SECRETARY LANSING RESIGNS AFTER BREAK WITH WILSON

Interests Organize to Kill St. Lawrence Deep Waterways Scheme

BITTER FIGHT TO BE STAGED OVER PROPOSED DEVELOPMENT OF THE ST. LAWRENCE RIVER

New York State, Montreal, Big Eastern Railways and Coal Companies Will Oppose—Northwestern States and Provinces and Cities and Shipping Interests Favor the Project—Commission Decides to Draft Treaty.

New York, Feb. 13.—A stubborn fight between great opposing interests, involving a score of states, municipalities and railroad and mining corporations, is promised before the international joint commission on waterways, over the proposed development of the St. Lawrence between Montreal and Lake Ontario. It was learned when the commission adjourned its sessions here tonight, it will meet again March 1, in Buffalo, for its first public hearing on the project.

The principals in the campaign to procure St. Lawrence development are the prairie provinces of Canada, 14 northwestern states and several Canadian cities and ports and shipping interests on the Great Lakes.

Opposed to them will be the state of New York, the city of Montreal, eastern railroads of the United States and the coal interests which are now selling Canada most of its fuel.

Proposed development of the St. Lawrence includes widening the connecting link in the chain of deep-water transportation from the Great Lakes to the Atlantic, and utilizing approximately 2,000,000 horsepower of water in the hundreds of millions of dollars.

Opposition to the development of the St. Lawrence as a deep waterway from the Great Lakes to the sea is expected from the state of New York, possibly thru Chairman Clinton of the state barge conference, which is scheduled to close Wednesday at a meeting in Albany next Wednesday, and Superintendent Wetherston of the state barge commission.

The big Pullman and freight from Chicago, Detroit and Buffalo to the seaboard—including the New York Central Lines and the Pennsylvania System—are looked for in the opposition to the deepening of the St. Lawrence between Montreal and Lake Ontario.

The principal argument of the foes of development will be that the business resulting from it will not justify the expense, and that the project is already organized to battle for the proposed development to link the Great Lakes with the sea are 14 western and northwestern states allied in the newly-formed Great Lakes-St. Lawrence Tidewater Association. They are: Indiana, Ohio, Illinois, Wisconsin, Minnesota, Michigan, North and South Dakota, Wyoming, Idaho, Montana, Colorado, Iowa and Nebraska.

The commission decided today to draft a treaty for adoption by the United States and Canada, giving it the executive power to ask for and spend money appropriations to enforce its recommendations of last year to insure against the pollution of international waters, particularly at Detroit and Buffalo.

EDDY'S Paper Specialties

HERE, THERE AND EVERYWHERE BY IDA L. WEBSTER. The millennium must be at hand, because Assessment Commissioner Forman has not been publicly 'bawled out' for three whole days...

Property Commissioner Chisholm is a good-hearted soul in more ways than one. For instance, he is as tickled as Punch because the roll-call at the jail farm and the Mercers Reformatory show that the women who are coming within the grasp of the law are getting about as scarce as hens' teeth.

The Rosedale entry 'Stadium' was evidently in the hands of her owner, because she was not given her usual center before the committee which sat yesterday. Probably the old nag's jockeys feared the harsh look of our friend, Rolly Harris.

If Thomas Langton Church keeps on nagging at the folks in the parliamentary buildings in regard to the street Robert Fleming, surely, will yank off the three Avenue Road cars he now has on the line. In all seriousness we ask you, Thomas, to lay off that man for a few weeks.

Now, the next big question for Commissioner Harris to be worried about is when he is going to get busy on the Tpralay street extension? Attorney-General Raney is said to be a bit perturbed because some people have spread news that he is narrow-minded. That certainly is tough, but he should hear what a few smart ones have called us. Some day we might get together and exchange gossip.

It was stated that an order for the examination of a major was taken out last October and adjourned several times at the request of the plaintiff's solicitor, and was finally dropped. It was stated that the allegations were just plain lies.

WORLD AND YOUNG BOTH TO APPEAL

Paper Claims Jury Misdirected in Alleged Libel Action.

Notices of appeal were entered yesterday at Osgoode Hall by both The World Newspaper Publishing Co. and Detective George Young, against the judgment given by the late Sir Glenholme Falconbridge. The judgment awarded Mr. Young, a member of the Toronto police force, \$100 damages for libel against the newspaper and dismissed the action against Mrs. Ida L. George, who wrote the article containing which there was a complaint.

The learned judge erred in not directing the jury to ascertain the truth or the falsity of the statements, instead of directing that the company should come under the general war measure of the distributing committee, reported that the families of 24 soldiers had been cared for during the winter and 500 articles of clothing distributed.

RANEY REPEATS CHARGE OF BIGOTRY

At Mount Forest Meeting, Uses Cudgels on Race-Track Gambling.

