GERMANS FAIL IN RAID ON THE BRITISH LINE

Attack in Large Numbers South of Loos—Serbians Score Another Victory; Bulgarians in Retreat

London, Dec. 5.—Failure of an enemy raid south of Loos after a heavy bombardment was announced by General Sir Douglas Haig today. The raid was in large number. French and Serbians Advance. Paris, Dec. 5.—The Franco-Serbian forces have progressed north of Paris. From Von Hindenburg. Berlin, via Saville, Dec. 5.—Field Marshal Von Hindenburg has telegraphed the imperial chancellor, Bethman Hollweg, the following: "I beg your excellency to accept my sincerest congratulations for acceptance by the Reichstag of the bill of patriotic auxiliary service. "This means help for the army which cannot be too highly appreciated. We shall vanquish our enemies if the whole

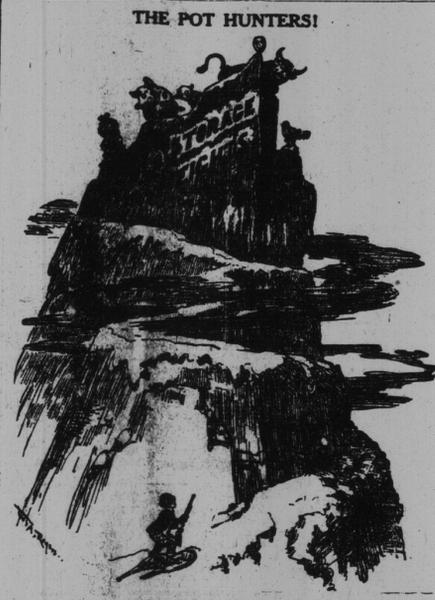

nation put herself at the service of the country." SERBIAN SUCCESS London, Dec. 5.—The Serbians have won further successes in the Cerna region and have carried the village of Stravina by assault capturing two howitzers, according to an official statement issued by the Serbian war office dated Dec. 4. The statement says that the village of Zovik, five miles north of Gruneshite, is in flames and the Bulgars are retreating northwards. Now Official. Berlin, via Saville.—The appointment of Prince Konrad Von Hohenlohe, former minister of the interior of Austria, as minister of finance for both monarchies was formally announced in Vienna despatches today.

MAY BE GREATER THAN WAS THOUGHT

Gossip re Changes in British Cabinet

Effort Made to Oust McKenna—If Carson Goes in it is Said He May Introduce Settlement of Irish Question

London, Dec. 5.—(New York Times cable).—The Chronicle's parliamentary correspondence, giving the latest lobby gossip, says: "It was originally intended to make only a few changes in the cabinet. Change breeds change and the alterations may prove more extensive than was anticipated at the outset. "A strong effort is being made to unsaddle McKenna, whose jealous guardianship of his finances has often brought him into conflict with the forwards. He is also blamed, very unjustly, for the action of the federal reserve board of America in frowning with disapproval on the projected issue in the United States of the short term British treasury bills. The federal reserve board's action is directed indiscriminately against the locking up of funds in the securities of Great Britain, France and other belligerents while Mr. Runciman in his desire to conserve our shipping resources has, like McKenna, been opposed to new military adventures overseas, but his mastery of the shipping problem is such that nobody, in or out of cabinet, desires to see him quit his present office. "In fact, rumor last night was that he is to add to it the heavy responsibility of food controller, a post that has been declined by six persons in succession. "It is generally accepted that Balfour will soon leave the admiralty, though possibly not during the immediate reconstruction. Sir Edward Carson is talked of in Conservative circles as a possible successor of Balfour as first lord. "The new labor member of the cabinet will probably be George Barnes who, if he joined the government, might take Henderson's place as minister of pensions, Henderson continuing to hold the office of labor adviser and adding to his duties membership in the war council. "With regard to the composition of the war council, it is said that the prime minister, while ex-officio member at every meeting of this body, will have the power of veto over its decisions. "It was generally accepted last evening in political circles that the members of the war council would consist of Lloyd George, Bonar Law, Edward Carson and Arthur Henderson. "In order to have a free hand, Asquith invited and received the resignation of every member of the cabinet. "The subordinate ministers apparently are not affected by the reconstruction. At any rate, no request to resign had reached them at the time of the writing. A rumor current in the lobbies yesterday was that Sir Edward Carson, if he joins the government, may, before many weeks go by, bring forward a proposal for settlement of the Irish question on lines mutually satisfactory to the Unionists and the Nationalists. Asquith Declines. London, Dec. 5.—The Westminster Gazette says Premier Asquith has declined definitely a proposal for formation of a war council of which he would not be a member and other consequential changes which would have followed acceptance of that proposal. Naturally the next move remains for those members of the cabinet who made the suggestion. Mr. Asquith approved a smaller war council, the newspaper continues, but held the premier necessarily must be chairman of any such body. His attitude is said to be supported by foreign Secretary Grey and most of his principal colleagues in the cabinet.

