SEVENTEEN YEAR OLD BRIDE FATALLY BURNED WHILE COOKING DINNER

Mrs. Julia Kemp of Humber Bay Poured Kerosene on the Fire, Causing an Explosion Which Set Fire to Her Clothing, and She Died a Few Hours Later—Henry Sheriff Fell from Roof and May Die.

When she attempted to hurry the dinner by pouring kerosene on the fire shortly before noon yesterday, Mrs. Julia Kemp, aged 17, of Humber Bay, was so badly burned by the explosion that followed that she died in the Western Hospital at 6.30 last night.

Mrs. Kemp had been in the habit of using oil to light the fire. In attempting to repeat this practice the oil exploded. The flames caught her clothing. She screamed for assistance, but when neighbors tried to get in the back door they found it locked.

Mrs. H. MacDonald, who lives next door, rushed to the woman's aid with a mat and succeeded in smothering the flames. Mrs. Kemp, however, was very badly burned.

Dr. Carman Ricker of Mimico was summoned. In the meantime the neighbors applied olive oil to her burns. Bates and Dods' ambulance made a record run and conveyed the young woman to the Western Hospital. Her injuries were so serious, however, that nothing could be done.

The dead woman was formerly Miss Julia Currie, and was born in the district. She married A. Kemp, her mother's brother-in-law, last January.

Back Broken in Fall.
 Henry Sheriff, 3 Edeane avenue, while shingling a new house on the Dixon estate, near the corner of Dixon and Woodbine avenues, fell from the building and sustained a fractured skull, a broken back and other severe injuries. He was taken to the General Hospital in Cobble's ambulance. It is not thought that he will live.

Fatal Fall From Car.
 W. Burke of Hoops avenue, night watchman at the St. Clair sewer construction works, fell from a moving car he was attempting to board yesterday morning and sustained such severe injuries that he died an hour after being taken to Western Hospital. His head was badly smashed, and he had other severe injuries. His body was taken to the morgue, where an inquest was opened last night under Dr. Morgan. It was adjourned until Sept. 18.

Mrs. Dymont is Dead.
 Mrs. Katherine Dymont of 110 Carlaw avenue, who fell from the second story of Frankel Brothers' premises on Eastern avenue, Tuesday afternoon, while cleaning windows there, died from her injuries in the General Hospital yesterday. Her skull was fractured. Her body was taken to the morgue, where an inquest was opened until the 16th.

"HOLDER OUT" GONE TO CHINA
 One of Most Interested Parties in Unbought Property in Carlton Block Has Left for Parts Unknown.

The people negotiating for the Chinese laundry property on Carlton street, just west of Church, which is possibly the only parcel of freehold land, H. H. Williams hasn't secured, are steered in anxiety. One of the most interested Chinamen in the deal has gone back home.

He promised he would return when the negotiators were hesitant about coming over with his price, which is very high, somewhere near \$30,000 or \$40,000.

He has been traced to one of the big cities of the Celestial Kingdom, but there he has lost himself in the teeming multitudes of that oriental country. How long he intends to stay lost to one seems to know. And until he returns the big block buyers will be much troubled.

An Important Announcement.
 Coming to this city from engagements in all the principal cities of the United States, "The Red Cross," a musical comedy, appearing under the direction of John C. Fisher, with Zoe Barrett as the star, will be seen at the Princess Theatre next week. The advance sale of seats opens today at the theatre.

SIR GEO. MURRAY TO ADVISE BORDEN

Noted British Expert Will Be at Ottawa Eight Weeks Overhauling Administrative Departments.

OTTAWA, Sept. 11.—(Special.)—The announcement made in London Thursday that Premier Borden, while in London, engaged the services of Sir George Murray to make recommendations for the reorganizing along more efficient lines of the administrative departments of the government is in part officially confirmed here.

The report is correct in so far as it relates to the coming of Sir George to Canada at the instigation of Mr. Borden, but nothing definite, as far as can be ascertained, has been decided as to the precise purpose or object for which Sir George is coming. Premier Borden has not given out anything officially relating to the matter.

Career Notable One.
 Sir George Murray is one of the best known of British civil servants. He entered the foreign office in 1873 and was transferred to the treasury in 1880. He later became private secretary to Gladstone and then to the Earl of Rosebery when prime minister. From 1897 to 1899 he was chairman of the board of inland revenue, when he was promoted to be secretary of the post-office, holding that responsible position until 1903, when he was appointed permanent secretary of the treasury.

To Create Undersecretaries.
 It is understood that one of the matters to which Sir George Murray will give his attention while here will be the organizing of the British system of under secretaries in Canada. Sir Joseph Pope, while in England, gave the question some attention, and it is understood that the creation of under secretaries will take place this session. The reorganization of the department of foreign, or external affairs, will likely also be one of the matters upon which Sir George will advise, and for which his long service in the British Foreign Office eminently fits him.

Jews' New Year Starts Today

Toronto's Hebrew population celebrate their New Year today. All of the local rabbis, accompanied by a number of adherents, will observe the day by going down to the waterfront late in the afternoon, where a ceremony of "casting their sins away" will take place. On this day every year the orthodox Jews visit the lake front and shake the skirts of their garments over the water in pursuance of their faith. It is said that "And cast into the depths of the sea all their sins." A rabbi will also preach the benediction. Today is also a day of fasting, the tradition being that nothing but grapes and other fruits and honey shall be eaten. Another time-honored custom is the blowing of shofars, which takes place in the synagogue and reformed temples today and tomorrow.

Good News for Globe Trotters

LONDON, Sept. 11.—(C.A.P.)—The Times understands that the appointment of the Cunard Company as agents of the P. and O. in the United States and Canada will be followed by the issue of thru tickets for services both lines. For a considerable time past many travelers from North America to India, the Far East and Australia have been using Cunard and P. and O. services though it has not been possible to book thru on a single ticket. It is expected the new arrangement will result in a considerable increase in traffic.

SOUTH ALBERTA LEADS IN CROPS

Northern and Central Portions of Province Lag Behind — Oats Are Tardy.

LETHBRIDGE, Alta., Sept. 11.—(Can. Press.)—The crops of Southern Alberta are fully two weeks further advanced than those in the northern portion of the province, said F. L. Davies, who is traveling agent of the Spencer Grain Co., Winnipeg, and who has just finished an extensive tour of the province for the purpose of ascertaining the crop conditions. Mr. Davies stated that the yield this year would be about the same as last season, provided, of course, that frost or hail does not sweep the wheat lands during the next few weeks.

"In the Lethbridge district and, in fact, all thru Southern Alberta," he continued, "the grain is almost all ready to be cut. Very little green stuff is seen. However, things are different in the northern and central portions of the province. A great quantity of oats has been planted late this season and the result is that a great quantity is still very green, but with continued good weather the greater part of grain through the entire province will be harvested safely. Everything looks fine and prospects for a bumper crop are excellent."

MERCURY DROPS WITH DULL THUD

And Now Citizens Who Complained of Torridity Think of Coonskin Coats and Ear Muffs.

Nothing can please the fickle public. Tuesday they were complaining about the heat. It was the same yesterday, but what a difference today.

Many were the complaints and muffled exclamations made on the streets as early as 1 o'clock this morning. The weather genius had done his best to give the citizens a change from that "terrible heat." But in the connection he evidently got too much cold to the comparatively small per cent. of warmth. Those people who were forced to be out after midnight had many unpleasant things to say about the elements. They cursed the weather in English; then they criticized it in the vernacular, finally winding up with gasps in some choice words.

