STORMONT LIBERALS SPLIT TWO CANDIDATES TO RUN

Robert Smith, Jockeyed Out of Delegates by Executive Decision at Convention, Says He'll Contest as an Independent.

CORNWALL, Aug. 7.—(Special).—The Liberals of Stormont County had troubles of their own at Newington today when a convention was held to select a candidate for the approaching Dominion elections.

The primaries were held on Monday night and were marked by much disorder. In some instances blows were exchanged. It is claimed that in several polls where they found themselves in a hopeless minority, the supporters of Robert Smith refused to recognize the supporters of A. F. Mulhern, rival candidates for the nomination, and having possession of the certificates, they elected delegates to suit themselves.

It was expected that Mulhern would have the bulk of the town delegates, but, thanks to the tactics of his opponents, he got only nine out of 23. At several polls, each faction elected their own delegates, and consequently there was a warm time at Newington today when they all got together.

Affidavits were produced from several of Mulhern's supporters to the effect that the majority had not been permitted to decide the eligibility of the rival delegates. This matter was referred to the executive committee, and they quickly decided in favor of the Smith faction.

It is all well enough, being as Mr. F. Mulhern and R. Smith of Cornwall, D. P. McKinnon of Finch, J. E. Snettinger, ex-M.P., and W. J. McCarty, ex-M.P. The two latter promptly retired, and when Mulhern found that he had got the worst of the executive's decision he also withdrew his name. He then announced himself as an independent Liberal candidate and left the hall accompanied by some of his supporters.

The ballot then taken resulted as follows: Smith 88, McKinnon 5, McCarty 1, and W. J. McCarty 1. This fight for the honor of being the Liberal candidate has reopened the old split in the Liberal party which this morning makes Mr. Pringle, the Conservative member, look like an easy winner again.

MAN JUMPS FROM WINDOW COULDN'T FIND EASY JOB

Police Are Searching for Couple Who Flew After the Occurrence.

George Melville, or Charles Martin as he variously styles himself, either jumped or was pushed from a first storey window at 143 West Adelaide-street at 8 o'clock last night.

Melville, which is the man's last choice of names, is not seriously hurt. He persists in saying that he jumped from the window in an attempt to commit suicide because he could not find an easy job.

The police, however, are searching for Mr. and Mrs. Simpson who have occupied the room for the past five days.

The man says he was a deckhand on the steamer Toronto. He quit that job Tuesday night because it proved too strenuous. Yesterday he found another with the Robert Simpson Co. which he relinquished after a few hours' trial. He is about 35 years of age and claims Devonshire and Yorkshire, England, as his home, where he says he has a wife and children.

At St. Michael's hospital where he was taken after his fall he told the world that he did not know why he had jumped, but that he had meant to end his life. He denied that he had been shoved out of the window. He says that he does not know the names of the people with whom he was drinking in the room, where he says he went in search of lodgings, but says they are "English friends."

The police say that as soon as the man was seen to fall from the room with him fled by way of a rear window over a roof and down a ladder and then westerly along a lane back of Pearl-street.

At the house the tale of the occurrence is no clearer. The keeper of the house said that the Simpsons said the man's name was Long and later that it was Gray, but also declared that he was Simpson's brother. She says that she saw the man strike the pavement.

The room from which the man fell is a dingy place. It bore signs of a struggle or carousal. A small table directly in front of the window was overturned. The glass was broken from the window, which was raised about two feet. There were neither bottles nor glasses in the room. The drop to the sidewalk is about 20 feet.

While the man's injuries are not thought to be serious, the hospital authorities said last night that the extent of the injury to the back could not be ascertained until the man was taken to the hospital.

A small piece of newspaper with "Fred Chisholm, 88, Toronto," was found in the man's vest, which was left in the room.

MARTIAL LAW FOR BELFAST

Armed Troops Patrol the Streets Doing Police Duty During Strike.

BELFAST, Ireland, Aug. 7.—Troops took possession of the streets of Belfast this morning and strong guards were posted at custom house square and other centres.

Thousands of citizens watched with mixed feelings the inauguration of military control of the city as a result of the strikes and insubordination of the police.

