DEATH LIST SMALLER IN SEPTEMBER

Monthly Statement Submitted by Dr. Melvin, Health Officer

TOTAL WAS 57 Increase in Typhoid Was Expected—Small Mortality Among Children Gratifying Sign—Talk on the Use of Antiseptics Continued

The following cases of contagious diseases were reported as occurring in the city during September—Diphtheria 5, scarlet fever 6, typhoid fever 27, and tuberculosis 2.

Table with columns: Age Group, M, F, Total, Deaths, Burials, etc. Rows include Under 5, 5-10, 10-15, 15-20, 20-25, 25-30, 30-35, 35-40, 40-45, 45-50, 50-55, 55-60, 60-65, 65-70, 70-75, 75-80, 80 up.

Continuing the subject of antiseptics from last month, it is proper to say that carbolic acid is, perhaps, the most widely known of all these substances. Upon the whole it is the most reliable of all, other than heat, and can be applied to nearly everything without destructive injury.

GREENSHIELDS ON STAND IN DAVID RUSSELL CASE

(Canadian Press) Montreal, Oct. 4.—N. Greenshields, K. C., the defendant in the law suit brought by Mr. Russell for \$1,200,000, was called by the defence in the Russell case against the Pinkerton detective agency today and denied absolutely that he had conspired to injure Mr. Russell in any way, or that he had conspired with others to do so. Mr. Geoffrion asked, "Mr. Russell has brought a suit against you, for over a million dollars, over some land deal?" Mr. Greenshields said he had. "Now, have you in any way, shape or manner, made any attempt or induced others to make any attempt to discredit Mr. Russell, to injure him, to obtain papers or evidence pertaining to this suit?" "None whatever," for the last three or four years, I have not been interested in him or anything he did, "I wouldn't cross the street to help injure him."

RUMORS OF DISASTER AT SHAG ROCKS

That there was a fatality of Shag Rocks as the result of very heavy sea running on the night of Oct. 3, was the subject of several reports, but no two agree. One was that a motor boat had capsized, and that two men were seen clinging to the bottom of the overturned craft. Another report was that a motor boat belonging to Messrs. Ferguson brothers, of Lorneville, had been swamped and two of the occupants had been drowned. Still another report was that the boat said to be capsized was one belonging to the telephone company.

TOMORROW'S MEETING

The meeting called by Mayor Frink for tomorrow afternoon at the court house, to discuss playgrounds, should be attended by a large number of citizens. It may fairly be assumed that no great amount of time need be taken up with a discussion of the need of playgrounds.

A GOOD DAY'S WORK

Without a dissenting voice yesterday the municipal council decided to provide in the assessment of next year for the maintenance of a home or homes for advanced cases of tuberculosis.

MARKET SQUARE

The proposal to erect a municipal building on Market Square is too absurd to be seriously entertained. When the building is erected it may be presumed that it will be a slight and commodious structure.

THE BOARD OF TRADE

There was some discussion yesterday afternoon at the Board of Trade meeting of methods of securing a larger attendance of members. One method which would seem to possess some merit would be to carry out the program announced.

taken up with speeches on another subject, without getting any practical result. This should not become the rule, or the attendance will show a decline instead of an increase.

THE NEW CABINET

The Standard's Ottawa correspondent says that rumor connects the names of Premier Hazen and Premier McBride with federal cabinet positions, and that W. F. McLean of the Toronto World is also regarded as a possible minister.

ONLY POSTPONED

Some Canadian newspapers which went into hysterics during the election campaign keep up the idiotic pretence that Canada had a narrow escape when closer trade relations with the United States were rejected.

Mr. John E. Wilson, M. P., informed the Guy's ward Conservatives last evening that the provincial elections would be held within a year.

The municipal council wisely decided yesterday to get more information before dealing with the proposed municipal building.

J. Walter Thompson Company Comes To Canada. J. Walter Thompson Company, the well-known firm of Advertising Agents, have opened Canadian offices with headquarters at Toronto.

John C. Kirkwood has been appointed manager. Mr. Kirkwood is a Canadian and for the past five years has been on the staff of the London Daily Mail as advertising writer and counsel.