Hundreds of people sighed for their winter underwear. Others wanted home and quilts. Many slipped into doorways waiting for night cars. More than one was heard to remark that he wished he had saved his money and gone south.

We are in for a spell of nice chilly weather. Cheer up, the worst is yet to come.

CHARGED WITH ARSON

Clarence Mounce Alleged to Have Caused Several Fires.

Clarence Mounce, 28 years of age, of 645 West Adelaide street, was arrested by Acting Detectives Levitt and Nesbitt on a charge of arson. Mounce is employed by the Adams Furniture Company, and in the last three days five incipient blazes have broken out there. He was always about when the fires occurred, and the members of the firm, after carefully watching him, had him arrested yesterday. He will appear in the police court today.

SIX MONTHS IN MERCER

REFUSE TO ADOPT BILINGUAL POLICY

Ottawa Separate School Board is "Regretfully Compelled to Decline Enforcing the Ontario Government's Instructions," and Blames Orangemen for Responsibility for New Regulations.

OTTAWA, Sept. 11.—(Can. Press.)—The Ottawa separate school board will take a bold stand against the enforcement of the regulations in regard to bilingual schools, recently put in force by the Ontario Government. This was decided at tonight's meeting of that body, which lasted until after midnight, and where a motion was passed stating that the board would decline to enforce such regulations. As to the effect of this stand several trustees stated that the government could do no more than cut off its grant of \$4000, while others differed from them and stated that should it so desire the separate schools of the capital could be rendered more private institutions, for which taxes could not be collected. At length, however, two motions, moved by Trustee Genest, were carried.

Respectfully Declines.
 The first, after pointing out that the mode of teaching prescribed by the new regulation was detrimental to the pupils for whom the board had to provide, that the appointment of English Protestant inspectors over the heads of the bilingual Roman Catholic ones was objectionable, and that additional expense would be incurred, stated the board would be regretfully compelled to decline enforcing the said instructions.

The second motion, addressed to the department of education, drew attention more particularly to the matter of the appointment of the Protestant inspectors. "The aim is not education but the Anglicization of our children," said Trustee Genest in the course of an eloquent address, in which he introduced his motion.

Blames Orangemen.
 "The Orangemen are responsible for these regulations," said Dr. Freeland in seconding the motion. "The highest penalty the government can enforce is to withdraw the grant of about \$4000. We can collect our own taxes. It's up to Catholics to stand by their guns. Let us demand our own college in Toronto and normal schools, too."

Trustee O'Neill, however, stated that the government could withdraw its inspectors and make private schools out of the Ottawa separate institutions, so that taxes could not be collected.

Trustee Lanigan opposed the motions, but on a vote they both carried by large majorities. Trustee Genest stating that the separate schools of the province would lead to that of Ottawa.

FROST SCARE WORKS HARM

Alarming Reports Have Frightened Would-Be Harvesters From West—Little Damage to Crops.

WINNIPEG, Sept. 11.—(Special.)—Crop conditions thruout the west are greatly improved. There has been little or no damage from frost. Injury to the crops as the result of the recent heavy rains has been very light indeed, and much less than was anticipated.

The grain is drying out in splendid condition and threshing is now in full swing. The recent scare as to frost sent east by galesmen and others is deplored, inasmuch as it retards immigration and does harm in numerous ways. There has been no frost to date, except in a very few isolated cases, where some grain may have been reduced a grade. With the fine weather of the past few days continuing a bumper harvest is assured.

REV. R. B. ST. CLAIR'S TRIAL

Rev. R. B. St. Clair appeared before Judge Denton in the sessions yesterday morning and pleaded not guilty to the charge of circulating immoral literature, and elected to be tried without a jury. The case will come up on Saturday morning, Sept. 21, at 11 o'clock.

WEDDED AFTER HALF CENTURY

Joseph Gladu and His Bride Were Formerly School-Mates at St. Mary's

HOLYOKE, Mass., Sept. 11.—(Special.)—Announcement is made of the wedding of Joe Gladu, 72 years of age, father of five children and grandfather of fourteen, and Mrs. Rosa Leclair, 83 years of age, a boarding housekeeper of Holyoke. The wedding took place at Holyoke, August 29, and the couple are now living at 97 Bovee street.

Mr. Gladu and Mrs. Leclair have known each other many years. They were born and brought up in St. Mary's, Canada, and were schoolmates there, more than 50 years ago.

Mrs. Leclair is the widow of Joe Leclair, who died in Holyoke, seven years ago. She has three children and one grandchild.

Rev. Father Paquette of the French Catholic Church, officiated at the bridal service. After a wedding breakfast for the relatives, served in the home of Mrs. Leclair, the couple were congratulated at a reception. Mr. and Mrs. Gladu will live a short while in Holyoke and then go to Worcester to remain.

AVIATOR PECK FELL TO DEATH

Disregarding Warnings, Holder of Duration Flight Record Dared Choppy Wind at Chicago.

CHICAGO, Sept. 11.—(Can. Press.)—Aviator Paul Peck of Washington, D.C., holder of the American duration flight record, was killed in a fall with a biplane tonight while flying in a gusty wind. He attempted to steep a spiral and when he struck the ground the heavy engine came thru the wreckage, striking him in the neck.

A gusty wind blew at Cicero Field all day, and Director Andrew Drew posted the customary warning to aviators against going up. Peck, believing his small biplane would be fast enough to carry him thru the choppy wind, went into the air in spite of the caution.

Peck was American licensed aviator No. 57, and had developed a monoplane and the biplane in which he was killed. The biplane was of only 26 feet span, headless and equipped with a gyromotor. He was about 24 years old, and making a trial flight preparatory for the international aviation meet here tomorrow.

WANTED IN BRANTFORD

The new fall hats for men made by Henry Heath of London, England, are a very inviting item in the wardrobe of the well costumed man for 1912. The hats Heath makes are worn by His Majesty the King and are the accepted models for all the other makers in the world. The Dineen Company is sole Canadian agent for Henry Heath. Call at the showrooms, 140 Yonge st., and see what is new in English hats for men.

AIR AT OTTAWA HEAVY WITH RUMORS

Pelletier is Likely to Remain in Cabinet and Support Advanced Navy Policy, Which May, However, Hang Fire Until Unionists Attain Power—Worried Over C.P.R.

OTTAWA, Sept. 12.—(Special.)—There are lots of political rumors afloat. One is that Mr. Pelletier is to leave the government and Armand Lavergne be his successor. The World's best information is that Mr. Pelletier will continue in office and support a forward naval policy and make announcement to that effect in Lewis at a banquet a few days hence. It is likely that Mr. Lavergne will run for the Dominion House, and that a vacancy will occur in a short time in a Quebec county.

A story is also going that the naval policy may not get very far forward in the next few weeks, and that any arrangement reached will be between the Unionists, who hope soon to be in office, and the Dominion Government, rather than between the Dominion Government and the Liberal Government, now in power in England. Advice from England, as well as the election in Midlothian and the widespread opposition to home rule that obtains in Great Britain, point to the early retirement of the Asquith ministry. The talk here is also that Winston Churchill will withdraw from the Asquith Government and make an alliance with the Unionists on a forward naval policy.

While Mr. Borden was in England he made an arrangement with the British Government that Sir George Murray visit Canada and make suggestions for the reorganization of our departments and civil service. Sir George will be here before the end of the month and may stay for eight weeks or more. He is the best civil service expert in England, especially in the matter of department organization, and it is believed that he will make sweeping suggestions to the Canadian Government.

