RAIN COMES AS FIRES MULTIPLY

Reports From Various Sections of Province

J. T. Floyd to Manitoba Position—Case Against Charles Ralston of St. John Dismissed—Fredericton Liquor Matter.

(Special to Times.) Fredericton, N. B., May 9.—The Department of Lands and Mines over the week end received numerous reports of fires in New Brunswick. Some were in timber and others along the right of way of railways. Precautions were taken in each case and crews are fighting the more serious fires.

Permits to burn slash and use fires for land clearing operations will expire on May 10, and will not be issued after that date. The entire province south of Bathurst reported very dry, north of that point there is greater humidity. Light rain set in in many sections this morning.

A fire on lands of the New Brunswick Railway Company at Jardine Brook, Madawaska County, on the line of the Transcontinental Railway was reported this morning. Wardens are fighting a blaze on the north branch of the Ononago River this evening. This fire was reported from the lookout tower at Fenwick.

On Saturday afternoon a fire started on the C. N. R. right of way three miles east of McNicoll Junction. This was soon put out. A fire a short distance above Woodstock also was reported on Saturday. It was on private land, and was put out. A fire three miles from Juniper also was reported Saturday. It was put out. A small fire on the same day at Cross Creek, York County, was extinguished by people of the district.

L. T. Floyd, provincial agent since 1918, has tendered his resignation, to go into effect on June 1. He has accepted an appointment under the government of Manitoba. He did much to advance the culture and to increase interest in New Brunswick. Mr. Floyd belongs to Hampton.

St. John Man's Case. Charles Ralston of St. John, charged with the murder of his wife, Mrs. May Ralston of Devon, with bigamy, appeared this morning in the police court. P. J. Hughes appeared as counsel. Police Magistrate Limerick dismissed the case for lack of evidence. It was alleged that the bigamous marriage had been contracted in England. Under the law he could be prosecuted in Canada only if it could be proved that he left this country with the intention of contracting a bigamous marriage. Police Magistrate Limerick dismissed a charge of violation of the Intoxicating Liquor act, 1916, against Nathan Valensky, an employe of Sam Campbell. He was charged with selling beer of a strength greater than permitted. The case was taken from the place by Chief Finlay acting as liquor inspector, but the latter, acting in his official capacity, had taken the beer as provided under the act.

Madeline Mitchell, daughter of Mr. and Mrs. James M. Scott of Fredericton, and Frank S. Warren of Seattle, were married on April 27 at that city. The bride had been in the west for ten years and was teaching in a business college. Mr. and Mrs. Warren had been in California on a motor trip for a wedding tour.

ARRESTS AFTER TRAIN WRECK. Switch Tamped With, One Man Killed and Several Hurt. Memphis, Tenn., May 9.—Two men were held last night on the secret docket by police, and other arrests the authorities said might follow as a result of the wreck Saturday midnight of the "Sunshine Special" passenger train, west bound on the Missouri Pacific railroad, twenty miles from here. John Slocum, fireman of Little Rock, Ark., was pinned beneath his engine and almost instantly killed. B. D. Kellogg, engineer Robert Scott and C. B. Walker, railway mail clerk, suffered minor injuries. The two men were arrested at Bridge Junction, near the scene of the wreck, in which the engine, tender, baggage and mail cars went into a ditch. Missouri Pacific officials declared that the wrecking was evidently intentional. According to railway officials, the switch at Almont had been open, the switch lights were put off and newspapers wrapped around the lamps to hide them. The train ran into the siding and jumped the track. The coaches and sleeping cars remained on the track.

OPENING EVENT OF KING'S ENCAENIA. Windsor, N. S., May 9.—Stressing the importance of a firm foundation in religious faith, Rev. Charles Brine, of Portsmouth, N. H., preached at King's University chapel here yesterday. His sermon was the opening event of the university's encaenia week. He is rector of an Episcopal church in Portland, Me., and graduated from Kings in 1877.

Quebec Priest Joins in Declaring Against Immodest Dress.

St. Boniface, Man., May 9.—"We priests, under the direction of our archbishop, will undertake a campaign against these styles which are an affront to good taste in any Christian community," declared Father Jubinville, rector of St. Boniface Cathedral, at Sunday morning's service yesterday. He said that no person improperly or immodestly clad would be allowed to approach the Communion table.

"Some flippant young persons do not care to expose to such their anatomy and present themselves before their fathers and mothers the way they appear," Father Jubinville declared, adding that "while slaves to these shameful styles" they could not expect to deserve the respect of young men.

"Thank God, Protestants in Montreal have joined the 10,000 of the Women's League in the war against immodest styles," he said, "and I hope that a similar league will be instituted in St. Boniface."

"Oh!" said Hiram. "Then critics—the preacher may as well save his breath. You might as well try to make Sunday school superintendents out of a boot-legger."

Good roads, scenic theatres and its advantages of a summer resort are bringing more tourists to the Province of Quebec every year, said Dr. Desaulniers, president of the Canadian Good Roads Association, headed the advance delegation which arrived in the city late yesterday for the annual convention of the association to open here tomorrow.

MACHINE GUN BRIGADE. A communication has been received at local military headquarters announcing that an order will be promulgated in the near future stating that His Majesty, the King, has been graciously pleased to approve of the Canadian Permanent Machine Gun Brigade, bearing the title "The Royal Canadian Machine Gun Brigade."

BRIG. GEN. L. W. SHANNON, C. M. G., is one of the messengers on the R. M. G. P. Chaler, which is due here at 5.30 this afternoon. Until recently he commanded No. 1 Military District at London, Ont., and is returning after a trip to Bermuda. He will spend a few days in the city, the guest of Brig. Gen. A. H. MacDonald, C. M. G., D. S. O., general officers commanding this district, before proceeding to his home in London.

A SOLDIER'S WORK. A fully rigged and exceptionally well carved model of the Olympic is on exhibition in the window of Waterhouse & Rising, Ltd., King street. The model, which is so large that it almost fills the window, attracted much attention and elicited much favorable comment among the passers-by. It was carved by Private N. Hamm, late of the 29th Battalion, during his spare time.

BOUGHT MACHINERY. Thomas Stephen, of the Stephen Construction Co., has returned from Upper Canada, where he placed orders for about \$58,000 worth of construction machinery, including a complete asphalt plant, crushers, rollers, a key-stone excavator and other odds and ends of equipment. This company is waiting for a settlement of the power company to go ahead with the payment of Douglas avenue.

PLEASANT TIME. The King's Messengers held an enjoyable concert and tea in St. Mary's school room on Saturday evening. The programme was under the direction of Miss Annie Pail and Miss Ada Amland, and consisted of piano solos and duets, recitations and vocal solos. Those taking part were Misses Mary Seeley, Annie McCavour, G. Morehouse, Eleanor Carter, Vivian Crowfoot, Ora McHarg and Jack Gunn and Harold Goodwin. Mrs. Hatfield was in charge of the refreshments.

BY-LAW CASES. There were several by-law cases in the police court today. Wallace Johnston and Maurice Goll, H. J. Flemming, Thomas Stovrook and Harold Broderick were all reported for having no head or tail lights burning on their automobiles. A further charge of parking their cars for longer than the prescribed time in one place, was preferred against Mr. Goll and Mr. Stovrook, who were the only alleged violators of the by-law to appear in court this morning. All the cases were postponed until tomorrow morning.

