MONASTIR TAKEN BY FRENCH AND SERBIANS FROM ENEMY

GALLANT SERBIA COMES INTO OWN

Brave People for Months Without a Country Will Again Establish Their Capital on Native Soil, German and Bulgarian Forces Evacuating Monastir in King Peter's Domains.

RUSSIANS AND ROUMANIANS FALL BACK IN TRANSYLVANIA—BRITISH ADVANCE NORTH AND SOUTH FRONTS ON ANCRE—BRITISH AIRPLANES BOMBARD OSTEND—FRENCH REPEL GERMANS.

THE COMMANDER OF THE SERBIAN ARMY

FIELD MARSHAL PUTNIK

After having been for some months without a country the Serbians are again to establish their capital on native soil. Monastir, for which the Entente forces have been struggling since the advance from their base at Saloniki began, has been evacuated by the German and Bulgarian forces, and occupied by the French and a considerable number of Serbs.

The French and Serbians, having captured the crest of hills partially surrounding the valley town, the Germans found their position untenable and withdrew, according to Berlin, to a new position to the north of Monastir. Unofficial advice from Saloniki says that a temporary capital of Serbia will be immediately established at Monastir. With the re-occupation of Monastir the railway line from the Entente Allied base at Saloniki is now in Entente hands.

To the east and southeast of Monastir the French and Serbian troops continue to make gains in the Cerna river region against the Teutonic allies, having captured several other towns in this region.

Roumanians Checked. On the Transylvanian front the Austro-Germans, at almost all points, continue to make progress against the Russian and Roumanian forces, or to hold them back without gains when they attack.

The latest reports from Berlin says the Teutonic allies and artillery actions are taking place in the Dobruja region near Silistra, on the eastern bank of the Danube, about forty miles southwest of the Telnernavoda-Constanza railway.

Bad Weather in France. Bad weather is hampering the operations on the western front in France, but the British nevertheless have taken twenty additional German officers and 752 men prisoner in the Ancre sector, making their aggregate of prisoners since the 15th of November 6,962. Berlin says that in Saturday's

ST. JOHN GIRL MASQUERADING AS BOY TAKEN

Miss Jean Boyd of 19 Erin St. in Custody of Halifax Police.

Word was received in this city early this morning that Miss Jean Boyd, of 19 Erin street, St. John, had been arrested in Halifax on a charge of masquerading as a boy. The police lady will probably be sent back to this city.

ROUMANIAN SITUATION PERILOUS

Army of King Charles in Serious Predicament—Bucharest, the Capital, in Danger.

London, Nov. 19.—The military experts in the morning newspapers today call attention to the seriousness of the situation in Roumania, where the Germans and Austrians report they have reached the railway which runs from the Danube to Craiova, at a point which threatens to flank the Roumanian army south of Vulcan Pass. The Daily Mail says: "The enemy claims to have attained his first objective, namely, an advance to the Roumanian plain. His new position endangers the Roumanian flank and may cause a rapid retirement. This news is grave, as the presence of the enemy on the railway would compel the retreat of a large part of the Roumanian line."

The Daily Chronicle says: "The Germans' success, if true, is very serious. The position of the Roumanian army at Orsova is precarious, and it will be lucky if it extricates itself without a loss. The new advance does not aim directly at Bucharest, but gives the Germans an excellent base from which to do so."

SIR GEORGE PERLEY AND SIR THOS. WHITE IN FRANCE. London, Nov. 19.—(Montreal Gazette cable)—Sir George Perley, overseas minister of the Canadian forces, and Sir Thomas White, Canadian minister of finance, have crossed to France. They will visit Paris and the headquarters of the Canadian troops.

RUSSIAN CASUALTIES MORE THAN 2,000,000. Berlin, Nov. 19, via Seyville. According to the Central Identification Office at Kiev, Russia, says the Overseas News Agency, the number of Russian casualties since June 1, 1916, has reached 1,000,000 officers and 2,071,835 men.

DOMINION GOVERNMENT AIDING THE SHIPBUILDING INDUSTRY THROUGHOUT THE PROVINCES

Hon. J. D. Hazen at Launching of Largest Dredge Ever Built in Canada Tells of Great Progress in Industry—Mrs. Hazen Launches Dredge No. 16—Export of New Vessels to be Permitted.

Montreal Nov. 19.—Dredge No. 16, the largest dredge ever built in Canada, for the department of marine and fisheries, was launched on Saturday at the ship building works of Canadian Vickers, Limited, Maisonneuve, by Mrs. Hazen, wife of Hon. J. D. Hazen, minister of marine and fisheries, Canada. The dredge, which was built by Canadian Vickers, Limited, for the use of the department in making the north channel, Beaujeu, about thirty-five miles below Quebec, passable for big ships, is 200 feet in length, 48 feet in breadth, with a depth of 20 feet 6 inches, capable of dredging at a depth of 57 feet, and has a capacity of 1,500 tons per hour.

At a luncheon at the Ritz-Carlton Hotel after launching Hon. Mr. Hazen gave an address on ship building in Canada, many prominent citizens being present. "During the present year," he said, "real and substantial progress has been made in the direction of establishing the shipbuilding industry on a permanent and profitable basis." He referred to plants at Montreal, Toronto, Collingwood, Port

PANIC AVERTED AT \$10,000 FIRE IN BATHURST CHURCH

One Woman Slightly Injured During Excitement Following Breaking Out of Blaze While High Mass in Progress at Handsome Church of Sacred Heart.

Bathurst, Nov. 19.—Because of the coolness and quick thinking on the part of the pastor, Rev. Father Wheten, and members of his parish, the entire congregation of the Sacred Heart Roman Catholic church escaped in safety when a fire started during high mass this forenoon. No person was injured except one woman who was slightly hurt. The beautiful granite edifice, one of the most splendid in New Brunswick, was damaged by fire, smoke and water to the amount of \$10,000. The property is insured through St. John agencies, one of which is that of H. W. W. Frink, Many Women Present.

The mass began at ten o'clock and was largely attended, many women and children being present. The service had been in progress about half an hour when dense smoke suddenly bursting from the basement, permeated the edifice and alarmed the large congregation. Rev. Fr. Wheten and others calmed the frightened ones and a serious panic was averted, all escaping without injury, except in one case. The church bell was rung and within five minutes the fire department had several streams on the fire, which originated near the furnace in the basement.

At Way Through Roof. The fire made its way through the partition to the roof. A dense smoke filled the vestry and made a difficult task for the firemen to reach the blaze. Holes were cut in the roof and the St. Thomas were flooded with water. The main body of the church was not damaged by fire, although there was considerable loss due to smoke and water.

Over the sanctuary the flames made a hole in the arched ceiling and it was necessary to flood this section with water which seriously damaged the high altar and destroyed the beautiful paintings and ornaments on the ceiling.

Rev. Father Wheten and the parishioners consider that the parish escaped most fortunately considering the threatening aspect of the blaze. It will be several days before services will be held in the church.

Fredericton Man One of the Speakers at Big Mass Meeting—Quebec Province May Go Dry. Toronto, Nov. 19.—All the Canadian provinces were represented at a mass meeting for favor Dominion-wide prohibition held this afternoon at the Massey Hall, Toronto. The speakers pointed out that in every province but Quebec there is a measure operative, or pending, for the removal of old-time conditions. The Quebec representative proposed that within three years Quebec, including Montreal, would be "dry."

The speakers representing various provinces were: F. S. Spence, Toronto; Principal W. H. Vance, Vancouver; Rev. Charles Morris, Tryon, P. E. I.; J. Gibson, Ingersoll, Ont.; Rev. Stewart, Regina, and J. H. Roberts, Montreal.

CANADIANS AND BRITISH WIN BATTLE IN STORM

Victory Gives British Command of Ruined Villages, Fortified Farms and Other Strong Points in Ancre Valley, North France.

GERMAN POSITIONS SOUTH OF ANCRE RIVER VIRTUALLY UNTENABLE—TEUTON SOLDIERS SUFFER FROM HUNGER, COLD AND EXPOSURE—BRITISH GUNFIRE CUTS OFF SUPPLIES.

Copyright, 1916, by the Associated Press—With the British Armies in France, Nov. 18, via London, Nov. 19.—British and Canadian troops won a battle in a snowstorm this morning. Advancing on both sides of the river in easterly and northerly directions they took about 500 prisoners and established a new line on both sides and at the edge of the village of Grandcourt, for the possession of which severe fighting continued throughout the day.

The attacks from the south were made before daybreak, while a stiff wind sent flurries of snow into the faces of the British soldiers as they pushed down the slope towards the marshes along the Ancre. It was the first snow of the season, following two days and nights of intense dry cold, which hardened the swamp of "No Man's Land" after nearly three months of constant rainfall, thus giving the attacking infantry a firm foothold on the frozen ground.

Occupied Trench. They advanced nearly a quarter of a mile on a three-mile front to the German positions south of the villages of Grandcourt, Petit Mraumont and Iyn, and occupied the trench without great resistance, except south of Grandcourt, where the batteries and machine guns holding the sunken Posieres Road checked the British. Elsewhere the German trench was virtually destroyed by the preparatory bombardment, the surviving Germans, including Saxons, formally surrendering, through their officers, who met the British as they came over the ruined parapet.

Parties of British bombers advanced to the next German line, which is the last on the south side of the Ancre, raided the position and returned to the trench previously captured, which by now had been consolidated. Infantry detachments, working up the river bank from the western end of Grandcourt, got a footing in the ruins and captured and took the lower end of the main street paralleling the Ancre, of which the Germans hold the remainder.

Capture Holland Wood. On the north side of the Ancre the advance was made from the eastern end of Beaumont. Capturing Holland Wood, the patrols pushed forward to the Pusieux trench, a part of the original German second line and the end of which at the river bank the British now hold.

Today's successes give the British command of ruined villages, fortified farms, and other strong German points in the Ancre Valley. In the opinion of a staff officer the German positions south of the Ancre are virtually untenable, as they are unable to bring up supplies and reinforcements while the only available road is under bombardment.

A captured German order, announcing to the garrison in the Ancre trenches the impossibility of delivering the mail, adds:

British Fire Too Hot. "Owing to the British fire we cannot even bring up the barest necessities."

The Germans are working hard in improving the original second line in front of Pusieux and Mraumont, apparently anticipating further British attacks, which, owing to their loss of Beaumont-Hamel, may force a sudden abandonment of the other portions of the first line.

The perfunctory character of the German counter-bombardments and infantry resistance along the Ancre give the impression that the Germans have little intention of offering serious opposition.

Prisoners taken who were suffering from cold and exposure because of the lack of food, due to the loss of communications having been cut by the British guns, said they had received better food on the front line when it was possible to get supplies, than when they were resting, because of the policy of the German staff in trying to make duty in the front trenches the attractive end.

Many Others Seriously Injured When Train Goes Over Cliff Near Jalapa, Mexico. Laredo, Texas, Nov. 19.—One hundred and fifty-nine persons were killed and many more or less seriously injured in a railroad wreck on the Inter-Oceanic line to Vera Cruz, between Desosa and San Miguel, near Jalapa, on November 13, according to reliable reports received here today.

According to this information, all but one of the five cars of the train left the track and rolled over a cliff. The passengers were literally ground to pieces.

GIRL BREAKS ALL AMERICAN AIR RECORDS

Miss Ruth Law Makes Wonderful Flight from Chicago to Hornell, N. Y., 660 Miles

Binghamton, N. Y., Nov. 19.—Attempting a non-stop flight from Chicago to New York, Miss Ruth Law, behind the wheel of a Curtiss biplane of the military scout type, shattered all American long-distance aviation records for a single flight today, when she flew from Chicago to Hornell, N. Y., a distance of about 660 miles, beating the record made by Victor Carstrom on Nov. 2 by about 100 miles.

Previous to today's flight Miss Law had never before made a single flight longer than twenty-five miles. Miss Law arrived at Binghamton at 4:20 this afternoon, thus covering a distance of about 750 miles in six hours and fifty minutes, time being deducted for the descent at Hornell.

