DISCOVERED A POT TO ASSASSINATE THE EMPEROR

Bombs Found in the Garden of the Palace—Mutinous Troops Also Tried to Kill the Admiral Commanding at Sebastopol.

NEW YORK, July 11.—According to a St. Petersburg despatch to the World there was wild consternation at the Imperial palace at Peterhof yesterday following the discovery in the garden of that palace of several bombs filled with dynamite.

"The excitement and dread were indescribable. It was obvious that the bombs must have been placed there by some one connected with the palace, either as officer, guard or servant, and everyone equally was under suspicion. Gen. Troop, the commandant, immediately put in motion all the machinery of his office to discover the culprit, but thus far without result. In the meantime the person of the car is being more rigidly guarded than ever, if increase of precaution is possible.

ST. PETERSBURG, July 10.—No confirmation of the Sebastopol rumors of the seizure of warships by the Batumi mutineers obtainable. Despatches received from Batumi under today's date make no mention of disorders or even of the presence of the squadron, which was last reported at Kerch, two days sail from Batumi.

ST. PETERSBURG, July 10.—The refusal of the constitutional democrats to participate having rendered it impossible to form a coalition ministry, the emperor and court seem at last ready to turn to the constitutional democrats as the only means of pacifying the country. Negotiations looking to the formation of a ministry composed of constitutional democrats have been formally opened but the first propositions of the government failed completely owing to the impossibility of the constitutional democrats accepting the three conditions imposed, namely, the abandonment of the principle of the forced expropriation of land, full amnesty for political prisoners and to agree to a permanent reduction of the army.

The constitutional democrats intend to stand by their guns and believe the government must shortly impose punishment. Street demonstrations and rioting are becoming frequent. The emperor's presence, which is regarded as being a bad sign.

ST. PETERSBURG, July 11.—One of the curious features of the debate in the upper house of parliament yesterday on the bill of the abolition of the death penalty, was a speech made by Father Bulkaich, a priest elected by the theocratic clergy, in which he seriously defended the death penalty on the ground that it was justified both by Moses and Christ's statement before Pilate as recognition of the right to impose punishment.

The Reich today declares that the tone of the debate in the upper house yesterday leaves little hope that this "assembly of bureaucrats, land and commercial magnates, and representatives of the reactionary nobility and clergy, with a small leaven of Liberals," will ever be able to work in harmony with the progressive ideas represented in parliament.

The Novoe Vremya, on the contrary, defends the conservative spirit of the upper house and appeals to the Emperor not to entrust power to the constitutional democrats of the lower house, who, the paper insists are "augmenting the danger of an explosion by their cowardly refusal to clasp hands with the right or break with the left."

MOSCOW, July 11.—The Zemstvo congress today adopted a resolution declining to co-operate with the Government in that work of famine relief while the present local and central administrations continue to confine their efforts to independent charity work.

SEBASTOPOL, July 11.—An attempt was made at one o'clock this afternoon to assassinate Vice Admiral Chouknin, commander of the Black Sea fleet. The Admiral was wounded and taken to a hospital.

Vice Admiral Chouknin has been blamed for his severity and it was to his treatment of the crews of the ships under his command that the mutiny on board the battleship Kniaz Potemkin, in June and July last year, was attributed.

PREMIER GOUIN ON A VISIT TO P. E. ISLAND.

He Will Discuss With Premier Peters the Increased Subsidies Matter.

(Special to the Star.) CHARLOTTETOWN, P. E. I., July 11.—Premier Gouin of Quebec, accompanied by a party including Camille Piche, M. P., J. L. Decarie, M. P., P. P. P., Phileas Corriveau, K. C., Leon Couin and Paul E. Piche, arrived in Charlottetown last night and came to Charlottetown tonight, where Premier Gouin will confer with Premier Peters respecting the increase in dominion subsidies to the provinces.

Samuel Stubbs has been reported by the police for obstructing Winter street with a wagon last night.

WOMAN BRUTALLY KILLED IN HOTEL.

Her Head Crushed With a Hammer and Body Set on Fire.

Oil Had Been Poured Over Her Clothing—For a Time Her Identity Was a Matter of Doubt.

MINNEAPOLIS, Minn., July 11.—The identity of the woman who was killed by a mysterious assailant while she slept in her room at the National Hotel here yesterday, was established last night by the Ellsworth, Wisconsin, police. A phone message said the murdered woman was the missing Ellsworth milliner, and a daughter of a farmer living about ten miles from Ellsworth and one mile from Minneapolis.

The woman's head was crushed with a hammer blow, the body tied to a couch and saturated with wood alcohol, and then set afire.

The discovery of smoke and flames issuing from the room revealed the murder. While people were beating out the fire the woman broke out with the words "Who did this?" then she died. The upper part of the body was terribly burned. Later on physicians said the wounds on the head were enough to cause death.

A man who registered at the hotel as M. P. Wilson and occupied a room directly over the woman is believed by the police to be the murderer. He was seen running from the woman's room a few minutes before the fire was discovered. He instantly left the hotel, carrying a grip. The police have been unable to trace him.

The murdered woman arrived at the hotel Monday morning and registered as Mrs. Johnson, Detroit. She was assigned to a room on the third floor, and was given a room on the third floor directly above the woman. So far as is known the couple did not meet until the crime was committed.

