3 CUB PITCHERS BATTERED FOR 12 RUNS

Phillies Have Another Walk-
away, With Coombs in Box,
and Chief Bender is Expect-
ed to Put on Finishing
Touches To-day — Chance
Banished From Game.

By TY COBB
Champion batsman of professional
baseball — Copyright by The
Philadelphia Press Company.

CHICAGO, Oct. 20.—The Philadelphia
Athletics are world's baseball cham-
pions unless a miracle should occur.
Bender and Coombs have won for
themselves the greatest honor that has
ever befallen any two pitchers in base-
ball, by winning this series, single
handed. The batteries to-morrow will
be Bender and Thomas v. Cole and
Kling or Archer, the latter being likely
to be the surprise catcher, as there
have been several developments to-day.

The third game of the series was
played on the Cubs' grounds this af-
ternoon, with an immense crowd on
hand and in a drizzling rain during
the greater part of the nine innings.
One of the most vital moves ever made by
a baseball manager was the pitching
right back of Coombs to-day, and Jack
won by 12 to 5, showing his true form,
as I said he would with more work,
and winning the game in a most de-
cise manner. After the third inning
he showed his real form, which has
won for him thirty games during the
American League season, just ended.

This practically deciding game, played
upon Coombs' shoulders, put him in
a very ticklish position. He never
faltered from the first to the last in-
ning, and succeeded in showing the
Chicago Cubs what real pitching
there is in the American League. A
fast over-hand drop curve, with a fast
straight one delivered with exactly
the same move, was his chief success in
the game. He was very accurate in
tapping light ones to the infield, or
popping them up, or striking out. Jack
allowed only five hits.

Cubs Were Lucky.
The majority of the Cubs' runs were
scored on Flaker. Two of them came
on a wild pitch, with two out; two
were tallied on Hofman's double to left
which Lord should have caught. The
score could have been made much
more easily. To realize the wonder-
ful work and hitting of the Athletics,
one must take into consideration, first,
the number of runs they scored. Then,
that only three errors were made by
the Cubs, and only three bases on balls
given by the Athletics, and no bases
stolen to advance the batters to the
plate.

From the first man up until the last
man out, they were swinging, slashing
and eousing the ball in a murderous
fashion, not offering at a bad one, but
picking out the good ones, not taking
a strike, but smacking away with all
their might, driving the ball at bullet-
like speed thru and over the infield,
and most of the time over the out-
field, with long, creeping thera.
Most of the men went to the plate
with hard hit balls. The hitting, as a whole,
was wonderful. Beginning on Reul-
bach early in the game, McIntyre tried
to stem the awful tide, but soon had
to retire. The Reulbacher took up
the burden, showing a very classy coun-
ter of pace, good head work and good
control. But the Athletics succeeded in
garnering four runs off Fletcher's good
pitching, aided at the start by two er-
rors.

Spectacular Fielding.
Of the fielding features, those who
saw the game cannot forget the fast
and difficult double that Barry Col-
lins and Davis pulled off. To mention
this in the same breath with Murphy's
beautiful catch, would not be doing
justice. Just how they did it, the back-
ground justly fell over the tempo-
rary right field fence and stabbed
Zimmerman's long drive for the third
out, which retired the side.

Of the Cub team, however, it is
not that Tink's work was very high class,
his hitting hard and clean, his fielding
good. He seems to have more ginger
than the rest of the entire Cub team.
Schulte's work was very good, as it
has been during the series. The
averages will find Schulte hitting
away up, and he seems to be the most
fearful man of the Chicago team, as
they work harder to retire him. Proof
of this can be shown by the fact that
he has walked on several occasions.
There has not been a chance to say
much of the Cubs, except that they
have so completely outclassed them
that they have had no chance to shine.
The Mack men were always anxious.

MR. SOLMAN SCORES.
Toronto has a great and enterprising theatrical
manager in Mr. Lawrence Solman, and the public
certainly showed appreciation of him in their
attendance at the Russian dancers' performance last
night.

Fall Weather Hats.
The weather has at last turned to
ward the winter, and it must suggest
winter clothes and winter hats. The
Dineen Company has on view to-day
the very latest creations in the best of
English hats for men, made by the
more expert of the European makers,
and particularly by Henry Heath of
London, who makes hats for the
crowned heads of the continent, and
for whom Dineen is sole Canadian
agent. Store will be open Saturday
evening.

BOURASSA BOURASSA HAD AUDIENCE OF 10,000

In Two Hours' Address, Bitterly Assailed Prime Minister of Canada — F. D. Monk Says Earl Grey Should Not Mix Up in Political Matters.

MONTREAL, Oct. 20.—(Special.)—The Nationalist political meeting, eagerly anticipated, which took place this evening at the corner of Delorimier and Ontario-streets, was attended by 10,000 people.

F. D. Monk, M.P., and Henri Bourassa were the only speakers, the latter taking at least two hours for a tremendous onslaught on Sir Wilfrid Laurier. In fact, no speech in the French tongue has ever been so severe as that of the Nationalist leader this evening.

Mr. Monk made two particular statements, the first being that should England and Germany engage in war, Canada would have practically no interest in the fact that if the present naval bill went into force, we would have to send money, ships and men.

The ex-Conservative leader in the province also spoke of the attributes of the sovereigns of Great Britain taking always an impartial attitude on public questions. So, he said, Canada's governor-general, being a viceroxy, should also abstain from mixing up in public questions of political import.

Bourassa, who was well received, said he came before them to dissent from the speech made at the Nationalist meeting, and to ascertain if Sir Wilfrid was really worthy of the high position in which he had been placed by the people of Quebec.

He then proceeded to review the premier's stand, from his first visit to England and back to the Chamberlain the first time. He had declared that although he had combatted Mr. Chamberlain, he had admired his frank, persistent and straightforward advocacy of the imperial cause, his attitude being in striking contrast with that of those who had turned sourmouths on the side of the water.

Mr. Bourassa further claimed that in opposing Canada's participation in imperial defence, he was in such company as Mr. Asquith, Sir Charles Tupper and many other leading statesmen in this and other countries of the empire.

WEEDS. FATHER BURKE BANISHED FROM THE IRISH LEAGUE

Editorial Reference in "Catholic Register" to O'Connor Meeting is Denounced.

Strong words were spoken at a meeting of the United Irish League last night with reference to an article in The Catholic Register following the reception in Massey Hall recently, which was addressed by T. P. O'Connor, M.P. It ended in a resolution being passed excluding Father Burke, editor of The Register, from the league.

The article in question referred to a meeting of the league, which was held at the home of the late Mrs. Burke, and in which the speaker, O'Connor, had said that he was like a cross-bird.