Has Brought Down 20 German Aeroplanes

Paris, Dec. 5.—Sub-Lieut. Nungesser shot down two aeroplanes within three hours yesterday. This brings up to twenty the number of aeroplanes brought to earth by this aviator. There were no developments of importance on the French front last night.

John D. Archbold Dead

One of Rockefeller's Men, President of Standard Oil Co. of New Jersey

LESLIE TITUS OF ADELAIDE STREET AMONG MISSING

Anxious Mother, Notified of Wounding Had Asked Ottawa to Get Further Word of Son

Tarrytown, N. Y., Dec. 5.—John D. Archbold, president of the Standard Oil Company of New Jersey, died at his home here this morning. Mr. Archbold was a native of Ohio, and was sixty-eight years of age. In early life he was an oil refiner and buyer in western Pennsylvania, and in 1873 he became associated with the Rockefeller interests, a connection that continued until his death. He became president of the Standard Oil Company of New Jersey soon after the dissolution of the "trust" was ordered by the United States Supreme Court. Mrs. Benjamin Titus of 122 Adelaide street received a telegram from Ottawa this morning notifying her that her son, Pte. Leslie Titus, has been reported missing. About four weeks ago she received word that he had been wounded, and as there were no particulars as to the extent of his injuries, she wired to the authorities in Ottawa asking for information as to his condition. The telegram this morning was an answer from the imperial authorities to the query of the officials in Ottawa. The report that her son is missing has greatly upset Mrs. Titus, but she is living in hope that he may be alive and a prisoner of war. Prior to donning khaki he was with the mounted police in Prince Albert. He formerly was employed with Barnes & Co., Ltd. While in St. John he took an active interest in church affairs, and was a member of Douglas avenue church. He has a wide circle of friends who will anxiously await some further report regarding his whereabouts.

VESSELS OF FOUR NATIONALITIES SUNK BY THE GERMANS

London, Dec. 5.—According to Lloyd's despatches the Norwegian steamer Hittory, 1900 tons net, has been sunk, the Norwegian steamer Erik H. Lindoe is reported sunk, the Greek steamer Demitrios Inglessis, is believed to have been sunk and the French sailing vessel Therese has been sunk. Another Lloyd despatch says that five of the crew of the Japanese steamer Nagata Maru, reported sunk on Saturday, were killed and five wounded by gunfire.

ST. MONICA'S SOCIETY ACTIVITIES

A very largely attended meeting of St. Monica's Society was held yesterday afternoon in the Knights of Columbus hall. There were about sixty-five members in attendance and Mrs. James Dever, the president, presided. Committees reported on work that had been undertaken during the month. Arrangements for a reception and dance that will be held between Christmas and New Years were commenced. Arrangements were also started for the Christmas baskets that will be distributed to the poor. A report was also submitted referring to the work done by the society at the Cathedral high tea. A good sum was realized at the tea through the efforts of the ladies of St. Monica's. The usual winter activities of the society are now well under way and the reports from the charity and sewing committees showed that much good was done among the poor since the last monthly meeting. Many poor families have been assisted and in some instances children fitted with apparel necessary to permit them to attend school. In the absence of the secretary, Miss Amelia Haley, the treasurer, Miss Marion Hogan, acted in her stead. A stirring vote of sympathy was passed expressive of the feeling of the society in the bereavement that has befallen Miss Haley in the death of her uncle. Tea was served and the usual nominal sum was placed to help swell the general fund of the society. Mrs. J. Dever and Mrs. D. P. Chisholm presided. Mrs. Louis Comeau and Mrs. H. C. Grout were the committee in charge of the tea, with Mrs. J. H. Doody, as general convenor.