JUDGE MORSE, OF AMHERST, DIED TODAY

He Was One of the Most Highly Honored Citizens of the Province

AMHERST, N. S., July 11.—The death occurred here, at an early hour this morning, of Hon. W. A. D. Morse, Judge of the County Court for the Counties of Cumberland and Pictou. Judge Morse has been in failing health for some time but his death was quite unexpected, and came as a great shock to the community. He was a gentleman of the oldest type, kind, generous, gentlemanly, a man of rare ability and knowledge. No man in the Maritime Provinces has had a deeper interest in the early history of the province, and he is possessed of valuable historic manuscripts.

He was born at Amherst on January 13th, 1837, and was therefore in his 69th year. His parents were James Shannon Morse, and Augusta Agnes Kinross, who were direct descendants of the oldest families in the province. In 1876 he was appointed Judge under the McKenzie Government. His wife, who was Miss Rebecca Rogers, and five sons and two daughters, and two brothers, Doctor C. J. and Robbie S., survive him.

PERSONAL
Mrs. G. E. Coleman of Sydney is in the city to attend the wedding of her daughter, Miss Julia Reynolds, to Dr. T. J. Gleason, now to Sussex this morning.

W. T. Mahoney left for Halifax today.
L. Stewart Milligan of New York is in the city visiting his brother, C. J. Milligan.
The engagement of Miss Ethel Collins, daughter of I. C. S. Collins, policeman, John Collins, to Edgar Cameron is announced. The wedding will take place on Tuesday evening, July 11th.

WOULD NOT HEED WARNINGS; WAS KILLED ON THE RAILWAY

Terrible Death This Forenoon of Mrs. Michael Gallagher Aged 75, of Westfield, Who Persisted in Walking on the Track.

As the result of not heeding the warnings given not to walk on the railroad tracks Mrs. Gallagher, an old lady residing at Westfield, was struck and instantly killed by the Boston train this morning.

The accident occurred about a quarter past ten o'clock. Mrs. Gallagher, who was 75 years of age, was walking from her home to the village store at Westfield on the railroad tracks. She was carrying a basket of eggs under her arm and apparently thinking very little of any danger when the accident occurred.

The Boston train in charge of Conductor Burgess, was then over due. About fifty rods below Lingley station there is a sharp curve in the road and Engineer Thompson was unable to see the old lady, but as was customary before rounding the curve he sounded a long blow on the whistle. Mrs. Gallagher apparently heard the whistle, but becoming excited she ran along the track instead of stepping to one side of the road.

As the train rounded the curve the fireman saw her and called to the engineer that there was a woman on the track. The engineer immediately closed the throttle and blew for brakes, but before the train could stop the engine struck the unfortunate woman throwing her about twenty feet down the track.

She was instantly killed, as her head struck the corner of one of the sleepers and was frightfully mangled. The body was carried to Lingley station and Coroner Ballantyne and Dr. Warwick were summoned. Dr. Warwick made a hurried examination and found that death had resulted instantaneously. The coroner, after viewing the remains allowed the body to be removed to the home of Mr. Gallagher. He also sent a dispatch to the head office of the C. P. R., telling them of the accident and saying that he did not consider an inquest necessary unless the officials wished one to be held.

Mrs. Gallagher was seventy-five years of age and the wife of Michael Gallagher. She came to this country at an early age and has since lived at Westfield. During the past few years she has been repeatedly warned of the danger of walking on the railroad track, but has continued to pay no heed to the warnings.

Besides her husband, Mrs. Gallagher leaves two sons, Thomas and John Gallagher, both employed as section hands on the C. P. R. She also leaves three daughters, one of whom is Mrs. Stevens, of Fairville, another unmarried daughter resides at home while the third is residing in the west.

MEDICAL ASSOCIATION MEETS IN CHARLOTTETOWN.

President Jenkins Urges Public School Instruction in the Prevention of Disease.

(Special to the Star.) CHARLOTTETOWN, P. E. I., July 11.—The Maritime Medical Association opened this morning with a good attendance. President S. R. Jenkins of Charlottetown in his address dwelt on the need of educating the laity on the best means of preventing disease. The fundamental place of this education should be in the schools. He emphasized the need of medical inspection of pupils and gave practical suggestions to school authorities along hygienic and sanitary lines. Papers were read by A. Caswell, Gagetown, on smallpox in the country; on lupus, by C. C. McEvin, St. John; on roentgen rays, C. C. Corbett, St. John; random salivary medicine, Dr. McNoll, Charlottetown, and a paper by Dr. Kelly, Charlottetown.

ARE ENTHUSIASTIC OVER PREFERENTIAL TRADE.

A Remarkable Scene in the Meeting of the Chambers of Commerce When the Canadian Resolution Carried.

LONDON, July 11.—The resolution in favor of preferential treatment on a reciprocal basis introduced in behalf of the Montreal board of trade at the opening yesterday of the sixth congress of the chamber of commerce of the empire was carried at today's session amid a remarkable scene of enthusiasm. The vote was preceded by a further animated discussion for and against the resolution. The Australian delegates considered it to be impracticable, while the Madras representatives approved of it. The British delegates appeared to be divided, but when an expression of opinion was called for a forest of hands went up in favor of the resolution, and only a dozen voted against it. The Canadians then rose in a body and the hall resounded with their cheers, while some of them tried to sing "God Save the King."

On the demand of the opponents of the resolution a formal vote was taken by the congress, resulting in 197 delegates declaring themselves in favor of it, 35 against it and 21 neutral.