The soldiers will carry ball cartridges, and there are some fears that this practical placing of the city under martial law may precipitate a crisis.

The plan is to have the soldiers perform police duty in order to enable them to protect the conveyance of merchandise to and from the docks. The city has been divided into five sections, each under control of a battalion of infantry.

The day passed in absolute quietude. The effect of the presence of the troops on the business streets of the city was most excellent. Some of the mills and factories that had closed were re-opened and others announced that they will re-open to-morrow.

More goods have been moved from the docks than on any day since the dockers' strike began, and it is apparent that the strike of the carters will collapse speedily.

The troops were withdrawn from the streets late this afternoon.

ASSAULTS ON CORPORATIONS MAKING WALL ST. UNEASY

Bad Day in the Market—Other Organizations Liable to Proceedings and Punishment a la Standard Oil—Movements Against Railways.

NEW YORK, Aug. 7.—A squall which broke over the stock market today has been coming for several days, and there are not wanting observers to contend that the seeds of the trouble were sown in the ill-advised market movement to advance prices embarked upon under the flamboyant auspices late in June.

The market commitments now holding over from that period, besides the embarrassments of the money and capital agitation, have been overtaken by the bad effect on sentiment of the renewed outbreak of hostility against corporations.

The stock market was disposed to view with mild disquiet the news of the enormous fines levied on the Standard Oil Company by Judge Landis last Saturday. Every day since then, however, the daily newspapers have consumed large space with the announcement of new measures or plans in pursuit of the railroads or other corporations. The iteration has got on the nerves of Wall-street, and the disposition to sell has increased and the decline in prices has gained cumulative velocity, the outcome being the spasm of liquidation which has occurred this week, and especially during the past few days.

The bear element has grown cautious after the considerable decline that has occurred this week, and especially during the past few days. American securities were pronounced a bright spot in that market and there was some buying for foreign account here.

The result was a show of strength in the early part of the day and some demand from the shorts to cover. This appeared later to have been a ruse on the part of the more influential bear leaders to shake out a weak following.

The subject most talked of was the probable further course against corporations and the measures likely to be promulgated against them. Stocks of companies supposed to be vulnerable to such proceedings as issued in the \$2,000,000 fine against the Standard Oil Company were conspicuously weak.

READERS ONLY CUT IN PRICE

Education Dept. Unable to Get Reductions for the Other Text Books.

Hon. Dr. Fyfe, minister of education, announces that owing to the report of the text book commission having been only recently received, and the fact that several text books on one subject are on the authorized list, the difficulties consequently connected with agreements and copyrights, and the necessity for giving due notice to the trade, the department has not yet been able to secure adequate reductions in the prices of the books now authorized for use in the high schools and public schools, except as has been announced in the case of the Ontario readers. These are now obtainable at the new prices, as follows:

First Reader Part I, five cents. Second Reader, nine cents. Third Reader, thirteen cents. Fourth Reader, fifteen cents. The publisher selling to any purchaser for use in Ontario shall allow the following discounts:

(a) On one or more copies of any book, 25 per cent. of the prescribed retail price.

(b) On quantities of the value of \$25 and upwards at retail prices (the said purchase being made of any quantity of any or all of the said books, published by the publisher, in any proportion to the purchase may desire), 25 per cent. of the prescribed retail price, and an extra ten per cent. thereafter.

THE U.P. & N.O. TO HELP OUT MINERS

Strike of Railway Employees is Being Organized by "Industrial Workers."

COBALT, Aug. 7.—(Special).—Organizer Roadhouse of the Industrial Workers of the World, and one of the principal leaders in connection with the miners' strike at Cobalt, paid a visit last night to North Bay, where he conducted a public meeting of the employees in the car shops of the T. & N. O. Railway.

There is no doubt whatever but that the feeling prevails among the union men that unless some step of this nature is taken, all the mines will soon have full complements of men at work.

To the mine managers about the same idea of tying up the railway is absurd.

TO ORGANIZE THE UNION AT NORTH BAY, the leaders at Cobalt claim will only take a couple of weeks, and when they call the men out they believe it will put a stop entirely to the mine managers bringing in non-union men to work in the mines.