The first 662 miles, the distance by rail between Chicago and Hornell, was made without a stop.

DEMAND THAT GREECE GIVE UP HER ARMS

British and French Present Note to Hellenic Government, Through Vice-Admiral Fournet.

Athens, Nov. 18, via London, Nov. 19.—Vice-Admiral Fournet, commander of the Anglo-French fleet in the Mediterranean, last night presented to the Greek government a note demanding the surrender to the Entente Allies of all arms, munitions and artillery of the Greek army, with the exception of some 50,000 rifles now in actual use by the forces remaining after the last stage of demobilization.

GALLANT SERBIA COMES INTO OWN

(Continued from page 1)
in the air. In one protracted combat between five of our machines and eight of the enemy's one hostile machine was destroyed and the rest were damaged. Three of our machines are missing.

Spirited Bombardments.
Paris, Nov. 19.—The bulletin issued by the war office tonight reads: "Except for a violent bombardment of the fort and the region around Douaumont, there is nothing to report on the whole front."

Belgian communication: "Spirited bombardments have occurred in the regions of Steenstrate and Boesinghe. There was less artillery activity today."

The French afternoon statement reads: "The night was relatively calm on the whole of the front."
"It is confirmed that on November 16 Adjutant Dorne brought down his sixteenth German airplane. The enemy machine fell near Marchelepot on the Somme."

Monastir Captured.
Paris, Nov. 19.—French troops have captured the Serbian town of Monastir from the German and Bulgarian forces, according to an official announcement made this afternoon by the French war office. The text of the French official statement reads:

"Army of the east: On November 18 there was great activity of the artillery on both sides of the Lake Dorian, to the Varadar river."
"East of the Corca river Serbian troops, continuing their progress toward Crnitshe, encircled this place."
"In the Corca bend the Serbians repulsed a new Bulgarian counter-attack on Hill 1212. The enemy is falling back in disorder toward the north, pursued by our allies, who have reached the top of Hill 1378."

"In the region south of Monastir the French and Russian troops made new progress in the direction of Hoveven."
"The English aviation corps bombarded the enemy camps and bivouacs at Novak and Monastir."
"Troops of the army of the east entered Monastir at 5 o'clock this morning, the date of the anniversary of the taking of the town by the Serbians in 1912."

Germany Repulsed.
Paris, Nov. 18.—The bulletin from the war office issued tonight reads: "South of the Somme an attack which was made by the Germans against our trenches near of Berny was repulsed by our barrier fire and grenades. An intermittent cannonade occurred on the rest of the front."
"Aviation: In the night of November 16 one of our aerial squadrons dropped 187 shells on an enemy aviation field at Golancourt (Oise) and Grisolles (Aisne). Twenty-two airplanes of the British maritime aviation service set out on November 17 at daybreak to bombard the electricity plants and naval workshops at Oetend. Another bombardment was carried out by seaplanes on the Moie at Zebrugge. All of the machines returned."

Belgian communication: "There was slight artillery activity in the sectors of Dixmude, Steenstrate and Het Sas."

Roumanians Make Progress.
Bucharest, Roumania, Nov. 19.—Roumanian forces in the region of Dragoasaleve, on the Transylvania front, yesterday made progress taking 34 prisoners and capturing two cannon, two machine guns and five munition wagons, says the official statement given out at the Roumanian war office today. The text reads:

"Northern and northwestern fronts: There is nothing fresh to report. On the western Moldavian frontier and northern frontier from La Munteiu to the valley of Prahova we repulsed an enemy attack."
"In the region of Dragoasaleve we continued to advance, capturing four officers and eighty soldiers and taking two machine guns, two cannon and five munition wagons."
"In the valley of the Alt fighting continues in the region west of Suloc-Brezoi."
"In the valleys of Jui and Gilort there were violent combats."
"Southern front: On the Danube and in Dobruja the artillery and infantry fighting slackened."

Russian Statement.
Petrograd, Nov. 19, via London (10:25 p. m.)—An official statement given out today by the Russian war office regarding operations in Russia and Galicia and the Caucasus says:

"Western front: There was an exchange of fire along the whole front, and there were reconnaissances by our scouts."
"Caucasian front: The situation was unchanged."
"Roumanian forces on the Transylvanian front yesterday took the offensive against the Austro-German troops in the Tirgulinj Valley, and captured a series of heights, according to an official announcement made today by the Russian war office. In the Jui and Alt valleys the enemy attacked with considerable forces and pushed back the Roumanian troops a little to the south."
"In the Tirgulinj Valley the Rou-

manians assumed the offensive and carried a series of heights."
"Danube: There has been nothing of importance to report."

Great Serbian Victory.
Salonki, Nov. 18, via London.—The official statement issued from Serbian army headquarters today reads:

"At two o'clock Friday afternoon our valiant troops carried Hill 1212, after a brilliant assault. The enemy was defeated completely, and fled northward in disorder, leaving behind all his equipment, a large number of machine guns and rifles, an enormous quantity of ammunition and other war material. At one place we captured fifty cases of hand-grenades."

Serbian Great Fighters.
London, Nov. 19.—A Reuter despatch from Salonki says that on Saturday the Serbian troops gained fresh victories in the Cerna region, the German-Bulgarian forces making a disorderly retreat in the direction of Prilep, north of Monastir.

"The Serbians," the despatch adds, "took a great number of prisoners and trophies, and captured the villages of Grunshite, Brnik, Yarashok and Hill 1378. The pursuit continues. Great fires are visible in Monastir, where violent explosions were heard. The allied troops today (Sunday) entered Monastir."

Italians Advance.
Rome, via London, Nov. 18.—Italian troops have made advances at some points on the Carso, and east of Verboizza. Austrian attacks were driven back, says the statement from the war office today. A heavy snow fall and cold weather are hampering operations in the mountain districts. Some of the highest points in the mountains report a temperature of 20 degrees below zero.

Rome, via London, Nov. 19.—The war office communication issued today says:
"In the Adige Valley, during the night of November 17-18 the enemy bounded our position on the slopes of Mount Giovo, south of the Camerata Valley, and then attacked the village of Sano, which we had occupied October 26. Counter-attacks, however, drove him off."
"In the Upper But the evening of November 17, after intense artillery preparation, enemy forces attacked the sector between Val Piccolo and Valgrande. After stubborn hand-to-hand fighting the enemy was driven back along the whole front."

Portuguese Take Port of Linda.
Cape Town, via London, Nov. 19.—An official statement issued today at Lourenco Marques, Portuguese East Africa, says:

"A Portuguese column in the Masasi district occupied Linda Sunday. Another column reached beyond the River Rovuma, and received the homage of numerous native headmen in the German East African colony."
"Linda is a seaport of German East Africa on the India, sixty miles north of the frontier of Portuguese East Africa."

War's Destruction.
As a result of so many Norwegian vessels having been destroyed by enemy submarines and mines Canadian yards have secured a number of contracts for ships for Norway. Following the outbreak of the war the Dominion parliament took steps to prohibit the export of ships from Canada without first obtaining approval from the government. In order that the shipbuilding industry should be helped along the government has granted permission for the export of ships to be constructed as follows:

1. Messrs. J. Coughlan & Sons, Vancouver, B. C., three large steel freighters with a carrying capacity of over eight thousand tons each, for a price of approximately \$1,200,000 each.

2. The Wallace Shipyards of Vancouver, four large steel freighters.

3. The Western Drydock Company, of Port Arthur, Ont., three full canal-size steel freighters.

4. Thor Iron Works, Toronto, Ont., two full canal-size freighters.

5. Polson Iron Works, Toronto, two steel freighters of approximately 3,000 tons capacity, and two of 4,250 tons capacity.

6. Canadian Vickers, Limited, Montreal, two steel freighters of about 7,000 tons capacity.

7. The Nova Scotia Steel Company of New Glasgow, three steel freighters.

Bare Enemy Trade.
One of the conditions upon which permission for the export of these vessels has been given by the government is that at no time, during the continuation of the war, shall the ships so constructed engage in any enemy trade. Another condition is that no demand shall be made on Great Britain for materials, machinery or labor in connection with the construction of these ships.

Mr. E. M. Macdonald, M. P. Pictou, N. S., also addressed the gathering.

POPE BENEDICT HONORS NORTH SHORE PRIESTS

Rev. M. A. O'Keefe of Chatham and Rev. F. J. Doucette of Grand Anse Appointed Domestic Prelates.

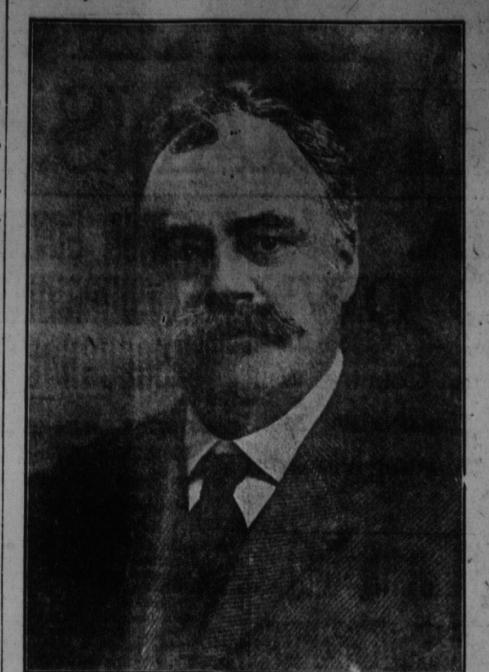

Bathurst, Nov. 19.—It was announced tonight that Rev. M. A. O'Keefe of Chatham and Rev. F. J. Doucette of Grand Anse had been appointed domestic prelates by Pope Benedict.

Their appointment as members of the monsignori confers upon these distinguished priests the title of Right Reverend.

CAPT. FINLAYSON'S SON DIES DEATH OF HERO
Youngest Son, Edward, Killed in Action at Front—Father Well Known to Travelling Public.

Charlottetown, P. E. I., Nov. 19.—Captain Allen Finlayson of the marine department, for many years in command of winter steamers between the island and mainland, has received word that his youngest son, Edward, had been killed in action at the front. Mrs. Lucas of Halifax is a sister.

DOMINION GOVERNMENT AIDING THE SHIPBUILDING INDUSTRY THROUGHOUT THE PROVINCES

HON. J. D. HAZEN.

Arthur and Vancouver, splendidly equipped for the construction of steel ships, and in addition he mentioned the successful building of wooden vessels at a large number of yards in Nova Scotia, intimating that there is no return of the prosperity of former years in the industry in the Maritime Provinces. The minister said the building of wooden ships in Vancouver has been undertaken seriously in the present year, and a large number of the highest class auxiliary schooners for use in the timber trade between British Columbia and Australia and the Orient are under construction. Besides, contracts have been recently concluded for the construction of several large steel freighters by the Wallace Shipyards and J. Couslan & Son, of Vancouver.

CANADIANS INTERESTED IN INQUIRY

Investigation of Canadian Hospital System in England—Col. McLaren of St. John Still in England.

London, Nov. 19.—(Montreal Gazette cable)—The appointment of a committee of inquiry into the report of Col. Bruce of Toronto which condemned the Canadian hospital system in England has aroused unusual interest in the Canadian military circles. The question for the committee to determine will be if the criticisms of Col. Bruce were justified.

Although announcement was made some time ago that Surgeon-General Carleton Jones had been reinstated as director of medical services, he has not yet resumed his duties. It is understood he is still on leave. Col. Murray MacLennan of St. John, N. B., is acting director. Col. Bruce is still inspector-general, and is devoting his whole time to the reorganization of the Canadian hospitals in England. He will return to Canada when his work is completed.

General Bruce and General Jones will both have the opportunity of testifying before the committee of inquiry.

CANADA DETERMINED TO CARRY OUT HER GREAT PART IN WAR AND FIGHT FOR ABIDING PEACE

Sir Robert Laird Borden, Prime Minister of Canada, Talks to New York Lawyers—No Inconclusive Peace Wanted—No Thought of Aggression or Attack on Any Nation—Trade with the U. S. Stated.