At the home of the bride, King street, West End, Miss Alexina Allan, daughter of W. C. R. Allan, will this afternoon be united in marriage to R. G. Purdy, of Montreal. Rev. F. S. Bamford will perform the ceremony and the happy couple will leave by the C. P. R. (Boston and Chicago papers please copy.)

CHURCHILL WILL VISIT CANADA
Expect to Sail During Last Week in July
Lord Elgin Colonial Secretary Will Soon Follow Suit—Court Retiree
About King's Visit

Winston Churchill
ing Canada. He sails during the last week in July. It is hoped that Lord Elgin, colonial secretary, will soon follow suit, for, though born in Monksland, Montreal, he knows nothing of modern Canada. He is not likely, however, to arrange to be in Canada for some time. Winston Churchill would prefer to have the stage all to himself. Should the King visit Canada in the late autumn, as is still hoped, Lord Elgin would probably accompany him, also Lord Strathcona. Court circles are keeping the severest reticence, as always, respecting the King's intentions.

THOMPSON LINER CERVONA ASHORE
MONTREAL, July 10—Thompson liner Cervona, which left Montreal for London last Saturday, is ashore five miles west of South Point on Island Anticosti. Captain Stocke reports to the effect that the Cervona is making no water. Arrangements have been made for Strathcona and Davies wrecking plant to go down to the vessel. The Cervona was built of steel on the Clyde in 1896 and is 3,780 tons gross register, length 385 feet. She was bound to London with a general cargo and cattle.

KILLED HER ASSAILANT; DISCHARGED BY MAGISTRATE
SWEETSBURGH, Que., July 10—Mrs. Edmund Tracey, who has been confined in Sweetsburgh jail for the murder of Howard Tracey, was discharged this morning by district magistrate H. W. Mulvena after a preliminary hearing. The magistrate, said the frail, weak woman, none too young, had been left alone in an isolated house with two small children. She had been attacked by an able bodied man who was not much intelligent, and she had thought her only way of safety lay in shooting her assailant. He did not think any jury could be empaneled in the district of Bedford would bring such a woman in guilty. He therefore discharged the accused.

THE SAN FRANCISCO PICTURES.
The pictures of the recent calamity in San Francisco to be seen at the Opera House July 15, 13 and 14 are sure to prove of interest to local theatre goers. No doubt there are many residents of St. John who have been in San Francisco, have relatives or friends there and to these the pictures should prove of greater interest. They are accurate and vividly tell the tale of the calamity as no pen could describe it. Miss Rose, of San Francisco, has made the pictures. The pictures lost a studio valued at \$80,000 in the disaster but the camera was not damaged and put to work in an isolated location at once. The film was dispatched to New York by special messenger and thus the story of the destruction of the chief city of the west was preserved and made ready for reproduction. Leonard J. Mack, a former member of the Alcazar Theatre Stock Company, of the ill-fated city, gives an excellent description of the pictures as they are shown and no detail of realism is lacking. In addition a series of new comedy sensational films will be shown. Meyer Cohen is directing the tour.

HALIFAX, N. S., July 10—Francis P., the six-year-old son of John Tobin, 75 Water street, was drowned in H. D. McKenna and Co's dock this afternoon. The boy had been playing about the wharf and had fallen in. The doctors say the body was in the water about an hour when recovered.

BASEBALL
INTER-SOCIETY LEAGUE.
About one hundred and fifty people were disappointed at not witnessing an inter-society league match on the Victoria grounds last evening, but enjoyed a game between the St. John and a scrub team, picked up on the grounds. The game scheduled for last evening was St. John v. St. Peter's. The Fairville team were early on the field, but no other league team put in an appearance. It was explained that St. Peter's claimed that they had played their limited number of games with the Fairville team in the past, and claim that on May 24th in place of the F. M. A. team. The St. Peter's league executive meeting preceding May 24th it was decided that the league game scheduled for July 19 between St. Peter's and St. John would be played on the 24th of May. They also stated that they notified St. Peter's early yesterday of this effect, and understood there would not be a game.

WEST END LEAGUE.
In the west end league last night the Jubilee and Martellos played for five innings, both teams having one run to their credit. The game was the best played in Carleton this season, and neither team could be said to have outplayed the other. The batteries were: Jubilee, Murphy and Rootes; Martellos, Adams and Seely.

ST. PETER'S STATEMENT.
Representatives of the St. Peter's team called at the Sun office last evening and stated that at the regular league executive meeting preceding May 24th it was decided that the league game scheduled for July 19 between St. Peter's and St. John would be played on the 24th of May. They also stated that they notified St. Peter's early yesterday of this effect, and understood there would not be a game.

NEW YACHT HERE.
The American built yacht Pei-Yuen, recently purchased by Harold Devereux Robinson, arrived here last Sunday from St. Andrews, and was taken to Millbrook Monday. She is 25 feet on the waterline, and 25 feet over all, and has a 2500 pound keel. The Pei-Yuen was built at New York in 1906, and is one of the Crownshield's designs. She is also rigged and can carry six people. The yacht has a large spread of canvas and is said to be very fast. She will be a fine addition to the R. K. Y. Club fleet.

Mr. and Mrs. Thos. F. Davis and son of New York City arrived here yesterday by steamer Calvin Austin. They are visiting Mrs. Davis' mother, Mrs. J. B. Andrews, Elliott row.
Andrew Craig left last night for Winnipeg, Man.

