

PARKER DRAWS FIRST BLOOD IN DEMOCRATIC CONVENTION ARENA

Bryan Loses in the Battle For Control REPUBLICAN METHODS TABOO

Temporary Chairman Says Abusive Language of Chicago will Not be Tolerated at Baltimore -- Delegates Already Weary of Speeches.

Baltimore, June 25.—William Jennings Bryan lost his first fight for progressive control of the Democratic National Convention today when he was defeated for temporary chairman of the convention by Alton B. Parker.

Mr. Bryan first nominated Senator Kern to oppose Parker. The latter declined the honor and named Mr. Bryan to make the fight. The Nebraska made an eloquent plea. "For the cause he had represented for 16 years," but it was unavailing.

On motion Parker's election as temporary chairman was made unanimous. Judge Parker was escorted to the platform by Senator Stone of Missouri, Senator Lee of Tennessee and Judge Westcott of New Jersey amid continuous cheers.

Judge Parker was presented by Chairman Mack and began his keynote speech as temporary chairman. As he started to read his speech there was great disorder and manifest weariness of the delegates and spectators and a motion was put to adjourn until 8 p. m. The motion was carried with a whoop and Parker suspended his speech.

At 8:25 tonight Chairman Mack dropped his gavel and the night session of the Democratic convention was on. Mr. Mack introduced again Judge Parker and the temporary chairman resumed the speech which this afternoon was interrupted. In opening Judge Parker commented on the Republican convention at Chicago, where he said the words "liar," "corruptionist," "traitor," "thief," were freely used.

No Abuse. "We will have nothing like that in this convention," he said. "We had a little difference here this afternoon but there was nothing said by any one in this difference that was intended to be severe. If I thought that the chief speaker today was a little bit harsh, I remembered the three great struggles he made for the Democratic party in this country."

A burst of applause and a shout of "Bryan, Bryan," interrupted the speaker. "I realize that this meant much to him," continued Mr. Parker, "and if he was mistaken in regard to my position, I believe it is your duty and mine to forgive that, and to stand with him. There is one place where he is wanted, where he is capable of rendering great service, that is in the chairmanship of the resolutions committee. I hope and believe that every member of that committee will honor himself by casting his vote for Mr. Bryan for chairman."

Mr. Bryan concluded his speech at 9:13, having been accorded close attention throughout. The roll was called for nominations for the various committees and which, on adopted motion, are to meet immediately after the adjournment of tonight's session.

At 9:34 the convention adjourned until 12 o'clock tomorrow.

TURBULENT MEMBER EJECTED FROM HOUSE

Self-Constituted Champion of Caged Militant Suffragettes Roundly Abuses British Ministers -- Socialist Considers the Men Who Resort to Forceful Feeding Beneath Contempt and Speaker Has Difficulty in Quelling His Ardor.

London, June 25.—Intense embitterment had been engendered in England by the forcible feeding of the imprisoned suffragettes who declare a hunger strike while in jail. This was reflected in an extraordinary scene this afternoon in the House of Commons when George Lansbury, a Socialist member, denounced Premier Asquith and the government in such vitriolic terms that he was ordered to leave the House by the Speaker, who threatened to have him ejected unless he went out voluntarily.

Timothy Healy, the Nationalist, had appealed to Premier Asquith to release the women and the Premier replied that they could leave the House on undertaking not to repeat their offense.

Mr. Lansbury immediately projected himself at the treasury bench, shaking his fist in the faces of Premier Asquith and the other ministers, with his face only a few inches from that of Mr. Asquith, Mr. Lansbury screamed, "You're beneath contempt, you know the women cannot give such an undertaking. It is dishonorable to ask them to do so. Talk of Russian atrocities, why will you go down to history as the torturer and murderer of innocent women. You ought to be driven out of office."

The House was in disorder. The Speaker, however, finally secured quiet and ordered Mr. Lansbury to leave.

He replied: "I am not going while these contemptible things are torturing and murdering women." He yelled this out in a loud voice and appeared to be much overwrought, but when the Speaker warned him that he would be forcibly thrown out unless he went of his own accord, the labor members gathered about his colleague and induced him to quiet.

Prisoners Seek Reprieve From Royal Visitor Governor General Visits Penitentiary and Six Convicts Petition Him for Their Release—Murderer One.

Montreal, June 25.—H. R. H. the Duke of Connaught, today paid an unexpected visit to St. Vincent De Paul Penitentiary. Brief as was his stay, the convicts made use of it, and before the illustrious visitor departed six petitions for amelioration of penalties were in his hands. He promised to give them his attention. Among the petitioners was a former police constable of Quebec, Caseby, doing a life term for the murder of his wife; a highway robber serving 14 years, an Italian undergoing a long sentence for attempted murder.

The old home week. Moncton, June 25.—Old Home Week brought real summer weather. The thermometer yesterday registered 87 and today 89. The principal attraction today was baseball, the Halifax Standard defeating the locals 4 to 2, in the afternoon and 5 to 1 in the evening.

DELEGATES PROCEEDS YESTERDAY

Adjournment Necessary in Albert Owing to Typographical Error. Will Be Resumed Today -- Three of Candidates Spoke -- Small Crowd at Charlotte -- The official Returns.

Special to The Standard. Albert, June 25.—The declaration proceedings at Hallowell Cape today were merely formal on account of a typographical error noted by the sheriff which made the declaration proceedings void. The declaration proceedings will open on or be held within five days from the polling day, but may be adjourned from day to day on account of good cause. The ballot boxes were not opened today nor was anything done in the way of summing up or giving the number of votes cast for candidates, and the actual declaration proceedings will be held tomorrow at 2 p. m. in accordance with the sheriff's proclamation.

When the sheriff opened his court at 2 p. m., a very large crowd of people completely filled the courtroom. On motion of John E. Peck, seconded by C. J. Osman, Sheriff Carter was elected chairman. W. B. Dickson, M. P. E., was the first speaker and received a very hearty welcome as he stepped to the front of the platform. Dr. J. Lewis and W. L. Carvath also spoke.

Head of Northwest Mounted Police to Resign His Post Col. Fred White, Superintendent of the Service Will Retire in January—Has Done Good Work.

Offered \$50,000 For Bout Las Vegas, N. M., June 25.—Hugh McIntosh, the Australian promoter, has written Jack Johnson and offered him \$50,000 for a bout to be fought in Australia within the next year. It is supposed Johnson's prospective antagonist is Sam Langford, though the name of that colored fighter is not mentioned. McIntosh offers to post at once a forfeit of \$10,000 as a guarantee of good faith. Johnson has not decided whether he will accept.

Looking For A Place To Fight San Francisco, Cal., June 25.—Abe Attell, former featherweight champion, (Harlem Tommy) Murphy and their managers were busy today trying to locate a place for the 28-round fight which was to have come off in James Coghlin's arena at Daly City, July 4. The trustees of Daly City, a suburb of San Francisco, by a vote of 3 to 2, refused to grant Coghlin a permit. They based their action on the publication of a newspaper story after the last Attell-Murphy bout here that Murphy had agreed to let Attell win the public peace and secondly with wounding Edward Wough with intent to do grievous bodily harm. Mr. Wough is a well known humorist and it is claimed that the defendant assaulted and wounded him. The jury found a true bill on both counts and the court adjourned until tomorrow morning.

Execution Stayed Montreal, June 25.—John Cummings, sentenced to hang August 9, for the murder of his wife, was today granted a respite and a stay of execution until October 1.

MILITIA TO START DRILL COMMENCES AT THE MILITARY CAMP

All Under Canvas Most of Regiments of Province Now in Training at Sussex -- New Departure for the Benefit of Visitors.