"Is a person who, five days after his appointment, begins kicking, denigrating and complaining about the work of being kept on the job?" he said. "She is simply ridiculing the whole system. Altho I believe she has the ability to fill the position, I don't consider she has the ability to work with others."

Miss Martin and the System. "I don't think the system is workable," said Miss Martin, "and I hope you will not dismiss me. I am glad to see the woman had the courage of her convictions. As a matter of fact, you have not copied the New York system or the English system either."

The vote when taken resulted: "Irish affairs should be discussed in the league," 10; "Irish affairs should not be discussed in the league," 10. The speaker, O'Connor, said that he was like a cross-bird.

LANDED AT VILLE MARIE
Swiss Balloon Helvetia Comes to Earth 1100 Miles From St. Louis.

ST. LOUIS, Mo., Oct. 20.—Col. Theodore Schaeck, pilot of the Swiss balloon Helvetia, which was launched from St. Louis, Mo., on Monday, landed at Ville Marie, Que., 1100 miles from St. Louis, to-day, according to a message received by the Aero Club of St. Louis, to-night.

OLD MAN ONTARIO: It's up to me.

Gradually the policies of the three big railways in regard to Toronto are unfolding themselves.

It now looks as if it were pretty well settled that the Canadian Pacific will build a skyscraper at the southeast corner of King and Yonge-street, probably in the neighborhood of 100 feet square, to be occupied mainly on the ground floor as a ticket office, express office and a receiving office for telegraph business with other offices above and probably some to let to the public.

It has also been definitely settled that big improvements in the way of freight sheds are to be made west of Simcoe, south of King, and extending away up in the direction of Bathurst-street bridge. The C. P. R. was also under way extensive improvements in North Toronto, and it is quite certain now that a very considerable portion of their passenger business will go to north and there are people who are well informed who say that the whole passenger business will gradually go up town and be located near Yonge-st.

As for the Grand Trunk, they are putting in extensive improvements in the way of taking out grades at Sunny-Don and all around Humber Bay, and it may be that these improvements will be further continued in the way of a viaduct across the city from the Don, even if the C. P. R. does not come in.

One man who seemed to have some information stated yesterday that the beautiful catch, would not be doing justice. Just how they did it, the background justly fell over the temporary right field fence and stabbed Zimmerman's long drive for the third out, which retired the side.

Of the Cub team, however, it is not that Tink's work was very high class, his hitting hard and clean, his fielding good. He seems to have more ginger than the rest of the entire Cub team. Schulte's work was very good, as it has been during the series. The averages will find Schulte hitting away up, and he seems to be the most fearful man of the Chicago team, as they work harder to retire him. Proof of this can be shown by the fact that he has walked on several occasions.

TWO POWER STANDARD
Hon. Reginald McKenna Replies to Mr. Balfour's Naval Jeremiads.

LONDON, Oct. 20.—Hon. Reginald McKenna, speaking at Monmouth, said that Balfour's naval jeremiads always synchronized with his followers' demands for a lead upon tariff reform. He reckoned that most maintained the two power standard. In first-class cruisers, her superiority was still more marked. Never had the margin of superiority been so high in times of peace. McKenna also denied Balfour's figures respecting the number of German and British Dreadnoughts in 1913.

BRITISH GOVERNMENT OF INDIA IS THE MODEL

Former Member of Philippine Commission Wants U.S. Colonial Civil Service.

MOHONK LAKE, N.Y., Oct. 20.—Speaking before the Lake Mohonk conference of Friends of the Indian and other dependent peoples, Hon. W. Morgan Shuster, formerly a member of the Philippine Commission, to-day reviewed some of the difficulties in the way of rapid execution of the Philippine policy of the United States.

"We have set out to raise the material, moral and intellectual standards of more than seven millions of people," said he, "to instil into them Anglo-Saxon ideas and methods; to dignify ignominious toil; to create in them a high nation al spirit; to give them a common language, and to teach them, by practical, but gradual experience, to be at some future day the arbiters of their own destiny as a people. Our highest executive authorities seem to agree that at least two generations will be necessary to secure these results."

"In the first place, we lack experienced colonial administrators. By this I do not mean to imply that the past ten years have not developed a number of very competent officials who are more or less acquainted with the entire Philippine problem, but I mean that we are starting where England started in India in 1858—not where she stands to-day, with one of the most highly developed and thoroughly trained bodies of across-the-sea administrators in the world. If we are going to enter seriously for this long race, we must create, by law, a colonial civil service, along the permanent and liberal lines of the British civil service in India. Our colonial possessions are large enough and important enough to-day to warrant the creation of a permanent department of government, with a cabinet officer at its head, to manage them."

MAY RESULT IN HYDRO SYSTEM
Attempt to Forestall Edmonton's Power Project Protested Against.

EDMONTON, Oct. 20.—(Special.)—In view of the action of A. Violette in seeking to establish prior rights in the development of power on the Athabasca River, which the city proposed to develop, Commissioner Bouillon, acting under instructions from the council, has taken up the matter with the minister of the interior.

BOARD AEEGE THE INSPECTOR

By 7 to 4, School Trustees Vote to Ask Dr. MacMurphy to Send in Resignation.

"As Dr. MacMurphy tried to shake the faith of the public in the system of medical inspection in the public schools, without making any suggestions for improving the system, altho she was courteously invited to do so; as she ridiculed the method established by the board of education and arranged by the committee on medical inspection and the board of inspectors; as she made mis-statements regarding the head of the department to which she was assigned by the board of education, and as she has asked to be allowed to remain on trial for three months; therefore be it resolved that Dr. MacMurphy be asked to send to this board her resignation of the position of medical inspector."

This was the resolution, moved by Trustee Levee, seconded by Dr. Bryans, and adopted by the board of education last night.

Trustee Levee considered that, in view of the report of the management committee, there was nothing left but to ask for the resignation.

"That letter was a most unfortunate thing," said Dr. Ogden, "and I can hardly conceive that an educated person would make such a blunder unless that person had been under very great provocation." He thought that many would consider the resolution a great injustice, and that the action of the board would be altogether too hasty.

"I would ask my friend Levee if he would not wait for a short time and give the method of inspection a better chance," he said.

For and Against Delay.

C. A. E. Brown was of the opinion that the question should wait until Dr. MacMurphy be given her three months' trial, and then, if not satisfied with the system, she could withdraw. Besides she might have some good suggestions for improvement to the board.

Dr. Conboy favored the Levee motion, claiming that he did not want to have the system of inspection again demoralized by Dr. MacMurphy resigning at the end of three months.

Dr. Bryans did not think that Dr. MacMurphy's interpretation of "red tape" about the system was fair or correct. Referring to her refusal to answer the senior inspector in an interview, he said she was like a cross-bird.