As Hiram Sees It

Matter of Douglas Avenue and Hydro Distribution Before Council

Greatest Hold-up Says Commissioner Thornton—Veteran's Bonus for Former Employe—August 1 Suggested for Plebiscite on Harbor Commission—Tenders Opened.

Some rather severe criticism of the action of the New Brunswick Power Company in regard to the matter of the passing of Douglas avenue was expressed by some of the commissioners at this morning's committee meeting of the city council. Commissioner Thornton, of the public safety department, characterized it as the greatest hold-up which the city has experienced from the company. Both he and Commissioner Bullock, of the harbor department, were of the opinion that the question of the power company's new rails in Douglas avenue and of the city handing over the distribution of the hydro-electric power to the power company were two separate matters and one should not be allowed to influence the other.

Recommendations for the payment of a bonus to a former city employe for time spent overseas, the carrying out of improvements to North Market wharf, and the appointment of a pound-keeper for stray dogs, were passed, and harbor plebiscite again came up. Tenders for trench work for a water main in Winter street were opened.

W. C. Goodwin, who was in the employ of the city when he was granted a claim for a bonus of \$861.28. The mayor explained that the commission on public works was authorized to pay half pay to permanent city employes in the public works department during their service. Mr. Goodwin was on the North End survey on enlistment. His claim was for 20 1/2 months half pay, and the survey had been completed on March 15, 1917. Another employe, R. D. H. Wigmore, received his bonus of \$200.00 on December 1, 1914.

A report from the road engineer said that Mr. Goodwin was the first city employe to enlist for the war. He was granted the bonus had been paid to Mr. McManus and R. D. H. Wigmore, who had the amount paid over regularly each fortnight.

The mayor said the claim was just as the amount was paid over regularly each fortnight. He was suffering from neuritis.

On motion of Commissioner Frink it was decided to pay the amount due to Mr. Goodwin, the amount to be charged against general revenue. The road engineer said Mr. Goodwin had applied but the work he was on had been completed.

Tenders for trenching for a water main in Winter street were opened, and referred to Commissioner Jones and the city engineer for report. They were as follows:—

Rock Earth, Saab & Swanton ..... \$250 88c  
Cory & Simon ..... 250 88c  
Peter Arsenault ..... 200 88c  
A. Geo. Moses ..... 400 87c  
C. J. G. & Co. ..... 750 87c

One tender for filling for the ferry department was opened and referred to Commissioner Bullock. It was from J. A. Bonlay, Sayabec, Que., and was for sixty-five cents a cubic yard. The tender was accepted by the commissioner and received after the closing date was not received.

Replying to Commissioner Frink regarding the situation between the city and the N. B. Power Co. on the matter of Douglas avenue paving question, the mayor said the last word he had on the matter was that regarding the referring of the question to the engineers for report.

Mr. Thornton's Trip. Commissioner Thornton said he was disappointed at the display of pictures shown in Montreal of unloading machinery for dock terminals. He had an invitation from the Vickers Co. to lunch at the close of their operations for the filling and surfacing of North Market wharf from Nelson street to Market Square at a cost of \$7,000, and the double planking of the rest of the wharf at a cost of \$8,000. He suggested a bond of \$100,000 to be given to the Vickers Co. to be paid for out of harbor revenue. Carried.

Harbor Commission. Commissioner Bullock said he would prepare a resolution covering the question of a plebiscite on harbor commission and present it at a meeting tomorrow. His intention was to have the plebiscite taken on Monday, August 1, on this year's voting list. He moved that the matter of the plebiscite be brought up for reconsideration.

Commissioner Thornton thought no notice of motion should be given and no action should be taken.

HON. CHARLES MURPHY, K. C.

GREAT WELCOME TO JAPANESE PRINCE

Tumultuous Greeting for Hirohito in London

Full Honors of State Accorded Him—King at Victoria Street Station—Some Press Comments on Matter of Alliance.

London, May 9.—The capital of the British empire today accorded Prince Hirohito, heir to the Japanese throne, a tumultuous welcome on his arrival here for a visit to England. Full honors of state were extended to him, the occasion being the first for such honors to a visiting foreign dignitary since 1914. A bright day provided ideal weather for the function.

The prince, accompanied by the Prince of Wales, arrived at Victoria station on a special train from Portsmouth. He was greeted with cordial handshaking by King George, the Duke of Connaught and the Duke of York. The brilliant suite of British officialdom in attendance stood at salute while the bands played the Japanese anthem. Then, at the side of the king, in a state carriage, the crown prince was driven off through streets cordoned by troops and lined with cheering multitudes, to Buckingham Palace.

London, May 9.—In an editorial welcoming Japan's prince ambassador to England, the Observer yesterday referred to the Anglo-Japanese treaty as "an engagement to which civilization has owed much." The paper declared the treaty would be remembered as a landmark in the history of international relations. It said that the treaty was a proper subject for the consideration of the conference of empire premiers in June here, prominent Sunday newspapers, the Observer and the Sunday Times, publish interesting editorials arguing the need of effecting a new alliance (there is no noticeable change today in the condition of W. S. Loggie, M. P., who is seriously ill at his home here).

The Observer, alluding to certain American statements on the subject, says the first and most important step which will be satisfactory to both the United States and the dominions is a Japanese treaty would break up the British Empire.

None of the dominions, it says, would ever consent to support the mother country in any action against the United States in the interests of Japan, but on the contrary would feel bound to resist actively.

The Sunday Times, which has no connection with the week-day Times controlled by Lord Northcliffe, takes a somewhat similar view.

ONTARIO SOCIAL SERVICE COUNCIL. Reported Improvement in Matters of Threat and Motion Pictures.

Peterboro, Ont., May 9.—(Canadian Press)—At the annual meeting of the Social Service Council of Ontario the agenda calls for important reports of committees, recommendations and discussions dealing with the improvement of social conditions and child welfare throughout Ontario.

The report of the motion picture committee detailed extensive theatrical committee detailed extensive work in regard to objectionable features of all class of theatrical performances and movies, as well as bill boards and advertising. The committee reported a decided improvement.

Activity along this line was especially directed towards lessening the display of knives and guns, and nudity, also scenes of torture and violence, and scenes of ridicule of religious leaders and religious work.

WOULD BE BARRED. Halifax Football Players. Visiting Scottish Team and Amateur Rule.

Halifax, N. S., May 9.—Some of the association football players here, who were likely to be selected to play against the Scottish football team on May 18, having doubt as to whether they would jeopardize their amateur standing, N. H. Crow, secretary of the A. A. U. of C. Toronto, was communicated with. It only has been received that no amateurs can play with or against professionals at football, where gate money is charged or where gate money is taken up. He wrote that a bulletin would be issued by the Maritime Provinces notifying amateurs of such which will be the ruling for the future.

IN HONOR OF ST. JOAN OF ARC. Boston, May 9.—Cardinal O'Connell presided yesterday at a special mass in the Church of Our Lady of Victories, in observance of the feast of St. Joan the Arc. Abbe Theillet de Poucherville of Montreal preached the panegyric. French Catholics from all parts of Boston attended the services.

