LOCAL HAPPENINGS

Big Hosiery Sale at Swift's.
Weeds about town on vacant lots and in other spots have reached a good height and need cutting. Are there any on your property?

All work and no play makes Jack a dull boy, without a doubt; but less play and more work might help some to brighten up business.

The new stamp act, on cheques comes into force August 1st. Two cent stamps will be required on every \$50 or part thereof.

Monday August 7th has been selected by many towns and villages as their civic holiday. This day would no doubt suit Watford people. What says the Reeve?

The stores are advertising new buttonless underwear. Pahaw! Nothing new about that. The only underwear that has buttons on is the kind that has never been to the laundry.

Mary Pickford's latest and best photoplay "Through The Back Door" which opened last season at the Rialto, New York, at \$2.00, will be shown at the Lyceum next Thursday evening at popular summer prices, 10 and 20 cents. Don't miss it.

Warning is issued by the provincial police to the effect that any person or persons allowing their cattle or horses to graze unattended on the sides of the roads are liable to prosecution. It is pointed out that this practice is one of utmost danger to motorists, especially at night.

Rev. Wilbur R. Williamson, recently returned from China, will preach at the union services of the Cong'l and Methodist churches on Sunday, as follows: 11 a.m. in the Cong'l church; and 7 p.m. in the Methodist church. Everyone should take this opportunity of hearing an old Watford boy.

Instead of giving the employees their summer holidays several at a time the Andrews Wire Works have this year adopted the plan of closing down the entire plant for one week's holiday at the same time. Thus, this week, all hands and the cook are enjoying a well-earned holiday.

Beatrice Pedrick, maid for Mrs. Alex. Elliott, had the misfortune to break her right arm near the wrist on Thursday last while performing her household duties. She was on a step ladder cleaning a window when the ladder slipped and she fell with the above result. The accident will incapacitate her for some time.

We have not yet received any definite advice regarding this year's farm laborers' or harvesters' excursions to the West, but it is expected excursion fares will be named and special trains operated on dates in August, to be announced later, at rates and on conditions similar to those in effect for excursions last year. Indication is that this year the crop will be large and fully as many, if not more, laborers than last year will be required to do the harvesting.

Chain letters are making their appearance, again. Young girls and others are in receipt of copies of a letter, which it is stated was originated by a former U.S. officer, wishing the receiver good luck, and advising that the letter be sent out to nine friends, with a similar wish. On the ninth day, it is claimed, good luck will come to all who do not break the chain. This silly thing has so often been shown up in the newspapers that it seems incredible that there are still people credulous enough to take any stock in it. The place for such letters is in the waste basket.

Miss Jean Nixon, the eleven-year-old daughter of Mr. H. W. Nixon, manager of the local branch of the Sterling Bank, who wrote her entrance examination at St. Thomas this year, obtained the highest number of marks of any candidate writing in the county of Elgin. She also gained honor standing in her music exams at the London Conservatory of Music, making 83 per cent. The Guide-Advocate joins with her friends in congratulations.

The new rector of Watford parish, Rev. J. H. Hosford, M.A., B.D., conducted the services in St. James' church, Brooke; Christ Church, Sutcliffe, and Trinity church, Watford, on Sunday last and preached to good congregations. His sermon in Trinity church was based on the text, "A new heaven and a new earth." (Rev. 21-1) and his forceful message was most attentively listened to and favorably commented on by those who were present at the service.

Attend Swift's Sale this week. The congregation of Trinity church Watford, will meet in the school room on Tuesday, July 25th, at 7:30 p.m. to hold a reception in honor of Rev. J. H. and Mrs. Hosford.

So far people here have kept pretty cool about the American coal strike, but if they don't get the thing settled pretty soon we are going to get very much cooler before the end of the year.

Like "Pollyanna" and "Daddy Long Legs" Mary Pickford plays her wonderful child role in the first part of "Through The Back Door" and fills the early part of the story with good, wholesome rollicking comedy. It will be presented at the Lyceum, Thursday, July 27.

The regular meeting of the W. I. was held at the home of Mrs. W. Willoughby, Tuesday evening, July 11th, the president presiding. Meeting commenced by singing the Maple Leaf and prayer. Minutes of previous meeting read and approved, after the usual business Mrs. Steadman gave a reading on "Our Obligation as Canadian Citizens," which was much appreciated; Miss McCaw also gave a good reading, Mrs. P. J. Dods gave a demonstration on Summer drinks. Ice cream was served by the hostess. Meeting closed by singing the National Anthem. Next meeting at the home of Mrs. J. D. Brown.

T. A. Logan of Watford, believes, says the London Free Press, that a woman pickpocket is at work in London. He came to the city Friday to consult a physician, and while going into the train at the G.T.R. depot was jostled by several women, so much so that he told them not to be in such a hurry, as there was plenty of time for all to board. After the train had started he discovered that his purse, containing \$8 was gone. M. Logan states that he had it only a few minutes before he boarded the train, as he felt in his pocket for it. He believes that one or perhaps more of the women who crowded around him were "dips" and took his purse. The matter has been reported to the police.

TWO PRESENTATIONS
(Burford Advance)

The members of Trinity Church residing in North Burford met at the home of Mr. H. H. Smith, on Monday evening and presented Rev. and Mrs. Hosford with a handsome gold headed umbrella. The presentation was made by Mrs. Jos. Radford, accompanied by an address read by Mr. A. Reading. The evening was spent in music and games, and dainty refreshments were served.

On the same evening the members of Burford Lodge A. F. & A. M. gathered at their Club to bid farewell to their highly esteemed member, Bro. J. H. Hosford and in some tangible manner show their appreciation for many favors he had extended to the members. Wor. Bro. W. F. Miles presented him with a Masonic Apron and a purse of gold. The affair was quite informal but several members availed themselves of the opportunity of expressing regret at the loss of so valuable a member of the Lodge as Mr. Hosford had proven.