AUDIENCE WITH HIM

Mount Forest, Ont., Feb. 13.—(Special.)—For good or ill on this Friday the thirteenth, Attorney-General Raney here tonight took up the cudgels against race-track gambling, declaring himself against the charge of bigotry or crank motives.

Mr. Raney impeached the carnival of race-track gambling on the courses of the Ontario Jockey Club and the Windsor Jockey Club during the last year. He said he did not wish to call it graft or any other hard name, but he was bound to give the public the facts when he found himself attacked as a bigot.

"I am in favor of enforcing the law," said Mr. Raney, "whether the party be a silk-hatted, frock-coated gentleman occupying a prominent position in connection with the government of the province or a poor Chinaman playing fan-tan in his back room."

The Ontario and Windsor Jockey Clubs alone had made profits of \$1,140,000 in three years, while there are nine of these jockey clubs in the province.

Quoting extensively from the evidence given before Dr. Rutherford's committee, he said that, although dozens of millions of dollars probably had been made by the betting association in the past few years, the thoroughbred sires in Ontario had steadily declined.

"I, as attorney-general of the province," he said, "would enforce the law for Liberty Leaguers just as fairly as for any others, and this question, however, which may have been raised by the Carruthers letter, is one between the proprietors of these race tracks and the people of Ontario. To me it seems a national humiliation and a scandal that the state of New York, having outlawed this kind of thing, Canada should permit at Fort Erie a betting place for the demoralization of the people of Buffalo. It is not interesting to me to play."

Like a resident.

"If I become the representative of the East Wellington, I shall be very respectful in just the same respect as if I were a resident amongst you. I am not looking for an election contest. We are close to a session and we are all inexperienced. I am the only lawyer in the cabinet and the responsibilities devolving upon me are proportionately greater. If there be any real reason for a contest we, of course, must face it. Answering the published opinion of Mr. Hellmuth that he, Mr. Raney, is an advocate of everything in the nature of the attorney-general said: "Mr. Hellmuth cites no fact in support of his statement. The matters that he refers to are no doubt the honor legislation of Ontario, and my connection with an attempt to put the race track betting houses of Canada on the same footing as other betting houses not on race tracks. As an attorney-general in his public capacity treated an enemy differently from a friend he would be unworthy to fill his high office."

Found Raney Human Man.

The chairman of the meeting, I. W. Ghent, said he had found Mr. Raney a very human man and in his opinion the U.F.O. of East Wellington will do their utmost to elect Mr. Raney.

Premier Drury, who got a splendid reception, said that being premier of Ontario, he could not now take part in prohibition propaganda.

A deliberate campaign appeared to have been undertaken against Mr. Raney with the slogan, "He Can't Be Elected."

"The Other Lady."

Some good people see a serious blow to the British Labor party in the defeat of its candidate at Ashton-under-Lyme. Perhaps the true explanation of the Coalition holding a seat in an industrial town is "cherchez la femme."

The lady in the case is Lady de Frece, which tells nothing to those who know neither the new M.P. nor his wife. But who has not heard of Vesta Tilley of "the halls"? Lady de Frece is "Vesta Tilley." The grave Morning Post, recording her advent to help her candidate, said she "chattered merrily" with the men and women round the town.

For showing her round the town and you don't wonder that she could get votes—chattering merrily for the coalition.

Tho it may not be said that Sir Walter de Frece will be the member for Vesta Tilley, the Ashton election has shown afresh that the women politicians are coming on apace.

Turning from the other lady to other figures on the gross vote of the Coalition, which had a majority of 2928 fourteen months ago, is now in a minority of 2974.

The announcement that Sir Robert Borden will sail next Monday for Canada relieves for a time the tension at Ottawa. The premier is evidently going to meet the house at the opening of the session. GEO. H. GOODERHAM FAVORS STADIUM

Considers Rosedale Ground Should Be Utilized for Purpose Willed.

The World's comments on the attitude of certain controllers and aldermen in treating the pledged word of the city's chief magistrate in the Rosedale athletic grounds question as a "scrap of paper" of the worst Prussian type, has caused much favorable comment in circles concerned in the matter.

George H. Gooderham, who is interested in all outdoor amateur sports and who, in addition, knows all about the Rosedale matter, was seen by The World yesterday. Mr. Gooderham was disinclined to talk at first, as he did not want to mix himself up in city hall disputes. It was explained to him that his views would be of interest to the public, and he was induced to express a few personal ideas on the subject. He left off by stating that he was of the opinion that the Rosedale grounds should be kept for the purpose for which they were originally intended or should be handed back to the trustees and let them deal with the property. Mr. Gooderham was decidedly against making the property into a private athletic field for a favored few. He thought the field should be kept for the purpose for which it was originally intended—for good, clean amateur athletics, and that there should be built on the property a grand stand or stadium similar to the one on the University of Toronto grounds. According to Mr. Gooderham's ideas, it was never the intention of the donor of the ground that a club-house should be built on it, or any such sports.