Special to The Standard. Sussex, June 25.—Camp Sussex is now in full swing. From early this morning till late this afternoon the various regiments were arriving from all points of the province. Practically all the militia in the province is now under canvas with the exception of the 62nd Buffers, who will arrive on Saturday and No. 5 Field Ambulance, who are going to Camp Aldershot in September.

Today the men's time was spent in getting settled in their new quarters. In the issuing of blankets and drilling uniforms, and the hundred and one things that have to be attended to on the first day in camp. Tomorrow the work will start in earnest and the soldiers will be set to work at squad drill preparing for the annual inspection, and sham battle, the climax of the two weeks' training. Master parade will be held at 9:30 tomorrow morning.

The 75th was the first to arrive in camp early this morning, since then there has been a continual stream of new arrivals, some by special train and some on the regular expresses. The 74th arrived by special train from Fredericton, at 2 o'clock, the 72nd from Chatham at 3 p. m., and the 67th 23rd Dragoons and Hussars at various times during the day, until there are now close to 3000 men in camp.

No. 3 Army Medical Corps from Halifax have already been in the hospital where they have two patients, one from the R. C. R. and the other from the Dragoons. The Y. M. C. A. tent has been erected and the soldiers will be able to make use of the reading room and writing materials provided by the association. Services will be conducted each evening in the tent.

A much needed improvement has been made by the introduction of sign boards at the encampments of the various regiments to show staff officers and visitors where each regiment is located. The hospital staff have arranged a neat little design of their own in front of the hospital, consisting of white painted poles forming the words General Hospital. The canteen is being run by Connelly and Palfreys, who are strictly prohibited on the grounds.

A little excitement was caused in camp this afternoon by a horse belonging to one of the Dragoons, breaking loose and galloping about. No one was hurt, however, and the animal was soon caught. Col. W. M. Humphrey, of Halifax, is in command of the camp and has as his orderly officer, Capt. T. M. McArthur and the other officials as follows: General staff officer, Major R. J. F. Hayter, G. S. C. 6th Div. D. A. A., and a Q. G. Dent, R. C. R.; camp engineer, Lt. C. B. Russell, R. C. E.; A. D. C. and T. Major A. E. Massey, C. A. S. C.; medical officer, Lt. Col. G. H. Foster, A. M. O. 6th Div.; sanitary officer, Lt. E. V. Woodbury, A. M. C.; veterinary officer, Capt. W. H. Simons, 6th Hussars; ordnance officer, Major A. H. Anderson, C. O. C.; paymaster, Major J. R. Forbes, C. A. P. C.; mule-ketry instructor, Capt. and B. T. Major Regt.; signalling officer, Capt. T. E. Powers.

FIGHTING SHIPS USED BY THE POOL

Used to Meet Reductions in Fare by Competing Lines. Passenger Agent of Holland-American Line on Stand in Suit to Dissolve the "Shipping Trust."

New York, June 25.—Further testimony regarding "fighting ships" which steamship officials in the so-called shipping pool are allowed to have used to stifle competition, was given today by C. P. Nyland, passenger agent of the Holland-American Steamship Company, who was admitted as a witness in the continued hearing of the government suit to dissolve the alleged "Steamship Trust."

Mr. Nyland's testimony was in effect the same as that given by other witnesses at previous hearings. The "fighting ships," he said, were directed against the Russian, East Asiatic, the Uranium lines, all independent of the defendant lines, which the government accuse of being members of the "pool." The witness gave as a reason for the operation of these "fighting ships" the fact that sometimes independent lines advertised a certain rate and then reduced this rate in an effort to take business from lines charged with being in the "pool."

Thus, said Mr. Nyland, the "fighting ships" were brought into existence so that these unexpected reductions in rate by independent companies might be met. This "fighting ship" policy was discontinued in 1910, he said.

"Didn't a conference ship ever compete with an independent after that?" asked U. S. Assistant District Attorney Dorr.

"Yes, of course," the witness replied, adding that it was only a coincidence that a conference ship sailed on the same date as an independent ship, and at reduced rates, in 1910.

The hearing continues tomorrow.

Demonstration is Proposed for Mr. Borden on Return Premier Will be Tendered Banquet by Ottawa Conservatives on Arrival from England—Date Undecided.

Ottawa, June 25.—Right Hon. R. L. Borden, prime minister, today accepted an invitation from the local Conservative Association to be the guest of honor at a great banquet and demonstration to be given in his honor on his return from England. All the Dominion cabinet ministers, the Conservative premiers of the provinces, together with their cabinets, and the leaders of the Conservative opposition in other provinces will be invited to attend and honor the premier after his mission in the old country.

Tentative arrangements have already been put under way for the demonstration, which is planned to exceed anything of the nature that has yet taken place in Canada. It will likely be held the latter part of August or early in September, and the date will be definitely announced when the premier sails for home.

Wants Children Protected From Their Fathers Ontario Official Suggests Radical Departure—Wives Also Should be Taken Care of—Pensions for Widows.

Toronto, June 25.—Y. J. Kelso, superintendent of the provincial department of neglected and dependent children, calls for more stringent legislation for the protection of wives and children from husbands and fathers who desert them. "The section of the criminal code dealing with the matter is not at all satisfactory," says Mr. Kelso, in a report to his ministerial chief, Hon. W. J. Hannah.

Mr. Kelso also suggested that state aid be given widows with young children, so that they will not be compelled to seek outside employment and leave the children uncared for. Segregation of feeble minded children is urged.

Mr. Kelso says: "My hope is that instead of this class being gathered into large institutions they will be assembled in small classified groups, and as they grow older taught some simple industry whereby they can contribute towards their own maintenance."

Shot Himself in Fight With Thugs, Died Yesterday H. Kenneth Lee Expires As Consequence of Encounter with Drunken Ruffians Sunday—Interment in England

Special to The Standard. Halifax, N. S., June 25.—H. Kenneth Lee, who shot himself while resisting an attack by ruffians who entered his house at Port Williams on Sunday afternoon, died this morning as a result of his wounds. The three brothers are in jail at Kentville. Mr. Lee was the son of an Anglican minister and his body will be sent there for interment. The beautiful cathedral, the Hotel Saguenay and hundreds of houses were destroyed, while 5,000 families are without homes.

It is thought that the conflagration was started by an overheated stove in the Hotel Saguenay. The flames leaped from the hotel to the cathedral.

HOUTON SHUT GREEKS OUT, FREDERICK IN SAME PLIGHT

About 600 persons witnessed a fine game of baseball on the Marathon grounds yesterday afternoon when the Houlton team shut the Greeks out and made out one score themselves.

It was a pitcher's battle from start to finish with Urquhart twirling for Houlton, and W. Sweet for the Greeks.

Only two Marathons reached as far as the third base during the entire game and only three others got as far as second base. In addition to the one Houlton man who scored, only five others got as far as first base.

The Marathons had but four hits off Urquhart, he gave two men bases on balls and struck out seven men. The visitors had but seven hits off Sweet, he gave two men bases on balls and struck out seven men.

Woodstock, June 25.—The locals shut out the Fredericton boys in Connell Park this afternoon and tallied six runs themselves. It was one of the fastest games played here this year.

The features were a hard fly caught by Larry Connor, a snuff catch of a high liner by Corcoran, and the sensational shortstop work of King.

Fredericton did not get a man on third base. Delano was out for bunting the third strike, making the 24 pit outs. Bates struck out four and passed six. Delano struck out four and passed three.

There were three double plays, Corcoran to Huff, Huff to King, and King to Huff. Besides playing an errorless game the locals were there with the wallop which put the game on the first inning. The box score is as follows:

THE SACKVILLE NEWS LETTER

Serious Accident to Elderly Man—Harvey Bower Sustains Serious Injuries—Many June Brides.