Halifax Player Hurt. Halifax, N. S., May 9.—Freddy McCrear, star centre half of the Shipyards football team, had his arm broken above the elbow on Saturday in an exhibition game of players trying for places on the Halifax team to play against the Scottish eleven. He collided with an opponent and sustained a double fracture.

MR. ROWELL'S COUNCIL. Hon. N. W. Rowell was one of the speakers at the convention ceremonies at Dalhousie University last week. In a brilliant address he commended to the graduates certain great national ideals or objectives which were thus stated:

1. The development of maintenance of a truly Canadian national spirit as opposed to sectionalism, whether geographical, racial, religious or occupational.

2. The development and maintenance of the spirit of co-operation between Capital and Labor on a just and equitable basis as opposed to class domination on the one hand or class conflict on the other.

3. The recognition and maintenance of the equality of status of the self-governing nations of the British Commonwealth and of the preservation of the unity essential to the strength and security of the whole.

4. The progressive development of our position as an interpreter and mediator between the British Empire and the United States, so that the Anglo-Saxon nations may heartily co-operate in promoting that peace, justice and ordered liberty upon which the future of our present civilization so largely depends.

5. Co-operation to the measure of our ability in supporting the League of Nations as the most hopeful and practical experiment so far devised by man for providing a substitute for war, as a means of settling international disputes.

6. These are noble ideals, and may well appeal to every young Canadian. There is a danger, however, that a truly Canadian national spirit in the maritime provinces may not flourish as it should because of the indifferent attitude of the rest of Canada toward the vital interests of these provinces.

7. Mr. Rowell in his address paid a splendid tribute to their contribution to the spiritual, intellectual and political life of the Dominion, but how will they themselves regard it if their only recompense is to be stagnation because of western disregard their just claims?

THE FARMER'S PROBLEM. Hon. George Langley of Saskatchewan recently told the Railway Commission at Regina that "farming in Saskatchewan cannot be made to pay at present respective costs of labor and transportation and the selling prices of agricultural products."

## RECENT WEDDINGS

A quiet wedding took place Saturday evening at 8 o'clock at the home of the bride's mother, when Miss Marjorie Oulton, eldest daughter of Mrs. G. F. Calkin, 109 Wentworth street, was united in the holy bonds of matrimony to Clifford Magnus Strauss, formerly of Los Angeles (Cal.), but now of Halifax. The ceremony was performed by Rev. I. A. Goodwin in the presence of immediate relatives of the bride. The bride was attended by Miss Jean M. Oulton, her sister, while Eugene Clayton Mitchell, of San Diego (Cal.) supported the groom. Following the wedding a sherry supper was served. Mr. and Mrs. Strauss will reside in Dartmouth (N.S.).

## RECENT DEATHS

**John Daley.**  
Many friends were sorry to learn of the death of John Daley, which occurred last evening at the home of his son, William B. Daley, Loch Lomond road. He was in his 72nd year, a native of Ireland, and for many years was a well known tenniser in St. John. The last few years he had spent with his sons. Besides Wm. B. Daley, he leaves another son, Joseph, in Halifax, and one brother, James, of St. John. Mr. Daley had been in failing health for some little time, and he passed peacefully away about seven o'clock last evening.

The friends of Mr. and Mrs. Howard Goldt will sympathize with them in the loss of their only child, Freda Margaret, who died yesterday after an illness of only two weeks. The funeral will be held from the parents' residence, 38 Waver street, on Tuesday afternoon at 2:30.

The many friends of James A. Kincaid will regret to learn of his sudden death which occurred last night at his home, 52 Delhi street. Although Mr. Kincaid had not been in good health for some time his death was quite unexpected. For more than twenty-five years Mr. Kincaid had been in the employ of the C. N. R. freight department and was appointed about six years ago. Besides his wife, there are left to mourn six sons, E. A. and C. R., of St. John, J. W., of New York, and Roy C., of Providence, (R. I.) and one daughter, Mrs. Charles Crawford, of Amherst.

Mrs. John McCrossin of Juniper, N. B., died in the Moncton city hospital yesterday after a short illness. She was sixty-four years of age, and was formerly Miss Annie Walsh of St. John. She leaves her husband, two daughters and six sons.

The death of Mrs. Stanley Keays, whose husband was formerly connected with A. L. Goodwin in the fruit business here, died recently in Boston, according to word received by Mr. Keays, who is now in Moncton. She leaves her husband and two young children.

## FUNERALS

The funeral of Mrs. Hazen J. Dick was held from her late residence, 114 Dale street, yesterday afternoon. The service was held in the house at 2:30 and was conducted by Rev. F. H. Bone. A requiem mass was celebrated at the cathedral during the service. The number of mourners was very large and interment was made in Fernhill cemetery.

## PRECAUTIONS WITH RADIUM

Paris, May 9.—Mme. Curie has left Paris for America, where she will receive a gramme of radium from her admirers. The famous scientist is accompanied by her daughters Eve and Irene, and Mrs. William Brown Meloney, editor of the Delineator.

Owing to the danger of the radium losing its power, great care will be taken in getting the gramme given to Mme. Curie to Europe. The radium will be dissolved in a solution of bromide and water. The solution will be placed in twelve glass tubes, in turn placed in a box of platinum and lead, which box will be deposited in a special room, into which no one will be allowed to penetrate.

Mrs. Meloney, who accompanies Mme. Curie to America, is head of the committee of women which organized the movement to present the precious substance.

## PUPILS TO READ NEWSPAPERS.

Chicago, May 9.—Teaching pupils to read the daily and weekly newspapers with economy and discrimination was outlined as a part of the new English programme of the National Council of Teachers of English, which was in session here recently. It was pointed out that the newspapers are the most powerful factor in forming opinion in a country governed by public opinion.

Dr. Stephen F. Heustis celebrated his eighty-sixth birthday yesterday at the home of Rev. G. F. and Mrs. Dawson, Exmouth street. He was the recipient of congratulations and gifts of flowers. He retired actively from the ministry fifteen years ago.

## MUST MARRY WESS TO WIN

London, May 9.—Bob Marks, a Birmingham furrier, who left an estate valued at over \$125,000, gave his share and interest in the business to three sons, but directed that "until my son Samson shall marry a Jewess of the Jewish faith and born of Jewish parents he forfeit his share."

## THE FORGOTTEN BEQUEST IN HIS FAVOR SHALL REACHED 7,000 SERMONS.

# "Gingham Week"

To Be a Big Feature at the "London House" Commencing Monday May 9th to 14th

The nearness of summer this season brings a much greater demand for yard gingham and gingham dresses.

With this point in view we have bought hundreds of yards of new fresh gingham which will be placed on sale at attractively low prices.

Gingham week will also have women's, misses' and children's gingham dresses at equally attractive prices.

## THE PRETTIEST OF SUMMER GINGHAM FROCKS ARE SHOWN THIS WEEK

"Gingham week" brings out a galaxy of summer dresses in all the freshness of fresh gingham.

The styles speak youthfulness and decided novelty in make up, for, above all other cotton dresses, the gingham frock needs to be well made.