Previous to his engagement with the Daily Mail, Mr. Kirkwood served two years in the United States, being associated with the Booklovers' Library of Cleveland and Powers & Armstrong, advertising agents at Philadelphia.

J. Walter Thompson Company is one of the oldest advertising agencies in the United States and at the present time is serving over 80 clients in all parts of the world.

JOHNNY THOUGHT A MINUTE. Johnny had been a very bad boy during the day and when his father came home it was decided that he should talk to him.

It must be assumed that St. John will increase in population and grow in wealth. It will need a municipal building of good proportions, and the structure should be located on high ground, so that it would present a creditable appearance.

Daily Hints For the Cook
FRIED LIVER IN CRUMBS. Soak the liver, beef or calves, in salted cold water one half hour, drain on towel, cut into pieces, dip in beaten egg and crumbs of cornmeal, fry in hot pork fat. The secret is in soaking it in cold salt water. It makes it tender and removes all strong flavor.
NUT MUFFINS. Mix and sift one and a half cups of bread flour with three-fourths teaspoon salt, one tablespoon sugar and three teaspoons baking powder. Beat one egg until light, add three-fourths cup of milk and stir it into the flour mixture. Beat well, add a half cup broken walnuts, then stir in three tablespoons melted butter. Fill buttered muffin pan two-thirds full and bake in hot oven from 15 to 20 minutes.

KING COLE TEA
Your dear old tea-cup is to carry a keener delight, a new tea joy to your lips!
For into tea flavor—the very essence of tea joy—an even richer fullness, more zestful vigor has been blended. The result is King Cole Tea. With your very first sip you marvel that such flavor-improvement could be possible! It tastes so unusually good. And it never varies, year in, year out.
YOU'LL LIKE THE FLAVOR.

THE FARMER IS ALSO BEGINNING TO REALIZE HIS ADVANTAGES.
The horse races this year were better than the average, every last being a race. Honors fell mainly to islanders.
Major insomnia, happily, is a disease that concerns few persons, and its treatment is a matter for the trained physician only. It may be associated with severe organic disease or it may be the beginning of acute insanity. These cases of course are neither for home diagnosis nor for home treatment. But almost any one sooner or later and for one reason or another may be called upon to deal with minor insomnia.

GOOD MOVE IN FIGHT WITH THE WHITE PLAQUE

County Council Agrees to Doctors' Plans For Sanitarium

ADVANCED CASES

Project Set Out in Times is Endorsed and Money Will be Furnished—More Room at Hospital by Means of New Wing

A new wing to the general public hospital costing \$30,000 and providing accommodation for about fifty patients and a home for advanced cases of tuberculosis on the outskirts of the city, were both authorized yesterday by the municipal council after strong objections had been made.

Dr. Thomas Walker, Joseph Lee and Dr. D. C. Malcom, the superintendent, were first heard by the council on behalf of the hospital commissioners.

Dr. Walker said that for some time it had been the attention of the commissioners that the patients in the hospital were rapidly increasing. In 1905, 1,985 cases were treated while this year, 1911, 2,219 had already been admitted.

At the present time the capacity of the hospital was taxed almost to its limit. There were 118 at present and only 120 could possibly be accommodated and this only by crowding two or three in one room where hygienic rules said there should only be one.

