PAYSON'S INDELIBLE INK, for Marking LINEN, SILK, or COTTON, with a Common Pen, without a Preparation.

This link is worthy the ATTENTION OF DEALERS, for the following reasons, viz.:—
CONVENIENCE.—It is so portable, and convenient to use, that many will purchase it who would not use the old kind, on account of the

rouble attending it.

DURABILITY.—In this respect this Ink is fully LEARAGE.—Ink with a preparation is very apt to leak after it has been not up a year or two; and so are also most kinds without a mordant; but this Ink is scarcely more liable to leak than

ommon liquids.—This is wholly avoided, whereas BREAKACE.—This is wholly avoided, whereas here is hardly any thing more liable to break in transportation than the common kind of Indelible FREIGHT. - As this Ink weighs less than one

pound to the dozen, or only one quarter as much as the old kind, the saving in freight is worthy of as the old kind, as consideration.

Humanly speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three-days; and, in six weeks from the time I purchased the Medicines, to the great surprise of all my friends, I was entirely cured, and had increased litten pounds in weight, having taken one box of the Pills and two bottles of the wine.