EMPLOYING MORE WOMEN

Canadian Military Offices in England Being Combed Out London, Dec. 5.—Under the new policy of "coming out" from non-combatant positions men fit for active service, which is proceeding at the Canadian military administrative offices in London, a considerable number of women clerks have already been engaged, and it is intended to make still further use of this labor. A certain number of Canadian civilians resident in England were taken on the strength in the early rush days of the war. It is understood such are equally liable to be transferred to combatant battalions if it is deemed suitable. Incidentally, it is held that experienced and matured women, generally speaking, are decidedly more efficient as clerks than are soldiers who may have been rendered unfit through wounds or sickness for active service at the front.

FATAL RESULT OF ACCIDENT

Miss Murray Dies as Result of Injuries Received When Train and Auto Collide

Moncton, Dec. 5.—Miss Lucy Murray, a young woman who was one of the occupants of an automobile which ran into a Springhill accommodation near Amherst station last night, died this morning. The train was in charge of Conductor John Coffey and Engineer Fryers of Moncton and was going at the rate of only about five miles an hour when the accident occurred. A young man named Campbell, who was driving, had just purchased the car, and was making his first trip in it. Miss Murray slung to "Tugwash" and had lived in Amherst only about three weeks.

UNITED STATES WANTS CANADIAN POTATOES

Washington, Dec. 5.—To attack the high cost of food, so far as potatoes are concerned, the Department of Agriculture has ordered a relaxation of the quarantine against potatoes from Canada. Hereafter, Canadian potatoes with not more than ten per cent, showing traces of disease will be admitted at any border customs house instead of specially designated ports as has been the practice. Shipments will not be detained for inspection. The department's action is expected to bring large quantities of potatoes into the United States to meet the high prices.

FUNERALS

The funeral of William Armstrong took place this morning from his late residence on the Milford road to St. Louis's church where a high mass of requiem was celebrated by Rev. Charles Collins. Interment was made in Holy Cross cemetery. The funeral of Mrs. Emma Law took place this afternoon from her late residence, 20 High street. Services were conducted by Rev. N. J. McLaughlin and interment was made in Cedar Hill.

IN WALL STREET TODAY

(J. M. Robinson & Sons' Private Wire Telegram). New York, Dec. 5.—President's message out at one o'clock today. Allies issue plea on behalf of Belgium. Dr. Henry VanDyke resigns as minister to the Netherlands. Great Britain to take immediate steps towards ascertaining the cause of recent clash in Athens. Tonic guns within eleven miles of Bucharest. London despatch says Asquith will remain premier, and with Bonar Law and Lloyd-George form new government with few changes except in war council. Twenty industrials, 106.20, off .51; twenty active rails, 106.65, off .45. Press Comment. Sun.—"There appears to be unanimity of opinion that the year will end with a bullish speculation under way." Times.—"Nearly all stock traders seemingly are of the opinion that the stringency in call money cannot be long lived." Financial Items. High-class stock exchange institutions, which have been confident of a favorable interpretation of the railroad section of the president's message, are credited with having bought considerable amount of New York Central, Atch. C. & O. Union and Reading. Conservative financial circles are calling attention to the point that the fact that surplus reserves are at the lowest level in two years indicates that while the higher call money rates are likely to attract funds from the interior, firm figures may be expected until the return of January disbursements to usual channels, and that in the meantime it would be the part of wisdom to avoid overloading in making new stock market commitments. The petroleum stocks are in growing demand. There appears to be a conviction that the Mexican situation is slowly improving, and that the great oil interests there are safe. Mex. Pete. seems to be a favorite speculative investment with the stocks of other companies likely to sympathize. "A Christmas bull market in U. S. Steel" is the latest talk in commission houses in which advice is generally given to buy that stock during all recessions in the market. The constantly accumulating orders for rails are looked upon in Pittsburg circles as acquiring a stable business for the corporation for a long time to come. The same "narrators" seem to be unusually friendly to Colorado Fuel.

GRANITE BLOCKS FOR HIGH SCHOOL HILL

Commissioner Fisher's report on the proposed street paving programme for 1917, which was presented to the council in committee yesterday morning, will be before the common council again this afternoon for consideration. The commissioner did not have time yesterday to complete his explanations of the works which he recommends and this will be taken up today. The programme as suggested by him involves an expenditure of \$104,000. One of the recommendations which may arouse opposition is that for laying granite blocks in Union street from Dock street to Prince William. This is the hill on which the High School and Natural History Society buildings stand, and the plan may be opposed on account of the noise of traffic on a granite paved street. Commissioner Fisher defends this style of paving for the street as the best suited for a hill as he believes that granite blocks can be laid to give a better footing for horses than any other form of paving.