New York, Nov. 19.—Sir Robert Laird Borden, Premier of Canada, spoke at a luncheon in his honor at the lawyers club in this city yesterday, discussing the influence of the European war on Canada, the determination of his countrymen to carry their part in the great conflict through to the end, the friendly relations between Canada and the United States, and on the ideal of a mature scheme of self-mastery among the nations of the world to prevent war.

HON. SIR R. L. BORDEN.

democratic institutions. They are but the mistle which hover about and perhaps for the moment obscure the granite summit of the nation's purpose. Across the purpose there lies no path.

"It is true there are tariffs," said the Premier, "but during the past decade we have manifested our neighborly spirit by purchasing your products to the extent of \$300,000,000. I should also add that we paid for them; and as a final proof of our friendship we have recently borrowed from you \$125,000,000 of the sum thus paid. We have exchanged immigrants both east and west.

"The arrows of the little winged divinity shoot ceaselessly across the frontier. In short, the citizens of these two neighboring and kindred commonwealths have developed a reciprocal understanding and respect for a complete that it would be difficult to find a parallel in history."

He appealed to the lawyers to recognize the field that was open to the bar of great neutral nations in helping to define international law and right in such terms that by them the peace of the world might be maintained. He said: "The nations have been brought so close together that there is a certain community of national life throughout the world. As the establishment and enforcement of laws within an organized civilized community depend the final analysis upon the will of the people, and upon public opinion within that community, so the enforcement of public rights, through organization of the nations prepared in advance, must also depend upon the public opinion of the world. Upon the advance and development of that opinion must rest the hopes of those who look for a world tribunal backed by the restraint of an outlaw nation. Many voices admonish us that all this is idealistic and visionary, that the standards, conceptions and purposes of our present civilization forbid the realization of any such thing; that there must be the death of this era, and the birth of a new era before humanity shall attain to so much self-mastery. All conjecture is idle, but to me it is certain as my own experience, that modern civilization will ultimately disintegrate and perish, if it fails to achieve this end.

Terrible Struggle. To us involved in the most terrible struggle that humanity has ever known—a struggle in which we have taken part of our own free will and because we realize the world compelling consideration which its issue involves—the events of the past two years have brought both a lesson and an inspiration.

One peculiar trait of their nation is its faculty of self-criticism during times of stress. This criticism, these internal disagreements, this occasional political unrest, however, do not indicate any real lack of unity or determination. They are characteristic of the race, they are inseparable from the experience of a people who conduct government in the open, under

tried Dr. Chase's Kidney-Liver Pills. I would have an attack of this trouble with my stomach every three or four weeks, and was so bad at times that my friends thought I would surely die. Thanks to these pills, I have not had an attack for six months, and believe that the cure is thorough. My husband has had very satisfactory experience with Dr. Chase's Nerve Food. He was much run down, and very pale and weak. I persuaded him to use the Nerve Food, and after having taken five boxes he looks and feels real well."

"I have some just claim to know the spirit of my countrymen, and I most solemnly affirm that among us there was absolutely no thought of aggression or attack on any nation. In this the spirit of our Dominion exemplified that of the whole Empire. We in Canada were entirely masters of our own destiny; but just as in the Motherland when the hour struck, there was no wavering, and no waiting. So in Canada the decision was never for a moment in doubt. Our resolve is as fixed and unshaken today as at the first and whatever loss or sacrifice we may still have to bear, we will not waver or falter."

The patriotic concert, held by the Ketepee school in Foresters' Hall at Grand Bay, on Nov. 17th, in aid of the Belgian relief fund, was a complete success, the sum of \$53.50 being realized. The school wish to thank little Miss Marjorie Long and Miss Florence Johnston of Lancaster Heights, also Miss Bessie Lee of West St. John, who acted as pianist, and Mr. Irwin for the assistance rendered in connection with the programme. They also wish to thank Barnes & Co. for the donation of lotus tickets, Miss Edith Long for embroidery work, and the Foresters for the free use of the hall. The winner of the cake was Mrs. Walter Bair of Grand Bay, holding ticket No. 188 and of the embroidery work Mr. David Hamm of Grand Bay holding ticket No. 51.

U. S. BUILT VESSELS. The United States Department of Commerce Tuesday announced that 968 sailing, steam, gas and unrigged vessels, aggregating 405,594 gross tons, were built in the United States during the ten months ending Nov. 1. In addition there were constructed for foreigners 36 wooden vessels of 372 gross tons and 11 steel vessels of 25,418 gross tons. Of the total tonnage 284,658 tons were steam craft.

NEW GLASGOW HAS SERIOUS COAL FAMINE

Mild Weather Comes to Rescue—Much P. E. I. Produce Arrives—Man Injured.

New Glasgow, N. S., Nov. 19.—A lad about fourteen years old was before the juvenile court yesterday charged with beating a little girl. The little girl told the judge the story of the boy's cruelty. The boy was also found guilty of playing truant from school and other misdemeanors. The father of the boy was also in court and told the judge of his difficulty in trying to keep the boy straight. The lad was allowed to go free by promising to mend his ways.

There was another juvenile case also before the court. It was that of a girl about ten years of age. This little girl was found running around the streets of Trenton. Her father died when she was two years old. Her mother married the second time and is now deserted by her husband, whose whereabouts is not known. At present the mother of the little child is lying ill in the hospital. The little girl will be sent to the home in Halifax.

A man named Scammell, belonging to Pictou, met with an accident while working at a piece of harness with a pair of scissors, the scissors slipped and went into one of his eyes. The injured eye was promptly attended to and it is possible the sight may not be seriously hurt.

The chair furnished special music appropriate to the occasion. At the morning session Rev. Mr. Fulton took as his subject "The Succession of Responsibility" and traced some of the things inherited from the fathers, and the obligations resting on the present generation to carry on the work begun by them. He pointed out that we were all links in a chain the value of which depends on the trustworthiness of each individual.

The Sabbath school held an open session in the afternoon and heard an excellent address by Rev. H. H. Irish, a returned missionary from Pien Shien, China. The attendance at the service was very gratifying and the offering, which was for the building fund, amounted to \$58.

An especially large congregation greeted the speaker at the evening service. He based his remarks on Leviticus 25:10: "And ye shall hallow the sixth year and proclaim liberty throughout all the land unto all the inhabitants thereof. It shall be a jubilee unto you."

He said: "The influence of Moses, the lawgiver, had tarried in the world until today, but we as a Gentile people had not paid attention to the Sabbath, through all the centuries. We observed the weekly Sabbath, but had never observed the Sabbath year. This year of Sabbath impressed on the Jews the fact that they were only stewards, and did not own the land themselves, but only held it for God. This was the justice year of Canada as a confederation, and we should be giving thanks for the many blessings which had come to us as a nation.

The first settler that came to Canada brought the cross with him and planted it where he landed, and in this manner of immigration was a promise that Canada was to be a land where the cross was to be supreme. Men had reached this land before he who came from St. Malo, but they had sailed away again.

Canada today was passing through history making times, and when this war was ended the name of Canada would be written on the scroll of honor, and it was the duty of those left at home to keep that name unsullied in order that the name of this country might stand for righteousness. This land had made marvelous progress in the last fifty years. While

OBSERVE 77TH ANNIVERSARY OF CENTENARY

Special Services Yesterday Were Largely Attended and of Great Interest.

Yesterday the 77th anniversary of the organization of Centenary Methodist church was celebrated. Special services were held morning and evening, and an open session of the Sunday school was held in the afternoon. Large congregations were present at the services, and the evening service was graced by the presence of two or three persons who took part in the laying of the corner stone of the original church building. This is the second church home which the congregation has had, the first having been destroyed in the fire of 1877. Rev. W. H. Barraclough, B. A., is the present pastor of the church, and under his leadership there has been growth in every department. The speaker of the day was a St. John boy, Rev. Robert G. Fulton, stationed at the present time at Charlottetown. He brought two inspiring and eloquent messages to the people, and an earnest call to wider service in the cause of righteousness.

The chair furnished special music appropriate to the occasion. At the morning session Rev. Mr. Fulton took as his subject "The Succession of Responsibility" and traced some of the things inherited from the fathers, and the obligations resting on the present generation to carry on the work begun by them. GERMAN LINER MUST PAY FOR NON DELIVERY

Kronprinzessin Cecelje Liable for Not Taking \$8,000,000 Gold to Europe when War Started.

Boston, Nov. 19.—The act of Capt. Polack of the North German Lloyd liner Kronprinzessin Cecelje in abandoning his voyage from New York to France and Germany and returning hurriedly to Bar Harbor, Maine, on the eve of the war in August, 1914, entitled owners of \$8,000,000 worth of gold bullion, which was part of the steamer's cargo, to recover damages, the U. S. Circuit Court of Appeals held Saturday.

The court ruled, however, that Chas. W. Rantoul, Jr., of New York, and Maurice Hanssons of Belgium, passengers, were not entitled to damages for the personal inconvenience caused by the landing at Bar Harbor instead of at Cherbourg, France.

The effect of the decision is to refer the case back to the District court for trial on the basis of the ruling of the court of appeals.

of the most countries measured their history by centuries, ours was measured by years. The spirit of the country was typified by the spirit shown by the residents of this city after the great fire of 1877, when the town practically wiped off the map the people put their shoulders under the burden, and a bigger and better city had been built. This same spirit had been manifested through all the Dominion and today the country had three transcontinental railways, grew wheat which was the equal of any in the world, and through irrigation had made what was regarded as a barren country blossom as the rose.

This prosperity had brought problems which the church must face and it was up to the church members of the country to solve the problems of citizenship as they had their material problems. Numbers of immigrants had come from the European states with their own ideals, and it was the duty of the church in Canada to give them ideals of citizenship which would make for righteousness. The future held out wonderful promises. The church should feel gratified with the onward march of temperance sentiment in the land, and the day was coming when the only man who sold liquor would be a criminal and a lawbreaker. If the churches would only forget the things which divided them they would become a mighty power in leading men to God.

After all the force of nations was with their own ideals, and it was the individuals did their duty and lived the life of righteousness the nation would be righteous, which brought the matter right home to each man to do his share and then the nation would be in the place it ought to be.

"We are fighting for a worthy purpose, and we shall not lay down our arms until that purpose has been fully achieved."—H.M. The King.

TO THE PEOPLE OF THE EMPIRE—Every fighting unit we can send to the front means one step nearer peace.

SACRIFICE A LITTLE.

The British people are gradually coming under discipline of war time, as shown by the introduction into parliament by Walter Runciman, president of the British Board of Trade, of a regulation providing for the compulsory use of whole wheat flour instead of white flour, prohibiting the making of fancy cakes and pastry, preventing waste in the use of potatoes, and for checking the consumption of meat. It is not likely that the measure will meet with any serious opposition for the scarcity and high price of food compel recognition of the fact that enforced economy is necessary.

Two years ago any attempt of the British government to regulate the food of the people would have been hailed as a measure so absurd and so opposed to "the constitutional rights" of the Englishman as to be regarded as fair material for a "letter to the Times." But war works wonders and not the least of them is seen in the spirit with which the British people are likely to regard the Runciman bill.

Such a drastic measure is not yet necessary in Canada and is not likely to be unless something altogether unforeseen occurs. But at the same time every person in Canada can help make it unnecessary and at the same time relieve the food situation by the practice of voluntary economy and the exercise of self-sacrifice. Medical science has long claimed that the average man eats too much and every man knows himself that he spends too much, so if everybody in Canada would be content with a little coarser food, fewer luxuries, less meat and fewer unnecessary extravagances whatever scarcity there is would be relieved, the cost of living would be reduced and many people would be healthier, happier and more prosperous than they are. It is contended that the average man consumes one-third more meat than his body requires, so in the present case public duty and physical well-being will be served at one and the same time. It will not entail a serious hardship on any Canadian to sacrifice a little. The people of Britain are showing the way.

