Toronto the Greater!

Toronto enters on its greatest year, today. Our city will add 50,000 souls to its population this twelve month, without annexation. With the annexation of what remains in the Township of York south of the Canadian Northern's Ottawa line and everything south of a line 1320 feet north of Eglinton avenue to the Humber, at least 25,000 more will be taken in. These 25,000 are practically in the city now.

The development in the business section down town, of Yonge street to the north, of Over-the-Don, in the great manufacturing and residential section to the northwest, will be of a character to dumfound those who have not watched in detail the march of 1912.

The World was the one paper three years ago to see all this coming and it reads the signs today with a still clearer vision. We had big eyes then; we say to you, have bigger eyes now.

What does the new harbor and the development of industrial sites on Ashbridge's Bay not mean to Toronto?

At least three great modern hotels will be under way, many new financial structures, many factories, many new homes of all degrees of comfort and excellence! We are, as a municipality, beginning to plan for a million people, and we have broken down the barriers that meant congestion!

Sir James Whitney and the legislature must, as we believe they will, give us the necessary municipal powers to grapple with our greater problems. York Township, what of it is left, and the whole front of the Township of Scarborough, and of the Township of Etobicoke, must be put into a metropolitan district with Toronto and governed by a commission.

Everything between Toronto and Hamilton will be moving; also everything from Toronto to Oshawa. It will be one great industrial and business organization. Hamilton will be the right wing. Behind this line of industry and commerce will be a great garden and farming section of highly increased cultivation and production.

The backbone of this throbbing centre of all Canada will be the Province of Ontario, and even more the great Canadian West. Some day it may be the seat of the empire! Let us therefore have the civic pride—no, rather let us have the spirit of public service in our hearts, and still greater things will come to us!

Faith in Toronto, in Canada, in our British citizenship, will do most of it; and a determination to seek the benefit of the many and not the few will make this the most modern, and the most prosperous territory on the face of the earth!

Let us all shake hands, from the far bounds of Hamilton to the far bounds of Oshawa!

My wish for you. IT IS TRUE THAT, BY THIS TENDRANCE OF MY HOPE AND WISH, I MAY NOT STRENGTHEN EITHER... STILL - THAT YOU MAY BE ASSURED THAT I, WITH ALL MY HEART, IN VERY TRUTH DO PRAY THAT, IN THE YEAR NOW DRIFTING US-WARD, YOU MAY HAVE GREATER SHARE OF THIS WORLD'S GOODS - AND INCREASED JOY OF LIFE - I ASK THAT YOU WILL TAKE THESE WORDS OF MINE AS MEANING - IN THEIR ESSENCE - THAT MY PRAYER IS THAT THE COMING YEAR MAY DAWN FOR YOU - AND BE FULFILLED WITH EVERY EARTHLY HAPPINESS. G.T.B.

THREE CANADIANS KNIGHTED SIR JAMES WHITNEY HONORED

Sir John S. Willison.

J. S. Willison, Hon. Auguste Angers and Frederick Taylor Receive Knighthood, While Premiers of Ontario and Newfoundland Are Now K.C.M.G.'s - Other Canadians in New Year's List.

Canadians Honored Sir James Whitney, premier of Ontario, K.C.M.G. Sir Edward Morris, premier of Newfoundland, K.C.M.G. John Stephen Willison, K.B. Toronto. Hon. Auguste Real Angers, K.B. Montreal. Frederick William Taylor, K.B. London. Eng., manager Bank of Montreal. Lieut.-Col. William Patrick Anderson, chief engineer department marine and fisheries, C.M.G. Major Zachary Taylor Wood, assistant commissioner, N. W. M. P. C. M. G. John C. McRae, late chief of police, Winnipeg, King's police medal. William Patrick Traynor, police department, Winnipeg, King's police medal. Hugh Brown, police department, Winnipeg, King's police medal.

LITTLE PROGRESS IN DIRECTION OF PEACE

End of Year Finds Situation in Near East Beclouded, European Powers Being Disinclined to Support Demands of Allies, Who Are Threatened With Split.

LONDON, Dec. 31.—(C. A. P.)—Among the New Year's honors which will be published tomorrow are the following: K. C. M. G.'s: Sir James Whitney, premier of Ontario; Sir Edward Patrick Morris, premier of Newfoundland. C. M. G.'s: Lt.-Col. William Patrick Anderson, department of marine and fisheries, Ottawa; Zachary Taylor Wood, Northwest Mounted Police; George Thomas Allen, secretary-treasurer of the Australian Commonwealth; Hon. T. Quinlan, late Speaker of the Western Australia Legislative Assembly; Leonard Stowe, clerk of the New Zealand Parliament.

King's police medal: John C. McRae, late chief of police of Winnipeg; William Patrick Traynor and Hugh Brown of the police department, Winnipeg.

Knights bachelors: John Stephen Willison, Toronto; Hon. Auguste Real Angers, Montreal, and Frederick William Taylor, London manager Bank of Montreal.

SOME DISAPPOINTMENT. LONDON, Dec. 31.—(Can. Press.)—The New Year's list of honors issued tonight, according to custom, proved disappointing. Two peerages, seven baronetcies and 18 knighthoods are conferred. Government officials, manufacturers and merchants almost monopolize the rewards. The stage, literature and art were entirely ignored.

The Liberal government has been criticized so sharply for having previously inflated the peerage, while professing to be extremely democratic, that it caused no surprise that only two additions were made to the list, those being Sir George Sydney Clark, a distinguished Indian official, and Sir George Kemp, a wealthy M.P., whose selection is considered remarkable because he recently resigned his seat on the ground that he was unable to support home rule.

Vice-Admiral Sir Percy Scott received a baronetcy as a reward for his successful work in improving the gunnery of the navy, for which he

BRUTAL ASSAULT BY TWO ROBBERS

Visitor's Left Leg Broken by Kick and He Was Almost Dead When Found.

After being so brutally assaulted that his left leg was broken and his face battered and bruised, Archibald McIntyre, aged about 27, was robbed of \$65 in the G.T.R. Simcoe street freight yards last night. The young man was found, almost buried in mud, by an employee of the Homes' Electric Signal Company, about 8:30.

Big Hotel Project.

The biggest hotel project in town is rapidly shaping up toward a definite announcement. The plans have come to a head within the last week. Sketches have been made by New York architects and the drawings are in their local office. The building will cost three millions or more and run sixteen stories high, with ground space larger than anything in the hotel line so far proposed.

MUCH REVELRY IN RESTAURANTS

Scores of Diners Saw New Year in While Enjoying Hospitality of Hotels and Cafes.

Everywhere in the downtown hotels it was the same story. As midnight came nobody had his own table. There was visiting about from party to party, and the wish of happiness and prosperity for the new year seemed to come as freely to the stranger as to the old acquaintance, tho, perhaps, not quite so heartily as to the friends. Somehow or other, there was a popping of corks in some places, despite the hour and the regulation, but no one will say just where this was to be heard or seen. Certain it is that many wishing to assure themselves of the said popping went rather to Montreal and Buffalo instead of remaining in Toronto.

At the King Edward, the Prince George, the Woodbine, the Queen's, the Walker, the Bay Tree, Krussman's, McConkey's, and, in fact, all downtown eating places, revelry was the note of the hour. And if the good will went with the good wish there was no lack. It was Toronto's biggest New Year's eve in restaurant and cafe. There were more people than at any time heretofore, and there was at least some measure of the attendant show which marks the occasion in the larger American cities. And if there was less noise than in some places, perhaps there was more real enthusiasm.

GUELPH COUNCIL ORDERS INQUIRY

Charges Against Chief of Police and Health Department Will Be Probed.

GUELPH, Dec. 31.—(Special.)—At a special meeting of the city council tonight it was decided that the charges and petitions sent to the city council a week ago, and which were held over pending legal advice, be proceeded with. The charges against the chief of police and also against the health department officials were referred sent in to Judge Jamieson, minor judge of the County of Wellington, to be fully investigated. The charges made against the manner in which the law was being administered by the various officials of the county was not dealt with, it being the opinion of the city solicitor that the city council had not the power to deal with them as federal and provincial officials were referred upon. It is understood that Mr. W. M. Robinson, who fathered the charges against the health department officials, is not anxious to push the charges, and there may be no investigation held into that department. On the other hand, it is said that the charges against the chief of police will be pushed to the limit.

PARCELS POST INAUGURATED

Postmaster-General of United States Mailed First Package on First Second of the New Year.

WASHINGTON, Jan. 1.—(Can. Press.)—As the clock ticked off the first second of 1913, Postmaster-General Hitchcock inaugurated a new era in the American postal service by depositing in the Washington postoffice the first package to be entrusted to the domestic parcel post service. The strokes of the last hour of 1912 were dying away when the postmaster stepped to the window under the newly-painted inscription, "Parcel Post Packages," and handed in the official "first package." At the same moment the parcels post service was opened for business in every postoffice in the United States. Postmaster-General Hitchcock's package contained a silver loving cup enclosed in a stout box, addressed to E. M. Morgan, postmaster of the City of New York. After it has made its journey to New York it will be sent back to Washington to be engraved and preserved in the national museum to commemorate the inauguration of the parcels post service.

### STRIKERS CAUSE LIVELY RIOTING

Number of Arrests of Garment Workers in New York—They Threaten to Extend Strike.

NEW YORK, Dec. 31.—(Can. Press.)—Several lively riots and a number of arrests today marked the strike of the garment workers. The most serious trouble was at the factory of Smith, Gray & Co., in Williamsburg, where the

police reserves had to be called out to drive away five or six hundred men and women who tried to storm the buildings.

