sixth City feel pretty certain that "Smoky Joe" will make a come-back. It would also indicate that Wood himself thinks he will come around all right. Wood and Tris Speaker are great friends, and naturally would like to play on the same team. Speaker undoubtedly knows as much about Wood's condition and the prospects of his being able to again pitch in his old form as does Wood himself. For Joe has been frank with him about it. O'Neill is a fine catcher, and now that Carrigan is gone, the Boston club could use him all right. If Wood is going to be a winning pitcher next season, the Red Sox will have plenty of use for him, too. Nevertheless, both clubs might see their way clear to make the exchange.

Baker Begins a Banker. Trappe, Ind., Jan. 8.—Frank Baker, famous slugger of the Yankees, is right on the heels of Bill Carrigan in entering the banking business, but just at present Frank is not talking of retiring. Nevertheless Frank is one of the incorporators of the State Bank of Trappe, Talbot County, Md., which has filed application for approval of its charter. The bank will have a capital stock of \$10,000. Merkle No Old Timer. The impression appears to be quite general that Fred Merkle, whom McGraw turned over to Brooklyn last fall, is an old timer as a ball player. This is an error. Merkle was twenty-nine years old on December 20 last. He was purchased by the Giants in 1907 for \$750. It was not long after that he made one costly blunder, but McGraw got a lot of excellent work out of him and there is a lot in him yet. Scheme to Beat Ruffing. Manager McGraw of the Giants has evolved a scheme for beating the rule which prohibits a major league club from beginning spring training before March 1. He has, it is said, arranged with Mike Donlin to take some of his youngsters to play in Cuba. McGraw has gone to Cuba himself for recreation, but will no doubt find time to watch these recruits at work in exhibition games for three or four weeks. Some of them will be ordered into the training camp at Marlin, and those who do not impress him as prospects can be turned back. McGraw was the only one in favor of an early training start, and to see that he, and every one else, for that matter, had no advantage in this respect a rule was adopted by the league prohibiting all clubs from beginning work at the training camps before March 1. It is not easy to get a true line on the new material in so short a time, and McGraw, it appears, has found a new way which will help some. TURF. Murphy Leading Money Winner. Tom Murphy has been the leading money winner for six successive years on the big trotting circuits, his grand total for that period being \$338,438.

pects to sign Mike Gibbons to box Billy Miske here in March. Miske has already affixed his signature to a contract. Gibbons has been getting heavy and is now said to be at his best at 168 pounds. The proposed Freddie Welsh and Ritchie Mitchell contest is still in the making. Harry Pollock, manager of the champion, is holding out for more money. Arrangements are also on foot for the matching of Pat Moore of Memphis, Tenn., with either Johnny Ertle or Kid Williams on February 23. Gibbons May Meet Miske. No man tastes pleasures truly who does not earn them by previous business. —Dr. Johnson.

**AN APPEAL for the RUSSIAN REFUGEE FUND**

In Poland more than 20,000 villages have been leveled to the ground. More than 2,000 towns have completely disappeared. On the road from Warsaw to Pinsk, a distance of 150 miles, the ground was simply littered with civilian garments and cradles; probably 400,000 human beings have died along this road. There was no time for burial. Beasts of prey had cleaned the bones dry of the marrow. So much for Poland. But Poland presents only one angle of the world's drama. Everywhere abroad, winter has set in, and in addition to daily starvation, thousands will freeze to death, as thousands have frozen during the preceding years.

Think of the mothers and children cooped up in Serbian huts without proper clothing. Lead an ear to the bitter cry of the little ones as they ask: "MOTHER, WILL EVER THE TIME COME WHEN I CAN EAT AS MUCH AS I LIKE?"

Children below seven never reached Siberia, and yet there must have been thousands of these babes when our people started for their march out of Lithuania and Poland.

These conditions make it imperative for us to appeal to the generosity of the people for help. The Russian Refugee Fund since inception of war has forwarded \$2,400 to Montreal. We are now going out to collect donations for that cause under the auspices of Mayor Hayes, and trust that everyone will respond generously as they did last year. Collecting will begin next Monday by committee of ladies.