SERBIA AGAIN ON THE MAP.

Although the capture by the French and Serbian troops on Saturday of the city of Monastir received but little attention in the cables it really marks one of the big successes of the present war, inasmuch as the gallant Serbs now have a city wherein they can re-establish a capital and set up their national government.

Not one of the smaller nations engaged in this war, not even Belgium, has suffered to a greater degree in proportion to resources than the Serbs and the heroic example of King Peter who, though aged and in comparatively poor health, has remained consistently with his army is a most commendable one.

Originally Serbia had in Belgrade one of the most beautiful and stately capitals in Europe. Belgrade fell before the Austrians after a gallant defense and the seat of government was removed to Nish where it was felt it would be secure. The tide of battle, however, rolled over Nish and the remnant of the Serbians, their country overrun by the enemy took refuge outside its borders. Now, after hardships comparable to those suffered by the Belgians the Serbs, reinforced by French troops have succeeded in recapturing a portion of their country and it is characteristic of the cheerful, uncomplaining optimism with which that gallant people have withstood the fortunes of war that almost their first act when again on their own soil was to set up their national house in ancient Monastir. There it will remain until the tide of invasion has been rolled beyond the borders of Serbia and King Peter and his subjects can once more remove to Belgrade. The rehabilitation of Serbia will be one of the duties the Allies will not neglect after this war is over. Germany will be made to pay in full for the loss and desolation she has brought to that heroic little country.

CONCERNING SIR SAM HUGHES.

The Hamilton Herald tells the whole story of Sir Sam Hughes' merits and demerits when it says: "The causes of Sir Sam Hughes' unpopularity are on the surface. He is of all the men in Canadian public life the most conspicuously and aggressively egotistical. Other men are perhaps as vain as he, but they have the prudence and common sense to conceal their egotism. But Sir Sam is frankly, naively, noisily an egotist. He is at no pains to conceal his belief that he is a military genius of the first rank, an organizer fit to rank with a von Roon, a strategist on a par with Napoleon and competent to instruct Kitchener. For a while Sir Sam's obligations of vanity were only amusing, but in time they became irritating. His personal arrogance has also contributed greatly to his unpopularity, particularly the inconsiderate way in which he has been wont to rebuke and even abuse superior officers unnecessarily on parade. For more than two years he has lived in the limelight and it has been only too evident that he loved it. Perhaps it would be too much to say that he is disliked by the people; they have grown tired of him, that's all.

"And when this has been said against Sir Sam, the worst has been said. That he has considerable ability is undoubtedly true. It is also true that he is zealous, industrious, and ardently patriotic. There is no stain on his integrity or his personal honor as a public man. And even his bitterest enemies, if they are fair, cannot deny that he is to be credited with a great body of valuable service to the country. It would be hard to mention any other man in Canadian public life who could have organized and dispatched the first Canadian contingent as quickly and efficiently as that work was done by Sir Sam, an achievement due as much to the fiery, restless energy of the man as to his organizing ability. He would have got more credit for it but for the fact that he has himself bragged about it so loudly and persistently."

RESPONSIBILITY FOR ELECTION.

The present Parliament has now less than eleven months of life. Parliament will meet in January, and in

speciousness that will blind the voters of Montana to the deplorable deprivations, the desperate deprivations and the deep damnation of the roaring Republican rascals." Truly New Brunswick has something to learn.

A publication devoted to the motion picture industry chronicles the fact that in one town in Illinois three potatoes are accepted for an admission fee to the local motion picture theatre. If such a scheme was to be regarded in St. John at this time it would strike one as a sly effort to boost the price of the movies, and for three eggs one could almost demand a box seat.

With the British and French making important gains on the west, the Italians progressing on the Carso plateau and the Serbians and French capturing Monastir the war news of Saturday and Sunday had a decidedly good appearance.

THE PRICE OF TEA AND COFFEE.

18th Nov., 1916.

Sir,—In your article in this morning's issue re retail prices of some staple food stuffs today as compared with November, 1915, you have either made some typographical errors or your information has not been correct. The retail price of tea you quote as 30c. last November and 45c. at present. If Red Rose tea may be accepted as a reasonable standard of value, the quality which sold retail at 30c. before war time sold at 40c. in November 1915, and is still selling at the same price. The advance of 10c. per lb. is covered largely by the item of freight alone, the rate from the east now being over 5c. per lb. more than before the war.

Coffee you quote at 55c. in November last year and 60c. at present. The retail price of Red Rose Coffee before the war was 40c. In November last year the price was 45c., and it is the same today. The advance of 5c. per lb. is chiefly covered by the extra duty, equal to 3 1/2c. on roasted coffee imposed shortly after the war was declared.

Yours truly,
T. H. ESTABROOKS CO., LTD.
T. H. Estabrooks, President.

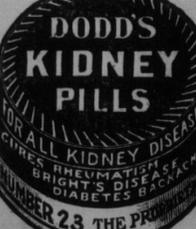

ICE AT GAGETOWN, BUT RIVER IS CLEAR FROM THAT POINT TO CITY

melting under the warm spell of the last few days the kiddies will soon store their sleds away until another snow fall. Reports from the country districts say that the roads are in good condition and that sleighing never was better, even in the best days of winter.

As regards conditions on the river, ice has formed hard and fast at Fredericton and extends several miles down the river. It is reported by a Fredericton man that teams have crossed the ice there where it is unusually thick. At Gagetown the ice has been thick enough to allow skating, which has been freely indulged in.

The Mistake Cove has frozen over solid, and two scows loaded with lumber from the McPherson's mills and destined for down river have been caught firmly. The tugs Daniel and Winnie tried to break the ice and release the scows, but without success. They then tried to shove one of the scows ahead so as to break the ice, the result being that they punctured a hole in the craft. According to last reports the scow is badly submerged.

Quite a little ice has formed at

Kitties Here Today.

About thirty members of the special service company attached to the 236th Kitties will arrive in the city this morning. They will be attached to the 62nd Regiment, stationed at the West Side. The men who are to arrive today have all been examined by Major Dugal Stewart, special medical officer of the 6th Division. Most of the men in the party are such that are not able to proceed overseas, while there are several in the party who have seen active service but are unable to go overseas for a while at least, and perhaps never again.

SUNDAY HAS BIRTHDAY AND WILL HAVE DAY FOR PROVINCIALISTS

Spectacular Evangelist Receives Many Telegrams of Felicitation and Some Presents—Is 53 Years Old.

Boston, Nov. 19.—It may be true that Crusoe's man Friday went on Saturday to hear Sunday as some seriously-minded (?) joker, exclaimed recently, but Sunday was a great day for Sunday, for today was Billy's birthday. The modest, honey-tongued evangelist was 53 years of age. Billy first saw daylight in Ames, Iowa. He received many telegrams of felicitation and some presents.

Billy again disturbed the atmosphere at the big cabermele twice today. Thursday, Nov. 23, will be Nova Scotia day at the tabernacle and the Dominion Atlantic Railway is granting excursion rates.

There may be a New Brunswick day arranged later.

EIGHTY-TWO MILLION LOAVES EACH MONTH.

That is the amount of bread necessary to give the Belgians their ration of three slices daily.

A bread line that is really a bread line exists today in the streets of Belgian towns and cities. Haggard women and emaciated children stand in line for hours waiting for their allotment of this food, the only sustenance that stands between them and death.

Eighty-two million loaves of bread each month are being baked in the communes of Belgium and dealt out to the starving populace and at that each person can have but three slices a day. This and a little soup—that is all these women, the heroic wives of heroic soldiers, the brave mothers of helpless little children, get to keep them from the clutches of hunger.

Can you figure how much Canadian wheat is needed to make the flour for those eighty-two million loaves of bread?

Can you figure how much money is needed from Canadians to be spent in Canada buying that wheat?

Don't be afraid that the money you give is going to be sent out of Canada. It is spent here at home every cent of it. All that is asked is that you put it into circulation and thereby save the lives of the women and their little ones. They are the dear ones of those soldiers of Belgium who fought for us when we were unprepared. There are seven million of them that we do something to help them in this their hour of supreme need.

They deserve something better than three slices of bread a day and yet that has been their ration for months. There are seven million of them that we do something to help them in this their hour of supreme need.

Formerly German Boat.
The steamship Hunsbrook arrived in port yesterday and docked at No. 15 pier, West St. John, where she will load hay and oats. The Hunsbrook, at the time the war commenced, was owned by the Germans and was flying the German flag, and at that time her name was Amherst. However, she fell into the hands of the British; the German ensign was stowed away and the British flag now floats from the truck instead. She is a ship of 2,798 tons and since her capture has carried many cargoes of freight for those who are fighting against her old home country.

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will set free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

MISSING EMBEZZLER CAPTURED IN SOUTH

Largest New England Bank Lost Several Thousand Dollars Through Trusting Employee.

Boston, Nov. 19.—Word has been received here of the arrest at Miami, Fla., of Edward Therak, on a charge of having stolen cash and securities to the value of several thousand dollars from the National Shawmut Bank of this city. Therak, who had been employed as a messenger by the bank, disappeared several weeks ago. The loss was discovered simultaneously and a bonding company reimbursed the bank to the extent of \$20,000. It is understood that much of the negotiable paper was recovered in Miami.

A FRIGHTFUL DEATH; SUFFOCATED IN ASTHMA ATTACK

Every sufferer from Asthma knows the terror, the abject fear that overcomes them when struggling for breath. The old-fashioned remedies may relieve, but never cure. Best results come from Catarrhazone, which cures Asthma after hope is abandoned. It's because the Catarrhazone kills the Asthma germ that it cures. Choking spells, labored breathing are relieved, suffocating sensations and loss of breath are cured. Every trace of Asthma is driven from the system and even old chronics experience immediate relief and lasting cure. Equally good for Bronchitis, Throat Trouble and Catarrh. The large one dollar outfit includes the inhaler and lasts two months, sold by all dealers or from The Catarrhazone Co., Kingston, Canada.

MUSICAL COMEDY AT OPERA HOUSE THIS AFTERNOON

Homan Musical Comedy Co. With Motion Pictures Opens Extended Engagement.

The Homan Musical Comedy Company open an engagement at the Opera House today, presenting for the first half of the week the fantastic musical comedy, "The Tree Top Inn," a musical melange with many up-to-the-minute song numbers, fancy dancing, eccentric comedy, exhibitions of the latest modern dance steps and clever bits of nonsense by the star of the company, Eddie Flavelle, an English comedian of international reputation as a fun maker. Special scenic settings, electrical novelties and bright costumes all combine to make the entertainment something out of the ordinary. The musical programme will be preceded by the Prof. Dorsey travel pictures, which show many picturesque scenes in Ceylon. One complete performance this afternoon, starting at 2.30—two shows tonight, at 7.15 and 8.45. Popular prices.

OBITUARY

George B. Patterson.
St. Martin, Nov. 17.—The death of George B. Patterson occurred at his home at West Quaco recently. Mr. Patterson became suddenly ill at his father's grave on Nov. 6 and had to be driven to his home, where after a few days' illness of pneumonia he passed away, at the age of fifty-four years. He was a carpenter by trade and will be greatly missed by many friends. He leaves to mourn three brothers, Albert of St. John and Robert of Stantholm, Conn., and Judson at home.

John Alexander Clarke.
Newcastle, Nov. 17.—A respected Orangeman, Forester and Presbyterian passed away Tuesday afternoon in the person of John Alexander Clarke of Galloway, who died very suddenly after being in indifferent health for nearly a year. He was forty-six years old. The funeral took place yesterday afternoon, interment in the Presbyterian cemetery at Derby, Rev. Alex. Rettle officiating.

James Glendenning.
Mr. James Glendenning, one of our oldest and respected citizens, passed away at his home in Rexton Thursday at the age of eighty-four years. He was a son of the late John Glendenning of Galloway, and spent the greater part of his life here, where for many years he carried on a mercantile business. He leaves one son, Albert, in the states, and two sisters, Mrs. John Parkhill of Galloway, and Mrs. Mary Smith of Moncton.