The strikers advanced from four directions and started to climb the fire escapes to reach the 260 loyal employees on the top floor. A few who succeeded in entering, were met by a squad of clerks and for nearly an hour the fight was waged both inside and outside the building. The employees on the upper floor helped the police by raining missiles upon the heads of the attacking party. Four policemen who bore the brunt of the attack, were badly injured. The strikers held several conferences during the day and declared they would accept no compromise. They threatened to extend the strike to other cities if their demands are not satisfied.

## DRINK HABIT CURED IN THREE DAYS

Each time you look upon a wreck of manhood staggering along the street, it is with pity, each time you see a gently born and reared woman reduced to poverty and low because she married a drinking man, there is compassion in your heart. But you should stop and THINK! Haven't you a liquor drinker in your own family right now? His may be considered a "moderate" drinker, and you may believe that he will continue to drink moderately, but in that you are mistaken. Daily, the alcoholic poison is accumulating in his system—it creeps out through the nerves for more and MORE alcohol. Soon, mentally and physically weakened, socially and financially ruined, he will be looked upon just as any other drunkard is looked upon. Now, RIGHT NOW, is the time to have him cured.

### The Gatlin Treatment "Safe, Because it Contains No Poisons."

The Gatlin treatment will cure any drinker—any drunkard—in three days. It will restore his will-power, his manhood, his normal brain-strength—it will cause him to regard drunkards as sober men now regard liquor, and it will do away with craving, desire, physical and nerve-demand for liquor.

### NO HYPODERMIC INJECTIONS

The Gatlin treatment is internal. The absence of hypodermic injections, substitutive stimulants, poisonous drugs, renders it a safe treatment to take. There can be no bad after-effects. It would not harm a child.

The Gatlin Institute accepts all patients under a plain, written contract to cure in three days—to cure satisfactorily—or the fee paid will be refunded on leaving the institute. Eleven years' experience and practically unlimited capital are back of the Gatlin Institute.

Call or write, telephone or telegraph for book of particulars and other information.

### A. O. U. W. CANNOT RAISE RATES

Divisional Court Refuses Permission to Grand Lodge to Increase Assessment Fees.

The divisional court at Osgoode Hall, composed of Chief Justice Mulock, Mr. Justice Clute and Mr. Justice Sutherland, delivered judgment yesterday, whereby the grand lodge of the A. O. U. W. is permanently, or until the time of the regular meeting in March, 1913, restrained from increasing their assessment rates, on the ground that the vote was not proper and that no notice as provided by the constitution had been given.

The case will never come to trial, owing to the fact that when the appeal from the judgment of Mr. Justice Riddell, came up for hearing, the motion was, with the consent of both parties, changed to a motion for judgment. The grand lodge must pay the costs both in the divisional and the lower court.

Chief Justice Mulock said: "The change proposed by the Mills amendment is a most material change. In fact, it is difficult to imagine any alteration in this compact that might have more serious results than would one affecting the assessment rates, and I cannot consent to Mr. Johnstone's contention that they may be changed at the mere will of the grand lodge, without previous notice to the subordinate lodges."

### KING EDWARD MEMORIAL FUND

Working Boys Contribute One Dollar Towards This Worthy Cause.

Yesterday's subscriptions to the King Edward Memorial Fund for Consumptives added \$6132 to the large amount now in hand toward the completion of the full sum of one million dollars. The spirit which animates the gifts is illustrated in the contribution of \$7 from the boys of the Working Boys' Home in Toronto, and this small donation, given with a cheerful heart from the meagre earnings of the lads, is appreciated to the full by the trustees of the National Sanitarium Association. The same widespread spirit is expected to roll up a good majority today for the bazaar providing for a civic grant of \$200,000 to the fund. The subscriptions received yesterday were:

### TREATY WITH RUSSIA EXPIRED WITH YEAR

United States Failed to Adjust Serious Differences—Administrative Orders Will Govern Relations.

WASHINGTON, Dec. 31.—(Can. Press.)—The expiration at midnight of the treaty of trade and commerce between America and Russia, marking as it does a complete failure of diplomacy to adjust grave issues between the two countries, throws upon the administrative and judicial officials of the governments the whole burden of the maintenance of the traditional friendly relations between the two countries. The refusal to conserve a rapidly growing trade, already amounting to over \$50,000,000 annually. The treaty, which had been in effect since 1832, was denounced by the United States as a result of popular feeling against Russia's refusal to recognize passports issued to American Jews. No negotiations likely to result in a new treaty are in progress. The conditions that will hereafter govern must exist solely by administrative orders, and thru the exercise of powers common to all nations under international law. Officials in Washington are convinced that most of the privileges provided for in the denounce treaty will continue to be enjoyed by the citizens of the two countries under the broad principles of international law.

V. C. leads the colleges of the mother country in the practical training of students.

## \$30,000.00 High Grade Furs must go from Over-Stock

THIS statement admits of an error in judgment. We have overbought. Thirty thousand dollars' worth of furs must be sold now, from our regular stock, to bring our business into a better adjustment.

We are not over-stocked in any one line. We are over-stocked all through the house in our regular line of high grade, genuine new season furs, fur garments, sets, neckpieces, muffs and fur-lined coats.

We are not quoting prices in print for the reason that the list is too extensive. But we make the statement that the price reductions are greater throughout than has ever been advertised to retail shoppers in the history of Toronto.

Beginning Thursday, January Second, we will inaugurate a 30 day sale to dispose of \$30,000 worth of exclusively high grade furs. There will be thirty days of an undisguised sacrifice of prices—in which time we intend to accomplish a levelling up of our stock.

### HOW TO BUY FURS:

It is well worth the while of every shopper intending to purchase a garment or piece of fur to visit several furriers and examine their stocks. In this way a person who is not familiar with fur values will finally make a good selection. This method of making comparison is, we believe, usual with our customers, and we invite them to thoroughly criticize our prices, styles and quality of material and workmanship. We do not expect a visitor to our showrooms to make a purchase unless they are perfectly satisfied they are obtaining a better value than is possible elsewhere.

### OUT-OF-TOWN SHOPPERS

If those who cannot visit our showrooms will mail us a description of the article required we will send full price and quality particulars, and ship on their order and subject to their satisfaction.

### GUARANTEE

### P. R. MALLON DEAD.

WASHINGTON, D. C., Dec. 31.—Following a brief illness, Patrick R. Mallon, formerly of North Evans N. Y., died yesterday at his residence, 481 New Jersey avenue southeast. He suffered a heart attack last August, from which he was unable to wholly recover, and a second attack ten days ago resulted in his death.

Mr. Mallon was born near Toronto, Canada, in 1837, removing at an early age to Buffalo, N. Y., where his father and brothers engaged in business. In 1858 the family removed to North Evans, and in 1868 Mr. Mallon married Miss Carrie L. Morsman, daughter of William H. Morsman of the Poplars. He was actively interested in politics and took a prominent part in the presidential campaign of 1888. In 1891 he removed with his family to Washington.

## PLATINUM'S RISE TO HIGH VALUES

Has Gone Up From Very Low Figure to Twice the Price of Gold in Few Short Years.

The steady accelerating scientific progress of the last century has been aided not only by the invention of new instruments and facilities for research, but, to a surprising extent by the discovery and utilization of natural materials. A hundred years ago the most precious of our useful metals of today was little more than a troublesome nuisance of the gold miner. In a Franklin Institute paper, Harry F. Keller traces the first reference to platinum to a Spanish work of 1743, and early in the nineteenth century it was just coming into use for crucibles, retorts, etc., for which its infusibility and resistance to active chemicals gave it unique fitness. So important to the chemist were these properties that Liebig declared in 1844 that without platinum the composition of most of the mineral species would be still unknown. Yet the need

for the metal was fairly met until within the last two or three decades, in which time the demand has enormously increased, and is now made far greater than the supply by special manufacturing uses—particularly within the last ten years, for jewelry. In 1902 about fifty per cent of the platinum of commerce was used for dental work, thirty per cent for electrical and chemical industries, and twenty per cent for electrical manufactures and jewelry. In 1819 Humboldt found platinum worth about \$8 a lb. at the Colombia mines; in 1837 the market price was about \$25 a pound, and \$40 in 1877; in 1902 platinum ingots were quoted at \$18 per troy ounce; in 1906 at \$20.50 (about the value of gold), and early in 1912, at \$45.50 per ounce. Of the world's production of 236,552 ounces in 1910, Russia supplied 275,000, the remainder coming from Colombia, California, Canada and a few other localities.

### WESTERN BUBBLE TO BURST?

LONDON, Dec. 31.—(C.A.P.)—The Fortnightly Review has an outspoken article on the Canadian real estate business. "In Calgary alone," it says, "are six hundred agents. No doubt the volume of legitimate transactions is very large, but the rest is a sheer lottery. A gigantic bubble has been blown in Western Canada, which it is perfectly certain will share the fate of others." The writer declares that town values are at a wholly fictitious standard.

## LOST HIS ACTION.

Phillip Davenport Did Not Look Before Stepping to Avoid.