LORD HAMILTON OFFENDS LABOR

Statement That Keir Hardie is Not Accredited Representative Refuted by Dominion Congress.

GUELPH, Sept. 11.—(Special.)—The Dominion Trades and Labor Congress concerning the statement credited to Lord Claude Hamilton in an interview published in a Toronto paper, that the congress would not take Keir Hardie, M.P., too seriously, as he did not represent the British Labor party.

This was declared false and a letter was read from the executive committee of the "British organization, in which Keir Hardie was appointed delegate, and saying that it was hoped his presence would stimulate interest in the Canadian movement.

Fraternal greetings were brought by John D. Smith of Kansas City, representative of the American Federation of Labor, who reviewed the work across the border and pointed out that so successful had they been along legislative lines there that they had elected 15 men to congress, all representatives tradesmen.

DISEASED MEAT FED TO PUBLIC

Tilbury Butcher to Be Arrested — Farmers Sold Cattle Suffering From Lump Jaw.

CHATHAM, Sept. 11.—(Can. Press.)—High Constable Pefers left for Tilbury this afternoon to arrest a butcher of that place by the name of Strong, who is charged with selling diseased meat for consumption. Several other farmers of the vicinity will also be charged with selling cattle suffering from lumpjaw to the butcher.

The police recently located the head of one of the cows and dug it up. It will be produced in court at the time of the trial. It is explained that the animals were suffering from lumpjaw in the last stages.

COMMENT ON LAURIER'S CHARGE

There is considerable comment here upon that portion of Sir Wilfrid Laurier's speech at Marleville, which dealt with the alleged change of gradients on the National Transcontinental, in view of what had been accepted as a positive denial by the government of charges made on this subject. It will be remembered that Hon. Mr. Cochrane stated in substance that "nothing is being done to impair the hauling power of locomotives," and that Major Leonard assured the public that the road was being finished "so as to give the greatest efficiency in the economical handling of freight trains."

Sir Wilfrid more than intimated that the official denials were not categorical and that he had some information which led him to believe that a more explicit statement should be demanded. The explanation of this apparent conflict, according to rumor here, is that the grade is being increased from four-tenths of one per cent. to one per cent. at places where momentum grades can be used to overcome the increased slopes. From an engineering standpoint, it is hardly justifiable the charge that the standard of the road is being "degraded."

Traffic men say, however, that the use of momentum grades is objectionable, for the reason that they often cause long freight trains to break or buckle. The discussion is not, therefore, over.

UNIONISTS WIN IN MIDLOTHIAN

Intervention of Laborite Results in Liberals Losing Seat Long Held by Gladstone.

LONDON, Sept. 12.—(Can. Press.)—Major J. A. Hope, Unionist, to-day was elected member of parliament for Midlothian, Edinburghshire, in succession to the Master of Ellbank, who recently was elevated to the peerage. Hope's majority over his Liberal opponent, Alex. Shaw, was thirty-two. The poll resulted as follows: Major Hope, Unionist, 6021; Alex. Shaw, Liberal, 388; Provost Brown, Labor, 2413. The loss of the Midlothian seat to the government was due to the intervention of the Labor party, which recently announced its intention to nominate a candidate in every constituency where there was a large number of workmen, despite any effect it might have on the coalition majority in the house of commons. In the last election when no Labor candidate contested the Midlothian seat, the Master of Ellbank won over Major Hope with a majority of 317.

While the Unionists are highly elated over the capture of Midlothian, which has been Liberal since the late Hon. W. E. Gladstone carried it in 1889, representing the constituency for 12 years, the result seems more indication of the widening breach between Liberals and Laborites than of Unionist strength, as the Unionist vote increased by only 341. The Liberal vote slumped by 2348, but appears to have gone largely to the Labor candidate. It has been suggested that the Master of Ellbank resigned the seat because of differences with the government. Probably he was opposed to his party running a candidate in the Labor seat of Hanley, as a result of which the Labor party decided to act quite independently of the Liberals in contesting seats. After his resignation the Master of Ellbank advised that the Liberals abandon the seat to the Laborites, but that his advice was ignored, and the local Liberal press scored him for adding to his party's difficulties. A feature of the campaign was the use of an airplane by the Unionists in distributing literature.

LONGERINO DISCHARGED

Did Not Aid Rosso, Who Pleaded Guilty to Charge of Wounding.

Antonio Longerino, charged with aiding and abetting Dominico Rosso in the wounding of Pietro Niekofora, was found not guilty by a jury in the sessions yesterday.

Rosso, before Judge Denton yesterday morning, pleaded guilty to the charge of wounding and was remanded for sentence.

Improved Methods of Handling Express

The Canadian Express Company has recently adopted through its entire system of seven thousand miles of railway and steamship lines a carefully worked out plan, having for its object the prevention of double collection of charges at destination when shipments have already been prepaid, the prevention of overcharges and undercharges and the elimination of the occurrence of packages going astray or being found over without mark, resulting in delay in delivery and inconvenience and loss to the public.

The foundation of this new plan for the correct receiving, billing and handling of shipments is the fact that way bills and package labels of distinctive colors are used. For example, all packages, the charges on which are to be prepaid, will bear a label printed on golden red paper. This serves as a warning to all employees that charges are not to be again collected. Where charges are to be collected, a destination white paper label is used. For O. D. shipments green paper and for shipments in bond pink paper labels. Way bills, printed on paper of corresponding colors, will also similarly distinguish the one class of business from the other. A way bill is made in triplicate for every consignment, one copy which contains full particulars of consignee, address, weight and charges being pasted on the package; one copy being handed to the train messenger, in whose custody the package is forwarded, and one copy retained for office use. For mutual convenience special arrangements are made with large and regular shippers to supply them with labels to be attached to shipments in advance of the call of the driver.

Where consignment consists of a number of packages a special "lot shipment" label is placed upon each package, which gives reference to the entire consignment. This is expected, will prevent packages which are a part of a consignment from going astray, and will go a long way towards removing the difficulty which the public have heretofore experienced.

The Canadian Express Company reports that the co-operation of its patrons in making this system effectual for their own benefit.

NORTH TORONTO ANNEXATION

Petitions calling upon the North Toronto Council to carry out the people's vote are now in circulation. Owners of North Toronto property who reside in the city can sign the petition at the office of Ussher & Co., 46 West King street, and McArthur-Richey-Tribble, Limited, 88 Yonge street.

LABOR MEN VISIT O.A.C.

Delegates, Hospitably Received by President Creelman, Were Delighted With Various Features.

GUELPH, Sept. 12.—(Special.)—There was no session of the Trades and Labor Congress this afternoon, but instead a visit was paid to the Ontario Agricultural College. The local committee supplied special cars for the occasion and the majority of the delegates availed themselves of the opportunity. The visitors were received by Dr. Creelman and his staff and were shown all over the buildings and grounds and the labor people were much pleased with the treatment received.

The majority of those who went out to the college were not only surprised at what they saw, but were absolutely delighted with the live stock, the experimental plots, the dairy and poultry departments and the excellent manner in which the college grounds are kept.

Sir Wm. Mackenzie On Steel Enterprise

MONTREAL, Sept. 12.—(Can. Press.)—A group of industrial Canadians, including Sir William C. VanHorne, Sir William Mackenzie, Messrs. George F. Johnston, C. W. McLean and J. Wesley Allison, have secured from the Steel Package Co. of New York the latter's patents to manufacture steel barrels and commercial packages of all descriptions.