Those who patronize such sports as the "hobby," said Mr. Gooderham, "can find ample accommodation elsewhere."

"The Rosedale grounds were handed over to the city on the understanding that they should be utilized as an athletic field, and the idea of those who have since taken over was that such games as lacrosse, cricket, football, etc., were to be encouraged. The proposal to put such other sports as I have named on the field is, in my opinion, entirely aside from the original intention."

WILLS AND BEQUESTS.

Two sisters will share equally in the estate valued at \$702 of their brother, Joseph Hawkes, who was drowned in Lake Ontario when the steamer Homer Warren went down last October. Deceased made his will before going overseas with the 166th Battalion.

The will by which Mrs. Mary Ann Moorcraft disposed of her property is being contested in the supreme court, and the Imperial Trust Co. has been nominated to care for the estate in the meantime. Mrs. Moorcraft, sole beneficiary and executrix, died last February before she had time to realize on the estate of her mother, Mrs. Sarah Harrison, who died, leaving her mortgages and property to the value of \$16,607.

The \$1,218 due under an agreement of sale which makes up the estate of Mrs. Anne Parke, a widow who died leaving no will, will be divided equally between her children, Mrs. George Tuckberry, Toronto; Susan Carline and Amelia Ireland, Vancouver, and John F. Parke, Cleveland.

PILOTS COMPIL PICTORIAL HISTORY OF WAR PERSONNEL

Air Force Album Will Con-
tain Brief Personal Sketch
of Members.

A PERMANENT RECORD

With a view to the establishment of a permanent record, ex-members of the Air Force are now compiling a pictorial history of the Royal Air Force, Canada. This book will contain photographs of ex-officers, cadets and air mechanics of the Air Force, together with a brief personal history of each, and will be sent to all those whose pictures are placed therein.

In view of the fact that the great war is steadily passing into history, it is felt that an Air Force album, properly compiled, giving a personal touch, will not only be appreciated by those directly interested, but will also be of great assistance to them, as such information becomes harder to gather as time passes. It is therefore proposed to send a copy of this album to the leading newspapers, of England and North America. A record of this kind will be examined in years to be by your children's children, and to those who served in the force it will be a pleasure to look at the familiar faces of members of the old R.A.F., Canada.

Everyone Represented.
Permission was granted by Canadian headquarters, and the official list of all those who served in the R.A.F., Canada, was copied. It is hoped that the whole personnel of the Dominion Force will be represented in this list.

Each living ex-member will be communicated with, and the plan explained, while in the case of deceased members the next of kin will be notified.

All information for the Air Force Album will be sent in voluntarily, together with a photograph of the member and a cheque for \$10, which will be made payable to the Canada Permanent Trust Company, trustee for the Air Force Album. This cheque will be held in trust for the subscribers by the Canada Permanent Trust Company until the shipment of the album is actually made. In the event of non-publication, the cheque will be returned to the subscriber.

The price for a full page is \$27, and for a half page is \$15. Whether a full or a half page is desired by the ex-member, the sum of \$10 only must be sent to the above trust company, and the remainder be remitted after receipt of book.

Plane Used for Advertising.
The captured Hun plane which was used in the Victory Loan and the Navy League campaigns is now being employed by the Air Force Album as a strong advertising medium to announce the publication of this pictorial history of the R.A.F., Canada.

Under the management of L. E. Wheeler-Reid, work on the volume commenced five months ago, and favorable progress has been made since that time. Mr. Wheeler-Reid will be remembered by many officers and cadets as originator and publisher of The Cadet Wing Review, of which as many as seven thousand copies per issue were often sold. This magazine was published at Long Beach, Ontario, and was very popular among all Air Force men. It was extensively and successfully employed by the government for recruiting purposes.

**KOLCHAK EXECUTED
AFTER COURT-MARTIAL**

Vladivostok, Feb. 13.—Admiral Kolchak and Premier Peleliayev of the old Kolchak cabinet were executed by the Bolsheviks at Irkutsk, February 7, after being sentenced to death by court-martial on the day before according to official information received today by the local Czech staff.

**Four-Year-Old Boy Dies
As Result of Horse Kick**

Kingston, Feb. 13.—(Special.)—The four-year-old son of Wellington Benn of the village of Yarker met death today as a result of being kicked on the head by a horse. The youngster was out in the barn yard when one of the horses ran close to him and kicked him on the head, causing instant death. A call was given for a doctor and when he arrived he found the mother sitting on the floor holding her dead child in one arm and an eight-months-old baby in the other. Mrs. Benn was formerly Miss Lily Scott, a school teacher of this city.