By stepping in front of a passing taxicab near the St. Charles Hotel on Nov. 11, 1911, Phillip Davenport, of 225 Margaret-street, was knocked unconscious, lost three teeth and part of his scalp, and suffered such a severe nervous shock that his head is still aching. For these inconveniences he thought that he was entitled to unstated damages. Accordingly he brought action against the Vernal Motor Co., the owners of the taxi. However, as he had neglected to look up the street before stepping off the curb, the jury, after a three-hour session, decided the case against him. The case was tried before Judge Denton J. C. Thurston, K.C., acted for the defendants, and C. C. Robinson for the plaintiff.

## Alaskan Boundary Completely Marked

Canadians Planted a Chain of Bronze Monuments on Line Surveyed by Americans.

The last of the long chain of bronze monuments that mark the Alaskan boundary between the United States and Canada in as straight a line as the broad red line that is ruled up the map was planted this past summer within a few feet of the Arctic ocean, at the land end of the 141st meridian, nine miles east of Demarcation Point and 40 miles west of Herschel Island. The joint Canadian-American boundary survey parties have completed their survey for a little checking and work except for a little checking and topographical survey that may be carried on later. The American party, headed by Thos Riggs, Jr., has returned from the Arctic. Contrary to the common idea of the Arctic, the last boundary monument was planted in luscious green fields that are a mass of bloom in summer. Huge California poppies, lupines, daisies, Johnny-jump-ups, blue bells and most of the common American field flowers bloom in bright patches about it. Close by is a low-cut bank which is the beach of the almost tideless ocean. The maximum tide observed by the surveyors this last summer was four miles apart, and some of those planted this year are in almost inaccessible spots in the rugged, barren Arctic range. The Canadian party planted the monuments on the line the Americans surveyed and when pack horses could not reach the points, monuments, materials and tools had to be carried on men's backs up the towering cliffs.

## RETURNING HOME TO EASTERN CANADA

The Word Has Gone Forth That the Eastern States Are Finished For the Artisan.

The tide is turned and the pressure is backwards. The word has gone forth that the Eastern States are finished for the wage earners. Men who went there 30 years ago as artisans find themselves with scant savings and their sons growing up as factory hands. In their extremity they call to mind the pleasant hillsides of Quebec and the fertile valleys of the Maritime Provinces from which they came, and where their fathers led the lives of freemen and not the mere existence of slaves. The problem will solve itself in terms of freedom, to which eventually all men come who are born free. In the return to the land it is the first person who counts. Others follow, and more because they must. It will attach itself to the soil again to love the land of its birth. One part of the country is as good as any others to one who was born there. A tree is more easily transplanted than a man, and once rooted it should not be disturbed. City dwellers are much like driftwood which yet has some capacity for regeneration. When they come to a full comprehension of the

## BERLIN WOMAN CANDIDATE.

BERLIN, Dec. 31.—(Special).—A feature of the municipal elections this year is the presence of a young lady, Mabel B. Dunham, M.A., who is candidate for the board of education. Miss Dunham is chief librarian at the public library, and should do well in this, her first effort. She is not by any means a suffragette.

### Cement Workers' Officers.

Local No. 196 of the Cement Workers' Union, at a very enthusiastic meeting in the Labor Temple, Monday night, elected the following officers for the ensuing year: President, J. Marshall; vice-president, J. Lambie; recording-secretary, J. R. Lambie; secretary-treasurer, G. H. Banks.

## SPANISH CABINET RESIGNS.

MADRID, Dec. 31.—(Can. Press).—Count Romanones today handed the King the resignation of the cabinet. This was in fulfillment of the understanding when he assumed the premiership after the assassination of Premier Canalejas. The ministry includes some discordant elements, and King Alfonso requested the count to form a new government, which task he will undertake.

### The new Spanish cabinet has

been formed as follows: Premier, Count Alvarez de Romanones; minister of the interior, Duke of Alba; minister of foreign affairs, Navarro Reverter; minister of justice, Senor Barrios; minister of war, Gen. De Luque; minister of marine, Amalia Jimeno; minister of public works, Senor Villanueva; minister of public instruction, Lopez Munoz; minister of finance, Suarez Inclan.

New Year Progress. Vote Church. BEACH CANOE CLUB WILL HAVE TWO STRONG HOCKEY TEAMS. IN THE BEACHES LEAGUE.

Balm Beach is now a little hot-bed of hockey. The Beaches League opens on Jan. 3 and there is a wild scramble for players. The Beach Canoe Club have strong team in the senior series and have a host of promising youngsters to pick from the junior ranks. There are quite a number of their intermediate Rugby team and also the O.R.F.U. players who will figure on the line.

Tommy Mulhearn and Beverly Walker have charge of the 48 men's hockey team which will be managed by Lou Edmonds and Howie Orr.

Their new hockey uniforms look real smart, a blue sweater with old gold trimmings and the club crest in a white circle in the centre. They practice on the rink on Beach avenue. Don Rowing Club, Beachview, Y.M.C.A. the Royal Canoe Club and Beach Canoe Club comprise the senior group. There are about 15 four groups. Next year should see a number of new teams following from the east end.

APPLEGATH & SON \$1.50 Branch Hat Store Sale

About March 1st we open our first Branch Hat Store in Toronto, which is to be located at Yonge and Queen Sts.; Store formerly occupied by Albert Williams as a restaurant. Our reason for this is that our present store is not large enough for us to accommodate and give our customers the proper attention and service they are entitled to, and not being able to secure the adjoining store, we thought it best to locate as near as possible to our present store. We have therefore purchased the property No. 177-179 Yonge St. and will open and equip one of the finest hat stores in Canada, only equalled by our present one at Yonge and Richmond Streets.

THE TALK OF TORONTO To quickly establish this New Store and make it the Talk of Toronto, we announce THE BIGGEST SALE OF MEN'S HATS EVER HELD IN CANADA Commencing Thurs., Jan. 2, 1913, at Store Corner Yonge and Richmond Sts.

Repository Closes Biggest Year in Selling Horses

Mr. C. A. Burns, proprietor of the Repository, stated that he has just concluded the biggest year in the history of any horse exchange in Canada, and has sold more horses than ever before.

The closing auction of the year on Tuesday was satisfactory. There was a particularly good attendance, and the every- one was not a buyer, yet many western visitors, who have come back to Ontario for the Christmas season, say they will be ready to buy before they return to the west. Mr. Burns expects to begin with a big business right from the first of the year, and with that object in view will prepare for large consignments of horses immediately. It is undoubtedly that the western trade sets in much earlier than it used to do—probably a month or six weeks earlier.

Some of the buyers were: Dr. Young, Sudbury, a carload of workers and general purpose horses, average about \$150; E. McCaw, Pictou, pair gray geldings, \$400; W. L. Bromley, Parry Sound, gray gelding, \$25; D. G. Carmichael, Orillia, chestnut gelding, \$100; M. Moriarty, Lansing, bay gelding, \$135; J. W. Morris, Mount Joy, brown mare, \$80; T. Mahoney, Belle Haven, bay gelding, \$85; J. Charles, black gelding, \$85; H. Kirby, Orillia, brown mare, \$70, and bay mare, \$60; J. Lantz, bay gelding, \$75; A. Fe- trovsky, bay gelding, \$87.50; C. McKay, bay gelding, \$90.

A good number of second-rate horses changed hands, and the but few of the best kind changed hands, yet the immediate outlook is very encouraging, and the prospects are capital for the near future.

JUST TRAMP TREATMENT.

Right Hon. Mr. Samuel, postmaster-general of the United Kingdom, announces some reductions in Atlantic cable rates, only APPLICABLE, HOWEVER, TO DEFERRED MESSAGES! These are concessions in the way of special rates, grudgingly given by the cable companies, much as some cold meat and broken bread might be handed out to a tramp on New Year's morning.

THE VOTE FOR CONTROLLERS.

It is a great pity that several of the candidates for controllerships had not continued as aldermen, or been content to begin as aldermen. Seven of the eleven on the ballot paper will stay at home this year. The chances are nearly three to one for the average man. A vote for Mr. Richard Woods, who would no doubt make an excellent controller with his experience as an engineer, would be practically thrown away.

SELLING FOOD TO THE UNITED STATES.

The Globe labors to show that the United States is changing "at break-neck speed" from an exporter to an importer of food and agricultural products. The "super-loyalists" will rally magnate eating turkey with cranberry sauce with a big melon on the sideboard for dessert, but he does not even get a hand-out of broken victuals.

PARTISANSHIP AND NEW BLOOD.

If the electors could be persuaded to elect a council today in which at least half of the aldermen were new to the business, we believe it would be a great advantage to the city.

BECKER STILL PROTESTS IN NOCE.

ALBANY, Dec. 31.—(Can. Press.)—Charles Becker, former lieutenant of police, now an occupant of Sing Sing prison under sentence of death for having instigated the murder of Herman Rosenthal, a gambler, insists that he does not know the four gunmen who shot Rosenthal, superintendent of state prisons. The four men are occupants of cells near Becker in the death house.

AMERICANS START THEIR OWN EXPRESS BUSINESS

Today Parcel Post is inaugurated on the Other Side—Charges Will be so Low That Mail Order Trade Will Boom—Farmers Particularly Benefited—How System Works.

The United States parcel post starts business today. It will cover the whole of the United States and its outlying possessions, including the Philippine Islands.

It will save the people a great deal of money for the rates are very much lower than the ordinary express charges. Thus, for example, one can send a parcel weighing a pound from New York to Philadelphia for six cents or to Chicago for nine cents.

The government, it is true, has been in the express business for a long time past. But its charge for such service, a cent an ounce, has been so high as to be practically prohibitive.

The change is accomplished by simply expanding the fourth class of mail matter so as to make it embrace all articles, including farm products and factory products not now embraced by the first, second and third classes.

