LAST DAY DRIVE FOR STATES THAT ARE DOUBTFUL

Ohio, Claiming Both Candidates, is One

As Usual, Both Major Parties in the U. S. Are Declaring for Victory Tomorrow—Women's Vote a New Factor.

New York, Nov. 1.—With the opening of the polls less than 24 hours away, both Republican and Democratic headquarters early today look up the states which will carry them to the final scene of the presidential contest tomorrow, either to victory or defeat.

"Cox and Roosevelt will win," declared George White, Democratic National chairman. William H. Hayes, leader of the Republican forces, translated his expectations into figures, expressing the conviction that Harding will have no fewer than 868, probably 895, electoral votes out of the possible 531.

Interest in the last day of the campaign centres in the final desperate attempt to bring over the "doubtful" states with large electoral votes to deliver, or to save United States senators in other doubtful states where the electoral vote is not large enough to be indisputable.

Other states where the eleventh hour contest is intense, with both parties sanguine of success, are Arizona, Kentucky, Maryland, New Mexico, Tennessee, North Carolina and Oklahoma. All these, as well as Ohio, are claimed by both Republican and Democratic forces.

Second only in interest to the outcome of the voting is the subject "what will the women do?" Leaders of both major parties disclaim possession of advance information on what is to be expected of the new class of voters exercising their franchise in all the states for the first time.

Speculation in ordinarily well informed political circles centres about the numerical proportion of voters who will vote tomorrow in comparison with the male vote, section distribution of the woman's vote, and the possibility of its being as independent enough to overthrow tables of election probabilities compiled over a period of years in which certain states have been normally inclined to one political faith or the other.

The Socialist party has made claims for the largest proportionate women's vote. With the new voters properly belonging to the party added to non-Socialists who, they say, will vote the ticket in protest against the imprisonment of the party's presidential nominee, Eugene V. Debs, the Socialists predict a vote of at least 8,000,000. In 1916 the Socialist vote was less than 600,000.

ONE IS KILLED BY AUTO; ANOTHER BY MOTOR CYCLE

Kitchener, Ont., Nov. 1.—Albert McGrother of Waterloo, was struck by an automobile on Saturday and instantly killed. Hans Hahn, the driver, was arrested and charged with manslaughter. Mrs. Edward Ludwig, of Kitchener, was also killed on Saturday when a motor cycle which had collided with another motor cycle, became riderless and crashed into the sidewalk, hitting Mrs. Ludwig. Walter Heiser and Wm. Schaeffer, drivers of the motor cycles, were placed under arrest charged with manslaughter.

TO WORK FOR OLD AGE PENSIONS BILL

Toronto, Nov. 1.—Dr. H. A. Stevenson, M. P., for London, in speaking on Saturday night in support of the candidature of James Higgins, soldier-laborer candidate in the Northwest, Toronto, said that the labor group in the legislature intended to make an effort to secure an old age pensions bill so that men who had worked a lifetime without a mark against them could spend their years in comfort.

AUTOMOBILE CASE

A by-law case against J. M. Queen, charged with exceeding the speed limit in Main street, knocking down and injuring Robert J. Tomlinson, 382 Main street, as he was about to board a street car, on October 25, was resumed in the police court this morning. Mr. Queen, 147 Miles Trafton and Kenneth Burton, who were in the car at the time, gave evidence. They said Mr. Queen made every effort to bring the car to a stop by applying the brakes. They said the car was not going at a high rate of speed. L. W. Nickerson also testified. He said the automobile must have been going at a low rate of speed in order to stop so quickly on such a sticky street. The case was postponed until next Monday afternoon at two o'clock. W. B. Wallace, K. C., was the counsel in the case.

MAY RESUME WORK IN LANSDOWNE AVE

Difficulty Over Encroachment Being Adjusted.

Payment of Overtime at City Hall to be Discontinued—Question of Taxation of Cold Storage Company—Further Report on Visart Street Water Extension.

It was reported at this morning's committee meeting of the council that the matter of an encroachment on Lansdowne avenue which had caused Commissioner Frink to call off all work in that street until the matter was adjusted, may be settled in the near future and allow the commissioner to proceed with the work planned. The mayor said that he understood the parties had practically reached a decision. Commissioner Frink reported that he had not completed the sidewalk and was ready to go ahead with the roadway and with the number of unemployed in the city he would like to go on with the work, but was restrained from doing so by the action of the council recently.

On the mayor's recommendation an amount of \$450 for overtime, put in in the assessors' office during the issuing of this year's assessment was passed. His recommendation was that the city should be allowed to pay overtime next year would be included in the regular salary of city hall employees. He expected that there would not be any extra time next year, on account of the purchase of additional equipment.

Commissioner Bullock moved that on recommendation of Commissioner Thornton permission be granted to A. W. F. Powell to install a gasoline tank at 80 Cliff street. Mr. Bullock suggested that in future a charge be made for the issue of these licenses. The motion carried.

Regarding leases and purchases of city property, Commissioner Bullock said that at times the people concerned do not make payment and take up space. He moved that a deposit of \$10 be made when application is made for lease or purchase, the amount to be applied to the purchase price. If not taken up within sixty days the amount is to be forfeited and the motion granting the lease or sale cancelled. The motion carried.

The Assessment Act. Commissioner Frink said that the N. B. Cold Storage Company paid a tax bill last year and later, on motion of the council a refund was made. He said that the company from taxation except school taxes and water rates for ten years from commencement of operations. This arrangement expired in 1917. It was said that this property was crown property and exempt from taxation. The commissioner said that it was certain that the company was not paying school rates and he thought they should be asked to do so. He said if the company was a crown property the account would be by the auditor-general at Ottawa. He moved that the mayor get information from the auditor-general as to the status of the company.

The commissioner said the C. P. R. paid the taxes last year and there was evidently intervention and the refund was made. He thought it was time that the city looked into the matter.

Commissioner Jones said the company was paying one cent a barrel gallon and the revenue was \$4,500. The motion carried.

Renewal of the following leases for seven years from May 1, 1920, was authorized: Lot 281 and part of lot 280, Prince ward, to G. A. Knodell, \$4,000 a year; Lot 8, Lancaster, G. J. Tipples, \$25 a year; Lot 5, Lancaster, No. 1, Surinder Lodge, \$1 a year; Lot 16, Lancaster, Samuel Miller, \$23.62 a year; Lot 2, Lancaster, O. D. Hanson, \$25 a year; Lot 1055, Dukes ward, S. J. Gilles, \$50 a year.

It was also agreed to cancel the order in council granting a fee simple for \$500 to Stephen Doyle of lot 15, Lancaster, and to issue renewal of lease for seven years from November 1, 1917, at \$20 a year.

Commissioner Jones asked for permission to purchase a 36 inch Venturi meter at a cost of \$4217, and two water recording devices at a cost of \$1,100 each; these amounts being covered by the bond issue authorized for the Spruce Lake extension. He said it was his intention to transfer the 24 inch Venturi meter now in service in the vault near the Catholic cemetery on the Loch Loche road to the West Side service, and abandon the vault near the cemetery and install the new 36 inch meter near the Little River reservoir. The new registering devices are to be used in connection with the two Venturi meters transferred to the west side. On motion of Commissioner Bullock the matter was laid over until more information as to the bond issue could be brought in.

Visart Street Water. Commissioner Jones reported that to supply water to the residents of Visart street and vicinity via the old Adelaide road it would be necessary to lay an 8-inch diameter of 800 feet, at an estimated cost of \$4,550. There are fourteen families who have to carry water from a free by-land and under the proposed extension only seven will be able to be connected. The engineer estimates a return of \$85 a year, but the commissioner thought it would not be more than \$36.20 unless modern sanitary arrangements were installed, which was not in at the same time. This would cost an additional \$2,200 if laid at the same time.

As a bond issue would be required if

As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to the Times reporter, "I went up to the hospital of yesterday to see a man, an' it set me thinkin' Mrl. T're a lot o' folks up there. All night long, while the town's a-sleepin', them soft-footed nurses is goin' round with a bright eye an' a pleasant smile drawin' on their own nerves to cheer up folks that ain't got much nerve o' their own left to draw on. Mister, I'm glad they're gonto hev a home fer them nurses where they kin rest up when they ain't workin'. I guess mebbe we don't know how much a good nurse is worth till we hev four walls an' a ceiling to stare at an' ain't quite sure what's gonto happen next."

"Hiram," said the reporter, "for many years, late at night, I have seen the lights in the hospital windows up there on the hill and it has never failed to move me to serious reflection. The folk who dwell in the halls of pain are always a challenge to frivolity. They do not ask us to grieve for their sake, but we ought to remember—and be kind."

"Well," said Hiram, "we ain't as kind as we might be. An' the kindest thing some people could do is to stay away from anybody that's down sick. I've heerd folks come to see me with faces a yard long, an' a line o' talk that 'ud make a fadin' spell a blessed relief. But up in that hospital yesterday I jist felt as if I'd like to hev time to go round an' ask a lot o' people if the was anything I could do fer 'em. Day an' night—eight an' day—they must be mighty lonesome fer the voice an' the hand of an old friend—Yes, sir."

HOW HAS 39 SHIPS IN FLEET

Report on Australian Government Shipping—Year's Profits £220,000.

Ottawa, Nov. 1.—(Canadian Press)—The government of Australia now has a fleet of thirty-nine steamers, aggregating 158,488 tons, and an extensive shipbuilding scheme is being carried on, which will result in considerable additions to this fleet. Mr. Ross, Canadian trade commissioner writing to the Weekly Bulletin of the department of trade and commerce, states that the Australian government has announced that the primary object in establishing the fleet is not to make profits but to prevent Australia being isolated through the world's shipping disruption brought about by the war.

Sixteen of the vessels now being operated are requisitioned ex-German steamers with an aggregate tonnage of 77,746 tons. The net profits of the steamship service for the year 1919-1920 are estimated at £220,000.

REDS OCCUPY SOME IMPORTANT CRIMEAN POINTS

London, Nov. 1.—Several important towns northeast and northwest of the Crimean peninsula have been occupied by the Soviet Russian forces as a result of hard fighting along the Black Sea front, so it is announced in an official statement from Moscow dated Sunday. Among the places occupied are Perekop, Melitopol, and Sakadovsk.

The capture of Melitopol by the Bolsheviks represents an advance of about seventy-five miles south from Alexandrovsk, on the Dnieper, which Sebastopol despatches last week announced had been evacuated by the forces of General Wrangel, anti-Soviet commander in chief in South Russia. Perekop and Sakadovsk lie to the east of the mouth of the Dnieper, on the Gulf of Perekop, northwest of the Crimea.

Constantinople, Nov. 1.—Anti-Bolshevik forces commanded by Gen. Baron Wrangel, are reported to have evacuated Alexandrovsk, an important city on the Dnieper river, about fifty miles south of Ekaterinoslav, a town on the northern shore of the Sea of Azov, as a result of the general offensive that has been launched by the Soviet forces.

Warsaw, Nov. 1.—The council of ministers has agreed to a plebiscite under the control of the league of nations to determine the status of the Vilna district.

the project was carried out it was decided to leave the matter over until the return of Commissioner Thornton. In the meantime the mayor and commissioner decided to visit the area to look it over.

ATTACKS ON POLICE AND MILITARY

Further Troubles in Ireland Reported

Demonstrations and Services in Several Places on Sunday Following Death of Lord Mayor of Cork.

Dublin, Nov. 1.—There were at least fourteen separate attacks on the police and military in the west and south of Ireland on Sunday evening.

In these attacks six of the police were killed and eight others wounded. One member of the military and one naval man were wounded. One civilian was killed.

Dungannon, Ireland, Nov. 1.—This town, located in Central Ulster, spent a terrifying night as a result of reprisals following the wounding of a constable during an attack on a police party by civilians yesterday.

Police and men armed and disguised visited the town and discharged bombs and firearms in many business houses owned by members of the Sinn Feinn. Several places were wrecked and many families fled to the country for safety.

Keven Barry Executed. Dublin, Nov. 1.—Keven Barry, a medical student, was executed at Mount Joy prison this morning for taking part in an attack on a military escort here during last summer. Barry was charged with murder as two British soldiers were killed during the fight.

When the hour of execution approached, nearly 1,000 persons prayed outside the prison, continuing until after the young man had been pronounced dead. Armored cars guarded the street before the prison. Barry's mother declared last week she was proud her son was "dying for Ireland."

Sergeant Shot. Dublin, Nov. 1.—A constabulary sergeant was shot on Saturday night while patrolling a street at Tallaght. He is not expected to live. The person who fired the shot is not known.

Parade in Halifax. Halifax, N. S., Nov. 1.—At a mass meeting last night resolutions of sympathy were ordered forwarded to Mrs. Muriel MacSwiney, widow of the late Lord Mayor MacSwiney. Later there was a parade of 5,000 to the St. Mary's cathedral where Archbishop McCarthy officiated.

W. A. Hallisey was in the chair. A resolution protesting against the attitude of the British government with regard to Ireland, and expressing condolence with the people of Ireland for their sufferings, was passed. A cablegram addressed to Mrs. Terence MacSwiney and to the deputy lord mayor of Cork expressing their sympathy in the death of Terence MacSwiney and MacArthur.