**\$40,000 MORE FOR TREASURY DEPARTMENT**

(Continued from page 1)

Mem for King square lighting would provide for part of the cost of some new lights which he was planning. He did not propose to saddle the safety department with any more colored lights to produce Coney Island effects in King Square. He said that the estimates did not provide for an electrical inspector. He intended to move for the appointment of such an official at a salary of \$2,000 a year but that would have to be provided for in some other way. After the first year or two the fees would cover the cost.

The estimates were adopted.

**Public Libraries**

The commissioners of the Free Public Library asked for an increase from \$5,000 to \$5,500.

The city chamberlain, Duncan Lingley, made an appeal for \$200 additional for the North End Public Library, urging its claims on the grounds of the smallness of its grant of \$600 compared with the services given.

On motion of Commissioner McLellan the grants were fixed at \$5,500 and \$860 respectively.

The usual grant of \$600, fixed by law for the exhibition buildings was passed. On motion of Commissioner Wigmore, the \$5,000 voted by council last year for the British Sailors' Relief Fund, was ordered added to the 1917 general assessment.

**Treasury Department.**

The mayor presented the 1917 estimates as follows:

|                      |              |
|----------------------|--------------|
| Total interest       | \$129,945.00 |
| Less                 |              |
| From special license | \$12,000     |
| Union Wharf          | 25,000       |
| South Rodney Wharf   | 4,000        |
| McLeod Wharf         | 4,000        |
|                      | 47,000.00    |
| Total                | \$76,945.00  |

To be assessed for:

|  |              |
|--|--------------|
| Deficit sewerage and water expended balances | 12,474.84    |
| Assessment commission                        | 5,967.92     |
| British Sailors' Fund                        | 5,000.00     |
|  | \$100,287.66 |

Note.—Last year we had to meet these amounts, a credit for \$21,647.47. This year we have a debit balance of \$1,474.84, after taking the credit balance of fire

and police departments towards the reduction of the warrants of these two accounts, together with the cost of assessment commission of \$5,967.92, making, in round figures, an increase of \$40,000.

The chamberlain said something must be done about North Market wharf. This no longer was a wharf, so far as revenue went, but a street. It was costing the city \$4,000 to \$5,000 each year and the revenue from North and South wharves was only about \$1,200. The comptroller advised that North Rodney Wharf was in the same position and that it was a dead weight which made the wharf account appear so bad.

**Harbor Watchmen.**

The mayor drew attention to the fact that the harbor department was employing thirty-nine watchmen on the West Side, thirteen on the East Side, six sweepers and four wharfingers, and asked if the number of watchmen could not be reduced to at least thirty.

Commissioner Russell said he had letters from the government drawing attention to the need of protection for the wharves and urging that no expense be spared. The council had given him authority and he had appointed the watchmen. The dominion government had thirty-two men on their three wharves and recently gave them an increase of twenty-five cents a day.

On the suggestion of Mayor Hayes, Commissioner Russell promised to see what he could do to reduce the number and to see if the government would take over the work or contribute to the cost.

The grant for the Horticultural Association for Rockwood Park, which received \$2,000 last year, was fixed at \$4,000 for 1917 and the sum of \$250 was voted for Riverview Park.

On motion of Commissioner Russell, the city will assess for \$8,000 the maximum level for grants. This leaves \$8,750 for other grants which will be dealt with later.

**\$150,000 Assessment.**

Commissioner Wigmore moved, seconded by Commissioner Fisher, that the city assess for \$150,000 for the Canadian Patriotic Fund, the city's share fixed by the provincial government.

Commissioner Russell objected, saying that \$50,000 was enough to assess for this year. The balance could be provided for by borrowing from the bank and spreading it over future years or by issuing bonds.

Commissioner Fisher said that this

**LOCAL NEWS**

**INFANTS' HOME.**

The need of an Infants' Home in St. John in addition to those now in existence here, has been many times pressed upon the attention of those interested in social work. There is such a name in Halifax, in which at the present time forty-seven children are cared for.