There is no doubt whatever but that the feeling prevails among the union men that unless some step of this nature is taken, all the mines will soon have full complements of men at work.

Deliberately Wrecked. WINCHESTER, Va., Aug. 7.—An automobile in which Miss May Bushnell, 25 years of age, was riding with Jacquelin Handley was wrecked last night. Miss Bushnell had her skull fractured and died soon afterwards. Handley was killed. Several large stones piled in the road, evidently by wreckers. These were avoided. A few moments later the machine dashed into a large log placed over the entire roadway.

GALT'S GREAT DAY. Semi-Centennial Celebration Has Auspicious Beginning.

GALT, Aug. 7.—(Special).—The success of the home coming festival and semi-centennial scenes assured with its first day. Several thousand visitors were in town to-day and the streets were gay with decorations.

An immense gathering in Dickson Park this morning witnessed the formal commencement of the celebration.

Hon. James Young, honorary president of the celebration committee, read an address, in which he recalled his recollections of the memorable 18th of May, 1857, when the foundation-stone of the town hall was laid.

This address was followed by short speeches by Hon. Vice-President His Worship the Mayor, Dr. Adam Thomson, chairman of the ball game, Vice-Chairman ex-Mayor Dr. Radford, the clergyman of the town and others.

In the afternoon the ball game attracted 10,000 people. Sports and various entertainments were also in full swing.

To-night the joy was unconfined.

SOLD HORSE TOO CHEAPLY

And is Locked Up Until His Right to Property is Assured.

BOWMANVILLE, Aug. 7.—(Special).—A young man, giving his name as Harold Scott and residence as Newmarket, where he says he owns a barber shop, was driving round town today a good-looking driving mare and buggy. To-night he sold the whole lot to "Fred Kirkendall" for \$75.

When he was in the act of receiving the money Chief Jarvis asked him to go for a drive and, as he could not satisfy the chief as to his right to have the horse and rig in his possession, he was arrested as a vagrant.

The driver is a fine-looking brown mare, attached to a covered buggy, the whole being worth quite \$200. He is every way unsatisfactory about coming into possession of the property.

He is only 15 years of age.

CELEBRATION AT BERLIN.

Unveiling of Monument at Berlin Attracts Large Catholic Gathering.

BERLIN, Aug. 7.—(Special).—The ceremonies in connection with the unveiling of the Funken monument to-night, and the laying of the corner stone of the new addition of St. Jerome's College during the morning attracted a number of members of the alumni. Both functions were carried thru in the happiest manner in the presence of over 3000 people, representing all denominations. An address was presented to His Excellency Sbarretti, the apostolic delegate, by Secretary W. J. Moth on behalf of St. Jerome's Alumni, which was suitably acknowledged.

The institution and campus and St. Mary's Church were beautifully decorated.

In the evening there was a procession, in which all the local Roman Catholic societies took part. Headed by the 29th Regiment Band, march was made to St. Mary's Church, where services were conducted by Rev. F. Lehmann of Mildmay, following which the monument, standing in the centre of the campus, was unveiled by Rev. Father Kasprzyk of Chicago. A memorial oration was delivered by Rev. Father Mahony of Hamilton. Among those present were Hon. Adam Beck, Hon. Dr. Reaume and Senator Coffee.

BY-ELECTION IN LONDON EXPECTED IN SEPTEMBER.

R. L. Borden Thinks Writ Will Not Long Be Delayed—The Bourassa Incident.

R. L. Borden, K.C., M.P., leader of the Dominion opposition, spent yesterday in Toronto as the guest of A. E. Kemp, M.P., and returned last night to Ottawa.

He is quite pleased with the political outlook and believes that the Bourassa incident may have far-reaching consequences for the Liberal party in Quebec.

Asked about the by-elections in St. John and London, he said: "While I have no intimation from the government as to when the writs will issue, I have reason to believe that they will not be long delayed. I would not be surprised if these elections were held quite early in September."

WILL COST \$121,000 FOR LIGHTING PLANT

Figures Supplied City of Hamilton by Engineer of Hydro-Electric Company.