In Quebec. Quebec, Nov. 1.—Nearly 1,000 Irish and French Canadians carrying Sinn Feinn colors marched yesterday to St. Patrick's church where solemn grand mass for the repose of the soul of Terence MacSwiney was celebrated.

10,000 in Washington. Washington, Nov. 1.—Fully 10,000 Irish sympathizers paraded here today in tribute to the late lord mayor of Cork. A symbolic hearse, draped with the colors of the "Irish Republic" and the United States flag and surrounded by twelve pall-bearers added solemnity to the quiet procession. At the American League baseball park they cheered the plea of speakers that "MacSwiney's sacrifice should not be permitted to have been made in vain."

New Haven, Conn., Nov. 1.—More than 6,000 men and women, all wearing mourning bands on their sleeves, paraded here yesterday as a tribute to the late mayor of Cork. Services in St. Mary's Catholic church followed in the afternoon.

Chicago, Nov. 1.—Amid the funeral cadence of brass bands, a procession of thousands of people moved down Michigan Boulevard yesterday in a memorial pageant "to the spirit of Terence MacSwiney."

San Francisco, Nov. 1.—A funeral procession followed by a low requiem mass in St. Mary's Catholic Cathedral was held yesterday in memory of the late Terence MacSwiney. The procession was led by uniformed sailors and marines in full dress.

Los Angeles, Nov. 1.—A mass meeting in memory of Terence MacSwiney was held yesterday following a procession in which members of various societies escorted a black draped casket on a caisson.

COMMANDER OF ORDER OF ST. GREGORY GREAT IS DEAD IN QUEBEC

Quebec, Nov. 1.—In Levis on Sunday Alphonse Desjardins, Commander of the Order of St. Gregory the Great, died at the age of 68. He was the founder of "La Cause Populaire" in America. He was a former newspaperman and was for years official Hansard stenographer at Ottawa.

REDS PROTEST SEIZURE OF SHIP BY BRITISH

London, Nov. 1.—The Russian Soviet government, says a Moscow despatch to the Daily Herald, has made an indignant protest to Great Britain over the seizure of the Helian steamer Ancons which was reported on Oct. 29 in a Daily Herald Moscow despatch. The vessel was bound for Novosibirsk with the cargo of brass bands, and according to the warships, was taken to Batuk

**MAE EDWARDS
COMPANY TO OPEN
ENGAGEMENT HERE**

AT THE QUEEN SQUARE THE-
ATRE TONIGHT.

Mae Edwards and her popular com-
pany will open an engagement tonight
at the Queen Square with the big New
York success, "Just Mickey." Also they
carry high class vaudeville which will
be seen between the acts and as a special
feature an eight-piece jazz orchestra.
What the New York papers say about
this company:

"Just Mickey," an Exceedingly Bright
and Entertaining Three-Act Comedy-
Drama, Delights Big Audience.

With a company far exceeding that of
last year in every way and a repertoire
of bright new dramatic successes and
vaudeville of the top-notch variety, and
plenty of it, and a lively jazz band of
eight pieces which rendered decidedly
captivating music, the Mae Edwards
company carried all before them as far
as entertainment triumphs go.

Their opening bill last night was en-
titled "Just Mickey," a three-act com-
edy-drama, which was a real treat from
start to finish.

Miss Edwards certainly has succeeded
this time in getting a first class aggre-
gation of players, and in this breezy
little drama which was devoid of all the
questionable features of the modern
problem play, the audience were as fully
satisfied and it is safe to say far better
pleased than they would have been had
the play been of the other class named.

A play which will furnish a large
order of clean merriment is the kind
which the public appreciate and the
audience of last night certainly had their
share of this, for Miss Edwards as the
inimitable "Mickey," furnished more
laughs to the square yard than any
player seen here for some time. Her
acting was excellent and vivacity was
portrayed in her every word and action.

Other members of the cast were Jack
Werner Corbin, who in the role of a
novelist was splendid, and particularly
good also was the character of Israel
Putman as acted by Harry Stuart, Misses
Gertrude Riggs and Elythe Lee ably
sustained the other female roles, while

**BRIGHT ACTS
END TONIGHT**

Popular Week-End Bill at
Opera House Again To-
night—New Programme
for Tuesday.

The week-end bill at the Opera House
will be terminated today. The acts have
been greatly enjoyed by large audiences
and will undoubtedly prove enjoyable to
many planning on seeing the programme
this evening. It includes the last chapter
of the motion picture serial "The Third
Eye," Van and York, in comedy singing
and amusing antics; Sahara, "The Play-
sical Culture Girl," in some real good
acrobatic feats; Al Conrad and Com-
pany, in a bright musical skit which has
been making a big hit; The Cann Duo
in a comedy variety offering, and the
Russells in comedy songs and breezy
chatter.

The new programme for Tuesday af-
ternoon and evening will be as follows:
—Fennell and Tyson, in comedy songs
and dances with some original odd bits;
Marie Sparrow, in "Just Nonsense";
Billy K. Aloha and Girds, in Hawaiian
songs, character dances and instrumental
selections; Furman and Nash, "scoring
touchdowns on the gridiron of song";
McTae and Clegg, in a comedy cycling
offering and sensational riding. There
will also be an episode of "The Silent
Avenger," featuring William Duncan.

PALACE THEATRE

Anne Cornwall in "The Girl
in the Rain."

The Heavens opened and the weeping
world about them seemed more brilliant
than the dawn. A fire roared merrily up the broad
chimney and tenderly he held her close.
... closer, until she became a part
of his soul.

Out of the storm she had come to him,
this whisp of humanity. What mattered
it be she ragamuffin or to culture born?
And so she remained. She had taught
him the language of another world...
a world of love.

But their paradise was short-lived.
One day he heard a shrill cry, a cry of
fear, of anguish. When he reached the
house she had gone, fleeing into the
rose-scented night. The men had come
in search of her told him she was a
thief, that they had come to take her
to prison and where his wisdom be-
lieved, his heart cried aloud, "It is false."
Who was she? Did he ever find his
ideal woman again? See Anne Cornwall
in "The Girl in the Rain" at the Palace
Theatre tonight.
The eighth episode of Universal's
startling serial "The Great Radium
Mystery" will also be shown. Two
shows nightly at 7 and 8.30.

**Try This Way of
Making Liquid**

KLIM

READ the label on the tin for pro-
portions, pour fresh water into a
fruit jar, add the KLIM, then
shake the jar for a moment or two. In
actual practice, this method is the
quickest and most convenient way of
making liquid KLIM in whatever quantity you re-
quire. If you make more liquid than is needed for
immediate use, leave the balance in the jar and put
in a cool place until required. Keep the jar handy
to the Klim tin and you can quickly make a supply
of liquid separated milk that has the fresh flavor so
necessary in getting the best results from your
favorite recipes.

Good cooks recognize the advantages of Klim.
It guarantees a reliable supply of fresh pure sepa-
rated milk at all times and under all conditions. It
eliminates waste. It saves the ice bill and is not
affected by variable weather conditions.

KLIM is packed in three sizes, the half-pound
tin is a splendid "trial package," or for use at a pic-
nic or on a day's outing. The pound tin makes four
quarts. The big ten-pound tin is the favorite for
family use—it is the economical size to buy. Order
from your nearest grocer.

Better Homes Furnished

Mean greater happiness. Beautiful furniture brings an
atmosphere of cheerfulness and brightness into every room.
If your home is poorly furnished you may not notice it, but
other people—neighbors and callers—have noticed the old
shabby furnishings, and have perhaps drawn wrong conclu-
sions. They have thought the owners couldn't afford anything
better. No one wants such wrong impressions carried away
from his or her home.

Let us show you our large stock of fashionable furniture
in the latest styles.

TOMORROW'S ELECTION

The general expectation appears to be that Senator Harding, the Republican candidate, will tomorrow be elected president of the United States. It is conceded that there is a better chance of getting the United States into the League of Nations by electing Gov. Cox, but on the other hand it is held that his promise to bring the case of Ireland before the League of Nations would involve the country in very serious trouble.

Dr. Carter would have school trustees hold conventions, to discuss educational problems, and it is a valuable suggestion. They should be quite as much interested in getting together as teachers have in forming associations.

What awful possibilities of evil there might be in such meddling, we do not imagine that Mr. Cox has ever given himself the trouble to consider; if he were actually in the White House he might see the wisdom of carrying out the promise.

In the opinion of the Weekly Review the great question is: "Which are you more willing to trust in the general conduct of affairs, Harding and the Republicans or Cox and the Democrats?"

The Democratic candidate will have the benefit of the support of some influential Republicans who regard the League of Nations as the supreme issue, and as much labor support as Mr. Gompers can rally to that standard; but there appears to be a feeling that the majority of the people have more confidence in Republican leadership during the next four years, which may be so eventful in world history, than in the Democrats.

And President Wilson has managed so great a feeling of antagonism against what is termed "Wilsonism" that many will be influenced by it more than by any consideration of the merits of the rival candidates for the presidential office. The supporters of Harding insist that the Republicans are committed to an honest endeavor to bring about international co-operation in the interests of world-peace, and they assert that Harding is more dignified, sincere and impressed by a solemn sense of responsibility than is Cox, who is described by one critic as "ignorant and yet self-confident, bold rather than brave, and clearly displaying the instincts of a demagogue."

It is admitted that during the latter part of the campaign Cox has gained strength enough to inject an element of uncertainty where at the outset there was complete confidence on the part of the Republicans, but the betting in Wall Street has consistently remained at heavy odds against him.

SCHOOL PROBLEMS

Touching the matter of teachers' salaries and the situation of affairs in relation to New Brunswick schools, a very interesting address was delivered by Dr. W. S. Carter, chief superintendent of education, at a Teachers' Institute in Moncton last week. There was, he said, a wide shortage of teachers in the province generally. That condition is not improving is shown by the fact that the attendance at the Nova Scotia Normal School is only half that of last year and at our own Normal School in Fredericton only two-thirds of last year's enrollment. Thus if salaries were increased at once to a scale that would attract student teachers it would take some time to relieve the shortage of teachers. In the west the plan of providing a home for the teacher is growing in favor. In this province a minimum salary should be fixed, and the pension for teachers should be made larger and its scope widened. At present four hundred dollars is the maximum pension, but that amount now is not as good as \$200 was a dozen years ago.

Dr. Carter paid Moncton the tribute of saying that it sets the highest salary standard in the province, more than one thousand dollars per year. Incidentally he observed that there should be more male teachers, but this is obviously impossible with the present scale of salaries.

Dr. Carter urged the need of a more satisfactory compulsory attendance law for the province, and this is a matter the legislature should deal with as soon as possible. There are far too many illiterates, and too many who can barely read and write; who too many boys and girls leave school before they have passed the fourth grade. It is for the legislature to remedy this very undesirable state of affairs.

One other important matter touched on by the chief superintendent is that of classes for defective children, such as they have in a number of Canadian cities. Dr. Carter estimates that there are about sixteen hundred feeble-minded persons in this province, many of whom are a menace to the community. This number would presumably include dull persons as well as children, but is an extremely moderate estimate. There are many hundreds of children who are mentally defective, and who

cannot make progress in school as rapidly as those who are normal. Separate classes for those who are capable of instruction and entire segregation for those who are hopelessly feeble-minded, are necessary reforms in our existing school system.

Dr. Carter would have school trustees hold conventions, to discuss educational problems, and it is a valuable suggestion. They should be quite as much interested in getting together as teachers have in forming associations. Such conventions have been held in the west, with great benefit to the cause of education. The greatest benefit would be derived by the communities which have small schools, especially those in the more remote sections. In these there is a tendency to under-rate the value of the school, and contact by the trustees with those of larger communities would be very helpful in giving the former a new point of view. Of course, at the base of all progress is the interest of the parents in general in the education of their children, and it must be said with regret that in city and country this interest is never as active as it should be.

THE STRUGGLE IN RUSSIA

Being no longer compelled to battle with the Poles, the Soviet government of Russia has launched a great offensive against Gen. Wrangel in Southern Russia. Whether the Reds are in a position to carry on a prolonged offensive, and whether Gen. Wrangel is in a position to get the necessary supplies to keep the field in a winter campaign are questions which at this distance cannot be answered. The Red forces are said to outnumber those of the latter's vicarious Wrangel, but it may well be doubted, in view of the conduct of their troops on the Polish front not long ago, whether their fighting quality equals that of their opponents. And yet, disaster to them in the south would be a terrible blow to the ambitions of Lenin and Trotsky. The progress of the conflict will be watched with the keenest interest.

The character of the present government in Russia is described by Dr. L. Haden Guest, joint secretary of the British Labor Delegation to Russia, in the London Times as follows:

"Soviet Russia is ruled in fact by the so-called 'political five' (Lenin, Trotsky, Stalin, Kamenev and Kristinsky); its decision is absolutely final. This 'five' hampered neither by the control of any representative institution nor by any action of independent democratic organization, nor by criticism of free press or free word, are indeed omnipotent, but such revolutionary absolute power shares the general sad fate of every absolute power. Omnipotent as far as the masses are concerned, omnipotent with respect to the workman or peasant as well as any bourgeoisie, it is impotent as far as bureaucracy goes, and again particularly its military and police services, on which the 'five' are forced to rely for the fulfilment of its dictatorship. None of the best intentions of the men in power can be here of any avail. Absolute power at the top automatically creates absolute power of the worst kind at the bottom. And one must acknowledge that all kinds of arbitrariness, violence, bribery, and simple robbery bloom in Soviet Russia. Desperate efforts of separate groups of honest true Communists are drowned in this endless sea of millitistic and police corruption. Such is, in short, the real aspect of the theory and practice of the Soviet system. Whether the tendency towards concentration of power will go further still, only the future can say. We are, at any rate, a long way off from the 'Bourgeois superstition' of liberty, constitutional democracy, and workers' control. How near we are to a Napoleonic era is a matter of speculation."

