BOOK REVIEWS

The Convolvulus. This brilliant little comedy in three acts is strikingly like the first chapter of Bernard Shaw's "Parents and Children."

Shakespeare and Sir Walter Raleigh. The greatest dramas ever written are not the work of the "divine" William Shakespeare of Stratford-upon-Avon as is accepted by many students, and the consideration of this fact has brought with it many perplexing problems and baffling debates.

Mr. Pemberton makes a list of the names of the Shakespearean plays in which he is found, and the names of the plays in which he is not found. He also gives a list of the names of the Shakespearean plays in which he is not found.

On examining the plays it is found that the author must have been in close association with the nobility and the court circles. There is not one instance of a mention of the name of a commoner in the plays.

MORE GOODFELLOWS WANTED AT ONCE

List is Being Filled Up Before Busy Shopping Season Starts.

WHOSOEVER WILL MAY

Those Who Have Enough Are Helping Those Who Have Not.

There are only a few shopping days left before Christmas. It is a good time to get into the Good Fellows list.

The Good Fellows are doing themselves proud, and many have already answered the call. There is still room for more, and the Good Fellows want that room so full that no family will go without some cheer at this season, nor do they want them neglected during the days of winter.

These are mothers and fathers, too, that are having daily appeals made to them by Toronto and hungry looking little faces, appeals which it is almost impossible to resist. These appeals call for those who have enough for themselves and for their families to help those who have not.

LARNED'S HISTORY OF THE WORLD

OFFERED TO READERS BY THE TORONTO WORLD

Read What Canadian Educationalists Say About It!

RIVERDALE COLLEGIATE INSTITUTE. Toronto, Nov. 5, 1914.

Dear Sir: The report of the teachers of English and history in Riverdale Collegiate Institute is as follows:

"We find that Larned's 'History of the World' is a monumental survey of the main facts and movements of history, concise enough to be of great value to the busy student, and yet sufficiently comprehensive to give all the information needed. It ought to be of great value to the ordinary reader in search of clear, up-to-date material."

Yours truly, W. M. MITCHELL, Principal.

DE-LA-SALLE INSTITUTE. 23 Duke St., Toronto, Nov. 12th, 1914.

Toronto World, City: Dear Sir: In compliance with your request, I have examined, as carefully as my limited leisure would allow, the 'Larned's History of the World.' The book has many advantages. It is nicely bound, handsomely illustrated, and not too bulky. But, above all, the author seems to realize that true history must be a record of human progress rather than a mere list of dates and battles. The plan of the book is original and very good.

It is a pity, however, that Professor Larned more or less restricts his work, from a Catholic standpoint, by viewing things Catholic very often from one side only. To give an instance or two: In Catholicism, as expected to see the appropriateness of the subject 'Larned's History of the World,' as applied to the doctrine of Papal Infallibility, nor was Philip II. of Spain, nor the strongly revived, while Elizabeth's reign are not similarly shown forth.

However, the author is much fairer than most of our predecessors. The book will prove of great educational value. I am, Sir, very truly yours, Bro. Austin.

A WOODSTOCK APPRECIATION. Woodstock, Ont. 20th, 1914. Dear Sir: I beg to acknowledge the receipt of the set of Larned's History of the World, which arrived in good condition, and which I am pleased to say are a first-class addition to my library.

Yours truly, J. M. Nobes.

COLLINGWOOD COLLEGIATE INSTITUTE. Collingwood, Nov. 6th, 1914. The Toronto World, Toronto. Dear Sir: I am in receipt of your letter of Nov. 3rd re Larned's History, which also came to hand this week. On behalf of the Collegiate, I thank you for the volumes and the many kindnesses shown to me.

I have glanced through the books, and from my brief observation, have pleasure in noting the very wide scope of effort in the work of history.

Yours truly, W. J. Feasby.