For convenience in the reckoning of rates the whole country is divided up into little squares or units, each of which is called a square.

Each square is thirty-three miles (one-half of a geographic degree) on a side. There are in all 332 of these squares. In addition a series of concentric zones is established, the middle point of each square being the centre of its own zone system.

Now, at first glance this may seem to be very complicated, but in reality it is not so at all. The city of New York, for instance, is such a centre. A circle drawn from that centre for a radius of fifty miles represents the first zone.

Table with columns: Weight, Rate, Local, Rate, Rate, Rate, Rate, Rate, Rate, Rate. Rows for 1, 2, 3, 4, 5, 6, 7, 8, 9, 10 pounds.

Instead of being obliged to hitch up the wagon and drive to town in order to buy something they can telephone an order or send a postcard and next day the rural carrier will bring the stuff along in his wagon.

This will be a big advantage also to the country storekeeper, tending to enlarge his trade. The jobber who sells him goods will benefit, likewise, through the effort in general way upon business will be most beneficial.

There will be no trouble in reckoning the amount of postage to be put on a package. Anybody can easily obtain from the postoffice or nearest branch thereof a copy of the "Parcel Post Guide." The latter is a book containing in alphabetical order the names of all the postoffices in the United States together with the number of the square in which each is situated.

The Department is Ready. It is expected by the postoffice department that the parcel post service will prove a source of considerable revenue—perhaps perhaps to make the mails show a good balance on the credit side of the ledger in future.

Among the articles forbidden to be carried in the parcel post are spirituous liquors, fermented or other intoxicating liquors; poisons or articles containing poisons; venomous animals, insects and reptiles; explosives and inflammable materials (which are held to include matches, kerosene oil, gasoline, benzine, turpentine and alcohol); internal machines and mechanical

Throwing Out All Liquors

LIGGETT'S today announce another important step forward:

From this date no intoxicating liquors of any kind will be sold in any Liggett Store in the United States or Canada.

This policy is new only so far as it becomes general, covering our entire retail organization in twenty-two cities.

It has been our purpose from the beginning. None of the new Liggett Stores has ever sold liquor—and in the older stores we have taken over, we have been discontinuing the business as rapidly as conditions permitted.

This move we believe to be in the line of modern store-keeping, a step in the transition of the old-time pharmacy into "AMERICA'S GREATEST DRUG STORES."

Selling liquor in bulk in drug stores for medicinal purposes is sanctioned by law and usage in most states.

It has been considered a necessary part of the pharmacy, most druggists conducting the business honorably.

We have no criticism to make of what has been done—or what is being done. Each druggist must be a judge of the needs of his own business and the demands of his particular locality.

But this we know—The day of the old-time drug store, with its air of mystery, its high prices, its green and red bottled windows, is passing.

The modern druggist is a merchant who carries many lines.

His store is for healthy people as well as for sick ones—a cheerful store to go to.

The modern drug store, as exemplified by Liggett's, caters especially to women and children. But the druggist being a pharmacist holds, in addition, a more intimate and confidential relation to his patrons than any other merchant enjoys.

The modern drug store—as we see it, must be a leader in every way, especially in the matter of health and morals—a store whose methods are beyond criticism.

The broadening of drug store lines has brought lower prices as a matter of course—and while every expense known to storekeeping has increased, drug store prices today are less than they have been any time in a century.

Sometimes the pull-backs criticize the modern druggist as unethical.

We mean to make it known that on all ethical matters Liggett's America's Greatest Drug Stores will take the most advanced position possible to take.

We shall refuse to sell liquors just as we long ago refused to sell habit-forming drugs or anything to be used for questionable purposes, not waiting for such things to be forbidden by law.

We have already received enough letters of approval from all over the United States to be assured that the steps we are taking have the unqualified endorsement of thinking people.

Liggett's shall be America's Greatest Drug Stores in fact as well as in name.

(Signed) Will K. Liggett, President.

THREE CANADIANS WERE KNIGHTED

Continued From Page 1.

devised a key system that has been several times tried with excellent results. Among the new knights is Francis Darwin, a son of the late Charles Darwin.

The Earl of Desart, former solicitor of the treasury, and Sir John Allsbrook Simon, the solicitor-general, are made privy counsellors.

Sir John Willison, 55 years of age, having been born in Huron County on Nov. 6, 1856, after receiving a public school education, spent several years in commercial work and made his start on a newspaper career in 1882, when he joined "The London Advertiser" staff. A year later he became connected with "The Toronto Globe," going to Ottawa as its parliamentary reporter. He was chosen president of the parliament in 1890, in which year he was appointed editor-in-chief of "The Globe." After twelve years' occupancy of this position he resigned to take a similar position on "The News." Since 1910 he has been Canadian correspondent of "The Toronto Globe" and is trustee of Upper Canada College. He is the author of several books, notably a history of the "Whitbread" and the "Liberal party." He is one of Canada's prominent lawn bowlers.

Sir Auguste Real Angers is 74 years of age. Born in Quebec City, he entered into law practice in 1867, being then 22 years of age, and was appointed a Q.C. in 1874. He was for many years leader of the bar in the province and was elected to the federal House of Commons in 1896, resigning a few months to take an appointment on the bench. In 1887 he became lieutenant-governor, re-entering active politics. He was a member of the cabinet in 1896, and on his defeat retired into private life and declined an appointment to the supreme court. As lieutenant-governor he presided over the execution of the Grand Cross of the Order of St. George.

Sir James Whitley's elevation with Sir Edward Morris to a Knight Commander in the Most Distinguished Order of St. Michael and St. George elevates him three places on the list of general precedence. Of the five orders of knighthood other than the Garter, which is in a class by itself, the rank of distinction, being preceded by the Order of the Bath and the Order of Star of India, and followed by the Order of the Indian Empire and the Royal Victoria Order. The Order of St. Michael and St. George was established in 1825, to commemorate the placing of the Ionian Islands under British protection. It was originally limited to natives of those islands and to Malta, and to such other subjects of his majesty as may hold high and confidential situations in the Mediterranean. Some of the other subjects of his majesty are the prelate, chancellor, secretary, king of arms and registrar, the colonial office is its chancery, and there is now added a chapel in St. Paul's Cathedral. Its decorations are the badge, star, collar, ribbon, mantle and capelet. The badge is white enameled and resembles a Maltese cross, but with seven arms instead of four. On one side it represents the changed Maltese cross, and on the other the dragon; around each is the motto, "Auspilium malorum avet" (the token of betterance)—above the whole badge is a crown attaching it to the collar. The star of the Knight Commander consists of four rays of silver spreading like the badge and with narrow rays of gold between, whilst in the centre is the figure of St. George with the motto and the extremities of the four arms of a cross protruding from beneath. The collar is composed of jeweled lions, the token of the crown, and the Maltese crosses and ribbons of the letters S. M. and S. G., with a crown in the front enamel. The ribbon is of satin lined with scarlet silk, the latter surmounted with white and black ostrich feathers.

Sir James Flin Whitley, K.C.M.G., of course, is entitled to assume the rank of a knight, and this he has done, as a Knight Bachelor he had not any privilege of that kind. Knights Bachelor not forming an order and possessing no decorations.

Sir Edward Morris, K.C.M.G., Sir Edward Patrick Morris, K.C.M.L.

BOYS' CONFERENCE  
A GREAT SUCCESS

Five Hundred Young Men  
Celebrated Passing of the  
Old Year by Attending  
Meeting.

IMPORTANT ADDRESSES

John L. Alexander, P. G. Or-  
wig and Chas. W. Bishop  
Spoke of Y. M. C. A.  
Work in Canada.

By way of celebrating the beginning of  
the new year, about five hundred young  
men, representing the Y.M.C.A. and the  
Sunday schools of fifty-three Christian  
churches of the city, met in St. James'  
Square Presbyterian Church last night,  
at the last session of the Toronto Boys'  
Work Conference. It was 12.15 this morn-  
ing (Jan. 1, 1913), when the young men  
left the church, as the last ding-dongs  
of the New Year's bells floated out over  
the city. Three highly-inspirational addresses  
had been made at the evening session by  
John L. Alexander of Chicago, P. G. Or-  
wig of New York and Charles W. Bishop  
of Toronto, and if the applause of the  
young men can be relied upon many New  
Year's resolutions were made in the dying  
hours of 1912.

The Boys' Work Conference was meant  
to be a stimulus to the young men who  
are teaching classes in the Sunday  
schools of the city, and that it proved  
a success was shown by the fact that  
Mr. Alexander reported that "75 of the  
finest fellows on the face of the earth"  
had volunteered for service as teachers.  
Mr. Alexander's parting words to the  
young men were to the effect that the  
big gathering of young men smacked of  
Scotland. After recounting college remi-  
niscences at Harvard University, and  
speaking of the Highlanders' fighting  
valor and of the slaughter of the Camerons  
at Culloden, Mr. Alexander said:  
"The man who is speaking to you  
tonight has the Cameron blood in his  
veins. It's willing to give you the new  
slogan of the Camerons, so my last call  
to you is: 'Shoulders together, shoulders  
together, shoulders together for the Sun-  
day school, for the church, and for Jesus  
Christ.'"

