

BRITISH GOVERNMENT GIVEN MANDATE TO CONTINUE WITH IRISH PEACE NEGOTIATIONS

Prime Minister Achieved Another of His Oratorical Victories Before Expectant Audience — Motion of Censure Failed to Draw Forth Any Information as to Proceedings of Conference — Intimates More Guerilla Warfare if Conference Fails.

London, Oct. 31.—The government obtained its expected mandate from the House of Commons tonight to proceed with the Irish negotiations. The Unionist motion, censuring the government for initiating the Irish negotiations, was voted down, 439 to 43. The prime minister also achieved another of his oratorical victories before an expectant audience.

So far as the movement of protest, standing that none should be landed was designed to draw information as to the proceedings of the conference, it failed; the Prime Minister gave no information as to what was decided, or is being discussed regarding Mr. De Valera's claim to independence and numerous attempts to ascertain concessions from Ulster for a United Ireland. These remain in the realm of speculation.

Little Information.
One piece of information the Prime Minister did give, was that unless something happened within a few days, presumably in the conference, to solve the unsettled status of Ireland's two Governments steps would be taken to give the Ulster Parliament the powers necessary to make it a real Government.

Mr. Lloyd George declared that the time to question the negotiations was when he first proposed them to the House. He said that he was not a man to back out of a promise. He declared the first thing the Government would have to do would be to ask the House to strengthen the prospect of a renewal of guerilla warfare if the conference broke down. He declared the first thing the Government would have to do would be to ask the House to strengthen the prospect of a renewal of guerilla warfare if the conference broke down. He declared the first thing the Government would have to do would be to ask the House to strengthen the prospect of a renewal of guerilla warfare if the conference broke down.

Unionist Protest.
The motion was proposed by Colonel John Gorton, Unionist, and seconded by Rupert S. Gwynne. No conspicuous leaders spoke in its support. Those who most strongly advocated the policy of the motion laid much stress in their protests against negotiating with men who have denied allegiance to the Crown.

Arthur Henderson, in behalf of the Laborites, explained that that party favored the negotiations although opposing what he termed the previous policy of repression and retaliation. Mr. Asquith supported the motion but deprecated the suggestion that renewal of fighting was the only alternative, if the Conference failed. This point of view finds adherents among a section of the Irish experts, who believe that a break down of the Conference might be followed by a continuance of the trouble, pending further efforts of diplomacy.

The comment of one veteran parliamentarian was that Mr. Lloyd George's talk of further hostilities was not intended as a warning to the Sinn Féin but to parliament not to harass those engaged in the negotiations.

Lloyd George's Speech.
The Prime Minister said that a very grave issue had been raised as to the proceedings conducted by the Government, and it was quite clear that there was a section in the House who had given every loyal support to the Government in the main but who were full of misgivings with regard to this particular action and he felt it was essential that the situation should be cleared as soon as possible, so that they might know what the view of the House really was.

He thought the movers of the resolution had put the case temperately and skillfully, but much they had said was not germane to the resolution. It was true there had been breaches of trust. These had been investigated, and, so far as they could be put right, they had been; guarantees had been received, while the other side was doing its best to carry out. When evidence had been forthcoming that arms were being imported into Ireland, the Government received a distinct under-

Moplah Tribesmen Attack Military Police Near Vayala

Calicut, India, Oct. 31.—Two companies of military police proceeding to a spot near Vayala, where depredations had been reported, were attacked today by Moplahs entrenched on the hillside. The policemen repelled, killing twenty-three of the tribesmen. One policeman was killed and eight of them were wounded, including Assistant Superintendent of Police Colebrooke.

Virginia Rappe Suffered From Chronic Cystitis

Gathering Material for Defence of Fatty Arbuckle on Manslaughter Charge.

Chicago, Oct. 31.—Witnesses who knew Virginia Rappe, film actress, who died following a party given by Roscoe Arbuckle in a San Francisco hotel, which resulted in his being held on a charge of manslaughter, testified today, before representatives of the State of California and the defense, relating to their knowledge of the girl during her earlier life in Chicago.

The witnesses were asked a prepared interrogatory specified by the trial judge in San Francisco. Dr. Maurice H. Rosenberg, testified that in 1913, Miss Rappe visited his office for an examination. He said she was suffering from chronic cystitis.

Mrs. Josephine Roth, who gave her occupation as mid-wife, also testified and her testimony was corroborated by Miss Virginia Warren, a nurse who said she was Mrs. Roth's assistant.

The hearing then adjourned and Attorney C. H. Brennan, who was present in behalf of the defense, departed for New York, where further depositions will be taken.

Eleven Westbrook Men Including Mayor Are In Bad Mess

Buy Automobiles at Bargain Prices Only to Learn They Were Stolen.

Westbrook, Me., Oct. 31.—Eleven prominent Westbrook men, including Mayor John Lawrence, who recently purchased automobiles at bargain prices from a young man now held in New Jersey, have learned that it is alleged that all of the cars were stolen.

This was revealed following the announcement that three Westbrook men who bought cars from the same man had been forced to give up the machines. In this city, however, the buyers have retained Judge William Lyons to look after their interests and they will not give up the automobiles without a legal battle.

The man held in New Jersey is said to have included one or two of his relatives among his victims.

Weekly Service From Halifax To Great Britain

Will be Inaugurated Next January by Red Star Line.

Montreal, Oct. 31.—Commencing January next a regular weekly service between Halifax, Great Britain and the continent will be inaugurated by vessels of the Red Star Line, first, second and third class passengers being carried in addition to freight. The line's four largest ships have been assigned to the route, the Lapland of 12,400 gross tons, the Kronland of 12,241 tons, the Finland of 12,222 tons and the Zealand of 11,905 tons.

PREMIER REFERS TO FORMATION OF UNION GOVT

Liberals Joined in Answering Demand That Party Cease in Face of Emergency.

C. N. R. DIVORCED FROM POLITICS
Will Stay That Way So Long as Present Gov't is in Power, He Declares.

(Staff Correspondent Canadian Press) Hamilton, Ont., Oct. 31.—Addressing electors of East and West Hamilton and Westworth tonight, Rt. Hon. Arthur Meighen referred to the formation of the Union Government in 1917. Liberal members had not come into the Government to satisfy personal ambition. They came in, he said, in answer to a demand that party cease in the face of a tremendous emergency. All the Liberals who entered the Union Government, with but two exceptions, were still supporting the Government, said the Premier. The two exceptions were Hon. T. A. Crerar, who differed with the Government on its tariff policy, and Hon. A. K. MacLean, whose position the Premier found it impossible to comprehend.

Railways Divorced from Politics.
Mr. Meighen turned to the railway situation in Canada, declaring that Canadian National Railways were divorced from politics, "and they'll stay that way as long as this Government is in power." If the object was to drive the roads into bankruptcy, it should be done, "and they'll stay that way as long as this Government is in power." If the object was to drive the roads into bankruptcy, it should be done, "and they'll stay that way as long as this Government is in power."

Touches Up King.
"Mr. King says that I am a very unkind man," said Mr. Meighen. "I find, on looking over the newspaper's report of his speech, that the falsehood consists in saying that the tariff is a protection and a free trade. Well, I stand for protection, so the only question is as to the tariff. Speaking in his own country, the party to which he has rendered in the West as a free trader, the Premier continued, quoting from a newspaper. "He decried the party to which he has rendered in the West as a free trader, the Premier continued, quoting from a newspaper."

Lake Terminals Congested With Grain Shipments

Railway Officials Making Every Effort to Keep Grain Moving—Situation Serious.

Winnipeg, Oct. 31.—To cope with a threatened deadlock in the grain movement, the head of the lakes, a local company is putting the government elevator at South Transcona in shape to handle shipments from the West. It has a capacity of approximately 1,000,000 bushels and it will be opened very shortly if the situation demands, it was stated.

It was learned that week-end shipments of grain have intensified a congested condition at the lake terminals and railway companies, and grain interests are today facing the necessity of an embargo on further shipments, unless relief is obtained.

A. E. Warren, general manager Canadian National Railways, stated that the railways were making every effort to keep the grain moving, though the situation was becoming serious. D. C. Coleman, vice-president in charge of western lines, C. P. Railway, said that every effort is being made to remedy the situation.

Canadian Cruiser Standardized Test On Rockland Course

Developed 12.8 Knots—Requirements Called for Eleven Knots.

Rockland, Maine, Oct. 31.—The Canadian cruiser, the largest of sixty-three steel cargo steamships built by the Canadian Government at the plant of the Halifax Shipyard Limited, for the Merchant Marine service, left port today on her six-hour endurance run at the completion of a standardization test during which a speed of 12.8 knots was achieved. The requirement was 11 knots.

The run was to be finished before arrival at Halifax for which port she has a cargo of coal from Sydney, N. S., fulfilling her maiden charter. Representatives of the Canadian Government were aboard.

FIRE DESTROYS THEATRE.

Tokio, Oct. 31.—Fire yesterday destroyed the auditorium of the Kabuki Theatre, one of the largest and oldest in Tokio. The loss is estimated at \$100,000.

MOUNTAINOUS SEAS CONTINUE TO COMB NEWFOUNDLAND'S WRECK STREWN SHORES

"DIVINE SARAH" THINKS SHE IS MORTAL AND BUYS AN ISLAND FOR HER TOMB

Although Rosand's "La Gloire" seems destined to have a long success with Mme. Bernhardt starring in it, the "Divine Sarah" is convinced that she is not immortal and has selected the site for her tomb. It was announced here today that she had purchased from the French Government title to a tiny island near her summer home at Bella Isle on the French coast, where her tomb will be prepared, with a chapel and a small museum for relics of her stage career. The island cost only \$45.

Arms Conference An Ordeal Not of Battle But Faith

Such is the Opinion of Ambassador Harvey Expressed to Pilgrims' Society.

London, Oct. 31.—George Harvey, the United States Ambassador, speaking tonight at the dinner given by the Pilgrims' Society to the British delegates to the Washington Conference on limitation of armaments and for eastern problems, heralded the coming conference as "an ordeal, not of battle but of faith," the underlying purpose of which was not more a challenge to the League of Nations than it was to the Monroe Doctrine. Ambassador Harvey reviewed the action of the United States Congress respecting the limitation of the army and the reduction of naval appropriations which, he said, gave conclusive evidence of the United States Government's confidence in the outcome of the conference. The real question confronting the nations, he said, was whether the nations of the earth can be brought into agreement upon all things, whether they can reach an understanding with respect to anything, he said. "It is to be a great test, not of the sincerity of the peoples, but of the capacity of existing governments to satisfy the universal longing for peace, prosperity and happiness."

Maple Leaves To Be Laid On Tomb Unknown Warrior

Toronto, Oct. 31.—Rt. Hon. Arthur Meighen in a letter to J. F. Marsh, secretary of the Grand Army of United Veterans of Canada, according to an announcement made by Mr. Marsh this evening, has expressed approval of the arrangements made by the G. A. U. V. to be represented at the honoring of the United States known warrior at Washington on Armistice day, and has forwarded to Sir Auckland Geddes, British Ambassador at Washington, the credentials of the veterans' representatives.

Sir Robert Borden In New York On Way To Conference

Was Met at Border Line by Representative of Department of State.

New York, Oct. 31.—(Canadian Press)—Sir Robert Borden, who will represent Canada at the Washington conference on limitation of armaments, and discussion on Pacific and Far Eastern problems, arrived here this morning. Sir Robert was met at the border and accompanied to New York by a representative of the United States State Department. The Canadian delegate will leave for Washington Thursday night. While in New York he is staying at the Plaza Hotel.

CONDITION OF LADY LAURIER IS UNCHANGED

Ottawa, Oct. 31.—The condition of Lady Laurier, who lies at her home on Laurier Avenue suffering from a severe cold, was tonight reported to be unchanged. During the afternoon it was reported that Lady Laurier was quite weak, but apart from that she was doing nicely.