GERMANS SAY TO DUTCH "MIND YOUR OWN BUSINESS"

Reply to Holland's Protest About Deportation of the Belgians London, Dec. 5.—According to a Rotterdam despatch to the Times, Germany has replied to the Dutch protest regarding the Belgian deportations in words which are tantamount to saying: "Mind your own business." General von Bissing's reply dated October 26 begins by denying any violation of the assurance the German commanders gave at the beginning of the war that no men would be removed from Belgium, declaring that such removals had been justified by the clandestine emigration of large numbers of young men wishing to join the Belgian army. He adds "The German authorities would have been quite justified in following the example of England and France; but they have not done so."

THOSE INVALID SOLDIERS.

St. John, N. B., Dec. 4. Dear Sir—Last week you were kind enough to publish a letter of protest from me regarding the treatment of invalid soldiers off the Cornucopia; the letter was also published in the Standard, and that paper referred it to Charles Robinson of the Returned Soldiers' Aid Committee, who refuted our statement and said only two men were marched over to the discharge depot. We then sent a denial through the Standard to Mr. Robinson's letter. On Friday the Standard said our letter was undoubtedly crowded out, but would be published next day, but it has not appeared yet. So we wish you would print our statement that we still maintain that the invalids were marched over and instead of two, as stated by Mr. Robinson, there were twenty-three, including cripples, and were under the command of Captain Bruce and Sgt. Major Lockett. Now, perhaps Mr. Robinson will try to explain again and tell the public that our statement was correct and not make us out to be jugglers of the truth. Thanking you, Mr. Editor, We remain, yours truly, THE E. W. V. ASN.

There the people have suffered greatly because of the war, rivaling the hardships of the Belgians and Serbians, and there is a strong appeal for assistance to these allies of Britain in the great war. It will not be possible for Mr. Wakim to call upon all and he asks that any missed and who would contribute, to enclose a contribution and send to his address at 50 Union street.

PTE. PERCY RENNIE WRITES FROM THE FRONT

Bathurst Boy Describes Fighting at the Somme, and the Part Canadians Had in It

The Northern Light, Bathurst, is in receipt of a letter from Pte. Percy Rennie, one of our Bathurst boys who went to England with the 55th Battalion and has been in France fighting for some time now with the 1st Battalion. The censor has marked out one or two words of the letter, but the main part is left, and reads as follows: I am going to tell you a little about our good old Canadian boys and what they have done at the big battles of the Somme. I am in a Western battalion myself, and it is certainly one of the best that Canada has sent. I am the only New Brunswick man in it. The Brigade, which includes our battalion, went over the parapet at 6:20 o'clock on the 15th of September. We took the German's front line and then the second, and went to the edge of the town of ... About 3:30 p. m. the same day the Brigade came over and they never stopped when they came to our trench, but went right into the town and cleaned everything up in the line of Germans. We could see everything good and plain, and I tell you it was the sight of a lifetime to see those fellows coming over the ground we had won, through heavy shell fire, really it was something fierce. The number of prisoners taken that day by the Canadians I could not tell exactly, but there were a lot of them, and they seemed to be glad to be taken. We then went out for a rest and came back again, and did the same thing on the 20th Sept., only we had to go over the second line the same way, for we started for an objective and every man made up his mind to get it—and we did. Every officer in our battalion certainly showed discipline to N. C. O.'s and men, for they led us right to the finish. I was wounded that night, but not seriously, and I feel all right again now. Canada ought to feel proud of her boys here, for they have made a great name for themselves, and I know the fellows coming will keep it. With best regards, Yours respectfully, PERCY RENNIE.

MAY RUN FOR MAYOR

The Frederick Mail says that A. A. Barker of the Two Barkers, Limited, Amherst, N. S., is being strongly urged to run for the majority of that town. Mr. Barker is one of the most successful business men in the maritime provinces, and would undoubtedly make a good chief magistrate. He is the son of the late Thos. Barker, of St. Mary's, a former M. P. for York, and a cousin of George Y. Dibble of this city.