Sackville, June 22.—Harvey Bower was the victim of an unfortunate accident on Friday morning while driving a load of lumber from Beach Hill. He fell between the wheels of the wagon and received severe injuries, particularly about the head. He was brought by auto to his home here and doctors summoned. Hopes for his recovery are entertained, but as Bower is an elderly man the case is a serious one.

The marriage of Miss Constance Miller, youngest daughter of Captain and Mrs. Wm. Miller, to Guy S. Moore of Fall River, Mass., took place last week at the home of the bride's sister, Mrs. Lewis Gordon, Greenwood, Mass. Mr. and Mrs. Moore left the same day for a wedding trip through New Hampshire. The groom is a former Mount Allison student and both young people have many friends here to wish them a long and happy life.

Miss Grace Estabrook, only daughter of Mrs. Willard Estabrook, recently of Sackville, was married this month to L. K. Williams of Summersland, B.C., where the bride also resides. Rev. F. W. Pattison, pastor of the Baptist church, performed the ceremony in the presence of a number of the immediate relatives. The bride was given away by her brother, Rev. H. G. Estabrook.

Misses Glennie Hanson, B. A., Hatfield Miller, Annie Kaye and several young ladies from neighboring places have returned home from Provincial Normal School.

Dr. Sprague left on Wednesday for Newfoundland where he will spend some time lecturing in the interest of Mount Allison. Dr. Campbell will also visit there this summer with the same object in view.

The annual meeting of the local W. C. T. U. was held on Tuesday afternoon with a large attendance. The presiding officer was Mrs. H. H. Sprague, who has been also president of this union for three years, asked to be relieved of her office owing to pressure of work. While in office she has presided at every meeting with one exception which is an unusual record. New officers are: Pres., Mrs. H. H. Sprague; vice-pres., Mrs. Sprague; Mrs. John Humphrey, Mrs. Charters, Mrs. Aubrey Smith; Cor. sec., Mrs. T. D. Hart; Rec. Sec., Mrs. Titterton; Mrs. F. T. Tingley; auditor, Mrs. Amasa Dixon. There are 61 members in the Union.

Miss Leora Tweedie is visiting in Toronto the guest of her sister, Mrs. William Beer. The Deacons of Sheddah held their annual church union festival in Holy Trinity church, Dorchester, on Wednesday, which was a great success. The organist and choir leader was A. A. Woodhouse of Moncton. The choir of Christ church, Amherst, rendered valuable assistance. The music which was of a high order, the anthem "Ten Thousand Times Ten Thousand," being especially well rendered. The sermon for the day was preached by Rev. G. J. Warner of Amherst.

The annual roll call of Main St. Baptist church was held on Tuesday evening. The pastor, Rev. H. C. Cannon, was assisted by Rev. D. Price of Middle Sackville. Rev. W. H. Robinson of Point de Bute Baptist church administered the rite of baptism to seven candidates on Sunday.

Miss Mabel Dixon, M.A., who returned some months ago from a lengthy stay in California, entertained the Epworth League very pleasantly on Tuesday evening with a program of the latest visit to the land of Sun and Flowers. The league took this opportunity of presenting Miss Ethel Hickey, one of its active members, with a handsome cut glass berry dish in view of her approaching marriage to W. Warren Cole of Sackville.

Dr. Courtney Allen of Bayfield has purchased a Ford torpedo runabout. J. H. Baisley, a recent Mt. Allison graduate, who has been teaching in Calgary, is the winner of a scholarship at Harvard.

Miss M. D. Flemming of Halifax, an oratory graduate, was married at home last week to W. D. Carson of Trinidad.

Mrs. H. Johnson who has spent some months here leaves on Tuesday for her home in Edmonton, Alta. Mrs. C. H. Paisley, her mother, is attending college in London, Canada, and will spend the summer with Mrs. Johnson and her son, H. F. S. Paisley. Miss Katherine Ryan who has been attending college in London, Canada, in the past year, is home for the holidays with her parents Mr. and Mrs. Fred Ryan.

Miss Kathleen Fawcett, daughter of Mr. and Mrs. H. G. Fawcett, has arrived home from Harvard College, Toronto. Miss Florence L. Robb, who is leaving New Glasgow, N. S., to take the position as violin instructor at Mount Allison conservatory, was on the eve of her departure from that town the recipient of a flattering address accompanied by a handsome violin case suitably engraved. Miss Robb has been the talented leader of the New Glasgow Symphony Orchestra for some time and her departure is sincerely regretted.

First Woman to Cross Continent on Horseback

Miss Alberta Claire of Sheridan, Wyoming, with her pony "Bud," and her dog "Mickey," photographed just after they rode into the surf at Atlantic City, N. J., where Miss Claire completed her cross-continent horseback ride. She began the jaunt at San Francisco and is the first woman to make an ocean-to-ocean trip on horseback.

PRACTICAL EXAMPLE OF CHURCH UNION

Presbyterian and Methodist Congregations in Chatham Unite for the Summer—How Independent Members Stand

Chatham, June 24.—The elections are over and the result throughout the province must be very gratifying to Premier Flemming and the members of his government as well as the friends of good government regardless of party affiliations and the Conservative party all over Canada. Many persons have asserted during the last four years that owing to the voracious system of favoritism and graft prevailing so long under the Blair-Tweedie-Pugsley regime the electors would not stand for honest administration and a more responsible government.

They have their answer. There was some smashing done, it is true, but the opposition got it and not the government. There is an idea abroad in the minds of the people that provincial and federal are kept in power too long, that the interests of the people would be better served by more frequent changes of administration, because any party too long entrusted with the reins of power become the masters instead of the servants of the people. It appears, however, that the very best, in fact the only way for any government or party to retain the confidence of the people by deserving it, is to be honest and able to do so.

The people of New Brunswick have every confidence in the honesty and ability of the Flemming government as amply proven by the large majorities rolled up for the government candidates in nearly every constituency where polls were held on the 20th inst.

Northumberland has maintained her reputation of being an unknown quantity in provincial politics ever since the notorious "Northumberland Deal" of 25 or 30 years ago, so long in fact that it is remembered only by the older people.

When after repeated efforts the opposition failed to secure a ticket and at the eleventh hour the independent trio were nominated it was regarded as a joke all over the country but the result of the vote on the 20th proved to be serious. Two of the government candidates who were defeated.

There is much speculation here as to the position of the independent trio which will occupy in relation to the government. Their friends say they are in a position to demand and will receive any recognition to which they are entitled as supporters of the government, while on the other hand it is claimed that they will demand their rights as an important member of the government and that government having a large majority without them they will be compelled to go into the cold shades of opposition.

A practical illustration of church union is to be given in Chatham during July and August. Negotiations are about completed between St. John's (Presby.) and St. Luke's (Methodist) churches by which the two congregations will worship during the next two months by holding one service in each church every Sunday instead of two as usual. Rev. J. M. McLean taking the services during July while Rev. G. G. Fulton takes a vacation. Mr. Fulton will conduct the services during August while Mr. McLean takes a month's holidays.

It is about arranged that the choir also will be given a vacation in the same way. St. Luke's choir being on duty during Mr. Fulton's absence, while St. John's choir will officiate during the absence of Mr. McLean.