FOURTEEN BODIES OF THIRTY-SIX RECOVERED AT BRITANNIA BEACH

Vancouver, B. C., Oct. 31.—Fourteen bodies out of a known list of thirty-six have been recovered at Britannia Beach, the scene of Friday night's flood, up to noon today. The work of searching for bodies was pushed steadily forward today and although a heavy rain is causing a considerable rise in the water, the workers are making good progress in uncovering wreckage. It is expected that new relief gangs will be sent from Mill Creek, near here. This afternoon to replace men who have been working almost incessantly since Saturday morning.

PAPER MILLS ASSIGN.

New York, Oct. 31.—The Tinter paper mills, with offices here and a plant in Utter County, N. Y., assigned today for the benefit of creditors. The assets and liabilities were not given.

Officers Search Woods In Quest of Bank Robbers

Niagara Falls, N. Y., Oct. 31.—Police, sheriff's deputies and soldiers from Fort Niagara tonight were scouring the country roads in a search for the six automobile bandits who at noon today robbed the Niagara Falls Trust Company of \$5,000 and shot several persons. No clue to the identity of the robbers or their whereabouts had been found at a late hour, although the automobile in which they drove away from the bank had been identified as one stolen in Cleveland some time ago.

Looted Niagara Trust Company, Shot Several Persons and Made Getaway.

The gang entered the bank at 12:15 o'clock. A score or more customers were in the building when the bandits began firing wildly. The holdup men quickly got all the cash in sight and backed out, still firing at random from shot guns and revolvers.

Patrolman Holchan, who was passing on a street car, jumped off, pulling his revolver as he ran toward the bank. He was shot down by the bandits, but continued to fire at the fleeing men as he lay on the sidewalk. Blood spots found in the car abandoned by the robbers indicated he had hit at least one of them.

The automobile used by the men was abandoned in Lockport Street, just outside the city limits. Investigation there showed that the robbers apparently had stopped to divide the loot. A roll of bills containing \$200 and bound with a bank stamp of today's date was found in the woods near the abandoned car.

Montreal Has Woman Candidate On Labor Ticket

Montreal, Oct. 31.—Mrs. Rose Henderson has announced herself as Labor candidate in St. Lawrence-St. George division, this city, for the forthcoming Federal elections. The other candidates are Hon. C. B. Bantyan, (Government) and H. M. Marier, (Liberal).

Mrs. Henderson, who was formerly probation officer in the Juvenile Court here, is well known in the city and throughout Canada, as associated with labor movements. At the time of the Winnipeg general strike she took a prominent part speaking on behalf of the strikers in that and other cities.

Dies From Result of Rifle Wounds

Upper Dorchester, N. B., Oct. 17.—Harold Sutherland, 24, died here this afternoon at the home of his parents, Mr. and Mrs. A. Sutherland, following injuries received when he stumbled with a rifle with which he was engaged in target practice, causing it to discharge. Mr. Sutherland was married five weeks ago to Miss Lella Banks, formerly of Mount Rose, Annapolis County. The couple intended to spend the winter in Halifax, following which they would remove to Upper Dorchester and engage in farming.

Sir Thomas Lipton True Cavalier

London, Oct. 31.—It has been disclosed to your correspondent that the "British sportsman" who was the press states defrayed the passage of Miss Kathleen McCudden, so she could accompany her mother, Mrs. Amelia McCudden—the British war mother—when she lays a wreath on the tomb of America's unknown soldier, is Sir Thomas Lipton. Sir Thomas has taken great interest in the entire proposal of the Pilgrim Fathers' Association to send a bereaved mother to the United States and he was present to see off Mrs. McCudden and her escort when they departed today from Boston station.

"PEOPLE MUST SETTLE MOST VITAL QUESTION SINCE CONFEDERATION"

Amherst, N. S., Oct. 31.—"I have been in every general election contest since 1832 down to this hour. I would not be in this fight today, if I did not feel that the people of Canada must settle on December 6th, the most vital, most mighty question that has confronted the electorate of this country since Confederation."

This was the message of Sir George B. Foster to the people of Cumberland County here this evening. To Sir George the question of the future trade policy of Canada loomed over all others, however deserving of consideration they might be.

Hundreds of Thousands of Dollars Damage Result from Northeast Hurricane.

ENORMOUS DAMAGE TO SHORE PROPERTY

Scores of Wharves, Buildings and Boats Swept Away by Flooding Seas.

St. John's, Nfld., Oct. 31.—Hundreds of thousands of dollars damage along the Newfoundland east coast, will, according to information available here, be the toll of the Northeast hurricane which has swept in from the Atlantic since Friday and which yet shows no sign of abatement. Hundreds of small fishing craft were sailing from the fishing stations of the Labrador coast to their home ports when the tempest broke, and what toll, if any, has been taken of them is not known. A south shore message reports a small schooner with four men driven out to sea from Cape Haydon, near the graveyard of the Red Cross liner Florida, lost a few years ago, with nearly one hundred of passengers and crew. The steamer Cabot was sent to the rescue of the distressed vessel, but, mounting seas, which ran from here to Cape Spear, drove the little steamer back. The revenue cutter Daisy, at Placentia Bay, has been wired to attempt a rescue from the other side of Cape Race.

All the Newfoundland coastal steamers have reported themselves safely harbored. A number of Newfoundland, foreign-going craft are thought to have been near the coast when the storm broke, but it is possible that they would put to sea to ride it out.

Stories coming in from the outposts tell of enormous damage to shore property from flooding seas. Scores of wharves and buildings belonging to fisherman have been swept away. In one section the Red-Newfoundland Railway roadbed has been washed away for five miles. Motor cars are being used to transfer passengers across this and other gaps.

Telegraph lines are down in every direction and incoming news is consequently fragmentary.

High seas continue to run through the Narrows of St. John's harbor, and shipping has been compelled to leave the wharves and to anchor.

BRITISH GOVERNMENT GIVEN MANDATE TO CONTINUE WITH IRISH PEACE NEGOTIATIONS

(Continued from page 1.)
"I want to know my colleagues; I want to know whether you want us to try to make peace. If you do not, I will be glad to say: 'I hand in my portfolio' (Cheers).
"If we discuss the matter in this House, there will be no conference."

The Complaint Lodged.

"The gist of the complaint" continued the Prime Minister, "was that a conference should not be held with persons representing the authority of the Crown and associated with things all abhor. If there was to be a conference, it must be with those who for the time being spoke in the name of the majority of the Irish people. It was charged that these persons had secured representation by intimidation, but, if men were not treated as representatives because of the methods whereby they were elected there would be an end to the British constitution. No party," asserted the Prime Minister, "obtained a majority but that the other party said it had obtained it by discreditable methods. For the moment the Government knows that the sympathies of Ireland are behind these people." said the Prime Minister. "The only thing the Government can do is to treat with them as the representatives of the people. I admit that all the Sinn Féin declared for a republic, that all the Sinn Féin repudiated the authority of the Crown, but if we are not going to deal with them for that reason, there is no one in Ireland to deal with."

Recalling that Great Britain had dealt with "rebels" before, instancing South Africa, the Prime Minister asserted emphatically: "The only issue is whether the House will say: 'Drop these negotiations; crush the rebellion first, then deal with Ireland as seems just in the eyes of Parliament.'"

Question of Cost.

"It is a question of the cost. Let us count the cost. If the conference is broken, and it may be—I am not asking the House to take anything which someone at this table may not be inviting it to take, perhaps in a few days, I want the House to feel that it has done everything that could reasonably be expected by this country and the civilized world to avert it. The first thing the Government would have to do would be to strengthen the forces of the Crown in Ireland on a considerable scale."

Guerrilla Warfare

Dismissing guerrilla warfare, the Prime Minister said that he knew what guerrilla warfare had to be put into Africa. One of the evils of guerrilla warfare was that the forces were dispersed and there was not the same control or discipline. Unless it was absolutely necessary for the honor and security of the country, it was not

the time to impose great additional burdens upon the taxpayers and invite the young men once more to risk their lives. (Cheers from the Laborites).

"Before you do that," said the Prime Minister, "you must first of all convince the people of this country that there is no other alternative. You must convince the people; you must convince yourselves."

"Negotiations are proceeding. I would be happy if it could be in a position to announce that the great parent races which founded this Empire had decided to put an end to this feud of centuries and substitute comradeship. But I cannot reveal the policy that I may have to make the grim announcement that it is impossible to settle without danger or dishonor."

Ready to Sacrifice

"If the security of this country is menaced, if the throne is repudiated, if this Empire is to be mutilated and Ireland established as an alien country on a most vulnerable flank, free to make any arrangements with the enemies of this country, free to make war on our commerce, if Ireland works with her freedom, leaving Britain staggering alone under the burdens thrown upon her for benefits which every Irishman in the world is sharing to day, whether in this country, the Dominions or the United States, if arrangements are insisted upon which will mean civil war between Catholic and Protestant, then Britain, I feel confident, will make the necessary sacrifices to face the necessary risk and avert such evils."

"Great issues are dependent upon this conference; the fate of the Empire, or rather the strength of the Empire, is involved. If concessions are pressed that would weaken the Empire, the Government will take all the consequences. If concessions can be made which will bring an honorable peace, which will strengthen the Empire, we will hazard all on the possibility of achieving that object."

Herbert H. Asquith, who followed the Prime Minister, said, in support of the Government on this issue:

Asquith Supports Gov't

"We are not giving a blank check or a vote of confidence. We think that the Government is pursuing a statesmanlike course, and we are content to support them by every means in our power in the action they are taking. If the negotiations break down, we will be confronted with a situation of unexampled difficulty and danger."

"Do not let us in advance commit ourselves to this method of facing and dealing with such a situation."

AMMUNITION PET HOBBY OF LIBERAL LEADER

Tariff Not the Issue, He Says.
But Munitions of War Are
All Important.

Geoph. Oct. 31.—(By Staff Correspondent Canadian Press)—"Protection or free trade as a matter of fact was not an issue at this time," declared Hon. W. L. Mackenzie King, here to night. The real issue was whether the people intended to allow an anti-government to continue an administration entirely devoid of the basic rights of the people."

The people of South Wellington, said Mr. King, had been wilfully deceived in the matter of their representative. Mr. Guthrie had been chosen as one supposed to stand for Liberal ideals. No doubt he would like to feel worthy of the name of Liberal, but no man who served under such a government as the present one for sixteen months without any man data from the people could be regarded for a moment as in sympathy with Liberal principles."

"The Government was accused by Mr. King of high handed action in the matter of taking over the Grand Trunk Railway without giving Parliament particulars of the deal."

Those Airships

Again and again Mr. King returned to the denunciation of the secrecy with which the country's business was carried on. When he was telling his audience that the government had accepted from Great Britain airships and ships of war without even consulting the people, a voice from the audience enquired: "Don't people ever give presents?"

"The government," retorted Mr. King, "has no right to accept presents which involve large sums for upkeep, without giving the people a chance to say whether they approve of the expense."

Something more than streams and incense would be demanded by the people to explain why large quantities of ammunition were being received from Great Britain in spite of the fact Mr. Guthrie had stated in Parliament that Canada was making at home all ammunition for the militia. Amongst Mr. King were Sam Carter, the local member, and James Murdoch, Liberal nominee for South Toronto.

Trouble Ahead.

"When I was your age," said the stern parent, "I thought nothing of working 12 or 14 hours a day. 'Father,' replied the young man with the enquiring, pressed, forehead, 'I wish to be like you, but I wouldn't mention it.' 'Those' non-sensical sentiments are making you hideously unpopular."—Town Topics.

Plenty of Cases For Police Court

Judge Ritchie will from all indications have a fairly heavy docket to deal with in the Police Court this morning.

Two drunks were arrested yesterday evening and were incarcerated within confines of the station. Fred McInerney will face a charge this morning of behaving improperly on a public street; and Frank Irvine will be charged with operating an automobile while under influence of liquor on St. John street. West James Rath will face a charge here today evening by Lee Schn, of the Ash Hotel, for refusing to pay for a meal; and Robert McFarlane was also handed over to several policemen and will face a charge of being drunk for a meal, destroying property and being intoxicated. Two protectionists found shelter in the police station during the night.

On Dainty Diet of 3-Inch Planks

Five Pests Thrive Immensely;
"It Does Beat All" Says
Prof. Snell.