The affairs of the General Public Hospital are not satisfactory. There is lack of harmony between the hospital board and the general body of physicians. The institution has lost three of the most experienced members of its nursing staff who have gone to better salaried positions elsewhere. For a number of years there has been dissatisfaction with the present system of management. This state of affairs should be terminated and the hospital standardized. The first step would appear to be a thorough inquiry by competent authority into the whole matter of hospital control.

Gloucester defeated Lunenburg in Saturday's schooner race, but it is hoped the Nova Scotia vessel may do better if she can get a heavier wind and sea. It is a great contest, and is watched eagerly by all who live along the Canadian and American seaboard.

And now the November raspberries are coming in. Great climate in New Brunswick.

SOCIALISTS WON IN MUNICIPAL ELECTIONS IN ROME YESTERDAY

Rome, Nov. 1.—Anti-Socialist candidates were victorious in the municipal elections held here yesterday, being given large majorities. There was great enthusiasm shown by the people during the election and processions bearing national flags paraded the streets.

THE CONSUMER

I'm the Ultimate Consumer, and my eyes are full of tears, for I've carried all the burdens of the world, a thousand years, and I'm doomed to pack those burdens till this planet is no more, so my eyes are full of sorrow and my heart is sick and sore. I've a right to groan and grumble and deplore my many ills, for I'm paying all the taxes, and the jobber gets a rake-off when he sells a sack of flour, and the dealer gets a rake-off or you'd see him looking sour; and the Ultimate Consumer, when he buys a dinky sack, has to pay these divers rake-offs, while pink pains run up his back. And they tax the woolen maker, who in commerce cuts a swath, and he hands along the taxes to the gent who buys his cloth, and this gent just hands the taxes to the fellow lower down, till they reach the busy tailor in our little country town. And the Ultimate Consumer pays the taxes in the end, when he buys a suit of raiment with a stylish Greekian bend. I'm the Ultimate Consumer, and I sound a plaintive note; I'm the guy who pays the fiddler, I'm the universal goat.

CANADA—EAST AND WEST

Domestic Happenings of Other Days

THE PIGEONS OF ST. JOHN

Probably no city in the Dominion of Canada has as unique an attraction as St. John, the thriving city at the mouth of the river of that name that flows through the heart of New Brunswick. When the visitor steps off the train at any of the depots he is amazed to find flocks of various colored pigeons in the roads, or picking around on the sidewalks. They are so tame that they hardly deign to swaggar from under the feet of the pedestrians as they coax for something to eat.

They are the pride of the city. King Square is full of them and the children as they play there are often in the hand eagerly trying to get the food faster than he prepares it for them. On cold or stormy days when the crowds do not come with the food they birds are forced to shift for themselves and then they make a pilgrimage to various back doors and restaurants where experience has taught them there is food to be found.

No one molests the birds; even the dogs of the city seem to understand that the pigeons of St. John have the rights as well as they and must not be injured. As a result they have thrived greatly and have no fear of man, dogs, children or anything that is to be found in the streets of a big city.

THE QUEST

Per mare non notum. Over an unknown sea, that none may sound, Whose shifting currents and engulfing sands Reach out to clutch us, while a myriad bands Of elfin shadows all our path surround. On drives our Argo, like a questing hound, Hunting the quarry; now at fault he stands, Now every muscle to the chase remains As with the view-halloo the hills resound.

O Golden Fleece, needs must we still be bold, Through clashing rocks draw thou the thread, To that far Colchis, whose dim glades unfold. The heart's desire, till—e'en as in the past From fiercest storm flashed fairest halcyon— Our darkest doubts find deepest peace.

—D. A. S. in the Westminster Gazette.

IN LIGHTER VEIN

Among the Heights. He—Yes, I certainly like good food, and always look forward to the next meal. She—Why don't you talk of higher things once in a while? He—But, my dear, what is higher than food?—Life.

Reassuring

An officer was inspecting at one of the camps, a daily paper tells us, when he came upon a big, round-eyed private doing sentry duty with a gun that he held in anything but the approved manner. "Don't you know better," demanded the officer, "than to point an empty gun at me?" "But it ain't empty, sir," protested the private. "It's loaded!"—Youth's Companion.

Rheumatism in One Reel

"Wall, Eph," said his ex-employer, meeting the old dorky on the street, "how is the rheumatism these days?" "Porely, sah, porely," was the detected reply. "Belie's me, Jarny, Bubby, I've got a movin' picture ob pain."—Boston Transcript.

RECENT WEDDINGS

At Moncton, October 30, Mrs. Ethel McLaughlin and Rupert W. Rose, both of Hillsboro, were united in marriage by Rev. E. H. Cochrane. After their marriage they motored to St. John, where they are visiting the bride's parents, Mr. and Mrs. W. A. Pattison, 149 Britain street.

Henry Augustine Delaney, chief train despatcher for the C. N. R. at Edmundston, was married to Miss Mary Martha Cyr at St. Leonard's on Tuesday morning of last week. The ceremony was performed by Rev. Edmund Babin. Mr. and Mrs. Delaney will reside at St. Leonard's.

SAW-MILL BURNED

Fire broke out Tuesday afternoon about four o'clock totally destroyed the saw mill and blacksmith shop of James Anderson & Son, located near Upper Dorchester. The blaze originated from a spark from the engine, which alighted on the roof of the mill. The mill was in operation at the time, but despite the strenuous efforts of the crew, the property was a total loss. A portion of a near-by lumber yard was also destroyed. The loss is estimated at about \$15,000, partially covered by insurance.

SATURDAY WAS A GREAT DAY

At the \$20,000 November Drive at the London House.

It is estimated from sales, checks, etc. that between 6,000 and 7,000 people visited our store on Saturday. The \$20,000 drive is certainly setting a pace in the selling of women's and children's ready to wear and general dry goods—and will grow stronger as the people realize more fully the real bargains in new seasonable Fall and Winter things at "Drive Prices." Tuesday has big lines of stock every day will have new lines. The sale ends Saturday evening at 10 o'clock. See advertisement on page 5. Daniel, London House.

LOCAL NEWS

Mrs. G. Lincoln Fuller, Readsboro (Vt.), has written to Postmaster Sears, asking for information of her sister, Miss Kathleen Williger, of whom she has lost trace, and who is supposed to live in St. John.

S. Q. M. Sergeant H. A. Polner, superintendent clerk on the Canadian army pay corps, in this district, has been transferred to Halifax to do duty there. S. Q. M. Sergeant Choppin of Ottawa will succeed Sergeant Polner here.

John A. Stewart, the celebrated lawyer, member of the Sulgrave Institute, New York, is to be the guest of the Canadian club some time at the latter part of this month. The secretary of the club received word recently of his acceptance of an invitation to address the club and the club considers itself fortunate in having secured so distinguished and able a speaker to address it.

The jury has been empanelled and an inquest will be held tonight to investigate into the death of Frederick Fisher, who was killed by being struck by a trolley on the C. N. R. near Lawlor's Lake on Friday evening. The inquest will be conducted by Coroner H. A. Portes and the jury will consist of William Knox, Isaac Mercer, Albert W. Covey, Frederick Bryden, J. A. Smythe Keirstead, William Armstrong and David J. Stockford.

A special meeting of the Marine Freight Handlers' Union was held yesterday afternoon in Temperance Hall, West St. John, and the following officers elected: President, William Lee; 1st vice-president, Charles Ames; 2nd vice-president, Michael Leandis; recording secretary, William Williams; financial secretary, Edward McGinnis; treasurer, Joseph Taylor; business agent, James A. Brittain; guard, N. Parrington; trustees, Jos. Burnett, John Carlson, John Baird; financial and auditing committee, John McDade, Charles Ames, Jos. Burnett; sick visiting committee, Geo. Connors, James A. Brittain, William Lee.

The funeral of Thomas P. Mullaly, son of Patrick and Helen Mullaly, was held yesterday afternoon at 2:30 o'clock from the residence of the late Mrs. Mullaly, Charles Street, to the cathedral of the Immaculate Conception, where Rev. Father Landry officiated at the burial service. Interment was made in the Catholic cemetery. The pall bearers were chosen from the operators at the Cornwall and York Cotton Mill, where the young man had been a general foreman, numerous floral offerings testifying to the esteem in which he was held by his fellow-workers and his friends.

SHOT DOWN AT DOOR OF CHURCH

An Incident in the Election Contest in the United States. Chicago, Nov. 1.—While hundreds of church-goers looked on in amazement, Attorney Edward Larney was shot down yesterday in what the police say was one phase of a political feud between adherents of Congressman John W. Rainey, seeking re-election, and those of John Golobinsky, his Republican opponent. Larney was not dangerously injured. Larney is a law partner of Rainey. With Louis Pommer, he was distributing handbills to the church congregation when four men appeared in an automobile, fired upon, and struck down Pommer with a revolver butt and disappeared.

GENERAL BOOTHS REPLY

Having sent an invitation to General Booth asking him to address the Canadian Club, the secretary of the club has received the following reply: "General Booth instructs me to acknowledge the receipt of your invitation to address the club. He thanks you warmly for the same, but regrets that it is impossible for him to accept the invitation on the occasion of this visit, every day being booked up and the maritime province not being included in his itinerary. He hopes to have the pleasure of visiting St. John on a subsequent visit to Canada." (Signed) Commissioner Lamb.

DYKEMAN'S PRE-CHRISTMAS

Clearance Sale

Starts Wednesday

The price reductions will be the most drastic we have ever had. Here's the reason for the price slashing.

MONEY WANTED

Not to pay our trade liabilities because we have none, but in order that we might be enabled to continue our policy of paying for all goods the day they are received. Our Christmas goods coming in stocks from every department are far heavier than they should be, and the unloading must take place at once. This store buys for cash and sells for cash. Its prices are always below the average, yet with these reductions the savings will be considerable.

Look for bargains throughout the whole store.

Tomorrow night's paper will give a complete list of the most extraordinary savings offered yet.

these do not mean anything to the average citizen. An invitation to a meal at a certain hour means that the host or the guest will appear half an hour or more late. An appointment for a fixed time and place nearly always finds both parties absent at the hour named. An interview arranged with an official involves usually a wait of an hour in the anteroom. The tailor will not be ready to try on your suit until at least two days after he has promised to do so. Trains rarely start and never arrive at the scheduled hour. These are some few indications of the little interest Spaniards show in the time.

EASY IN SPAIN ON MATTER OF TIME

Madrid, Oct. 16. (A. P. Correspondence)—Foreign visitors after a short stay in Madrid begin to doubt whether Spaniards are able to tell the time. There are scores of public clocks in government buildings and on church towers and nearly every Spaniard carries a watch, which he often looks at, but apparently

night with Spaniards generally—and of course the eternal manna, which never comes. The exact hour is nothing to them; yet thousands of them will assemble on the Puerta del Sol to watch the fall of the globe on the Ministry of the Interior at noon every day.

RECENT DEATHS

Miss Alice Butler, daughter of the late Thomas and Mary Cummings Butler, died at the Royal Victoria Hospital, Montreal, on Oct. 28. Miss Butler was formerly a resident of St. John and Cleveland, (N. B.). The funeral was held on Saturday at St. Anne's church, Montreal.

The death of Domages Cormier, father of Rev. H. D. Cormier, rector of L'Assomption Church, Moncton, occurred Friday night at Memramcook at the age of 87 years. Mr. Cormier leaves to mourn three sons and one daughter.

Many friends of Mr. and Mrs. I. C. McLeod will sympathize with them in the loss of their infant daughter, Gladys Stewart, who died at her parents' residence, 44 Garden street, Sunday, Oct. 31, 1920.

She leaves, besides her parents, three sisters and two brothers.

Friends learned with regret of the death at her home yesterday afternoon of Mrs. Mary A. Higgins, widow of William J. Higgins, for many years a prominent merchant tailor in the city and an original member of the City Council Band. She is survived by one son, William J. Higgins, now of Boston; one brother, John Gallagher, of St. John; and two sisters, Mrs. M. Sweeney, of Cambridge (Mass.), and Miss Jane Gallagher, of this city. The funeral will be held from her late residence, 39 Carleton street, on Tuesday afternoon at 2:30 o'clock.

Though in her seventy-sixth year, the death of Mrs. S. Jane Robinson, widow of T. W. Robinson and daughter of the late Samuel and Phoebe Estey, which occurred yesterday afternoon at the home of her daughter, Mrs. J. G. Leonard, 256 Germain street, was a surprise to her wide circle of friends. She was ill only a few days and was active in church work and other endeavors up to a week or so ago. She is survived by one son, Gilbert M. Robinson, in the city; two brothers, S. R. Estey, of East Somerville (Mass.), and LeBaron Estey, of Dorchester (Mass.), and five daughters, Mrs. J. G. Leonard, in the city; Mrs. Edith Lane, of Ottawa, and Misses A. Letitia, of Yonkers (N. Y.), Elizabeth, of New York city, and Ethel, now en route to China on nursing duty. The funeral will be held from the residence of Mrs. Leonard, 256 Germain street, on Wednesday afternoon at 2:30 o'clock.