**Expect That Meighen at Winnipeg
Will Say Something About Tariff**

Ottawa, Feb. 13.—Hon. Arthur Meighen, minister of the interior, will address the Winnipeg board of trade members on February 18. While no subject is announced, it is expected he will have something to say on tariff matters, particularly in view of the stand taken by Hon. T. A. Crerar in several addresses recently.

2,000 ARMENIANS MASSACRED.

London, Feb. 13.—The Armenian national delegation here states that it has received a message from Constantinople saying that during the recent attacks by nationalist forces on Marash and Aintab, in Asia Minor, about 2,000 Armenian civilians were murdered in cold blood.

Pointe St. Pierre, P. Q.
"I think it my duty to tell you how much your medicine has done for me. I suffered for three years with terrible Eczema. I consulted several doctors and they did not do me any good.

Then, I used one box of 'Sootha-Salva' and two boxes of 'Fruit-a-tives' and my hands are now clear. The pain is gone and there has been no return. I think it is a marvellous cure because no other medicine did me any good and I tried all the remedies I ever heard of, without benefit until I used 'Sootha-Salva' and 'Fruit-a-tives.'

'Fruit-a-tives' cooled the blood and removed the cause of the disease, and 'Sootha-Salva' completed the cure."

COALITIONIST VICTOR BY NARROW MAJORITY

London, Feb. 13.—In the by-election for Ashton-Under-Lyne constituency to fill the seat made vacant in the house of commons by the elevation of Sir Albert Stanley to the peerage, the Coalition-Unionist adherents won a victory by a comparatively narrow majority. Sir Walter Duff, the candidate of this party, polled 8,864 votes, while W. C. Robinson, Laborite, received 8,327, Sir Arthur Marshall, Liberal, ran third, having received 3,511.

Famous Players to Build Theatre in Sault Ste. Marie

Sault Ste. Marie, Ont., Feb. 13.—(Special.)—Announcement is made of the purchase of a large property fronting on North Queen street by the Famous Players Canadian Corporation for the purpose of erecting a handsome new theatre, which will be in the neighborhood of \$200,000. The transaction was handled through Mr. T. J. Wilson, who arranged the deal between the Toronto concern and Mr. Franz, the former owner. The theatre will have a seating capacity of about 2,000, and will be of the most modern construction. The closing of the deal means the coming of the largest theatre company in Canada. The location, between Brock and East streets, is admirable, and splendidly suited for theatre purposes.

Appoint Capt. E. J. Evans Senior Trade Commissioner

Montreal, Feb. 13.—Capt. E. J. Evans is now appointed to act as the senior British trade commissioner in Canada, with headquarters at Montreal, vice Mr. T. Milne, O.B.E. who has been appointed commercial secretary to the British legation in Cuba.

Flu in Montreal Now Epidemic, But M.O.H. is Not Alarmed

Montreal, Feb. 13.—Altho the influenza is now considered to be an epidemic there is absolutely no cause for alarm, according to Dr. Boucher, chief of the health department, who said this morning. "I think the country is in for an epidemic, but whether as bad as the last or not I cannot say. It would at least appear to be of quite a severe nature. I think that is about as fair a statement as I can make." This morning only 96 cases were reported as against 176 at an earlier hour yesterday.

Find Mrs. G. Constant, Montreal, Was Not a Victim of Foul Play

Montreal, Feb. 13.—Mrs. G. Constant, whose dead body was found in a St. Lawrence boulevard rooming house, and who the police thought might have been a victim of foul play, was today reported by Dr. McPartland, city autopsy, to a coroner's jury to have died of the influenza. A verdict of death by natural causes was accordingly brought in.

France Denies the Story Of Alliance With Serbia

Paris, Feb. 13.—Formal denial of the accounts emanating from newspapers in Rome of alleged negotiations between the Serbian and French governments on the subject of a military alliance was made by the French cabinet today. After a meeting of the ministers, presided over by M. L'hopiteau, the minister of justice, in the absence of Premier Millerand, the following official note was issued: "The documents published in certain Italian newspapers concerning a pretended military alliance between France and Jugoslavia are forgeries. No negotiation for such an agreement has been engaged in."

ESTABLISH SOLDIERS' HOME.

Halifax, Feb. 13.—It was announced at a meeting of the Army and Navy Veterans' Association, Halifax branch, last night, that steps were being taken by the association to establish a home for aged soldiers and sailors in Nova Scotia.

LEADER THREATENS BRITISH WARSHIPS

Bolshevik Commander at
Odessa Says They Must
Leave in Three Days.

Constantinople, Feb. 13.—General Dvoretch, the twenty-eight-year-old Bolshevik commander at Odessa, has threatened that he will open fire on the British warships there within three days if they remain in the harbor, according to a message received here from Rear-Admiral N. A. McCully, commanding the United States naval forces operating in Russian waters.

The message was sent after the American officer had conferred with Gen. Dvoretch, who expressed surprise that the British warships had fired on his troops.