The new concern, it is said, is capitalized at \$5,000,000, the financing having been done in New York, and will erect in the vicinity of Montreal one of the largest steel manufacturing plants in the Dominion. All the enterprise has been financed and the new company will start off with several million dollars' worth of orders.

Baron Oppenheim, one of the famous Rothschild family, it is understood, is highly interested in the company.

The new concern is to be known as the Canadian Steel Package Co., and it is probable Sir William VanHorne will be the first president.

PROGRESSIVES SWEEP COLORADO

DENVER, Col., Sept. 12.—Progressives in both parties swept Colorado in the state-wide primaries held yesterday. Philip B. Stewart was nominated for governor on the Republican ticket, and Elias M. Edmonds on the Democratic ticket.

Progressive candidates for all other offices were nominated with them. The Roosevelt forces endeavored to get Stewart to withdraw from the old party and join the Bull Moose party, but he refused and will now be opposed by Edward B. Costigan, the Bull Moose candidate, entered by petition in the regular election.

DISMISSED FROM OFFICE, TAKES LIFE

QUEBEC, Sept. 12.—(Can. Press.)—Jumping from a window of the third floor of the Mountain Hill House, Ludger Beaugard, a well-known Quebecer, committed suicide this morning. Mr. Beaugard, who was a purchaser of right of way for the Transcontinental Railway Commission in the district of Quebec, had lost his job recently, owing to his political opinions, and this is thought to have caused him to end his life. He was living in Defoyes street with his four daughters.

Amateur Golf Championship Between Toronto and Montreal

Geo. S. Lyon vs. G. H. Turpin, and C. Moss vs. A. Hutchison Are Playing To-day

Montreal, Sept. 11.—In the second and third rounds of the amateur golf championship on the links of the Royal Montreal Golf Club at Dixie this morning and afternoon, stretching from coast to coast is now a foregone conclusion.

President Quinn of the N.H.A. has been working on this plan for the past six months, and the final spike has been driven in, so to speak, by the arrival of Rollie Norman from the lower provinces.

There was an exciting finish in the game between Alan G. McKay and G. G. Mackenzie in the consolation competition, which was held on the 10th.

Varsity Old Boys to Be Gathered From All Over the Dominion—Rugby Gossip

The opening rugby game of the season will be on Sept. 15 when Varsity Old Boys will play the 1911 Dominion champions at Varsity Stadium.

The committee in charge of the Old Boys will bring ex-Varsity stars from all parts of the Dominion and will line up one of the strongest teams ever gathered together to tackle last year's champions.

While the subscription list for the Varsity rugby games this fall was opened last Monday at the Varsity Club, the Dominion Rugby Association has been up and running since Sept. 23.

DIFFERIN FORM FLASH IN THE PAN

Eight Favorites on Wednesday Go Down to Defeat—Half-Mile Track Great Game, But Not for Public.

Thursday's display of form at Dufferin Park was only a flash in the pan. The syndicate ring got back at the public yesterday with a vengeance, every one of the eight favorites going down to defeat, the winners ranging from 5 to 2 up to 15 to 1. Some of these were packed, but most of them to such an extent that you wouldn't notice it. Truly the half-mile track is a fine game, but not for the public.

JACKSON WINS STEEPLECHASE

Long Shot Handily Defeats Favorite in Feature Race at Blue Bonnets—Rifle Brigade Best Two-Year-Old

MONTRÉAL, Sept. 11.—The racing at Blue Bonnets today attracted the largest crowd of the meeting, about 4000 being present.

As was expected, Floral Crown annexed the purse in the opening event, with the stable companion, King Saxe, second and Kilmie, third. Floral Crown and King Saxe, who finished within a few feet of each other, drew away after a good start and were never in danger.

Bay of Peascomb came right back again, winning easily in the second. Cnemupio, the favorite, was second and Toldings third.

Swana Tumbo proved that he is still in good shape, for he ran away from the field and was never seriously challenged.

The feature event of the day, the Stratocoma steeplechase, was won by Jackson, owned by L. A. Ekers of Montréal. Notwithstanding Jackson's good performance on Saturday last, when he ran second at a long price, he was quiet as to 1 to 4 the managers of the ring and a lot of money was placed on him. Beamside rode a steady race and won comfortably. Of the top horses that started, only four finished, Kingsmasher the favorite, was second and Suckerton third. Hendrie's life brigade won the two-year-old race, summary:

FIRST RACE—Purse \$300, 3-year-olds and up, \$300 added, 3 furlongs.
 1. Floral Crown, 106 (Connor), 1 to 1, 2 to 1 and 1 to 2.

GREAT BILLIARD PARLOR OPENED

Without doubt Toronto's most elaborately equipped and up-to-date billiard parlor was opened to the public at 187 Yonge street, upstairs, last night. Fitted out by the Brunswick, Balke, Collender Company of Canada, Limited, under the charge of Samuel K. Cox, their general manager, the Connaught Billiard Parlor, under the management of F. A. Falck, stands out pre-eminently as a top-notch billiard and pool establishment, both as to decorations and appointments. No place of its kind in Toronto is its place with respect to equipment, being even to chairs and equipment, every being of mahogany. In this parlor are to be found 15 tables made of mahogany and possessing the celebrated Monarch billiard tables, which have been the foundation of the success of the Brunswick, Balke, Collender concern. Of these tables three are for English billiards, constructed on the celebrated "Reno" style, 6 by 12 feet. These English tables are "home made" or manufactured by the company of Canada, right in Toronto, showing conclusively that it is unnecessary to import tables from the old country when such satisfaction can be obtained in this city.

Kuntz's OLD GERMAN LAGER

Better Than American

Lagers, because there is no rice, corn or other malt adjuncts used in Kuntz's Old German Lager. Pure Barley Malt, Bohemian Hope, high-class yeast and sparkling spring water—these are the materials from which Kuntz's Old German Lager is brewed. It's surely a high-quality lager, with an Old German flavor that is really a joy to taste. Try a bottle at the hotel or café for luncheon, or order a case from your liquor dealer.

Horse Business Good At the Stock Yards

It was plainly demonstrated at the Wednesday auction at the Union Stock Yards that the demand for horses is increasing at the present time. In the volume of business done and the large and interested attendance of buyers. As one onlooker mentioned, "The large volume has the stock here to supply the demand and the facilities to handle it."

A large stock of heavy horses and a splendid selection of heavy draught horses was in evidence, many sales being made.

Among the sales reported were: Three extra good wagon horses to the T. Eaton Co. Ltd., a pair of heavy horses to the Consor Coal Co. C. Leclair of Montréal finished out a load for shipment east. Dr. Harcourt of Elk Lake was in attendance and bought a good mare. The Dominion Express Co. bought several good express horses. F. Wainwright, city, bought a beautiful chestnut gelding and outfit for his own use. Other horses were sold to Wm. Leibel, city; C. Vestman, Mount Dennis; Abel Boyd, city; A. Mansel, city; John Mullin, city.

There is no dearth of horses for private sale and fresh horses are expected by the end of the week.

THURSDAY MORNING, SEPT. 12, 1912.

TORONTO VALUES.

The London Advertiser says who earned the million dollars it estimates to be the value of the Normal School grounds on Church street. It believes that it is only half the truth to say that the rise in value is due to the growth of the city. The whole country, particularly the whole province, has contributed to make Toronto what it is. This is only clouding the issue.

ANOTHER YELP.