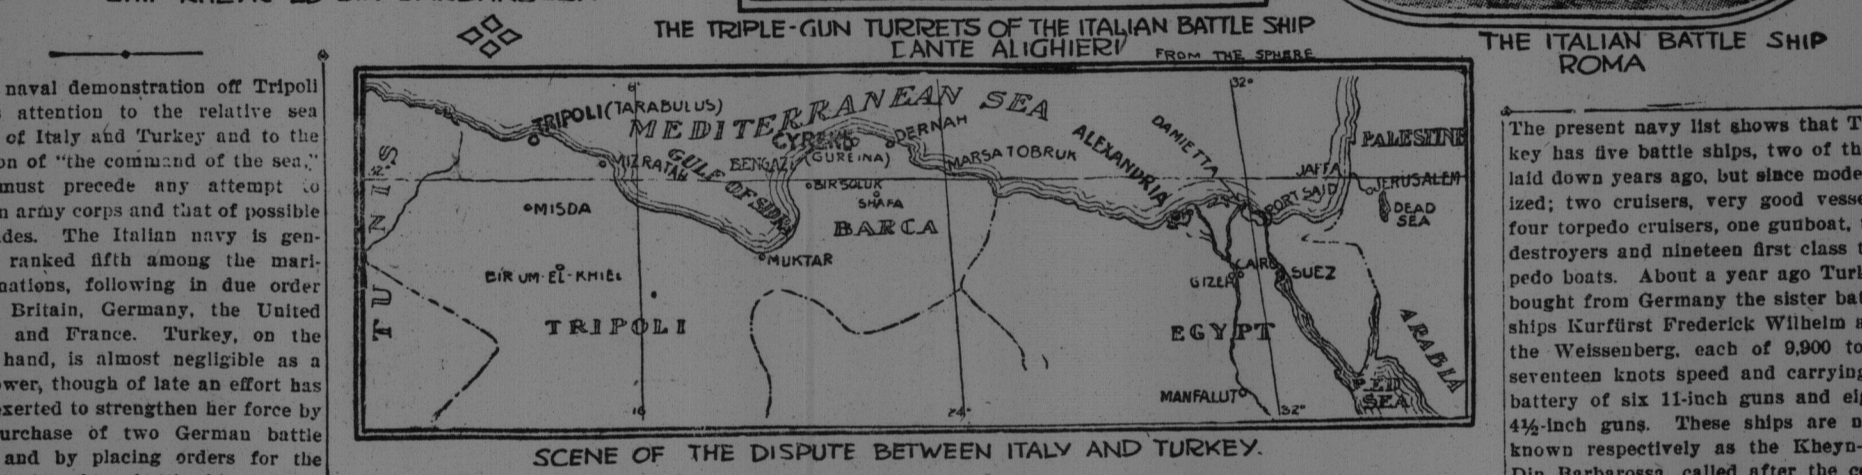

Dr. Walker said that any money expended by the commissioners would be repaid as wisely and economically as possible. The new building would take about \$30,000 to \$35,000 to build.

Dr. Malcom gave figures to show the increase in the hospital patients. Five years ago, when he first entered the hospital as house surgeon, the daily average was not more than 22, while two years ago it had risen to 65 or 70 and 85 or 90 in the winter.

Dr. Walker pointed out that there were 1,100 cases of tuberculosis in the city last year and 118 deaths. Nearly all efforts dealing with the disease were directed at recipient cases, but the advanced cases needed more attention.

Dr. A. F. Emery, Dr. G. A. B. Ashby and Dr. Malcom were present as a delegation from the New Brunswick Medical Society to urge provision for a home for advanced cases of tuberculosis.

TYPES OF ITALIAN AND TURKISH BATTLE SHIPS—MAP SHOWING LOCATION OF TRIPOLI.

SCENE OF THE DISPUTE BETWEEN ITALY AND TURKEY.

The naval demonstration of Tripoli directs attention to the relative sea power of Italy and Turkey and to the question of "the command of the sea," that must precede any attempt to land an army corps and that of possible blockades.

The Italian navy is generally ranked fifth among the maritime nations, following in due order Great Britain, Germany, the United States and France. Turkey, on the other hand, is almost negligible as a sea power, though of late an effort has been exerted to strengthen her forces by the purchase of two German battle ships and by placing orders for the construction of two battle ship cruisers, one to be built at Elswick and the other at Barrow.

Four of the battle ships under construction are of the very latest type and, indeed, possess novelties in the way of armament that may change the present mounting of guns in all other navies.

Not many details of importance are available of the Ottoman navy, though it is said that it has grown some what of late through the purchase in other countries of a few large vessels.

The present navy list shows that Turkey has five battle ships, two of them laid down years ago, but since modernized; two cruisers, very good modernized; two torpedo cruisers, one gusboat, ten destroyers and nineteen first class torpedo boats.

HAS FAITH IN TECHNICAL EDUCATION

Quebec Spends Nearly Million And Half in Buildings

OTHER PROVINCES

Nova Scotia Led, Ontario Followed—No Movement of Recent Years Has Had to Overcome so Much Opposition—Some Benefits

(Montreal Shareholder) At a cost of nearly one and a half million dollars the Quebec government has signified its faith in technical education. A new building, fully equipped with the latest machinery and appliances, has just been opened in Montreal, at a cost of over \$500,000.