The defence of Odessa is declared to have been farcical. Witnesses of the Bolshevik occupation are unable to tell whether many outside troops entered the city, but apparently its capture was affected by general sniping and the massing of a few troops in the northern section of the city, the latter being mistaken by the disorganized volunteers for a large party.

MONTREAL AND TORONTO DIFFER

(Continued From Page 1).
doctrine that a great railway management can afford to be aloof from and superior to the public. The Beatty speeches in Toronto and Winnipeg are remarkably significant of that, and, of course, they have had considerable effect here.

One may later say something more about Mr. Beatty's deliverance in the west. At present, one of its possible bearings on the politico-transportation situation is worth some notice.

Mr. Beatty is concerned about the effect on the C.P.R. of the nationalization of the Grand Trunk, which will place the C. P. R. in the second place as a Canadian railway system, and particularly about Mr. Hanna's persistent public championship of public ownership. Back of the question of efficient competition, in which the C. N. R. will have the increasing advantage of carrying the persons and goods of its eight million proprietors, is the factor of financial expansion, which underlies any expansion of the Montreal disposition to the Grand Trunk deal. An illuminating sentence from Mr. Beatty's Winnipeg speech was pointed out today by a close student of railroad conditions, who is also close to the governmental trend in these matters.

Speaking of the Beatty said, "It is not likely that much capital would be attracted to new railway enterprise for the rewards which such investments might bring."

The capital actually invested in the Canadian-Northern and Grand Trunk Pacific was put up by the investing public, who were thankful to accept a relatively low rate of interest, because there were public guarantees behind the investment. That class of investor—the only real investor who invests because the government backed the road, won't be scared to invest, because the government owns the road. It is not the actual investors who are concerned by nationalization, but those who handle the investors thru the stock exchange. The Montreal holler against the Grand Trunk deal, coming from the state and financial bulwarks of the state and their friends and echoes. You can't give the investor better security than the government, which is all the producing tolls to the land. When the Dominion of Canada guarantees securities of the old Grand Trunk, and itself runs the railway, there will be no more excuse for rises and falls of market prices, according to the inspirations of those who profess to speak for capital which they manipulate but do not touch.

Senator McLennan's Count.

Members of the government are very close-mouthed about the reasons for the Grand Trunk meeting not being held until February 19, when the legislation which necessitates the meeting was passed early in November, and every intervening day has added to the losses incurred by the railway, and has postponed the economic that can be made immediately by coordinating G. T. and C. N. services. But it is not fetching possibilities from too far to discern an association between the influences causing the delay and the influences that caused Senator McLennan to launch the scheme for a new national party. The infant was blessed at its birth by The Montreal Gazette, which, if it does not speak for the C.P.R., has never been known to say anything that could be disagreeable to the C.P.R., politically or economically.

Apprehensive of High Finance.

Whereon a sidelight is thrown by the remark of The Ottawa Journal about the new national party. The Gazette and its friends, says The Journal, "want a cabinet of Simon-pure Tories, warranted to go the limit in the cause of high protection and high finance."

In fidelity The Ottawa Journal is to the government what The Montreal Gazette is to the C.P.R. And when it wants to signify high finance it is communicating the tremors of the East Block. And the new party is ushered by Senator McLennan, and godfathered by The Gazette, which is directed by Senator Smeaton White. Senator McLennan and Senator Smeaton White led the fight in the senate against Grand Trunk nationalization. They faithfully represented the Montreal hostility to public ownership, the cabinet and its supporters in both houses reflected what may be called the Toronto disposition towards national control of national utilities.

In this vitality of national policy

there are vast and increasing differences between the two cities and the commercial forces within them, as we shall see, especially with regard to the railway revolution that has occurred.

Over Quarter Million Loss In Fire at Woodstock, N.B.

Fredericton, N. B., Feb. 13.—The Hayden-Gibson theatre block on the main street of the town of Woodstock, N. B., was destroyed by fire, which broke out about 3 o'clock this morning, and threatened to wipe out the entire business section of the town. Estimates of the damage run from \$100,000 to \$150,000.

The Hayden-Gibson theatre is a total loss, and the Gibson Tailoring Company, Limited; Stevens Bros. druggists; T. Bradley, fruiter, and Depts' Bakery were among the firms which were burned out. It is understood that the losses are largely covered by insurance.

During the progress of the fire three firemen were caught by a falling wall and injured, one of them, F. Niles, seriously.

We are firm believers in the maxim that for all great judgment for any man or thing it is useful, nay essential, to see his good qualities before pronouncing judgment on his bad—Carlyle.

Ford

WE ARE Ford Dealers in this district and have formed an estimate of the number of cars we will require to meet the needs of this territory. We cannot get enough cars to fill that estimate because there are not enough cars being made to fill all dealers' estimates throughout Canada.