Very pretty numbers in the small checks now so popular.

The new long-waisted effects are strikingly attractive.

Prices run from \$3.75 to \$19.75.

## GINGHAM HOUSE DRESSES.

Petty material and fresh for morning wear.

Assorted plaids, square necks—collars and cuffs trimmed with chambray, patch pockets. Sizes 36 to 44. Price, \$4.58.

Gingham house dresses, pink and blue check, reversible collar, pearl button trimmed, also straight line dresses. All sizes. Price, \$2.85 each.

## "GINGHAM WEEK"

The sight of these new, crisp gingham will make you want to try the needle into them the minute you see them.

A wonderful assortment of new gingham in numerous check and plaid designs in all the season's newest colorings, offering ample opportunity for favorite choice. Probably never was there a time when it was possible to secure such fine grades of gingham for such little prices.

## A NEW LOT OF IMPORTED SCOTCH GINGHAMS THAT ARE EXCEPTIONAL AT THEIR PRICES.

In plaids and checks, all the newest designs and colorings, especially fine cloth and absolutely fast in color; 27 inches wide. Special Price, 35c Yd.

Special gingham in a large variety of pretty checks and plaids in blues, pinks, grays, greens, etc.; 27 inches wide. Real fine quality gingham in plaids only; 32 inches wide. Special Price, 55c Yd.

Gingham in plain colors, green, tan, blue, mauve and pink, also a large assortment of plaids and checks in good colorings; 27 in. wide. Special Price, 25c Yd.

## STRIKINGLY PRETTY GINGHAM DRESSES FOR LITTLE SISTERS.

Little sister is just as finicky about her new dress as are the older members of the family. With this in mind we have selected a large and pleasing assortment of youthful models, fashioned of fine, soft gingham in the season's prettiest colorings. Plenty of styles to please the young miss at prices that will appeal to mother.

## CHILDREN'S GINGHAM DRESSES.

Round or square neck, some trimmed with embroidered collar, short sleeves, sash tie at back, all good colorings; sizes 8 to 14 years. Special price, \$3.98 Each.

Girls' gingham dresses, some made with vestee of pique, embroidered collars, short or long sleeves; sizes 8 to 14 years. Special Price, \$4.75 Each.

Girls' gingham dresses, some made with new overskirt, trimmed with patent leather belts, color combinations of pink, blue and yellow. Sizes 8 to 14 years. Special Price, \$5.98

Kiddies' gingham dresses with pockets, pique collar and cuffs, good plaid patterns, pink, blue, yellow checks. Sizes 2 to 6 years. Special Price, \$1.98

**HON. R. W. WIGMORE IS STORM CENTRE IN THE COMMONS**

**Wrote Letter to French Commission Soliciting Trade for St. John Firm — Writer Explains—Premier Sees no Offense in it.**

Ottawa, May 8.—The house of commons had twenty minutes of real sensation in its sitting on Saturday afternoon. It was the first Saturday sitting of the present session and it was dull in a discussion of estimates until Hon. Rodolph Lemieux, a veteran parliamentarian, threw a bomb into the calm. He read a letter written by the Hon. R. W. Wigmore, minister of customs and inland revenue, to the French purchasing commission. That letter was on behalf of the firm of Nagle & Wigmore, and Mr. Lemieux declared it a "blaring example of personal interest mixed with public affairs" and highly improper for a minister of the crown.

**Text of Letter.**  
Ottawa, January 18, 1921.  
"French Purchasing Commission, Care French Embassy, London, E. C., England.  
Dear Sirs—  
"I am informed that your government will have quite a few French steamers taking grain from the port of St. John (N. B.), Canada, this winter.  
"The firm of Nagle & Wigmore, of which I am a member are very anxious to secure this business. We are the largest firm of shipbrokers in St. John and have done a very large amount of business along these lines.  
"We have our own tow boats, tend to all stevedoring and all matters in con-

nection with a general brokerage business.  
"As you are no doubt aware, I am minister of customs and inland revenue in the Canadian government and I spoke to Sir George Foster, my colleague in the cabinet, who has returned from England, being Canada's representative at the League of Nations conference which has just been concluded at Geneva, and he advised me to write to you.  
"We are in a position to handle your business to your satisfaction and would refer you to the Bank of Nova Scotia as to our financial ability.

"I would very much appreciate your giving us your business.  
"Thanking you in anticipation,  
"I remain,  
"Yours very truly,  
"(Sgd.) R. W. WIGMORE"

The house was nearly empty when Mr. Lemieux started to read the letter from a photographic copy. It filled up suddenly, however. Mr. Wigmore looked uncomfortable and the prime minister came in hurriedly. "I consider this a matter on which the public should get an explanation," said Mr. Lemieux when he had finished reading the letter. "He speaks in this letter not only as a member of a private firm but also as a cabinet minister. He refers in it to a colleague who is the senior member of the government. I say that it is a matter of public issue whether a member of the cabinet has the right to use his position in this way to promote business for a firm with which until a few months ago he was connected."

"This letter emanated from the office of the minister of customs. It is written on the official paper. It is written by the minister and in the body he speaks as minister of customs. We want him to explain. He may have a very good explanation."

**Mr. Wigmore's Explanation.**  
Mr. Wigmore, rising, was applauded by the government members. "I am not surprised that the letter has been brought to the attention of the house. I want to say to begin with that I have received no help financially or otherwise from the firm of Nagle & Wigmore since I joined the government.  
"After being called into the cabinet,"

continued Mr. Wigmore, "I have received no benefit from the firm of which I was a member at the time. I wrote this letter not with an understanding that it would benefit my firm, but as I would have written it if I had been requested to do so by my honorable friend from Glace Bay. If he had come to me I would certainly have written it on his behalf. I mentioned my office as minister of customs only because I was

writing to this firm in England and they would not know who I was. That is just why I said I was minister of customs and inland revenue. I have received no benefit from the firm up to this time. I wrote the letter without an idea of securing business for my partner, but as I would for any other firm."

**Not With Firm Now.**  
Mr. Wigmore said he took office on July 14 but relinquished his connection with the firm about three months ago.

"The honorable gentleman has made an answer," said Mr. Lemieux, and we must accept it and I do accept it, especially that part where he admits that he signed this letter and mailed it. Comment is unnecessary. You can search the annals of British parliamentary government in Canada or in the mother country and I challenge anyone to find such an example of personal interest mixed with public affairs. I dare say that if the minister of trade and commerce knew that his name had been mentioned in the letter he would have disowned the author of the letter. It is highly improper for a minister of the crown to host his own private business while using the royal coat of arms and the official paper of the government."

Deputy Speaker Bolvin pointed out that Mr. Lemieux was bound to accept the statement of the minister that he was not interested in the firm.

Mr. Lemieux—"I accept the statement that I wrote the letter. As to the letter it cannot bear two interpretations. I will read it again."

H. H. Morphy (North Perth) rose to a point of order which was inaudible; but the chair ruled that the letter could not be read twice.

Mr. Lemieux replied that he could comment and by way of comment read a section of the letter again, when the minister of customs has written a most improper letter that should arrest the attention of the government. He promoted the interest of his own business."