The feelings between these two congregations have always been most cordial and friendly and it is hoped that this temporary union will not only increase the friendly relations now existing but pave the way for more permanent union in the future. Rev. H. Patterson preached in St. Luke's on Sunday evening. Mr. Patterson was ordained to the ministry at the recent session of the Methodist Conference and was assigned to the Foreign Mission field and leaves shortly for Japan to take up his work. He is well known here having as his first pastorate the Tabernacle circuit in this district and is a clever, bright young man. Miramichi Lodge, No. 18, A. F. and

JEMSEG NOTES

Jemseg, June 24.—The elections on Thursday last, passed off as the quietest on record. Miss Grace Pincombe entertained a large party of friends on Friday last, being her 21st birthday. A most enjoyable time was spent, and also received a number of presents.

DOES YOUR BACK ACHE?

If you have Bladder or Urinary Troubles and Weakness of the Kidneys—Read Below

Your back aches and fairly groans with the distress of kidney trouble. You're discouraged, but you mustn't give up. The battle can be quickly won when Dr. Hamilton's Pills get to work. These kidney specialists bring new health and vitality to young and

old alike. Even one box proves their marvelous power. Continue this great healer, and your kidneys will become as strong as vigorous, as able to work as new ones. Remember this: Dr. Hamilton's Pills are purely vegetable; they do cure liver, bladder and kidney trouble. They will cure you, or your money back.

Mrs. W. U. Rosalter, wife of a well-known merchant in Kensington writes as follows:— "Ten years ago my kidney trouble started I suffered dreadful pains in my spine and around my waist, my back feeling as if hot irons were running through it. I couldn't sleep, had no appetite, was pale, thin and very nervous. Cruel headaches, and dizziness added to my burden. Not until I had used Dr. Hamilton's Pills did I get any relief. They proved capital and helped me immediately. Eight boxes made me well, and now I do my own housework, feel and look the picture of health.

Your complete restoration to health is certain with Dr. Hamilton's Pills of Mandrake and Butternut. Refuse substitutes. 25c. per box, or five boxes for \$1.00. at all dealers or the Cataraugus Co., Kingston, Ont.

### NON VOYAGE!

The Standard but expresses the mind of the people of this Province in wishing Hon. J. D. Hazen, who sails today from Montreal, bon voyage and a safe return after his visit to England. In company with Mr. Borden, Mr. Doherty, the Minister of Justice, and Mr. Pelletier, the Postmaster General, Mr. Hazen goes on an important mission. The members of the Dominion Cabinet will confer with the British Government on the naval question and other matters in which Canada has a vital interest. In several respects the conference will be one of the most important ever held between the Dominion and the Mother Country.

### THE SITUATION IN SASKATCHEWAN.

New Brunswick having decided with no uncertain voice in favor of honest and progressive government, interest will now centre on Saskatchewan, where a Provincial election will be held on July 11. The outcome will be watched with additional interest from the fact that the issues before the people of the Western Province are somewhat similar to those on which the general election was fought in New Brunswick in 1908. The record of the Scott Government, now making a third appeal to the electorate, is neither clean, honest nor progressive. The Government was brought into existence by the Laurier Government in 1905, when the act creating the Province of Saskatchewan came into force. It was the creature of the political power at Ottawa and in the subsequent election there was no opportunity for a popular pronouncement upon its work and merits. In both of the general elections, held in the Province in 1905 and 1908, the result was a reflection of the influence of Dominion office holders, Dominion appointees and the hangover in Dominion and Provincial circles.

The people of Saskatchewan have added upon them today an Administration which in the past derived its full strength from the influences of the late Federal Government. This fact is one of the prime reasons which foretells its coming defeat. Twice elected by virtue of the dark and devious methods of the Laurier Government the Scott Government is today without that sustaining and supporting influence. Deprived of the backing of the Dominion Government Mr. Scott's grip on the reins of power is weakened and it is altogether probable that the people will entrust the affairs of the Province to Hon. F. W. G. Haultain, leader of the Conservative Opposition.

Another reason which leads to the conclusion that a change for the better is impending lies in the fact that the Scott Government is afraid of its record. It is asking the people of Saskatchewan to refuse to consider questions relating to the administration of Provincial affairs during the last seven years, is urging them to ignore the progressive Provincial policies offered by the party led by Mr. Haultain, and to forget the unprogressive and reactionary policies which have characterized the regime of Mr. Scott. Live Provincial issues are being thrust into the background and an attempt is being made to introduce the dead Federal issue—Reciprocity.

This is a clear sign of weakness. Reciprocity has nothing to do with the administration of Provincial affairs. Many of the farmers in Saskatchewan voted for Reciprocity in the Dominion election, but a verdict in favor of the Scott Government on this issue would not have the slightest effect on the tariff policy of the Dominion Government today. It is a desperate move on Mr. Scott's part and there is every indication that it has failed. The most serious blow to Mr. Scott's scheme came recently in a manifesto issued by Mr. F. W. Green, Secretary of the Saskatchewan Grain Growers, and an ardent supporter of Reciprocity last year. He declared that Reciprocity is not an issue in the present campaign. He is contesting Moose Jaw County as an independent supporter of Mr. Haultain.

In character and capacity Mr. Haultain stands high on the list of men in the public life of Canada. He laid the foundations of Western institutions with singular skill and remarkable foresight. His whole career has been distinguished by absolute fidelity to the public interest. When Premier of the North West Government he was driven from office by the wretched conspiracy, in which the Laurier Government was a prime factor, at the creation of the two new Provinces. Events have vindicated him in a striking degree. Evidence of this appears in the present campaign in the efforts of his opponents to hold office by seeking and adopting as their own the essential features of his policy.

One example will suffice. In the two previous elections Mr. Scott gave an emphatic and energetic support to the action of the Laurier Government in retaining control of the lands and other natural resources of the Province. Now he demands that these resources shall be handed over to the Province by a Federal Conservative Government, and that he shall control the resources which he insisted should be retained and handled by his Liberal allies at Ottawa. He has deliberately abandoned his principles and crowded himself on Mr. Haultain's platform in the desperate endeavor to avert defeat.

The Legislative Assembly in Saskatchewan consists of forty-one members. The representation was increased from twenty-five by legislation passed during the third session of the first Legislature. The Conservative party today is well organized compared with former elections. Many of the Liberal candidates have been selected by the Scott machine, and in a number of constituencies the voters have renounced this high-handed proceeding and have placed independent candidates in the field. This has occurred among other places at Arm River, Kinistno, Lloydminster and in Premier Scott's constituency, Swift Current. There is evidence of considerable disaffection existing in the Government ranks.

The outcome of the election is awaited with confidence by the Conservative Opposition. They have strong reasons for feeling sure of at least thirty-four seats, which will be increased by two when the postponed elections are held. Mr. Haultain has met with wonderful receptions in his tour throughout the Province. The attendance at the Conservative meetings has been much greater than at those held by their opponents. The result on July eleventh is confidently expected to free the people of Saskatchewan from the rule of the hirelings placed in power by Sir Wilfrid Laurier seven years ago.

### THE ROOSEVELT EMBLEM.

Of all things in the world the men engaged in the formation of the Roosevelt party have adopted the handanna as an emblem. They appeared upon the political rally on Sunday after their religious services with flaming handannas tied around their arms, which, it was explained, stood for the "plain people" by whom they were ordinarily used. It is safe to say that not twenty per cent. of the people of the United States, plain or otherwise, have ever seen a handanna. It would hardly have been more fantastic and quixotic had each member of the gathering appeared with a silk stocking around his arm, for it was customary in former days for handannas and silk stockings to be the property of the same person.