Providence, R. I., October 31.—Five plant pests that live on diet of three inch planks have been segregated by Professor Walter H. Snell, of the botany department at Brown University, in the course of a special investigation of the causes of rot in the roofs of New England weaver sheds.

The plants are being carefully nurtured at the Brown University laboratory on their favorite varieties of lumber. They are saprophytes, the scientific name for plant vegetarians, and their most vicious member is called *Lenites sepiaria*. Certain woods seem to be naturally antiseptic—woods that are heavy and resinous, like Southern pine, or the red-wood family. For some reason, at present undetermined, *Lenites* does not like them, but they are expensive. The common New England woods can be made unsuitable for *Lenites* by impregnating them with coal tar creosote or sodium fluoride. Unfortunately, coal tar creosote is oily and has an untidy habit of dripping on the cotton cloth below, while sodium fluoride is very expensive.

Dr. Snell reports that he is working on a method of roof construction that will cut down dampness and allow creosote to be used without danger of dripping on the beams below. He succeeded, his investigations may mean a large saving in roof replacement to mill owners.

DON'T EXPECT TOO MUCH FROM ARMS PARLEY

People Warned That the
Coming Meeting is Only a
Conference.

Washington, Oct. 31.—Washington is fast taking on a cosmopolitan atmosphere. Sunday when the first quota of the Japanese and other foreign delegates to the conference arrived, the broad avenues were thronged with people who greeted the visitors with rousing cheers. Flags of the nations the visitors represented floated side by side with the Stars and Stripes. The delegates were met at the station by representatives of the administration and the State Department and were escorted to their respective embassies or the hotels where they are to live, by a troop of Cavalry from Fort Myer, which is the military post of Washington.

The American representatives are all in the city waiting for the opening of the session. The wheels of the conference on limitation of armament will be ready to turn smoothly on the tick of the clock at the appointed hour, Nov. 11. Everyone here is hopeful that good will come of it, but the President and American delegates are trying to make it clear to the people of the country that it is merely a conference that has been called, and that no laying down of arms could possibly follow at once no matter how strongly the conference may advocate a limitation of armament. It is merely the first step towards that end, and is for the purpose of ultimate international limitation in each of the five great nations of the world.

Can Only Take First Step.

The conference can take the first step but the final step can be taken only by the official acts of each of the several governments concerned. In the United States this can be done only by Act of Congress followed by Presidential approval. The President and the delegates fear the people of the country do not fully realize this and that disappointment will follow, even if the conference makes good in the purpose for which it was called.

It is evidently the desire of President Harding and a majority of Congress to bring about a limitation of armament, both in naval and military forces, and to relieve the people of the country from much of the burden of taxation from which they now suffer. They feel cannot be done unless it is an international movement participated in by the five great nations of the world. It was the United States that first proposed a conference and it will be the United States that will take a leading part in bringing foreign nations in a mood to enter upon such an agreement. The United States will come first, as it is much easier to obtain.

While Europe is torn even now by many small wars there is small chance that European countries would consider cutting down the size of their armies, but the American delegates here hope that a move for limitation of naval armament will be well started and also the way paved for future reduction in military armament as well as some sort of settlement regarding the grave questions of the Far East, which the world is now confronted.

That for a time it is intended to get their own version of what takes place at the conference is made clear by the presence here of a great number of foreign newspaper correspondents who will send daily cables to their home papers. Down at the White House this week, when the President's interview with the Press Gallery, three Japanese correspondents were present as accredited representatives of the Press of Japan.

Cong. Rogers, Congressman Rogers of the Fifth Massachusetts district and ranking member of the house committee on foreign affairs said today:

"The coming conference on the limitation of armament is of the utmost importance. We must not expect the impossible from this conference. We must not expect and we should not desire, complete disarmament. Our National safety must always come first. We must reserve and maintain an adequate army and navy. But 'adequacy' depends in a large degree upon the military equipment of the other world powers. We must always have instantly available forces bearing a certain ratio to theirs. Our purpose should be to establish a low common denominator for the armies and navies of the world. Our actual fighting strength must be greatly reduced if other nations will do their part and make agreed and proportionate reductions. But our relative fighting strength must never sink below the standard of safety. A weary world pants for relief. Every God-fearing man in the land should pray that the November conference be crowned with success."

In the exclusive interview Mr. Rogers gave the Express correspondent, he expressed strong hope the conference would prove the first step in world wide reform and elimination of wars.

Sensors Fernald and Hale both expressed a strong hope that the conference would bring about much good, both from an economic and a

AVOID PARTY DIVISIONS ON WORLD POLICY

Premier Urges Rotarians to be
a Unit in Support of Policies
Within Empire.

(Canadian Press Staff Correspondent)
Hamilton, Ont., Oct. 31.—Addressing members of the Rotary Kiwanis and Canadian Clubs in the banquet hall of the Royal Connaught Hotel today, Premier Meighen emphasized the grave importance of avoiding party divisions on matters of empire world policy.

"No worse fate could befall this country than that party divisions should occur in regard to the policy within the Empire," said the Premier. Referring to the policy he pursued at the meeting of Empire Prime Ministers in London, Mr. Meighen expressed the hope that it would be continued, no matter what the result of the election. My only hope," he said, "is that whether I am my own successor or not, the course I followed in London will be continued and that we will have no party divisions regarding it."

Eliminate Class Feeling.

The Premier made a plea for better feeling between all classes. He said, a democracy for class feeling to spring up. Men who were engaged in hard manual work felt a gap between them and those who earned a living more easily. Everything should be done to bridge this gap and the effort of the Government should be to help by placing taxation upon those best able to pay. But the incentive to success must not be removed. "The effort of the soap box orator is always to hold back leaders instead of helping those behind," said Mr. Meighen.

The Premier was introduced by Hon. S. C. Mowbray, who said he was Premier for the right of intellect if nothing else.

To Mr. Meighen was due much of the credit for the coming conference on disarmament at Washington, he said.

Further Reduction In Wages Sydney Steel Employees

Company Orders Ten Per
Cent. Cut Effective Today,
or Closing Down of Mills.

Sydney, N. S., Oct. 31.—A further reduction of 10 per cent affecting all employees of the local steel plant and office was announced by E. P. Merrill, General Manager of the British Empire Steel Corporation here today. Mr. Merrill's formal statement says:

"On Tuesday morning, November 1, 1921, a reduction of approximately 10 per cent in wages shall become effective. The necessity for taking such action is deeply regretted, but as the only alternative is a practically complete suspension of operations, we are reluctantly compelled to reduce the wages."

20 P. C. Cut In January

A wage cut of 20 per cent was made at the local plant on January 17, and a second of 10 per cent on June 5. Company officials state that the minimum wage for a twelve hour day under the new schedule will be \$2.94 to \$3.12. Three hundred men were laid off at the Sydney plant following the completion of the last Government rail order, and approximately 2,500 men are working a three day week.

human standpoint. Senator Fernald added: "It is too early to predict the exact course that will be followed but I have full faith that much good will come of the conference and that it will be the first step towards a lessening of our war burdens and a move towards the prevention of future wars."

Most Ailments Due To One Thing

That is, Impure, Impoverished,
Devitized Blood.

Probably 75 per cent. of the ailments of the human race are due to an abnormal condition of the blood, this, poor, anemic. This fact and the further fact that blood is the life of the body, the source of vitality, the blood, by creating a healthy appetite, aiding digestion, promoting assimilation and thereby securing in all the best food, complete nutrition, must impress the thoughtful with the wisdom of giving this great medicine a good fair trial. ANGLO-JAPAN PACT OUTLIVES ITS USEFULNESS

Northcliffe Says It Is Dominant
Factor Against Unfettered
Negotiations.

London, Oct. 28.—The Anglo-Japanese alliance "undoubtedly is the dominant factor which now prevents an unhindered attempt by Great Britain, Japan and the United States to solve the problems of the Pacific," declared Lord Northcliffe to a Reuters correspondent, who interviewed the noted British publisher in Hong Kong yesterday. The interview was cabled to London today.

According to the correspondent's dispatch, Lord Northcliffe gave as a reason for his opinion that the alliance placed the United States "outside of the very definite arrangements for the control of China."

"During the last two years," the publisher is quoted as having said, "I have been gradually coming to the conclusion that the Anglo-Japanese alliance has a serious disadvantage. It is a factor which prevents the United States from being able to take part in the most varied demands."

The purpose of the Washington conference is to reach a mutual agreement, but the United States is handicapped by its arrangement already made by Japan and Great Britain concerning the control of the Pacific.

"A prolongation of the alliance only serves to irritate public and official opinion in the United States, merely humiliates China and adds nothing to the prestige of Great Britain in Asia."

"It cannot assist in establishing cooperation as a means of helping China out of the present chaos, and it prevents reconciliation of the diverging interests of Japan and the United States. At present China cannot give satisfactory national guarantees, so there is urgent necessity for making

international assistance to China a practical possibility."

"I hold that there can be no solution of the Pacific problems which do not rest on the solid foundation of Anglo-American friendship and cooperation. Unfortunately, the Anglo-Japanese alliance has been prolonged beyond the point where it is understood by the Americans or is liked by the Chinese."

He declared that the "parliament of man" and of the world "was not yet a true parliament of Nations, though it was within it the seeds of future peace cannot serve in its original address here today that American peoples should have better knowledge of each other and of the British-American relations, if a British-American alliance without pledge or compensation a fact."

PLEA FOR UNION GREAT BRITAIN UNITED STATES

"Where These Two Lead the
World Must Follow" De-
clares Dr. Leacock.

Oxford, Eng., Oct. 31.—Dr. Stephen Leacock, head of the department of political economy in McGill University at Montreal, Que., told the members of the British-American Union in an address here today that the British and American peoples should have a better knowledge of each other, maintain more sympathetic personal relations, and that a British-American union, without pledge or compact, is to become a fact.

He declared that the time for a "parliament of man" and "federation of the world" was not yet. "The League of Nations, though it may contain within it the seeds of future concord, cannot serve as a bridge between aggression and injustice," he affirmed. "The principal hope of the world is to be sought in the continued friendship of Britain and America."

"The vast communities of peoples gathered under the British and American flags represent an organization of power easily superior to any force that could conceivably be brought against it. Where these two nations lead the world must follow. Peace and war lie in their hands."

"On the other hand, disagreement between Britain and America spells ruin—not only for themselves but for the world. So great is the power of each that war between them could mean nothing but mutual destruction. Neither could conquer; both must fail."

"The efforts of every honest citizen should be bent toward the maintenance of peaceful relations and mutual understanding. There is no question here of union in the narrower sense, of federation in its organic form. A century and a half ago it might have been. But the page is written and cannot be blotted out."

"But the real form of union there is still ample need of opportunity. The basis is there in a common speech, a common literature and a common tradition. To a great extent the tie of a common descent still holds. The union that is needed is not one that is contrived with pen and ink and written on a scrap of paper, but the union that reflects an understanding and a common purpose, a union of sympathy and not of symbols."

"To my thinking the best and truest means of union is to be sought in enlightenment. Our quarrels in the past have arisen from our lack of knowledge of one another, our inability, through ignorance, to share one another's point of view. For this remedy is better knowledge. The more we can interchange our thoughts the more certain are we of agreement. As far as possible, we should seek to share one another's ideas, through books, through the press, through the drama."

"We should facilitate in every way the sympathetic relations of our great universities. Harvard should come to Oxford, and Oxford to Harvard, should come and sit among the elm trees of Cambridge, in Massachusetts, listening, there should be between Britain and America a constant and perpetual interchange, a sort of tidal ebb and flow, of all that makes for scholarship and literature. Much is already done, but much remains. In business men have long since found out that the personal relation is everything. We must apply the same to our political relations. We must not rely on conclaves of cabinets and congressmen. We must know one another. In the face of such knowledge there will be no British-American union, without bond or pledge or contract, will become a fact."

Landru Accused of Many Murders To Delay Trial

Alleged Slayer of Thirteen
Women Receives 50,000
Pages of Evidence.