Mrs. Peter Robinson, 58 Hazen street, has received a beautiful bronze memorial which the British government is giving the families of those who gave up their lives in the great war. A note accompanying the tablet is signed by the king. Mr. Robinson was a soldier in the Seaforth Highlanders.

Paneling and Clergy
Stalls Dedicated Yesterday
—Other Church News.

A dedication service was held in Trinity church yesterday morning and there was dedicated the rich oak paneling and oak clergy stalls in the north and south sides of the sanctuary, which with the memorial tablet already unveiled form the congregation's memorial to the nineteen members of the congregation

here remember before God our brothers, who laid down their lives: Edward Wil-

son Bean, James Irvine Hare, William Samuel Hare, Arthur Cannon Hatch, James Walter Holly, Frederick Caverhill Jones, Charles Edward Kingdon Jones, Francis Harold Ledford, Herbert Daniel McDonald, Frank Mackay, Frank Partridge McKenzie, Clarence Lemuel Mills, Thomas Victor Nickson, Reginald Pawcett Pascock, Francis Skinner, Charles Harold Smith, Hugh Mariner Teed, Daniel Lionel Teed, John Webb.

The "Last Post" was sounded by Bugler Sergeant Springer and all joined in singing "For All Thy Saints Who From Their Labors Rest," and at the close of the service the hymn for the burial of the dead, "God of the Living in Whose Eyes," was sung. Canon Armstrong, who conducted the service, preached an eloquent sermon from the text "For their sakes I consecrate myself." Miss Louise Knight sang a solo while the offertory was being taken. The paneling is the workmanship of the Brossmore Guild.

Pulpit Exchanges.
The Methodist ministers made their monthly exchange of pulpits yesterday morning. Rev. George F. Dawson, of Exmouth street church, exchanged with Rev. Thomas Marshall of Fairville; Rev. H. B. Clark, of Portland church, with Rev. S. Howard, of Zion church; Rev. J. H. Jenner, of the Carleton church, with Rev. Ernest Styles, of Carmarthen street, and Rev. J. C. Berrie, who is occupying the pulpit of Centenary church during the absence of Rev. H. A. Goodwin, president of the New Brunswick Social Service council, now attending the convention of the Dominion Social Service Council in Toronto.

Thanksgiving Services.
At the Victoria street Baptist church the services conducted by the pastor, Rev. G. D. Hudson, yesterday, were specially arranged as a Thanksgiving day observance and were brightened with a splendid programme of music. The choir was directed by Arthur Burk and rendered appropriate anthems with great success.

Mr. Pinkett Welcomed.
In St. Philip's church Rev. H. W. Pinkett, the former pastor, was given a hearty welcome when he spoke at the special rally service last night.

St. Paul's Jubilee.
In St. Paul's church yesterday morning Rev. Archdeacon A. H. Crowfoot, rector, referred to the fact that the church will celebrate its jubilee in 1921, and the vestry had decided that the best way in which this event could be marked was to clear off the present overdraft at the bank, which amounted to \$4,500. A committee has been appointed and they have raised \$2,500 in the last week.

URGE PROBE INTO AFFAIRS AT HOSPITAL
Members of the staff of the General Public Hospital resent keenly the statement issued recently by the board of commissioners to the effect that "what was required was not more accommodation in the hospital, but more intensive study on the part of the staff and a high class of work." The doctors who make up the visiting staff say this is a very serious reflection on them and urge that a searching investigation be made. They criticize the action of the board in allowing the four highly trained nurses to leave the hospital when a small increase would have retained them, and this was asked for but ignored by the board. The doctors say that the work done at the hospital is of as high a class as any on the continent and this is proven by the positions the nurses who resigned accepted in hospitals that have their own training schools. The action of the board is highly criticized and in the interest of the public a searching investigation should be made at the earliest opportunity.

COULD HARDLY WALK SHE SAYS

Was Effort for Mrs. Bergeron to Get Across Room—Tanlac Restores Health.

"It seems almost too good to be true that I am at last free of my awful suffering," said Mrs. Hector Bergeron, 200 Grant street, Quebec, while relating her experience with Tanlac recently.

"For two years I had indigestion, and just before I started taking Tanlac I was so badly run down and weak I could hardly walk across the room. My stomach was so out of order that I had to lie on liquid foods for several months, (and even with these my stomach pained me so much it seemed that I would go distracted, and nothing tasted good.)

"My nerves were so shattered that I would lie for hours at night without closing my eyes, never getting to sleep before early in the morning, almost time to get up, and always felt tired and worn out mornings.

"Nothing I tried helped me and I seemed to get worse every day until I started taking Tanlac, but it wasn't long before I noticed a big improvement. I took eight bottles in all, and now my appetite is so big and my food tastes so good I can scarcely eat enough and my stomach doesn't give me a bit of trouble.

"My nerves are quiet and steady, and I sleep like a child nights and get up mornings feeling fine. Tanlac has built me up ten pounds in weight, and I am now doing all my house work without feeling as tired and worn out as I used to feel after walking only a few steps. I feel that I just can't praise Tanlac highly enough to repay the debt of gratitude I owe."

Tanlac is sold in St. John by the Ross Drug Company and F. W. Munro; by W. McKay, Beaver Harbor; Willard Colwell, Evans; C. V. Parsons, Highgate; John F. Meagher, Debec; O. D. Lanson, Lepreau; E. L. Conley, Leonardville; N. H. Johnson, Clarendon Station, and by the leading druggists in every town.—(Advt.)

MRS. TOM THUMB'S HUSBAND DEAD

(Canadian Press Despatch.)

Middleboro, Mass., Oct. 31.—Count Primo Magri, second husband of Mrs. Tom Thumb and himself a famous dwarf, died at a hospital here tonight after an illness of two weeks. He was seventy-one years of age.

Two weeks ago Count Magri, who was thirty-seven inches tall and weighed fifty-five pounds, held an auction sale of the late Tom Thumb's effects and those of his wife, and with the proceeds planned to return to Italy, the country of his birth.

CARL WANDERER WILL BE TRIED

(Canadian Press Despatch.)

Chicago, Oct. 31.—Identification of the "ragged stranger" whom Carl Wanderer confessed, and later denied having killed to stage a fake hold-up in which Wanderer's wife and the stranger were killed, collapsed again today.

Herbert Potter, a Canadian, Friday night identified the body which has been lying unclaimed in the morgue since June 21, as John Barrett, a former Canadian soldier.

Detectives learned today that Barrett was fifty years old. The "ragged stranger" was not more than twenty-one. The state attorney's office, however, is going ahead with plans to try Wanderer for the man's death. A jury Friday found Wanderer guilty of his wife's death and fixed the punishment at twenty-five years.

The Experience of This Man Will Interest You.

Mr. McDougall, of Cape Breton (N. S.), says: "I am a farmer and was overworked, run-down and weak. My druggist recommended VINOL. It built me up and made me strong. I also gained in flesh. Other members of my family have also used it with splendid results."

There is nothing that acts so quickly in such cases as Vinol, it enriches the blood, quickens the circulation, sharpens the appetite and imparts strength and energy to every part of the body.

Your druggist sells Vinol, therefore men who are overworked, run-down and blood poor should accept no substitute.

TEETH CAME TOO SOON

Lynn, Mass., Nov. 1.—Edward Paul, seven-months-old son of Mr. and Mrs. Michael Tracey of Cambridge, is dead from what his physician pronounces infantile paralysis, induced from the cutting of a full upper and lower temporary set of teeth.

LETTER FROM MRS. WAKELIN

Tells Remarkable Story of Sickness and Recovery.

Toronto, Ont.—"I suffered greatly from weakness seemed to be tired all the time, and had no ambition to do anything or go any place. My nerves were in bad shape, I could not sleep at night, and then came a breakdown. I read of Lydia E. Pinkham's Vegetable Compound in the newspapers and several of my friends advised me to use it, and it surely put new life into me. Now I am quite able to do all my own work, and I would strongly advise every suffering woman to give Lydia E. Pinkham's Vegetable Compound a trial."

Mrs. CHARLES WAKELIN, 272 Christie St., Toronto, Ont.

The makers of Lydia E. Pinkham's Vegetable Compound have thousands of such letters as that above—they tell the truth, else they could not have been obtained for love or money. This medicine is no stranger—it has stood the test for more than forty years.

If there are any complications you do not understand write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass.

Quit Laxatives, Purges; Try NR

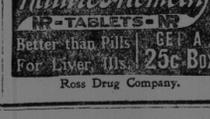

NR Tonight—Tomorrow Feel Right

It is a mistake to continually dose yourself with so-called laxative pills, calomel, oil, purges and cathartics and force bowel action. It weakens the bowels and lives and makes constant dosing necessary.

Why don't you begin right today to overcome your constipation and get your system in such shape that daily purging will be unnecessary? You can do so if you get a 25c box of Nature's Remedy (NR Tablets) and take one each night for a week or so.

NR Tablets do much more than merely cause pleasant easy bowel action. This medicine acts upon the digestive as well as eliminative organs—promotes good digestion, causes the body to get the nourishment from all the food you eat, gives you a good, hearty appetite, strengthens the liver, overcomes biliousness, regulates kidney and bowel action and gives the whole body a thorough cleaning out. This accomplished you will not have to take medicine every day. An occasional NR tablet will keep your body in condition and you can always feel your best.

Try Nature's Remedy (NR Tablets) and prove this. It is the best bowel medicine that you can use and costs only 25c per box, containing enough to last twenty-five days. Nature's Remedy—(NR Tablets) is sold, guaranteed and recommended by your druggist.

"DANDERINE"

Girls! Save Your Hair! Make It Abundant!

Immediately after a "Danderine" massage, your hair takes on new life, lustre and wondrous beauty, appearing twice as heavy and plentiful, because each hair seems to fluff and thicken. Don't let your hair stay lifeless, colorless, plain or scraggly. You, too, want lots of long, strong, beautiful hair.

A 50-cent bottle of delightful "Danderine" refreshes your scalp, checks dandruff and falling hair. This stimulating "beauty-lique" gives to thin, dull, fading hair that youthful brightness and abundant thickness—All druggists!

FIGURES OF TOURIST VISITATION TO FRANCE

Paris, Oct. 16.—(A. P. Correspondence.)—The enthusiastically predicted 1,000,000 American tourists did not come to France this year, but the hotel keepers, their association officials say, are satisfied.

Instead, there were on record 200,000 police permits issued to tourists intending to remain more than fifteen days. Among these South America sent the greater number, with the United States a good second and other countries trailing.

One ill wind that blew well in France was the high exchange rate of the Swiss franc, so that travelers gave the preference to this country, where their money went about twice as far as in the Alps.

SOME THINGS THE PRINCE OF WALES BROUGHT HOME

Hamilton, Bermuda, (A. P. Correspondence.)—The Prince of Wales collected a varied menagerie in the course of his trip to the United States and British Dominions. The pride of his collection when he reached Bermuda on his way back to London was an ugly little customer about eight inches long, part lizard and part toad and called "Horace."

In Australia whence he came, they call him "mountain devil" though he and his family live on a hot, dry plain. The strange thing about him is that he never drinks. His family have dwelt so long in their arid land that nature has enabled them to absorb dew through

NOVEMBER RASPBERRIES.
 Frank Hamm brought to the Times office a box of wild raspberries, fully ripe and very luscious looking, picked this morning, and sent them to the Times from his summer home at Sandy Point, on the Kennebecasis above Millidgeville. Stems of raspberries, with fresh leaves and great clusters of ripe berries and some green ones came to the Times office this morning. They were picked by Harry Reynolds at George Anthony's farm at Red Head. And this is the first of November.

TWO SUBMARINES ARE COMING
 St. John Firm Buys the Niobe and Two Under Sea Craft in Halifax.
 One of the most interesting deals recently consummated in Eastern Canada was announced this morning by Joseph A. Garson, managing director of the New Brunswick Rolling Mills. It includes the purchase of H. M. S. Niobe and two submarines, the C. C. 1 and the C. C. 2, now at H. M. S. dockyard at Halifax. The submarines will be towed here next week and docked at the rolling mill wharf where they will be dismantled. It is not yet certain what will be done with the Niobe. The deal is said to involve a large sum of money. The Niobe, which originally cost \$8,000,000, has the following dimensions: length, 485 ft.; breadth, 69 ft.; depth of hold, 28 ft.; T line, depth forward, 24 ft.; 8 in; depth aft, 36 ft.; 8 in. She is 6,803 tons deadweight and 11,000 tons gross weight. She was built in 1895 and launched in 1897.
 Frank O. Garson, vice-president of the company will leave soon for Europe in connection with the matter. He was largely instrumental in closing the transaction. This enterprising company is being congratulated on its energy and enterprise.