A demonstration-lecture course in Home Nursing and First Aid will be held under the auspices of the Brooke Women's Institute. The course consists of eight lessons and will be given each Tuesday and Friday during the month of August. Those passing the exams set will receive a certificate. A small charge will be made to those wishing to take the course, and note book and pencil will be required. First meeting will be held in School No. 5. Anyone wishing to take course please communicate with the secretary.—R. MacLean, Sec.

A letter from the Forest W. C. T. U. was read, at the last meeting of the Forest council, expressing dismay at the increase in cigarette smoking; the loitering of young people on the streets at late hours; the frequenting of the movies and the pool rooms by young people; and the general desecration of the Sabbath, and petitioning the council to appoint a Chief of Police who will see that the law in these respects is carried out.

Reports from all over Lambton indicate one of the finest wheat harvests for a great many years.

In Dover township great damage has been done to wheat crop by the Hessian fly and some fields will not yield five bushels to the acre.

The Cobourg town council has purchased some 3,800 pounds of calcium chloride, which is to be used on the streets this summer instead of oil.

Several farmers in Middlesex county have recently been fined for cruelty to animals. The cruelty consisted in nearly all cases of working horses with shoulders sore from chafing.

The wind storm of Wednesday of last week did considerable damage in some places. In Plympton township the roof was blown off Sifton Eayles' barn and John Sadiers' barn was badly wrecked.

The lake shore as far up as Perch Creek is strewn with logs as a result of a break in the raft containing five million feet of lumber which was consigned to the Sarnia-Cleveland Sawmill Co. It is estimated that 1,500 logs went ashore and employees of the company have been rolling them off the shore into deep water.

NOTE AND COMMENT

The northern watermelon market is likely to be glutted by a shipment of 20,000,000 due within a month from the south.

Recent despatches said peace was in sight in Ireland, but you can't see it today, even though they are using smokeless powder.

With Kil-a-man, Kil-beg, Kil-dare, Kil-kenny and Kil-larney and other provocative names in Ireland, no wonder the slaughter there goes on apace.

Theoretically, of course, women have as much right to preach from the pulpit as men have, but if women go into the pulpits to preach who will sit in the pews to listen?

Ontario will have the best crop in years. This old Province does not make as much noise about its production as the West, but for substance and solidity it is far in the lead.

The invention of the new shell that will pierce any armor plate, which is announced from London, may be followed shortly by the invention of the new armor that will resist any shell.

The decision of the Canadian railways to revert to special weekend rates, excursions, etc., will be welcomed by the public. This is another evidence of return to normal. The railways will profit by the increased traveling habit that will follow.

School boards, banks and industrial institutions may rule against bobbed hair, but their orders do not have much effect. The wearing of the hair long or short should be left to the girls themselves, for in the long run they will have their way anyhow.

Seventy-three preachers have requested to be given an opportunity to preach for a call at St. Andrew's Presbyterian church, Ripley, Ontario. "The gentleman who is selected will have a large and wealthy congregation," writes The Ripley Express. "Doubtless the stipend will be a handsome one."

Montreal L. Presse—A Protestant minister of Ottawa is of the opinion that when women mix in politics they lose their charm. Questions of public interest, he says, belong to the domain of man. Women ought to occupy themselves with the homes and their children, and seek to make family life as agreeable as possible. This declaration ought to be preached, especially in quarters where feminism has recruited its most active partisans.

Everyone reads the "Guide-Advocate Want Column" on page 4.

Crops in general in the United States promise better harvests this year than their average for the last five years, forecasts of the Department of Agriculture indicate. Bumper crops of potatoes and tobacco are promised, and most crops are better than last year. With the exception of wheat, corn and oats, acreages this year run from 1 to 22 percent above those of 1921.

The Quebec Government expects this year a record surplus, notwithstanding that \$3,000,000 extra has been appropriated for special purposes, an extra million has been allotted to education, another million to good roads, and a third towards reduction of debt. Profits from Government sale of liquor will probably be more than five millions.

Stock of the Ford Motor Company of Canada, Limited, is enjoying a boom almost without precedent among the stocks of large industries on the stock exchanges of the United States and Canada. A month ago Canadian Ford stock ranged on the Detroit Stock Exchange at between 320 and 325. Monday afternoon it was quoted at 440 a share.

On an illustration farm in the West, Walter Tact tested out sunflowers as compared with corn for ensilage. The yield of corn was five tons to the acre, and sunflowers seven and one-half tons per acre. The cost of producing the corn was \$4.60 per ton, the sunflowers \$2.92. The sunflowers not only yielded heavily but withstood the early fall frosts much better than the corn.

St. Catharines Standard—Dublin, which, in the days of Grattan's Parliament, was one of the gayest, grandest, and most brilliant of European capitals, and whose historic grandeur and classic architecture were the pride of Ireland, will never be the same again. One thinks of such loss only to marvel at the stark madness, the futile wickedness of those who have visited such destruction upon the Irish nation.

Speaking of Hell, Editor Wesley of the Bruce Herald and Times, goes on to say:—"If there is one spot hotter than another in the great punishment plant we think it will be reserved for those ingrates who take a paper for several years and when approached for payment try to evade coming across by simply marking it refused and sending it back with all the air of injured dignity. Every paper has its quota of this ilk, and old Satan can't shovel coal fast enough to give these rogues their dues."

The interior of the Horticultural Building at Queen's Park will be rearranged this year with a view of making it better for both exhibitors and visitors. The tables in the centre for fruits and flowers will be placed aisle on either side of every table. With the present prospects for a good fruit crop this building should be very attractive this year. Special interest is being taken in the display of flowers and extra editions of the prize list in this department were issued to all prospective exhibitors through the London Horticultural Society. The dates are Sept. 9th to 16th. All information will be given promptly on application to the Secretary, General Offices, London, Ont.

Word comes from large numbers of Ontario rural and urban centres that arrangements have been made for union church services during the summer. It may be that these summer holiday plans will point a way to the continuation of a plan that seems to work admirably as long as they let it.