Paris, Oct. 31.—Henri-Desire Landru, the French "Bluebeard," has launched another shrewd effort to obtain a three-month delay in connection with the thirteen murder charges which won for him his title as a woman slayer. Although his case is set for trial at Versailles on November 8, it was only last Monday that the judges handed to him 50,000 pages of closely written evidence on which the State relies to send him to the guillotine.

Landru, however, insists he has a right to study the evidence, just as closely as did the judges, who required four months to digest the dossier. He intends to conduct his own defense, although Deputy Giffert will assist him as his legal adviser and is understood to be optimistic regarding the outcome of the trial.

In fact, doubts are growing rapidly

Paying Visit To Grand Divisions

Most Worthy Patriarch National Division Sons of Temperance Delivered Address.

The Most Worthy Patriarch, National Division of the Sons of Temperance of North America, Emil L. G. Hohenthal, who is paying an official visit to the grand divisions of the Maritime Provinces, was in the city last evening and addressed a public meeting in the Prince Edward street church.

R. S. Hennigar presided and Edgar Campbell was on the platform. Mr. Hohenthal gave a most interesting account of his visit to the 14th session of the International Anti-Alcohol Congress, held in Lausanne, Switzerland, 2500 delegates, representing twenty-two countries, were present at the gathering and many subjects of interest to the temperance workers of the world were discussed. After the congress he made a tour of several of the central European countries and was struck by the advanced prohibition which was everywhere manifested, not always by desire but because of force of circumstances, not being able to stand up against the awful waste of liquor and meet competition from other sources.

Loggville, N. B., Oct. 31.—On Friday evening of last week, Mr. and Mrs. George Good were pleasantly surprised when a company of their friends called at their home to celebrate with them their 10th wedding anniversary. Several hours were pleasantly spent, refreshments were served. The visitors left for their homes in the wee sma' hours, leaving behind them a nice assortment of useful gifts.

LOGGVILLE

Loggville, N. B., Oct. 31.—On Friday evening of last week, Mr. and Mrs. George Good were pleasantly surprised when a company of their friends called at their home to celebrate with them their 10th wedding anniversary. Several hours were pleasantly spent, refreshments were served. The visitors left for their homes in the wee sma' hours, leaving behind them a nice assortment of useful gifts.

The Misses Aileen of Ontario, are in town, guests at the home of Mrs. John Crowley.

The many friends of Mrs. W. G. Kelly will regret to learn of her serious illness. Recent report says her condition is slightly improved today. Miss Stella Washburn and Miss Beatrice Washburn have returned from a visit to Blackville relatives.

Miss Clara Kelly of Fredericton, was called home this week on account of the illness of her mother, Mrs. W. G. Kelly.

The supper and concert held in the Temperance Hall on Thursday evening were well patronized, and yielded excellent returns financially. The goodly sum realized goes toward the local fund. The boys are to be congratulated on their success. The suggestions rendered by them, under the direction of their efficient instructor, Mr. Stapleton, were splendid.

Mrs. J. Aileen of Fredericton, is spending this week with relatives here.

Peter Manderson is ill at his home here.

Mrs. William Hierthly, Sr., who spent the summer with Moncton relatives, was in town for a few days, on route to her home in Tabernash.

Mr. and Mrs. Nell Daily, accompanied by Mr. and Mrs. A. L. Babbington, of Dorchester, enjoyed a hunting trip to the North West, last week.

Mrs. Jean Whyte, who has been visiting at the home of her son, John Whyte, has gone to Campbellton, where she will spend a while with relatives.

The October meeting of the Miramichi Hospital Aid was held last week at the home of Mrs. C. J. Blake.

Mrs. Currie of Ferryville is visiting at the home of her parents, Mr. and Mrs. James A. Johnston.

Miss Isla Lewis entertained the Swastika Club on Thursday evening. Last week's meeting of the Ladies' Aid Society was held at the home of Mrs. Frank Manderson.

The little son of Mr. and Mrs. Harry McDonald is ill with pleurisy.

Miss Gladys Johnstone of Moorfield, is spending a while with her parents, Mr. and Mrs. James A. Johnston.

Mrs. Samuel Wasson of New Jersey, recently visited relatives here.

James H. Johnston has been confined to his home for the past week, suffering from the effects of a sprained ankle.

Rotarians Held Happy Meeting

Some Members Masqueraded as Different Types of Opposite Sex as Waitresses.

The local Rotarians held evening at Don's restaurant yesterday evening on the last Monday in each month is held in the evening during the fall and winter months. Numerous decorations typical of Halloween night adorned the tables and room, and the Rotarian spirit was rampant at all times.

The president, Dr. Spangler, presided, and six or seven members of the club masqueraded as different types of the opposite sex in waitresses' costumes acted as waitresses. Two blondes, one brunette, one Scotchman, several brunettes in female attire almost made the "waitresses" unrecognizable among their fellow club members.

Four new members, LeBaron Wilson, James W. James, Fred McFarlane and S. McT. Binton, who were elected at the previous meeting, made their initial appearance. Over ninety per cent. of the total membership was represented at the gathering.

A number of members who displayed considerable frivolity in the celebration of Halloween were assessed for their fun and were called upon to contribute various amounts to the Fines Committee. During the supper several songs and a musical entertainment added to the enjoyment of the occasion.

A. N. Stephen, representing the Bernardos Homes, was elected to the members of the club on the work of the schools throughout the Empire. The address proved to be a very interesting one, and Mr. Stephen pleaded for financial support for this great work.

The club also adopted the revised constitution as promulgated by the Edinburgh convention in June last; and the treasurer presented his budget showing the estimated receipts and expenses for the coming year. A number of questions decided upon was the undertaking of assisting to help the South End improvement League by the sale of membership tickets in that association.

President Spangler announced that next week's meeting will be on Wednesday in view of the fact that Thursday of the coming week is Thanksgiving Day.

SALISBURY

Salisbury, Oct. 31.—Dr. Charles R. Trites, Mrs. Trites and little daughter Barbara, left on Monday by automobile for their home in Liverpool, N. S., after spending a week with the Doctor's parents, Mr. and Mrs. D. L. Trites.

At the regular monthly meeting of the Women's Institute on Wednesday afternoon, it was decided to join with the other societies and arrange a fair to be held December 6th, election day, also the day following for the purpose of raising funds for the Memorial Hall. It is expected that the building will be ready for occupancy by that date.

Mrs. Herbert Trites entertained pleasantly on Wednesday evening at dinner in honor of her guests, Mr. and Mrs. Bell, Mr. and Mrs. Howland, Mr. and Mrs. Fleming.

The members of the Petalodale Dramatic Club under the direction of Mrs. W. H. Folger, who are giving a series of exceptionally fine entertainments, gave their play "Patty Makes Things Hum" at Salisbury on Saturday night, a good sized audience, who expressed much pleasure in the well staged drama. An excellent orchestra of six pieces furnished music for the evening. The play was given at Elgin, Albert County.

Mrs. Rupert Chapman, (nee Miss Ryan), received for the first time since her marriage on Thursday and Friday at the home of her father, Mr. Helen Ryan. The parlors and dining-room were tastefully decorated with ground pine and potted plants. Mrs. Chapman looked charming in white tulle over dress, fastened to the waist with tiny French flowers.

Mrs. Joseph Chapman and Mrs. E. C. Rice received with her, the former in black satin lace trimmed gown; the latter in pink satin. In the dining-room Mrs. S. C. Goggin presided over the tea table. Mrs. H. Wright assisted with the food and luncheon while Miss Gifford, cousin sister of Mrs. Chapman, conducted the guests from the drawing-rooms to the dining room. Little Miss Eileen Rice in a dainty silk frock welcomed the guests at the door.

Mrs. George Jones has arrived home after visiting her sister, Mrs. Hatfield, at John.

Dr. G. W. Fleming attended the funeral of the late Dr. Burnett of Sussex.

Emil L. G. Hohenthal Makes Suggestion

Thinks Canada Should Bring Home Unknown Soldier and Entomb at Ottawa.

Emil L. G. Hohenthal, who placed a flag from the National Division of the Sons of Temperance on the grave of the British unknown soldier in Westminster Abbey, is in the city and last night made a suggestion that Canada bring home one of her unknown soldiers and place his body in the Capital city of the Dominion, as a mark of respect from one of the great self-governing members of the Empire to her sons who fell in the great struggle.

The following is taken from the New York Herald, Paris Edition, September 29th, 1921:—

The Unknown Warrior

A flag representing the banners of Great Britain, the United States, France, Belgium, Italy, and Japan was yesterday laid upon the grave of the Unknown Warrior in Westminster Abbey by Mr. Emil L. G. Hohenthal, Most Worthy Patriarch of the National Division of the Sons of Temperance of North America.

Accompanying the flag was the following message: "This flag is placed here as a tribute to the service, devotion, valor, and sacrifice rendered by Him who is buried here, and to all His associates in this and the Allied Nations, in the name of His Commanders in Arms, members of the Order of Sons of Temperance in Canada and the United States by the Most Worthy Patriarch of the National Division of North America, on this 29th day of September, 1921, the seventy-ninth anniversary of the birth of the Order."

Youth Robbed Norton Resident

When Alphonso Solomon Left the Home of Levi N. Schofield \$75 Also Disappeared.

Levi N. Schofield, of Norton, is mourning the loss of \$75 in cash and the services of a young man who has been working with him for some months on his farm at that place, and the police of this city have been asked to help in locating the missing young man and the money.

On Sunday about noon Mr. and Mrs. Schofield left the young man, Alphonso Solomon, at home while they went to pay a neighborly visit. On their return, about 6.30 that evening they found the place all in darkness and on investigation found that the boy had left taking with him \$75 which was in a purse in the house. While taking care to get the cash he very considerably left the purse behind.

The missing youth is nineteen or twenty years of age, 5 ft. 4 in. in height, weighs about 140 pounds and stout for his height. He has a complexion of dark brown hair and of a decidedly Jewish appearance. So far as known he was wearing dark smoked glasses with tortoise shell rims, light grey suit and grey rain coat, tan shoes and rubbers to match. Had short teeth wide apart in front and carried a knapsack or kit bag. He carried a gun in a pouch and of a decidedly Jewish appearance. Matters Before Common Council

Water and Sewerage Extension—Better Water Service
Wanted on Tower Street.

Water and sewerage extension took up the larger part of the time at the city council meeting yesterday morning. The extension of water service on the West Side and sewers on the East Side being discussed.

Commissioner Jones brought in a recommendation that a trunk sewer be built from Newman Brook to Lansdowne Avenue and it was decided to ask the city engineer to present an estimate of the cost. The commissioner explained that in his opinion this was the only method to overcome the flooding of the properties at the lower end of that street.

With regard to the application of the residents of Tower street, west, for better water service, Commissioner Jones recommended the laying of a six or eight inch main at an estimated cost of between \$2,000 and \$4,000. Action was delayed until Thursday to obtain further information.

Morrison and Newlands wrote asking the city for the return of an amount held back by the city in payment on a contract for the delivery of 10,000 feet of curbing at \$1.05 a foot delivered at the city yards and \$1.10 a foot delivered on the street, for straight curbing and \$1.25 and \$1.50 a foot respectively for circular. He said the firm did not fulfil the contract and in July, 1920, was given an extension of time and an increase of thirty cents a foot but only 4,572 feet of straight and 177 feet of circular stone had been delivered. The city had paid \$5,149.13 and was holding a deposit check of \$200 and \$572.12 or ten per cent. of the amount due. Dr. Frink recommended that the two amounts be returned to Morrison and Newlands and the contract be annulled.

Commissioner Thornton said that he was opposed to this action as it might create a precedent and leave the way open for any person to make a contract and then fail to live up to it without suffering inconvenience. On his amendment it was decided to lay the matter on the table and being down all correspondence relative to it.

On Commissioner Frink's recommendation it was decided to grant the New Brunswick Telephone Co. permission to move two poles in Horsefield street to lay underground laterals, in Horsefield and Charlotte streets and to erect a new pole in Mecklenburg street.

Commissioner Thornton presented an application from the Nova Scotia Sales Co. to establish a gasoline filling station on the vacant lot at the corner of Princess and German streets.