DEATH DUE TO NATURAL CAUSES
 N. S. Case in Which Williamson Brothers of St. John Were Held as Material Witnesses.
 The inquest into the death of George Chisholm of Oxford, N. S., who was found dead in the automobile of William and Robert Williamson of this city will be concluded this afternoon at Great Village, a small town six miles from Londonderry, N. S. The only additional evidence to be presented to the coroner's jury will be the report of the autopsy made at Halifax at the instigation of the attorney-general of Nova Scotia.
 Some minor bruises on the body of Mr. Chisholm caused a suspicion of foul play and the Messrs. Williamson were held as material witnesses and taken to Truro. The fact that Chisholm was found dead in the car by hunters in the early morning and that the Williamsons were nowhere in sight was also held against them. The Williamsons, however, went on the stand and explained that when Chisholm died their car was stalled and they had seen in the early dawn to call the nearest authorities. This was corroborated by people nearby.
 The Williamsons also said that a little before his death Chisholm had complained of being ill and they said that he was very blue about the mouth and face. This evidence, however, about the autopsy mentioned with the result that the report shows that Chisholm died from natural causes, the immediate cause being heart failure.
 J. MacMillan Treisman, who was in Truro in the interest of the Messrs. Williamson, returned home this morning.

THEFT OF GOODS IS ADMITTED
 Large Quantity Recovered in House and Barn—Taken from Freight Sheds.
 The week-end police harvest was unusually small this week, the police court sheet this morning containing the names of only six. Harry A. Dryden was charged with stealing goods from the sheds of the C. P. R., N. E. and Eastern Steamship Lines, Inc. He pleaded guilty and was remanded for sentence.
 No evidence was taken but according to the railway investigators and the city detectives, goods to the value of \$300 from the C. P. R., \$250 from the C. N. R., and \$50 from the Eastern Steamship Lines, have been recovered and returned to their owners by Inspector H. Catlow, Investigator O. F. Gellieau, and Constable C. F. Costello, of the C. P. R., and City Detective Biddiscombe. The investigation has been in progress for some time as goods consigned to local firms and to outside points also have been reported missing from the sheds in this city. In consequence of information received, Inspector Catlow, of the C. P. R., laid information on Saturday morning and a warrant was issued. In the afternoon the inspector, accompanied by Investigator Gellieau, Constable Costello and Detective Biddiscombe went to the place where the accused, a teamster for the express company, was boarding at 157 Metcalf street and there say they found underneath the bed and in other parts of the room and in the barn several hundred dollars worth of goods.
 Other goods have not been recovered and the following are now in the possession of the detective department: Two cases of lobsters, from the Eastern Steamship Company; one case of fancy armlets, from the C. P. R., and consigned to Vassle & Co. of this city; one case of electric irons, from the C. P. R., and consigned to the Eastern Electric Company; two boys' oilskin coats and several pairs of men and boys' boots, from the C. N. R. sheds; five quarts of fruit syrups and a quantity of cigars from the C. P. R. sheds; several tire pumps, tire chains, spark plugs, insulators, patches, locks, and other automobile accessories from the C. N. R. sheds; four dozen pairs of cotton gloves, part of a parcel of gloves from the C. P. R. sheds and billed to Halifax.
 The police patrol was utilized to transport the goods recovered.
 The accused was employed as an express teamster and in that capacity had access to the sheds.
 Adelaide Stange of Montreal was arrested by C. N. R. Policeman Ross on charge of lying and lurking in the Union Station on Sunday. He was remanded.
 Four drunks were arrested during the week end and three of them pleaded guilty and were remanded. One who was allowed out on deposit failed to appear this morning.

NO LICENSES IN EFFECT TODAY
 That is Situation in Relation to Vendorships in New Brunswick.
 According to the strict interpretation of the prohibition act the province is today bone dry. The current licenses to vendors expired yesterday and none for the new period have as yet been issued. According to information received at the office of Rev. W. D. Wilson, the chief inspector, this morning, Mr. Wilson is not in the province and did not make any arrangements for issuing the new licenses before his departure. He is expected back tomorrow.
 In the meantime the licensed vendors that were in a quandry. One called up Inspector Hopkins to ask what he was to do and was advised to fill prescriptions in the urgent cases. The vendor replied that all the cases were likely to be urgent. Inspector McAlinsh, who was in the city this morning, said that according to the letter of the law, any vendor who filled a prescription today was in violation of the law. He is in liquor in anticipation of having his license renewed and did not get a new license would be in somewhat of a peculiar position.

WINNIPEG CHURCH WANTS REV. H. R. NOBLES AS PASTOR
 The Port Arthur News-Chronicle of Oct. 21 says—
 Rev. Harry R. Nobles, pastor of the First Baptist Church, Port Arthur, is in receipt of a request to consider a proposition from the First Baptist Church in Winnipeg and correspondence is proceeding. Mr. Nobles has been in Port Arthur for several days, coming here from Toronto. The Winnipeg church, which has expressed a desire to have him as pastor is one of the leading Baptist churches in the Dominion. Its pulpit has been occupied by such renowned ministers as the late Rev. Alexander Grant, Rev. John MacNeill and Rev. Dr. A. N. Marshall. In the forward movement it was first among all Baptist churches outside of Toronto.
 It is not yet known whether Rev. Mr. Nobles will accept the Winnipeg call. Many friends in New Brunswick will be glad to know in how high esteem he is held. He is a native of Sussex, and a son of J. W. Nobles, who now represents a Montreal house in these provinces. The young man is a graduate of McMaster University, and was for ten years pastor of the Christie street Baptist church in Toronto. Later he went overseas as chaplain for three years, and on his return became pastor of the church in Port Arthur.

INDIVIDUALITY IN BED ROOMS MADE POSSIBLE BY SIMMON'S BEDS
 Who does not want a distinctive Bedroom? There is a tendency in modern furnishing to make the sleeping chamber the most "individual" room in the house; an object easy of attainment when selections are made from such a stock as ours—in which beauty, originality and utility are so admirably combined.
 The bedroom furniture we are now featuring express in their highest degree, quality of material and worthy workmanship. These are the principles upon which beauty of design and companionship in its association depend.
 With this as a foundation, an adherence to a home furnishing scheme or ideal—wrought by refined taste and dependable judgment—will create an environment—harmonious and uplifting—and the inspiration of its beauty and charm will bear intimately upon the lives of those within it.

With Ballast Load Lightened, Canadian Schooner Shows Way

Delawanna Leads Over Whole Course, at One Time Five Minutes Ahead of Gloucester Fisherman—Close Race as Finish Line Nears—Latest Report Says American Overtakes Rival Near Close.

(Canadian Press) Halifax, Nov. 1.—A seven-mile breeze due southwest pushed the Esperanto across the starting line in the second of the series of races for the international fishing schooner honors of the North Atlantic a little in advance of Delawanna this morning.

Light clouds with a suggestion of more wind flecked the sky as the five minute gun boomed and the schooners, which had been cruising lazily about under full sail, edged in closer for the advantage over the line.

"Tommy" Himmelman at the wheel of the Delawanna gained a slight advantage over the American on the start, crossing to weather although thirty-four seconds behind the Esperanto. Within five minutes the Delawanna, sailing with greater ease than in Saturday's race, apparently feeling the loss of ballast which had been retained, had blanketed her opponent and passed to weather, to the joy of Canadian supporters.

The course chosen was the same as that of Saturday's race. At 1.08 Delawanna eased sheets and paid off for the mark. It was a question whether the boat would get there first. The Canadian captain appeared to have lost his half mile lead by standing too far over to the eastward before he tackled. At 1.07 it was seen that Delawanna would round Shutin Island buoy ahead of Esperanto.

At 1.15 the wind had lightened to about three knots northeast. Delawanna was less than a quarter of a mile from buoy, making slow time with Esperanto six lengths astern of her. The Canadian was to weather and she edged slightly east while the American was close hauled and was not footing quite so fast. The Delawanna rounded the buoy at 1.20, the Esperanto at 1.21, unofficial. It was estimated that the Canadian had oversteered his mark by quarter of a mile.

Welch doused stays and gibed fore sail over to starboard side. The Delawanna, a half mile ahead, did not make a change until she was a mile and a half from the mark. Both crews had staysails masted in jig time. There had been no appreciable shift in wind, but the two skippers evidently found the second leg was more a reach than a run.

At eleven o'clock Delawanna was about two miles from southeast automatic buoy. Both schooners were carrying about 8.40 five minutes before the preparatory gun, Esperanto and Delawanna had little more than stowage way. What little wind there was came from the west. A dredge which had put to sea in the early morning was observed to be making port again indicating heavier weather conditions ahead.

The fifteen minute preparatory gun from both schooners on the starting line with Delawanna to weather slightly standing out on starboard tack and Esperanto heading up the harbor on port tack. A few seconds later Himmelman came about on the port tack. Esperanto bore away, and on the stroke of five minutes the gun fired and headed out the harbor on the starboard tack. Himmelman to weather, followed suit.

It looked for a time as though Esperanto would lead the gun but Welch had judged his distance to a nicety and he led Delawanna to windward of him, over the line on the flash of the gun. Five minutes after the starting gun Delawanna blanketed Esperanto and shot ahead.

Esperanto crossed the line at 9:01.45, Delawanna at 9:01.37, official time. At 9.10 Delawanna was leading by three lengths. She seemed lively than on Saturday and was obviously in better trim. At 9.15 it was estimated aboard the Tyrian abeam of the schooner that Delawanna was six lengths ahead and increasing her lead. At 9.20 Delawanna had opened up a lead of nine lengths on the American and had passed York Redoubt off the western head of the harbor.

The boats were getting a better breeze and every stitch of sail was drawing well. Delawanna, with about forty tons less ballast than she had on Saturday was going down the wind at a fast clip and rapidly drawing away from the Esperanto. At 9.30 the schooner disappeared in the mist. Weather from the shore estimated that the Delawanna had a comfortable lead.

At 9.30 Delawanna had passed Sandwich Point and was getting a better breeze inside the point. The wind at that hour was about seven knots due west and in the opinion of weather sharers the race would finish within a time limit, while Delawanna had already demonstrated her superiority over Esperanto off the wind, it had yet to be determined what effect lightening of ballast would have on her speed when on the wind.

Two Minutes Ahead. At 9.35 Delawanna was still a quarter of a mile ahead of Esperanto. The American boat had held the wind longer off Sandwich Point and managed to hold her own. A few minutes later the wind hauled a little to south and Himmelman, as a precautionary measure edged up a little to weather to avoid being headed. Delawanna passed Mar's buoy at 9.47 forty five, and Esperanto at 9.52 forty.

At 10 o'clock, one mile and a half from the inner automatic buoy, the first mark outside had established a lead of five minutes and appeared to be still gaining. Delawanna passed the buoy at 9.47 forty five, and Esperanto at 9.52 forty.

At 10.18 the schooners were reported about to turn the inner automatic buoy with the Delawanna still in the lead. Delawanna passed the inner automatic buoy at 10.16.20 and the Esperanto at 10.20.21.

At 1.47 the schooner were reported about to turn the inner automatic buoy. The Delawanna seemed to be holding and even increasing her lead. Rain was falling and the wind had hauled somewhat northerly, making it a very broad reach to the outer automatic.

Just before passing inner automatic, Delawanna doused her staysail and cleared up her foretopsail, preparatory to flogging foremast to port and for a run wing and wing for southeast automatic six miles away. Welch followed suit. After Delawanna passed the buoy there was not enough wind to scandalize her staysail, which flapped idly, but Himmelman kept her there in order to catch the stray puffs. Welch repeated, but there was no marked change in the relative positions of the two boats.

At 1 o'clock it looked as though Delawanna had oversteered the mark although some on the committee boat believed she would just about fetch the Esperanto a mile from the buoy and a mile to leeward of Delawanna through a trifle ahead of her. The American appeared to be heading directly for the mark while the Canadian was heading to windward of it. The wind had dropped to about five knots.

Losses Some Lead. At 1.08 Delawanna eased sheets and paid off for the mark. It was a question whether the boat would get there first. The Canadian captain appeared to have lost his half mile lead by standing too far over to the eastward before he tackled. At 1.07 it was seen that Delawanna would round Shutin Island buoy ahead of Esperanto.

At 1.15 the wind had lightened to about three knots northeast. Delawanna was less than a quarter of a mile from buoy, making slow time with Esperanto six lengths astern of her. The Canadian was to weather and she edged slightly east while the American was close hauled and was not footing quite so fast. The Delawanna rounded the buoy at 1.20, the Esperanto at 1.21, unofficial. It was estimated that the Canadian had oversteered his mark by quarter of a mile.

Welch doused stays and gibed fore sail over to starboard side. The Delawanna, a half mile ahead, did not make a change until she was a mile and a half from the mark. Both crews had staysails masted in jig time. There had been no appreciable shift in wind, but the two skippers evidently found the second leg was more a reach than a run.

GOOD THINGS COMING TO THEATRES OF ST. JOHN

World's Greatest Horse Race at the Imperial Today.

The \$75,000 prize race between the greatest running horses on the continent, Mar Wray from the American side, and Sir Barton, of Montreal, which thrilled the sporting world at Windsor (Ont.) a fortnight ago, was shown the Imperial today and tomorrow in two wonderfully interesting races.

This picture is absolutely exclusive, \$10,000 being paid for the right to film it. The horses are followed by a swivel-camera of the telescopic type as they travel the mile and a quarter in a little over two minutes. This picture was contracted by the Imperial last Saturday night, hence the late-minute announcement. It has been a big attraction in the larger cities for the last ten days. This race picture will be extra to the Imperial's regular big feature, Burton Holmes' tripartite, etc., a wonderful extra.