H. H. Stevens (Vancouver) rose with another point of order.

"The honorable gentleman has no right," said Mr. Stevens, "to insinuate or suggest improper motives unless he is prepared to prefer charges of improper conduct on the part of the minister."

Mr. Lemieux replied that it was obvious that Mr. Stevens did not sympathize with the minister of customs and it was not clear why he had taken the point of order. Again the member for Mataneau called upon the premier to state his attitude.

"I am not able to be so profoundly moved by the letter to which the honorable gentleman refers," said Mr. Meighen, "as he seems to be. The letter was brought to my attention."

Here Mr. Lemieux sent the photographic copy across to the first minister.

**Mr. Meighen's Opinion.**  
Mr. Meighen: "Oh, I do not need to see it. The only reference to its position as minister is to explain how he came to write the letter and how the matter was brought to his attention by the minister of trade and commerce on his return from overseas. I really did not know it was a penal offence for a man writing a private letter to say that he was a minister to explain how he came to secure information."

"I tried to inquire in my own mind whether there was any motive that could be criticized as improper, and my imagination and ingenuity were not sufficient to enable me to see how there was any improper motive. If there had been any way in which as minister, he could have assisted, it would have been different, but there was no way in which he could do that. There was no improper motive either real or imaginary."

"It is not for me," he continued, "to approve or disapprove conduct, unless there was something in it inconsistent with the duties of the minister as minister. I must say I was not able to define that."  
The incident was then closed and Mr. Lemieux sent across the floor for the copy of the letter.

**DRIVER AND HORSE UNHARMED BY EIGHTY FOOT FALL INTO RIVER**

Ottawa, May 9.—Joseph Lefebvre, employed by the public works department as a driver, went over the big dump at the foot of Bank street with a horse and dump wagon, fell about eighty feet into the Ottawa River and escaped with a few bruises and a severe shock to the nervous system. His horse, after turning end for end once or twice and landing like a ton of bricks with the smashed wagon, in the river calmly swam from the scene of the accident a mile down the river where he was lassoed and brought to terra firma. He, like his master, showed no serious effects from the big fall.

**What's this 'Triplex' Stuff I Hear So Much About, Ed?**  
"THAT'S it, right there on that bicycle."  
"It's as simple as A. B. C."  
"But it means as much to a bicycle as the whole alphabet does to the English language."  
"How's that, Ed?"  
"Just this way—  
"The crank hanger is the power plant of your bicycle."  
"If your crank hanger turns just a little stiff or hard, that means more effort for you."  
"If the hanger develops those mean 'tight and loose' spots, it means more friction and less power."  
"But the 'Triplex' was designed and is built to overcome those faults."  
"It is made of such fine steel and to such close limits of accuracy that it always runs smoothly. It makes your bicycle run so easily you'd think you were riding down grade."  
"It takes a lot more time and better workmanship to construct such an accurate hanger."  
"Well, well! I never thought a crank hanger was so important. I see now that it is really just as important to have a good crank hanger on a bicycle as a good engine in a car."  
"That's right. The 'Triplex' is sure some power plant."  
"Were you thinking of buying a new bike, Charlie?"  
"Yes, I was thinking something about it, Ed. You know I bought a cheap one against your advice last year and I'm sick of pushing the old cart along. Besides, it's always wanting repairs."  
"What you need is one of those new C. C. M. Bicycles. They're built to stay out of the repair shop. I know of many C. C. M.'s that are giving good service after ten to fifteen years riding over all kinds of roads."

**SUNSHINE HOSIERY**  
WHEN finer wool can be secured; when better spinning and knitting processes are devised, it may be possible to excel the quality in these wonderful children's stockings.  
But it is not possible to-day.  
"Little Darling" for infants, and "Little Daisy" for children up to 12 years, are the best that can be made—a bold claim, but one that thousands of women will grant. Your own judgment will affirm it.  
Only fine Australian lamb's wool is ever used to make these soft stockings. If mothers have ever found it hard to procure "Little Darling" or "Little Daisy" hosiery, there was a good reason. Whenever there was a shortage of the proper wool, we had to make fewer of these wonderful stockings. No substitute has ever replaced that wonderful wool.

**Jude's and St. Mary's Celebrate Sixtieth—Archdeacon Raymond Speaks From Pulpit He Filled 32 Years—Other Church News**

The celebration of the sixtieth anniversary of St. Jude's church, West St., was commenced yesterday with holding of special services of thanksgiving and rejoicing both morning and evening. Congregations which crowded the church to the doors attended each service and the well trained choir led in singing of appropriate and stirring music with splendid effect. Rev. J. H. James, who has been the pastor since 1914, conducted the services. In the evening Rev. William Armstrong, grandfather of the first rector, was the preacher in the evening Bishop Richardson read a sermon on the basis of the words of the Church of England.

**St. Mary's Anniversary.** Services in St. Mary's church yesterday were joyful celebrations of the sixtieth anniversary of the church. The Rev. W. O. Raymond, who for thirty years has been rector of the church, was the preacher both morning and evening. He gave a hearty welcome. Special music was given by the choir and the service was a memorable one in the church's history. Rev. H. Taylor McKim, who has been rector since 1916, conducted the services. Throughout the week the church will be celebrating its sixtieth anniversary. The program includes a reminiscence when Archdeacon Raymond will speak, a congregational meeting, a special anniversary service and a reception for Archdeacon and Mrs. Raymond.

The evening Archdeacon Raymond read his text "Lord I have loved the place of Thy house and the place where Thy honor dwelleth." He read the marking out of the site of the church at St. Mary's forty years ago, after it had gone there as a recently ordained man. The speaker said that the erection of a church called for joy in its anniversary was worthy to be in remembrance. On December 30, 1861, the Archdeacon said he preached his first sermon in St. Mary's, which was at the foot of Portland street. Rev. J. Beaudry, who came here in 1868, was another leader of the church. He said Mr. Raymond's great-grandfather, going into details about St. Mary's since its erection, Archdeacon Raymond congratulated the congregation on its sixtieth anniversary.

**THIS IS BRUNSWICK WEEK**

**Will Place Any Brunswick in Your Home**

This week we are featuring "Brunswick Week," with the object of stimulating interest in this remarkable phonograph, and revealing the many exclusive features that have combined to make it such a desirable phonograph. Interesting exhibits are being presented, and attractive displays arranged that will make clear to the hundreds of visitors to our store the superior quality of this "Final Phonograph." And, as a climax to all this: As a means of enabling anyone—any home—to secure one of these phonographs without the usual cash outlay, we are offering this week only—a Special

**Deferred First Payment Plan**

**Why You Should Accept This Offer**

We have passed through a long period of inflation and extravagance, including lavish and extravagant entertainment. We are now entering a period where the healthy home atmosphere that makes for happiness, prosperity and security again holds chief place in the hearts of Canadian people. And our entertainments and pleasures will be more and more at home. There is nothing in the world that can bring so much sunshine, happiness and pleasure to family and friends, at so little cost, as a phonograph. And when you get a Brunswick, you get "All Phonographs in One." As a measure of true economy it will profit you to take advantage of this splendid offer and add music to your home.

of purchase through which you can select any model, any finish, of any Brunswick Phonograph from the big stock on our floors, with a payment of only ten dollars cash, and any Brunswick Phonograph you select will be sent to your home at once. One week later you begin to pay the small weekly payments and thirty days later the balance of the first cash payment is made. Under this plan, you get the benefit of thirty days in which to make the cash payment, while having the use of the phonograph at once.