Miss E. M. Kierstead.
A large number of friends will hear with regret of the death of Miss Edith Mildred Kierstead at 133 Paradise Row, which occurred on Saturday morning. The deceased was the only daughter of Mr. and Mrs. Ira B. Kierstead besides whom there survive two brothers, Stewart B., at home, and Rev. Gordon Kierstead of Greenwich, N. Y. The funeral will take place this afternoon.

Mrs. A. Ferguson.
Early on Saturday morning Mrs. Maud Ferguson, wife of Andrew Ferguson, passed away at the home of her father, W. R. Kierstead, 379 Chesley street. Her passing away at the age of twenty-one years was unexpected and will occasion sincere regret. Besides her husband and father the deceased leaves six sisters, Mrs. Harry Aikens, Mrs. J. M. DeWolfe, Misses Margery, Julia, Florence and Effie Kierstead, and six brothers, George W., Beatty, Liddle, Andrew, Walter and Roy Kierstead.

Dennis Murphy.
Special to The Standard.
Fredericton, Nov. 19.—Death occurred on Saturday night of Dennis Murphy, aged fifty-eight years. He had been ill for some months past. He was a native of Bear Island, York County, and is survived by one brother, Michael, of this city. The funeral will take place tomorrow afternoon.

Frederick C. Parker.
The death occurred yesterday of Frederick Chapman Parker, at the residence of his father, 27 Gooderich street. He was twenty-four years and eight months of age, a son of George W. Parker, provincial manager of the Confederation Life Association, and the late Mary Caroline Parker. Besides his father he leaves two brothers, the eldest, Ralph M., now serving at the front, and Gerald; also a sister, Miss Mildred. Deceased had been ill for a long time, and although his death was not unexpected, the sincerest sympathy will be extended to the family in their bereavement. The funeral will take place tomorrow afternoon at 2.30 o'clock from Gooderich street.

Sister Regina (Miss Burns).
The death is announced at Mount St. Vincent's convent, Halifax, of Sister Regina, for over half a century a sister of charity. Sister Regina was Miss Burns, a sister of the late Hon. Kennedy F. Burns of Bathurst. She was a half-sister of T. M. Burns of Bathurst.

A very enjoyable tea and fancy sale in aid of the Belgians was held by the children of Sandy Point school in the schoolroom on Wednesday afternoon at which the splendid sum of \$31.25 was realized. The teacher and children wish to thank all those who helped to make it a success.

COAL SHORTAGE KEEN IN N. B. AND MAINE

In Caribou, Maine, Coal is Selling at \$18 per Ton and Wood at \$10 per Cord.

Moncton, Campbellton and Caribou, Me., are short of coal as well as Amherst and some inconvenience is being experienced. About two hundred cars of coal were stalled last week at Macan, N. S. The Canadian Government Railways have also felt the stringency. At Campbellton the supply practically gave out and it was necessary to borrow some coal from the station at Mont Joli.

It is almost impossible to get coal in the bustling town of Caribou. The dealers are unable to get a supply in either Bangor or Portland, and the price has jumped to \$18 a ton. Some of the Caribou dealers obtained a limited supply from Minto, Queens Co., but they cannot get sufficient coal in New Brunswick to fill their orders, as the Canadian Pacific Railroad has contracted for a large part of the Minto output. Wood has advanced in Caribou to \$10 a cord but the farmers have made so much money with potatoes that they are not troubling themselves hauling wood for which they cannot get more than \$20, whereas a load of potatoes will bring them at least \$50.

Creditors Meet.
Louis J. McDonald and J. J. Willett were appointed inspectors for the creditors of R. J. Finnigan, grocer, of City road, and L. H. Northrup was confirmed as assignee at a recent meeting of the creditors.

A Good Clothes Sermon

Give yourself a good clothes sermon before you start out to buy your winter clothes. Steady your judgment before your money goes over a merchant's counter.

We have gone to such lengths to put good clothes into our store that we want as many men as possible to know about it. That's why we caution men to think twice before they spend a penny on clothes.

When buying for this winter we were able to select largely from reliable cloths at old prices so that the overcoats and suits we now offer are with few exceptions as good values as a year ago. The money put into an overcoat now is really an investment as next year's values cannot possibly be as good.

Overcoats, \$15 to \$30.

The little defects in eyesight are usually the most annoying. When the defect is great there is poor vision and as there is no personal knowledge as to what should be seen by the normal eye, there is no worry. Little defects are annoying because they cause pain in the eyes, or headaches, or the eyes are weak. Let us advise you about your eyes.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

MARKET REACTION ONLY TEMPORARY

Political Developments Did Not Prevent Buying From Interior of Country, Although N. Y. Sold.

Special to The Standard. New York, Nov. 19.—There were times during last week's excessively active and unbridled speculation when it seemed likely that prices might undergo downward revision or impairment as a result of the readjustment of opinions resulting from recent political events. Local selling was more than overcome by interior buying, however, and the interruption to the almost steady advance of the past three months proved to be only temporary.

Coppers and allied stocks were the outstanding features these issues in the aggregate, far exceeding United States Steel and all other industrials, equipments and munitions. Virtually every one of the metal stocks rose to record prices, their upswing being accompanied by unprecedented quotations for all the basic products. It is generally recognized by now that the copper production of this country is "sold out" for the first half of the coming year, if not beyond that period.

As for "spot" copper in the commercial sense that staple has become more scarce than almost any of the so-called precious metals. Conditions scarcely less favorable continue to apply to the steel industry in which further advances for much needed finished products, including rails were duly scheduled.

The shares of numerous independent steel and iron companies rivaled the movement in coppers and several of the leading issues in that class, notably Republic Iron and Sloss Sheffield Steel, are expected to disburse profits in the form of dividends before long. Rails were mostly under the depression due to the determination of their executives to fight the eight hour law.

Earnings of the prominent systems continue to make favorable comparison with excellent returns of recent months and the restoration of Chesapeake and Ohio to a dividend basis is likely to be followed by other roads of the same class.

COPPER SHARES GO SKY-ROCKETING

Granby Rises 12 Points, Chile 6—Bethlehem Steel Hits 700 and N. S. Steel 126 3-8, New Records.

New York, Nov. 18.—Dealings in stocks during today's brief period of trading were again characterized by a veritable riot of speculation in coppers, the principal issues of that group gaining two to eight points, and in general instances considerably more. The advance was attended by circumstantial rumors of impending mergers or consolidations, none of which received confirmation in authoritative quarters.

New high levels were reached by Anaconda, Utah, Kennecott, Inspiration, Chino, Greene Cananea, Miami Nevada Coppers, as well as Chile which rose more than six points, with at least 11 for the seven per cent bonds. Granby Mining rose 12 1/2 points, and the six per cent bonds six points.

The session was noteworthy also for new maximums registered by Bethlehem Steel at 700, and United States Steel at 126 3-8. Among the less important specialties American Writing Paper preferred achieved similar distinction, with substantial improvement in the shares of other paper companies, as well as the better known independent steel and equipment concerns.

Rails and similar stocks of a more important investment class were obscured by the inquiry for speculative issues, a considerable portion of which came from interior sources. Overnight developments, such as the latest turn of events across the southern border, were reflected in the comparative heaviness of Mexican securities, notably the petroleum. Total sales slightly exceeded 1,000,000 shares, the most active short session, except once since the resumption of operations in December of 1914.

A moderate contraction of loans was shown in the actual condition of clearing house banks, and reserves decreased by almost \$19,000,000 reducing excess reserves to about \$80,000,000, a contraction of more than \$44,000,000 in the past fortnight.

Bonds were strong in keeping with stocks, but much of the trading in that division was confined to convertible issues. Total sales aggregated \$3,540,000.

WILL LEND FARMERS FIFTY MILLIONS

Manitoba Government Plans to Grant Demand of Soil Tillers for Cheaper Money—Interest Five and Six per cent.

Special to The Standard. Winnipeg, Nov. 19.—The clamor of farmers for cheap money and easy facilities for securing loans in rural communities has crystallized in a plan being advanced by the Manitoba government unique in many respects, but perfectly sound as a financial proposition according to many substantial citizens. It will become effective as soon as the legislature meets and contemplates an ultimate investment of fifty million dollars to be employed in farm loans at five and six per cent, in amounts ranging from \$500 to a certain period of forty years, to a certain part and principal payable semi-annually.

A committee of the legislature has been working for some time with the provincial union of municipalities, in consultation with representatives of grain growers, the Credit Men's Association and leading financial figures of the province and the scheme as planned represents the combined wisdom of this element.

STILL ANOTHER HUNTING TRAGEDY

Prominent Boston Man Kills Himself Near Quebec Border—Wounded Hunter Helpless in Wilderness.

Cotacook, Que., Nov. 19.—Harry M. Hardwick, of Malden, Mass., treasurer of the Boston Ice Cream Co., and of the Mohawk Dairy Co., is dead as the result of the accidental discharge of an automatic pistol which he had in a camp over the New Hampshire border. He was 44 years of age.

Arthur Gibson of Manchester, N.H., is reported wounded in the Vermont woods. He was hunting last week and accidentally shot himself in the hip. He was unable to walk and Walter Webster, who found him, left the woods to summon assistance, but when Webster re-entered the wilderness he was unable to find the place where Gibson lay. Searching parties are looking for the injured man.

SCOTIA STEEL RAPIDLY ENLARGING ITS PLANT

In Addition to Munition Work, Car Construction and Shipbuilding Company Will Make Its Own Castings.

Special to The Standard. New Glasgow, Nov. 17.—The preparations to add to the equipment of the Nova Scotia Steel and Coal Company a large steel foundry is the most important industrial news that New Glasgow has heard for some years. An immense building is now under construction and is being rushed to completion. As rapidly as possible machinery and furnaces will be installed, and when in operation many of the company's troubles in meeting the demands in car construction will have disappeared.

Hitherto all the steel castings used in car building have had to be purchased elsewhere and largely in the United States. The increased price for these fittings and the uncertainty of delivery no doubt prompted the "Scoti" management to consider the advisability of becoming independent along the line and erecting a foundry of their own. In a short time the foundry will be a reality and the self-dependence of the company's operations accordingly increased.

Steel Ship Building. This new addition will not alone be of direct benefit to the car building end of the business, but the steel ship building plant will also participate. In this branch of industry, too, steel castings, form a large item and through the medium of the foundry they can be readily supplied.

The new section will be as modernly equipped as any steel foundry in the world, and will have ample capacity to take care of all this class of work offering in the East for some time. To the community it means a new employing agency of skilled labor and will constitute a very important commercial asset.

Within the past year there have been added to the workings of the company, steel ship building and steel casting departments. These were added after steel car building had become an assured success. Busy as it is in munition work all the company's eggs are not being put in that basket. Preparations are being made for a day when war materials will not be the premier demand. When that day comes, few industrial concerns will find themselves equipped as "Scoti" and fitted to cope with the requirements of peaceful times.

IMPROVED DEMAND FOR INDUSTRIAL BONDS.

Special to The Standard. Montreal, Nov. 19.—The bond dealers report a gradually improving market for Canadian industrial bonds. For a time after the war broke out this department was inactive and the first demand that developed was more particularly for municipal and provincial bonds.

Since the recent government loan and the necessity of reducing the obligations to such an extent, there has evidently been a much better inquiry for the industrial stocks.

THE POLICE COURT.

In the police court Saturday Blanche Whelpley and Mrs. Annie Wright, found in a Castle street barn, some time ago, were sentenced. The Wright woman was sent to jail for six months without a fine and fined \$50 or an additional three months. The girl was given a five months jail sentence and a fine of \$50 or three months.

Four drunks were fined the usual amount, while George Henderson was sent to the Municipal Home for three months.

In the juvenile court a boy charged with stealing harness was remanded to jail until today.

A small boy charged with stealing a finger ring from the jewelry store of A. & J. Hay, King street, stated that he found it on the floor. He was remanded.

NEW SCHOONERS.