A Pleasing Surprise

If you are sore and aching from a sprain, strain, burn, bruise, or a muscular rheumatism, it is extremely pleasing to learn, after you have secured something advertised to relieve your particular affliction, that not only have you obtained a preparation that is excellent for coughs, colds, sore throat, cramps, chills, etc., if necessary to give it its soothing and healing qualities, but direct to the seat of an internal trouble. Most liniments, for example, are of one value—external use—but in the case of the well known Johnson's Anodyne Liniment, the double value—internal and external use—is there. This splendid preparation, from the prescription of an erstwhile old family physician for over 100 years, and its great army of users, thankful for its wonderful virtues, feel that Johnson's Anodyne Liniment—the double value liniment—is "an angel in disguise."

THE COST OF LIVING.
Another decline in the price of flour reminds the people who have been paying the recent high prices that they have been at the mercy of the speculators and profiteers whose activity might long ago have been curbed by the government.

THE WAR AND PROMOTIONS.
Referring to the fact that many lieutenants are being sent from England to France to replace those who are in the casualty list or have been promoted, the Toronto Star makes the following very proper observations:

MORAL CONDITIONS
It is not creditable to the city of St. John that so many unsavory cases involving not only the morality of the community but the welfare of little children should have to be brought before the police court, but bad as the showing is it would be much worse if the police force were large enough to deal with conditions as it should be done.

munia spirit that those who are seeking to better conditions are handicapped at every turn. And this means that children are being brought up in vicious surroundings, without proper care, to become a menace or a burden upon the community in later life.

What we need in Canada is government action, prompt and effective. The war is still far from an end. Only yesterday the Manchester Guardian sounded this pessimistic note:

### HOW TARIFF BOOSTS PRICES.

(Fredericton Mail.)

Canned goods from the United States have been imported into Fredericton in large quantities recently to meet a demand which the Canadian supply cannot fill. Tomatoes are the chief item in the importation. Wholesalers say that the tomato crop in Ontario was almost a total failure. All the big canning factories are situated in that province and their output was very much curtailed.

Unfortunately for the consumer, the importation of tomatoes from the United States will not reduce the retail price, as the prices of the wholesalers are based on United States prices plus duty and surtax. In Fredericton one can of tomatoes can be bought for twenty-five cents, and in the United States three cents, and in the United States three cents can be bought for the same amount. This gives some idea of the extra cost of food products, which is caused by a high tariff.

### GIRLS! ACT NOW!

#### HAIR COMING OUT MEANS DANDRUFF

25-Cent "Danderine" Will Save Your Hair and Double Its Beauty

Try This! Your Hair Gets Soft, Wavy, Abundant and Glossy at Once

Save your hair! Beautify it! It is only a matter of using a little Danderine occasionally to have a head of heavy, beautiful hair; soft, lustrous, wavy and free from dandruff. It is easy and inexpensive to have pretty, charming hair, and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little as directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre, and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes, but really new hair—sprouting all over your scalp—Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair—take one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

### A CHATHAM BROADSIDE ON THE MILK QUESTION

(Chatham World.)

St. John milk dealers, who pay 5 cents a quart for milk, are complaining of a charge 10 cents to the citizens. The citizens should use canned milk, even though it costs more, till the dealers cease to try to milk the public in this extraordinary way. But the Chatham producers of milk have even less excuse than the St. John dairymen are even under the boosted price getting but five. And there is no explanation, except a desire to unduly profit at the expense of the townspeople, for the increase. Hay, the principal feed of the cows, has not been cheaper for years, and it is not costing the dairymen any more to produce milk now than it did a year ago. They simply got together, seven of them, and one said to the other: "Let us boost the price 10 per cent," and the others agreed to do so. The consumer should resent this extortion by using canned milk or buying only half the usual quantity. This policy would soon leave the farmers with a surplus of milk on their hands, and a depression for custom that would reduce the price. Ten cent milk with 15 hay, is a self-evident extortion that should not be submitted to. The farmers are properly getting big prices for potatoes, poultry, beef and other products of the farm, because they can send them abroad and get big prices for them, but they can't send milk abroad, and even if they could, they couldn't get the price for it that they are now asking. The milk business has become so notoriously profitable in Chatham that the number of dealers has kept steadily increasing year after year. And now, when there isn't as much money in it for each of them as there was when there were only half as many in the business, they are trying to even up by asking bigger prices. If one man had the whole business of supplying Chatham with milk at eight cents a quart, he would get rich in a few years. If the bigger profits to be derived from the 10 cent rate induces more men to go into the milk industry, the price will be boosted 12 or 14 cents so as to give all of them a fair income.