Japanese buyers are looking to Canada to supply them with rubber footwear for the rainy seasons. Inquiries have been received by the Canadian Department of Trade and Commerce from nearly a score of Japanese import and export firms asking if Canadian manufacturers can supply them with storm rubbers for wear over the boots, and also long rubber boots similar to those worn in Canada. Canadian manufacturers are being advised by the department that there is a good market awaiting their product in Japan if they care to develop business there.

Forest Free Press—The province of Ontario has enacted some queer laws recently. At the races held in Forest last week two men who were selling pools on the races were apprehended by the Provincial Police, taken before the Police Magistrate and heavily fined. On the same day at the races in Windsor the pool sellers put through bets to the amount of some \$58,000, of which \$15,000 went to the Government as a rake-off for the pool-selling privilege. Betting on horse races is all wrong when a little fellow does it, but if done on a large scale and the proceeds divided with the Government it is all right. If you want to gamble do it big and divide with the authorities.

WHAT CAUSES GAS ON THE STOMACH

It is caused by fermenting, sour waste matter in the intestines. This old, foul matter should be thoroughly cleaned out with simple buckthorn bark, glycerine, etc., as mixed in Adler-ika. This acts on BOTH upper and lower bowel, removing old accumulated matter you never thought was in your system. Adler-ika relieves ANY CASE of gas on the stomach. EXCELLENT for sour stomach and chronic constipation. Guards against appendicitis. J. W. McLaren, druggist, Watford.

A COAST PROBLEM

The speaker at the Kiwanis club luncheon a week or so ago in London was Hon. H. Stevens of British Columbia, and he took full advantage of his opportunity to drive home to the west what was going on at the Pacific coast in the way of Oriental domination. He traced the way in which Orientals had gradually worked their way to the control of the fishing business, of the marketing, lumbering and much of the retail trade, showing all the way through that it was neither possible nor desirable for a white to come in competition with them on their low plane of living.

Mr. Stevens also went further and showed that the same thing was taking place in cities all over the Dominion. In Kingston, where he had spoken some years previously a couple of Chinese in a laundry were the curios of the place. Today there were almost 300 of them in that city.

An article in the Veteran, published at Toronto, takes up the same matter in the current issue, and shows that Asiatics are getting a firm hold on the coast province. The birth rate shows something of this development. Take the province of British Columbia.

Year	Births	Japanese Births
1910	5,005	20
1911	5,841	30
1912	8,008	43
1913	11,088	80
1914	10,410	172
1915	9,841	303
1916	9,433	280
1917	9,010	321
1918	10,022	393
1919	11,632	567

The figures show up in another way, viz.: The proportion of Japanese to whites in relation to the birth rate:

1910	1	in	252
1911	1	in	198
1912	1	in	186
1913	1	in	138
1914	1	in	61
1915	1	in	35
1916	1	in	31
1917	1	in	29
1918	1	in	23
1919	1	in	26
1920	1	in	17

These figures give the question an important bearing on the whole trend of Canadian life and development, and show that British Columbia has a problem that the rest of the country does not fully appreciate because the brunt of the invasion has fallen on the Pacific coast.—London Advertiser.

TALLER GIRLS
(Rochester Post-Express)

Few observers will be surprised at the statement of President MacCracken of Vassar that physical education of our girls in the last ten years has had noticeable effects upon their physical measurements. He says that the students at Vassar have gained an inch and a half in height and have increased their girth measurements. That the girls of today are taller than those of but a few years ago, despite the passing popularity within that period for the extremely small girl, is apparent. Tall girls are not so common as they were. The small foot, small hand are not such a source of pride as once they were. Our girls are more active in all exercises involving bodily exertion. They show the benefit of this in their healthier appearance over that of the girls of other years.

We should not, however, take too much satisfaction out of these facts. It is known that nervous affections are still common among young women, and the progress of heart troubles in recent years has not spared them. We have not yet had time to learn whether the health which they now appear to enjoy will bring them greater length of years. We may be glad of their stronger, healthier appearance and hope that it means all that it should.

Rust Defying - Because Hot Galvanized

There's one feature in particular you'll appreciate about Toronto Stable Equipment. It's the only Stable Equipment made in Canada in which the galvanizing thoroughly covers and completely coats the metal and the inside of steel tubes as well. This method makes it absolutely rust defying and proof against strong stable acids for the maximum period—while the method ordinarily used simply applies a surface coating and goes only a short distance inside tubing.

Toronto Stable Equipment will make work easier—keep cattle healthier—bring more profits. Let me explain the many advantages of Toronto Stalls, Bull Pens, Water Bowls and Litter Carriers.

IF FARMERS SHOULD FIX PRICES

A meeting was recently called in a Western town the purpose of which was to discuss measures whereby the farmer can fix the price of his products, upon the principle that as the price of wheat he buys is fixed for him, turn about is fair play. This argument is constantly coming up and has all the appearance of good logic.

The Banner is among those who deplore the fact that farmers in general have never made a profit in their business except through the rise in land values, and that much of this value is now being destroyed by the ever-increasing influences that cheapen the dollar.

Nevertheless the remedy is not the fixing of prices by the farmer or by any other single class. Lincoln said that no man is good enough to govern another without the other's consent. It is so with prices. No class is good enough or wise enough or public-spirited enough to fix the price of its own labors, any more than is the ablest lawyer capable of sitting in judgment upon his own case.

For the farmers to attempt to fix and control the price on foodstuffs means, of course, that they would attempt to secure for themselves the same return for labor that certain aggressive industries have demanded at their peak, plus an income on a heavy investment comparable with commercial rates and plus a managerial return, based, to some extent at least, on that of big business, with a little margin to the good. In other words, they would make their favorite crops exceedingly profitable. This would mean six or eight dollar wheat at least.