APT TO BE DISAPPOINTED.

Unless tickets for the engagement of The Dumbells Wednesday-Thursday of this week are booked at once there will certainly be many disappointments. The Imperial's supply of good seats is desperately low on the lower floor and the choice locations upstairs are fast disappearing. This frank statement should interest late buyers.

DEATH OF MRS. F. B. D. HOPKINS.

Mrs. Frank B. D. Hopkins passed away in the hospital this morning after a two weeks illness from pneumonia. She had been in ill health for some time suffering from heart trouble, but her condition was not considered serious until she contracted pneumonia. She was a daughter of the late Mr. and Mrs. John L. Nixon and was a life long resident of this city. Besides her husband she is survived by one son John, two sisters, Mrs. Ernest Thomas and Mrs. William Lawton both of this city, and two brothers, Percival of Lynn, Mass., and Harold of Nova Scotia. She was a member of Exmouth street Methodist church since girlhood and until her health became impaired took a very active interest in society and philanthropic work.

IMPROVING THE CITY STREETS

With the completion of the paving in City Road, which is expected to be finished in about three days, the city will have laid more than a mile of permanent sidewalks in the City Road work.

The people of the City Road, although some of them were opposed to the granite blocks before, are now reportedly pleased with the excellent stretch of roadway there. Within the last few days some residents report that the automobile blisters have taken the street for a speedway and that unless the speed mania quences, it is understood that the police have taken the matter in hand.

The mayor this morning expressed his satisfaction of the new concrete sidewalks being laid by the public works department in Millidgeville road. He said that it is the best piece of sidewalk in the city. Commissioner Prink said that it is costs less and is more durable than asphalt and would be the ideal form of sidewalk for Broad street and Kink street east, should the city decide to boulevard them.

GARY SEES GOOD BUSINESS AHEAD

Thinks Price Decreases Are Healthy—Declares Nation Has Responsibilities.

(New York Evening Post.)
 "Business skies are practically without clouds." So believes Elbert H. Gary, president of the American Iron & Steel Institute, who spoke this morning at the semi-annual meeting of the institute at the Hotel Commodore.
 Nevertheless, Mr. Gary made it plain that this is a time for courage, composure and caution. "As always, there may be showers from time to time, but there is nothing in the atmosphere to indicate the approach of dangerous storms," he said.
 "It is up to the business men and workers," Mr. Gary added, "to maintain certain and continuous business activity in satisfactory volume with fair and reasonable profits. If there should be a serious reaction and depression, which now seems improbable, it will be the fault of those who are connected with business operations or others who, by reason of official positions, improperly interfere, and not because of any fundamental deficiencies in our resources and opportunities."
 "We may without hesitation face and discuss any and all facts that bear upon the subject of future economic progress, and we may frankly and openly admit any truth which concerns the immediate future even though it might, in some respects and to some minds, appear to be unfavorable."
 Some decreases in the volume of new business and voluntary reduction in sell-

ing prices Mr. Gary held to be "decidedly healthful." The present tendency is toward a lower, more reasonable and fairer relative basis, he said. But the difficulty is "that every individual is perfectly willing that all others shall make reductions—the larger, the better."
 Now the public, including particularly those who are neither sellers nor buyers to a large extent, will in one way or another bring about a fair and reasonable adjustment of prices. The law of supply and demand, he believes, will be the principal factor.
 "The people of the United States," declared Mr. Gary, "have reason for confidence in the business future. They need not be discouraged nor impatient. They have only to look about them and study the facts and figures. We have recently secured, to read the report of the controller of the currency. He informs us that the resources of all the banks of the United States break all records and exceed the combined bank assets of all other leading nations of the world, and

that they now amount to \$33,079,108,000, not including the Federal Reserve banks! "Our people should be thankful, but they may not be proud nor indifferent towards others. They have great responsibility. They will size up so fit. Occasionally there will be unpleasant vicissitudes. There will be agitators abroad in the land endeavoring to create dissatisfaction and disturbances, sometimes masquerading as reformers. There will be secret enemies of our country; and all right thinking people must be on their guard. Love of country is the rule. Indeed it is the habit.

No Nation Lives Alone.

"The onward march of progress is moving rapidly. We may aid and will be a part in the procession and, in a measure, assist in guiding the course. I have heretofore publicly said, quoting from the Bible: 'As no man liveth to himself, so no nation liveth to itself.' This is applicable to the present period."
 "When we consider the world's disasters, destructions, agitations, distrusts, and vicious propaganda, the wonder is that business during the last few years has been so good and our country so prosperous as it has been.
 "The earth is still regularly turning on its axis, the seasons come and go, the fields laugh with the harvests, the mines and wells yield their riches, the morals

THE COMMISSION ON IRELAND TO TAKE EVIDENCE

Irish Bishops Asked to Appear—Statements Concerning the Object of the Commission.

(Canadian Press Despatch.)
 Washington, Oct. 31.—A delegation of Irish bishops, to be selected by Cardinal Logue, has been asked to appear here next month to testify as to conditions in Ireland before the commission of five on Ireland, the commission announced last night after a preliminary conference. It was decided to begin the public hearings Nov. 17, the announcement said and in addition to calling Cardinal Logue asking appointment of the bishops, the commission expects to hear mayors of several Irish cities and other Irish witnesses as well as United States citizens who have recently visited Ireland.
 Jane Addams, of Chicago, presided over the preliminary meeting of the commission which made public a formal declaration that it accepted its task "with the sincerest desire to improve the relations between the United States, Great Britain and Ireland, to obtain facts as to what is actually happening on Irish soil, and to discover ways and means of offering continuing mediation if such ways exist."
 "Firmly believing," the declaration continued, "that the present situation, if long continued, will menace the peace of the world, and realizing that it is already becoming a domestic political

GOULD MEMORIAL CHURCH.
 Paris, Oct. 14, (A. P. Correspondence.)
 The Gould Memorial Church of the Holy Trinity at Maisons-Laffitte, the gift of Frank Jay Gould and erected in mem-

ory of his parents has just been dedicated and given into the care of the American and British colonies there.
 The church stands on a knoll near a public park. It is of white stone simple in design. The scheme of interior decoration yet incomplete, comprises a large curved fresco, "The Ascension," at one end, where it will be under strong light. It is at Maisons-Laffite, just outside of Paris, that Mr. Gould has a home and his stables.

What Other People Have Learned About Neolin Soles

WHEN we offered Neolin Soles to the public, in 1915, we knew they had a combination of qualities which soles had never before possessed.

Very long wear—bringing economy.

Sure-footed and flexible—bringing comfort.

Waterproof—bringing health.

For five years men, women and children in all parts of Canada have been proving these Neolin Sole qualities for themselves. They've been enjoying a new foot-comfort and a new freedom from damp feet. *And they've been saving money.*

They've been proving with their own pocket-books what we have told you of Canada as a whole:

If every Canadian wore Neolin Soles for one year, the saving over other soles would pay for a broad concrete highway from Montreal to Toronto, even at to-day's high cost of construction.

We offer these letters as evidence. The same experience can be yours.

Buy your next shoes on Neolin Soles. Your shoe store has many styles of Neolin-soled shoes for men, women and children.

You can be sure of Neolin Sole quality only when you see the trademark "Neolin" on the bottom of the sole.

Twenty-one months ago I purchased a pair of boots with Neolin Soles. I have been wearing these boots every day since. The soles do not show signs of wear.

I do a lot of walking and must say Neolin is like a cushion. I have had such good satisfaction from Neolin Soles that every pair of boots I buy will have Neolin Soles. They certainly cut down the high cost of boots.

F. J. McConnell, Edmonton, Alta.

This is to express to you the satisfaction that we have had from Neolin Soled boots. Since Neolin came on the market we have sold thousands of pairs and our customers have received the high standard of service which has always been our aim to give the public since we have been in business.

R. W. Caubney, Modern Shoe Co., Victoria, B.C.

After having made use of many kinds of soles, I find to-day that your Neolin Soles give the best wear and are the most easily worked.

Since I have made use of your Neolin and your Goodyear Heels, I have used no other kind.

I am convinced that all who will give a trial to your Neolin Soles, will always ask their shoemaker for them, because they give longer wear than leather.

Ernest L'Etoile, Drummondville, Que.

I have been wearing Neolin Soles for about three years now with the greatest satisfaction. The flexible, comfortable non-slipping and long wearing qualities of these soles (which outlast the uppers) make an ideal footwear for a City traveller, and I insist on getting them all the time.

Harry M. Thornton, 85 Westminster Ave., Toronto.

I have been wearing Neolin Soles for the last four years with the greatest satisfaction. It would be very hard for me to get along now without Neolin or to use a leather sole of any kind.

I can recommend your Neolin Soles to any person, but especially to those who are on their feet a lot or those who do any great amount of walking and desire a good wearing sole.

C. A. Hewitt, St. John, N.B.

It may be of interest to you to know the service your Neolin Soles have given me. On a pair of medium priced shoes I used a pair of your Neolin Soles for nearly 18 months without any repairing. Ordinary leather soles have lasted me about four or five months.

IRON, STEEL, METAL AND MACHINERY MARKETS

In its summary of the iron, steel, metal and machinery markets for week end Oct. 28, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:
The market is discussing prices more this week than for some time past. The annual address of Judge Gary at the meeting of the Iron and Steel Institute has not done much to direct thought in that channel. The feeling is expressed in many places that the real question of the hour in keeping prices attractive enough to hold the buyers in the market. The opinion is freely expressed that by a resistance of the tendency toward lower levels the buyers may be forced to pay more. Pittsburgh reports that adjustments are being made in some existing contracts, although they are booked on the non-competition basis. Business is fairly dull, and some of the mills are turning out more tonnage than is being placed on their books. New York also reports the steel machinery tool market in that centre is quiet. There is a feeling expressed in several quarters that the first of the year will see a revival of buying in many lines.
Supplies of steel are coming to hand fairly well, but there are lines yet where a large unutilized business is waiting for deliveries. Sheets are scarce and wanted. Tubes come in, but not sufficient, and the prices are firm. Compared with pre-war days, it may be stated that four-inch tube—which is standard size—today sells for 65 cents a foot, against 20c, which may be called a fair pre-war figure.
Machine tool houses are not doing a large business, but there is a scattered selling that is making figures fairly representative when compared with previous months this year. The small tool trade has the same experience. A large number of small orders is the general report, no very large buying being done.
Scrap metal dealers are waiting for a turn in affairs, as their business is very much unsettled. Eren were it to become established on a lower basis they might be able to go ahead, but it does not seem possible to reach that lower level with the knowledge that it will provide a real working basis.

GROWTH OF BATHURST

Northern Light—Bathurst's steady and substantial growth in population is reflected in the existing inadequacy of school accommodation for the children of the town. Early in the term it was found necessary to procure an extra school room and an extra teacher, and now it is found that in all probability still greater accommodations will shortly have to be provided.

IRON, STEEL, METAL AND MACHINERY MARKETS

In its summary of the iron, steel, metal and machinery markets for week end Oct. 28, Canadian Machinery and Manufacturing News, Toronto, makes the following comment:
The market is discussing prices more this week than for some time past. The annual address of Judge Gary at the meeting of the Iron and Steel Institute has not done much to direct thought in that channel. The feeling is expressed in many places that the real question of the hour in keeping prices attractive enough to hold the buyers in the market. The opinion is freely expressed that by a resistance of the tendency toward lower levels the buyers may be forced to pay more. Pittsburgh reports that adjustments are being made in some existing contracts, although they are booked on the non-competition basis. Business is fairly dull, and some of the mills are turning out more tonnage than is being placed on their books. New York also reports the steel machinery tool market in that centre is quiet. There is a feeling expressed in several quarters that the first of the year will see a revival of buying in many lines.
Supplies of steel are coming to hand fairly well, but there are lines yet where a large unutilized business is waiting for deliveries. Sheets are scarce and wanted. Tubes come in, but not sufficient, and the prices are firm. Compared with pre-war days, it may be stated that four-inch tube—which is standard size—today sells for 65 cents a foot, against 20c, which may be called a fair pre-war figure.
Machine tool houses are not doing a large business, but there is a scattered selling that is making figures fairly representative when compared with previous months this year. The small tool trade has the same experience. A large number of small orders is the general report, no very large buying being done.
Scrap metal dealers are waiting for a turn in affairs, as their business is very much unsettled. Eren were it to become established on a lower basis they might be able to go ahead, but it does not seem possible to reach that lower level with the knowledge that it will provide a real working basis.

Why Double-Breasted Suits Grow More Popular

"He tells Dad just why he wants one."

The Designers have fashioned new lines in the double breasted saque suit—there is not such a big wad of cloth in front—the smart effect is there without the clumsy look of the old-time double-breasted model. This accounts for their growth in popularity.

The "Argyle"

A. D. B. Model

George T. Creary

The Semi-ready Store 87 Charlotte St.

Look at the new Semi-ready two-button double-breasted saque suit—designed especially for the young man, or for the man with youthful carriage. The shoulders are neat; sleeves are plain, with pretty well-shape cuffs; one button on cuff. Lapels are smartly peaked, fairly wide, made to roll past top button. The pockets are crescent shaped and aligned with the front V, with cash pocket and the usual inside breast pocket.