Hundreds of Chatham families can afford, no doubt, to pay 10 cents, or even 12 cents a quart for milk, but they owe it to their poorer fellow citizens, who can't afford to pay such a price, to encourage, by reducing their milk orders, the boosting of the price to the poor.

### No Trouble to Remove Superfluous Hair

(Toilet Tips.)

It is an easy matter to rid the skin of objectionable hair or fuzz, if you proceed as follows: Mix a paste with some water and a little powdered delatone apply to hairy surface and in 2 or 3 minutes rub off, wash the skin and the hairs are gone. This method of banishing hairy growths is painless and does not mar the skin, but to avoid disappointment, be certain to get real delatone.

## The Waltham

Dandruffy Heads Become Hairless

If you want plenty of thick, beautiful, glossy, silky hair, do by all means get rid of dandruff, for it will starve your hair and ruin it if you don't.

It doesn't do much good to try to brush or wash it out. The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning, most, if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it.

You will find, too, that all itching and digging of the scalp will stop, and your hair will be silky, fluffy, lustrous, soft and look and feel a hundred times better. You can get liquid arvon at any drug store. It is inexpensive and four ounces is all you will need, no matter how much dandruff you have. This simple remedy never fails.

What Dyspeptics Should Eat

A PHYSICIAN'S ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity, therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and languid in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty foods, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of the best food available in a little hot or cold water. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bismarck, correctives and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I can not see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bismarck from your druggist, eat what you want at your next meal, take some of the bismarck magnesia as directed above, and see if 'tis not right."

SAYS CARRIGAN WILL AGAIN MANAGE RED SOX

J. A. Grillo, sporting editor of the Washington Star, says Bill Carrigan has accepted the management of the Red Sox. Mr. Grillo writes as follows: "Bill Carrigan, who has been most enthusiastic in his announcement that he had quit baseball for all time to come, seems to have changed his mind, for he has notified Messrs. Gracie and Ward that he will accept their proposition to again manage the Red Sox at a salary of \$20,000 a year."

That the new owners of the Boston American league club will jump at this proposition, there is not the slightest doubt. They have been worrying because they did not believe Carrigan would change his mind. They realized their chances of winning another pennant in 1917 would be better with him in charge of the team than any other available manager.

WILL SEND TEAMS TO EUROPE AFTER WAR

Chicago, Dec. 4.—Hugh Ward, who with Harry Prasee, has purchased the Boston American baseball team, and will come into formal possession on Dec. 14, is planning to give Europe some major league baseball when the war ends. MAY HAVE TO FACE A SERIOUS CHARGE

Two Former Employes of Nova Scotia Hospital Arrested

(Halifax Chronicle.)
There was an occurrence at the Nova Scotia Hospital a few days ago which may have fatal results and as a consequence two former employes of the institution are under arrest, charged with present with causing grievous bodily harm. On Sunday last the hospital authorities found that a patient had been assaulted and kicked, it being alleged that he threw something at two keepers. The injuries of the patient were not then adjudged to be especially serious and two keepers, Urban Martel, who belongs to Cape Breton, and Videmur Blachutta, a German or Austrian, who had been on parole and reporting to the authorities at regular intervals, were discharged. They had been in the employ about twelve months. The patient's stomach had been lacerated and torn, by a kick, he reported, and his condition gradually grew worse and Dr. Lawlor summoned an outside medical man for consultation. On Thursday his condition became so serious that the matter was reported to the authorities and Deputy Sheriffs Servin and Mitchell went on a hunt for the two discharged keepers to place them under arrest, pending arrangements. On Thursday night Martel was located in a boarding house in the city and Friday Blachutta was also located, the pair being placed under arrest. The men were arraigned before Stipendiary McLeod on Friday afternoon and remanded until Monday. Bail is being applied for. On Saturday morning the patient was reported in a precarious condition.