"Is a person who, five days after his appointment, begins kicking, denigrating and complaining about the work of being kept on the job?" he said. "She is simply ridiculing the whole system. Altho I believe she has the ability to fill the position, I don't consider she has the ability to work with others."

Miss Martin and the System. "I don't think the system is workable," said Miss Martin, "and I hope you will not dismiss me. I am glad to see the woman had the courage of her convictions. As a matter of fact, you have not copied the New York system or the English system either."

The vote when taken resulted: "Irish affairs should be discussed in the league," 10; "Irish affairs should not be discussed in the league," 10. The speaker, O'Connor, said that he was like a cross-bird.

EDMONTON, Alta., Oct. 20.—To engage in the last great Buffalo hunt of the world, a party of fifteen sportsmen, headed by Howard Douglas, Dominion commissioner of Parks, will leave Edmonton on the morning of Thursday, Nov. 3, for Flathead Hills of Montana. Michael Poble, Mexican owner of a big herd of 700 Buffalo, which has been transferred to the Dominion Government, wear of efforts to capture alive thirty-five tough old lawless bandits who have caused all the trouble and stampeded the gatherers, has decided to have them hunted down.

He has agreed to furnish any person wanting a buffalo with saddle horses, guide and all necessary equipment and charge \$250 for buffalo.

As a head alone is worth \$50 and hides \$100 more, the offer of both adventures and profit has a strong appeal to sportsmen.

THE REWARD OF KINDNESS
Young Charlottetown Man Gets \$18,000 and a Fine Residence.

CHARLOTTETOWN, Oct. 20.—(Special.)—Because he showed kindness to Dr. Fleming of Boston, when the latter was in Charlottetown in 1909, suffering from a paralytic stroke, Frank McDonald, a prominent young man of this city, who has just received \$18,000 cash and a residence on Columbus-ave., Boston. He was summoned to Boston a few days ago by the doctor, where the presentation was made.

FOUR YEARS FOR BURGLAR.
LONDON, Oct. 20.—Frank Horsey, an impudic-looking youth, who claims Baltimore as his home, and who came from Detroit with a man named Stephens a few weeks ago, apparently for the purpose of burglarizing every house he encountered, drew a ten-year term in Kingston Penitentiary on four charges before Judge Macbeth at noon to-day.

FIVE KILLED IN WRECK.
SANDUSKY, O., Oct. 20.—Five persons are reported dead and many injured by the ditching of the north-bound Hocking Valley passenger train, No. 32, one mile south of Harpster this afternoon.

Physicians and ambulances have been sent from here.

GREAT RUSSIAN DANCERS GAVE A WONDERFUL SHOW

Never Before Has Toronto Had
Such Spectacles as Were Afforded
at Massey Hall Yesterday.

In the two hours performance yesterday afternoon at Massey Hall, and the further program given in the evening, by the Imperial Russian Ballet, with Mile Anna Pavlova and Mikhail Mordkin, Toronto had an opportunity of seeing what is everywhere regarded as the highest development of the ancient art of dancing.

As long as 30 years ago, an authority in England declared that the art had died out, and one would have to go to St. Petersburg to discover a premier danseuse. Traces of the great days of the ballet still linger in Dublin and London, and spectacular ballets are frequently given at the great London music halls, but there are no Tassilins, nor Fanny Elssler, nor even Sangaletti. The decadence of the ballet is said to be due to the former excellence of the performers.

The jealousies were such among the leading danseuses that the ingenuity of managers was taxed to get them on the same stage. The best was supposed to appear last on the stage, and the least important first. The rule was finally established that the most youthful took first place. Then a daring manager invented a pas de quatre, and secured the unparalleled attraction of having Carloti Grisi, Cerito, Rosali and Lucile Lalli, all appear together.

After seeing all four together no one would go to see them apart, and the ballet withered. Nothing finer since that immortal pas de quatre has probably been seen on the stage than Mr. Mordkin's combination. Mile. Pavlova is variously described as the incomparable, the danseuse etoile, and the Prima Ballerina Assoluta. We are quite willing to admit the absoluteness of her rank, if we be permitted to rank Mr. Mordkin of an equally high or even higher degree.

The Russian Imperial troupe first visited America last spring, and one can readily appreciate the enthusiasm which demanded a return visit on the earliest opportunity. In Massey Hall yesterday the great audiences were aroused from any Puritanic torpor of temperament that might have affected them, and swept into the most fervent and insistent of demonstrations. Again and again this was repeated, the varied program offering new attractions upon the artistic instinct and appreciation of the assembly. The first number was a Muscovite folk dance, in pretty soft white uniform edged with black, with cream and orange sashes, danced by four couples. Mile. Pavlova has a pas seul following in which the basic art of the ballet was fully and finely illustrated. Mile. Pavlova and Mr. Mordkin followed in the pas de deux, in which the art of pirouetting and posturing was shown at its supremest.

Mordkin is a wonderfully handsome figure. He reminds one irresistibly of Hawthorne's Donatello, the "Marble Faun," and his suppleness and wide limbo movements never for a moment lose the charm of masculine strength and firmness. His appearance as the hunter with his bow and arrows, was an ecstasy of joyous motion and caprice. The music here moved in the hands of the dancing, the English horn being specially effective, but this is no slight on the quaint and captivating measures of previous numbers.

The harp and cello ushered in the Saint Seens music for "The Swan" dance, which was full of delicate grace. The concluding movement of the first party, with the full ballet dressed in charmingly dainty Watteau-like costumes, was as pretty a combination as the performance afforded.

The second part presented an exquisite dance, in which both Pavlova and Mordkin again appeared, the latter more faun-like than ever. This idyllic composition aroused much enthusiasm, four recalls being given. There followed another triumph in the dance to Liszt's Hungarian Rhapsodie No. 2. The rapture of the music and the play of color in the brilliant costumes which outvied any garden of poppies, were superb. Greens, reds, pinks, magentas, blues, all dominated by the assertive yellow and lavender, with the flash of brilliant, seemed to express the very image of the national life. The audience was in a storm, and the encore which was given, was as warmly applauded. Liszt's voluptuous music was never so well interpreted.

Then followed the "Bacchantes," with the exquisite music of Grieg, now, Mordkin's more faun-like than ever, achieved an absolute triumph in this measure of madness. The restraint of it was even more magnificent than the headlong abandon. The audience, that had stormed the stage with enthusiasm, and the dancers came out again and again. Mordkin's gesture of gratitude was as the man flung his heart to the world. It was the perfect oratory of silence. But the audience wanted the dance, and the superb dancers gave it once more.