HAMILTON, Aug. 8.—To install a municipal lighting plant when the Cataract Power Company's contract for supplying the city with lamps expires in July, 1909, would cost over \$121,000 according to an estimate supplied by T. W. Sothman, chief engineer of the Hydro-Electric Commission.

The expenditure indicated above includes that for over 45 miles of pole line construction, which would be available for power and lighting distribution. If one-half of this pole construction were charged to power, the lighting service the cost of arc lighting would be reduced by \$4.75 per year per lamp.

The equipment suggested is believed to be the best that could possibly be procured and is calculated to give the cheapest service consistent with high efficiency and reliability. The lamps are long burning, luminous arcs, giving an effective illumination at least one-third greater than the present 480 Watt A.C. lamp.

It is intended that these circuits shall be operated by switches controlled by the series of street lights. The number of arc lamps estimated on the plan would be reduced by 20 per cent. if the annual cost of pole construction were shared by a lighting and power engineer.

IRISH TENANTS BILL PASSES.

LONDON, Aug. 7.—After a long and uninteresting debate, in which the leaders of the opposition indicated their intention of amending the measure in committee, the ejected Irish tenants' bill passed its second reading in the house of lords.

A dramatic incident of the debate followed the appearance of Lord Clarendon, the most hated landlord in Ireland. With bent and shrunken frame, outstretched shrivelled fingers and in a voice now shrill, now husky with passion, he denounced the bill in unflinching terms as the "apotheosis of robbery."

AN HONORABLE MAYOR.

KANSAS CITY, Aug. 7.—Mayor Dugan, E. Cornell of Kansas City, Kansas, has resigned because the expenses of the city are greater than the revenues. The council refuses to accept the resignation.

FIVE YEARS' HAY FEVER CURED.

Don't leave home—don't experiment—Just use Catarrhose—it cures every case as quickly as it did Thomas Eaton of Westwood, Ont., who says: "Five years I suffered from Hay Fever and had to leave this part of the country a month previous to the time of attack. Since using Catarrhose I have not been bothered. My cure is complete."

The Happy Gardener.

When you die, earth lover, Flowers shall be your cover. Braver than the purple pall, Spun to veil dead kings withal. You are weaving day by day— Beauty for the sun to slay.

Woman's Fears Justified.

Mrs. Charles Welch of 135 Devon-street, Buffalo, was the unconscious means on Monday night of vindicating the instincts of her sex, which have ever since the antediluvian invention of beds, warned them that a man would some day be found under one.

Veils and Scarves.

Very popular this season, and especially for the latter part of August, is the white lace veil of the most filmy and delicate silken tissue, but stiff and crisp, nevertheless, with a spider-web effect in the transparent pattern.

A Swimming Doll.

There is always something new in Parisian toys, they say, and certainly the German toy-makers, hitherto so world-famous, will be looking to their laurels now. The Paris Herald describes his discovery of the swimming doll:

Legally Dead.

The Scotsman prints a remarkable divorce case, in which a name no less suggestively romantic than that of Vere appears. Hope Vere, Esquire, of Blackwood and Craigie Hall, Midlothian, was divorced by his French wife, who was the decedent being given, was instantly sued for the settlement made on her of £1500 a year in case of her husband's death.

The Toronto World CHILDREN'S HUMANE LEAGUE

The following clever composition on "In the Garden" was received yesterday from Ileen Elliott, aged 13, of 19 Union-street, Toronto Junction, but who is just now summering on Jumper's Island, Stony Lake:

Any child can set in her mind the picture of a garden, surrounded with trees, and in the vacant spot a small cottage, which someone may call "home." Among the beautiful trees here and there are birds' nests, which it is a pleasure to hunt for; also to watch tiny birds learn to fly, which are taught by their kind mothers.

In the small corner we picture a bees' nest, which is fun to watch, too. One thing in this beautiful garden is the flower-beds, that always look neat, and that make a home happy, alone.

Around the garden is a green hedge, which the birds fly in and out of, singing merrily.

In one corner of a pleasant spot is a small box. Two small, true, tiny rabbits are looking out, happy. Children run back and forth to them with food.

Now, looking over the fence, we see a happy little pony, eating clover, who counts himself as merry as anything else.