Prepare This for a Bad Cough—It's Fine

Cheaply and Easily Made, but Does the Work Quickly. The finest cough syrup that money can buy—costing only about one-fifth as much as ready-made preparations—can easily be made up at home. The way it takes hold and conquers distressing cough, throat and chest troubles, will really make you enthusiastic about it. Buy a bottle of Pinex (50 cents worth) 2 1/2 ounces of Pinex (50 cents worth) pour this into a 16-oz. bottle and fill the bottle with plain granulated about 1 1/2 cups and gives you 16 ounces—family supply of a most effective, pleasant tasting remedy. It keeps well. It's truly astonishing how quickly it acts, penetrating through every air passage of the throat and lungs—loosens and raises the phlegm, soothes the inflamed or swollen throat membranes, and gradually but surely the annoying throat ticks and dronings will disappear entirely. Nothing better for bronchitis, spasmodic cough, whooping cough or bronchial asthma. Pinex is a special and highly concentrated compound of genuine Norway pine extract, combined with eucalypti and is known the world over for its prompt healing effect on the throat membranes. Avoid disappointment by asking your druggist for "Pinex" and insist on the full directions and don't accept anything else. A guarantee of prompt relief is given with this preparation. The Pinex Co., Toronto, Ont.

**RING.**  
McDonald Shaded by Amateur?  
Halifax Recorder—Advises have been received here that Roddie McDonald took part in a 10 round bout with O'Hara in Brooklyn on Saturday night. The bout went the limit, but as is the law in New York State no decision was given. Reports received here say the bout was quite even, though the opinion seemed to prevail with the majority that McDonald had been shaded by the amateur. The boxer referred to is probably Jimmy O'Hagan of Albany, who shaded Billy Kramer on Thursday afternoon in the wind-up of a six-round bout at the National A. C., Philadelphia, when the boys stood in the centre of the ring for the entire six rounds and slugged each other.

Board seven were decided in favor of the players, three met with adverse decisions and no action was taken on one claim. Five out of six complaints of players against clubs were allowed and three others which were placed with attorneys for suit were adjusted. The sum of \$7,321.98 was recovered from club owners through the instrumentality of the fraternity and in addition the validity of certain contracts was established, saving \$2,775 to the players involved. Many claims of players were taken up by the fraternity on formal affidavits during the past year. Of these eleven were decided in favor of the players by the National Commission, which in every instance sustained the claim. Out of eleven cases brought before the National

Whatever condition is keeping you from having this charm, it can be changed! Begin tonight the famous Woodbury treatment below.

# A-SKIN-YOU-LOVE-TO-TOUCH

A radiant complexion, a soft, velvety skin—one you love to touch—can you imagine possessing a greater charm?

**W**HATEVER the condition is that is keeping your skin from being what you want it, it can be changed!

Your skin as it is now is not a lifetime possession by any means. If you have thought so, you have overlooked this big fact: Your skin, like the rest of your body, is changing every day. As old skin dies, new skin forms.

This is your opportunity. By the proper external treatment, you can make this new skin just what you would love to have it. Or by neglecting to give this new skin the proper care as it forms every day, you can keep your skin in its present condition and forfeit the charm of "a skin you love to touch." Which will you do? Will you begin at once to bring to your skin that charm you have longed for? Then use the following treatment tonight and make it a daily habit thereafter.

**You will feel the difference the first time you use it!**

Lather your washcloth well with Woodbury's Facial Soap and warm water. Apply it to your face and distribute the lather thoroughly. Now with the tips of your fingers work this cleansing, antiseptic lather into your skin, always with an upward and outward motion. Rinse with warm water, then with cold—the colder the better. Finish by rubbing your face for a few minutes with a *piece of ice*. Always be particular to dry the skin well.

If your skin happens to be thin or rather sensitive, substitute a dash of *ice water* for the application of the ice itself.

Every day this treatment frees your skin of the tiny, old dead particles. Then, it cleanses the pores, brings the blood to the surface and stimulates the small muscular fibres. It is very easy to use this treatment for a few days and then neglect it. But this will never make your skin what you would love to have it.

Use this treatment persistently and in ten days or two weeks your skin should show a marked improvement—a promise of that greater clearness, freshness and charm which the daily use of Woodbury's always brings.

### Begin tonight to get its benefits

Woodbury's Facial Soap is the work of a skin specialist. For thirty years, John H. Woodbury made a constant study of the skin and its needs. He treated thousands of obstinate skin diseases, made countless skin tests, until he evolved the formula for Woodbury's Facial Soap. A 25c cake is sufficient for a month or six weeks of this "skin you love to touch" treatment. Get a cake today and begin tonight to get its benefits for your skin.

Woodbury's Facial Soap is for sale at every druggist's in St. John, and, in fact, by Canadian druggists from coast to coast.

Made in Canada by The Andrew Jergens Co., Ltd., Perth, Ontario.

Tear off this cake and put it in your pores as a reminder to get Woodbury's today and start this treatment.