ARE you strenuous? Do you so in for things for all they are worth? If you are an American-born woman I know the answer. You pitch head-foremost into club life, art, society or some other pursuit because your nerves are ragged. American nerves that never stop sending out an impulse from

I realize that this is a day of specialization, and to be a success one must adhere to one thing, but vitality is both physical and mental, and the first must not be neglected or the second will suffer. Regular walks in the open country and daily exercises would give her the perfect equilibrium and nerve control which she and her work both need. Another friend of mine is consumed by her interest in writing. She ignores the rule which says that intense mental work should be done early in the day, muscular exercise in the afternoon, and relaxation and play in the evening. The midnight oil burns over her papers, and in the morning she is inert, listless and quite worn out. Have you ever noticed what a lot of useless things we do when our nerves are on the ragged edge? When they are rested and well you keep calm, you enjoy life, and accomplish things without leaving lines of wear on the face. A pianist tells me, she rests her nerves by taking a tonic bath which is followed by exercise and a nap. This is the mixture which she adds to her warm bath:

Flucture of camphor... 1 ounce
 Tincture of benzoin... 1/2 ounce
 Cologne... 2 ounces

"After the bath," she says, "I stand in front of an open window, draw a deep full breath, then forcibly contract and expand my abdomen five times, slowly exhaling my breath thru parted lips. I then make every muscle tense, and drop my torso forward until I can still bending. I take a full breath and exhale in standing position."

If you must be strenuous in the pursuit of some object, expend a good amount of daily enthusiasm on physical exercise. The benefits will show in your looks and health and the perfection of your work.

THIS WEEK'S ATTRACTIONS AT THE THEATRES

MARIE DRESSLER AND HER COMPANY AT THE ALEXANDRA THEATRE THIS WEEK.

Marie Dressler Tonight

Miss Marie Dressler in her newest comedy success, entitled "A Mix-Up," comes to Alexandra Theatre this week commencing tonight with matinee on Thursday and Saturday. Miss Dressler is said to have a role in her new offering which affords her the finest opportunity she has yet had for the display of those exceptional and unique talents as a comedienne which have won for her a nom du theatre of "the funniest woman in the world." She appears as a queen of burlesque who gets into the wrong apartment by mistake. Taking this basic idea, the author, Parker A. Hord, has written a highly amusing three-act farce which reveals complications of a novel nature. Incidental to the comedy Miss Dressler sings several songs, her biggest song hit being entitled "Sister Susie's Sewing Shirts for Soldiers." The strong cast includes Bert Lytell, Miss Evelyn Vaughan, Robert Ober, John P. Dougherty, Miss Sarah McVicker, Miss Julia Blane, and others.

Nancy Walker with "Hello Paris" at the Star.

Owen McGivney, protean actor, headline feature at Loew's Winter Garden.

Nettie Nelson with "Hello Paris" at the Star.

Marguerite Henry, "Rebecca of Sunnybrook Farm," Grand Theatre.

"Rebecca" at the Grand

"Rebecca of Sunnybrook Farm," the best of New England dramas, and the most charming, in that it presents pictures of New England children as well as her grown folk, will be seen at the Grand Opera House all this week with Klaw and Erlanger's splendid production and a company of exceptional ability. The play is the work of Kate Douglas Wiggin and Charlotte Thompson, and is a dramatization of Mrs. Wiggin's first study of New England life and character, "Rebecca of Sunnybrook Farm."

Hippodrome

Harden, "The Handoff King," comes to Toronto as the headline attraction at the Hippodrome this week. Offering a new series of wonderful feats, Harden is certain to draw crowded houses. Maelynn Arbuckle will be featured in George Ade's sparkling play, "The County Chairman." The play is full of human interest and has a pretty romance running thru it. The Scotch Players will offer an amusing comedy playlet entitled "My Wife from London." M. Nerva Courtney and company have a refreshing comedy sketch called "Nowadays in Particular." Gordon and Kinley have an entertaining novelty, "The Sillings are Clever Musicals." Albright and Mack have a feature film complete the list.