Now the short story closes, with a happy mind, as everything else in the garden.

I wish to become a member of The Toronto World Humane League.

PERSONAL.

Mrs. C. M. E. Ridge, with her daughter, Miss Estelle, of Ontario-street, left today for Muskoka, where they intend spending a few weeks.

Mr. and Mrs. Wm. Macdonald announce the engagement of their daughter, Mary Alice (Minnie), to Mr. Geo. Ernest Stockwell of Los Angeles, Cal. The marriage will take place on the 8th inst. at 8:30 p.m. in St. Stephen's church.

The marriage of Edith Gertrude, youngest daughter of the late Joshua A. Bronson and Mrs. Bronson of 658 Bathurst-street to Mr. Edward Albert Spencer, D.D.S., of Brandon, was solemnized on Tuesday at the home of the bride's mother, the Rev. A. C. Miles, B.A., rector of St. Luke's church, Cremona, officiating, assisted by the Rev. L. E. Skey, M.A., rector of St. Anne's, Toronto. The wedding was very quiet owing to the recent bereavement in the bride's family.

The bride, who was given away by her brother, Mr. J. H. Bronson, was gowned in white silk gauze over white tulle and wore a long tulle veil with a coronet of orange blossoms, which was held in place by a diamond and pearl sunburst, the gift of the groom. She carried a shower bouquet of white roses and lilies of the valley.

The bridesmaid, Miss Alice Bronson, sister of the bride, was in grey silk crepe de chine, carrying pink roses. To her the groom gave an amethyst and pearl brooch and to the best man, Mr. Tom Bronson, a tie pin. After the wedding journey, Mr. and Mrs. Spencer left on the afternoon boat for a trip down the St. Lawrence to the coast returning by way of New York. The bride's going away gown was a grey tailored tweed with hat to match. The bride and groom will spend a couple of days in Toronto on their way to Brandon towards the end of the month.

Canon Drummond, brother of Mr. Charles Spencer Drummond, with his wife and her maid, has come from his home, the vicarage, Maidenhead, Berkshire, Eng., to Toronto, and is now in the city.

Aubrey White, deputy minister of lands, is spending his holiday in Port Carling, Muskoka.

W. C. Wilkinson, secretary of the board of education, has gone on a two weeks' trip to Chicoutimi, Quebec.

"PLEASE GET A LICENSE" CANADA MAKES REQUEST

U. S. Fishermen Can Get Same Privileges in St. Lawrence Gulf as Do Britishers.

WASHINGTON, Aug. 7.—The state department today received a communication from Ambassador Bryce in connection with the seizure and release last spring in the Gulf of St. Lawrence of the American fishing schooner Alert, engaged in trap net fishing.

The ambassador says that the action of the Canadian authorities in that case was taken solely with a view to the preservation of the fisheries and no question of nationality was involved. In order to prevent further friction instructions have been sent to the local authorities not to interfere with trap nets set by American fishermen in cases where a license would not be refused to a British fisherman even if the special license has not already been taken out.

The ambassador says that the Dominion government hopes that American fishermen will be requested to apply for licenses and not proceed to fish without them, inasmuch as they will be issued on the same conditions as to British fishermen.

The state department regards this outcome as most satisfactory and is gratified at the attitude of the Dominion authorities.

CAN BUILD SEA WALL.

Government Will Issue Order Granting Permission.

OTTAWA, Aug. 7.—Hon. A. B. Aylesworth, acting minister of public works who was visited today by Mayor Coatsworth and Controller Ward of Toronto today, promised that an order would be issued at once permitting the city to proceed with the building of the sea wall at Number 105. Assurance was also given that the department would take steps to have the contract for the construction of the wall immediately.

The contract for the work was let two years ago, but since then the city has been unable to proceed with the temporary work done by the city at the beach shore in the meantime.

The matter of the deepening of the western channel was again urged, and the city's representatives were assured that the report of Engineer Sibley would be acted upon as soon as possible.

TO RAISE SHAMROCK.

Ferry Company's Loss on Ferry \$6000—New Double-Enders.