This would lead inevitably to over production, for the farmer, being an individualist, does not wait to be employed. Having the land, the sunshine and the rain, he would produce to the limit. But granted that the world could be compelled to pay his price for all it could eat, what would become of the rest of it? The only thing the farmer could do would be to feed it to the hogs, and in this is a great loss.

The only practical control of production from land under a system of fixed prices would be to limit production, and it would take a standing army to keep some five million farmers from raising all they could of the most profitable crop.

And so all such attempts at price control must end where they begin, namely, at this point of departure: The world will spend its money for what it thinks it wants most, but no law of man or God can make it buy more than it can consume or at more cost than it has money to meet.

It may seem in certain instances that organized interests are able to beat this natural law, and they may for a time, but in the end we all come back to it, often with a heavy load of debt and bitter experience such as we are now accumulating. No; the farmers must not be led away by the apparent though abnormal results of organization to be seen on every hand. They must not destroy their organizations by using them for unseemly or impossible purposes.—Ailsa Craig Banner.

A Prime Dressing for Wounds.—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh. m

CHOP STUFF

On Thursday morning of last week George Robinson, of Rodney, who was employed by the Wood Products Company, was instantly killed while oiling the shafting. In leaning over the large pulley his smock caught on a belt, drawing Mr. Robertson onto the shafting, where he was whirled around in the air several times before the engine could be stopped. The main drive shaft being about four feet from the ground, Mr. Robinson struck the ground with his feet digging in to a depth of four feet. His legs were both severed below the knee.

DO YOU WANT to know what you looked like when you were eighteen or twenty years old? Call on **ROBSON, Petrolia**, and make an appointment.

W. H. BROWN
Tinsmithing and Plumbing
WATFORD, ONTARIO

The ratepayers of the township of Thibury West last week voted on a by-law to spend \$40,000 on graveling the roads of that township, and carried the by-law by a vote of 92 to 32. The work will be started soon.

Miss Lillian Field was very pleasantly surprised by the pupils and friends of S.S. No. 2, Metcalfe, where she has taught for the past two years, by receiving from them a most beautiful silver casserole with ivory handles.

James Noonan, aged 37, a farmer of Bedford Township, in Frontenac County, was killed on Wednesday night at seven o'clock by being struck by lightning. He was closing the door of his garage when the fatality occurred. He was unmarried.

Fire broke out about 6.30 p.m. Thursday, in the building formerly known as the old Simpson House, Glencoe, now being occupied by Mr. Vause, shoe repairer. The building was almost destroyed. The cause of the fire is unknown.

About 125 acres have been planted in celery this season in and around what is known as the old Lake Burwell grounds. It is the largest acreage ever put in and the crop, if fair, should yield 200 car loads or thereabouts.

A farmer west of Kingsville had a cat which he gave to a friend seven miles north of Lake Erie. The cat was taken to its new home in a bag. In four days pussy had made the return trip to her old home, looking none the worse for her experience.

On Thursday evening July 6th the young people of S.S. No. 17, Plympton, gathered at the home of Mr. and Mrs. D. Whyte, 16th con., and presented Miss Gladys Whyte, who has been teacher in S.S. 17 for the past four years and who has resigned her position in that section, with a splendid kodak.

Fred Sheppard, 8th con. Bosanquet, has been confined to the house nearly three weeks, the result of an accident which occurred when he was unloading gravel. The horses started and he was caught between the wagon and the whiffletree, and was bruised very badly before the team could be stepped.

John Leslie, a farmer on the 11th concession, Mersea township, Essex Co., was instantly killed by a bolt of lightning while in a field. Mr. Leslie was alone at the time, and his body was found shortly after death by his son Neil. The dead man came to this country a few years ago from Illinois, and was highly respected.

While leading a horse which she had gone out to catch, the animal broke away throwing Mrs. Rebekah Cascadden, of Rathven, to the ground, seriously fracturing one of her hips. It was found necessary to reset the bone on Tuesday and it is believed that it will be six months before she will be able to walk again.

John M. McKenzie, a well-known business man of Forest for many years, mounted a ladder Wednesday to investigate the eaves of his residence, when a rung broke, and, in trying to save himself, the ladder swung and threw him forcibly to the ground. Mr. McKenzie had his left arm broken above the elbow and was cut about the face.

The mysterious death last month of nine young cattle belonging to Wm. Moore, a well-known Shedden farmer, is still unsolved. An analysis of the contents of the stomachs and bladders of two of the dead animals, which were sent to Ottawa, gave no clue to the cause of the death and the Dominion authorities are puzzled to know the nature of the malady.

Howard Fraleigh of Forest who is making a tour of the Old Country writes from Belfast, Ireland, under date of July 1, that during a week's visit in that city he had witnessed no trouble of any kind. He referred to the seizure of the Four Courts building in Dublin where O'Connor tried to hold it against the Free State but said that disturbance was soon quelled.

THE LATE MRS. E. C. SHANNON OF WARWICK

The death of Eliza Carson, relict of the late John Shannon, mention of which was made in last week's Guide-Advocate, took place on Sunday, July 9th, 1922, at her residence, lot 11, con. 3, N.E.R. Warwick, and removed from our midst one of the oldest pioneers in the vicinity.

Mrs. Shannon was born in the county of Tyrone, Ireland, in September 1841, and came to this country over 50 years ago.

In 1873 she was married to John Shannon and with him settled on a farm on the Blind Line of Warwick, where she lived until the time of her death.

Her husband predeceased her sixteen years. She was a faithful and consistent member of the Church of England and for many years was a teacher and earnest worker in the Sunday School of St. Mary's church, Warwick Village.

She was a woman of many fine qualities, a good neighbor, and performed many acts of kindness that will be long cherished by those left behind in the neighborhood of her home.

She leaves to mourn her loss her only daughter, Mrs. George A. Lester, Blind Line, and one sister, Mrs. Mary Brandon, who resides with her daughter, Mrs. James B. Moffit, 6th line, S.E.R.