My Lady's Dress

Until Edward Knoblauch conceived the idea of "My Lady's Dress" few persons ever imagined there was sufficient dramatic material for an evening's entertainment in a gown. Mr. Knoblauch, however, has proven this to be a decidedly the case by writing the most unique and engrossing sketch in the past decade on this very subject. "My Lady's Dress" is to be seen here at the Princess all next week and will be the only Canadian presentation of Mr. Knoblauch's latest success, which ran for an entire year at the Royalty Theatre, London.

Loew's Winter Garden

Loew's Winter Garden will celebrate their 5th anniversary this week, and as a special treat to their patrons have secured Owen McGivney, the distinguished protean actor, who will present Bill Sykes, in a quick-change dramatic episode from Charles Dickens' immortal work, "Oliver Twist." Ethel Whitelade and her frolicsome funsters; Dave Nowlin and Gertie St. Claire, in comedy and song originalities; George Rockwell and Al Wood, nut comedians; Arno and Sticney, the musical boys; Ben and Hamilton, Samson Trio, Walker Brothers, and it will be the only Canadian presentation of the same bill. For the first half of the week, "Zudora," the latest success, which ran for an entire year at the Royalty Theatre, London.

NEW CONGL CHURCH OPEN IN ROSEDALE

Beautiful Edifice Was Dedicated at Special Service Yesterday

The Congregationalist edifice at the corner of Glen road and Roxboro drive was dedicated yesterday. All services were well attended. The preacher of the day was Rev. Galus G. Atkins, D.D., of Providence, R.I., and his message was based on the biblical text, "Other Foundation Can No Man Lay." Both morning and evening large crowds were in attendance and special musical numbers were given by the Pastor Rev. J. F. Day conducted the dedicatory service, with the congregation reading alternately with him the creed. A prayer of dedication followed and the Lord's Prayer was chanted by the whole congregation. In regard to the whole congregation Dr. Atkins first referred to literal foundations and then proceeded to draw a comparison with those "which fade not away."

The speaker promised ultimate victory thru the success of sacrificial love demonstrated in the cross. Love was the conquering force of the world. War would pass and all battles would finally be won thru brotherhood and sacrificial love.

With the closing services held in the old building Nov. 29, 1914, the North-West Congregational Church completed a period of service in that neighborhood of little more than fifty-six years. The origin of the church was a Sabbath school started Oct. 10, 1858, by eight members of old Zion Church in a brick cottage on the east side of Church street. In 1867 the work was moved so that it was decided to erect a church edifice, and the building now stands was erected. The sale of the church as part of the Carlton street "mystery block" in 1910 obliged the congregation to find a present new site at the corner of Roxboro drive and Glen road.

The opening of the new building marks a unique development in the life, inasmuch as the site was selected after consultation with the joint committee on co-operation of the Methodist, Presbyterian and Congregational Churches of the city a committee that held the origin in the feeling that closer cooperation should exist between the three denominations negotiating for church union in order to prevent overlapping and more fully to cover the ground.

The architectural style is early English gothic. The masonry is random brick and Credit Valley ashlar stone. The auditorium seats about eight hundred people. The building, land, memorial windows and furnishings represent an outlay in round numbers of \$23,500, the organ \$8500 making a total investment of \$38,000.

The first pastor of the church was Rev. Richard T. Thomas, followed successively by Rev. J. A. R. Dickson, R.D., Rev. John Burton, R.D., Rev. T. Bradley Hyde, Rev. E. B. Brathwaite, Ph.D., Rev. Frank J. Day, M.A., R.D. The longest pastorate was that of Mr. Hyde, from 1892 to 1907, he being still a member of the church.

RELIGION IS VITALLY OPPOSED TO MISERY

Church Must Remedy Social Conditions, Declared Rev. Mr. Taylor in Varsity Sermon.