Lloyd's representative, Mr. Beatty, inspected the burned island ferry Shamrock yesterday, and it is likely that a gang of men will be at work raising the hull in the course of the week. The loss of the ferry company on the steamer was \$6000. The whole fleet was in service yesterday, running to Harlan's Point and Island Park, as usual, and there was very little experienced in handling the boats. The island ferries to be built will be considerably longer than any of the present boats, and both will represent an investment of about \$100,000.

SIX NEW ENGINES.

T. & N. O. Commission Lets Contract to Canadian Locomotive Co.

At the annual meeting of the Temiskaming & Northern Ontario Railway Commission yesterday, it was decided to let a contract for six new engines to the Canadian Locomotive Company of Kingston.

The new engine will be the six-wheeled and are to be delivered during February and March, 1908.

It was also decided to let a contract for the erection of a blacksmith shop at North Bay, to cost \$6000.

More Room at High Schools. The board of education expect to have accommodation at the high schools for all the pupils offering to this fall, despite all rumors to the contrary. New rooms have been provided at Withrow and Hessew Schuchle in which are also being thoroughly renovated.

Mr. and Mrs. A. Ruggles Williams arrived home to 56 Madison-avenue on Sunday, after their extended tour in Europe.

MODERN LADY GODIVA TOO MUCH FOR CLERGY

Clerics Leave Coventry During Impersonation of a Celebrated Incident of the Long Ago.

COVENTRY, Eng., Aug. 7.—Mounted on a white palfrey and decorously clothed in masses of hair, pink fleshings and clouds of gauze, a modern Lady Godiva this morning gave a representation of the historic ride thru the city streets.

Coventry has been Lady Godiva mad for months. When a revival of the procession, last witnessed in 1887, was first mooted there were many who desired a strict adherence to tradition, even to the nudity of Lady Godiva, but the anti-nudists succeeded in effecting a compromise, and a vaudeville actress, whose specialty is to display herself in groups of living statuary, was engaged to represent the historic benefactress of Coventry. The actress, who is said to have complained that she could make half a dozen summer frocks out of the gauze she was compelled to wear, took an hour and a half to arrange her trailing hair and long draperies, and then a special committee had to approve of her costume before Lady Godiva was permitted to take her place in the pageant. One hundred thousand saw the splendid pageant on its six-mile march thru the city.

Many of the local clergy who had been preaching against the fleshings as being suggestive of nudity, left the city temporarily.

Lady Godiva, who flourished about the middle of the eleventh century, was the wife of Leofric, Earl of Chester. She was a woman of great beauty and benefactress of many churches and monasteries.

According to the legend, Lady Godiva begged her husband to relieve Coventry of a burdensome tax, and he consented to do so on the condition that she should ride naked thru the market place. This she did, covered only by her long hair, and thus won relief for the people.

According to some versions of the story, the people were commanded to keep within their houses while Lady Godiva passed and only one man, "Peeping Tom," disobeyed, and he was miraculously stricken with blindness.

TOURIST TRAFFIC INCREASES

C.N.R. Officials Report Large Number of American Visitors.

Canadian Northern officials report a big increase in the number of American tourists visiting Northern Ontario since their line has been opened up from Fanny Sound north. The Muskoka regions certainly offer great inducements to the holiday seeker. On Monday last a party from Toronto, camping at Morrison Lake, took a splendid catch of black bass at Macdonald Falls, on the Severn River. Over sixty fish were captured, and their weight aggregated one hundred and twenty-eight pounds. Extra good muskunge fishing is also reported from Blackstone and Lake Simcoe.

Prominent New York family of six desire furnished cottage or private club for one month from about Aug. 10th, back in woods and close to where there is good fishing. Wire or apply to J. D. McDonald, District Passenger Agent, G.T.R., Union Station, Toronto.

Promised a Fixed Assessment. ST. CATHARINES, Aug. 7.—(Special.)—As the Whitman & Barnes Manufacturing Company will expend \$40,000 to improve machinery and factory, and will increase its employees from 125 to 175, and the yearly pay roll from \$60,000 to \$90,000, the council has practically given assurance that the assessment on the knife factory, now \$8,000, will be fixed at \$4,000, for ten years.