**LIEUT. WEAVER AT MALTA.**

Lieut. W. J. Weaver of the Royal Army Medical Corps, now on duty at Tigne Hospital, Malta. In a recent letter to his brother-in-law, A. A. Shute of Fredericton he says he likes his work very much, although he is kept very busy. He says that the weather is very warm and the daily sees children playing out doors in their bare feet.

**THE SUGAR MARKET.**

An item in yesterday's Times concerning the sugar market was misleading. There was a recent flurry in New York, owing to a temporary local scarcity, but raw sugar declined there an eighth of a cent yesterday, and February quotations are lower. The refiners are getting a good profit over the price of raws, and the general market is weak rather than strong.

**GIFTS TO SOLDIER.**

Several friends of Ernest Latham, yard-foreman for Murray & Gregory, tendered him a reception yesterday evening at the home of his sister, Mrs. D. Hatfield, Horfield street, in honor of his departure for the front. The gifts included a Canadian Engineers and will leave on Tuesday for St. John's, Quebec, to join the unit. During the evening he was the recipient of a fountain pen and a cigarette case. The presentation was made by Sergeant LeBlanc of the 10th Battalion.

**WANTS TO GO BACK.**

Dr. and Mrs. David E. Wheeler, who lately returned from the Miramichi woods, left Fredericton on Thursday for Montreal. Dr. Wheeler, who served in France with the French Foreign Legion and was severely wounded at Champagne, is anxious to go back to the front with a Canadian battalion. He has offered his services as a medical officer, and is hopeful of being accepted. Mrs. Wheeler served in the American Ambulance Corps and made several visits to the firing line.

**BLANCHE MARIE KIERSTAD.**

The home of Mr. and Mrs. Arthur Kierstad was saddened yesterday by the death of their daughter, Blanche Marie, aged nine years, one of twins. The little one was taken ill with appendicitis on last Monday and on Tuesday was removed to the General Public Hospital for operation. Peritonitis developed and she died at two o'clock on Thursday. Her father, besides her parents, she leaves one brother, Harold, now in France with No. 4 Siege Battery; one twin sister, Ethel, and two other sisters, Freda and Grace. She was a member of the primary department of the Tabernacle Baptist church Sunday school, and active in Thorne Lodge Junior Temple, I. O. G. T. The sympathy of many friends will go out to the bereaved family on the loss of this bright little one. The funeral will be held from her late home, 187 Marsh road, on Saturday at 2:30 p. m.

**A FAMILY OF TEN ANOTHER OF NINE**

Each Living in Three Rooms and Each Utterly Destitute—Pathetic Cases Investigated Yesterday and Today

S. M. Wetmore was called upon this morning to look into the case of a family of ten living in three rooms, one of them dark and all of them small. Six of the eight children sleep in the little dark room. Bread and salted meats were the only food in the house. Yesterday the landlord threatened to turn the family out for non-payment of rent. The father is a sober man and a laborer, but has been ill. The mother does not appear to be strong, and the eldest child, a girl of fourteen, is delicate. Mr. Wetmore, through the Municipal Home, gave temporary relief. He and Dr. Jovin will visit the house again, and an effort will be made to solve the very serious problem of this large and destitute family.

A case that was even worse was investigated yesterday. In company with W. J. Crawford, who directed his attention to the case, Rev. W. H. Robinson, secretary of the Children's Aid Society, visited a home where a woman and eight children live in three rooms, with two beds for the nine persons, and without fuel or proper food. Mr. Crawford gave some money and Mr. Robinson a generous order on a grocery store, and the secretary of the Associated Charities will provide some clothing. Steps are being taken to make such arrangements as will permanently provide for the future of the family which cannot, however, be held together. Homes must be found for a number of the children.

**EIGHT INCHES OF SNOW AND SIX BELOW ZERO**

Fredericton Train Service Affected by Storm—Hotel Man Sentenced to Jail Again

Fredericton, Jan. 12.—One of the heaviest snow storms of the season raged here last night. There was very little wind, but the mercury went down to six below. Traffic on all railways entering the city has been interrupted. The train from St. John was half an hour late, the express on the Canada Eastern is four hours late and the Valley train two hours late. The train for Woodstock on the Gibson branch got off the track at Gibson flying up traffic on that road. About eight inches of snow fell.