In spending this money for technical education the province of Quebec is but following in the footsteps of other provinces throughout the Dominion. Nova Scotia was the first to undertake technical education. In 1909 the legislature of that province decided to establish technical schools, and immediately made provision for an elaborate system of primary and secondary schools of a technical nature.

Ontario followed in the footsteps of Nova Scotia, and established technical schools at the cost of large sums of money. Other provinces are now taking steps to establish similar institutions.

While educational matters are under the jurisdiction of the various provinces, the Dominion government appointed a royal commission to study and report upon the needs of the various localities throughout the Dominion. This is a forward step and shows that the government is alive to the needs of the industrial centres throughout the country.

It is possible to move in recent years but to overcome more opposition than technical education. There were a variety of reasons for this opposition. By the movement was regarded as a fad and a fangled notion. Labor men ridiculed the idea of education being given to manual work, while the manufacturers scoffed at the idea of education being given to any unskilled man.

The Benefits One of the greatest benefits of technical education is the broader outlook which a man receives. He becomes a trained man and a specialist, but he becomes more than that. He is fitted by his education and training to take an intelligent interest in the work carried on by his firm and for this reason is a much more valuable man to his employer.

It is a matter of gratification that both employer and employee are coming to see that the technically trained man has a big advantage over the ordinary workman. Technical schools are receiving the endorsement of labor unions and manufacturers' associations, and are being liberally patronized by the young artisans everywhere.

NEWS FROM THE WAR

Matters Moved Slowly at Tripoli up Till Yesterday—Turkish Transport Captured

LONDON, Oct. 3.—The lapse of another day leaves the Turco-Italian war without further development. There is no confirmation of the alleged bombardment of Tripoli.

Queen Mary of Italy

Tripoli, which appears unlikely to have happened, as it will not be several days before the expeditionary force is ready to move to Tripoli.

Apparently the Italian government is apprehensive that the Turkish fleet may be able to hammer the Italian coast, and great preparations are being taken. The expedition is being made from ports in two seas rather than from south Italy and Sicily, in order to minimize that danger, and evidently Italy is in no hurry to get the expedition on the way.

Trapani, Italy, Oct. 3.—The Italian arrested officer Marco Polo brought into port today the Turkish transport Sabalia which she had captured. Great excitement prevailed throughout the city during the disembarking of the prisoners taken from the steamer. These included a Turkish general, a colonel of the medical corps and many soldiers. Five thousand prisoners, sixty granades, much ammunition and about two hundred horses also were captured.

Porto, Oct. 3.—A despatch from Vice Admiral Faravelli, dated at Tripoli this morning, and arriving here tonight by way of Vittoria, Sicily, says: "In answer to a summons for the commander of the city yesterday the Turkish commander asked for a delay and was granted until noon today."

TO BE MODEL HUSBAND IS PLEDGE OF BRIDEGROOM

This Wife is Given a Free Hand With The Pay Envelope and Hand With Fear Jealousy

Chicago, Oct. 4.—Edward Matt, before marrying Miss Gertrude Ellis here last week filed with the county recorder a guarantee to be a model husband. The guarantee, signed and witnessed by a notary, promised that he would be a model husband.

"She may do as she pleases. She is free to go and come when she likes, to go with whom she pleases, and I will not be her privilege to do with my income as she likes, so long as she feeds me well."

"When we have a surplus and it goes to the bank, I agree not to hold the checks, but I agree to come home at a proper hour each night or give her a valid excuse."