The Telegram does not think that the government should be held responsible for appointing inefficient officials or for refusing to follow the advice of competent ones. Otherwise there is no meaning in its characteristic yelp about the "fool talk" and "shallow chatter" of newspapers which are anxious to improve the standards of civic government.

Having now swallowed completely the principles laid down by The World that the government of a city is akin to that of a bank, where the directors correspond to the aldermen and appoint the working officials, if The Telegram could think long enough and hard enough for two consecutive minutes, it might perceive that the directors of a bank do not meddle in the details of the business as aldermen do in the city.

If the aldermen had nothing else to do but appoint heads of departments, and those officials were of a proper standard and properly paid, the civic business would get itself done as the banks and other corporations get theirs.

HOW CAN TAFT SAVE HIS FACE.

Between three and four months ago President Taft appeared to be the most thoroughly discredited and utterly humiliated man in the United States. In his contest for re-nomination he had been overwhelmingly defeated in the great Republican states of Illinois and Pennsylvania; his own state, the modern "mother of presidents," had repudiated him utterly; in New Jersey, after a personal canvass, he had failed to secure a single delegate. Moreover, he had engaged in a personal squabble and a rough and tumble contest which detracted at once from his personal prestige and the dignity of his office.

Since then he has recovered a great deal of ground. His nomination at Chicago may have been illegal and it will not bring about his re-election, but at any rate he did secure the nomination. By using his veto power and by threatening to use it still more freely, he compelled congress to withdraw from nearly every position it assumed respecting the administration of the various executive departments of the government. He has been attending to his duties as president, keeping off the stump and better preserving alike his personal dignity and the respect due to his office.

Another humiliation, however, awaits him in November. Although the titular head of one of the great political parties, Mr. Taft will run third in the presidential race. In what spirit will he accept the verdict of the people? We venture to say that he will display commendable good sense in this situation. The following in the electoral college may be a small one, it will be sufficiently strong to enable him to make Theodore Roosevelt president of the United States. He could justify this action on the tariff issue alone, but there will be other reasons why his preference for Roosevelt over Wilson will be generally endorsed. With an impending war with Mexico the country would prefer a man of warlike spirit and with some mili-

tary experience to a college professor. The more Canada develops to the north, the more will the United States expand southward. Finally both Taft and Roosevelt are lifelong Republicans. Roosevelt, up to this time even more strictly regular than Taft. The president can bow to the will of his party as well as to the will of his country by not permitting his name to go before the electoral college, and thus perhaps save the country from the intrigue and scandal which inevitably attends an election by the house of representatives.

THE HARDIE VIEW OF BRITISH POLITICS.

In an interview the other day, Mr. Keir Hardie, the well known member of the British Parliament and the Independent Labor party, predicted troublous times for the Liberal government of the United Kingdom. If he is to be credited, Mr. Lloyd George now occupies a position of isolation in the cabinet and is its only remnant member who is antipathetic to its naval and foreign policies. Neither does Mr. Keir Hardie believe that the Liberal government is really in earnest about Irish home rule, although its dependence on the Irish vote compels an effort to place the bill on the statute book. Mr. Hardie, however, doubts whether the government will remain in office long enough to pass the measure over the superstitious vote of the house of lords. A general election before 1914 would, he thinks, be inevitable and followed by a coalition government formed of the less ardent elements of the Tory and the more "moderate" section of the Liberal parties. In that event the Labor representative looks for the rise of a party of social reform led by Mr. Lloyd George.

This is an interesting line of speculation, but not altogether in harmony with an article by Mr. Hardie contributed recently to The Mercurer Pioneer. After referring to the heavy task shouldered by the Asquith government in trying to force three measures of first-class importance in one session, in addition to ordinary routine business, he remarked that what added to the difficulty was the knowledge that two years must elapse before either home rule or Welsh disestablishment can become law. It is this waiting period which filled Mr. Hardie with apprehension and, in his view, there was one factor in the situation undoubtedly causing much anxiety at the Liberal headquarters—the proposed land reform campaign. The single tax and the single tax propaganda, Mr. Hardie then thought, threatens the biggest split in the Liberal ranks which the party has ever known. Possibly it is this uneasiness over the prospect of an attempt to force the single tax on the government which has given rise to the report that important secessions from the cabinet and the party are on the verge of happening. In The Pioneer article Mr. Hardie conceded there was an element of danger which might mean developments of a very drastic and dramatic kind.

CIVIC CAR LINES REPORT.

The News of last night deals with the question now coming up. What is the city to do with the municipal lines fast approaching completion, in all about eight miles? It says a policy is wanted; so does The World, which for months has been insisting on the mayor and council having experts in this direction. When are the experts who were appointed some time ago to be ready with a policy for the city in connection with the municipal lines? One expert was Mr. Moyes from Toronto and the other a gentleman from New York. Has Mayor Geary got their report yet, or when does he expect it?

MIDLOTHIAN'S BY-ELECTION.

Although the by-election in Midlothian resulted in a Unionist gain, the figures do not afford evidence of any serious reaction in Scotland against the policies of the Asquith government. The seat has been lost, as others have been, thru the recurrence of the disagreement between the Liberal and Labor parties over the division of constituencies. The present quarrel is not the first that has happened since the Labor members became separately organized, and if previous experience is to be accepted as a criterion, it will continue until both recognize the futility of presenting votes to the common enemy.

What has usually led to the trouble is the independence of the local party committees, and this should discount the view not infrequently heard in Canada, that British constituencies accept any candidate recommended by the central organization. It does occasionally happen that, in default of a candidate of their own selection, the committees fall back on the organization, but as a rule they resent dictation. Hamley, which initiated the present quarrel, is a case in point. The local Liberals insisted on their own candidate and carried his election without regard to its effect on the political situation.

SHUT IN AT GRAVENHURST.

Editor World: Twenty years' experience in sanitarium work has proved that the world is full of people with kind hearts. Last month a boy out of the fix killing contest sent one dollar of his prize money to the Muskoka Free Hospital. The same week an old lady wrote from somewhere near Parry Sound sending

EMPIRE NAVY PLUG CHEWING TOBACCO. The Captain. "When a man is in charge of a ship he has to keep calm under all conditions. Empire Navy Plug Chewing Tobacco is a great help."

GET THIS PRESENT FOR YOUR MOTHER. She Cannot Use It to Furnish Fire For Cooking and Heating, But It Will Be Found Useful.

The story is told of a family that had a consultation some time before the holidays with a view to getting the dear old mother of the household a Christmas gift. Of course, the mother was not taken into the conference, as the offering was to be made a surprise to her.

After some discussion of the question one of the able-bodied, overgrown sons of the family proposed that instead of a gift, a building to be used as a church-entertainment hall and library—a building for seven days in the week.

Here in Muskoka we have 250 poor folk ones—literally shut in. We need, and badly need, a building to be used as a church-entertainment hall and library—a building for seven days in the week.

Our parents, if they could go to the neighboring town to pitch off what they cannot go—so there is the long weary eight month after month, to be followed by the still longer dreary winter.

What a beautiful memorial such a building as the one proposed would be to the dear old mother who has to fulfill the command to preach the gospel and heal the sick!

W. J. Geary, Sanitarium, Gravenhurst, Sept. 8. On the Carlton Cars. Editor World: I wonder if you will allow me to trespass on a small space in your paper to mention the fact that the Scots Guards Band, recently engaged for the Exhibition, are to be presented with mementoes of their visit to this city.