The number of cars we can get depends upon the number of orders we send in and the early date at which we send them in, as the Ford Shipping Department follows the principle, "First Come, First Served."

Cars ordered now will not be delivered until March, and deliveries will be uncertain throughout the year. If you do not want to wait for summer or autumn delivery, come in and reserve your car by signing an order today.

JOB TOO STRENUOUS.
Cairo, Egypt, Feb. 13.—Ismail Sirry Pasha, minister of public works, has resigned his portfolio. An attempt was made January 28 to assassinate him when a man, impersonating a photographer, threw a bomb at his motor car. The car was shattered, but the minister was not hurt.

An Appeal to all Telephone Users

The "FLU" has caused a serious shortage in our operating force.

At the same time the volume of telephone calls has greatly increased.

Will you please keep this in mind, and use your telephone only when absolutely necessary?

You will thus be helping to keep the service equal to the urgent needs of the community in the present emergency.

Two Brothers in Waterloo Are Victims of Influenza

Waterloo, Ont., Feb. 12.—(Special).—Influenza reaped a double toll in the home of James Rafferty here. Barclay Rafferty, aged 27, passed away this morning after brief illness, while his brother, Thomas, died last Friday of the same disease. Besides his parents he is survived by one brother and one sister. Two other "flu" victims passed away today in the persons of Mrs. Henry Peterson, aged 59, and James Stewart, aged 31. Mr. Stewart was from in Chesley and was the son of Dr. Stewart.

LEAD SPIRITED RISE

Friday, the Thirteenth, Does Not Provide Dismal Doings in Wall Street.

STRONGEST AT CLOSE

New York, Feb. 13.—Stocks were subjected to additional price impairment in the first half of today's very unsettled dealings, but rallied spiritedly later when unusual losses ensued to six per cent, and average exchange displayed increased firmness. Generally assumed that the further break of the morning resulted primarily from selling orders received in large volume from out of town over the holiday. Offerings of this character were more obvious than at any recent period and proceeded from greater apprehension respecting the attitude of the railway brookholders.

The rally was led by and assumed most substantial proportions in oils and shippings, where extreme gains of 3 to 10 points were made. Steel, equipments and motors also made up the greater part, if not all, of the losses, the extent of their rebound ranging from two to twelve points.

Best quotations were recorded in the first half of the day, when a large amount of temporary settlement of differences between the railway workers and the government.

Aside from this superficial factor, however, there were indications when prices were receding of support of a substantial character. This manifested itself particularly in the case of steel, equipments and motors, those issues reflecting an over-sold condition.

General Motors and Crucible Steel, the former regaining its 9 1/2 point loss and an additional 2 1/2 points, while Crucible retrieved all of its 11 point decline. Sales amounted to 1,275,000 shares.

Rapid Transit five were the feature of the bond market, rising 4 points. The general bond list was moderate, international hardening with moderate recession in Liberty issues. Sales (par value) aggregated \$15,475,000. Old United States bonds were unchanged on call.

GROWERS OF CORN ARE HOLDING BACK

Their Attitude Gives Upward Swing to Prices in the Chicago Market.

Chicago, Feb. 13.—Corn developed fresh strength today largely as a result of farmers' persistent refusal to sell. The market closed nervous 1 1/2 to 2 1/2 net over yesterday. Corn—Anyone who was looking for action in the grain markets has no complaint to make, as offerings has again been a feature of the market, and it has been the factor that has had such an important bearing in causing prices to advance more rapidly. The persistent demand also discloses the fact that the recent decline developed a heavily over-sold condition of the market. Economic conditions, however, are not favorable, but so long as there is insufficient pressure of cash grain from the interior, bears will have hard slidding.

ON CHICAGO MARKET

Hughes, Harcourt & Co., 307 Royal Bank building, received the following wire at the close of the Chicago market yesterday: Corn—Anyone who was looking for action in the grain markets has no complaint to make, as offerings has again been a feature of the market, and it has been the factor that has had such an important bearing in causing prices to advance more rapidly. The persistent demand also discloses the fact that the recent decline developed a heavily over-sold condition of the market. Economic conditions, however, are not favorable, but so long as there is insufficient pressure of cash grain from the interior, bears will have hard slidding.

EAST BUFFALO LIVE STOCK.

East Buffalo, N.Y., Feb. 13.—Cattle—Receipts 500; heavy stock; butchers slow. Calves—Receipts 1,200; \$1 higher; \$6 to \$22. Hogs—Receipts 4,000; heavy, steady; light, 15c to 25c lower; heavy, \$15.50 to \$16.75; light, \$17.25 to \$18.50; yorkers and pigs, \$17; roughs, \$13.75 to \$14; staggers, \$10.50.

WINNIPEG CATTLE RECEIPTS.