Riddance of the Unheard-of Shoe

I am going to tell you of shoes you have never heard of—and yet they are shoes well known to every shoe retailer in the trade.

And I am going to tell you how and why they gained entrance into the Slater Shoe Store, at 117, Yonge-street.

A year ago, the Slater Shoe Company "dropped" the making of a \$3.50 shoe, because they knew that a really good shoe could not be made and sold at that price. Not even prison labor could produce a shoe of worthy material, which could possibly be retailed at \$3.50.

Because the Slater Shoe honestly and straightforwardly met the increased cost of leather and materials, and refused to "skimp" the shoe and "trick" the buyer, their business grew rapidly—outgrew their then capacity.

We were in a quandary—couldn't get sufficient shoes to keep our stock up—and we thought we saw a way out by buying some shoes from the best makers of ordinary shoes. We thought, too, there would be a demand for shoes at the old prices, around \$3.50.

For months these shoes have been displayed on our shelves. They are a frost. Our regular clientele look upon them with disdain, and ask us to show them the "Sign of the Slate." And there we are!

We can't sell them. We can't afford to lose ALL we paid for them. We will lose what we do lose as quickly as we can.

This is the "before" of this Riddance Sale, and we hope that these real bargain prices will soon record an "after." But it's "never again" for us. In the future we hold fast by the Seal of Certainty—the shoe of standard, inflexible price—the shoe which gives every man and woman a fair deal.

Can we interest you to-morrow with these Riddance Prices?

COAL CAUSED RUIN ENGINEERS DECLARE

Grate Bars Had to Be Replaced—Plaintiffs' Case Will End To-Day.

SYDNEY, N.S., Aug. 7.—(Special.)—The Dominion Steel Company have practically finished their side of the case, and it is thought that to-morrow the Coal Company will begin to put in their testimony. The Steel people will then likely have some evidence in rebuttal. The Coal Company will call a large number of witnesses.

The evidence this afternoon was mainly going to show that No. 6 coal was totally unfit for steam purposes. A number of the Steel Company engineers swore that the coal was hard on the grate bars of the engine and also that steam could not be kept up. It also made the tubes leak and caused clinkers to form in the fire box.

One man swore that after using the No. 6 coal for one day it was necessary to put in one hundred new bars. The evidence now in goes to prove that No. 6 coal could not be used for steel making, or for use in engines or steamers.

C. C. Morris stated that the S. S. Trafalgar and S. S. Hergesheim, which he claimed were bunkered with coal from No. 6, had their bars badly burnt, and also claimed that no one in the steel plant wanted to touch that coal for any purpose.

Several tilts took place between counsel over the admissibility of evidence, and in nearly every case the judge ruled that it was necessary to have everything possible that would help in deciding the issues.

The judge on several occasions good-naturedly told counsel for the defence that if he persisted in going into cross-examination so much in detail the court would be sitting when the Angel Gabriel blew his trumpet.

There is a great deal of discussion going on as to the method of defence that will be adopted by the Coal Company.

Turkish Invasion of Persia.

TEHRAN, Persia, Aug. 7.—Turkish troops which recently crossed the northwest frontier of Persia, are marching on Grumlah, burning and devastating villages along their route. The Christian Village of Mewan is reported to have been shelled and ninety persons, including many women and children, are said to have been killed.

The government is consulting with the foreign representatives regarding the Turkish invasion.

Will Lower Percentage.

There is hope for some of the candidates who wrote on their recent matriculation examinations, and who expect to be plucked on the senior physical science and algebra papers. It is stated by officials of the department that the regulations provide that special allowance be made where students are set too great a task, and it is expected that the percentage will be lowered in these subjects.

No Complaints.

Eudo Saunders, chief of the license branch of the Ontario Government, states that no complaints have been received concerning the existence of morgues or lock rooms at Haldimand, into which drunks are thrust after having come under the influence of drugged whiskey. Any complaints of such places will be promptly investigated by the department, he says.

CONFERENCE ENDS.

Engineers Will Make Plans of Winnipeg Union Station.

The conference between the officials of the Grand Trunk and Canadian Northern railways, relative to the building of a new Union Station at Winnipeg, terminated yesterday.