The funeral took place on Tuesday, July 11th, to St. Mary's church cemetery, the Rev. Murton Shore conducting the services. The pallbearers were Jas. Thompson, Robt. Harper, Sam. McLelland, John McLelland, Stanley Brent and N. Herbert.

DEATH OF MRS. DUNCAN J. McEACHERN

Following a three weeks illness borne with great patience and true Christian fortitude, Bessie McLeay, beloved wife of Mr. Duncan J. McEachern of Alvinston, passed to the great beyond in Victoria Hospital, London, on Sunday, July 16th, in her 56th year.

Mrs. McEachern was the daughter of the late Robert and Catherine McLeay of Warwick Tp., and was born in April 1867. Her early education was received at her home school and at Strathroy Collegiate Institute, after which she taught school for three years.

In 1890 she married D. J. McEachern and for a short time lived on the McEachern homestead, 9th concession, Brooke, after which they moved to the western part of the township, which was then largely in its primeval state, where they carried on the business of farming and lumbering till 1901 when they moved to Alvinston, where Mr. McEachern had purchased a lumber business which he still carries on with his son.

Mrs. McEachern is survived by her husband, one daughter Kate at home and four sons, Robert and Archibald of Alvinston, Keith of Toronto, and Kenneth of Glencoe. Four brothers and three sisters survive her. Donald and Thomas of Warwick, W. D. of Sault Ste. Marie, Mich., and Jas. A., of Sask.; Miss Margaret of Watford; Mrs. H. A. Cook of Toronto; and Mrs. R. Shepherd of Durban, South Africa.

Deceased will be greatly missed in the community. While of a retiring disposition her beautiful Christian character inspired all who came in contact with her. She was a consistent and active member of Guthrie Presbyterian Church, Alvinston, and was always found ready to do what she could for the advancement of Christ's kingdom whether in the Sunday School, Missionary Society or any other of the organizations of the church. She was ever willing to do her share. "For me to live is Christ, to die is gain," may well be said of her.

The funeral was held from her late residence on Tuesday afternoon, July 18th, interment at the Alvinston cemetery. The pall bearers were her four sons and two brothers.

Children Cry FOR FLETCHER'S CASTORIA

FOREST

W. H. McCallum, McLaughlin dealer in this town, will move to Sarnia, the Company having appointed him agent for that city and the townships of Sarnia, Warwick, Bosanquet and Moore.

Miss Nora Snelgrove of the Standard Bank staff of Brighton, accompanied by her friend, Mrs. Hubert Bullock and little daughter, Eva Luella is spending her vacation at the home of her parents, Mr. and Mrs. J. H. Snelgrove.

Mrs. Jonas Zavitz of Brooke, is visiting her sisters, Mrs. James Spearman and Mrs. R. Russell and her brothers James and Chas. Dunlop.

The death occurred at the family residence, Hillsboro, on Wednesday, July 5th, of Charlotte Elizabeth French, beloved wife of John Jones. Deceased had been confined to her bed for about seven weeks, with heart trouble. The late Mrs. Jones was born at Pinehill and 21 years ago June 5th she was united in marriage to Mr. John Jones, who with one daughter Shirley, survives. Two brothers, James of Thedford; John of Ann Arbor, Mich.; and three sisters, Margaret in England; Louise of Leamington and Francis of London, also survive.

John M. MacKenzie, well-known resident of Forest, met with an unfortunate accident Wednesday evening. After the storm he was clearing an eave trough at his house when the ladder gave way, and in the fall his left arm was broken above the elbow.

SIXTY YEARS MARRIED

Mr. and Mrs. Joseph Slaughter of Forest, Celebrate Unusual Event

An event which very rarely occurs in the lives of men and women took place on July 10th, when Mr. and Mrs. Jos. Slaughter, Broadway street, Forest, celebrated the Sixtieth Anniversary of their wedding.

In honor of the event, the sons and daughters, and grandchildren of the aged couple gathered at the home of Mr. and Mrs. Fred Slaughter, 10 con. Bosanquet, and spent a pleasant time together. A sumptuous dinner was served at the conclusion of which Mr. and Mrs. Slaughter were presented with a purse of gold from the members of the family. Master Gerald Fuller, great-grandson, made the presentation. Both Mr. and Mrs. Slaughter were much surprised at the honor shown to them and expressed their thanks to all.

On July 10th, 1862, the marriage of Mr. and Mrs. Slaughter took place at Caledonia, near Hamilton, the Rev. James Black, Presbyterian minister, officiating. Their attendants were Mr. and Mrs. Jas. Slaughter (both deceased) who for many years lived on the 10th con. of Bosanquet. About four years after their marriage they came to Bosanquet settling on the 10th con. where they lived until their retirement from active work and their removal to Forest ten years ago.

Nine children were born to them, all of whom survive with the exception of Sarah who died in 1918. They are Joseph, Edward, and Mrs. Wm. Buchanan of Toronto; George of Stratford; Mrs. C. Weaver of Sarnia; John and Mrs. Jas. Dunlop of Forest, and Fred on the homestead.

Mr. Slaughter is now in his 83rd year, and Mrs. Slaughter in her 80th year, and both are enjoying fairly good health. Their many friends wish them many more years of happy wedded life.

THE LATE FRANCIS KELLY

There passed away on Monday, July 10th, 1922, after a short illness one of Brooke's highest respected residents, Mr. Francis Kelly.

The deceased was the fourth son of Wm. and Charlotte Kelly and was born in Brooke in the year 1848 and with his parents helped to clear the farm on which he lived up to the time of his death.

The late Mr. Kelly is survived by a widow and two daughters, Mrs. John Hawes of Watford and Mrs. Roy McGregor, Brooke, and one brother James, also of Brooke. The funeral took place on Wednesday. Service was conducted by Rev. T. Steadman, Walnut Methodist church, of which deceased was a member. Interment took place in St. James' cemetery. The pallbearers were Mr. Jas. Kelly Sr., Mr. Jas. Kelly Jr., Mr. Dan Kelly, Mr. Wm. Kelly, Mr. Jas. Coke and Mr. Wm. Lucas.