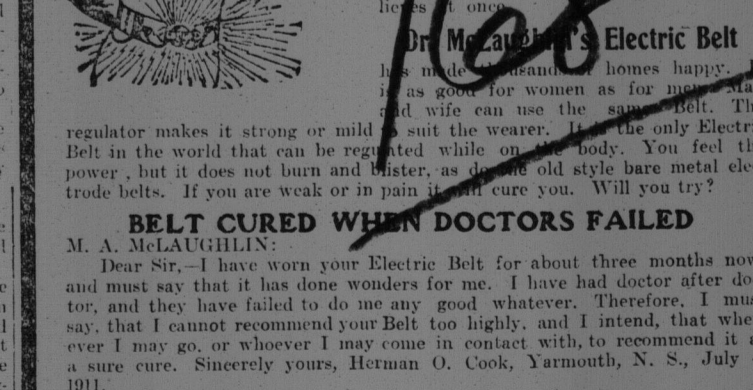

"And I further agree that I will not get a divorce if I fail to behave as a kind, loving, caring, considerate husband should."

It was given out this morning by a man prominent in the counsels and friendship of Sir Wilfrid Laurier that the experienced jurist will be offered the position of president of the Hague Peace Tribunal very soon, being the unanimous choice of President Taft and the English authorities.

Both great nations had expressed their confidence in Sir Wilfrid and commissioned Lord Stratford to offer the premier the position and that this commission is the object of Lord Stratford's visit.

PLAYS AND PLAYERS

Budget of News Concerning Stage Favorites Known to St. John Audiences.

The management of the Kirk-Urban company have cancelled their dates in the Opera House here and will not play in St. John until toward the latter part of the week. They were to have played here this week, but they received an offer from Montreal and accepted.

Viscount Dangan, the son and heir of Earl Cowley, who is now appearing in the chorus at the Gaiety Theatre, London, has received a handsome offer from an American manager to cross to the States and take a leading part in a popular musical comedy.

Supreme Court Justice Pendleton of New York has reserved decision on the application of Nathan Burton, counsel for Kitty Gordon, for an order to examine Lee Shubert before trial in a suit she has brought for breach of contract. The press declares that Shubert owes her \$2,800. She says she engaged her to appear at the Winter Garden for ten weeks at a salary of \$1,000 a week, and she says there is three weeks' salary due her, of which she has received only \$700.

The Boston Comic Opera Company play at the Opera House, and their ability will play an engagement here this month. The Kinematograph moving picture show at the Opera House, is drawing good crowds. The pictures are the best of their kind ever shown here, everything appearing in the picture being in its natural color.

The popular W. S. Harkins expects to see his season in Halifax about Thanksgiving Day, and will likely be seen here a couple of weeks later. He will have a leading man this season. His former id, Harry English, is engaged for the season. One of the pieces in the repertoire is season will likely be "The Servant in the House."

When you begin your struggle you find there are stars on the stage who you find are the last stars of the world. It is a great star you must pass through tremendous experiences; you must know emotions, before you can depict them. And the school of the world in which emotions are taught does not turn out good wives, little girls.

SPORT NEWS OF A DAY; HOME AND ABROAD

Jack Johnson reiterated in a conversation the other day in France his determination to resign the championship and retire from the prize ring. He said he had arrived at this decision partly because he thinks it is about time and partly because there is nobody left to put up a big fight for the championship.

During Young Ball Players. During youngsters is a game pure and simple. There is never any telling what a player who stars in the minors will do when he reaches the majors. To begin with, he finds himself against better pitching and fielding and wiser coaching and if he starts out as a poor, the chances are ten to one that he will lose confidence in himself and prove a failure.

Washington, Oct. 3.—Hughie Jennings, manager of the Detroit American League team, said today that he is not going to get ball players from this source. Every effort must be made to get the best material available. It is purely a case of "if you first do not succeed, try again."

Myers, the Giant's catcher, would be higher in the league batting list if he were a catcher. Myers catches for New York. And they are two of the best in the league.

The final afternoon of the fall meeting at Columbus, Ohio, Saturday, a new world's trotting record for four heats in a row was made in the 208 trotting stakes.

The 62nd Rifle Club held their last match of the season on the range on Saturday. The weather was such as to make for low scores. The winners were—A. C. S. Sgt. Day, 290; Sgt. J. S. 311; Sgt. J. S. 311; Sgt. J. S. 311.

PLAYING OF COBB HAS BEEN SENSATIONAL

If there is a record left on the offensive side of baseball in the American League that Ty Cobb of Detroit has not broken this season, let it be pointed out. Not only has he run off with new marks for that league in hitting, running and base stealing, but he has also upset the major league record of greatest number of base hits for a season which record was held by Willie Keeler, when he was with Baltimore in 1897.