MOTHER SURVIVED DAUGHTER
ONLY A FEW HOURS
Mrs. Gileton Cook Died Saturday and Parent Sunday—Daughter Who Nursed Later Collapsed and Is in a Critical State.

DORCHESTER, N. B., July 10.—The death of Mrs. Cook, wife of the late Wm. Cook, commander of the steam tug "Springhill," of Parrboro (N. S.), for many years an honored resident of Dorchester, occurred Saturday. An abscess in the ear necessitated two operations from which the patient did not recover. The funeral took place yesterday, interment occurring in the family lot at Parrboro. Rev. F. M. Young, the pastor of the family, officiated, assisted by Rev. H. M. Thomas, of Dorchester. Among those attending the funeral from Dorchester were Mr. and Mrs. F. G. Palmer, Robert Cook, Chas. Cole and others.
Since the demise of Mrs. Cook her aged mother, Mrs. Cole, wife of the late Wm. Cole, died at Captain Chilton Cook's residence Sunday, where she had been living with her daughter. The body was brought to Sackville today for interment.
What makes the case especially sad, the daughter, who faithfully waited upon her mother until 3.30 a.m., collapsed and is now in the hands of two physicians and small hopes of her recovery are entertained.

LIGHTNING KILLS TEN COWS AND A HORSE
INGERSOLL, Ont., July 10—Lightning night killed ten cows belonging to Mr. Sage of Fodden's Corner, and W. Turner, of the same neighborhood, had a horse killed in the pasture field. The dead cows were found this morning piled high under a tree, where they had sought shelter. The storm was one of the worst that has visited this section this season.
Mrs. A. G. Brown (nee Johnston) will receive Thursday afternoon and evening, July 12th, at 200 Lockland road.

Always Practice Economy

Begin this week—today. Let this be your initial effort, if you have not been in the habit of encouraging, and let this store be the place for the trial trip. There is no economy in buying trashy goods of any kind. We do not handle the cheapest furniture, but give you only reliable furniture or your money back if not satisfied.

Rosenberg, Who Was Arrested, Charged With Designs on the Life of Emperor

William, Is Quite Harmless

Seattle, Wash., July 11—Investigations made by the United States Secret Service show that August Rosenberg, a former resident of Seattle, is now under arrest in Germany on suspicion of being an anarchist with designs on the life of Emperor William, was a plain, unassuming man. It has also been shown that the chemist found in his former residence which were supposed to have been used in the manufacture of bombs, were such as those used by assassins. The charges that he presided at an anarchist meeting when Herr Most delivered an address has also been disproved. The anonymous letter on which he was arrested in Germany is supposed to have been written by a relative with whom he had trouble.

A TOAST.

Here's to the women we ever hold dear,
Our wives and our sweethearts so true.
Here's to the comforting words full of cheer,
They whisper when sorrow and trials appear.
Here's to their gentleness too!
Here's to the mothers so tender and kind,
Who make the home cheerful and bright.
Here's to the love in their great hearts enshrined,
Here's to their virtues, their sweetness of mind.
Here's to their heartaches take flight!
Here's to the children, the hope of the race!
May courage and wisdom be theirs,
Here's to their struggles for wealth and for place,
Here's to fair dealing their efforts may prove,
In all of their worldly affairs.
Here's to our friends! May the years as they fly
Bring peace and contentment and cheer,
Here's to the hopes that within our hearts lie,
Here's to love's fountain may never run dry,
Here's to a happy career!
ONE BROWN.

ST. JOHN STAR.

ST. JOHN, N. B., JULY 11, 1906.

CONSOLIDATED SCHOOLS.

Before the end of another school year the success or otherwise of the MacDonald consolidated schools as they are now conducted will be decided. This is an advance in methods of education which must not be judged too hastily, yet it would appear that there are certain school districts in New Brunswick and Nova Scotia which have already come to their decision regarding the schools and feel that they cannot wait until the end of the three year term before expressing their views. These districts it is observed have all voted against the continuance of the system, and have decided to go back to the old method.

Reports show that the cost of maintaining these consolidated schools is greater than was at first anticipated, but this is accounted for in various ways. The teachers employed are trained for this particular line of work and they demand and receive far higher salaries than are paid to the ordinary common school teacher. There is no assertion that they are too highly paid, while on the contrary it is freely admitted that the majority of provincial teachers do not receive nearly enough.

The salaries of teachers is bound to increase during the next few years and it will be found within a short time that the difference between what is now paid to the instructors in the consolidated schools, and to those in the other public schools will not be so very great, for the former will not advance to any extent.

Again rather expensive buildings have to be erected and maintained, buildings which cost perhaps a great deal more than all the separate school houses combined. This is a material objection, but that is the only thing that can be said against them. Proper conditions and attractive surroundings will without doubt materially assist the progress of the pupils and parents should be willing to pay a little more in taxes in order that their children may enjoy some of those comforts which were denied them.

The pupils are conveyed to the schools in vans and it has been found that these vans cost much more than was anticipated, but this is to a large extent due to the people of the districts themselves and there is no doubt that if an effort were made the cost could be materially reduced.

But although these and other excuses may be made, the fact remains that in the consolidated schools now existing in the maritime provinces the experience of the past two or three years has been that a great deal more money will be needed when the MacDonald plan is put into effect, than is required for the ordinary common schools, and the question now confronting the rate payers in the different districts is whether they will pay the increased assessments of the school two of the districts have already decided that they will not pay, and others will pass the same resolution at their next meetings. The Star understands that all the districts which consolidated in the Middlesex, N. S., school have come to the same conclusion, and thus the outlook in these provinces does not seem to be particularly bright.

