THE SEED BUSINESS

To those not acquainted with us, the following facts may prove interesting. We have carried on a Seed Business in this city for fourteen years. We have the largest stock of seeds in the city. Our business has increased year by year, and the largest increase of all was in 1893. For many years we have had the largest stock of seeds in the city. Our business has increased year by year, and the largest increase of all was in 1893. For many years we have had the largest stock of seeds in the city.

Follow the Crowd.

This is a wise rule when buying Seeds. People don't rush to buy poor seeds. They do not crowd to Carter's Seed Store every season because they know the value of the Seeds. This is not "blind" but simple fact. Poor seeds do not do their story when they grow, so do "good" ones. Buy those that have had a good story for years past. They are the best.