The keel of another vessel is about to be laid at Annapolis, and the men now engaged at Westman in finishing Dr Macdonald's schooner are expected to work on it. She will be 145 feet long, 35 feet beam, 12 1/2 feet deep and three mast schooner rig.

The new three-masted schooner Emma Belliveau was successfully launched at Belliveau Cove a few days ago, and is equipped and almost ready for sea.

BIG COPPER COMBINE RUMOR BOOSTS SHARES

Continuation of Bull Market Probable—Weekly Trade Reports Continue Highly Favorable.

(McDOUGALL & COWANS.) New York, Nov. 18.—Remarkable strength in the Coppers was the feature of today's market, although the entire industrial list was strong. The story that leading copper companies including Kennecott, Utah, Ins. Chilo, Braden and possibly Cerro de Pasco and Nevada are to be combined into the largest copper corporation in the world controlling about one-third of the production of this country, was the reason for the continued strength in copper issues. Although this story is not officially confirmed we have good reason to believe that it is true at least in large part. The advance in the coppers, however, was the outstanding feature of the market and the activity in them accounted for the greater part of the trading. The weekly trade reports continue highly favorable and with dividend increases coming nearly every day and reports of combinations like this for the copper companies every element is present for a continuation of the bull market. Sales 1,038,000. Bonds \$3,541,000. E. & C. RANDOLPH.

CHARGES AGAINST D. & M. DIRECTORS

Minority Stockholders Ask to Have Railroad System Taken Out of Hands of Receivers—Hearing Dec. 5

Boston, Nov. 19.—A bill of particulars setting forth fourteen specifications of alleged collusion, breach of duty and other unlawful acts on the part of the directors of the Boston & Maine railroad in regard to the receivership proceedings, has been filed in the federal court by Asa P. French, counsel for Frank V. Streeter and the estate of Samuel G. Lawrence, minority stockholders. The specifications charge the directors with breach of duty in assenting to the receivership proceedings without the previous sanction of the stockholders, and with collusion in the alleged secret contrivance with one of the railroad creditors to force upon the stockholders, under cover of receivership, a scheme of reorganization that would be detrimental to stockholders interests. The recent ratification of the directors action by a majority of the stockholders is illegal, according to the contestants. A hearing has been set for Dec. 5.

RECORD EARNINGS BY GRANBY COPPER CO.

Special to The Standard. Boston, Nov. 19.—As a reflection of the record earnings now being made by Granby it is expected that the directors will not long delay increasing the dividend. Earnings for many months have been in excess of the \$8 dividend now being maintained. Costs have been extraordinarily high at Granby, not only by reason of the high wages prevalent there, as at all mining camps and the increased cost of materials and supplies, but by reason of the malling copper con-

MARRIAGES

Jones-Dunham.

A very pretty wedding was solemnized at the home of the bride's parents, Mr. and Mrs. Frederick C. Dunham, Gullford street, West Side, when their daughter, Minerva F., became the wife of Howard C. A. Jones of Key West, Florida. The ceremony was performed by Rev. W. R. Robinson in the presence of the immediate relatives and friends of the contracting parties. After the ceremony a dainty luncheon was served.

ed. Many beautiful and costly presents in cut glass and silverware were received by the young couple. They will remain in St. John for about six weeks; after which they will go to Key West for the winter.

Stone Church Week-day Services. On Friday evenings at St. John's (Stone) church a series of services of interdenominational for the war will be held. Service begins at a quarter to eight and a short address will be given by Rev. A. L. Flemming. The subject of last Friday's address was Owen Wister's "Pentecost of Calamity," upon which an illuminating talk was given.

SPORTING NEWS

PRINCETON DEFEATED BY YALE

Princeton, N. J., Nov. 18.—Yale showed what was in her today and defeated Princeton in their annual game in Palmer Stadium by a score of 10 to 0.

A field goal by Braden, touchdown by Legore and goal from touchdown by Comerford represents Yale's ten points. The first two periods of the game were poorly played each team missing good chances to score on trop tucks.

NEGRO DEFEATS HARVARD

Cambridge, Mass., Nov. 18.—Brown defeated Harvard today 21 to 0, in the first victory over a crimson football team. The individual prowess of the Brunolans negro back, Pollard, was largely responsible for their victory, as he scored two touchdowns and made the third possible by brilliant running.

FOUR DEAD IN PRIZE AUTO RACE

Santa Monica, Calif., Nov. 18.—Four persons were killed and a number were injured today when Louis Jackson drove into a telephone post on the back stretch in the Grand Prix race. Jackson and his mechanic, Chaidno, were killed instantly.

A woman lemonade vendor, in the path of the car, was killed, and T. B. Jenkins, a camera man for a motion picture company, died soon after he reached a hospital.

WILL BE 4 INDIANS IN CONGRESS

Hughes Carries Minnesota by 396 Plurality — California Still Incomplete Favors Wilson.

Washington, Nov. 19.—The complete vote in Minnesota as announced officially gives Hughes 179,553 and President Wilson 179,157, a Hughes plurality of 396.

In California, incomplete returns show Wilson to be leading by 3,209 votes. Lo, the poor Indian is not taking a back seat to politics. In addition to United States Senator Robert L. Owen, a Cherokee Indian by blood, from Oklahoma, that state sends three Indians, T. A. Chandler, Charles Carter, and William Hastings, to the lower house of Congress.

It will thus be seen that Chief Bender, Chief Myers and the other "chiefs" of baseball and Marathon runs do not monopolize the whole show.

Company and Men Agree.

The citizens in general will be glad to learn that the difficulty affecting the Dominion Coal Company and other companies whose operations extend to this port, and the Local 510 I.L.A. Coal Handlers, trimmers, loaders and un-loaders of all bulk cargo has been amicably settled. In every case, with the exception of one company acceded to the request of the men. The company would not agree, however, to the request that the men should work only nine hours when on a coal boat. They thought that in this case the men should work on the old schedule, viz., ten hours. The men at the meeting held on Saturday night decided that as the company had consented to meet them in the demand for 50 cents per hour, that it would only be fair and right that they should concede at least one point. Consequently it was unanimously decided that they resume work on Monday morning as usual at the new rate, 50 cents per hour, nine hours per day, except when working on a coal boat, when a day will consist of ten hours. The company were represented by Mr. Starr of the city and Mr. McKenzie of Montreal.

Siege Battery at Church.

Fully 130 men, besides the officers of the 9th Siege Battery, under the command of Major P. Wetmore, paraded to Trinity church yesterday morning. It was the largest turnout the 9th have had since they have been stationed on Partridge Island. The men presented a splendid appearance, all full of health and strength and each man carrying himself in a soldierly manner. The sermon was preached by the Rev. Ralph Sherman. Only one recruit reported for duty with the 9th on Saturday. His name was George Law, of this city.

CAPTAIN ROLAND BARNES.

Mrs. T. William Barnes, of Hampton, has received word that her son, Capt. Roland Barnes, who left here with the Mounted Rifles, has been wounded.

Captain Barnes is only twenty-one years of age, and prior to enlisting was a student in the U. N. B. He left Canada as a lieutenant with the 6th C. M. R's, but upon his arrival in England was transferred to another unit. During the big battle of June 2 and 3 he won the military cross for gallantry in action and was, in addition, promoted to the rank of captain. Captain Barnes only recently returned to the front, as last month word was received by his mother that he was suffering from rheumatic fever. He was granted a few days leave and took the opportunity of spending them with his father, Lieut. T. Wm. Barnes of the 104th Battalion.

BATHURST SOLDIER HOME.

Special to The Standard. Bathurst, Nov. 19.—When Lieut. Frank Meahan returned home on Saturday from the front he was tendered a reception by the citizens. A large number met the Bathurst hero at the station and gave him a rousing greeting. About all of the automobiles in town were decorated for the occasion and escorted Lieut. Meahan to the residence of O. Turgeon, M. P., where he was given an official greeting. Lieut. Meahan was recommended for the D. C. M. on the other side. He came over to take a commission in the 286th Kilites Battalion.

New School for Lancaster.

The rate-payers of Lancaster will assemble in the Tower School on Wednesday evening next for the purpose of discussing the matter of extra school accommodation. The present school building which is situated near the Martello Tower, is anything but suitable as a public school at the present time. It is an old time building, too small for the increased number of children that attends during the present time; in fact, the school population has greatly increased since the building was erected and at the present time it is very much overcrowded. There are three rooms, with four grades in one room and two teachers. The building is said to be very poorly ventilated and while some of the rate-payers are of the opinion that some improvements can be made, the majority are thinking that a new school should be erected. The matter will be thoroughly discussed and it is expected acted upon when the rate-payers assemble Wednesday evening.

W. O. DUNHAM,
Secretary Trustees.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

If feverish, bilious, constipated, give fruit laxative at once.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign his little stomach, liver and bowels are clogged with sour waste.

When Hatless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or rest naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

MAINE POTATO PRICES.

Part of the bottom has dropped out of the potato market over in Maine. At Caribou prices have taken the first big slump of the year, tumbling rapidly from \$4 to \$3.35 and then to \$3 a barrel. The market is at a standstill as the producers have stopped selling and the buyers do not want to load up with more tubers at this time when market conditions are so uncertain. In Moncton prices have dropped from \$2.25 and \$2 a bag to \$1.75 and \$1.65, as to quality. Potatoes in St. John are selling at from \$2.75 to \$3 a barrel. In Westmorland county the price is in the vicinity of \$2.50 a barrel.

Prince of Wales Kiddies Do Well.

The children of the school at Prince of Wales by selling tickets for a quilt contest realized \$9.50 for the Belgian fund. Mrs. Raynes held ticket 44 and won the quilt.

AT ONCE! STOPS STOMACH MISERY AND INDIGESTION

"Pape's Diapepsin" makes sick, sour, gassy Stomachs feel fine.

So some foods you eat hit back—taste good, but work badly; ferment into stubborn lumps and cause a sick, sour, gassy stomach. Now, Mr. or Mrs. Dyspeptic, get this down: Pape's Diapepsin digests everything, leaving nothing to sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is disordered you will get happy relief in five minutes, but what pleases you most is that it strengthens and regulates your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is quick, positive and puts your stomach in a healthy condition so the misery won't come back.

You feel different as soon as "Pape's Diapepsin" comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of indigestible food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, dyspepsia or any stomach disorder.

If You Feel

SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.

The sole head of a family, or any male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not Sub-Agency), on certain conditions.

Duties—Six months residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside his homestead. Price \$5.00 per acre.

Duties—Six months residence in each of three years after taking up the pre-empted section, cultivate 50 acres and erect a house worth \$500.

The area of cultivation is subject to reduction in case of crop failure. Livestock may be grazed on the pre-empted section under certain conditions.

A settler who has exhausted his homestead rights may take a quarter-section in certain districts. Price \$5.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house worth \$500.

The area of cultivation is subject to reduction in case of crop failure. Livestock may be grazed on the pre-empted section under certain conditions.

Obstinate Coughs and Colds YIELD TO DR. WOOD'S NORWAY PINE SYRUP

All obstinate coughs and colds yield quickly to "Dr. Wood's" containing as it does all the lung healing virtues of the Norway pine tree combined with the soothing, healing and expectorant properties of other excellent herbs and barks.

Mrs. H. F. McCormick, Rodney, N. S., writes: "I had a severe cold one winter, and had been coughing for a month, I could not sleep at night, nor could I speak above a whisper. "After I had taken a bottle of Dr. Wood's Norway Pine Syrup I felt better so I took two or three more and was entirely cured. I have three children and I always give it to them when they have a cough or cold."

Dr. Wood's Norway Pine Syrup has been on the market for twenty-five years and we claim that it is the best cure for a cough or cold you can possibly procure.

"Dr. Wood's" is put up in a yellow wrapper, three pine trees the trade mark, price 25c. and 50c. Manufactured only by THE T. MILBURN CO., LIMITED, Toronto, Ont.