The last political use made of the handanna, according to the Boston Transcript, was when Allen G. Thurman ran for Vice President of the United States on the ticket with Cleveland during the latter's second campaign, but that was not to lure the "plain people," but in compliment to Senator Thurman, the "Old Roman" who always carried one of these survivals of a previous generation and used it with sonorous effect. It added much not only to his own relief but to the gaiety of the Senate. When Roscoe Conkling was making one of the efforts of his life and had just reached the dizzy height in his peroration, Senator Thurman found it necessary to blow his nose. Never had the old handanna been applied with more startling effect. There was a bugle call whose echoes rang almost to the dome of the Capitol. The Senate burst into a roar, and the New York statesman dropped from his Empyrean with a dull, sickening thud. The genuine handanna in the past was of silk and at least half the size of an average lincloth. It belonged particularly to the old blue swallowtail coat with brass buttons, carried in the rear pocket with a corner protruding, though it was a sign of substance, whatever the costume that it helped to equip. It is rarely seen in the market today and if anywhere kept in stock will be found to cost more than a dozen white handkerchiefs of the purest linen. And this is the emblem that is chosen to give color to the birth of a new party of the "plain people." A Roosevelt organ says it is to be "a party of young men"—very young, not to understand the significance of the handanna, and its aristocratic associations.

Of course there have been imitations of the handanna, just as there are imitations of everything that is worn or carried by the wealthy and the great. There is cotton cloth dyed red or blue that, fifty feet away, when fresh from the loom may look like a handanna, only it isn't. This lovely relic of a former generation hardly gives promise of being particularly effective in firing the hearts or even stirring the emotions of the "plain people" of the United States.

### THE BATTLE OF THE BALLOTS.

Since the Dominion election in September last, five out of the nine Provinces have held local elections. The results are instructive.

Province	Conservative Majority	Liberal Majority
Ontario	89	13
Quebec	71	63
British Columbia	40	2
Prince Edward Island	28	2
New Brunswick	26	2
Government majority over all	40	—

### A WORD IN SEASON.

(Montreal Gazette.)

Mr. Fleming, the Premier of New Brunswick, has publicly thanked the Liberals of the Province who on Thursday voted for Government candidates and so made the ministerial success so marked. The message must appeal to a goodly number, and it should be appreciated. It is only now and again that the man of independent mind who cuts away from his party affiliations to vote for what he believes to be the good of the people is formally thanked by those whose personal cause he has advanced.

### Current Comment

(Montreal Herald.)

That Mr. Bryan should still be a force in American politics is extraordinary. He has, probably, the most superficial intellect of any man prominent in public life today. Even more than Mr. Roosevelt he illustrates by his power the primitiveness of the American people. It is still in the stage of hero worship. It cannot assimilate ideas. It can comprehend only personality.

(Hamilton Herald.)

Report says that when Premier Angell's suffragette assailant tried to shake the epaulets of him, he "expressed himself in forcible terms." And indeed if a British Prime Minister could ever be pardoned for using such words in public, it would be when a suffragette virago had grabbed him and was trying to shake him out of his court uniform.

(Kingston Whip.)

It is a Borstford is again on the war path. He demands the adoption of his naval programme, advocated three years ago, and costing \$400,000,000. An item of this kind does not trouble my lord whatever it may do to the Government and the British people who have hitherto borne all the burden of defence.

(Toronto Mail and Empire.)

Winnipeg's efforts to get the meeting of the International Association of real estate agents next year are laudable. If they should not be successful the city could organize a still bigger thing, namely, a reunion of its own real estate agents.

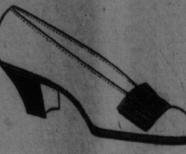

(Ottawa Citizen.)

Premier Fleming must be gratified by such a sweeping endorsement of his Government. He might advise President Taft concerning the art of political achievement.

(London Free Press.)

The effect of the New Brunswick victory should be felt in Nova Scotia, so long wedded to Liberalism. It is time for a change in that Province.

## The News in Short Meter

### LOCAL.

**Returning to St. John.**  
Reports from Eastport are to the effect that many former residents of that town formerly owning St. John as their place of residence are preparing to return to St. John to live, attracted here by the boom.

### Prefers New Brunswick.

After making a tour of Canada with a view to selecting a place to settle, Dr. L. P. Jacks, of Oxford, England, arrived in the city yesterday and probably engaged in one of the agricultural branches in this province. Dr. Jacks is accompanied by his wife.

### Banks Want More Protection.

The common council is in receipt of a communication from the St. John Clearing House Association asking for better police protection. The banks noon yesterday for the money they pay in taxes, something more than \$17,000 per year, should entitle them to better protection than they get. Their particular request at present is that when the police patrol system is installed a box should be placed in the vicinity of each bank.

### Retires From Service.

R. T. P. Shewen, resident engineer of the public works department, retired from the service yesterday and handed over the control of his office to Fred C. Goodspeed, who was formerly his assistant, but who laterally has been in Alberta. Mr. Goodspeed arrived at noon yesterday to take over the office. The retirement of Mr. Shewen was entirely voluntary, he feeling that he was entitled to a rest after thirty years in the service.

### Police Court.

One drunk was the sole occupant of the prisoners' bench yesterday morning, and he was fined \$5. Margaret Sullivan, who has been serving a term for drunkenness, has been released on condition that she goes to some friends in Moncton with the two tickets to care for her. Percy Wright, charged with stealing, has been allowed to go on suspended sentence, on condition that he leave for the west in company with an uncle who is prepared to look after him.

### To Celebrate the 12th.

The provincial celebration of the 12th anniversary will be held this year in Moncton, and already the local lodges have their plans well advanced for the celebration. A large number of St. John Orangemen will make the trip to the railway town for the day, a particularly large train, one leaving at 7:30 a. m. and gathering up the brethren along the line, and the other at 8:30 which will be the afternoon train. A big parade and a public meeting on the exhibition grounds. All the local lodges including the Scarlet Chapter, and the presence of R. E. K. will make the visit to Moncton, and will probably be accompanied by at least three bands.

### PROVINCIAL.

**Re-opening of Christ Church Cathedral.**  
Frederick, June 25.—The formal re-opening of Christ Church Cathedral will take place on Saturday, 24th of August. It is expected that the Duke of Connaught will be in attendance.

### Chatham's Old Home Week.

Chatham, June 25.—At a meeting of the old home week committee last evening with W. B. Snowball in the chair, encouraging reports of the progress being made by the committees were received. The M. A. E. A. has called a meeting for Wednesday evening and will probably outline a day's horse racing and other sports. So far the program has been decided upon as follows: Monday, July 3, evening band concert in Elm Park; Tuesday, baseball, Socials of Halifax vs Chatham Stars; Longboat, Cameron race; military tactics; Wednesday, trades parade, horse races, and concert, dance in exhibition building, sail on river, fireworks.

### GENERAL.

**Lumber Mills Burned.**  
Halifax, June 25.—The woodworking mills of Boehmer Brothers, at West La Have, nine miles from Bridgewater, were burned yesterday. The loss will be \$60,000, with no insurance.

### Quebec Largest Province.

Ottawa, June 25.—The revised area figures of the three recently extended provinces of Manitoba, Ontario and Quebec, have just been made public and are as follows: Manitoba, previous to act of 1912, had 75,732 square miles, addition by act, 178,100 square miles, present area, 253,832 square miles. Ontario previous to the act, 280,852 square miles, added by act, 146,400 square miles, present area 427,252 square miles. Quebec previous to act 251,873 square miles, addition by act 324,981 square miles, present area 706,854 square miles. The area of Saskatchewan is 250,850 square miles, of Alberta 253,540 square miles, and of British Columbia, 357,000 square miles. Quebec now leads all the provinces in area by about 300,000 square miles. Ontario ranks second, with British Columbia third, Manitoba fourth, Alberta fifth, Saskatchewan sixth, New Brunswick seventh, Nova Scotia eighth, and Prince Edward Island ninth.