The matter was referred to Commissioner Frink.

Commissioner Frink recommended that permission be granted to John M. Journey to erect an electric sign at his place of business in Union St.

Commissioner Jones said that this sign was already erected and was lighted on Saturday.

Dr. Frink said that he had given Mr. Journey orders not to put the sign up until permission was granted by council.

The recommendation was granted.

As the commissioner of public works was anticipating the paving of the section between Cooper's corner and City road and Prince Edward St. and also the Market Square next year, the Mayor asked Commissioner Jones if he would look into the question of water and sewerage services to see that they were in good shape this fall.

Mr. Jones promised to report on the matter.

Commissioner Bullock said that before Market square was paved a permanent wall should be built along the head of the Market Slip. He said that this would have to be either of concrete or granite. The concrete, he said, was not standing up to the water level, and granite would have to be used at least below highwater. He suggested that the engineer bring in a report on the matter.

No action was taken.

Application For An Injunction

Wish to Restrain Local Inspectors from Keeping
Liquor Seized by Them.

Application for an injunction to restrain the local liquor inspectors from keeping a quantity of liquor seized by them from the Canadian Distributing Co., or from interfering with the same, and also asking for a declaration that the Canadian Distributing Co. may sell liquor, as they had to Pope D. McKinnon, of Bangor, Me., for export use, was made before Mr. Justice Grimmer by Dr. F. R. Taylor, K. C., yesterday.

Dr. W. B. Wallace, K. C., and W. M. Ryan, appeared for the liquor inspectors and asked that the inspectors be not restrained, and also that the matter of the sale be left as a matter of fact for the magistrate to decide.

Judge Grimmer thought that it would be in the best interests of all concerned to have counsel argue the matter before the court of appeal and the case, which resolves itself into a question as to whether a liquor company may sell liquor in the province to an outsider for export sale, will be argued at Prohibition next Tuesday.

A case pending in the police court and which was to have come up yesterday afternoon, in which Percy Hand, manager of the Canadian Distributing Co., is charged with unlawfully selling liquor, was allowed to stand until next Saturday, and will then be further adjourned pending the decision of the superior court.

J. B. Dever appeared for Dr. Taylor and W. M. Ryan for the prosecution.

The two cases developed out of the seizure of a Reo truck laden with liquor by the Customs officials last Thursday. The truck was entered into Canada under a tourist license, and according to the Customs officials was seized because it was being used as a common carrier. Counsel for the Prohibition authorities took the other

Her Long Search Is Now Rewarded

Mrs. Ida Pickett Was Twenty-Five Years Trying to Find Relief—At Last Succeeds.

Mrs. Ida Pickett, 274 South Division St., Buffalo, N. Y., says:

"Twenty-five years is a long time to keep looking for something without finding it, and it's no wonder I almost lost hope. But I finally found what I was hunting—a medicine to relieve me of an awful case of indigestion. Thank goodness my long search for relief, and I now enjoy better health than I have in thirty years."

Bull Elephants Ugly Critters

English Hunter Tells of Exciting Experience in Forest of Uganda.

London, Oct. 31.—A good elephant hunt is told by J. Morewood Dowsett, a well known big game hunter, who has just returned from a hunting trip in South Africa.

He was hunting elephants in Uganda when information was brought him of the whereabouts of a large herd. With a native chief and a house boy, he started to find them.

The party came upon the herd in the forest. Mr. Dowsett got several photographs within 20 yards of the beasts when the chief warned him that they had been "scented" and that the animals were coming for them. Snatching up his rifle, Mr. Dowsett shot and killed the leader, a big bull, and the herd scattered.

While some surrounded their dead leader, many of the beasts stampeded and running the wrong way, Mr. Dowsett was cut off from the party. Re-loading his gun, the hunter dashed off for safety and ran into a big bull elephant which crashed through the brush six yards in front of him.

Trunk aloft, ears extended and trumpeting wildly, the beast rushed at Mr. Dowsett, swept him to the ground with his trunk and turned rapidly in its own length to trample him.

The hunter took a flying dive under the monster's belly, realizing he would then be on the right side of the wind, but the beast turned rapidly around and again tried to trample him. Instead the animal rolled him over and over with its legs and the hunter saw above him the two great tusks as the beast tried to maneuver his body into position and pick him up.

Mr. Dowsett managed to roll behind the animal and get to his feet and make a dash for cover.

To the hunter's relief and surprise the furious beast set off in the opposite direction and disappeared.

Move To Check Pollution of Navigable Rivers

Congress in Resolution Authorizes President to Call International Conference.

Washington, Oct. 31.—A resolution authorizing and requesting the President to call an international conference to consider the constantly increasing pollution of navigable streams from the dumping of oil refuse by steamships, was introduced today by representative Appleby, Republican, New Jersey.

Casting of oil refuse into the sea near the shore line, the resolution set forth has created, "a serious menace, likely to result in fires and destruction of ocean fisheries." The nations controlling and operating ocean shipping would be asked to participate in the conference.

view of the case however, and ordered that the liquor seized on the ground that it was in the possession of an individual and not a common carrier.

MAGIC BAKING POWDER

PRODUCT OF CANADA
MAKES THE WHITEST LIGHTS

MAGIC
BAKING
POWDER
CONTAINS NO ALUM

Magic Baking Powder has been on the market for a long period. Because of the fact that it is superior to any other baking powder on the market, its sales have increased by leaps and bounds.

Sales for year 1920 show an increase of 2362% over sales in year 1905. During the past 24 years it has never failed to meet the exacting requirements of Canadian housewives. Its well earned reputation for purity, quality and economy justifies its being referred to as Canada's perfect baking powder, and it is constantly referred to in that way.

Natural History Coin Exhibition

Two and One Penny Pieces, Coined in Reign of George III., 1797, Added to List.

Much has been said and written of the good, sound, stout, and serviceable articles of handwork, wearing apparel, implements and what-not turned out by our ancestors in the good old days, and great has been the bitter complaint at the flimsy, shoddy, and unreliable substitutes turned out in this more enlightened age. Especially since the beginning of the Great War, have complaints and curses been raised to the high heavens in exasperation at what the long suffering public has been forced to take, or else go without.

A most remarkable example of the thoroughness with which things were made to serve and last in the aforementioned "good old days" may be seen in a coin exhibited shortly to be placed on view in the Natural History Society's museum, namely a two penny and one penny piece, coined in the reign of George III., in the year one thousand, seven hundred and ninety-seven.

The two coins are of copper and weigh two ounces and one ounce respectively. They are considerably larger than a fifty-cent piece, being something over two inches in diameter, and over a quarter of an inch thick. It need hardly be said that such coins were made to last, and they have borne their one hundred and eighty-four years of existence remarkably well. It might be said that the size of the coin gives a relative idea of the superior physique of our forefathers, for truly a race of giants alone could have trafficked with such a large and weighty currency.

Another feature in which the two giant pennies differ from ordinary coins lies in the fact that the letters on them are sunk into the coins, while those on most coins are raised. Examples of the silver and copper coinage of practically all the civilized countries of the world will be shown in the collection shortly to be exhibited in the Natural History Society's museum.

Spellman And O'Brien In Court

Pleaded Not Guilty to Stealing Liquor from Albert Norris With Violence.

A motion for the dismissal, because of lack of evidence was moved by W. M. Ryan in the case of Edward O'Brien and James Thomas Spellman, charged with robbing Albert Norris with violence, when the preliminary hearing was resumed in the police court yesterday afternoon.

Both the accused pleaded not guilty to the charge and after Magistrate Ritchie heard Mr. Ryan's argument, the case was adjourned until next Wednesday, G. Earle Logan, Spellman's counsel, was not present.

Mr. Ryan contended that the evidence adduced, so far as his client O'Brien was concerned, was of such a nature that he should not be committed for trial, for there had been nothing to show that O'Brien had taken part in any assault.

He said it might possibly be said that O'Brien had taken the bottle, but this would constitute a separate offense, that of theft, on which charge the defendant would have the privilege of submitting to the summary jurisdiction of the court.

He said that if the prosecution intended making use of O'Brien's confession, the case resolved itself into a question of theft. If it did not, then it had not produced any evidence implicating either of the accused on any charge.

He further asked the Magistrate to consider the fact that O'Brien had been charged with a major crime, that he had been tried on that charge by two reliable citizens of St. John, and acquitted. It was something new in the annals of law, that a man acquitted of murder should be re-arrested and charged with robbery. Something other than Justice must be behind such a course of action. Mr. Ryan said that what he said in behalf of his client, applied with equal force to Spellman.

Magistrate Ritchie took issue with Mr. Ryan on several points. He was of the opinion that the two should have been jointly indicted for the major crime, as was the custom when he was attorney-general, and he cited a case where he had convicted four men for a robbery committed on King Square, but one of them, Mr. Ryan replied that the cases were not parallel.

WIDESPREAD AND WELL ORGANIZED CONSPIRACY

London, Oct. 31.—(Canadian Press Cable)—Further developments in the alleged widespread and highly organized conspiracy to accumulate arms, ammunition and high explosives for purposes directed against the safety of the realm were brought out in the trial of four persons at Newcastle today.

Miner Joseph a local organizer of the Irish Self Determination League and a self declared member of the Irish Republican Army; Gilbert Barrington, a Roman Catholic school master and secretary of the Tyrone branch of the Irish Self Determination League; and Arnold Margolis, an electrical engineer and his wife, were placed on trial, charged with having possession of high explosives, with intent to endanger life.

Counsel for the prosecution alleges that 52 pounds of high explosives had been stolen recently from a colliery. He omitted the names of his civilian witnesses declaring that witnesses at the last sittings during the prosecution of two members of the Irish Self Determination League, had been subjected to a campaign of intimidation.

Threatened Strike of Truckers In New York Averted

New York, Oct. 31.—The threatened truckers' strike set for tomorrow was averted today when representatives of the merchant truckmen's bureau and the international teamsters' union agreed to continue last year's contract for twelve months with no change in pay or working conditions. The clause permitting either party to cancel their agreement on 30 days' notice was eliminated, the conferees announced.

Head Stuffed By Catarrh or Cold? Use Healing Cream

If your nostrils are clogged, your throat distressed, or your head is ached by any catarrh or a cold, apply a little pure, antiseptic, germ destroy cream into your nostrils. It penetrates through every air passage, soothing inflamed, swollen membranes, and you get instant relief.

How good it feels. Your nostrils are open. Your head is clear. No more sneezing, sniffing, dryness or struggling for breath. Get a small bottle of K's Cream Balm from any drugist. Colds and catarrh yield like magic. Don't stay stuffed up. Relief is sure.

Y.M.C.A. Team Almost Completed for Championship at Moncton November 12th.

The line-up of the Y.M.C.A. team which is to compete in the Dunlop Maritime Five Mile Road Championship has been completed with the exception of one man, those chosen are Norval Lampert, Maritime Five Mile champion, Fred Giggrey, Edwin Yeo, Ronald Thomas, and Herb Wetmore.

The race will be held at Moncton on Saturday the 12th and is open to any relay team of six men in the Maritime Provinces. According to the rule which governs the race, the first team which gets four of its members over the line first, will win the cup. Each man will be obliged to run the full five miles. The Dunlop Co. have placed four shields into competition and have divided the Dominion into four districts, the race for the four trophies will be run off in the different sections on Saturday the 12th.

The local Y.M.C.A. boys feel that their chances of winning the shield are of the very best.

Hermann Sees Ruth Suspended For 1922

Former Chairman of Commission is Positive "Home Run King" Will Get Rest.

That Babe Ruth will be suspended for all next season for his violation of organized baseball rules concerning a world's series player engaging in a barnstorming tour, was the opinion expressed by August Hermann, president of the National Baseball Commission.

"I am positive that Commissioner Landis will not condone Ruth's action to any great extent," said Hermann. "I am sure the player will be suspended and possibly for all of next season. It is certain in my mind that he will not start the season with the Yankees, at any rate."