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sensitive Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me wonders of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old root and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

Miss Hazel E. Winter and Miss Ada B. Saunders, supervisor and assistant supervisor of the Women's Institute of New Brunswick, left on Saturday for Toronto to attend the convention of Women's Institutes to be held in that city, November 21st and 22nd.

EVERY CHILD HAS A RIGHT TO BE WELL-BORN.

At the present time, when Better Baby Contests and Child Welfare Bu-

reans are being operated at different times and in different places throughout the Dominion, an article in the October issue of "Everywoman's World," written by Dr. Lorna S. Miriam, "Woman's Greatest Gift to Man—Healthy, Normal Children," is decidedly apropos.

"Every child has a right to be well-born," said Dr. Miriam. "He has a right to healthy parentage, a well-equipped body, and well-balanced mental and spiritual life."

"He has a right to a welcome. He has a right to such post-natal upbringing and environment as will ensure for him health, happiness and success during that life which has been given him, without any permissiveness or volition on his part."

"This applies with equal truth and ever station born in Canada or in any other country."

"Not all the wealth of agriculture, minerals, timber and trade can be of any final service to the country, if our children are allowed to go to waste."

Dr. Miriam continues in detailed explanation of the necessities for child welfare, dwells upon the duties of the community and the duties of parents.

Ottawa, for example, has been shown in its recent Better Baby Contest, through lecture and practical demonstration, the means and ways of the furtherance of the health of its diminutive citizens.

The movement might well be extended more generally, especially in the larger cities and towns, where, with the manifold other considerations, the welfare of the child is often thought to be of minor importance.

SUGGESTING PAIN AND DISEASE.

Grown people often aggravate the little aches and pains of children by making too much of them. It would be better if they would turn the mind of a child off from most of his troubles and ailments.

It would be better for all concerned if people, young and old, did not give publicity to their physical ills, says M. V. O'Shea in a recent issue of "The Mothers' Magazine."

It will be granted that when a child has a serious complaint it ought to be discovered early. But the best time for the parent to discover it is to learn the signs of serious disturbances so that he can read them without asking the child whether he "feels bad."

A parent ought to be able to tell when a child has a fever or when he is not being properly nourished, or when he has a long-continued pain due to malnutrition of any kind.

Who's Who and What's What in the Picture World and on the Stage--Favorites and What They Say and Do.

JUANITA JUMPS AGAIN.

Juanita Hansen is with the Triangle-Mack-Sennett-Keystone studios. Miss Hansen signed her contract Friday, the thirteenth of October, and declares that unlucky days and dates mean nothing in her life.

The pretty golden haired, blue eyed Juanita received her first comedy experience under the direction of Mack Sennett and has been engaged to appear in a series of light comedies.

She has resided in Los Angeles most of her life and entered the moving picture field about two years ago. Her last picture before coming to the Keystone studios was "The Secret of the Submarine," the American serial in which she played the leading role.

Miss Hansen will head a company directed by Harry Williams, the well known song writer, who received his initial experience in the scenario department of the Keystone plant. Of late Mr. Williams has been co-directing with William Campbell in the company headed by Chester Conklin.

Miss Hansen has had a most interesting and successful career in moving pictures and will be a decided attraction in future Triangle-Keystone comedies.

NEWS OF PLAYERS KNOWN IN ST. JOHN.

Harry Stubbs, seen here with W. S. Hartkin, is playing in A Pair of Queens. Lawrence Brooke is playing in stock at the Grand, Brooklyn.

Kate Blanke, of the Valentine Stock Company, is in pictures, with the Metro Company. Clarence Handysides, who scored such a great success with W. S. Hartkin some years ago in Bootles' Baby, is in the support of Pauline Frederick.

Wallace McDonald is singing the Indian love lyric, Less Than the Dust, at the Strand Theatre, New York, during the run of the first Mary Pickford picture, Less Than the Dust, the first release by her own company. Mr. McDonald wears the full regalia of a Maharajah of India. Mr. McDonald is a Halliganian.

NEW PLAYS FOR EARLE WILLIAMS.

Colonel Jasper Ewing Brady, scenario editor of the Greater Vitaphone Company, has recently acquired some high-quality stories for film subjects. One important purchase is the film rights to "Arsene Lupin," as dramatized by Paul Potter. The lead chosen for this production is Earle Williams.

Other recent purchases in which Mr. Williams will appear are "The Hawk," the stage success written by Francis X. Bushart, and "The Hawk," at least three hours per day being insisted upon. An opportunity will, under these conditions, be afforded to Boy Scouts generally and particularly to those residing in the smaller centres to qualify for this badge. The film governing the award of the One Hundred Days' War Service badge will remain as it is.

Extracts from the Diary of a Boy Scout on Coast Guard Duty.

Tuesday, January 19th—H— and I slept together in this "bungalow." We were warm and comfortable (sleeping six hours at a stretch and two hours as an after-thought). The bungalows were fitted but we have now made them quite decent. They are old railway carriages well fitted up and hot for beds. Well, last night, H— had a sort of couch affair and I had the table, but I put all the new overcoats (which, by the way, are quite military and very fine) on the table and thus made a very soft bed. We now sleep four in each bungalow.

The coastguard station and houses are a good twenty minutes' walk from this look-out box. We are quite isolated here except for the two bungalows in which our chaps live. We are allowed to leave our enclosures as we are liable to be shot; all the coast is entrenched and the sentry passes every quarter of an hour, relieving the monotony by a cheery "good night" or "here again."

The accent of these north country people is very funny, and we are known as "scots." The weather is perfect and we are all happy.

Is Your Tongue Furred? Have You Headache?

How few feel well this time of the year? The whole system needs housecleaning; the blood is impure; it needs enriching. Nothing will do the work more effectively than Dr. Hamilton's Pills. Take them at night and feel better next morning. They work wonders in the body while you sleep. Being composed of pure vegetable extracts and juices, Dr. Hamilton's Pills are safe for the young and old alike. Try this wonderful family medicine today, it will do you a world of good. Whether for biliousness, headache, lack of appetite, or constipation. Dr. Hamilton's Pills will quickly cure, 25c. per box at all dealers.

CHILDREN'S FILM MATINEES.

Motion pictures exclusively made and exhibited for children will be shown at eleven theaters in Washington within a couple of weeks. The committee of the District Federation of Women's Clubs, under the direction of Mrs. J. J. Locher, made the arrangement with the theaters and the film exchanges that the theaters and the films for this purpose be given free. These pictures will be shown at daily matinees, the exhibition continuing for a month. Mrs. Locher said that children matinees will not be an established institution unless it can be shown that they are commercially successful. She praised the motion picture exhibitors, the exchange managers, and the representatives of producers highly for the co-operation they had given the committee.—Dramatic Mirror.

After a summer engagement at Coney Island, Captain Jack Bonavita and the Bostock wild animals are back at the Horsley studios in Los Angeles, preparing for the production of a new series of large feature pictures in which the animals will be used.

TAKES FARRAR PLAY TO NEW YORK.

Cecil B. De Mille, Lasky Company director-general, has started for New York with the first print of the Geraldine Farrar production, the story of which is based on the life of Joan of Arc. Mr. De Mille will be accompanied by the author, Jennie MacPherson, and her mother, Alvin Wyckoff, director of photography, and Howard Ewing, director of lighting. These three people tolled with the Lasky chief on an average of eighteen hours a day during the entire time required in the making of the gigantic production, and Mr. De Mille is taking them east with him for a brief vacation while he is superintending the presentation of the picture in New York.

Edith Storey and her mother have arrived in Los Angeles on a pleasure trip, during which the well known Vitaphone star will visit studios and spend two weeks among friends in the coast producing colony. Miss Storey may later be transferred to the coast producing company of the Vitaphone.

"Mum, Keep Your Feet Still" is the unusual title given a story being produced by Director Jack Conway. It will consist of five reels, and deals with the adventures of a girl who from childhood has an ambition to become a great dancer. Ella Hall has the featured part.

From now the Vitaphone Company will release each week through the V-L-S-E organization a one-reel comedy, to be known as a "Vitaphone Big V Comedy."

These Big V comedies will feature Hughie Mack, Past de Forest and their company of "Korling" comedians. The selection of this brand name as a better title than "The Hughie Mack Comedies," the name by

DR. CHARLES P. BISSETT, LEADING N. S. MAN DEAD

St. Peter's, C. B., Nov. 19.—Dr. Charles P. Bissett, ex-M. P. P., one of the foremost men in the public life of the province, died at his home here last night, after a lingering illness. He was born at River Bourgeois in June, 1866. He leaves a widow, four sons and one daughter.

A Pleasant Evening.

The young ladies in the Marr millinery employ assembled in Bond's restaurant Saturday night to do honor to their companion, Miss Catherine Good, who has severed her connection with the establishment, and who is about to leave for Halifax, where she will enter the infirmary to study nursing. A banquet was served at which Miss M. Donohue presided. During the evening Miss Good was given a great surprise when Miss Hennesbury, on behalf of those present, presented her with a costly gold-mounted umbrella, suitably engraved. A number of the ladies present made brief addresses and a most enjoyable time was spent with music and songs.

DIED.

PARKER—On the 19th inst., after a lingering illness, Frederick Chapman Parker, son of George W. and the late Mary Caroline Parker, aged 24 years and 8 months.

Tuberculosis Rapidly Increasing Among Children of Belgium and Northern France.

More Food Urgently Needed to Keep up Their Strength. An interview with Mr. W. L. Honnold, American Director of the Belgian Relief Commission, brings to light a new danger threatening the population of the territory occupied by Germany.

Mr. Honnold reports that about 5,000,000 wholly or partially destitute people, who have been dependent on the Commission, generally show diminished vitality. The effects are most apparent among the older children, particularly those in the adolescent stage. Among these there is an alarming increase of tuberculosis, due to the lower power of resistance consequent on an inadequate diet.

To overcome this serious danger, the Commission appeals for extra contributions so that a special meal can be served every day in the schools. Efforts are also being made to provide as far as possible for children outside the schools.

This can only be done—Belgium's children can only be saved—if every one of us who can possibly do so will give something toward the fund. Whatever you can afford, send your subscription weekly, monthly or in one lump sum to Local or Provincial Committees, or

Around the City

Gramplan Mail. The mail ex S.S. Gramplan is due here on the Maritime express today.
Field Ambulance at St. David's. The Field Ambulance Training Depot attended church at St. David's yesterday where the Rev. Mr. MacKellan preached the sermon.
Three and One. Three drunks were gathered in by the police on Saturday, while only one was, located by the blue-coats yesterday.
Street Car Derailed. On Saturday evening street car No. 108 jumped the rails near Glen Falls and delayed traffic for over an hour before she was placed on the track again.
Consul Gets Promoted. Hon. H. H. Balch, formerly United States consul at St. John, but recently of Yarmouth, has received promotion to the consulate at Ascension, the capital of Paraguay.
At Chubb's Corner. At noon on Saturday T. T. Lantulum, auctioneer, offered for sale, under the foreclosure proceedings, the residence at the corner of Sydney and MacKellarburg streets, known as Ceyler Hall or the Soldiers' Club. The property was knocked down to the Eastern Trust Company for \$5,000.
Eastern Lumbermen's Association. The Eastern Lumbermen's Association, recently formed by New Brunswick and Maine men, is now in working order. The executive committee has just held a meeting in Bangor, the first since the association was formed several weeks ago, and perfected plans of a working arrangement. John Morrison of Fredericton attended.