### SPECIAL SUBURBAN TRAIN.

On Monday July 1st, the C. P. R. will run special train for suburban points, leaving the city at 1:10 p. m.

W. F. BURDITT SUBMITS A REPORT ON TOWN PLANNING CONVENTION ATTENDED

What St. John Man Learned while Attending National Conference on Town Planning, Recently Held in Boston—Mr. Burditt and Commissioner Agar Represented St. John.

W. F. Burditt who by courtesy of the common council, attended the national conference on town planning at Boston, has submitted to the commissioners, an interesting report on the proceedings, the main features of which are published herewith. The attendance of over 200 delegates from almost as many different towns and cities through the United States and Canada, at such a conference, extending over three days, in itself attests the importance of the subject, as well as the great and widespread interest which is being taken in all matters relating to improved city planning.

Canada was represented by six delegates from Toronto, Mayor Hopewell of Ottawa, C. W. Lemon of Calgary besides Commissioner Agar and the writer, from St. John. Addresses at the opening session by the chairman of the conference, Frederick Law Olmsted, fellow of American Institute of Landscape Architects, and Arnold W. Brunner, fellow of American Institute of Architects, New York, on the "Meaning and progress of city planning," were well calculated to arouse the interest of any delegate to whom the subject may have been comparatively new, and to impress them with its transcendent importance.

"In the course of his stirring address, Mr. Brunner said City planning is not a fad today, it is a necessity; it is not an extravagance, it is an economy; it is not an artist's dream, it is a scientific reality. There is no doubt that the unregulated growth of a city is most wasteful, and that improvidence and lack of foresight are our pet forms of extravagance. "It is feared a city plan will be ruinously expensive. The contrary is true. It is generally feared that business will be interrupted and commerce ruined. But the adoption of a city plan is for the very purpose of encouraging commerce and facilitating the transaction of business.

"Of course, we must design beautiful cities, and we must dream great dreams for the future. I believe that the preparation of a city plan should be the work of several men or of a commission. Legislation on Subject. "The two subjects most freely discussed throughout the conference were those relating to legislation and assessment. The legal powers possessed or required by cities to enable them to control the laying out of new streets, the widening of old streets, etc., and the means of defraying the cost of city improvements, how the burden should be apportioned as between the community at large and the local area benefited. The papers of Mr. Gallivan, chief commissioner of Boston, and Mr. Lewis of New York, dealt with what exhaustively with this latter subject and it was discussed quite fully by the delegates from several other cities while the question of legislation affecting town planning was the principal topic of discussion at the opening session.

"It transpired in the course of these discussions, that the laws relating to town planning, the laying out of streets, expropriation of property, assessment of damages, etc., are as numerous and diverse as the states of the union. Provisions in the state constitutions are found in many cases to hamper legislation, or to render it operative laws that have been enacted. Canada Not Behind. "On the whole, the conclusion of your delegates from the City of St. John, as well as those from Ontario, was that while nearly all cities are experiencing the same difficulties which have been encountered here, Canadian legislation is now fully abreast of it, not in advance of that of any of the United States.

"In discussing the matter with Mr. Crawford, member of the City Parks and Association of Philadelphia, a lawyer who has devoted a great deal of attention to town planning legislation, I was impressed with the fact that the town planning bill passed by our local legislature at its last session, while conservative in its provisions, is more comprehensive than most of the acts in force in the United States, and will, I believe, if properly made use of, place in the hands of our municipalities just those powers which many of the American cities are now so urgently seeking.

The Housing Problem. "Incidental to the discussion on limiting the height of buildings, the housing problem was touched upon and a good deal was said in condemnation of what was called the three-deck tenement system, consisting of three stories for overcropping or discouraging the evil of herding in tenement houses, was one made by Alfred L. Alden of Worcester, Mass. On the principle that example has more influence than precept, he stated, a civic improvement association or some similar body had taken steps to prove that neat and attractive single-family houses and cottages could be built that would afford a given amount of accommodation, but at little greater cost than it was provided for in the "three-deck."

"Accordingly, they procured from every available source, plans of moderate-sized houses and cottages that combined an attractive exterior, with a moderate cost; selected a number of the best, had working drawings and accurate specifications of material and cost prepared, then advertised that the use of these selected plans and specifications would be furnished free of charge to those who were about to build. The result has been that a great many of these houses have been built and the three-deckers are at a discount. Defraying Improvement Costs. "With regard to defraying the cost of city improvements and kindred topics, it appeared that most of the American cities are more or less hampered by laws or constitutional clauses arbitrarily regulating the proportion and extent to which contiguous property may be assessed for improvements. The conclusion of papers and discussion upon this subject was that no arbitrary rule can justly apply to all cases, that while the entire cost of new streets opened for residential purposes could fairly be charged upon abutting property, if a street is given an extra width to accommodate through traffic, the benefits are more extended, and the assessment should cover a wider area. "Again, in the case of thoroughfares of exceptional width, or the widening of parkways or boulevards, the entire community, and perhaps even a state or province, may benefit largely from the improvement, and the burden of cost should in part be equally widely diffused. The widening of old streets, and similar improvements in built-up sections, present still other conditions, but the principle brought out was that the burden should be divided, or assessments made, not according to any fixed or arbitrary rule, but in proportion to benefits conferred. Referring to this phase of the subject, Mr. P. Lewis, chief engineer of the Board of Estimate and Apportionment of New York City, said: "No fixed rule can be established to govern the distribution of expense. It must be determined in each case after painstaking investigation. Such investigation should not be entrusted to a different individual, board or commission, in each case. There should be a permanent body, which should act in all cases. This body should not be large and it should be so constituted that its entire personnel could not be changed at once, thus ensuring continuity and consistency of policy. They should be broad men, whose training should have fitted them for their difficult and delicate duties. The misleading evidence commonly called expert testimony, as to existing and prospective values, will be of little value to them. They should be capable by experience and intelligence of forming their own conclusions."

What Boston Needs. Fred Law Olmsted, in his opening address, said: "We need here in the Boston district a central, continuously acting, co-ordinating force, to make our city planning what it ought to be, and it is a most discouraging thing to contemplate the defeat of the Metropolitan Plan Commission Bill in the present legislature."

In like manner, it appeared that in the minds of the two hundred and more delegates to this conference, there was no broad and comprehensive planing, in advance of city development, but, their questions related solely to the acquisition and exercise of authority, to prevent haphazard and planning, to control and harmonize individual interests with those of

Plan of Extending Rails as Far as McLeod Warehouse Abandoned as Result of Conference Yesterday.

The idea of extending the I. C. R. tracks along Water street as far as the McLeod warehouse, has been abandoned. This decision was reached at a conference held yesterday between the city commissioners, the merchants who asked that the extension be made, the president of the board of trade, T. C. Burpee, chief engineer of the department of maintenance of way for the I. C. R.

Some time ago the common council at the request of the merchants and shipping companies using the McLeod wharf, decided to give the I. C. R. permission to extend its tracks along Water street and the I. C. R. authorities intimated their willingness to meet the wishes of the shipping companies. It was said that the protests made by teamsters and others relative to the difficulty of delivering or receiving freight at the warehouse was the principal factor in occasioning the reconsideration of the project.

When a grand reception at the home of the recent patients, Mr. and Mrs. M. G. Jenkins.

A very pretty wedding was celebrated yesterday afternoon at the residence of James Porter, Garnet settlement, when Miss Louise Driscoll, Sarah L., was united in marriage to Roy W. Drew of this city. Miss Margaret Porter, sister of the bride, was bridesmaid, while the groom was supported by James Porter. The bride was charmingly attired in cream silk, and carried a large bouquet of carnations.