PETROLEA

Arrangements have been made to have the Hon. F. C. Biggs, Minister of Highways, meet the Good Roads delegation of the Petrolia and District Chamber of Commerce that waited on the County Council during the June session. Hon. Biggs will arrive in Petrolia noon, Thursday, August 3rd.

Petrolia may now boast of having one of the most artistic silent policemen in Western Ontario. Citizens were surprised on Tuesday to see a beautiful square cement pedestal with urn on top and "keep to the right" on all sides, placed in the centre of the street on one of Petrolia's dangerous corners, Tank and Petrolia streets.

Little George Regan, 3 year-old son of Mr. and Mrs. Ed. Regan, had the misfortune to break his arm, below the elbow at the boys' circus in Mr. Ed. Rose's barn on Tuesday afternoon. One of the special attractions was the aeroplane flight which was performed by throwing a rope over a beam and tying one end to the boy desiring the sensation, while the other boy pulled him off the floor. It was while little George was in the air that Ronald Previtt, the boy in charge of the act, let the rope go with the above results.

Excitement was at a high pitch on Sunday night of last week when the fire alarm rang about 11.00, summoning the firemen to J. Mattox store, east end. A fire had started in the rear of the building and had gained considerable headway before the alarm was sent in. The fire-fighters were prompt in responding but were unable to check the flames and the store and contents were totally destroyed. The building was a frame structure and the walls are all that remain standing. Mr. and Mrs. Mattox and children had retired shortly before the fire was noticed and on realizing their danger made a dash for the downstairs. To their horror the descent was cut off by the flames and they were compelled to make an exit through the front windows and down the firemen's ladders. It was then learned that the baby had been left in the burning building. The parents realizing their horrible plight cast all dangers aside and made simultaneous ascents up the ladder into the building, much to the anxiety of the spectators. Mrs. Mattox returned with the babe in her arms, followed by Mr. Mattox. The former received severe burns about the arms and hands. The origin of the fire is unknown. The property was partially covered by insurance.

PETROLEA CITIZENS' GIVE INSPECTOR McDOUGALL PURSE

Petrolea, July 16.—A number of citizens met in the council chamber, Saturday evening, to bid farewell to Mr. N. McDougall, public school inspector, who is leaving for Toronto to take a position in the educational department. Mr. G. G. Moncrieff acted as chairman, and after he and several of those present had expressed their high personal regard for Mr. McDougall and their appreciation of his worth as a citizen, Mayor Preston on behalf of the town, the hospital board, chamber of commerce and bowling and curling clubs with which Mr. McDougall had been actively

connected for many years, read a complimentary address, at the close of which George Hay presented him with a well filled purse.

Mrs. McDougall was also kindly remembered with a beautiful bouquet of flowers in a unique brass jardiniere.

Mr. McDougall made a fitting reply, in which he expressed his sincere appreciation for all the kindness and hospitality extended to him and his family during their fifteen years residence in Petrolea.

OBITUARY

The death of Charles M. Fleck of Petrolea removes a well known and highly respected resident of Lambton county.

He was born in Moore Township, on August 13, 1855, and was the son of the late Robt. Fleck and Mary Neal. Deceased had been in ill health for the past few years, but the news of his sudden death came with a shock to his many relatives and friends.

In 1886 Mr. Fleck married Margaret Cole, daughter of the late Wm. Cole, and moved to his farm on 10th line of Moore, where they resided until about two years ago, when they came to Petrolea. The union was blessed with five children, two daughters and three sons, all of whom besides his wife survive as follows: Mrs. E. Allingham, Sarnia township; Mrs. L. Kirk, Conquest, Sask.; William, Clarence and Robert all of Moore township. Besides five brothers, William of New Mexico; Alfred, Sarnia; James, Detroit; Alvin, Washington, D.C.; Walter, Montana, U.S., and two sisters, Mrs. Robt. Jackson, Petrolea, and Mrs. Jas. Smith, Sarnia, remain to mourn his loss.

Mr. Fleck, who was well-known and respected was one of the county's outstanding men in agriculture. It was greatly through his support that the Lambton Corn Growers' Association was organized five years ago, in which he acted in the capacity of president for four years. He was appointed Hon. president of the association for the present year. Deceased always had the farming industry at heart and if any association were organized that would be of benefit to the farmer, it received Mr. Fleck's unlimited support. For the past year he has been on the sales staff of B. P. Corey & Son. He belonged to Oddfellows society. In religion he was a Presbyterian and in Politics a Progressive.

FARMERS HAVE CLEAR MAJORITY IN MANITOBA

Winnipeg, July 19.—Latest returns of Tuesday's election received this morning show that the Farmers' party carried 29 rural seats. This gives them a majority over all in the next Legislature, in which there are 55 seats. In addition they have probably elected B. W. Craig in Winnipeg. Five Liberals and five Conservatives are returned outside of Winnipeg, while here the Conservatives have probably elected two and the Liberals three. The Laborites elected one outside Winnipeg and probably two in this city, while the Independents have four outside of Winnipeg and probably one here. One fusion candidate was elected. The vote in Winnipeg, cast on the proportional representation plan, will not be fully tabulated for two or three days.