The sessions of the conference began in  
the afternoon, when addresses were  
given by Mr. Alexander and Rev. E. W.  
Fitzgibbon. "There are one thousand  
activities, such as baseball and soccer,  
which centre around the Bible," said Mr.  
Alexander, "and which should be at-  
tended to by the different organizations  
of the Sunday school."  
At six o'clock the boys all went to the  
Central Y.M.C.A. for a swim, and at  
seven o'clock more than three hundred  
of them sat down to a banquet in Associa-  
tion Hall. There was special music at  
the banquet, W. R. Young presiding as con-  
ductor and Miss Ada Twiby as pianist.  
Mr. Alexander's call for volunteer  
teachers was very strong, he said, "be-  
cause there are not enough men who  
serve enough and guard enough to do  
the work. It's a man's job."

Maguire, the People's Choice. He is

BIG HAT SALE

The premises now occupied by L. J.  
Applegate & Son at the corner of King  
and Richmond streets are so small that  
the firm is unable to accommodate its  
customers and give them proper service.  
In order to improve these conditions, a  
branch hat store will be opened at the  
corner of Queen and Yonge streets about  
the first of March. This store will be one  
of the most splendidly equipped hat stores  
in Canada, and to ensure the success of  
this store one of the biggest sales of men's  
hats ever held in Canada is announced.

MERRY REVELS  
AT MONTREAL

Wine Flowed With Unusual  
Prodigality in Down-Town  
Hotels to Celebrate New  
Year's Advent.

MONTREAL, Jan. 1, 1913.—(Spe-  
cial)—It is estimated that over \$25-  
000 worth of wine went down the  
throats of 2500 revellers who elected  
last night to see the new year come  
in at six of the principal hostleries in  
Montreal.  
At the Windsor Hotel alone, where  
there were nine hundred guests, the  
total of \$6000, which was spent for  
wine last year, bids fair to be sur-  
passed by over three thousand dollars  
at a very early hour this morning, and  
there seems to be no let up as yet to  
the drinking, toasting and speech-  
making. In the Place Viger Hotel, the  
Corona, the St. Regis and Freeman's  
all had their full quota of guests, and  
at the new hotel, the Ritz Carlton,  
which opened for the evening in a dis-  
play of splendor, the two hundred and  
fifty guests are trying to make its de-  
but a memorable one. In all hotels  
decorations were lavish and no ex-  
pense was spared. In a score of minor  
hotels the same scenes were reproduc-  
ed with something more of abandon.

Montreal's four hundred stayed at  
home for the most part, altho the  
sporty element was very evident at  
the hotels and spent money like water.  
Notwithstanding warnings by the  
Roman Catholic archbishop and the  
Protestant bishop, all classes were re-  
presented, the many were deterred  
who got letters direct. The churches,  
Catholic and Protestant, were filled to  
the doors, and after midnight the  
streets were as populous as in the day  
time, parties of revellers quitting early  
mingling with the returning throngs  
of devout churchgoers.

A very large number spent the even-  
ing at home celebrating the day in  
their own way.

OLD YEAR GONE  
WELCOME TO NEW

Whistles and Bells Blew—  
Crowds Shouted and Sang  
as Another Twelvemonth  
Was Ushered In.

New Year festivities in the down-  
town streets, hotels and restaurants  
last night were unusually jubilant.  
Except for a \$65 robbery on Simcoe  
street no deeds of violence will have  
to be recorded in the history of the last  
day of 1912. The old year went out  
with a good kick as the midnight  
screeches from the hundreds of turbine  
whistles well testified. The World's  
statistician estimated that about one  
and a half per cent. of Toronto's in-  
habitants were asleep as 1913 came in.  
The majority of these, too, were old  
maids who long ago gave up all hope  
of catching anyone in the dying leap  
year. As for the younger maidens,  
thousands of them were down town, on  
the streets, at the theatres, in the re-  
staurants or at the rinks. The city  
hall "federal square" was like a beehive,  
Big Ben being the queen.  
Thousands of celebrators watched  
his long hand creep round to the hour  
of midnight, and as the bell rang out  
their pent-up enthusiasm exploded,  
and the cheers that went up into the  
spring-like atmosphere made the hap-  
piest kind of New Year greeting.

"Transportation is the big civic

is highly popular."  
This is the situation as Controllor  
Maguire sees it. The controllor fin-

Toronto last night, and says he is  
fully assured that the city's car line

being turned over to the Canadian Pa-

yet been announced in the local staff.

We Not Only WISH You a Prosperous  
New Year, But We Want to Help  
You HAVE a Prosperous  
New Year

AS we turn the last leaf of the ledger for  
1912 it is gratifying to know that we have  
added to the prosperity of over 20,000  
clients who invested with us during the past  
year. Our actual achievement has been in  
keeping with our pledge of a square deal, as conveyed to our  
clients in our Business Policy: "We will not offer for sale a  
lot that will not add to the purchaser's wealth and to our busi-  
ness reputation." During the year just ended we have made  
profits for clients on their investments ranging from \$50 to \$50,000 each. We  
have given the \$50 man the same careful attention given the \$50,000 man, be-  
cause we believe in giving every investor, small or large, a square deal—  
we know that by keeping the dollars turning for the \$50 man, eventually he may  
become one of our \$50,000 clients. The prodigious harvest of 1912 has been  
directly responsible for increased immigration, city-building, railroad-build-  
ing, business-building, home-building, fortune-building, and increased  
opportunities for investment in Western property. Remarkable as has been  
the past year, there are now unmistakable evidences that 1913 will eclipse all  
previous years in Western growth and development. Get ready for the big New  
Year. Make every dollar of your money and every minute of your time turn to  
advantage. No matter how small your first investment may be, get it in early,  
and keep it turning into something larger. Splendid investment opportunities  
are already offering themselves to you in every part of the West. Acquaint  
yourself with the West and what the West is doing for our thousands of clients.  
We have made money for others. We can make it for you. Consider our  
entire chain of offices, covering Canada, at your service. Our business is to give  
you honest, accurate information and to assist you in placing your money in  
Western property that is growing in value. Our record for 1912 has been  
noteworthy. We expect to eclipse that record in 1913, and we trust that money  
made for you by investment will be one of the many good things placed to our  
credit in 1913. Opportunity is putting you to the test. You put us to the test

THE NEW YEAR IS TO BE NORTH TORONTO'S YEAR  
At this festive period of the year 'tis well to review the experiences of the past, but better still to prepare for the  
future. Much money has been made during the past two or three years in North Toronto real estate, but much more  
will be made in the coming year since annexation has been effected. The building activity next spring will be phe-  
nomenal, and purchasers of North Toronto realty will undoubtedly receive substantial profits.  
We have advised the purchase of North Toronto property right along, and our clients have all made money. We  
have a list of the best buys in North Toronto and advise all investors to see us early in the year. Those who buy early  
will realize good profits and are assured of a prosperous 1913.

SPECTACULAR SHOWS COMING NEXT WEEK

Gaby Deslys and Her Pearls Will Draw Big Houses at the Royal Alexandra.

"MAN AND SUPERMAN"

"Little Parisienne" at Shea's "Social Maids" and "Gay Widows" Will Congregate With "Traveling Salesman."

Gaby Deslys, who during the last two years has proven herself to be the topic of both America and Europe, becomes on closer acquaintance, an extremely young person.

GABY DESLYS, who will be seen next week at the Alexandra, in the "Whirl of Society," with the N. Y. Winter Garden Co.

brought with her to America this time sixty complete changes of costume, gowns, shoes, everything to match. None of these have ever been worn by her before, and they constitute the special wardrobe for her American engagement.

"The Traveling Salesman," by James Forbes, the author of "The Chorus Lady" and "The Commuters," will be seen again at the Grand Opera House next week.

SHEP, CAMP AND GRACE BRYAN, in "The Traveling Salesman," at the Grand next week.

Carlton, the five jovial and mirth-provoking drummers, will display a choice line of new and up-to-date laughs and conversational sallies, and Grace Bryan, as the ingenious and lovable ticket agent, Harriet Sheldon, in the role of the most serene Xanthippe, but with a heart as good as gold.

The Little Parisienne. Manager Shea has booked a great bill of novelties at Shea's Theatre for the opening week of the year.

The special attractions for the week are Eva Taylor and company, presenting "Just Married" and "Juliet," in cleverly characterized studies.

Other features to be seen are Part Five, "Night in a Cabaret" and "The General's Wife," by two well-known authors.

Gayety Theatre. "Social Maids," the attraction at the Gayety Theatre during next week differs essentially from the general run of burlesques.

All the desirable elements of high-class burlesque will be presented at the Star next week by the "Gay Widows" Company, an attraction that is not new in its title, but in every other department.

JENNIE AUSTIN, with the "Social Maids," at the Gayety next week.

head of the company, is ably assisted by James Dalley, character comedian. A specially-selected vaudeville contingent consists of the following: Miss Silbers, high-class prima-donna; the Five Alarcons, who are a well-known feature; Ritter-Foster Trio, comedy sketch artists; sinners and dancers, and numerous cabaret features.

ROSA ALARCON with Gay Widows Co., at the Star next week.

Unionist Leader Unable to Endure Continued Badgering.

LONDON, Dec. 31.—The dissatisfaction and outspoken criticisms appearing in a certain section of the Unionist press, and being uttered by certain politicians regarding the tariff speech by Bonar Law, the Unionist leader in the house of commons, delivered recently at Ashton-under-Lyne, and concerning the tariff question generally, are causing daily and increasing trouble in the party.

New Year's Concert. There will be a great gathering of the clans at the big New Year's concert in Massey Hall tonight, when an splendid Scottish program will be rendered.