Chamcook Factory Closes. The large million dollar sardine factory at Chamcook has shut down owing to the scarcity of herring. The company which succeeded the Canadian Sardine Co., after its failure, expects later to put up various kinds of fish in cans, bottles and boxes, so that the future of Chamcook seems assured.
Saw a German Raid. In a letter to a friend in Moncton, Lieut. R. McL. Armstrong, nephew of R. E. Armstrong, secretary of the Board of Trade, states that he was crossing the Strait of Dover during the last German raid on British shipping. Although he was an eye-witness to many stirring scenes no particulars were stated in the letter. He stated that he was leaving by train to join the 26th Battalion to which he had been drafted from the 140th.
Twenty Years of Progress. William J. Robertson of New York, a native of Moncton, who is in St. John for a few days, is much impressed with the progress that has been made in this city, Moncton and other places since he last visited New Brunswick, twenty years ago. Mr. Robertson has been in Tryon, P. E. I., superintending a government contract at the Tryon knitting mills. He will return to Prince Edward Island in a few days.
An Interesting Debate. A large number of the members of St. Peter's Y. M. A. gathered at their hall on Douglas avenue yesterday afternoon and listened to a most excellent debate on the subject: "Resolved that the mental capacity of men is superior to that of women." E. R. Hanson presided and the arguments put forward were listened to with a great deal of interest. The affirmative side was declared the winner by the judges by one point and a half. The affirmative was upheld by James Martin and Gerald McGovern, while the latter were championed by Frank McDonnell and Andrew Moore. These debates are bringing out a lot of latent talent and some of these young men will be heard from in the future.

CAPT. KEEFFE TELLS OF THE GOOD WORK DONE BY THE "FIGHTING 26TH"

Popular St. John Officer Says There are Now but 100 Men and Five Officers of Original Battalion at Front

"Although there are only 100 men and five officers of the original 26th Battalion now on the firing line, it is still the 'Fighting 26th' to me, and I intend to be back with the boys some time during the second week in January," said Captain George Keefe, son of Mr. and Mrs. John Keefe, 70 Leinster street, in interview granted to a representative of The Standard last night.
Captain Keefe arrived in the city on Saturday night after spending approximately ten months and a half at the front. He left here with the famous 26th and in that battalion saw and participated in many hard battles. His activities at the front were suddenly stopped on July 13th, when he was wounded in the back, arm and side, as well as suffering from a double fracture of the jaw. This was at the battle known in history as St. Eloi. Shortly after he received his wounds the battalion was removed to the Somme, and since the engagement at Courcellette in which the 26th distinguished itself, they have taken up a new stand.

"At Courcellette," said the Captain, "the 26th, after capturing the section they had been ordered to take, arrived back with 650 men, which was just twice the number of men who went to take the position.
"There is no denying the fact but that the Germans are wonderful fighters, and they have a splendid method of organizing. Although they are not as aggressive as they were during the first year and a half of the war, yet they fight with that same tenacity which characterized their earlier attacks.
"The officers of the 26th Battalion from the officer commanding, Lieut. Col. J. L. McAvity, are to a large extent responsible for the high esteem in which the battalion is held by the people of New Brunswick. No man ever had men into battle better fitted for the task than Col. McAvity. He was a soldier and a gentleman, and for the part he played in immortalizing the 26th, he was altogether too modest when he arrived home.
"Colonel McKenzie, now in command of the 26th Battalion, is also a soldier of ability and well liked by every member of the battalion. Too much cannot be said in praise of the manner in which the remaining officers are conducting themselves and the example they are showing to their men. Major D. McArthur is doing splendid work, and ever since the battalion went into action has been up and doing."

At the depot Captain Keefe was met by his relatives and a large party of friends. As he stepped from the train he was made the recipient of a bouquet of flowers. They were presented by Mrs. W. W. White and Mrs. George F. Smith on behalf of the Soldiers' Wives' League. A representative party of the K. of C. were also at the depot to greet Captain Keefe.

LESLIE G. WATERS DIED ON SATURDAY

C.P.R. Man Struck by Train on Thursday Succumbed to His Injuries.

Leslie Gordon Waters who was struck by the Gibson express on the Woodstock-Edmundston branch of the C. P. R., on Thursday afternoon last, died Saturday at the Fisher Memorial Hospital, Woodstock, of the injuries received. Mr. Waters was firing on one of the C. P. R. trains; his train was standing on the siding at Phillips, a station between Woodstock and Hartland. The engine was on the front of the engine fixing the headlight. The steam gauge blew out and the deceased jumped to escape the steam. He did not notice the other train coming and jumped right in front of the engine which carried him some distance. He was picked up and hurried to Woodstock where an examination revealed the fact that both legs were broken, his face was badly cut and his skull fractured.
Mr. Waters was 38 years of age. He had been in the employ of the C. P. R. for a number of years and was one of their most highly esteemed employees.
Carleton Lodge I. O. O. F., of which deceased was an active member, met yesterday afternoon and made arrangements for the funeral. The lodge and canton will attend the service which will be held at 4 o'clock this afternoon and the chaplain, Rev. Frank Baird, and 15 of the members will accompany the remains to this city where the funeral will be held Tuesday afternoon at 2:30 o'clock from the residence of his brother, G. Douglas Waters, 186 Adelaide street.

REV. GORDON DICKIE SAYS FAREWELL TO HIS CONGREGATION

Pastor of St. Stephen's Church Preached Last Night for Last Time Before Going to Newfoundland.

Last evening a large congregation heard Rev. Gordon Dickie preach his farewell sermon in St. Stephen's church. He took for his text Romans 1:16: "I am not ashamed of the Gospel of Jesus Christ," the same text as he used in his first sermon in the church. He said in part:
"I am using the same text as I used in my opening address but under different circumstances. When I look over the congregation and compare it with that of ten years ago it appeals to me to think of the many changes that have taken place. Death has been busy in our midst. It is a different audience that faces me tonight.
"No church can boast of perfection, so we must learn to do the best with what we have. Institutions and men are both alike in that they come far short of the glory of God and possibly grow ashamed of what we have done. We have not the name of being the most optimistic people perhaps. We may look unnecessarily on the dark side of things, and since the engagement of the gods we must learn to take what we need never be ashamed of what we have done or are doing. Good men have worshipped here in the days that have passed and St. John would be poorer intellectually and spiritually without this congregation.
"You have not had a long line of ministers, but they have rendered a peculiar service. Dr. Cade was for over forty years engaged in the work of the ministry. Dr. MacRae was minister for over fifty years and Dr. Fraser, who has risen to a great height in the theological world, was a worthy successor and the ministry of these men has not been in vain.
"Sometimes people are ashamed of the advanced methods churches use today. They do not believe in social services on Sunday or seeking popularity through advertising but the world is changing and I cannot think that we should be ashamed of anything that has a capacity for good. We have our social instincts and they must be satisfied. The best medium that any church can have is the enthusiasm of its people. Men are not influenced much by cold type but their souls are stirred by a hearty hand shake and where they find the warmest welcome they are likely to cast in their lot. Some churches in the city have the enthusiasm, others have not. If this church is to grow and become a power for good in the community men must burn with zeal and proclaim freely and without the shadow of a doubt their great personal belief in Jesus Christ.
"Rev. Mr. Dickie and Mrs. Dickie leave tonight on the Halifax express for Sydney, N. S., where they will embark for St. John's, Newfoundland. Mr. Dickie will assume the duties of minister of St. Andrew's Presbyterian church, the only church of that denomination in that city."

"Made while you wait," is the phrase which would describe some of the liquor served in a street house on Saturday night by Detectives Barrett and Briggs. In fact the officers made two raids, one on the home of Lewis Harvitz, 657 Main street, and that occupied by Lenti Karistanovic at 653 on the same street, and enough liquor and bottles were found in both places to warrant the above mentioned men being charged with keeping and having liquor for sale on their premises.
Harvitz is a Jew and in his home were found thirty bottles, some empty and some partly filled with liquor. One bottle contained a quantity of alcohol, another with liquor which appears to be blueberries in it and another with wine. It is suspected that by the mixture of alcohol, wine and a taste of the berry juice, some sort of cheap liquor can be manufactured while the purchaser waits.
In the other house twenty-two bottles, some of them partly filled with liquor, were found. Both men were arrested and placed in cells at police headquarters.

When you think of furs think of F. A. Dykeman & Co., who are acting agents for one of the best and largest furriers in Canada, and the class of furs made by this concern are of the very best. They are reliable and fully guaranteed both by manufacturer and the firm that is selling them. Their prices are at least 25 per cent. below regular fur houses. Just have a look at the splendid black lynx muffs that they are selling at \$7.00, \$8.00 and \$9.00 each. The lynx collars to match are priced from \$3.00 to \$3.50 each. They are selling Hudson Seal Coats at \$142.00 that are equal to those found in other stores for \$195.00.

Miss Ethel Bradley Tells of Arrival of Canadian Nurses at No. 4 Canadian General Hospital.

A letter just received from Nursing Sister Ethel P. Bradley brings the news that she and the party of Canadian nurses with which she left England had arrived safely at Saloniki and that she was stationed at No. 4 Canadian General Hospital.
Miss Bradley is a sister of Mrs. A. E. McGinley and is a graduate of the Western Hospital, Montreal, but is well known in this city.
Shortly after the outbreak of the war Miss Bradley, who is a specialist in surgery, offered her services and for over a year she was connected with No. 1 Canadian General Hospital (Dr. MacLaren's) at Etaples. On the completion of the Canadian Special Hospital at Ramsgate she was transferred there and given charge of the X Ray section. Later she volunteered for duty at Saloniki and was sent there with a party of about twenty nurses.
Speaking of the country she says she likes it almost as well as France. The weather has been very warm, only an occasional cold day.
"The city itself," she says, "is located close to the water and is beautiful when coming into the harbor, but not quite so nice on a closer acquaintance.
Miss Bradley enclosed a copy of "The Balkan News," a newspaper which is published for the troops. It is a four-page paper and is indeed a very creditable looking sheet. The issue sent by Miss Bradley, which is dated October 12, is right up to date and has a summary of the war news on all the fronts.
With the 165th.
The 165th Battalion were in attendance at mass at St. John the Baptist church yesterday morning. The battalion will carry on the regular routine work today. The orderly of floor for the day will be Lieut. R. A. Fortius, with Lieut. I. J. Ruet next for duty.
The following men of the 165th Battalion will take a course in bayonet fighting and physical training at Halifax: Corporals H. Legere, F. Liretto and P. LeBlanc. They will be leaving about the last of the first week in December. Private J. A. Mulse has been promoted to the rank of sergeant tailor.

LONGSHOREMEN GET SLIGHT INCREASE IN THE RATES OF WAGES

At Meeting Yesterday Afternoon it Was Reported That Shipping Companies Would Pay 37 1-2c. per Hour.

There was a record attendance at the special meeting of the International Longshoremen's Association Local 273, held in their hall in Water street yesterday afternoon. Work was suspended to enable the men to be present. The object of the gathering was to discuss the matter of wages.
It will be recalled that the organization held a meeting here on November 5 when it was decided that on account, principally, of the great increase in the cost of the necessities of life a committee should be appointed to meet the representatives of the Shipping Federation in Montreal asking them to consent to the immediate coming into effect of the working agreement made last January whereby, amongst other things, the wage rate was fixed at 40c. per hour as from May 1 next. The old rate was 35c. and after hearing the longshoremen's representatives the steamship companies agreed to raise the rate 2 1/2 cents per hour to become effective at once, the new rate thus being 37 1/2 cents.
At yesterday's meeting the matter of wages was fully discussed and as a result of a ballot the men decided to accept the terms offered by the steamship people.
Sections 14 and 16 of the "schedule and working agreement" made in January are in the following terms:
14. The rate of wages shall be thirty-five (35) cents per hour day or night during the winter season, and forty (40) cents per hour during the summer season, twelve and a half (12 1/2) cents per hour extra to be paid for handling bulk grain on week days, and twenty-five (25) cents per hour for handling bulk grain on Sundays and holidays over the prevailing rate of wages on such Sundays and holidays, until the thirtieth day of April, 1917, inclusive; and thereafter the wages shall be the rate of forty (40) cents per hour day or night without distinction for summer and winter and fifty (50) cents per hour for handling bulk grain on week days and one dollar (\$1.00) per hour for handling bulk grain on Sundays and holidays.
This agreement shall become effective from the present date of signature and shall continue in force until December 1st, 1918; and thereafter from year to year unless or until either party serve notice to the other party to the contrary at least thirty days prior to the date above mentioned, or prior to the first day of December of any subsequent year.