For instance, if you selected the model 110 at \$205, the regular terms would be \$20.00 cash and \$10.00 per month, but under this plan you need pay only \$10.00 of the \$20.00 cash payment NOW; then \$2.50 per week, and thirty days later, the \$10.00 balance of the cash payment.

**Unlimited Selection**

Understand clearly that any Brunswick Phonograph we have (and we have them all) can be purchased on this plan by any responsible person. There are no reservations or conditions. Come in tonight, tomorrow, or any day this week, select your Brunswick, pay \$10.00, and it will be in your home the following evening. But also remember that this unusual offer is good for this week only.

**Why You Should Buy a Brunswick**

The Brunswick was the first and is still the only Phonograph BUILT to play all makes of records, as the maker intended they should be played. This is accomplished by the invention of the "Double Tone," which is a reproducer that combines the necessary features of the reproducers used for different records—all in one—including proper point, balance, diaphragm, and weight. A simple turn of the Ulton, without change of delay, converts the Brunswick from one system to another. It is a marvelous achievement.

Then, the acoustic qualities embodied in the Brunswick all-wood, oval horn (which is the only all-wood oval Phonograph horn) brings out all the delicate vibrations of tone that give music its real quality.

And the powerful Brunswick 4-spring motor that runs 37 minutes, without winding, ensures even running, less bother and much greater durability, so when you buy a Brunswick it is bought for all time. Finally, the Brunswick cabinets are masterpieces of perfection. In design, workmanship and finish they are superb, for the Brunswick Company have generations of experience behind them in wood-working craftsmanship, and unlimited timber resources for the selection of perfect woods.

It is this combination of qualities and features that have made the Brunswick the "Final Phonograph" all phonographs in one.

Brunswick Standard Phonographs range in price from \$80.00 to \$640.00, and the weekly terms are from \$1.50 weekly up.

May usually brings a lot of rain. Leaky roofs, poor gutters and down pipes should be renewed. Crown Mica Roofing makes a good roof. Clear Douglas Fir gutters and conductors are best for the purpose.

### MAYOR AND PEOPLE CLEAN UP STREETS

The idea of a "good road day" in St. John, advanced by its new and energetic board of trade, had its first try-out last Thursday and the citizens are satisfied that it was a good idea and well worth repeating. Business houses, schools and manufacturing places closed at noon and the afternoon was spent at work on the streets.

Mayor Fowler led off in the work and all were operating under the general direction of John E. McFaul, chairman of the board of trade. The Eastern Pulpmong Co., through its manager, Walker L. Cobb, donated use of its seven trucks and the following sent a truck each: J. H. Hanson & Sons, Arthur Brown, L. O. Sadler & Sons, Arthur Smith, Stewart & Co., W. R. Dresser and F. L. Stewart Furniture Co. Others furnished horses and teams. Hon. George A. Curran donated the gravel from the pit at Baring and Ernest Sherrard foreman for the Eastern Company, had charge of the fifty men at the pit who kept the supply going.

The chairman of the streets committee of the city council, lent valuable aid, together with the regular street employees. Loads were deposited all over the city and carried along by teams and wheelbarrows, to fill holes and level street sections. All worked with a will and the results show what can be accomplished by citizens enthused with civic pride.

### BOOZE, BONUSES, RURAL CREDITS AND EDUCATION

Resume of the Work of the Ontario Legislature at Last Session—The Second Longest on Record.

(Toronto, May 9.—(By Canadian Press)—Following a "long and tiresome session" as it was described by Premier E. C. Drury, the second session of the fifteenth legislature of Ontario concluded in the early hours of the last day of April. Opening on January 25, the House has been open 68 days which constituted the longest session but one in the history of the province. In the first year of the Whitney administration the Legislature closed after seventy days of session.

So far as the private members of the legislature were concerned probably the most interesting titbit of the whole session was when they voted themselves a bonus of \$600, entailing an expense of \$67,000.

Farmers have no cause to complain regarding the crop of legislation beneficial to themselves which they harvested.

Hon. Manning Doherty, minister of agriculture pilot three bills through the house establishing a system of rural credits by which farmers can obtain both long and short term loans. Then again members from rural constituencies may pat themselves on the back in the dying hours of the session for the government came across with a bill which provides for housing rural transmission lines for hydro power to the extent of not exceeding fifty per cent of the cost. This measure also provides that part of the revenue secured from water rentals at Niagara Falls may be used for the benefit of rural hydro consumers.

A novel feature of the legislation for

## BANK VIEW OF CONDITIONS IN THE DOMINION

(Canadian Bank of Commerce.)

Normally in May the influx of immigrant activity. This spring, however, the general decline of trade, varying in degree in different parts of the Dominion, has been a serious problem. The continued decline in price of agricultural products, and a situation abroad that has generally a substantial proportion of the available supply of casual labor, but so far this year this absorption has been below normal. There is little hope now of an early adjustment of wages and prices of building material to a level that will induce investment in new homes or industrial plants.

## IRON, STEEL AND MACHINERY MARKETS

In its summary of the iron, steel, metal and machinery markets for the week ended May 5, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:

Market conditions are not unkindly

## ONE YEAR BONDS

Many people have sums of money they intend to use for building purposes as soon as they consider conditions favorable. Others have amounts put aside for various projects which cannot be proceeded with at present. Such amounts cannot be better invested than in the Bonds of the Canada Permanent Mortgage Corporation, which are issued for one year, bearing interest at FIVE PER CENT, per annum, payable half-yearly. These Bonds are also issued for longer terms at a higher rate. As a security they leave nothing to be desired, and the rate offered is an attractive one for a short-date investment which cannot depreciate in value. The Corporation was established in 1855 and has been issuing these Bonds for nearly half a century. Further information gladly furnished on request.

any marked changes, either in iron, steel or machinery tools. Managers of many warehouses are kept in an anxious state of mind between reducing stocks in order to clear out high priced material, and, on the other hand, keeping the stock sufficiently well assorted to give service

to the customers that they must give in order to hold their place in the trade. Manufacturers in the iron and steel lines are in the same position. They must, of necessity, cut their overhead severely and at the same time keep up the nucleus of an efficient and effective organization for the time when the turn in business comes.

Most of the buyers of iron and steel seem satisfied that the present quotations on these lines are reasonable and should be the ruling figures of the market for some time to come. But that is not causing an increase of buying to any marked extent and the dealers state very frankly that they do not expect this to continue until the buyers find it necessary to buy for some definite manufacturing programme.

But there are some concerns that expect business as being very fair. They are securing some satisfactory orders and although the volume is not as great as a year ago by any means, they are satisfied with their progress.

Prices remain much the same in the steel trade locally and it is hardly to be expected that there will be changes for some time. There are variations in prices, but these come from dealers who still house more high-priced stock than they care to swing and they are letting certain tonnages pass out at a favorable figure to the buyer.