A BACHELOR'S LAMENT. The letters received at the office of the National Sanitarium Association cover a wide class of writers, and are expressive of many different sentiments.

Simple and Effective Insulator. A compact insulator which secures the wire firmly without the use of tools has been produced by a London manufacturer.

Twenty-five years a resident of this ward. Twenty-five years in business in this ward.

"Well, sir," asked the waiter, "how did you find your beef?" "Oh, I just happened to shift a potato, and—well, there it was."—The Bystander.

To the Electors of the Second Ward:

Ladies and Gentlemen—In response to many and repeated requests from individual electors, I beg to intimate my candidature for election as alderman. Having been resident for many years in Davisville, now included in Ward Two, and having had experience in the conduct of both municipal and educational affairs in North Toronto, I venture to hope that it is in my power to render public service in the wider field offered by the city.

A convinced progressive in civic politics, I favor tax reform and a more equitable adjustment of the cost of local improvements. Holding that all public services should be owned and operated by the community for the exclusive benefit of the people, I shall support all proposals and measures calculated to further that valuable principle. In particular, I recommend the extension of the Hydro-Electric undertaking and of the civic car lines in the way that will meet the requirements of Greater Toronto and prepare for the unification of the whole systems at the expiration of the current franchises held by private companies.

As a member of the North Toronto Council, I was instrumental in securing an advance of two cents an hour in the rate of wages paid the town's laborers. It is my conviction that public bodies should more readily recognize that wages have not increased in proportion to the higher cost of living, and that the hardship thus entailed ought to be remedied. The development of cheap transportation and the opening of the northeastern residential section that must follow the construction of the Bloor-Danforth viaduct, will, in my opinion, tend to relieve congestion and improve social conditions.

Regarding a city, on its administrative side, as strictly a business proposition, I approve of commission government and of the conference by the legislature of the wider powers necessary to protect the general interest. I hold also that tenants, or taxpayers, should be accorded the right to vote on money bylaws. The creation and maintenance of an active civic spirit can best be encouraged by requiring the electors to recognize their direct responsibility for every department of the city's affairs.

Should this platform meet with your approval, I trust to receive your support and vote on election day. If honored with your confidence it will become my conscientious endeavor to fulfil the duties devolving upon me to the utmost of my ability and judgment.

Yours respectfully, Herbert H. Ball

# ALD. JOHN O'NEILL ASKS YOUR VOTE AS CONTROLLER For 1913

## To the Electors of the City of Toronto

Ladies and Gentlemen:—

I am a candidate for the Board of Control for 1913. I have been a member of the City Council since 1909, and have tried to face every question in a spirit of loyalty and duty to my native city.

As Chairman of the Property Committee, I have been associated with the beginning of the Industrial Farm at Thornhill, and, if elected to the Board of Control, I will have increased power to further that work, and to aid in the completion of the Old Folks' Home on the Farm that the city has just purchased for that purpose. The Industrial Farm work, the Old Folks' Home work, and the Cattle Market and Abattoir undertakings have been the chief business of my municipal life; and I am as anxious to make a success of these undertakings for the city as I ever was to succeed in my own business.

Wishing you a Happy New Year, and again asking you to honor me with a vote, I am,

Yours faithfully,  
**JOHN O'NEILL**

ALD. JOHN O'NEILL

PRINCIPAL APPOINTMENTS THAT ALD. O'NEILL HAS SUPPORTED.  
H. L. Drayton, K.C., as Corporation Counsel; Charles Chambers, as Parks Commissioner; Daniel Chisholm, as Property Commissioner; R. Home Smith and L. H. Clarke, as Harbor Commissioners; G. R. Geary, K.C., as Corporation Counsel.

### A Few Examples of How Ald. O'Neill Has Attended to the City's Business as He Attends to His Own Business

Took option on Balmoral Avenue Fire Hall site, 200 x 107, in his own name at \$40 per foot, and handed the option over to the city at the same figure.

Bought the Russell farm at Thornhill for Industrial Farm, 340 acres, for \$60,000 or \$177 per acre.

Bought the Quantz farm for site and surroundings of Old Folks' Home, 104 acres, for \$18,000 or \$173 per acre.

Twenty years ago the Dominion Government gave the city of Toronto an option to purchase 6 1-2 acres of land adjoining the cattle market for \$52,000. The land is now worth \$250,000, and the city was in danger of losing the option when Ald. O'Neill secured the completion of the purchase and saved the property for the city.

### C.N.R. INCREASES ROLLING STOCK

Order Will Amount to Seventy Millions and Calls For Delivery by August First Next.

The greatest rolling stock program ever issued by the Canadian Northern Railway has been announced by that company for 1913. The order will amount to \$70,000,000 and will call for delivery before August 1, 1913.

The program, including 1850 box cars, 700 flat cars, 300 ballast cars, 100 refrigerator cars, 150 stock cars, 75 passenger coaches and 135 locomotives.

In order that these may be ready for delivery within the eight months stipulated, the C. N. R. have placed the building of these cars and locomotives with all the firms manufacturing such through Eastern Canada. This will include Halifax, Amherst, Montreal, Preston, Cobourg, Hamilton and Toronto.

Hamilton and Cobourg alone are to build 1500 of these cars. Preston receives the order for the passenger coaches. Twenty-five of the locomotives are to be built in Toronto by the Canada Foundry Company.

At the C. N. R. possess large car shops of their own at Winnipeg these will be used for the building of cabooses and the rebuilding of freight and passenger cars.

### ARCHBISHOP AND BISHOP HOLD RECEPTIONS TODAY

New Roman Catholic Dignitary Will Receive Citizens at St. Michael's Palace.

Archbishop Neil McNeil will hold a New Year's Day reception this afternoon at St. Michael's Palace. It is for the purpose of meeting Toronto citizens, Roman Catholic and Protestant, who desire to make his acquaintance. The Holy Name Society executive is arranging for a great parade to show the archbishop the strength of that organization.

Bishop Sweeney and Mrs. Sweeney will hold a New Year's reception this afternoon at the see house. It will be attended by most of the Anglican clergy of the diocese.

### LIGGETT'S RESOLUTION.

No Intoxicating Liquors Will Be Sold in Company's eDrug Stores.

Liggett's America's greatest drug stores, have made a unique New Year's resolution—one that will not be broken. It is this: "From this date no intoxicating liquors of any kind will be sold in any Liggett store in the U. S. or Canada." It is further resolved that "we shall refuse to sell liquor just as long ago refused to sell habit-forming drugs or anything to be used for questionable purposes, not waiting for such things to be forbidden by law." This resolution will take effect in all the Liggett stores in twenty-two cities on the American Continent.

The announcement has been made by Louis K. Liggett, president of the company, who lives in Boston, Mass. He explains that this move has been the firm's purpose since the beginning; in fact, none of the new Liggett stores have ever sold liquor. He believes that the methods of the modern drug store must be beyond criticism.

### PREMIER WHITNEY ANGRY OVER REPORT

"Whole Thing Manufactured to Serve an End," Says He.

The report which appeared in a Toronto evening paper yesterday to the effect that Sir James Whitney would be the next lieutenant-governor of Ontario, evoked an angry reply from the premier.

"There is the same truth in it that there has always been in such rumors which are circulated for no very creditable purpose," said Sir James. "The whole thing has been manufactured to serve an end. That's all I have to say about it."

### STAFF REUNION.

Salesmen of the Canada Metal Company Here This Week.

A grand reunion of the staff of salesmen of the Canada Metal Company, Limited, is being held this week. The managers from the Montreal and Winnipeg factories are here with their travelers, and these combined with the travelers from the Toronto office, opened a two-day session on Monday to discuss trade conditions generally as applied to the metal industry.

### CASTRO GOES BACK TO EUROPE.

NEW YORK, Dec. 31.—(Can. Press.)—Commissioner of Immigration Williams announced this afternoon that Cipriano Castro, ex-president of Venezuela, who was detained upon his arrival here this morning, had expressed the desire to return immediately to Europe. Castro wishes to take a German steamer landing at Hamburg, and this permission probably will be granted.

### TAXICAB STRIKE IN LONDON.

LONDON, Dec. 31.—(Can. Press.)—Five thousand taxicab drivers decided tonight to strike, and this will result in London beginning the new year with less than half the usual service of taxicabs. The trouble originated in the action of a combination of oil companies in advancing the price of petrol wholesale to 18 pence per gallon.

### MADE RECORD ACTING MAYOR.

Section 132 of Tobacco and Cigar Regulations forbids cigars being sold in any other way than by the stamped package. It has come to the notice of the inland revenue department that some dealers are selling cigars from packages, and this will not be permitted.

### SALE OF CIGARETS.

In the evening seats were reserved at the Princess Theatre for the entire sales staff to witness the Souths comedy, "The Old Firm." The title was appropriate and the play thoroughly enjoyed. The evening of the first day's session was voted by all a brilliant success.

### J. BRUCE ISMAY RESIGNS OFFICE

Successor Appointed as Chairman and Managing Director of White Star Line.

LONDON, Dec. 31.—(Can. Press.)—The long expected resignation of J. Bruce Ismay from his position as chairman and managing director of the White Star Line, was announced tonight. It will take effect June 30. Harold A. Sanderson, first vice-president of the International Mercantile

Marine Co. and a director of the White Star Line, will succeed Mr. Ismay. A statement issued by the company says that it was arranged last February that Mr. Ismay should retire on June 30, 1913, and that nothing had occurred to make it necessary to depart from that understanding. The statement added that the company had decided that Mr. Sanderson might take a vacation during the first half of the year.