The question arises in my mind, and I do not doubt in the minds of others, why no such scheme is proposed in connection with the Exhibition, the Barn Band, who also were a great attraction at the fair. Their music was, I think, equally appreciated, and judging from the daily program, they had a great deal more to do than the Scots Guard Band.

Surely, some recognition should be made of their services, if there is to be any made of those of the Scots Guards!

Before Mulock, C. J. The Rainy River Boom Corporation v. The Rainy Lake Lumber Co.—G. F. Watson, K.C., for plaintiffs. G. H. Shepley, K.C., for defendants. An action by plaintiffs to recover certain sums of money from defendant company's booming, spring, rafting and driving the defendant company's logs down the Rainy River during the years 1907 and 1908. Judgment: It was necessary to float the lumber company's logs loose from the limits by the route pursued to the Rainy River. This necessitated the use of a certain amount of the plaintiff company with its logs on the way to the mill, and had forbidden the plaintiff company to interfere with them, negatived the influence of an implied contract. I fall to see how a stranger can step in and against the protest of an owner meddle with his property and then in his own name maintain an action for recovery of an implied contract. Before Britton, J. Quebec Bank v. Sovereign Bank—No. 1 action—F. E. Hodgins, K.C., and D. T. Symons, K.C., for plaintiffs. J. Dickson, K.C., and W. J. Boland for defendants. An action for the recovery by plaintiffs from defendants of the sum of \$24,000. Judgment: The contract is one of guarantee for payment of wood which plaintiffs claimed under their securities and which they would not have allowed to go to the mill unless paid for, or guarantee for payment given. It was in a way a guarantee of a debt of the company. There was no intention on the part of plaintiffs, or defendants, or the company, that the plaintiffs should convert their secured claim into an unsecured one. As to the quantity, the plaintiffs' claim is made from the reports of the officers of the company, accepted by defendants, and from these reports there can be no doubt of the correctness in the main of the figures. There should be judgment for the plaintiffs for \$24,000, less principal and interest from Dec. 15, 1907, and costs. Thirty days stay.

ENGLISHMEN WON PRIZE FOR PLANS. Their Designs For Model Houses In East End Were Considered Best. Two English architects collaborating, Sydney V. Kendall and Leonard Martin, F.R.I.B.A., of London, won the award in the competition conducted by the Toronto Housing Co. for plans of houses for the development of the land on Balm, Spadina and Logan-avenues, purchased by the company from the city. The judges were Eden Smith, J. C. B. Horwood and Henry Sproatt.

Nineteen sets of designs were submitted, and many of them, besides those of Messrs. Kendall & Martin, were much praised by the judges. It was evident, however, that the English architects had made the most serious study of the problem. In making the award the judges had regard especially to economy of construction, suitability of plan, and to architectural merit of design.

Quebec Bank v. Sovereign Bank—No. 1 action—F. E. Hodgins, K.C., and D. T. Symons, K.C., for plaintiffs. J. Dickson, K.C., and W. J. Boland for defendants. CONGRESS STOOD BY CARPENTERS

Montreal Delegate Fought Hard for Expulsion of Amalgamated Society, But Met Defeat.

QUÉBEC, Sept. 11.—(Special.)—The fight between the Amalgamated Carpenters of Montreal and the United Brotherhood of Carpenters and Joiners...

The convention sympathized with Arcand's position, but as it was largely a question of jurisdiction, and in other parts of the country the two orders work together harmoniously, it was decided to take no action.

The fight was kept up on both sides up to the hour of adjournment at noon. Delegate James Simpson, Toronto, made a strong appeal to the congress to stand by the committee's recommendation and keep out of the factional dispute between the Amalgamated and the United. By taking the proper stand now they could relegate to all time to come jurisdiction fights to the A. P. of L. and keep them out of trades congress, which was a legitimate body and had nothing to do with disputes affecting jurisdiction.

The Montreal delegates demanded a roll call for the vote, which resulted in 124 to 28 against Arcand's resolution to unseat the Amalgamated Carpenters.

SABBATH OBSERVANCE

AT THE THEATRES

"The Red Rose" at the Princess.

The sale of seats for John C. Fisher's "The Red Rose," which comes to the Princess next week, opened yesterday morning with a rush. "The Red Rose" is a musical comedy, which has achieved a considerable success throughout the country, following its long New York run at the Globe Theatre. Zoe Barnett will be seen as Lola, a child of the Parisian studios, the role giving her ample opportunity for displaying her varied talents. In her support is a company embracing many names known favorably in the comic opera world, including Nelson Riley, Bly, Maurice Sherry, Russell Lennon, Wayne Nunn, William H. Conley, Lee H. White, Esmer Cornwell, Charles Philbrick and Walter H. Carter. The cast is long and the chorus and ballet are unusually numerous. Many of the song numbers are of the wholesome type, perhaps the most popular being "Queen of the Forty Fours," "The Students' Glide" and "Come Along, Me Cherie."

"Girls From Reno"

Everything points favorably to a most successful engagement at the Theatre next week, where the popular "Girls From Reno" will be the attraction. This organization is beyond a question of a doubt one of the best equipped and well balanced burlesque troupes on the stage. Mike Collins has the principle role, and has the support of a large company of comedians, singers, dancers and a beautiful corps of thirty dashing and charming young women. The comedy offerings are entitled "Gay Life in Toronto" and "Hotel Cabaret," and combine original melodies, novel ensembles and many other surprises and novelties. In the cast are Harry Campbell, Lew Reynolds, Jeanette Young, Margaret H. King, Dolle Fields, Jack Sullivan, Arthur Weinberg, Roy Burk and others.

Fine Strauss Music.

Alto Richard Strauss is one of the most famous and undoubtedly the most discussed composers of the present day. He is only known to Torontonians through the medium of his lyrics and occasional orchestral numbers. Mr. Nathan Franko, who will conduct the Toronto Musical Festival during the week of Oct. 7, is not only a great admirer of the great composer, but also a skilled interpreter of his works. Mr. Franko stated when visiting the city last week that he has a very fine arrangement of the "Salome" music, which would be a distinct novelty here. He regards that opera and "Elektra" as more than the other works of Strauss, the lighter "Rose Cavalier."

"The Merry Go Rounders"

At the Gayety Theatre next week "The Merry-Go-Rounders" will open its engagement, with George F. Murphy in the principal role, and a large audience will laugh to its heart's content at this big burlesque. A very large company and a good-looking chorus give a very interesting entertainment. Mr. Murphy is best remembered as the German waiter in "The Newly-Weds." All the other characters are well taken by competent people. The music is catchy and the dancing a clever feature of the performance. The show affords a very pleasant entertainment.

"The Bachelor's Baby"

Etienne Girardot, the famed creator of the stellar role "Charlie's Aunt," is to be the week's attraction at the Grand Opera House commencing Monday night. In Francis Wilson's production and New York comedy success, "The Bachelor's Baby," which ran over a year in the metropolis. Mr. Girardot, as Tom Beach, playing the part of a bachelor who dislikes children, is said to be the equal to that of his great creation in "Charlie's Aunt." The play itself is said to be merely whitewash in spirit, and to possess many amusing situations, also crisp lines, with touches of pathos that grip that wellspring of emotion, the heart. The company that will aid Mr. Girardot contains the names of Shea, Dorothy Turner, Henry Hubert, Lena LeRoy, Geo. B. Hubbard, Helen E. Davidge, Hugh Wynne, and Miss Baby Wilson. The environments will be the same as that used at the Criterion Theatre, New York, production. During the week the regular Wednesday and Saturday matinees will be given.