Winnipeg, Feb. 13.—(Dominion live stock branch)—Receipts, cattle, 284, from, 564; sheep, 122.

The market was generally steady at yesterday's close. Most classes and grades of cattle moved slowly, with little demand for butcher cattle of good quality.

SPECIAL SERVICES in Sarnia For Late Judge MacWatt

Sarnia, Feb. 13.—Citizens of Sarnia in all walks of life attended the public service to be held in St. Andrew's Church, when the pastor, Rev. J. J. Peterson, preached the funeral service prior to the departure of the remains of the late Judge D. F. MacWatt for interment at Barrie Union Cemetery on Saturday. Members of the city Bar Association acted as pall-bearers, and following the arrival of a special train from Toronto, a service will be held at the grave.

PORT COLBORNE—ARTHUR LEGAULT OF ST. THOMAS, QUE., working for the Dominion Hoisting Co. on the reconstruction work at the government elevator here, fell into one of the bins yesterday afternoon and died in an hour from his injuries.

Money and Exchange

CHICAGO MARKETS.

J. B. Bickell & Co., Standard Bank building, report the following prices on the Chicago board of trade:

Table with columns: Corn, Open, High, Low, Close, Prev. Close. Rows for Feb 13, 12, 11, 10, 9, 8, 7, 6, 5, 4, 3, 2, 1.

PRICE OF SILVER.

London, Feb. 13.—Bar silver, 84 1/2 p. New York, Feb. 13.—Bar silver, \$1.33, decline of 2c.

WHY SILVER SAGGED.

London, Feb. 13.—The slump in silver today to 84 1/2 p. apparently is the result of unloading by nervous holders, owing to the absence of buying from China quarters and the fall in Chinese silver change.

PROGRESS IS MADE BY DOMINION LIFE

Last Year's Record is One of Exceptionally Favorable Character.

The annual report of the Dominion Life Assurance Company, published elsewhere in this issue, reveals the remarkable fact that its ratio of actual to expected mortality was only 83 per cent. A saving of 62 per cent of the mortality provided for in its premium will mean very large additions to the surplus funds of this popular Canadian company.

Another remarkable feature of the report is the great increase in its net income year by year. The net income for 1919 was again high—7.4 per cent. Expenses were light, in view of the large amount of business added. Re-serves, too, show a splendid increase from \$3,959,391 to \$4,497,788. Taken altogether the report gives evidence of 1919 having been one of the best years in the history of the Dominion Life.

ALLENDALE OIL COMPANY Unincorporated A Square Business Proposition

Establish yourself financially. You can do it, and do it now. Allendale Oil Company offers you the opportunity. Why not take it before it is too late? Your chance won't last long, and right now you can still buy at par, one dollar. No sales of less than ten shares, \$10.00; one hundred shares, \$100.00; one thousand shares, \$1,000.00. The stock will soon be \$1.50 or \$2.00; reason of advance, the company will soon declare a 5% dividend.

Drillers---Refiners---Producers

Follow the development of this gigantic, ever-growing, rapidly-expanding oil company in the columns of the Texas Oil Ledger. Every week startling developments; 16,343 acres to be developed in the great oil fields of Texas, 20 wells to be drilled. Six wells drilling, six strings of tools in the Ranger field, three in the Desdemona district, on company's leases.

Read the January and February Cosmopolitan about the Desdemona Oil fields and Texas Oil. Then decide how many shares you want and wire your reservation.

There is a Reason

Why the Allendale Oil Company drills its own wells. Why it makes money drilling for others. Why it erects its own refineries and lays and operates its own pipe lines.

There are many reasons why the Allendale Oil Company will be a big dividend payer.

A Boy and His Clothing

Are Not Soon Parted If Discriminating Parents Select From Our Carefully-Chosen Assortment of Suits

More disintegrating factors concentrate their attack on a boy's suit than on any other garment worn by humanity. The abandon with which the boy plunges into his work or his pastime is largely responsible for this. The occasion is the thing with him; the state of his clothes is quite secondary.

But not so with his mother. She desires his clothing to be of a texture that will allow the mending needle a little leisure, and which will whisk into a presentable shape without much trouble.

In our Boys' Clothing Department, suits that measure up to these qualifications will be found in variety.

Medium Priced Suits at \$18.50

A three-buttoned single-breasted model, tailored from a good quality blue cheviot, with gray hair-line stripes. Has slash pockets, all-around loose belt and is well-lined throughout.

Bloomers are cut full; side, hip and watch pockets, belt loops and governor fasteners.

Sizes 31 to 34—13 to 16 years.

A Nice Style at \$16.50

A neatly tailored suit, made up from a medium weight tweed, in a fancy effect.

The style is two-button single-breasted, plain pockets and all-around detachable belt.

Bloomers are strongly made, having side, hip and watch pockets, belt loops and governor fasteners.

Sizes 31 to 34—13 to 16 years.