Women's Auxiliary. The January board meeting of the Women's auxiliary to the M. S. C. C. will be held in St. Simon's Schoolhouse on Thursday, 2nd Inst., and will be preceded by services in the church at 10.30 a.m.

### FRENCH CROPS ARE IN POOR CONDITION

Broomhall's Foreign Crop Summary Reports Unfavorable Weather in Europe.

Broomhall's weekly summary of foreign crop conditions, issued yesterday in Liverpool, is as follows:

United Kingdom.—The midness of the weather is favorable for the backward plant, but the rains have prevented plowing.

France.—There are increasing complaints regarding the crops, which are growing too fast and the fields are infested with weeds and vermin. The average sown is smaller. Supplies of native wheat are moderate with prices maintained. There is good buying of foreign wheat for March-April shipment.

Germany.—The strengthening feature is, that in spite of liberal supplies, they themselves are placing their liabilities on a permanent basis, and this and a large number of other loan and new companies are known to be in preparation, together with the liquidation of heavy indebtedness to bank, estimated at nearly \$100,000,000, contracted with \$125,000,000 at this time last year. This will prevent ease or anything like it in the money market for some time.

This more or less general statement is ventured on by any London paper.

Residence: Park 2149.

### FINANCIAL OUTLOOK OCCASIONS ALARM

London Papers Show Extreme Hesitancy in Predicting the Future.

NEW YORK, Dec. 31.—A cable to The Tribune from London says: The international situation is such in view of the probable renewal of the Balkan war, that London papers show an extreme hesitancy in predicting the financial outlook for the coming year. Nearly all confine themselves to reviewing the last year and emphasizing the present situation in the near east, leaving the conclusion to be drawn that great caution is necessary in financial affairs.

The Financial News says: "When the political conditions in the Balkans are again normal, the powers which have built up heavy liabilities of a temporary character to provide the sinews of war will doubtless bestir themselves to place their liabilities on a permanent basis, and this and a large number of other loan and new companies are known to be in preparation, together with the liquidation of heavy indebtedness to bank, estimated at nearly \$100,000,000, contracted with \$125,000,000 at this time last year. This will prevent ease or anything like it in the money market for some time."

### IRON MASTER WILL DONATE MILLIONS

NEW YORK, Dec. 31.—Andrew Carnegie intends to increase his benefactions to \$25,000,000 by donating \$25,000,000 for small charities, according to H. H. Topkayan, Persian consul-general in New York, who had called upon the ironmaster to solicit his aid upon the Red Cross fund in Constantinople. Mr. Carnegie also agreed to raise a committee of prominent men to raise funds for the Balkan war sufferers.

### PROSPEROUS YEAR IN UNITED STATES

Big Deficit of a Year Ago Is Replaced by Satisfactory Balance in Treasury.

WASHINGTON, Dec. 31.—(Can. Press.)—Uncle Sam closed his accounts for the year 1912 with plenty of money in his pockets and a balance sheet of receipts and expenditures that bespeak the prosperity of the nation.

For the first half of the current fiscal year ended today, disbursements exceeded receipts by between \$2,000,000 and \$3,000,000, according to estimates of treasury officials, the exact figures for Dec. 31 not being available. The deficit a year ago, on the other hand, was over \$21,387,000.

This improvement over last year is due to the remarkable increase in customs and internal revenue receipts during the past six months. Receipts from all sources from July to December were approximately \$28,000,000, or more than \$23,000,000 greater than during the corresponding period of 1911.

NEW YORK, Dec. 31.—(Can. Press.) The year in the financial district was far from satisfactory. In the stock market, lower prices and restricted business were the most adverse features. Of the various commodity markets, the cotton exchange alone had an active and profitable year. The enormous crop of cotton was in itself a preventive against such disastrous and spectacular markets as were witnessed in the "booms" of recent years.

CUPID'S BIG YEAR IN NEW YORK.

NEW YORK, Dec. 31.—(Can. Press.) More marriage licenses were issued in the City of New York during last year ending tonight, than in any previous year of the city's history. The number was 58,434, as compared with 55,443 in 1911, the next highest total. During the previous leap year, 1908, the number of licenses was 15,477.

### TENDERS FOR DREDGING.

SEALED TENDERS, addressed to the undersigned, and endorsed "Tender for Dredging, False Creek, Vancouver," will be received until noon on Friday, January 31, 1913, for dredging required at False Creek, Vancouver, B.C.

Tenders will not be considered unless made on the forms supplied, and signed with the actual signature of the tenderer. Combined tenders and forms of tender can be obtained on application to the Secretary, Department of Public Works, Ottawa, and to C. C. Worrald, Esq., District Engineer, New Westminster. Plans and specifications must include the towing of the plant to and from the work. Designs and tenders not owned or registered in Canada shall not be employed in the performance of the work. Contractors must be ready to begin work within thirty days of the date they have been advised of the acceptance of their tender.

Each tender must be accompanied by an accepted check or cash, or a bank draft, payable to the order of the Honorable the Minister of Public Works, for five per cent. (5 p.c.) of the contract price, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned.

The Department does not bind itself to accept the lowest or any tender.

By order,  
 G. DESROCHERS, Secretary, Department of Public Works, Ottawa, December 27, 1912.

Newspapers will not be paid for the advertisement of tenders without authority from the Department.—3278.

### SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

ANY person who is the sole head of a family, or any person who is 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within 10 miles of his homestead on a farm of at least 80 acres, totally owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$200 per acre.

Duties.—Must reside upon the homestead or pre-emption for six months in each of six years from the date of homestead entry (including the time required to farm homesteaded pasture) and cultivate fifty acres extra.

A homesteader who has exhausted his homesteaded land may obtain a pre-emption in certain districts for \$200 per acre. He may reside six months in each of three years, cultivate fifty acres and erect a house worth \$200.00.

W. W. COY, Deputy of the Minister of the Interior, B. C. Unauthorised publication of advertisement will not be paid for. ed

### Extension of Time

Notice is hereby given that the time for the receipt of tenders for the construction of a Wharf or Retaining Wall at Hamilton, Ontario, is extended to Friday, January 10, 1913.

By order,  
 R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, Dec. 30, 1912.

A Bylaw to Provide for the Establishment of a Public Library in the Village of Mimico.

WHEREAS thirty electors have petitioned the Council of the Village of Mimico praying for the establishment of a Public Library under "The Public Libraries Act"; and

Therefore the Council of the Corporation of the Village of Mimico enacts as follows:

That in case the assent of the electors is given to this bylaw, a public library be established in this municipality in accordance with the provisions of "The Public Libraries Act";

That the vote of the electors shall be taken on this bylaw on Monday, the 6th day of January, 1913, being the day of the first meeting of the municipal council, and the polls shall be held at the same hour on the same day, at the house of the person named in the bylaw as the returning officer; and

That on the 6th day of January, 1913, at the Public School on Church Street in the Village of Mimico, at 12 o'clock noon, the resolve will attend to persons to attend at the final summing up of the votes by the clerk, and one person to attend at each polling place on behalf of the persons interested in and desirous of promoting the establishment of the library, and a like number on behalf of the persons interested in and desirous of opposing the passing of this bylaw.

The clerk shall attend at the said Public School, Mimico, at the hour of 12 o'clock noon, on the 6th day of January, 1913, to sum up the number of votes respectively for and against the said bylaw.

By order,  
 R. C. DESROCHERS, Secretary, Department of Public Works, Ottawa, Dec. 30, 1912.

## NEW YORK CLOSED WITH SMART RALLY

## BEARS WERE ALARMED

And Covering of Short Sales Helped Upward Swing—Iron and Steel Business Good.

NEW YORK, Dec. 31.—The tone of the stock market showed a distinct improvement today. Throughout the session there was a strong undercurrent, and substantial gains were made in all departments. The Hamilton and Hill issues, coppers, coals and steel developed marked strength, and many of the less conspicuous shares also reached a higher level. Brokers active in trading said that the important feature was the small supply of stocks. Also the demand was noticeably better. The amount of business was not large and quotations were advanced on comparatively light bidding. The unexpectedly favorable condition of the money market contributed to the strength of stocks. Instead of the predicted year-end flurry, the rate for call money did not go above the opening figure of six per cent., and the demand for loans from the stock exchange was so small that before the end of the day there was a sharp drop. The comparative steadiness of the money market yesterday had given an indication that the acute financial stress of the month, involving a maximum of twelve per cent., has been undergone last week, and traders today were prepared to proceed more confidently.

Shorts Driven to Cover. The short interest proved to be susceptible to attack, and covering operations, together with some buying for the long account on the part of that easier money conditions would obtain with the passing of the year-end period, gave the stock market an appearance of strength which was in marked contrast with conditions earlier in the month. Buying of steel was encouraged by the weekly iron trade reviews, which stated that the outlook for the new year in iron and steel was exceptionally bright.

## STEEL EARNINGS ARE INCREASING

First Quarter of New Year Promises to Rival Prosperous Times of Six Years Ago.

NEW YORK, Dec. 31.—The earnings of the United States Steel Corporation in the first quarter of 1913 are expected to show an increase over the current quarter. This will mean a net of approximately \$40,000,000, which in 1907 United States Steel showed earnings of \$160,964,674. Since then, however, there has been a very heavy increase in operating expenses, due to advanced wages, taxes, welfare work, etc. It is interesting to note that while the Steel Corporation has practically doubled its capacity since organization, earnings power has increased materially, due to the foregoing reasons and the continued downward tendency of prices for steel products.