The third part was devoted to an oriental ballet in the old style, in which the tale is told by motion alone. It is founded on the "Arabian Nights" and

The captive queen, Azyade, Mile. Pavlova, is brought a prisoner before Shah Raman, Mr. Mordkin, subdues him by her dancing, lures him to intoxication, and makes her escape. The story is elaborated in the action, and the richness of the costumes, the sumptuous furnishings and the eastern settings of the scenery, with the heavy odor of incense carried one back to the golden days of the great Caliph.

The stage was rather small for such a crowded ensemble, but nothing could detract from the fascination and captivating character of the performance.

In the afternoon the hall, which seats over 3000, was well nigh full, and at eight every seat was taken, with one of the most brilliant assemblages that Toronto has ever seen, the presence of His Excellency Eary Grey and the vice-regal party adding to the social prestige. The triumph of the dancers was equally as great, even under the perhaps more critical inspection of the evening's spectators, as in the afternoon, and the applause was generous and frequent.

The performances, indeed, were of a kind seldom to be seen outside of the largest of cities, and the enterprise of Lawrence, Solman in arranging for the appearance here is a tribute to his faith in Toronto's willingness to recognize the most artistic of entertainments when the opportunities offer.

Civic Party Shown the Value of Weston Institution.

With a view to showing the nature of the treatment of patients who are the victims of tuberculosis, an opportunity was given the mayor and council yesterday afternoon. A visit was made to the Toronto Free Hospital for Consumptives at Weston, under the guidance of W. J. Gage, chairman of the board of directors, and Ambrose Kent, one of the directors. The municipal representatives were Mayor Geary, Controller Foster and Ald. Hill.

"We really do more for the people who are well," said Dr. W. J. Dobie, chief physician, than for those who are sick, the way of education. The visitors were taken thru the "King Edward" sanitarium, which is designed for patients in the incipient and moderately advanced stages of pulmonary tuberculosis. Accommodation for a limited number of patients in semi-private wards has been provided at \$8 a week. There are 37 patients at present.

In the Toronto Free Hospital there are 71 patients, most of whom are able to be up and around.

As it costs more to maintain the institution than the yearly receipts, subscriptions will be gratefully accepted at the head office, 347 West King-street.

AUTHOR DEFENDS BREAD ACT

More Convicted Than Ever Standard Weight is Desirable.

"Perhaps it is out of place at the present time to criticize Judge Morrison's decision, beyond saying that in my judgment he failed to grasp the serious intonation of the legislature clearly expressed," said Mr. Nickle, M. L. A., yesterday. "But of course when the legislature grants a privilege to the baker, it is bound to see that it is abused by them to the disadvantage of the many, there is only one thing for the legislature to do—withdraw the privilege. From all that has been said and written, I am more convinced than ever that the people desire and are entitled to a standard of weight and food value in bread, milk and other food commodities."

At Little Trinity, Special harvest thanksgiving services will be held in Trinity Church, East King-street, on Sunday. The musical service in the morning will include Westbury's Te Deum in D and Dr. Ham's well known anthem, "O Lord, How Anointed," while in the evening Woodward's Magnificat and Nunc Dimittis in D and Marchmont's beautiful setting of "Great is the Lord" will be rendered. The sermon will be preached in the morning by Rev. W. H. Griffith-Thomas, the new professor at Wycliffe College, and in the evening by Rev. Dr. O'Meara, principal of Wycliffe and former rector of the church.

Merge Water and Light Commissions. BROCKVILLE, Oct. 20.—(Special).—At the next meeting of the town council steps will likely be taken to submit a by-law to the people at the next municipal election, providing for the management of the civic water and light departments by one board of commission instead of two, as at present. The light department has put itself on record as favorable to the change.

Level Crossing Accident. FLESHERTON, Oct. 20.—Mr. Mather of Princeville had her leg broken in several places and was badly shaken in a level crossing accident near here. Her horse became unmanageable and backed into a freight train.

Field-Up Man Gets Ten Years. LONDON, Oct. 20.—Frank Hersey, who some weeks ago held a revolver to Squire Patrick's head and robbed him, was sentenced to ten years in Kingston to-day. Hersey is 25 years old.

C. M. A. Executive. A meeting of the executive council of the Canadian Manufacturers' Association which the British Columbia Companies Act was full discussed. No action was taken.

Assassin of Empress a Suicide. GENOVA, Oct. 20.—Luigi Baccani, the anarchist who assassinated Empress Elizabeth of Austria in 1895, hanged himself in his cell here yesterday.

Public Amusements

Mendelssohn Choir Programs. Arrangements have now been completed regarding the various details connected with the concert to be given under the auspices of the Mendelssohn Choir in February next. Five concerts in all will be given, that is, four evening performances and a matinee orchestral concert.

For the first concert, on Monday evening, Feb. 6, a "popular" program has been arranged. It is significant of the development of musical taste in Toronto that for this "popular" event the orchestral feature will be Beethoven's immortal Fifth Symphony, a work in which Mr. Stock and his superb body of players created so profound an impression at the recent Cincinnati Festival. The other orchestral numbers will likely be Dvorak's overture, "In der Natur," and Tchaikovsky's "1812" overture. The choral contributions to this program will likely include the splendid choral finale from Liszt's "Psalms XIII," the epilogue from Elgar's "Banner of St. George," Gerick's charming "Chorus of Homage" and a number of beautiful unaccompanied compositions from the works of Elgar, Sullivan, Von Herzogenberg, Arensky, Tertius Nottel, being especially effective new chorus "The Sea," by Dr. Vogt, which was recently published by the New York firm of Scribner.

For the Tuesday evening concert Verdi's dramatic "Requiem" will be given its first Toronto performance. The work will be sung in its entirety, and besides the Thomas Orchestra at practically its full strength of over 60 players, a special quartet of trumpets will be employed in the stupendous "Dies Irae" of the work.

On Wednesday and Thursday evenings Pierné's thrilling masterpiece, which created so profound an impression at the performances of last year, will be repeated. The requests for accommodation at the "Crusades" concert from distant Canadian cities and from many of the most important music centres of the United States, indicate that Massey Hall will again be unable to accommodate the large numbers who desire to hear the latest French choral sensation. An unusually large number of choral conductors from various parts of the continent have signified their intention of being present during the concert cycle of next February.

The orchestral matinee of Thursday afternoon will be of special interest, the symphony chosen being Tchaikovsky's "Fifth." Besides this work Mr. Stock has suggested a number of striking burlesques, which have been picked up by him, his recent European summer vacation. The soloist for the orchestral matinee will be Bruno Steindel, one of the greatest living cello virtuosos.

The vocal soloists for the Verdi "Requiem" will be Miss Florence Hinckle, Miss Janet Spencer, George Hamlin, Herbert Witherspoon; and for the "Children's Crusade," Mrs. Chapman, Gould, Mrs. Sharp-Herford, Elizabeth and Mr. Witherspoon. Most of these soloists have been prominent during recent years either in connection with the Metropolitan Opera season, or in such festivals as Cincinnati, Worcester, Mass., etc.