This seems too bad when it is considered that the generosity of Sir William Macdonald has been exercised towards such a laudable object. He had hoped to raise the standard of education in Canada and while there may be a few who cannot see their way clear to assisting in the carrying out of his plans, yet every parent in the country will feel grateful to him for all that he has done.

NATIONALIZATION.

Nationalization is fast becoming a hobby before the eyes of St. John adherents. Some of the members of the council are now in such a condition that they can scarcely agree to any change, at Sand Point without asking the opinion of the Dominion government. The transportation commission recommended nationalization of St. John harbor among others, and the government favors the plan, but that is no reason why this city should now feel itself bound to ask permission to go ahead with every project. When the government definitely states that this harbor will be taken over at some particular time, the city will be justified in consulting on all matters affecting the port. But just at present it seems unnecessary to delay work of extension in order to do this. There is no knowledge that the harbor will ever be purchased by the government, and until such an assurance is given St. John might go ahead with development in the same old way. The aldermen can surely exercise as good judgment in arranging new work as was displayed by their predecessors, and the people are not greatly alarmed over the prospect of a serious loss to the city through unwise agreements.

WAITING!

On the edge of summer time,
Peeking through the palisades,
When the honeycreepers climb
Cautious o'er the fallin',
When the robins swell his cheer,
Ah! with voice so merry
Starts to do his level best,
Singin' for a cherry.

Sunshine coaxes you to pause
Days is growin' lazy,
Dandelion laughin' 'cause
He allus beats the daisy;
Bee a-mumblin' 'bout his plan
Fur to own the clover—
Hurry, Mister Weather Man—
Kindly boost me over.

SUBURBAN RECORD BREAKING.

Dr. Alexander Graham Bell, in a series of remarkable experiments, has been sending wireless messages from several miles with the aid of a simple apparatus. In a discussion of these experiments Dr. Bell said:
"It takes a long time to make a new idea practical and commercial. Most people think that the first successful flight of a flying machine should have been immediately followed by the appearance of great fleets of passenger flying machines, or that the first successful wireless message should have been immediately followed by a cheap wireless service to all parts of the world."
Dr. Bell smiled.
"They would have inventions made practicable with a speed that is only possible in suburban toilet making," he resumed.
"A suburbanite's wife the other morning rushed into the man's room, shook him roughly, and said:
"John, you've only got three minutes to catch your train."
"All right," said the man, coolly, as he leaped out of bed and seized his clothes. "Tell the cook to hurry breakfast."
"Yes," she said, "I believe I am the only physician present whose graves are not all filled."

A statesman in an argument, had turned the tables rather neatly on his opponent. Senator Dooliver in congratulation said:
"You remind me of a Fort Dodge doctor, Dr. X. This gentleman once had a grave dug for a patient, supposed to be dying, who afterward recovered, and over this error of judgment the doctor was joked for many years."
"Once he made in consultation with three conferees, another patient. This patient really died. After the case together, one of them said:
"Since quick burial is necessary, we might as well do it temporarily. I understand our brother here has a vacant grave on hand."
"Dr. X.," said the speaker, "I am the only physician present whose graves are not all filled."

TURNING THE TABLES.

A statesman in an argument, had turned the tables rather neatly on his opponent. Senator Dooliver in congratulation said:
"You remind me of a Fort Dodge doctor, Dr. X. This gentleman once had a grave dug for a patient, supposed to be dying, who afterward recovered, and over this error of judgment the doctor was joked for many years."
"Once he made in consultation with three conferees, another patient. This patient really died. After the case together, one of them said:
"Since quick burial is necessary, we might as well do it temporarily. I understand our brother here has a vacant grave on hand."
"Dr. X.," said the speaker, "I am the only physician present whose graves are not all filled."

RELIGION NO EXCUSE.

A certain theatrical manager of Chicago tells of an Irish policeman in that city possessing Dogberry-like traits.
"You remind me of a Fort Dodge doctor, Dr. X. This gentleman once had a grave dug for a patient, supposed to be dying, who afterward recovered, and over this error of judgment the doctor was joked for many years."
"Once he made in consultation with three conferees, another patient. This patient really died. After the case together, one of them said:
"Since quick burial is necessary, we might as well do it temporarily. I understand our brother here has a vacant grave on hand."
"Dr. X.," said the speaker, "I am the only physician present whose graves are not all filled."

PROVED IT TOO.

Several years ago, when the old district system of schools was in vogue in Vermont, the late Rev. Moses P. Ballou was superintendent in the town of Wilmington.
"One day a young man from Dover, who had applied for one of the schools in that town, was sent to him to undergo an examination. After going through a portion of the examination, with more or less success, he was given some mathematical problems to deal. After wrestling with these awhile, and seeing the hopelessness of his efforts to solve them, he turned to the examiner and said:
"Mr. Ballou, I ain't much of a rithmeticker, but the folks to home call me a pretty good summer."

THE MOST APPROVED PLAN.

"Hello, old man! Where are you keeping yourself these days?"
"I'm running a model farm."
"What kind is that?"
"It's the kind you run by riding over it in your automobile and hiring experts to do the work."

A POOR SMILE.