In 1912 United States Steel produced for sale about 12,300,000 tons of steel and its earnings were in the neighborhood of \$108,000,000. In 1902 United States Steel earned \$133,808,743 on a production for sale of less than 3,200,000 tons.

## TORONTO MARKET WOUND UP YEAR IN FINE SHAPE

Brazilian Rose to New Record For the Month and Other Favorites Improved Their Position.

## A FLURRY IN THE BANKS

Investment Stocks Real Feature of the Movement—Money Stringency in Effect.

The Toronto Stock Exchange wound up the year 1912 in fine style, the market developing considerable buoyancy yesterday under an active speculative movement, which was more vivacious than anything seen in some time. Brazilian reached a new high record for the month, and others of the general favorites also improved their position, so that on the whole it was to be said that the list gave a remarkable exhibition of strength. In view of the money stringency, which was further augmented by the year-end demand for funds, this action was viewed as somewhat surprising, the highly satisfactory as indicating the strong technical position. It was in the bank shares that the real feature of the day was shown. These investment issues showed remarkable resiliency, with prices advancing rapidly in such stocks as were in special demand. Imperial rose to 22 1/2, a gain of four points for the day, and an advance of eight since the close of last week. The shares at 22 1/2 stood at their highest since last June. Dominion was quoted at 23 1/2 bid at the close, up three points for the day. As the shares were ex-dividend, this made a new high record for the year. Commerce and Standard were up nearly two points each, while Toronto and Hamilton advanced a point.

Brazilian, at its top level, stood at 32 1/4, but the last hour saw the price carried back over a point to 32 1/2, leaving a net gain of 5-8 for the day. Twin City moved up one to 14, and closed bid there. Monarch preferred, Consumers' Gas and Sawyer-Massey preferred were also quoted high, and Cannons, Spanish River, and other recent active spots were comparatively firm. Tuckett's Tobacco was traded in for the first time on this board, the stock changing hands at 59 1/4.

## STANDARD OIL "SUBS" ARE SOARING AGAIN

New York Curb Is Witnessing Another Boom in the Oil Stocks.

The Standard Oil "subs" have come to the front once again, and the various sharp advances which have been realized during the last few days rival many of those during the "boom" period. Thus South Penn Oil has gone up in value to \$80, an appreciation of \$190 a share in the last few days. Standard Oil of New Jersey is now quoted at 41 1/2 bid, against 33 1/2 a week ago. Standard Oil of California is selling around 27 1/2, against 24 1/2 a week ago. Atlantic Refining changed hands at 69, against sales around 60 a week ago. Standard Oil of Kansas is up 59 points for the week, and Standard Oil of California is selling around 27 1/2, against 24 1/2 a week ago. Smaller advances considerable gain. The market was fairly active, selling between 27 1/4 to 27 3/8, where it closed. The rest of the market was quiet and virtually unchanged.

## MINING BROKER JOINS THE BENEDICTS

A pleasing feature of the morning session of the Standard Stock Exchange yesterday was the presentation to A. J. Patterson, a member of the exchange, of a silver tea service on the occasion of his marriage to Miss Irene "Holly" Patterson. President McCauldwell made the presentation.

## TORONTO IN TENTH RANK IN POINT OF CLEARINGS

Montreal Dropped Back Into the Eighth Position Last Week—Standing of the Big Cities.

Toronto maintained its customary rank of tenth in the standing of the cities of the continent in point of bank clearings last week. This was several points below the record attained early in the fall, but was quite up to the standard of recent weeks. Montreal slipped back from seventh to eighth place, making a loss of two points in the last two weeks. Winnipeg came twelfth, the same as the previous week, but still below the position taken earlier in the month. The standing of the United States cities was not much changed.

## DETROIT UNITED AT NEW HIGH RECORD

Price Moved Up Steadily in Montreal Market—General List Held About Unchanged.

MONTREAL, Dec. 31.—Detroit's rise to a new high record price for the year of 7 1/4 was the principal feature of the day's trading. About 1000 shares changed hands, with the price moving up steadily from 7 1/4 to 7 1/4, after which a reaction of one-half set in. At the close it showed a net gain of 3-4 at 7 1/4. Canadian Cottons were also strong, the shares were well on to fifty per cent. City of Cobalt was another issue which made a new high record for the year yesterday. The shares were sold up to 36 1-2, at which price they showed a gain of 29 1-2 over January's level, or an appreciation of over 400 per cent.

## MINING MARKET HAS DEFINITE FIRMNESS

Further Buoyancy Shown in Year-End Session—Prospects Favorable For Wide Market.

A definite firmness to prices for some of the active issues yesterday gave a buoyant appearance to the mining market in its year-end session. The trading movement was not as active as that recently in evidence; nevertheless, a fair volume of transactions were put thru, and the round of small advances apparent at the close plainly manifested the fact that the market was still bidding for stocks which has taken place in the Cobalts during the last two months will go down in history as one of the best market features of the year 1912. Since the first of November many issues have improved their price levels to a degree which is comparable only to those remarkable fluctuations which marked the existence of the silver mining issues in the palmy days of the "Cobalt boom." The movement was brought about by the gradual realization of the unwarranted low levels to which the shares had been depressed, and the most outstanding incident of the rise was the firmness with which holders held on to their stocks even at the enhanced higher prices.

Everything points to a continuation of the upward swing after the holiday. The technical position of the market is sound, and with the public once again displaying an active interest in the day-to-day trading, it would seem that there is a clear path ahead of the issues of known merit. Yesterday's dealings higher prices were reached by the City of Cobalt, which sold up to a new high record for the year at 36 1-2; Peterson Lake, Bailey, Hollinger, Res, Vipond and "Pineblowing" Nipissing was 38 1/2 at the close, and as the stock anticipated that an aggressive development policy will be introduced under the new regime.

## MONEY WAS EASIER IN NEW YORK MARKET

Erickson Perkins & Co. had the following: The year ended with comparatively easy call money rates. In the afternoon the rate fell and shortly before the close it was offered at 3 1/2 per cent. Stocks ruled strong for a time in the last hour, with some of the gains extending to 2 per cent, or more, compared with yesterday's final prices. The bidding up was regarded by some as "window-dressing" by the banks, by others as short covering. Institutions are usually anxious to make a good showing as to assets at the end of the year, for the purpose of financial reports.

## SOMETHING DOING IN CITY OF COBALT

The advance in City of Cobalt shares to a new high record for the year yesterday was accompanied by the report, emanating in semi-official circles, that new capital would come into the company just as soon as the government consented to reduce the royalty. A big block of the stock is to pass into new hands, and it is anticipated that an aggressive development policy will be introduced under the new regime.

WHEAT STRONG ON EUROPEAN DEMAND

CHICAGO, Dec. 31.—Prospects of continued European demand with little surplus in sight except west of the Rockies, tended today to lift the wheat market. Closing prices were steady at a net advance of 1-8c to 1c. Corn finished 1-3-4c to 3-8c up, oats 1-5-8c to a gain of 3-8c and provisions varied from 5c decline to 1-2c to 5c increase in cost.

Chicago export clearances, 1,154,000 bushels for the day, the day's total to date with wheat strength. In this connection particular notice was taken of a big falling off in the European visible supply, leaving the total 7,000,000 bushels less than a year ago. Some of the more enthusiastic of the bulls were declaring that an acute domestic situation could not be avoided, and that the Argentine crop would cut no figure with the United States. In this position of short sellers to carry out trades into another year helped prevent any important setback.

Poor Weather Conditions. Prolonged dry weather and shortage of snow had a discouraging effect on the bears, the only weakness of the session being just at the weather in Argentina. December wheat options expired without unusual feature except a sudden upward jump of 1-1-4c in the last fifteen minutes.

Liquidation of December holdings formed the principal activity in the corn pit. Other options were upheld by hope of a renewal of last night's liberal export demand. Cash grades were firm.

Oats as a rule showed firmness. Packers kept the provision market steady.

Receipts of wheat at northwest points with usual comparisons, as follows:

Table with columns: Year, Year ago, Receipts, Shipments. Rows for Chicago, Minneapolis, Winnipeg.

European Markets. The Liverpool market closed 1/4c lower on wheat, and 1/8c to 3/4 higher on corn. Budapest closed 1/4c lower on wheat, Antwerp 1/4c higher. Berlin unchanged and Paris 1/4c lower to 1/2c higher.

World's Visible. The world's visible wheat supply decreased 1,195,000 bushels during the past week. In Argentina, production of corn increased 1,413,000 bushels, and oats increased 494,000 bushels.

European Visible. Wheat this week 25,455,000 bushels, against 26,084,000 bushels last week, decrease 629,000.

Receipts of farm produce were 700 bushels of barley, 30 loads of hay, and 6 loads of straw.

Barley—Seven hundred bushels sold at 4 1/2 to 7 1/2 per bushel.

Hay—Six loads sold as follows: Four loads of bundled straw at 4 1/2 per ton; one load of straw at 1 1/2 per ton, and one load of loose straw at 1 1/2 per ton.

Grain—Wheat—No. 1 bushel \$1.10 to \$1.12; No. 2 bushel \$1.05 to \$1.07; No. 3 bushel \$1.00 to \$1.02; No. 4 bushel \$0.95 to \$0.97; No. 5 bushel \$0.90 to \$0.92; No. 6 bushel \$0.85 to \$0.87; No. 7 bushel \$0.80 to \$0.82;