The scrap metal markets show no change. Dealers could probably secure contracts at today's figures, but they will not take them as they know it would be very difficult for them to get out and that the material necessary to fill them at today's prices. Those having scrap prefer to hold it than sacrifice at the figures of this market.

**CIRCULAR WAS  
DISPLEASING TO

**Sir Arthur Currie Speaks of  
a Sequel to Speech by  
Professor Leacock.**

Toronto, May 9.—Sir Arthur Currie, president of McGill University, and Lady Currie were guests of honor at the annual dinner of the Toronto branch of the McGill Graduates Society at Hart House, University of Toronto, on Saturday night.

The chief speakers were Sir Arthur and Sir Robert Falconer, president of the University of Toronto.

Sir Arthur Currie was quoted in an

interview here Saturday evening as stating that after Professor Leacock of McGill had spoken in this city against prohibition, previous to the referendum vote of April 18, Sir Arthur received a circular, apparently spread broadcast, urging Ontario parents not to send their sons to McGill "to be taught to drink booze."

Sir Arthur said: "I do not know who was responsible for that circular, but who ever it was, is one of the class that preaches temperance and is itself most intemperate in thought, speech and principle."

**THE SCOUTS.**

Owing to a slight error in computation the number of Boy Scouts taking part in the relay race on Saturday was incorrectly reported. As there was a nine-mile course there were eight boys to a mile, seventy-two boys took part, fifty-six from the city and sixteen from Biddlesby.

L. F. Kipp, teacher of the Goodfellowship class of the Central Baptist Church, was made a recipient of a pair of engraved gold cuff links yesterday at the conclusion of the session. Miss Bertha Brundage, the class president, made the presentation.

(Canadian Press Despatch.)  
London, May 8.—Elaborate entertainments in honor of Crown Prince Hirohito of Japan, who arrived at Spithead, Saturday, and who will remain in England, until the end of the month, when he proceeds to France, were held today aboard the Queen Elizabeth, flagship of Admiral Sir Charles Edward Madden, commander-in-chief of the Atlantic fleet, who was host.

**MORNING NEWS  
OVER THE WIRES**

Hon. J. E. Michaud, a member of the New Brunswick cabinet, was entertained in Quebec on Saturday evening by public men and intimate friends, most of whom were former college chums. The tone of the speeches was a plea for the fostering of friendly relations between the sister provinces.

Fire which broke out about 6.30 last evening in Maxwell, Ontario, caused a larger building destroyed was the hydro-electric plant, valued at \$16,000, the town hall and a hotel.

### "HALF A CHANCE"

Left to Drown Like a Rat in a Trap  
The ship was sinking. The water was rising. His hands were shackled to the beam. One chance in a million for him.  
But his faithful dog, catching the floating key tag in his teeth, gave him half a chance.  
You'll be thrilled at the surge and crash of the spectacular shipwreck action. Your blood will tingle at the man to man fight scenes.  
Your heart will go out to the man, who with Fate, friends and the world, except his dog, against him, beats his way back and up to the high places of life.  
You'll be carried away to the squalid underworld, the prize-ring, the water front, the court-room, the roaring ocean, the lonely island and to dazzling society.

We have shown some great pictures in the past few years, but we honestly believe that "Half a Chance" TOPS THEM ALL.  
It's the Season's Stupendous Sensation. So Powerful it will Leave an Indelible Impression on Your Heart.

## "THE FURNACE"

A Marriage Problem of Almost Unfathomable Depth by England's Mysterious "Masked" Novelist, "Pan."

AGNES AYRES as the bewitching but flippant English society bride.  
HANDSOME JEROME PATRICK, the wealthy Canadian groom—disillusioned.  
MANLY MILTON SILLS, friend of both, who is innocently involved.  
THEODORE ROBERTS, the blustering old dad of Milton's "own" girl.  
HELEN DUNBAR, the aristocratic mother in the case.

MAYME KELSO, as the "common person" in the matchmaking.  
ENGLISH SOCIETY at its most fascinating height.  
A WITLESS BRIDE who said the wrong thing at the wrong time.  
A SENSITIVE GROOM who felt there was no love in the union.  
CIRCUMSTANCES that fanned the flames of suspicion and hate.  
TREMENDOUS SCENES between all principal actors in the drama.  
THRILLING REALISM during gale and rain in the castle forest.

JUST A WORD IN FRANK SINCERITY:  
THE IMPERIAL HAS PRESENTED MANY SOCIETY PLAYS but "The Furnace" can honestly be given a place among the exclusively best-seller of the moment and enacted by a cast chosen for type and outstanding ability. It would be a loss to picture enthusiasts to have this feature close its engagement without being seen. It has been a success everywhere.

LOCAL NEWS

HOLY NAME SOCIETY. An exceptionally large number of men received Holy Communion at the seven o'clock mass in the Cathedral yesterday, which was the regular Communion Sunday for the members of the Holy Name Society.

NEXT SUNDAY'S ORDINATION. The ordination which will take place next Sunday at the 11:30 o'clock mass in the Cathedral, will be the first ordination at a pontifical mass in the city. Rev. Roy McDougall, of this city, will be one of these ordained to the priesthood.

CONDEMNNS EXTREME FASHIONS. In a strong sermon, delivered yesterday in the Cathedral, His Lordship Bishop LeBlanc condemned the extreme fashions of women's dress which are in vogue today.

ROLL-OFF TOMORROW. The first game of a series of three to decide the championship of the Y. M. C. I. House League will be bowled tomorrow evening, starting at 7:30 o'clock, by the Hawks and the Sparrows. Considerable interest is being manifested in the series and there is considerable speculation as to the outcome. The Hawks will line-up as follows: Reid, Covey, Power, Downing and Jarvis and the Sparrows: Copp, Smith, Gambin, Harrington and Brown.

SPOKE ON INDIA. Rev. J. A. Glendinning, a returned missionary from India, spoke at the evening services in Main Street Baptist church yesterday. He told of his work among the hill tribes known as the Savars and also with the Paivas and said that 600 had become Christians. Three churches were erected in their district and the work of educating them was progressing favorably. He also dwelt on the religious beliefs of the three classes, the Mohammedans, Hindus and outcasts. His discourse was interesting and was heard by a large congregation.

HIKER HERE. Another transcontinental hiker has reached the city on his way to the Pacific coast. This time it is John Trumbly of Sheet Harbor, Halifax county, N. S. To date he has been walking ten days, and has an average of twenty-eight and three-quarter miles a day. He arrived in the city last night at 8:30, and will continue on his way tomorrow morning. He is following the C. P. R. line. He is walking alone, and his objective is "Vancouver in five months." The objective of the other hikers is six months. He paid the hospitality of the people of the maritime provinces in the form of lodging. He had \$5 in his pocket, and has had to pay for only two nights' lodging. He will have a good time, advised by the mayor today and continue his long hike tomorrow morning.

WORK OF YEAR FOR ORPHANS

Protestant Institution Annual Meeting This Afternoon—A Review of Some Phases.

