ADVERTISEMENT.

THIS is emphatically the age of experiment; look where we may, and we see it illustrated. The publisher, therefore, by way of performing his part, in a small way, in the acts which Time alone can criticise, offers this little work to the patronage of the citizens of Halifax. If such a publication is wanted, they will find it to contain, besides a General Directory, all the information suitable for the pages of an Almanac. The Calendar and other calculations will be found to sustain that character for correctness for which *Cunnabell's Nova Scotia Almanac* is proverbial. The lists connected with public offices, Courts of law, the Army, Navy and Militia, and also the associations for benevolent, literary and other objects, may also be referred to with confidence. All have been obtained from the best sources, and arranged with the utmost care.

The Business Directory is a new feature in an Almanac in this province, but less novel in other countries. Its usefulness it is presumed, will be highly appreciated; the publisher, however, regrets that it is not in his power to give a more definite index to the locality of the various places of business referred to. But until the houses are regularly numbered in this city, similar means must be used, to that which is here adopted, to describe them. The method referred to will be better understood by the use of the following *initials*, with their respective significations; viz. n s indicates *north side*, s s *south side*, e s *east side*, w s *west side*,—c *central*,—n e *north end*, s e *south end*, e e *east end*, w e *west end*. The plan resorted to in collecting the names for this department, will better illustrate the necessity for using the above *initials*. If the place of business is found in a street running north and south, the letters w s or e s will direct to the *side*, and by supposing the street in three divisions, the letters n e, s e or c will describe whether the place is situated towards either *end*, or *centrally*. If the street runs east and west, the letter n s or s s, e e, w e or c will afford a similar direction as to the *side* and *division* of the street in which the place of business is to be found.

The word *street* is omitted in the Directory, in order to save room, which however will be just as well understood as though it were inserted.

As intimated at the commencement, this publication is *an experiment*; and therefore its continuation depends on the patronage the present number receives. It is also issued as a substitute for a COMPLETE DICTIONARY, which it is the Subscriber's intention to publish, by subscription when the houses are numbered, and other improvements (contemplated by the City Government) are made.

Encouraged by the success which the *Nova Scotia Almanac* has always met with, the CITY ALMANAC is presented to the public, in the hope that it may become as great a favorite in Halifax, as its contemporary is in the Province generally.

W. CUNNABELL.

TO REVIVE OLD WRITING.—Immerse the writing in water in which copperas has been dissolved ; if the writing is suffered to dry, the copperas will make it reappear with as much freshness as if it were new.

BAITS FOR CATCHING FISH.—Fish are wonderfully attracted by strong smelling substances, as camphor, assafoetida, &c. Artificial insects are much used in catching fish, especially trout ; they are made of different colours, according to the hours of the day, in order that they may imitate the natural objects which appear at these different periods. Those who fish in fresh water, employ cheese sometimes as a bait, and prefer that which emits the strongest smell.

JANUARY.

— Dread Winter spreads his latent gloom,
 And reigns tremendous o'er the conquer'd year.
 How dead the vegetable kingdom lies!
 How dumb the tuneful! horror wide extends
 His desolate domain. Behold, fond man!
 See here thy pictur'd life; pass some few years,
 Thy flowering Spring, thy Summer's ardent strength,
 Thy sober Autumn fading into age,
 And pale concluding Winter comes at last,
 And shuts the scene.

F E B R U A R Y.

How fair is the snow-flake, earthward falling,
As its lingering leaves the realms of air;
How gentle and still is its downward motion,
From its home of clouds, so pure and fair!

Where the ice gems spangle the pliant boughs,
How the tall tree bends 'neath its snowy crest!
The snow with a plume each branch hath deck'd,
As it pass'd from its airy course to rest;

Mountain and valley it robes in white,
To charm the eye by pale moonlight!
While the giant trees their shadows throw
In thousand shapes on the fallen snow.

M A R C H.

Winter in his dread array,
 Fiercely howls through all the plain,
 Dimming Sol's effulgent ray,
 While he holds his icy reign!

Bleak and dreary is the scene,
 Though returning Spring draws nigh;
 Fields will soon resume their green,
 And refresh the weary eye.

A P R I L.

Say who is this all decked with smiles,
 Comes she from the Indian Isles,
 Where swift the sunny streamlets flow,
 O'er diamond sands that gleam below?
 She comes,—she comes o'er land and main,
 She breaks old Winter's icy chain;
 Then haste ye maidens, chaplets bring,
 Ay.—trip it in the mazy ring,
 And welome bright returning Spring!

Ah! this is Spring, the bright and gay,
 Her reign is welcomed by the lay
 Of thousand warblers, from the steep
 Of mountain high and valley deep!
 Ah! this is Spring, she treads the skies,
 And brightens the cerulian dyes,
 She spreads o'er earth her magic wing,
 Then quickly shouts each living thing
 'To welcome bright returning Spring.

JUNE.

Sweet Summer is coming,
 How gaily sings the birds at morn,
 The wild bee is humming
 Around the flowery thorn ;
 What charming wild music in grove and in vale ;
 Aye, Summer, thou art coming,
 I feel the inspiring gale :
 Aye, Summer, thou art coming,
 Thou mildest, fairest, hail !

J U L Y.

Serene and mild we view the evening air,
 The pleasing picture of the smiling fair,
 A thousand charms our sev'ral senses meet,
 Cooling the breeze with fragrant odors sweet;

But sudden if the sable clouds deform
 The azure sky, and threat the coming storm,
 Hasty we flee ere yet the thunders roar,
 And dread what we so much admired before.

AUGUST.

Grateful is the summer shower,
To the dry and thirsty ground;
Smiling looks the verdant bower,
And the landscape all around.