The adult chorus has, in the opinion of Dr. Vogt, never been in such excellent form as this season. The auxiliary chorus of children for the "Children's Crusade," which has been under the direction of A. L. E. Davies, whom Dr. Vogt has chosen as the assistant conductor of the young people's social conductor of the young people's chorus, will be gratefully expected, surpass even the exceptionally high standard of their achievements of last year.

The subscription lists for these concerts will be open early in November. Quite a number of those who have ordered seats by mail for performances to be given by the New Theatre Company at the Royal Alexandra Theatre week of Oct. 31, have neglected one very important factor which goes a long way towards securing the seats asked for, that is, to enclose the sum necessary to cover the value of the tickets. The New Theatre Company's ticket commences with a matinee on Monday (Thanksgiving Day). On Monday, Tuesday and Wednesday evenings "The Merry Wives of Windsor" will be presented. Pinner's "The Thunder-bolt" will be given Thursday, Friday and Saturday evenings and Saturday matinee. The prices are from 50 cents to \$2.

There certainly will be a notable week at the Gaiety Theatre, commencing Monday matinee. No better show than that of the "Bowery Burlesques"

Malone, Jacob & Co., comprising ten people, will be the feature attraction of next week's vaudeville bill at the Gaiety Theatre. They will appear in a clever comedy act, "Happy Youngsters' School Days." Others billed are Hummel and Brown, entertainers; Raymond and Scranton, singers and dancers; Howell and Barlow, comedy equilibrist and Rice, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100.

Eugene Walter's powerful play of contemporary American life, "Paid in Full," is to be seen for the first time in this city at less than dollar-fifty prices, at the Grand next week, and the production, for the first time, at popular prices, promise one of the strongest and most notable acting companies ever gathered for it.

The Good Cheer Concert. The program for the Good Cheer concert in Massey Hall Monday evening will include the opening address by Mayor Geary, Johnson's "Farewell to Summer," and Sam Saens' "My Heart at Thy Sweet Voice," by Mrs. Elizabeth Campbell, contralto. Arthur Blight will sing "My All (Bohm)," "Hall, King George (St. Quentin)," "La Donna e Mobile, from Rigoletto," will be given by P. Redferne, Hollinshead, tenor, and Messrs. Blight and Hollinshead will sing the duet, "Love and Happiness (Cook)." The Toronto String Quartet will play "The First Movement from the quartet, op. 27, Grieg and "Zampa Overture" (Herold) will be the 48th Highlanders' band's opening minutes. Miss Carter will give thirty minutes of "Good Cheer."

NO RELIEF FOR HUNTERS. No instructions have been received from Dr. J. W. McCullough, secretary of the provincial board of health, regarding the relaxation of the regulations governing the transportation of dogs on the railways. The matter is still up to the veterinary inspector-general at Ottawa.

At St. Matthew's Church, Sunday next, the annual harvest thanksgiving services will take place, under the direction of A. E. Redsell, organist and choirmaster. The choir will sing the anthem, "Praise the Lord, O Jerusalem," Maunders; "Thou Crowned the Year," Maiker, and "O Worship the King," Maunders.

CIVIL ENGINEER'S SUICIDE

John H. Fell Shoots Himself—Had Domestic Worries.

After writing letters explaining the disposition of small amounts due him and declaring that his act was due to domestic trouble and not to drink, John H. Fell, civil engineer, 51 years of age, 228 Seaton-street, went into the lavatory of 15 Toronto-street, and shot himself thru the head at 2 o'clock yesterday afternoon. Death was pronounced after nearly an hour, during which time he did not recover consciousness. Coroner J. E. Elliott decided an inquest unnecessary.

In a letter to the coroner or whom it may concern, he wrote: "Death due to domestic troubles. J. H. Fell, C.E."

"Note—Not due to drink, as until an hour ago I had not tasted liquor for quite a while. Even a condemned man is allowed a little indulgence before he is hanged, so I have allowed myself a drink this morning, especially as under the circumstances my nerves are in a poor condition from long continued trouble."

He had been employed as a night school instructor to the Italians, and to Inspector Hughes he wrote: "Dear Sir—I am sorry to inform you that domestic troubles have driven me to suicide, and that, therefore, it will be necessary to provide another teacher for the Italian class at Elizabeth-street School. I am sorry to have to abandon the work."

In a letter to Secretary Wilkinson of the school board he authorized the payment to his widow, who is Italian, of two nights' pay coming to him.

Another letter to Mrs. Richmond, 453 Church-street, was withheld from publication, as was a letter to Mrs. Fell.

Street Railway Arbitration.

WINNIPEG, Oct. 20.—The street railwaymen held a mass meeting early this morning which heartily endorsed the action of the executive in referring their dispute with the company to arbitration.

Mayor L. N. Pelletier of Fort William was nominated to represent the men on the arbitration board.

JUDGE ADMITS ERROR

And Unmarried Women Tenants Have Right to Vote.

William Barrett, county judge for Bruce, has written Rev. J. W. Cooley of Port Elgin, acknowledging that he was mistaken in his recent ruling that unmarried women could not vote—in this particular case, on a local option by-law—as tenants. The judge has written Mr. Cooley, saying: "I have been able to look into the question of the right of tenants who are widows or unmarried women, to vote at municipal elections, and I have to confess that I now think that I was wrong in holding that they had not the right. The oath, as you contend, seems to me to make it certain that the act intended to give them the vote, but you can easily see how I was misled by section 86 of the 1903 Municipal Act, by clause headed 'secondly.' That clause is in exactly the same words as it was before the amendment of 1904, giving for the first time votes to women, and its wording seemed to me to have the same meaning after the amendment as it had before, and applied only to tenants, that is, it applied only to men, for it is only men who have wives; and notice that the first section of 86 is worded differently from the second, for the latter is held in their own right, and in the case of a married man 'held by their wives,' as if intended that the clause 'secondly' should be interpreted differently and given the same effect as it had before the amendment of 1904. If it were not for the oath provided by section 113, it seems to me that section 86 would not give women the right contended for, for although the intention of the legislature to give the right, the words used are not sufficient to do it, and if my attention had been called to the oath, I would not have arrived at the conclusion I did."

Slander Suits in Assizes. In the assizes yesterday before Justice Mulock, John Lockie and his wife, 89 Marlboro-avenue, defendants in an action for \$1000 damages for slander brought by Henry George Cook and his wife, of No. 91, submitted the following apology, and the case was dropped:

"In this action the plaintiffs say that defendants have slandered them. This the defendants deny, and say that they have been some misunderstanding, but if they have uttered any defamatory language against the plaintiffs or either of them, or which might be open to such construction, they regret it and withdraw the same."