SPECIAL SALE OF BOYS' SHOES
Some mothers look anything in the way of shoes will do for the boy, and some parents seem to agree with the dealer. The boy doesn't, however, and we side with the boy, and make his shoes as well as his father's, but we charge a great deal less for them.
LITTLE GENTS' SHOES, made like papa's, with heels and lacing boots, Vici Kid, Calf and Enamel Leathers, \$1.50, \$2.00 and \$2.50.
YOUTH'S SHOES, duplicate in lasts and shapes of the most popular men's shoe styles of the day, in all leathers, \$1.40 to \$1.75.
BOYS' SHOES, all good leathers, \$1.25, \$1.50 to \$2.00. All sizes and shapes. Don't turn the boy down with poor shoes—bring him here.

ASYLUM PATIENT VISITS COURT.
One of the patients in the Provincial Hospital, Lancaster, escaped from the institution last night and this morning wandered into the police court. A guard was sent for and he was taken back to the institution. He seemed to have an idea that there was a secret room in the station where prisoners were being tortured and he wanted to make an investigation.

QUEEN SQUARE CHURCH.
The anniversary celebration of Queen Square Methodist church was continued last night, when a congregational reunion was held. There was no scheduled programme, but the entertainment took the form of a conversation. Refreshments were served by the Ladies' Aid Society. Prayer and praise service will be held to-night and tomorrow night the Eureka club will hold their banquet.

GERMAIN STREET.
The residents along the Germain street boulevard, between Princess and Queen streets, are the envy of all beholders, in these windy western city. The boulevard is clean, the sidewalks spotless, and the grassy spaces fresh and green. There is no dust. On another street clouds of dust choke the pedestrian and enter through windows and doors of houses. For comfort as well as health, the boulevard's the thing.

McKim, who so successfully conducted the class last season. Commencing with tomorrow night at 8 o'clock Bible study group number one will meet under the leadership of W. M. Kingston. The class will also consider the international lesson and will meet each Thursday to study the lesson of the Sunday following.

GRAND MANAN FISHING POOR.
The Eastport correspondent of the Berger Commercial writes:—The Grand Manan fishermen are worried very much this season over the failure of the fishing business. Very few herrings are being caught in the weir that last year did a thriving business and the deep-sea fishing has been almost a complete failure. As this is the only means of livelihood for the inhabitants of the island, the scarcity of fish is being seriously felt among the natives, many of whom are leaving the island to seek employment elsewhere.

POLICE COURT.
In the police court this morning Benjamin Fish and Cornelius O'Leary were each fined \$8 or two months in jail on the charge of drunkenness. Robert Chisholm and Leonard York deposited \$8 for a like offence. The case of Mrs. Lydia Simms against Mrs. William Peters on a charge of breaking windows in her home in Erin street was concluded this morning. The plaintiff denied this. Mrs. Peters was fined and allowed to go the court stating that she would have to make good the damage done.

LOCH LOMOND FAIR.
The Loch Lomond fair is being held in the Agricultural Hall at Loch Lomond today. The fair this year is much better than any yet held and it is expected that there will be a big attendance. The judging of the exhibits was begun about two o'clock. People from town drove out this morning to attend the fair.

IMPROVEMENTS AT SAND POINT

Better Arrangements For Handling Passengers But Not Worked Out Till Next Season

The passenger arrangements at Sand Point are to be improved to the end that the increasing number that arrive here each winter may be handled in a quicker and better manner. It was hoped that something along this line might have been done in the coming winter, but it will be another winterport season before the present plans are completed.
It is expected that one of the new government boats will be used for the handling of passengers and in this manner save much inconvenience both to passengers and officials. The acquisition of the strip of land on the west side by the C. P. R. has hastened matters and the C. P. R. is said, will now be in a better position to move their passenger trains. The length of time in making the transfer of this strip to the C. P. R. has caused some years of delay in proposed improvements in both the passenger and freight business at Sand Point, but with the extra room now work will go ahead and the improved passenger plans for next season will be one of the fruits of the acquisition of this land by the C. P. R.
It is said, however, that the facilities for handling passengers at this port do not unfavorably compare with those in other places, but it has long been felt that improvements could be made that would place St. John on a better footing than now, for the handling of the large passenger traffic that is building up at this port.