3 Million Dollars but—

It bought MUSIC

No finer example of courage is known to the world of science than Thomas A. Edison's work in perfecting the phonograph. The skeptics rose in full chorus when he proposed a better phonograph—an instrument "that could produce music as human as the artists who first gave it utterance."

Mr. Edison's experiments exhausted the entire field of research in sound reproduction. He built and rebuilt until his final, perfected model cost him Three Million Dollars.

And the result?

Ask some one who attended the recital given by Miss Betsy Lane Shepherd, soprano, and Miss Madeleine MacGuigan, violinist, and assisting artists, in the Imperial Theatre last Tuesday afternoon. There was the public truth. Miss Shepherd sang in comparison with the RE-CREATION of her voice by the New Edison. And no one could distinguish the living voice from its RE-CREATION. Miss MacGuigan and the other artists made the same test, with precisely the same result.

The NEW EDISON

"The Phonograph with a Soul"

If you love music, you will agree with Tuesday's enthusiastic audience.—The new Edison represents Three Million Dollars well spent.

The soul of song is cheap at any price. Yet it is now brought within reach of your pocketbook. The instrument used in Tuesday's conclusive test is a duplicate of Mr. Edison's Three Million Dollar Model.

COLONIES' HELP IN PAYING JOHN BULL'S WAR DEBT

British Treasury Statement of Contributions from Various parts of Empire.

London, Nov. 1.—(By Canadian Press)—A statement which has just been issued by the British treasury makes public the contributions of the British colonies and protectorates towards the cost of the war and states that the chancellor of the exchequer will devote such sums when received to the cancellation of the war debt. These contributions are as follows: Bermuda—40,000 pounds, sterling, payable in the form of an annuity of 5,400 pounds. Ceylon—Two contributions of 1,000,000 pounds sterling each, one payable by instalments of 100,000 pounds annually for ten years, and another by such instalments as may be convenient to be paid within 10 years. Gold Coast—200,000 pounds sterling, payable in ten annual instalments. Falkland Islands—A sum equal to one-tenth part of the customs revenue for the year ending on January 1, 1917. Straits Settlements—200,000 pounds sterling for five years from July 1, 1916 and for a further five years if the figures of the colony permit (so far the sums received have largely exceeded 200,000 pounds a year, as the colony has contributed the proceeds of a special war

In addition the Protectorate of Uganda offered to pay, if the financial situation should permit after the conclusion of peace, the charges for interest and sinking fund on a loan of 10,000,000 pounds sterling. The Colony of Jamaica has promised 60,000 pounds sterling a year for forty years from the termination of the war, to be applied in reduction of the war debt of the United Kingdom.

FOUR PERSONS FOUND DEAD IN AN APARTMENT

(Canadian Press Despatch.) New York, Oct. 31.—Four persons were found dead from gas poisoning today in a rooming house, East 53rd Street. The accidental detachment of a rubber hose, which connected a gas jet with a small radiator, is believed to have been responsible. Apparently all four persons had been awakened by the fumes because their bodies were found close to a window which they had been unable to open. The victims are Mr. and Mrs. John Harold, 40 and 35 years old, respectively and H. F. Lambert and E. Perkins, members of the crew of the battleship Florida. A surgeon from the battleship who identified the bodies said that Lambert was dead about Midway, Texas and Perkins from Mechanic Falls (Me.). The two youths were wireless operators and had been on shore leave.

TEMPLEMORE WAS SCENE OF FIERCE RIOTING FRIDAY

(Canadian Press Despatch.) Templemore, Oct. 31.—Templemore Friday night was the scene of five hours of terrorism when military forces raided the town, armed with guns, hatchets and other implements. They fired shots and burned premises, but no casualties have been reported. Several jewelry and clothing stores were broken into and looted and, after being sprayed with petrol, were set on fire. Windows in more than 50 houses were smashed, but the occupants escaped without injury. The proprietor of the burned shops asserted it was set on fire by fishermen, some of them wearing trench helmets and others masks. Members of the clergy and "black and tan" and other policemen helped to put out the flames. Many people left the town, fearing further reprisals; others took refuge in the police barracks. Tribune has been paid in some quarters to the policemen and the "black and tans" police for their assistance and behaviour during the rioting. The raid is believed to have been in reprisal for the attack on an army lorry after the Mariel founded in the high sea which was running. The others succeeded in swimming ashore.

PHYSICIAN AND HIS WIFE BOTH ILL IN THE HOSPITAL

The news that Dr. George N. Pearson and Mrs. Pearson were both patients in the General Public Hospital in this city was learned with sincere regret by friends in city and country. Mrs. Pearson had a severe illness last spring, and while she had partially recovered, her condition recently became more serious and, after consultation with Doctors McAlister, Farris and White, it was decided to have her come to the hospital, as her case was a puzzling one, and required careful observation. Dr. Pearson accompanied her and her nurse to the city one day last week. He also had been overworked and, while en route to the city, was taken so ill that on arrival he had to remain in the hospital, and will probably have to remain for a couple of weeks.

Thus the doctor and his wife, who have so often gone together to minister to those in need of medical or surgical skill are themselves in hospital, under the care of doctors and nurses. Both were able to receive friends yesterday, and are so cheerful under the unusual circumstances as Dr. Pearson would desire his own patients to be while under his care. Their niece, Miss Sybil McLean, motored from Sussex yesterday to visit them. All their friends, and especially the doctor's patients in Sussex and that section of Kings county, will hope for both a speedy and complete recovery. Throughout the war period and since, both Dr. and Mrs. Pearson have been tireless workers, and never spared themselves when there was a duty to be performed.

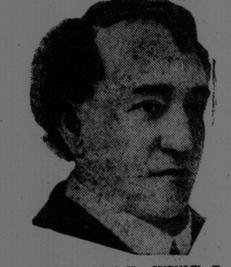

PRENTICE BOYS' FAIR IS OPENED

A big drive is in progress in Carleton under the auspices of the 'Prentice Boys No. 40, in the shape of a fair for the purpose of raising funds to enable much needed repairs to be made to their hall. Their fair was launched Saturday night with everything pointing towards success in their undertaking. There was a good crowd in attendance and the various arrangements made for the visitors' amusement showed that each committee had done its work well. Those on the committees are as follows: Chairman of the executive committee, A. L. Belyea; members of the executive committee, Clifford Price and E. A. Duffy; secretary, E. J. Anderson; treasurer, W. D. Donahue; games committee, E. C. Clark and J. W. Fillmore. Those in charge of the games and booths are: Bagatelle, H. Best; Maggie and Jiggs, A. V. Duffy; Mutt and Jeff, E. A. Duffy and Y. Joyce; Bringing up Father, C. Campbell and E. C. Clark; chocolate wheel, W. Emerson and W. J. Smith; blanket wheel, J. W. Fillmore; air gun, E. W. Melvin; ring toss, Fred Wilson; ten pins, Roy Sealey; excelsior, L. Waring; devil among the tailors, Mr. Stanley; hood gates, M. McFarlane; bean bags, George Belyea; ice cream and candy, Mrs. George Belyea; beer and cigars, W. J. Myles and G. Smith; lunches, A. Pitt. A valuable door prize is given every evening and Saturday evening's prize of \$10 was won by John Lynch, 60 Winslow street. The other prizes were won by the following: Bagatelle, a set of silver spoons, S. Thompson; air gun, silver tea tray, George Fulton; hood gates, silver casket stand, George Melvin; devil among the tailors, T. McCauley; ten pins, shaving set, T. McCauley; excelsior, fancy clock, T. Emerson; ring toss, electric reading lamp, Mr. McHarg. Much credit is due 'Prentice Boys No. 40 for their charitable work during the year as \$2,000 has been given for charitable purposes and the Wright street Memorial Home and the Protestant Orphanage have received \$750 each this year from them.

Samuel Cunningham, who for the last eight weeks has been a patient in the General Public Hospital, is sufficiently recovered to be removed to his home in Coburg street. Colonel Murray MacLaren skillfully performed a very serious operation.

Adler-i-ka Again!

"I was bothered with gas on the stomach, belching and general stomach distress. The first bottle of Adler-i-ka gave relief, and 2 1/2 bottles cured me. I feel fine now." (Signed) George Kosak. Adler-i-ka acts on both upper and lower bowel, removing foul matter which poisoned stomach. Brings out all gases, relieving pressure on heart and other organs. Excellent for gas on the stomach or sour stomach. Removes a surprising amount of food, decaying matter which you never thought was in your system and which nothing else can dislodge. Tends to cure constipation and prevent appendicitis. Adler-i-ka surprises those who have used only ordinary bowel and stomach medicines. J. Benson Mahony, druggist, 2 and 4 Dock street.

Mr. Michael T. Rooney, of 65, Granville Avenue, Long Eaton, England, who writes:—

"Some years ago whilst touring Ireland with 'Sanger's Royal Circus' I contracted some kind of an irritable skin complaint, which seemed to baffle different treatments in the way of ointments and lotions, all of which utterly failed to give me the slightest relief. Recently at Long Eaton, where I am engaged as Advertising Manager of 'The Picturegram', the conductor there begged me to try Clarke's Blood Mixture, but I refused. However, he, knowing its curative powers from experience, made me a present of a bottle, which I began to take. Recognising a slight improvement in my limbs, I got another bottle, and continued the treatment until I had used four bottles, and now my skin is perfectly healthy again."

Sufferers from Bad Legs, Abscesses, Ulcers, Eczema, Boils, Pimples, Eruptions, Rheumatism, Itch, should realize that lotions and ointments can but give temporary relief—to be sure of complete and lasting benefit, the blood must be thoroughly cleansed of the impure waste matter. Clarke's Blood Mixture quickly attacks, overcomes, and expels the impurities, that is why so many remarkable recoveries stand to its credit. Pleasant to take, and free from injurious ingredients.

Of all Dealers—see that you get Clarke's Blood Mixture "Everybody's Blood Purifier."

QUIT MEAT WHEN KIDNEYS BOTHER

Take a glass of Salts before breakfast if your Back hurts or Bladder is troubling you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of scalding, stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous salt is made from the acid of grapes and lemon juice, combined with bicarbonate, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness.

Jad Salts is inexpensive and cannot injure; makes a delightful effervescent (this water drink which everyone should take now and then to keep the kidneys lean and active and the blood pure, hereby avoiding serious kidney complications.

BASEBALL

Against Lasker Plan. Detroit, Nov. 1.—The directors of the Michigan Ontario Baseball League yesterday voted against adoption of the Lasker plan for governing baseball. The action was taken on the ground that the plan provides no representation for minor leagues.

Sends Another Along. The release of Johnny Evers by the New York Giants to permit him to assume management of the Chicago Cubs, says the New York Times, adds another to the long list of players who have been let out by John J. McGraw in order that they might accept an opportunity to become managers in major league clubs. McGraw traded Roger Bresnahan to the Cardinals twelve years ago when Evers was wanted as a manager and McGraw last time he was released Wilbert Robinson to Brooklyn, Charley Herzog to the Reds, Christy Mathewson to the Reds, Pat Moran to the Pirates and George Gibson to the Pirates and now Evers goes to the Cubs.

Baseball Magnate Retires. New York Times.—Joseph J. Lamin, owner of the world's champion Red Sox of 1915 and 1916 and in control of the Buffalo International League franchise, since disposing of his major league interests to Harry W. Frases, has closed a deal with Buffalo business men for the disposal of his club and grounds and will retire from baseball. Mr. Lamin declared last night that he was leaving baseball with regret, but finds it impossible to give the game the necessary time owing to his numerous hotel interests. The new owners of the Buffalo club yesterday filed articles of incorporation for \$200,000. The incorporators are J. H. Mead, R. K. Robertson, C. A. Klocke, all of Buffalo.

HILLIARDS

Champion Runs 76. New York Times.—Doubling in three-run and pocket billiards, Ralph Greenleaf, champion at the latter style of play, displayed striking versatility yesterday. In his pocket contest with Arthur Church of Philadelphia at the Metropolitan Billiard Academy in townsville, he startled the spectators with a run of 76, the largest ever seen here, and won the game by a score of 25 to 42. He made another run of 28, which's best being 28. A run of seven, a pair of sixes, three and two four marked his three-run workouts at Kline's Strand Academy, where he is to meet Alfredo Deiro in a 200-point match game next Monday. Tuesday and Wednesday nights for a \$200 purse. With very little practice at this form of carom play since last Spring, he has rounded into shape so rapidly as to astonish those familiar with the brilliant way he performed in the single competition. Deiro, too, put in a busy day at Flynn's, like Greenleaf, was pitted against several strong amateur players, giving them various handicaps, and he displayed the mastery for which he is noted.

American Schooner Wins Race. The Gloucester schooner Esperanto won the first race for the cup emblematic of the championship of the fishing fleets of the North Atlantic, Saturday, by defeating the Lunenburg schooner Delawana by eighteen minutes and twenty-five seconds. The Canadian schooner was three miles behind when the Esperanto crossed the finish line. The winning vessel showed superiority on all points of sailing, reaching, running and lead to windward.

W. C. Smith of Lunenburg, managing owner of the Delawana, was stricken with paralysis while conversing with friends about the race in a Halifax hotel Sunday night. At a late hour his condition was reported to be somewhat improved.