Tommy.—"Yeh, yeh, yeh. I play in 'hokey' an' he grabbed me like lightning, eh?"
Tommy.—"No, not like lightning. He hit too often in the same place."

WHEN HE WOULD FIND OUT.

A story is told in the London Tribune of a witty Irish priest, Father Healey, of Bray. On one occasion he had a long argument with a Protestant minister about Purgatory. As is the way with such argument, neither disputant was convinced, when the Protestant minister remarked, "Well, I've lived sixty years in this world, and I haven't found out the difference between a good Protestant and a good Catholic yet." "Oh, haven't you?" replied Father Healey. "Well, you'll not be sixty seconds in the next world before you find out."

COULD HAVE A LULLABY.

Magistrate.—You are accused of attempting to hold a pedestrian up at 2 o'clock this morning. What have you to say in your own behalf?
Prisoner.—I am not guilty, your honor. I can prove a lullaby.
Magistrate.—You mean an alibi?
Prisoner.—Well, call it what you like, but my wife will swear that I was walking the floor with the baby at the hour mentioned in the charge.

WIRED TO KING:

"SURRENDER!"

Admiral May, Victor in British Navy

Manoeuvres, Got Too Exuberant.

LONDON, July 10.—King Edward has severely chided Admiral May's exhilaration over his threatened "action" in the recent great naval mimic war. Admiral May's fleet, supposed to be "the enemy," outmanoeuvred the fleet detailed to defend Britain's shores. This in itself may have irritated his majesty, who is certain as his humblest subject that Britannia rules the waves and always will.

But at the moment of his triumph the gallant and skilful admiral sent telegrams announcing his victory to the prime minister, the first lord of the admiralty, and to the secretary, and demanded their instant surrender to superior force on pain of being blown sky high, together with the British Islands.

Not content with this, Admiral May, in his exuberance, actually sent a like telegram to the king himself. King Edward VII. was startled at first, then grew resentful at the liberty taken with his regal dignity, which, he said, openly, should have been respected. For, after all, the sea fight was merely make-believe and the victory only a sham. So the king indignantly communicated to the first lord of the admiralty, who had to rebuke Admiral May for addressing the king in such terms.

REV. A. B. SIMPSON COLLECTS OVER \$18,000

Remarkable Mission Meeting at Grimsby Camp.

GRIMSBY PARK, Ont., July 10.—A remarkable meeting in connection with the Christian Mission was held here this afternoon, the occasion being the annual missionary address of the alliance. This was followed by an appeal for funds for carrying on the work. The address was delivered by the Rev. A. B. Simpson, of New York city, and there was collected in subscriptions and cash, \$18,023. This is the largest sum collected by any Canadian alliance. At the close of the afternoon meeting, in addition to the large offering, over thirty ladies and gentlemen volunteered for the foreign mission field in China and Africa, and wonderful enthusiasm prevailed.

DUELS FOLLOW THE DREYFUS VICTORY

Colonel Picquet Refuses to Fire, and His Adversary, General Gonse Shoots Badly.

PARIS, July 10.—As a consequence of the Dreyfus inquiry, General Gonse, former assistant chief of the General Staff, who is opposed to Dreyfus' claims, challenged Colonel Picquet, former head of the Intelligence Department of the French army, who is a strong supporter of Dreyfus, to a hostile meeting. An encounter with pistols at twenty-five paces was arranged for today, with the result that the General fired and missed his adversary. The Colonel refused to fire.

The duel took place at two o'clock this afternoon at Tour Villebon. General Gonse fired two shots at Colonel Picquet, but without wounding him.

On leaving the field of honor they failed to observe the usual custom of reconciliation.

The duel aroused the greatest interest throughout Paris.

Colonel Picquet's second was his brother-in-law, Deputy Gast. M. Judet, director of the nationalist newspaper L'Echo, acted in a like capacity for General Gonse.

The Supreme Court held a secret session today and adjourned without announcing its decision in the Dreyfus case. It is generally expected that the decision of the Rennes court martial partial will be annulled, but the court is understood to be divided upon the question of quashing the verdict entirely or ordering a new trial. Mr. Baillet-Latour, President of the Court, is understood to be firmly persuaded that a new trial should be held, but the majority is against him.

CHURCH OF ENGLAND SYNOD.

FREDERICTON, N. B., July 10.—The thirty-second annual session of the Diocesan Synod opened at 10 o'clock this morning in the Church of England hall, Fredericton, N. B. The attendance was a large attendance of both clergy and laity present.

The proceedings opened with prayer, after which Canon Newnam, the secretary, called the roll and the minutes of the last meeting were approved.

Rev. Mr. Dibblee moved that considering the hardships through which the parishes have passed, that the arrears against that parish be cancelled and wiped out.

Col. Montgomery Campbell moved as an amendment that all such questions be referred to committee on credit.

The following were elected as the nominating committee. One clergyman and one layman from each diocese: Chatham—Rev. Archdeacon Forsythe; Lion, J. P. Burchell; Fredericton—Rev. H. E. Dibblee, W. H. Steeves.

Kingston—Rev. C. P. Hanington, Col. H. M. Campbell; Shediac—Rev. A. W. Smathers, R. W. Hewson.

St. Andrews—Rev. J. W. Millidge, W. C. H. Grimmer; St. John—Rev. Dr. Raymond, Herbert B. Schofield.

Woodstock—Rev. A. W. Teed, T. C. L. Ketchum.
Rev. Archdeacon Forsythe to be chairman and convenor.