Rev. J. J. Pinkerton was the officiating clergyman. At the conclusion of the ceremony a wedding supper was served after which the happy couple left for St. John, where they will reside, on North street.

The ceremony was performed in the presence of the immediate friends and relatives of the couple, and the house was beautifully decorated for the occasion.

Curtis Driscoll. One of the prettiest weddings of the season was solemnized at the Church of the Assumption at 5 o'clock this morning, when Miss Louise Driscoll was united in marriage with John Curtis of Montreal. The bride was given in marriage by her father, Miss Driscoll. She looked charming in a suit of gray panama cloth, with black and white trimmings, and wore a large picture hat with white plumes. She carried a bouquet of bridal roses and lily of the valley.

The bridesmaid, who was daintily gowned in a costume of pale blue serge, with white valencienne hat with pink trimmings. She carried a bouquet of pink carnations. The duties of groomsmen were ably performed by Harry Driscoll, the bride's brother. After the ceremony, which was performed by Rev. Father Duke of North End, the bridal party drove to the residence of the bride's parents, where a wedding breakfast was served immediately after the newly married couple drove to the station and left on the morning train for Boston, where they intend to spend their honeymoon after which they will take up their residence in Montreal, where the groom is a valued member of the Donaldson line staff. The groom's present to the bride was a substantial check; to the bridesmaid a pearl and amethyst pendant, and to the groomsmen an amethyst ring.

Barry McEachern. Perth, June 25.—The parlors of the Central Hotel were the scene of a pretty wedding this evening, when Miss Etta McEachern, only daughter of Norman McEachern, of Plaster Rock, was united in marriage to Jas. Barry, of Plaster Rock, formerly of Montreal. The ceremony was performed by Rev. J. B. Hopkins, rector of Trinity church, Andover, Mr. and Mrs. Barry are well known here and their many friends will wish them every happiness in their wedded life.

Acute Indigestion. There are forms of indigestion and dyspepsia which can never be reached by ordinary stomach medicines and aids to digestion. The kidneys and liver are involved, and though the stomach may be all right, it is the part of digestion which takes place in the intestines that is imperfect. The food ferments instead of digesting, and the gas rising therefrom presses on the heart, causing another feeling, heart irregularities and often unconsciousness. Acute indigestion often brings sudden death or leads to appendicitis or peritonitis. It is a most serious condition, and calls for treatment that will quickly awaken the action of liver, kidneys and bowels. No treatment can help you promptly than Dr. Chase's Kidney-Liver Pills. If you have made the mistake of dosing the stomach, try this medicine, and by setting at the source of trouble, cure yourself. Get the poison out of the system and by keeping these filtering organs active, ensure pure blood, good digestion and improved health.

CRITICAL TIME OF WOMAN'S LIFE From 40 to 50 Years of Age. How It May Be Passed in Safety.

So Wellington, B. C.—"For a year during the Change of Life I was all run down. I was really too weak to walk and was very dependent and thought I was going to die, but after taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier my health and strength returned. I am very thankful to you and would like to praise your medicine. I have advised several women who suffered as I did to try your remedies. You may publish this if you wish."—Mrs. DAVID R. MORRIS, South Wellington, Vancouver Island, B. C.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. We know of no other medicine which has such a record of success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for woman's ills such as inflammation, ulceration, tumors, irregularities, periodic pains and nervous prostration, and we believe it is unequalled for women during the period of change of life.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CLOSING COTTON LETTER.

By direct private wires to J. C. Mackintosh & Co.

New York, June 25.—Market opened steady at an advance of 5 to 6 points on less favorable view of the weather.

Spot houses sold on the advance, business was fairly active and comparatively little for sale.

The session was very dull. Opinions are mixed and the trade generally is waiting for new developments.

It would seem reasonable to buy on any substantial reaction with the idea of accepting moderate profits until the market conditions are adjusted.

It is rumored that Pull interests have been moderate sellers since the opening.

### THE WEATHER

Toronto, June 25.—The weather has been generally fine throughout Canada today, except that local thunderstorms have occurred in Southern Alberta. High temperatures still prevail in all the provinces, the minimum and maximum temperatures:—Victoria 54, 78; Vancouver 58, 84; Edmonton 54, 85; Calgary 58, 83; Prince Albert 56, 80; Moosejaw 58, 80; Winnipeg 58, 78; Parry Sound 54, 84; London 61, 86; Toronto 59, 84; Kingston 58, 72; Ottawa 50, 78; Montreal 66, 84; Quebec 62, 84; St. John 56, 74; Halifax 56, 86.

Lower—Lawrence, Gulf and Maritime—Moderate to fresh southerly to westerly winds, a few scattered thunderstorms, but generally fine and decidedly warm.

### AROUND THE CITY

**Dog Owner Reported.**  
James J. Flood of the Marsh Bridge has been reported by Policeman Ward with allowing two ferocious bull dogs to run at large and attacking other dogs.

**To Meet in Fredericton.**  
The annual meeting of the N. B. Pharmaceutical Society will be held in Fredericton on Thursday. Members attending from this city are advised to secure standard certificates when purchasing their railway tickets.

**Crushed His Fingers.**  
A had accident occurred on board the tug Joseph last evening. Joseph Dever, one of the engineers, was engaged in making repairs on the engine and had two of the fingers on his right hand very badly crushed. He was taken to Dr. Ellis' office to have the fingers dressed, and it is hoped that amputation will not be necessary.

**Depot Wall Unsafe.**  
The north wall of the train shed at the Union Depot has been pronounced unsafe with the result that the work of taking it down will commence tomorrow. While this operation is in progress the suburban and Fredericton trains will start on and outside tracks on the south side of the depot.

**Commissioners Meet C. P. R. Men.**  
The city commissioners held a conference yesterday with Supt. William Downie and Divisional Engineer G. L. Wetmore, of the C. P. R., and discussed a number of matters at issue between the city and the company. The question of saving the sidewalks in front of the C. P. R.'s new warehouses on Mill street was discussed, and it was suggested that the company allow the sidewalk back on the company's property several feet, and make provision for the two 12 foot drives through the sidewalk for the use of teams hauling to or from the warehouses. Another matter taken up was that of settling for the repairs to the trestle and wharf on the West Side.

**Water and Sewerage Work.**  
The officials of the water and sewerage department will have a good deal of work under supervision this summer. Yesterday Tolmie and George, who have the contract for excavation work in connection with the renewal of the water main in Princess street, started digging up the street. Fred Nico has started excavation work on Sydney street where the main running from Princess to Duke street will be renewed. Another firm of contractors, known as Moses, Mitchell and French, are digging a trench in Mecklenburg street where the main will be renewed. Commissioners Wetmore is calling for tenders for excavations for a number of new sewers.

**Labor Men Here Today.**  
President Waters of the Trades and Labor Congress of Canada will arrive in the city this afternoon, and will remain here for a week. It is the intention of the local Trades and Labor Council to extend to the Congress through its president an invitation to hold next year's convention in the City of St. John. The sessions of the congress usually last a week, and 500 or 400 delegates from all parts of Canada attend. President Waters will address the congress tomorrow evening. He is accompanied by the maritime organizer of the International Machinery union who is coming to the city to assist in organizing the machinists here.

**The Band Concerts.**  
A large crowd of citizens gathered at King Square last evening, evidently in the expectation of hearing a band concert. But no band showed up. The city authorities have not yet succeeded in making arrangements with the local bands to provide open air concerts during the summer. A proposition was made by the commissionaire some days ago, looking to the provision of a musical programme for the summer, but the bands have not yet informed the city fathers what they were prepared to do about it. It is understood that the bandsmen are worried over the cost of living and expect an advance in pay this summer. The concert given by the City Cornet Band on the night of the elections was not paid for by the city, and it is supposed in some quarters to have been arranged in order to give the bandsmen an opportunity to express their enthusiasm in musical numbers.