New Fabrics for New Modes

Exquisite Silken Weaves of Simpson Quality and Exclusive Embroidered Fabrics

In answer to the call of the new modes we have garnered into our famous Silks and Dress Goods Department fashionable fabrics that will create them, from the world's greatest looms.

Exquisite silken weaves that glory in radiance of color and exclusiveness of design—wonderful woollen or silk and woolen materials, especially adapted to the "gracefulness" that dominates the mode and eminently smart, one and all expressing the unsurpassed quality that has made Simpson's one of the leading fabric shops on the continent.

Below we have merely listed a number of the most favored fabrics. To see them will be to understand their beauty and appreciate their value.

The Craze for Embroidered Fabrics

—is not in the least surprising when one views the handsome and exclusive designs embroidered on favored fabrics, which we are now showing for spring. Besides, 'tis the simplest thing imaginable to fashion a stunning frock or suit without any need for thought as regards the trimmings and finishings. The embroidery, by the way, is in black silk on the favored shades of such fabrics as:

Silk and Wool Faile Poplin
 Silk and Wool Satin Theresa
 Silk and Wool Crepe Ondine

All-Wool Trico Jersey
 Fine Chiffon Serges
 All-Wool Tricotine

Ideal Aluminum Ware

An Offer Herewith of Great Advantage to Housekeepers Desiring Ease and Utility in the Kitchen

No need to sound the praises of aluminum kitchenware to the modern housekeeper. Full well she knows the added ease of handling because of their lightness—the added attractiveness and brightness their shining surfaces give to her kitchen—the freedom from burnt or scorched food that follows their daily use. There is splendid value here:

5-quart teakettle—4-quart covered saucepan—7-quart preserving kettle—2-quart double boiler—2-quart lipped saucepan—6-cup teapot—bread or cake pan and 2 pie plates.

H.L.C. Combats H.C.L.

The High Cost of Living has no friends in any community. Every householder cherishes a deep-seated longing for an opportunity to deliver one shrewd and mighty blow that will destroy its influence forever and bring things back to normal. And yet there are remedies for the H.C.L.

One of the chief of these is the H.L.C. A method, a system, an organization, call it what you will, it robs the H.C.L. of a vast lot of its unpleasantness. It takes the harshness out of high prices. It makes buying easy, because it relieves the drain on the pocketbook.

The home-maker who allies herself with the H.L.C. is enabled to purchase the major commodities, in the way of furniture and furnishings, on a deferred payment plan. She is enabled to have in her home the special suite, or rug, or portieres she has long desired. From the time of the initial payment she enjoys the full value of the total sum she plans to expend. A great boon, indeed.

What is this powerful ally, this H.L.C.? you ask. It is the HOME-LOVERS' CLUB; a large Club and a popular one, and one which invites your membership. Hundreds are now combating the H.C.L. through its instrumentality. Join now and share the advantages of Simpson's great Furniture Sale which is under way.

Nice Kitchens Have Pyrex

Because While Designed Primarily For Cooking It is Also Attractive for Table Use

Although the fame of the "Pyrex" Cooking Ware has long been noised abroad among housewives, there may still exist women who would know the reason of its increasing popularity.

"Pyrex" Cooking Ware is constructed from a thick fire-proof glass. It is transparent—and isn't that a genuine boon when one loves to have things done to a turn throughout? Moreover, it is attractive enough for table use—a point that means a considerable saving of time, labor and dishes.

It is worth a special trip to the China Department to see our 11-piece set of "Pyrex" Cooking Ware—you will want it at once and will find it worth many times its moderate price of \$9.00 in comfort and convenience.

"Pyrex" Covered Casseroles from \$2.00 to \$3.00.

Pie Plates, \$1.25 and \$1.50.

Zane Grey's New Novel

Hundreds will rejoice to know that the latest work of this master painter of the West is now in our bookstalls. It has the Zane Grey touch from cover to cover. A delicate, idealistic Eastern girl; a sad, silent woodsman; intrigue, horses, kidnapping, mountain lion hunting, romance long-deferred, but all the more entrancing, and wrapped about everything the mysterious big country atmosphere that this novelist portrays so vividly. Those who love Grey will revel in "The Man of the Forest." Price 2.00

Finding God In Literature

Those who have had the pleasure of hearing Dr. Trevor Davies analyzing from the pulpit the works of modern and contemporary writers, and extracting from them the spiritual truths they contain, will have great pleasure in reading his book on the same subject. It is a restrained scholarly survey, with the acknowledged purpose of showing that the spirit of Christianity permeates certain writings which in the ordinary perusal would not appear to convey such a suggestion.

"Spiritual Voices in Modern Literature" is additionally appreciated because it is the product of a Canadian preacher who recently received signal honors for his ability. The steady demand for it is proving its popularity. Price 1.75