Reports covering the work of the year were presented this afternoon at the annual meeting of the St. John Protestant Orphan Home, held in the board of trade rooms. D. C. Clarke, the president, occupied the chair. In his report he sketched the work of the year and referred to the homes in British Columbia existing in the homes in Victoria, where West St. John, H. C. Rankine, the treasurer, submitted the financial report, and Miss Mabel Storey Smith presented the secretary's report.

The report of the standing committee was presented by the excellent way the year ended May 1, 1921, and said in part: "There are now in the orphanage street home forty-four children—twenty-two boys and twenty-two girls. During the year eighteen—twenty-five boys and seventeen girls, were adopted. Great credit is due Miss Frost, the matron, and her capable and efficient staff, for the excellent way the home has been conducted. There have been a few cases of contagious diseases, but for the most part the general health of the children has been good. In the West St. John home there are sixty-two children—twenty-five boys and thirty-seven girls. Included in these are nineteen babies—nine boys and ten girls. Nine children have been removed by adoption. The children were all carefully placed in the most part of the year, and every case the foster parents have expressed themselves as well pleased with the progress of the children. Several have been returned to the custody of their parents. Three deaths occurred, two in the General Public Hospital and one in the West St. John home.

Considering the number of children and the prevalence of infectious diseases, the mortality rate has been low. During the year there were twenty-seven cases of measles, twelve cases of scarlet fever besides some cases of chickenpox among the babies. The home is now free from contagious and general good health prevails.

There are thirty of the children in the public school and an effort is being made to have the school board establish a school in the home. There is at present a kindergarten in the home, which twelve of the children attend. The committee desires to place on record its appreciation of the unflinching zeal and energy of the matron, Miss Daws. The winter was a time of great anxiety with so much sickness about, but her energy was unflinching and no duty was neglected.

The committee is also indebted to many kind friends who have helped to give comfort and pleasure to the children. Their good work showed itself at Thanksgiving, Christmas and Valentine's Day, as well as in the picnics and entertainments in the summer time. In closing, special mention must be made of the cooperation of the members of the standing committee, and especially to the ladies who were always ready and willing to forego any other engagements to perform some duty for the orphans. During a large part of the year the committee was deprived of the counsel and assistance of Mrs. David McLellan who, through illness, was forced to give up for a time and leave the home. Her resignation to the committee will be welcomed and it is hoped that some place will be assigned her where the duties are less strenuous.

Her place has been filled by the addition of Mrs. F. W. Murray and Miss Mabel Smith, who have devoted much time and energy to the prosecution of the work. It is hoped that the incoming standing committee will be fully alive to the importance of the work, and that no dissensions will arise to mar the harmony of the all-important work.

LAST SPRING \$14.85 NOW ABOUT \$1.50

That Measures the Drop in Potatoes at Indiantown—Notes Along the River.

But for the rain and the chill in the air it was almost like a summer Monday morning on the steamer Occochee this morning as many city folk boarded her at Public Landing and points farther up, and at Carter's Point, Belyea's Point, Crystal Beach and Sand Point. They had been spending the week-end along the river. The Occochee brought down a considerable quantity of potatoes in bags. They are now worth about \$1.50 per barrel. Capt. Taylor recalled the fact that last spring two barrels were sold off this vessel at Indiantown at \$14.85 each. Potatoes sold at \$1.50 per barrel do not nearly pay for the cost of raising them at the present cost of fertilizer and freighting them to market.

All last week the northeast wind blew down Long Reach. There was a chill in its breath, especially at night, but nothing can stop the march of spring. Blossoms of the bilberry and red cherry were found at Public Landing yesterday, and in favour spots in the fields the dandelions were out. In more than one garden the peas are above ground. Blossoms of the native strawberries are plentiful. A warm rain will stimulate the growth that already has a good start for the season. It was perfectly delightful yesterday afternoon to sit on the sunny side of a house on the hill, having in front a deep, wooded gorge, and beyond it a hillside where field and wood, and partly overgrown pasture land showed every shade of green, and here and there the white of the birch trees and the crimson buds of the maple. The sunshine was very warm. Away to the left across the river and beyond the hills on that side of the valley, heavy smoke was rising, and the talk turned on forest fires. One of the party told how he, when a mere boy, years ago, in company with another boy, thoughtlessly set a fire that spread and did considerable damage in the woods. He said it was a lesson he had never forgotten, and he fully appreciated the value of the warnings given to all to protect the forests and the laws thereto pertaining.

A fishing schooner went up river last week. She had on board fresh cod and other line fish, as well as smoked herring. These were to be disposed of here. She returned with a cargo of potatoes for Grand Manan. Dull fish markets explain the presence of an occasional schooner seeking a market along the river.

But there are other fish. Late yesterday afternoon a motor car came in from lakes that lie miles back of the Landing. The party had quite a number of trout. Another party of half a dozen walked in after having whipped a nearer brook, where the fish, however, are very small.

AN IMPORTANT K. OF C. CHANGE

Separate State Council for Each of the Maritime Provinces.

A change in the higher jurisdiction of the Knights of Columbus in the maritime provinces is about to be effected. The three provinces are now governed by a state council representative of the three maritime provinces. Now the three will have their own separate state councils. That for Nova Scotia will be the first to be organized and this will be done tomorrow in Halifax by Dr. W. P. Broderick of St. John, at present state deputy of the maritime province. He will leave for Halifax today. At a meeting in Charlottetown on May 23 the Prince Edward Island state council will be organized, and that for New Brunswick will be constituted at a meeting to be held in St. John about a week later.

FOR ST. JOHN MAN WHO WAS WITH THE AUSTRALIANS IN WAR

The commissioner of the Commonwealth of Australia, 61 Broadway, New York, has addressed a letter to The Evening Times, advising that A. Williams of St. John, who fought with the 6th Battalion, Australian Infantry, has now swarming him in Australia personal effects and such medals as he may have won during the war. He asked to communicate with the commissioner, who has information that will interest him.

BASEBALL

In a nine inning game of baseball played on the Shamrock grounds on Saturday afternoon the Valley Stars defeated the Ames-Holden-McCreedy team by a score of 8 to 3. The hitters were: For the winners, MacMurray and Tower, and for the losers, Preston, Bonnell and McQuade.

MONTREAL STOCK EXCHANGE

Montreal, May 8.—The local exchange opened for the week this morning with a fair showing of activity. Prices for the most part were unchanged around their Saturday's closing levels. Abitibi was up a half point at 36, while Atlantic Sugar was weaker by a quarter at 30 1/2. Brompton was unchanged at 34 3/4. Breweries advanced a point to 47. Roll-don was unchanged at 25 1/2. Other leaders did not appear during the early trading.

An Important Showing of Bedroom Furniture

This store now shows a much greater variety of bedroom furniture than any one person would ordinarily care to see. There are types for every inclination and taste, and for every price limitation, and yet with all the comprehensiveness of the display, every single piece reflects careful, individual thought in selection.

All the popular styles are shown in the beautiful mahogany and walnut in the soft French grey, or ivory enamel or in pronounced colors with artist decorations.

And all are priced at a fair level of prices based on intelligent buying. It is most unusual to have such extensive selection available in furniture of this character you will find here.

Anyone interested in the acquisition of bedroom furniture will surely find advantageous to see our display. Comparison of values is most cordially urged.