Grand Opera in English.

The sale of seats for all eight performances of the Aborn English Grand Opera Company opened yesterday at the Alexandra Theatre. The boxes have been many reservations received by mail.

"Jessie Busley" Coming to Shea's

Manager Shea has a great show booked at Shea's Theatre next week, with all the features of the bill entirely new. The headline feature for next week is Jessie Busley's first appearance here in vaudeville, called "Miss 318." This is Miss Busley's first appearance here in vaudeville and her offering has already received the stamp of approval wherever it has been seen. The special attractions for the week are John E. Gieshew and Grace Avery, presenting a merry skit entitled "Strange Flat," in which they are joined by Chas. Drew & Co. in his up-to-date comedy skit, "Mr. Flynn from Lynn." Other features for the week are the Novwata, Lads o' Melodie, Chas. and the Kinestraph.

"Bispham" Coming to Massey Hall.

One of the early attractions at Massey Hall this season will be the appearance of the splendid recitalist, Mr. David Bispham. It is some time since he sang in Toronto and his visit will be eagerly anticipated. He is one of the foremost baritone voices of the day, an artist who has long been known to the opera and concert stage of two continents and one of the world's very greatest exponents of the art of song. The date of the recital is Thursday, Oct. 2.

Plans are now complete for the Toronto season of the Montreal Opera Company, which is to begin on Feb. 10, at the Royal Alexandra Theatre and continue for three weeks. The entire interior of the theatre will be remodelled for the season and the ground floor, boxes will be arranged on the second floor. The more important works, scenery from the Boston Grand Opera House will be used, for the Montreal Opera Company now has a working arrangement with that lavishly equipped institution. The repertoire for the season will be as follows: In Italian—Aida, Rigoletto and Il Trovatore (French)—Loulie, Thais (Massenet), La Bohème, La Tosca and Madama Butterfly (Puccini). In French—Carmen (Bizet), Faust and Romeo et Juliet (Gounod), Cendrillon, Herodiade, Le Jongleur de Notre Dame, Thais (Massenet), Zaza (Leoncavallo), Contes d'Hoffman (Offenbach).

The opening performance in Toronto will be Verdi's "Aida," sumptuously produced with Elisabeth Amadei, a dramatic soprano of great power, in the title role; the celebrated mezzo, Maria Ciasevoli as Amneris, and Enrico Arsenoi, a young tenor, with a voice of great volume, as Rhamades. The inspiring conductor, Agide Jacchia, will, of course, wield the baton.

TURKS ATTACKED BY BULGARIANS

Serious Clash on Frontier Taken as Almost Certain Indication That War Will Be Declared.

VIENNA, Sept. 11.—(Can. Press.)—Fighting has broken out on the Turkish-Bulgarian frontier, according to messages received from Constantinople and Sofia today.

It is said the Bulgarians opened hostilities by firing from a frontier fort upon a Turkish patrol. The Turks returned the fire, killing five Bulgarians. Bulgarian reinforcements soon came up, whereupon the Turkish commander armed the Mohammedan peasants in the vicinity and added them to his forces. The battle raged all day, with many casualties. Following so soon upon the bomb explosion, for which it is charged Bulgarians were responsible, resulting in twenty deaths at Dorian, near Salonica, fears are entertained here that the clash will render a war certain.

Rushing Troops to Frontier.

CONSTANTINOPLE, Sept. 11.—(Can. Press.)—The Turkish war office dropped all concealment and began rushing troops toward the Bulgarian frontier today. The government evidently has lost its temper over Bulgaria's badgering concerning Macedonia, which a cabinet

minister characterized today as "impertinent interference with Turkey's internal affairs."

Bulgaria's Ultimatum.

BERLIN, Sept. 11.—(Can. Press.)—Bulgaria has sent an ultimatum to the powers, says a special to The Frankfurter Gazette today, to the effect that unless Turkey grants autonomy to Macedonia, a Russo-Bulgarian war is inevitable. The Zeitung prints a similar despatch, saying that if the powers did not secure autonomy for Macedonia, Bulgaria must resort to arms.

DRIVER IS ARRESTED

Albert Wilson Charged With Entering a House on Logan Ave.

Albert Wilson, 68 Wood street, a baker's driver, was arrested yesterday evening by Detective Archibald for theft. Wilson went to deliver bread at 342 Logan avenue. There was no one at home. He entered the house thru a window, took a watch, two tie pins, a bracelet, and \$1 in cash. When the people who live there returned home they missed these articles and notified the detective headquarters. Some of the stolen property was found in Wilson's clothing after being arrested. He will appear in court this morning.

JACK JOHNSON'S WIFE ENDS LIFE

Remorse Over Abandonment of Career in Society Probably Cause of Resort to Bullet.

CHICAGO, Sept. 11.—(Special.)—Mrs. Etta Johnson, wife of "Jack" Johnson, the champion pugilist and former society belle of Hampstead, L.L., where as the wife of Clarence E. Burpee, society and horseman, she held the key to Long Island society, tonight shot herself, following an attack of nervous prostration in her apartment over Johnson's cafe, at East thirty-first street.

The bullet entered at the right temple and came out at the left temple, following an almost straight course. At midnight, after an operation at the Provident Hospital and former recovery was abandoned, and the Rev. John S. Morris of St. Monica's Catholic Church administered the extreme unction. Johnson was at his wife's side crying like a child as the churchman solemnly read the last service.

Remorse for having left her place at the Provisional Hospital and her recovery was abandoned, and the Rev. John S. Morris of St. Monica's Catholic Church administered the extreme unction. Johnson was at his wife's side crying like a child as the churchman solemnly read the last service.

IS STRACHAN PURCHASE OFF?

Rumor Has It That School Grounds Deal Has Fallen Thru--Buyer's Solicitor Not Talking.

A well-defined rumor, which The World man heard in three usually well-informed realty offices, has it that the Bishop Strachan deal has fallen thru.

The purchasers put up \$5000 deposit and had the usual time, which should end just about now, to search titles before making the final payment.

It is understood that the school's agent, had not heard that the deal was off, but it is some days since he saw the parties.

W. D. Gwynne of Worrall and Gwynne, who is acting for the buyers, had little to say and he said it quickly.

"Has the Bishop Strachan deal fallen thru?" he was asked.

"I have nothing to say."

"If we say it has, will you deny it?" "I won't say 'Yes' or 'No.'"

The "Yes" signs have never been removed from the grounds.

PRICES GOING UP

The demand for lots in Danforth-Woodbine Park has been phenomenal--so heavy, in fact, that we feel warranted in making a sharp advance in prices on the few remaining lots. For the benefit of those whose negotiations for lots are uncompleted, the present prices will be maintained for twenty days only.

DANFORTH-WOODBINE PARK

The greatest investment in inside city property offered today. It will shortly have every advantage that makes for an ideal homestead--transportation facilities, every city convenience, high, dry location, with beautiful scenery--and what interests the investor even more, lots in Danforth-Woodbine Park have already changed hands at greatly advanced prices.

LOCATION Danforth-Woodbine Park is on the south side of Danforth Avenue--north of Gerrard Street--just west of Woodbine Avenue. Civic car lines on both Danforth Avenue and Gerrard Street are almost completed--a guarantee of handsome profits to the investor.

PRICES NOW For the next twenty days only you can buy lots at the opening prices--on the easiest of terms. \$10 DOWN AND \$10 A MONTH or \$50 DOWN AND \$5 A MONTH No taxes this year.