D. H. Sill of Kentucky was vindicated by the assize jury which yesterday awarded him the substantial sum of \$1500 in his action for slander brought against W. M. Alexander. Justice Mulock expressed surprise, and allowed defendant time to appeal, if desired.

Succession Duty Jumps.

The provincial treasurer's department received a cheque for \$100,000 yesterday on account of the succession duty from the Martha Maclean Fullerton estate. The total succession duty will not have to be paid until July, 1911. This payment brings the total amount of succession duty received over the \$650,000 estimated last session.

WHISKEY IN BALED HAY.

COBALT, Oct. 20.—License inspectors have seized a large quantity of whiskey bound for the north, secreted in bales of hay, at Cochrane. During the night, after the car had arrived in siding at Cochrane, the owners of the cow-feed got anxious as to how they would extract the whiskey, and broke them for robbers, came on the scene, and the convinced of their ownership, naturally had comments to make when he saw baled hay yield corn whiskey. Inside of each bale a big jar of whiskey had been secreted.

Premiers to Confer Here.

ST. JOHN, N. B., Oct. 20.—Premier Hazen of New Brunswick and Premier Fiasard, Prince Edward Island, will leave this evening for Toronto, for a conference with Sir James Whitney and other provincial premiers regarding control of joint stock companies. The question of provincial representation in the federal parliament will also be debated. The Maritime Provinces members want the British North America Act changed so that the representation will be restored to what it was when the entered the union and never to fall below that.

Partridges Should Be Marked.

"Mark your packages of game carefully and construct them to show what they contain," if you would enjoy that delectable feast known as "partridge dinner," is the advice of Edwin Tusley, superintendent of game and fisheries. Yesterday a prime brace of these coveted birds were seized at the Union Station because they were labeled "eggs."

DESERTED WIFE AND BABE And Fleed to Toronto With Waitress—Will Be Deported.

Leaving his wife and 2-day-old child penniless in England, if the complaint upon which he was yesterday arrested by Staff Inspector Kennedy be true, Thomas Coleman, alias Gus Lazenberg, an English showman, fled to this country with a waitress with whom he had become enamored. Both he and his girl, Eliza Lemon, 24 years, were taken into custody upon the order of the Canadian commissioner of immigration for deportation as undesirable. The deserted wife has a theatrical reputation as a male impersonator. The man, who has been thru this country with a wild west show, declares that he is willing to bring out his wife and child and support them, but says that he left them £37 for their maintenance. The pair arrested were living as man and wife at 61 Allice-street.

BANK OFFICIALS RESIGN.

OTTAWA, Oct. 20.—(Special).—A. A. Tallin, who for many years has been manager of the Ottawa branch of La Banque Nationale, has resigned, along with Arthur Fréchet, the accountant. It is stated that Mr. Tallin's resignation is the result of a disagreement with the board of directors.

There will be good company on this health excursion—same as there has been on each of our other health outings. People who appreciate beautiful home spots are coming along to see Pine Beach. They have heard much about it. They are joining us to-morrow at Sunnyside at 2.30 and 3.00. We'll save room for you—and a homeste, too, when you see the property.

Clip a coupon from one of the Friday evening papers or from a Saturday morning paper. A coupon reserves free accommodation in a Robins special car. Be at Sunnyside at 2.30 or 3 o'clock to-morrow afternoon.

FAVOR LIBERAL CONVENTION Do First Ward Stalwarts—A Platform is Necessary.

"It was the domination of the Liberal party by a few cabinet ministers which caused its final downfall. There can be no doubt but that the present provincial government of Ontario holds office by virtue of Liberal votes, which will come back to us if we can make it understood that this is the people's party. The Liberal party went to the polls at the last election with no definite platform, and we will have to remain on the opposition benches unless we can convince people that we will meet the problems which confront the government, in a more satisfactory manner than the Conservatives are doing."

MASONIC BANQUET Oxford Lodge of Woodstock Dined by Doric Lodge.

Last evening Doric Masonic Lodge entertained King Solomon's Lodge No. 43 and the Oxford Lodge No. 78, both of Woodstock. A solid silver master's collar in a morocco case was presented by W. Bro. Harry Sykes and V. W. Bro. McGachie, on behalf of the visiting brethren, to the local lodge. In return a mosaic pavement was presented to the visitors.

That is what Ald. Phelan told some seventy-five members of the First Ward Liberal Association last night, when they met to elect officers for the ensuing year. Several other speakers agreed with him, and the suggestion that the leaders of the party should call a convention of the people, "the Liberal rank and file," and act upon the suggestions there obtained, evidently met with general approval.

HUNDRED MILLIONS OF INCREASE IN IMPORTS Nearly 39 Millions More of Exports—Results of French Treaty Disappointing.

OTTAWA, Oct. 20.—(Special).—The annual report of the department of trade and commerce for the fiscal year ended March 31 last, shows that the total merchandise imported amounted to \$385,335,102. This is nearly one hundred millions increase over the previous year. The total exports of merchandise amounted to \$298,768,998, an increase of nearly 39 millions, including coin and bullion, the total imports and exports were \$683,212,221, an increase of 122 millions. Trade with the United States increased by 67 millions, and with Great Britain 41 millions. The comparison is interesting. Total trade with the United States \$252,221,327; with Great Britain, \$245,312,984. Merchandise imports from United States \$233,471,155; from Britain \$95,666,094 merchandise exports to United States, \$119,614,327, to Britain,

NEW MONSTER OF THE DEEP

White Star Liner Olympic, Largest in the World, Launched.

BELFAST, Ireland, Oct. 20.—The first of the two mammoth White Star liners, the Olympic, was launched successfully amid scenes of much enthusiasm to-day.

The new vessel is of 45,000 tons. She is a triple screw steamer, her principal dimensions being: Length over all, 882 1/2 feet; breadth over all, 92 1/2 feet; height from bottom of keel to top of mainmast, 105 1/2 feet. She exceeds by nearly 100 feet in length and by 13,000 tons, any other ship afloat.

The Olympic will accommodate 2500 passengers and a crew of 800. She has 11 steel decks and 13 watertight bulkheads.

The gigantic measurements of this vessel are best appreciated when it is known that in length the Olympic overtops the height of the Metropolitan Tower in New York by 182 feet, is twice as long as the dome of St. Peter's in Rome, and equals in length the distance of the famous Bridal Veil Fall in the Yosemite Valley. Indeed, if the Olympic and her sister vessel, Titanic (soon to be launched) were placed end to end under the Brooklyn Bridge, they would completely block the East River, and extend 100 feet on each side. It is also interesting to note that the length of each of these ships is four times the height of Bunker Hill monument.