Makes Big Pay. "Many fans are inclined to support a ball player in any action he may take against the officials and managers," Hermann went on to say. "I think it is no more than fair to call attention to the fact that if it were not for organized ball as conducted today no player could begin to earn the large salaries now paid by the stars."

Ruth Broke Word. "Ruth has given an excuse for his action that he had fulfilled his contract with the Yankees and was under no further obligations to his team until next season."

It is true that his contract expired October 2. If he cared to go on a barnstorming tour at that time instead of taking part in the world series he would have been quite within his agreement that he would not play in an exhibition game after the world's series, and he has not only defied Commissioner Landis, his own club owners and manager, but has also violated his own signed agreement.

ST. JOHN WILL HAVE NEW HOCKEY RINK

Report on Sites Received and One Decided Suitable Will be Secured.

St. John will have a new hockey rink, was the word given out after a conference held in the mayor's office yesterday of the advisory and investigating committees. Mayor Schofield presided. A report on sites was submitted by the investigating committee and after some discussion one was fixed on as suitable and it was decided to procure it. A further report on the cost of a building on this site will be presented at a meeting to be held on Thursday morning.

There were present Frank White, L. S. MacGowan, H. L. Macdonald and Bernard Mooney of the investigating committee, and A. W. Covay, H. G. Ellis, William Vassie, P. W. Thomson and P. P. Starr of the advisory committee. G. G. Hare, city engineer, who is acting in an advisory capacity on technical questions, was also in attendance.

AROUND THE WORLD HIKERS ARRIVED HERE YESTERDAY

CHARLES BURKMAN

Charlie Burkman, who made the successful hike from Halifax to Vancouver early last winter and spring in 149 days, averaging 26 miles a day for the 3,540 miles hike, arrived in the city yesterday afternoon. The two hikers walked from Hampton yesterday morning and will remain in the city until tomorrow noon when they start for Fredericton. They will call on Mayor Schofield to day for his signature and will appear at the Opera House tonight.

So far the hikers have walked 399 miles, stopping at among other places Windsor, New Glasgow, Pictou, Oxford, Springhill Mines, Amherst, Moncton, Sussex and Hampton.

Burkman and Shubley are on a hike round the world. After leaving Fredericton they will walk to Boston, thence to New York and keep on going until they reach San Francisco, California, where they will take a steamer to Australia, walk through that country and take a steamer for Japan. After hiking through China they will tour India, Southern Asia, Europe and the British Isles. They will stop at all important cities, and gather signatures of all important persons they meet during their hike, and when finished will have about 25,000 names.

They expect to be away three years and six months, and intend to average twenty miles a day.

The hikers are in the very best of condition and say they are happy while they walk.

Power Boat Racing Rules Are Changed

Modern Hydroplane Types Will be Eliminated by American Power Boat Assn.

Elimination of the modern hydroplane type of speed boats from the Gold Cup races in 1922, in order to stimulate competition in the event have been agreed upon by the American Power Boat Association. A rule limiting the piston displacements of boats entered for the event at 625 cubic inches, was adopted, to remain in force one year.

Gar Wood, Detroit, who drove his Miss America II, to victory in the Gold Cup this year, suggested the rule revision. Mr. Wood's boat averaged about 80 miles an hour in some of the heats.

Mr. Wood said he thought the new rule would cause many owners of boats of the displacement runabout type to enter next year's races. These craft have an average speed of about forty miles an hour.

The association also changed its ruling in the matter of professionalism. Heretofore, power boatmen who needed for small cash prizes were barred from events under the association's management. The clause placing this restriction on entrants was stricken from the rules.

TOOK TIP FROM FITZ; BARRED IN NEW YORK

The Basketball Players Ready

City League Meets Wednesday to Arrange Schedule—Intermediates Divided.

The final preliminary meeting of the City Basketball League will be held at the Y.M.C.A. next Wednesday night when all the players must be registered and dues paid up. A schedule will then be arranged for the season. It is anticipated that the league will be in swing again by the 16th.

It is doubtful if there will be any girls section of the league this year, the Y.M.C.A. Young Ladies League are not entering a team, and the Y. M. C. I. Girls will not feature in the league this season either.

In the intermediate section, however, because of the number of teams entered, it has been found advisable to divide this section in two, so there will be two intermediate games a week, the champions of each section playing-off for the intermediate championship at the close of the season.

Miss Hollins Is A Real Champion

Chick Evans Says She Drives As Far as a Man — Miss Leitch Marvelous Player.

By CHICK EVANS.

Returning from the British amateur tourney on board the Aquitania last summer, I had an interesting talk with Miss Marion Hollins, who a few weeks ago was returned winner of the women's national championship at Hollywood, N. Y.

At the time of our conversation Miss Cecil Leitch had just beaten Miss Hollins by the narrowest of margins in the British ladies' championship, but Miss Hollins was in no way cast down by this event, and of all the American entrants she made by far the best showing. In any event, to be beaten by Miss Leitch is no disaster, for the British woman champion is a marvelous player. And I may say here that, despite her defeat in America, I believe she is the greatest living woman golfer.

Miss Hollins is a splendid champion and makes warm friends wherever she plays. In the west and middle west she is regarded as one of the few eastern women who mixes well enough to be very popular. Modesty is also one of the attributes of Miss Hollins, and so it was with difficulty that I learned from her that she planned to win the women's national this year—a feat which she has since accomplished.

There was something more than personal glory that prompted her to make this remark, for she added with patriotic feeling that "every American woman golfer should do her utmost to keep the championship cup on the shores of the water." At that time golfing opinion picked Miss Cecil Leitch.

The greatest golfers are beaten at times by plucky players, and that is the reason why results in golf championship are so interesting. I think Mrs. Letts does not have enough encouragement for her game locally, and she deserves the congratulations of the American public on her great victory. When her short game is work-

ing she is perhaps the best player on the green among the women.

For Alexa Stirling I have a deep sympathetic feeling. She has made a great record, for she is very graceful and hits the ball with more rhythm than force. I know just how she felt after she realized she was no longer champion. I hope she felt—as I do—that she lost to a fine player and a fine character and that in the coming years she will be there again, trying harder than ever.

Pitcher Barnes In Need of Weight

All Right Next Year if He Recovers Twenty Pounds Says Bancroft.

Jesse Barnes of the Giants' pitching staff had a queer season. He was off form most of the pennant year, erratic and undependable. He didn't seem able to last through a game. When it came to the world's series, however, he not only lasted through the two in which he took part as a relief pitcher, but did the finest sort of pitching. So much so that the Giants won the series.

The question arises, then, whether Barnes will be able to go on next year with his world's series grade of twirling. The question was put to Dave Bancroft, "Barnes" said the Giants' captain, "always did have one thing, and that was nerve. Which is one reason he helped us out in a pinch against the Yankees."

"He came back from Cuba last spring with a sore arm. He worried over the arm and was twenty pounds under weight all year. Naturally, under those conditions he didn't have the strength and that is why he often failed to last out a game. He worried over his wife's health, too."

"I think he will be all right next year. No reason why he shouldn't be if he gets back his weight and strength. He has gone home for the winter, and that's just the place to get back the weight."

ENGLISH WOMEN WON AT BOSTON

Boston, Oct. 31.—The English women's field hockey team, which has come here to play a series of matches with Greater Boston women's aggregations, today defeated the Boston school of physical education, 22 to 0, at Longwood cricket club.

Many Entries For Garrison Sports

Y.M.C.A. Have Entered Ten and Y.M.C.I. Two for Events Next Monday Night.

The Y. M. C. A. have entered ten men, and the Y. M. C. I. two, in the Garrison Sports to be held on next Monday, Thanksgiving night, at the armories. The Y. M. C. A. will have two relay teams entered for the distance relay race, and in addition they will have Fred Giggrey and Ed. Weeds in the mile, Harry Evans in the shot put, Forest Allen and Arnold Kee in the high jump, Ed. Yeomans in the half mile, G. C. Cunningham in the running broad jump, and Maynard McLean in the 135 lbs wrestling event. McLean holds the provincial wrestling championship for this weight.

The Y. M. C. I. will have Allen McLean entered in the shot put, and Frank Garnet in the sprints, both men have given a good account of themselves in their respective departments in the past, and should prove hard men to beat.

as the very probable winner.

Drives As Far As Evans.

Speaking of Miss Leitch, Marion said: "I drive as far as she does; play as long as I can, do nearly as well on the approach and usually put as well as Miss Leitch." This description of Miss Hollins' playing by herself describes the quality of her golf as well as can be done. Miss Hollins enjoys one advantage, that she is very strong physically, with powerful hands and forearms.

She drives as long a ball as I do usually, although I think I can get more shots straight down the course than she. She has great power in her strokes and gets out of trouble easily. Miss Hollins will be an exceedingly popular champion for she has the most delightful smile for every one whether she is up or down. Indeed, one of the best parts of Miss Hollins' game is her disposition.

All golfers will rejoice that fortune favored Miss Hollins this year, for she is another of those players who have been striving for some years to come through. In personality, skill, appearance and every other standard she is a splendid champion and a great credit to the game.

Mrs. Letts Deserves Much Credit.

And while on the subject of the women's national I want to mention how proud the west, and particularly Chicago, is of Mrs. Letts, who so valiantly withstood the superb play of Miss Leitch. While, of course, it was a great disappointment to Miss Leitch to lose the American championship, nevertheless it was a wonderful thing for the game.

The greatest golfers are beaten at times by plucky players, and that is the reason why results in golf championship are so interesting. I think Mrs. Letts does not have enough encouragement for her game locally, and she deserves the congratulations of the American public on her great victory. When her short game is work-

ing she is perhaps the best player on the green among the women.

For Alexa Stirling I have a deep sympathetic feeling. She has made a great record, for she is very graceful and hits the ball with more rhythm than force. For Alexa Stirling I have a deep sympathetic feeling. She has made a great record, for she is very graceful and hits the ball with more rhythm than force. I know just how she felt after she realized she was no longer champion. I hope she felt—as I do—that she lost to a fine player and a fine character and that in the coming years she will be there again, trying harder than ever.

Ruth In Vaudeville 20 Weeks For \$60,000

Signs Contract With the Keith Circuit—Will Appear in Boston on Monday 7th.

"Babe" Ruth, whose first name is George—if he ever uses it—signed contracts yesterday calling for his appearance for twenty weeks in the B. F. Keith theatres as a vaudeville headliner at a salary of \$3,000 a week, or \$60,000 for the engagement, said to be the highest paid in the business. His engagement is also unusually long for a baseball player. The home run king will open at Keith's Theatre, Boston, on Monday, November 7, and after a few days polishing up in his tryst before opening in Boston. Standing on the Palace stage, trying his voice, he remarked that "the back fence seems an awful long way off."

As Cross was playing in the Davis Theatre, Pittsburgh, last week, Ruth, author Gray and Harry Weber, Ruth's theatrical manager, boarded a train and went to Smoky City to meet Cross to begin work on the act, remaining in Pittsburgh for the rest of the week. Ruth has turned over his home run bats and balls to the Keith management to be exhibited in their theatre for advertising purposes during his engagement. He was represented in the final negotiations by Weber, while the Keith interest was handled by E. F. Albee, circuit, and J. J. Murdoch.

Other baseball stars, of different variety, have been the Keith string. Nick Al Schacht, noted as come diamond, open at Keith Theatre, Brooklyn, this dialogue on the national written by Thomas J. G. breaking in, they will be Keith houses in Manhat

Dunlop Maritime
Five Mile Race

Y.M.C.A. Team Almost Completed for Championship at Moncton November 12th.

The line-up of the Y.M.C.A. team which is to compete in the Dunlop Maritime Five Mile Road Championship has been completed with the exception of one man, those chosen are Norval Lampert, Maritime Five Mile champion, Fred Giggery, Edwin Yeomans, Ronald Thomas, and Herb Wetmore.

The race will be held at Moncton on Saturday the 12th and is open to any relay team of six men in the Maritime Provinces. According to the rule which governs the race, the first team which gets four of its members over the line first, will win the cup. Each man will be obliged to run the full five miles. The Dunlop Co. have placed four shields into competition and have divided the Dunlop into four districts, the race for the four trophies will be run off in the different sections on Saturday the 12th.