"Trouble not the Master" was the text which Dr. Bruce Taylor applied in his sermon to university students yesterday morning in Convocation Hall. "Jesus Christ has been shut off from the provinces which he ought to rule," declared the speaker, "and He has been excluded from regions of the heart where He ought to hold sway. Too many have attempted to keep His work in the narrow path, and have been unwilling to let it penetrate thruout the whole fabric of human life. Not only His foes but His friends have attempted to confine the work of Christ into certain narrow channels. These limitations were practices not only in Christ's day, but in every succeeding age."

"There is no possibility of limiting religion to any single sphere of life," declared Dr. Taylor. "The gospel is interested in the care of the sick; 'thn it should also be interested in sanitary conditions. In the City of Montreal, where the infant mortality rate was 22 per cent. for children before they reached the age of one year, there was a crying demand for the church to do something. The church ought to have something to do with the slums and the sanitary conditions which make them," declared Dr. Taylor. The busy solution is to "Trouble not the Master," but the Christian way is to throw yourself into the struggle to remedy the evil.

ROMAN CATHOLICS OPEN MISSION AT ST. PETER'S

Special Service in Bloor Street Church by Paulist Fathers.

A three weeks' mission is being conducted by the Rev. Fathers Moran and Gilis, Paulists of New York, at St. Peter's Church on Bloor street, near Bathurst. The first week, devoted to the women of the parish, closed yesterday afternoon, and its success was testified to by the large numbers in attendance, who filled the church and overflowed into the vestibule, even the sanctuary giving place to a large number.

The mission for the men began last evening, and will be continued every morning when two masses will be said and a short instruction given and again at night. The principal sermons will be given in the evenings and the entire congregation are invited to take part in the singing of the hymns and at benediction.

Commencing on Sunday, Dec. 13, there will be a mission for non-Catholics also to last a week. The lectures will be free and are open to all. Their purpose being to explain the doctrines of the Catholic Church and to answer in a kindly manner, all the questions concerning Roman Catholicism. The first lecture will be given on Sunday morning at 11 o'clock on "The Purpose and Spirit of Missions to Non-Catholics." There will be a mission box at the door of the church in which questions may be dropped which will be answered on the following evening.

Alien Enemies at the University

There appears to have been a deliberate attempt made to cloud the real issue by those opposed to the dismissal of Profs. Benzinger, Mueller and Touss from the staff of the University of Toronto. Had the issue been fairly faced there would have been no question of compromise.

The issue raised by The World was plain and direct. Alien enemies were employed by the university contrary to the policy of the empire. The absurd reply of the official statement is that "no charge against the German professors has been substantiated."

President Falconer has been jockeying into the position of assuming the responsibility of refusing to dismiss these alien enemies, but it is clear that a number of the governors are hiding behind his authority. It is to be regretted that Dr. Falconer did not set a more patriotic part.

Many, no doubt, will contend that he has really acted from magnanimity. Magnanimity in war begins at home. Our magnanimity at present is for the Belgians and against the nation that has made Belgium a hell on earth.

Circular No. 6, recently issued by the Canadian Peace Centenary Association, contains the result of the enquiries made of the American committee and of many representative public men and also the views of leading United States newspapers.

President Falconer and Sir Edmund Walker have done a grievous wrong to the youth of Canada in consenting to any attempt to compromise with downright abhorrence of the German crime. The stones of Louvain rise in judgment against them.

Freedom Makes Strength. While it is improbable that the German professors and exponents

of "Kultur" have yet reached the point when they can commence to appreciate the difference between that and the British idea of civilization, enough has happened to give them pause. Between 1772 and 1785 three successive partitions of the old Kingdom of Poland occurred, and when it finally disappeared Austria had gained an additional 45,000 square miles of territory with 5,000,000 inhabitants; Prussia 87,000 square miles with 2,550,000 inhabitants, and Russia 184,000 square miles with 4,500,000 inhabitants.

When this war broke out the attitude of the Polish inhabitants gave evident anxiety to the respective governments. Not one of them could rely with any confidence on Polish sentiment, alienated as it had been by generations of harsh and un sympathetic rule. Both the Russian and German governments began to cater to their Polish subjects.