**The Sugar Refinery.**  
That all hope of securing a sugar refinery for St. John is not yet dead is evidenced by the statement made to The Standard yesterday by F. H. Taylor, who in the days when Mr. Durant was active about City Hall represented that gentleman. Mr. Taylor said he had been informed by Montreal capitalists who are now interested in the proposal that they were ready to go ahead at once if the city would grant an extension of the time in which the refinery was to be built in the Durant agreement. Mr. Taylor also said that he would make application along these lines to the commissioners in a few days. It is understood that there is now abundant capital behind the venture to make it sure that it will be a success and if the city authorities can see their way clear to extend the time limit in the Durant agreement, granting the same concessions as outlined, in that case a big plant will be erected here.

## J. DOUGLAS TRUEMAN MET TRAGIC DEATH YESTERDAY

### Son of Late A. I. Trueman Drowned in Deep Rock Lake, Ontario, -- Was in Canoe with Companion when Craft Capsized -- Help Came too Late.

Joseph Douglas Trueman, son of the late Judge and Mrs. A. I. Trueman, of this city, was drowned in Deep Rock Lake, in the Raity River district of Ontario, yesterday morning, news of this effect having reached the city yesterday afternoon.

Only meagre details of the accident could be obtained last evening, but it is understood that the deceased, in company with Dr. Walcott, of the Smithsonian Institute, was crossing the lake in a canoe, which upset. Help arrived too late to save Mr. Trueman although Dr. Walcott was rescued.

When the news of the sad happening reached Ottawa, Dr. B. W. Brock, director of the geological survey department, immediately wired Dr. Murray MacLaren, Dr. G. F. Matthew and A. C. Sheppard who was one of the deceased's close friends, and in charge of the topographical survey of St. John, and its surroundings, in his wife Dr. Brock stated that unless he received other instructions he would accompany the body home.

**Will Bring Body Here.**  
Harold Trueman, a brother of the deceased, who is employed in the Bank of Montreal at Chatham, Ont., will go to Ottawa to bring the body here.

The late Mr. Trueman graduated from the local High School in 1900 taking his B. A. at the University of New Brunswick, graduating in 1904. The deceased then attended Queens College, Kingston, Ont., graduating a B.Sc. in 1908. From Queens College the late Mr. Trueman went to the Massachusetts Institute of Technology receiving the degree of M. Sc. in 1909. He then attended the University of Wisconsin until 1911, when he received the degree of Ph.D.

**Was in Charge of Party.**  
During the past few weeks the late Mr. Trueman has specialized in geological geological survey department. At the time of the accident the deceased was in charge of the party at Deep Rock Lake, where he with Dr. Walcott of the Smithsonian Institute, were investigating the fossil remains for which the district is famous.

The deceased was in the 28th year of his age and was a son of Mrs. and the late Judge A. I. Trueman. Besides his mother, the late Mr. Trueman is survived by two brothers, J. MacMillan, barrister of this city, and Harold of the Bank of Montreal, at Chatham, Ont., and three sisters, Mrs. George Wood, wife of Rev. George Wood, of Chatham, N. B., and Misses Jean and Kathleen, at home.

At present Mrs. Trueman accompanied by the Misses Jean and Kathleen Trueman, are visiting at Sumnerdale, Prince Edward Island, but they have been notified of their sad loss, and are expected home today. Mrs. Wood will also return to the city from Chatham today.

### SCHOOL FOR THE DEAF CLOSED YESTERDAY

The closing exercises of the school for the deaf which took place yesterday afternoon, at the institution on Lancaster Heights, were very much enjoyed by the large number of friends of the school who were present.

The exercises took the form of a public examination which was conducted by the principal, Joseph Keating. Those present included a number of the directors and they were greatly pleased by the aptness shown by the pupils. All who took part in the exercises reflected credit on Mr. Keating and his staff who have spent so much time and trouble in their work.

The scholars at the school who are mostly from outside points, will leave for their homes today to enjoy a vacation until the last of September.

### GENTENARY MAY BE MISSIONARY CHURCH

Resolution Asking Conference to so Classify it Passed by Official Boards at Meeting Yesterday.

At a meeting of the official boards of Centenary church, held yesterday afternoon, a resolution was passed declaring Centenary a missionary church and asking that the pulpit be supplied by Dr. Flinders for another year. This resolution was ordered to be communicated to the executive of the conference at once.

The change in the classification of the church is, in this instance purely technical, and will have no practical effect on the standing of the congregation. But it will enable the existing difficulty in regard to the pastorate to be dealt with in a simpler manner than formerly seemed possible.

It will now become the duty of the officers of conference to arrange for pulpit supply during the coming year, and there is a suggestion that Rev. Mr. Ross who was slated for Centenary may be permitted to remain in Patrie, thus meeting the wishes of his congregation.

### TEMPORARY TRUCE WITH 'PHONE MEN

Commissioners and Telephone Company Come to an Agreement Regarding Placing of Brussels Street Poles.

As a result of the conference between the city authorities and the plenipotentiaries of the Telephone company held yesterday, a truce was agreed to in connection with the difficulty on Brussels street.

It was claimed on behalf of the invaders of Brussels street that on account of their treaty rights, sanctioned by the legislature, they could not be prevented from digging up the streets to lay conduits. So the fathers of the city felt obliged to abandon their belligerent attitude and smoke the pipe of peace. They, however, informed the ambassadors of the Telephone company that the cause of peace and amity would be given a boost if the said company would enter into an agreement to place their wires underground, in any block whenever it befall that its business increased to the extent of the installation of 50 'phones in said block. The company's representatives said they could not sign such a protocol off the bat, but would be highly pleased to lay the matter before their bosses in a diplomatic manner.

Meanwhile hostilities on the part of the city have been suspended.

### MIDSUMMER SALE OF HATS AND MILLINERY AT M. R. A.'S.

## Box Office Open from Ten Till Six Daily — Good Seats Remaining for Each Performance.

Every hour the interest in the great events of next week is growing, and is plainly indicated by the steady demand at the box office. The wisdom of having engaged Miss Lillian for four appearances is very evident now, as it gives every patron the privilege of securing good positions, without the overcrowding which would otherwise result.

For every appearance of the great dramatic star and her company in Green Stockings next week, Monday, Tuesday and Wednesday, excellent seats remain. Out of town patrons are thus well protected now, or even if they leave the selection of seats until they arrive in the city, although it would probably be more satisfactory to communicate with the management of the Opera House at once.

**Playgrounds Opened Yesterday.**  
The public playgrounds at the Centennial and Aberdeen schools were opened yesterday morning when hundreds of kiddies enjoyed a great day's fun. The children have been eagerly looking forward to the opening and the energy with which they set out to have a good time shows how much they appreciate the opportunity. The work at the model playground in the South End is being rushed with all possible despatch. At present the pavilion is being built and the water works put in.

Hot weather dresses are in big demand now and the size stock of such materials at F. A. Dyleman & Co.'s at most attractive prices makes it easy for the ladies to equip themselves in the most attractive way for the hottest days that may come. Those American Holly Bathists are the delectable cotton wash goods that have been devised in many years. They are printed on a fine, sheer, lawn-like material and is very clear and holds its color well. This goods is 30 inches wide and only 15 cents a yard. They are also showing a lot of Irish Linen with borders that are very attractive, at 25 cents a yard.