W. H. ROWLEY IN TOWN

President of C. M. A. Combines Business and Pleasure.

W. H. Rowley, the newly-elected president of the Canadian Manufacturers' Association, supported by a large contingent of its members from the Ottawa Valley, Montreal and the east, came to town yesterday to preside at the meeting of the executive council of the association.

Mr. Rowley left last night to attend the smoking concert given by the Niagara district branch of the association. He will then go to Montreal to be present at a meeting of the executive of the Montreal Association.

Primarily, he was in Toronto to attend the Canadian Manufacturers' Association meeting, but it is his intention to take in the Hunt Club races at Scarborough, which will be honored by the presence of his excellency this afternoon.

Escapes From Asylum

Policeman Ross yesterday morning captured an escaped lunatic from the Queen-street asylum. The man had been working in the garden when he suddenly threw down his tools and dashed for freedom. He got as far as the Parkdale Hotel in Queen-street, when he was captured. Wednesday a woman escaped and ran as far as Niagara-street, when she was taken by the police.

Quick Work

It took Policeman Parker (18) just ten minutes yesterday morning to land Harry E. Dillman for theft of \$22 from Thomas Fowler at the Black Bull Hotel. The police were notified and Dillman was taken when trying to leave the South Parkdale station for Buffalo. Dillman was ordered to give back the money and leave town. Sentence was deferred.

Charge Withdrawn

The warrant with which Arthur Stubbs was charged against William McCormick, was immediately withdrawn when Mr. Stubbs found out that there was no possible intention on the part of Mr. McCormick to defend Mr. Stubbs out of any money due on a gift. The whole matter was a mistake on the part of Mr. Stubbs, and the warrant was immediately withdrawn.

COTTON GOSSIP.

Perkins & Co. had the following to close:

Leading bull interests continued to liquidate their lines, notwithstanding improvement abroad and general predictions of frost over the cotton belt to-night, and with prices at one time down to a new low level for this movement. Little activity in the western belt, but some damage might be done in the east, owing to the recent rains. Bullish speculation is still hindered by the general abandonment of low crop estimates and the rapidly increasing movement. Local prices continue below the face of a movement exceeding 50,000 bales weekly and advice a scaling position on the bear side.

MARKET OPINION SUBJECT TO CHANGE.

World Office
Thursday Evening, Oct. 20.

Listed and unlisted mining shares were given more attention than anything else at the Toronto Stock Exchange to-day. As a whole, the market was dull, with trading sentiment inclined to be bearish, owing to the rise in the Bank of England rate to five per cent. Notwithstanding this, however, there were no further losses in the speculative stocks, and in cases small advances were made. The strong feature is the small offerings which are being made. If this condition continues, market opinion will change, and prices will again respond to the buying which will ensue. Dulness has not been accompanied by weakness, and there does not appear to be any speculative accounts not well protected. The September bank statement of the chartered banks is satisfactory, showing an increase in deposits of some \$22,000,000, with an increase of about \$16,000,000 in loans. The increase of \$2,000,000 in call loans in Canada reflects a portion of the stock market activity.

New York Market Ignores Advance in English Bank Rate

Wall Street Sentiment Continues Bullish, and Good Buying Carries Securities Higher—Speculative Trading Quiet in Toronto.

World Office
Thursday Evening, Oct. 20.

There have been few recessions on the Toronto Stock Market to-day, despite the early opinions expressed in regard to the further advance in the Bank of England rate. Speculative trading was small and chiefly confined to the listed and unlisted mining stocks.

Activity and buoyancy in the New York market is still a big influence against domestic speculation, and, strangely, interlisted issues showed no appreciation of Wall-street sentiment.

Without explanation there was a revived demand for Rio during the afternoon, and the shares rallied a point from the early price.

Twin City and Mackay held at about yesterday's prices. Much dissatisfaction is expressed around town in regard to the first named issue, and it is thought that United States holders have unloaded considerable stock on this market.

La Rone was strong on the publication of the annual statement, and it had a sympathetic influence on Nipissing.

Broken lot buying represented most of the investment buying to-day and this represented a fair proportion of the total dealings.

WALL-STREET POINTERS.

Bank of England rate advanced to 5 per cent.

Firmer tone in copper market reported.

Improvement in enquiry for Steel rails.

Great Northern surplus equal to \$4.7 per cent. on capital stock.

Americans in London quiet, but mostly rather above parity.

Consols at 78 7/8 make new low point as a 1 1/2 per cent. issue, and lowest since 1847.

Pittsburg steel makers report signs of better enquiry both for manufacturing steel and pig iron.

Advance in the Bank of England rate due to continued heavy Indian and Egyptian demand for gold.

Lehigh Valley is planning to spend \$12,000,000 on improvements, some of the work being now under way.

It is understood that the United Metals Selling Co. has disposed of nearly 25,000,000 pounds of copper since Oct. 1, and is now practically sold up to Oct. 1.

Joseph says: Bull points galore are again circulating on Missouri Pacific. Get long of Reck Island and Distillers. Buy Pacific and keep long B.R.T. The buying of New York Central will continue good. St. Paul is a very excellent proposition.

Detailed information: Offerings now appear on rallies in Steel, Union Pacific, Southern Pacific, Reading, Northern Pacific, St. Paul, Atchison and Smelting. They ought to be bought for turns on declines. Rock Island, Chesapeake & Ohio and B.R.T. may be bought on reactions for turns.

Financial Bulletin.

The advance in the Bank of England rate to 5 per cent. will be felt, and followed, undoubtedly, by further unsettlement and lower prices. While money appears to be in good supply here the position of the clearing house institutions is none too strong and not nearly so favorable as would seem from the recent weekly statements. While poor trade conditions continue, the real factor in the immediate course of the stock market will be money. Stiffer rates will shortly prevail, and some stringency would not be surprising in a comparatively short time.

Town Topics.

Reason for Failure.
LONDON, Oct. 20.—Referring to the

ON WALL STREET.

Erickson Perkins & Co. had the following: Great strength was shown by the stock market, but out of the 6000 shares of Steel and 2000 of more of other issues coming out on the tape. Closing prices were nearly at the top for many issues. The early set-back stimulated buying very largely, for it showed that in the face of unfavorable news, such as an advance in the English bank rate, people were disposed to buy stocks anyway. We believe the popular view is right in this respect, that we have discounted most of the disturbing factors that are likely to develop. We stand at the end of a bullish movement, with farmers' bins well filled and with farm-rails being rapidly converted into cash. The proceeds will go largely into securities and into commodities of many kinds. Manufacturing interests will greatly benefit by the distribution of much of this newly acquired wealth. Transportation and industrial companies will enjoy larger earnings, and when followed by disturbances in the crop, stocks should still better. Continue to buy stocks on weak points.