The engineers of the companies are to be instructed to prepare plans for the new building. These will be submitted to another meeting of the conference, which will be held either at Montreal or Toronto within a couple of weeks. Matters will then be finalized and all arrangements made for building.

Present C. M. Hays of the G.T.R. General Manager F. W. Moore of the Grand Trunk Pacific, who attended the conference, went east by the nine o'clock train last night.

WANT INSPECTOR RETIRED.

Education Officials May Get Rid of Mr. Kidd.

A despatch from Kingston states that Superintendent of Education Seath has suggested the retirement of Inspector Kidd of the public schools. A blaze was discovered in a tailor shop on the top floor of the building and quickly extinguished by chemical. The damage was about \$20.

P. S. Reeves and P. C. Nelson smelled the smoke at Wellington and Church-streets before the alarm was turned in and were coming west in search of the blaze when John, who was busy with his boat, saw the flames in the fifth story window and rang the box.

MET FOR THE FIRST TIME.

Parkdale Girl Takes Prize.

Roller skating enthusiasts gathered at Scarborough Beach to witness the skating contest between fifty young ladies for the prize offered by the Rev. Dr. McLaughlin. The honors were carried off by Miss Claudia Eckart, a Parkdale skater, whose ability easily placed her at the head of the half hundred entries in the class. The schedule of roller skating trials calls for a contest for not more than \$100,000, a Toronto repetition of the ladies' singles on Saturday afternoon, Aug. 16. The prizes offered at these trials include season tickets for the park and the roller rink.

Crigan's Body Found.

The body of Robert Crigan, who was drowned in the Muskoka lakes, was recovered at Port Carleton on Monday, was recovered at 8.30 yesterday morning by persons on board Rev. Elmore Harris' launch Liano. It will be brought to Toronto on the Muskoka express, arriving about 1.30 this afternoon, and will be taken to the family residence at 88 Church-street, whence the funeral will take place on Friday afternoon, in the absence from the city of Rev. Dr. Neill of Westminster Presbyterian Church. Rev. Dr. McTavish of Central Presbyterian Church will officiate.

COBALT "LOCAL" DERAILED.

Tender Swung Engine Off the Track—No One Hurt.

COBALT, Aug. 7.—(Special.)—Engine No. 105 of the T. and N. O. Railway, with the tender, was derailed this morning on the first curve south of Gilles depot.

The train, which is the 8.30 Cobalt local, was going south, and the derailed engine was due to the engine running with her tender in front, and was too light to hold the rails when turning the sharp curve at a high rate of speed. No one was hurt, but both engine and tender were rather badly damaged, the trucks of the tender being derailed.

The track for 40 yards was so badly torn up that a temporary switch had to be constructed to allow the thru trains to pass. The morning trains were delayed a couple of hours.

ARMAMENTS KEEP THE PACE

Admiral Beresford Says That to Disarm Would Mean War.

LIVERPOOL, Aug. 7.—The British channel fleet, consisting of 17 battleships and cruisers, commanded by Admiral Lord Charles Beresford, have arrived to participate in the celebration of the septenary of the foundation of Liverpool.

Replying to an address of the mayor and corporation, Admiral Beresford, referring to the proposed sale or reduction of armaments, said he sympathized with the ideals of the peace society, but if armaments were reduced absolutely certain that this country would soon be involved in war.

Implementations of war were deplorable, but he kept peace, and the British fleet should be so strong that anybody who attempted to be immediately annihilated.

POLICE ASKED FOR DOLLAR.

Witness Alleges Officer Tried to Extort Money.

The police commission will investigate the statement of Edward Jamieson, who was a witness in a case in the afternoon police court yesterday, to the effect that P.C. Rowland (204) attempted to extort money from Frank Pledger, who was charged with driving over the sidewalk on College-street, near Concord-street.

Pledger's counsel questioned Rowland: "Did you ask him for a dollar?"

Rowland replied: "When he asked me to let him go, I said I guessed it would cost him a dollar this time."

Pledger gave the same version of the affair in the box, but Edward Jamieson, who was on the rig, had another story.