Archdeacon Neales then briefly addressed the synod. In his address he made a touching reference to the bishop's illness.

Rev. Mr. Dibblee presented a report of committee on credentials recommending that on payment of assessment for 1906 the back assessments be cancelled against the parishes, Marystown, Grand Falls, Lorne, Norton, Madawaska, Richibucto. The report was adopted.

On motion the following reports were received and taken as read: Executive Board of Diocesan Missions, Board of Finance, Board of Church Literature, Standing Committee in Sunday Schools, Board of Education, Woman's Auxiliary to the M.

ST. JOHN STAR, WEDNESDAY JULY 11, 1906.

PROROGATION THURSDAY; SUNDAY ACT CHANGES.

No Prosecutions Without Consent of Provincial Attorney General—Twenty-Four Hours Rest Clause Rendered Ineffective—No Exemption for Jews—Sunday Privileges of Railroads Increased—More Power for Railway Commission—Mr. Foster Defends Ministerial Pensions.

OTTAWA, July 10.—The centre of parliamentary interest has been transferred from the house to the senate. The lower house this afternoon passed the last dollar of the estimates and finished its business. With the exception of a few odds and ends the common business is finished. The summons of the black roll would be welcomed at any time. The senate is having its busiest experience of the session. It is up to its elbows in the details of the Sunday bill. It has changed its name from the Lord's Day act to the Sunday act. It has made provision for Sunday handling of express business and for continuation to their destination of loaded freight cars, as well as trains and vessels en route at the beginning of Sunday.

RAILROAD PRIVILEGES ENLARGED.—On motion of Senator Watson, an amendment was made to the clause for railway snow clearing on Sunday authorizing a railroad to do any work "necessary to keep its lines and tracks open." This amendment, he explained, would enable a railroad to keep trains moving during a snow storm. It was often necessary to prevent a tie-up.

Senator Davis protested against the limits of the clause allowing oceangoing vessels to load and discharge on Sunday in case of emergency. The permission should, he said, apply to like vessels carrying grain. Otherwise Canadians would send their grain out via Buffalo. Canadian shippers would not run the risk of a day's delay by using the Canadian route.

Senator Peters moved that the word "oceangoing" be dropped. This would permit all lake vessels to run. Hon. Mr. Scott thought this would open the door too wide for infant cart on Sunday. He moved that the exception should be made for "lake going or grain carrying lake vessels."

A COMMITTEE WILL STUDY WHOLE QUESTION.—The amendment of the secretary of state was adopted after some discussion, during which Senator Bolduc announced his intention of moving for the appointment of a committee to study the question of Sunday legislation, whether this bill was a law or not. In this case there would be time for the study of the question of Sunday observance and if necessary for the amendment of the bill next session. The senate was to meet again in November and the bill would not become operative until March next.

The clause providing for the caring for milk, cheese and live stock was enlarged to permit unloading of live stock on Sunday.

On motion of Sir Mackenzie Bowell the clause allowing the operation on Sunday of a ferry or boat authorized to carry passengers was enlarged by the insertion of the words "toll bridge or draw bridge."

Sir Mackenzie Bowell suggested the broadening of the clause allowing interprovincial or international electric companies to operate on Sunday by permitting ferry boats to run. This was to cover the case of Sault Ste. Marie where the cars were conveyed across the boundary by boat instead of by the bridge.

MORE POWER FOR RAILWAY COMMISSION.—Senator Kerr of Toronto suggested the amendment should give the electric company the authority to operate a ferry when part of its line was not in contravention of a provincial act. The amendment to the clause authorizing railway commissioners, having regard to the object of this act, deem necessary to permit in connection with freight traffic of any railway, as the "object of this act" was the observance of Sunday, the "railway board might make regulations to restrict rather than permit freight work on Sunday. He therefore moved and it was carried that the clause should read: "Any work which the railway commissioners, having regard to the object of this act and with the object of preventing undue delay, deem necessary to permit in connection with freight traffic."

Senator Bostock wanted the discretion of the railway commissioners under this clause extended to steamships. His object was to protect the Sunday necessities of the British Columbia coasting steamers. Hon. Mr. Scott said the railway commissioners had no marine jurisdiction. He had no objection to protecting coasting steamers in some other way. On motion of Senator Bostock, the clause permitting ocean and grain vessels to load on Sunday was taken up again and Senator Bostock moved to enlarge it by inserting the words "coasting vessels."

Senator Kerr, of Toronto, made a plea for ore boats on the lakes which he said were of greater annual tonnage than the grain carriers. Senator Landry moved that the committee rise.

CHAMBERLAIN BOUND TO PROTECTION AND PREFERENCE ARE GAINING GROUND—FREE TRADE HAS BEEN DEAD FOR TWENTY YEARS, AND WILL BE BURIED AFTER THE NEXT GENERAL ELECTION, SAYS LORD NORTHCLEIFFE.