Germany found her Polish provinces a source of weakness rather than of strength, notwithstanding that for more than a century they had been under her government. In Alsace Lorraine again after more than forty years of German rule the inhabitants, although German in the language of Alsace, remain French in sentiment.

The Peace Centenary. For some considerable time arrangements have been in progress for the celebration of the hundred years of peace between the British Empire and the United States.

Editor World: Sir, I beg leave thru your columns to ask your correspondent, Mr. English, where in Coleridge he finds the words "slaughter is God's duty." A similar sentiment, "Carriage is God's duty," is found in Wordsworth (Ode, 1815), but I do not recollect ever meeting the sentiment in Sir P. C. A much more important matter is that the words "slaughter is God's duty" were used by the German government in the Transvaal and the Orange Free State only seven years after the close of the Boer war.

Editor World:—In last Saturday morning issue of your paper, Mr. J. L. Atkinson's remarks, re the articles being published by the Canadian laundrymen, condemning Chinese laundries and requesting the public to patronize those owned by Canadians, have my whole-hearted support.

These Chinamen pay a large head tax on entering this country, also a city tax, and as taxpayers have equal rights with others to carry on legitimate business. Moreover their country is not at war with Great Britain, as one would be led to believe from reading these articles.

The Canadian laundrymen on account of their present condition are trying to appeal to the patriotism of the public to support Canadian laundries.

**SETTLING SOME VEXED
ATHLETIC QUESTIONS**

**Twenty-First Annual Meeting of
Amateur Athletic Union of
Canada.**

OTTAWA, Dec. 6.—(Special.)—The settlement of the long-standing Mann Cup dispute and the appointing of a special committee to confer with a committee of the Dominion Football Association on the vexed question, and the status of the professional soccer player, were the chief features of the afternoon and evening sessions of the thirty-first annual meeting of the Amateur Athletic Union of Canada, which concluded at the Chateau Laurier on Saturday night.

Players of the Toronto Varsity and Ottawa V.M.C.A. basketball teams were reinstated.

The Canadian Amateur Lacrosse Association reversed the decision of Joe Lally, Mann Cup trustee, and awarded the Mann Cup to the Vancouver Athletic Club. If the Mann Cup trustees do not rectify the findings of the C.A.L.A., the Pacific Coast League will withdraw from the Canadian Amateur Lacrosse Association and terminate its affiliation with the A.A.U. of C. The stand of Rev. Vert of British Columbia was that the Coast League would in future take no further recognition of the Mann Cup, and would get another championship trophy. If the cup trustees persisted in upholding the decision of Trustee Lally and awarding the Y.A.C. was ineligible.

Mr. Francis Nelson, representing Ontario on the Lacrosse Association, presented the claim of the Brampton La-

cross Club, and contended that the Brampton Club felt positive that the postponement of the second game of the Mann Cup, in July last, was purposely made so that ineligible players could be imported by the Vancouver Athletic Club. Trustee Lally awarded the Mann Cup to Calgary on the ground that Kendall of the V.C. was ineligible.

President, Mr. Thos. Boyd, Winnipeg; first vice-president, Mr. Thos. Brownlie, Toronto; second vice-president, Dr. J. G. Davidson, Vancouver; treasurer, Dr. D. B. Macdonald, Toronto; secretary, Norman H. Crow, Toronto.

The annual election of officers for 1914-15 gave Toronto a new member on the A.A.U. of C. board, Mr. Thos. Brownlie replacing Dr. J. G. Davidson of Vancouver as first vice-president. The Vancouver City has now a majority of members on the board. The election resulted as follows:

President, Mr. Thos. Boyd, Winnipeg; first vice-president, Mr. Thos. Brownlie, Toronto; second vice-president, Dr. J. G. Davidson, Vancouver; treasurer, Dr. D. B. Macdonald, Toronto; secretary, Norman H. Crow, Toronto.