CHOLERA INFANTUM

Cholera infantum is one of the fatal ailments of childhood. It is a trouble that comes on suddenly especially during the summer months and unless prompt action is taken the little one may soon be beyond aid. Baby's Own Tablets are an ideal medicine in warding off this trouble. They regulate the bowels, and sweeten the stomach and thus prevent the dreaded summer complaints. They are an absolute safe medicine being guaranteed to contain neither opiates nor narcotics or other harmful drugs. They cannot possibly do harm—they always do good. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

GROWING BOYS AND GIRLS NEED RICH RED BLOOD TO KEEP UP HEALTH AND STRENGTH

It is a mistake to think that anaemia is only a girl's complaint. Girls probably show the effect of weak, watery blood more plainly than boys. But many boys in their teens grow thin and weakly, showing that they have not enough red blood. It is thin and watery. The boy with this condition catches colds and has nervous prostration. The nervous trouble gives both year weary boys and girls. Dr. Williams' Pink Pills and see how soon good appetite returns and the weak boy or languid girl becomes full of activity and high spirits. Mrs. P. Garvey, R.R.No.5, Mono Mills, Ont., tells what this medicine did for her young son. She says:—"Three years ago, my little boy, who was then 11 years old, was very pale and weak, he would take fainting spells and complained of a pain about his heart. One day a lady friend who noticed his rundown condition told me her daughter had been in a similar state and found new strength through Dr. Williams' Pink Pills. I therefore got a supply for my boy, and by the time the first box was used his appetite seemed better, and by the time he had taken half a dozen boxes everyone was surprised at the change in his condition, he was such a fine healthy looking boy. He had grown tall and stout, with no signs of his former run-down condition. I believe Dr. Williams' Pink Pills are unexcelled for anyone weak and run-down."

Dr. Williams' Pink Pills are sold by all medicine dealers or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

Talcum Powder Healthful

Scientists have discovered that Talcum Powder has a beneficial effect upon the skin, particularly when properly borated. It is antiseptic, soothing and healing to sunburned or chafed skin, and is an excellent protection to the face and exposed portions of the body.

It is recommended that Talcum should be used freely by motorists and others who expose themselves to the sun, and as an application to the entire body after the bath, to prevent chafing, prickly heat, etc.

We recommend Nyal Talcum Powders because we know them to be absolutely pure, well borated and delightfully perfumed. We have them in a great variety of odors.

There is only one way to kill all the Flies

This is it—Darken the room as much as possible, close the windows, raise one of the blinds where the sun shines in, about eight inches, place as many Wilson's Fly Pads as possible on plates (properly wetted with water but not flooded) on the window ledge where the light is strong, leave the room closed for two or three hours, then sweep up the flies and burn them. See illustration below. Put the plates away out of the reach of children until required in another room.

NERVOUS AND RUN DOWN

Relieved by Taking Lydia E. Pinkham's Vegetable Compound

Cobourg, Ontario.—"For many years I have had troubles with my nerves and have been in a general run-down condition for some time. I could not do my work half the time because of trouble every month. I was told of Lydia E. Pinkham's Vegetable Compound by friends and advised to try it. It has done me good and I strongly recommend it. Since I have taken it I have been able to do all my own work and I also know my friends who have found it good. You can use these facts as a testimonial."—Mrs. ELLEN FLATTERS, Box 761, Cobourg, Ontario.

Any woman in this condition should take the Vegetable Compound, for it has helped other women and so it should help you.

For nearly fifty years this good old-fashioned root and herb medicine, which contains no narcotics nor harmful drugs, has been the standard medicine for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, irregularities, etc.

Lydia E. Pinkham's Private Text-Book upon "Allments Peculiar to Women" will be sent you free upon request. Write to The Lydia E. Pinkham Medicine Co., Lynn, Mass.

A FEW SMILES

Some New, Some With Only Down on Them, and Some with Whiskers Grey With Age

A self-made, self-satisfied and self-assertive itinerant preacher was expatiating to a college graduate on his own eloquence. "Colleges," he declared, "ain't necessary when a preacher's got a genuine call to the ministry—I'm thankful to say the Lord opened my mouth without education." "That's interesting," returned his hearer. "Come to think of it, something like that happened several thousand years ago, in connection with Balaam, wasn't it?"

An eminent Scottish preacher was trying to explain to an old lady the meaning of the Scriptural expression, "Take up thy bed and walk." He informed her that the bed was simply a mat or rug easily taken up and carried away. "Na, na," was her reply, "I canna believe that. The bed was a regular four-poster. There would be no miracle in walking away wi' a bit 'o' mat or rug on your back."

Johnny had been using some very unparliamentary language, much to his mother's distress.

"Johnny," she cried, "do stop using such dreadful expressions. I can't imagine where you pick them up."

"Well, mother," replied Johnny, "Shakespeare uses them."

"Then don't play with him again," commanded his mother; "he's not a fit companion for you, I'm sure."

Don't overlook the Taxes Judge—You stand convicted of having beaten your wife, I hereby fine you \$3.30.

Culprit—All right, your honor, but why the thirty cents? Judge—That's the amusement tax.

The Truth "James have you whispered today without permission?" "Only wunst."

"Leroy, should James have said wunst?" "No'm; he should have said twict."

Relieved His Mind A traveler who believed himself to be the sole survivor of a shipwreck on a cannibal island hid for days in terror of his life. Dodging from pillar to post he ran into a clump of bushes from which a thin wisp of smoke was rising. His knees knocked together and he lost his breath. Just as he was gathering his remaining strength to flee a voice from the clump remarked, "Why the devil did you play that card?" The "sole" survivor dropped to his knees and devoutly cried, "Thank God, they are Christians!"

Nothing Prepared The Maiden—In the name of Saint George of England, hasten, Sir Knight! Save me!

Sir Knight—Not so fast, lady fair. The reporters have not yet arrived. Besides, there are the serial rights and the motion picture royalties to be considered.

Warned Off. "Why have I never married?" the old bachelor said in reply to a leading question. "Well, once upon a time in a crowd, I trod on a lady's gown. She turned furiously, beginning, 'Sir clumsy brute! Then she smiled sweetly, and said, 'Oh, I beg pardon! I thought you were my husband! No; it really doesn't matter in the least.' And when I came to think it over, I decided that maybe I'd just as well let marriage alone."

Authorities Little Nellie told little Anita what she terms only a fib. Anita—A fib is the same as a story and a story is the same as a lie. Nellie—No, it is not. Anita—Yes, it is, because my father said so, and my father is a professor at the university. Nellie—I don't care if he is. My father is an editor and he knows more about lying than your father.