The local Y.M.C.A. boys feel that their chances of winning the shield are of the very best.

Hermann Sees Ruth
Suspended For 1922

Former Chairman of Commission is Positive "Home Run King" Will Get Rest.

That Babe Ruth will be suspended for all next season for his violation of organized baseball rules concerning a world's series player engaging in a barnstorming tour, was the opinion expressed by August Hermann, president of the National Baseball Commission.

"I am positive that Commissioner Landis will not condone Ruth's action to any great extent," said Hermann. "I am sure the player will be suspended and possibly for all of next season. It is certain in my mind that he will not start the season with the Yankees, at any rate."

Makes Big Pay.

"Many fans are inclined to support a ball player in any action he may take as against the officials and managers," Hermann went on to say. "I think it is no more than fair to call attention to the fact that if it were not for organized ball as conducted today no player could begin to earn the large salaries now paid to the stars."

Ruth Broke Word.

"Ruth has given an excuse for this action that he had fulfilled his contract with the Yankees and was under no further obligations to his team until next season."

It is true that his contract expired October 2. If he cared to go on a barnstorming tour at that time instead of taking part in the world series he would have been quite within his agreement, that he would not play in an exhibition game after the world's series and he has not only defied Commissioner Landis, his own club owners and manager, but has also violated his own signed agreement.

ST. JOHN WILL HAVE
NEW HOCKEY RINK

Report on Sites Received and One Decided Suitable Will be Secured.

St. John will have a new hockey rink, was the word given out after a conference held in the mayor's office yesterday of the advisory and investigating committees. Mayor Schofield presided. A report on sites was submitted by the investigating committee and after some discussion one was fixed on as suitable and it was decided to proceed to it. A further report on the cost of a building on this site will be presented at a meeting to be held on Thursday morning.

AROUND THE WORLD HIKERS
ARRIVED HERE YESTERDAY

CHARLES BURKMAN

Charles Burkman, who made the successful hike from Halifax to Vancouver early last winter and spring in 143 days, averaging 26 miles a day for the 3,642 miles hike, arrived in the city yesterday afternoon.

Burkman is accompanied by Fred Shubley who won the non-endurance hike from Halifax to Truro, 69 miles. The two hikers walked from Hampton yesterday morning and will remain in the city until tomorrow noon when they start for Fredericton. They will call on Mayor Schofield to day for his signature and will appear at the Opera House tonight.

So far the hikers have walked 390 miles, stopping at among other places Windsor, New Glasgow, Pictou, Oxford, Sprinchill Mines, Amherst, Moncton, Sussex and Hampton.

Burkman and Shubley are on a hike round the world. After leaving Fredericton they will walk to Boston, thence to New York and keep on going until they reach San Francisco, California, where they will take a steamer to Australia, walk through that country and take a steamer for Japan. After hiking through China they will tour India, Southern Asia, Europe and the British Isles. They will stop at all important cities, and gather signatures of all important persons they meet during their hike and when finished will have about 26,000 names.

They expect to be away three years and six months, and intend to average twenty miles a day.

The hikers are in the very best of condition and say they are happy while they walk.

Power Boat Racing
Rules Are Changed

Modern Hydroplane Types Will be Eliminated by American Power Boat Assn.

Elimination of the modern hydroplane type of speed boats from the Gold Cup races in 1922, in order to stimulate competition in the event, have been agreed upon by the American Power Boat Association. A rule limiting the piston displacements of boats entered for the event at 635 cubic inches, was adopted, to remain in force one year.

Gar Wood, Detroit, who drove his Miss America II, to victory in the Gold Cup this year, suggested the rule revision. Mr. Wood's boat averaged about 80 miles an hour in some of the heats.

Mr. Wood said he thought the new rule would cause many owners of boats of the displacement runabout type to enter next year's races. These craft have an average speed of about forty miles an hour.

The association also changed its ruling in the matter of professionalism. Heretofore, power boatmen who raced for small cash prizes were barred from events under the association's management. The clause placing this restriction on entrants was stricken from the rules.

TOOK TIP FROM FITZ;
BARRED IN NEW YORK

Young Bob Fitzsimmons, son of the "old master," cannot box in New York. He refuses to have a manager and the New York rules require it. Young Bob says his father warned him against managers, and that he promised to handle his own affairs when he took up the professional sport.

The Basketball
Players Ready

City League Meets Wednesday to Arrange Schedule—Intermediates Divided.

The final preliminary meeting of the City Basketball League will be held at the Y.M.C.A. next Wednesday night when all the players must be registered and dues paid up. A schedule will then be arranged for the season. It is anticipated that the league will be in swing again by the 15th.

It is doubtful if there will be any girls section of the league this year. The Y.M.C.A. Young Ladies League are not entering a team, and the Y. M. C. I. Girls will not feature in the league this season either.

In the Intermediate section, however, because of the number of teams entered, it has been found advisable to divide this section in two, so there will be two Intermediate games a week, the champions of each section playing off for the Intermediate championship at the close of the season.

Miss Hollins Is
A Real Champion

Chick Evans Says She Drives as Far as a Man—Miss Letich Marvelous Player.

By CHICK EVANS.

Returning from the British amateur tourney on board the Aquitania last summer, I had an interesting talk with Miss Marion Hollins, who a few weeks ago was the winner of the women's national championship at Hollywood, N. J.

At the time of our conversation Miss Cecil Letich had just beaten Miss Hollins by the narrowest of margins in the British ladies' championship, but Miss Hollins was in no way cast down by this event, and of all the American entrants she made by far the best showing.

In any event, to be beaten by Miss Letich is no disaster, for the British women champion is a marvelous player. And I may say here that, despite her defeat in America, I believe she is the greatest living woman golfer.

Miss Hollins is a splendid champion and makes warm friendships wherever she plays. In the west and middle west she is regarded as one of the few eastern women who mixes well enough to be very popular. Modesty is also one of the attributes of Miss Hollins, and so it was with difficulty that I learned from her that she planned to win the women's national this year—a feat which she has since accomplished.

There was something more than personal glory that prompted her to make this remark, for she added with patriotic feeling that "Every American woman golfer should do her utmost to keep the championship cup on this side of the water." At that time golf opinion picked Miss Cecil Letich.

The greatest golfers are beaten at times by plucky players, and that is the reason why results in golf championship are so interesting. I think Mrs. Letich does not have enough encouragement for her game locally, and she deserves the congratulations of the American public on her great victory. When her short game is work-

ing she is perhaps the best player near and on the green among the women.

For Alexa Stirling I have a deep, sympathetic feeling. She has made a great record, for she is very graceful and hits the ball with more rhythm than force. I know just how she felt after she realized she was no longer champion. I hope she felt—as I do—that she lost to a fine player and a fine character and that in the coming years she will be there again, trying harder than ever.

Joe Barnes of the Giants' pitching staff had a queer season. He was off form most of the pennant year, erratic and undependable. He didn't seem able to last through a game. When it came to the world's series, however, he not only lasted through the two in which he took part as a relief pitcher, but did the finest sort of pitching. So much so that the Giants won the series.

The question arises, then, whether Barnes will be able to go next year with his world's series grade of twirling. The question was put to Dave Bancroft, "Barnes," said the Giants' captain, "always did have one thing, and that was nerve. Which is one reason he helped us out in a pinch against the Yankees."

"He came back from Cuba last spring with a sore arm. He worried over the arm and was twenty pounds under weight all year. Naturally, under those conditions he didn't have the strength and that is why he often failed to last out a game. He worried over his wife's health, too."

"I think it will be all right next year. No reason why he shouldn't be if he gets back his weight and strength. He has gone home for the winter, and that's just the place to get back the weight."

WON AT BOSTON

Boston, Oct. 31.—The English women's field hockey team, which has come here to play a series of matches with Greater Boston women's organizations, today defeated the Boston school of physical education, 22 to 0, at Longwood cricket club.

Many Entries For
Garrison Sports

Y.M.C.A. Have Entered Ten and Y.M.C.I. Two for Events Next Monday Night.

The Y. M. C. A. have entered ten men, and the Y. M. C. I. two, in the Garrison Sports to be held on next Monday, Thanksgiving night, at the armories. The Y. M. C. A. will have two relay teams entered for the distance relay race, and in addition they will have Fred Giggery and Ed Woods in the mile, Harry Evans in the shot put, Forest Allen and Arnold Kee in the high jump, Ed Yeoman in the half mile, G. C. Cunningham in the running broad jump, and Maynard McLean in the 135 lbs wrestling event. McLean holds the provincial wrestling championship for this weight.

The Y. M. C. I. will have Allen Melnis entered in the shot put, and Frank Garnet in the sprints, both men have given a good account of themselves in their respective departments in the past, and should prove hard men to beat.

as the very probable winner.

Drives As Far As Evans.

Speaking of Miss Letich, Marion said: "I drive as far as she does, play as long an iron, do nearly as well on the approach and usually put as well as Miss Letich." This description of Miss Hollins' playing by herself describes the quality of her golf as well as can be done. Miss Hollins enjoys one advantage in that she is very strong physically, with powerful hands and forearms.

She drives as long a ball as I do usually, although I think I can get more shots straight down the course than she. She has great power in her strokes and gets out of trouble easily. Miss Hollins will be an exceedingly popular champion for she has the most delightful smile for every one whether she is up or down. Indeed, one of the best parts of Miss Hollins' game is her disposition.

All golfers will rejoice that fortune favored Miss Hollins this year, for she is another of those players who have been striving for some years to come through. In personality, skill, appearance and every other standard she is a splendid champion and a great credit to the game.

Harbor receipts for the month and yesterday were more than \$1,100 less than the receipts for the corresponding month last year. The figures follow: October, 1921, \$3,706.39; October 1920, \$4,888.65.

WORTHY PROMOTION.

W. G. Haslam, Senior Customs and Excise Examiner, has been promoted to the position of Supervisor of Customs and Excise Examiners in the place of the late Thomas Finley. The Collector of Customs received official notification of Mr. Haslam's promotion yesterday.

MEETING DATE CHANGED.

Rev. W. D. Wilson has returned to Fredericton from Moncton, where he met the executive of the N. B. Temperance Alliance. It was decided to change the date of the annual meeting of the Alliance, which is now to be held in the First Baptist Church at Moncton from Nov. 22 to Nov. 24.

FUNERALS.

The funeral of Miss Eva M. Smith was held yesterday afternoon from the residence of her sister, Mrs. Gilmour, 801 Union street, to Fernhill. Rev. J. A. MacKegan conducted service. The funeral of Mrs. Mary Poyer took place yesterday afternoon from her late residence, 24 Cranston avenue to Holy Trinity Church for service by Right Rev. J. J. Walsh. Interment was in the old Catholic cemetery.

RETURNED FROM CONVENTION.

Mrs. George P. Smith returned yesterday afternoon from Montreal, where she attended the triennial meeting of the Women's Auxiliary of the Church of England. She said that there were delegates present from the Yukon to Nova Scotia, the representation being exceptionally large. Mrs. Patterson Hall, Montreal, was re-elected president. Mrs. Alfred Morrissey, who also attended the meeting will remain over in Montreal for a few days.

BOYS' CLUB OPENING.

A feature of the programme at the formal opening of the South End Boys' Club this evening will be the presentation of the Spaulding cup to the Royals, the winners of the league on the South End diamond last summer. It is a very handsome trophy. There will be several addresses, and the German street Y. M. C. A. has consented to provide a musical programme. Boys will now register for the winter, and Directors Allan and Robertson are planning for the winter's activities.

SUCCESSFUL BRIDGE.

The Seven Seas Chapter, I. O. O. F., were hostesses yesterday afternoon at a bridge and supper in the spacious and cosy afternoon suite of the Pythian hall. There were well on to 150 players present and the scene presented, with the pretty costumes of the ladies amidst the tasty surroundings and harmonious decorations, marked this as one of the most successful functions of its kind held in the city. The supper table was trimmed with Hallowe'en decorations.

TREASURER'S REPORT.