MARKET MEN WANT SOMETHING DONE

Adjacent Streets Not Clean And Their Stocks Suffer by Dust and Otherwise

Dealers in the country market are up in arms regarding the manner in which the street department looks after or does not look after North and South Market streets. They say that the refuse that falls to the street from teams unloading there is allowed to remain in the streets for weeks at a time. The doors of the markets are nearly always open and the dust and dirt from the streets blows in and naturally comes in contact with the meat, fish and other edibles exposed for sale.
They say that it is a matter that the board of health should investigate as it is almost impossible for them under present conditions to keep their goods clean. The streets should be cleaned up at least once a day, they contend, and then there would be no chance of the garbage lying in the streets for rot.
The city streets during the last few days have been in a disgraceful condition. Citizens in general are complaining of the dust nuisance but the street department seem to be doing little or nothing to better conditions. King street merchants and dealers say that dust gets into their stores and does much damage to their stock.

MIDDLINGS ARE UP \$8 A TON SINCE THE RECIPROcity DEFEAT

Middlings have advanced \$8 a ton since the defeat of reciprocity on Sept. 21. During the campaign the people were told if reciprocity was adopted the price of middlings would advance. How can the present advance be explained, except on the theory that the millers are getting back again (out of the people) some of their contributions to the Conservative campaign fund?
Cornmeal is also quoted higher at \$22 a ton.
But the price of hogs has not gone up. The local packers are able to look after the price to be paid the farmer for hogs, as well as the price to be charged the consumer for cured hams.

DEATH BREAKS SINGING TRIO

Miss Nellie Hector Passes Away Suddenly at Home in Spar Cove Road
Miss Nellie Hector, daughter of Mr. and Mrs. Samuel Hector of the Spar Cove Road, died suddenly about 3 o'clock this morning at her home. She was about the house as usual yesterday in good health and retired about 10 o'clock. About 2:30 o'clock a hemorrhage attacked her and she died soon after. She was in the early stages and was one of the Hector Sisters singing trio.
About two years ago she underwent an operation in a Montreal Hospital and never fully recovered. Besides her parents, she is survived by three sisters, Misses Gertrude and Alma at home and Mrs. Allan of Providence, R. I. The funeral will be on Friday at 2:30 p. m.

HAPPY TIME AT LOCH LOMOND

A happy time was spent at the home of Mrs. E. B. Johnston at Upper Loch Lomond last night in honor of her son Enoch Johnston who arrived home some little time ago from British Columbia in company with his bride. Mr. Johnston went west several years ago and located in British Columbia where he has met with much success.
Between fifty and sixty people drove out from the city and a very enjoyable evening was spent. The tables were placed in the large dining hall and full justice was done to a very tempting dinner prepared by Mrs. Johnston. A round of toasts followed and after supper an impromptu programme was enjoyed and dancing followed. The city people returned at an early hour this morning. Mr. and Mrs. Johnston will remain here for several weeks before returning home.

CAN SHOOT, TOO.
Besides being a good bowler, David Fahay can handle a shotgun with good effect. He returned yesterday after a visit to his home in Kings county and while away he and his brother secured a fine bag of partridges.

If You Are About To Purchase a Range or Heater This Fall You Should Not Fail to See Our GLENWOOD RANGE and the GLENWOOD OAK HEATER Before Making Your Selection.
The Glenwood Range is simple to operate, light on fuel and a perfect heater. The Glenwood Oak Heater has many advantages, being quick to light and easy on fuel. The ash pit and lower draft door are fitted so very tight that a wood fire can easily be kept in over night. It also shakes from the side which prevents the dust from escaping. The Glenwood Oak is provided with a perforated front panel to circulate the air, it circulates the heat of the fire and will be found a valued addition especially to people wishing to burn soft coal. The Glenwood Oak Heater like our Glenwood Range has always given perfect satisfaction where ever they are in use. We also carry a complete stock of the New Burnell-Johnson Silver Moon in different sizes.