Dominion Bank Preparing to Build

The lower and top floors of the old General Trusts Building at Colborne and Yonge streets have been leased by G. T. Somers, the owner, to the Dominion Bank for temporary space while work is going ahead on their new building, details of which The World gave two months ago.

Mr. Somers has improved the old trust building greatly and has had the remaining floors partitioned into suites.

It is understood the bank will begin work on the new structure about Christmas time.

Paid \$65,000 for Wood Street Lease

Garage Owners Have Relinquished Seven Year Lease in Carlton Block and This is Said To Be Their Price.

It is said that \$65,000 has been paid Uptegrove and Dennis, who have a garage on Wood street near Yonge, for the relinquishment of their lease, which had seven years to run.

The story cannot be confirmed. The garage owners refuse to discuss it, and H. H. Williams always politely declines to talk.

This is one of the outstanding leases in the Carlton block being bought for Eaton's. There are at least two other leases with some years to run.

These leases either expire in a very short time or are continued on a monthly basis. The people in the block are slowly vacating properties; there are not more than eight or nine buildings empty.

The garage is in a one-story brick shed on a plot about 25 x 60 on the west side of Wood street, fifty feet east of Yonge.

The garage firm have assigned this lease; that much is known for certain.

Official Residence

R. J. Christie has sold his house at 45 Wellesley street to the Toronto General Hospital Board, which bought it as a residence for the superintendent, Dr. C. K. Clarke. The price paid was \$15,000; the frontage is 53 feet and the depth 125 feet.

What Means This?

Last year, a real estate reader points out, the city built a new sidewalk on the west side of Yonge from Queen to Buchanan street. This year they are constructing a walk from College to Bloor street. He wants to know if the skipping of the Buchanan-College block has any special significance.

Accused by Daughter Father Died Suddenly

Brantford Man Who Was to Have Faced Serious Charge Today, Expired in Ambulance.

BRANTFORD, Sept. 11.-(Special.)--A man who died here last night under peculiar circumstances, was picked up by the ambulance and died from a blood vessel bursting before arriving at the hospital.

Quelch was to have faced a serious charge before Judge Hawley here today and it is believed that worry caused the trouble resulting in his death. After serving a subpoena for her attendance in court at an hotel in Norwich, just as the sheriff served the summons to learn of her father's death, she was told here today that the charge against Quelch was unfounded.

Brantford Man Who Was to Have Faced Serious Charge Today, Expired in Ambulance.

BRANTFORD, Sept. 11.-(Special.)--A man who died here last night under peculiar circumstances, was picked up by the ambulance and died from a blood vessel bursting before arriving at the hospital.

Quelch was to have faced a serious charge before Judge Hawley here today and it is believed that worry caused the trouble resulting in his death. After serving a subpoena for her attendance in court at an hotel in Norwich, just as the sheriff served the summons to learn of her father's death, she was told here today that the charge against Quelch was unfounded.

WHEAT MARKET FAILS TO HOLD ITS ADVANCE

Chicago Pit Saw an Early Rise in Prices, But Close Was Unchanged for the Day—Corn Records Further Decline

CHICAGO, Sept. 11.—Signs that European countries were preparing for record-breaking imports helped turn the wheat market today from depression of strength. The close was unsettled, varying from a shade under to a shade above last night's figures. Latest trading left corn 5-8 to 1-4 cent lower; oats 1-8 cent to a like amount up and provisions unchanged to a shade of 1-2 cent.

Top figures for wheat today were 20 higher than Monday's low point. Weakness early was due to the weather northwest, promoting shipments from the farms this side of the Canadian line and favoring threshers whose operations became general in Manitoba. Big four sales at Minneapolis, however, checked the decline and made the market responsive to news of huge import requirements across the Atlantic and of damage by heavy rain in France and Germany.

Corn weak; oats steady. Unexpected advancement shown by samples of new corn from Illinois led to a withdrawal of the demand for old corn and left prices weak. Least chance of frost acted against the mill side. Cash grades were depressed.

Some slight improvement in the export trade held oats steady despite the weakness of corn. In the absence of any selling pressure packers had brokers in the provisions pit bidding up product, especially nearby options.

European Markets

The Liverpool market closed today on wheat 4d higher to 1/4d lower, and on corn unchanged to 1/4d lower. Berlin wheat closed unchanged, Budapest 1/4c higher. Paris flour was 1/4c to 1/2c higher.

World's Visible Supply

Bradstreet's estimates show that during the past week the world's visible wheat supplies have increased 3,855,000 bushels, corn decreased 565,000 bushels, and oats increased 1,138,000 bushels.

INTERNATIONAL REVIEW OF WHEAT SITUATION

European Requirements Will Equal Record Season of 1910—Supply and Demand Outlook

LIVERPOOL, Sept. 11.—Broomhall's weekly review of the international wheat situation follows:

There has been some improvement in the weather conditions in Western Europe the past week, it being signify warmer and drier, but not warm enough to put wheat into a reasonably good condition. The weather conditions are not so good as usual and wheat is in a damp condition. The outlook in France is better, but dry wheat is not so good as usual. The outlook in Great Britain is not so unfavorable as other private reports, which latter are very pessimistic and indicate that there will be very little native wheat of good quality available until early in the winter. There are numerous complaints being heard regarding the potato crop.

The United Kingdom's import requirements for the present season are estimated at 2,000,000 bushels, compared with 1,800,000 bushels in 1912 and 1,600,000 bushels in 1911. The total requirements for the present season are estimated at 2,000,000 bushels, compared with 1,800,000 bushels in 1912 and 1,600,000 bushels in 1911.

The demand now seems likely to take care of the prospective supplies mentioned, and the present maintained high freight, together with transport difficulties, may prevent the movement becoming overwhelming. I confidently expect, and believe that the trade is prepared to absorb an anticipated very liberal shipments from Russia and North America.

Call Money at New High for Year in Wall St. Market Breaks

Speculation Dwindles Away in Toronto Market as Result of Stringency—Small Losses the General Rule.

Speculation in the Toronto Stock Exchange fell away to a small volume yesterday and the net result of the session in the majority of instances was practically nil. Tight money and the prospects for an even greater stringency within the next month were the leading factors contributing to the lessening of activity.

The Money Situation

Owing to the shut-down of the banking institutions on speculation and the likelihood of an even greater stringency in money, brokers in Toronto have adopted a rather cautious tone regarding the stock market.

LAURENTIDE THE FEATURE IN MONTREAL

MONTREAL, Sept. 11.—After an active morning session in which the tone was more buoyant than on any day recently, trading on the local stock exchange fell away in the afternoon and prices eased off from their best closing in a number of leading issues at or near the previous day's level.

SHARP BREAK IN NEW YORK

Rise in Call Money Rates in Wall Street Induced Liquidating Movement—C.P.R. Down Two Points.

NEW YORK, Sept. 11.—Higher money exercised its depressing influence upon today's stock market. Call money opened at 4 1/2 per cent, the highest initial price of the present movement, and at midday as much as 5 1/2 per cent was paid.

Ambition and Clothes

TO DRESS THE PART is as necessary in the every-day drama of life as on the mimic stage. How much the costume has to do with the successful foot-light stunt you can readily appreciate --how much a handsome, well made suit or coat has to do with business or social success only results can tell.

The Simpson Clothing For Men is calculated to a nicety to give you the greatest advantage of material and cut for the smallest possible outlay.