MONTREAL, July 10.—Lord Northcliffe, better known to the Canadian public perhaps as Sir Alfred Harmsworth, publisher of the London Daily Mail and numerous other newspapers and magazines, was in Montreal today, on his way to visit the immense pulp properties which he has recently acquired in Newfoundland. "I am a Chamberlain man down to the ground," said his Lordship, "because I think he is right, and I believe it is bound to come that the policy he champions will triumph. I find here in Canada talking with Canadian friends that they believe there is some abatement in the movement in England, on account of agitation over the election act. There is no such abatement, however. We have all the young men with brains on our side, while the other people have all the old geriatrics. For the moment, matters are obscured by local politics, and we are unfortunately face to face with a hostile government with a large, though divided, majority, but Chamberlain has practically every leading newspaper in England on his side, and he is far and away the greatest statesman of our time. As you may have seen, his birthday, on Saturday last, was celebrated all over the world. I myself took part in a celebration in Boston. "All kinds of interested people and cranks, some of whom have visited Canada, have talked a great deal of nonsense about supporting free trade, but in my humble judgment it has been dead for twenty years, and will be buried after the next general election—much too late, I admit."

ELDER-DEMPSTER S. S. ANGOLA FAST ASHORE NEAR LOUISBURG

SYDNEY, N. S. July 10.—In a dense fog this morning the Elder-Dempster line steamer Angola, Captain Thomas, from Vera Cruz and Progreso via Sydney for Montreal, struck on the rocks off East Bauline, near Louisburg, and held fast. Owing to lack of communication only meagre particulars are available, and the tug which went to the assistance of the stricken liner is still standing by. The place where the steamer went ashore is a rocky point ten miles west of Louisburg harbor and five miles west of Scatter, which shows that the steamer was some miles off of her course when she struck. There is no telephone or telegraph communication to the place, which consists only of a few fishermen's houses, and the nearest place of importance is Matinaudou, or Louisburg, ten or twelve miles distant. The coast in that vicinity has been the scene of many wrecks in days gone by.

NURSES' CASE WILL BE RE-CONSIDERED CITY CONFRONTED WITH ANOTHER STRIKE

Hospital Commissioners Had Lively Meeting Yesterday. Dr. Malcolm Appointed Superintendent and Dr. Mesereau Assistant—Dr. Scott was an Applicant. The increased scale of wages recently granted to the city laborers by the council, did not apply to the men employed on the Marsh Road, and because of that alleged unfair discrimination there is likely to be trouble about one hundred men are employed on the work to which the increase does not apply, and they are very angry at being passed over when the extra money was handed out, and threaten to go on strike. Instead, one of the men, who is a leader of the dissatisfaction movement, said last night that he did not believe there would be any trouble on Saturday, if they were not given the same wages as the laborers receive for similar work in other parts of the city. Only three or four of the men employed on the Marsh Road work are members of the City Laborers' Union, about a dozen of them being Barbados negroes, and the majority non-residents. Word of the death of Thomas Merritt, manager of the Toronto branch of the Mutual Life Insurance Company, was received Monday evening. Beyond the information that Mr. Merritt died suddenly Monday no particulars were given. Mr. Merritt, who was educated in this city and paid frequent visits here in late years, was the son of the late Rev. E. N. Merritt of Morristown, N. J., and a grandson of the late Thomas Merritt, who was at one time chamberlain of St. John. The late T. Gray Merritt of this city was an uncle of the deceased and John Magee was his uncle by marriage. Mr. Merritt, who was fifty-three years of age, was twice married. His second wife, who was formerly Miss Lee of Forest, Ont., and a son and daughter by his first marriage, survive him. He last visited St. John in September, 1904. Rev. Thomas Pierce, the retiring pastor of Zion church, who was recently the storm centre of an interesting controversy, which was not without its unpleasant features, must have been gratified at the evidences of sincere appreciation of his work, manifested towards him by a large number of his parishioners last night. The gathering, which was in the nature of a farewell to Mr. Pierce and his family, was held at the house of J. J. Irvine, 39 Wall street, and about seventy-five members of the congregation of Zion church were present. They expressed their good wishes towards their former pastor and his family in an address, which was read by J. Hargreaves, and by the gift of a purse of gold, which was presented to Mr. Pierce by Mrs. J. J. Irvine.

ENGINE OFF THE TRACK

While shunting on the Mill street extension last evening a C. P. R. engine went off the track. The line of cars attached did not leave the rails and were taken away by another engine. The engine was then put under the derailed engine and after about half an hour's work the men employed were able to put her back on the tracks under her own steam. A large crowd collected to watch the proceedings, many of them advancing theories as to how the engine might have been replaced more quickly. The crew of the steamer May Queen report that game is plentiful about the Jenness and shores of the Grand Lake. Last Monday last they saw a large moose swimming the Jenness in front of the boat. Yesterday on their down trip they saw two beautiful deer on the shore near Newcastle. They also report that many wild geese and ducks are seen daily on the meadows, Grand

101.

A Story of France in the days of Louis XV., and how the work of a traitor was foiled by the energy of Madame Pompadour.

The gold, English gold! Pest on it! The vizards and he had thought of everything but that. The perspiration sweated on Louis's forehead. He grasped his sword and took a step towards the doorway.

whispered, "Many women can make a fool of you." Andre slammed the door behind him. "Traître!" he swore. "Four hours has come."

For two seconds he held his cloak—the twisted end of it—and he fell back with a curse against the wall. She had escaped.

THE BLACK WATCH.

A Sketch of This Famous Lowland Regiment. Some of the Honors Won on Service—How the Corps Was First Organized.

No Scottish historian, in describing the splendid achievements won for the British Empire in almost every part of the world, can well afford to leave out of consideration the heroism and conspicuous bravery of the 42nd Royal Highlanders. Although the early history of the "Black Watch" is somewhat fragmentary and chaotic, it is very clear that it came into being through the timely suggestion of Duncan Forbes of Culloden.