It is reported here that the eighty pound rails on the Transcontinental near McGivney Junction are being taken up and replaced by lighter ones.

The proprietor of the Waverley hotel again was convicted of a second offence this morning and sentenced to thirty days in jail. He served part of a sentence a few weeks ago but was released on habeas corpus.

**WRECK ON HAMPTON AND ST. MARTINS LINE**

Spread Rail Sends All But Leconte Off Track

Passengers on the Hampton and St. Martins railroad were given an experience yesterday morning about 11 o'clock that they will probably remember for some time. The train had left St. Martins and was on its way to Hampton. Between Smiths Falls and Hampton a spread rail was encountered, and the train, with the exception of the engine, left the rails.

There were a passenger car two lumberladen cars and one of gravel, all of which were derailed. There were about six passengers beside the officials on the train at the time. All escaped serious injury. It was also fortunate that the engine remained on the track. It brought all the people aboard to Hampton.

An official of the road said this morning that the service was not hindered in any way, and that the train was running today.

**FUNERALS**

The funeral of Thomas Kieckham took place this morning at 8:30 o'clock from his late residence, 48 Charles street, to the Cathedral, where high mass was celebrated by Rev. H. L. Coughlan, assisted by Rev. Miles P. Howland as deacon, Rev. Francis Walker as sub-deacon, and Rev. William Duke as master of ceremonies. The final absolution was given by His Lordship Bishop LeBlanc. Interment was made in the new Catholic cemetery. Members of the Hibernian Knights, Divisions 1 and 5, walked in a body, also the cadets of the pall-bearers were chosen from among the Uniform Knights. The esteem in which Mr. Kieckham was held by the community was marked by the number of beautiful floral offerings, among them several sets pieces.

The funeral of James Keicher took place this afternoon from his father's residence, Guilford street, to the Church of the Assumption. Interment was made in the Holy Cross cemetery.

The funeral of Martin Codrington took place this morning from his father's residence, 306 Douglas avenue, to St. Peter's church, where solemn high mass was celebrated by Rev. P. O. O'Hare, C.S.R., assisted by Rev. D. McDougall, C.S.R., as deacon, and Rev. F. Coughlan, C.S.R., as sub-deacon. Interment was made in the old Catholic cemetery. The pall-bearers were—Charles O'Neil, Gerald Murphy, Joseph Devor, Joseph Corkery, Robert Foley and Joseph Dryden.

amount was provided last year by civic grants and private subscription. It has been found that an increase as a definite method of paying.

Commissioner Wigmore said that he had found the increase as a definite method of paying.

Commissioner Russell said that this could be met by special relief. The mayor said that only two persons complained of the patriotic tax last year.

Estimates prepared by the comptroller indicated that the patriotic tax to be paid by a man assessed on \$1,000 income would be about \$8.50 and on \$500 income it would only be \$1.75. The authority to assess for patriotic purposes all productive property otherwise exempt will cut down the share to be paid by others.

**Salary Increases.**

A communication was received from E. Murray Olive, chairman of the board of assessors, mentioning that salaries of his clerks, \$1,400, \$950 and \$800, total \$3,150 less than was paid in 1914 and recommending an increase of \$100 for the chief clerk and junior clerk. He also recommended that Thomas Lantaulu, Ross and Collins, of the assessor's board, should receive an increase of \$100 each. The recommendations were referred to the mayor.

The chamberlain recommended that the city marshals be given three per cent, instead of two per cent, commission for collecting taxes. This would be an increase of about \$710 to be divided among ten men.

He also recommended that the officials in his department receiving \$1,200 or less should be given an increase of ten per cent, and those receiving more than \$1,200 should receive an increase of five per cent, in their salaries.

These recommendations also were referred to the mayor.

The committee adjourned to resume 8:30; corresponding week last year, \$1,411,474.84 on Saturday morning, 6:25, 1917.