Better Works Needed Father O'Leary was off to catch the Dublin express and on the way to the station he met the bishop. "Well what's your hurry?" said the bishop. "It's the Dublin express I'm after your lordship," replied Father O'Leary. The bishop pulled out his watch. "Well," he said, "there are seven minutes yet. Let us walk together and both catch it."

They arrived at the station just in time to see the train steaming out. "Do you know I had the greatest faith in that watch, O'Leary," said the bishop. "Yes, my lord," replied O'Leary, "but what is faith without good works?"

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

YANKEE FODDER

A representative in Congress from New England used to tell with glee of a Southerner just home from New England, who said to a friend: "You know those little white round beans?"

"Yes," replied the friend, "the kind we feed to our horses?"

"The very same. Well, do you know, sir, that in Boston the enlightened citizens take those little white round beans, boil them for three or four hours, mix them with molasses, and I know not what other ingredients, bake them and then—what do they do with them?"

"They—" "They eat 'em, sir," interrupted the first Southerner, impressively, "bless me, sir, they eat 'em!"

THE GIRLS OF TODAY

"I love your eyes, your cheeks, so fair." I said to pretty Bess. "I do not like your shade of hair," She said. "It does not match my dress."

I tried that line on Flossie, too. I said "I love your auburn tresses" She said, "I don't believe you do; I think it's just my knee-length dresses."

In sad despair I turned to Kate. I tried her with the same old way. She said, "My boy, you're slightly late— Tomorrow is my wedding day."

Then happily one day I found Myself the heir to riches great. Just after this good news got round, I got a telegram from Kate.

She said "There never was a chap Who could compare with you, dear Bob."

I proudly answered, "Take a nap; Dear girl, I'm wedded to my job."

Then Flossie tried a come-back bold; "Oh, Bob, they say the Royal's gay."

I said in haughty accents cold, "Be on your way, child, on your way."

Bess telephoned a while ago, Something about some classy dance I said, "Those dances bore me so; Besides I have to press my pants."

Oh, sweet was my revenge, I guess But I must go; it's getting late. I've got a date to-night with Bess; To-morrow, Flossie; next night, Kate.

One of the most effective vermifuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the full assurance that they will utterly destroy all worms.

IS THERE ANY NEWS IN YOUR NEIGHBORHOOD? Very often there is an interesting piece of news from almost every section of East Lambton that The Guide-Advocate does not get from any of its able correspondents and some subscribers in that particular section wonder why there is no account of it. The editor of The Guide-Advocate cannot write the news of East Lambton and every school section, town and village in it every week—we must have correspondents forwarding us each week news notes from their own respective communities. There are several sections of the county as yet not thoroughly covered, and we invite all our readers to assist us in making The Guide-Advocate the newest weekly paper in the district. You often know of some interesting items in your section, but just neglect sending them to us. Mark your envelope "Printers' Copy," leave it unsealed, and a one-cent stamp will bring it to this office. Also, sign your name—not for publication, but purely as an evidence of good faith. The Guide-Advocate will also supply you with stationery and stamped envelopes, that you may forward us your news items from week to week. Call at this office phone 11w Watford, or drop a postal giving us your name and address and they will be promptly forwarded.

THE HORRORS OF INDIGESTION

Relieved by "Fruit-a-lives" the Fruit Medicine

Indigestion, Weak Digestion or partial digestion of food, is one of the most serious of present-day complaints—because it is responsible for many serious troubles.

Those who suffer with Indigestion, almost invariably are troubled with Rheumatism, Palpitation of the Heart, Sleeplessness and excessive Nervousness.

"Fruit-a-lives" will always relieve Indigestion because these tablets strengthen the stomach muscles, increase the flow of the digestive juices and correct Constipation, which usually accompanies Indigestion.

BASEBALL

OIL SPRINGS 1st BASEMAN NEARLY STARTS A RIOT

Oil Springs chances of coming somewhere near the top of the league faded out here on Monday evening and the game dwindled down to a fizzle and a walk-away, much to the disgust of the good crowd of fans, who had banked on seeing a good fast game, as Oil Springs had previously thrown the jinx into the local camp and defeated them in both games. "Slim" Millar held them to a finish and the boys practiced base-running throughout the game. Manager Just, who was running the tally box, tells us he doesn't know what the final count was—he run out of figures! But the last entry he has is 22-6. Along towards the end of the torture McDonald, Oil Springs 1st baseman, got so discouraged at wafting the air and striking at Slim's fast balls, he nearly caused a riot by throwing his bat at Watford's "master mind." It was a good opportunity for the locals to call the game.

Nor did Oil Springs go much better on Wednesday evening on their own ground in the return game. It was about the same class of game—entirely one-sided, with the final score 18-6 or somewhere thereabouts.

Big Game With Forest Called Off by Rain

Keen disappointment was felt and expressively registered in the entire district on Monday afternoon when the big rain storm forced the locals to call off the biggest game of the season with Forest. Fans for miles around were planning on seeing this big game and the receipts would undoubtedly have been the best yet. However, as it now stands, it is probable that the game will not be played, as the season is almost over and unless Forest is tied up by some of the other teams and forced to play off with Watford, they decline to give the locals the benefit of the return game. Much indignation is expressed by local fans at the locals being so generous in granting Forest

a game in their own town when the schedule called it for Watford. It remains to be seen whether Forest will pay us back in this way.

Games Next Week

Monday—Waubuno at Watford. Wednesday—Watford at Petrolea. Wednesday, Aug. 2—Petrolea at Watford, completing the schedule.

BALLANTYNE—BARTON

On Tuesday afternoon the home of Mr. and Mrs. James Barton, Downie Township, was the scene of a pretty July wedding, when their daughter, Lila Mary, was married to George Angus Ballantyne, of Orillia.