CHARLES HEAD & CO. TO R. R. BOND.

The advance in the Bank of England rate of discount to 5 per cent. 1 1/2 per cent. more than had been expected, caused some early selling of stocks and profit-taking was in evidence in many issues. After the first hour, during which declines of a point had been scored for the active speculators, the market hardened and soon began an upward movement and soon Steel, for which \$0 was freely placed before the close. It is reported that in London on Steel and Reading for three months' period; this would indicate the belief in much higher prices by the end of the year on the slightly off from the high, but the market retains its good tone and looks like still higher prices in the near future.

J. P. BICKELL & CO. FROM FINLEY BARTLETT.

We wish to again impress upon you that bull markets do not end with a few days of activity, nor with a spurt like that of to-day in a few crops stocks. Take advantage of any reaction in the leading stocks. Special stocks will be taken up soon with special moves, and there will be bullish announcements of much importance to come long. We do not think the rumors of an extra dividend on Steel at the end of the fiscal year are well founded.

Pacific Burt Company's stock offering. It has been found necessary to close the subscription books earlier than was at first intended. It is now announced that no subscriptions will be received after 4 o'clock this afternoon. The books close on the 21st day of October, the time originally suggested. The popularity of this offering is to a certain extent due to the exceptionally favorable showing which has been made by the P. N. Burt Co. Ltd. The shares of which concern were put out by Messrs. A. E. Ames & Co. Ltd., last year. The Pacific Burt preference shares, which carry a bonus of 25 per cent. of their par value in common stock, are 7 per cent. cumulative convertible stock. Further particulars are given in the advertisement elsewhere in this issue.

The Last Day of the China Sale

With the aid of the attached list, it would be well to make your plans for the last day of special offerings in the China Basement. Thousands of other people will be doing the same thing, and we're hoping to have enough for all our customers. But to make sure of anything mentioned here, it would be well to enter the department at 8 a.m. and make straight for the object of your desire.

This China Sale has eclipsed any we have ever held, and, as you'll see, we've planned to have it end in a blaze of glorious bargains.

See Richmond Street Window Display.

We have featured for Saturday's selling 1000 pieces of Bric-a-brac, English, French and German Wares; values up to \$4.00. Saturday's special, 98c.

The lot comprises seven-piece Fruit Sets, Teapot, Sugar and Cream Sets, Berry Bowls, Dutch Delft Vases, Cake Plates, Comb and Brush Trays, Chocolate Pots, Jardinières, Flemish Vases, Rail Plates, Doulton and Wedgwood Wares. An extra big special for Saturday, 98c.

On sale sharp at 8 a.m. No phone or mail orders.

Exceptional Values in Men's Underwear

We have secured another lot of Men's Natural Wool Underwear, about 450 garments in all, and will include all our oddments of Wolsey, Britannia, Body Guard, heavy weight Pen Angle and Tiger Brand Underwear, in this special sale; in the lot are heavy winter weights, and garments for fall and spring; they are mostly double-breasted, but some have a double breast and double back; not all sizes in each line, but a splendid assortment for a good day's business. Come sharp at 8 o'clock to get your supply before the coldest weather sets in.

750 garments of Men's Best Quality English Natural Wool Underwear, including Wolsey, Britannia, Body Guard and several other makes, to be cleared Saturday at a price away below cost; not all sizes in each line, but in the lot there are sizes 34 to 52. Special purchase price Saturday, garment, \$1.23.

No phone or mail orders. See Men's Furnishing Window.

Boys' Overcoats

Boys' Heavy Weight Fancy Tweed Ulsters, in a rich dark brown ground, with neat self stripe; cut in the latest single-breasted style, with neat stand military collar; lined throughout with durable twill linings; sizes 25 to 28, \$5.50; sizes 29 and 30, \$6.00; sizes 31 to 33, \$6.75.

The Escort

WHETHER a man plans for it, or has it thrust upon him, he acts as an escort a great many times during the course of one winter. But did it ever strike you how seldom the escort "plays up" to the fair dame, in the matter of clothes!

We have no brief for the dude, but surely men are inclined to make one overcoat, we'll say, answer too many purposes.

If men would take time to look through a good modern overcoat stock, such as we have collected in our men's store, they would realize that for a very small outlay, they may vary their outer appearance as successfully as they vary their suits. We mention a few overcoats on this page that we know would interest particular men. Try to come in and see them to-morrow.

Men's Heavy Weight Fancy Tweed Ulsters, in a handsome dark grey herringbone weave, showing purple and green stripes alternately; cut in the fashionable double-breasted style, with convertible collar; a very useful coat for winter wear, which can be worn with lapels turned down, or in stormy weather buttoned close up to the throat, with neat Prussian collar, lined throughout with fancy mohair lining; sizes 35 to 44. Price \$12.00.

Men's Heavy Scotch Tweed Ulsters, in a handsome dark grey and green mixed ground, showing faint self and brown stripes; cut from the latest models, in single-breasted style, with convertible collar; splendidly tailored in every way, with fine, broad shoulders, and full chest effect; finished with extra quality linings and trimming; sizes 35 to 44. Price \$15.00.

Men's High-Grade English Tweed Ulsters, in a rich dark grey diagonal stripe pattern, showing a faint self perpendicular stripe; cut from the new winter double-breasted models, with the popular convertible collar, making practically two coats in one; tailored and finished with best quality lining, interlinings and workmanship; sizes 35 to 44. Price \$18.00.

Men's Black and Dark Oxford Grey English Cheviot Overcoats; cut in the latest single-breasted Chesterfield style, with close-fitting collars and long shapely lapels; finished with neat black velvet collar; lined with fine quality twill mohair linings; excellently tailored and perfect fitting; sizes 35 to 44. Price \$18.50.

Men's English Raw Edge Melton Overcoats, in a thoroughly fast black shade; made up from the latest models in single-breasted Chesterfield style, nicely tailored, with hand padded shoulders and lapels, and neat black velvet collar; finished with first-class workmanship; sizes 35 to 44. Price \$18.00.

Special value in Men's English Fancy Worsted Suits, in rich medium or dark grey and brown grounds, with neat self and fancy thread stripes; cut in the latest three-button single-breasted sack style; splendidly tailored and perfect fitting; sizes 36 to 44. Price \$12.59.

Men's Imported West of England Fancy Worsted Suits, in a handsome dark brown and olive stripe pattern; cut from the latest three-button single-breasted sack models; slightly moulded to the figure, with well-built shoulders and neat long-shaped lapels; nicely tailored in every way; sizes 36 to 42. Price \$15.00.