**ST. JOHN TO HAVE BATTALION FROM CALGARY FOR TIME**

Information was received at the office of the New Brunswick command this morning to the effect that the 21st Battalion from Calgary would arrive in St. John soon. The unit is about 800 strong and was recruited in Calgary some months ago.

The military authorities here on the receipt of the telegram got busy in arranging quarters for the unit and have decided upon the dairy building in the exhibition grounds. The work of getting the building in readiness will be started at once.

Just how long the unit will be quartered in the city is not known. The Halifax officers recently acquainted with the fact that St. John was not likely to be the quarters for any more units during the winter, but was liable to have several for temporary stays.

Common Council to Frame Questions to Elicit Information Regarding Increased Price—Will Ask Representative Dealers

The milk question, it is expected, will be before the common council again at the weekly meeting this afternoon. **Women Must Go Back to Moncton—Another Charge of Broaching Cargo**

In the police court this morning a disorderly house case wherein Eva Collet was charged with being the proprietress and Pte. Olivier Hebert, May Soule and Annie LeBlanc inmates, was disposed of by Magistrate Ritchie. Each of the defendants was sentenced to six months in jail. The sentence was allowed to stand providing the three women go back to Moncton. A soldier in the case was allowed to return to his regiment. The women were given until tomorrow to leave the city.

John Coyle was charged with beating his wife. Mrs. Coyle said her husband was a source of trouble to her, all caused by drink. She had his name placed on the interdiction list but still he secured liquor. She could do nothing with him. The court remanded him to Charles McKay, a seaman on the S. S. Missanabic, was before the court charged with theft of liquor from the cargo. The charge was stated to the defendant and he was not asked to plead. John A. Barry appeared for McKay. The case was postponed until Friday.

City Northrup, arrested by Detective Barrett, was charged with wandering about Brussels street, not giving a satisfactory account of himself and also with tampering with a gun machine in front of Louis Cory's store. The detective testified and Northrup was remanded. All the evidence was completed in the case against Louis Herdewitz, charged with illegal sale of liquor on his premises in Main street. The magistrate said that he would reserve judgment. E. S. Ritchie appeared for the defendant.

**BOYCOTT IS BEGINNING IN LANCASTER**

**Fairville Housewives Decide to Cut Down Milk Order—Matter at Women's Council Today**

The milk situation so far at Fairville is concerned has taken an interesting turn. It is learned that a large number of housewives have decided that, commencing tomorrow, they will not buy from the dealers who have raised the price. Others having children in the family have agreed to reduce their customary amount to one-half.

At a meeting of the Ladies' Aid Society of the Fairville Baptist church last evening the matter was discussed, and it was resolved that any members paying 10 cents a quart should reduce their order to a pint. It was also agreed to cut down the use of butter and eggs as much as possible.

From information received it would appear that this milk agitation is likely to spread in the next few days. Well known ladies have interested themselves and are canvassing over the telephone and making personal calls on the housewives urging a boycott on milk until the dealers realize the people's stand on the question.

Other lady societies are, it is said, anxious to exert their influence at their next meeting, and the situation is certainly growing in interest.

This afternoon there is to be an important meeting of the local Women's Council organization. It is understood that the price of milk and also other high prices prevailing in food supplies are to be discussed.

**INQUIRY BEFORE JUDGEMENT GIVEN**

**Case of Corsican Sailors in Police Court a Serious One—Two Violations of Law**

The five sailors of the S.S. Corsican—John Lea, aged 17; George Monetta, 25; Fred R. Taylor, on behalf of the C. P. R., said that he had received a communication from both the post office and C. P. R. officials, and they were of the opinion that as there were many thefts, both while these vessels were in port and during the trip across, and in view of the seriousness of the charges, some example should be made of these defendants. Mr. Taylor asked that in giving judgment the court take all these things in consideration. He further said that probably some leniency might be shown Lea and Christensen, who were minors.

The magistrate said that there were two breaches of the law, that of breaking the cargo and also tampering with pieces of mail. The latter was a serious offence, the maximum penalty being fourteen years and the minimum three years. He said he would deal separately with the two younger ones. Three of the five defendants had tampered with the mail. The magistrate said that he did not like to send the men to the penitentiary, but if he was to sentence them today he would be compelled to do so. He remanded the prisoners pending some inquiries.

The mother of one, reading of the case, came to the city yesterday from Montreal to see her son.