At a recent meeting of the central committee of the Renfrew 60th anniversary regatta, the treasurer's account was presented. The account shows total receipts as follows:

Motor Truck Hit Street Car

Dodged from Behind Two Other Trucks and Was Badly Damaged.

What at first appeared to be a very serious accident happened at 6.45 yesterday afternoon when a motor truck drew out from behind two other trucks and started ahead of them striking a street car, 122, coming in the opposite direction.

The force of the impact stopped the street car completely, as it was running slowly at the time, breaking the fender on the car. The motor truck received the greater damage having a front wheel broken, the wind shield smashed, the radiator bent in and the mud guards damaged.

The truck was owned and driven by Murray Parris, who was at first thought to have been badly injured in the collision but luckily escaped with one leg slightly injured.

Enjoyable Time At Memorial Home

Large Number Attended Supper and Dance Under Auspices of Johnston Lodge.

An entertainment which was successful in every way was held yesterday at the Provincial Memorial Home by Johnston Lodge No. 19 L. O. B. A. Supper was served from 5.30 to eight o'clock, to nearly four hundred persons, after which dancing was enjoyed. During supper, a fine programme was given on an Edison Re-creation. The affair was in aid of the Provincial Memorial Home and netted a good sum for this institution.

Mrs. Harry Brown was general convener. Those in charge of tables in the dining room were, Mrs. Lennon, Mrs. Kerr, Mrs. Hayward, Mrs. Stevens, Mrs. Cronk, Mrs. Logan, Mrs. Powers, Mrs. Wamaker, Mrs. Ellingwood, Mrs. Robison, the Misses Baxter, Mrs. Colgan. Assisting with refreshments were, Mrs. William Cummings, Mrs. Carlin, Mrs. McAfee, Mrs. Whelpley, Mrs. Dunlop, Mrs. Stackhouse, Mrs. Cronk, and Mrs. Bridgen. A fancy work table was looked after by Mrs. Harris, Mrs. Parent and Mrs. Cronk.

MASQUERADE HELD IN G. W. V. A. HALL

Winter Dancing Programme Opened Last Evening and Was Thoroughly Enjoyed.

A Hallowe'en Masquerade opened the winter dancing programme in the G. W. V. A. Hall last evening. A very pretty effect was secured by the number of costumed dancers in attendance, and an attractive programme of square and popular dances was much enjoyed to the music furnished by an orchestra. Mrs. Hughes and Miss Paxton were the chaperones and W. B. Stearns, the floor manager. Social dances began to be held in the G. W. V. A. Hall every Wednesday and Friday night through out the winter.

LARGE FREIGHTS FROM UP RIVER

Vegetables and Apples Along With Plenty of Hay Finding Ready Buyers at Boats.

The river boats at the present time are carrying very large freights for this season of the year. Hay and potatoes are moving in fairly large quantities, and hay is selling for about \$23 per ton and potatoes raised in price from \$2.25 to \$2.50. Cabbage are being sold around \$1 a dozen at the boats. Parsnips are selling for 75 cents, per bushel and carrots and beets average \$3 to \$3.25 a barrel.

Early winter apples, which are coming down river in large consignments, such as Fameuse, McIntosh Reds and Bishop Pippins, are selling at the following prices: No. 1's at \$4.50; No. 2's, \$3.50 and No. 3's at \$3.00.

ALL SAINTS DAY.

Today is All Saints Day, and a holy day of obligation in the Catholic Church. Masses will be celebrated in all the Catholic churches throughout the city today, and also tomorrow, All Saints Day, a day that has been especially set aside by the Church for the living to pray for the souls of the dead.

GIRLS' ASSOCIATION.

At the regular meeting of the St. John's (Stone) church Girls' Association, held last evening in the Parish House, plans were made for the annual tea and sale which will be held this month. The president, Miss Edith Skinner, presided, and members served for the outfit which will be a gift to an Indian pupil in a western school.

BUILDING PERMITS.

There were only three permits for the erection of buildings in St. John issued during last month. The new Brunswick Cold Storage Company are erecting a brick addition to their plant on Main street, to cost about \$3,000. The school trustees are erecting a school on Newman street, to cost about \$127,000. George McArthur is erecting a one-story garage at the corner of Germain and Duke streets, to cost about \$3,000.

The total value of the buildings is \$143,800. The total for October, 1921, was \$50,350. The total for the first ten months of this year is \$1,354,300, and for the same months of last year was \$1,354,300.

There were ten permits for repairs issued during the month.

Liberal Executive Again In Session

Discussed Present Political Situation—Labor Party Undecided Course to Follow.

The local members of the executive of the Liberal Association held a meeting in Moose Hall, yesterday evening in reference to the present political situation. J. Fred Belyea presided as chairman, and among the speakers were Hon. W. E. Foster, W. E. Souly, E. J. Hennesberry, C. Owens, Arthur Carten and Arthur Connor. As a result of the refusal of L. A. Governor Pugsley to contest the constituency of St. John-Abert as a candidate on the Liberal ticket, a committee was appointed to consider certain matters and report to the executive. It is probable that a second convention will be held by the Liberal Association to decide the course to be followed, or at any rate, within the next ten days.

Possible Candidates.

Several names have been rumored as possible candidates for the second local nomination of the Liberal party, particularly that of J. Fred Belyea, but nothing of a definite nature has yet developed in this direction. Just what person will be the second Liberal candidate, owing to the refusal of L. A. Governor Pugsley to accept the nomination, is still a matter of conjecture, more or less.

Labor Party's Position.

In regard to the Independent Labor party, there is a possibility of two straight Labor candidates being placed in the field. A prominent officer of that party intimated, however, that in this event the nominees will be understood from their own ranks. It is understood, also, that at the last meeting held on Thursday evening Messrs. Tighe and Campbell were strong suggested as candidates, and both men asked that the matter be allowed to stand in abeyance until the meeting to be held towards the latter part of this week.

At last Thursday's meeting it was stated by several of the speakers that in the event of two candidates not being selected from the ranks of the Labor party, that it would not be advisable to choose candidates who were not actual members of that body. Another statement which was voiced by many of those present was that the Independent Labor party should not support any candidate on the Liberal ticket, in the absence of Labor nominees being in the field, but each member of that party would be at liberty to exercise his franchise as he saw fit.

Sportsmen's Fair Grand Opening

City Cornet Band Rendered Fine Programme in West St. John at Opening.

There was a good attendance at the Sportsmen's Fair which was opened by J. C. Chelsey and Frank White in the Carlton Hotel last evening. The fair will be continued all week, and is being held by the St. John Amateur Bowling Club for the purpose of raising funds sufficient to build a floating boat house, and also to finance athletes to championship events. The booths were all nicely decorated and all of the usual games were in full swing. The City Cornet Band was present and furnished a choice programme of music during the evening. The club is putting up a substantial cash door prize every night, as well as fine prizes to be had at all the games and guessing contests.

St. John has been the home of champions for many years and it is the desire of every true lover of sport to assist the athletes in every manner.

Another good programme has been planned for tonight when it is expected there will be another large attendance.

THE MENTORS' ASSOCIATION

Supper Was Served at Y.M.C.A. by Young Ladies—Start Basketball League.

The Mentors' Association held a meeting last evening, supper being served at the Y. M. C. A. by the Young Ladies' Association. There were eighteen of the Mentors present. The meeting opened with prayer by Rev. P. J. Haslam.

It was decided to start a basketball league in the Tuxis and Trail Rangers. The dates for the first Grand Camp and first Council were set for November 12th and November 26th. It was arranged to have speakers address the camps and conclaves during the season.

CENTRAL BAPTIST Y. P. S. HELD SOCIAL

Large Attendance at Hallowe'en Entertainment—Excellent Programme.

The Young People's Association of the Central Baptist Church enjoyed a jolly Hallowe'en party at the new recreation center on Leinster street, last night. There were between fifty and sixty young people in attendance, and the evening was spent in Hallowe'en games, guessing competitions, and with music. Towards the close of the evening refreshments were served. Miss Helen Bonnet, chairman of the entertainment committee had charge of the programme.

RECEIVED JAIL SENTENCE.

Notice was received at the local office of the C. P. R. yesterday that a man named Richards, who broke into the C. P. R. station at Long Pond, Maine, had been sentenced to serve from one to three years in jail.

No Increase In The Price of Milk

No Change in Price Contemplated by Kings County Producers' Association.

The recent drop in the price of milk feeds, while it may not interest the city housewife directly has nevertheless had one effect which she will be glad to hear about and that is that in all probability there will be no increase in the price of milk and cream this winter.

The Standard yesterday interviewed W. H. Huggard, business manager of the Kings County Milk and Cream Producers' Association, as to what action that body was likely to take in the matter of price, this being the time of year when an increase has usually been put into effect.

Mr. Huggard stated that at the present time no change in the price was contemplated by the Association, due to the drop in the price of feed and unless there was a change in that respect the prices now prevailing would be those charged the dealers all winter.

County Housing Board Meeting

Efforts Made to Sell Houses—One Cash Offer Received—Was Below Fixed Price.

A meeting of the County Housing Board and the special committee of the municipal council, which was appointed to devise some means of getting rid of the houses, was held yesterday afternoon in the office of the county secretary, J. King Kelley, K. C., and had quite a discussion on the affairs of the board. It was reported that efforts had been made to sell the houses, but so far only one viable offer had been received, and that very much below the price fixed by the council, which was \$3,500 and \$4,000, the former figure for the Fairville houses and the latter for the Champlain street buildings.

It was finally resolved that the Housing Board be given thirty days in which to complete a report as to what they recommended should be done with the houses, unless they desire to report sooner.

The meeting then adjourned to meet at the call of the warden. Those present were: Warden Bullock, chairman; Councilors Golding, Schofield, O'Brien, Thornton, Campbell and Mosher and L. W. Simms, Alexander Wilson, J. Murphy and T. K. Sweeney of the Housing Board.

THE YOUNGSTERS HAD GOOD TIME

Free Kindergarten Children Enjoyed Hallowe'en Party in the G. W. V. A. Hall.

Two of the Free Kindergarten schools had a great time yesterday in the G. W. V. A. hall, the central, taught by Miss L. Estey and the Prince Edward, taught by Miss Winnifred Ross. Seventy-five of the kiddies were present, thirty-two from the Prince Edward and thirty-three from the Central.

The teachers were very grateful to Mr. Macrum, secretary of the G. W. V. A. for his kindness in placing the large hall at their disposal. Games and music made the time pass very quickly and all voted their Hallowe'en party a big success.

ATTENDED CONVENTION

Among the arrivals in the city yesterday was W. R. Scriven, senior member of the firm of Scriven Brothers, Halifax, who was on his way to Toronto, Ottawa, Montreal and Boston. While in Toronto he attended the Bakers' Convention at which three thousand bakers were in attendance. He says it was a big assemblage and the arrangements, which were on a large scale were carried through successfully. Mr. Scriven returned to his home in Halifax today or tomorrow.

Social Held In Ludlow St. Church

Programme Under Auspices of Missionary Committee of Y. P. S.

Last evening a very successful and well attended Hallowe'en social was held in Ludlow Street Baptist Church under the auspices of the Missionary Committee of the Young People's Society.

The school room of the church was very prettily decorated in Hallowe'en colors with witches and pumpkins as symbols of the event.

A very pleasing programme was carried out as follows: Singing of Rule Britannia, led by gramophone. The chairman, E. F. Campbell, made a brief address, speaking of Hallowe'en. A solo was rendered by E. Clyde Parsons. Several humorous selections were played on the gramophone, Brother Jones' Sermon and Virginia Judge. A solo "Over the Hill" was sung by Miss Sadie Burke. A guessing contest, entitled a "Cake Walk" was held and was won by Miss Louise Burke. Other games were played after which refreshments were served and the National Anthem sung.

The committee in charge were: Refreshment committee, Mrs. George W. Belyea, Mrs. Clarence Currie, Mrs. A. MacKenney, Mrs. F. Graves, Mrs. Spina, Mrs. Wills of St. David's church with their young lady friends enjoyed a Hallowe'en frolic in the school house last evening. Games and music provided a pleasant evening's programme.

POTATO SHIPMENTS.