FOOTBALL

St. John and Rothesay Tie. St. John High School and Rothesay Collegiate football teams played a tie game at Rothesay on Saturday, neither side being able to score. The match was keenly contested and was witnessed by a large gathering of enthusiasts. The line-up of the teams follows: St. John High School. Fullback. Kitchen. Halves. Douglas. Fraser. Dean. McLeod. Hart. Tannan. Scannel. Chopp. Quarters. Skelton. Murphy. DesBriay. S. Williams. Gibson. Forwards. Teed. Lowe. Schofield. Wilson. Colter. Elman. Hart. Atkinson. Johnson. Dalton. Brownell. Killam. King. Williams. F. West, a former McGill player, was a most satisfactory referee. A match between the second teams of Rothesay Collegiate school and the St. John High School resulted in a win for the former by a score of 7 to 0.

McGill Wins

Montreal, Oct. 31.—McGill defeated Queens by 16-0 in an inter-collegiate Rugby union game here on Saturday. McGill had it all its own way throughout the game, though the star of the match was McKelvey of the Presbyterian combination, who did three minute's work on the wing line and afterwards as the kicking halfback.

First Defeat

Hamilton, Oct. 31.—Toronto Argos were beaten for the first time this year, when on Saturday the Tigers plastered an 8-6 defeat on the Argosmen, and upset their rush for the big four title.

Ottawa Wins

Ottawa, Oct. 31.—Ottawa defeated Montreal in the big four football game here Saturday, 14 to 1, thus tying with Toronto Argos and Hamilton Tigers for the championship.

HUGH DUFFY MAY MANAGE RED SOX

Boston, Oct. 31.—Hugh Duffy will be manager of the Boston American League team next season if he will say the word. The offer of the management of the Sox was made to him. Duffy, who managed the Toronto team of the International League last season, would not discuss the matter, and the question as to whether he will accept the post is still in doubt. Since the resignation of Ed. Barrow the names of "Bill" Carrigan, former manager of the Red Sox; Outfielder Harry Hooper, the veteran of the team, Harry Hooper, also a former manager of the locals, have been mentioned in connection with the job. None of these, however, has been approached by President Frase. Duffy, who is a free agent is a well-known figure in baseball, and is best remembered as having accumulated the highest batting average ever made in the major leagues. He has acted as scout for the Red Sox on two occasions.

MORNING NEWS OVER THE WIRES

Twelve persons are dead as the result of an explosion and fire at the distributing tower of the Niagara Falls Power Company at North Tonawanda, N. Y. The disaster occurred early yesterday morning. Four were killed instantly and the remaining eight died of their burns. It was announced at Hamilton, Ont. on Saturday that owing to the market having become stocked the John McPherson Shoe Manufacturing Company would be obliged to put the employees on a four-day a week basis of employment. The company took this action in preference to reducing the men's wages.

General Bramwell Booth was officially welcomed to Toronto yesterday afternoon by Mayor Church before a crowd of 5,000 persons. The mayor referred to the splendid accomplishments of the Salvation Army and its far reaching influence.

U. N. B. vs Acadia

Fredericton, N. B. Nov. 1.—The U. N. B. football team started upon their preparations for the game here with Acadia on Wednesday. Their last practice is to take place this afternoon and tomorrow will be devoted to final instructions and some theoretical advice. Captain E. G. Saunders is undergoing special treatment in the orthopedic branch at the D. S. C. R. hospital in the hope that the strained tendons in his ankle, injured on Friday at Sackville, can be made fit for him to go into the game against Acadia. U. N. B.'s chances, it is admitted, depend very largely upon whether Saunders plays or not as he seems to be the life of the forward line.

IMPERIAL'S BIG EXTRA (Contract Signed Saturday Night) THE GREATEST HORSE RACE OF THE AGE "MAN O' WAR" VERSUS "SIR BARTON" At Windsor, Ont. ABOUT A FORTNIGHT AGO THE SPORTING WORLD was thrilled with the wonderful speed test between the greatest running horses of the decade, if not of the century, "Man O' War," an American-owned animal and "Sir Barton," the property of Commodore J. L. K. Ross, Montreal. The event was for a \$75,000 purse and a \$5,000 gold cup. Tens of thousands saw the race and D. W. Griffiths, picture impresario, secured the exclusive rights to filming the classic at a \$10,000 price. So today we are going to show every side-light, every prior and ensuing item of interest. CAUSES OF THE DISCONTENT OF N. S. MINERS

Legacy of Distrust and Mutual Lack of Confidence

Living Conditions Also, and Need of Improving Mining Facilities Chief Factors - Cost of Coal at Mine and to Consumer.

(Staff Cor. Halifax Chronicle.) Sydney, Oct. 26.—It costs the Dominion Coal Company \$4.35 to produce a ton of coal from the mines. That ton is sold to the dealers in Halifax at an average of \$7 a ton, and finally reaches the coal bin of the consumer at Halifax when he puts down \$13.75, according to present prices. In 1914 the price to the consumer averaged around \$7.50 a ton in Halifax. To the consumer in Glace Bay, who is not an employee of the Coal Company, coal is \$7 a ton. That is the average price to the citizen of Sydney, unless he happens to be an employee of the Dominion Iron and Steel Corporation, when he pays only \$3 a ton exclusive of cartage. The employees of the Nova Scotia Steel and Coal Company at Sydney Mines pay only \$1 a ton for their coal exclusive of haulage in both cases. These figures have no direct bearing upon the immediate subject of this article, but the article itself has special bearing upon the price of coal, as in it we deal with primary factors in the present cost of fuel in this country.

Deep-Seated Unrest. There is deep-seated unrest throughout the coal fields of Nova Scotia centered in Cape Breton. It is not an unrest that will be permanently satisfied by the increase of wages. That will not be the alchemy to change the situation from the present uncertain conditions to a permanent satisfactory basis. There are many causes behind it. The men to-day at the head of the coal and steel companies have inherited a legacy of distrust on the part of the men and this distrust is breeding a very deep bitterness. At the time of writing the odds are in favor of a prevention of a strike at present—but what of the future? Is this unrest to be continually threatening the progress of development of this country, and forcing upon the consumer the ultimate burden of increased cost of fuel, directly and indirectly? From my observations during two weeks, including interviews with representatives of all parties to the dispute, and of many

factors in the community's life, I made certain deductions. These deductions I presented to the men who, by virtue of their position in the life of the community and their relationship to the industrial factors in the dispute, were best qualified to judge of them. After conference with them, these are the deductions:

- First: Lack of confidence between men and company. Second: Need of thorough overhauling of company's equipment and power plants. The company proposes large expenditure for this improvement. Third: Living conditions are bad, in many places deplorable, and are a source of trouble difficult to estimate. Fourth: Leaders are in some cases not safe in their public utterances and teaching. They are suspected of making political capital out of the wage increase question rather than a genuine effort to permanently improve the living conditions of their men. Fifth: Need of education in economics and the labor problems along lines moderate and thoroughly Canadian.

Mutual Lack of Confidence. Analyzing the first of these, lack of confidence, what do we find. It is due, so the miners assert, to conditions existing for the last twenty years. During that time there have been many changes of management, policies of improvement have been adopted, but not carried through, promises have been made but not fulfilled, the conditions remained the same, and confidence in the company weakened. On the other hand the company says that under the present spirit they cannot depend upon the men, through their union, maintaining contracts, and point to the McKinnon award, which provided a contract for one year from January 1, 1920 to December 30, 1920, to be terminated only on thirty days' notice being given. It provided both sides with the opportunity to revise the contract at the end of each four months, but the miners did not avail themselves of that clause, making new demands while the contract was in force. Talking to a group of men of moderate views, men who were quite evident, were hard industrious workers, I asked that if the company's intentions were now to improve conditions, would the miner be satisfied. These miners smiled skeptically and said "we want no promises, we shall believe it when we see the new conditions."

Better Facilities Required. As the chief factor in the present dispute is the sliding wage scale, based on production, I gave much time to inquiry into company officials exceptional, frank and satisfactory. They admitted that working conditions as regards machinery, power, etc., were not as they wanted them, but large expenditures were being undertaken. After talking with the men I was compelled to come to the conclusion that there was considerable in their contention that they required better facilities, such as more power, more equipment, and better machinery to produce the amount of coal required under the sliding schedule. At the same time I am bound to say that I am convinced the company are not sparing any money to correct this condition. I have before me three pay checks for the earnings of three men. In each instance there is a deficiency of pay due, I was told, to loss of hours in the mines through no fault of the miners. One complained of lack of power, the other shortage of boxes to carry away the coal, another of some break in the machinery. At the same time, the average of these men was only \$3.50 a day, when the average for men in similar occupation in the mine was \$6.50, it seemed to me the element in the personal industry may have entered into the question of this man's pay check.

The Living Conditions. My third deduction was with regard to the living conditions: These are of such a nature that I am reserving much of my material for an article specially devoted to that phase. It is enough for me to say here that they are exceedingly bad, in many places deplorable, and until they are remedied, neither the companies nor the country can hold themselves non-responsible for the conditions now existing throughout the coal fields of Cape Breton. It is here that the Dominion Coal Company is promising to put forward strong efforts in the interests of their men, but it is also here that that company is inheriting a legacy left them by the lack of progressive policies in the past. As an instance New Waterford was laid out about the time of the conclusion of the 1919-20

PRIME MINISTER IN VICTORIA

(Canadian Press Despatch.) Victoria, B. C., Oct. 31.—Two meetings were addressed in Victoria on Saturday night by Premier Meighen and Hon. J. A. Calder. In the main, the premier dwelt on charges made against the government by Hon. W. L. Mackenzie King when he spoke here. He spoke at length on the tariff, the soldiers' settlement schedule, soldiers' civil re-establishment, the national home building programme and the sugar question. Major D. L. Redman, of Calgary, spoke on soldier's problems. Both meetings were crowded and the doors had to be closed on hundreds who stood in line, and who consequently were unable to gain admittance. There were numerous interruptions, questions and comments being shouted at the speakers at various times. Major Redman had an especially hard time to make himself heard, but he persevered good humoredly. But so serious became the disturbance when Mr. Calder was speaking that he said he would ask the chairman, Mayor H. J. Porter, to close the meeting if it were continued. "Do you want it to be said that some thirty persons so conducted themselves as to stop this meeting?" he asked. The heckling thereafter was of a minor nature.

strike. It is evident that few lessons had been learned by that upheaval, for the new mining town was laid out regardless of modern living conditions, and is today a place of eight thousand people, most of whom live in company houses without sewerage or water—the lack of proper sanitation being a most serious menace to the health of the place. There too one will find the most bitter unrest, and conditions that cannot do other than reduce production and retard development. My fourth deduction was lack of education among the miners in the best solution of labor and economic problems. It seems a strange fact that not one of the members of the executive of the United Mine Workers is a native born Canadian. In reply to my query as to why that was, miners said to me, "These chaps," referring to the present executive, "like to talk, they like to be on the platform, they work hard, and we let them hold the job." Other men said: "Although we do not approve of some of the wild utterances of these leaders, yet they are able men and from the miners' standpoint very efficient in our union work." One prominent mine official said that he had found these leaders good reasoners and moderate when in conference, but

too much of the "platform artist in public" and unfortunately did much harm among a certain younger element of the labor organizations. There was need, however, for education in sound economic solutions. "In this, the leaders," he said, "are not genuinely interested, neither were they interested in helping to produce such permanent improvement in the relations between men and company as will tend toward permanent contentment." The Individual Factors. "How far," I asked of this man, "do you bring in the individual as a factor in this condition?" I was answered by two illustrations: One man earned \$6.50 a day or \$37.50 a week working eight hours a day. He had a wife and five children, making a family of seven. They lived in a company house for which they paid a monthly rent of \$3.50. They bought their coal for \$1.00 per ton. They purchased their necessities at the co-operative store in which the miner owned shares, and received on his purchases a yearly dividend of twelve per cent. He had no water or light taxes, as neither of those conveniences were in the house which he occupied. He did not drink and was

not extravagant about his habits. This man applied for increased pay, saying he could not live on the amount he was earning. As there were many men earning even less and meeting heavier expenses, inquiries were made in this particular case. It was found that his wife knew practically nothing about house-keeping. For this reason his wages were being dissipated to a very great extent by waste and ignorance. This was true in many cases where men had married women who had no experience in cooking and keeping house. Another case was a man earning \$7.50

a day and his eldest son, residing at home, was earning \$3.50 a day—a total daily income of \$11.00 or \$65.00 per week. The family including father and earning boy numbered seven. They were not able to pay their store bill and on inquiry it was found the father drank heavily. These men, of course do not represent the majority of Cape Breton miners, as any will appreciate who know anything about them, but they do represent an element which breeds discontent and is the faithful follower of radical leaders.

CUSTOMS RECEIPTS. Ottawa, Oct. 31.—An increase of \$22,721,904 in the customs receipts for the seven months of the fiscal year ending yesterday as compared with the same period last year is shown in the monthly statement of the department of customs. The total customs receipts were \$121,599,795, last year they were \$98,877,722. Customs receipts for the month of October alone, however, are \$1,084,112 less than in October, 1919. During the present month, the receipts totalled \$15,000,000 in October, 1919, they were \$16,218,680.