Feather'd choirs their matin song
Raise triumphant through the grove;
Lovely flowers spring up along
Near the pathway where we rove.

S E P T E M B E R.

Orchards and the fruitful fields,
Teeming with their rich supplies,
Their accustomed portion yields,
Truly precious in our eyes.

Ye whom Heaven has largely blest,
With a bounteous store of good,
See that sorrow's sons, distressed,
Famish not for want of food.

OCTOBER.

In Summer's cool shade how delightful to sit ;
 In Winter how social when few friends are met ;
 In Autumn ripe fruit our palates regale ;
 In Spring we delight in the blossom'd sweet vale.

Each season has pleasure and blessing in store ;
 Be content, and be cheerful, and wish for no more :
 For know, the best time to be happy and sing,
 Is Winter—is Autumn—is Summer—is Spring.

NOVEMBER.

See ! the desolating frost
 Withers every tender flower ;
 Nature mourns her beauty lost,
 Short-lived beauty of an hour.

Swiftly rolls away the year,
 And its transient joys decay,
 Others in their place appear,
 In their turn to pass away.

D E C E M B E R.

Cold sweeps the blast from hill and moor,
Through the rough hovels of the poor,
While swift the snowy drift is piled,
Like pigmy mountains, drear and wild.

Now evening with unusual haste,
Spreads deeper shadows o'er the waste,
And over every out-door form
Falls the white mantle of the storm.

**BRITISH & NORTH AMERICAN ROYAL MAIL
STEAM SHIPS,**

Of 1200 Tons and 440 Horse Power each,

Appointed by the Lords of the Admiralty to sail between Liverpool and Boston, calling at Halifax, to land and receive H. M. Mails and Passengers.

ACADIA,	commanded by	ALEX. RYRIE.
BRITANNIA,	“ “	JOHN HEWETT.
COLUMBIA,	“ “	C. H. E. JUDKINS.
CALEDONIA,	“ “	E. G. LOTT.

The steam ship **UNICORN**, Capt. Douglas, plies between Pictou and Quebec in connection with the above vessels, carrying the Mail and Passengers for Canada.

The North American Mails are made up in London, on the 3d and 18th of every month, except when either of these dates fall on Sunday, and then on the succeeding day. The steam packets will depart from Liverpool the next morning, (4th and 19th) immediately after the arrival of the London mail.

There will, however, be only one steamer from England in the months of December, January, February, and March, (that of the fourth of the months); and only one from America in the months of January, February, March, and April—that of the first of the month.

The mail will close in Boston on the 1st and 16th, and in Halifax on the 3d and 18th of every month, (when the latter days do not fall on Sunday, in which case they will leave Boston on the 2d and 17th.)

Passage, exclusive of wines—Liverpool to Halifax and Boston, 30 guineas; Halifax to Boston, 20 dollars; Boston or Halifax to Liverpool, 30 sovereigns. Apply in Halifax to Hon. S. Cunard & Co.; in London to J. B. Foord, 52, Old Bond Street; in Glasgow to J. G. Burns; in Liverpool to D. & C. McIver, 12, Water Street; and in Boston to S. S. Lewis; and in New York to Barclay & Living-ton.

HO! YE RED HEADS AND GRAY! PHENOMENON IN CHEMISTRY.
EAST INDIA HAIR DYE,

Colors the Hair and will not the Skin!!!

THIS dye is in form of a powder which in plain matter of fact may be applied to the hair every night, the first night turning the lightest red or grey hair to a dark brown, and by repeating a second or third night, to a bright jet black. Any person may, therefore, with the least possible trouble, keep his hair any dark shade or a perfect black; with a positive assurance that the powder, if applied to the skin, will not color it. *There is no trouble in removing it from the hair, as in all powders before made.* By an occasional application, a person turning grey will never be known to have a grey hair! Directions complete with the article. There is no coloring in this statement, as one may easily test.

These facts are warranted by the gentleman who manufactures it, who is the celebrated chemist, Dr. Comstock, author of Comstock's Chemistry, Philosophy, and many other works well known and widely celebrated by the public.

This Dye is sold only by COMSTOCK & CO, 71 Maiden Lane, New-York.

For sale by nearly every Shopkeeper in the province; in Halifax by HUMPHREY & Co., and the other Druggists.

Comstock & Co., New York.

PETER NORDBECK.

Human Hair.

Cleanliness of the Head and Hair.

STRANGE it is that persons who attend strictly to personal cleanliness, baths, &c. should neglect the Head—the Hair—the most essential—the most exposed—and the most beautiful when properly cared for, of all the gifts of the Creator. Perfectly free may it be kept of dandriff or scurf with a certainty that the hair cannot fall out, by the use of the Balm of Columbia. Ladies, will you make your toilet without this article? I answer fearlessly, No, if you have once tried and experienced its purifying effects—its sweet perfume.

A hundred articles have been put forth on the credit of this—the only first—the only really valuable article. A mass of testimony from all classes to these facts.

LOOK OUT—Counterfeits are abroad; look always for the name of **COMSTOCK & CO.** on the splendid wrappers, and never buy it without that name.

For sale by nearly every shopkeeper in the province; in Halifax by **HUMPHREY & Co.**, and the other Druggists. **COMSTOCK & Co., New York.**

LOOK OUT—Some Swindlers have counterfeited this article and put it up with various devices. Do not be imposed upon. One thing only will protect you—it is the name of **COMSTOCK & CO;** that name must be always on the wrapper, or you are cheated. Do not forget it. Take the direction with you, and test by that, or never buy it; for it is impossible for any other to be true or genuine.