The annual wrestling championships were awarded to Winnipeg V.M.C.A. The boxing championships were referred to the championships committee, but it is likely that they will be held in Montreal this year. The recommendation of the annual registration committee that the players of the Varsity and the Ottawa V.M.C.A. basketball teams be reinstated was reversed. The players of both teams had been under suspension for participating in games with American basketball teams without the sanction of the A.A.U. of C.

A motion introduced to permit closed sessions of amateur and professional basketball teams without the sanction of the A.A.U. of C. was defeated.

The control of all reinstatement was transferred to the national registration committee, and its decision will henceforth be final, with the A.A.U. of C. as the final authority for reinstatement.

Mr. J. Warrington of the Quebec Branch suggested that a change in the system of selecting Olympic representatives be made. His suggestion was to the effect that the system in use in the United States be followed, which keeps track of the doings of likely representatives from year to year. The suggestion was referred to committee. No Olympic games will be held until the war is concluded.

The question of the A.A.U. of C. being represented at the Panama Exhibition was referred to the board of governors.

Reports From Branches.

The reports of the various branches showed that there had been only a slight falling off of athletic interest since the war began. Alberta had a banner year in lacrosse.

The argument on the soccer player question was a lengthy one and aroused strong discussion. Mr. Craig Campbell, vice-president of the Dominion Football Association, styled the professional soccer game in Canada as "legitimate business," and stated that the D.F.A. intended to kill the professional game.

"I do not care a snap of my fingers what the A.A.U. of C. does with the seventy players that the Dominion Football Association has reinstated, but we do not want the amateur players who played against these men placed under the professional ban," said Mr. Campbell.

The probable outcome of the conference between the A.A.U. of C. and the D.F.A. committee will be that the Dominion Football Association will affiliate with the A.A.U. of C. but will continue to retain the constitution of the International Football Federation. In short, the D.F.A. will still retain the right to govern professional soccer in Canada, but will not exercise it.

The board of governors was selected, as follows: Alberta, Prof. E. M. Edwards, Edmonton; British Columbia, A. E. Vert, New Westminster; Manitoba, H. H. Russell, Winnipeg; Ontario, J. G. Davidson, A. G. Gagnon, Toronto; Quebec, J. N. C. Ledoux, Sackatoon; Saskatchewan, T. P. Panton, Regina.

The following officers were elected to the Dominion Lacrosse Association: President, A. E. Vert, Sackatoon; vice-president, A. E. Vert, New Westminster; B.C., secretary, F. R. Sinkins, Toronto.

Heaviness in Bonds Stocks Tend Upward

BONDS ARE HEAVY STOCKS ARE FIRMER

Rock Island Issues Rise From One to Three Points.

ONLY EXCEPTION

Other Bonds Down - Rising Tendency in Stock Market.

Canadian Press Despatch. NEW YORK, Dec. 6.—Bonds and stocks moved contrarily today, the former showing great heaviness, while the latter were firm.

Rock Island issues rose from one to three points, the latter measuring the gain in the collateral.

Dealings in bonds were relatively heavy, volume than on the preceding day, involving a smaller number of issues many of the speculative nature being unquoted.

There were no lots of more moderate size, and a heavier transaction was in two to five hundred.

The inquiry is broader. Bid and asked prices of stocks indicated not only a rising tendency but a broader inquiry, more stocks being quoted than on the preceding day.

Today's business in stocks, while not indicated, was reported to show an increase for the two hours over the same period of the early days of the week.

Contrary to reports, the stock exchange today reported that plans to effect a resumption of dealings in stocks had not yet gone beyond the tentative stages.

Developments, which may be assumed to include the settlement of the exchange, there will be no departure from existing regulations.

The only feature of foreign exchange was to increased strength of exchange rates, which rose 1/2 cent yesterday's quotations.

The local market was without features, prices for all lines of coarse grain being firm, with a fair trade in flour.
